OLD OWL!** →

F.R.Q. 1973

PROPOSITION A

BAY AREA RAPID TRANSIT DISTRICT
Shall the members of the Board of Directors of the San Francisco Bay Area Rapid Transit District be elected?

ARGUMENT FOR PROPOSITION A

Vote Yes on Proposition A

A Yes vote on Proposition A means that you, the voter, will have a chance to select members to serve on the San Francisco Bay Area Rapid Transit (BART) Board of Directors.

BART is a governmental agency with the power to tax and to make decisions affecting hundreds of thousands of residents in San Francisco, Alameda, and Contra Costa Counties. BART accounts for approximately 60 cents on the property tax rate in San Francisco, plus an additional ½ cent sales tax in San Francisco, Alameda, and Contra Costa.

BART's Board of Directors is ultimately responsible for the operation of a system that spends more than \$39,000,000 a year. Over the past 12 years, since the BART bond issue was approved, construction and beginning operation of the system have cost taxpayers in the three counties more than \$1.6 billion. And now the BART general manager estimates that the system's debts will amount to more than \$100 million in the next five years and it may have to close down next fall unless more money is pumped in. Yet still the system is not complete; it has cost hundreds of millions more than its original estimate; and there is no solid prediction of when transbay service will begin.

An elected BART Board will end this situation of taxation without representation for the people of San Francisco, Alameda, and Contra Costa.

An elected BART Board would have a clean slate, un beholden to any vested interest except that of the voters.

Vote Yes on Proposition A.

An elected Board could demand accountability by BART contractors and by the joint engineering venture, Parsons, Brinkerhoff, Tudor, and Bechtel. It could take steps to ensure a more aggressive, efficient, and competent management.

"Yes" on Proposition A means that the nine BART directors will be elected by the rule of one man-one vote. The three BART counties will have representation based on the size of their populations. According to the most recent census count, San Francisco will elect three members to the Board.

An elected BART Board is the only fair and equitable way for the public to have a voice in the operation of this multi-million dollar governmental agency.

Vote Yes on Proposition A.

**JOHN J. BARBAGELATA
QUENTIN L. KOPP
JOHN L. MOLINARI**

PROPOSITION B

Amends Section 8.105 relating to conflict of interest and other prohibited practices of officers and employees of the City and County.

CHARTER AMENDMENT PROPOSITION B

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said city and county by amending Section 8.105 thereof relating to conflicts of interests concerning officers and employees of the city and county.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county at an election to be held therein on June 4, 1974, a proposal to amend the Charter of said city and county by amending Section 8.105 thereof to read as follows:

NOTE: Additions or substitutions are indicated by **bold-face** type; deletions are indicated by ((double parentheses)).

8.105 Conflict of Interest and other Prohibited Practices

(a) No member of any board or commission shall accept any employment relating to the business or the affairs of any person, firm or corporation which are subject to regulation by the board or commission of which he is a member. No ((supervisor and no)) officer or employee of the city and county, shall be or become, directly or indirectly, interested in, or in the performance of, any contract, work or business, or in the sale of any article, the expense, price or consideration of which is payable from the treasury; or in the purchase or lease of any real estate or other property belonging to, or taken by, the city and county, or which shall be sold for taxes and assessments, or by virtue of legal process at the suit of the city and county; nor shall any person in this section designated during the time for which he was elected or appointed, acquire an interest in any contract with, or work done for, the city and county, or any department or officer thereof, or in any franchise, right or privilege granted by the city and county, unless the same shall be devolved upon him by law; and any such contract or transaction in which there shall be such an interest shall be null and void; nor shall any person in this section become surety upon any bond given to the city and county; nor shall any person mentioned in this section give or promise any money or other valuable thing, or any portion of his compensation, in consideration of his nomination, appointment, or election to any city and county office or employment; or accept any donation or gratuity in money or other valuable thing, either directly or indirectly, from any subordinate or employee or from any candidate or applicant for a position as employee or subordinate under him.

(b) It shall be the duty of every officer and employee who shall have knowledge of any violation of the provisions of this section immediately to report such violation to the district attorney, for

possible criminal action and failing so to do may be removed from his office or employment.

((b) No supervisor and no officer or employee of the city and county shall engage in any activity, employment or business or professional work or enterprise which is inconsistent, incompatible, or in conflict with his duties as a supervisor or officer or employee of the city and county or with the duties, functions and responsibilities of his appointing power, or the department, office or agency by which he is employed, or the board or commission of which he is a member.))

(c) No officer or employee of the city and county shall wilfully or knowingly disclose any privileged information concerning property, government, or affairs of the city and county, unless a duty to do so is imposed upon said person by law, nor shall that person use any privileged information obtained by him by virtue of his office or employment to advance the financial or other private interest of himself or others.

(d) No person who has served as an officer or employee of the city and county shall within a period of two (2) years after termination of such service or employment appear before the board or agency of the city and county of which he was a member in order to represent any private interest, provided, however, that said officer or employee may appear before said board or agency for the purpose of representing himself.

(e) No officer or employee of the city and county shall receive, directly or indirectly, any compensation, reward or gift from any source except compensation from the City and County of San Francisco, or any other governmental agency to which he has been duly appointed for any service, advice, assistance or other matter related to the governmental processes of the city and county, except for fees for speeches or published writing.

(f) No officer or employee shall have an interest in any matter for his consideration or determination which arises from a close business association of a continuing nature. A close business association of a continuing nature means any undertaking for profit, including, but not limited to, a corporation, partnership, officeholding or employment in or by any labor or employee organization, trust, proprietorship, association, or joint venture.

((c)) (g) The civil service commission with respect to officers and employees whose positions are subject to the civil service provisions of the charter other than officer and members of the fire and police departments, the fire commission with respect to officers and members of the fire department and the police commission with respect to officers and members of the police department, are each empowered to prescribe and enforce such reasonable rules and regulations as each commission deems necessary to effectuate the purposes and intent of this section. Such rules and regulations may provide for restrictions against activities, employments and enterprises other than those described or mentioned herein when such restrictions are found necessary for the preservation of the honor or efficiency of the city and county civil service or for the protection of the best interests of the city and county service in any respect.

((d) Violation of any of the provisions of this section shall constitute official misconduct or cause for dismissal and shall subject

the violator to the proceedings and penalties provided therefor in the charter.))

(h) Any person violating any of the provisions of this section shall be guilty of a misdemeanor and upon a final judgment of conviction of same, such person shall be removed from office.

(l) A prohibited conflict of interest exists whenever an officer or employee of the city and county must pass judgment upon a matter which either directly or indirectly affects a private party who is a child or spouse of the officer or employee.

((e)) (j) ((A supervisor,)) An officer or employee shall not be deemed interested in or in the performance of any contract, work, business, or the sale of any article, the expense, price or consideration of which is payable from the treasury, within the meaning of subsection (a) unless such contract, work, business or sale is awarded, entered into, or authorized by him in his capacity as ((supervisor,)) officer or employee, or by an officer or employee under his supervision and control, or by a board or commission of which he is a member.

((f)) (k) ((A supervisor or)) An officer of the city and county shall not be deemed ((interested)) to have a conflicting interest in any such contract, work, business or sale awarded, entered into or authorized by a board or commission of which he is a member if he has only a remote interest therein and the fact of such interest is disclosed to the board or commission of which he is a member and noted in its official records and the board or commission authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the ((supervisor,)) officer or member with the remote interest, unless the contract must be awarded to the highest or lowest responsible bidder as the case may be on a particular day and the vote of such ((supervisor,)) officer or member is necessary to a quorum on that day.

((g)) (1) As used in this section "remote interest" means:

(1) The ownership of less than ((five)) three per cent of the shares of a corporation for profit;

((2) That of a nonsalaried officer of a nonprofit corporation;))

((3)) (2) That of an officer in being reimbursed for his actual and necessary expenses incurred in the performance of official duty; provided, however, that the city and county treasurer is solely responsible for such reimbursement and that only those expenses which are strictly necessary for the performance of that duty shall be reimbursed;

((4) That of an employee of the contracting party having ten or more other employees; provided, that the supervisor or officer was an employee of said contracting party for at least three years prior to his initially accepting such office;))

((5)) (3) That of a parent in the earnings of his minor child for personal services;

((6) That of a landlord or tenant of the contracting party;))

((7) That of an attorney of the contracting party; or))

((8) Except as to supervisors, such other interest or relationship other than those set forth in (1) to (7) above as may hereafter be designated by a vote of two-thirds of the members of the board of supervisors.))

((h)) (m) All contracts, work, business or sales herein mentioned heretofore awarded, entered into or authorized by any board or commission of the City and County of San Francisco in which ((a supervisor,)) an officer or member had a remote interest as hereinabove defined are hereby ratified and confirmed.

((i)) (n) The provisions of subsections ((e)) (j) ((to)) through ((h)) (m) of this section shall not be applicable to any ((supervisor,)) officer or employee who influences or attempts to influence the award, execution or authorization of any contract, work, business or sale, the expense, price or consideration of which is payable from the treasury, in which he has a direct or indirect interest.

(o) No member of any board or commission of the city and county shall knowingly vote on or in any way attempt to influence the outcome of governmental action on any measure or question involving his own character or conduct, his right as a member, his appointment to any office, position, or employment, or on any measure or question wherein the said member's financial interest is immediate, particular, and distinct from the public interest. The word "knowingly" as used in this paragraph shall mean actual or constructive knowledge of the existence of the interest which would disqualify the vote under the provisions of this section.

If under any provision of this charter or of any ordinance, resolution, rule or regulation, action on any measure or question must be taken on a particular day and such action cannot be taken by a qualified voting quorum of the board or commission on that day by reason of the disqualification from voting under the provisions of this section, said action may be postponed until, but not later than, there are sufficient qualified members present to vote and take action on said measure or question. The term "a qualified voting quorum" as used in this paragraph shall mean the presence of a sufficient number of qualified voting members of the board or commission to take either affirmative or negative action on the measure or question before the board or commission.

(p) The city attorney, the district attorney of the City and County of San Francisco or any resident or group of residents of the City and County of San Francisco may bring a suit in the superior court to compel compliance with the provisions of this section.

Ordered submitted: Board of Supervisors, San Francisco, Feb. 19, 1974.

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen.

Noes: Supervisor Francois.

I hereby certify that the foregoing Charter amendment was ordered submitted by the Board of Supervisors of the City and County of San Francisco.

ROBERT J. DOLAN, Clerk

ARGUMENT FOR PROPOSITION "B"

A "Yes" vote on Proposition "B" is a vote for good government. It will mark a significant step toward protecting the public from misconduct by its government officials and toward restoring badly eroded public confidence in government activities.

Proposition "B" will supplement, but not duplicate, State law to give greater assurance to the people that their local elected and appointed officials and employees will act in the interest of the public good rather than their own private gain.

Unlike State law, which can be changed by a vote of the Legislature, Proposition "B" will be part of the City and County Charter, which can be changed only by a vote of the people. Proposition "B" will apply to all elected and appointed officials of San Francisco (including members of the Board of Supervisors who are defined in the Charter as "officers" of the City and County).

Vote "Yes" on Proposition "B"

Proposition "B" states explicitly that if an officer or employee of the City and County has a defined interest in specified City and County contracts or transactions, and his interest is not made known publicly, the contracts or transactions shall be null and void. It makes it the duty of an officer or employee with knowledge of conflict-of-interest violations to report these violations. It forbids disclosure of privileged information concerning City and County contracts or transactions, and it forbids use of privileged City and County information for advancement of private interests, personal and otherwise.

Proposition "B" forbids former officers and employees from appearing as private representatives in certain City and County matters for a period of two years after they have terminated their service or employment. Proposition "B" also forbids City and County officers and employees from accepting rewards or gifts for services rendered, and it forbids officers and employees from participating in any matter in which they have a defined interest that may arise out of a close business association. A close business association would include among other things holding office in or employment by a labor organization, but not mere membership in a labor organization.

Vote "Yes" on Proposition "B"

Proposition "B" is a strong measure affording public protection because it makes violation of the conflict-of-interest law a misdemeanor, and a final judgment of conviction against a violator must result in his removal from office.

Most importantly, Proposition "B" forbids City and County board and commission members from knowingly voting on or attempting to influence the outcome of governmental action on measures or questions involving the members' defined personal interests.

Vote "Yes" on Proposition "B"

Proposition "B" will authorize the City Attorney, District Attorney, or any San Francisco resident or group of residents to bring a court action to compel compliance.

Proposition "B" is vitally needed to afford full protection of your interests. The present law is weak, and its lack of any real "teeth" for enforcement is tantamount to no law at all.

Support ethical government for the City and County of San Francisco by approving Proposition "B" and providing safety against conflicts of interest by public officials that promote private gain at public expense.

Vote "Yes" on Proposition "B"

ROBERT J. DOLAN, Clerk

PROPOSITION C

Shall a tax of ten cents (\$0.10) for each one hundred dollars (\$100.00) of assessed valuation be imposed for a period of fifteen (15) years to fund the acquisition, development and maintenance of public open space?

CHARTER AMENDMENT PROPOSITION C

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by adding Section 6.413 thereto, relating to the establishment of an Open Space Acquisition Fund to implement the Open Space and Recreation Element of the City's Master Plan.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at an election to be held therein on June 4, 1974, a proposal to amend the Charter of said City and County by adding Section 6.413 thereto, so that the same shall read as follows:

NOTE: Additions or substitutions are indicated by **bold-face** type; deletions are indicated by ((double parentheses)).

6.413 Open Space Acquisition Fund

(a) There is hereby established an open space acquisition fund to be administered by the recreation and park commission; monies therein shall be appropriated, transferred, expended or used for, and only for, those recreation and open space purposes determined by the city planning commission to be consistent with the recreation and open space element of the comprehensive plan of the city and county and in accordance with the "Recreation and Open Space Programs" to implement the recreation and open space element approved by the city planning commission on July 19, 1973 as from time to time modified by a majority vote of each of the planning commission and rec-

recreation and park commission meeting jointly, and with the concurrence of the Board of Supervisors. The Recreation and Open Space Element of the comprehensive plan and the "Recreation and Open Space Programs", as from time to time modified, shall continue to identify neighborhoods which are in special need of recreation and open space facilities, and shall designate such neighborhoods as "high-need neighborhoods"; monies in the open space acquisition fund may be used for the development of lands acquired within or contiguous to such neighborhoods or lands on the northern waterfront and bay shoreline for recreational purposes; open space land so acquired elsewhere within the city and county shall be improved and used only for open space purposes. Lands currently under the jurisdiction of the San Francisco port commission may be acquired by lease or otherwise and may be leased and administered with the funds provided for herein for purposes consistent with this section. The recreation and park department and the San Francisco port commission are hereby authorized to enter into contracts appropriate to carry out the purposes of this section.

(b) There is hereby imposed, pursuant to Section 6.400(a)(3)(d) of this charter, for a period of fifteen years starting with the fiscal year of 1974-75 an annual tax of ten cents (\$0.10) for each one hundred dollars (\$100.00) assessed valuation to be utilized for the acquisition and development of public open space as provided in this section. Revenues obtained thereby shall be in addition to, and not in place of, any sums normally budgeted for the recreation and park department, and, together with interest earned thereon, shall be deposited into the open space acquisition fund. In addition, all grants, gifts, and bequests paid to the city and county for open space acquisition, and interest earned thereon, unless otherwise restricted, shall be deposited into the fund. Establishment of this fund is not intended to preclude any other similar programs or any other similar use of funds by the city and county. All amounts paid into said fund shall be maintained by the treasurer separate and apart from all other city and county funds, and shall be secured by his official bond.

(c) A minimum of seventy-five percent (75%) of the tax revenues provided for the fund in the first five years of the fund's existence shall be utilized for the acquisition of real property, and shall be so utilized thereafter until modified as hereinafter provided. The balance of said tax revenues raised in the first five years may be used for the maintenance and development of properties acquired through the fund and for administrative expenses connected therewith. At any time after the end of five years, the percentage of revenues allocated for acquisition may be modified by a majority vote of the Board of Supervisors. At any time after the end of ten years, if the action program no longer shows any lands available for open space and recreation purposes, then the limitation that funds may only be used for the maintenance and development of properties acquired from the fund may be modified in whole or in part by a majority vote of the Board of Supervisors to provide that funds may be used to expand the maintenance and development of other properties held by the recreation and park department in high-need neighborhoods identified in the then current Recreation and Open Space Programs.

(d) The recreation and park commission and the city planning

commission shall hold at least one joint public meeting annually and shall at such time receive and review a report from the general manager of the recreation and park department on the implementation of the Recreation and Open Space Programs, on expenditures made from the open space acquisition fund and on properties developed in the preceding year for recreation uses. The general manager of the recreation and park department shall also make general recommendations of further lands for acquisition, improvement or development for approval by a majority vote of each of the recreation and park commission and the city planning commission meeting jointly, and with the concurrence of the Board of Supervisors.

Ordered submitted: Board of Supervisors, San Francisco, Mar. 4, 1974.

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Tamaras, von Beroldingen.

I hereby certify that the foregoing Charter amendment was ordered submitted by the Board of Supervisors of the City and County of San Francisco.

ROBERT J. DOLAN, Clerk

ARGUMENT FOR PROPOSITION "C"

Proposition "C" Is for You.

Here's a chance to save something for yourself. Vote "Yes" on "C". Save a little something for San Francisco,—the last open hilltops—waterfront you can get to—recreation spaces opened in high-need neighborhoods.

Vote "Yes" on "C" to establish an open space acquisition fund for San Francisco.

The Open Space Acquisition Fund is a consistent reserved source of dollars for buying and improving land for open space and recreation uses. For fifteen years, ten cents per \$100 assessed value will enable the City to save about \$2,500,000 each year for hilltops still in private hands, for waterfront that is inaccessible or unpleasant and for buying land for playground space in crowded neighborhoods.

Significant decisions such as priorities for acquisition and changes in the City's programs will be made by a majority of the Board of Supervisors after hearing the voice of the citizen at every step.

The fund will be used to implement the City's plans and programs for recreation and open space.

Our few remaining hilltops will be acquired and improved with benches, plantings and trails. Shoreline areas will be developed for fishing, wading, picnicking and enjoyment of the water. High-need neighborhoods have a shortage of recreational facilities. The fund will provide needed parks, play areas and places to sit.

The Tax Won't Last Forever.

Over fifteen years there will be enough money to do all of this. It's even enough money to maintain the open spaces. It's written into the Charter that it can't be used for something else—and in fifteen years, there is no more open-space tax.

Neighborhoods should have a chance to save their own open space.

There is enough money so private owners will get a fair price for their land and the neighbors will be able to keep their open spaces.

recreation and park commission meeting jointly, and with the concurrence of the Board of Supervisors. The Recreation and Open Space Element of the comprehensive plan and the "Recreation and Open Space Programs", as from time to time modified, shall continue to identify neighborhoods which are in special need of recreation and open space facilities, and shall designate such neighborhoods as "high-need neighborhoods"; monies in the open space acquisition fund may be used for the development of lands acquired within or contiguous to such neighborhoods or lands on the northern waterfront and bay shoreline for recreational purposes; open space land so acquired elsewhere within the city and county shall be improved and used only for open space purposes. Ordered submitted: Board of Supervisors, San Francisco, Mar. 4, 1974.

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Tamaras, von Beroldingen.

I hereby certify that the foregoing Charter amendment was ordered submitted by the Board of Supervisors of the City and County of San Francisco.

ROBERT J. DOLAN, Clerk

ARGUMENT FOR PROPOSITION "C"

Proposition "C" Is for You.

Here's a chance to save something for yourself. Vote "Yes" on "C". Save a little something for San Francisco,—the last open hilltops—waterfront you can get to—recreation spaces opened in high-need neighborhoods.

Vote "Yes" on "C" to establish an open space acquisition fund for San Francisco.

The Open Space Acquisition Fund is a consistent reserved source of dollars for buying and improving land for open space and recreation uses. For fifteen years, ten cents per \$100 assessed value will enable the City to save about \$2,500,000 each year for hilltops still in private hands, for waterfront that is inaccessible or unpleasant and for buying land for playground space in crowded neighborhoods.

Significant decisions such as priorities for acquisition and changes in the City's programs will be made by a majority of the Board of Supervisors after hearing the voice of the citizen at every step.

The fund will be used to implement the City's plans and programs for recreation and open space.

Our few remaining hilltops will be acquired and improved with benches, plantings and trails. Shoreline areas will be developed for fishing, wading, picnicking and enjoyment of the water. High-need neighborhoods have a shortage of recreational facilities. The fund will provide needed parks, play areas and places to sit.

The Tax Won't Last Forever.

Over fifteen years there will be enough money to do all of this. It's even enough money to maintain the open spaces. It's written into the Charter that it can't be used for something else—and in fifteen years, there is no more open-space tax.

Neighborhoods should have a chance to save their own open space.

There is enough money so private owners will get a fair price for their land and the neighbors will be able to keep their open spaces.

Crowded neighborhoods need spaces opened up and recreational facilities developed.

High-need neighborhoods got left behind. There is enough money in this fund to get them recreational facilities. It's written into the Charter that they are high on the list.

It Will Help the Port Out of a Jam. Vote "Yes" on "C".

The Port has a problem. It is required by BCDC to develop small recreational facilities—but there is no Port money and no BCDC money for that use. The Port has to have income from commercial use of port-owned land for maritime activity—but if there must be more recreation facilities, the Port has to build up even more. This fund gives the Port a way out.

June 4 Is the Day for Saving. Vote "Yes" on "C".

There is not much open space left in San Francisco.

San Franciscans need a little something for themselves. No measure on the ballot can do more to improve the quality of life for our citizens. Vote "Yes" on "C"—we will have the spaces we need—around the corner—within walking distance—and on the waterfront.

These citizens urge you to vote "Yes" on "C" to save a little something for yourself:

I hereby certify that the Board of Supervisors endorsed the foregoing argument, and authorized its inclusion in the ballot pamphlet for the June 4, 1974, election by the following vote:

Ayes: Supervisors Barbagelata, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen.

ROBERT J. DOLAN, Clerk

ARGUMENT AGAINST PROPOSITION C

Vote No on Proposition C

Proposition C is not for you.

Proposition C proposes to ask for your vote to amend the Charter to provide for an annual tax of 10¢ for each \$100 assessed valuation to be utilized for the acquisition and development of public open space. This, of course, is over and above your present tax rate.

The charge would be for the next 15 years, amassing approximately \$2.5 million per year or \$37,250 million within the time frame.

At least 75% of the fund or about \$27,937,500 provides for the purchase of hilltops still in private hands, recreation on the waterfront and playground space in crowded areas. Space in crowded areas is identified as "high-need neighborhoods". They do have some playground facilities but it could be found necessary to augment the mini parks to remove some buildings. Some sections, as defined as "high-need" really have no open property available and would, indeed, need to remove housing to expand.

This special fund would be administered by the Recreation and Park commission. However, anytime after the 10 year period and there is no longer any land available for the purpose voted, then the funds for the ensuing life of this amendment may be used to expand the maintenance and development of other properties held by the department in again—only—"high-need neighborhoods" as identified in the Open Space Program.

This is a subterfuge to get around a bond issue for the entire city.

Tax monies should be used for the good of all, and not be limited in usage to a few.

As there is no provision in our Charter for the city government to provide "No" arguments for city ballot issues, this argument has been paid for by the undersigned.

Vote No on Proposition C.

Fred Methner

Taxpayer

Marguerite Warren

Taxpayer

CONTROLLER'S STATEMENT PURSUANT TO

CHARTER SECTION 9.112

PROPOSITION "C"

Shall a tax of ten cents (\$0.10) for each one hundred dollars (\$100.00) of assessed valuation be imposed for a period of fifteen (15) years to fund the acquisition, development and maintenance of public open space?

Should the proposed charter amendment be adopted, in my opinion, there would be an annual estimated increase of \$2,520,681 in the cost of government of the City and County of San Francisco starting with the fiscal year of 1974-1975. Based on the 1973-1974 assessment roll, this estimated annual increase is equivalent to ten (\$0.10) cents in the tax rate.

The specific properties to be acquired have not at this time been designated; therefore I am unable to estimate the annual loss in assessed value by reason of acquisition by the City and County, nor the effect such loss would have on the tax rate.

NATHAN B. COOPER, Controller
City and County of San Francisco

PROPOSITION D

Shall public offices of the City and County remain open for business on state-wide election days?

CHARTER AMENDMENT PROPOSITION D

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 7.702 thereof relating to hours of public office.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at an election to be held therein on June 4, 1974, a proposal to amend the Charter of said City and County by amending Section 7.702 thereof, to read as follows:

NOTE: Additions or substitutions are indicated by **bold-face** type; deletions are indicated by ((double parentheses)).

Section 7.702 Hours of Public Offices

Except where otherwise provided by law, all public offices shall be open for business every day, except legal holidays other than days on which an election is held throughout the State, from eight-thirty o'clock a.m., until five o'clock p.m. The supervisors by ordinance may provide that any office shall be kept open for a longer time, when necessary for the accommodation of the public, and may also provide by ordinance that any office shall be closed on Saturday of each week during all or any part of the year.

Ordered submitted: Board of Supervisors, San Francisco, Mar. 4, 1974.

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Molinari, Nelder, Tamaras, von Beroldingen.

Noes: Supervisor Mendelsohn.

I hereby certify that the foregoing Charter amendment was ordered submitted by the Board of Supervisors of the City and County of San Francisco.

ROBERT J. DOLAN, Clerk

ARGUMENT FOR PROPOSITION "D"

A "Yes" vote on Proposition "D" will mean that San Francisco City and County offices will remain open on statewide election days and that City employees will no longer be given a holiday on election days, once the amendment is approved and the annual salary ordinance is amended accordingly.

At the special election held in November, 1973, only one state proposition was on the ballot. Nevertheless, City Hall and other City offices had to be closed. In addition, the cost of paying overtime at a rate of two times to policemen and firemen, and two-and-a-half times to certain Municipal Railway employees and other City employees in special services who had to work on that so-called holiday, amounted to \$345,000.

Vote "Yes" on Proposition "D"

Election days are not legal holidays for private industry, and no private business closes its doors and gives its employees a holiday on election days. Employers are required only to give their employees two hours off sometime during the day, if necessary to exercise their voting privilege. The polls are open in San Francisco from 7 a.m. until 8 p.m., which is ample time for any working person to cast his or her ballot. The reasons for closing public offices on election days are ancient history, no longer applicable to the conduct of today's elections.

City employees receive 12 paid holidays a year, which equals as much, and oftentimes more, than that provided in private industry. Vote "Yes" on Proposition "D" to close this expensive and needless loophole in the cost of running City government.

I hereby certify that the Board of Supervisors endorsed the foregoing argument, and authorized its inclusion in the ballot pamphlet for the June 4, 1974, election by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Kopp, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen.

ROBERT J. DOLAN, Clerk

CONTROLLER'S STATEMENT PURSUANT TO CHARTER SECTION 9.112 PROPOSITION "D"

Shall public offices of the City and County remain open for business on state-wide election days?

Should the proposed charter amendment be adopted and if the Board of Supervisors does not declare that every day on which an election is held throughout the state, shall be a holiday, in my opinion, there would be a decrease in the cost of government of approximately \$345,000, based on current wage schedules, of which approximately \$298,000 would be financed from ad valorem taxes. Based on the 1973-1974 assessment roll, this decrease of \$298,000 is equivalent to a decrease of one and eighteen hundredths (\$.0118) cents in the tax rate.

By ordinance number 152-74, approved by the Mayor on March 27, 1974, the Board of Supervisors did declare that for the fiscal year 1974-1975, every day on which an election is held throughout the state shall be a holiday; therefore, in my opinion, for each such state election day so declared, there would be an increase in the cost of government of approximately \$688,000, based on current wage schedules, of which approximately \$472,000 would be financed from ad valorem taxes. Based on the 1973-1974 assessment roll, this increase of \$472,000

is equivalent to an increase of one and eighty-seven hundredths (\$0.0187) cents in the tax rate.

NATHAN B. COOPER, Controller
City and County of San Francisco

PROPOSITION E

Shall the retirement allowance of certain retired miscellaneous employees be increased by recomputing their allowances in accordance with the formula now authorized for present employees?

CHARTER AMENDMENT PROPOSITION E

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending Section 8.536 thereof, and by adding Section 8.537 thereto, relating to retirement allowances of "miscellaneous" members of the Retirement System.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at an election to be held therein on June 4, 1974, a proposal to amend the Charter of said City and County by amending Section 8.536 thereof, and by adding Section 8.537 thereto, to read as follows:

NOTE: Additions or substitutions are indicated by bold-face type.
8.536 Increasing Retirement Allowances of Miscellaneous Officers and Employees Retired on or after July 1, 1947, and Prior to July 1, 1974

(a) Every retirement allowance payable to or on account of a member who retired for service under the provisions of subsection (B) of section 8.509 of this charter on or after July 1, 1947, and prior to July 1, 1974, after having attained the age of sixty (60) years is hereby increased for time commencing on July 1, 1974, to the amount it would have been if such allowances had been computed, on the date such retirement allowance was first effective, on the basis of two (2) per cent of such member's average final compensation for each year of credited service.

(b) Every retirement allowance payable to or on account of a member who retired for service under the provisions of subsection (B) of Section 8.509 of this charter on or after July 1, 1947 and prior to July 1, 1974, prior to having attained the age of sixty (60) years is hereby increased for time commencing on July 1, 1974, to the amount it would have been if such allowance had been computed, on the date such retirement allowance was first effective, on the basis of the per cent of such member's average final compensation for each year of credited service as is set forth in the following table opposite his age at retirement, taken to the preceding completed quarter year:

Age at Retirement**Per Cent for Each Year of Credited Service**

55	1.5000
55¼	1.5250
55½	1.5500
55¾	1.5750
56	1.6000
56¼	1.6250
56½	1.6500
56¾	1.6750
57	1.7000
57¼	1.7250
57½	1.7500
57¾	1.7750
58	1.8000
58¼	1.8250
58½	1.8500
58¾	1.8750
59	1.9000
59¼	1.9250
59½	1.9500
59¾	1.9750

In no event shall a member's retirement allowance, as increased under the provisions of paragraph (a) or (b) of this section, exceed seventy-five per cent of his average final compensation.

(c) Every retirement allowance payable to or on account of a member who retired for disability under the provisions of subsection (C) of section 8.509 of this charter on or after July 1, 1947, and prior to July 1, 1974, is hereby increased for time commencing on July 1, 1974, to the amount it would have been if such allowance had been computed, on the date such retirement allowance was first effective, as follows:

(1) On the basis of one and eight-tenths per cent of such member's average final compensation for each year of credited service, if such retirement allowance exceeds forty (40) per cent of his said average final compensation;

(2) If such retirement allowance, as increased does not exceed forty (40) per cent of such member's average final compensation, the increase provided under this section shall be computed on the basis of one and eight-tenths per cent of his average final compensation multiplied by the number of years of city-service which would be credited to him were such city-service to continue until attainment by him of the age of sixty years; provided, however, that such retirement allowance shall not exceed forty (40) per cent of his said average final compensation.

With respect to members whose retirement allowances were first effective prior to January 1, 1972, "average final compensation" as used in this section 8.536 shall mean the average monthly compensation earned by the member during any twelve consecutive months of credited service in the retirement system in which his average compensation is the highest.

This section does not give any person retired under the provisions of section 8.509, or his successors in interest, any claim against the

city and county for any increase in any retirement allowance paid or payable for time prior to July 1, 1974.

Any increase in any retirement allowance resulting from the recalculation provided for in this section shall be disregarded in connection with any adjustment of retirement allowances pursuant to the provisions of section 8.526 of this charter.

8.537 Increasing Retirement Allowances of Miscellaneous Officers and Employees Retired Under Section 8.507 Prior to January 1, 1972

Every retirement allowance payable to or on account of a member who retired under the provisions of section 8.507 (formerly section 165 of the charter of 1932) prior to January 1, 1972, is hereby increased for time commencing on the effective date of this section, hereby designated as the first day of the month next following ratification by the State legislature, to the amount it would have been if such allowance had been computed, on the date such member's retirement allowance was first effective, as if the provisions of section 8.509, as they exist on the effective date of this section, had been in effect and applicable to such member and as if "average final compensation" were defined as the average monthly compensation earned by a member during any twelve consecutive months of credited service in the retirement system in which his average compensation is the highest.

This section does not give any person retired under the provisions of said section 8.507, or his successors in interest, any claim against the city and county for any increase in any retirement allowance paid or payable for time prior to the effective date of this section.

Any increase in any retirement allowance resulting from the calculation provided in this section shall be disregarded in connection with any adjustment of retirement allowances pursuant to the provisions of section 8.526 (formerly section 164.1 of the charter of 1932).

Section 8.537 does not authorize any decrease in any allowance from the amount being paid as of June 4, 1974.

Ordered submitted: Board of Supervisors, San Francisco, Mar. 4, 1974.

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Tamaras, von Beroldingen.

I hereby certify that the foregoing Charter amendment was ordered submitted by the Board of Supervisors of the City and County of San Francisco.

ROBERT J. DOLAN, Clerk

ARGUMENT FOR PROPOSITION "E"

Vote "Yes" for Proposition "E"

Proposition "E" will give a little relief in today's inflated economy to some dedicated retired City employees who are trying desperately to make ends meet in their few remaining years.

Below Poverty Levels Allowances

The average retirement pay for over two-thirds of them is only \$164 per month. 40% of the entire group do not have social security coverage (available to other City employees) and they are dependent upon their meager City retirement allowances.

Compare this with State Old Age Security, which provides a minimum grant of \$235 a month for a single person, and \$440 per month for a couple, plus extra grants if needed.

What Will Proposition "E" Do?

It will raise by an average of only 6% the brutally inadequate retirement allowance of this group of elderly people who left San Francisco public service between January, 1923 and December 31, 1971.

Their average is 24 years of service to the City's taxpayers.

It will merely give them the same rights enjoyed by employees retired since January 1, 1972. This is the right to have their retirement allowance based upon one year of service, instead of a three-year average of previous inadequate earnings by today's standards. Since January 1, 1972, all retiring employees use the highest one year's average.

A Temporary Aid—8 Years Life Expectancy

The average age of this group is 75 years.

Their average life expectancy is 8 years.

When these members and their eligible beneficiaries die, this small added income benefit will terminate, and stop all additional City costs.

Give Them a Break

Survival today on low fixed pensions based upon a service period when income were low, is an unbearable hardship for many of these former civil servants.

With food prices increasing 17% last year, and the overall cost of living going up over 7% annually, survival today on low fixed pensions based upon a service period when incomes were low, is an unbearable hardship for many of these former civil servants.

Every year this group grows smaller as death takes its toll. Due to their high mortality and other factors, their retirement cost to the City has dropped considerably in the past year. Meanwhile, however, the remaining members of the group are defenseless against the soaring cost of living.

Right This Injustice to These Elderly Senior Citizens

Give them deserved and urgently needed help to meet food and shelter costs.

Vote "Yes" for Proposition "E"

Sponsored by the retired employees of the City and County of San Francisco.

Ayes: Supervisors Barbagelata, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen.

ROBERT J. DOLAN, Clerk

CONTROLLER'S STATEMENT PURSUANT TO CHARTER SECTION 9.112 PROPOSITION "E"

Shall the retirement allowance of certain retired miscellaneous employees be increased by recomputing their allowances in accordance with the formula now authorized for present employees?

Should the proposed charter amendment be adopted, in my opinion, based on a report by the Retirement System, the cost of government of the City and County of San Francisco would be increased by approximately \$1,009,551 annually. Based on the 1973-1974 assessment roll, this estimated annual increase is equivalent to four (\$.04) cents in the tax rate.

**NATHAN B. COOPER, Controller
 City and County of San Francisco**

PROPOSITION F

Shall applicants who are eligible for appointment to entrance positions in the Fire Department from the current eligibility list retain such eligibility beyond the maximum age for such appointment?

CHARTER AMENDMENT PROPOSITION F

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by adding Section 8.320.1 thereto, relating to the waiver of the maximum age requirement for applicants eligible for appointment from list E-25, Class H2, Fireman.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at an election to be held therein on June 4, 1974, a proposal to amend the Charter of said City and County by amending Section 8.320.1 thereof, so that the same shall read as follows:

NOTE: Additions or substitutions are indicated by bold-face type; deletions are indicated by ((double parentheses)).

Section 8.320.1 Qualifications of Applicants for H2 Firemen from List E-25

Notwithstanding the provisions of Section 8.320 of the Charter, any applicant who has successfully completed the examination procedures for the entrance position Class H2, Fireman, and who would otherwise be eligible for appointment from list E-25 adopted December 18, 1973, shall continue to be eligible for appointment for the duration of list E-25, Class H2, Fireman, even though such applicant is more than 32 years of age at the time of appointment.

Ordered submitted: Board of Supervisors, San Francisco, Mar. 4, 1974.

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Tamaras, von Beroldingen.

I hereby certify that the foregoing Charter amendment was ordered submitted by the Board of Supervisors of the City and County of San Francisco.

ROBERT J. DOLAN, Clerk

ARGUMENT FOR PROPOSITION "F"

Sixty-seven (67) men are officially listed on the eligibility list for appointment to the position of H-2 Fireman to the undermanned San Francisco Fire Department.

Suit filed June 24, 1970 in the United States District Court, San Francisco, which does not question or test such eligibility appointment. On November 19, 1973 said United States District Court in a Memorandum Decision stated that "This the San Francisco Civil Service Commission three times failed to do in this case",

This litigation is still pending.

These sixty-seven (67) men have been or are approaching their

thirty-third (33rd) birthdays which is the maximum appointment age under the present Charter.

These sixty-seven (67) men through absolutely and totally no fault of their own in any manner whatsoever are innocent victims of the failure of the San Francisco Civil Service Commission to abide by the rulings of the United States District Court and the length of time elapsing by reason of this pending suit and as a result can or may be deprived of a job and livelihood to which admittedly they are entitled.

In order to give these sixty-seven (67) men their jobs and their rights a waiver of the present Charter provision is required. Toward said accomplishment the Legislative and Personnel Committee of the Board of Supervisors has unanimously ordered submitted to the electorate a Charter amendment waiving provisions of the Charter so that these sixty-seven (67) men can and may obtain their appointments.

Toward said accomplishment, the entire Board of Supervisors has unanimously ordered the Charter amendment submitted to the electorate so that these sixty-seven (67) men can and may obtain their appointments.

In equity, fairness and good conscience an exception should be made by the voters so that these admittedly eligible men can and may receive their appointments and not be deprived of their rights by some super technicality and by reason of a matter entirely beyond their acts, desires and control.

I hereby certify that the Board of Supervisors endorsed the foregoing argument, and authorized its inclusion in the ballot pamphlet for the June 4, 1974, election by the following vote:

Ayes: Supervisors Barbagelata, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen.

ROBERT J. DOLAN, Clerk

PROPOSITION G

Amends various sections; empowers the Fire Commission to reorganize the Fire Department; makes position of Commission secretary a civil service position; deletes and adds certain ranks in Fire Department.

CHARTER AMENDMENT PROPOSITION G

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending Sections 3.540, 3.541, 3.542, 3.544, 3.547 and 8.452 thereof, relating to reorganization, tenure, ranks, fire marshal, power to remove structures and the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at an election to be held therein on June 4, 1974, a proposal to amend the Charter of said City and County by amending Sections 3.540, 3.541, 3.542, 3.544, 3.547 and 8.452 thereof, so that the same shall read as follows:

NOTE: Additions or substitutions are indicated by **bold-face** type; deletions are indicated by ((double parentheses)).

Part Five: Fire Department

3.540 Commission

The fire department shall be under the management of a fire commission, consisting of three members, who shall be appointed by the mayor and each of whom shall receive an annual compensation of twelve hundred dollars (\$1,200). The terms of each commissioner shall be four years, commencing at twelve o'clock noon on the 15th day of January in the years of 1948, 1949 and 1950, respectively.

The fire commissioners shall be successors in office of the fire commissioners holding office in the city and county at the time this charter shall go into effect, and shall have all the powers and duties thereof, except as in this charter otherwise provided. ((The commissioners shall have power, upon recommendation of)) The chief of department ((,)) shall have power to send fire boats, apparatus and men outside the City and County of San Francisco for fire-fighting purposes.

The commissioners shall have the power and duty to organize, reorganize and manage the fire department. They shall by rule and subject to the fiscal provisions of the charter, have power to create new or additional ranks or positions in the department which shall be subject to the civil service provisions of the charter; provided that the fire commission subject to the recommendation of the civil service commission and the approval of the board of supervisors may declare such new or additional ranks or positions to be exempt from the civil service provisions of the charter. If the civil service commission disapproves any such exemption, the board of supervisors may approve such exemptions by a majority vote of the members thereof. The fire commission shall designate the civil service rank from which a non-civil service rank or position shall be appointed. Appointments to any non-civil service rank or position as may be created hereunder shall hold civil service status in the department in the civil service rank from which they were appointed. In no rank below that of assistant chief shall the compensation attached to a non-civil service rank or position equal or exceed the next higher civil service rank or position from which they were appointed and for this purpose the next higher civil service rank above H-2 fireman shall be H-20 lieutenant. If any new or additional rank or position is

created pursuant hereto pending the adoption of salary standards for such rank or position, the fire commission shall have power to recommend the basic rate of compensation therefor to the board of supervisors and said board of supervisors shall have the power to fix the rate of compensation for said new rank or position and it shall have the power, and it shall be its duty, without reference or amendment to the annual budget, to amend the annual appropriation ordinance and the annual salary ordinance to include the provisions necessary for paying the basic rate of compensation fixed by said board of supervisors for said new rank or position for the then current fiscal year. Thereafter the compensation for said new rank or position shall be fixed as provided for in section 8.405 of this charter; provided, however, nothing contained in this section shall be deemed to interfere with the provisions of section 8.405 of this charter relating to parity or compensation for police officers and firemen for the fourth year of service and thereafter.

Positions of officers and employees of the fire department legally authorized shall continue, and the incumbents therein legally appointed thereto shall continue as the officers and employees of the department under the conditions governing their respective appointments, and except as in this charter otherwise provided.

3.541 Chief of Department; Other Commission Appointments

The fire commission shall appoint a chief of department ((, a secretary)) and a department physician who shall hold office at its pleasure.

Subject to the civil service provisions of this charter, the fire commission shall appoint a secretary, provided, however, that any person who has performed the duties of a secretary continuously for ten years prior to the date of approval of this amendment by the electorate and who on said date shall be performing said duties, is hereby confirmed in said position and thereafter shall hold the same pursuant to said civil service provisions of this charter.

3.542 Ranks in the Department

The several ranks or positions in the fire department shall be: chief of department; ((deputy chief of department; chief, division of fire prevention and investigation; first assistant and second)) assistant chiefs of department; ((secretary to the chief of department)) battalion chiefs; ((supervisor of assignments)) captains; lieutenants; (((inspector of fire department apparatus)) engineers; chief's operators; ((drivers, tillermen, truckmen; hosemen;)) fire fighters; pilots of fire boats and marine engineers of fire boats; captain, bureau of fire prevention and public safety; lieutenant, bureau of fire prevention and public safety; lieutenant, bureau of fire investigation; inspector, bureau of fire prevention and public safety; and investigator, bureau of fire investigation ((,)) , and such other ranks or positions as the fire commission may from time to time create as provided for in section 3.540. ((Any member of the fire department now assigned as captain, bureau of fire prevention and public safety, lieutenant, bureau of fire prevention and public safety, lieutenant, bureau of fire investigation, inspector, bureau of fire prevention and public safety, or investigator, bureau of fire investigation, shall, if he has been performing such duties on July 1, 1952 and continuously thereafter for the period of one year, or for a period of one year from July 1, 1951 to

July 1, 1952 inclusively, be declared permanently appointed to such rank as if appointed thereto after examination and certification from a list of eligibles under the civil service provisions of this charter, and thereafter shall hold such position under the civil service provisions of this charter; provided that as to any member assigned to either of said bureaus who is or was on military leave during any of the periods of time above stated such military leave shall be considered as service in the assignment from which leave was granted.))

The compensation for these ranks shall be determined as provided in sections 3.540 and 8.405 (c) of this charter.

3.544 Fire Marshal

The chief of the fire department, with the approval of the fire commission, may appoint a fire marshal and assistants. ((on the recommendation of the Underwriters Fire Patrol of San Francisco, to serve without compensation from the city and county.)) The board of supervisors may empower the fire marshal to sell property saved or salvaged from any fire and for which no owner can be found. The fire marshal may call upon police officers to assist in the protection or salvaging of property and shall have such other powers and duties as by ordinance may be prescribed relative to the protection of property at fires and the storage of property salvaged therefrom. He shall have such duties appertaining to the enforcement of laws relative to the storage, sale and use of ((oils)) flammable and combustible liquids, combustible materials and explosives as the fire commission by rule, or the supervisors by ordinance, may prescribe.

3.547 Power to Remove Structures

The chief of fire department or, in his absence, ((the deputy chief or any assistant chief of department, or in their absence any battalion)) the chief in charge, may, during a conflagration, cause to be cut down or otherwise remove any buildings or structures for the purpose of checking the progress of such conflagration.

8.452 Fire Department

The chief of department shall recommend and the fire commission shall provide by rule for work schedules or tours of duty for the officers and members occupying the several ranks of the fire department; provided, however, that all tours of duty established for officers and members assigned to the fire-fighting companies, including the salvage corps, shall start at eight o'clock A.M. No such officer or member shall be required to work more than one hundred and twenty (120) hours in any fifteen-day period, nor shall any officer or member be required to work more than twenty-four consecutive hours except in case of a conflagration, emergency, or disaster requiring the services of more than ((one-half of the force of the department)) the available on-duty officers and members of the uniformed force of the department. Officers and members may exchange watches with permission of the chief of department and time worked on such exchange of watches shall not be construed as time in violation of the limitations of 120 hours in any fifteen-day period nor twenty-four consecutive hours. Each such officer and each such member shall be entitled to at least one (1) day off duty during each week.

When, in the judgment of the ((fire commission)) chief of department, it is in the public interest that any such officer or member shall work on his day off and said officer or member consents to so work,

he may at the direction of the chief of department work on said day off, and in addition to the regular compensation provided for said officer or member as set forth in this charter, said officer or member shall be entitled to be compensated at his regular rate of pay as provided for herein for said extra time served, or he shall be allowed the equivalent time off.

In any computation in the administration of the San Francisco City and County Employees' Retirement System in which the compensation, as defined in any provisions relating to the retirement system, is a factor, compensation for overtime provided for in this section shall be excluded, and no such overtime compensation shall be deemed as compensation for any purpose relating to such retirement provisions.

Officers and members of the uniformed force shall be entitled to the days declared to be holidays for employees whose compensations are fixed on a monthly basis in the schedule of compensations adopted by the board of supervisors, pursuant to the provisions of section 8.401 of the charter, as additional days off with pay. Officers or members required to perform service in said department on said days shall be compensated on the basis of straight time as herein computed or shall be granted equivalent time off duty with pay in the judgment of the fire commission.

For payroll purposes, that portion of each tour of duty which falls within each calendar day shall constitute a single tour of duty. The rate of compensation for the service performed by officers or members on a holiday or for service performed on an assigned day off, as in this charter provided, shall be calculated by dividing the annual rates of pay for each fiscal year by the number of single tours of duty as scheduled for the several ranks in the fire fighting companies in said fiscal year.

Ordered submitted: Board of Supervisors, San Francisco, Mar. 11, 1974.

Ayes: Supervisors Feinstein, Francois, Gonzales, Mendelsohn, Nelder, Pelosi, Tamaras, von Beroldingen.

Noes: Supervisors Barbagelata, Kopp, Molinari.

I hereby certify that the foregoing Charter amendment was ordered submitted by the Board of Supervisors of the City and County of San Francisco.

ROBERT J. DOLAN, Clerk

ARGUMENT FOR PROPOSITION "G"

A "Yes" vote on Proposition "G" will enable the Fire Commission, with the approval of the Civil Service Commission and the Board of Supervisors, to reorganize the Fire Department.

A "Yes" vote on Proposition "G" will give the Fire Commission and the Chief of Department the authority to carry out their responsibility for fire and life safety for the people of San Francisco.

A "Yes" vote on Proposition "G" will subject the position of Secretary to the Fire Commission to the Civil Service provisions of the Charter, except that the current incumbent will continue to serve without examination.

A "Yes" vote on Proposition "G" will give the Fire Commission the same control over the Fire Department that the people granted

the Police Commission over the Police Department on November 2, 1971.

In the opinion of its proponents a "Yes" vote on Proposition "G" will provide the citizens of San Francisco with a more efficient Fire Department.

Rudy Tham, President, Fire Commission

Morris Bernstein, Vice President, Fire Commission

Frank Hunt, Member, Fire Commission

Keith P. Calden, Chief, Fire Department

Joseph P. Daley, Deputy Chief, Fire Department

Jack Goldberger, President, Joint Council of Teamsters #7

John F. Crowley, Secty.-Treas., S.F. Labor Council

John J. Lyons, Retired Employees of the City and County of San Francisco

Gerald Crowley, S.F. Police Officers Association

I hereby certify that the Board of Supervisors endorsed the foregoing argument, and authorized its inclusion in the ballot pamphlet for the June 4, 1974, election by the following vote:

Ayes: Supervisors Barbagelata, Kopp, Mendelsohn, Nelder, Pelosi, Tamaras, von Beroldingen.

Noes: Supervisors Francois, Gonzales, Molinari.

ROBERT J. DOLAN, Clerk

CONTROLLER'S STATEMENT PURSUANT TO CHARTER SECTION 9.112 PROPOSITION "G"

Amends various sections; empowers the Fire Commission to reorganize the Fire Department; makes position of Commission secretary a civil service position; deletes and adds certain ranks in Fire Department.

Should the proposed charter amendment be adopted, it is my opinion, that it would not of itself affect the cost of government of the City and County of San Francisco, but as a product of its future application, additional costs may be created that are not determinable at this time.

NATHAN B. COOPER, Controller
City and County of San Francisco

PROPOSITION H

Shall the positions of: (1) Clerk of the Board of Supervisors, (2) Director of Employee Relations and (3) County Clerk be filled by appointment rather than by civil service examination?

CHARTER AMENDMENT PROPOSITION H

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said City and County by amending Sections 2.203 and 3.510 thereof, relating to certain civil service positions.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County

at an election to be held therein on June 4, 1974, a proposal to amend the Charter of said City and County by amending Sections 2.203 and 3.510 thereof, to read as follows:

NOTE: Additions or substitutions are indicated by bold-face type; deletions are indicated by ((double parentheses)).

2.203 Clerk of the Board

((Subject to the civil service provisions of this charter, the)) The board of supervisors shall appoint a clerk, who shall be designated as clerk of the board of supervisors ((.)) ; provided, however, that any person who is performing the duties of clerk of the board of supervisors on the date of approval of this amendment by the electorate and who on said date has civil service status to such position shall continue to serve as said clerk under the civil service provisions of this charter. The clerk shall, ex officio, be clerk of the board of equalization. The clerk shall have charge of the office and records of the board and its committees, and the personnel employed to handle the business, affairs and operation of the board, its committees and members when engaged in official duty. The clerk shall be the appointing officer for such personnel, subject to the civil service provisions of this charter. The clerk shall keep a journal of proceedings of the board and files of all ordinances and resolutions and properly index the same. He shall be responsible for the publication, as required by law, of ordinances, resolutions and other matters acted on by the board for which publication is specified. He shall have such other duties and responsibilities as the board shall prescribe.

**Part Two: Administrative Departments under the
Chief Administrative Officer**

3.510 Finance and Records, Purchasing, Real Estate, Public Works, Electricity, Public Health, and County Agricultural Departments; Health Advisory Board; and Coroner's Office

The functions, activities and affairs of the city and county that are hereby placed under the direction of the chief administrative officer by the provisions of this charter, and the powers and duties of officers and employees charged with specific jurisdiction thereof, shall, subject to the provisions of section 11.102 and section 3.501 of this charter, be allocated by the chief administrative officer, among the following departments:

Department of Finance and Records, which shall include the functions and personnel of the offices of tax collector, registrar of voters, recorder, county clerk and public administrator, and shall be administered by a director of finance and records who shall be appointed by the chief administrative officer and hold office at his pleasure. The tax collector shall have power to examine the books of any business for which a license is issued and a fee charged on the basis of the receipts of such business, and for these purposes shall have the power of inquiry, investigation and subpoena, as provided by this charter.

The public administrator shall appoint and at his pleasure may remove an attorney. He may also appoint such assistant attorneys as may be provided by the budget and annual appropriation ordinance.

Purchasing Department, which shall include the functions and personnel of the bureau of supplies, the operation of central stores and warehouses, and the operation of central garages and shops, and

shall be administered by the purchaser of supplies who shall be appointed by the chief administrative officer and shall hold office at his pleasure.

Real Estate Department, which shall include the functions and personnel of the office of the right-of-way agent and also the control, management and leasing of the exposition auditorium.

Department of Public Works, which shall include the functions and personnel of the telephone exchange and which shall be in charge of and administered by the director of public works, who shall be appointed by the chief administrative officer and shall hold office at his pleasure.

The director of public works shall appoint a city engineer, who shall hold office at the pleasure of said director. He shall possess the same power in the city and county in making surveys, plats and certificates as is or may from time to time be given by law to city engineers and to county surveyors, and his official acts and all plats, surveys and certificates made by him shall have the same validity and be of the same force and effect as are or may be given by law to those of city engineers and county surveyors.

All examinations, plans and estimates required by the supervisors in connection with any public improvements, exclusive of those to be made by the public utilities commission, shall be made by the director of public works, and he shall, when requested to do so, furnish information and data for the use of the supervisors.

The department of public works shall semi-annually notify the tax collector of the amount of each assessment that becomes delinquent and the lot and block number against which each assessment is levied, and it shall be the duty of the tax collector to note such delinquency on each annual tax bill.

The department of public works shall have powers and duties relating to street traffic, subject to the laws relating thereto, as follows: (a) to cooperate with and assist the police department in the promotion of traffic safety education; (b) to receive, study and give prompt attention to complaints relating to street design or traffic devices or the absence thereof; (c) to collect, compile, analyze and interpret traffic and parking data and to analyze and interpret traffic accident information; (d) to engage in traffic research and traffic planning; and (e) to cooperate for the best performance of these functions with any department and agency of the city and county and the state as may be necessary.

The department shall submit to the traffic bureau of the police department, for its review and recommendation, all proposed plans relating to street traffic control devices; provided, however, that the bureau may waive submission and review of plans of particular devices designated by it. Failure of the said traffic bureau to submit to the department its recommendation on any proposed plan within fifteen (15) days after receipt shall be considered an automatic approval of said traffic bureau. The department shall not, with respect to any traffic control devices, implement such plan until the recommendation of the traffic bureau has been reviewed or until the fifteen (15) day period has elapsed.

Department of Electricity, which shall be administered by a chief of department. The premises of any person, firm or corporation may,

for the purpose of police or fire protection, be connected with the police or fire signal or telephone system of the city and county upon paying a fair compensation for such connection and the use of the same, provided that any such connection shall require the approval of the chief of the department of electricity and shall not in any way overload or interfere with the proper and efficient operation of the circuit to which it is connected. The conditions upon which such connection shall be made and the compensation to be paid therefor shall be fixed by the board of supervisors by ordinance upon the recommendation of the chief of the department.

Department of Public Health, which shall be administered by a director of health, who shall be a regularly licensed physician or surgeon in the State of California, with not less than ten years' practice in his profession immediately preceding his appointment thereto. He shall be appointed by the chief administrative officer and shall hold office at his pleasure.

The chief administrative officer shall have power to appoint and to remove an assistant director of public health for hospital services, who shall be responsible for the administrative and business management of the institutions of the department of public health, including but not limited to, the San Francisco General Hospital, Laguna Honda Home, Hassler Health Home, and the Emergency Hospital Service, and who shall be exempt from the civil service provisions of the charter. The position of assistant director of public health for hospital services shall be held only by a person who possesses the educational and administrative qualifications and experience necessary to manage the institutions of the department of public health.

The director of public health shall have power to appoint and remove an administrator of San Francisco General Hospital, who shall be exempt from the civil service provisions of the charter. The position of administrator shall be held only by a physician or hospital administrator who possesses the educational and administrative qualifications and experience necessary to manage the San Francisco General Hospital.

Health Advisory Board. There is hereby created a health advisory board of seven members, three of whom shall be physicians and one a dentist, all regularly certificated. Members of the board shall serve without compensation. They shall be appointed by the chief administrative officer for terms of four years; provided, however, that those first appointed shall classify themselves by lot so that the terms of one physician and one lay member shall expire in 1933, 1934 and 1935, respectively, and the term of one member in 1936.

Such board shall consider and report on problems and matters under the jurisdiction of the department of public health and shall consult, advise with and make recommendations to the director of health relative to the functions and affairs of the department. The recommendations of such board shall be made in writing to the director of health and to the chief administrative officer.

Coroner's office, which shall include the functions and personnel of the existing office of coroner as established at the time this charter shall go into effect.

County Agricultural Department, which shall be administered by a county agricultural commissioner and shall include functions es-

established by state law and those assigned to it by or in accordance with provisions of this charter.

Department of Weights and Measures, which shall include the functions and personnel of the office of sealer of weights and measures as established at the time this charter shall go into effect.

The employee relations director shall be appointed by the chief administrative officer and shall serve at his pleasure.

The county clerk shall be appointed by the chief administrative officer, subject to confirmation and approval by a majority of the superior court judges of the city and county by order entered in the minutes of the court in the department of the presiding judge. The county clerk may be removed by the chief administrative officer subject to approval by a majority of the superior court judges of the city and county by order entered in the minutes of the court in the department of the presiding judge.

Ordered submitted: Board of Supervisors, San Francisco, Mar. 11, 1974.

Ayes: Supervisors. Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen.

I hereby certify that the foregoing Charter amendment was ordered submitted by the Board of Supervisors of the City and County of San Francisco.

ROBERT J. DOLAN, Clerk

ARGUMENT FOR PROPOSITION "H"

This amendment to the Charter will take three positions in City and County government out of Civil Service and make them appointive. It will not change any salaries or increase any costs.

Vote "Yes" on Proposition "H"

The Clerk of the Board of Supervisors is a very important position, requiring the ability to effectively perform the legislative work for eleven members of the Board of Supervisors; and should be filled by a person selected by the Board of Supervisors rather than by the Civil Service.

The Employee Relations Director is a new position, to implement the new Employee Relations Ordinance. The Director recommends policy and strategy in a very sensitive area, and this type of position should be appointive.

Most of the duties the County Clerk performs are related to functions of the Superior Court of the City and County of San Francisco and the County Clerk must work closely with the Superior Court judges. This position should be appointive, with the approval of the Judges.

The Bar Association of San Francisco and the Barristers' Club jointly urge approval of this amendment following their extensive studies of the County Clerk's office in 1972 and 1973.

Vote "Yes" on Proposition "H"

Endorsed by:

Thomas J. Mellon, Chief Administrative Officer
Bar Association of San Francisco
Barristers' Club

I hereby certify that the Board of Supervisors endorsed the foregoing argument, and authorized its inclusion in the ballot pamphlet for the June 4, 1974, election by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen.

ROBERT J. DOLAN, Clerk

PROPOSITION I

DECLARATION OF POLICY

Shall motor vehicle fuel revenues be permitted for use in the City and County of San Francisco for public mass transit purposes described in proposed Section 1(b) of Proposition 5 if the Proposition is approved by the voters at the 1974 direct primary election?

Ordered submitted: Board of Supervisors, San Francisco, Mar. 18, 1974.

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen.

I hereby certify that the foregoing Declaration of Policy was ordered submitted by the Board of Supervisors of the City and County of San Francisco.

ROBERT J. DOLAN, Clerk

ARGUMENT FOR PROPOSITION "I"

A "Yes" vote on Proposition "I" will allow San Francisco to receive motor vehicle revenues for mass transit facilities and air pollution problems, as authorized in State Proposition 5.

No New Taxes Are Required or Authorized by This Proposal.

The Board of Supervisors has named public transportation as a number one priority. These tax funds are needed to support this priority and to release San Francisco from dependence upon the automobiles which strangle the City with traffic congestion and air pollution.

Vote "Yes" on Proposition "I"

Under present law, millions of dollars in motor vehicle revenues may be used only for highway purposes. This measure (along with State Proposition 5) would allow San Francisco the option of using some of these revenues for solutions to our transportation problems. A large portion of these funds would still be available for maintaining and improving existing streets and highways.

In order to preserve the health of its citizens and protect the beauty of the City, San Francisco already has a policy opposing new freeway construction. Proposition "I" will allow money that is already available to be directed away from freeway construction and into construction of mass transportation facilities and air pollution control.

Vote "Yes" on Proposition "I" and on State Proposition "5"

I hereby certify that the Board of Supervisors endorsed the fore-

going argument, and authorized its inclusion in the ballot pamphlet for the June 4, 1974, election by the following vote:

Ayes: Supervisors Barbagelata, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen.

ROBERT J. DOLAN, Clerk

PROPOSITION J

Initiative Ordinance: Any Street Artist residing in the City of San Francisco who peddles on the public sidewalk those articles or things which he creates himself shall be issued a Police Peddler Permit by the Police Department and a General Peddler License by the Tax Collector upon payment of a (\$20.00) dollar annual fee to the Tax Collector. Provided that he first files with the Tax Collector an affidavit setting forth his name, address, what he makes and the fact that he makes it himself.

ARGUMENT FOR PROPOSITION J

Why do the Street Artists need your vote?

Generations of San Franciscans and visitors have been thrilled and entertained by the imaginative creations of city Street Artists who have been subjected to arrest and incarceration for performing, displaying, or transacting their artwork on city sidewalks.

Because a few vocal merchant groups have organized and maintained pressure on the city government to deny existing licenses to Street Artists, it has become necessary to place this initiative before the voters of San Francisco.

The proponents of this initiative believe the proper method of regulating and controlling Street Artists is through the issuance of existing licenses, and urge you to vote in favor of this proposed ordinance for the following reasons:

The current trend of million dollar shopping plazas promoting art and craft shows on their premises proves that such activities are a positive attraction to established retail business areas.

The voter will be able to determine whether in fact the pursuit of happiness, the right to earn a living, and freedom of expression are constitutional realities still supported by the people.

All other local avenues of redress have been exhausted by Street Artists, making it necessary to refer this matter to the "citizens vote."

A Board of Artists and Craftsmen Examiners, appointed by the mayor, already exists for the purpose of establishing the authenticity of any Street Artist by determining what he makes, and that he makes it himself.

In the last four years, more than one hundred arrests of performing artists, sculptors, painters and craftspeople have cost the taxpayers several thousand dollars for each arrest and prosecution.

It would create a specific license procedure allowing artists who live in San Francisco the opportunity to obtain the existing licenses

required by law and subject to existing ordinances regulating the perimeter of their activity. (There are already ordinances prohibiting blocking the sidewalk, selling in front of entrances or doorways, hawking of merchandise, etc. Street Artists violating any of these ordinances would be subject to loss of their license.)

The licenses would allow the individual to sell only at specific locations and times which would be kept on file with the Police Department.

At the present time, the City of San Francisco is collecting fees to allow certified Street Artists to sell in the Embarcadero Plaza even though the legislation authorizing such sales activity in that location expired as of December 11, 1973.

It would allow citizens of modest income the opportunity to view and obtain contemporary American folk art for the enjoyment and companionship of themselves and their families.

It would free police officers to concentrate on the prevention of serious crime such as rape, murder and robbery.

It would provide revenue to the city in the form of license fees and sales tax at no additional cost to the taxpayer.

It would protect a unique human attraction which has become one of the major reasons why people from all over the world visit San Francisco.

It allows the Street Artists the dignity to earn a living through that which they are most capable of doing—their art or craft.

It would exonerate San Francisco of past and future embarrassment as a result of the persecution of Street Artists.

It would place San Francisco among other cosmopolitan centers with a meaningful approach to the protection of community arts and crafts activities.

It is not the proper duty of merchant associations to determine the policies of San Francisco. Rather, it is the responsibility of the city government to abide by the wishes of the voters. A vote in favor of this ordinance will indicate that the citizens of San Francisco recognize the need for creating legislation protecting local Artists and Craftspeople.

Vote Yes for Street Artists!!!

 The San Francisco Mime Troupe

ARGUMENT AGAINST PROPOSITION J

Street peddlers in San Francisco have long been attempting to gain legal sanction to sell their merchandise anywhere they wish—regardless of nearby stores (which may be selling similar merchandise—but having to pay overhead costs and business taxes), regardless of pedestrian traffic (the street peddlers forget that sidewalks were made to walk on, not to display and sell goods) and, most importantly, regardless of the law.

Vote No on "J"

Currently street peddlers are licensed by the Board of Supervisors to sell in the Civic Center and Embarcadero Plaza areas, two areas that attract large numbers of convention, visitors and tourist business. But they haven't used these areas to their fullest use. They have failed to actively promote and merchandise their locations. They have blamed the "business groups and organizations" for their failure to succeed when actually the responsibility for their failure is their own.

Vote No on "J"

The San Francisco business community has long urged a "flea market" approach (used successfully by many other cities) as a method of solving the street peddler problem. A year-round site in a marketable area is a concept the peddlers have repeatedly rejected as being unprofitable. But have they tried it? No. They want control of the sidewalks.

Vote No on "J"

Don't be misled by the street peddlers' claims. Keep San Francisco's sidewalks and neighborhood shopping areas intact. Because if you allow peddlers to use the sidewalks, what other groups will follow? No one knows. Keep San Francisco sidewalks clear for San Franciscans. Vote "No" on "J".

YES G NO	YES H NO	YES I NO	YES J NO	
Amends various sections; empowers the Fire Commission to reorganize the Fire Department; makes position of Commission Secretary a civil service position; deletes and adds certain ranks in Fire Department.	Shall the positions of: (1) Clerk of the Board of Supervisors, (2) Director of Employee Relations and (3) County Clerk be filled by appointment rather than by civil service examination?	Shall motor vehicle fuel revenues be permitted for use in the City and County of San Francisco for public mass transit purposes described in proposed Section 1 (b) of Proposition 5 if the Proposition is approved by the voters at the 1974 direct primary election?	Initiative Ordinance: Any Street Artist residing in the City of San Francisco who peddles on the public sidewalk those articles or things which he creates himself shall be issued a Police Peddler Permit by the Police Department and a General Peddler License by the Tax Collector upon payment of a (\$20.00) dollar annual fee to the Tax Collector. Provided that he first files with the Tax Collector an affidavit setting forth his name, address, what he makes and the fact that he makes it himself.

To vote for or against Propositions, pull down pointers over the words "Yes" or "No", as you may desire to vote, and leave them down.

Leaving the pointers down as you have placed them, move the red handle lever of the

voting machine to the left as far as it will go and you have voted.

If in doubt as to operating the voting machine, request instructions from of the Election Board before attempting to vote.

THE FOLLOWING IS NOT A PORTION OF YOUR SAMPLE BALLOT

HOW TO VOTE YOUR BALLOT CARD

STEP 1

Slip ballot all the way into tray, UNDER clear plastic cover from left side of machine.

STEP 2

Move the chrome punch lever with its red pointer to the right of the candidate of your choice and completely depress the lever, which will punch out the cross + in the voting square.

STEP 3

After you have completed voting, return the chrome punch lever to the top position. Place your ballot card with the stub at the top, in the ballot envelope and hand it to the inspector.
