

Statements of Candidates

TO BE VOTED FOR

—AT—

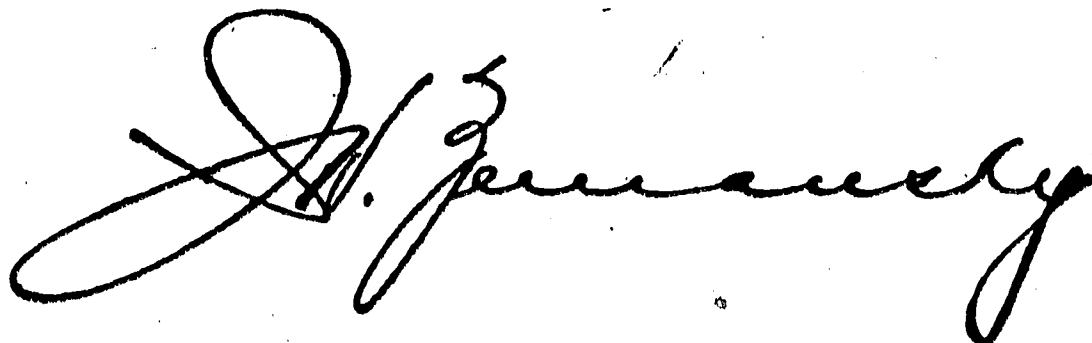

GENERAL MUNICIPAL ELECTION

November 6, 1923

Issued Pursuant to Chapter 2, Article XI of the Charter
of the City and County of San Francisco,
State of California

By **BOARD OF ELECTION COMMISSIONERS**

ATTEST:

Registrar of Voters and Secretary of
the Board of Election Commissioners

ELECTION PROCLAMATION

Mayor's Office,
City and County of San Francisco,
State of California.

WHEREAS, The Registrar of Voters of the City and County of San Francisco, has pursuant to law and the Charter of the City and County of San Francisco, certified to the Mayor of said City and County the names of all candidates together with the public offices to be filled at the "General Municipal Election" to be held in the City and County of San Francisco upon Tuesday, the 6th day of November, 1923, which candidates have been nominated pursuant to the provisions of said Charter, and are entitled to have their names printed upon the ballot as provided by said Charter for such elections; Now, Therefore,

I, James Rolph, Jr., Mayor of the City and County of San Francisco, in obedience and pursuant to the provisions of said Charter, hereby proclaim and call a GENERAL MUNICIPAL ELECTION to be held in said City and County, in the whole and every part thereof, upon the 6th day of November, 1923, to be held in the manner provided by law and the Charter of said City and County, to elect

Mayor, for term of four years,
Two Police Judges, for term of four years,
District Attorney, for term of four years,
Assessor, for term of four years,
Auditor, for term of four years,
County Clerk, for term of four years,
Sheriff, for term of four years,
Coroner, for term of four years,
Nine Supervisors, for term of four years,
*Member of the Board of Education.

And I further proclaim that the following and annexed list of candidates, together with the offices to be filled at such election constitutes the list of candidates who have been nominated pursuant to law and the said Charter as certified to me by said Registrar of Voters.

Done at the office of the Mayor of the City and County of San Francisco, in said City and County upon this 8th day of October, 1923.

JAMES ROLPH, JR.,
Mayor of the City and County of San Francisco.

*(Appointed by the Mayor), whose name must be submitted to the electors for confirmation or rejection at the November election.

For Mayor **JOHN E. HINES**

I have been in business in San Francisco for over 15 years, 13 years a patrol special police officer and now conducting the John E. Hines Collection and Detective Service, and have come in contact with all kinds and classes of people, the employer and the employed, the rich and the poor, the honest man and the shifty crook, and from such a varied assortment of humanity I have obtained some very excellent and original ideas as to how our city government should be run for the greatest benefit to all concerned.

I stand beholden to no man. No party nor clique shall control my actions nor influence me in any way. No "Invisible Government" shall for a moment be tolerated. I stand for the workingman and his rights and I also stand for the capitalist when his wealth is used not for greed and power but for the better development and prosperity of our city.

I stand for:

Reduction of taxes,

Municipal ownership of water, power and street railway systems,

Sale of Hetch Hetchy power for benefit of the whole people, Honest politics.

FINALLY, I am thoroughly conversant with the theories of practical politics but AM NOT A PROFESSIONAL POLITICIAN.

For Mayor **WILLIAM ROSS KNUDSEN**

Labor applied to nature's gifts is the source of all wealth, and to those who labor and take part in production, all wealth should belong. But under Capitalism the worker is a slave, and the means of production being owned by the capitalists, the latter are masters of the product and are thus able to appropriate four-fifths of same. The remainder is returned to the working class in the shape of wages. This amount being too small to enable the workers to buy back what they have produced, a gigantic surplus results, causing unemployment, panics, wars, and a thousand other manifestations of social anarchy.

The Socialist Labor Party, which is the only bona fide party representing the workers' interests, has conferred upon me the honor of being its standard-bearer for the 1923 campaign. If elected Mayor of San Francisco I shall ever consider the workers' welfare paramount to all others.

But it is a well-established fact that the political world is dominated by economic forces, and that individuals act in politics in accordance with their understanding of their economic interests. Hence, it is visionary for the working class to rely exclusively upon politics to gain their freedom. They must create the Might to back

up their political mandates. This Might lies in the economic solidarity of the workers—in the control over production.

My plea, then, is for the working class to back up their ballot by organizing into industrial unions, which will furnish the Might to take and hold the means of production. All administrative power will then center in the Congress of Labor, and all the productive forces of society will be run along the line of production for use, in place of being run for profit and self-aggrandizement of a few parasites. **LET THE WORKERS CONTROL THE INDUSTRIES!**

For Mayor

JAMES B. McSHEEHY

VOTERS OF SAN FRANCISCO:—

DO YOU WANT YOUR TAXES REDUCED?

DO YOU WANT HETCH HETCHY POWER DISTRIBUTED BY THE PEOPLE SO THAT YOU INSTEAD OF THE POWER COMPANIES MAY MAKE THE PROFITS?

DO YOU WANT YOUR WATER RATES REDUCED PENDING COMPLETION OF HETCH HETCHY?

DO YOU WANT NEW AND BETTER SCHOOLS?

As Mayor of San Francisco I promise to reduce your taxes without impairing a single City function.

Distribute Hetch Hetchy power so that the profits from it will lift the tax burden of Hetch Hetchy off your shoulders.

Petition the Railroad Commission to lower our water rates, now the highest in the United States.

Build new and better schools by competitive bidding with standardized plans in every section of the city.

For six years as a member of the Board of Supervisors I have consistently advocated a lower tax rate. In this year's budget I submitted a minority report showing a cut of \$1,175,740 in sixty-seven items, which would make a saving of 20 cents in the tax rate. (In other words, this year's tax rate should be \$3.27, instead of \$3.47.) This reduction would not impair the efficiency of any department of our city government.

On September 24, 1923, I introduced an ordinance which was unanimously passed, starting San Francisco on the first step to distribute its hydro-electric power from Hetch Hetchy.

I am the author of the resolution demanding a rehearing on the twenty percent increase in rates to the Spring Valley Water Company by the State Railroad Commissioners.

In the selection of my commissioners I will give fair consideration to Protestant, Catholic, Jew and Gentile. My wish and desire is to serve all the people.

My experience as a Supervisor, as an executive and a man who can say "no" will enable me to give a progressive, economical, sane and constructive administration.

For Mayor
JAMES ROLPH, JR.

San Francisco has made the greatest progress of her Municipal history during the past twelve years.

Honest, efficient government is responsible.

As Mayor, I have appointed men of brains and irreproachable character to handle all city departments. Working together, they have accomplished great results.

Vast improvements have been completed; others are under way. Hetch Hetchy has made splendid progress. It should be completed by those who are doing the work and mean to make it the city's greatest blessing.

Hetch Hetchy power must be sold direct to the public by the city itself. Neighboring cities must be brought into the Hetch Hetchy water project, bearing their share of cost.

Those who began our \$12,000,000 school development plan must go on with the work, now well under way.

The city must keep its tax rate down. Among America's largest cities we have the lowest tax rate.

I have determined to run for Mayor because I want to see our city continue its remarkable progress, with its departments in able, responsible hands, and all co-operating for the good of San Francisco.

For Mayor
HEYMAN SLIKERMAN

VOTERS: If you desire a Mayor and Supervisors of your city who will work unceasingly for unqualified municipal ownership of all public utilities, vote the Socialist Party ticket.

If you desire to aid the Socialist Party to abolish war and poverty and establish a government that will administer its industries for the use of the whole people and not for the profit of the few, vote for the following-named candidates on the Socialist Party ticket: Mrs. Isabel King, Max Seiler, Thomas F. Feeley, for Supervisors, and Heyman Slikerman for Mayor.

Get our platform, study it, and join us.

For Mayor
JOHNSON SMITH

As a candidate for Mayor of the City and County of San Francisco, I pledge the following constructive program:

To enforce the law equally.

To completely renovate our Municipal Government, and conduct the city's business with business methods.

I am against "pork barrel" politics.

Will complete Hetch Hetchy at the earliest possible date.

Will support the Raker Bill relative to electric distribution.

Without reducing the efficiency of the several departments and by eliminating all waste, I will save the city over \$1,000,000 annually.

I favor Municipal ownership, civic betterment, more and better schools, also, better streets.

Have made no promises; I stand alone, therefore, I will represent all the people.

For Mayor

WILLIAM T. VALENTINE

I AM 100 PER CENT AMERICAN and have lived in San Francisco all my life. I came from Italian parentage, and while I have no intention of carrying religion into public life, I am proud to say that I am a Catholic. I have been for myself in the tailoring business in San Francisco since I was twelve years of age, and am now located (in the same business) at No. 5 Kearny street.

I STAND FOR straight-from-the-shoulder honest Americanism. I know the working man's troubles and the city's needs, and whatever friends I have I won by honorable, conscientious conduct.

POLITICAL CLEAN-UP, labor freedom, and the end of waste in the City Hall, are some of my aims.

DIRECT MUNICIPAL DISTRIBUTION of Hetch Hetchy power, acquisition by the city of the Market Street Railways, the Pacific Gas and Electric and the Great Western Power Companies' distributing systems at their lowest physical valuation; a Greater San Francisco by annexation; a business administration by business men upon business principles; for home industry and institutions; the installation of modern street lamps on Mission and Howard streets from The Embarcadero to Thirtieth street, and one mile of all streets leading into Market; increased pay for firemen and policemen, as these are among our greatest assets. A tax rate of \$3.00 and more public improvements.

In aspiring to the high office of Mayor I have no other motive in mind than that of service, handling public affairs with skill and economy, and unselfishly, unremittingly and impartially administering the office to the best interests of all the people. You shall always know where I stand, and that without any useless flights of empty oratory. More business and less politics, San Francisco first, last and always! I thank you.

For Police Judge

JOSEPH M. GOLDEN

I was born and raised in this city and received my early education in the public schools. I am a university graduate and received

the degree of Bachelor of Laws. I was admitted to practice law in June, 1916. Since that time I have been actually engaged in the practice of law.

If I am elected Police Judge I will pay particular attention to the enforcement of laws relating to crimes against women and children and will bend every effort to suppress the narcotic evil.

For Police Judge

MABEL DORN HIRST

A Woman for Our Woman's Court.

Mabel Dorn Hirst was born in Salinas, Monterey County, California, forty-eight years ago. She was educated in the schools of Salinas and San Jose, and at the age of twenty-one years was married. She raised three daughters, the eldest of whom has presented her with three granddaughters.

Since being widowed, Mabel Dorn Hirst spent several years in study and attending law school. Upon completing her course of study, she was admitted to the Bar, and for several years has been actively practicing law in the office of her father, uncle and brother in the Phelan Building in this city.

Mabel Dorn Hirst comes from a family of attorneys. Her father was formerly Superior Judge of Monterey County, and her five uncles and brother all are or were well known in their profession.

There are four Police Judges who try all kinds of cases. More than a quarter involve women, and many of them concern sex crimes. Yet the men who preside over these courts try these cases in a man's way, which is not always to the best interests of those interested. Mabel Dorn Hirst is ambitious to organize a proper woman's department of the Police Court where the morbid curiosity seeker and men hangers-on will be eliminated and the cases of women handled properly.

Several years' experience doing welfare work among the prisoners of San Quentin Prison as a member of the National Pathfinders' Association and on the Prison Committee of the California Club, has given her a wide knowledge of prisoners generally and of the various elements that center about the Police Courts. This has given her a peculiar qualification to carry out her ambitions to organize a proper "Woman's Court."

For Police Judge

LILE T. JACKS

I was born in Plumas County. While a young man I came to San Francisco; served for three and one-half years as Deputy County Clerk under H. I. Mulcrevy, and was assigned as Clerk to the late Judge J. M. Seawell; while there I studied law, working

days and attending night high school and law classes, and was admitted to practice law in November, 1908.

After being admitted to practice law I followed my profession here for years, and in the recall election of 1921 was drafted by the San Francisco Bar Association as a candidate for Police Judge, winning by a large majority.

During my incumbency I have tried over 30,000 cases and collected fines of over \$20,000 per year as against a few thousands in former years. (See Auditor Boyle's Annual Report.)

I have the endorsement of the San Francisco Bar Association, the Retail Merchants' Protective Association, many civic, fraternal and commercial organizations, including the Young Men's Republican League.

I have always tried and will continue to try to be humane and kind to those in trouble. I am against willful lawlessness, such as wanton reckless automobile driving, crimes of violence, crimes against women, and the sale of unfit foodstuffs, all of which are so vital to the welfare of the public. Yet in the other varied types of cases I have endeavored to vision the humane aspects, and I do not think I have made any grave mistakes with this class of defendants.

I am for the strict enforcement of the law against all felons who have dedicated their lives to a criminal career, and as to this class, I am against their receiving probation.

For Police Judge **SYLVESTER J. McATEE**

Police Judge Sylvester J. McAtee has occupied the Police Bench for more than three years by appointment from Mayor James Rolph, Jr. He is now the oldest in service upon that Bench. His record has been one of honesty, fairness and conscientious devotion to the duties of that important office. While he has enforced the law, he has given a fair deal to every defendant, no matter how poor or friendless he may have been.

The friends and sponsors of Judge McAtee submit that faithful service upon the Bench is deserving of public recognition and that Judge McAtee's record as a Police Judge entitles him to the support of the voters at the November election.

His candidacy is sponsored by the following representative committee of citizens:

Hon. James D. Phelan
John L. McNab
Matt I. Sullivan
Milton H. Esberg
Jos. J. Tynan
Jesse H. Steinhart
Francis V. Keesling
C. Harold Caulfield
Dr. John Gallwey

Mrs. Ludwig Frank
Dr. John H. Graves

 Miss Alicia Mosgrove
 Miss Marion Delany

For Police Judge

BYRON C. PARKER

Byron C. Parker, forty-five years old, who with his family has lived for many years in San Francisco, where he is a well-known lawyer, is a man of temperate habits, ambitious, active, broad-minded, just and fair—the type of man who would give genuine service to all the people. He abhors crimes of violence, and would deal severely with all guilty of such offenses; he would be fearless to the utmost toward those guilty of crimes against women and children; and in any criminal matter, no fear of reproach or criticism, or influence of any improper character could swerve him a particle from doing his full duty, according to what his own

conscience told him was right and just. At the same time he would be always sensible, and quick to distinguish between those actually vicious and willfully lawless, and the victims of misfortune, poverty or disease. Toward the latter he could be depended upon so to temper justice with mercy as to turn back into the path of virtue those who might be taking their first step toward evil ways. With the aid of the Probation Officers, a conscientious Police Judge, such as Mr. Parker, if elected, would make, could turn into good citizens many brought before him, whom a less careful and thoughtful magistrate might not be able to reform.

BYRON C. PARKER CAMPAIGN COMMITTEE.

Dr. Leroy N. Allum, 678 Twenty-third avenue; Philip Besch, 539 Octavia; George S. Hollis, 722 Dolores; Paul Flonteny, 580 McAllister; Charles R. Hale, 162 Broad; Orrin S. Henderson, 125 Belvedere; John Leslie Rogers, 165 Brighton; M. E. Levy, 254 Seventeenth avenue; Harry J. Whelan, 961 Lombard; Chester U. Moore, 513 Eureka; Thomas P. Wickes, 205 Third street; Harry E. Michael, 775 Post; Albert Brady, 391 Valencia.

For District Attorney **MATTHEW BRADY**

1. Judge Brady has devoted all his time to the office of District Attorney and has maintained no private law office.
2. All of his deputies and assistants are honest and efficient.
3. The Warrant and Bond Clerk's office has been kept free from collection agencies and from all suspicion and scandal.
4. He has established the Department of Domestic Relations and placed a competent woman in charge of this humane and constructive work.
5. He has appointed the first woman deputy to take charge of and represent the people in all cases that come before the Women's Court.
6. He has prosecuted vigorously all offenses against women and children.
7. He has prosecuted all persons guilty of violations of the narcotic laws and has heartily co-operated in every move to suppress the traffic in dope.
8. He has treated all persons alike, without regard to their station or condition in life.
9. He has protected the innocent as well as prosecuted the guilty.
10. He has tempered justice with mercy and has devoted himself to crime prevention as well as to crime punishment.

My sponsors are:

L. D. Bacigalupi, Surgeon; H. U. Brandenstein, Attorney; Sam T. Breyer, Merchant; L. J. Flaherty, Surveyor of Customs; John Gallwey, Physician and Surgeon; Sarah S. Hagan; Stenographer; Laura B. Hertz, Housewife; George S. Hollis, President of Labor Council; Corinne S. Koshland, Housewife; I. J. Lermen, Attorney.

at-Law; Hugh K. McKevitt, Attorney-at-Law; J. L. McNab, Attorney-at-Law; Josephine T. Molloy, Secretary; Helen K. Morton, Housewife; Thos. R. O'Day, Merchant; P. J. Rathjens, Manufacturer; Frank Silva, Attorney-at-Law; Emma S. W. Stokes, Housewife; Peter Treich, Realtor.

For District Attorney NORMAN D. COOK

Upon the earnest solicitation of many friends and citizens interested in the civic and moral welfare of our city, I have consented to become a candidate for the office of District Attorney.

There is not a reader of our newspapers who is not acquainted with the deplorable conditions existing in the Hall of Justice. We have spent and are spending millions of dollars upon our schools. We have an excellent School Department, and also a very efficient Police Department; yet crime continues unabated and we hear of the influence of the divekeeper, the boss, the boodler, the narcotic ring, and the influence of those preying upon the underworld, and the like. These conditions could not exist were the District Attorney to co-operate with the Police Department. If elected, I sincerely promise to bear in mind constantly the welfare of our city. I will enforce the criminal laws fairly and impartially, yet with due consideration of the legal rights of the accused, thereby supplying the missing link in the administration of justice. I will especially seek to avoid the accusation and trial of innocent persons, and will frustrate all conspiracies and attempts to make victims of the innocent. Those guilty of vicious crimes and crimes against children, girls and women will be speedily prosecuted.

Our city is committed to Municipal ownership of all public utilities, and I am in accord therewith.

I was born in Hollister, California, in 1880; have been a resident here for twenty-five years; was admitted to the Bar in 1907; attended Hastings College of the Law, 1908-11, and have been engaged in actual practice of the law and trial of cases for the past sixteen years. I was married to Cora May Reichert in 1904, and we have one child living.

For District Attorney CHARLES M. FICKERT

I am a graduate of Stanford University, and was admitted to practice law by the Supreme Court of the State of California, and also before the Supreme Court of the United States. For two years I was Assistant United States Attorney, and thereafter served as District Attorney of the City and County of San Francisco for ten years. During my incumbency that office was never run by any individual or class of individuals, nor have I ever been

coerced into doing that which I thought to be wrong—believing that to be coerced is to be corrupted.

Courage, efficiency and judgment are the prerequisites of a District Attorney—courage to enforce the laws fearlessly and impartially; efficiency in the administration of the many important and frequently vexing affairs of the office; judgment in the determination of when to prosecute vigorously and when to temper justice with sympathetic understanding of human frailties. I always treated first offenders, and particularly those of tender age, with leniency, endeavoring at all times to correct, if possible, their criminal tendencies instead of branding them as felons. On the other hand, I have always dealt firmly with habitual criminals so that they might not be a further menace to society.

The District Attorney should protect and respect those inalienable rights of all citizens, namely, "the right of personal security, and the right to acquire and enjoy property, and the right of the people to be secure in their persons, houses, papers and effects against unreasonable search and seizure."

When elected, I shall not put the taxpayers to the expense of needless trials and prosecutions.

The following representative citizens are my sponsors:

Leland W. Cutler,
Henry L. Van Winkle,
Ralph Starke,
Mrs. Edna A. Urmy,
Mrs. Fannie J. Black,
Dr. Langley Porter,
Dr. Guido E. Caglieri,
Ingram B. Slocum,
John S. Ramsay,
Abram M. Marks,

J. H. Newbauer,
Edward S. Lowry,
William George Harkins,
Henry Eggeling,
John D. Nagle,
Eugene J. Autard,
Dion R. Holm,
J. E. Dillon,
F. J. Ghiselli.

For District Attorney

A. T. ROCHE

I have been a resident of San Francisco all of my life. Have practiced law for the past twenty-three years, eleven of which were successively spent as Assistant City Attorney, Assistant District Attorney, and attorney for State Labor Commissioner.

If elected I will be the District Attorney. My policy will be to prosecute, not persecute, and my efforts will be predicated, **not** on the number of convictions, but on the fair conduct and **justice** of cases handled by my office.

My record as a public servant speaks for itself.

For Assessor JOHN GINTY

The work in the Assessor's office is judicial in character; it is the intelligent enforcement of the laws of taxation, honestly interpreted and equitably distributed, as provided in the Statutes.

The integrity and ability expected of a Judge is no more important than that required of the Assessor.

The Assessor should be non-partisan and free from prejudices, a student of taxation and a gatherer of statistics of current events as evidence of values.

This office is the most important in any county government. In San Francisco it furnishes 90 per cent of all the city's revenue, and affects the pocketbook of every resident, renter or property holder.

During his term of office he originated and used the best city map for assessment purposes in this or any other city. It has led to the discovery of errors in former maps, and property heretofore untaxed. It has more than repaid the entire office expenses during the last eleven years.

The experience he has had in this office during the last eleven years as Assessor, and former experience as Chief Deputy for Washington Dodge, is a valuable asset to this office.

His entire time is given to the work of assessing.

Sponsors who recommend him: James D. Phelan, Capitalist; Dr. John Gallwey, Physician; John L. McNab, Attorney; Charles H. Kendricks, Real Estate Broker; Marshal Hale, Merchant; William F. Humphreys, President Olympic Club; Charles F. Slack, Attorney; L. J. Flaherty, Vice-President Building Trades Council; Dr. Marianna Bertola, Physician; Emil Kahn, Real Estate Broker; Dr. A. S. Musante, Physician; O. A. Rouleau, Abstract Co. and Attorney; Frank C. MacDonald, President State Building Trades Council; P. F. Rathjens, Pork Packer; Mrs. Nora F. Rasmussen, Democratic State Central Committee; Frank C. Miller, Secretary Iron Trades Council; Julian J. Meyer, Investments; A. W. Scott, Jr., Attorney.

For Assessor JAMES G. MELVIN

I am for fair assessments and lower taxes.

Economy and efficiency in office.

I have been in business in San Francisco for the past seventeen years and have a comprehensive knowledge of the physical and commercial conditions of our city.

I will devote all my time to the office of Assessor and give it the same personal attention I would a private enterprise.

This is a business office and should be run by a business man and if elected I will be Assessor for all the people and not influenced by private interests.

For Assessor

ANDREW D. PORTER

The Assessor's office has been under one control for more than twenty-five years. Washington Dodge was made Assessor by the same political leader that named John Ginty as his successor. Mr. Voter: Do you need work? Don't ask Mr. Ginty for it, but get a card from his political sponsor and you'll go to work. Take your tax bill and see what your property is assessed per square foot. Go to the Assessor and see how much the Emporium, Standard Oil, Mills building are assessed. Dwellings in Potrero, Mission, Sunset, Park-Presidio and North Beach assessed for full value, while Market, Geary, Stockton, Grant, Montgomery and Powell streets assessed at one-third. Go to the Assessor and see what the big dailies, their buildings and presses are assessed and see if a change wouldn't be for your benefit. Go to the Assessor and ask for the assessment sheets of the Spring Valley Water Company and you will be told to come back when Mr. Ginty is in.

I am a native of this State and when elected I'll equalize the assessments so that all will pay but their share. Vote for a change.

For Auditor

THOMAS F. BOYLE

I am now completing my fourth term as Auditor, covering a period of fourteen years. My election as Auditor followed a successful career as business manager of a leading San Francisco newspaper; was also a member of the Board of Education.

I have conducted the office honestly, efficiently and conscientiously, and in full compliance with the law. I have insisted that all persons receive prompt and courteous treatment. I have served all the people fairly and squarely.

The new Municipal accounting system inaugurated under my direction is now fully established, and has elicited from the United States Government statisticians and expert accounting officers expressions of the highest praise.

I refer you to the following list of sponsors, which is an evidence of the recognition of the character of service it has been my privilege to render.

Aaron Altman, Teacher; George F. Brown, Captain, Fire Department; Thomas E. Haven, Attorney; Marshall Hale, Merchant; Charles H. Kendrick, Real Estate; Thomas J. Fanning, Secretary and Treasurer; Eugene F. Conlin, Attorney; William T. Bonsor, Labor Council; Mrs. Mary M. Fitzgerald, School Principal; J. Harry Russell, Sales Manager; I. Irving Lipsitch, Social Worker; E. A. Walcott, Civil Service Commissioner; John L. McNab, Lawyer; Katherine C. Felton, Associated Charities; Marion Delaney, Housewife; Daniel C. Murphy Assistant Cashier; George C.

Turner, Superintendent Girls' and Boys' Aid Society; Sylvester Andriano, Attorney; Herbert J. Wright, Captain of Police; Dr. Carl G. Stoll, Dentist.

For Auditor
HUGH McCABE

Born in San Francisco forty-seven years ago. Educated in the public schools of this city. Engaged in the furniture business twenty-four years.

I will install, if elected, a bookkeeping system that will save money for the city and greatly facilitate the work of this office, thereby doing away with the delays the merchants and employees now have to contend with. I favor salaries of employees be paid semi-monthly, as an accommodation to them and a benefit to the merchants.

For County Clerk
EDWARD J. LOUGHERY

On investigating the will of Mary E. Rowland, I found missing a deposition belonging to Action No. 88315. This deposition would have been of great value to me, as the party from whom it was taken is a purported witness to the will of Mary E. Rowland.

On the bill of Appraisers' fee I found an erasure reading \$4,500 for three Appraisers in August, 1920, and in March, 1921, said Appraisers' bill reading \$1,500.

Transparent paper was used in making of the Rowland will and the seal of the County Clerk's office is placed on the back and against Rowland's name, which tends to confuse examination. Mary Rowland's will is a forgery, likewise the signatures of the attesting witnesses; none of said witnesses appeared in court to testify, nor was any showing made excusing their absence.

I discovered this will was illegal, discovered the heirs, received telegraphic authorization to represent them in a contest. I hired R. W. Gillogley, my friend forty-five years, to seek revocation of said illegal document; and it was not until the 21st day of May, 1921, that I knew he had compromised said action without my knowledge or presence in Department No. 10.

My system will eliminate the loss or erasure of papers, and I will photograph, at my own expense, all wills having the least taint of suspicion, thereby assuring aid to the Judge or Judges in Probate matters. In the will of Mary E. Rowland, the Court was imposed upon when it made its order admitting said purported paper to probate.

By electing me to the office of County Clerk you have protection and save expensive litigation and worry.

For County Clerk

H. I. MULCREVY

Excerpt from the report of the Grand Jury of the City and County of San Francisco, 1923:

Honorable Harry I. Mulcrevy, incumbent County Clerk of San Francisco, has been such officer for six successive terms, covering a period of eighteen years, and his administration of said office during all of such time has been endorsed by the Judges of all the State and local Courts, members of the Bar, and each succeeding Grand Jury.

With the aid of a thoroughly organized office force, Mr. Mulcrevy has established such a perfect system of business methods in the office of the County Clerk that it is generally conceded the public service therein is 100 per cent efficient. By an equal distribution of responsibility and an implicit understanding between principal and deputies, Mr. Mulcrevy has not only been enabled to successfully handle the large volume of business transacted in his office, and make it self-sustaining, but has earned a net profit for the City and County during his administration aggregating, on June 30, 1923, the sum of \$819,095.95%.

For Sheriff

THOMAS F. FINN

I am a native of San Francisco and have lived here all my life. I have served the people as State Senator at several terms of the Legislature and have served two terms as Sheriff of this City and County. I believe that a candidate for public office should be judged by his record.

REPORT OF GRAND JURY.

To the Foreman and Members of the Grand Jury of the City and County of San Francisco.

Gentlemen:—

Your committee on the office of Sheriff and County Jails made a complete tour of inspection and desires to report on same as follows:

The office of the Sheriff we find in the hands of a capable and courteous staff of deputies and clerks.

We desire at this time to commend Sheriff Finn for the sanitary condition in which he has put County Jails Numbers One, Two and Three. We find the Sheriff's office conducted efficiently and economically and we feel the highest praise is due Sheriff Finn therefor.

Respectfully submitted,

HENRY PETERS, Chairman.
ALFRED J. SCHULER,
JAMES RYAN,

Committee.

INDORSEMENT OF SUPERIOR JUDGES.

We, the undersigned, Judges of the Superior Court of the City

and County of San Francisco, State of California, hereby commend Sheriff Thomas F. Finn for the able and efficient manner in which he has conducted the Sheriff's office of this City and County.

James M. Troutt
Frank J. Murasky
George H. Cabaniss
John J. Van Nostrand
Frank H. Dunne
Edmund P. Mogan
Harold Louderback

Daniel C. Deasy
Louis H. Ward
W. P. Johnson
T. I. Fitzpatrick.

My sponsors are:

John L. McNab, Attorney at Law, 235 Moncada Way.
Lucy E. Sponogle, President California Club, 501 California street.
Rev. Jacob Nieto, Rabbi, 3933 Clay street.
Dr. John Gallwey, Surgeon, 1200 Hyde street.
Lawrence J. Flaherty, President Building Trades Council, 47 Richland avenue.
Morris Levy, Secretary Congregation Beth Israel, 2402 California street.
John A. O'Connell, Secretary San Francisco Labor Council, 776 Fourteenth street.
Henry M. Wreden, Retired, 847 Fillmore street.
William H. McCarthy, President United Workingman's Boot & Shoe Co., 1177 Guerrero street.
George J. Giannini, Vice-President Bank of Italy, 104 Washington street.
Erwin M. Hirschfelder, Merchant, 1105 Bush street.
Peter Treich, Past President Lafayette Club, 2074 Ellis street.
Mary B. Hamilton, Past President General National Auxiliary, United Spanish War Veterans, 596 Bosworth street.
Carl A. Henry, Insurance, 1098 Lombard street.
Thomas F. Delury, Manager Pacific Telephone & Telegraph Co., 612 Page street.
Peter F. Rathjens, Manufacturing Pork Packer, 4550 Balboa street.
Elizabeth M. Lawless, Housewife, 1951 Fulton street.
Daniel C. Murphy, State Senator, 325 Richland avenue.
Paul Scharrenberg, Secretary State Federation of Labor, 135 Paris street.
Dr. Mariana Bertola, Physician, 1052 Jackson street.

For Sheriff

FRANK ROBB

It is well known that the Sheriff's Office is and for years has been the headquarters of the political ring that has dominated San Francisco. If I am elected Sheriff that office will be used only for the transaction of public business and not for politics.

My record for more than thirty years has been that of a successful business man and an employer of labor. During that period

I have enjoyed the confidence of both employers and employees in my own line of business to the extent that for the last ten years I have been arbitrator in disputes between employers and employees and have retained the confidence of both.

The union to which my employees belong has given me unqualified indorsement for the office of Sheriff, and I have the support of the employers' organization, of which I am president.

If elected Sheriff all classes of citizens can depend upon my maintaining the same attitude of fairness as a public official that I have shown in private life.

As a member of the Board of Supervisors, I have stood flatly for municipal ownership and distribution of San Francisco's water system and hydro-electric power generated therefrom. I believe that it is possible to create in San Francisco a City government that can handle public utilities in a business-like manner.

If elected I shall bring to the Sheriff's office the same ability that I have found sufficient to build up a large and successful business. I believe that the Sheriff's office requires for its successful management merely business acumen and applied common sense.

I stand on my record as a Supervisor and as a citizen of San Francisco for more than forty years in asking support as Sheriff.

For Sheriff

WALTER J. ROCK

Walter J. Rock was born in San Francisco July 11, 1879. Married in 1903. His family consists of a wife and three children.

For a number of years he was connected with the printing business, being associated with Cunningham, Curtiss & Welch. Since 1917 he has been in business for himself.

He is a member of the Legislature, having been elected Assemblyman from the Thirty-second District.

He is particularly interested in legislation which will promote the welfare of children, and successfully sponsored the bill which gave the people of San Francisco their Aquatic Park.

If he is elected Sheriff he will devote to the affairs of that office the same energy and efficiency that have always characterized the conduct of his business and personal affairs.

His list of sponsors includes:

Mrs. Annie Cole, Housewife.

Mrs. Rose Rock, Housewife.

Isador Zellerbach, President Zellerbach Paper Co.

John T. McCormick, President California Wire Co.

Chas. S. Casassa, General Auditor Pacific Tel. & Tel. Co.

L. J. Fahy, President Western Terminal Co.

Walter H. Levy, Purchasing Agent California Packing Corp.

Leo Ferroggiaro, President Right Way Printing Co.

George Watson, Past President Sign Painters' Union.

Chas. Moehrle, Past President Hermann's Sons.

Lucas Rivara, Past President Bay Counties District Council of Carpenters.

For Coroner
T. B. W. LELAND

Born in California and educated in the public schools, having graduated from the State Normal School and the University of California. Served as autopsy surgeon under Coroner Cole and upon his death in January, 1901, was appointed by Mayor Phelan to fill the unexpired term. Elected for seven terms, covering a period of nineteen years, excepting 1917 and 1918, having resigned to enlist in the world war. Have endeavored to give the people of San Francisco an administration which would be a credit to the city whose progress and success is our greatest aim.

For Supervisor
ANNETTE ABBOTT ADAMS

I was born in California; graduated from the Chico State Normal School and the University of California; taught in both grammar and high schools and was Principal of the Modoc County High School from 1907 to 1910; have been U. S. Attorney and Assistant Attorney-General, and am now practicing law in the Merchants' Exchange Building.

If elected to the Board of Supervisors I will be diligent and painstaking in the performance of my duties to the end that our municipal affairs may be efficiently and economically administered.

For Supervisor
JOHN B. BADARACCO

I was born and raised in California, being a member of a pioneer family. I am Past President of the "Native Sons, San Francisco Parlor No. 49. I have been actively engaged in business in this city for the past twelve years.

Have served as a member of the State Legislature, representing the Thirty-third Assembly District continuously for the past six years, being elected for three consecutive terms. I believe that my record in the Assembly is such that it demonstrates my qualifications as a Supervisor.

Among my activities in the Legislature was the obtaining for San Francisco of sixteen blocks of land along the Marina to be used as a public park. Also am the author of the Americanization Bill and also introduced a school construction bill designed to safeguard the lives of our school children and teachers and protect public property.

During my term of office I have had passed numerous bills directly benefiting the public, and I have endeavored to legislate bills only

that were in accordance with the wishes of the people. I have always interested myself in and supported all humanitarian measures.

As a Supervisor it will be my purpose to devote my best efforts to the service and welfare of our city

For Supervisor

EDWIN G. BATH

Four years ago, you elected me a member of the Board of Supervisors. I have conscientiously endeavored to fill that trust by consistently standing for more and better schools, parks, playgrounds, streets and highways and improvement and extension of our Municipal Railway. I have been aligned with no factions and voted independently on all issues. My record on the Board shows that my demeanor has been business-like and I have given prompt attention to the appeals of the citizens of their respective districts concerning matters for the betterment of San Francisco.

For Supervisor

DONALD J. BRUCE

Born in San Francisco, thirty-eight years ago; I have always taken an active interest in its affairs.

Believing that this city should have an efficient business-like administration, I decided to become a candidate for Supervisor, and furthermore, I will not permit my private affairs to interfere with my duties as Supervisor.

For Municipal distribution of Hetch Hetchy power. Taxpayer with all my interest in San Francisco.

As a member of a local printing establishment, I have acquired a business training which, in my opinion, thoroughly qualifies me to assist in carrying on the affairs of this city.

Member of the Native Sons, Moose, Foresters, Typographical Union, Trustee of the Eagles, Associate Member of the Real Estate Board, Improvement Club and Republican County Central Committee for the past ten years.

Following are my sponsors: Dr. Elliot B. Tobias; Frank E. Powers, Attorney; Samuel B. Haber, Realtor; Al Devoto, Retail Butcher; D. J. O'Hara, Undertaker; George P. Lovejoy, Realtor; Mrs. Daisy Faber; Chellis M. Carpenter, Attorney; Fred C. Gerdes, Storage and Moving; Mrs. A. Bartlett; George McNulty, Secretary Stevedores' Union; E. J. Nolan, Insurance; Richard D. Coleman, Contractor and Builder; Frank E. Clasby, War Veteran; Mrs. Hortense Daggett; Dan Crowley, Hudson Automobile Company; M. E. Levy, Broker; Richard T. Cullen, Merchant Tailor; Fred Rathjens, Pork Packer; Senator Daniel C. Murphy.

/ For Supervisor

THOMAS J. CODE

Thomas J. Code was born in San Francisco fifty years ago. Graduated from the public schools of this city; married, has six children. Has been actively engaged in the hay business for thirty years. Always a stanch advocate of Municipal ownership, still believes in a square deal for private enterprises. If elected, "San Francisco First" will be his motto.

For Supervisor

JESSE C. COLMAN

Appointed to the Board of Supervisors by Mayor James Rolph, Jr., I have endeavored during two years in office to give the same zealous attention to Municipal affairs as I have given to my private business during twenty-five years of a successful business career in San Francisco. My votes on the Board have been for guarding the taxpayers' money to insure the most economical expenditures and the greatest efficiency.

As Chairman of the Public Welfare and Publicity Committee, I have worked for advertising the City's advantages and bringing conventions to San Francisco and was Chairman of the Citizens' Committee for the Disabled Veterans' Convention last year.

The cause of the former service men has been my own and I will continue to work for the welfare of veterans of all wars, being one myself and knowing their needs as a past commander of San Francisco Post No. 1, American Legion.

I believe the future of San Francisco will depend largely upon the number of new industries that locate here. Everything must be done to encourage them and make it easy to establish them here. We need more payrolls.

I believe in Municipal ownership of public utilities as laid down in our organic law, the Charter.

I am a native of San Francisco, educated in the public schools here and am at present Vice-President and Treasurer of The Golden Pheasant.

James Rolph, Jr., 288 San Jose avenue; Mrs. Edward I. Wolfe, 1919 Octavia street; Osman Reichel, 616 Shrader; Jessica Lee Briggs, 2857 Broderick; Mrs. E. J. Lapachet, 2350 Van Ness avenue; Charles H. Kendrick, 2701 Pierce; Samuel T. Breyer, 211 Fourteenth avenue; Ernest C. Hueter, 2600 Green; David F. Supple, 953 Haight; Linda H. Hale, 2430 Vallejo; John L. McNab, 235 Moncada Way; W. B. French, 2706B McAllister.

For Supervisor

JOHN DANIEL

In my candidacy for Supervisor, I consider that two of the matters of vital importance to the citizens of San Francisco deal with the water and power from the Hetch Hetchy. Considering the amount of money already invested in Hetch Hetchy, I believe that it is imperative to carry that work through to completion, bring the Hetch Hetchy water to San Francisco and construct or acquire our own distribution plant, preferably by the purchase of the Spring Valley system.

With reference to the Municipal distribution of power, I favor the distribution of Hetch Hetchy power by the City just as soon as the City can carry the burden financially, without depreciating its credit.

In all matters concerning Municipal affairs my policy will be to strive, by the study of conditions involving different problems, to arrive at the right solution for all the people, and then to drive through for that solution. I believe that it is time that the affairs of our City are administered in a business-like and efficient manner, and I pledge myself to do all things possible to that end. I believe in full and adequate support at all times being given to our Municipal departments, especially our major departments of Schools, Health, Police and Fire Departments.

I believe that we should watch our tax rate and keep it at the lowest possible level consistent with the proper and efficient and business-like administration of our City affairs.

I was one of the originators of the project for the Twin Peaks Tunnel and stand committed to all similar worthy and sound projects for the betterment and upbuilding of our community.

I am a native of San Francisco, have made my livelihood here all my life, being engaged in the stone contracting business.

I have the endorsement of the United Voters ticket.

For Supervisor

AL. G. FAULKNER

First of non-incumbent supervisorial candidates on record for Municipal distribution of Hetch Hetchy hydro-electric power. Advocate of Municipal ownership of public utilities. Believes in certain practical economies to lessen taxpayers' burden while insuring all Municipal employees maximum compensation for efficient service. Identified with San Francisco's motor car industry for past quarter-century. Will apply only modern business methods to his share in the conduct of city affairs. Has abundance of time to give to the task. Always fair and friendly to Organized Labor. Man of family.

For Supervisor

THOMAS F. FEELEY

As a Socialist Party candidate, I demand that political power become the protecting arm of labor instead of being the protecting arm of capital, as it has always been in the past. My Americanism is that of the Declaration of Independence, not that of the "American Plan."

I stand not merely for a few public utilities being owned by the public, but for collective ownership and operation for service of all the things we use collectively.

I stand for all men having the right to useful work and to receive the full product of their labor.

For Supervisor

HENRY FEIGE

HENRY FEIGE'S PLATFORM: A Native Son of the Golden State will devote forty-four hours per week to his duties, if elected.

As a retired building contractor with a practical knowledge of efficiency, proper work and materials.

Will be independent of influence of the system.

The vital interests of the plain people will receive my best efforts.

Will be a consistent objector, rather than a camp follower, when the occasion arises to show a proper spirit of civic duty. Always have been actuated by the better impulses of right and justice.

Served the Mission Relief Committee under Federal Judge John S. Partridge, Colonel Walter Kelley, Rev. D. O. Crowley one year after the earthquake of 1906. Handled all buildings and materials honestly. Built the Father Crowley Cottage. Was employed as City Building Inspector and discharged by Mayor Rolph when I condemned low quality materials and poor workmanship at new City and County Hospital and condemned the Globe Theater.

Will work for reduction in tax, water, light and gas rates.

Municipal distribution of Hetch Hetchy water and power.

To building better fire-resisting steel-frame schools. Completion of Municipal Railways, sewers, Aquatic Park, Bay Shore Highway, Bernal Cut, high-pressure system, additional parks, playgrounds, salt water system. Municipal County Home for Poor Children, Memorial Temple, Temple of Music, Municipal Choral Society, new system of electric street lighting.

Assessment Districts—Architects and engineers invited to compete on major improvements. All major improvements by contract. Opposed to cost plus 10 per cent plan. Market street subway traffic relief. Gas testing stations. New Charter—ten

Supervisors instead of eighteen. Veterinary surgeon for chief Meat Inspector. For Butchertown Municipal Abattoir.

Hygiene arrangements to conserve the public health.

Expose fraud and condemn without fear any movement that is against the welfare of the people. Will help to make better business which helps to make a better city.

For Supervisor

WILLIAM H. HARRELSON

As a Supervisor of San Francisco I pledge myself to devote the fullest degree of time and attention necessary to carry out the duties of that office most thoroughly.

I refer the citizens of this community to the work of the 1919-1920 Grand Jury, of which I was foreman. As a result of the investigations of that body several indictments were returned, the recall of two Police Judges was accomplished and conditions around the Hall of Justice "cleaned up."

I am pledged to economy and efficiency in public office.

Our Schools, the Health Department, the Police and Fire Departments must at all times be given sufficient support and I will do everything necessary to maintain them at a high standard.

I shall do everything to protect, develop and preserve the City's investment in its Municipal lines and in Hetch Hetchy.

I will strive to maintain a low tax rate without, however, crippling the reasonable requirements of the municipality or any of its departments.

My business is that of construction engineer, and I am at present engaged in building the bridge over the Carquinez Straits. In this campaign I have the endorsement of the United Voters ticket.

For Supervisor

J. EMMET HAYDEN

During my term of office as Supervisor my vote has served to make possible the Civic Center, Municipal Railway System, the Ocean Beach Esplanade, initial development of the Marina, bond issues for new school buildings, playgrounds for children and good streets and sewers. I am on record in favor of the rapid completion of the Hetch Hetchy water project, and the municipal distribution of the Hetch Hetchy hydro-electric power. Will advocate the unification of the street-car systems of San Francisco under municipal operation, and the completion of the San Francisco War Memorial in the Civic Center.

As a member of the joint Highway Commission of San Francisco and San Mateo Counties advocated additional highway down the peninsula now being constructed. Active in the legislation that

brought about development of the Skyline boulevard. Introduced the initial ordinances that made the Aquatic Park possible.

As chairman of the Auditorium Committee, in addition to the free organ recitals, was instrumental in bringing to the people the very best in music by the introduction of a series of concerts by the San Francisco Symphony Orchestra under the auspices of the City of San Francisco in the Civic Auditorium at prices within the reach of all music lovers. Referring to these concerts I want to quote Mr. Redfern Mason, musical critic, San Francisco Examiner: "They are supported and are made to pay by people (like you and me), folks who have to work for their livelihood and need music as a constructive recreation. They have given food for thousands of music-hungry people. San Francisco today is literally preaching the gospel of beauty to the people."

The following is my list of sponsors: James D. Phelan, Osman Reichel, Edmund P. Mogan, Lewis F. Byington, Angelo J. Rossi, Constant J. Auger, Mrs. Oscar Hocks, Daniel C. Murphy, Walter N. Brunt, Walter McGovern, Sylvester Andriano, M. A. Rapken, Chester W. Rosekrans, Thos. F. Duffy, Capt. Peter Maas, Wm. H. Worden, Ernest C. Heuter, Samuel B. Fugazi, Edgar Peixotto, Prof. G. R. Puckett, P. B. Mahoney, James E. Power, Daniel P. Flynn, Thos. F. Delury, Thos. Cleary.

For Supervisor
JOHN D. HYNES

For your support and vote my pledge is hereby renewed to give you a constructive, conservative, economical government, to work for a reduced tax rate and to conduct the city's business and spend the taxpayers' money as I would my own.

I have voted against an unnecessary high tax rate, a \$10,000 political job, machine politics, invisible government, financial combinations, and unbudgeted surplus funds to do politics with. Voted for Municipal distribution of water and electric power, new schools, playgrounds, good streets, good lights and adequate police and fire protection. On this record I ask for your vote.

For Supervisor
J. FRANK JEWELL

As head of the J. F. Jewell and Company, insurance brokers, in the Shreve Building, and for over twenty-five years doing a business of life, fire, accident and all other classes of insurance, and having over five thousand satisfied policyholders on my books, is evidence of successful business judgment warranting me in the assurance that I can display the same amount of business ability in handling the affairs of our great city. To my mind San Francisco needs more prompt action and less procrastination in its public affairs. The very fact that the

property owners of this city are now paying the Spring Valley Water Company many thousands of dollars a month rent for the water meters owned by that company should alone be sufficient evidence that the Hetch Hetchy water and power should be distributed, at the earliest possible moment, by the city itself, and not by privately owned corporations. The Sunset District should be immediately connected up with the municipal-owned car system through a direct tunnel, and with rapid down-town car service. I have served the city as Election Commissioner, Police Commissioner and also as secretary of the Goldman Grand Jury.

For Supervisor

A. S. JOHNSON

At the request of the United Voters of San Francisco, I am a candidate for Supervisor, absolutely unpledged. I regard the office as a sacred responsibility and when elected pledge myself to a constructive, forward-looking administration, handling the affairs of the City with the same interest and thrift I do my own private affairs. My slogan is "Less Politics—Better Business."

I came to San Francisco thirty-five years ago, and together with my brother, established the grocery firm of Johnson Brothers, Inc.; am the president of the National Motor Bearing Company and have interests in the Santa Clara Valley. Have three sons associated with me in business and still live in the home I built twenty-six years ago. Aside from business have been engaged in educational and philanthropic work throughout the State.

Sponsors: John H. McCallum, Frank B. Connolly, William F. Feiling, John L. McNab, Mrs. Alice Arnstein, Frank W. Gale, Chauncey M. Tramutolo, Ignatz Beck, Richard Quinlan, Frank I. Turner, Mrs. Robert Dean, Edmond Godchaux, A. H. Reinert, Mrs. Paul Raymond, Clarence A. Linn, J. R. McDonald.

For Supervisor

ADOLPH JUDELL

I am a native of San Francisco. My education was received in our public schools and I am a graduate of the University of California. In my profession as an engineer I have spent many years in charge of work on large engineering projects. In 1913 I became a member of the Board of Public Works of this city, and as Commissioner for over six years, took part in the direction of such work as the development of the Hetch Hetchy water supply, Stockton and Twin Peaks tunnels, the Civic Center, the construction of schools and the improvement of our streets to a standard essential to automobile travel. Since then I have been engaged in business as a member of H. L. Judell & Co. I am married and have two children.

If elected, the development of our schools, parks and playgrounds,

water supply, streets and highways shall have my earnest attention and support, and in all matters I shall do my part to make the tax dollar give the same service as the business dollar.

It being the established policy of the City and County of San Francisco, as set forth in our Charter, to "gradually acquire and ultimately own its public utilities", I promise to support all efforts to bring about such acquisition and ownership as the needs of the people and the finances of the City and County require and permit.

On my general engineering and business experience and on my record as a member of the Board of Public Works I ask your vote.

Sponsors: Robert E. Donahue, George G. Shepston, M. M. O'Shaughnessy, Daniel C. Murphy, Fred Petersen, A. J. Sugarman, Walter Loewy, John D. McGilvray, H. L. Judell, Percy Long, Herman E. Rahlmann, Nan B. Frank, R. D. Quinlan, Leon E. Munier, Ruby M. Bacigalupi, Eugene Elkus, T. A. Reardon, Edmond Godchaux, Albert Asher.

For Supervisor

PHILIP C. KATZ

Born in San Francisco in 1887. Served in the World War as Sergeant with Company "C", 363d Infantry, from October, 1917, to April, 1919. For services in action was awarded: Congressional Medal of Honor, Medaille Militaire, Croix de Guerre, Italian War Cross, Montenegrin Medal of Bravery.

Has never sought public office before. He pledges his unqualified support to the complete municipal control and municipal distribution of all hydro-electric power developed on the Hetch Hetchy project. If elected Phil Katz can always be depended upon to put up a fight for the best interests of his native city.

For Supervisor

PHILIP L. KELLER

Born in California, admitted to practice law in 1914, endorsed in 1919 as "Overseas" candidate for Supervisor by 35,887 voters.

Urges:

Greater commercial development of San Francisco. Extension of policy of Municipal ownership; of Municipal Railroads; Hetch Hetchy water and power development and distribution by City;

Encouraging new industries to locate in San Francisco, and building up of outlying districts;

Better streets, schools and recreational facilities;

Honest and business-like Municipal Government, with burden of taxation as light as efficient government will permit.

VOTE for KELLER to represent you on the Board of Supervisors.

For Supervisor P. J. KELLY

I fully appreciate the responsibilities of a Supervisor and I pledge myself to a strict observance of the Charter. All measures having for their purpose the development and protection of our public utilities will have my staunch support.

I will vote and work for the development of harbor facilities in order that San Francisco shall take her place among the leading ports of the world. I favor Municipal ownership.

I have made no pledges to anyone other than to promise fidelity to my trust and to give the best that is in me in the performance of my duty.

For Supervisor MRS. ISABEL C. KING

As a Socialist Party candidate, I am for the interests of labor and against those of private corporations which are seeking to grab the Hetch Hetchy system and palm off, at a big price, worthless franchises and worn out equipment. We have had years of "business administration" by "business men." I believe that the home-makers and mothers should now be represented on our City Board. Our schools should be made a leading issue and overcrowded classes and antiquated buildings done away with. Municipal projects upon which millions have been spent should be saved for and operated by the people.

For Supervisor ROBERT MacARTHUR

I submit my candidacy for the office of Supervisor with a sincere desire to conduct the business of San Francisco, Inc., with as little grief to the taxpayers as possible and at the same time consistently advocate all healthful necessary improvements.

For Supervisor

JOSEPH MULVIHILL

JOSEPH MULVIHILL has served for the past eight years as a member of the Board of Supervisors, elected in 1915, receiving 42,017 votes; re-elected in 1919, receiving 44,799 votes of the electorate.

He has advocated, fostered and encouraged all constructive and progressive legislation, and is a member of the following Committees of the Board:

Committee on Streets, Highways and Sewers (Chairman), Committee on Public Utilities, Committee on Public Health, Committee on Public Welfare and Publicity, Committee on Motion Picture Welfare (Chairman), Member of City Planning Commission (Author of Ordinance creating this Commission).

Supervisor Mulvihill, as Chairman of the Streets-Highways Committee, has advocated many important public improvements; has advocated and sponsored legislation for the reconstruction and improvement of all public streets, and fathered the resolution appropriating \$500,000 from the State Good Roads Fund for the immediate construction of the new Peninsula Highway. He has advocated spur tracks in industrial districts and the removal of Rincon Hill on the plan as proposed by the Chamber of Commerce.

Mulvihill has been a staunch advocate of Municipal ownership of public utilities, supporting all legislation for the completion of the Hetch Hetchy water and power project, and has declared and voted for Municipal distribution of the Hetch Hetchy hydro-electric power by the city direct to the people, which is mandatory under the Raker Act of Congress.

Mulvihill, during his eight years of public service as a Supervisor, has consistently voted for the lowest possible tax rate consistent with efficient, constructive and progressive government.

He is a member of the Down Town Association, Public Spirit Club, and many other civic and commercial organizations.

On his record you are justified in returning him to the office of Supervisor. The following are his sponsors:

Thomas F. Graham, Edmund P. Mogan, Edward F. Shortall, Daniel C. Deasy, George H. Cabaniss, James M. Troutt, T. I. Fitzpatrick, Harvey M. Toy, Ralph McLeran, Joseph Kraus, Carl A. Henry, George J. Giannini, Frank Malloye, Osman Reichel, Hugh K. McKevitt, Richard D. Quinlan, H. W. Westphal, Sr., L. H. Berendsen, Mrs. K. Christ, Mrs. Helen K. Morton.

For Supervisor

CHARLES J. POWERS

I am seeking re-election to the office of Supervisor because I have conscientiously performed my duty as a public official.

I have advocated and voted for all of the progressive measures that have arisen before the Board of Supervisors during my term of office.

As Chairman of the Lighting Committee, I have been working on a standard lighting system for each district of San Francisco. It is now completed and the first set of these lights will be installed on Haight street, between Masonic avenue and Stanyan street.

I believe in an economical expenditure of the people's money and advocate an absolutely square deal to Labor and Capital.

For Supervisor

ALFRED RONCOVIERI

I was formerly your Superintendent of Schools. I trust you will not forget my record of loyalty and enthusiastic service to the school children of San Francisco for twenty-one years. I solicit your vote solely upon my public achievements. My administration of school affairs has been commended and endorsed by every Grand Jury, every Board of Education, 2000 teachers in Institute assembled and by 94,832 voters. Have always stood for strict economy and for protection of taxpayers. Author of "differential" in State School Law. Fought vigorously for its adoption. This law has saved taxpayers of San Francisco \$838,400 to date, and will continue to save taxpayers over \$100,000 annually hereafter. It means a saving of one million dollars every ten years. Also saved taxpayers of San Francisco \$25,000 by having State appropriate this sum for the purchase of school supplies for children whose homes were destroyed in 1906. During my incumbency I controlled expenditures amounting to nearly forty-five million dollars and strictest economy observed. Have inculcated spirit of thrift and economy in the minds of school children by successfully putting into operation the San Francisco School Savings Bank system. Children's savings now approximate one million dollars, record unequalled in history. Author of the Civil Service purity system for appointment of teachers, eliminating political and other improper influences.

The best evidence of what a man will do in the future is the record of what he has accomplished in the past. I ask your support

on this record of economy and faithful service for twenty-one years.

For Supervisor

FRED J. SCHMIDT

San Francisco needs a business administration, not an era of prodigal expenditure nor of niggardly economics, but a safe and sane administration of its affairs befitting the metropolis of the Pacific Coast.

Good schools, good streets, playgrounds and all requisites so necessary to the health and happiness of its citizens, should be provided.

As a business man I pledge the same loyalty and devotion to my city that I have always given to every private enterprise.

For Supervisor

WALTER J. SCHMIDT

Born in San Francisco, veteran of the World War and have been prominently identified with our civic and business life since my graduation from our public schools. I married Miss Caroline Barron of this city.

During the past four years as a representative in the State Legislature I actively participated in all progressive, educational humanitarian measures. Vigorously fought for better conditions in the institutions for the insane, blind, dumb and deaf of this State.

Author of the state law abolishing the practice of discharging convicts with five dollars at expiration of sentence. My bill corrects this condition by allowing convicts money earned by working on state highways. This law saves the state half a million dollars yearly and cares for dependents of state prisoners.

Worked for all highway and educational legislation. Introduced bill strengthening Workmen's Compensation Act; also bill protecting California's boiler industry. Fathered bill abolishing charge on water meters. Never missed an important roll call in Assembly. If elected

I shall give strict attention to the duties of Supervisor and shall act for the best interests of San Francisco. I favor distribution of Hetch Hetchy's hydro-electric power by the people.

My long service in public affairs, especially as Assemblyman; my study and interest in all civic affairs I feel, qualifies me for the office of Supervisor.

Another candidate named Schmidt having filed for Supervisor, I earnestly request the voters to remember my full name, Walter J. Schmidt.

My sponsors are:

Mrs. Della T. Tinney
Mrs. Anglasz

For Supervisor

WILLIAM SEWARD SCOTT

Assemblyman Twenty-seventh (Sunset) District.

Never having been a member of the Board of Supervisors, I can disclaim all responsibility as to any of their acts.

Official station, whether high or low, is but a public trust.

Public office is opportunity for service, not a castle to be privately enjoyed.

All officials are merely public servants of the people, exercising for a limited period only, delegated powers.

Twelve long years have elapsed since the inception of Hetch Hetchy, and the people are demanding their heritage of power and water **NOW**, not leaving it to future generations for completion.

The biggest business in San Francisco is run by the Board of Supervisors.

More business, less politics, will give a lower tax rate.

I stand emphatically for running our City Government on thorough business-like lines; protection for the tax-payer against the tax-eater.

As a member of the last Legislature I assisted in enacting an Enabling Act for a \$25,000,000 bridge spanning the Golden Gate, the greatest bridge of its kind in the world, giving San Francisco an outlet to the North. Also sponsored the maintenance of the Fire Boat by the Harbor Commission, thereby doing away with any and all future legislation on that subject.

Championed the protection of part-time schools; and all

teachers' pension laws; also an appropriation for our State Normal School.

Introduced and passed a Constitutional Amendment that will tax \$3,000,000,000 of bonds and securities owned largely by non-residents, held in banks and safe deposit boxes, that have never contributed heretofore, a cent to the support of our State or County Governments.

Last, but not least, I am not the paid servant or attorney of any public or private corporation. I owe no allegiance save to the people who may deem proper to elect me.

For Supervisor
WM. STODDARD SCOTT
(Incumbent.)

As Supervisor, State Senator and Assemblyman my efforts have always been to serve the public in an earnest, efficient and conscientious manner.

As State Senator I introduced and made a vigorous fight to pass a bill establishing "I Love You California" as the State song. By reason of my earnestness in this matter I have been subjected to ridicule and given various appellations, such as "WILD BILL" and others not justified by my services to the state and the city.

I have been in public life for over twelve years, and during that time I have been guided by but one principle, namely, to serve my constituents in a conscientious, faithful and efficient manner.

As a member of the Assembly, State Senate and Board of Supervisors I have always supported measures that were progressive and measures that tended toward ameliorating the working conditions of those who toil.

In the Legislature I supported such measures as the Eight-Hour Law for WOMEN and the MINIMUM Wage Law.

While a member of the Assembly, when SUFFRAGE for WOMEN was not popular, I introduced and fought for a bill to give women equal rights with men in respect to community property. I was the first person to introduce such a measure in the Legislature.

In the Board of Supervisors I have urged the adoption of measures necessary for the development of the Hetch Hetchy water supply and the distribution of the HETCH HETCHY HYDRO-ELECTRIC power direct to the people of San Francisco.

Whenever the interests of my constituents were involved, if the cause was just, no matter was too lowly, no interest too trivial for me to give my best efforts.

Member of AMERICAN LEGION, SPANISH WAR VETERANS, DOWN-TOWN ASSOCIATION, COMMONWEALTH CLUB and Insurance Brokers' Exchange and others.

For Supervisor

MAX SEILER

As a candidate of the Socialist Party for Supervisor, I stand squarely on its platform, which covers fully the interests of the producing and industrial citizens of our city.

We believe that government is instituted for the benefit and welfare of the many; this can be accomplished by public ownership of all public utilities—gas, water, electric power and street car service—in fact, "Everything that is publicly used should be publicly owned."

By voting for this program you will abolish graft and establish civic decency; abolish crime and poverty and establish peace and plenty for all.

For Supervisor

WARREN SHANNON

As a Supervisor for the past four years I have supported all Municipal legislation of a constructive and progressive nature, such as provided for street improvements, more and better schools and additional parks and playgrounds. I have striven to conduct city affairs with economy consistent with efficiency, the rule in my private business, the Shannon-Conmy Printing Company, of which I have been business manager for the past seventeen years, and which has been successfully conducted since its establishment in 1854 when my father settled in San Francisco.

The newly established system of Centralized Municipal Purchasing, which has already saved the taxpayers many thousands of dollars, emanated from the Supplies Committee of which I am a member.

Sponsor of the Pine Street Repaving Resolution, I pledge myself to secure repairs to all main thoroughfares and paving of needed streets in residence sections.

As Chairman of the Public Utilities Committee, which has charge of the important legislation concerning Hetch Hetchy and the Municipal Railway, I have worked for early completion of the water and power project and extending the service of the city's street car lines, and will continue to do so.

I believe in and will work for carrying into effect Charter provisions on Municipal ownership. I have taken my stand for Municipal distribution of Hetch Hetchy power.

Dr. John Gallwey, George Filmer, John D. McGilvray, Charles J. Heggerty, Mrs. Ella M. Sexton, Isidore Zellerbach, A. W. Dollard, Thomas A. Davies, Frank Marini, Mrs. T. E. Shumate, Joseph I. O'Connell, M. M. Lesser, T. K. McCarthy, Frank T. Kennedy.

For Supervisor
M. O. SQUIRES

In presenting my name to the people of San Francisco as a candidate for the office of Supervisor, I do so with the desire to give to the southern section the representation that every part of this city and county should have.

There are many important and vital questions before the people today, and our first duty is to see that the taxpayers of all localities are equally represented. In this respect I will say that there is not one member on the present Board from the Twenty-first, Twenty-second or Twenty-third Assembly Districts. In other words, practically one-quarter of San Francisco is in a state of "TAXATION WITHOUT REPRESENTATION."

I am a candidate from the above mentioned districts and am appealing to the rest of San Francisco to return me victorious on November 6th and thereby give representation to this section of the city.

I am a strong advocate of Municipal ownership of all utilities, but particularly the Hetch Hetchy project. The Municipal Railroad should be extended to all sections that need rapid transportation, thereby insuring the development of those districts.

I am a staunch believer in education and strongly favor more and better schools in all of San Francisco.

I favor good streets and boulevards throughout the city and the joining of San Francisco with neighboring counties by the erection of necessary bridges.

I believe in the wide development of the park and playground system and the establishment of parks and playgrounds in the outlying districts as well as those centrally located.

I am a native of San Francisco, was educated in the public schools thereof, the University of California and the College of Physicians and Surgeons and feel qualified to fulfill the duties of the office I seek.

For Supervisor
ADOLPH NEWTON SUTRO

IF YOU WANT A SUPERVISOR NOT CONTROLLED BY ANY BOSS, give my campaign your support by **BOOSTING** my candidacy.

Born in San Francisco; educated in its public schools.

Served with Colonel Theodore Roosevelt's regiment in the First Division, A. E. F., during five major engagements of the World War and was wounded in action.

Received 21,727 votes for Public Administrator in 1921.

Elected Republican County Committeeman of the Thirty-second Assembly District in 1922.

One of my many endorsements comes from my comrades of the First Division, who fought with me and know me best.

PLATFORM

If elected Supervisor I promise to advocate and vote for:

A. The distribution of Hetch Hetchy electric light and power by the city direct to consumers;

B. The annexation to San Francisco of all territory desiring to join a Greater San Francisco;

C. City operation of all street car lines as rapidly as present franchises expire;

D. Better street lighting and improving transportation conditions;

E. Additional schools as needed and to improve our educational standards; also, additional playgrounds;

F. Necessary and beneficial improvements and **AGAINST WASTE and EXTRAVAGANCE** in City Government.

For Supervisor

RICHARD J. WELCH

It has always been my purpose in public life to help make San Francisco one of the world's leading commercial and industrial centers. Eminent engineers have reported that the San Francisco Peninsula will ultimately be an immense manufacturing area. There are thousands of acres of undeveloped tide land along the bay shore which I seek to reclaim for industrial and maritime purposes.

The Charter and the Act of Congress govern the management and distribution of the water and power from Hetch Hetchy project. I will follow our City's organic law and the provisions of the Raker Act which compel Municipal ownership and distribution of this great economic product.

San Francisco is the only city in the country of importance with but one road of ingress and egress, and over that road many lives and limbs have been sacrificed. I was the first to call attention to this fact and have waged an unrelenting fight to correct this deplorable condition. I led the successful campaign for the Sky Line Boulevard now under construction. This great highway will connect San Francisco with the interior of the State.

I was author of the Charter Amendment permitting San Francisco to give financial aid in the construction of highways in San Mateo County leading in and out of this city. I was also author of the original resolution committing San Francisco to the financial policy of the Bay Shore Highway.

I have led every movement to bridge the Bay and very recently

presided at a conference of Supervisors of several Northern counties to devise ways and means to bridge the Golden Gate.

Connect San Francisco with the Sacramento, San Joaquin, Livermore, Napa and Sonoma Valleys and the interior of our great State by a comprehensive system of highways and bridges; develop our tide lands for cheap industrial sites and our future is secured.

Recorder Printing and Publishing Company
