DECLARATION OF CANDIDACY

For Mayor

SAM DARCY

I hereby declare myself a candidate for the office of Mayor to be voted for at the General Municipal election to be held in the City and County of San Francisco on the Third day of November, A. D. 1931, and declare the following to be true:

THAT I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office: That my name is Sam Darcy. My residence address is 44 No. 68 Hancock Street, San Francisco: my business or occupation is Carpenter: My qualifications for said office are as follows:

The City government attacked workers who petitioned for unemployment relief or who went on strike with police clubs and arrests. The Communist Party platform which I endorse advocates immediate unemployment relief and insurance by increasing taxes on incomes over three thousand dollars. All government salaries above three thousand dollars shall go to the unemployed. Permanent solution cannot be achieved under this government. Only establishing a workers government will solve workers' problems. However militant fight can bring relief. I ask the people of San Francisco to vote for my election and for all candidates who follow the same program.

Signature of Candidate (Signed) SAM DARCY.

DECLARATION OF CANDIDACY

For Supervisor

ANDREW J. GALLAGHER

I hereby declare myself a candidate for the office of Supervisor to be voted for at the General Municipal election to be held in the City and County of San Francisco on the Third day of November, A. D. 1931, and declare the following to be true:

That I shall have been a resident of the City and County of San Francisco for a period of at least five years and an elector thereof for a period of at least one year immediately prior to the time for taking such office:

That my name is Andrew J. Gallagher; my residence address is at No. 1485 Eighteenth Avenue, San Francisco; my business or occupation is Insurance Broker; my qualifications for said office are as follows:

Respectfully appealing for your support, I call attention to these facts: That every pledge heretofore made has been rigidly kept. May I call attention to the fact that by inaugurating the policy of using State Gas Tax moneys for maintenance, construction and reconstruction of streets (instead of putting the cost in the tax rate) we have saved 45 cents in the tax rate. I have tried to put your streets in the best possible condition. I am trying to obtain U. S. Government help to revive shipbuilding on the Pacific Coast. I have done everything possible to relieve unemployment.

Eighty thousand unemployed in San Francisco face starvation because of the existing crisis. Those who have jobs, have had their wages cut and still face additional wage cuts. As an active, militant trade unionist for eighteen years, I have become thoroughly acquainted with the struggles of the workers. I am against the use of police against striking workers. I stand for the unrestricted right of workers to meet, organize, strike and picket. With militant struggle and support of the Communist platform, we workers will be able to achieve a betterment of conditions.

That my name is Edward Harris: my residence address is at No. 223 Larch Street, San Francisco: my business or occupation is Machinist: my qualifications for said office are as follows:

In administering city jobs, workers have been prevented from organizing in militant trade unions. We were denied the most elementary rights of organizing and striking. Wages are far below the amount required for decent living conditions. The workers are refused the right to picket in strikes and the police used in most brutal fashion against workers on strike and in demonstrations. I stand for the unrestricted right of workers to organize and strike, for adequate unemployment relief and insurance; for trade union wages on all city jobs. I endorse the platform of the Communist Party.

"A city divided against itself shall not stand." Ancient words but true. Every citizen is entitled to his place in the sun, but without industry and commerce San Francisco's sun does not shine. A Supervisor's aim should be to harmonize the interests of all on the basis of equity. Without harmony San Francisco will lag in the sweeping march of California. San Francisco's interests are unrivaled—a matchless bay, uncounted millions to the west, rich valleys in the east. Are we equal to them? These are my thoughts, as, at the request of friends, I submit my candidacy for Supervisor.

The City has been following discriminatory policy against foreign born workers living in San Francisco. This discrimination is evident in the distribution of relief, jobs, and especially, in the use of police against them. The police are rapidly acquiring a reputation of outstanding brutality, particularly against striking workers. This winter will be one of extreme severity for the workers because of unemployment and a wage cut program. I endorse the Communist Party platform. I will do everything in my power to fight against any foreign-born discrimination and for the right of workers to meet, organize, demonstrate, strike and picket for improved conditions.

Conditions of waterfront workers are growing continually worse as unemployment and wage cuts increase. They are compelled to pay graft in order to hold or get jobs. The City government is responsible for existing conditions, especially inadequate relief and support of the Fink Agencies of the shipowners in blacklisting workers who fight against these terrible conditions. In line with the platform of the Communist Party, I propose that these conditions be improved, that unemployment relief and social insurance be given; also right of workers to organize and strike without police interference.

San Francisco's advancement has been retarded by its lack of industrial development. It is imperative to attract new industries which will bring with them progress and prosperity. In order to accomplish this I propose lower water and tax rates. To lower taxes we must have an economical government. Untaxable city owned lands which are not used for public purposes should be sold and added to the tax roll thus adding a huge sum of money to the general fund. I pledge myself to an efficient and economical government.

In city employment administration, discrimination has been shown particularly against women and young workers. Also no adequate protective measures for children exist. Thus, while thousands are jobless, children have to work and sell newspapers in order not to starve. I stand for adequate relief to women and youth, and for abolition of all child labor. In Soviet Union municipalities, these measures are taken by the workers government. Following the Communist Party platform, together with the workers of San Francisco, I will fight for improved conditions, such as the workers in the U. S. S. R. have already won.
