14. Both the Mayor’s Affordable Housing Action Plan (1989) and the City’s new Residence Element recommend that voter approval be sought for a guaranteed annual local commitment to an affordable housing fund similar to the commitment that has been made to the Open Space Acquisition Fund for development and maintenance of open space.
15. Urgently needed affordable housing developments that have been partially funded to date or are seeking funding will be jeopardized without future local funding.

Section 2.

Chapter 10 of the San Francisco Administrative Code is hereby amended by adding a new Section 10.117-50.1 thereto, to read as follows:
SEC. 10.117-50.1. ANNUAL APPROPRIATIONS TO HOUSING AFFORDABILITY FUND. (a) It shall be the Policy of the People of the City and County of San Francisco that subject to the budget and fiscal provisions of the Charter of the City and County of San Francisco, commencing in fiscal year 1991-92, the Mayor and the Board of Supervisors shall, through the annual appropriation ordinance for the City, appropriate to the Housing Affordability Fund established by Section 10.117-50(a) of the San Francisco Administrative Code no less than the total amount specified in subsections (i) and (ii) below:

(i) In fiscal year 1991-92, fifteen million dollars ($15,000,000.00), and in each succeeding fiscal year, fifteen million dollars ($15,000,000.00) increased by the percentage by which the Consumer Price Index for All Urban Consumers: Selected areas, all items index, San Francisco-Oakland, California (1982-1984=100) (or if that index is no longer published, and equivalent successor index selected by the Board of Supervisors) that is published on or immediately prior to the first day of the fiscal year exceeds the Consumer Price Index published on or immediately prior to July 1, 1990, or

(ii) Five million dollars ($5,000,000.00), upon a determination by a two-thirds majority of the Board of Supervisors that due to an Act of God or other extraordinary circumstances a reduction below the requirement as set forth in section (i) is warranted, but may not be enacted by the Board for more than two (2) consecutive years.
PROPOSITION K

Shall two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses be allowed to formally establish their relationship as a "domestic partnership?"  

YES 311  
NO 312

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: There is no process for lesbians and gay men to formally establish and record their relationships.

THE PROPOSAL: Proposition K would allow two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses to formally establish their relationship as a "domestic partnership." They would establish their relationship by signing a Declaration of Partnership and either (a) filing the Declaration with the County Clerk or, (b) having the Declaration notarized and witnessed and given to the witness. A filing fee would be charged to cover the City’s costs.

The domestic partnership would end if one partner notifies the other that he or she has ended the partnership, if one of the partners dies, if one of the partners marries or if the partners no longer live together. When the domestic partnership ends, the partners would incur no further obligation to each other.

A person who has filed a Domestic Partnership Declaration may not file another such declaration until six months after the partnership has ended, unless the previous domestic partnership ended because one of the partners died.

A “YES” VOTE MEANS: If you vote yes, you want to allow unmarried couples to formally establish their relationship as a domestic partnership.

A “NO” VOTE MEANS: If you vote no, you do not want to allow unmarried couples to formally establish their relationship as a domestic partnership.

Controller’s Statement on “K”
Should the proposed ordinance be adopted, in my opinion, it should not affect the cost of government.

How “K” Got on the Ballot
On July 20, 1990, the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Richard Hongisto, and Nancy Walker. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
PROPOSER’S ARGUMENT IN FAVOR OF PROPOSITION K

Proposition K, the Domestic Partners registry, is simply a question of fairness. Proposition K will cost the city nothing.

Proposition K will allow lesbian, gay and other committed couples to register their relationships.

Under state law, lesbian and gay couples cannot get married. Despite their commitment, despite their love, despite all the joy and struggles they’ve endured, their relationships are neither recognized nor supported. Like all couples, they want visible recognition from their friends, families and neighbors.

This is an issue of choice and civil rights. Everyone has the right to choose whom they will love. The religious opponents of domestic partners, who want to enforce their view of what constitutes a loving, committed relationship on everyone else, would deny social recognition and support for gay and lesbian relationships. Let’s stop the injustices by voting yes on Proposition K.

The previous proposal for domestic partners caused concern over potential costs to taxpayers. But the registry under Proposition K is financially self-supporting with fees covering all costs. Proposition K provides no city or employment benefits to domestic partners.

Proposition K is the respect and support that will allow all of the residents of our city to proudly say, “We are a part of the family of San Francisco.”

VOTE YES ON PROPOSITION K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPOSER’S ARGUMENT IN FAVOR OF PROPOSITION K

The Blitzkrieg-defying traditionalist Sir Winston Churchill — the man who destroyed Adolf Hitler — at age 13 memorized these fateful lines from Macaulay’s Lays of Ancient Rome:

"Then out spake brave Horatius,
The Captain of the Gate:
"To every man upon this earth
Death cometh soon or late.
And how can man die better
Than facing fearful odds,
For the ashes of his fathers,
And the temples of his gods?"
San Francisco’s misguided Board of Supervisors purports to advise us on “Love”, “Fairness” and so-called “Religion”. Their ideas are flawed and twisted. Vote “NO” on Proposition K.

Even the claim that “domestic partners” will not cost us tax money is false. In light of the California case of Marvin v. Marvin (on the “implied contract” rights of “live-in” lovers), it’s total folly to pretend that “domestic partners” will not open up the floodgates of future litigation. We can expect lots of court costs if Proposition K passes.

The First Amendment to the U.S. Constitution wisely bans the “establishment” of religion. The power of the state should not be used to advance particular creeds or belief systems.

Proposition K represents nothing but an attempt to “establish” the belief system of “domestic partners” as the official policy of the City and County of San Francisco.

The Board of Supervisors are insulting you and wasting your tax money by putting this already defeated “domestic partners” measure back on the ballot again.

Vote “NO” on Proposition K.

Patrick C. Fitzgerald
Democratic Party Nominee for State Senator
OPPONENT’S ARGUMENT AGAINST PROPOSITION K

JUST SAY “NO” TO “DOMESTIC PARTNERS”
San Francisco is a broadminded seaport town. People from all over the world have come to San Francisco since the day the Spanish navigator Ayala first sailed his ship through the Golden Gate.

The San Francisco Presidio’s Lyon Street Gate and its ancient Officers Club are still guarded by the cannons of the Spanish King Carlos III.

The quartered arms of Aragon and Castile — the old banner of Imperial Spain — no longer flies over San Francisco.

San Francisco is a City with tradition.
San Francisco does not need the misguided Supervisor Harry Britt’s proposed “domestic partners” law.
San Francisco and its voters defeated an almost identical “domestic partners” measure last year.
Still earlier, when Dianne Feinstein was still Mayor, the San Francisco Board of Supervisors passed another “domestic partners” resolution. Mayor Feinstein correctly vetoed that unwise proposal.
Now — like a Bad Penny — “domestic partners” has come back to again haunt the City and County of San Francisco.

“Domestic partners” is basically a slap in the face to 3,000 years of Judeo-Christian-Islamic civilization:
That is the reason Archbishop Quinn last year had a letter read in every San Francisco Roman Catholic church attacking the 1989 “domestic partners” ballot measure.
That is the reason virtually every Catholic, Protestant, Eastern Orthodox, Jewish, Moslem, and Buddhist clergyman in the City and County of San Francisco agreed.
The truth is that “domestic partners” is a piece of legislation that would have been laughed out of the late Emperor Nero’s pagan Roman Senate.
In fact, there is only one man in Suetonius’ Lives of the Twelve Caesars who would probably have backed “domestic partners” legislation.
His name???: The mad Emperor Gaius Caligula.
Gaius Caligula also put a horse in the Roman Senate.

Citizens Against “Domestic Partners”
Patrick C. Fitzgerald
Democratic Nominee for State Senator
Chairman of Citizens Against “Domestic Partners”

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION K

Domestic Partners is obviously NOT about Caligula. It is not about Imperial Spain, or King Carlos III, or about sailors crossing the Golden Gate.

It IS about our respect for one another. It’s about the acceptance and recognition of our differences. It’s about our willingness to tell our neighbors and families and friends that all people should be granted the right of being allowed to publicly recognize the one they love.

Yes, San Francisco is a city of traditions ... Traditions of tolerance, fairness, and respect for others. Proposition K reaffirms these San Francisco traditions.
Please vote YES ON K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.
PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Long-term, monogamous relationships should be recognized and encouraged.
Vote YES on K.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Equal rights must be afforded all citizens — without regard to sexual orientation.
As Democratic Committee members, we have both consistently supported domestic partners legislation. In 1983, Arlo Smith authored the resolution first putting the Democratic Committee on record in support of such legislation.
In 1987, Arlo Smith got the BART Board to adopt an ordinance prohibiting BART contractors from engaging in sexual orientation discrimination.
In 1989, Arlo Smith co-sponsored (with Director Michael Bernick) a domestic partners proposal for BART employees. Alexa Smith will vote for such legislation if elected as your BART Director.
We both supported Proposition S in 1989.
We are proud to support Proposition “K”.
Vote “YES” on “K”.

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committee member/BART Board Candidate

Vote Yes on K! Equity and fairness for all San Franciscans.

Carole Migden
Candidate, Board of Supervisors

Communities of color have always led the fight for equality and challenged the discrimination which designated “white” only jobs, schools and recreational facilities or immigration laws which separate our families. Current laws regarding family status do not allow the participation of lesbian and gay couples, leaving them with no mechanism to register their relationships and seek equal treatment for them.

We must stand together with the lesbian and gay members of our own African American, Latino, Asian and Pacific Islander, and Native American communities and with all lesbian and gay couples who seek equal treatment for their relationships. Proposition K will allow these couples the same public recognition and respect of their relationships that we give to others. At no cost to the city, we can take one more step towards dignity and the fair treatment of all.
PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is an important piece of civil rights legislation that San Francisco must pass. It establishes a registry for gay and lesbian couples, allows hospital visitation rights, and carries no costs for public and private employers. It bestows basic civil rights and legitimacy on a large segment of San Francisco's population. VOTE YES ON K.

Supervisor Bill Maher

The San Francisco Democratic Party supports Domestic Partnerships. By an overwhelming majority, the Central Committee voted to support Proposition K.
The Democratic Party has a strong tradition of support for civil rights and individual freedoms.
In San Francisco, let us define what we consider a family.
Join your local Democratic Party in recognizing the diversity of families in our city.
We urge you to vote YES on PROPOSITION K.

Proposition K is an issue of CHOICE! The lesbian and gay community has created a process for the city to recognize their relationships through a registration system, since they are not legally eligible for marriage. A small section of religious fundamentalists overturned this legislation last year. They want to impose their lifestyles on the entire population — preventing women from exercising their right to choice related to pregnancy — preventing lesbian and gay couples from exercising their right to the choice of loving relationships of their own sex.
If we cannot demonstrate the importance of maintaining our freedom of choice here in San Francisco, it will surely be endangered throughout the country.

Almost everyone has lost a friend, relative, co-worker or lover to AIDS. Our city has witnessed a crisis beyond all scope but we have seen an enormous amount of caring and love that has poured out in response to the AIDS epidemic.
The lesbian/gay community, through its response to AIDS and in a hundred other ways, has shown it has the power to love and care. A “Yes” vote on Proposition K recognizes the love and commitment shared by lesbian and gay couples, and will bring all our communities together as part of the family of San Francisco.

Domestic Partners

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is about justice. This measure requires no city tax dollars; it is completely self-supporting. Proposition K represents the consensus position of the elected leadership of San Francisco.

There are no financial benefits in Proposition K, but it does provide a legal registry to foster respect for lesbian, gay and other unmarried couples. This is one way San Francisco can address the discrimination and neglect they face. We urge you to vote “Yes” on Proposition K, so that our city officially encourages loving and caring families.

Mayor Art Agnos
Assembly Speaker Willie L. Brown, Jr.
Assemblyman John Burton
State Senator Milton Marks
Congresswoman Nancy Pelosi
Assemblywoman Jackie Speier

---

Martin Luther King, Jr. once said, “Injustice anywhere is a threat to justice everywhere.” Proposition K is about fighting injustice. We are part of civil rights and social justice groups that are devoted to uplifting the lives of all people. We are concerned about discriminatory laws and practices that deny justice and equal opportunity to any member of society.

Proposition K is a simple measure of justice. It represents everything decent and honorable about our city. Proposition K affirms the lives and humanity of all San Franciscans. There is no financial cost to the city with Proposition K. There is a moral cost to the city without it. Please stand with us on the side of human justice. Vote YES on PROPOSITION K.

PAID ARGUMENTS AGAINST PROPOSITION K

“People have heard enough about the ‘Rights of Man’ as they are called; it is time they hear about the Rights of God”.
— Pope Leo XII (1823-1829)

Some now seek to “redefine” the family — as if the Natural Law is malleable by man! Remember, “Live-and-let-live” libertarianism is NOT accepted by God, nor does scripture or tradition teach that democracy is the ideal form of government. Democracy is valid ONLY if a Holy Fear of God is woven through the fabric of society.

Proposition K, a degenerative piece of legislation, further erodes that fabric. Do we need more disasters and loss of freedom to make us realize we are not dealing with a play-God? Keep in mind that Hell and Purgatory ARE real and Dies Irae IS coming!! Vote No on K!

Dennis J. Mark, Accountant

This is an attempt by the militant homosexual-dominated political establishment to use our city government to force our endorsement of perverted and illicit sexual relationships. It is a mockery of marriage. It attempts to provide the benefits of marriage without the responsibilities. It would open the door to astronomical financial costs.

Use your common sense. Vote No on K.
A vote for me is a vote against domestic partnerships and for family values.

Jim Robinson
Candidate for Supervisor

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION K

An issue that the voters have already rejected is before them again — the "domestic partners" issue that would allow the same sex and unmarried partners the same status of married couples and families. A domestic partnership is a shallow mockery of traditional heterosexual marriage, with all of the privileges and none of the real responsibilities. It is a "frequent flier" marriage of the moment that can be easily dissolved. The proponents of Proposition K attempt to use the laws, institutions, bureaucracies and tax dollars of our City to make a public statement that divergent lifestyles and choices are perfectly legitimate too and demand everyone's endorsement.

The Chinese and Asian community cherish the traditional monogamous family as a stable place of procreation and nurturing of future generations. Proposition K is in direct conflict with those values. If passed, it will cause profound DISTURBANCE and CONFUSION to our community. Our children will be the victim of this unproven and ill conceived social experiment. Although we respect the existence of different social groups and their basic human rights, we reject a pseudo-substitute for the family, and we will not vote for a potential economic, social, and legal NIGHTMARE that will only further divide our already divided City. Vote NO on K.

The People amend The San Francisco Administrative Code by adding a new Chapter, to read:

RECOGNITION OF DOMESTIC PARTNERSHIPS

Sec. 1. PURPOSE

The purpose of this ordinance is to create a way to recognize intimate committed relationships, including those of lesbians and gay men who otherwise are denied the right to identify the partners with whom they share their lives. All costs of registration must be covered by fees to be established by ordinance.

Sec. 2. DEFINITIONS

(a). Domestic Partnership. Domestic Partners are two adults who have chosen to share one another’s lives in an intimate and committed relationship of mutual caring, who live together, and who have agreed to be jointly responsible for basic living expenses incurred during the Domestic Partnership. They must sign a Declaration of Domestic Partnership, and establish the partnership under section 3 of this chapter.

(b). “Live Together.” “Live together” means that two people share the same living quarters. It is not necessary that the legal right to possess the quarters be in both of their names. Two people may live together even if one or both have additional living quarters. Domestic Partners do not cease to live together if one leaves the shared quarters but intends to return.

(c). “Basic Living Expenses.” “Basic living expenses” means the cost of basic food and shelter. It also includes the expenses which are paid at least in part by a program or benefit for which the partner qualified because of the domestic partnership. The individuals need not contribute equally or jointly to the cost of these expenses as long as they agree that both are responsible for the costs.

(d). “Declaration of Domestic Partnership.” A “Declaration of Domestic Partnership” is a form provided by the county clerk. By signing it, two people agree to be jointly responsible for basic living expenses which they incur during the domestic partnership and that this agreement can be enforced by anyone to whom those expenses are owed. They also state under penalty of perjury that they met the definition of domestic partnership when they signed the statement, that neither is married, that they are not related to each other in a way which would bar marriage in California, and that neither had a different domestic partner less than six months before they signed. This last condition does not apply if the previous domestic partner died. The form will also require each partner to provide a mailing address.

Sec. 3. ESTABLISHING A DOMESTIC PARTNERSHIP

(a). Methods. Two persons may establish a Domestic Partnership by either:

1. presenting a signed Declaration of Domestic Partnership to the County Clerk, who will file it and give the partners a certificate showing that the Declaration was filed; or

2. having a Declaration of Domestic Partnership notarized and giving a copy to the person who witnessed the signing (who may or may not be the notary).

(b). Time Limitation. A person can not become a member of a Domestic Partnership until at least six months after any other Domestic Partnership of which he or she was a member ended. This does not apply if the earlier domestic partnership ended because one of the members died.

(c). Residence Limitation. The county clerk will only file Declaration of Domestic Partnership if:

1. the partners have a residence in San Francisco; or

2. at least one of the partners works in San Francisco.

Sec. 4 ENDING DOMESTIC PARTNERSHIPS

(a). When the Partnership Ends. A Domestic Partnership ends when:

1. one partner sends the other a written notice that he or she has ended the partnership; or

2. one of the partners dies; or

3. one of the partners marries or the partners no longer live together.

(b). Notice the Partnership has ended.

(1) To Domestic Partners. When a Domestic Partnership ends, at least one of the partners must sign a notice saying that the partnership has ended. The notice must be dated and signed under penalty of perjury. If the Declaration of Domestic Partnership was filed with the county clerk, the notice must be filed with the clerk; otherwise, the notice must be notarized. The partner who signs the notice must send a copy to the other partner.

(2) To Third Parties. When a Domestic Partnership ends, a Domestic Partner who has given a copy of a Declaration of Domestic Partnership to any third party, (or, if that partner has died, the surviving member of the domestic partnership) must give that third party a notice signed under penalty of perjury stating the partnership has ended. The notice must be sent within 60 days of the end of the Domestic Partnership.

(3) Failure to Give Notice. Failure to give either of the notices required by this subsection will neither prevent nor delay termination of the Domestic Partnership. Any person who suffers any loss as a result of failure to send either of these notices may sue for actual losses.

Sec. 5. COUNTY CLERK’S RECORDS

(a). Amendments to Declarations. A Partner may amend a Declaration of Domestic Partnership filed with the County Clerk at any time to show a change in his or her mailing address.

(b). New Declarations of Domestic Partnership. No person who has filed a declaration of Domestic Partnership with the county clerk may file another declaration of Domestic Partnership until six months after a notice the partnership has ended has been filed. However, if the Domestic Partnership ended because one of the partners died, a new Declaration may be filed anytime after the notice the partnership ended is filed.

(c). Maintenance of County Clerk’s Records. The County Clerk will keep a record of all Declarations of Domestic Partnership, Amendments to Declarations of Domestic Partnership and all notices that a partnership has ended. The records will be maintained so that Amendments and notices a partnership has ended are filed with the Declaration of Domestic Partnership to which they apply.

(d). Filing Fees. The Board of Supervisors will set the filing fee for Declarations of Domestic Partnership and Amendments. No fee will be charged for notices that a partnership has ended. The fees charged must cover the city’s cost of administering this ordinance.

Sec. 6. LEGAL EFFECT OF DECLARATION OF DOMESTIC PARTNERSHIP

(a). Obligations. The obligations of domestic partners to each other are those described by the definition.

(b). Duration of Rights and Duties. If a domestic partnership ends, the partners incur no further obligations to each other.

Sec. 7. Upon adoption, the Clerk of the Board shall codify this amendment into the San Francisco Administrative Code.
Telephoning the Registrar of Voters

The Registrar of Voters recognizes that responses to telephone calls, especially on Election Day, need to be improved. Toward that end, we have taken advantage of a telephone system that has been made available to us on an experimental basis. In the last election, we were able to respond much more quickly to requests for registration forms and absentee voting applications. Unfortunately, we did not do as well on Election Day and we apologize for any inconvenience that may have caused.

We have reviewed our experience from the June Primary Election, and we have revised the telephone system to improve our responses to your telephone calls for the November election.

When you call the Office of the Registrar of Voters at 544-4375, you will hear a recording offering you the following choices:

- TOUCH-TONE PHONES
- SPANISH-SPEAKERS
- CHINESE-SPEAKERS
- ROTARY PHONES

For people with touch-tone phones, after you have Pressed 1, you will have the following options:

- Voter Registration Information and Forms Press 1
- Absentee Voting Information and Forms Press 2
- Working at the Polls Information Press 3
- Candidates and Ballot Measures Press 4
- Information about Registered Voters Press 5
- REPEAT — (Listen to choices again) Press 9
- Other Topics Hold

Please write if you have suggestions for improving our telephone system.

AVOID LONG LINES — VOTE BY MAIL

It’s as easy as 1-2-3.

1. Complete the application on the back cover.

2. Put a 25¢ stamp where indicated.

3. Drop your completed application into a mail box.

Within two weeks, you will receive your Absentee Ballot.

YOUR POLLING PLACE

The location of your polling place is shown on the label on the back cover of the Voter Information Pamphlet which was sent to you. Of the 7,000+ telephone calls received by the Registrar of Voters on Election Day, almost all of them are from voters asking where they should go to vote.

Remember on Election Day, take the back cover of your Voter Information Pamphlet with you. The address of your polling place is on the top part of the mailing label on the back cover of the Voter Information Pamphlet which was sent to you. You may also wish to write down the address of your polling place in the space provided on the Voter’s Quick Reference Card.

Germaine Q Wong, Registrar of Voters
POLL WORKERS NEEDED
Earn $49 to $58 (Plus Bonuses)
Meet Your Neighbors
Serve Your Community

Throughout California and the entire United States, the shortage of poll workers each election is getting worse. San Francisco is no exception. The Registrar of Voters Office challenges you to become more active in the election process. You are highly encouraged to Work on Election Day - November 6, 1990 as a Poll Worker.

People who have flexible schedules and are able to work on election day (Tuesday after the first Monday every November and every other June) for the foreseeable future are especially encouraged to apply.

Poll Workers with more responsibility, including the review and delivery of precinct supplies, earn $58 plus bonuses. Those poll workers with slightly less responsibilities are paid $49 plus bonuses. The day begins at 6:30 a.m. and ends at approximately 9-10:30 p.m. When friends work together, the day passes very quickly. It is a terrific opportunity to re-meet your neighbors while performing an important civic activity.

Applications are now being accepted in City Hall between 8:30 a.m. and 4:30 p.m., Mondays through Fridays. Come in early to get the precinct of your choice.

REGISTRAR OF VOTERS - POLL WORKER APPLICATION

I am a Resident of San Francisco and a REGISTERED VOTER of San Francisco. I hereby request to work on the General Election to be held on Tuesday, November 6, 1990.

**How to Vote on the Votomatic Vote Recorder**

**Special Note:**
If you make a mistake, return your card and get another.

**Note:** Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

**Step 1**
Using both hands, insert the ballot card all the way into the Votomatic.

Usando las dos manos, mete la tarjeta de votar completamente dentro del "Votomatic."

**B 第一步**
请双手持票向自动机将整张选票插入。

**Step 2**
Be sure the two slots in the stub of your card fit down over the two red pins.

Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabecitas rojas.

**C 第二步**
请确认将选票插入时，票尾之二孔，契合于二红点之上。

**Step 3**
Hold punch vertical (straight up). Punch straight down through the ballot card to indicate your choice. Do not use pen or pencil.

Para votar, sostenga el instrumento de votar y perforé con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

**D 第三步**
请把带针之选票针，由小孔内垂直插入打孔投票。

**Step 4**
After voting, withdraw the ballot card and place it inside the envelope pocket, with the stub showing.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

**E 第四步**
投票选举之后，把选票取出，放入空封袋内，票尾凸出在外。
在封袋上，有空白格预备爲投票人应用。
WORDS YOU NEED TO KNOW
by Ballot Simplification Committee

ABSENTEE BALLOTS (RIGHTS OF VOTERS) — If you do not wish to go to your polling place to vote, you may vote by mail or by going to the Registrar’s Office in City Hall in person. This is called absentee voting.

BONDS (PROPOSITION A, B) — If the City needs money to pay for something such as a library, sewer line, or school, it may borrow the money by selling bonds. The City then pays back this money plus interest.

CHARTER (PROPOSITION C, D, E, F, G) — The Charter is the City’s constitution.

CHARTER AMENDMENT (PROPOSITION C, D, E, F, G) — A Charter amendment changes the Charter, and requires a vote of the people. It cannot be changed again without another vote of the people.

DECLARATION OF POLICY (PROPOSITION J) — A type of advisory measure provided for in the San Francisco Charter. A declaration of policy does not have the force of law, but is intended to be a goal to guide the Board of Supervisors.

GENERAL OBLIGATION BONDS (PROPOSITION A, B) — The money to pay back these bonds comes from property taxes. A two-thirds majority of the voters must approve the decision to sell general obligation bonds.

INITIATIVE (PROPOSITION E, H) — This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Propositions passed by initiative can be changed only by another vote of the people.

ORDINANCE (PROPOSITION H, I, J, K) — A law of the City and County, which is passed by the Board of Supervisors or approved by the voters. For such a law to be passed by the Board of Supervisors, a majority, (or in some cases, three-fourths) of the Supervisors must vote to approve the law at two consecutive meetings. A majority of the voters must vote to approve the law at an election.

QUALIFIED WRITE-IN CANDIDATE (RIGHTS OF VOTERS) — A person who has turned in the required papers and signatures with the Registrar of Voters to run for an office as a write-in candidate. The name of this person will not be on the ballot. Voters who want to vote for this person can do so by writing the name of the person on the inside of the grey envelope given with the ballot.

REVENUE BONDS (PROPOSITION C) — The money to pay back these bonds comes from revenue such as fees collected by the department which issues the bonds. These bonds are not paid for with tax money.

PURPOSE OF THE VOTER INFORMATION PAMPHLET
This Voter Information Pamphlet provides voters with information about the November 6, 1990 General Election. The Pamphlet includes:
1. a Sample Ballot (i.e., a copy of the ballot you see at your polling place or the one you receive when you vote) ....... Page 6-23
2. the location of your polling place ...........................................(see label on the back cover)
3. applications for an absentee ballot and permanent absentee voter status ...........................................(back cover)
4. a rights of voters summary ................................................... 25
5. information for disabled voters ............................................. 24
6. statements from the candidates who are running for office .................................................. 28-53
7. Information about each proposition, including a summary, the Controller’s Statement, arguments for and against the proposition, and the legal text .............55-160
8. definitions of words you need to know ................................ 5
9. a Voter Quick Reference Card to mark your choices and use when you vote ............... inside back cover

CITIZENS ADVISORY COMMITTEE ON ELECTIONS

Mayoral appointees: Ernest Llorente, Chair; David Binder, Richard Sevilla, Molly Wood, and Hoyt Zia

Board of Supervisors appointees: Roger Cardenas, Martha Gilham, Brian Mavrogeorge, George Mix, Jr., Samson Wong, and Richmond Young

Members represent political organizations, political parties, labor organizations, neighborhood organizations, business organizations and other citizens groups interested in the political process.

The Committee studies and makes advisory recommendations to the officers of the City and County on all matters relating to voter registration, elections and the administration of the office of the Registrar of Voters; investigates compliance with the requirements of Federal, State and local election and campaign reporting, disclosure laws and other statutes relating to the conduct of elections in San Francisco; promotes citizen participation in the electoral process; studies and reports on all election matters referred to it by various officers of the City and County.

<tr>
<td>124</td>
<td>Local Hospital Districts. Legislative Constitutional Amendment. Authorizes Legislature to allow hospital districts to become stockholders in health care related corporations. Fiscal impact: This measure has no direct fiscal effect.</td>
<td>157</td>
</tr>
<tr>
<td>125</td>
<td>Rail Transit Funding. Legislative Constitutional Amendment. Authorizes expenditure of motor vehicle fuels tax funds for rail transit vehicles, equipment acquisition. Fiscal impact: An unknown amount of revenues raised from the state-imposed taxes on motor vehicle fuels and fees upon the operation and use of vehicles may be shifted from existing uses for the purchase of rail transit vehicles and related equipment that operate on mass transit guideways, as a result of this measure. The extent of the shift depends upon the number of counties or geographic areas that approve and use these revenues for the specified purposes.</td>
<td>160</td>
</tr>
<tr>
<td>126</td>
<td>Alcohol Tax. Legislative Constitutional Amendment. Increases alcoholic beverages taxes; proceeds to General Fund; excluded from appropriations limit. Controls conflicting measures. Fiscal impact: This measure would result in additional General Fund revenues of approximately $70 million for a portion of 1990-91 and approximately $195 million in fiscal year 1991-92, the first full year it is in effect. Similarly, local sales tax revenues would increase statewide by approximately $1.6 million annually. Revenues generated after fiscal year 1991-92 will depend upon the trends in alcohol sales. Adjustments are also made to the state's constitutional spending limit to include the additional tax revenue.</td>
<td>164</td>
</tr>
<tr>
<td>127</td>
<td>Earthquake Safety. Property Tax Exclusion. Legislative Constitutional Amendment. Excludes earthquake safety improvements to existing buildings from property tax assessment. Fiscal impact: If Legislature fully implements measure, it would reduce annual property tax collections from assessment of earthquake safety modifications beginning 1990-91. Revenue loss could be millions of dollars annually. Cities, counties, and special districts would bear approximately two-thirds of the loss; school and community college districts one-third. State may have to replace lost school district revenues, depending on formula used to determine K-14 education funding guarantee under existing state Constitution requirements.</td>
<td>169</td>
</tr>
<tr>
<td>128</td>
<td>Environment. Public Health. Bonds. Initiative Statute. Regulates pesticides, air, water. Authorizes bonds to acquire ancient redwoods. Establishes elected Environmental Advocate. Fiscal impact: Annual state administrative and program costs of approximately $90 million, decreasing in future years; partially offset by $10 million increased annual fee revenue. Local governments would incur $8 million one-time cost, $5 million to $10 million annually, decreasing in future years. State General Fund to incur one-time $750,000 appropriation in 1992-93 for Office of Environmental Advocate; $40 million for environmental research grants. Future administrative costs of office unknown. If all bonds authorized for ancient redwood acquisition, forestry projects were sold at 7.5 percent interest and paid over the typical 20-year period, General Fund would incur approximately $335 million in costs to pay off principal ($300 million) and interest ($235 million). Estimated average annual costs of bond principal and interest would be $22 million. Per-barrel fee on oil would increase revenues by $500 million by 1996-97, used to pay oil spill prevention/clean-up costs. Indefinite deferral of potentially $2 billion in future state oil and gas revenues resulting from limits on oil and gas leases in marine waters. Indirect fiscal impact could increase or decrease state and local government program costs and revenues from general and special taxes in an unknown amount. The overall impact is unknown.</td>

CIUDAD Y CONDADO DE SAN FRANCISCO, ELECCIONES GENERALES CONSOLIDADAS, 6 DE NOVIEMBRE DE 1990
PROPOSICIONES A SER SOMETIDAS AL VOTO DE LOS ELECTORES — ESTATAL

157 SI 贷与
158 NO 反對

FINANCIAMIENTO DE TRANSPORTE FERROVIARIO. EMENDA CONSTITUCIONAL LEGISLATIVA. Autoriza usar réditos de los fondos recaudados del Impuesto a los combustibles para modernizar el sistema de transporte ferroviario. Impacto fiscal: Es una medida que promoverá el desarrollo del sistema de transporte ferroviario, mejorando la calidad del servicio y reduciendo las emisiones de contaminantes. Es una medida que beneficiará a las empresas ferroviarias y los pasajeros.

160 SI 贷与
161 NO 反對

IMPUESTO AL ALCOHOL. EMENDA CONSTITUCIONAL LEGISLATIVA. Aumenta los impuestos al alcohol y promociona el consumo de bebidas alcohólicas. Impacto fiscal: Esta medida se espera que aumente la recaudación de ingresos para el gobierno y reduzca el consumo de alcohol y sus efectos negativos en la sociedad.

164 SI 贷与
165 NO 反對

SEGURO CONTRA SISMOS. EXCLUSIÓN DEL IMPUESTO AL SEDE. EMENDA CONSTITUCIONAL LEGISLATIVA. Exime a las empresas de pagar el impuesto a las sedes si la empresa está segura contra sismos. Impacto fiscal: Esta medida se espera que reduzca la recaudación de ingresos para el gobierno, pero también protegerá a las empresas y sus empleados contra los daños de los terremotos.

169 SI 贷与
170 NO 反對

MEDIO AMBIENTE. SALUD PÚBLICA. BONOS. ESTADO DE INICIAVIA. Regula los pesticidas, aire y agua. Autoriza bonos para adquirir antiguos bosques de escayola. Impacto fiscal: Esta medida se espera que aumente la recaudación de ingresos para el gobierno, a la vez que protegerá el medio ambiente y la salud pública.

174 SI 贷与
175 NO 反對

ADVERTIR: EMENDA CONSTITUCIONAL LEGISLATIVA. Establece el pago de las tasas e impuestos a las propiedades basadas en el valor de la propiedad. Impacto fiscal: Esta medida se espera que aumente la recaudación de ingresos para el gobierno, pero también puede aumentar el costo de las propiedades para los consumidores y propietarios.

*
DRUG ENFORCEMENT. BONDS. INITIATIVE CONSTITUTIONAL AMENDMENT, STATUTE. Authorizes bonds, money for drug enforcement. Clarifies privacy rights affecting reproductive choice. Fiscal impact: No additional revenues result from this measure. Total General Fund costs of $1.2 billion for transfers to the Anti-Drug Superfund between 1990-91 through 1999-94. From 1994-95 through 1997-98 it is not clear whether any funds would be transferred from the General Fund to the Superfund. If all bonds proposed by this measure are sold at an interest rate of 7.5 percent, cost would be approximately $1.3 billion to pay off principal ($740 million) and interest ($585 million), with average annual payment being approximately $55 million. Additional annual costs of tens of millions of dollars for state and local governments could arise for operation of new correctional facilities. Additional costs resulting from increased criminal arrests and convictions could be offset by increased funding for drug education and prevention.

YES 184 ➡
NO 185 ➡

FOREST ACQUISITION. TIMBER HARVESTING. BONDS. INITIATIVE STATUTE. Authorizes bonds to acquire ancient forests providing wildlife habitat. Limits logging. Retrains loggers. Fiscal impact: Estimated cost to state General Fund of $742 million in bond principal, $585 in interest, for bond program. Estimated average annual bond principal and interest costs of approximately $55 million. State administrative costs of up to $10 million annually for state forestry review and enforcement programs, fully offset by revenues from timber harvesting fees. State savings of about $6.4 million annually, also resulting from imposition of such fees. Unknown effect on state and local tax revenues, possible decreased revenue to local governments to extent lands acquired under measure would no longer be assessed property taxes.

YES 192 ➡
NO 193 ➡

TERM LIMITS. ETHICS. INITIATIVE CONSTITUTIONAL AMENDMENT, STATUTE. Limits terms, elected officials; enacts ethics standards, partial public campaign financing, spending limits. Fiscal impact: Unknown level of state revenues, possibly $12 million in 1990-91 and uncertain amounts thereafter, to be generated from state income tax check-off provisions for campaign financing; corresponding unknown revenue loss to state General Fund. Annual General Fund contributions of $5 million for campaign matching payments beginning January 1, 1992, amounts to increase in subsequent years. Unknown amount of state matching payments likely to be requested under measure for campaign financing by candidates for state office. State General Fund administrative costs of approximately $1.5 million in 1990-91, $3 million annually for subsequent years.

YES 199 ➡
NO 200 ➡

MARINE RESOURCES. INITIATIVE CONSTITUTIONAL AMENDMENT. By 1994 prohibits gill, trammel nets in Southern California coastal waters. Imposes temporary fishing fees. Fiscal impact: Permit fees and marine protection stamp would provide approximately $5 million to Marine Resources Protection Account by 1995. Compensation for fishermen who surrender gill and trammel nets between July 1, 1993 and January 1, 1994, could total up to $3.4 million, if necessary legislation enacted. Enforcement of measure could cost up to $1.5 million annually. Loss of $100,000 annually from reduced fishing license, permit, and tax revenues may result; losses offset in unknown amount by measure’s increased fines.

<th>Measure</th>
<th>Description</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>133</td>
<td>Anti-Drug Programs: Taxes. Initiative Statute. Funds anti-drug enforcement and prevention with 1/2¢ sales tax increase. Prohibits serious offenders' early release. Fiscal impact: The Safe Streets Fund will receive a total of $7.5 billion in sales tax revenue for distribution during the period of the rate increase. Interest earnings received by the General Fund for the period will be $80 million, with education programs receiving up to $33 million. Minor General Fund costs beginning in 1997-98 increasing to more than $30 million annually, by 2012-13 as a result of increased prison population due to elimination of sentence credits for specified offenders; potential one-time costs of more than $140 million for construction of new prison facilities. Increased law enforcement funding could result in additional criminal arrests and convictions, increasing state and local costs, which may be reduced by the increased funding of drug education and prevention programs.</td>
<td>YES 210</td>
<td>NO 211</td>
</tr>
<tr>
<td>134</td>
<td>Alcohol Surtax. Constitutional Amendment. Initiative Statute. Imposes 5¢ per unit alcohol surtax funding alcohol/drug abuse, emergency medical care, other programs. Fiscal impact: Surtax would increase tax on beer from 4 cents to 57 cents per gallon, most wines from 1 cent to $1.29 per gallon, and distilled spirits from $2 to $8.40 per gallon. The surtax would result in additional state revenues of approximately $360 million in 1990-91 and $760 million in 1991-92, depending on alcohol sales. State General Fund revenues could increase or decrease several million dollars due to effect on sales tax revenues and revenues from existing alcoholic beverage taxes. Local sales tax revenue would increase by several million dollars. The guarantee for 1989-90 level nonsurtax funding, with required annual adjustments, for various health, mental health, criminal justice and other programs could increase costs by $180 million in 1990-91 and $300 million in 1991-92; possibly additional tens of millions of dollars in subsequent years. These costs would have to be funded from revenues other than surtax. Expenditure of surtax revenues for prevention and treatment programs could result in future savings.</td>
<td>YES 216</td>
<td>NO 217</td>
</tr>
<tr>
<td>135</td>
<td>Pesticide Regulation. Initiative Statute. Expands pesticide monitoring program for produce, processed foods. Eliminates some industry fees. Modifies penalties, regulations, training. Fiscal impact: One-time state General Fund cost of approximately $49 million, annual costs of approximately $6 million, for pesticide and food monitoring and research programs. Estimated annual state revenue loss of approximately $1.5 million due to repeal of industry fees. Additional state administrative and regulatory costs ranging from $200,000 to, possibly, several million dollars annually.</td>
<td>YES 223</td>
<td>NO 224</td>
</tr>
<tr>
<td>136</td>
<td>State, Local Taxation. Initiative Constitutional Amendment. Increases vote necessary for tax increases. Invalidates special tax ballot measures without 2/3 vote. Fiscal impact: Restricts rate of certain special taxes, could limit future ability of state to raise revenues through such taxes. Could limit future passage of initiative statutes proposing approval of special state taxes. Prohibits imposition of new, higher general taxes by charter cities without voter approval, thus potentially preventing such cities from increasing revenues. Unknown fiscal effect on other local governments. Could facilitate local government's enactment of new or higher taxes for disaster relief.</td>
<td>YES 227</td>
<td>NO 228</td>
</tr>
<tr>
<td>137</td>
<td>Initiative and Referendum. Initiative Constitutional Amendment. Before effective, laws affecting state or local initiative or referendum process require voter approval. Fiscal impact: The measure could result in unknown increased state and local administrative costs for preparation, printing and mailing of ballot information and verifying election results to extent that changes in requirements for initiatives and referendums are submitted to voters. State General Fund costs could range from insignificant to $200,000 per measure for each statewide election. Counties' costs could range from insignificant to $100,000 per measure for each statewide election.</td>
<td>YES 231</td>
<td>NO 232</td>
</tr>
</tbody>
</table>
Programa contra las drogas: impuestos, estatuto de iniciativa. De fondeo para aplicación de leyes contra las drogas y la prescripción de un aumento de 1.2 mil millones en el impuesto a la venta. Garantiza que los delincuentes sean puestos en libertad con antelación. Impacto fiscal: El Fondo para Calles Seguras recibiría un total de 7.6 mil millones en réditos del impuesto a la venta para ser distribuidos durante el periodo del aumento en la tasa. Las ganas por intereses que recibiría el Fondo General durante el periodo serían 500 millones, y los programas de educación recibirían hasta $33 millones. Menores costos al Fondo General comenzando en 1990-91 y aumentando a más de $30 millones al año, para 2012-13 como resultado de aumento en la población de los penitenciados debido a la eliminación de los juzgados para específicamente delincuentes; potenciales costos de una vez en más de $140 millones por construcción de nuevas instalaciones de prisión. El aumento en mayores fondos para la aplicación de las leyes podría resultar en adicionales arrestos y sentencias de delincuentes, aumentando así los costos estatales y locales, que podrían ser reducidos con las aumentos en los fondos para programas de educación sobre drogas y su prevención.

BIBERESAS AL ALCOHOL. ENMIENDA CONSTITUCIONAL. ESTATUTO DE INICIATIVA. Impone sobretaxa de 5 centavos por unidad de alcohol para fondos contra el abuso de drogas y alcohol, atención médica de emergencia y otros programas. Impacto fiscal: La sobretaza aumentaría el impuesto a la cerveza de 4 centavos a 57 centavos por galón; a la mayoría de los vinos de 1 centavo a $1.29 por galón, y a los licores destilados de $1.50 a $4.40 por galón. La sobretaza resultaría en adicionales réditos estatales en aproximadamente $300 millones en 1991-92 y $750 millones en 1992-93, dependiendo del estado de las ventas del alcohol. Los réditos del Fondo General del estado podrían aumentar o disminuir en varios millones de dólares debido al efecto en la tasa del impuesto a la venta y en los réditos de los actuales impuestos sobre bebidas alcohólicas. Los réditos de los impuestos locales a la venta aumentarían en varios millones de dólares. La garantía de fondos del nivel de sobretaza de 1990-91, con requerimientos anuales, para variados programas de salud, autopsia y enterramiento, justicia penal y donde podría aumentar los costos en $180 millones en 1990-91 y más de $300 millones en 1991-92; y posiblemente en decenas de millones de dólares adicionales en subsecuentes años. Estos costos teóricos serán financiados con réditos que no sean de la sobretaza. El gasto de los réditos de la sobretaza para programas de prevención y tratamiento podrían resultar en futuros ahorros.

REGULACIÓN DE PESTICIDAS. ESTATUTO DE INICIATIVA. Expande el programa de control de pesticidas para productos agrícolas y alimentos procesados. Elimina algunos cobros a la industria. Modifica las multas, regulaciones y entretenimiento. Impacto fiscal: Costos de una vez al Fondo General del estado en aproximadamente $450 millones, costos anuales en aproximadamente $55 millones, para programas de control de pesticidas y alimentos y de investigaciones. Se calcula una pérdida anual de réditos estatales en aproximadamente 1.5 millones debido a la revocación de cobros a la industria. Adicionales costos estatales por administración y regulación que fluctúan entre $200,000 a, posiblemente, varios millones de dólares anuales.

FLUCUACIÓN DE IMPUESTOS ESTATUALES, LOCALES. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Aumenta la votación necesaria para aumentar impuestos. Impacto fiscal: Menos impuestos, posiblemente mayor impuestos, para los fondos de los impuestos estatales, locales. Impacto fiscal: Restringiendo la base de ciertos impuestos estatales, podría limitar la habilidad futura del estado de poder aumentar el débito a través de tales impuestos. Podría limitar la futura aprobación de estatutos de iniciativa que proponen la aprobación de impuestos estatales específicos. Podría impedir la imposición de nuevos o más altos impuestos especiales por las ciudades oficialmente consolidadas al la aprobación de los votantes, potencialmente impidiendo así que tales ciudades puedan aumentar réditos. Se desconoce el efecto fiscal en otros gobiernos locales. Podría facilitar la progresión por los gobiernos locales de nuevos o más altos impuestos para alojarse en desastres.

INICIATIVA Y REFERENDUM. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Antes de entrar en vigor, las leyes que afecten el proceso de iniciativa y referéndum estatal o local requieren la aprobación de los votantes. Impacto fiscal: La medida podría resultar en desconocidos aumentos en costos administrativos estatales y locales por preparación, impresión y envío por correo de la información en la balanza y verificación de los resultados de elecciones hasta el punto en que cambien en los requisitos para iniciativas y referéndums sean sometidos a los votantes. Costos al Fondo General del estado podrían fluctuar de insignificantes a $200,000 por medida para cada elección a nivel estatal. Los costos para los condados podrían fluctuar de insignificantes a $100,000 por medida en cada elección a nivel estatal.
FORESTRY PROGRAMS. TIMBER HARVESTING. BONDS. INITIATIVE STATUTE. Authorizes bonds for forest, park restoration, wildlife studies, other programs. Limits timber cutting. Fiscal impact: Estimated cost to state General Fund of $300 million in bond principal, $235 million in interest for bond program. Estimated average annual bond principal and interest costs of approximately $22 million. Annual costs of approximately $3.2 million, funded through sales of state-owned timber, to administer grants program. Initial, increased annual state costs of over $1 million to review timber management plans, which could over time be more than offset by savings resulting from reduced periodic state regulatory reviews. One-time state costs of about $1.1 million for climatological studies, fully offset by revenues from new regulatory fees. Unknown effect on revenues from other state taxes.

PRISON INMATE LABOR. INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE. Permits contracting inmate labor; wages subject to deductions; employer tax credits. Fiscal impact: This measure would likely result in net savings to the state. The magnitude of savings is impossible to quantify. The measure’s impact on local governments is impossible to estimate because the contents of local ordinances implementing contracts for use of jail labor are unknown. Unknown indirect fiscal effects may occur to the extent this measure affects the number of jobs available in the private sector.

TERMS OF OFFICE. LEGISLATURE. INITIATIVE CONSTITUTIONAL AMENDMENT. Limits terms for specified state elected officials, legislators’ retirement, pensions, Legislature’s operating costs. Fiscal impact: Limitation on terms will have no fiscal effect. Restrictions on legislative retirement benefits would reduce state costs by approximately $750,000 a year. To extent future legislators do not participate in federal Social Security system, there would be unknown future savings to the state. Legislative expenditures in 1991-92 would be reduced by about 38 percent, or $70 million. In subsequent years, measure would limit growth in these expenditures to changes in the state’s appropriations limit.

TOXIC CHEMICAL DISCHARGE. PUBLIC AGENCIES. LEGISLATIVE STATUTE. Extends to specified public agencies Proposition 65 toxic discharge and release prohibitions, warnings. Fiscal impact: Unknown costs potentially exceeding $1 million beginning 1991 for notification requirements. Unknown costs, beginning in 1992, potentially in the tens of millions of dollars, depending on extent existing waste discharge controls are not sufficient to comply with discharge prohibitions of Proposition 65.

VETERAN’S BOND ACT OF 1990. This act provides for a bond issue of four hundred million dollars ($400,000,000) to provide farm and home aid for California veterans.

HIGHER EDUCATION FACILITIES BOND ACT OF NOVEMBER 1990. This act provides for a bond issue of four hundred fifty million dollars ($450,000,000) to provide funds for the construction or improvement of facilities of California’s public higher education institutions, which include the University of California’s nine campuses, the California State University’s 20 campuses, the 71 districts of the California Community Colleges containing 107 campuses, the Hastings College of the Law, the California Maritime Academy, and off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990. The use of funds authorized under this act includes, but is not necessarily limited to, the construction or improvement of classrooms, laboratories, and libraries, and the implementation of earthquake and other health or safety improvements.
PROGRAMAS DE FORESTACIÓN. CORTE DE ÁRBOLES PARA MADERA. BONOS. ESTATUTO DE INICIATIVA. Autoriza bonos con beneficios de parqueo, estudios de la vida silvestre, y otros programas. Limita el corto de árboles para maderas. Impacto fiscal: Se calcula el costo del Fondo General del estado en $300 millones por capital de las bonos, $250 millones en interés del programa de bonos. El costo anual promedio por capital de los bonos se calcula en aproximadamente $22 millones. Costos anuales en aproximadamente $3.2 millones, financiados a través de la venta de maderas de propiedad del estado, para administrar el programa de pensiones. Aumentos en costos iniciales anuales en el estado por sobre $1 millón por revisar planes de manejo de árboles maderables, los cuales podrían ser el tiempo y el esfuerzo adicional que resulte de la reducción en las posibilidades de trabajo. Se desconoce el efecto en el número de trabajos disponibles en el sector privado.

TRABAJOS DE LOS SEOS EN PRISION. ENMIENDA CONSTITUCIONAL DE INICIATIVA Y ESTATUTO DE INICIATIVA. Permite contratar a prisioneros para trabajar, salarios sobresalientes a trabajadores. Impacto fiscal: Esta medida probablemente resultará en ahorros para el estado. Es imposible cuantificar el beneficio del ahorro y la necesidad de muchas reglas que permitan la reducción en las posibilidades de trabajo. Se desconoce el efecto en el número de trabajos disponibles en el sector privado.

DURACIÓN EN CARGOS. LEGISLATURA. ENMIENDA CONSTITUCIONAL LEGISLATIVA. Limita: duración en cargo para específicos funcionarios estatales electos. Elección de legisladores. Cargos de legisladores. Costos de la legislación. Impacto fiscal: La limitación de la duración en cargo no tendrá efecto fiscal. Las restricciones en el beneficio de legisladores reducirán costos estatales en aproximadamente de $706,000 al año. Hasta el punto en que los futuros legisladores no participen en el sistema federal de Seguro Social, habrá descontados futuros ahorros para el estado. Los gastos legislativos en 1991-92 serán reducidos en un 26 por ciento, o $706,000. En años subsiguientes, la medida limitará el crecimiento en estos gastos a los cambios en la legislación asignación estatal.

DESCARGA DE SUSTANCIAS QUIMICAS TOXICAS. AGENCIA PUBLICA. ESTATUTO LEGISLATIVOS. Amplía para las agencias públicas especificadas las prohibiciones de descarga de sustancias químicas que hubieran sido autorizadas en la proposición 66. Impacto fiscal: Costos desconocidos, pero potencialmente mayores que $1 millón a partir de 1991 debido a la necesidad de requisitos de seguridad. Costos desconocidos, a partir de 1991, potencialmente en la gama de los decenas de millones de dólares, en el caso de que los controles de la descarga de sustancias químicas existentes no sean suficientes para cumplir con las prohibiciones de la descarga enumeradas en la proposición 66.

ACTA DE BONOS DE 1989 PARA LOS VETERANOS DE GUERRA. Esta acta proporciona una emisión de bonos en un valor de cuatrocientos millones de dólares ($400,000,000) para brindar asistencia a los hogares y granezas de los veteranos de California.

ACTA DE BONOS DE NOVIEMBRE DE 1990 PARA LAS INSTALACIONES DE EDUCACIÓN SUPERIOR. Esta acta proporciona una emisión de bonos en un valor de cincuenta millones de dólares ($50,000,000) para financiar la construcción de nuevas instalaciones de las instituciones de educación superior de California, incluyendo los nuevos campus universitarios de la Universidad de California, los 20 campus de la Universidad del Estado de California, los 119 distritos de los Colegios Comunitarios de California que tienen 107 campus universitarios, el Escuela Hasting de Derecho, la Academia Militar de California, y las instalaciones fuera del campus universitario de la Universidad del Estado de California aprobada por los Síndicos de la Universidad del Estado de California antes del 1 de julio de 1990 o después de 1989. El uso de los fondos autorizados bajo esta acta incluye, pero no está necesariamente limitado a, la construcción nueva o mejora de edificios, laboratorios y bibliotecas, y la implementación de mejoras en el caso de la seguridad y otras mejoras de salud o seguridad.

ACCESS FOR THE DISABLED VOTER
by Ballot Simplification Committee

BEFORE ELECTION DAY:

ABSENTEE VOTING — All voters may request that absentee ballots be mailed to them, or they may vote in person at City Hall from October 9 through November 6, during normal working hours (see “Your Rights as a Voter” section of this pamphlet). In addition, voters with specified disabilities listed on the application below may apply to become Permanent Absentee Voters. Ballots for all future elections will automatically be mailed to Permanent Absentee Voters.

TAPE RECORDINGS — The San Francisco Public Library’s Branch for the Blind at 3150 Sacramento Street produces and distributes tape recorded copies of the State and Local Voter Information Pamphlet for use by visually-impaired voters.

T.D.D. (TELECOMMUNICATIONS DEVICE FOR THE DEAF) — Hearing-impaired or speech-impaired voters who have a TDD may communicate with the San Francisco Registrar of Voter’s office by calling 554-4386.

ON ELECTION DAY:

ASSISTANCE — Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them, or poll workers can be asked to provide needed assistance.

CURBSIDE VOTING — If architectural barriers prevent an elderly or disabled voter from entering the polling place, poll workers will bring the necessary voting materials to the sidewalk in front of the polling place to allow the voter to vote.

PARKING — If your polling place is in a residential garage, elderly and handicapped voters may park in the driveway while voting, provided this will not block traffic.

READING TOOLS — Every polling place has large-print instructions on how to vote and magnifying sheets to enlarge the type on the ballot.

SEATED VOTING — Every polling place has at least one voting booth which allows for seated voting.

VOTING TOOLS — Every precinct has an easy-grip tool and pen to be used in punching the ballot and an easy-grip pen to be used for signing in.

PERMANENT ABSENTEE VOTER QUALIFICATIONS

The physically disabled may apply to be permanent absentee voters. Once you are on our permanent absentee mailing list, you will automatically receive an absentee ballot every election until you move or re-register.

To become a permanent absentee voter, complete the form on the back cover and return it to the Registrar of Voters, Room 158, City Hall, San Francisco, 94102. Each time you move or re-register to vote, you must apply again to be a Permanent Absentee Voter. In all other cases you do not need to re-apply.

To qualify as a “Permanent Absentee Voter” you must have one or more of the following conditions:

___ Lost use of one or more limbs
___ Lost use of both hands.
___ Unable to move about without the aid of an assistance device (e.g. cane, crutches, walker, wheelchair).
___ Suffering from lung disease, blindness or cardiovascular disease.
___ Significant limitation in the use of the lower extremities.
___ Suffering from a diagnosed disease or disorder which substantially impairs or interferes with mobility.
YOUR RIGHTS AS A VOTER
by Ballot Simplification Committee

Q — Who can vote?
A — U.S. citizens over 18 years old who are registered to vote in San Francisco before October 10, 1990.

Q — I moved before October 9; can I vote in this election?
A — Only if you re-registered at your new address. You must re-register each time you change your address.

Q — I moved after October 9; can I vote in this election?
A — If you moved within the City between October 9 and November 6, you may go to your old precinct to vote.

Q — What offices can I vote for at this election?
A — You may vote for:
Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Insurance Commissioner, Member of State Board of Equalization (District 2), Member of the State Assembly, State Senator if you live in District 8, United States Representative, Supreme Court Justice, Appeals Court Justice, Municipal Court Judge, Assessor, Supervisor, Member of the Community College Board, and Member of the School Board.

Q — Where do I go to vote?
A — Go to your polling place. The address is on your mailing label on the back cover of this book.

Q — When do I vote?
A — Election Day is Tuesday, November 6, 1990. Your polling place will be open from 7 a.m. to 8 p.m. that day.

Q — What do I do if my polling place is not open?
A — Check the label on the back of this book to make sure you have gone to the right place. Polling places often change. If you are at the right place, call the Registrar’s Office at 554-4375 to let them know the polling place is not open.

Q — If I don’t know what to do when I get to my polling place, is there someone there to help me?
A — Yes, the workers at the polling place will help you.

Q — Can I take my sample ballot or my own written list into the voting booth?
A — Yes. Deciding your votes before you go to the polls will help you.

Q — Can I vote for someone whose name is not on the ballot?
A — Yes, you can write in the name of the person. If you don’t know how to do this, ask one of the poll workers to help you. Only “qualified” write-in candidates will be counted.

Q — Can a worker at the polling place ask me to take any test?
A — No.

Q — Is there any way to vote beside going to my polling place on election day?
A — Yes, you can vote before November 6 by:
• going to the Office of the Registrar of Voters in City Hall from October 9, through November 6, 8 a.m. to 5 p.m., Monday through Friday; or
• mailing in a request for an absentee ballot. You may send in the application for an absentee ballot printed on the back cover of this book. The application must be received by the Registrar of Voters before October 30, 1990.

Q — If I don’t use an application form, can I get an absentee ballot some other way?
A — You can mail a postcard or a letter to the Registrar of Voters asking for an absentee ballot. This letter should include:
• your home address
• the address to which you want the ballot mailed
• your printed name and your signature.
Your request must be received by the Registrar of Voters no later than October 30, 1990.

BALLOT SIMPLIFICATION COMMITTEE
Nicholas de Luca, Committee Chair
National Broadcast Editorial Association
Kay Blalock
League of Women Voters
Beverly Ornstein
National Academy of Television Arts and Sciences, Northern California Chapter
S.M. Rilleau
The Newspaper Guild, Northern California Chapter

San Francisco Unified School District

The Ballot Simplification Committee prepares digests (“The Way It Is Now,” “The Proposal,” “A ‘Yes’ Vote Means,” and “A ‘No’ Vote Means”) of measures placed on the ballot each election, and with the assistance of the Registrar of Voters, prepares the table of contents, an index of candidates and measures, a brief explanation of the ballot pamphlet, definitions of terms in the pamphlet, a summary of basic voters’ rights, and a statement as to the term, compensation and duties of each elective office.
Important Facts About Absentee Voting
Also Known as Vote-By-Mail

There continues to be considerable confusion about the rules and procedures governing absentee ballots. The results are that some voters do not vote and others send in ballots that are not counted because the proper procedures were not followed. Voters who wish to vote by absentee ballot should familiarize themselves with the following information:

APPLICATION FOR ABSENTEE BALLOT

Any voter may get an absentee ballot. You no longer need a reason (e.g. illness, travel) to get an absentee ballot. Any registered voter may request one.

Permanent Absentee Voters: The disabled may apply to become permanent absentee voters. A permanent absentee voter will automatically receive a ballot each election without having to apply each time. Whenever a permanent absentee voter moves or re-registers however, s/he must re-apply for permanent status. Frequent travellers are not eligible for permanent absentee voter status. They must apply for an absentee ballot each time. An application to be a permanent absentee voter is on the back cover of this pamphlet.

Third Party Delivery of Absentee Ballot Applications: Unless you know and trust the person delivering your application for an absentee ballot, you should deliver or mail it directly to the office of the Registrar of Voters. Political campaigns often ask voters to mail their applications to their campaign headquarters, and the campaigns then add the information you provide to their files and mailing lists. This may delay your application for as much as three weeks or even past the deadline for the application to arrive in our office. If you receive an absentee ballot application from a campaign, we recommend that you mail it directly to the San Francisco Registrar of Voters.

Applications: We strongly recommend that voters use the application provided on the back cover of the voter information pamphlet and include the mailing label with the bar code. This form with the bar code on the label allows us to process your request more rapidly.

If you do not have that application form, you may send us another application form or you may send a post card with your request for an absentee ballot. Please print your name, birthdate and residence address, the address where you want the ballot sent if it is different, your day and night time telephone numbers, your signature and the date you are making your request. You may “fax” your request to this office at (415) 554-4047.

RETURNING YOUR ABSENTEE BALLOT

To be counted your ballot must arrive in the Office of the Registrar of Voters or any polling place by 8 p.m. on Election Day. If your ballot arrives after that time, it will not be counted. A postmark on your absentee ballot return envelope before or on Election Day is not acceptable if the ballot arrives after 8 p.m. on Election Day.

Never make any identifying marks on your ballot card. Some absentee voters sign or initial their ballot card. NEVER make any identifying marks on your ballot. Your ballot is no longer considered secret, if there is such a mark, initial or signature, and thus cannot be counted. This is also true for the grey secrecy envelopes if you vote for a write-in candidate.

“Cleaning” your ballot card: After punching out the holes corresponding to your choices, you will notice that there are many little paper chips hanging from the back of the card. These hanging paper chips must be removed from the back of the card or they will fall back into their holes as if you never punched it, and thus those votes will not be counted.

You must sign your name on the Absentee Ballot Return Envelope. You must personally sign the envelope in the space provided. No one else, including anyone with a power of attorney, is permitted to sign for you. If your signature is not on the envelope, it will not be opened and the ballot will not be counted.

Third party delivery of ballots: If you do not mail your absentee ballot and are unable to deliver your ballot to the Registrar of Voters or a polling place, you may have your spouse, child, parent, grandparent, grandchild, sister or brother return your absentee ballot for you. However, when you have your ballot returned by a third party, you and that person must complete the appropriate sections on the absentee ballot return envelope. Your ballot will not be counted unless those sections have been completed properly.

EMERGENCY VOTING

Within seven days of an election, if you become ill or disabled, or because of a physical handicap are unable to go to your polling place, you may request in a written statement, signed under penalty of perjury, that a ballot be delivered to you by your authorized representative who presents the written statement at the Office of the Registrar of Voters.

You or your authorized representative may return the ballot to the Registrar of Voters or to a polling place. If your authorized representative returns the ballot, the appropriate sections of the absentee ballot return envelope must be completed. These ballots may not be mailed.
LOCAL OFFICES TO BE VOTED ON THIS ELECTION

ASSESOR
The term of office for the Assessor is four years. The Assessor is paid $98,670 a year.
The Assessor decides what property in the City is subject to tax, and the value of that property for tax purposes.

MEMBER, BOARD OF SUPERVISORS
The term of office for member of the Board of Supervisors is four years. Supervisors are paid $23,924 a year. There are eleven members of the Board of Supervisors. Voters will select five members this year.
The Board of Supervisors is the governing body for the City and County of San Francisco. They make laws and establish the annual budget for City departments.

MEMBER, BOARD OF EDUCATION
The term of office for member of the Board of Education is four years. They are paid $6,000 a year. There are seven members of the Board of Education. Voters will select three members this year.
The Board of Education is the governing body for the San Francisco Unified School District (public schools).

MEMBER, COMMUNITY COLLEGE BOARD
The term of office for member of the Community College Board is four years. They are paid $6,000 a year. There are seven members of the Community College Board. Voters will select three members this year.
The Community College Board is the governing body for the San Francisco Community College District (City College and other adult learning centers).

STATEMENT OF QUALIFICATIONS
LOCAL CANDIDATES

On the following pages are statements of qualifications from local and BART candidates. They have been printed as submitted. Spelling and grammatical errors have not been corrected.
The statements are volunteered by the candidates. They have not been checked for accuracy by any City official or agency.
ELLEN CHAITIN

My address is 175 Upper Terrace
My occupation is Attorney/Law Teacher
I have withdrawn my candidacy for Judge, but state law prohibits removing my name from the ballot.
In the June primary, I finished second out of four candidates.
Encouraged to run by my colleagues with whom I’ve worked for nearly 20 years on legal reform issues, as a trial attorney, teaching law and former chair of the Bar Association’s Criminal Justice Advisory Council, I waged a campaign focusing on substantial legal issues and informing voters of the significant differences in the candidates’ courtroom experience and legal qualifications.

Although I am grateful for the broad support I received from voters, elected officials, Bar Association leaders, community organizations, and newspapers, clearly my only hope of winning would require raising and spending enormous sums of money. It costs more than $30,000 to send one small postcard to only half the registered voters. I cannot in good conscience ask my supporters to continue sacrificing their time and money.

I now bow out, offering congratulations to my opponent, and thanks to all whose kindness, generosity and commitment sustained me through a rigorous campaign.

Ellen Chaitin

JULIE TANG

My address is 788 - 18th Ave
My occupation is Assistant District Attorney
My age is 40
My qualifications for office are: Our Justice system is a sacred trust. The qualities of integrity, fairness, judicial temperament are crucial to becoming a Judge.

I received a Masters Degree from Stanford University, a Juris Doctorate from Hastings College of the Law.

As an Assistant District Attorney since 1982, I have handled both civil and criminal cases, prosecuted over 100 misdemeanor cases and over 50 court trials.

I am gratified that my legal experience was recognized by the San Francisco Bar Association, who rated me “WELL QUALIFIED” to be a Municipal Court Judge.

My supporters include:
Former Mayors DIANNE FEINSTEIN, JOSEPH ALIOTO
Justice HARRY LOW and 13 OTHER JUDGES
District Attorney ARLO SMITH
Public Defender JEFF BROWN
Supervisors ANGELA ALIOTO, TOM HSIEH, WENDY NELDER
State Senators MILTON MARKS, QUENTIN KOPP
Assemblyman JOHN BURTON
SAN FRANCISCO CHRONICLE
SAN FRANCISCO EXAMINER
SAN FRANCISCO INDEPENDENT
SAN FRANCISCO WEEKLY
BAY AREA REPORTER
SAN FRANCISCO LABOR COUNCIL
DEPUTY SHERIFF’S ASSOCIATION
NATIONAL WOMAN’S POLITICAL CAUCUS
BLACK LEADERSHIP FORUM
ALICE B. TOKLAS LESBIAN/GAY DEMOCRATIC CLUB
CHINESE AMERICAN DEMOCRATIC CLUB
(a partial list)

Most importantly, I thank the VOTERS of San Francisco who gave their overwhelming support to my candidacy in June.

I ask for your continued support on November 6, 1990.

Julie Tang

Candidates for Assessor

WENDY NELDER

My address is 150 Casitas Avenue
My occupation is Attorney/Supervisor
My age is 48
My qualifications for office are: I have absolutely no ownership or income interests in real property which create any conflict of interest as Assessor.

As attorney for 25 years, Supervisor for three terms, and past President of the Board, I have a proven record of unique, practical accomplishments.

Just as I’ve fought for reduced local government spending, I’ll work for new statewide lower assessment formulas with the same energy that created the nationally copied No-Smoking Ordinance; the Police Fingerprint Computer which reduced our crime rate; laws allowing earthquake victims to quickly replace damaged buildings.

My goal is to achieve fair, reduced property assessments.

Wendy Nelder

The sponsors for Wendy Nelder are:

RICHARD D. HONGISTO

My address is 1848 Pino Street
My occupation is Supervisor
My qualifications for office are: With 28 years of public service, I am the only candidate with real management experience.

As Sheriff of San Francisco, I managed 399 employees; as Police Chief, 2,500; as New York Prison Commissioner, 13,000.

While this would be the largest managerial responsibility faced by the other candidates, it would be my smallest.

I want to be your assessor so I can make it a model agency. I know government and real estate. I am dedicated to public service and to lower taxes for you.

Mayor Agnos agrees I am the rational choice.

I would appreciate your vote.

Richard D. Hongisto

The Sponsors for Richard Hongisto are:
Candidates for Supervisor

BILL GRAYSON

My address is 95 Sea Cliff Ave
My occupation is Attorney at Law
My age is 32
My qualifications for office are: As a native San Franciscan, deeply involved in charitable, civic and political causes, it is my intention to restore greatness to our city. Frustration abounds as to the ability of our supervisors and mayor to get things done. We need a fresh face — a hard working leader who knows the San Francisco of past and who has a vision for its revitalized future.

A robust economy, fiscal accountability, individual empowerment, a healthy environment and aggressive law and order are critical to our future.

The opportunity for a great San Francisco is now!

Bill Grayson

The sponsors for Bill Grayson are:

MARILYNN GAZOWSKY

My address is 155 San Aleso
My occupation is Pastor Emeritus
My qualifications for office are: When Wendy Nelder spoke to me about running for Supervisor, at first I felt far too busy as administrator, author, music teacher, and public speaker. Seeing the desperate need of our city, I decided to lay aside some of these to represent the interests of San Francisco families, promote higher standards of education, protect the morals of our young people and make available to all children instruction in the arts and create for them a yearly festival. I have charitably served San Franciscans for 24 years, and am a believer that Prayer Changes Things. “I love you dearly, San Francisco.”

Marilynn Gazowsky

The sponsors for Marilyn Gazowsky are:
Candidates for Supervisor

JOSE EMILIO MEDINA

My address is 39 Colby St.
My occupation is founder and executive director of Instituto Laboral de la Raza
My age is 48
My qualifications for office are:
PUBLIC SERVICE:
• Member, Board of Permit Appeals (1986-88).
• Member, Relocation Appeals Board (1984-86).
COMMUNITY LEADERSHIP:
• President, St. Anthony's Foundation (1985-90).
• Boardmember, Catholic Charities (1978-83).
• Member, United Way Leadership and Resource Development Committee (since 1989).
EDUCATION:
• Littlefield H.S (1960).
• Attended Harvard Graduate School of Business (1970-72).
• San Francisco City College (1973-75).
• B.A. San Francisco State University (1978).
• J.D. Hastings College of Law (1982).
PERSONAL: My wife Raquel and I have raised two fine sons.

The sponsors for Jose Emilio Medina are:

BILL MAHER

My address is 1005 Anza St.
My occupation is Supervisor, City & County of S.F.
My age is 42
My qualifications for office are: As a Supervisor, my priority is people. I support environmental, health, arts and children's programs . . . not deputy mayors. I'm honest with voters — I fight against hidden tax increases. I do everything I can to make sure that public "servants" serve the public.

I believe in accountability, responsible budgets, respect for the taxpayer and politics that includes people, not excludes them.

As an independent leader, I've fought the politicians inside City Hall to represent the people outside.

That's what I've done. That's what I'll continue to do.

Bill Maher

Candidates for Supervisor

JAMES J. MANGIA

My address is 44 Roscoe Street
My occupation is Activist for Democracy
My age is 33 years old
My qualifications for office are: I am an experienced community organizer and activist. For ten years I have worked as a civil and gay rights advocate and have been an AIDS Project Director for the last two years. This is a people’s CAMPAIGN FOR DEMOCRACY, to open up the Board of Supervisors to new and independent blood, to build a new alliance between the African-American, Latino, Asian/Pacific Islander, Native American, progressive white and lesbian and gay communities. As an independent leader I am proud to work alongside Dr. Lenora Pulani, the distinguished African-American leader who ran for President in 1988.

James J. Mangia

The sponsors for James J. Mangia are:

CAROLE MIGDEN

My address is 1960 Hayes Street #6
My occupation is Community Health Director
My age is 41
My qualifications for office are:
Community Health Director
• Served as the director of two community health agencies. Experience in managing people and programs, balancing budgets and designing cost-effective services.
Political Party Leader
• Extensive political experience on the local, state and national levels. San Francisco political party chairperson. Close working relationships with state and national public officials will allow me to lobby effectively for San Francisco’s needs.
State Health Commissioner
• Member of the California Health Manpower Policy Commission.
Board of Directors, United Way of the Bay Area
• Generate public support and set policy for the Bay Area’s largest volunteer and charitable giving organization.

Carole Migden

Candidates for Supervisor

DEHNERT C. QUEEN

My address is 956 Sacramento St., Apt. 305
My occupation is CEO, Small Business Development Corp.
My age is 43
My qualifications for office are: 1965 – Present: Custom computer systems; small business owner; vocal small business advocate.
1986 – Present: Designed integrated plan for downtown ballpark and small business/sports center located at 2nd/King streets with direct CalTrain service between San Jose, San Francisco Airport, proposed ballpark, and a true downtown terminus (Justin Herman Plaza). Upon locating our $500,000,000 private funding, Mayor Agnos announced his publically-funded ballpark using our site.
Why? Elected officials have a hidden agenda to build Mission Bay, convert the Embarcadero to tourism, displace small businesses/middle class/Giants, and build transit systems that won’t work when completed. There are documented alternatives.

JIM ROBINSON

My address is 285 Buckingham Way
My occupation is Executive director of a non-profit community service organization
My age is 59
My qualifications for office are: I am not endorsed by Mayor Agnos. I am a real alternative to the status quo. I am not beholden to any special interest groups. I hold bachelor’s and master’s degrees. I have entrepreneurial experience, operating concurrently: restaurant, self-service auto repair, book & craft store, auto shop, tire store and non-profit service corporation.
I have enlisted and commissioned experience in the Army. I served as Chaplain, LCDR in the Navy and with the Marines in Vietnam. I have been married to one woman for 38 years. We raised three sons and a daughter, of whom we are proud.

Jim Robinson

The sponsors for Jim Robinson are:

Dehnert C. Queen

Candidates for Supervisor

HARRIET ROSS

My address is 1333 Jones Street
My occupation is Trial Lawyer
My qualifications for office are: For twenty-two years, I have served San Francisco as a Public Defender and am a nationally known trial attorney. In addition to my law degree, I have a degree in Mechanical Engineering, and worked as an engineer in private business. I have served on the Boards of civic and neighborhood organizations, am an advocate for children and am Vice-President of San Francisco State Fair Board. I bring good judgment, common sense, reason, and responsibility to the Board of Supervisors, where I will advocate policies of fiscal responsibility economic development, increased housing and effective solutions to the homeless problem.

Harriet Ross

The sponsors for Harriet Ross are:

THOMAS L. ADAMS

My address is #1 Ora Way
My occupation is President, Consulting Engineering Firm
My age is 57
My qualifications for office are: I am a resident and homeowner in San Francisco, a graduate of Lincoln High School 1950, Engineering graduate Fresno State College 1954, and Masters of Engineering graduate University of California Berkeley 1958. I am a Korean War veteran, having served as an officer in the Marine Corps. I am President of T.L. Adams and Associates, a consulting engineering firm in the Bay Area since 1984. I am sufficiently financially independent and have the time and interest to devote to a term as Supervisor. My intent would be to ensure that our City is run on a sound and financially responsible basis, equitable to all San Franciscans.

Thomas L. Adams

The sponsors for Tom L. Adams are:
CANDIDATES FOR SUPERVISOR

DANIEL J. ADDARIO

My address is 950 Columbus Ave., #16
My occupation is Special Agent in Charge, D.E.A., Retired
My qualifications for office are: 23 years Department of Justice; Drug Enforcement Administration, Special Agent in Charge, San Francisco; Foreign Operations Director, Washington, D.C.; Managed over 300 employees, balanced multi-million dollar budget; U.S. Diplomat in Southeast Asia, South America; Investigator for Attorney General Robert Kennedy (corruption); Veteran, small business owner, father of three.

I am a national authority on drug abuse and crime prevention. I am the only candidate with management experience, fiscal and federal expertise. I will work to reduce crime in the neighborhoods, provide a clean, safe city, and a fiscally responsible government which respects cultural diversity for all San Franciscans.

Daniel J. Addario

The sponsors for Daniel J. Addario are:

ROBERTA ACHTENBERG

My address is 456 Hill Street
My occupation is Civil Rights Attorney
My age is 40
My qualifications for office are: Living in San Francisco has never been more difficult. It's harder to raise a family, find a place to live, move around, breathe the air or feel safe in our homes.

For fifteen years, I've worked hard to make San Francisco a more livable City. My campaign is about improving the quality of life for all San Franciscans.

I believe I can make an impact on issues that touch our daily lives like childcare, affordable housing, transportation, AIDS care and the environment. So do my sponsors. Please judge for yourself.

It's time City Hall focused on creating a more livable City for everyone.

Robertha Achtenberg

The sponsors for Roberta Achtenberg are:

STATEMENTS ARE VOLUNTEERED BY THE CANDIDATES AND HAVE NOT BEEN CHECKED FOR ACCURACY BY ANY OFFICIAL AGENCY.
Candidates for Supervisor

ARLO SMITH

My address is 66 San Fernando Way
My occupation is BART Director/Attorney
My qualifications for office are: Honest, progressive leadership is needed at City Hall!

As a BART Director and private citizen, I have spent years fighting for reform — and against waste and mismanagement — at BART and City Hall.

As BART President, I kept the system running when the Bay Bridge collapsed.

I successfully opposed a 70% Supervisors pay hike, negotiated a deal to extend BART to the San Francisco airport, and authored the ballot measure to keep the San Francisco Police Horse Patrol.

As your Supervisor, I will continue to fight for the interests of San Francisco taxpayers and city service users — and against giveaways and favors for moneyed special interests.

The sponsors for Arlo Smith are:
- Michael S. Bernick, 140 Arguello, BART Director
- Candace S. Caldwell, 969 Bush St. #506, Legal Secretary
- Lasagne Edwards, 1536 Great Hwy. #24, Legal Secretary
- Terence J. Faulkner, 870 47th Ave., Businessman
- Bob Geary, 2578 Great Hwy., Police Officer/County Central Committee
- Harry R. Gulchard, 1578 35th Ave., Retired
- Robert Gulchard, 1578 35th Ave., Television Executive
- William D. Handelsman, 3110 Ocean Ave., Retired (Labor Leader)
- Veteran US Coast Guard
- Rosemary Little Herbert, 38 McCarthy Ave., Legislation Clerk
- Harry H. Herpe, 2083 43rd Ave., Businessperson
- James Jackson, 320 Urbano Dr., Construction
- Angela L. Kallom, 716 Goettingen St., Telephone Operator
- William Kremen, 1280 27th Ave., Realtor
- Joan S. Leider, 179 Topaz Way, Office Manager/Accountant
- Bob J. McCormick, 2 Hill Point Ave., Hotel Executive
- Arnie McMab, 538 28th Ave. #201, Small Business Owner
- Susan L. Portugal, 41 Belvedere, Student/Operator/Physical Therapy Aide
- Dehnert C. Queen, 956 Sacramento St. #305, Small Business Development Company
- Barbara A. Reilly, 3001 21st Ave., Clerk
- Dean Rider, 1 Hillpoint, Medical Doctor
- Robert Silvestri, 3090 23rd Ave., Fireman
- Alexa Smith, 66 San Fernando Way, Businesswoman
- Arlo Smith, District Attorney
- Helen Hale Smith, 66 San Fernando Way, Teacher
- Jesse David Wall, 225 Edna St., Physics Teacher

KEVIN F. SHELLEY

My address is 20 San Antonio Place, #1B
My occupation is Director of San Francisco Alive
My age is 34
My qualifications for office are: As a new member of the Board of Supervisors, I will bring a common sense approach to the fundamental issues which affect our everyday lives in San Francisco.

My priorities include:
- Revitalizing San Francisco's economy thereby creating jobs and increasing revenue;
- Providing affordable housing;
- Expanding the fight against AIDS;
- Improving childcare, youth, and senior services;
- Protecting the Presidio;
- Creating an efficient and environmentally sound citywide transportation system.

My past accomplishments include:
- Serving as an earthquake relief coordinator;
- Providing jobs for the homeless and neighborhood youth;
- Creating graffiti eradication and neighborhood recycling programs;
- Working for the City's Congressional Delegation in Washington and San Francisco.

The sponsors for Kevin F. Shelley are:
- Nancy Pelosi, 2640 Broadway, Member of Congress
- Art Agnos, 42 Graystone Terr., Mayor
- Dianne Feinstein, 30 Presidio Terrace, Candidate for Governor
- Louise H. Renne, 3752 Jackson St., City Attorney
- Cleve E. Jones, 32 Hancock St. #2, Community Activist
- Angela M. Alloto, 2606 Pacific St., Supervisor
- George Christopher, 1170 Sacramento St. #3D, Retired
- Former Mayor of San Francisco
- Thomas Hsieh, 1531 Taylor St., S.F. Supervisor
- Willie L. Brown, Jr., 1200 Gough, Speaker of the Assembly
- Thomas R. Wolford, 975 Duncan St., President, S.F. College Board
- Mary I. Callanan, 1661 Dolores St., Treasurer, San Francisco
- Cecil Williams, 60 Hilfigas, Director
- Henry Der, 726 32nd Ave., Civil Rights Administrator
- Jim Gonzalez, 642 Edinburgh St., Member, Board of Supervisors
- Sherrl A. Chies, 832 48th Ave., Labor Union Official
- Joseph L. Alloto, 2510 Pacific Ave., Lawyer
- Leland Y. Yee, 1489 Dolores St., Member, Board of Education
- Pat Norman, 319 Richland Ave., Director, YES Training Center
- Fred A. Rodriguez, 523 Oak Park Drive, Lawyer
- Joan-Marie Shelley, 895 Burnett Ave. #4, Union Official
- Melvin M. Swig, 999 Green St., Businessman
- Frances M. McAteer, 130 Santa Ana Ave., Retired
- Amy W. Meyer, 3627 Clement St., Conservationist
- Terence T. Hallman, 41 Grant St., S.F. Supervisor
- Michael Hennessey, 261 Anderson St., Sheriff
- Susan J. Bierman, 1529 Shrader St., Planning Commissioner
- Carlton B. Goodlett, 6060 O'Farrell St., Physician and Publisher
- John L. Burton, 712 Vermont St., Assemblyman
- Leo T. McCarthy, 400 Magellan Ave., Lt. Governor of California
- Thomas J. Cahill, 246 17th Ave., Chief of Police
- Retired S.F.
Candidates for Supervisor

CAROL RUTH SILVER
My address is 68 Ramona Ave.
My occupation is attorney/businesswoman/mother
My age is 52
My qualifications for office are: An experienced and visionary leader.
I created:
• First advocacy organization for RU-486 (the French pill for safe termination of pregnancy)
• Private, effective first-time home buyer programs through equity sharing
• Mandarin Chinese bi-lingual, bi-cultural pre-school
• Homeless shelters as an alternative to parks and sidewalks
• With the Mayor, early city funding for AIDS research and treatment
Elected to the Board of Supervisors as a close ally of Harvey Milk and George Moscone, I have fought for human rights and against injustice.
My vision and experience will serve San Francisco well. I would appreciate your vote.

Carol Ruth Silver

ELLIS LEONARD
ANTHONY KEYES
My address is 1930 Hyde Street 1
My occupation is Party of Life
My age is 34
My qualifications for office are: Having received the finest available formal education, the practical experience and necessary training enabling me to effectively meet the duties of this office.
I am prepared to unify self and common interest in the same spirit and manner as set forth in the Declaration of Independence along with the Constitution of the United States, to act as a party that will restore the human person by reducing bureaucracies, institutions, ideologies, and government to mere servants of life and people.

Ellis L. A. Keyes

The sponsors for Ellis L. A. Keyes are:

Candidates for Supervisor

VU-DUC VUONG

My address is 2259 – 43rd Avenue
My occupation is Community Organizer/Agency Executive
My qualifications for office are: My education, experience, vision and commitment will help San Francisco prepare for the 21st Century.

With an academic background in politics, international relations, social work and law, I have worked as community organizer, legislative analyst, social worker, and agency executive. I am progressive on human and environmental issues, moderate on economic and fiscal issues, conservative on public trust.

As Supervisor, I will work with other Bay Area cities to develop an effective housing, transportation and environmental balance, expand BART to the whole region, invigorate the economy and trade; and together with all constituencies, build a humane and prosperous San Francisco.

The sponsors for Vu-Duc Vuong are:

JOEL VENTRESCA

My address is 202 Grattan Street
My occupation is Budget and Policy Analyst for the City and County of San Francisco Airports Commission
My age is 38
My qualifications for office are: I am a neighborhood and environmental activist dedicated, for over fifteen years, to improving the quality of life in San Francisco. I am a past president of the Coalition for San Francisco Neighborhoods. I am on the Board of Directors of San Francisco Tomorrow.

I have a decade of experience working in non-profit and public agencies for children, aging and public enterprise programs.

I have a Master of Public Administration and a Bachelor of Arts in Government from the University of San Francisco.

If elected, my staff and I will be available to you and your family to assist you in solving city problems.

The sponsors for Joel Ventresca are:
Candidates for Supervisor

HAROLD M. HOOGASIAN
My address is 485 Monticello
My occupation is Small Businessperson/Florist
My age is 40
My qualifications for office are: I own and operate a profitable small business in partnership with my brother. As President of the Marina Merchants Association during the earthquake crisis of October 1989, I served our community...as a devoted, native San Franciscan, I will serve our City. I worked for the two term limit on the Board of Supervisors and will work as your citizen advocate. I seek to protect and enhance the quality of our environment in San Francisco...and will act as your voice for safe, clean streets and a better business environment. I can exercise independent judgement and will fight...for San Francisco!

Harold M. Hoogasian

The sponsors for Harold M. Hoogasian are:

MILDRED “MILLIE” DANCH
My address is 2516 16th Ave.
My occupation is Flight Attendant - Registered Nurse
My age is Legal
My qualifications for office are: I am energetic, ambitious, enthusiastic and I love to work. I will listen to you and to your concerns. Since establishing residency in 1963, I have observed the problems and opportunities of this city and its people. Here are the concerns I will address:
NO FOREIGN AID!!!!
NO LOBBYING
NO SCHOOL BUSING
Balancing the budget
Cutting government waste
Prohibiting excessive taxation
Providing quality education, health care, and child care
Settling labor disputes
Stopping drug traffic
Protecting neighborhood character
Controlling pollution
Getting seniors involved
Improved parking
Controlling crime
I thank you for your support.

Mildred “Millie” Danch

The sponsors for Mildred “Millie” Danch are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
JIM LAZARUS

My address is 65 Fifth Avenue
My occupation is Governmental Specialist/Attorney
My age is 41

My qualifications for office are: Fifteen years ago I began my public service as deputy City Attorney. Since then I’ve served as the Board of Supervisor’s legislative counsel, the City’s labor relations consultant and executive deputy Mayor to the Feinstein administration.

I drafted landmark rent stabilization legislation, campaign spending controls, conflict of interest provisions and other major areas of City law.

I’ve represented San Francisco before the League of California Cities, state and federal government.

As father of four children I’m active in our neighborhood and currently president of Planning Association for the Richmond.

I’ve prepared myself to serve as Supervisor and would appreciate your support.

Jim Lazarus

The sponsors for Jim Lazarus are:
Dianne Feinstein, 30 Presidio Terrace, Candidate for Governor.
Willie L. Brown, Jr., 1200 Gough St., Legislator/Attorney at Law.
Louise H. Renne, 3725 Jackson St., City Attorney. Quentin L. Kopp, 68 Country Club Dr., State Senator/Attorney at Law.
Jim Gonzalez, 642 Edinburgh St., Member, S.F. Board of Supervisors.
Rita R. Semel, 928 Castro St., Community Relations Specialist.
Lawrence B. Martin, 401 Garfield St., Transport Worker Union.
Michael Salarno, 95 Crestlake Dr., Owner Andre’s TV. Florence Fang, 170 Gellert Dr. Stephen P. Cornell, 1510 Portola Dr., Retailer.

HEIDI C. CHRISTENSEN

My address is 690 Haight Street
My occupation is Administrative Assistant
My qualifications for office are: San Francisco approaches the year 2000 facing many challenges. We need expanded, efficient mass transit; increased AIDS education and treatment; support of small businesses; a modernized Port; better access to health care; and a protected environment. We also need revenue to do that.

I’m running to fill these needs. With years of experience in political and community organizing, without “political debts,” I have the experience, vision and integrity to take action effectively. I am committed to opening up City Hall to citizen participation and responding to the growth and demands of San Francisco over the next 4 years.

Heidi C. Christensen

The sponsors for Heidi C. Christensen are:
Candidates for Supervisor

JEFFREY CHANG

My address is 161 Escolta Way
My occupation is Businessman
My age is 56
My qualifications for office are: My knowledge and experience in the business community and 25 years life experience in the city. I raised my family here that one of my daughters graduated from UC Berkeley and now attending a medical school at UC Davis. The other one graduated from Lowell High School and now attending City College. I held a B.A. degree in business administration and have received comprehensive insurance training in Switzerland. Worked for many years as an insurance underwriter, insurance claim adjuster and a real estate salesperson. I have opened my own business — bar & restaurant in September 1978. Now, I have two locations.

Jeffrey Chang

The sponsors for Jeffrey Chang are:

JOHN J. FIGONE

My address is 2322 - 27th Avenue
My occupation is Partner, Investment Company
My age is 30
My qualifications for office are: My commitment to fight for a city government which will plan its priorities and stick to them, instead of resorting to management by crisis or single issue politics.

As a fourth generation San Franciscan I am concerned that current political trends will impair our future ability to afford homes, raise families and educate our children.

We must restore the BALANCE of common values between meeting the needs of the disadvantaged and serving the general public.

You have five votes — set one aside as an investment in a NEW SAN FRANCISCO TRADITION and elect JOHN FIGONE for SUPERVISOR.

John J. Figone

The sponsors for John J. Figone are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

DORIS M. WARD

My address is 440 Davis Court #1409
My occupation is Member, Board of Supervisors
My qualifications for office are: A long-standing commitment to serve our City. As we rebuild after the earthquake, we must insure San Francisco remains an affordable, vital place to live for all people.

During my ten years on the Board of Supervisors, I have tried to act compassionately while remaining pragmatic. With your support, I will continue my efforts to insure adequate City services for all San Franciscans, including women and minorities; to establish a reliable budgetary process; to maintain affordable housing; to provide needed health services; to promote employment opportunities, through strengthening our small businesses; and to guarantee our youth a promising future.

Doris M. Ward

The sponsors for Doris M. Ward are:
Candidates for Board of Education

DAN KELLY

My address is 255 San Marcos Avenue
My occupation is Pediatrician
My age is 42
My qualifications for office are: I am a pediatrician and my children attend public schools. My twenty years of community service include
- Classroom volunteer, SFUSD
- Clinical Faculty, UCSF
- Admissions Panel, Committee on Admissions Policy, Stanford Medical School
- School Site Council
- Secretary, Parents for Immersion Education
- Board member, past President, West Portal CARE
- Board member, UCSF Child-Care/Study Center
- School Health Committee, Academy of Pediatrics

I am committed to excellence in education for all children. I will advocate challenging, up-to-date curriculum, smaller class size, better counseling services, fiscal responsibility. I will promote parent involvement and expansion of successful programs. San Francisco can have outstanding schools!

Dan Kelly

The sponsors for Dan Kelly are:

MYRA G. KOPF

My address is 1940 - 12th Avenue
My occupation is Incumbent
My qualifications for office are: As an educator, parent of three public school educated children, PTA leader, and school board member, I have a proven record of leadership, integrity, caring, and effectiveness.

My colleagues elected me President of the National council of Great City Schools, President of the Association of California School Districts, and twice President of the San Francisco School Board.

Throughout the changes of policies in the education and administration of our school district, I have kept constant a vision of a school system where each child has a fair and equal opportunity for honest and effective education. I promise to continue.

Myra G. Kopf

Candidates for Board of Education

KARL W. RANDOLPH

My address is 344 Felton Street
My occupation is Printer/Photographer
My qualifications for office are: I am a concerned parent of three. I have a college degree with an emphasis in Philosophy. I do not play politics at the expense of the children. I am for disciplinary and ethical schools.
I believe that the involvement of parents, teachers, and students is most crucial to a healthy education system. All of the above groups must work together to improve the basic skills, the academic scores; and to help solve the drugs and crime problems. There are solutions to present SFUSD problems. We need a bottom-to-top (feedback) policy that will allow the education system to act together.

Karl W. Randolph

TOM AMMIANO

My address is 162 Prospect Ave
My occupation is Teacher
My age is 48
My qualifications for office are: I have lived and taught in San Francisco for over twenty five years. I am currently involved with San Francisco public schools as a teacher, parent, and community activist. As a stand up comic I bring a sorely needed sense of humor, combined with direct experience on the issues to the board. My platform: a drug free and safe school environment for all students regardless of ethnicity, sexual orientation, or disability; academic parity, reduction of drop out rates; smaller class size, improved college bound program, employment partnership with the business community, and school meals that are nutritional and recognizable.

Tom Ammianno

The sponsors for Karl W. Randolph are:

CANDIDATES FOR BOARD OF EDUCATION

ROSARIO ANAYA

My address is 240 Dolores Street, #331
My occupation is Adult Business School Administrator
My qualifications for office are:
• 20 years of experience as an educator and policy maker in education
• earned reputation for integrity, independence and conviction
• strong record of service to the families, youth and children of San Francisco
• experience as Board President and chairperson and curriculum, budget and building and grounds committees

I am Executive Director of Mission Language and Vocational School’s employer-supported training programs which yearly place over 250 adults and youth in the job market.

My commitment is to continue working toward an educational program that encourages high performance and addresses the diverse needs of our student population.'

Rosario Anaya

The sponsors for Rosario Anaya are:

BEN TOM

My address is 1717 Jones St.
My occupation is Associate Transportation Rep, California PUC.
My qualifications for office are: As a twelve year member of the City’s School Board, including two terms as President, I accomplished the goals I set for the citizens of San Francisco.

Today, two years after I left the Board, it has lost its vision and its commitment.

Now, Board members spend more time on political infighting than on our children. Dropout rates are shameful. School buildings are deteriorating.

I am strongly supported by Senator Quentin Kopp, Assemblyman Willie Brown, a majority of the Board of Supervisors, community leaders and parents.

Our kids deserve the brightest future we can give them!

Ben Tom — Board of Education

CANDIDATES FOR BOARD OF EDUCATION

CARLOTA DEL PORTILLO

My address is 84 Berkeley Way
My occupation is Educator/Parent
My qualifications for office are: What will it take to make a diploma mean something again?

It will take experience. I earned my doctorate of education from the University of San Francisco and have spent 24 years educating San Francisco students as educator, counselor, and PTA president.

It will take action. In the past decade our problems have worsened. We need fresh ideas to make our children's education better. Reducing class sizes, keeping schools sturdy and safe, and increasing parent involvement will help. Because getting a diploma isn't enough, making it mean something again is what my campaign is all about.

The sponsors for Carlota del Portillo are:

KAREN GOODSON PIERCE

My address is 1734 Newcomb Avenue
My occupation is Program Administrator
My age is 43

My qualifications for office are: I am a native San Franciscan, single parent and active in school activities. My youngest child is an 11th grader at the SFUSD. I am the President of the Board of the Potrero Hill Neighborhood House and Co-founder of the Potrero Hill Girls Club. During the last seven years, I have been an active observer of the School Board, attending meetings on a frequent basis. I have become concerned that the discussions rarely focus on student needs, curriculum and quality of teaching. School Board Members must focus on setting policy and allow the Superintendent to run the day to day operations.

The sponsors for Karen Goodson Pierce are:
Candidates for Board of Education

JILL WYNNS

My address is 124 Brewster Street
My occupation is Education Advocate, President San Francisco Parents’ Lobby
My age is 42
My qualifications for office are: I am the parent of three school age children, President of the San Francisco Parents’ Lobby, past President of Lakeshore PTA, and a neighborhood leader in Bernal Heights.
I will be a School Board member who:
• Provides constructive, creative leadership.
• Advocates for all children.
• Works with Superintendent Cortines to improve schools.
• Manages school funds responsibly.
• Ensures safe schools, having served on the District Asbestos Council.
• Builds consensus, leading two successful S.F. school bond coalitions.
• Works for innovative approaches to the challenges of funding, dropouts, class size and curriculum.

By ending political divisiveness, we can do a better job for our children.

Jill Wynns

SODONIA M. WILSON

My address is 540 Darien Way
My occupation is Incumbent Board Member — S.F. Board of Education
My qualifications for office are: I am an incumbent board member and have been a board member since 1982. I hold a Ph.D., Clinical Psychology, California School of Professional Psychology; M.A., Counseling Psychology, B.A., Nursing, San Francisco State University. I serve on California and Coalition of Black School Board Members Associations. I was elected Board President for two terms. I introduced resolutions to address issues of core curriculum, advanced placement courses at all high schools, increased counseling and library services, career ladder for para-professionals, dropout prevention and affirmative action. I support reduced class size, gifted, bilingual, parent and community involvement. All Programs and Services are implemented.

Sodonia M. Wilson, Ph. D.

Candidates for Community College Board

JIM MAYO

My address is 26 Minerva Street
My occupation is Educational Consultant
My age is 38
My qualifications for office are: B.A. in political science, M.A. in public administration and J.D. in law from Howard University. I am president of OMI Neighbors-in-Action; chair of the educational committees of the Urban League and the NAACP; commissioner on the Delinquency Prevention Commission; and board member of Oakes Children’s Center. I believe we must build a community college system that prepares young people for world citizenship, embraces and respects the cultures of the world, engages the support and participation of all segments of the population, and provides relevant educational services for all San Franciscans. Your vote can make this vision a reality.

James “Jim” H. Mayo

WILLIAM PEREZ MARQUIS

My address is 21 Hawkins Lane
My occupation is Youth Agency Director
My qualifications for office are: I’m Chief Executive Officer of a Community-based, privately funded, youth service agency, have a Ph.D. from U.C. Berkeley in Community Colleges, am a former US Army officer, and serve on City and community Boards and Commissions. I believe I’m a proven leader, offering new leadership to our troubled Community College District.

While the incumbents running this year have served a total of 45 years on the Board, 3 successive Accreditation Reports and an independent management study have said our Community College is organizationally unsound, educationally inefficient, and unable to serve students reliably. The Community College needs new leadership.

CANDIDATES FOR COMMUNITY COLLEGE BOARD

JOHN RIOORDAN

My address is 28 Cordova
My occupation is Incumbent Community College Board/Attorney
My qualifications for office are: I have an interest and concern with education. I taught part time at the University of San Francisco Law School and City College of San Francisco.
I serve on the Board of Regents of my high school, Sacred Heart Cathedral.
As an incumbent community college trustee I bring broad experience and a conservative fiscal approach to deliver a sound educational program.
I will work constructively with our new chancellor Evan Doebelle and the faculty help snap the District out of the doldrums.

John Riordan

The sponsors for John Riordan are:

MABEL TENG

My address is 844 Greenwich Street
My occupation is S.F. Community College Educator
My age is 37
My qualifications for office are: After 9 years as a San Francisco Community College educator, I have a clear vision of what must be done to shape up San Francisco's Community College District.
The Community College District was created to give adults a way to improve the quality of their lives through higher education. But in 1988, the Western Association of Schools and Colleges reported the district was riddled with problems. Since then, little has changed.
A college education is the primary path to economic opportunity. I hope you will allow me the chance to clear this path to opportunity for thousands of San Franciscans.

The sponsors for Margaret Soviero are:

ROBERT E. BURTON

My address is 8 Sloat Boulevard
My occupation is Educator/Member, S.F. Community College Board
My qualifications for office are: I have been a member of the Community College Board since its inception. As an Adult Education teacher for over 20 years, I have learned the value of open-door continuing education. Selected twice to serve as Board President, I take pride in my record of strong leadership, exercised with sensitivity to the needs of our multiethnic community. Recently, my peers honored me by their appointment to oversee a nationwide search for our new Chancellor. I look forward to continuing my service to the District, where I have worked to make quality education the right of every San Franciscan.

Robert E. Burton

The sponsors for Robert E. Burton are:
ALAN S. WONG

My address is 1280 Ellis St., Apt. #12
My occupation is Social Worker

My qualifications for office are: I was appointed to the Community College Board by Mayor Feinstein in 1981. I ran for this office in 1982 and 1986. In both elections, I received the most votes. I have served faithfully during the past 9 years to insure that all citizens of San Francisco receive the quality education they deserve. I believe in a diversified faculty, administration and classified staff to reflect the diverse population that we are servicing.

Great changes are taking place throughout the world, nationwide, statewide and locally. Education must reflect those changes in order to equip our students to meet tomorrow’s challenges.

Alan S. Wong

The sponsors for Alan S. Wong are:
Candidates for BART Board

JAMES FANG

My address is 170 Gellert Drive
My occupation is local business owner
My qualifications for office are: As a native San Franciscan and a neighborhood business owner, I believe can provide and bring new and innovative leadership to the BART Board which best represents the diverse and important needs of this district, San Francisco and the Bay Area region.

My experience in managing a business for the past ten years has instilled in me the tremendous importance of efficiency in any institution, public or private. By the same token, however, BART must also be accessible and safe to its public and treat its riders as human beings and with respect. An accessible, safe and efficient BART will not only reduce the horrendous traffic jams many of us currently experience, but will also reduce the burden placed on our environment by our over-use of automobiles. As BART director I would work to emphasize the needs for our district.

In addition, I would stress the urgency to proceed with plans to extend BART to the San Francisco International Airport and into San Mateo County — an extension that would directly benefit and impact our district and all San Franciscans. Finally, as our economy becomes more and more regional, I, as a BART director, would strive for greater regional cooperation and improved links between BART and the various regional transit systems. For the residents of our district, BART must be a true gateway to all Bay Area transit systems.

The important role of an efficient, accessible and safe BART plays in helping us to preserve the environment, reduce traffic problems and linkage of the regional economy are principles which I will emphasize as a BART director. BART should represent the interest of its riders. It should not be a political arena for individual and special interests. As your director, I would represent you and our district’s concerns. Thank you for your support.

RODEL E. RODIS

My address is 35 Paloma Ave.
My occupation is President, S.F. Public Utilities Commission
My qualifications for office are: As President of the San Francisco Public Utilities Commission, which oversees the SF Municipal Railway, I am very aware and concerned about public transportation in San Francisco. Muni and BART have not been as coordinated as they should be and I would work to see that these transit agencies work together more closely for the benefit of San Francisco and other Bay Area transit users.

San Francisco contributes much to BART through property and sales taxes (about $40 million annually) but has frequently received short shrift when resources are allocated. For example, San Francisco only received $15 million for a Muni Metro extension South of Market while BART is allocating hundreds of millions of dollars to extend BART to Antioch, Pleasanton, and Warm Springs. We deserve a greater share and I would work to get more money for San Francisco in the future.

In addition, I would work to:
- Improve BART stations and station amenities. BART is almost 20 years old and the stations need sprucing up. I would work to install more benches, telephones, lights and shelters over the escalators.
- Establish a BART Passengers Advisory Committee, to help advise the BART Board on operations and policy.
- Improve Regional Transit Coordination by creating a single 800 telephone number for all regional transit information and by working to create a simplified, coordinated fare structure throughout the region.

Transportation continues to be the number one problem facing the Bay Area and BART is an important part of the solution to the problem. My experience in the City would be beneficial on the BART Board. Please join the following leaders supporting me:

ALEXA SMITH

My address is 66 San Fernando Way
My occupation is Transit Reform Advocate/Doctor of Law/State and County Central Committee Member
My qualifications for office are: As a close political advisor and the sister of 1988-1989 B.A.R.T. President Arlo Smith, I was "in the engine room" (both literally and figuratively) during the grim days after the October 17, 1989 Earthquake. I recommended 24-hour emergency service to Arlo.

Arlo and his fellow B.A.R.T. Directors worked tirelessly to keep the terribly over-taxed B.A.R.T. system in fully operational 24-hour Earthquake emergency service.

Before the Earthquake, B.A.R.T.'s average daily load was about 210,000 people. At the height of the emergency, our loads rose as high as 357,135 refugees from the smashed Bay Area automobile freeway system.

I received my "advanced" B.A.R.T. transit training under the unique stress of the long weeks of a public emergency.

I know the B.A.R.T. system.

I can save YOU — the San Francisco taxpayers — some money.

San Francisco residents are invited to telephone me on B.A.R.T. matters: 564-6091.

Platform:

CRIME — Video film needs to be introduced into B.A.R.T.'s closed circuit television security system. If I’m B.A.R.T. Director, violent felons will find their pictures on “REWARD” POSTERS at all B.A.R.T. stations.

REFURBISHMENT OF SYSTEM — Repair, refurbishment and where necessary, replacement of 20-year old BART trains and stations must be adequately funded.

REWARDING LOYALTY — After the Earthquake, B.A.R.T.'s employees served heroically. Their loyalty deserves childcare facilities, other just rewards, and our deepest thanks.

RECYCLING — A realistic program is needed to recycle B.A.R.T. garbage to increase revenue and conserve resources.

SCHEDULING — I support extended B.A.R.T. service on Friday and Saturday evenings and for special events. Structural improvements are needed to allow for more rush hour B.A.R.T. trains and improved timing.

B.A.R.T. TO SAN JOSE — I will continue the efforts of Arlo Smith to negotiate a “buy in” to the B.A.R.T. system from Santa Clara County so that B.A.R.T. service can be extended to San Jose.

AIRPORT EXPANSION — Rapid completion of the B.A.R.T. extension to the San Francisco Airport will be one of my top priorities.

My endorsers include (partial list):
Arlo Smith (District Attorney), Arlo Smith (B.A.R.T. Director), Nello Bianco (1989-1990 B.A.R.T. President), Michael Bernick (B.A.R.T. Director), Dr. Dean Rider (A.I.D.S. Research and Treatment Physician), Dr. Eugene Prat (Former U.S. Senator’s Chief of Staff).

MELVIN KIM WONG

My address is 2530 15th Avenue
My occupation is Businessman
My age is 34
My qualifications for office are: I am a San Francisco taxpayer and strong advocate of an improved BART — Crash program for extension of BART rail lines to all surrounding communities from San Francisco to San Jose to Livermore, Antioch, Vallejo, etc. Safety on BART trains is a priority. I am also active in the American-Chinese community. My occupation is businessman.

Let me tell you about the undemocratically chosen and self-perpetuating Executive Committee of “Citizens for a Better San Francisco” (read: “House of Lords”) of the so-called “Citizens for a Better San Francisco.”

The Executive Committee of the extreme right-wing “Citizens for a Better San Francisco” consists of fifteen (15) members chosen as follows: NINE (9) MEMBERS — Nine (9) members of that undemocratically chosen Executive Committee are appointed by the incumbent Chairman of the would-be elitist Executive Committee. The real control is vested in this non-elected group of right-wing extremists.

FIVE (5) MEMBERS — Five (5) members are “elected” by the so-called “leaders” of the rightist political party's largely “paper” so-called San Francisco “REPUBLICAN” “volunteer clubs.”

ONE (1) MEMBER — One (1) member is “elected” by the rightist political party nominees for Congress, State Senate, and State Assembly.

The avowed goal of the so-called “Citizens for a Better San Francisco” and its “House of Lords” Executive Committee is to takeover the elected government of the City and County of San Francisco with their “top-down” pack of right-wing clowns.

Anyone who is foolish enough to vote for friends of the so-called “Citizens for a Better San Francisco” deserves to be dictated by their right-wing elitist “House of Lords.”

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Arguments For and Against Ballot Measures

On the following pages, you will find information about local ballot measures, including arguments for and against the measures. All arguments are strictly the opinions of their respective authors. None have been checked for accuracy by this office or any other City official or agency. Arguments and rebuttals are reproduced as they are submitted, including typographical and grammatical errors.

"Proponent's" and "Opponent's" Arguments

For each measure, one argument in favor of the measure and one argument against the measure are printed in the Voter Information Pamphlet free of charge. These arguments are called the "Proponent's Argument" and the "Opponent's Argument."

The designation, "Proponent's Argument" and "Opponent's Argument" only indicates that the arguments were selected in accordance with criteria set forth in Section 5.74.5 of the San Francisco Administrative Code and were printed free of charge. The Registrar does not edit the arguments, and the Registrar makes no claims as to the accuracy of statements in the arguments.

The "Proponent's Argument" and the "Opponent's Argument" are selected according to the following priorities:

"Proponent's Argument":
1. The official proponent of an initiative petition; or the Mayor, the Board of Supervisors, or four members of the Board, if the measure was submitted by same.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

"Opponent's Argument":
1. For a referendum, the person who files the referendum petition with the Board of Supervisors.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

Rebuttal Arguments

The author of a "Proponent's Argument" or an "Opponent's Argument," may also prepare and submit a rebuttal argument. Rebuttals are also the opinions of the author and are not checked for accuracy by the Registrar of Voters or any other City official or agency.

Rebuttal arguments are printed following the corresponding "Proponent's Argument" and "Opponent's Argument."

Paid Arguments

In addition to the "Proponent's Arguments" and "Opponent's Arguments" which are printed without charge, any eligible voter, group of voters, or association may submit paid arguments which will be published in the Voter Information Pamphlet upon payment of (1) the established printing fee, (2) submission of petitions, in lieu of the printing fee, containing valid signatures of registered voters at the rate of two signatures for each dollar of fee, or (3) a combination of a printing fee and signatures which together equal the number of signatures and/or amount of money needed to qualify the argument for publication. The fee for printing an argument in this Voter Information Pamphlet is $200.00 plus $2.00 per word.

Paid arguments are printed following the direct arguments and rebuttals. All of the arguments in favor of a measure are printed together, followed by the arguments opposed to that measure. Paid arguments for each measure are not printed in any particular order, but are arranged to make the most efficient use of each page.

Arguments and rebuttals are solely the opinions of their authors. They are printed as submitted. No corrections are made to spelling and/or grammatical errors. Arguments and rebuttals are not checked for accuracy by the Registrar of Voters, or by any other City official or agency.
CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition.

**Analysis**

by Ballot Simplification Committee

**THE WAY IT IS NOW:** The City operates jails at the Hall of Justice and in San Bruno for persons waiting for trial or serving sentences of less than one year. The jails were not built to provide the medical services now required by law nor to house the current number of inmates.

The City operates a work furlough program. Persons in this program work during the day and return to custody in a special work furlough facility at night. The current facility is too small to house the number of eligible inmates.

State bond money for jail facilities is available to the City if the City pays for a share of the cost.

**THE PROPOSAL:** Proposition A would allow the City to receive $39,500,000 million in state bond money by issuing general obligation bonds in the amount of $16,500,000. This money, together with the state money, would be used to pay for a new jail medical facility, a much larger work furlough facility and for making health, safety and other physical improvements to the jails. The interest and principal on general obligation bonds are paid out of tax revenues. Proposition A would require an increase in the property tax.

**A "YES" VOTE MEANS:** If you vote yes, you want the City to issue general obligation bonds in the amount of $16,500,000, which will be used to pay for the City's share of building and upgrading jail facilities.

**A "NO" VOTE MEANS:** If you vote no, you do not want the City to issue bonds for this purpose.

---

**Controller's Statement on "A"**

Should the proposed bond issue be authorized and when all bonds shall have been issued on a fifteen (15) year basis and after consideration of the interest rates related to current municipal bond sales, in my opinion, it is estimated that the approximate costs would be as follows:

- **Bond redemption** $16,500,000
- **Bond interest** 9,042,000
- **Debt service requirement** $25,542,000

Based on a single bond sale and level redemption schedules, the average annual debt requirement for fifteen (15) years would be approximately $1,702,800 which amount is equivalent to forty-one hundredths cents ($0.041) in the current tax rate.

---

**How Supervisors Voted on "A"**

On July 23, 1990, the Board of Supervisors voted 10-0 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

**YES:** Supervisors Angela Alioto, Harry Britt, Jim Gonzalez, Terence Hallinan, Richard Hongisto, Willie Kennedy, Tom Hsieh, Bill Maher, Wendy Nelder, and Nancy Walker.

**NO:** None of the Supervisors present voted no.

**ABSENT:** Supervisor Doris Ward

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROPOONENT’S ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco County Jail system is overcrowded and ill-suited to provide efficient and safe supervision of inmates and detainees, and is inadequate to provide operational space for essential services such as medical and psychiatric treatment and jail alternative and community re-entry programs.

A class action suit was filed in Federal Court against the City and County of San Francisco resulting in a Consent Decree signed in 1982. This bond program provides the matching funds required by State bond monies to address the remaining issues as mandated by the Federal Court.

The State of California has committed to give San Francisco up to $39.5 million dollars for jail construction and renovation, if the City provides the required matching funds. Proposition A will provide the required match.

This relatively small, cost effective bond issue will be combined with the State money to complete a new work furlough and medical facility at 850 Bryant Street, to make required safety and health improvements in the Hall of Justice jails, as well as to upgrade the San Bruno jail facility.

This is a one time opportunity. Without the Proposition A matching funds, the $39.5 million in State bond monies will be lost by the City, dooming these federally mandated and desperately needed projects.

Proposition A is strongly supported by Mayor Art Agnos, Sheriff Michael Hennessey, District Attorney Arlo Smith, City Attorney Louise Renne, Police Chief Frank Jordan, Chief Administrative Officer Rudolf Nothenberg, Public Works Director Richard Evans, and jail health officials.

Vote YES on bringing our criminal justice facilities up to grade. Vote YES on Proposition A.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

No Opponent’s Argument Was Submitted Against Proposition A
No Rebuttals Were Submitted on Proposition A

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

The Advisory Committee on Adult Detention urges a YES vote on Proposition A.

On November 6th, San Francisco voters have the rare opportunity to create an extremely beneficial partnership between the City and the State of California.

How? By voting yes on Proposition A.

State bonds worth $39.5 million are available to San Francisco for critical improvements to our county jails. To qualify for these funds, we must match them with a $16.5 million bond — and that’s what Prop A will do.

This partnership will expand the City’s 64 bed work furlough program, which cannot possibly serve the system’s 1,900 inmates. Work furlough allows low security prisoners the opportunity to pay their debt to society while keeping their jobs and families intact.

Another critical benefit of Prop A will be expanded jail medical and psychiatric facilities, a more efficient booking area, and court mandated fire and safety improvements in our most overcrowded jail facilities.

Proposition A is the most critical public safety bond measure to face San Francisco voters in fifteen years.

The City’s county jails are dangerously overcrowded. Prisoners are being released months before the completion of their sentences because there is simply no room to keep them. They hit the streets to commit more crimes, often ending up back in jail before their original sentence would have ended.

Police on the streets are frustrated. San Francisco citizens and their property are threatened. Deputy Sheriffs working in the county jails risk their lives daily while working in the most dangerous environment imaginable.

Proposition A is hardly a cure-all, but it will remedy many of the frustrations and the injustices of the current system.

How?
- By building a new 450 bed jail facility adjacent to the current Hall of Justice at 850 Bryant Street. More jail space means that early jail releases can be stopped.
- By providing improved medical care for prisoners as mandated by the federal court. Failure to do this may cost San Francisco taxpayers millions of dollars in contempt fines.
- By repairing decades-old jail buildings. This is a cost effective way to keep them functioning properly for years of future use.
- By improving the dangerous conditions our deputy sheriffs face in overcrowded, deteriorating jail facilities.

Vote YES on Proposition A. Vote yes for a safer San Francisco!

Roger Sobel, Chair
Advisory Committee on Adult Detention

Deputy Al Waters, II
President, San Francisco Deputy Sheriff’s Association
Correctional Facilities Improvement Bonds, 1990

PAID ARGUMENTS IN FAVOR OF PROPOSITION A

As Sheriff of San Francisco, it is my responsibility to maintain a safe, secure and humane county jail system. On election day, I need your support of Proposition A to help me meet this critical mandate.

A steadily increasing population has overwhelmed our outdated jail facilities and work furlough program. We currently have only 64 work furlough beds to serve a daily jail population that topped 1,900 men and women last year.

More than merely being committed to running an efficient jail system, I am also committed to the future of the community at large. Work furlough is an investment in that future. Men and women with low security offenses are required to pay their debt to society, yet keep their jobs. Work furlough inmates do their time, pay a part of the cost of their incarceration, send money to crime victims and help keep their families together and off welfare. Work furlough is an investment in stopping crime and an investment in hope.

San Francisco desperately needs the larger work furlough unit and the other improvements Prop A will provide.

Join me and other knowledgeable community leaders in support of Proposition A — it’s an opportunity we can’t afford to pass up!

Sheriff Michael Hennessey

The Grand Jurors Association, City and County of San Francisco, joins with the City’s elected officials and community leaders in its all out support of Proposition A.

As former members of the Civil Grand Jury, we were charged by the City and County to complete an annual inspection of the entire county jail system and make recommendations to the Presiding Judge of the Superior Court.

Our many years of experience in conducting these detailed inspections leaves no question that the San Francisco County Jail system is in dire need of expansion and renovation. The passage of Proposition A will accomplish much of the work that our investigations tell us must be done:

Currently, many prisoners with serious convictions do not complete their sentences because of overcrowding. If we are to maintain respect for the police and the courts — for the law itself — we must be capable of seeing that serious criminals pay their full debt to society.

Join the Grand Jurors Association in voting yes on Proposition A.

L. Jack Block, President
The Grand Jurors Association, City and County of San Francisco

I urge every San Francisco voter who is concerned about the effectiveness of our city’s criminal justice system to vote YES on Proposition A.

As it stands now, the county jails are overcrowded, the 55 year-old San Bruno jail facility is literally crumbling, and prisoner medical and psychiatric areas are painfully inadequate.

Proposition A will attract $39,000,000 in State bond money to match this $16,500,000 local bond issue to address those problems as quickly as possible. For San Francisco taxpayers, this relatively modest expenditure will be in the public interest for years to come.

Join me in strongly supporting Proposition A. It’s the commonsensical way to improve the county jail system. Otherwise, San Francisco courts will be forced to release jail inmates before they serve their full sentences — and that’s not a result I want for my constituents or my own family.

State Senator Quentin L. Kopp

Fight back against the early release of criminals — fight back against crime in our neighborhoods. Support Prop A on election day to make San Francisco’s criminal justice system work for you and your loved ones, for a change!

Supervisor Bill Maher

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

San Francisco’s jail facilities are dangerously overcrowded. A federal court has the Sheriff under injunction to improve conditions.

If overcrowding isn’t relieved, the Sheriff may be ordered to release dangerous criminals.

We personally favor alternatives to incarceration for minor, nonviolent offenders, such as community service.

However, jail overcrowding must be eliminated so that the Police, Sheriff, and District Attorney can do their job of fighting violent crime and drug dealing.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Central Committeemember/BART Board Candidate

Because of grossly inadequate and obsolete local jail facilities, our Sheriff is legally obliged, by Federal Court Order, to release prisoners back onto our streets LONG before they have served their appropriate sentences. JUST NO ROOM!

Existing State bond monies will pay SEVENTY PERCENT of the cost of a 300 bed jail expansion at Bryant Street plus the rehabilitation and replacement of fifty-six year old “broken down” obsolete equipment and facilities at the San Bruno Jail Complex.

It’s “use it or loose it”! If we don’t use our fair share of these now available State Bond matching funds, they go elsewhere! By procrastination, San Francisco’s taxpayers could ultimately wind up paying the total $56,000,000 bill all by ourselves.

If these individuals do the crime, we must insist that they do the time! On behalf of San Francisco’s taxpayers, we urge a YES vote while the State is still able and willing to pay the “lion’s share” of the costs.

SAN FRANCISCO TAXPAYERS ASSOCIATION.
W. F. O’ Keeffe, Sr., President

TEXT OF ORDINANCE AUTHORIZING BOND ELECTION
PROPOSITION A AND PROPOSITION B

(Special Election)
CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, NOVEMBER 6, 1990, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO PROPOSITIONS TO INCUR THE FOLLOWING BONDED DEBTS OF THE CITY AND COUNTY FOR THE ACQUISITION, CONSTRUCTION OR COMPLETION BY THE CITY AND COUNTY OF SAN FRANCISCO OF THE FOLLOWING MUNICIPAL IMPROVEMENTS, TO WIT: SEVENTY-THREE MILLION EIGHT HUNDRED THOUSAND DOLLARS ($73,800,000) FOR CONSTRUCTION OR RECONSTRUCTION OF A YOUTH GUIDANCE CENTER; PROVIDED, HOWEVER, THAT TWO MILLION DOLLARS ($2,000,000) BE SET ASIDE FOR THE ACQUISITION AND RECONSTRUCTION OF COMMUNITY BASED FACILITIES; SIXTEEN MILLION FIVE HUNDRED THOUSAND DOLLARS ($16,500,000) FOR CORRECTIONAL FACILITIES TO BE CONSTRUCTED OR RECONSTRUCTED PARTIALLY FROM STATE GRANTS AND PARTIALLY FROM MATCHING FUNDS FROM THIS BOND ISSUE; AND THAT THE ESTIMATED COST OF CITY AND COUNTY OF SAID MUNICIPAL IMPROVEMENTS IS AND WILL BE TOO GREAT TO BE PAID OUT OF THE ORDINARY ANNUAL INCOME AND REVENUE OF THE CITY AND COUNTY AND WILL REQUIRE EXPENDITURES GREATER THAN THE AMOUNT ALLOWED THEREFOR BY THE ANNUAL TAX LEVY; RECODIFYING THE ESTIMATED COSTS OF SUCH MUNICIPAL IMPROVEMENTS; FIXING THE DATE OF ELECTION AND THE MANNER OF HOLDING SUCH ELECTION AND THE PROCEDURE FOR VOTING FOR OR AGAINST THE PROPOSITIONS; FIXING THE MAXIMUM RATE OF INTEREST ON SAID BONDS AND PROVIDING FOR THE LEVY AND COLLECTION OF TAXES TO PAY BOTH PRINCIPAL AND INTEREST THEREOF; PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION; CONSOLIDATING THE SPECIAL ELECTION WITH THE GENERAL ELECTION; AND PROVIDING THAT THE ELECTION PRECINCTS, VOTING PLACES AND OFFICERS FOR ELECTION SHALL BE THE SAME AS FOR SUCH GENERAL ELECTION.

Be it ordained by the People of the City and County of San Francisco:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1990, for the purpose of submitting to the electors of said city and county propositions to incur bonded indebtedness of the City and County of San Francisco for the acquisition, construction or completion by the city and county of the hereinafter described municipal improvements in the amounts and for the purposes stated:

YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990, $73,800,000 to pay the cost of construction or reconstruction of a Youth Guidance Center; provided, however, that Two Million Dollars ($2,000,000) be set aside for the acquisition and reconstruction of community based facilities, including the acquisition and construction of the facilities and all other works, property and structures necessary or convenient for such additions and improvements to the Youth Guidance Center of the City and County of San Francisco.

CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990, $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition, including related acquisition, construction or reconstruction necessary or convenient for the foregoing purpose; and all other works, property and structures necessary or convenient for such additions and improvements to various correctional facilities of the City and County of San Francisco.

Section 2. The estimated costs of each of the municipal improvements described in Section 1 hereof were fixed by the Board of Supervisors by the following resolutions and in the amount specified:

Youth Guidance Center System Improvement Bonds, Resolution No. 539-90, $73,800,000; Correctional Facilities Improvement Bonds, Resolution No. 503-90, $16,500,000.

That said resolutions were passed by two-thirds or more of the Board of Supervisors and approved by the Mayor, and in each said resolution it was recited and found that the sums of money specified were too great to be paid out of the ordinary annual income and revenue of the city and county in addition to the other annual expenses thereof or other funds derived from taxes levied for those purposes and will require expenditures greater than the amounts allowed therefor by the annual tax levy.

The method and manner of payment of the estimated costs of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco in the principal amounts not to exceed the principal amounts specified.

Each voter to vote for said any of propositions hereby submitted and in favor of the issuance of the Bonds, shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against the issuance of the Bonds shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. On absent voters ballots, the cross (X) may be marked with pen or pencil.

(Continued on page 70)
PROPOSITION B

YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990.
To incur a bonded indebtedness of $73,800,000 for the construction
and reconstruction of a Youth Guidance Center of the City and County
of San Francisco; provided, however, that $2,000,000 be set aside for
the acquisition and reconstruction of community based facilities.

YES 290
NO 291

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City operates the Youth
Guidance Center. This facility houses the Juve-
nile Court, a detention center for juveniles waiting
for court hearings or placement, the Juvenile
Probation Department and other City offices. The
facility is 40 years old and is badly deteriorated.

THE PROPOSAL: Proposition B would allow the
City to borrow $73,800,000 by issuing general
obligation bonds. This money would be used to
pay for building a new Youth Guidance Center.
$2,000,000 of this amount would be set aside to
purchase and improve community-based facili-
ties such as group homes. The interest and
principal on general obligation bonds are paid
out of tax revenues. Proposition B would require
an increase in the property tax.

A “YES” VOTE MEANS: If you vote yes, you want
the City to issue general obligation bonds in the
amount of $73,800,000 to build a new Youth
Guidance Center, and you want to set aside
$2,000,000 of this amount for community-based
facilities.

A “NO” VOTE MEANS: If you vote no, you do not
want the City to issue bonds for this purpose.

Controller’s Statement on “B”

Should the proposed bond issue be authorized and when
all bonds shall have been issued on a fifteen (15) year basis
and after consideration of the interest rates related to current
municipal bond sales, in my opinion, it is estimated that the
approximate costs would be as follows:
Bond redemption $ 73,800,000
Bond interest $ 40,442,400
Debt service requirement $114,242,400

Based on a single bond sale and level redemption sched-
ules, the average annual debt requirement for fifteen (15)
years would be approximately $7,900,000 which amount is
equivalent to one and eighty-four hundredths cents
($0.0184) in the current tax rate.

How Supervisors Voted on “B”

On July 23, 1990, the Board of Supervisors voted 10-0 on
the question of placing Proposition B on the ballot.
The Supervisors voted as follows:
YES: Supervisors Angela Alioto, Harry Britt, Jim Gonzalez,
Terence Hallinan, Richard Hongisto, Willie Kennedy,
Tom Hsieh, Bill Maher, Wendy Nelder, and Nancy
Walker.

NO: None of the Supervisors present voted no.
ABSENT: Supervisor Doris Ward

ARGUMENTS FOR AND AGAINST THIS MEASURE IMMEDIATELY FOLLOW THIS PAGE.
THE FULL TEXT OF THIS MEASURE BEGINS ON PAGE 60.
PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION B

Children are our future. But the importance we attach to our children is not reflected in San Francisco's existing Youth Guidance Center.

The Youth Guidance Center (YGC) is a grim, deteriorating detention facility which houses delinquent youth, the juvenile court, juvenile probation department and other agencies that work with our troubled youth and their families.

YGC is outdated, inflexibly designed and in poor condition. The facility is inadequate and unadaptable for providing a modern standard of care and services for juvenile offenders. Some of YGC's most urgent needs are heating, fire safety, security, seismic safety, energy conservation, lighting, ventilation and handicapped access improvements.

Since YGC opened in 1951, it has been criticized by the Department of Justice, California Youth Authority, child advocacy groups and other government agencies. The Youth Law Center has also filed a lawsuit citing the facility's deficiencies. Proposition B provides the funding needed to build a new facility in accordance with the standards of the California Youth Authority and the American Correctional Association as well as in accordance with the program goals and objectives of San Francisco's juvenile justice plan.

Proposition B provides $73,800,000 through the issuance of general obligation bonds to build a new Youth Guidance Center and community facilities that will provide the services and humane atmosphere that our children require.

San Francisco's children deserve the best this City can provide. An investment in their future is an investment in our future.

Vote YES on Proposition B.

Submitted by the Board of Supervisors
This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION B

The supervisors' rebuttal argument (opposite page) is riddled with inaccuracies and distortions.

The supervisors say that "the number of beds has not been cut in half, it hasn't even been determined yet." But the official Bond Program Report and other Juvenile Probation Department documents refer specifically to a 72-bed facility (present capacity is 137). Who are the supervisors trying to fool?

The supervisors also say "violent young criminals are not released." That's untrue! Under current standards, a gang member with five previous arrests who is arrested at a gang fight carrying a loaded shotgun, will be immediately released.

With half the detention space, many more dangerous offenders must go free because of Proposition B.

VOTE "NO" ON PROPOSITION B.

The supervisors allege that only 10% of juvenile hall referrals are for "violent felonies". Do you consider the following to be serious or violent crimes?

Murder
Manslaughter
Rape
Kidnapping
Robbery

Assault with deadly weapon
Assault on police officer
Assault
Battery
Arson
Automobile theft
Weapons possession
Manufacture, sale, or possession of drugs
Hit and run driving
Child molestation

These crimes accounted for 3,300 juvenile arrests last year, or 51% of all juvenile hall referrals (Source: 1989 Juvenile Court Annual Report).

VOTE "NO" ON PROPOSITION B.

The supervisors want to spend $114,000,000 in taxpayer money (including interest) for half the detention capacity. A new juvenile hall can be justified, but only with a guarantee of sufficient capacity and sensible pre-hearing release policies.

State Senator Quentin Kopp
No on Proposition B Committee

62
Youth Guidance Center System Improvement Bonds, 1990

OPPONENT’S ARGUMENT AGAINST PROPOSITION B

Proposition B is the wrong idea at the wrong time.

The National Council on Crime and Delinquency predicts that juvenile crime will increase nationally over the next decade. Despite a declining juvenile population, San Francisco is no exception. Arrest statistics confirm that violent crime by juveniles is on the rise in San Francisco. These aren’t truants or runaways, either; they’re rapists, robbers and killers. In fact, the number of juveniles arrested for murder increased 190% in San Francisco last year.

Notwithstanding such unmistakable trends, Proposition B would spend $114,242,400 in taxpayers money to build a new juvenile hall with half the detention space of the current facility. Our District Attorney states: “The reduction in bed space poses a substantial danger to public protection and safety.”

VOTE “NO” ON PROPOSITION B.

Proposition B will burden San Francisco with a radical approach to juvenile criminals that, in effect, stresses “group homes” in our neighborhoods and even outright releases for hundreds of violent young criminals — instead of a central, secure detention facility.

The current mayoral administration has already weakened the standards for detaining juvenile criminals. Under the new rules, a 17-year-old with 10 prior arrests who is arrested for selling crack cocaine and carrying a loaded .357 magnum, cannot be detained at juvenile hall. He will be immediately released. With only half the detention capacity of the present juvenile hall, Proposition B will cause many more releases like that.

VOTE “NO” ON PROPOSITION B.

No one disputes the fact that juvenile hall needs physical rehabilitation. Maybe it should even be replaced, but not with half the detention space. Juvenile crime is increasing in San Francisco. Borrowing millions for a new building with less capacity is sheer lunacy!

State Senator Quentin Kopp
No on Proposition B Committee

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION B

Let’s look at the real facts.

Proposition B allocates $73.8 million for a new juvenile hall. The number of beds has not been cut in half, it hasn’t even been determined yet. Size will only be decided after public debate. Proposition B funds enough beds to meet San Francisco’s need into the 21st century, and Senator Kopp is misinformed if he believes otherwise.

Only 10% of juvenile hall referrals are for violent felonies. Violent offenders are not released under the current system and serious offenders like the ones Senator Kopp describes will continue to be held if the facility is replaced.

Senator Kopp doesn’t tell you that in the present facility, children as young as ten stay in small, musty cells with no private toilets and minimal recreational programs. He doesn’t tell you about the health and safety hazards, including asbestos, that may endanger the children and the staff. He doesn’t tell you that the facility has been decertified by state authorities, is under investigation by the Justice Department and is being sued for unconstitutional conditions. If Proposition B fails, the City will probably have to replace the Youth Guidance Center at a much higher cost!

Responsible, informed citizens, members of the Juvenile Court, Probation Department, law enforcement and community groups have endorsed Proposition B.

Don’t let a misinformed outlook on San Francisco’s children, and on the facts of this proposition, guide your decision.

Vote YES on Proposition B.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.

PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Youth Guidance Center is an antiquated and deteriorated facility desperately in need of repair. Join me in voting Yes on Proposition B.

If YGC is to have any rehabilitative impact on the lives of juveniles housed there we must pass this bond measure as our city’s commitment to an improved facility, prepared to handle the needs of our troubled youth.

Dr. Dan Kelly
Candidate for School Board

We work as Counselors at Youth Guidance Center and strongly support building a new center. The overcrowding and lack of adequate recreational and community facilities has always made the center a difficult place for children.

As we approach the 21st century, we need to treat our most valuable resource, our kids, in a facility offering the best possible social, educational and recreational environment.

Vote YES on B!

Ulysses Madison, YGC Counselors Chapter
United Public Employees Local 790, SEIU

San Francisco must invest in our children — which represents our future.

The asbestos riddled, deteriorating, 40-year-old juvenile justice building needs to be replaced.

Vote YES on B.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Youth Guidance Center is a badly run down facility which has become hazardous for our city’s youth and for the people who work there. It has been repeatedly investigated and criticized by experts and oversight agencies for the last 20 years. It fails to meet federal and state detention facility guidelines, as well as the City’s own building code. It violates fire and earthquake safety requirements. It contains disintegrating asbestos, posing a health threat to youth and staff. The residential units fall below modern standards for room size, heating, ventilation, and lighting. Space for visiting parents, attorney interviews, and recreation is much too small.

The Youth Guidance Center is a danger to the community because it does not provide a modern, high-security detention capacity for the serious and violent offenders who must be housed there. Moreover, the facility is inadequate as a service center for youth and families who come before the juvenile court and need counseling, crisis intervention, supervision, and other services.

Engineering, seismic, and construction experts have shown that the most cost-effective solution for the Youth Guidance Center is to replace the old and hazardous facility with a new structure that will meet the needs of San Francisco youth and citizens well into the next century.

Passage of this measure will not determine the size or configuration of the new facility. This measure will ensure replacement of the present outdated structure, leaving bed count and other details of design for evaluation after funding has been authorized.

Judges of the Superior Court unanimously and strongly urge a “YES” vote.

John Dearman
Presiding Judge
San Francisco Superior Court

I agree with the judges.

Willie L. Brown, Jr.
Speaker, California Assembly

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Existing juvenile facilities are overcrowded and inadequate. The juvenile court system has been sued for injunction to improve conditions. Unless improved, a judge may order city authorities to release violent offenders. We favor alternatives to incarceration for nonviolent offenders. However, overcrowding must be eliminated so that the Police and District Attorney can do their jobs.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

The Youth Guidance Center is a modern dinosaur. The California Youth Authority once decertified it because of inhuman conditions. It has been the target of investigation by the U.S. Justice Department for several years, and is now the subject of a pending lawsuit. One expert on juvenile justice facilities stated publicly, “it’s the worst juvenile hall that I have ever seen.” The current facility simply cannot provide proper care to detained youth.

Proposition B, which will reconstruct YGC, is a long-overdue response, and an absolutely essential step in correcting these inhuman conditions. Do not be misled by Mr. Kopp’s ludicrous position; it is a product of grave misinformation, and a shameful scare tactic. The truth is that of petitions filed in 1988 and 1989, only 3% were for homicide, 2% for rape and 3% for robbery. The truth is that a youth with a long criminal record and a loaded weapon will be detained at YGC. The truth is that San Francisco has one of the toughest detention policies in the State.

As conscientious citizens, we have but one choice: vote YES on Proposition B. As concerned taxpayers, we can no longer allow the City and County of San Francisco to pour money into a dying building that cannot be adequately repaired. This short-sighted approach does a disservice to both our youth and ourselves.

Let’s look to our future and tell the future leaders — the youth of today — that we care about their needs, and that they need not be second class citizens.

Greg Day
President, Coleman Advocates for Children and Youth
Margaret Brodkin
Executive Director, Coleman Advocates
Peter Bull
Juvenile Justice Task Force Leader, Coleman Advocates
Jean Jacobs
Board Member, Coleman Advocates

Vote Yes on B! Help make the future safe for our children.

Carole Migden
Candidate, Board of Supervisors

The Youth Guidance Center provides support for all youth under the jurisdiction of our Juvenile Courts. This includes children awaiting placement in foster care. This facility is 40 years old and is an example of improvements that have been deferred too long. Youth represent our future. They deserve a modern, hospitable environment.

Vote Yes for our Youth. Vote Yes on Proposition B!

Harold M. Hoogasian
Small Businessperson/Florist
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Proposition B is the Right Idea at the Right Time

Official studies of the San Francisco Juvenile Hall show that the SPCA houses its dogs under cleaner, healthier conditions than the youth who are placed at Juvenile Hall.

The building has life threatening asbestos, inadequate toilets, shower facilities, and rooms. The entire building is falling apart. It is cheaper to build a new facility than to repair this disaster.

Vote YES on Proposition B.

- Proposition B will allow San Francisco to build a new well designed system, that will have enough rooms to house those who have committed serious offenses, in very secure detention separately from those who have committed less serious offenses.

- Along with a new facility, will be a comprehensive program of services from S.F.U.S.D., D.P.H., D.S.S., and community based organizations all focused on helping youth correct and take responsibility for their actions.

- San Francisco has the opportunity through Proposition B to protect the public, replace a life threatening building, and help youth take responsibility for their own actions.

- That is why the community, Mayor, Board of Supervisors, Commissioners and Public Departments are all supporting Proposition B.

San Francisco Coalition For Children, Youth, and Families

VOTE YES ON PROPOSITION B

Proposition B will provide funds for the construction of a much needed new Youth Guidance Center. The present facility is 40 years old, asbestos ridden and poorly designed for its present and future operations. It has widespread support that includes Law Enforcement, Judges, Department Employees, and many community groups, including African Americans who have fought for many years, along with other advocates for children, for a healthy and decent environment for our children.

The fact is that the overwhelming majority of youth, approximately 90 percent, referred to Child Guidance Center are referred for non-violent offenses. The new facility will provide adequate housing for detained youth requiring locked confinement as well as appropriate counseling and education centers.

DON’T BE MISGUIDED BY FALSE AND MISLEADING INFORMATION.

DO NOT BE FOOLDED BY SCARE TACTICS

VOTE “YES” ON PROPOSITION B

As the Director’s of Youth Advocates/Huckleberry House, with more than 20 years of experience in dealing with San Francisco’s troubled youth, we urge a YES vote on PROPOSITION B. The current juvenile hall is unsafe and inhumane. It fails to meet federal, state, and local safety standards. It would be a deathtrap for the children in a major fire or earthquake.

The politicians opposing Proposition B want you to fear this hazardous facility. They say the new facility will have fewer secure beds, so violent youth will terrorize our neighborhoods. Scary, if it were true. But it is not true. Proposition B does not place any limit on the space we need to secure youth who have been accused of violent crimes. Right now, only 10% of the youth at the juvenile hall are accused of violent crimes — robbery, rape, murder. The other 90% are there for lesser offenses. Many of them are victims of sexual abuse or family violence.

The new facility will serve the critical needs of San Francisco’s children, youth, and families, while also assuring secure detention for youth accused of serious crime. We need to provide dignity and hope to the families and youth who walk through the doors of our juvenile justice system. If you walked through the doors of the present facility, you would be shocked and dismayed. PLEASE VOTE YES ON PROPOSITION B.

PAID ARGUMENTS IN FAVOR OF PROPOSITION B

The City desperately needs a new, safe Youth Guidance Center. The present structure is rundown and inadequate. Let trouble children find a new direction in a safe, supportive environment.

Vote Yes on Prop. B.

Jeff Brown
Public Defender

Judges, Law Enforcement, major unions representing facility employees, and numerous community groups support Proposition B. The opposition to Proposition B is wrong to say that Proposition B would fund a facility only half the size of the current juvenile hall. In fact, facility size has not yet been determined. Proposition B never would have received widespread support if the exaggerated claims of its opponents were true.

Proposition B provides funds to build a desperately needed juvenile hall. San Francisco’s Youth Guidance Center is riddled with asbestos, is the subject of a law suit charging unconstitutional conditions, and is under investigation by Federal and State authorities. These conditions may endanger staff and youth alike. Chances are, if Proposition B fails, the facility will be forced into a consent decree like the City’s jails, requiring court-ordered new construction at a much higher cost.

Juvenile hall holds minors who are accused but not yet convicted of crimes. Most return to their families within 72 hours when a responsible adult is found. Only 10% are accused of violent felonies. PROPOSITION B WILL PROVIDE AMPLE SPACE FOR ALL OF THE YOUTHS WHO REQUIRE LOCKED CONFINEMENT!

PAID ARGUMENTS AGAINST PROPOSITION B

Spending $74 million dollars on a new juvenile hall with half the capacity is outrageous and irresponsible. Placing “group homes” in our neighborhoods for detention is even worse.

Nobody in their right mind would want a house of juvenile delinquents next door. It is unbelievable to me how anyone could support this crazy proposal.

Send the would-be social engineers a good dose of reality on election day. Say no to group homes in our neighborhoods. Vote NO on Proposition B!

John Barbagelata

This preposterous proposal is an outrageous waste of public funds!
Instead of rehabilitating and expanding the expensive existing facility, the proponents want to build a brand-new one with only half the present bed capacity. The extra two million dollars of “set aside” bond money is to provide jobs for operators of “group homes” in our residential neighborhoods.

Derailed this fiscal municipal madness with a NO vote!

San Francisco Taxpayers Association
W.F. O’Keefe, Sr., President

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION B

The probation officers who work at the Youth Guidance Center urge you to vote NO on Proposition B.

This bond issue could cost the taxpayers as much as $7 million per year for 20 years and it won’t do anything to reduce juvenile delinquency. In fact, we think it will reduce our ability to control and reform young offenders because the new building envisioned by the planners of the bond issue will provide for less detention capacity than we have now.

We think that it is illogical to build a smaller juvenile hall because the existing facility has been cited by the California Youth Authority for being overcrowded, and we have been forced to release offenders whom we would prefer to detain for their own good and for the safety of the public. With a smaller juvenile hall, we will have to release still more offenders who we think should be detained.

It is true that the Youth Guidance Center has been allowed to fall into disrepair; however, the structure appears to be fundamentally sound. It suffered no significant damage as a result of the October 1989 earthquake. We believe that the building can be rehabilitated for far less than the cost of demolition and reconstruction of the entire complex.

If, in the future, another plan is put forth to renovate, reconstruct, or augment the Youth Guidance Center which we believe will enhance our ability to reform offenders and protect our community, we will support it. Unfortunately, Proposition B does not meet these criteria.

Please vote against a more permissive Juvenile Court and against a waste of taxpayer money. Please vote NO on Proposition B.

San Francisco Probation Officers’ Association
Terry Twing, President

BEWARE of Proposition B.
The need to spend money wisely on a long-term solution to deteriorating structural conditions and overcrowding at Juvenile Hall is obvious. Proposition B is not, however, just about $73,000,000 for a new Juvenile Hall.

Proposition B’s exact dollar appropriation is based on specific building guidelines, operating assumptions and cost projections contained in a mandatory “Bond Program Report”. This document is the blueprint for the proposed facility.

Proposition B’s “Bond Program Report” calls for construction of “a 72-bed residential detention component”. That’s a loss of 65 beds from the current 137 certified capacity.

Proposition B’s answer to existing overcrowding is fewer beds. Proposition B picks up this loss by creating “group homes” in neighborhoods (yet to be designated) and by lowering the detention criteria, thereby reducing the need for a larger capacity.

The “Bond Program Report” puts it this way, “the reduction is based on changes in detention policy that are intended to reduce the use of secure detention”.

Reducing our ability to securely detain youthful violent offenders in the face of increasing violent youth crime is wrong and a misuse of taxes. Many of San Francisco’s streets have become hunting fields for criminal elements, including young gang members and repeated youthful offenders. Proposition B sends would-be hoods the wrong message.

The public deserves a full debate on the entire program before incurring additional bonded indebtedness. Where will the proposed “group homes” be placed? What are the funding sources to sustain these “group homes”? What back-up plans are envisioned should more detention capacity be required?

Make Mayor Agnos and the social engineers tell you the full story. Until then, Proposition B is expensive bunk.

Proposition B is BAD for San Francisco. VOTE NO ON PROPOSITION B.

PAID ARGUMENTS AGAINST PROPOSITION B

As a retired probation officer with more than 20 years of first-hand service, it's difficult to watch the misguided criminal justice activists hide behind the public's frustration with the juvenile hall to further their own philosophies. We may need a new juvenile hall, but not one that's half the current capacity.

"Group homes" in the neighborhoods for youthful offenders may sound good to activists but are unacceptable to most of the public.

Lowering detention criteria makes sense to activists, but unloads violent juveniles back into the community.

Sure the judges want new and more modern courtrooms, but at what price to the public?

Don't be fooled by the list of names of those who benefit from the expenditures of your tax dollars. Listen to the police who bust these juveniles, listen to the probation officers who deal with these juveniles, listen to the district attorneys who prosecute these juveniles and listen to the victims who can tell it best.

Vote NO ON PROP B, because the last thing San Francisco needs is another misguided solution for dealing with juvenile crime.

Anders W. Petterson

As a native born resident of San Francisco and 33 year veteran of correctional social work, I am in favor of some community based alternatives to institutionalization like the very effective ones operated by the Youth Advocates organization at Sojourner and Huckleberry Houses.

However, I am also very much opposed to the plan proposed in Proposition "B" which I believe would allow dangerous offenders to be released to group home programs unable to control their behavior. Accordingly, I strongly recommend that you vote NO on Proposition "B".

Mike Basten
Member, Board of Directors
State Coalition of Probation Organizations

THE FULL TEXT OF THIS MEASURE BEGINS ON PAGE 60.
If and to the extent that punch card ballot cards are used at said special election, each voter to vote for any said proposition shall punch the ballot card in the hole after the word “YES” to the right of said proposition, and to vote against said proposition shall punch the ballot card in the hole after the word “NO” to the right of said proposition.

Section 6. If at such special election it shall appear that two-thirds of all the voters voting on the proposition voted in favor of and authorized the incurring of a bonded indebtedness for the purposes set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvements described herein. Such bonds shall be of the form and character known as “serials,” and shall bear interest at a rate not to exceed 12 per centum per annum, payable semianually, provided, that interest for the first year after the date of any of said bonds may be payable at or before the end of that year.

The votes cast for and against said respective propositions shall be counted separately and when two-thirds of the qualified electors, voting on such propositions, vote in favor thereof, such proposition shall be deemed adopted.

Section 7. For the purpose of paying the principal and interest on said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until such bonds are paid, or until there is a sum in the Treasury of said city and county set apart for that purpose to meet all sums coming due for the principal and interest on said bonds, a tax sufficient to pay the annual interest on such bonds as the same becomes due and also such part of the principal thereof as shall become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of such principal.

Section 8. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Examiner, a newspaper published daily in the City and County of San Francisco, being the official newspaper of said city and county and such publication shall constitute notice of said election and no other notice of the election hereby called need be given.

Section 9. The appropriate officers, employees, representatives and agents of the City and County of San Francisco are hereby authorized and directed to do everything necessary or desirable to the calling and holding of said special election, and to otherwise carry out the provisions of this ordinance.
PROPOSITION C

Shall the repayment of bonds be made the Port’s highest spending priority, and shall the Port Commission be allowed, with Board of Supervisors’ approval but without voter approval, to issue revenue bonds under rules adopted by the Port Commission?

YES 292
NO 293

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Charter sets spending priorities for the Port. The highest spending priority for the Port is to pay its operating expenses; the repayment of bonds is a lower priority.

Port revenue bonds may be issued only with the approval of the voters. The procedure for the Port to issue bonds is set out in a State law that has been repealed.

THE PROPOSAL: Proposition C is a charter amendment that would make the repayment of bonds the Port’s highest spending priority.

Proposition C would allow the Port Commission to issue revenue bonds without voter approval. The Board of Supervisors must approve such bonds. The Port Commission would be allowed to adopt its own procedures for issuing revenue bonds.

A “YES” VOTE MEANS: If you vote yes, you want to make the repayment of bonds the Port’s highest spending priority. You also want to allow the Port, with the approval of the Board of Supervisors, to issue revenue bonds, without voter approval. You want to allow the Port Commission to adopt its own procedures for issuing revenue bonds.

A “NO” VOTE MEANS: If you vote no, you do not want to change the Port’s spending priorities and you do not want to change the way revenue bonds are issued for the Port.

Controller’s Statement on “C”
Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.

How Supervisors Voted on “C”
On July 9, 1990, the Board of Supervisors voted 9-0 on the question of placing Proposition C on the ballot.
The Supervisors voted as follows:

NO: None of the Supervisors present voted no.
ABSENT: Supervisors Richard Hongisto, Doris Ward

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
Port Revenue Bond Procedures

PROPOSENT'S ARGUMENT IN FAVOR OF PROPOSITION C

The Board of Supervisors urges you to vote "Yes" on Proposition C.

The Port is a self-supporting enterprise agency which operates without any tax support. To pay for infrastructure improvements on the waterfront, such as marine terminals, fishing facilities, roads and utility upgrades, the Port must issue bonds. The bonds would be repaid solely from Port revenues.

THIS CHARTER AMENDMENT WILL:
- ENABLE THE PORT TO SAVE THOUSANDS OF DOLLARS AT NO COST TO TAXPAYERS.
- GIVE THE PORT THE FLEXIBILITY TO TAKE ADVANTAGE OF LOWER INTEREST RATES IN BOND MARKETS.
- FREE THE PORT FROM A REPEALED STATE BOND LAW AND PERMIT IT TO USE MODERN FINANCING TECHNIQUES.
- INCREASE THE PORT'S CREDITWORTHINESS AND BOOST INVESTOR CONFIDENCE IN THE PORT.

This Charter amendment will re-prioritize the use of monies in the Port's operating fund to provide that principal and interest on Port Bonds is the highest priority. This will bring the Port in line with other port issuers throughout the nation and improve the Port's creditworthiness and boost investor confidence, thereby resulting in a lower borrowing cost for the Port. Operations and Maintenance costs will continue to be funded annually from the Port's operating budget.

Charter Section 7.300 requires voter approval before any new Port Revenue Bonds can be issued. This charter amendment will change the requirement for approval from the electorate to the Board of Supervisors, similar to the oversight requirements for the issuance of bonds by the San Francisco International Airport.

Since Port Revenue Bonds are secured solely by Port revenues they do not have an effect on other City services, property taxes or rates. Thus, the City will not have any financial liability for any Port bond issues.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPOSENT'S ARGUMENT IN FAVOR OF PROPOSITION C

DON'T SIGN A BLANK CHECK!

The Supervisors claim that "C" will "enable the Port to save thousands of dollars at no cost to the taxpayers" and "not have an effect on other City services, property taxes or rates."

If you believe that, we've got a bridge to sell you!

The truth is that Proposition C allows the Supervisors and Port Commission to issue bonds without voter approval. That's right, WITHOUT VOTER APPROVAL.

"C" gives City officials free rein to issue bonds and spend money for any pet project they want.

You, the taxpayer, will no longer have the right to vote "NO".

The same City government that has saddled us with 10 deputy mayors (New York, with 10 times our population has only 5!) will now be free spend yet more money without the control of voter approval for Port bond issues.

This is the same City government that has raised our sewer service charges and taxes for small businesses.

The same City government that gave away use of a $9 million City street to the Rockefellers for free.

The same City government that is fighting Proposition "H" tooth and nail because the officials want to give use of the Port away to hotels and other nonmaritime uses.

DO YOU TRUST THEM WITH A BLANK CHECK?
Vote "NO" on "C"

OPPONENT’S ARGUMENT AGAINST PROPOSITION C

“C” is “CYNICAL”.
Proposition C is a cynical measure proposed by the current Supervisors to allow the Supervisors and Port Commission to issue bonds without voter approval!
That’s right — WITHOUT VOTER APPROVAL!
During the past two decades, city officials have allowed the Port to decline — and maritime business to move to Oakland, Los Angeles, and elsewhere.
Now they want Port land to be used for hotels and other nonmaritime uses. Such proposals can only worsen the Port’s decline by eliminating space for maritime activities.
If Proposition “C” is passed, it will be possible for the Supervisors to advance such schemes — with the help of bond issues — by eliminating any requirement of voter approval.
And, unless we pass Proposition “H”, the Supervisors and Port Commission will have carte blanche to use Port land for nonmaritime purposes.
But what do you expect!
Proposition C was put on the ballot by the same Supervisors who have raised our sewer service charges and parking fines.
The same Supervisors who have imposed unnecessary taxes on small businesses.
The same Supervisors who had the chutzpah to demand a 70% pay raise last year.
The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.
The same Supervisors who fought the two-term limit tooth and nail.
Vote “Yes” on preserving your right to vote on Port bonds.
Vote “No” on waste and mismanagement in City government.
Vote “No” on special interest deals at City Hall.
Vote “No” on “C” and “Yes” on “H”.

(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION C

The opponents of Proposition C missed the point! Proposition C has nothing to do with cynicism. It is based on optimism about our Port’s ability to compete in worldwide shipping and continue being a working waterfront.
The modern shipping industry requires more than just water and piers to dock at our Port — it needs modern container terminals and new cranes to accommodate bigger ships.
Since the Port does not receive city tax monies, these expensive improvements need to be paid for out of revenue bonds, backed by profits from the Port’s commercial businesses.
Proposition C is not an attempt to bypass the voters. Like the Airport, Proposition C would allow the Port to take advantage of favorable bond markets by not having to wait for an election. The Board will review the terms and projects for the bond issuance and there would be full public review and participation. The Port issues revenue bonds for maritime projects exclusively.
The technical changes proposed in Proposition C were recommended by the Port’s independent financial advisors and bond counsel to improve the Port’s credit rating and investment opportunities. It is a sound and financially prudent measure aimed at keeping maritime business at our Port. It has nothing to do with any other Proposition.

Port Revenue Bond Procedures

PAID ARGUMENT IN FAVOR OF PROPOSITION C

Vote Yes on C! Help make the Port competitive again!

Carole Migden
Candidate, Board of Supervisors

PAID ARGUMENT AGAINST PROPOSITION C

Issuing bonds is taxpayer borrowing, pure and simple! General obligation bond measures, backed by the city’s General Fund, always have required voter approval.

In 1976, San Francisco voters adopted a Charter amendment to require voter approval of revenue bond measures, too. The idea behind revenue bonds is that the improvements will pay their own way. If they don’t, however, city taxpayers could foot the bill.

Our taxes either pay off directly — or are responsible for ultimately — all city debts, including revenue bonds. We have a right to approve those debts ahead of time.

VOTE “NO” ON PROPOSITION C.

Proposition C would delete the voter approval requirement for revenue bonds issued by the Port of San Francisco. That’s a foolish and unwarranted change.

Port officials assert that a 1981 Charter amendment exempted airport revenue bonds from voter approval. But San Francisco International Airport is a far cry from the Port of San Francisco. Our airport is a gold mine of revenue from airline landing fees, parking fees, concession income, and other sources.

The Port, on the other hand, lost the lucrative container shipping business to the Port of Oakland long ago, and has a history of troublesome management, tenant problems, and uncollected bills.

In addition, the 1981 exemption for airport revenue bonds was part of a legal settlement that netted millions of dollars for the city’s General Fund. What will the passage of Proposition C provide to our strapped city treasury? Not one dime.

VOTE “NO” ON PROPOSITION C.

If the Port has a good reason to issue revenue bonds, the voters will approve the debt. Why “fix” a system that isn’t broken?

NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

6.406 Harbor Revenues and Expenditures
The revenues of the harbor and of all properties and facilities incident thereto, or used in connection therewith, shall be deposited in a separate fund in the treasury of the city and county; and a harbor trust fund or trust funds shall be established by the city and county; and the city and county shall deposit in the fund or funds all monies received attributable to facilities on the transferred lands in the harbor.

Subject to the terms and conditions of Statute 1968, ch. 1333, appropriations from such funds shall be made for the following purposes and in the order named, viz:

(a) for the payment of maintenance and operating expenses, pension charges and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require;

(b) for the payment of the principal and interest of any obligations of the State of California and assumed or agreed to be paid by the City and County of San Francisco;

(c) for the payment of principal, interest, reserve funds, sinking funds, and other funds established for the benefit of revenue bonds or other revenue obligations issued pursuant to the authority contained in Section 7.305 of this charter;

(d) for capital improvements to the properties of said harbor or used in connection with the operation thereof;

(e) for the payment of the principal and interest on any general obligation bonds issued by the City and County of San Francisco for the acquisition, construction, repair or extension of said harbor or of any of the facilities used in connection therewith; and

(f) for such other uses and purposes as the Port Commission determines to be in the best interests of the Port which shall include, but shall not be limited to, expenditures for the improvement, maintenance and operation of Port facilities.

(2) an amount which shall be sufficient to meet the cost of reconstruction and replacement made necessary by the physical and functional depreciation of any of the properties or equipment of said harbor as the same shall occur;

(g) to pay for extension and betterments to said harbor or the equipment and facilities thereof; and

(h) to establish a surplus or sinking fund for the improvement or extension of the harbor or any facility used in connection therewith. 7.300 General Laws Applicable.

The general laws of the State of California authorizing the incurring and establishing the procedure for the creation of bonded indebtedness and authorizing and establishing the procedure for the issuance of bonds to refund indebtedness of municipalities in force at the time any bonded indebtedness is created or refunded by the city and county shall, except as otherwise provided in this Charter, be applicable to the creation of bonded indebtedness and the issuance of refunding bonds by the city and county. Revenue bonds shall not be issued for any purpose unless the proposition to issue the revenue bonds has first been approved by a majority of the voters voting on the proposition at a general or special election; provided, however, this requirement shall not apply:

(1) to bonds approved by the board of supervisors prior to January 1, 1977; or

(2) to bonds issued pursuant to the authority contained in the Marks Foran Residential Rehabilitation Act of 1973; or

(3) to bonds approved by a resolution of the board of supervisors adopted by an affirmative vote of three-quarters of the members of the board if the bonds are to finance a building or buildings, fixtures or equipment which are deemed by the board to be necessary to comply with an order of a duly constituted state or federal authority having jurisdiction over the subject matter; or

(4) to port and airport revenue bonds issued pursuant to Sections 7.305 and 7.306, respectively, of this charter; or

(5) to revenue bonds which are issued as refunding bonds for the sale of which results in a lower total scheduled principal and interest payments of the City and County of San Francisco.

The board of supervisors by ordinance shall prescribe a procedure for the issuance of refunding bonds.

(6) to loans directly or indirectly from, or bonds guaranteed or subsidized by, the State of California or United States of America for projects which are intended to protect or preserve the environment, where the acceptance of a loan or issuance of bonds would be the most cost-effective method of financing a particular project. For purposes of this subsection (6), the determination of what constitutes the most cost-effective method of financing shall be made by resolution of the board of supervisors as recommended by the chief administrative officer. 7.305 Revenue Bonds of the Port Commission
Subject to the approval of the Board of Supervisors The Port Commission shall have the exclusive power to perform or accomplish the issuance of revenue bonds or other types of revenue obligations under such procedures and in accordance with such terms as may be established by resolution of the Port Commission, in the same manner and to the same extent as is provided for by the San Francisco Harbor Revenue Bond Act of 1951, enacted by Stats. 1951, Chapter 1712, page 4020, of the Statutes of California and codified as Sections 3330 to 3369 of the Harbors and Navigation Code of the State of California, except that the provisions of said Act codified as Section 3338 of the said Harbors and Navigation Code shall not be applicable to these bonds and the bonds shall instead be governed by the following provision:

The San Francisco Port Commission may fix terms and conditions for the sale of other disposition of any authorized issue of bonds and may provide that the bonds may be sold on the basis of the lowest net interest cost to the San Francisco Port Commission, the coupon rates to be fixed by the successful bidder on the sale of the bonds. The San Francisco Port Commission may authorize the City Treasurer to sell bonds at less than their par or face value, but no bond may be sold at a price below 95 percent of the principal amount of the bond and accrued interest thereon. The said San Francisco Port Commission may set the annual rate or rates of interest which the bonds to be issued shall bear, which rate or rates, at the discretion of the said Commission, may be determined by the bidder at the time of sale of said bonds. Such interest may be payable at such periods as may be fixed by the Commission.

All of the other provisions of said Act are by this reference incorporated in and made a part of this charter, except that where the term "Board of State Harbor Commissioners" is used it shall be deemed to mean the "Port Commission," and where the term "San Francisco Harbor" is used it shall be deemed to mean all the property under the jurisdiction of the San Francisco Port Commission, and where the term "San Francisco Harbor Bond Finance Board" or "Bond Finance Board" is used it shall be deemed to mean "Board of Supervisors of the City and County of San Francisco," and where the term "Attorney General of the State of California" is used it shall be deemed to mean "City Attorney," and where the term "State Treasurer" is used it shall be deemed to mean "City Controller." The revenue bonds issued hereunder shall be known as "Revenue Bonds of the Port Commission of San Francisco."
hours, benefits and terms and conditions of employment; and it shall be final and binding on the parties to the dispute, including the City and County of San Francisco, its commissions, departments, officers and employees. No other actions or procedural steps to confirm or approve the decision of the arbitration board shall be permitted or required; provided, however, that the City and County of San Francisco, its designated officers, employees and representatives and the recognized employee organization involved in the dispute shall take whatever action that is necessary to carry out and effectuate the decision of the arbitration board.

(f) The expenses of any arbitration proceeding convened pursuant to these Charter sections, including the fee for the services of the chairperson of the arbitration board, the costs of preparation of the transcript of the proceedings and other costs related to the conduct of the proceedings, as determined by the arbitration board, shall be borne equally by the parties. All other expenses which the parties may incur are to be borne by the party incurring such expenses.

(g) The impasse resolution procedures set forth in Section 8.590-5 shall not apply to:

1. any dispute or controversy concerning the San Francisco Police Department's crowd control policies;
2. any procedures or practices relating to the processing and disposition of complaints handled by the Office of Citizens' Complaints; or matters relating to disciplinary procedures that apply to disciplinary actions involving members of the San Francisco police department and fire department covered by these sections; or matters covered by Charter section 8.343; and
3. any rule, policy, procedure, order or practice which relates or pertains to the purpose, goals or requirements of a consent decree, or which is necessary to ensure compliance with federal, state or local anti-discrimination laws, ordinances or regulations.

In the event the City acts on a matter it has determined relates to or pertains to a consent decree, or in the event the City acts to ensure compliance with federal, state, or local anti-discrimination laws, ordinances or regulations, and the affected employee organization disputes said determination, that determination or action shall not be subject to arbitration.

8.590-6 Retiree Benefit Adjustments

No agreement reached by the parties and no decision of the arbitration board shall reduce the vested retirement benefits of retirees or employees of the fire department, police department or of the airport police officers. Retirement and death allowances shall continue to be set and adjusted pursuant to Chapter Five of this Article, except that the amount to which said allowances are set and adjusted shall not be less than the amount said allowances would be if the salaries of the uniformed forces in the police and fire departments continued to be set pursuant to Charter Section 8.405. Any agreement or decision of the arbitration board altering vested retirement benefits shall be subject to the written approval of the individual beneficiaries thereof.

8.590-7 Preservation of Tax Benefits

(a) Sections 8.590-1 through 8.590-7, in their entirety, shall be subject to and limited by charter section 8.500 and any ordinances enacted pursuant thereto. Sections 8.590-1 through 8.590-7 shall be effective only to the extent that benefits authorized by or authorized pursuant to those sections do not have an adverse consequence on the tax treatment of benefits provided to any employee of the city and county.

(b) Any agreement reached by the parties or any decision of the arbitration board which authorizes a modification of any aspect of the retirement system or of any aspect of the provision for or delivery of retirement benefits shall not become effective until the following occur:

1. The retirement board, acting in its fiduciary capacity, forwards to the board of supervisors certification that implementation of the modifications presents no risk to the tax-qualified status of the retirement system. Such certification shall be based upon the advice of the general manager, the actuary of the retirement system, and any outside consultants that they may in their discretion retain; and,
2. After having received the certification referred to in the previous paragraph and after having made its own independent finding based on clear and convincing evidence that implementation of the modifications presents no risk to the tax-qualified status of the retirement system and will not increase the taxes of city and county employees, the board of supervisors, by a three-quarters vote, enacts an ordinance making the modifications effective.

(c) Costs of any outside consultants retained by the city and county pursuant to this section shall be borne equally by the city and county and by the bargaining units concerned.
Police and Fire Bargaining and Arbitration

PROPOSITION D
Shall the wages, hours, benefits and working conditions for police officers, firefighters and airport police be set by collective bargaining, with disputes decided by final and binding arbitration?

YES 294
NO 295

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The salaries of police officers, firefighters and airport police ("safety officers") are based on a survey of salaries paid by other cities and counties. Retirement benefits and death allowances are set by the Charter. Other terms and conditions of employment are either specified in the Charter or set by the City after negotiations.

THE PROPOSAL: Proposition D is a charter amendment that would require the City and safety officer organizations to negotiate through collective bargaining wages, hours, benefits and working conditions ("terms of employment"). Proposition D would override any conflicting charter provision, ordinance or departmental rule except for certain provisions of the Retirement System.

If the parties cannot reach agreement, the disputed issues would be decided by binding arbitration. The parties would submit a last offer on each disputed issue to a board of three arbitrators. On each issue, the arbitrators would choose either the City’s or employees’ last offer based on a list of specified factors, including the cost of living, comparable wages and benefits paid in other districts, and consideration of the City’s ability to pay. The arbitrators’ decision would be final. The City could not change any existing term of employment until agreement is reached or the matter is resolved by arbitration.

Under Proposition D, retirement benefits and death allowances would be based on the higher of (1) salaries determined through collective bargaining or (2) salaries that would have been paid under the current salary survey process. Other aspects of retirement benefits could be changed by negotiation or arbitration, regardless of existing charter provisions.

Any agreement or arbitration decision that changes any aspect of the Retirement System would not go into effect until the City certifies that there would be no negative tax effect on employee benefits. Each affected individual could choose whether to accept the change.

A “YES” VOTE MEANS: If you vote yes, you want to make these changes to the way terms of employment are set for safety officers.

A “NO” VOTE MEANS: If you vote no, you do not want to make these changes.

Controller’s Statement on “D”

Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there could be a cost effect, the amount of which, being dependent upon negotiation or arbitration, cannot be determined, but may be substantial.

How Supervisors Voted on “D”

On July 25, 1990, the Board of Supervisors voted 7-4 on the question of placing Proposition D on the ballot.

The Supervisors voted as follows:

Police and Fire Bargaining and Arbitration

PROPONENT'S ARGUMENT IN FAVOR OF PROPOSITION D

San Francisco police and firefighters put their lives on the line, but have no say in vital decisions about their jobs or well-being. As morale plummets and frustration increases, San Francisco is losing experienced and trained police officers.

With fewer experienced and motivated personnel on the front lines, PUBLIC SAFETY SUFFERS while San Francisco crime rises — with 837 more robberies so far this year, a 35.5% increase.

No other city in the nation treats its police and firefighters like the City and County of San Francisco. The City doesn't provide dental care, or pay for family medical insurance; benefits are non-negotiable. Despite cost of living differences, San Francisco's salaries are based on what Los Angeles, Long Beach, San Jose and San Diego pay safety employees.

Proposition D reforms this archaic system, putting San Francisco in step with all other major Bay Area cities by authorizing negotiating of employment issues. Proposition D will:

- Allow negotiation of benefits such as dental insurance at no cost to the City — in return for reduced pay increases over time. The current system prohibits reasonable solutions, even when both the City and employees agree.
- Be fair to the City, because it requires evaluation of San Francisco’s financial condition and ability to pay before setting annual wages and benefits.

(Note: The old system prohibits consideration of San Francisco’s financial condition in setting salaries.)

Your Board of Supervisors approves a City budget annually. Proposition D eliminates automatic increases based on Los Angeles salary raises, giving San Francisco flexibility to help meet critical needs and emergencies in bad years.

Vote YES ON PROPOSITION D to provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration. Vote YES for your police and firefighters, and for better public safety!

Supervisors voting for this argument may not agree with the measure, but agree the argument is accurate.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION D

Whenever we have to make tough choices that the police or fire unions don’t like, they say it’s political.

In our professional judgment, Proposition D will be a disservice to the Police and Fire Departments and a disservice to the taxpayers.

San Francisco cannot afford to have amateurs make public safety decisions.

Our retirees cannot afford to have their benefits taxed. Proposition D could do that.

San Francisco cannot afford to have arbitration awards take money from police and fire equipment to pay for costly new benefits.

Our police and fire personnel work hard for our city and do a good job. They deserve good pay and benefits. But Proposition D goes too far.

Please join us in voting NO on Proposition D.

Police Chief Frank Jordan

Fire Chief Frederick F. Postel

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION D

Do not be deceived by Proposition D. Proposition D jeopardizes the city’s Retirement System, increases costs, and takes management authority away from the Police and Fire Chiefs. San Francisco voters rejected Proposition D in 1979. Reject it again.

Retirement System Jeopardized
The City Attorney has ruled that Proposition D threatens the City’s retirement system — possibly costing San Francisco taxpayers and retired workers hundreds of millions of dollars!

A Blank Check
There is no limit on how high salaries or benefits could soar. With State and Federal budget deficits ahead, we need to find ways to reduce the cost of government.

Unlimited Binding Arbitration is a Dumb Idea
At first, submitting disputes to an arbitrator sounds fair. But a closer look reveals major problems.
1. An arbitrator is not accountable — to the Police and Fire Chiefs, or the voters. The arbitrator makes the decisions, but San Franciscans have to live with the consequences.
2. An arbitrator is not qualified to make public safety decisions.

The police and fire Chiefs should decide how to balance the need for personnel, equipment, and benefits. Those are public safety decisions to be made by Chiefs — not amateurs.
3. The voters — not an arbitrator — should make final decisions. Once granted, some employee benefits can never be taken away — even by the voters.

The Chiefs Should Run the Police and Fire Departments
Last year, the Fire Chief wanted to hire more firefighters and purchase new fire trucks. The Fire Union wanted more overtime. San Francisco voters backed the Fire chief. This year, the Police Chief ordered more police officers to work uniformed street patrol. The Police Union criticized that.

Under Proposition D, the Chiefs’ decisions could be overruled. Don’t Be Deceived — Vote No on Proposition D.

Fred Postel
Fire Chief
Frank Jordan
Police Chief

REBUTTAL TO OPPOPPONENT’S ARGUMENT AGAINST PROPOSITION D

Q. Why do the chiefs oppose this?
A. Because as political appointees, they must respond to political pressure, not just public safety needs.

But San Francisco’s former police chiefs and fire chiefs support Proposition D because it improves public safety.

Police and firefighters presently can’t negotiate. Under the current “take it or leave it” system San Francisco:
• Lost 33% more officers this year than the usual average;
• Is 164 officers short of previously-authorized staffing;
• Has seen CRIME INCREASE 24% this year with fewer experienced and motivated police.

Don’t be misled:
1. “TAX IMPACTS” IS A PHONY ISSUE. No retirement system change is allowed unless the City certifies it “presents no risk to the tax-qualified status of the retirement system.” (Section 8.590-7)

2. COLLECTIVE BARGAINING WORKS. Although virtually every large city utilizes this process, arbitration has been used to resolve disputes only 5 times since 1985.

3. MANAGEMENT CONTROL PRESENTED. The current system jeopardizes the ability of chiefs to manage their forces, as high turnover reduces productivity and wastes training. Proposition D reduces turnover and allows those who risk their lives to discuss safety decisions. But the chiefs retain exclusive control over important management decisions — including crowd-control and discipline. (Section 8.590-5 (g))

4. PROPOSITION D CONTROLS SPENDING. Currently, San Francisco had no control over salaries. Under Proposition D, numerous standards must be met before San Francisco can increase wages, including consideration of the City’s financial condition. (Section 8.590-5)

VOTE YES on D for fairness and improved public safety.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.
Nos: Supervisor Kennedy.
Absent: Supervisors Alioto, Brit and Hongisto.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Police and Fire Bargaining and Arbitration

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Collective bargaining and binding arbitration are basic labor issues.
We support Proposition D because it represents a return to a fair and equitable form of labor relations. This measure will accomplish what the years of discussions, study groups and commissions has failed to do — return San Francisco to a flexible system of contract negotiations for Police and Fire personnel.

As miscellaneous employees, we share a major problem with the police and fire employees. We don’t have basic health benefits such as a dental plan or dependent health care. The current system, according to the Mayor’s Task Force on Family Policy, lacks the flexibility needed to respond to San Francisco’s families.

It is time to modernize San Francisco government.
Vote YES on D!

Shirley Black
President
United Public Employees Local 790, SEIU
Paul Varacalli, Executive Director
United Public Employees Local 790, SEIU

Collective bargaining, with disputes being clearly and reasonably resolved through binding arbitration, will improve the morale of our safety personnel.
Vote YES on D.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Vote Yes on D! Support fairness for our police and firefighters.

Carole Migden
Candidate, Board of Supervisors

FORMER CHIEFS SAY:
BOOST POLICE AND FIRE FIGHTING PRODUCTIVITY
— VOTE FOR PROPOSITION D!
THE PROBLEM: Declining morale threatens to cripple our police and fire department productivity. Recruitment and retention of quality people to cope with fires, emergencies and soaring crime is getting tougher.
San Francisco denies police and firefighters basic collective bargaining and arbitration rights held by their counterparts in all other major Bay Area cities — and most of America’s largest cities.
The City’s present system prohibits incentives for bilingual abilities or education above high school — despite the challenges of serving San Francisco’s diverse cultures.
The issue goes beyond fairness. The current Charter seriously jeopardizes the ability of police and fire chiefs to manage their forces. We’re losing experienced police officers to other cities at the highest rate in our history, 33% higher than average. The high turnover contributes to the crime rate, squanders our training investment, and costs us seasoned officers.
San Franciscans are justly proud when our firefighters and police spring into action during a crisis — like the latest earthquake. But when the smoke clears, we cannot turn away from the men and women who perform so heroically.

THE SOLUTION: Proposition D helps solve this problem. Proposition D would:
• Allow police and firefighters a voice in decisions about their safety and well-being.
• Provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration.
Negotiation and arbitration have proven their effectiveness in cities across the nation. So why are we continuing to operate the police and fire departments of the country’s most progressive city like a medieval village? VOTE YES ON PROPOSITION D!

Jo Daly, Police Commissioner (1980-1986)
Thomas Cahill, Former Police Chief, San Francisco Police Department
Donald Scott, Former Police Chief

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Public safety depends on treating our public safety employees fairly.

BART and other public agencies keep good employees in their service by engaging in fair and open collective bargaining, along the lines of Proposition D.

San Francisco should emulate the successful record of its fellow public agencies by adopting such practices.

Public safety demands it!
Vote “YES” on “D”.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

We are former city officials with many years of budgetary experience with the City and County of San Francisco. In the public interest, we offer this nonpartisan analysis of Proposition D.

PROPOSITION "D" PROTECTS THE CITY'S BUDGET: Let us leave aside the arguments of fairness to people who risk their lives for our safety, and focus on the cold hard financial concerns of officials who have to balance the City’s budget while adequately compensating firefighters and police officers.

We’re sitting on a time bomb. The current San Francisco charter requires automatic wage increases based on pay rates in four California cities including Los Angeles, Long Beach and San Diego.

Let’s use common sense. What happens if the Bay Area goes into a recession while Southern California’s economy booms? Our city budget could go out of control — under present law.

Proposition D eliminates that fiscal danger by 1) abolishing automatic pay hikes and 2) ensuring that the City’s ability to pay is taken into account in decisions on benefit and wages.

Proposition D is good, solid public policy already used in the nation’s major cities. It doesn’t solve all of the City’s budget problems. But it does eliminate one more potential fiscal headache.

Public officials in the government arena unfortunately sometimes make policy statements in response to political pressures, despite a proposal’s merits. As former city officials, we have no interest in this issue other than the public interest. Proposition D in our opinion restores a strong measure of sanity to the budgetary process.

Please join us in a “YES” vote on PROPOSITION D.

John L. Molinari
Former President and Member,
San Francisco Board of Supervisors
Tom Scanlon
Treasurer, Retired, City and County of San Francisco
Joseph L. Alioto, Former Mayor

As a former San Francisco Police Commissioner, I find it frightening to examine recent statistics on violent crimes in San Francisco. Through August 11, 1990, San Francisco has had:

- 1,234 more robberies this year than during the same period last year (a 48% increase);
- 16 more homicides (up 31%);
- 31 more rapes (up 13%), and
- 154 more aggravated assaults (up 6%).

While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.

Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:

- lack of educational incentives.
- Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”

Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in 15 of the nation’s 20 largest cities. It’s a proven and effective system that brings labor peace and improves police morale.

San Francisco police lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.

A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Jo Daly
Police Commissioner (1980-1986)
PAID ARGUMENTS IN FAVOR OF PROPOSITION D

WE SUPPORT PROPOSITION D
San Francisco has pressing budget priorities — providing AIDS/ARC services, assistance for the homeless, and affordable housing. Yet San Francisco is currently locked into a wage formula based solely on pay levels set by Los Angeles and other California cities.

PROPOSITION D IS A STEP IN THE RIGHT DIRECTION.
Proposition D abolishes the mandatory pay formula for police and firefighters and provides San Francisco the budgetary flexibility necessary to deal with emergency needs.

Proposition D ensures the City’s ability to pay is considered before setting salaries and benefits. At the same time, it is fair to public safety employees because it allows for negotiations in determining compensation.

San Francisco has critical requirements that we cannot ignore. We need the budgetary flexibility that Proposition D will allow.

Join us in voting YES on Proposition D.

Ernest “Chuck” Ayala, San Francisco Community College Board
Carole Migden, Chair, San Francisco, Democratic Party
Mitchell Omerberg, Director of Affordable Housing Alliance

As Mayor of San Francisco for over nine years, public safety and law enforcement were among my top priorities.

Consequently, I was alarmed to examine the most recent report on violent crimes in San Francisco. For this year alone through August 11, 1990, San Francisco has suffered:

• 1,234 more robberies than during the same period of last year (a 48% increase);
• 16 more homicides (up 31%);
• 31 more rapes (up 13%), and
• 154 more aggravated assaults (up 6%).

While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.

Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:

• poor working conditions;
• lack of educational incentives.

Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”

Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in most of the nation’s largest cities. It’s also a system that has proven its effectiveness in other Bay cities over the last ten years, bringing labor peace and improving police morale.

San Francisco police and firefighters lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.

A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Dianne Feinstein
Former Mayor of San Francisco

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

FISCAL ANALYSIS OF PROPOSITION D
by John C. Farrell
Controller, City and County of San Francisco, 1974-1989
I believe there are compelling fiscal reasons for reформing the City’s existing method of compensating police and firefighters by passing PROPOSITION D.

PRESENT LAW:
- Prohibits consideration of the City’s ability to pay for any proposed wage and benefits increases.
- Denies policy makers flexibility needed to tailor benefits to emergencies and changes affecting the City’s budget.
- Locks the City into a wage formula based on Los Angeles and San Diego pay levels for police and firefighters.
- Fails to take cost-of-living differences among various cities into consideration in calculating automatic pay increases.

PROPOSITION D WOULD:
- Mandate consideration of the City’s ability to fund — without additional burden to taxpayers — wage or benefit hikes. Disputes would be resolved by independent, professional arbitrators.
- Establish a method for fairly adjusting levels of compensation needed to retain competent people — without busting the budget. Until we can find means of providing family medical care for police and firefighters, we will continue to lose experienced officers.
- Give San Francisco’s elected officials the ability to negotiate sensible changes in compensation packages. For example, pay increases reductions could be negotiated in return for family medical care — at no extra cost to the city.
- Free San Francisco budgets from outside control As ridiculous as it sounds, officials in Los Angeles now have more control over this part of the city’s budget than our own representatives.
- Bring San Francisco a fiscally responsible system that is enjoyed by every other major Bay Area city and most American cities.

Stewards of the City’s budget need a more rational method of matching San Francisco’s needs with treasury resources.

Let’s restore some sanity to the process. VOTE FOR PROPOSITION D.

John C. Farrell
Controller, City and County of San Francisco, Retired

YES ON PROPOSITION D

Proposition D is fair both to the City and to the public safety employees. It would abolish the current pay system for police, fire and airport safety personnel, which is based exclusively on what other cities pay their safety employees. This process would be replaced by collective bargaining with a provision for binding arbitration in the event of an impasse. Proposition D would also prohibit strikes.

Collective bargaining has always been a sound principle of employee/employer relationships. Proposition D would allow the City and its safety personnel to sit down together and agree on wages, benefits and working conditions, taking into account the uniqueness of San Francisco. The provision for arbitration in the event of an impasse and the prohibition on strikes will guarantee fair and equitable treatment of our taxpayers and safety personnel and at the same time would eliminate the danger of any work stoppages.

That’s why I strongly support Proposition D which is a concept I have supported consistently for more than 25 years.

John Burton, Member of the Assembly

PROTECT CIVIL RIGHTS: VOTE “YES ON PROPOSITION D”

We have examined Proposition D and find it strengthens protection of vital civil rights as well as the rights of working people. Under the sponsorship of the Board of Supervisors, these protections were included in the charter amendment:

- Affirmative Action. Employment rights of women and minorities, and policies designed to ensure compliance with local, state and federal anti-discrimination laws and regulations are protected by Proposition D.
- Petitioning Rights. Crowd control policies designed to ensure that local law enforcement does not interfere with the rights of peaceful demonstrators are protected.
- Complaints Procedures. Proposition D would not interfere with complaints processed by the Office of Citizens’ Complaints or with disciplinary actions involving police of firefighters.

Proposition D protects the fundamental human right of police and firefighters to unionize — without endangering public safety or encroaching on the rights of others. PROPOSITION D MERITS YOUR SUPPORT.

Croce Casciato, Latino Police Officers Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Police and Fire Bargaining and Arbitration

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

The San Francisco Labor Council and its member unions strongly support a “YES” vote on Proposition D. Labor has long supported collective bargaining and binding arbitration for police and firefighters.

Arbitration is the preferred method of resolving disputes for emergency personnel, even if this sometimes means treating police and firefighters differently than other municipal employees. The difference is that they do not have access to the right to strike accorded other employees.

Twenty-six (26) states have similar legislation, as do several Bay Area cities. A vote for Proposition D will include San Francisco in this growing list of progressive cities.

WE ALSO WANT TO REFUTE A PHONY ISSUE RAISED BY OPPONENTS. The unions representing City Employees have as great an interest in preserving the tax-exempt status of the retirement system as anyone. We have concluded that Proposition D poses no threat to the retirement system.

WE URGE YOU TO READ THE FOLLOWING PROTECTIONS INCLUDED IN Proposition D:

- The Board of Supervisors can take actions necessary to preserve the tax-exempt status of the retirement system.
- The initiative is effective only to the extent that it does “not have an adverse consequence on the tax treatment of the City and County."
- The Retirement Board must certify that implementation “presents no risk to the tax-qualified status of the retirement system.”
- The Board of Supervisors must independently determine by a three-quarters vote that there is “no risk.” Every city in the nation would be endangered before San Francisco incurred any risk.

Walter Johnson, Secretary-Treasurer, San Francisco Labor Council
Leroy King, ILWU
Larry Martin, Transport Workers Union
Stanley Smith, Secretary-Treasurer Building Trades
Sherri Chiesa, Hotel / Restaurant Employees Union
Paul Varacalli, Executive Director, United Public Employees, Local 790
Robert Morales, Secretary-Treasurer, Teamsters Local 350

VOTE YES ON PROPOSITION D

As Democrats, we believe it is only fair that San Francisco’s working people have a voice in decisions affecting their jobs.

PROPOSITION D IS FAIR TO BOTH THE CITY AND PUBLIC SAFETY EMPLOYEES. Proposition D abolishes the current system that sets San Francisco salaries based exclusively on what Los Angeles, San Diego, San Jose and Long Beach pay — while ignoring the City’s needs and budget.

Proposition D protects our budget in difficult years. Proposition D requires consideration of the City’s ability to pay before setting wages and benefits — providing important protection for crucial city services for AIDS victims, the homeless and youth.

THE CITY’S CURRENT SYSTEM IS UNFAIR. In addition to poor working conditions, San Francisco police and firefighters receive:

- no dental benefits;
- no family medical care;
- no bilingual incentives;
- no educational assistance.

Unlike most cities, our public safety employees are prohibited from negotiating over benefits and working conditions — they can either take it or leave it.

Increasingly, police are leaving: San Francisco is losing 33% more officers to other cities than ever before. The lack of motivated and experienced officers contributes to rising crime in our neighborhoods — up 24% over the first seven months of 1990 — including 1,234 more robberies alone.

We strongly support Proposition D because it is based on fairness in the best traditions of the Democratic party.

Willie L. Brown, Jr., Speaker, California Assembly
Robert Achtenberg, Civil Rights Attorney
Bob Geary, Member San Francisco Democratic Central Committee
Arlo Hale Smith, BART Director

84
PAID ARGUMENTS AGAINST PROPOSITION D

Proposition D confuses two very different issues: Collective Bargaining and Interest Arbitration.

Our police and firefighters deserve a fair and impartial way to determine their working conditions — Collective Bargaining. However, Interest Arbitration will put final decision-making power in non-elected arbitrators — free to reach decisions without any ACCOUNTABILITY to us taxpayers.

We will be without any recourse against over-Budget arbitration awards causing ADDITIONAL TAX INCREASES or CUTS IN OUR SERVICES.

Don’t let unchecked Interest Arbitration throw our City into yet another deficit — vote NO on PROP. D.

John J. Figone
Candidate for Supervisor
Member, San Francisco County Democratic Central Committee
19th Assembly District

Proposition D is an irresponsible proposal that will reduce public protection for citizens of San Francisco. It will allow someone from outside San Francisco with no knowledge of our city or city finances to decide how we will spend tens of millions of dollars with no voice from our voters.

As a former sheriff and police chief, I know this proposal will result in fewer dollars going for the efforts that prevent crime. We will have fewer police and cuts from every other city department and service to city residents. The existing formula approved by voters in the mid-1970s has worked well and resulted in labor peace and saved taxpayers millions of dollars.

Protect public safety. Vote NO on Proposition D.

Supervisor Richard D. Hongisto

Our police and firefighters do a difficult job well. They deserve good pay and good benefits.

That is why I have always supported collective bargaining. And since police and firefighters do not have a right to strike, a fair way has to be found to settle disputes with management.

To come up with a system of collective bargaining which works for San Francisco, a Collective Bargaining Task Force has been established which will have a report ready this Fall.

Unfortunately, Proposition D goes too far.

Proposition D has no limits — on salaries, benefits, or other costs. We cannot afford it.

At a time when services are being reduced and deficits are looming at the State and Federal levels, we cannot afford the risk of allowing an arbitrator to spend tens of millions of your tax dollars.

Remember — for every 1% more an arbitrator gives away, you pay more than 2 million dollars.

Proposition D puts our retirement system at risk.

Proposition D overturns longstanding police and fire policies, city laws, and Civil Service rules. Laws protecting against INS harassment and policies prohibiting the use of rubber gloves at AIDS demonstrations or limitations on intelligence gathering are in peril.

Proposition D sets up an expensive new bureaucracy. A recent arbitration in Redwood City took more than a year, left 84 issues in limbo, and required 3,000 pages of testimony.

Proposition D jeopardizes civilian oversight.

Proposition D takes away fiscal accountability.

Proposition D is the wrong idea at the wrong time. Let’s do collective bargaining right.

Vote No on Proposition D.

Mayor Art Agnos

PART NINE: IMPARTIAL ARBITRATION OF WAGE AND BENEFIT DISPUTES FOR THE FIRE DEPARTMENT, POLICE DEPARTMENT AND AIRPORT POLICE OFFICERS

8.590-1 Declaration of Policy
It is hereby declared to be the policy of the City and County of San Francisco that strikes by firefighters, police officers and airport police officers are not legally permissible, and that a method should be adopted for peacefully and equitably resolving disputes. It is the further purpose and policy of the City and County of San Francisco that in the event the procedures herein adopted are invoked by the City and County of San Francisco or by a recognized employee organization representing firefighters, police officers or airport police officers, that they shall supersede and displace all other formulas, procedures and provisions relating to wages, hours, benefits and other terms and conditions of employment found in this Charter, in the ordinances and resolutions of the City and County of San Francisco, or in the rules, regulations or actions of boards or commissions of the City and County of San Francisco.

8.590-2 Employees Covered
These sections 8.590-1 through 8.590-7, inclusive, shall apply to the several ranks of the fire department and police department as provided for in Sections 3.542 and 3.531 of this Charter, respectively, and to all of the classifications of airport police officers, jointly referred to in these sections as "firefighters", "police officers" and "airport police officers".

8.590-3 Prohibition Against Strikes
If any firefighter, police officer or airport police officer employed by the City and County of San Francisco engages in a strike as defined by Section 8.346(a) of this chapter against the City and County of San Francisco, said employee shall be dismissed from his or her employment pursuant to Charter Sections 8.345 and 8.346.

8.590-4 Obligation to Negotiate in Good Faith
Notwithstanding any other provisions of this Charter, or of the ordinances, rules or regulations of the City and County of San Francisco and its departments, boards and commissions, the City and County of San Francisco, through its duly authorized representatives, and recognized employee organizations representing classifications of firefighters, police officers and airport police officers shall have the mutual obligation to negotiate in good faith on all matters within the scope of representation as defined by Government Code Sections 3500 et seq., relating to the wages, hours, benefits and terms and conditions of City and County employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of any negotiated agreement. Unless and until agreement is reached through negotiations between authorized representatives of the City and County of San Francisco and the recognized employee organization for the classifications of firefighters, police officers and airport police officers, or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for said fire department, police department or airport police employees shall be altered, eliminated or changed. Agreements reached by the duly authorized representatives for the City and County of San Francisco, its departments, boards and commissions and the recognized employee organizations pursuant to this Section shall be binding on the City and County of San Francisco, and on its departments, boards, commissions, officers and employees once adopted by the board of supervisors. Said agreements shall supersede any and all other conflicting procedures, provisions and formulas contained in this Charter relating to wages, hours, benefits or terms and conditions of employment.

8.590-5 Impasse, Police Department and Airport Police Officers

(a) Subject to section 8.590-5(g), disputes or controversies pertaining to wages, hours, benefits or terms and conditions of employment which remain unresolved after good faith negotiations between the City and County of San Francisco, its departments, boards and commissions and a recognized employee organization representing firefighters, police officers or airport police officers shall be submitted to a three-member board of arbitrators upon the declaration of an impasse either by the authorized representative of the City and County of San Francisco or by the recognized employee organization involved in the dispute.

(b) Representatives designated by the City and County of San Francisco and representatives of the recognized employee organization involved in the dispute shall each select and appoint one arbitrator to the board of arbitrators within three (3) days after either party has notified the other, in writing, that it desires to proceed to arbitration. The third member of the arbitration board shall be selected by agreement between the City and County of San Francisco and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and County of San Francisco and the recognized employee organization involved in the dispute cannot agree upon the selection of the neutral arbitrator within ten (10) days from the date that either party has notified the other that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the City and County and the employee organization cannot agree within three (3) days after receipt of such list on one of seven (7) persons to act as the neutral arbitrator, they shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and chairperson of the arbitration board.

(c) Any arbitration proceeding convened pursuant to this article shall be conducted in accordance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The arbitration board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The arbitration board, in the exercise of its discretion, may meet privately with the parties, mediate or mede-arb the issues in dispute. The arbitration board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

(d) In the event no agreement is reached prior to the conclusion of the arbitration hearings, the arbitration board shall direct each of the parties to submit, within such time limit as the arbitration board may establish, a last offer of settlement on each of the remaining issues in dispute. The arbitration board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of public and private employment, including, but not limited to: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employment of employees performing similar services; the wages, hours, benefits and terms and conditions of employment of other employees in the City and County of San Francisco; and the formulas provided for in this Charter for the establishment and maintenance of wages, hours, benefits and terms and conditions of employment. The impartial arbitration board shall also consider the financial condition of the City and County of San Francisco and its ability to meet the costs of the decision of the arbitration board.

(e) After reaching a decision, the arbitration board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the arbitration board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the arbitration board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of the arbitration board, as it may be modified or amended by the parties, shall be publicly disclosed. Except as limited by Section 8.590-7, the arbitration decision, as it may be modified or amended by the parties, shall supersede any and all other relevant formulas, procedures and provisions of this Charter relating to wages.

(Continued on page 76)
PROPOSITION E

Shall the Charter be amended to (1) prohibit the City, with certain limited exceptions, from doing business with or having investments in any company (or affiliate) engaged in any work on nuclear weapons systems or components; (2) prohibit nuclear weapons work in the City; (3) subject the transport of high-level radioactive materials to certain regulations; and (4) create a nine-member elected commission with specified powers to oversee this measure's requirements?

YES 297  
NO 298

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: In 1987, the voters approved Proposition U, a declaration of policy making San Francisco a nuclear free zone. The Charter currently contains no provision regarding the nuclear industry or nuclear materials.

THE PROPOSAL: Proposition E is a charter amendment that would prohibit the City’s doing business with any company or affiliate directly or indirectly engaged in any work on nuclear weapons systems (“nuclear weapons makers”) unless there is no reasonable alternative. Proposition E generally would prohibit the City’s having investments in “nuclear weapons makers,” and would restrict the ability of the City to invest in U.S. Treasury bills, notes and bonds. The City generally would be required to give preference to financial institutions that do not loan money or provide other financial services to “nuclear weapons makers”.

Proposition E would prohibit new nuclear weapons work in the City, phase out existing nuclear weapons work and prohibit the use of high-level radioactive materials. All those doing business with the City would be required to file detailed declarations so that the City could determine whether they are involved directly or indirectly in nuclear weapons work. The use of radioactive material for medical and other specified purposes would be allowed.

Those transporting high-level radioactive material through San Francisco would be required to notify the City, file transport plans and post warning signs on the vehicles and routes. It would be unlawful to transport certain high level radioactive materials through the Port or Airport. Food retailers would be required to label irradiated food if the City decides that such food is a public health hazard.

Proposition E would require the City to take certain other actions, including (1) developing a plan for converting “nuclear weapons work” to “peaceful, productive purposes”; (2) monitoring the use and transport of hazardous radioactive materials; (3) refraining from planning for the effects of nuclear war; and (4) developing a peace education program for San Francisco schools and the public. It would establish a City policy to minimize City purchases of electricity generated by nuclear reactors.

Proposition E would create a nine-member elected commission. The commission would oversee the Proposition’s requirements and have the power to place related measures on the ballot, accept and spend grant monies, hire staff, and oversee certain aspects of City purchasing.

Violation of the Proposition would be a misdemeanor.

A “YES” VOTE MEANS: If you vote yes, you want to adopt this charter amendment.

A “NO” VOTE MEANS: If you vote no, you do not want to adopt this charter amendment.

Controller’s Statement on “E”

Should the proposed charter amendment be approved, in my opinion, it could increase the cost of government by an indeterminate and possibly substantial amount.

Implementation of this measure would require changes to City investment policies, procurement procedures and licensing and inspection practices, all of which may have cost impacts.

The proposed amendment would increase the Treasurer’s administrative costs by approximately $100,000 per year and limit the type and range of investments potentially available to the City. This restriction could reduce liquidity, increase risk factors and impact upon total investment yield. The amendment’s effect on investment yield cannot be precisely determined. However, by way of example, based on the present City investment portfolio maintained by the Treasurer, a 1/2% shift in investment yield would affect revenues by approximately $6.5 million per year.

Revised purchasing procedures may range in cost from $300,000 to $450,000 per year. Additionally the measure would require City departments to perform additional inspection and regulation duties, the cost effect of which are indeterminate.

How “E” Got on the Ballot

On August 4, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition E to be placed on the ballot had qualified for the ballot.

39,978 valid signatures were required to place an initiative charter amendment on the ballot. (This number is equal to 10% of the registered voters at the time the notice of intent to circulate the petition was filed.)

A random check of the signatures submitted on July 25, 1990 by the proponents of the initiative petition showed that 48,650 of the signatures were valid, 8,672 more than the required number of signatures.
PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION E

"...‘radwaste’ could be to the 1990s what global warming was to the 1980s, as the world’s nuclear-armed, nuclear-powered nations realize they’ve generated a Frankenstein legacy that may be impossible to escape."
— San Francisco Examiner (August 19, 1990)

The threats posed by nuclear weapons and waste loom larger with every passing day. Realizing this, in 1987 55% of San Francisco voters approved Proposition U, a policy initiative which declared our City a Nuclear Free Zone. Proposition U was more than just a symbolic statement — it directed the Board of Supervisors to hold public hearings and pass ordinances to deal with specific nuclear dangers faced by San Francisco.

But while the Supervisors ignore the will of the voters by failing to even schedule a public hearing, the problems addressed by Proposition U get worse:

- Evidence continues to mount that we are slowly being poisoned by releases of radiation into the environment. Even though the International Commission on Radiological Protection recently admitted that current standards for “safe” exposure to radiation are three to four times too high, the U.S. Nuclear Regulatory Commission keeps pushing for larger quantities of radioactive waste to be dumped like ordinary garbage.
- Despite the end of the Cold War, the Bush administration continues to squander billions on first-strike nuclear weapons. While the lack of a few million dollars forces San Francisco to cut health care, MUNI and other essential services, Bush insists that taxpayers foot the bill for the useless B-2 “Stealth” bomber, each of which costs $800,000,000.

San Francisco can and must act to address these problems. JOIN US IN VOTING YES ON PROPOSITION E!

Henry S. Dakin

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION E

The proponents of Proposition E would have us believe that anyone concerned about nuclear safety should vote for this absurd measure.

As their own argument notes, the nuclear issue is a national and even international one. In 1987 Proposition U put San Francisco on record against the nuclear arms race. The City can have little influence beyond making that statement.

Proposition E will harm the City by:

- Inviting costly lawsuits that the City will be forced to defend.
- Eroding a whole new layer of government bureaucracy.
- Jeopardizing radiation therapy for cancer patients within the City.
- Disrupting the City’s ability to buy the best products at the most reasonable price.
- Forcing the City to neglect badly needed services and programs by requiring that already limited city funds be used to comply with this measure.
- Interfering with the operations of the Port and the Airport which could cost hundreds of jobs.
- Hurting small businesses more than larger ones by creating a new volume of paperwork for any company that wants to do business with the City.

If this measure sounds silly and wasteful, you’re right. As opponents of Proposition E, we want nuclear safety but we don’t want a measure that causes these unnecessary problems. Vote NO on Proposition E.

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY
OPPONENT'S ARGUMENT AGAINST PROPOSITION E

Proposition E is not about nuclear arms or nuclear safety. Proposition E is about increasing politics and government bureaucracy. We do not need to increase the government costs at a time when we're being forced to cut back vital city services.

Proposition E would create a new body of elected officials to interfere with City purchasing and investing, fees and permits at the Port, curriculum in the schools, the Police Department's ability to guarantee public safety, and the Board of Supervisor's control over the budget. This will cost millions of dollars!

Who pays? San Franciscans depending upon the City for services: MUNI riders, senior citizens, children, patients at San Francisco General Hospital, small businesses, people who want the Embarcadero Freeway replaced and reopened, taxpayers — all of us. Proposition E punishes San Franciscans, NOT nuclear weapons makers!

The creation of an expensive elected commission, with a staff to jeopardize the operation of City government is simply not a good idea. While these commissioners will rule on operations at the port, health care, food labeling, transportation, education, purchasing, and investing, there is no requirement that they have qualifications or experience in any of these areas.

When Oakland passed a similar measure, a judge ruled it was unconstitutional. In the meantime, the city's legal fees ran up to hundreds of thousands of dollars defending the measure. We cannot afford for that to occur here.

There are much more sensible ways for the City to express its concerns about nuclear weapons. Vote NO on Proposition E!

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION E

Proposition E speaks for itself. Please read it. After you have, we think you'll agree the opposing arguments have no merit.

Frankly, the argument against Proposition E contains so many falsehoods and half-truths that it is impossible to refute them in this limited space. To list just one, how is it possible that Proposition E could have any effect on the replacement of the Embarcadero Freeway?

Who opposes Proposition E? The same corporations that pushed to fund the arms build-up of the 1980s by cutting funding for social services, education, health care, infrastructure replacement and all types of aid to local governments.

Now, these same corporations plan to spend over $500,000 in an effort to defeat Proposition E. Why? Not because they care about San Francisco, but because they know that Proposition E will work to derail their gravy train.

Ask yourself — what have Lockheed, Northrop and General Electric ever done for San Francisco? And while San Francisco struggles to find money for health care, these corporations are working in Washington to maintain funding for dangerous boondoggles like the Trident missile, the B-2 "Stealth" bomber and "Star Wars."

The money to fund these weapons doesn't come out of thin air — it comes out of our pockets. This year's federal arms budget cost every man, woman and child in San Francisco $1200, including $260 for nuclear weapons systems alone.

For more information about Proposition E, or to help the campaign, please call us at 397-1458.

Nuclear Free Zone

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Radiation released by nuclear technologies has had a fearsome effect on the environment and human health. Local government must act to regulate the nuclear industry because other levels of government have shown an unwillingness to do so effectively. San Francisco will have a safer, cleaner environment if this measure is adopted.

Vote YES on E.
Joel Ventesca
Past President, Coalition for San Francisco Neighborhoods
Candidate for Supervisor

In 1987, we actively supported Proposition U — the Nuclear Free Zone Initiative — which passed by an overwhelming margin! City officials did nothing to implement Proposition U. With glasnost, and disintegration of the Eastern Bloc, there is no valid reason why our nuclear arsenal should be increased. More pressing needs exist for scarce public funds — such as AIDS research, affordable housing, and transit improvements.

Vote “YES” on “E”.
Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

President Eisenhower said, “People want peace so much that one of these days governments had better get out of the way and let them have it.” That day has come in Eastern Europe. Yet here in this country, nuclear weapons production continues to escalate. It’s hard to believe, isn’t it?

Because of the unholy alliance between Congress (millions in campaign contributions) and the nuclear weapons makers (billions in contracts), we, the people, are forced to accept catastrophic peril, environmental degradation, social sacrifice, and economic decline.

Gandhi said, “Noncooperation with evil is a duty.” We believe this. He also said, “Live the change you want for the world.” We believe San Francisco wants to live that change by adopting a new ethic for our city government. If you agree, vote YES on Proposition E.

Jack Morrison (Former San Francisco Supervisor)
Regina Endrizzi (Regional Manager, Buffalo Exchange Stores)

Nuclear Free Zone or National Sacrifice Zone?
From Hanford, Washington to Rocky Flats, Colorado to Fernald, Ohio to Savannah River, South Carolina to Lawrence Livermore Lab, California to the Farallon Islands — right in our backyard — nuclear weapons development and production have produced hundreds of billions of gallons of radioactive wastes, affecting people’s health and safety throughout the U.S.

Hazardous radioactive materials regularly travel our streets, highways and skies. Yet, despite the lengthy record of serious accidents and official government neglect, these dangerous materials move without public notice, without adequate safety precautions, and without the knowledge of local officials.

Vote YES on Proposition E to change this unjustifiable and unacceptable situation.

Mark Linenthal (Professor, San Francisco State University)
Ross Mirkarimi (Green Party of California)
PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Nuclear weapons cost jobs.
Aside from threatening our health, our environment, and our future, money spent on such weapons produces far less employment than the same amount invested in community needs.

Now would be the perfect time to cash in our “peace dividend.” But instead, the nuclear weapons industry continues to selfishly protect its profits.

It’s no coincidence that many of the largest nuclear weapons contractors have compiled some of the worst labor records in the country. At the same time, they actively lobby Congress to further restrict the rights of labor, including basic workplace safety and the right to organize.

Proposition E mandates a peace conversion plan to replace the jobs that will be eliminated by pending military spending cuts and base closures, and encourages the further demilitarization of our economy.

For jobs, peace, the environment, and a healthier future, vote YES ON E!

*John Moran (West Bay Coordinator/Organizer, International Association of Machinists and Aerospace Workers)*

The nuclear arms race is bad for small business in San Francisco. During the 1980’s, federal programs in support of small business were slashed while spending for nuclear weapons systems such as “Star Wars” and the B-2 “Stealth” bomber swelled to unprecedented levels. At the same time, arms spending caused the federal budget deficit to mushroom out of sight, resulting in a decreased supply of private loan money for small business.

The indirect costs have been just as severe. Small business has been burdened with the extra taxes needed to balance the City’s budget while simultaneously being forced to cope with the consequences of decreased City spending — increased homelessness, rampant drug use, deteriorating infrastructure and the like. Instead, for the cost of a single B-2 bomber, approximately $800,000,000, San Francisco’s budget problems would be solved for years to come.

A vote for Proposition E is a vote to change this intolerable situation. We can and must take control of our economic destiny. Please join us in voting Yes on E.

*Gregory and Clare Wood (Owners, Forest Books)*

*Toufik (Owner, Jawad Cafe and Deli)*

*Fred Zarour (Manager, Little Market)*

The American Friends Service Committee endorses Proposition E, the San Francisco Nuclear Free Zone Implementation Initiative. It is a powerful way for the people of San Francisco to say “No, not here, not in our name!” to the madness of the nuclear arms race. If Proposition E is passed, San Francisco will join the over 4,500 Nuclear Free Zones in 23 countries around the world in withdrawing our support, consent and cooperation from the nuclear arms race and the nuclear industry.

With the ending of the cold war, the people of the world are crying out, “Stop producing the weapons of war. Instead, spend our tax dollars on schools, housing, adequate health programs and cleaning up the environment.” Our security and well-being are much more dependent on funding programs to meet the needs of our citizens than on continuing the insane nuclear arms race which has resulted in the U.S. building enough nuclear weapons to kill every person on earth many times over.

We urge the people of San Francisco to join this world-wide movement not just with our words, but with our deeds! Vote Yes on E.

*Roy P. Allen (Executive Secretary, American Friends Service Committee)*

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Is Bay View-Hunters Point a "national sacrifice zone" for radiation experiments? The answer may be yes.

Following U.S. government atomic bomb tests in the 1940's and 50's, about 100 radioactive test ships were "decontaminated" at Hunters Point Naval Shipyard, just south of downtown San Francisco. Now, although the ships are long gone, the toxic residue of the decontamination remains in storage at the shipyard.

A Congressional study shows that the Navy repeatedly exposed the sailors involved to dangerous levels of radiation, often without even informing them. Their average life expectancy is 22 years less than the general population, and their children have a birth defect rate more than four times the national average.

These are chilling statistics indeed. Yet, shockingly, no study has been done on the effects of radiation exposure on Bay View-Hunters Point.

Passage of Proposition E is San Francisco's insurance policy to guard against a repetition of this inexcusable episode. Just as importantly, Proposition E mandates the needed radiation exposure studies.

The future of our community is at stake. Please join us in supporting Proposition E.

Espanola Jackson (President, District 7 Democratic Club, Bayview-Hunters Point)
Sam Murray (Chairman, Chemical Toxic Waste Committee, District 7 Democratic Club)

Nuclear weapons spending is killing us.
Out-of-control arms spending takes desperately needed money away from education, housing, health care, and other vital programs. Hardest hit are the poor, who are disproportionately people of color.

While our government wastes billions on weapons too destructive to serve any real defense needs, thousands of our friends and neighbors are dying of AIDS.

Proposition E, puts real pressure on corporations that promote nuclear weapons for the profit of a few at great expense to so many.

Bob Castillo (San Francisco Conservation Corps)
Barbara Cameron and Ron Braithwaite (Co-chairs, Alice B. Toklas Lesbian/Gay Democratic Club)
Tony Gonzales (International Indian Treaty Council)

Lawrence Ferlinghetti (Owner, City Lights Bookstore; Poet)
Pat Norman

We write as members of San Francisco's religious community to urge you to support Proposition E.

The nuclear arms race does grave harm. Its continuation, however, depends on the acquiescence of the majority of citizens. It is time for San Francisco to say "No!" to such misplaced priorities.

The results of inaction are catastrophic nuclear war, or a devastating nuclear accident that would leave San Francisco an uninhabitable radioactive waste heap. So let us stand "in defense of creation." Resist the unholy march toward war and environmental destruction. Vote YES.

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

The San Francisco Nuclear Free Zone Implementation Initiative intends to ensure that the earlier passage of the 1987 Nuclear Free Zone is enforced. The 1990 Initiative contains added features, including an important proviso establishing an elected commission to assure compliance with the people’s demand for a Nuclear Free Zone. In effect, this Initiative follows the prophecy articulated by President Dwight Eisenhower in 1959, when he said:

“I like to believe that the people in the long run are going to do more to promote peace than our governments. I think the people
want peace so much that one of these days governments had better get out of their way and let them have it.”

In a democracy, the legal and moral authority rests directly with the people. I urge the people of San Francisco to become direct peace enforcers by voting for the Nuclear Free Zone Implementation Initiative on the November 1990 ballot.

S. Brian Wilson

PAID ARGUMENTS AGAINST PROPOSITION E

We, as San Francisco Democratic party leaders oppose Proposition E. It will cost the City millions of dollars and create an unnecessary elected bureaucracy.

We do not condone or support the nuclear arms race. Unfortunately, Proposition E does nothing to change the arms race or punish nuclear weapons makers. Instead, it will punish those San Franciscans that depend upon the City’s budget for services.

Money spent to implement Proposition E will take money away from programs for senior citizens and children, health care, police and fire protection, public transportation, mental health, and the homeless.

We support peace, not Proposition E. Vote NO!

Greg Day
John J. Figoné

The City has better things to spend money on than a costly nuclear free zone bureaucracy.

We all want to eliminate the possibility of nuclear war. We all want nuclear materials handled safely. The city’s voters expressed their views on this with Prop. U in 1987.

Proposition E is something altogether different. It is a costly proposal that undermines the city’s existing services by forcing the City to spend millions of dollars a year on administrative costs and more expensive goods and services.

Its efforts to prohibit anything nuclear in San Francisco are so extreme and so ill-conceived that if it passes cancer patients could be forced to go to hospitals outside the city limits to receive radiation treatments.

There are important issues that the City should be addressing.

AIDS, housing and replacing the Embarcadero Freeway are among the top priorities that demand our City’s immediate attention. These are specific problems that affect the daily lives of San Francisco residents. These programs are where our scarce city funds should be spent.

Nuclear safety is most important but let’s concentrate San Francisco’s efforts on things it can do something about.

PAID ARGUMENTS AGAINST PROPOSITION E

Do we really need another level of bureaucracy with more high-paid staff to feed it?
This initiative will cost the City at least $7 million per year.
It jeopardizes funding for health care, police, and firefighters.
It will cripple businesses at the Port, small businesses, and all city contractors.

VOTE NO ON PROPOSITION E.

Supervisor Bill Maher

Vote NO on Proposition E!
San Francisco cannot afford a new nine-member elected commission and another costly bureaucracy. This commission would have the power to revoke business licenses, regulate City investments, approve City purchases, and impose a curriculum upon our schools.
Our City has more than enough real problems and not enough money to deal with them.
We don’t need this new bureaucracy wasting $7 million a year of taxpayers’ money on issues the federal government already controls.
We urge you to vote NO on Proposition E.

San Francisco Taxpayers Association
W.F. O’Keeffe, Sr., President
William E. Grayson, General Counsel, S.F. Republican Central Committee
Harold M. Hoogasian, President, Hoogasian Flowers Inc.

There’s a big difference between preventing the use of nuclear materials that could endanger people and preventing the use of nuclear materials that help save people’s lives.
We oppose Proposition E because it is so broad and ambiguously worded that it could well prevent cancer patients from being treated with radiation therapy. The initiative exempts “nuclear medicine” but its authors do not understand the meaning of their own language. The field of nuclear medicine does not apply to the external applications of radiation which include radiation therapy. Why should we have to tell cancer patients to seek treatment outside San Francisco?
Proposition E is an unnecessarily costly measure. Please vote NO on Proposition E.

Proposition E is fiscally irresponsible and will cost us MILLIONS of dollars!
It’s one thing to oppose nuclear war, but it’s quite another to prevent the City from investing tax money most wisely: in U.S. government securities. The City’s ability to earn high interest yields with maximum safety and flexibility will be seriously jeopardized if Proposition E passes.

Proposition E may prevent the Purchasing Department from buying needed goods and services at the cheapest price.
Proposition E puts irresponsible restrictions on San Francisco’s Treasury — we simply cannot afford it.

Rudolph Nothenberg, Chief Administrative Officer

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION E

No one would argue against a measure that would protect us from nuclear war or peacetime nuclear accidents. If that is what Proposition E was all about, we would give it our full support.

Proposition E is not about a safe world. It is about a new costly bureaucracy that would make it harder for business people, especially small businesses, to get contracts with the City. It is about nine new elected officials — a second Board of Supervisors which we don’t need. It is about $7 million in costs and lost revenue to the City each year.

If Proposition E passes there will be a whole new set of qualifications, a whole new set of procedures and a whole new set of forms to fill out in order to sell products or services to the City. And, if you sell typewriters or computers made by IBM; cars made by GM, Ford or Chrysler; police radios made by Motorola; or even banking services from a bank that also provides banking services to a company that is at all involved in nuclear defense, forget it. The City will find it very difficult if not impossible to buy these products and services.

This measure is simply absurd. There is absolutely nothing in it that makes nuclear materials safer. It would only make life harder and divert our attention from the problems that already face us as citizens, taxpayers and small businesses.

Donald D. Doyle, Acting President, San Francisco Chamber of Commerce
Victor G. Makras
Jim Lazarus, Vice President, S.F. Chamber of Commerce
Mark Buell, Vice President, Southwest Diversified
Richard B. Morten, Group Account Manager

We Republicans agree that there are legitimate environmental concerns regarding the proper handling and disposal of nuclear materials and waste. These nuclear concerns are too serious to be handled at the local level. Any local attempt to do so will result in a new bureaucracy with new, costly reporting requirements. It will require increased taxes in the midst of San Francisco’s budgetary crisis. The proposition will also add to an already negative business climate in the City.

The San Francisco Republican County Central Committee urges you to vote NO on Proposition E!

SECTION 10.100: NAME

This Article of the City Charter shall be known and may be cited as the San Francisco Nuclear Free Zone Implementation Act of 1990.

SECTION 10.101: PURPOSE

The purpose of this Act is to enable the people of San Francisco to contribute to the creation of a peaceful and healthy world by giving substance, meaning and effect to San Francisco’s status as a Nuclear Free Zone. Its major provisions will:

A. Prohibit nuclear weapons work within San Francisco (see Section 10.103);

B. Make San Francisco’s economy less dependent on spending for nuclear weapons and other armaments by instituting a plan to convert activities that are dependent on such spending to peaceful, productive purposes (Subsection 10.104(B) and Paragraph 10.104(C)(4));

C. Prohibit the government of San Francisco from planning for or cooperating in planning for nuclear war (Section 10.105);

D. Establish a citizens’ right to know about nuclear weapons work taking place in San Francisco (Section 10.106);

E. Require the government of San Francisco to minimize its contracts with and investments in the nuclear weapons industry (Sections 10.107 and 10.108);

F. Restrict, monitor and increase public awareness of the transportation and use of hazardous radioactive materials within San Francisco (Sections 10.109 through 10.112);

G. Prohibit nuclear reactors, food irradiation plants and all similar facilities within San Francisco (Section 10.110);

H. Require labeling of irradiated food sold in San Francisco if it is determined that such sales constitute a public health hazard (Section 10.113);

I. Require the development of a peace education program, for the general public and the schools, in order to inform the people of San Francisco about the issues, threats and solutions addressed by this Act (Section 10.114);

J. Establish a Hiroshima/Nuclear Free Zone Commemoration Day marking the first use of a nuclear weapon against a civilian population (Section 10.115); and

K. Create an elected San Francisco Nuclear Free Zone Implementation Commission to administer this Act (Section 10.119).

SECTION 10.102: FINDINGS

The people of San Francisco find and declare that:

A. The nuclear arms race poses an intolerable threat to the earth and its living systems, to humanity in general, and to the people of San Francisco in particular;

B. Due to the annihilation of civilian populations that would result inevitably from any use of nuclear weapons, the very possession of such weapons constitutes violations of international laws such as the United Nations Charter and the Geneva Convention; as treaties which the United States has signed and ratified, each of these should be accorded status under Section VI of the United States Constitution as “the supreme law of the land”; if the world is to avoid nuclear war, the United States government must begin to exercise moral leadership by complying with international law rather than continuing to ignore such law in exchange for short-term political, economic and military advantages;

C. Although San Francisco will be a prime target in the event of a nuclear war, there is no means of protection from the consequences of such a war; the people of San Francisco, especially children, are frightened, depressed and disturbed by having to face such a threat on a daily basis; the San Francisco government can and therefore must act to mitigate this threat;

D. The security requirements accompanying nuclear weapons threaten the civil liberties of the people of San Francisco and restrict the freedom of information necessary to make decisions concerning the future of the community; examples of this are the recent revelations of the forty-year cover-up of environmental problems at the federal government’s nuclear weapons production facilities and the ongoing refusal of the Navy to admit the presence of nuclear weapons in San Francisco Bay, which prevents local agencies from making appropriate emergency plans;

E. Threats to use nuclear weapons are an integral part of the foreign policy of the United States; since 1948, this country’s leaders have threatened to use nuclear weapons in Europe, the Middle East, Asia and the Caribbean in order to protect military and business interests; the Nuremberg principles hold individuals accountable for crimes against humanity such as would be constituted by use of nuclear weapons; a threat to commit a crime against humanity must be seen in the same light as the crime itself; therefore, the people of San Francisco must act to end this criminal policy that is being carried out in their name, a policy which, if continued, will result in global death and destruction;

F. Nuclear reactors, food irradiation plants, spent fuel reprocessing plants, uranium mines and related facilities form a so-called “nuclear fuel cycle”; in continuing to promote this deadly cycle despite the lack of a safe means for disposing of nuclear waste, the federal government and the government-subsidized nuclear industry ignore the mounting evidence that continuation of such activities will lead to ecological catastrophe; furthermore, each component activity of the nuclear fuel cycle harms the health and safety of its workers and of the residents of surrounding communities;

G. Even if nuclear weapons are never again used, exposure to hazardous radioactive materials continues to cause increased rates of cancer and birth defects; scientific studies have shown definitively that there is no safe level of exposure to radiation; the transportation, storage and handling of nuclear weapons and other hazardous radioactive materials, much of which occurs without the knowledge of local health and safety officials, therefore poses a serious threat to the health and safety of the people and workers of San Francisco;

H. Nuclear reactors pose similar threats of exposure to hazardous radioactive materials, including the threat of catastrophic accidents such as the ones at Three Mile Island and Chernobyl, San Francisco in particular is threatened by the large nuclear reactors on board the Navy vessels that continually travel through San Francisco Bay and by work done on such vessels at the Hunters Point shipyard;

I. Food irradiation is a potentially harmful new technology that has not been properly evaluated and about which there is substantial controversy; food irradiation plants use substantial quantities of hazardous radioactive materials and, moreover, the irradiated food itself undergoes chemical changes that have not been shown to be safe;

J. On the average, a dollar spent for armaments produces less employment than the same dollar spent for civilian purposes; the federal budget’s emphasis on arms purchases, including nuclear arms purchases, directly reduces federal funding to local governments for transportation facilities, infrastructure replacement, low-cost housing, health care, education and other essential programs; the nuclear arms race thus deprives the people and workers of San Francisco of jobs and social services;

K. Local economies that are heavily dependent on arms spending have often suffered because of its unpredictability; it is therefore a matter of self-defense as well as prudent economic planning for San Francisco to push for a change in federal spending priorities while at the same time minimizing local dependence on arms spending; it is furthermore impossible for a community that is substantially dependent on arms spending generally to avoid a degree of dependence on spending for nuclear weapons, thus requiring that planning be undertaken to limit and eventually terminate San Francisco’s dependence on both types of spending;

L. The government of San Francisco has a right and a duty to measure the moral and ethical character of its business relations in deciding with whom it will do business; divestment of financial involvement with nuclear weapons makers is an appropriate application of this right;

M. In 1982, the people of San Francisco expressed their strong desire for an end to the nuclear arms race when they voted by a 72% margin for a bilateral freeze on “the testing, production and further development of all nuclear weapons” (Proposition 12); subsequently, in November of 1987, they voted by a 55% margin to approve a ballot initiative declaring San Francisco a Nuclear Free Zone (Proposition U), thereby joining over 160 other Nuclear Free Zones in the United States and more than 4,000 world-wide; notwithstanding that vote, the Board of Supervisors has failed to implement

(Continued on next page)
organized labor and the employees, whether represented by labor unions or not, who work at the affected installations, and shall ensure that said plan provides for the continuation of the jobs of said employees and, where necessary, for said employees to be retrained for jobs that are at least equivalent in pay and benefits. Any Nuclear Weapons Work continuing after said five (5) year period shall be subject to the sanctions of Subsection 10.116(H).

C. The Treasurer shall develop each year, in cooperation with the Commission, a detailed statement, on a per capita basis as well as in total, of the federal taxes allocated to Military Spending that are paid by the people of San Francisco, shall cause said statement to be published, not less than two (2) weeks but no more than four (4) weeks prior to the public hearing required by Paragraph 10.104(C)(3), in at least four (4) newspapers of general circulation within San Francisco, and shall otherwise work with the Commission to develop further means of disseminating said statement and its contents to the people of San Francisco. Said statement shall specify the portion of Military Spending that is directed to Nuclear Weapons Work. Furthermore, the Commission shall:

1. Provide the formula to be used by the Treasurer in developing the annual statement required by Paragraph 10.104(C)(1); said formula shall be complete and accurate in its assessment of the degree to which the tax dollars of the people of San Francisco are allocated to Military Spending;

2. Notify annually the President of the United States, and other officials as the Commission deems appropriate, of the aforesaid statement and its significance;

3. Hold a public hearing each year, on the Saturday before the federal income tax filing deadline, on the impact of that year’s proposed federal budget on the people of San Francisco, giving particular attention to the relationships between appropriations for Military Spending, including but not limited to appropriations for Nuclear Weapons Work, and funding for social services, education, housing, health, transportation, and other local programs;

4. Develop a peace conversion plan that specifies City economic policies and practices for converting to peaceful production all industries within San Francisco that are wholly or partly dependent on Military Spending, for minimizing the number of plant closings, regionally as well as within San Francisco, that are due to dependency on Military Spending, for cooperating with appropriate agencies as to minimizing other plant closings and for increasing the number of jobs in San Francisco while at the same time reducing the number of jobs that are dependent on Military Spending;

5. On an ongoing basis, make recommendations to the people of San Francisco and to the Board as to actions they may take to assist in developing and carrying out the peace conversion plan; and

6. Consider the regions adjacent to San Francisco in undertaking its responsibilities under this Subsection.

D. In order to more effectively integrate into City law and practice the divestment and selective purchasing procedures of Sections 10.107 and 10.108, the Commission shall hold hearings and solicit testimony for the purpose of developing and recommending to the Board an overall socially responsible investment and contracting plan consistent with this Act and other relevant City policy. Said plan shall be completed and presented to the Board within two (2) years of the effective date of this Act. The Board shall then schedule at least one (1) public hearing to hear testimony as to the contents of said plan, shall make amendments if and as it sees fit and, not more than three (3) years after said date, shall enact said plan as an ordinance. The Commission shall continue to solicit testimony and hold hearings pursuant to making further recommendations as to said plan. In developing said plan, the Commission and the Board shall pay particular attention to the development of positive alternatives, including, for example, investment and purchasing consortia composed of jurisdictions having socially responsible investment and purchasing policies.

SECTION 10.105: PROHIBITION OF PLANING FOR NUCLEAR WAR

It shall be unlawful for the City to undertake or cooperate in planning for nuclear war or for any other use of Nuclear Weapons, or in planning to mitigate the anticipated effects of nuclear war or said other use. This Section shall not be construed, however, to bar the City from planning to mitigate the effects of accidents involving Nuclear Weapons.

SECTION 10.106: PUBLIC RIGHT TO KNOW AND ACCESS TO RECORDS

A. The Commission shall hold at least three (3) public hearings, at times chosen to maximize public participation, within one hundred eighty (180) days of the effective date of this Act, and then twice a year thereafter to evaluate and promote compliance with this Act. Within forty-five (45) days after the conclusion of the third such hearing and then after the second of each pair of yearly such hearings, the Commission shall issue to the public a full report on the potential impacts of the activities addressed by this Act and on the City’s progress in implementing this Act. Said reports shall include, among other things, recommendations for additional regulatory or public actions to further the purposes of this Act.

B. Each Nuclear Weapons Maker or other Person engaged in activities prohibited, restricted or scheduled to be prohibited by this Act shall submit to the Commission an annual report that includes a description of the extent and nature of said activities, including, where applicable, the Hazardous Radioactive Materials or Nuclear Weapons Work involved and a description of the steps being taken to terminate or limit, whichever is applicable, said activities. Said description shall include the steps to be taken to provide alternative jobs for employees engaged in said activities who may be displaced as a result of compliance with this Act.

(Continued on next page)
1. Said reports shall be filed with the Commission at least thirty (30) days prior to the public hearings held pursuant to Subsection 10.106(A) and, beginning with the date of filing, shall be available for inspection and copying by members of the public.

2. The Commission shall notify in a timely manner all persons required to file reports under this Subsection as to all relevant deadlines for reporting and as to all hearings at which they may be required to appear or at which their reports are to be considered.

3. The Commission shall conscientiously seek to identify all Nuclear Weapons Makers or other persons engaged in activities prohibited, restricted or scheduled to be prohibited by this Act, and shall solicit the participation of the public for such purpose.

4. Activities within the scope of Sections 10.111 and 10.113 and Paragraph 10.104(C)(4) shall be exempt from this Subsection. In addition, where the purposes of this Act would not be served, the Commission may exempt from compliance with this Subsection persons engaged in minor activities that are within the scope of this Act.

5. The Commission may call upon any Nuclear Weapons Maker, or any other person engaged in San Francisco in activities within the scope of this Act, to provide information, beyond what is required by this Subsection, as needed to keep the people of San Francisco informed about the health, safety and economic consequences of said activities. The Commission may issue a subpoena ad testificandum pursuant to obtaining such information and, in case of a refusal to attend or testify as required under said subpoena, may petition a court of competent jurisdiction for an order to compel attendance or testimony.

C. Each Person operating a Nuclear Weapons Work facility within San Francisco shall post, no later than sixty (60) days after an order to cease has been issued in accordance with Section 10.116(H), a sign, clearly visible to passersby, identifying said facility with the legend “Nuclear Weapons Work Conducted Here.” The design and location of said sign shall be approved by the Commission, but the cost of said sign and of its posting shall be borne by the said Person. Should said Person fail to post said sign, the City shall post said sign and bill said Person for the cost of said sign and its posting. Notwithstanding that all other provisions of this Act relating to Nuclear Weapons Work shall apply to all Nuclear Weapons Work taking place within San Francisco, regardless of the nature or location of said Nuclear Weapons Work, this Subsection shall not apply to individuals engaged in Nuclear Weapons Work in private homes where said Nuclear Weapons Work is incidental to Nuclear Weapons Work that is primarily conducted at a different location.

D. All hearings, meetings, proceedings or other discussions of the Commission, or of any committee, task force or other subsidiary body of the Commission, shall be open to the public, as shall the minutes, records of proceedings or documents received or discussed by the Commission or its subsidiary bodies. Access to meetings or documents of the Commission may be restricted only in circumstances authorized by those provisions of the Ralph M. Brown Act (California Government Code Sections 54950 et seq.), or of the California Public Records Act (California Government Code Sections 6250 et seq.), or of any successor legislation after said act, relating to actual or imminent litigation or to evaluation of an employee of the Commission. No such restriction shall be lawful unless it is first justified in the relevant written notice of meeting by specific identification of the actual or anticipated litigant or by specific identification of the position of the Commission employee to be evaluated. All Commission documents shall be made available for copying by members of the public for the cost of the copies only.

E. The Commission shall hold its meetings, hearings, public hearings, and other proceedings in such places and at such times as are likely to maximize access to said proceedings by as reasonably broad a range of San Francisco residents as possible. To this end, the Commission, among other things, shall hold regular evening meetings at various locations throughout San Francisco.

SECTION 10.107: NUCLEAR WEAPONS-FREE CONTRACTS

A. Except as allowed by Subsections 10.107(B), (E), (F), and (K), the City shall make no Public Contract either with a Nuclear Weapons Maker or for any Product of a Nuclear Weapons Maker. Excepting Paragraph 10.107(D)(4), this Section shall take effect ninety (90) days after the effective date of this Act.

B. Findings of No Reasonable Alternative: 1. The City shall make no Public Contract either with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker unless the Commission first makes a finding, said finding to be known as a Finding of No Reasonable Alternative, that all of the following conditions hold:
   a. The proposed Public Contract is vital to the continued orderly conduct of the business of the City.
   b. A good faith effort has been made by the Purchasing Agent or Contracting Officer to comply with this Section, and in particular to find and utilize alternatives.
   c. Where possible, the Purchasing Agent or Contracting Officer has submitted a realistic written plan for the eventual elimination of said Public Contract and/or any future similar Public Contract.
   d. The Purchasing Agent or Contracting Officer has surveyed thoroughly all available alternatives to said Public Contract, has identified to the Commission's satisfaction at least five (5) such alternatives that have been considered and rejected, and the precise reasons therefor, or, where less than five (5) alternatives are found, has described the efforts that were made to search them out, and has shown that no such alternative both meets the specifications for said Public Contract and conforms with Subparagraph 10.107(B)(1)(f).
   e. The specifications for said Public Contract have been written so as to maximize the utilization of alternative sources.
   f. The utilization of any non-Nuclear Weapons-related source for said Public Contract would cause the cost of said Public Contract by more than five percent (5%), except where said Public Contract is for a "public project" of a dollar amount sufficient to fall within the purview of relevant state law governing said "public project" contracts, to the extent, but only to the extent, that said state law is mandatory in its application to chartered cities, and said utilization would increase the cost of said Public Contract by an amount in excess of that allowed by said state law, and the City has contracted separately for the “supplies and materials” portion of said Public Contract where such separate contracting would result in more complete compliance with this Act.
   g. The factors specified in Paragraph 10.107(B)(2) have been considered whenever it is first determined that there are no non-Nuclear Weapons-related sources available.

2. In considering a Finding of No Reasonable Alternative, where the Commission has first determined that there is no non-Nuclear Weapons-related Vendor for a Public Contract and where there is more than one (1) Nuclear Weapons-related Vendor under consideration, the Commission shall give weight to the degree of Nuclear Weapons involvement of the respective Vendors in determining which of them shall receive the Public Contract. In considering a Finding of No Reasonable Alternative for acquisition of a Product of a Nuclear Weapons Maker from a Vendor that is not a Nuclear Weapons Maker, the Commission shall give weight to the degree to which the parts of said Product are made by Nuclear Weapons Makers and to whether said Vendor has reasonably available to it alternative non-Nuclear Weapons-related sources for said parts.

3. It shall be the direct responsibility of the Purchasing Agent or Contracting Officer to anticipate the need for requests for Findings of No Reasonable Alternative and to provide the Commission with the information necessary to evaluate said requests. The Commission shall not be responsible for the development of information relevant to said requests, except as it may choose or as specifically required by this Section.

C. Identification of Nuclear Weapons Makers:

1. Either the Commission, the Purchasing Agent or a Contracting Officer may identify Nuclear Weapons Makers by means of information on Nuclear Weapons Work contained in the affidavits required by Subsection 10.107(D), refusal to comply with the requirements for said affidavits, or information contained in the Contracting Data Base specified in Subsection 10.107(F).

2. Immediately upon receipt of an affidavit, the Purchasing Agent or Contracting Officer

(Continued on next page)
shall forward a copy of same to the Commission for verification. Failing objection by the Commission within fourteen (14) days of receipt by it of said copy, an otherwise complete affidavit shall be considered final proof, for the Public Contract under consideration, as to whether the Vendor is a Nuclear Weapons Maker. Except as allowed by Subsections 10.107(E), (F), and (K), no Public Contract shall be executed before the fourteen (14) day verification period has expired.

3. If the Commission, the Purchasing Agent or a Contracting Officer challenged an affidavit, based on identification of the affiant Vendor thereto, or the source of a Product named therein, as a Nuclear Weapons Maker, through information contained in the Contracting Data Base specified in Subsection 10.107(I), said Vendor shall be notified of said identification and of said information; said Vendor shall be further notified that it may be prohibited from obtaining Public Contracts therefor and that it may appeal said identification to the Commission within fourteen (14) days in accordance with this Paragraph and Paragraph 10.107(C)(4). Failing an appeal, said identification shall be deemed final for the affected Public Contract.

4. Within thirty (30) days of receipt of such an appeal, the Commission shall hold a hearing at which the affected Vendor shall be accorded due process, including the right to counsel and the right to present evidence opposing the Commission’s finding. Within seven (7) days following said hearing, the Commission shall make a final determination as to whether the Vendor is a Nuclear Weapons Maker.

5. The appeal and hearing procedures of Paragraphs 10.107(C)(3) and (4) shall not apply to a Vendor of a Product of a Nuclear Weapons Maker where it has been determined that said Vendor is not a Nuclear Weapons Maker, or is a Nuclear Weapons Maker but seeks to provide the City with the Product of another Nuclear Weapons Maker.

6. A Person shall be deemed to be a Nuclear Weapons Maker if it is determined that said Person is controlled or influenced by two (2) or more Nuclear Weapons Makers acting in a unified manner, the same degree of control or influence would result as if said Person were the Affiliate of a single Nuclear Weapons Maker.

7. When a determination as to whether a Person is a Nuclear Weapons Maker is dependent upon whether said Person is an Affiliate of a second Person (or Persons), the Commission shall use its best judgement in making said determination according to the definition of Affiliate contained in Subsection 10.121(B).

8. If such is consistent with furthering the purposes of this Act, the Commission may add to or refine the definition of Affiliate, either for a specific industry or more generally.

D. Affidavit and Related Requirements:

1. No Public Contract shall be made without first obtaining from each Vendor that is party thereto an affidavit containing at least the following:

   a. Identifying information, including, but not necessarily limited to, name, address and Affiliates, if any.

   b. A listing of all work done under prime contract and/or subcontract with or for the Department of Defense, the Department of Energy or any other federal agency, or indirectly with or through any other contractor or other Person, that may constitute Nuclear Weapons Work as defined in this Act.

   c. Where the proposed Public Contract involves a Product, the source of the Product and, where said Product is not solely manufactured, produced and/or grown by said Vendor, an affirmation as to whether said Product, is, to the best knowledge of said Vendor, wholly or partly the Product of a Nuclear Weapons Maker.

   d. A notarized affirmation, under penalty of perjury, that the Person (or, if necessary for completeness of information, Persons) making said affidavit swears to the completeness and accuracy of the information therein, and that said Person (or Persons) is (are) qualified to so swear.

   e. An affirmation that said Vendor will notify the City promptly if said Vendor becomes a Nuclear Weapons Maker during the effective period of any Public Contract made in reliance upon said affidavit.

   f. Such further statements or information as the Commission or the Purchasing Agent may deem necessary or appropriate to accomplish the purposes of this Act.

   g. An affirmation that said Vendor understands that it is making said affidavit under penalty of perjury and under penalty of the sanctions of Paragraph 10.107(D)(7). 2. The Commission shall develop, in consultation with the Purchasing Agent and consistent with this Section, the form for the aforesaid affidavit, and may develop additional affidavit forms with simplified requirements for making Public Contracts in amounts of less than five hundred dollars ($500.00) or with small businesses, as such are defined in the relevant laws of the City, where the full affidavit requirements may constitute an undue burden. The Commission may direct, after consultation with the Purchasing Agent, the modification of City purchase order forms as an alternative means of soliciting the required information.

   3. The affidavit form shall contain a general statement as to the purposes of this Act and as to the policy and intent of the City thereunder, shall state that the aim of this Act is, in part, to ensure that Public Contracts in no way enrich or benefit Nuclear Weapons Makers, and to that end that the City does not unwittingly purchase the Products of Nuclear Weapons Makers, and shall specifically encourage a Person that is barred from doing business with the City because of said Person’s relationship with Nuclear Weapons Work to requalify for City business by terminating said relationship.

   4. In making the affirmation required by Subparagraph 10.107(D)(1)(c), a Vendor shall not be required, and the affidavit shall so state, to make inquiry beyond what is normally made in the course of said Vendor’s business, except that the Commission may require said Vendor to make such inquiry in light of information contained in the listing developed in accordance with Paragraph 10.107(D)(5). Even where said Vendor is not itself a Nuclear Weapons Maker, it shall, except as otherwise allowed by this Section, not receive said Public Contract where its response in the affidavit indicates that the Product it intends to provide to the City is wholly or partly the Product of a Nuclear Weapons Maker. Such a response shall in no case prejudice, however, and the form for the affidavit shall so state, any other Public Contract said Vendor may seek to make in the future, nor shall it prejudice the provision by said Vendor, under the terms of the Public Contract at issue, any other Product not originating with a Nuclear Weapons Maker.

   5. In order to facilitate the application of Paragraph 10.107(B)(2), the Commission and the Purchasing Agent shall develop jointly, and periodically update, a listing, which shall be as complete as is feasible, of Nuclear Weapons Makers and their Affiliates, Products and brand names. Said listing shall be available to the public and in particular to all Persons interested in contracting with the City in order to assist them in complying with this Section, shall be maintained for easy public access and may be combined to the extent practicable with the Contracting Data Base specified in Subsection 10.107(I).

   6. As soon as a completed affidavit is received by the City, a copy thereof shall be forwarded to the Commission and retained on file for its use. A duplicate of said file shall be maintained for examination and copying by the public.

   7. Notwithstanding that an affidavit must be received and verified by the Commission in order for the relevant Public Contract to be made, if an existing Vendor wishes to make a new Public Contract, an affidavit made for a previous Public Contract may be taken to serve in place of a new affidavit, to the extent the information contained in the previous affidavit is applicable to the new Public Contract, provided said Vendor affirms in writing that the information therein remains true and complete.

   8. Completion of the affidavit(s) specified in this Subsection shall constitute a material condition for the acceptance of the relevant bid or for the execution of the relevant Public Contract. This Act shall be incorporated by reference into all Public Contracts. Any Public Contracts made, or any bids submitted or accepted, in a manner contrary to that required by this Section shall therefore be void for all purposes.

   9. Whenever an affidavit has been submitted to the City and has been found, after an investigation by the Commission, or by the Purchasing Agent or a Contracting Officer, to be false, the Commission may impose such sanctions or take such other actions as it sees fit to ensure compliance with this Section. Such actions or sanctions may include, but are not limited to, refusal to certify the award of a Public Contract, suspension or rescission of a Public Contract, with-
holding of Public Funds, revision of a Public Contract based upon a material breach of said Public Contract, said breach pertaining to statements made in the affidavit, and disqualification of a Vendor from eligibility for doing business with the City for a period not to exceed five (5) years, with a right to review and reconsideration before the Commission after two (2) years upon a demonstration by said Vendor that corrective action has been taken and that violations are unlikely to reoccur.

10. Except as allowed by Paragraph 10.107(D)(9), this Section shall not be construed to prejudice the substantial status of a Vendor that has been excluded from doing business with the City under this Section and that has subsequently terminated all involvement in Nuclear Weapons Work.

11. The Commission shall develop forms for letters to be sent to all Vendors and potential Vendors that it identifies as Nuclear Weapons Makers or providers of the Products of Nuclear Weapons Makers, in order to encourage said Vendors to cease engaging in Nuclear Weapons Work or providing the Products of Nuclear Weapons Makers, and to encourage them to engage instead in peaceful, productive business activities.

E. For a Public Contract of an amount less than five hundred dollars ($500.00), or where the Purchasing Agent or Contracting Officer shows that there is only one (1) possible source for a Public Contract, a Finding of No Reasonable Alternative as specified by Subsection 10.107(B) shall not be required. Instead, the Purchasing Agent or Contracting Officer shall inform the Commission in writing of said Public Contract no later than at the next regular meeting of the Commission after the Purchasing Agent or Contracting Officer has determined that it is necessary to make said Public Contract, shall provide the Commission with information equivalent to that required by Subparagraphs 10.107(B)(1)(a) through (g), and shall be prepared to justify, at the request of the Commission, the execution of said Public Contract. It shall be unlawful to seek to avoid compliance with the other parts of this Section by means of subdividing or otherwise reducing to smaller separate amounts Public Contracts that would otherwise be subject to said parts.

F. Where the Purchasing Agent or a Contracting Officer affirms in writing to the Commission that, to the best of her or his knowledge and belief, a proposed Public Contract is not with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker, that the relevant affidavit (or affidavits) required by Subsection 10.107(D) is (are) true and complete, that the fourteen (14) day period required under Paragraph 10.107(C)(2) for Commission verification was made without a substantial detriment to the City, and that said Public Contract can be executed in a manner otherwise consistent with this Section, then the Purchasing Agent or Contracting Officer may execute said Public Contract before said period has ended.

G. In the case of a Public Contract authorized under Subsections 10.107(E) or (F), where the Commission determines that said Public Contract has been made in violation of this Section, the Commission may require that any similar future Public Contract with the same Vendor be made in accordance with Paragraph 10.107(B)(1).

H. The Purchasing Agent and Contracting Officers shall work with the Commission to develop non-Nuclear Weapons-related sources for Public Contracts and to anticipate future needs for same so as to minimize the need for the Findings of No Reasonable Alternative allowed by Paragraph 10.107(B)(1). In this regard, emphasis shall be given first to the development of sources within San Francisco and then to the development of sources within other Nuclear Free Zone jurisdictions.

I. The Purchasing Agent shall:

1. Cooperate fully with the Commission as necessary for the expeditious and complete implementation of this Section;

2. Report to the Commission semi-annually as to the status of City Nuclear Weapons-free contracting, or more frequently as necessary to further the expeditious implementation of this Section; the first such report shall be transmitted to the Commission within one hundred eighty (180) days of the effective date of this Section; said reports shall contain a listing of Public Contracts that were executed during the six (6) months prior to the date of the report and a listing of Public Contracts made by Contracting Officers of the City that were otherwise not directly administered by the Purchasing Agent;

3. In order to share information about Nuclear Weapons-free sources for said contracting, develop and maintain contacts with purchasing departments in other jurisdictions that have Nuclear Weapons-free contracting requirements similar to those of the City; and

4. Commencing within thirty (30) days after the effective date of this Act, provide written material to Vendors informing them of City contracting policy as established by this Act such that all Vendors, and particularly those Vendors seeking to provide the City with Products originating with another Person, are made aware of potential effects upon their present and possible future Public Contracts.

J. The Commission and the Purchasing Agent shall jointly establish and maintain a publicly accessible Contracting Database, which shall be used to screen Public Contracts as to their compliance with this Section and to assist in the identification of Nuclear Weapons-free contract sources. The Contracting Data Base shall consist of the most current information available and shall be developed from both primary and secondary sources, including reports of contracts with federal agencies known to let contracts for Nuclear Weapons Work (including, but not limited to, the Department of Defense and the Department of Energy), information obtained from other jurisdictions with Nuclear Weapons-free contracting requirements, and such other information, both governmental and private, that the Commission or the Purchasing Agent considers useful in complying with this Section. All information contained in the Contracting Data Base shall be fully documented and specific as to its source.

K. The parts of the Subsection that may have the effect of delaying the making of Public Contracts may be temporarily suspended by the Board for the duration of a declared state of emergency within San Francisco upon certification by said Board that such suspension is essential to the protection of life and property during said state of emergency.

SECTION 10.108: NUCLEAR WEAPONS-FREE INVESTMENTS

A. The City shall minimize, as a matter of policy and consistent with the other provisions of this Section, its involvement with financial institutions that make Loans to, or provide other financial services to, any Nuclear Weapons Maker. In addition, consistent with said policy, other relevant City policies, and accepted standards of prudent financial management, the City shall give preference in its financial dealings to financial institutions that have the least involvement with Nuclear Weapons Makers and especially to those that minimize or, preferably, bar such involvement as a matter of policy.

B. Commencing within sixty (60) days after the effective date of this Act, the City shall make no new investments in Nuclear Weapons Makers, except as provided by Subsection 10.108(E). Within one hundred eighty (180) days after said date, the City shall divest itself of all such investments held or controlled by it, including all funds invested by the City on behalf of other Persons, except as provided by Paragraph 10.108(E)(3).

C. Public Funds invested or deposited with a financial institution or another Person shall not in turn be invested by said Person in Nuclear Weapons Makers or in any other fashion that would constitute a violation of this Section. To this end, prior to investing said Public Funds, the City shall obtain an affidavit from said Person affirming that said Person pledges not to invest said Public Funds in violation of this Section.

1. Failure on the part of said Person to execute said affidavit shall bar said Person from receiving said Public Funds for investment or deposit.

2. The Treasurer shall develop, subject to Commission approval, the form for said affidavits, taking into account that said affidavit shall contain, to the extent applicable, substantially the same information and statements as the affidavit required by Subsection 10.107(D), except that additional information may be required as appropriate to this Section and in particular as appropriate to the investment policy specified in Subsection 10.108(A).

D. If Public Funds have been deposited or invested with a financial institution or another Person that subsequently violates this Section, the Treasurer shall withdraw or divest said Public Funds within one hundred eighty (180) days of the date of determination of the violation or, where the exception specified by Paragraph
LEGAL TEXT OF PROPOSITION E (Continued)

10.108(E)(2) applies, upon the earliest possible maturity date.

E. Exceptions:
1. Investments in federal financial instruments that are wholly or partly sold to finance Nuclear Weapons Work, including but not necessarily limited to United States Treasury bills, notes and bonds, shall be made by the City only when necessary to avoid substantial financial losses and only during a sixty (60) day period following enactment of a resolution of the Commission specifically permitting said investments. Said resolution shall be considered for enactment only upon written request of the Treasurer detailing the necessity for said investment in light of this Section. Said investments shall not normally be made, shall be kept to the minimum necessary to avoid financial losses, shall be terminated as quickly as practicable and shall constitute no more than twenty percent (20%) of the total City investment portfolio. The Commission shall, on an ongoing basis, solicit testimony, hold hearings and advise the Treasurer as to investment alternatives to said instruments.

2. The divestment of Public Funds that are invested under an already existing trust indenture or investment agreement, or that are otherwise invested by the City under an already existing contractual obligation that cannot be broken without substantial penalty, shall not be required within the one hundred eighty (180) day period specified by Subsection 10.108(B), except that said Public Funds, if invested with a financial institution or other Person which has not or is unable to file the affidavit required by Subsection 10.108(C), shall be withdrawn or divested at the earliest possible maturity date.

F. Investments in financial instruments issued or guaranteed by agencies of the federal government where said agencies are not themselves engaged in Nuclear Weapons Work and where the proceeds of said financial instruments are not used to finance Nuclear Weapons Work shall not be restricted by this Section.

G. A Public Contract for financial services not involving the investment, deposit or other actual transfer of Public Funds shall be subject to Section 10.107 rather than this Section.

H. The Treasurer shall report to the Commission on a semi-annual basis as to the status and progress of divestment, or more frequently as necessary to further the expeditious implementation of this Section. The first such report shall be made within two hundred ten (210) days of the effective date of this Act.

I. No provision of this Section shall be construed to prejudice the status of any financial institution or other Person that has been excluded under this Section from consideration for investment or deposit of Public Funds where said Person has subsequently qualified for said investment or deposit, except where said Person has been excluded because of a knowing violation of this Section.

J. The process used under Subsection 10.107(C) to determine whether a Person is a Nuclear Weapons Maker shall also be used, to the extent applicable, for such determinations under this Section, except that the Treasurer shall have the authority and duties granted by Subsection 10.107(C) to the Purchasing Agent and Contracting Officers.

SECTION 10.109. TRANSPORT OF HAZARDOUS RADIOACTIVE MATERIALS.
A. Transport within San Francisco of High-Level Hazardous Radioactive Materials, including but not limited to High-Level Hazardous Radioactive Materials contained in Nuclear Weapons, or of other Hazardous Radioactive Materials in shipment quantities of five thousand (5,000) or more curies, shall be subject to the following requirements:

1. Any Person with the intention of carrying out said Transport shall notify the City, at least forty-five (45) days prior to each instance of said Transport, as to said intention for review under this Section. Said Person shall provide the City with a report of all the routes said Person has considered for said Transport. Said report shall state why the preferred route or routes within San Francisco is (or are) essential to the movement of the particular Hazardous Radioactive Materials pursuant to relevant federal law, United States Department of Transportation regulations, relevant state law and regulations, and other relevant laws or regulations of the City. Said report, along with such documentation as the City may require, shall be submitted with the filing of notice. Said documentation shall include written proof that said Person is able through proper insurance or by means of a bond posted with the City, to pay the amount and fulfill any other requirements of said insurance or bond, said amount and other requirements to be established by the City, so as to fully reimburse the City, and any affected businesses and residents, for all costs and damages resulting from a worst-case accident involving the type and quantity of Hazardous Radioactive Materials proposed for said Transport.

2. Each notice received in compliance with Paragraph 10.109(A)(1) shall be transmitted to the Commission along with an assessment by the appropriate City agency of the attached report and documentation. The Commission shall then convene at least one (1) public hearing with at least fourteen (14) days advance notice by press release, public service announcements over radio and television, and by other appropriate means, such that maximum public participation is ensured. After hearing public testimony, the Commission shall determine the safest route and means for said Transport and shall authorize the appropriate City and County agency to issue the necessary permit. Following selection and approval of said route and means, the City shall give at least fifteen (15) days advance public notice of the selected route(s). Said notice shall include publication in at least one (1) newspaper of general circulation. The aforesaid Person shall affix, at its own expense, warning signs, if applicable, along said route(s) so as to allow residents to avoid same if they so choose, and shall provide an emergency phone number to report accidents. The aforesaid public hearings shall be consolidated whenever possible to include multiple proposed shipments.

3. Each vehicle involved in said Transport shall bear, where applicable to the means of Transport, signs warning "Transport of Hazardous Radioactive Materials" clearly visible for at least two hundred fifty (250) feet and, where applicable to the type of said vehicle, shall have its headlights on at all times while in transit within San Francisco.

4. A vehicle engaged in said Transport through San Francisco via a surface route shall be immediately preceded by a City law enforcement escort vehicle and, where the vehicle engaged in said Transport contains "special nuclear material," as said material is defined by relevant federal laws and regulations, then it shall be immediately preceded by a City emergency vehicle carrying all proper equipment and personnel necessary to respond effectively to an accident involving release of said material.

5. Fees to reimburse the City for the costs of enforcing this Section shall be assessed to each aforesaid Person. Said fees shall be in addition to any fees imposed under the authority of Subsection 10.116(E).

B. It shall be unlawful to Transport through the Port of San Francisco spent nuclear fuel, plutonium in any form, or Hazardous Radioactive Materials classified as "Fissile III" under the applicable federal regulations in effect as of the effective date of this Act. Furthermore, the Port Commission of the City shall issue no permit to dock or otherwise utilize a facility of the Port of San Francisco to a vessel having Nuclear Reactors or to a vessel normally considered capable of carrying Nuclear Weapons, except where, in the case of a Nuclear Weapons-capable vessel that does not have Nuclear Reactors, said Port Commission has received official written assurance, at least ten (10) days in advance of the anticipated docking date of said vessel, that said vessel will not have Nuclear Weapons on board during its time in port in San Francisco. Said Port Commission shall utilize such independent means of verification as may be necessary to ensure full compliance with this Subsection.

C. It shall be unlawful to Transport through San Francisco International Airport spent nuclear fuel, plutonium in any form, or other Hazardous Radioactive Materials classified as "Fissile II" or "Fissile III" under the applicable federal regulations in effect as of the effective date of this Act.

D. Federal and state laws and regulations regarding Transport of Hazardous Radioactive Materials are hereby incorporated into this Act by reference. A violation of said laws and regulations shall therefore be punishable as a violation of this Act. The Board shall ensure that City law enforcement officials are informed of and enforce said laws and regulations.

E. Where it finds such to be necessary for the proper maintenance of public health and safety or for the safeguarding of the economic wellbeing of the people of San Francisco, the Commission may apply Subsection 10.108(A) to the (Continued on next page)
Transport of Hazardous Radioactive Materials in shipment quantities of less than five thousand (5,000) curies.

SECTION 10.110: HIGH-LEVEL HAZARDOUS RADIOACTIVE MATERIALS

A. No Person shall use, within San Francisco, High-Level Hazardous Radioactive Materials for any purpose or in any way, including, but not limited to, reprocessing, doping, incineration, storage, creation of, or operation of facilities utilizing, said High-Level Hazardous Radioactive Materials, except that any such use of High-Level Hazardous Radioactive Materials that is taking place as of the effective date of this Act shall be phased out over a two (2) year period in accordance with Subsection 10.110(C). For the purposes of this Act, facilities utilizing High-Level Hazardous Radioactive Materials shall be taken to include, but not be limited to, Nuclear Reactors and Food Irradiation Plants.

B. The Commission shall hold at least one (1) hearing annually on the subject of threats to San Francisco from Nuclear Reactors and other facilities utilizing High-Level Hazardous Radioactive Materials, both within San Francisco and in the region adjacent to San Francisco, and shall issue a report to the public as to said threats, their potential consequences and the adequacy of emergency plans addressing accidents that may occur at said facilities. The Commission shall then make recommendations to the people of San Francisco and to the Board as to actions they may take to reduce said threats.

C. All use of High-Level Hazardous Radioactive Materials that is occurring within San Francisco as of the effective date of this Act is prohibited commencing two (2) years after said date. The Commission shall develop, within one (1) year after said date, a High-Level Hazardous Radioactive Materials facilities conversion plan in a manner similar to that of the Nuclear Weapons Conversion plan of Subsection 10.104(B), except that any use of High-Level Hazardous Radioactive Materials that commences after said two (2) years shall be subject to the sanctions of Subsection 10.116(H).

D. It shall be the policy of the City to minimize or, if possible, eliminate purchases of electrical power from sources that utilize Nuclear Reactors to generate all or part of said power. The Commission shall hold hearings and make recommendations to the Board as to the use and development of alternative non-Nuclear Reactor-related sources for electrical power.

SECTION 10.111: LOW-LEVEL HAZARDOUS RADIOACTIVE MATERIALS

This Act shall not be construed to prohibit or restrict the use or Transport of Low-Level Hazardous Radioactive Materials, except that incineration or other permanent disposal of said Low-Level Hazardous Radioactive Materials shall be prohibited within San Francisco, and excepting, consistent with Subsection 10.109(A), said Transport in shipment quantities of five thousand (5,000) or more curies. Furthermore, consistent with Section 10.112(A), the designated City agency shall monitor said use and Transport, and shall report and make recommendations to the Commission as to measures to reduce the impact of same on the health and safety of the people of San Francisco.

SECTION 10.112: RADIOLOGICAL HEALTH MONITORING

A. The Board shall designate a City agency to coordinate the independent monitoring of the use and Transport of all Hazardous Radioactive Materials, including Nuclear Weapons, within or adjacent to San Francisco. Said monitoring shall include the use of Radiation detectors to monitor, both directly and by atmospheric sampling, facilities engaged in such activities. All other City agencies responsible for the maintenance of public health and safety shall cooperate with said designated agency in assessing the adequacy of the safety and notice provisions of Sections 10.109, 10.110, 10.111, and 10.113, and of other relevant City laws and regulations, with respect to any and all affected activities taking place within San Francisco, instituting corrective measures, including the development of emergency plans, as may be necessary to accomplish the purposes of this Act, and reporting annually to the Board and to the Commission as to compliance with said provisions, laws and regulations. Said agency shall coordinate its activities with agencies having similar responsibilities in cities, counties and other appropriate jurisdictions in the region adjacent to San Francisco.

B. The Commission shall seek funding for studies, to be undertaken at no cost to the City, on the impact that radiological operations conducted in and around San Francisco have had and continue to have on the health of the residents of areas adjacent to said operations, and on the general impact of said operations on the environment of San Francisco. The subjects of said studies shall include, but not be limited to, the operation of the Navy Radiological Laboratory at Hunters Point Naval Shipyard, the decontamination of nuclear test target and observation vessels at Hunters Point Naval Shipyard from 1946 through 1962, the disposal of radioactive waste near the Farallon Islands from 1946 through 1972, and the repair at Hunters Point Naval Shipyard of vessels carrying Nuclear Reactors.

SECTION 10.113: IRRADIATED FOOD LABELING

A. Subsections 10.113(B), (C) and (D) shall be enforced if and only if the Commission determines by a vote of at least two-thirds (2/3rds) that the importation of Irradiated Food into San Francisco and its distribution for consumption therein is occurring to such an extent that a public health hazard is constituted thereby. The Commission may at its discretion subsequently hold in abeyance enforcement of any or all of the provisions of Subsections 10.113(B) and (C) if it determines by a majority vote that said hazard has ceased or become insignificant. The City agency designated to coordinate radiological health monitoring in accordance with Section 10.112(A) shall monitor any importation of Irradiated Food into San Francisco and its distribution for consumption therein, ensure that the Commission is kept informed of the status of said importation and distribution, and advise the Commission as to when said importation and distribution may constitute a public health hazard.

B. Irradiated Food Notifications and Signs:

1. No Food Outlet within San Francisco shall distribute Irradiated Food unless said Irradiated Food is displayed with a prominent notice in the form of a label, tag or sign, said notice to read, "Irradiated Food: Treated With Radiation."

Said notice shall also identify the Irradiated Food to which it applies and shall be attached, as appropriate to said Irradiated Food, to shelves, displays, individual containers, menus, price display boards, or in other ways, but in any case so as to be prominently visible to the consumer. The City shall make available to all affected Food Outlets that so desire shelf signs to serve as said notices. Other types of said notice shall be supplied by said Food Outlets themselves, except that the design of said other types shall be subject to approval by the City.

2. All Food Outlets within San Francisco shall post and maintain signs detailing the concerns and requirements of this Section, including, but not necessarily limited to, a description of the form of the notices required by Paragraph 10.113(B)(1), the requirements of Paragraph 10.113(C)(1), the number of the Hotline required by Paragraph 10.113(C)(2), and a statement to the effect that all Persons having knowledge of Irradiated Food being provided in violation of this Section should inform the City by calling said Hotline. Said signs shall be no less than one (1) foot by two (2) feet in size, shall be posted in a prominently visible location, and shall be supplied to Food Outlets by the City.

3. A Food Outlet shall become exempt from Paragraphs 10.113(B)(1) and (2) if and when the proprietor thereof files a notarized affidavit with the City to the effect that said Food Outlet does not have or his knowledge, and will never have or his knowledge, stock or distribute Irradiated Food, that she or he will immediately and always remove from said Food Outlet any Irradiated Food found therein, and that said Food Outlet shall remain so exempt only so long as said proprietor acts in accordance with said affidavit. Upon said Food Outlet having been so exempted, said proprietor shall provide, post and maintain therein, in a location prominently visible to the public, a sign giving notice that said Food Outlet is so exempt and listing the conditions therefor as stated in this Paragraph. The design and exact wording of said sign shall be subject to approval by the City.

4. The notices and signs required by this Subsection shall be posted within sixty (60) days after the Commission has acted in accordance with Subsection 10.113(A) to initiate enforcement of this Subsection and Subsections 10.113(C) and (D). The locations of said signs and notices shall be subject to the approval of the City.

C. Implementation:

1. The City shall seek to identify on an ongo-
LEGAL TEXT OF PROPOSITION E (Continued)

ing basis all Irradiated Foods available to Food Outlets within San Francisco, shall maintain a list of such Irradiated Foods as are known to it, and shall, from time to time, as said list changes, disseminate said list to the proprietors of said Food Outlets. Said proprietors, as in the normal course of business they become aware of items of Irradiated Food not then on said list, shall post notices on or near said items in the manner prescribed by Paragraph 10.113(B)(1) and immediately inform the City as to the presence within San Francisco of said Irradiated Food.

2. An Irradiated Food Hotline shall be established and maintained by the City, and shall be available for Persons to call in order to obtain information as to the requirements of this Section or to receive from Persons information as to alleged violations of this Section. Said Hotline shall be placed into operation within thirty (30) days after the Commission has acted to require enforcement of this Subsection and Subsections 10.113(B) and (D).

4. Enforcement:
1. During periods when this Subsection and Subsections 10.113(B) and (C) are enforced, the Commission shall hold hearings annually, or more often as necessary to the proper implementation of said Subsections, to assess the adequacy of the implementation and enforcement of said Subsections, to maximize public awareness and to develop specific proposals for further action.

2. Notwithstanding any other provision of this Act, violations of Subsections 10.113(B) and (C) shall be treated in the same manner as violations of the California Uniform Retail Food Facilities Law (California Health and Safety Code Sections 27500 et seq.).

3. Any interested Person may seek, by action of a court of competent jurisdiction, an injunction or other order requiring that Subsections 10.113(B) and (C) be enforced with respect to a particular Food Product. Said injunction or order may be directed to the City, or to any owner, manager or proprietor of any Food Outlet found to be in violation.

SECTION 10.114: PEACE EDUCATION

A. The Commission shall develop, in cooperation with other City agencies, literature and other relevant materials for the purpose of disseminating to the people of San Francisco information about this Act and its purposes, including the issues, threats, and solutions addressed by this Act, and in particular shall develop and disseminate information allowing San Francisco residents to make specifically non-Nuclear Weapons-related as well as overall socially responsible investment and purchasing choices consistent with the plan developed in accordance with Subsection 10.104(D).

B. Every road, including interstate highways, entering San Francisco, and every other major transportation facility, which, of the effective date of this Act, has a sign marking the San Francisco City limit or a similar sign indicating entry into San Francisco, or where a new San Francisco City limit sign or similar sign is placed subsequent to said date, shall also be marked with a sign, of at least equal size, reading "Nuclear Free Zone, established by San Francisco Initiative Charter Amendment, 1990," and prominently displaying the standard yellow and black symbol for Radiation canted with a red circle and red diagonal bar. The letters spelling out "Nuclear Free Zone" on said signs shall be at least five (5) inches in height, or proportionally larger in the case of signs larger than the two (2) foot by three (3) foot minimum size, and the required symbol shall be at least fifteen (15) inches in diameter, or proportionally larger in the case of larger signs. Said signs shall be posted within one hundred twenty (120) days of said date, shall be at least two (2) feet by three (3) feet in size and shall be maintained with at least the same standard of care as San Francisco City limit signs. Such signs shall also be prominently posted at the main entrances to major City office buildings, in the Board chambers, in the offices of the Mayor and the Chief Administrative Officer, in each of the terminals of the San Francisco International Airport, and in each major transportation facility through which large numbers of people enter San Francisco, including, but not limited to, Bay Area Rapid Transit (BART) stations, the Transbay Terminal, the Caltrain station and the Ferry Building.

C. The Commission shall establish one (1) or more working committees for the purpose of developing curricula suitable for use by all schools within San Francisco. In establishing said committees as well as in otherwise complying with this Subsection, the Commission shall solicit the participation of students, teachers and members of the public from each school district within San Francisco, and in particular shall cooperate with the San Francisco Board of Education and the San Francisco Community College District Board. Said curricula shall:
1. Emphasize not only peaceful goals but peaceful processes, with an emphasis on teaching peaceful means of interaction through cooperative education, conflict resolution and critical thinking;
2. Address peace-related issues on the macroscopic level of the mechanisms, causes and consequences of global violence and militarism, and on the microscopic level of attitudes and patterns of behavior in daily life that form larger societal patterns of response that in turn can result in such global problems;
3. Emphasize that cooperation and understanding among diverse cultures is essential to world peace;
4. Seek to develop in students an awareness of their relationship to the formation of public policy and, as benefic citizens in a democracy, of their capability to effect the formation of public policy;
5. Involve all schools within San Francisco, public and private, at the preschool, elementary, junior high school, high school, community college, college and university levels;
6. Include the development of peace-related courses that can be taken for credit, as well as essay and art workshops, including workshops to create posters suitable for publication and distribution to the public by the Commission, conducted so as to foster both awareness of peace-related issues and proper use of the principles of peaceful interaction; and
7. Include discussion of the issues, threats and solutions addressed by this Act.

D. The Commission shall designate, within one hundred twenty (120) days of the effective date of this Act, an appropriate San Francisco park as the "San Francisco Peace Park." Said park shall be suitable for Hiroshima/Nuclear Free Zone Commemoration Day observances as well as other activities relating to peace education.

SECTION 10.115: HIROSHIMA/NUCLEAR FREE ZONE COMMEMORATION DAY

August 6th of each year shall be "San Francisco Hiroshima/Nuclear Free Zone Commemoration Day" and shall be observed within San Francisco each year in memory of the first use of a Nuclear Weapon against a civilian population. The Commission shall develop and promulgate a suitable educational program to take place each year in relation to said day. Said educational program shall involve to the greatest extent possible local, national, and international cooperation with other jurisdictions and citizen groups holding similar observances.

SECTION 10.116: GENERAL ENFORCEMENT PROVISIONS

A. The Board, the Commission and all other City agencies and officials having responsibility for implementation and enforcement of this Act shall protect the legal rights, including, but not limited to, the right to due process, of all Persons subject to this Act.

B. This Act shall be enforced to the full extent of the authority and jurisdiction of the City. The act of contesting said authority and/or jurisdiction shall not constitute, in and of itself, grounds for exemption from this Act.

C. Each violation of this Act shall be punishable by the maximum penalty for a misdemeanor. Each day shall be deemed a separate violation. D. Any resident of San Francisco shall have the right to enforce this Act by bringing civil action for declaratory or injunctive relief. A prevailing plaintiff shall be awarded reasonable costs of suit and attorney's fees.

E. The Commission shall recommend to the Board, which then may direct the assessment of, appropriate and reasonable fees toward the implementation of this Act, said fees to be levied on Nuclear Weapons Makers or other Persons engaged in major activities within the scope of this Act.

F. It shall be unlawful for an employee, official, or representative of the City, when acting in his or her official capacity, to solicit, encourage, facilitate or otherwise cooperate in, an activity proscribed or scheduled to be proscribed by this Act, or to expend, utilize or authorize the expenditure or utilization of Public Funds, property, employees or other resources in support of said activity or in support of the arrest, incarceration or harassment of members of the public engaged in non-violent civil disobedience intended to impede or disrupt Nuclear
LEGAL TEXT OF PROPOSITION E (Continued)

Weapons Work.

G. The provisions of this Act relating to Nuclear Weapons Work shall not be construed to prohibit or otherwise affect Public Contracts with, investments in, or any activities otherwise permitted by this Act of any agency or branch of government, provided the Commission finds that said agency or branch is not itself engaged in Nuclear Weapons Work and is administratively distinguishable from any parent governmental entity thereof that is involved in Nuclear Weapons Work.

H. Where the Commission has determined that a Person is engaged in Nuclear Weapons Work or other activity in violation of this Act, it shall order said Person to terminate said activity. Failure of said Person to comply within sixty (60) days of its receipt of said order shall be cause for revocation of said Person's business license, should such exist, and with prosecution to the full extent of City police powers. Furthermore, the Commission may respond to said failure to comply by recommending to the Board such further sanctions as may be necessary to ensure compliance with said order or ceasing or recommending to the public that it cease cooperating with the unlawful activities of said Person.

SECTION 10.117: MANDATE TO OTHER JURISDICTIONS

The Board shall transmit to the relevant elected representatives, legislative bodies, institutions and officials, immediately after the effective date of this Act, written notification as to the following:

A. The people of San Francisco call upon the United States Department of Energy to cease its Nuclear Weapons Work at Lawrence Livermore National Laboratory and Sandia Laboratory in Alameda County, and further call upon the United States Congress to compel the Department of Energy to put an end to said Nuclear Weapons Work.

B. The people of San Francisco call upon the Regents of the University of California to immediately terminate their management of Lawrence Livermore National Laboratory and Los Alamos National Laboratory, and to act to convert the conventional weapons research activities at the Livermore and Berkeley campuses to peaceful, productive activities that are more suitable to institutions of higher learning, and further call upon the California Legislature to compel the Regents to put an end to their involvement in such Nuclear Weapons Work and conventional weapons research.

C. The people of San Francisco call upon the legislative bodies of all other jurisdictions representing all or part of San Francisco, and all managers of autonomous pension funds or other investment funds of these or any other relevant agencies, to examine the provisions of this Act and implement said provisions within their respective jurisdictions as applicable.

D. The people of San Francisco call upon all institutions of education operating within San Francisco to adopt peace curricula consistent with the purposes of this Act.

E. It shall be the policy of the City to oppose actively the development, deployment, and use of Nuclear Weapons and other aspects of the nuclear fuel cycle as proscribed by this Act. The people of San Francisco therefore call upon San Francisco's representatives in the United States Congress and in the California Legislature to take positions and cast votes consistent with said policy and this Act generally.

F. The people of San Francisco call upon the United States Congress to repeal the Price-Anderson Act, which severely limits the nuclear industry's liability for damages arising from its own shortsightedness, greed and incompetence, and to properly establish and then protect the right of all Persons to sue and obtain full compensation for damages arising from exposure, accidental or intentional, to Radiation or Hazardous Radioactive Materials.

SECTION 10.118: DUTIES OF BOARD OF SUPERVISORS

In addition to its duties as specified elsewhere in this Act, the Board shall:

A. Appropriate such funds as may be necessary to ensure that the Commission's staff has sufficient compensation and office space, that the Commission is able to properly carry out its responsibilities under this Act, and that other City officials and staff are able to carry out properly their responsibilities under this Act;

B. Ensure that all affected members of the City staff are familiar with this Act and that they cooperate with the Commission in the discharge of its responsibilities;

C. Require that any state-level and federal-level lobbyists retained by the City cooperate with the Commission in developing a lobbying program consistent with the purposes of this Act; and

D. Until such time as the Commission takes office, act in its place, carry out its duties and exercise its powers as required by this Act.

SECTION 10.119: NUCLEAR FREE ZONE IMPLEMENTATION COMMISSION

A. A San Francisco Nuclear Free Zone Implementation Commission of nine (9) members shall be elected to carry out the tasks established for it by this Act, as well as any other tasks consistent with the intent of this Act, if any, subsequently established for it by the voters or the Board.

B. Elections, Qualifications, Vacancies, Chair, and Quorum:

1. Commission elections shall be held in the same manner and at the same times as those of the Board. Except for the initial terms as prescribed by Paragraph 10.119(B)(2), and for appointments to vacant seats and special elections as prescribed by Paragraph 10.119(B)(4), the regular full terms of office for Commissioners shall be the same as those specified for Supervisors.

2. An initial election for all nine (9) Commissioners shall be held at the first regularly scheduled primary or general election held after the effective date of this Act. The Commissioners so elected shall take office immediately upon certification of the results of the election, with the term of office of each of the four (4) Commissioners receiving the highest number of votes to expire after the November 1994 regular election for Supervisor held in November of 1994 and the term of office of each of the five (5) Commissioners receiving the least number of votes to expire after the November 1992 regular election for Supervisor.

3. Qualifications for office for Commissioners shall be the same as those specified for Supervisors.

4. A vacant seat on the Commission shall be filled temporarily by an appointee selected by majority vote of the remaining Commissioners, said appointee then to be replaced by means of a special election to be held at the next regularly scheduled primary or general election, with the Commissioner so elected to take office immediately upon certification of the results of said election and to serve out the remaining portion of the term.

5. The Commissioners shall elect from among their number a Chair to be presiding officer of the Commission. The term of office of said Chair shall be no more than one (1) year and shall expire at the end of the calendar year in which the Chair sits.

6. A quorum for decisions of the Commission shall be a majority of the Commissioners then holding office, except that a smaller number may vote to adjourn meetings.

C. In addition to those powers and duties specifically granted it elsewhere in this Act, the Commission shall have the following general powers and duties:

1. The Commission shall be the coordinating agency of the City and County as regards implementation of this Act and shall possess general authority to hold hearings, call witnesses, and make recommendations to the Board and to the people of San Francisco in furtherance of the purposes of this Act.

2. The Commission shall formulate rules for its own procedures and other rules as necessary to facilitate implementation of the provisions of this Act for which the Commission is responsible. In formulating said rules, the Commission shall hold hearings in order for members of the public as well as members of the City staff to have a full opportunity to advise the Commission as to their views on said rules.

3. The Commission shall be a working body. Each Commissioner shall therefore participate fully in the work of the Commission, meeting as often as necessary and undertaking such work outside Commission meetings as may be required to fulfill her or his duties as a Commissioner.

4. A majority of the Commission may place ballot measures before the voters in regularly scheduled general and primary elections where the subject matter of such measures directly relates to the subject matter of this Act. In acting to place such measures on the ballot, the Commission shall otherwise be bound by the same deadlines and requirements as the Board.

5. The Commission shall develop and maintain contacts with similar bodies in other Nu
LEGAL TEXT OF PROPOSITION E (Continued)

clear Free Zone jurisdictions for the purpose of sharing information and developing opportunities for mutual action.

6. The Commission shall seek to develop sister relationships with Nuclear Free Zone jurisdictions in other countries and may sanction such relationships on behalf of the City.

7. The Commission may apply for, receive and expend supplementary funding grants from private and public sources.

D. Consistent with the principle of maximizing public participation in Commission activities, the Commission shall establish advisory committees and task forces and shall provide for full participation of the public in the functions of such bodies.

E. The positions of Executive Secretary and Administrative Assistant to the Commission shall be appointed and removed by the Chair of the Commission with the approval of a majority of the Commission. Remuneration for the positions shall be established consistent with the relevant laws of the City. The Administrative Assistant and any other staff personnel shall be under the immediate direction and supervision of the Executive Secretary. The Executive Secretary shall also be known as the San Francisco Nuclear Free Zone Implementation Officer. Except as allowed by Subsection 10.119(F), any additional staff shall be provided only upon a specific request of the Commission to the Board and upon a finding by the Board that such additional staff is necessary to the proper execution of the responsibilities of the Commission as explicitly described in this Act, or of specific additional responsibilities subsequently established for the Commission by the Board or the voters.

F. The Commission may request and, subject to the approval of the Board, receive from any City agency, board or officer such personnel, information, services, facilities and/or any other temporary assistance as may be necessary to further the purposes of this Act, and the affected agency, board or officer shall, where feasible, promptly comply.

G. Commissioners shall receive no salary for holding office, except that they shall receive fifteen dollars ($15.00) in expenses for each Commission meeting attended; provided, however, that no member shall be paid for attending more than four (4) Commission meetings in any one (1) calendar month. In addition, the Board may approve additional reimbursement for Commissioners who encounter extraordinary expenses in attending meetings. Said expenses shall include the cost of child care.

H. Except where the voters, the Board, the Mayor or the Chief Administrative Officer may choose to delegate such, the Commission shall possess no legislative or administrative powers not specifically granted by this Act.

SECTION 10.120: EXEMPTED ACTIVITIES

Nothing in this Act shall be construed to:

A. Affect any research, study, evaluation or teaching of or about Nuclear Weapons Work where said research, study, evaluation or teaching is unclassified;

B. Affect any secret or otherwise classified research, study, evaluation or teaching of or about Nuclear Weapons Work where the classified portion (or portions) of said research, study, evaluation or teaching is (or are) limited to the permanent dismantling or conversion to peaceful, productive purposes of Nuclear Weapons Work, the verification of arms reduction or test ban treaties, or environmental and/or health monitoring of Nuclear Weapons Work;

C. Affect any construction or operation of particle accelerators or of any related equipment, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111;

D. Affect any construction or operation of experimental Nuclear Reactors operating solely on the fusion principle, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111; or

E. Require any illegal act, infringe upon the rights guaranteed by the United States Constitution or by the California Constitution, interfere with the power of Congress to provide for the common defense and regulate interstate transportation, violate any provision of any treaty or other instrument duly ratified by Congress and thus having status under Section VI of the United States Constitution as the "supreme law of the land," require the violation of fiduciary duties on the part of any City employee, or rescind or require the violation of any Public Contract made before the effective date of this Act.

SECTION 10.121: DEFINITIONS

The following words and phrases shall have, as they are used in this Act, the following specified meanings:

A. "Act" shall mean this Article, Article X ("Nuclear Free Zone") of the City Charter as enacted by the San Francisco Nuclear Free Zone Implementation Act of 1990.

B. "Affiliate" shall mean either of two (2) Persons where a Person owns part or all of a second Person, by means of stocks, equities other than stock, or other means, thus enabling the first Person to influence or control the business affairs of the second Person. A Person shall be deemed conclusively to influence or control the business affairs of any other Person if the first Person owns or has the power to vote more than fifty percent (50%) of any class of voting securities of the second Person, or if the first Person holds a sufficient amount of the debt of the second Person such that the first Person influences or controls the business affairs of the second Person to the same degree as if the first Person owned or had the power to vote more than fifty percent (50%) of any class of voting securities of the second Person. There shall be a rebuttable presumption that a Person influences or controls the business affairs of any other Person if the first Person owns or has the power to vote at least twenty-five percent (25%), but not more than fifty percent (50%), of any class of voting securities of the second Person, or if the first Person controls the election of a majority of the directors of the second Person. There shall be a rebuttable presumption that a Person does not control or influence the business affairs of any other Person if the first Person owns or has the power to vote less than twenty-five percent (25%) of any class of voting securities of the second Person, or if the first Person does not control the election of a majority of the directors of the second Person. The Commission may add to or refine this definition in accordance with Paragraph 10.107(C)(8)(B).

C. "Board" shall mean the Board of Supervisors of the City.

D. "Chief Administrative Officer" shall mean the Chief Administrative Officer of the City.

E. "City" shall mean the government of the City and County of San Francisco, or any department, board, commission, agency or duly authorized official thereof.

F. "Commission" shall mean the Nuclear Free Zone Implementation Commission of the City.

G. "Commissioner" shall mean a member of the Commission.

H. "Contracting Officer" shall mean any officer, employee or properly designated representative of the City who has been duly authorized to make Public Contracts on behalf of the City.

I. "Food" shall mean any article used or intended for use by human beings as food, drink, confection, condiment, or chewing gum, or any component thereof, and shall include any Food Additive.

J. "Food Additive" shall mean any substance, the intended use of which results or may reasonably be expected to result, directly or indirectly, in such substance becoming a component or ingredient of Food or otherwise affecting characteristics of Food.

K. "Food Irradiation Plant" shall mean any facility used for the irradiation of Food by means of exposure to Radiation from radioactive isotopes.

L. "Food Outlet" shall mean any grocery store, Food market, bakery, restaurant, or any similar retail establishment that has as its purpose the sale, display for sale or other distribution to the public of Food.

M. "Hazardous Radioactive Material" shall mean any Radiation-emitting substance, including, but not limited to, any radioactive isotope, or any material containing any radioactive isotope, resulting from the operation of, or intended for use in, Nuclear Reactors or Nuclear Weapons; the refined products of spent Nuclear Reactor fuel that are themselves radioactive; the radioactive components of Nuclear Reactors, or of any device or component of a device that has been used to contain or process radioactive isotopes and is itself radioactive; any radioactive ore or the refined radioactive product of said ore where said ore was mined in order to extract any radioactive isotope; or the tailings or similar debris resulting from the mining of uranium or other radioactive elements.

N. "High-Level Hazardous Radioactive Material" shall mean any spent or irradiated (Continued on next page)
Nuclear Reactor fuel; fuel segments that have been irradiated in a Nuclear Reactor; any substance containing measurable traces of plutonium or any other transuranic element; or any discrete quantity of a radioactive substance where said quantity emits Radiation equal to or greater than five thousand (5,000) curies; but shall not mean any radioactive substance defined by this Act as a Low-Level Hazardous Radioactive Material, regardless of quantity.

Q. "Irradiated Food" shall mean any Food that has been exposed to Radiation, or any Food, including, but not limited to, packaged or processed Foods, containing any Food Additive or ingredient that has been exposed to Radiation, in a Food Irradiation Plant.

P. "Loans" shall mean monies lent at interest, the provision of lines of credit, or loans made by participants in lending consortia.

Q. "Low-Level Hazardous Radioactive Material" shall mean any Hazardous Radioactive Material not defined to be High-Level Hazardous Radioactive Material; any Hazardous Radioactive Materials used in research related to and/or any applications of nuclear medicine (including dental, veterinary and related applications); or any Hazardous Radioactive Materials used in smoke detectors, light-emitting watches and clocks, industrial tracer and X-ray processes, biological research and/or other similar applications.

R. "Mayor" shall mean the Mayor of the City.

S. "Military Spending" shall mean all spending for military functions, both offensive and defensive, including, but not limited to, direct expenditures for the Department of Defense; military-related portions of outlays for veterans benefits, international security assistance and similar programs; military-related portions of the budgets of the Department of Energy, National Aeronautics and Space Administration, the Central Intelligence Agency, the Coast Guard, the National Security Agency, and similar agencies; and interest on the public debt resulting from past expenditures for the foregoing categories.

T. "Nuclear Reactor" shall mean any device designed for the controlled, non-explosive release of energy from the fission of atomic nuclei.

U. "Nuclear Weapon" shall mean any device capable of being used for the explosive release of energy from the fission and/or fusion of atomic nuclei; or any system, mechanism or software for transporting, containing, deploying, guiding, propelling, triggering, launching, delivering, or detonating such a device; or any part or component of such a device, or of such a system or mechanism, where said part or component contributes to the normal operation of such a device, or of such a system or mechanism, or of any combination of such devices, or such systems or mechanisms, except where said part or component has a use (or uses) unrelated to Nuclear Weapons compared to which the Nuclear Weapons-related use (or uses) of said part or component is (or are) merely minor and incidental.

V. "Nuclear Weapons Maker" shall mean any Person that is engaged in Nuclear Weapons Work, either directly or through an Affiliate, or that has a contract or other agreement to engage in Nuclear Weapons Work.

W. "Nuclear Weapons Work" shall mean any activity involving the design, development, production, testing, storage, possession, maintenance, refurbishing, dismantling for reuse, evaluation of or research on Nuclear Weapons; or any management, administration or other operation of such activity; or any contract or other agreement to engage in such activity or in any management, administration or other operation of such activity.

X. "Person" shall mean any natural person, business or corporation, association, college or university, laboratory, institution, financial institution, governmental agency, or other entity.

Y. "Product" shall mean any good, commodity, computer program, material, copyrighted matter, supply, vehicle, machinery, and/or equipment, or any service.

Z. "Product of a Nuclear Weapons Maker" shall mean any Product manufactured, produced, grown, obtained from or provided by a Nuclear Weapons Maker, or to which further work or material manufactured, produced or grown by a Nuclear Weapons Maker is added such that a substantial transformation of the Product is effected.

AA. "Public Contract" shall mean any agreement, oral, written or implied, made on behalf of or by the City, or by the City on behalf of any other Person, to receive, supply or use, or any actual receipt, supply or use of, any Product of any value.

BB. "Public Funds" shall mean all monies or other assets received, disbursed and/or managed by, or that are otherwise under the control of, the City, and any notes, bonds, securities, certificates of indebtedness or other fiscal obligations issued by the City, but shall not mean pension funds.

CC. "Purchasing Agent" shall mean the Purchasing Agent of the City.

DD. "Radiation" shall mean gamma rays and X-rays; alpha and beta particles, high speed electrons, neutrons, protons, and other nuclear particles; but not sound or radio waves, microwaves, infrared, visible, or ultraviolet light, or any electromagnetic emission of wavelength longer than that of X-rays.

EE. "San Francisco" shall mean the geographical area constituting the jurisdiction of the City, including the waters of the Pacific Ocean and San Francisco Bay that fall within the borders of San Francisco.

FF. "Supervisor" shall mean a member of the Board.

GG. "Transport" shall mean any movement by any type of vehicle over land or water, or through the airspace over said land or water.

HH. "Treasurer" shall mean the Treasurer of the City.

II. "Vendor" shall mean any Person having or seeking to obtain a Public Contract.

SECTION 10.122: EFFECTIVE DATE

Unless otherwise specified in this Act, this Act shall take effect immediately upon the date it is accepted for filing by the California Secretary of State. No Person shall commence, on or after said date, any activity prohibited or scheduled to be prohibited by this Act.

SECTION 10.123: EFFECT ON OTHER CITY LAWS

This Act shall not be construed to bar the enforcement of any existing City ordinances or regulations where the subject matter of said ordinances or regulations is wholly or partly the same as that of this Act, or to bar the enactment of any future such City ordinances or regulations, if the effect of said existing or future City ordinances or regulations is to extend or strengthen the ability of the City to enforce this Act.

SECTION 10.124: STATUS OF EXISTING CHARTER PROVISIONS

Any provision of the City Charter that is in effect prior to the effective date of this Act that conflicts in any way with this Act is hereby declared to be amended by inference. No such existing provision of said Charter shall be construed to affect the application of this Act in a manner inconsistent with this Act.

SECTION 10.125: CONSTRUCTION OF NO-MENCULATURE

The titles, headings and other nomenclature used to describe the contents of the various parts of this Act are meant only as a guide to said contents and shall not be construed to affect the meaning or application of said parts.

SECTION 10.126: RECODIFICATION

Articles X and XI of the City Charter as they exist prior to the date of passage of this Act shall be respectively renumbered Articles XI and XII. This Act shall then become a new Article X.

SECTION 10.127: SEVERABILITY

If any section, subsection, paragraph, subparagraph, clause, sentence, or word of this Act is held unconstitutional or otherwise invalid, either on its face or as applied, the invalidity of said part or application thereof shall not affect the validity of the other parts of this Act, or the application thereof, and to that end the parts and applications of this Act shall be deemed severable. It is hereby declared, notwithstanding any finding that a part or application of this Act is unconstitutional or otherwise invalid, that each of the parts of this Act would have been enacted separately.
PROPOSITION F

Shall the Board of Supervisors be allowed to contract with the California Public Employees' Retirement System to allow Airport Police to retire at age 50 with full benefits, even if there is a net increase in cost to the City?

YES 300
NO 301

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: A 1983 charter amendment allows the Board of Supervisors to contract with the State's Public Employees' Retirement System ("PERS") to transfer certain types of City Safety Officers from the City's Retirement System to PERS, provided there is no net cost increase to the City. Under this charter amendment, the contracts for safety officers in most eligible groups allow those officers to retire at age 50 with full benefits. The current contract between the City and PERS allows Airport Police to retire at age 55 with full benefits. This contract could be changed to allow retirement for Airport Police at age 50 with full benefits only if there was no net cost increase to the City.

THE PROPOSAL: Proposition F is a charter amendment that would allow the Board of Supervisors to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A "YES" VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A "NO" VOTE MEANS: If you vote no, you do not want the Board of Supervisors to be able to contract with PERS to change the Airport Police retirement plan unless there is no net cost increase to the City.

Controller's Statement on "F"

Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there would be a cost effect, the amount of which cannot be determined at this time, but should not be substantial.

How Supervisors Voted on "F"

On July 23, 1990, the Board of Supervisors voted 11-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
Airport Police Retirement Benefits

PROPOSITION'S ARGUMENT IN FAVOR OF PROPOSITION F

Proposition F will correct an inequity among several of the City’s safety officers. Currently non-uniformed and custodial officers (Sheriff’s Deputies, D.A. Investigators and Probation Officers) receive a higher retirement benefit than uniformed peace officers assigned to San Francisco International Airport. Proposition F will correct this situation by allowing the Board of Supervisors to contract with the Public Employees Retirement System (P.E.R.S.) to allow Airport Police Officers to receive retirement benefits equal to fellow San Francisco safety officers.

The P.E.R.S. Retirement System has been a cost effective retirement alternative for safety employees. It is anticipated that this cost effectiveness will continue in the future. Proposition F is a fair alternative for the City and the peace officers who serve and protect at one of the world’s largest and busiest airports. It should be remembered that Airport Police funding is derived from Airport revenue funds and not the general fund.

Vote Yes on Proposition F. Equal benefits for Airport Safety Officers.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

No Opponent's Argument Was Submitted Against Proposition F
No Rebuttals Were Submitted on Proposition F

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION F

Vote Yes on F! It’s simple, fair and just for our airport police.

Carole Migden
Candidate, Board of Supervisors

In 1983, you, the voters of San Francisco overwhelmingly approved a measure which allowed the Board of Supervisors to contract with the State Public Employees Retirement System (PERS).

The intent of this legislation was to allow comparable retirement benefits for the Airport Police and other miscellaneous Safety Employees as that given to the San Francisco Deputy Sheriffs and Harbor Police. Unfortunately, this did not occur. The Airport Police were given an inferior 2nd tier benefit plan.

The passage of Proposition F would correct this inequity and provide equal benefits. The PERS system has proven to be cost effective and has resulted in surplus which has saved the City over $23,000,000.00 since 1988.

We would appreciate your yes vote on Proposition F.

San Francisco Airport Police Officers Association
John Scully, President
David Ross, Vice-President
Joseph Reilly, Board Member

To keep good officers working for us, San Francisco Airport Police must be granted the same retirement benefits as police in other Departments.

Public safety demands it!
Vote “Yes” on “F”!

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

In 1985, the San Francisco Airport Police, along with some non-uniformed law enforcement classifications, transferred into the Public Employee’s Retirement System (PERS). Since joining PERS, it has cost the City less money to provide retirement benefits for these employees. Because of this transfer, the City has been able to save money every year since 1985. These savings are anticipated to continue in future years.

At the time of the original transfer, the voters intended that the retirement benefits be equal for all affected employees. The Airport Police, however, did not receive the same benefit as did the other law enforcement groups.

A YES VOTE ON PROPOSITION F will equalize retirement benefits for members of the Airport Police with those benefits currently received by non-uniformed law enforcement personnel. This equal benefit will be achieved with little or no cost to the City’s taxpayers.

VOTE YES ON PROPOSITION F.

Supervisor Jim Gonzalez
Supervisor Wendy Nelder

San Francisco needs a professional and stable workforce in the Criminal Justice System. Proposition F seeks to correct an inequity in retirement benefits for members of the San Francisco International Airport Police Department.

Presently, non-uniformed Investigators and Custodial Officers receive a better retirement package than uniformed Police Officers assigned to San Francisco International Airport. A “YES” vote on Proposition F would help correct this inequity in retirement benefits with little or no cost to the City or its taxpayers.

Vote yes on Proposition F.

Willie L. Brown, Jr.
Speaker of the Assembly

NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

8.506-2 Miscellaneous Safety Employees
Notwithstanding any other provisions of this charter, the board of supervisors or the community college board shall have the power to contract with the Board of Administration of the Public Employees’ Retirement System of the State of California to provide that the probation officers, airport police officers, district attorney and public defender investigators, coroner investigators, juvenile court counselors and institutional police shall be members of the public employees’ retirement system, and the board of supervisors, the community college board and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

The power to contract created herein shall be limited to a contract with no net increase in cost to the City and County or the community college district.

Any person who shall become a member of the public employees' retirement system pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provision for participation in the benefits of the health service system by such person.

8.506-5 Airport Police
Notwithstanding any other provisions of this charter, the board of supervisors with at least nine affirmative votes shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the airport police officers who are members of the Retirement System’s “2%/age 55 plan” shall be transferred to the Public Employees’ Retirement System’s “2%/age 50 plan”. The board of supervisors and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

Any person who is a member of the Public Employees’ Retirement System pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provisions for participation in the benefits of the health service system by such persons.

LEGAL TEXT OF PROPOSITION H (Continued from page 126)

January 1, 1990 that new land use must meet the conditions set forth in this ordinance.

Section 6. — Definitions
a. “City agency or officer” means the Board of Supervisors, and all other city commissions, boards, officers, employees, departments or entities whose exercise of powers can be affected by initiative.

b. “Action” includes, but is not limited to:
1. amendments to the Planning Code, and Master Plan; 2. issuance of permits or entitlements for use by any City agency or officer; 3. approval, modification or reversal of decisions or actions by subordinate City agencies or officers; 4. approval of sales or leases pursuant to Section 7.402 and 7.402-1 of the Charter of the City and County of San Francisco; 5. approval of or amendments to Redevelopment Plans; and 6. any other action, including but not limited to projects as defined in Public Resources Code Section 21065.

c. “Waterfront” means land transferred to the City and County of San Francisco pursuant to Chapter 1333 of the Statutes of 1968, as well as any other property which is owned by or under the control of the Port Commission of San Francisco, and which is also in any of the following areas: 1. piers;
2. the shoreline band as defined in Government Code Section 66610(b), between the Golden Gate National Recreation Area and the intersection of The Embarcadero and Berry Street, except for the area south of Jefferson Street between Hyde Street and Powell Street.
3. the shoreline band as defined in Government Code Section 66610(b), in the area bounded by San Francisco Bay, Berry, Third, and Evans Streets, Hunter’s Point Boulevard, and a straight line from the intersection of Hunter’s Point Boulevard and Innes Avenue to the intersection of Carroll Avenue and Fitch Street; and
4. the area south of Pier 98 in which all new development is subject to the Shoreline Guidelines, as shown on Map 8 (Eastern Shoreline Plan) of the Recreation and Open Space Element of the San Francisco Master Plan, in effect as of January 1, 1990.
d. “San Francisco Bay” means the area defined in Government Code Section 66610(a) which is in the City and County of San Francisco, except for areas west of Third Street.
e. All references to public roads are to their alignments as of January 1, 1990.
f. “Hotel” means any use falling within the definition in Section 314.1(g) of the San Francisco Planning Code in effect as of January 1, 1990; any waterside hotel having docks to accommodate persons traveling by boat; or any facilities for providing temporary or transient occupancy. This shall not include boat berths which are provided for temporary moorage of boats.

Section 7. — Implementation
Within 180 days of the effective date of this ordinance, the City and County shall:

a. amend its Master Plan, Planning Code, and other relevant plans and codes in a manner consistent with this ordinance;

b. request and apply for conforming amendments to all applicable state and regional plans and regulations; and
c. begin preparation of the “Waterfront Land Use Plan” required under Section 2 of this ordinance.

Section 8. — Severability
If any portion of this ordinance, or the application thereof, is hereafter determined to be invalid by a court of competent jurisdiction, all remaining portions of this ordinance, or application thereof, shall remain in full force and effect. Each section, subsection, sentence, phrase, part, or portion of this ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or portions be declared invalid or unconstitutional.

Section 9. — Amendment and Repeal
No part of this ordinance or the amendments made pursuant to Section 7 hereof may be amended or repealed except by a vote of the electors of the City and County of San Francisco, except for those additional listings provided herein in Sections 3, 4, and 5.

Section 10. — Chaptering of this Ordinance
After the adoption of this ordinance the Clerk of the Board of Supervisors shall assign a Chapter number to this ordinance and shall renumber the sections of this ordinance in an appropriate manner.
PROPOSITION G
Shall the Adult Probation Officer be allowed to appoint a Confidential Secretary, who would serve at the pleasure of the Adult Probation Officer?

YES 302
NO 303

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Adult Probation Department supervises persons on probation in San Francisco. The Superior Court appoints the Adult Probation Officer, who manages the Department. All other employees of the Department are appointed and removed under the City's civil service system.

THE PROPOSAL: Proposition G is a charter amendment that would allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer, instead of being appointed and removed under the civil service system.

A "YES" VOTE MEANS: If you vote yes, you want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

A "NO" VOTE MEANS: If you vote no, you do not want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

Controller's Statement on "G"

Should the proposed charter amendment be adopted, in my opinion, in and of itself, it would not affect the cost of government. However, as a product of its possible future application, costs may increase or decrease in amounts which should not be substantial.

How Supervisors Voted on "G"

On July 9, 1990, the Board of Supervisors voted 9-2 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisors Harry Britt and Willie Kennedy.
PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION G

The charter amendment would establish the position of Confidential Secretary to the Chief Adult Probation Officer. The position would replace an existing Civil Service Executive Secretary position.

This change is needed because the Adult Probation Officer’s secretary handles a large amount of sensitive and confidential material. Departmental employees undergo criminal record checks which are processed by the secretary. Probation officer applicants undergo psychological examination, and this material also crosses the secretary’s desk. Furthermore, all personnel matters and all performance evaluations are processed and filed by the secretary.

Other criminal justice department heads, as well as many other City department heads, have confidential civil service exempt secretaries. Last year a charter amendment gave the Chief Probation Officer of the Youth Guidance Center six civil service exempt positions, of which one is the secretarial position.

The secretary functions as an extension of administration, handling many departmental matters independently during short absences of the Chief. She also represents the Chief at community and inter-agency meetings when the need arises.

Inasmuch as the Chief’s job is not a straight 8:00 to 5:00, 40 hour work week job, neither is that of the secretary’s. Thus, it is necessary that the secretary work extra hours. By making this a civil service exempt position, there also would be a cost savings to the City and County of San Francisco.

VOTE YES FOR PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Ayes: Supervisors Alioto, Gonzalez, Hallinan, Kennedy, Maher, Nelder and Ward.

Noes: Supervisors Britt and Walker

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION G

KEEP POLITICS OUT OF THE PROBATION DEPARTMENT

Excuses can always be invented to justify creation of non-civil service positions in city government.

Political figures love to have plenty of patronage jobs around to hand out to their friends.

A quick look at history teaches us the disastrous results of patronage employment:

(A) POOR CHOICES — Patronage appointees are usually chosen on the basis of personal friendships and chance political loyalties. Many “correct political choices” are real “duds” when it comes to serving the interests of the taxpayers and voters.

(B) HIDING INFORMATION — Patronage appointees, whose first loyalties are usually to those who gave them their jobs, often hide important information from the public. The political games that were played with investigations of failing savings and loans is a “horror story” that illustrates the problem.

(C) NOT ELECTED — Patronage appointees are not elected by the people or chosen by any sort of objective civil service standards. They are not answerable to us, but serve at the subjective pleasure of those who appointed them.

The Supervisors want you to create a new patronage position because the employee handles “confidential information.”

Should all these positions be made patronage jobs, too?

NO!!!

Vote “NO” on “G”.

Arlo Hale Smith

BART Director/Candidate For Supervisor

Alexa Smith

Democratic Committeeember/BART Board Candidate

FOR: COMMITTEE FOR GENUINE POLITICAL REFORM

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT'S ARGUMENT AGAINST PROPOSITION G

"G" is "Grotesque."

Proposition G is a grotesque measure that will cut a gaping hole in the fabric of our civil service system by creating a patronage position.

That's right! Under Proposition G, a job will be taken out of civil service, allowing the employee to be judged — and hired and fired — on the basis of political criteria, rather than job performance.

Civil service "exemptions" mean more jobs for the politicians' friends and fewer for competent employees.

But who's surprised!

Proposition G was put on the ballot by the same Supervisors who raised our sewer service charges and parking charges.

The same Supervisors who imposed unnecessary taxes on small businesses.

The same Supervisors who had the chutzpah to demand a 70% pay raise last year.

The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.

The same Supervisors who fought the two-term limit tooth and nail.

Vote "Yes" on genuine political reform.

Vote "No" on waste and mismanagement in City government.

Vote "No" on patronage politics.

Vote "No" on "G".

COMMITTEE FOR GENUINE POLITICAL REFORM
Alexa Smith, Treasurer
(Democratic Committeemember/BART Board Candidate)
Arlo Hale Smith, Chair
(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION G

Proposition G has absolutely nothing to do with favoritism or patronage politics. The sponsors of the argument against Proposition G are both running for public office and have grossly exaggerated the dimensions of the proposed charter amendment in order to enhance their own electoral appeal.

Proposition G would simply allow the Adult Probation Officer to entrust sensitive matters to a Confidential Secretary. There are at least ten other City departments that have a Confidential Secretary, including the District Attorney, the Public Defender and the Sheriff. It is particularly important for the City's criminal justice agencies to have at least one such position because of the large volume of confidential material handled by these departments.

The opponents have completely ignored the substance of this measure and instead want you to believe that city officials are engaged in some sort of conspiracy against the public. The arguments they make against Proposition G have absolutely nothing to do with the measure itself.

We encourage you to read Proposition G and decide for yourself. This small change in the City Charter will go a long way to help the Adult Probation Officer run a more effective department.

VOTE YES ON PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.
No Paid Arguments Were Submitted in Favor of Proposition G

PAID ARGUMENT AGAINST PROPOSITION G

We, the members of the San Francisco Probation Officers’ Association, recommend a “NO” vote on Proposition G. The Chief Probation Officer has a private secretary, now, whose position is under Civil Service. We are opposed to this position being taken out of the Civil Service System as we believe that it will cost the taxpayers more money and not provide the stability of assignment that the Civil Service appointment gives. We assert that the safety of the public would be better served with front line staff, Probation Officers and clerk typist clerical workers, if additional money can be allotted to the Adult Probation Department.

Respectfully submitted by the Membership and Officers of the San Francisco Probation Officers’ Association.

Terry Twing, President
Frances Luster, Vice-President

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

4.105 Probation Boards.

The superior court judges of the city and county presiding in the department or departments for the hearing and disposition of criminal cases and disposition of criminal cases and proceedings shall, by order entered in the minutes of the court in the criminal department or departments thereof, appoint the adult probation officer.

The adult probation officer shall appoint such assistants, deputes and employees as may be allowed or provided by the board of supervisors. He or she shall appoint, and at his or her pleasure may remove, one confidential secretary.

The salaries of the adult probation officer and his or her assistants, deputes, and employees and confidential secretary shall be fixed by the board of supervisors in the same manner as for other officials and employees of the city and county.

The adult probation officer and his or her assistants and deputes shall have the powers conferred upon adult probation officers and their assistants and deputes by the laws of the State of California; and they shall perform all of the duties prescribed by such laws, and such additional duties as may be prescribed by ordinances of the board of supervisors.

The civil service provisions of this charter shall apply to and govern the assistants, deputes and employees of the adult probation officer and of the chief probation officer of the juvenile court, except a confidential secretary of the adult probation officer. For purposes of this charter the adult probation officer shall be the appointing officer as to his or her assistants, deputes, employees, and confidential secretary.

The pension and retirement provisions of this charter shall apply to and govern the adult probation officer and his or her confidential secretary, the chief probation officer of the juvenile court, their assistants, deputes and employees.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Waterfront Land Use Plan

PROPOSITION H

Shall the City be required to prepare a “Waterfront Land Use Plan,” shall hotels and other uses determined to be “Unacceptable Non-Maritime Land Uses” be prohibited on the waterfront and shall the City be prohibited from taking any action on certain types of new developments until this Plan is prepared?

YES 304
NO 305

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Many types of uses, including hotels, are allowed on the San Francisco waterfront, with City approval and subject to certain laws.

THE PROPOSAL: Proposition H would require the City to prepare a “Waterfront Land Use Plan” which would govern any new uses on the waterfront. Proposition H defines “waterfront” as Port lands transferred to the City from the State and certain other property that is under the control of the Port of San Francisco.

The Plan would create three categories of waterfront land uses: (1) Maritime Land Uses, such as maritime cargo handling, ship repair facilities and fish processing plants; (2) Acceptable Non-Maritime Land Uses, such as parks and wildlife habitats; and (3) Unacceptable Non-Maritime Land Uses. Hotels are the only Non-Maritime Land Uses specifically prohibited by this proposal. Proposition H also sets out guidelines for determining other Acceptable and Unacceptable Non-Maritime Land Uses.

Until the Plan is completed, the City could not allow new development of any Non-Maritime uses except those permitted in the ordinance or those that existed or had all necessary permits on January 1, 1990.

Once the Plan is completed, the City could not allow the building of hotels or other Unacceptable Non-Maritime Land Uses on the waterfront. Unacceptable Non-Maritime Land Uses that existed on January 1, 1990 could continue to operate.

Adoption of the Plan and amendments would be subject to a public hearing held by the Planning Commission. The City would be required to change the Master Plan and other City laws to make them consistent with Proposition H and to request that relevant State laws and regional plans be similarly changed.

A “YES” VOTE MEANS: If you vote yes, you want this Waterfront Land Use Plan to be adopted.

A “NO” VOTE MEANS: If you vote no, you do not want this Waterfront Land Use Plan to be adopted.

Controller’s Statement on “H”

Should the proposed initiative measure be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, it could have a negative effect on both Port revenues and general revenues from property, business, sales, and other tax sources, the amount of which is indeterminate but could be substantial.

How “H” Got on the Ballot

On August 2, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition H to be placed on the ballot had qualified for the ballot.

9,399 valid signatures were required to place an initiative ordinance on the ballot. This number is equal to 5% of the total number of people who voted for Mayor in 1987.

A random check of the signatures submitted on July 24, 1990 by the proponents of the initiative petition showed that 14,516 of the signatures submitted were valid, 5,117 more than the required number of signatures.
PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION H

Today a grave threat imperils San Francisco's magnificent waterfront — the threat of unchecked hotel construction along the water's edge.

Proposition H will remove that threat by banning shoreline hotels, that is, hotels proposed to be built within 100 feet of the water on property of the Port of San Francisco.

Proposition H also requires the Port to do a land-use plan for that vital strip of shoreline, defining uses that are acceptable there, as well as others that are unacceptable.

The Port itself says it wants comprehensive land-use planning. But its actions indicate another desire, a desire for rampant hotel construction. The Port says it now wants only two hotels. But those two would be the first steps toward hotel row on the shoreline north and south of the Ferry Building.

Proposition H will force the Port to achieve a balance of maritime uses, commercial activity, recreational access, and restoration of the Bay, and will impose a guiding vision for development of the waterfront.

Under Proposition H the Port can do the necessary plan promptly, without any undue delay in processing development proposals. There is no truth in the alarmist cries that the planning would halt Port growth. No worthy proposal on the drawing boards will be harmed.

We don't need hotel row on the waterfront. There are plenty of environmentally valid projects by which the Port can raise the revenue it needs.

Yes! Let's guarantee sound waterfront development! Let's stop shoreline hotels! Vote yes on Proposition H!

Committee for San Francisco's Waterfront
Jack Morrison, Committee Chair and Former Supervisor
Enola Maxwell, Community Advocate
Joe O'Donoghue, President, Residential Builders Association
Joseph Passen, Retired Ship's Clerk, ILWU

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION H

If the proponents of Proposition H only wanted to halt hotels from being built on the Waterfront, why didn't they write an initiative that did just that?

As it is, Proposition H will stop progress on the Waterfront. It will stop the Port from building new cargo facilities. It will halt expansion of ship repair facilities.

In fact, Proposition H is written to stop the new Aquarium at Pier 39.

These restrictions, whether they were intended or not, will have the effect of reducing revenues to the Port and make our rebuilding efforts impossible to complete.

There is no reason for such a rigid, all-encompassing, extreme approach.

First of all, there aren't any hotels on the waterfront today. The Port Commission is recommending a new cruise ship terminal and new sailing center with small hotels to support these maritime port projects.

Proposition H is an extreme reaction to these maritime related projects.

It is so extreme that the authors went overboard and have written a measure that will tie our hands completely.

For decades the longshore workers in this city have been a vital part of every progressive cause. We have fought to end discrimination, build senior housing, equalize economic opportunity.

Today, we are asking for something in return. A "No" vote on Proposition H will allow the Port to expand and rebuild the shipping business in San Francisco. A "No" vote will save our jobs. A "No" vote will save the waterfront.

JAMES R. HERMAN, President, ILWU
President, Port Commission

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT'S ARGUMENT AGAINST PROPOSITION H

I have worked on San Francisco's Waterfront since 1949. A seafaring man in the 1950's, President of the Ships' Clerks Local from the early 60's until 1977. I was elected President of the ILWU in 1977, a job I hold today. Currently President of the San Francisco Port Commission.

The Waterfront Initiative has some good policies in it. But it was not written well.

Dealing with employers on behalf of workers I learned to pay attention to details. A good contract is one you can enforce. A lousy contract is one that hurts workers in ways you didn't anticipate.

This initiative is like a lousy contract.

I don't think the authors wanted to stop the new fish aquarium. But they do.

I don't think the authors wanted to prevent the Port from moving ahead with the purchase of new cargo cranes to unload the bigger ships. But they do.

I don't think the authors wanted to damage the ship repair businesses by stopping all improvements in their facilities. But they do.

This initiative even stops a restaurant on Port property from remodeling or expanding.

Our waterfront has always been a place that provides jobs for workers in shipping, fishing, ship repair and tourist industries. We can continue to be a working Port if we allow it to stay in business and off the City's tax rolls.

We already have lots of plans for the waterfront. Starting all over again would be a setback and the people who would be hurt most would be the workers who are employed in maritime industries. These people would be on hold while the planning is going on.

Planning is good. Good planning is better. But planning that considers all of its side effects is best of all.

James R. Herman, President, ILWU

---

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION H

The Port incorrectly claims that Proposition H will stop all development along the waterfront. Either they are intentionally trying to mislead you, or they can't read. Please read the initiative text. Section 5(d) clearly provides that existing businesses, such as restaurants, can expand their operations, remodel, renew their leases, etc. at their current sites. It also allows construction and renovation of projects which have received all major discretionary city permits, such as the Ferry Building Complex. Proposition H does not affect existing businesses. All it says is (a) the Port must prepare a land-use plan, and (b) hotels are not allowed along the waterfront.

Particular obnoxious is the Port's contention that Proposition H will stop maritime development. Again, read the text. Proposition H mandates the Port to stress maritime development. The recent contract with Evergreen shipping is exactly what Prop H urges.

The Port contends that, although a plan may be a good idea, this is not the right time. Candidate Agnos promised us a land-use plan in 1987. The Port paid a consultant $250,000 to be told last April that they needed a land-use plan. If the Port already has "a lot of plans" it will be very easy to prepare and release a land-use plan by the end of the year.

Why is the Port so reluctant to divulge what they are planning for the waterfront? Is another hotel contemplated at Pier 35? And why is the Port trying to mislead the voters?

COMMITTEE FOR SAN FRANCISCO'S WATERFRONT
Waterfront Land Use Plan

PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Keeping San Francisco’s economy diverse is vital to our city, and maintaining a working port is a major key to San Francisco’s workforce.

We who work on and live near our city’s waterfront know that maritime work and maritime-related uses of port land help provide a stable base for San Francisco’s economy. Our city has a unique deep-water port and land for container freight facilities that can be used to maintain unionized, blue-collar jobs at decent wages.

Transformation of this land, with its valuable maritime potential, into a series of hotels, will provide mainly minimum wage, no-benefit jobs for San Franciscans — but millions in profits for developers.

*Keep San Francisco economically diverse and economically viable — VOTE YES ON PROPOSITION H.*

Not one inch of our waterfront piers should be surrendered to the hotel industry.

The shoreline should be preserved for maritime or water dependent enterprises to ensure a diverse economy and a maritime future for San Francisco.

Vote YES on H.

This initiative is in the ballot because the Supervisors didn’t do their job!

City officials should be working to modernize and revitalize the Port — not bartering away Port lands for hotels and other permanent nonmaritime uses!

Proposition H will halt plans to “throw in the towel” and give the Port away to nonmaritime uses.

SAVE SAN FRANCISCO’S WATERFRONT.

*VOTE YES ON PROPOSITION H.*

Proposition H will stop construction of a wall of hotels along San Francisco’s Waterfront.

Proposition H will encourage projects which provide public access to the waterfront.

Proposition H will encourage projects which improve San Francisco Bay’s ecology.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Vote YES on Proposition H!
San Francisco’s waterfront is a priceless resource. It provides recreation, employment, natural areas, and a connection to the City’s rich maritime history. San Francisco Tomorrow has fought to protect the waterfront for over twenty years starting with our fight against the 50 story US Steel Building. We, with the help of many others, drafted Proposition H to SAVE THE WATERFRONT!
Proposition H addresses the problem created by the Port’s piecemeal planning approach. Piecemeal planning has forced the Port to encourage rampant hotel development as a stop-gap financial measure. Proposition H stops the Port from building a wall of hotels and forces it to implement an economically viable vision for future waterfront development.
True maritime activities will be stimulated and protected by Proposition H. Proposition H will not affect existing businesses and permitted projects.
Voice YES on Proposition H to protect the City’s priceless urban shoreline.
San Francisco Tomorrow

Waterfront Land Use Plan

PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Beideman Area Neighborhood Group (BANG) represents the historic heart of the Western Addition. Just as we have fought to preserve the historic integrity and beauty of our neighborhood, so all San Franciscans must vote to preserve, maintain and cherish the historic integrity of San Francisco’s waterfront, which is the birthplace of our City.

Our waterfront is a treasure which should remain accessible to all San Franciscans and visitors and, indeed, should be developed only as an historic area in the manner of New Orleans’s Lafitte National Historical Park in the French Quarter.

Beideman urges a YES vote on Proposition H.

Barbara Meskunas, President
Robert Speer, Vice President
Mary Randall, Treasurer

LET’S PRESERVE OUR WATERFRONT.
LET’S NOT SEAL IT OFF WITH A WALL OF HOTELS.
LET’S NOT SELL OUT AGAIN.

VOTE YES ON PROPOSITION H TO BAN WATERFRONT HOTELS.

Our City’s priceless waterfront should be kept open so that everyone — both residents and visitors alike — can enjoy the natural beauty of San Francisco Bay. Don’t permit our Mayor and Port Commissioners to sell our heritage to developers. Don’t allow them to seal off our waterfront with a wall of hotels. San Francisco already has enough hotels, and our waterfront is not needed for building more.

Proposition H helps save fishing and other blue-collar jobs on the waterfront. It will help revitalize our waterfront for maritime-oriented activities rather than creating another downtown-type hotel row.

PLEASE VOTE YES ON PROPOSITION H.

VOTE YES ON H.

Eureka Valley Trail and Art Network

Coalition for San Francisco Neighborhoods

San Francisco Bay is a vital part of our environment and quality of life. It should not be sacrificed to the monetary interests of outside developers who wish to build a wall of hotels along our waterfront. Vote YES on Proposition H to preserve our waterfront and the maritime-related jobs that depend on it.

Harriet Ross, Deputy Public Defender for San Francisco

Vote Yes on H! Protect the waterfront from unreasonable hotel development.

Carole Migden
Candidate, Board of Supervisors

Hotels on the waterfront will wall off the Bay and constitute one more step toward the Manhattanization of our City.

As a member of the Bay Conservation and Development Commission, I have spent years fighting against the misuse of our Bay. We must make sure the waterfront remains accessible to all San Franciscans. Preserve the quality of life in San Francisco by voting Yes on Proposition H.

Supervisor Richard D. Hongisto

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION H

The present Port policy of converting valuable port land to tourist use by favoring hotel development projects over non-hotel development projects makes no sense. And for businesses within the tourist industry who are experiencing survival difficulties due to a stagnated tourist dollar, this policy is disgraceful.

Secondly, this policy hastens the demise of many marginal existing tourist businesses by granting an unfair location advantage to the newly created Port tourist businesses.

Furthermore, the beneficiaries of the new tourist Port business will be outside special interest groups, such as the Bass Brothers of Texas, who presently control both Pier 39 and the proposed aquarium at Pier 39. Moreover, we find it reprehensible that the murky Port process imparts to these outside developers not only “sweetheart” deals, but creates a system whereby local businesses, such as Alioto’s and Scoma’s of the Wharf, pay more rent to the Port than all of the combined businesses of Pier 39 which are under the control of the Bass Brothers. It is no small wonder that the Port has revenue problems. The revenue problems of the Port are increased when you consider that the effective rent on the proposed aquarium is only 1.375% of their estimated $12,000,000 in revenue versus 6% for Alioto’s.

Unfortunately, this initiative cannot stop or retard this economic “give away”. It merely stops hotels from being built on 100 feet of Port land by requiring the Port Commission to initiate a land use plan. We urge you to vote “yes” for this plan.

Joe O’Donoghue
President of Residential Builders

The sky is falling!!! Economic disaster awaits the City!!! Sound familiar? It should. The same arguments the Port is making against Prop H — against being required to prepare a land-use plan and banning hotels on waterfront piers — were used against Proposition M in 1986 when the voters were asked to establish neighborhood-emphasizing priorities and regulate the rate of office development. The chicken-littles cried, “chaos will result.”

It never happened. Instead, Prop M prevented San Francisco office developers from the over-building that helped create the savings and loan debacle.

If the Port wants to be a good steward of our waterfront, they must do a land-use plan. When Prop H passes, they will quickly release such a plan and we all will know what’s up their sleeves. If they bamboozle the voters, they will continue on their merry way. Two hotels already. How many more?

San Franciscans for Reasonable Growth
Sue Hestor, Attorney

Don’t close down the Port of San Francisco Vote No on Proposition H.

Proposition H looks good at first glance. Who wants a “wall” of hotels on the waterfront. But the proposition goes way beyond that issue.

The passage of Proposition H would halt all construction of new facilities for years, not just one four story hotel designed as part of a maritime sailing center. The Port cannot afford to see its maritime and nonmaritime activities come to a halt.

Your No vote on Prop H will save thousands of waterfront jobs and will allow the Port to create hundreds of new jobs. Proposition H will stall the Port’s efforts to construct new shipping facilities along the southern waterfront, to renovate the Ferry Building and to attract private money for a new cruise terminal.

Proposition H will stop the Port from increasing public access to the waterfront, preventing it from rebuilding rundown piers, closed today to the public.

Vote No on Proposition H. Keep our waterfront working.

Donald D. Doyle
San Francisco Chamber of Commerce

PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco’s waterfront has been a place of opportunity for immigrants and newcomers to our city. It opened the door for fishermen, longshoremen, restaurant workers and ship repair workers. As we move into the next century, it is opening the door for minority and women businesses involved in architectural, engineering legal, financial and construction services.

A yes vote on Proposition H shuts the door! It stops the San Francisco Sailing Center and the International Cruise Terminal. Both projects require strong commitments by developers to contract with minority and women businesses. It stops projects at marine terminals that provide contracts for minority engineering and consulting firms.

The Port buys a lot of services from private businesses and therefore must promote the city’s minority and women business participation policy. It has shown leadership in adopting a strong policy that will be used as a model for other city departments.

We can’t wait until the next century for the door to be pried open again. A No vote on Proposition H is a vote for economic opportunities for San Francisco’s minority and women businesses.

Since we introduced the aquarium concept to Fisherman’s Wharf four years ago, we have worked intensely with more than 100 local agencies and organizations including:

- educational institutions
- environmental organizations
- neighborhood, ethnic and youth groups
- physically challenged individuals
- individual citizens

With their involvement and following a 3 year review process at Port, City, Regional and State levels, the project has adopted a truly San Francisco identity and theme.

We are proud that our project, totally privately funded with no tax dollars whatsoever, will provide extensive pro bono public features such as:

- Pro bono on-site education for all students grades K through 12 in the San Francisco Unified School District (approximately 70,000)
- New public parks access at Piers 39, 41 and 43
- 40,000 tickets at 25% of cost distributed annually through neighborhood centers
- Reimbursement of public transportation for aquarium visitors

It is ironic, having spent four years in the planning process and being on the eve of receiving clearances from all relevant agencies, that we are now facing the possibility of being stopped by an initiative that suggests the planning process on the waterfront is inadequate. We know from experience that it isn’t so. Vote NO on Proposition H.

Erik O. Pederson, Project Director
Underwater World at Pier 39
Waterfront Land Use Plan

PAID ARGUMENTS AGAINST PROPOSITION H

We Republicans believe in a well planned and designed waterfront.
We strongly oppose a wall of hotels along the waterfront. The Port Commission, however, should have the ability to develop a comprehensive waterfront plan that may or may not include viable commercial projects.
The San Francisco Republican County Central Committee urges you to vote NO on Proposition H!

We all want improvements in planning, open space, access to the water, fishing facilities and a maritime industry in San Francisco.
The people who drafted Proposition H may have wanted the same things. But they wrote a proposition that will paralyze the waterfront. It freezes present uses while we spend the next 5 plus years developing a new plan. I know because I have worked on waterfront plans for the last 12 years.
I worked on the Northeastern Waterfront Plan with many of the proponents of Proposition H. The process took over five years. It was a good plan that balanced a variety of land uses. It also allowed for hotels.
I was also the one that initiated the Port’s Strategic Plan. That plan, completed in April, showed that the Port had to achieve a balance of maritime and commercial activities. You can’t have one without the other.

Maritime, open space and recreational developments require public investment. If the Port cannot raise revenue, San Francisco will have to accept faster deterioration of its waterfront and its maritime business (which now brings in over $15 million a year to the Port) as well as no public improvements in recreation.
Proposition H says stop everything while we review the planning process. It is a straightjacket that will be very expensive for San Francisco and its taxpayers.

Support planning for the waterfront, not Proposition H.

Anne Halsted, President, Telegraph Hill Dwellers, 1978-80
Board Member, S.F. Tomorrow, 1981-82
Co-Chair, Open Space Committee, 1975-77
Winner, S.F. Tomorrow Environmentalist Award Member, S.F. Port Commission.

The belief that we are only a shipping port, with jobs for only dock workers is mere nostalgia.
The Port’s tourist operations at Pier 39 and Fisherman’s Wharf produce jobs in retail, restaurants and trucking. They also help keep union labor employed at marine terminals.
An outright ban on waterfront hotels is unreasonable. It ignores the fact that our waterfront is a working waterfront, not just a big park. The Port must make money to maintain and modernize its facilities.
There is a time and place for everything!
Tourism is already part of our waterfront. Two hotels will not ruin the beauty of our waterfront. City codes already restrict the building of high rise waterfront hotels to four stories.
The two proposed hotels do not displace blue collar industries and the sites they will go on most likely won’t be used for industrial or maritime use because they are across the street from a growing residential neighborhood.

The hotels subsidize recreational, maritime and public access projects that will be attractive for visitors and residents. Money from these projects will be used to upgrade marine terminals to preserve union maritime jobs.
The hotels will create new types of jobs at the port. Hotel jobs are respectable and San Francisco’s hotel workers enjoy one of the highest wages and best benefit packages in the nation.
We are living in tough economic times. Unions, taxpayers and government officials are making sacrifices. We can not afford absolute and extreme positions that risk losing new opportunities for our city’s workers and for our Port.

Waterfront Land Use Plan

PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco’s wealth has always been dependent upon trade. Its maritime activity has been directly responsible for the founding and expansion of great ventures in banking, trading, shipping and railroads with the attendant jobs and services. In short, the cornerstone of San Francisco’s well-being is shipping.

Much of the maritime activity that once contributed to the wealth of San Francisco has disappeared. How can we reverse this and attract back to San Francisco our fair share of maritime business that seems to thrive in other ports?

The answer has two parts. First, we must accept that the days of the clipper ships are over; the piers on the northern waterfront are obsolete. Second, we must invest in modern shipping terminals on the southern waterfront where land is plentiful for expansion.

The Port of San Francisco has invested substantially in shipping facilities on the southern waterfront. More is needed. To support these investments, the Port must expand its revenues from all sources including commercial projects.

Proposition “H” would make it impossible to do so. If passed, Proposition “H” will strangle the Port’s financing capacity. It would result in a one-way ticket to Oakland for our shipping lines. The Port would be unable to provide the modern facilities needed by the industry now and in the future.

Vote NO on Proposition “H” and assist the Port in modernizing Port facilities and providing for the maritime well-being of the Port.

Fergus Moran, Regional Vice-President, Metropolitan California Stevedore Company
Walter Loughery, President, Williams, Dimond & Co.
Jim Mes, District Manager, Transmarine Navigation Corporation
Henry De Wit, Vice-President, Ned-Lloyd Lines
Raymond Tilley, General Manager, Blue Star Line San Francisco
Raymond P. Holbrook, Stevedoring Services of America

More plans for the Port are not needed. There has been much planning but no implementation. The San Francisco Sailing Center at Piers 24 & 26 was developed in response to a Port Commission Request for Proposals (RFP) for an “International Maritime and Yachting Center”. That RFP required that responses be consistent with the Northeastern Waterfront Plan of the Department of City Planning and the San Francisco Special Area Plan of the Bay Conservation and Development Commission (BCDC). This Project is consistent with those plans.

The project removes the condemned Pier 24 and builds a public access pier and breakwater to the north to create a protected harbor. The bulkhead buildings facing the Embarcadero would be retained and a hotel, permitted by BCDC, would be built on Pier 26. It would be lower than the existing shed. There also would be marine offices, a museum, conference facility, boat service yard, retail and restaurants. The fire house would be retained and the fire boats better protected.

No views are blocked. New views are created and much needed public access to the water. Over 2.5 acres of open space will be created where Pier 24 is now a safety hazard. These Piers are obsolete and abandoned for modern container shipping.

The harbor would be devoted to boating and sailing activities. A Sailing School would conduct instruction with an outreach program offering free instruction to disadvantaged youth in basic sailing, seamanship and teamwork.

This project will generate income for the Port, the City and the State estimated to be $3,700,000 per year and creates construction jobs and over 500 permanent jobs. Don’t condemn our waterfront to more years of planning paralysis. Vote No on H.

Redmond Kernan, Project Manager, The Koll Co.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION H

During the last decade, San Francisco has sought to establish itself as a center of international trade and pursued business ventures with Pacific Rim nations. Recently it is seeking to seize new opportunities as the economic and political climate changes in Europe.

There is a strong interest by the Scandinavian community locally and Scandinavian Investors have offered to invest in San Francisco by building a new state-of-the-art cruise terminal at Piers 30-32. The project would cost $120 million which the Port could not afford to build on its own on what is now an empty pier. An estimated 1,300 new jobs would be created, there would be unique family oriented recreational and retail establishments and the site lends itself to providing seven acres of public access.

Proposition H kills the project because the hotel is an integrated and essential part of the cruise terminal and without it the cruise terminal and public access could not be built. The Scandinavian Center is a worthwhile project and we want to build it in San Francisco. A yes vote on Proposition H will force us to take it to another city.

TEXT OF PROPOSED ORDINANCE

PROPOSITION H

Be it ordained by the people of the City and County of San Francisco that the Administrative Code is hereby amended by adding a new Chapter as follows:

Section 1. — Findings and Declaration of Policy

The people of the City and County of San Francisco find and declare:

a. Whereas, the waterfront of San Francisco is an irreplaceable public resource of the highest value;

b. Whereas, the most beneficial and appropriate use of the waterfront is for purposes related to and dependent on their proximity to San Francisco Bay and the Pacific Ocean, such as maritime uses, public access to, and restoration of, San Francisco Bay;

c. Whereas, San Francisco holds the waterfront in Trust for the People of California;

d. Whereas, maritime uses, public access to, and restoration of San Francisco Bay serve San Francisco residents, and provide significant economic, social and environmental benefits to San Francisco and its residents, including a diversity of employment opportunities and better overall health for San Francisco Bay;

e. Whereas, the waterfront contains structures of historical and architectural importance;

f. Whereas, it is poor planning to approve waterfront land uses on an ad hoc basis, rather than as part of a comprehensive waterfront land use plan;

g. Whereas, it is in the interest of San Francisco to develop a strong and economically vital waterfront with adequate public access to and restoration of San Francisco Bay; and

h. Whereas, changing conditions in the maritime industry such as deeper draft vessels and increased awareness of the negative environmental impacts of dredging and dredge-spoil dumping indicate that cargo handling at the Port of San Francisco could increase dramatically; therefore the people of San Francisco declare that it is the policy of the City and County of San Francisco that:

1. The waterfront be reserved for maritime uses, public access, and projects which aid in the preservation and restoration of the environment;

2. Where such land uses are infeasible or impossible, only acceptable non-maritime land uses as set forth in this ordinance shall be allowed;

3. A waterfront land use plan shall be prepared (as set forth in Section 2 of this ordinance) to further define acceptable and unacceptable non-maritime land uses and to assign land uses for specific waterfront parcels.

Section 2. — Land Use Planning Process

a. Upon adoption of this initiative, the Board of Supervisors shall within 30 days request the Port Commission to prepare a "Waterfront Land Use Plan" which is consistent with the terms of this initiative for waterfront lands as defined by this ordinance. Should the Port Commission not agree to this request within 30 days of the Board of Supervisors request, the Board of Supervisors shall have 30 days to designate a different City agency or department to prepare the "Waterfront Land Use Plan." 

b. The agency drafting the "Waterfront Land Use Plan" shall consult the City Planning Commission to ensure development of a plan consistent with the City’s Master Plan. The final plan and any subsequent amendments thereto shall be submitted to a public hearing conducted by the City Planning Commission to ensure consistency between that plan and the City’s Master Plan.

c. The "Waterfront Land Use Plan" shall define land uses in terms of the following categories:

Land uses included in these categories which are not part of the initial ordinance shall be added to Sections 3 through 5 of this ordinance as appropriate. No deletions from Sections 3 through 5 shall be allowed unless approved by the voters of San Francisco.

d. No City agency or officer may take, or permit to be taken, any action to permit the new development of any non-maritime land use (except those land uses set forth in Section 4 below) on the waterfront until the "Waterfront Land Use Plan" has been completed. Non-maritime land uses existing, or which have all their necessary permits, as of January 1, 1990 shall be exempt from this limitation.

e. The "Waterfront Land Use Plan" shall be reviewed by the agency which prepared it or by such other agency designated by the Board of Supervisors at a minimum of every five years, with a view toward making any necessary amendments consistent with this initiative.

f. The "Waterfront Land Use Plan" shall be prepared with the maximum feasible public input.

Section 3. — Maritime Land Uses

Maritime Land Uses include but are not limited to:

a. Maritime cargo handling and storage facilities;

b. Ship repair facilities;

c. Fish processing facilities;

d. Marinas and boat launch ramps;

e. Ferry boat terminals;

f. Cruise ship terminals;

g. Excursion and charter boat facilities and terminals;

h. Ship berthing facilities;

i. Maritime construction and maritime salvage facilities;

j. Marine equipment and supply facilities;

k. A list of additional maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the "Waterfront Land Use Plan" and added to this section.

Section 4. — Acceptable Non-Maritime Land Uses

Acceptable non-maritime land uses include but are not limited to:

a. Parks; b. Esplanades; c. Wildlife habitat;

d. Recreational fishing piers; e. Restoration of the ecology of San Francisco Bay and its shoreline; f. Transit and traffic facilities; and g. A list of additional acceptable non-maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the "Waterfront Land Use Plan" and added to this section.

Section 5. — Unacceptable Non-maritime Land Uses

a. Criteria for Consideration in Determining Unacceptable Non-maritime Land Uses

Criteria to be considered in making findings regarding the acceptability of any specific land use on the waterfront shall include but are not limited to:

1. Does the land use need to be located on the waterfront in order to serve its basic function? 2. Is the land use compatible with existing or planned maritime operations on surrounding parcels or the Bay? 3. Does the land use provide the maximum feasible public access? 4. Does the land use improve the ecological balance of San Francisco Bay? 5. Does the land use protect the waterfront’s architectural heritage? 6. Does the land use represent the best interests of the people of the City and County of San Francisco and/or the State of California?

b. Prohibition of Unacceptable Non-maritime Land Uses

No City agency or officer may take, or permit to be taken, any action to permit the development of any unacceptable non-maritime land use (as set forth below) on the waterfront.

c. Listing of Unacceptable Non-maritime Land Uses

The following land uses are found to be unacceptable non-maritime land uses:

1. Hotels

The City finds that hotels do not need to be located on the waterfront, and permitting their development on the waterfront will displace or preclude maritime uses;

The City finds that waterfront hotels do not provide the economic benefits provided by maritime employment;

The City finds that waterfront hotels do not serve the needs of San Francisco or its residents; and

The City therefore finds that hotels are an unacceptable non-maritime land use and shall not be permitted on the waterfront.

2. A list of additional unacceptable non-maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the "Waterfront Land Use Plan" and added to this section.

d. Grandfathering of Existing Unacceptable Non-maritime Land Uses

This initiative shall not prevent any unacceptable non-maritime land use existing as of January 1, 1990 from continuing in operation or expanding on its existing site in a manner consistent with all other applicable laws and regulations. At such time as a new land use is proposed for the site of a business existing as of

(Continued on page 110)
Mission Bay

PROPOSITION I
Shall 4.8 million square feet of office space in Mission Bay be exempt from the annual limit on new office space, if the City approves an agreement which requires housing, economic development, parks and public facilities, environmental clean-up, and other minimum requirements?

YES 306
NO 307

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: In 1986, San Francisco voters adopted Proposition M. Under Proposition M, the City may not approve more than 950,000 square feet of new office space each year. Developers of office buildings must compete for a share of this annual allotment of space.

There is a proposed development called Mission Bay (see map, page 143). Mission Bay may include office, housing, retail and light industrial uses, expanded transit service, street improvements, parks and other community facilities.

THE PROPOSAL: Proposition I is an ordinance that would exempt up to 4.8 million square feet of new office space in Mission Bay from the annual limit on office space. The total amount of new office space in Mission Bay would be deducted from the 950,000 square foot annual limit at the rate of 200,000 square feet each year. This exemption would apply only if the City approves a development agreement for the Mission Bay Project containing certain minimum provisions: (1) the construction of housing, some of which must be affordable housing; (2) payment of a fee for economic development and employment opportunities for women, minorities and local owned businesses; (3) a public park system and community facilities such as child care centers and a police and fire station; and (4) a comprehensive program to clean up and/or contain hazardous materials. Proposition I provides that the City could impose additional requirements in the development agreement.

A “YES” VOTE MEANS: If you vote yes, you want to exempt up to 4.8 million square feet of office space in Mission Bay from the annual limit on office space, if certain conditions are met.

A “NO” VOTE MEANS: If you vote no, you do not want to exempt Mission Bay from the annual limit on office space.

Controller’s Statement on “I”
Should the proposed ordinance be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its possible future application certain tax revenues of the City and County may be increased in indeterminate but possibly substantial amounts.

How “I” Got on the Ballot
On August 8, 1990 the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Terence Hallinan, Bill Maher and Doris Ward. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
MISSION BAY

PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION I

A YES vote on Proposition I will provide homes, parks and jobs that San Franciscans need.

Proposition I is a vital step in creating the new Mission Bay neighborhood. Now a blighted and underutilized area, Mission Bay will become a unique place to live, work, shop and relax — like the other great San Francisco neighborhoods.

All San Franciscans will benefit from the creation of a new neighborhood at Mission Bay. The public benefits of the proposed neighborhood include:

- 275 of the 315 acres (about 90%) will be housing, parks, and public facilities.
- 70 acres of waterfront parks and open space.
- 8000 homes, of which 3000 will be permanently affordable for families with income starting at $15,000.
- Over 20,000 permanent jobs, with priority given to San Franciscans.
- Job training and economic development programs for women, minorities and local businesses.
- New revenue the City needs for vital services.
- Childcare centers, school, fire and police station, senior center and cultural center.
- Cleanup of any toxics.
- Street and MUNI improvements.
- Buildings designed for earthquake safety and energy and water conservation.
- Mission Bay, the result of the most comprehensive and open planning process in the City’s history, will relieve development pressure on existing neighborhoods. Mission Bay will be a neighborhood where thousands of San Franciscans can afford to buy a home close to their jobs, thereby reducing traffic congestion.

Proposition I amends the 1986 Proposition M in order to allow the construction of office buildings — none of which will be taller than eight stories — only in conjunction with housing, parks and other community facilities. This amendment will only take effect upon City approval of a comprehensive development agreement which includes these public improvements and identification of the necessary revenues.

Vote YES on Proposition I.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION I

By the time you read this a million words will have been unleashed to discredit facts and me.

THEY ALWAYS SHOOT THE MESSENGER, DON'T THEY?

On August 23rd the Planning Commission finally certified documents “legitimizing” Proposition I. At 10:30pm President Morales brought forth an acknowledged community activist to speak. The resulting “cast” party proclaimed the success of their Development Agreement “production” — complete with cake enjoyed by all, except me.

I say, “Let them eat cake!”

THE MISSION BAY PROJECT IS FATALLY FLAWED: TAXPAYER INTERESTS HAVE BEEN DISCARED IN FAVOR OF CITY HALL’S SELF-SERVING POLITICAL GOALS.

Transfer of public money to private use is complex and carefully hidden:

- Special Interests: Exclusive “economic opportunities” encompassing taxpayer-subsidized “affordable” housing ($500 million) AND general construction projects ($598 million).

(Mayor Agnos controls ACCESS by selecting AA/ED applicants from SOMA, Potrero Hill, Bayview/Hunter’s Point, and Mission districts “only.”)

- City Hall: A bureaucracy guaranteeing thousands of votes.
- Santa Fe: 85% of $8.1 billion.
- Result: Control of San Francisco’s economy.

If you don’t have your snout in the public trough by now, its too late. The Planning Commission CLOSED “public” hearings August 23rd.

CITY HALL IS A “NEST OF SNAKES”. DEAL WITH THEM NOW OR YOU’LL SOON WAKE UP WITH THEM CRAWLING IN YOUR ECONOMIC BED!

League of Women Voters: Organize media debates. Public awareness guaranteed!

Middle Class/Small Business: Don’t vote for incumbents OR City Hall’s “Expected Winners.”

VOTE NO ON PROPOSITIONS H, I and J.

Dehn C. Queen
Committee Against Proposition I

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Elected Officials are promoting Mission Bay as a plan “which will provide public benefits: Affordable homes, parks, public facilities, transit, jobs.”

**Santa Fe has spent more than $6.4 million creating this illusion:** $1.4 million to hire the Planning Department to design/implement the project, the balance for EIR/special studies.

Taxpayers are being committed to 60% of the **Mission Bay and Related Projects** costs totaling $4.7 billion. Mission Bay will generate $8.1 billion in revenues (Taxpayer 1%, Santa Fe 85%, City Hall 14%). The taxpayer is putting up $2.5 billion and receiving approximately $100 million in the form of promised parks and social-subsidy programs over 30 years.

These plans will increase our cost-of-living approximately $282 per month, per resident, young and old. The City’s promised 2,200 affordable housing units cost approximately $500 million ($300 million using non-profit organizations with zero tax base). No defined source exists for these funds. **Proposition J is on the ballot to quietly bury this fact.**

On June 11, 1990, I delivered a 54-page report to City Officials. It compares official rhetoric to documented facts, details 34 major fatal flaws, superior alternatives, the killing of Small Business and ultimate displacement of San Francisco’s Middle Class.

On July 26th, the Planning Department’s “Financial and Fiscal Consultant” responded that my report “brings into the debate variables we did not deal with: Waterfront Plan, transit plans, ballpark — public policy issues well beyond the purview of our analysis. [Was] there was any fundamental critique or error? We found none.”

I have spent five years and my life savings fighting City Hall. I am out of money. San Franciscans are out of time.

Register to vote!
Demand answers and public debate!
Vote no on Propositions H, I and J.

Dehnert C. Queen
Committee Against Proposition I

---

**REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION I**

At a time of budget cutbacks in vital City services, San Francisco needs the revenue that will be generated in a new Mission Bay neighborhood.

The official City Controller’s analysis of Proposition I says that it will not affect the cost of government and could generate “substantial amounts” of new revenue for the City.

The Planning Department’s Fiscal and Financial Evaluation determined that Mission Bay will have positive effects upon the City’s General Fund. The evaluation stated:

“General Fund revenues from the Mission Bay project would exceed public service and maintenance costs by over $13 million annually. Over the anticipated 30-year buildout period, over $215 million of fiscal benefits would accrue to the City.”

Those are simple facts.

Don’t believe the one-person opposition committee’s funny figures.

Mission Bay will benefit all San Franciscans by improving the City’s financial health and economic prosperity.

Today the largely vacant 315-acre property produces little revenue for the City. Mission Bay’s new homes, offices and stores will contribute a surplus of $215 million in the first 30 years alone.

Not only will Mission Bay pay for the costs of its own construction and its share of public services, the neighborhood will make money for the City — money to build affordable housing and to help fund vital City needs.

Mission Bay makes financial sense. And that’s in addition to all of the other benefits of building the new neighborhood: housing, jobs, parks, a restored wetlands, childcare centers and other community facilities.

Vote YES on Proposition I

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.

*Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.*
Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Survey after survey shows that, increasingly, San Francisco’s workers cannot afford to buy a home in San Francisco.

Mission Bay addresses the need for housing and good paying jobs. In many San Francisco families, children are still living at home, even while working union jobs, simply because they can’t afford to rent, much less buy, a home in San Francisco.

Mission Bay represents our last opportunity to do something significant to provide 8,000 units of housing, including permanently affordable housing, in the City.

The construction of 3,000 affordable housing units, in addition to low-rise office space, schools, fire and police stations and community facilities such as childcare centers, will provide more than 20,000 permanent jobs, including thousands of construction jobs, and housing for families with income beginning at $15,000 a year.

Reading the "Open Homes" section of the newspaper is a sobering reality for working families. Condominiums begin at $175,000.

The new neighborhood at Mission Bay will provide, in addition to market rate housing, 3,000 housing units ranging from $37,000 for a studio to $60,000 for a four bedroom unit.

The San Francisco Labor Council urges a YES vote on Proposition I.

Mission Bay will bring a brighter day for San Francisco. The creation of 20,000 new jobs, as well as the jobs involved in the planning and construction of the new neighborhood, will enhance the economic future of workers in San Francisco.

Planning a strong economy for the city in the 21st century must be one of our highest priorities.

Mission Bay will keep blue-collar and entry-level office jobs from leaving San Francisco for the suburbs. Equally important, Mission Bay will bring back much needed blue-collar work.

The creation of a new neighborhood, where workers will live near their jobs in affordable homes, provides a rare opportunity. Mission Bay will also provide working families with necessary childcare facilities for 1000 children, a neighborhood school and many acres of parks and playgrounds.

We need Mission Bay. That’s why the San Francisco Labor Council, representing 79,000 working men and women in the city, urges you to vote YES on Proposition I.

Remember . . . a brighter day with Mission Bay.

SAN FRANCISCO LABOR COUNCIL
Walter Johnson, Secretary/Treasurer

The Downtown Association believes that a YES vote for Proposition I and for Mission Bay means a San Francisco that can be economically competitive into the 21st century.

Building Mission Bay means homes, jobs and parks.

It also means that major Pacific Rim corporations will be able to find competitive office space that will allow them to keep their operations in San Francisco. Mission Bay’s Port and transportation improvements will help keep San Francisco a vital Port container center and the transportation hub of Northern California.

The new Mission Bay neighborhood is key to helping San Francisco maintain its role as the headquarters city of the Pacific Rim.

Vote YES for Mission Bay. Vote YES on Proposition I.

DOWNTOWN ASSOCIATION
Edward Phipps, Executive Director

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION I

The Bay Area Council supports the adoption of land use plans and policies which increase the supply of housing which is affordable and accessible to the region’s workforce.

Proposition I allows for the creation of the Mission Bay neighborhood which offers an outstanding opportunity to increase housing in the center of the region and in the heart of San Francisco, the Bay Area’s largest employment center.

Vote YES on Proposition I.

BAY AREA COUNCIL
Angelo Siracusa, President

The San Francisco Chamber of Commerce believes that building Mission Bay is key to the city’s economic health.

Voting for Proposition I will help assure San Francisco’s continued prosperity into the 21st century.

Mission Bay will mean thousands of homes and jobs for San Franciscans and hundreds of millions of dollars in tax revenue for San Francisco.

By providing lower-cost, lowrise office space, San Francisco will be able to remain competitive with the suburbs that have drained tens of thousands of jobs from the city. With its central location, mass transit, affordable homes and open space, Mission Bay will provide a powerful incentive for major companies to stay in or relocate to San Francisco.

This will provide San Francisco with new jobs and a broader tax base as well as significantly reduce the number of commuters who are forced to drive long distances to jobs in outlying areas.

Proposition I and Mission Bay can help to preserve San Francisco as the vital, commercial heart of the Bay Area and Northern California.

Vote YES on Proposition I.

Donald D. Doyle
San Francisco Chamber of Commerce

We Republicans believe that the Mission Bay project represents the best opportunity to provide significant affordable housing for San Franciscans. Proposition I is only enabling legislation and not an endorsement of every aspect of the Project. We regret the annual limitations imposed by Proposition M (1986) make this initiative necessary.

The San Francisco Republican County Central Committee urges you to vote YES on Proposition I!

As owners of neighborhood businesses, we know that a vote for Proposition I is a vote for hundreds of small business opportunities that Mission Bay will bring. It is also a vote to keep the larger businesses we depend upon as customers here in San Francisco.

Mission Bay has been designed to be a traditional San Francisco. Rather than having malls or a shopping center, Mission Bay will be built around a shopping district like Chestnut, Clement, Irving or Mission Streets.

This will mean numerous opportunities for small business people to open shops, stores and restaurants. Mission Bay will also offer programs to assist locally-owned firms to open businesses in Mission Bay.

As owners of San Francisco’s neighborhood businesses, we urge you to vote YES on Proposition I.

Stephen Cornell, Vice President, Polk Street Merchants

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Mission Bay’s transit and transportation improvements will make a positive difference for San Francisco and the entire Bay Area.

Mission Bay will be a neighborhood where transit comes first and where thousands of people will be able to walk to work instead of taking their cars.

The extension of MUNI Metro through Mission Bay will make neighborhoods such as Potrero Hill and Bayview/Hunters Point more accessible to the rest of San Francisco.

Mission Bay’s street improvements will transform King Street into a major boulevard and will help stitch San Francisco’s currently underserved southeastern neighborhoods into the city’s street grid.

Mission Bay will improve the transportation system for all of us. Vote YES for improved transportation. Vote YES on Proposition I.
PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Vote YES on Proposition I and help turn Mission Bay into a neighborhood with a heart of green.

Mission Bay will dedicate nearly 70 acres or 20% of the entire project to parks and open space.

More than two miles of shoreline along the Bay and China Basin Channel will be reclaimed and turned into parks, playfields and a wetland habitat. A degraded and run-down channel will be transformed into a scenic and ecologically-alive waterway.

The Mission Bay neighborhood will be centered around a park that will be larger than Washington Square. A bayfront park will be larger than the Marina Green.

Dozens of smaller parks, open spaces and playgrounds will mean that no home in the neighborhood is more than 2-1/2 blocks from a green space.

Mission Bay will provide critically needed open space for San Francisco’s South of Market area which currently has virtually no open space at all.

And Mission Bay programs for earthquake safety, energy and water conservation and recycling, will set a standard that other projects throughout the nation will look to as a model.

By building Mission Bay, San Francisco will gain a new neighborhood with a heart of green. As environmentalists, we urge you to vote YES on Proposition I.

Mission Bay is the first private development in the City’s history to confront the economic problems which disproportionately impact minorities and women.

Mission Bay provides $12.5 million to fund programs to maximize business and employment participation by minorities and women.

Mission Bay not only affords opportunities to participate, but also includes specific goals for the inclusion of minorities and women in all aspects of the project’s design and construction. Once Mission Bay is completed, minorities and women will own and operate many of the businesses in the new neighborhood.

Vote for economic opportunity for San Francisco’s minorities and women.

Vote YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

A YES vote on Proposition 1 will:

- Ease the pressure on existing housing supply by providing 8,000 new homes, 3,000 of which will be affordable for first-time home buyers, the disabled, the elderly, and low and moderate income families;
- Provide jobs and economic opportunities for San Franciscans, in general, and Bayview/Hunter's Point residents, in particular; and
- Serve as a catalyst for the long sought light-rail transit system along the Bayshore corridor, thus enhancing the economic vitality and viability of Bayview/Hunter's Point.

Proposition 1 helps create a new neighborhood that organically connects Bayview/Hunter's Point to downtown and to the rest of San Francisco.

Mission Bay is an historic opportunity to transform a desolate industrial tract into a new balanced neighborhood with as many homes and businesses as Noe Valley.

The Mission Bay neighborhood offers a unique opportunity to address some of San Francisco's most pressing long-term needs. Mission Bay, as approved by the City Planning Commission, meets the six major goals that I wanted to accomplish for it when I campaigned for Mayor:

1) Mission Bay offers more affordable housing and more housing for larger families. Three thousand homes will be affordable to working families with annual incomes between $15,000 and $56,000.

2) Mission Bay provides the lower-cost back office space that San Francisco needs for a growing job market. It will help us retain existing business and win new ones.

3) Mission Bay will keep the Port of San Francisco active and financially healthy.

4) More than ten million dollars will be contributed by the project sponsor for economic development, affirmative action and employment training for minorities.

5) Mission Bay includes major additional commitments for child care with facilities for up to 1000 children in over 10 centers.

6) The Mission Bay agreement protects the City from toxic cleanup costs. Through ironclad guarantees from the project sponsor, it insures that a timely cleanup will take place regardless of the scope of the problem.

Mission Bay is the right kind of project for San Francisco at the right time. It gives us unique opportunities to meet some of our greatest long-range challenges and helps us prepare for a great future for our city.

I respectfully urge you to vote YES for the kind of neighborhood we need. Vote YES for Mission Bay. Vote YES on Proposition 1.

Art Agnos
Mayor

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

VOTE YES ON PROPOSITION I.

Mission Bay represents the first time that a project sponsor has responded to the needs and concerns of the City's African American community.

African Americans need the opportunity for economic participation that can only be realized through access to capital. Mission Bay provides this capital through its $10 million Economic Development Fund that will guarantee the participation of African American businesses in the design and construction of Mission Bay and provide the opportunity for African American businesses to locate there.

Mission Bay's Affirmative Action Plan is the first in the history of San Francisco to create employment preferences for economically disadvantaged residents of Bayview/Hunter's Point, Potrero Hill, the Mission District and South of Market.

No more empty promises.

Renters and landlords, property owners and housing advocates agree: building more housing is the key to making San Francisco an affordable place to live.

The Mission Bay neighborhood is our best chance in decades to provide the large amount of new housing that San Francisco needs.

Seventy percent of Mission Bay’s total area will be devoted to housing. Over 8,000 homes will be built, of which 3,000 will be permanently affordable for low and moderate income families.

The affordable housing at Mission Bay, ranging from $37,000 for a studio to $147,000 for a 4-bedroom unit, is housing the City desperately needs.

And the wide range of homes at Mission Bay will provide once-in-a-lifetime opportunities for singles, couples without children, young families, seniors, and first-time home buyers.

We urge you to vote YES for one of the most important housing proposals in San Francisco history. Vote YES on Proposition I.

As candidates for the Board of Supervisors this year, there is one issue on which we all agree: Proposition I is needed for the future of San Francisco.

Join us in voting YES on Proposition I.

CANDIDATES FOR SUPERVISOR:
Robert Achtenberg
Daniel Addario

In 1986, the lesbian and gay community voted strongly in favor of Proposition M to control downtown growth.

This year, the leadership of our community supports Proposition I, an amendment to Proposition M to allow the creation of a new San Francisco neighborhood in Mission Bay.

Mission Bay will transform an underutilized industrial area into a neighborhood where all San Franciscans will have new opportunities — to buy an affordable home, start a business, work at a job without commuting, or just enjoy the outdoors.

Proposition I is a big step in planning for the future of the city we all love. That's why lesbian and gay leaders urge you to vote YES on Proposition I.

For the children, we urge you to vote YES on Proposition I. Mission Bay’s benefits for children and families will be the most extensive of any neighborhood in the City’s history.

Mission Bay’s plan for children includes an elementary school, a community and cultural center, and dozens of playgrounds, parks and open spaces.

The crown jewel in Mission Bay’s family-related programs will be a multi-million dollar system of up to 10 quality childcare centers. Serving 1000 children, the centers will be a national model for childcare services.

Mission Bay will provide vitally-needed affordable housing that is large enough for families with children. Mission Bay gives families not only the opportunity to have not only homes near their jobs, but safe, convenient and affordable places where their children can learn and play.

Vote YES for the children. Vote YES on Proposition I.

San Francisco’s Asian American community supports Proposition I.

By building the Mission Bay neighborhood, our community has an unprecedented opportunity to make economic and social progress.

Mission Bay will transform an underutilized, industrial area of the city into a new neighborhood for all San Franciscans, complete with housing, parks, community facilities. Best of all, Mission Bay provides opportunities for thousands of design and construction jobs, 20,000 permanent jobs, and hundreds of new small businesses.

Mission Bay includes the most extensive economic development programs for minorities of any project in San Francisco’s history.

Vote for economic opportunity. Vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

We are artists and arts professionals who support Proposition I. Mission Bay will provide special opportunities for San Francisco's theater and arts communities.

The creation of affordable live/work spaces will mean that artists will be able to afford their own homes in Mission Bay.

A new theater/visual arts center will provide space for both permanent and special exhibits. Funding and space will be provided for the multicultural performing arts community to help design and build a truly special playhouse in Mission Bay.

One percent of the cost of constructing commercial space at Mission Bay will fund public art, giving San Francisco artists the opportunity to create works that will help define and set apart San Francisco's newest neighborhood.

Vote YES on Proposition I.

We urge you to vote YES on Proposition I to create the Mission Bay neighborhood.

We supported Proposition M in 1986 so that San Francisco would have a rational policy to control downtown development. Proposition M was designed to allow San Franciscans to have the kind of input into the planning process that would guarantee projects that made sense for the City.

In 1990, we support Proposition I because the proposed Mission Bay neighborhood is consistent with the policies and goals of Prop M. Planning for Mission Bay has been the most open and comprehensive process in San Francisco history. Mission Bay makes sense.

No highrises will be built at Mission Bay. The tallest office building would be eight stories.

Mission Bay will create unprecedented economic opportunities for women, minorities and small businesses. Office space in Mission Bay will pay for thousands of affordable homes, as well as parks and public facilities that San Franciscans need.

We are supporters of Proposition M who urge you to vote YES on Proposition I to create the Mission Bay neighborhood.

Acting in our individual capacities, we, as individual members of the San Francisco Port Commission urge all San Franciscans to support Proposition I. By supporting Proposition I you will not only allow San Francisco's newest neighborhood to be built, but you will also solve difficult issues affecting the future of the Port of San Francisco.

Mission Bay will permit the Port to develop a modern, competitive, consolidated container cargo facility with potential future capacity that will be more than sufficient well into the 21st century. The Port will collect revenues of $2 million a year from the building of the neighborhood. Port operations will be improved and public access to the waterfront will be greatly enhanced.

As individual members of the Port Commission, we urge you to vote YES on Proposition I.

MEMBERS OF THE SAN FRANCISCO PORT COMMISSION
James Herman, President
James Bouskos, Vice President
Arthur Coleman, Commissioner
Anne Halsted, Commissioner

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION I

As members of the City Planning Commission, we support Proposition I because it advances the Mission Bay plan that we approved in August 1990.

Under that plan, important public benefits will be attained: construction of 3000 affordable housing units, development of parks, wetlands, and community facilities, clean-up of toxic wastes, economic development funds to assist small businesses and workers, and the creation of thousands of jobs targeted specifically for San Francisco’s diverse population.

Both the city and the developer will make substantial financial contributions to achieve these benefits. The city’s contribution will primarily come from the sizable tax revenues that the project generates. For example, of the $215 million in tax revenues, the city will spend approximately $160 million to implement the affordable housing program. To fulfill the promises of Mission Bay thus requires future city officials to invest tax revenues.

The successful implementation of the Mission Bay plan is dependent on an informed, vigilant, and active citizenry demanding that both the developer and the city fulfill these promises.

We submit this ballot argument as individuals, rather than in our official capacities as Planning Commissioners.

James Morales, President
Wayne Jackson Hu, Vice President
Susan Bierman
Douglas Engmann

PAID ARGUMENTS AGAINST PROPOSITION I

MYSTERY TRAIN
NO ordinance confirming development agreements should be on the ballot when such agreement is subsequently altered...especially Proposition I which contains enough ambiguities and "mays" to staff the Giants’ pennant drive.
Don’t be railroaded. Vote NO.

Brian Doohan

VOTE NO! ON PROPOSITION I
Be fair! Don’t exempt Mission Bay from Proposition M highrise controls. Stop this special sweetheart deal and giveaway to developers. The Coalition for San Francisco Neighborhoods urges all San Franciscans to Vote No! on Proposition I.

Coalition for San Francisco Neighborhoods

Do NOT exempt the Mission Bay project from downtown highrise controls!
... Be fair! ... Reject this hypocrical loophole for a politically favored developer ... Please VOTE NO! to stop short-sighted politicians from imposing their opportunistic bankrupt vision on our city’s future.

Former Supervisor John Bardis

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION I

In 1986 the voters wanted to control office development so they passed Proposition M.

Now voters are being asked to approve an exemption for 4.8 million square feet of office in the Mission Bay project based on a development agreement which has not been finalized and which can be changed by the Board of Supervisors even after the vote.

Proposition M requires that the impact of commercial office space not overwhelm the city’s transit, traffic and parking capacity, housing capacity and affordability and neighborhood character. Proposition M requires that our city remain affordable for those living and working in it. And Proposition M requires that office development not displace other viable economic uses which provide a higher proportion of resident employment, such as neighborhood serving retail, service/light industry and manufacturing.

San Francisco Tomorrow believes that the City should get a better deal. Voters should oppose Proposition I unless the development agreement provides for sufficient affordable housing, community facilities and economic development opportunities to benefit all San Franciscans including those who have been economically disadvantaged in the past.

The development can proceed without a Proposition M exemption if the developer is still committed to building a new San Francisco neighborhood and is not just interested in selling off, the zoning.

San Francisco Tomorrow

Having drafted Proposition M and run its Campaign in 1986, we want the jobs, affordable housing, economic development and other amenities that a comprehensive development agreement should provide. We wanted to support a Mission Bay exemption to Proposition M’s annual limit of office development; however, the Mission Bay proposal is inconsistent with Proposition M because it does not:

- Provide adequate levels of affordable housing, as the affordable housing is BELOW Bay Area standards;
- Guarantee the financing of affordable housing and other Mission Bay amenities;
- Provide for a definite start-date for the project;
- Provide sufficient housing for its own work-force;
- Fully answer questions concerning toxics clean-up nor provide for an independent consultant for the community;
- Guarantee jobs for San Franciscans;

- Improve our transportation system and decrease congestion.

Instead of seriously addressing our City’s critical problems — such as affordable housing, transportation and jobs for San Franciscans — the draft proposal (as of the ballot deadline) creates even greater problems.

Inconceivably, the development agreement on which you are voting will not be finalized until after the election. Thus, you are voting on an exemption for a project which could be changed. That is not a sound way to plan this City’s future.

A “No” vote does not mean there will be no “Mission Bay” project. Rather, it sends a message to the City to present the voters with a better and finalized project.

San Francisco Campaign for Accountable Planning
Executive Committee

Exempting the Equivalent office space of 10 Transamerica pyramids from the city’s Prop. M growth control law is a bad idea.

This proposed preferential exemption for the powerful Southern Pacific Company, now called Catellus Development Corporation, is unprecedented, unreasonable, and unnecessary.

Vote NO on I.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
TEXT OF PROPOSED ORDINANCE

PROPOSITION I

Part 1 - Declaration of People of San Francisco regarding the Mission Bay Neighborhood.

Whereas, an amendment of the City Planning Code, including the provisions thereof enacted by the voters through Proposition M in 1986, is appropriate to facilitate development of Mission Bay provided such development complies with the performance criteria and standards of an appropriate and adequate development agreement.

Part 2 - Amendment of City Planning Code.

Be it ordained by the People of the City and County of San Francisco that Part II, Chapter II of the San Francisco Municipal Code (the City Planning Code) is hereby amended as follows:

Section 1. A new subsection 320(g)(7) is hereby added so as to provide a new exception from the definition of an office development subject to the annual limit as follows:

“(g) Office space in Mission Bay, up to a maximum of 4.8 million square feet, which is the subject of a development agreement as authorized under California Government Code Section 65965 or any successor section, provided that such development agreement is in effect at the time of issuance of any building or site permit therefor, is approved by the Board of Supervisors after recommendation by the City Planning Commission, and sets out standards and performance criteria which include at least the following:

(i) requires that efforts be undertaken to cause affordable and market rate housing to be built on a schedule such that no later than ten (10) years after the project start date (as defined in such development agreement) construction shall have commenced for at least 2,000 housing units, of which no less than 740 shall be affordable housing units and further requires that, at a minimum, over the life of the project, at least one housing unit be provided for each 712 square feet of additional office space built including at least one affordable housing unit for each 1900 square feet of additional office space built;

(ii) provides economic development and employment opportunities for women, minorities and locally-owned businesses, and establishes an economic development fund of at least $2.00 per square foot of additional office space to be used to create economic opportunities and to provide technical assistance for women, minorities and locally-owned businesses, and to finance job training, employment brokerage and placement programs with priority given to economically disadvantaged San Francisco residents, specifically including those in the South of Market, Bayview/Hunters Point, Mission District and Potrero Hill neighborhoods, and further requires that no later than ten (10) years after the project start date (as defined in such development agreement), no less than $3,000,000 shall have been contributed to the economic development fund, regardless of whether or not construction of additional office space has occurred, and further may provide that a priority be given in the initial allocation of funds from such fund for creation and implementation of the programs contemplated by this Subsection;

(iii) provides a comprehensive program for investigation and remediation of hazardous materials in connection with development in a timely fashion to permit construction of housing, open space and community services facilities;

(iv) provides a comprehensive public parks system including the provision or enhancement of a publicly accessible shoreline estuary, and provides public and community facilities, including a police station, a fire station, recreation, cultural and child care centers;

(v) prohibits discrimination on the grounds of, or because of, race, color, creed, national origin, ancestry, age, sex, sexual orientation, disability or Acquired Immune Deficiency Syndrome or AIDS related condition (AIDS/ARC) as provided in Chapter 56.7(c) of the San Francisco Administrative Code; and

(vi) provides that the times required for construction and contribution of funds set forth in Subsections (i) and (ii) above may be extended by the occurrence of unavoidable delays, including, without limitation, matters beyond the reasonable control of the party charged, unavailability of satisfactory financing as determined in the prudent business judgment of the party charged, administrative or regulatory processing delays, or changes in laws or regulations and further, specifically shall defer the obligations set forth in Subsections (i) and (ii) above if any additional office space may not be completed or completed due to litigation or lack of regulatory approvals.”

Section 2. A new subsection 320(i) is hereby added as follows:

“(i) “Mission Bay” means the area generally bounded by Third Street, Berry Street, Fourth Street, and China Basin Channel, China Basin Street, Mariposa Street, Pennsylvania Street, Seventh Street and Townsend Street.”

Section 3. A new subsection 320(m) is added as follows:

“(m) “Affordable housing” means housing units affordable to households with incomes ranging from 50% or less to 120% of the median income for the San Francisco Metropolitan Area, a portion of which must be permanently affordable to such households.”

Section 4. A new sentence is added at the end of Subsection 321(a)(2) as follows:

“Notwithstanding the foregoing, additional office space within Mission Bay shall count against the maximum set in Section 321(a)(1) to the extent provided in Subsection 321(a)(1).”

Section 5. The last sentence of Subsection 321(b) is deleted and replaced with the following:

“The list shall not include: (1) permits for projects authorized pursuant to the office development competition set out in Subsection 321(b) and Section 322; or (2) permits for projects which are excepted from the definition of the term “office development” under Subsection 320(g)(7).”

Section 6. A new subsection 321.1(f) is added as follows:

“(f) This subsection 321.1(f) shall be effective after the amount of square footage remaining on the Department’s list, prepared pursuant to Subsection 321.1(b), is reduced to zero and the 950,000 square foot annual limit established in Subsection 321(a)(1) is not subject to reduction pursuant to Subsection 321.1(d).”

(2) Beginning on February 1st of each year in which this Subsection 321.1(f) becomes effective, and on February 1st of each subsequent year, the Department shall certify in writing to the City Planning Commission, at a public hearing, a current list showing the total square footage of all office space which is excepted from the definition of the term “office development” under Subsection 320(g)(7) for which building or site permits were approved for issuance (including those approved prior to the effective date of this Subsection 321.1(f)) that have not lapsed or otherwise been revoked. In preparing that list, the Department shall subtract from the total amount of square footage of office space on its list the cumulative amount that has been deducted from the 950,000 square foot annual limit pursuant to Subsection 321.1(f)(3) below, and shall add to that list the cumulative amount that has been added to the 950,000 square foot annual limit pursuant to Subsection 321.1(f)(4).

(3) Within 30 days after receipt of the Department’s certified list, the Commission shall reduce the 950,000 square foot annual limit established in Subsection 321(a)(1) by 200,000 square feet if the amount of the square footage of office space on the Department’s list is equal to or greater than 200,000, or if the amount on the Department’s list is less than 200,000 but greater than zero, then by such lesser amount.

(4) If the amount of square footage on the Department’s list is a negative number (due to the lapse of the other revocation of building or site permits), then an amount of square footage equal to the absolute value of that negative number shall be added to the 950,000 square foot annual limit.

(5) In no event shall the cumulative total amount deducted from the 950,000 square foot annual limit, net of amounts added to the annual limit, for all years exceed 4.8 million square feet.”

Part 3 - Authority Retained.

Nothing herein shall be deemed to limit the lawful exercise of discretion by any City agency or the City Planning Commission, nor to limit the authority of any such entity to impose additional or more stringent conditions or requirements, in connection with the recommendation or approval of a development agreement.

(Continued on next page)
Part 4 - Termination.

If there is a default which remains uncured (as same may be defined and provided in a development agreement) under the provisions of a development agreement which set forth the requirements of Subsections (i) and (ii) of Section 1 of Part 2 above due to the actions of a party other than a public entity, then this Ordinance shall be null and void and of no further force or effect as of the expiration of any cure period for such default.

Part 5 - Severability.

If any section, subsection, phrase or part of the foregoing is held invalid by a court of competent jurisdiction, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the other parts of this Ordinance, or application thereof, which can be given effect without the invalid part or application thereof. Each section, subsection, sentence, phrase, or part of this Ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or positions be declared invalid or unconstitutional. □

PROPOSITION J

Shall an ordinance be adopted making it City policy for the Board of Supervisors to appropriate at least $15 million each year, adjusted for inflation, to the Housing Affordability Fund, provided that $5 million may be appropriated in years where extraordinary circumstances warrant it?  

YES 309
NO 310

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City has a Housing Affordability Fund to assist in providing low and moderate income housing. There is no City policy regarding the amount of money the Board of Supervisors should appropriate each year to this fund.

THE PROPOSAL: Proposition J is an ordinance that would make it City policy for the Board of Supervisors to appropriate at least $15 million each year to the Housing Affordability Fund, to be adjusted each year based on the Consumer Price Index. If, due to an extraordinary circumstance, two-thirds of the Board of Supervisors find that less money should be appropriated in a given year, then Proposition J would make it City policy for the Board to appropriate at least $5 million for that year.

A “YES” VOTE MEANS: If you vote yes, you want to adopt an ordinance making it City policy for the Board of Supervisors to appropriate these funds each year to the Housing Affordability Fund.

A “NO” VOTE MEANS: If you vote no, you do not want to adopt this ordinance.

Controller’s Statement on “J”

Should the proposed ordinance be adopted and implemented, in my opinion, general resources, ranging from $15 million in 1991-92 and increasing thereafter indefinitely at the rate of increase in the consumer price index, could be allocated to an Affordable Housing Fund.

Amounts allocated to the Affordable Housing Fund would diminish the amount of funds available for general purposes of the City and County.

How “J” Got on the Ballot

On August 8, 1990 the Registrar of Voters received a proposed ordinance signed by Supervisors Harry Britt, Jim Gonzalez, Nancy Walker, and Doris Ward. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
Housing Affordability Fund

PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION J

Housing is the foundation upon which all our social structures are built. In San Francisco, we face a housing affordability crisis that threatens to affect and change the way we all live. Proposition J makes it City policy to provide a substantial annual affordable housing contribution.

It costs more to live in San Francisco than almost anywhere else in our nation. The average sale price of a home has more than doubled since 1980; the average rent has nearly doubled in the same period. Today, only seven percent of San Francisco households can afford the average home. Many of our hard working lower and middle class families can no longer afford to rent or purchase a home in San Francisco, disrupting the economic, social and cultural fabric that weaves its way through all aspects of life in our City.

In the past, San Francisco’s commitment to providing affordable housing has been augmented by substantial State and Federal funding assistance. These housing funds have been drastically reduced over the past decade, and San Francisco can only compete for funding if we can make sufficient local contributions.

The housing funds allocated by Proposition J represent a small percentage of San Francisco’s annual budget, but they will leverage significant resources directed toward affordable housing preservation and new construction. Some costs will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless.

With Proposition J, starting in fiscal year 1991-92, fifteen million dollars will go to the Housing Affordability Fund annually. This revenue will be generated if new funding sources are identified. This represents a sound investment in the diversity of San Francisco, and will help improve the quality of housing in many of our neighborhoods.

Vote YES on Proposition J.

Nancy Walker
Harry Britt
Jim Gonzalez
Doris Ward

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION J

Not once in their argument do the four supervisors admit where the $15,000,000 a year for Proposition J is going to come from. There’s only a vague hint in the last paragraph: “This revenue will be generated if new funding sources are identified.”

Just what “new funding sources” do they have in mind? They never tell you, but I will: doubling the city’s real property transfer tax imposed when you sell or buy a home. In other words, these four supervisors want to add about $2,000 to the price of a typical San Francisco home.

What’s their solution to the “affordable housing crisis”? To make the average San Francisco home $2,000 less affordable.

VOTE “NO” ON PROPOSITION J.

In 1980, I authored the policy declaration, approved overwhelmingly by the voters, which established a goal of 20,000 new housing units by the end of 1984. That policy was not fulfilled, and it never will be fulfilled if City Hall persists in such counterproductive strategies as Proposition J.

A huge tax hike on homeowners is no way to improve the housing situation in San Francisco!

VOTE “NO” ON PROPOSITION J.

The four supervisors even claim that some of Proposition J’s $15,000,000 annual cost “will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless.” But most of the “homeless” are not people looking to buy a home!

Proposition J is a sham.

State Senator Quentin Kopp
Chairman, Kopp’s Good Government Committee

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OppoNent’S ARGUMENT AGAINST PROPOSITION J

Proposition J requires the Board of Supervisors to appropriate $15,000,000 a year to a “Housing Affordability Fund”. Sound good? Read on.

Question: Where’s the money going to come from?
Answer: Higher taxes!

VOTe “NO” ONS ROPOSITION J.

The same supervisor who authored Proposition J has an ordinance pending before the board that would double the city’s real property transfer tax rate. This proposal could even increase the transfer tax by 1,000% for many San Francisco homebuyers.

(That’s the source of funding for Proposition J.)

In other words, Proposition J would pave the way to adding $2,000 to the price of a typical San Francisco home. How does that make housing more “affordable”?

VOTe “NO” ONS ROPOSITION J.

The real property transfer tax is a lousy idea in the first place. It bears no connection whatsoever to any legitimate governmental service — like recording your deed or mortgage. The transfer tax is nothing but an excuse to gouge homeowners and raise money for City Hall.

There are 58 counties in California. In 57 of those counties, the transfer tax is 55 cents for each $500 of property value sold. In San Francisco, the current transfer tax is $2.50 for each $500 of property value. Proposition J would send our already excessive transfer tax out of sight!

VOTe “NO” ONS ROPOSITION J.

The author of Proposition J has been quoted as stating that an extra $1,000 or $2,000 has “never been the amount of money that makes or breaks a real estate deal”. Tell that to the families in San Francisco struggling to scrape together a down payment.

Proposition J will only make a bad housing situation worse.

State Senator Quentin Kopp
Chairman, Kopp’s Good Government Committee

Rebuttal TO Opponent’S ARGUMENT AGAINST PROPOSITION J

The opponents of Proposition J are trying to mislead you.

Proposition J does not raise taxes one penny. Proposition J sets City policy to make a long-term commitment to the City’s depleted Housing Affordability Fund.

The transfer tax will not be affected one way or another by Proposition J, as Senator Kopp claims. In fact, any change to the transfer tax will have occurred months prior to this election. The transfer tax doesn’t make housing unaffordable — a housing shortage does.

That’s why, as a San Francisco Supervisor, Kopp placed a housing proposition on the ballot approved overwhelmingly in 1980. It set city policy to create 20,000 new units of housing over a five year period, but no money was allocated at that time. With the annual $15 million commitment in Proposition J, we will finally be able to meet the housing goals the voters and Kopp approved.

Vote YES on Proposition J, and get the affordable housing you already voted for.

Senator Kopp knows that the State of California has hurt San Francisco by slashing State funding to local governments. These drastic cuts greatly increase the need for San Francisco to fund housing for truly needy groups such as battered women and mentally and terminally ill, as well as our hard-working renters and first time homebuyers who are priced out of the market.

An investment in affordable housing is an investment in San Francisco’s future. Vote YES on Proposition J.

HAUSING AFFORDABILITY FUND

PAID ARGUMENTS IN FAVOR OF PROPOSITION J

Affordable housing for low, moderate and middle income families needs to be built in San Francisco.
Vote YES on J.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Another measure on the ballot because the Supervisors didn’t do their job!
It doesn’t take a ballot measure for the City to spend $15 million per year to develop affordable housing.
The Mayor and Supervisors control the budget — they can appropriate the money!
We do agree with opponents of “J”, however, the San Francisco’s regressive real estate transfer tax should not be raised!

Vote “Yes” on “J” which is only a nonbinding policy declaration saying you want $15 million per year spent on affordable housing.

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

Proposition J is a wise investment in the future of our City. With Proposition J, San Francisco will gain millions of dollars in State and Federal Funds for affordable housing construction and preservation that would otherwise be lost.

VOTE “YES” ON PROPOSITION J...
and San Francisco will be able to get over 2300 new affordable homes in the new neighborhood at Mission Bay.

VOTE “YES” ON PROPOSITION J...
and more San Francisco wage earners will be able to afford to live in our City, and contribute their wages to our economy, instead of clogging highways and fouling the environment as they drive hundreds of miles to distant houses elsewhere.

VOTE “YES” ON PROPOSITION J...
and thousands of small businesses will benefit while we provide opportunities for hard working households to find attractive and affordable homes. Help keep San Francisco a city where our sons and daughters can afford to live, and where the richness of our cultural diversity will be maintained.

Join the many homeowners, business people, civic leaders, environmentalists, community organizations, and hard working people who know that...

PROPOSITION J IS THE RIGHT WAY TO BUILD A BETTER SAN FRANCISCO FOR MANY GENERATIONS!

Housing Affordability Fund

PAID ARGUMENTS AGAINST PROPOSITION J

Vote No on Proposition J.
Everyone agrees that San Francisco needs more affordable housing. But Proposition J won’t raise one penny for housing.
Proposition J does not bind the city to spend any money to build affordable housing. It is on the ballot only as a first step in an effort to raise taxes.
San Francisco’s general tax revenues are not great enough to allow the Board of Supervisors to transfer millions of dollars into a housing fund. To implement Proposition J the Board of Supervisors will have to either pass new taxes or cut current programs.
Vote No on Proposition J. Insist that the Board of Supervisors tell us how the program is to be paid for.
Don’t be fooled. Vote No on Proposition J.

Donald D. Doyle
San Francisco Chamber of Commerce

Proposition J would require the Board of Supervisors to allocate $15 million a year for affordable housing. But where is the money going to come from? Isn’t the city facing a budget crisis?
The supporters of Proposition J advocate increasing the real property transfer tax, the tax that is paid whenever title to property changes. This largely unknown tax could end up costing property owners and buyers thousands of dollars.
Isn’t it just like City Hall to make housing more expensive in order to support affordable housing?

San Francisco Association of Realtors

We know San Francisco has an affordable housing problem. Is Proposition J the solution? You can’t tell from its language.
As written, Proposition J only says, “appropriate to the Affordable Housing Fund . . . no less than . . . in fiscal year 1991-92, $15 million dollars, and each succeeding fiscal year,” a like amount adjusted for inflation.
From a reading of Proposition J, you can’t tell where or how these funds will be spent. Or where the money will come from.
Proposition J doesn’t provide the facts. VOTE NO ON PROPOSITION J.

Jack Waters
Laura Peterson
Grace J. Perkins
Barbara A. Moore
Lenora N. Lawrence
Gardner W. Mein
Frances Miller
Dana Ellsworth
Diana Vollmer

Proposition J is fiscally irresponsible. Vote NO ON PROPOSITION J.
San Francisco’s residents and businesses are burdened by some of the highest taxes in effect anywhere in the country. Now the Board of Supervisors is considering a proposal to increase the city’s real property transfer tax by 120%. If this tax is increased, it could end up costing home owners and buyers thousands of dollars.
During the debate on the tax, supporters of the increase have said that additional money is needed to support an annual allocation of $15 million to the city’s affordable housing fund if Proposition J is passed by the voters. But the proposed increase would generate an additional $38 million a year. How would the balance of these funds be used? Are they needed? No one will say.
Proposition J doesn’t even tell you how the $15 million annual allocation will be used and who will benefit. Proposition J is a disguised attempt to increase taxes for a variety of unspecified purposes.
It is budgetary profligacy of the worst sort. Vote NO ON PROPOSITION J.

W.F. O’Keeffe, Sr., President
San Francisco Taxpayers Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION J

Proposition J is not an innocuous policy statement. It asks voters to support a permanent $15 million annual allocation of General Fund revenues to a poorly defined housing fund. Each fiscal year, city expenditures exceed revenues. Where will the city get the revenues for this special interest fund?

The proponents of Proposition J won't tell where the money is coming from. They just say vote for housing. The truth is that the revenues to finance the fund must come from increased taxes and fees on residents or small businesses, or cuts in city services, such as health, seniors, MUNI and public safety. VOTE NO ON PROPOSITION J.

Passage of Proposition J would encourage other special interest groups to seek voter approval to "lock-up" more General Fund revenues for their causes. The federal and state budgets provide ample evidence of the budgetary crises which are produced when special interests take control of the budget. Don't let this happen in San Francisco. VOTE NO ON PROPOSITION J.

The measure does not spell out guidelines on how the funds would be used. Is Proposition J a hidden "blank check"? Why don't the proponents tell the voters in the measure how the funds will be spent? VOTE NO ON PROPOSITION J.

As a non-profit housing group, we are very interested in supporting reasonable, detailed and effective affordable housing programs. Proposition J does not meet these standards for support. The proponents should detail their housing fund proposal and then ask for voter support. Until then, VOTE NO ON PROPOSITION J.

San Francisco Housing Council

The Board of Supervisors has been aggressive in adopting policies designed to increase affordable housing opportunities for San Francisco residents. Each year, millions of dollars are committed to affordable housing programs. But despite this effort, no one can deny that the city's financial commitment to affordable housing should be increased.

The problem is that the city has been living beyond its means. Each year, the city's budget becomes increasingly difficult to balance. Cuts in essential services are not the answer; nor are increased taxes and fees. Governmental efficiency must be improved in order to provide the funds needed to support public services and economic growth. Until this happens, San Francisco cannot afford Proposition J's budget mandate of $15 million annually.

Please join us in voting NO ON PROPOSITION J.

Supervisor Willie B. Kennedy
Supervisor Bill Maher
Supervisor Tom Hsieh

The Coalition for Better Housing, a non-profit housing group, has been in the forefront of supporting sound and effective affordable housing solutions for many years. We would like to support Proposition J but we cannot. Why?

Look at the text. Proposition J does not tell voters the source of the $15 million annually allocated to fund the program. It can only come from two places: more cuts in city services or more increases in taxes and fees. At a time when San Francisco is facing one of its worst fiscal crises, the City cannot afford Proposition J.

Where in Proposition J's language does it tell how the funds will be spent? The voters of this city should not support a housing fund with no accountability or program guidelines.

Don't be fooled by the proponents of Proposition J. They are asking you to support a measure without the information you need to make an informed decision. Make them tell you the details before voting for such a measure.

Join housing advocates that want fiscally and programmatically sound affordable housing plans.

Vote No on Proposition J!

Barbara Kolesar
Executive Director
Coalition For Better Housing

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
NOTE: This Section is entirely new.

Be it ordained by the people of the City and County of San Francisco:

Section 1.

Findings:

1. San Francisco’s housing costs are among the highest in the nation.

2. High housing costs threaten the social, cultural, and economic well being of the City and all of its residents.

3. An investment in affordable housing is therefore in the vital interest of the City and County of San Francisco.

4. The average sales price of a house in San Francisco has more than doubled since 1980, from $131,000 to $340,000 in 1990. It is estimated that only 7% of San Francisco households can afford the price of the average San Francisco single family home.

5. The price of a two-bedroom rental apartment increased by 88% since 1980 from a median advertised rent of $475 in 1980 to $895 in 1989. It is estimated that only 30% of the City’s households can afford the current median price of a two-bedroom apartment.

6. There has been a drastic reduction in direct Federal funding for affordable housing to all American cities over the last ten years, and there is no likelihood of restoring discontinued national affordable housing programs.

7. Remaining current state and federal affordable housing programs rely on a substantial local funding match to be made available.

8. The Residence Element of the Master Plan projects a need for 2690 new or renovated units of very low income, low income, and moderate income housing annually.

9. 2000 units of housing with expiring Federal subsidies in the next five years alone can only be maintained as affordable housing with some investment of local funds.

10. 4290 units of Public Housing in the next five years alone will require renovation with a requirement for some investment of local funds.

11. There is a need for a substantial and predictable local source of revenue for meeting these affordable housing requirements, in excess of the amounts available through the Office Affordable Housing Production Program and the Hotel Tax, and through Community Development Block Grant funds.

12. San Francisco, unlike comparable American cities, neither currently nor regularly commits significant amounts of general fund revenue to affordable housing.

13. The previously established Housing Affordability Fund (Ordinance 249-85) which was established with a one-time commitment of general fund money in 1985 is depleted.

14. Both the Mayor’s Affordable Housing Action Plan (1989) and the City’s new Residence Element recommend that voter approval be sought for a guaranteed annual local commitment to an affordable housing fund similar to the commitment that has been made to the Open Space Acquisition Fund for development and maintenance of open space.

15. Urgently needed affordable housing developments that have been partially funded to date or are seeking funding will be jeopardized without future local funding.

Section 2.

Chapter 10 of the San Francisco Administrative Code is hereby amended by adding a new Section 10.117-50.1 thereto, to read as follows:

SEC. 10.117-50.1. ANNUAL APPROPRIATIONS TO HOUSING AFFORDABILITY FUND. (a) It shall be the Policy of the People of the City and County of San Francisco that subject to the budget and fiscal provisions of the Charter of the City and County of San Francisco, commencing in fiscal year 1991-92, the Mayor and the Board of Supervisors shall, through the annual appropriation ordinance for the City, appropriate to the Housing Affordability Fund established by Section 10.117-50(a) of the San Francisco Administrative Code no less than the total amount specified in subsections (i) and (ii) below:

(i) In fiscal year 1991-92, fifteen million dollars ($15,000,000.00), and in each succeeding fiscal year, fifteen million dollars ($15,000,000.00) increased by the percentage by which the Consumer Price Index for All Urban Consumers: Selected areas, all items index, San Francisco-Oakland, California (1982-1984-100) (or if that index is no longer published, and equivalent successor index selected by the Board of Supervisors) that is published on or immediately prior to the first day of the fiscal year exceeds the Consumer Price Index published on or immediately prior to July 1, 1990, or

(ii) Five million dollars ($5,000,000.00), upon a determination by a two-thirds majority of the Board of Supervisors that due to an Act of God or other extraordinary circumstances a reduction below the requirement as set forth in section (i) is warranted, but may not be enacted by the Board for more than two (2) consecutive years.
PROPOSITION K
Shall two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses be allowed to formally establish their relationship as a "domestic partnership?"

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: There is no process for lesbians and gay men to formally establish and record their relationships.

THE PROPOSAL: Proposition K would allow two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses to formally establish their relationship as a "domestic partnership." They would establish their relationship by signing a Declaration of Partnership and either (a) filing the Declaration with the County Clerk or, (b) having the Declaration notarized and witnessed and given to the witness. A filing fee would be charged to cover the City’s costs.

The domestic partnership would end if one partner notifies the other that he or she has ended the partnership, if one of the partners dies, if one of the partners marries or if the partners no longer live together. When the domestic partnership ends, the partners would incur no further obligation to each other.

A person who has filed a Domestic Partnership Declaration may not file another such declaration until six months after the partnership has ended, unless the previous domestic partnership ended because one of the partners died.

A "YES" VOTE MEANS: If you vote yes, you want to allow unmarried couples to formally establish their relationship as a domestic partnership.

A "NO" VOTE MEANS: If you vote no, you do not want to allow unmarried couples to formally establish their relationship as a domestic partnership.

Controller’s Statement on “K”
Should the proposed ordinance be adopted, in my opinion, it should not affect the cost of government.

How “K” Got on the Ballot
On July 20, 1990, the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Brit, Richard Hongisto, and Nancy Walker. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
PROPOLENT'S ARGUMENT IN FAVOR OF PROPOSITION K

Proposition K, the Domestic Partners registry, is simply a question of fairness. Proposition K will cost the city nothing.

Proposition K will allow lesbian, gay and other committed couples to register their relationships.

Under state law, lesbian and gay couples cannot get married. Despite their commitment, despite their love, despite all the joy and struggles they’ve endured, their relationships are neither recognized nor supported. Like all couples, they want visible recognition from their friends, families and neighbors.

This is an issue of choice and civil rights. Everyone has the right to choose whom they will love. The religious opponents of domestic partners, who want to enforce their view of what constitutes a loving, committed relationship on everyone else, would deny social recognition and support for gay and lesbian relationships. Let’s stop the injustices by voting yes on Proposition K.

The previous proposal for domestic partners caused concern over potential costs to taxpayers. But the registry under Proposition K is financially self-supporting with fees covering all costs. Proposition K provides no city or employment benefits to domestic partners.

Proposition K is the respect and support that will allow all of the residents of our city to proudly say, “We are a part of the family of San Francisco.”

VOTE YES ON PROPOSITION K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPOLENT'S ARGUMENT IN FAVOR OF PROPOSITION K

The Blitzkrieg-defying traditionalist Sir Winston Churchill — the man who destroyed Adolf Hitler — at age 13 memorized these fateful lines from Macaulay’s Lays of Ancient Rome:

“Then out spake brave Horatius,
The Captain of the Gate:
““To every man upon this earth
Death cometh soon or late.
And how can man die better
Than facing fearful odds,
For the ashes of his fathers,
And the temples of his gods?”

San Francisco’s misguided Board of Supervisors purports to advise us on “Love”, "Fairness" and so-called “Religion”. Their ideas are flawed and twisted. Vote “NO” on Proposition K.

Even the claim that “domestic partners” will not cost us tax money is false. In light of the California case of Marvin v. Marvin (on the “implied contract” rights of “live-in” lovers), it’s total folly to pretend that “domestic partners” will not open up the floodgates of future litigation. We can expect lots of court costs if Proposition K passes.

The First Amendment to the U.S. Constitution wisely bans the “establishment” of religion. The power of the state should not be used to advance particular creeds or belief systems.

Proposition K represents nothing but an attempt to “establish” the belief system of “domestic partners” as the official policy of the City and County of San Francisco.

The Board of Supervisors are insulting you and wasting your tax money by putting this already defeated “domestic partners” measure back on the ballot again.

Vote “NO” on Proposition K.

Patrick C. Fitzgerald
Democratic Party Nominee for State Senator

OPPONENT'S ARGUMENT AGAINST PROPOSITION K

JUST SAY "NO" TO "DOMESTIC PARTNERS"
San Francisco is a broadminded seaport town.
People from all over the world have come to San Francisco since
the day the Spanish navigator Ayala first sailed his ship through
the Golden Gate.
The San Francisco Presidio's Lyon Street Gate and its ancient
Officers Club are still guarded by the cannons of the Spanish King
Carlos III.
The quartered arms of Aragon and Castile — the old banner of
Imperial Spain — no longer flies over San Francisco.
San Francisco is a City with tradition.
San Francisco does not need the misguided Supervisor Harry
Britt's proposed "domestic partners" law.
San Francisco and its voters defeated an almost identical "do-
mestic partners" measure last year.
Still earlier, when Dianne Feinstein was still Mayor, the San
Francisco Board of Supervisors passed another "domestic part-
ers" resolution. Mayor Feinstein correctly vetoed that unwise
proposal.
Now — like a Bad Penny — "domestic partners" has come back
to again haunt the City and County of San Francisco.

"Domestic partners" is basically a slap in the face to 3,000 years
of Judeo-Christian-Islamic civilization:
That is the reason Archbishop Quinn last year had a letter read
in every San Francisco Roman Catholic church attacking the 1989
"domestic partners" ballot measure.
That is the reason virtually every Catholic, Protestant, Eastern
Orthodox, Jewish, Moslem, and Buddhist clergyman in the City
and County of San Francisco agreed.
The truth is that "domestic partners" is a piece of legislation that
would have been laughed out of the late Emperor Nero's pagan
Roman Senate.
In fact, there is only one man in Suetonius' Lives of the Twelve
Caesars who would probably have backed "domestic partners"
legislation.
His name????: The mad Emperor Gaius Caligula.
Gaius Caligula also put a horse in the Roman Senate.

Citizens Against "Domestic Partners"
Patrick C. Fitzgerald
Democratic Nominee for State Senator
Chairman of Citizens Against "Domestic Partners"

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION K

Domestic Partners is obviously NOT about Caligula. It is not
about Imperial Spain, or King Carlos III, or about sailors crossing
the Golden Gate.
It IS about our respect for one another. It's about the acceptance
and recognition of our differences. It's about our willingness to tell
our neighbors and families and friends that all people should be
granted the right of being allowed to publicly recognize the one
they love.
Yes, San Francisco is a city of traditions ... Traditions of
tolerance, fairness, and respect for others. Proposition K reaffirms
these San Francisco traditions.
Please vote YES ON K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on
August 27, 1990.
Ayes: Supervisors Gonzalez, Hallinan, Hsieh, Kennedy, Maher,
Nelder, Walker and Ward.
Absent: Supervisors Alioto, Britt and Hongisto.
Domestic Partners

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Long-term, monogamous relationships should be recognized and encouraged. Vote YES on K.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Equal rights must be afforded all citizens — without regard to sexual orientation.

As Democratic Committee members, we have both consistently supported domestic partners legislation. In 1983, Arlo Smith authored the resolution first putting the Democratic Committee on record in support of such legislation.

In 1987, Arlo Smith got the BART Board to adopt an ordinance prohibiting BART contractors from engaging in sexual orientation discrimination.

In 1989, Arlo Smith co-sponsored (with Director Michael Bernick) a domestic partners proposal for BART employees. Alexa

Smith will vote for such legislation if elected as your BART Director.
We both supported Proposition S in 1989.
We are proud to support Proposition "K".
Vote "YES" on "K".

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committee member/BART Board Candidate

Vote Yes on K! Equity and fairness for all San Franciscans.

Carole Migden
Candidate, Board of Supervisors

Communities of color have always led the fight for equality and challenged the discrimination which designated "white" only jobs, schools and recreational facilities or immigration laws which separate our families. Current laws regarding family status do not allow the participation of lesbian and gay couples, leaving them with no mechanism to register their relationships and seek equal treatment for them.

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is an important piece of civil rights legislation that San Francisco must pass. It establishes a registry for gay and lesbian couples, allows hospital visitation rights, and carries no costs for public and private employers. It bestows basic civil rights and legitimacy on a large segment of San Francisco’s population. VOTE YES ON K.

*Supervisor Bill Maher*

The San Francisco Democratic Party supports Domestic Partnerships. By an overwhelming majority, the Central Committee voted to support Proposition K.

The Democratic Party has a strong tradition of support for civil rights and individual freedoms.

In San Francisco, let us define what we consider a family.

Join your local Democratic Party in recognizing the diversity of families in our city.

We urge you to vote YES on PROPOSITION K.

Proposition K is an issue of CHOICE! The lesbian and gay community has created a process for the city to recognize their relationships through a registration system, since they are not legally eligible for marriage. A small section of religious fundamentalists overturned this legislation last year. They want to impose their lifestyles on the entire population—preventing women from exercising their right to choice related to pregnancy—preventing lesbian and gay couples from exercising their right to the choice of loving relationships of their own sex.

If we cannot demonstrate the importance of maintaining our freedom of choice here in San Francisco, it will surely be endangered throughout the country.

Almost everyone has lost a friend, relative, co-worker or lover to AIDS. Our city has witnessed a crisis beyond all scope but we have seen an enormous amount of caring and love that has poured out in response to the AIDS epidemic.

The lesbian/gay community, through its response to AIDS and in a hundred other ways, has shown it has the power to love and care. A “Yes” vote on Proposition K recognizes the love and commitment shared by lesbian and gay couples, and will bring all our communities together as part of the family of San Francisco.

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is about justice. This measure requires no city tax dollars; it is completely self-supporting. Proposition K represents the consensus position of the elected leadership of San Francisco.

There are no financial benefits in Proposition K, but it does provide a legal registry to foster respect for lesbian, gay and other unmarried couples. This is one way San Francisco can address the discrimination and neglect they face. We urge you to vote “Yes” on Proposition K, so that our city officially encourages loving and caring families.

Mayor Art Agnos  
Assembly Speaker Willie L. Brown, Jr.  
Assemblyman John Burton  
State Senator Milion Marks  
Congresswoman Nancy Pelosi  
Assemblywoman Jackie Speier

Martin Luther King, Jr. once said, “Injustice anywhere is a threat to justice everywhere.” Proposition K is about fighting injustice. We are part of civil rights and social justice groups that are devoted to uplifting the lives of all people. We are concerned about discriminatory laws and practices that deny justice and equal opportunity to any member of society.

Proposition K is a simple measure of justice. It represents everything decent and honorable about our city. Proposition K affirms the lives and humanity of all San Franciscans. There is no financial cost to the city with Proposition K. There is a moral cost to the city without it. Please stand with us on the side of human justice. Vote YES on PROPOSITION K.

PAID ARGUMENTS AGAINST PROPOSITION K

“People have heard enough about the ‘Rights of Man’ as they are called; it is time they hear about the Rights of God”.

— Pope Leo XII (1823-1829)

Some now seek to “redefine” the family — as if the Natural Law is malleable by man! Remember, “Live-and-let-live” libertarianism is NOT accepted by God, nor does scripture or tradition teach that democracy is the ideal form of government. Democracy is valid ONLY if a Holy Fear of God is woven through the fabric of society.

Proposition K, a degenerative piece of legislation, further erodes that fabric. Do we need more disasters and loss of freedom to make us realize we are not dealing with a play-God? Keep in mind that Hell and Purgatory ARE real and Dies Irae IS coming!! Vote No on K!

Dennis J. Mark, Accountant

This is an attempt by the militant homosexual-dominated political establishment to use our city government to force our endorsement of perverted and illicit sexual relationships. It is a mockery of marriage. It attempts to provide the benefits of marriage without the responsibilities. It would open the door to astronomical financial costs.

Use your common sense. Vote No on K.

A vote for me is a vote against domestic partnerships and for family values.

Jim Robinson  
Candidate for Supervisor

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION K

An issue that the voters have already rejected is before them again — the "domestic partners" issue that would allow the same sex and unmarried partners the same status of married couples and families. A domestic partnership is a shallow mockery of traditional heterosexual marriage, with all of the privileges and none of the real responsibilities. It is a "frequent flier" marriage of the moment that can be easily dissolved. The proponents of Proposition K attempt to use the laws, institutions, bureaucracies and tax dollars of our City to make a public statement that divergent lifestyles and choices are perfectly legitimate too and demand everyone's endorsement.

The Chinese and Asian community cherish the traditional monogamous family as a stable place of procreation and nurturing of future generations. Proposition K is in direct conflict with those values. If passed, it will cause profound DISTURBANCE and CONFUSION to our community. Our children will be the victim of this unproven and ill conceived social experiment. Although we respect the existence of different social groups and their basic human rights, we reject a pseudo-substitute for the family, and we will not vote for a potential economic, social, and legal NIGHTMARE that will only further divide our already divided City. Vote NO on K.

TEXT OF PROPOSED ORDINANCE
PROPOSITION K

The People amend The San Francisco Administrative Code by adding a new Chapter, to read:

RECOGNITION OF DOMESTIC PARTNERSHIPS

Sec. 1. PURPOSE

The purpose of this ordinance is to create a way to recognize intimate committed relationships, including those of lesbians and gay men who otherwise are denied the right to identify the partners with whom they share their lives. All costs of registration must be covered by fees to be established by ordinance.

Sec. 2. DEFINITIONS

(a) Domestic Partnership. Domestic Partners are two adults who have chosen to share one another’s lives in an intimate and committed relationship of mutual caring, who live together, and who have agreed to be jointly responsible for basic living expenses incurred during the Domestic Partnership. They must sign a Declaration of Domestic Partnership, and establish the partnership under section 3 of this chapter.

(b) “Live Together.” “Live together” means that two people share the same living quarters. It is not necessary that the legal right to possess the quarters be in both of their names. Two people may live together even if one or both have additional living quarters. Domestic Partners do not cease to live together if one leaves the shared quarters but intends to return.

(c) “Basic Living Expenses.” “Basic living expenses” means the cost of basic food and shelter. It also includes the expenses which are paid at least in part by a program or benefit for which the partner qualified because of the domestic partnership. The individuals need not contribute equally or jointly to the cost of these expenses as long as they agree that both are responsible for the costs.

(d) “Declaration of Domestic Partnership.” A “Declaration of Domestic Partnership” is a form provided by the county clerk. By signing it, two people agree to be jointly responsible for basic living expenses which they incur during the domestic partnership and that this agreement can be enforced by anyone to whom those expenses are owed. They also state under penalty of perjury that they met the definition of domestic partnership when they signed the statement, that neither is married, that they are not related to each other in a way which would bar marriage in California, and that neither had a domestic partner less than six months before they signed. This last condition does not apply if the previous domestic partner died. The form will also require each partner to provide a mailing address.

Sec. 3. ESTABLISHING A DOMESTIC PARTNERSHIP

(a) Methods. Two persons may establish a Domestic Partnership by either:

1. presenting a signed Declaration of Domestic Partnership to the County Clerk, who will file it and give the partners a certificate showing that the Declaration was filed; or

2. having a Declaration of Domestic Partnership notarized and giving a copy to the person who witnessed the signing (who may or may not be the notary).

(b) Time Limitation. A person cannot become a member of a Domestic Partnership until at least six months after any other Domestic Partnership of which he or she was a member ended. This does not apply if the earlier domestic partnership ended because one of the members died.

(c) Residence Limitation. The county clerk will only file Declaration of Domestic Partnership if:

1. the partners have a residence in San Francisco; or
2. at least one of the partners works in San Francisco.

Sec. 4 ENDING DOMESTIC PARTNERSHIPS

(a) When the Partnership Ends. A Domestic Partnership ends when:

1. one partner sends the other a written notice that he or she has ended the partnership; or
2. one of the partners dies; or
3. one of the partners marries or the partners no longer live together.

(b) Notice the Partnership has ended.

1. (1) To Domestic Partners. When a Domestic Partnership ends, at least one of the partners must sign a notice saying that the partnership has ended. The notice must be dated and signed under penalty of perjury. If the Declaration of Domestic Partnership was filed with the county clerk, the notice must be filed with the clerk; otherwise, the notice must be notarized. The partner who signs the notice must send a copy to the other partner.

2. (2) To Third Parties. When a Domestic Partnership ends, a Domestic Partner who has given a copy of a Declaration of Domestic Partnership to any third party, (or, if that partner has died, the surviving member of the domestic partnership) must give that third party a notice signed under penalty of perjury stating the partnership has ended. The notice must be sent within 60 days of the end of the Domestic Partnership.

(3) Failure to Give Notice. Failure to give either of the notices required by this subsection will neither prevent nor delay termination of the Domestic Partnership. Anyone who suffers any loss as a result of failure to send either of these notices may sue for actual losses.

Sec. 5. COUNTY CLERK’S RECORDS

(a) Amendments to Declarations. A Partner may amend a Declaration of Domestic Partnership filed with the County Clerk at any time to show a change in his or her mailing address.

(b) New Declarations of Domestic Partnership. No person who has filed a declaration of Domestic Partnership with the county clerk may file another declaration of Domestic Partnership until six months after a notice the partnership has ended has been filed. However, if the Domestic Partnership ended because one of the partners died, a new Declaration may be filed anytime after the notice the partnership ended is filed.

(c) Maintenance of County Clerk’s Records. The County Clerk will keep a record of all Declarations of Domestic Partnership, Amendments to Declarations of Domestic Partnership and all notices that a partnership has ended. The records will be maintained so that Amendments and notices a partnership has ended are filed with the Declaration of Domestic Partnership to which they apply.

(d) Filing Fees. The Board of Supervisors will set the filing fee for Declarations of Domestic Partnership and Amendments. No fee will be charged for notices that a partnership has ended. The fees charged must cover the city’s cost of administering this ordinance.

Sec. 6. LEGAL EFFECT OF DECLARATION OF DOMESTIC PARTNERSHIP

(a) Obligations. The obligations of domestic partners to each other are those described by the definition.

(b) Duration of Rights and Duties. If a domestic partnership ends, the partners incur no further obligations to each other.

Sec. 7. Upon adoption, the Clerk of the Board shall codify this amendment into the San Francisco Administrative Code.
Telephoning the Registrar of Voters

The Registrar of Voters recognizes that responses to telephone calls, especially on Election Day, need to be improved. Toward that end, we have taken advantage of a telephone system that has been made available to us on an experimental basis. In the last election, we were able to respond much more quickly to requests for registration forms and absentee voting applications. Unfortunately, we did not do as well on Election Day and we apologize for any inconvenience that may have caused.

We have reviewed our experience from the June Primary Election, and we have revised the telephone system to improve our responses to your telephone calls for the November election.

When you call the Office of the Registrar of Voters at 544-4375, you will hear a recording offering you the following choices:

TOUCH-TONE PHONES Press 1
SPANISH-SPEAKERS Press 2
CHINESE-SPEAKERS Press 3
ROTARY PHONES Hold

For people with touch-tone phones, after you have Pressed 1, you will have the following options:

- Voter Registration Information and Forms Press 1
- Absentee Voting Information and Forms Press 2
- Working at the Polls Information Press 3
- Candidates and Ballot Measures Press 4
- Information about Registered Voters Press 5
- REPEAT — (Listen to choices again) Press 9
- Other Topics Hold

Please write if you have suggestions for improving our telephone system.

AVOID LONG LINES — VOTE BY MAIL

It’s as easy as 1-2-3.

1. Complete the application on the back cover.
2. Put a 25¢ stamp where indicated.
3. Drop your completed application into a mail box.

Within two weeks, you will receive your Absentee Ballot.

YOUR POLLING PLACE

The location of your polling place is shown on the label on the back cover of the Voter Information Pamphlet which was sent to you.

Of the 7,000+ telephone calls received by the Registrar of Voters on Election Day, almost all of them are from voters asking where they should go to vote.

Remember on Election Day, take the back cover of your Voter Information Pamphlet with you. The address of your polling place is on the top part of the mailing label on the back cover of the Voter Information Pamphlet which was sent to you. You may also wish to write down the address of your polling place in the space provided on the Voter’s Quick Reference Card.

THIS FORM WAS PROVIDED BY THE SAN FRANCISCO REGISTRAR OF VOTERS
San Francisco Voter Information Pamphlet & Sample Ballot

November 6, 1990
Polls are open from 7 a.m. to 8 p.m.

PLEASE SEE THE LABEL ON THE BACK COVER FOR THE LOCATION OF YOUR POLLING PLACE

Prepared by the Office of the Registrar of Voters
Germaine Q Wong, Registrar of Voters
POLL WORKERS NEEDED
Earn $49 to $58 (Plus Bonuses)
Meet Your Neighbors
Serve Your Community

Throughout California and the entire United States, the shortage of poll workers each election is getting worse. San Francisco is no exception. The Registrar of Voters Office challenges you to become more active in the election process. You are highly encouraged to Work on Election Day - November 6, 1990 as a Poll Worker.

People who have flexible schedules and are able to work on election day (Tuesday after the first Monday every November and every other June) for the foreseeable future are especially encouraged to apply.

Poll Workers with more responsibility, including the review and delivery of precinct supplies, earn $58 plus bonuses. Those poll workers with slightly less responsibilities are paid $49 plus bonuses. The day begins at 6:30 a.m. and ends at approximately 9-10:30 p.m. When friends work together, the day passes very quickly. It is a terrific opportunity to re-meet your neighbors while performing an important civic activity.

Applications are now being accepted in City Hall between 8:30 a.m. and 4:30 p.m., Mondays through Fridays. Come in early to get the precinct of your choice.

-----------------------------------------------
REGISTRAR OF VOTERS - POLL WORKER APPLICATION

HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE:
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Nota: Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

STEP 1
USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.
Usando las dos manos, meta la tarjeta de votar completamente dentro del "Votomatic."

B 第一步
请双手持票向自动机将整张选票插入。

STEP 2
BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.
Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabecitas rojas.

C 第二步
请确认选票插入时，票尾之二孔，应合於二红点之上。

STEP 3
HOLD PUNCH VERTICAL (STRAIGHT UP). PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.
Para votar, sostenga el instrumento de votar y perforé con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

D 第三步
请把带针之选票针，由小孔内垂直插入打孔投票。

STEP 4
AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.
Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

E 第四步
投票選挙之后，把选票取出，放入空封袋内，票尾凸出在外。
在封袋上，有空白格预备供投票人应用。
WORDS YOU NEED TO KNOW
by Ballot Simplification Committee

ABSENTEE BALLOTS (RIGHTS OF VOTERS) — If you do not wish to go to your polling place to vote, you may vote by mail or by going to the Registrar’s Office in City Hall in person. This is called absentee voting.

BONDS (PROPOSITION A, B) — If the City needs money to pay for something such as a library, sewer line, or school, it may borrow the money by selling bonds. The City then pays back this money plus interest.

CHARTER (PROPOSITION C, D, E, F, G) — The Charter is the City’s constitution.

CHARTER AMENDMENT (PROPOSITION C, D, E, F, G) — A Charter amendment changes the Charter, and requires a vote of the people. It cannot be changed again without another vote of the people.

DECLARATION OF POLICY (PROPOSITION J) — A type of advisory measure provided for in the San Francisco Charter. A declaration of policy does not have the force of law, but is intended to be a goal to guide the Board of Supervisors.

GENERAL OBLIGATION BONDS (PROPOSITION A, B) — The money to pay back these bonds comes from property taxes. A two-thirds majority of the voters must approve the decision to sell general obligation bonds.

INITIATIVE (PROPOSITION E, H) — This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Propositions passed by initiative can be changed only by another vote of the people.

ORDINANCE (PROPOSITION H, I, J, K) — A law of the City and County, which is passed by the Board of Supervisors or approved by the voters. For such a law to be passed by the Board of Supervisors, a majority, (or in some cases, three-fourths) of the Supervisors must vote to approve the law at two consecutive meetings. A majority of the voters must vote to approve the law at an election.

QUALIFIED WRITE-IN CANDIDATE (RIGHTS OF VOTERS) — A person who has turned in the required papers and signatures with the Registrar of Voters to run for an office as a write-in candidate. The name of this person will not be on the ballot. Voters who want to vote for this person can do so by writing the name of the person on the inside of the grey envelope given with the ballot.

REVENUE BONDS (PROPOSITION C) — The money to pay back these bonds comes from revenue such as fees collected by the department which issues the bonds. These bonds are not paid for with tax money.

PURPOSE OF THE VOTER INFORMATION PAMPHLET
This Voter Information Pamphlet provides voters with information about the November 6, 1990 General Election. The Pamphlet includes:

1. a Sample Ballot (i.e., a copy of the ballot you see at your polling place or the one you receive when you vote) Page 6-23
2. the location of your polling place (see label on the back cover)
3. applications for an absentee ballot and permanent absentee voter status back cover
4. a rights of voters summary 25
5. information for disabled voters 24
6. statements from the candidates who are running for office 28-53
7. information about each proposition, including a summary, the Controller’s Statement, arguments for and against the proposition, and the legal text 55-160
8. definitions of words you need to know 5
9. a Voter Quick Reference Card to mark your choices and use when you vote Inside back cover

CITIZENS ADVISORY COMMITTEE ON ELECTIONS

Mayoral appointees: Ernest Llorente, Chair; David Binder, Richard Sevilla, Molly Wood, and Hoyt Zia

Board of Supervisors appointees: Roger Cardenas, Martha Gillham, Brian Mavrogeorge, George Mix, Jr., Samson Wong, and Richmond Young

Members represent political organizations, political parties, labor organizations, neighborhood organizations, business organizations and other citizens groups interested in the political process.

The Committee studies and makes advisory recommendations to the officers of the City and County on all matters relating to voter registration, elections and the administration of the office of the Registrar of Voters; investigates compliance with the requirements of Federal, State and local election and campaign reporting, disclosure laws and other statutes relating to the conduct of elections in San Francisco; promotes citizen participation in the electoral process; studies and reports on all election matters referred to it by various officers of the City and County.

### CITY & COUNTY OF SAN FRANCISCO, CONSOLIDATED GENERAL ELECTION, NOVEMBER 6, 1990

MEASURES SUBMITTED TO VOTE OF VOTERS — STATE PROPOSITIONS

<table>
<thead>
<tr>
<th>Proposition</th>
<th>Description</th>
<th>Vote</th>
<th>Vote</th>
</tr>
</thead>
<tbody>
<tr>
<td>124</td>
<td>Local Hospital Districts, Legislative Constitutional Amendment. Authorizes legislature to allow hospital districts to become stockholders in health care related corporations. Fiscal impact: This measure has no direct fiscal effect.</td>
<td>YES 157</td>
<td>NO 158</td>
</tr>
<tr>
<td>125</td>
<td>Rail Transit Funding, Legislative Constitutional Amendment. Authorizes expenditure of motor vehicle fuel tax funds for rail transit vehicles, equipment acquisition. Fiscal impact: An unknown amount of revenues raised from state-imposed taxes on motor vehicle fuels and fees upon the operation and use of vehicles may be shifted from existing uses for the purchase of rail transit vehicles and related equipment that operate on mass transit guideways, as a result of this measure. The extent of the shift depends upon the number of counties or geographic areas that approve and use these revenues for the specified purposes.</td>
<td>YES 160</td>
<td>NO 161</td>
</tr>
<tr>
<td>126</td>
<td>Alcoholic Beverage Tax, Legislative Constitutional Amendment. Increases alcoholic beverages taxes; proceeds to General Fund; excluded from appropriations limit. Controls conflicting measures. Fiscal impact: This measure would result in additional General Fund revenues of approximately $70 million for a portion of 1990-91 and approximately $195 million in fiscal year 1991-92, the first full year it is in effect. Similarly, local sales tax revenues would increase statewide by approximately $1.6 million annually. Revenues generated after fiscal year 1991-92 will depend upon the trends in alcohol sales. Adjustments are also made to the state’s constitutional spending limit to include the additional tax revenue.</td>
<td>YES 164</td>
<td>NO 165</td>
</tr>
<tr>
<td>127</td>
<td>Earthquake Safety, Property Tax Exclusion, Legislative Constitutional Amendment. Excludes earthquake safety improvements to existing buildings from property tax assessment. Fiscal impact: If Legislature fully implements measure, it would reduce annual property tax collections from assessment of earthquake safety modifications beginning 1990-91. Revenue loss could be millions of dollars annually. Cities, counties, and special districts would bear approximately two-thirds of the loss; school and community college districts one-third. State may have to replace lost school district revenues, depending on formula used to determine K-14 education funding guarantee under existing state Constitution requirements.</td>
<td>YES 169</td>
<td>NO 170</td>
</tr>
<tr>
<td>128</td>
<td>Environment, Public Health, Bonds, Initiative Statute. Regulates pesticides, air, water. Authorizes bonds to acquire ancient redwoods. Establishes elected Environmental Advocate. Fiscal impact: Annual state administrative and program costs of approximately $90 million, decreasing in future years; partially offset by $10 million increased annual fee revenue. Local governments would incur $8 million one-time cost, $5 million to $10 million annually, decreasing in future years. State General Fund to incur one-time $750,000 appropriation in 1992-93 for Office of Environmental Advocate; $40 million for environmental research grants. Future administrative costs of office unknown. If all bonds authorized for ancient redwood acquisition, forestry projects were sold at 7.5 percent interest and paid off over the typical 20-year period, General Fund would incur approximately $535 million in costs to pay off principal ($300 million) and interest ($235 million). Estimated average annual costs of bond principal and interest would be $22 million. Per-barrel fee on oil would increase revenues by $500 million by 1996-97, used to pay oil spill prevention/clean-up costs. Indefinite deferral of potentially $2 billion in future state oil and gas revenues resulting from limits on oil and gas leases in marine waters. Indirect fiscal impact could increase or decrease state and local government program costs and revenues from general and special taxes in an unknown amount. The overall impact is unknown.</td>
<td>YES 174</td>
<td>NO 175</td>

段落 144

段落 145

段落 146

段落 147

段落 148
DRUG ENFORCEMENT. BONDS. INITIATIVE CONSTITUTIONAL AMENDMENT, STATUTE. Authorizes bonds, money for drug enforcement. Clarifies privacy rights affecting reproductive choice. Fiscal impact: No additional revenues result from this measure. Total General Fund costs of $1.2 billion for transfers to the Anti-Drug Superfund between 1990-91 through 1993-94. From 1994-95 through 1997-98 it is not clear whether any funds would be transferred from the General Fund to the Superfund. If all bonds proposed by this measure are sold at an interest rate of 7.5 percent, cost would be approximately $1.3 billion to pay off principal ($740 million) and interest ($585 million), with average annual payment being approximately $55 million. Additional annual costs of tens of millions of dollars for state and local governments could arise for operation of new correctional facilities. Additional costs resulting from increased criminal arrests and convictions could be offset by increased funding for drug education and prevention.

FOREST ACQUISITION. TIMBER HARVESTING. BONDS. INITIATIVE STATUTE. Authorizes bonds to acquire ancient forests providing wildlife habitat. Limits logging. Retains loggers. Fiscal impact: Estimated cost to state General Fund of $742 million in bond principal, $585 interest, for bond program. Estimated average annual bond principal and interest costs of approximately $55 million. State administrative costs of up to $10 million annually for state forestry review and enforcement programs, fully offset by revenues from timber harvesting fees. State savings of about $6.4 million annually, also resulting from imposition of such fees. Unknown effect on state and local tax revenues, possible decreased revenue to local governments to extent lands acquired under measure would no longer be assessed property taxes.

TERM LIMITS. ETHICS. INITIATIVE CONSTITUTIONAL AMENDMENT, STATUTE. Limits terms, elected officials; enacts ethics standards, partial public campaign financing, spending limits. Fiscal impact: Unknown level of state revenues, possibly $12 million in 1990-91 and uncertain amounts thereafter, to be generated from state income tax check-off provisions for campaign financing; corresponding unknown revenue loss to state General Fund. Annual General Fund contributions of $5 million for campaign matching payments beginning January 1, 1992, amounts to increase in subsequent years. Unknown amount of state matching payments likely to be requested under measure for campaign financing by candidates for state office. State General Fund administrative costs of approximately $1.5 million in 1990-91, $3 million annually for subsequent years.

MARINE RESOURCES. INITIATIVE CONSTITUTIONAL AMENDMENT. By 1994 prohibits Gill, trammel nets in Southern California coastal waters. Imposes temporary fishing fees. Fiscal impact: Permit fees and marine protection stamp would provide approximately $5 million to Marine Resources Protection Account by 1995. Compensation for fishermen who surrender Gill and trammel nets between July 1, 1993 and January 1, 1994, could total up to $3.4 million, if necessary legislation enacted. Enforcement of measure could cost up to $1.5 million annually. Loss of $100,000 annually from reduced fishing license, permit, and tax revenues may result; losses offset in unknown amount by measure’s increased fines.
CUMPLIMIENTO DE LA LEY SOBRE DROGAS. BONOS. ENMIENDA CONSTITUCIONAL DE INICIATIVA Y ESTATUTO DE INICIATIVA. Autoriza bonos, dinero para aplicación y cumplimiento de la ley sobre drogas. Derechos de prevención que efectúan la acción de reproducir, impacto fiscal: Ningún rédito extraño resulta de esta medida. Costos totales de $1.2 millones al Fondo General por transacciones al Super Fondo Contra Drogas desde 1990-91 hasta 1993-94. De 1984-85 hasta 1997 no esté claro si algunos fondos serían transferidos del Fondo General al Super Fondo. Si todos los bonos propuestos por esta medida se vendieran a una tasa de interés del 7.5 por ciento, el costo sería de $1.3 millones para pagar el capital ($740 millones) y el interés ($550 millones), con costos promedio anual de aproximadamente $550 millones. Adicionales costos anuales de decenas de millones de dólares podrían resultar para los gobiernos estatales y locales por la operación de implementación de la estatuto de la enmienda. Los costos adicionales que resultan de mayores arrebatos y sentencias de culpabilidad podrían ser contrarrestados por aumentos en los fondos para la educación sobre drogas y su prevención.

ADQUISICIÓN DE BOSQUES. PRÁCTICAS EN CORTE DE ÁRBOLES PARA MADERA. BONOS. ESTATUTO DE INICIATIVA. Autoriza bonos para adquirir nuevas tierras que proporcione ámbito para vida silvestre. Limita el corte de árboles para madera. Reestructura al madereros. Impacto fiscal: Cuesta al Fondo General del estado calculado en $742 millones por capital de bonos, $855 en interés, en el programa de bonos. Se calcula un costo anual promedio de capital e interés en los bonos de aproximadamente $550 millones. Costos administrativos para el estado de $10 millones anuales por revisión y aplicación y cumplimiento de programas forestales del estado, totalmente compensando con los cobros por el corte de árboles para madera. Ahorros estatales en unos $6.4 millones al año también resultarían de la impresión de tareas de cortes. Se desconoce el efecto en los ingresos de los impuestos estatales y locales. Puede disminución en réditos de los gobiernos locales hasta el punto que las tierras adquiridas bajo la medida ya no serían valoradas para el impuesto a la propiedad.

LÍMITES DE LOS PERIODOS EN UN CARGO. ÉTICA. ENMIENDA CONSTITUCIONAL DE INICIATIVA, ESTATUTO DE INICIATIVA. Limita los períodos para funcionarios electos; promulga normas de ética, parcial financiamiento de campañas públicas, limitación en los gastos. Impacto fiscal: Se desconoce el nivel de déficit estatal, posiblemente $12 millones en 1990-91 y inciertas cantidades de ello en adelante, a ser generados por los dispositivos de designar las fondo para el financiamiento de campañas en los años siguientes. Se desconoce la cantidad de pérdidas de déficit del Fondo General del estado. Contribuciones anuales del Fondo General por $5 millones para pago de fondos de igualdad para campañas comenzando el 1 de enero de 1992, cantidades que aumentarán en años subsecuentes. Se desconoce la cantidad de gastos estatales de igualdad de fondos para ser posiblemente solicitadas bajo la medida para financiar campañas para candidatos a cargos estatales; Costos administrativos al Fondo General del estado por aproximadamente $1.5 millones en 1990-91, $3 millones anuales en años subsecuentes.

RECURSOS MARINOS. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Para 1994 prohibe las redes de lamintilla y trasmillos en las aguas de la costa de California del Sur. Impone temporales cobros a la pesca. Impacto fiscal: Cobros por $5 millones para la Cuenta para Protección de los Recursos Marinos para 1995. La canjeación para los peces que entreguen sus trasmillos y redes de lamintilla entre el 1 de julio de 1993 y el 1 de enero de 1994, podría sumar un total de $3.4 millones, si la necesaria legislación fuesa aprobada. Hacer cumplir la medida podría costar hasta $1.5 millones al año. Una pérdida de $100,000 millones anuales por reducción licencias de pesca, permisos y réditos de impuestos podría resultar; las pérdidas serían contrarrestadas en una cantidad que se desconoce con el aumento de multas impuestas por la medida.
ANTI-DRUG PROGRAMS: TAXES. INITIATIVE STATUTE. Funds anti-drug enforcement and prevention with 1/2¢ sales tax increase. Prohibits serious offenders' early release. Fiscal impact: The Safe Streets Fund will receive a total of $7.5 billion in sales tax revenue for distribution during the period of the rate increase. Interest earnings received by the General Fund for the period will be $80 million, with education programs receiving up to $33 million. Minor General Fund costs beginning in 1997-98 increasing to more than $30 million annually, by 2012-13 as a result of increased prison population due to elimination of sentence credits for specified offenders; potential one-time costs of more than $140 million for construction of new prison facilities. Increased law enforcement funding could result in additional criminal arrests and convictions, increasing state and local costs, which may be reduced by the increased funding of drug education and prevention programs.

ALCOHOL SURTAX. CONSTITUTIONAL AMENDMENT. INITIATIVE STATUTE. Imposes 5¢ per unit alcohol surtax funding alcohol/drug abuse, emergency medical care, other programs. Fiscal impact: Surtax would increase tax on beer from 4 cents to 57 cents per gallon, most wines from 1 cent to $1.29 per gallon, and distilled spirits from $2 to $8.40 per gallon. The surtax would result in additional state revenues of approximately $360 million in 1990-91 and $760 million in 1991-92, depending on alcohol sales. State General Fund revenues could increase or decrease several million dollars due to effect on sales tax revenues and revenues from existing alcoholic beverage taxes. Local sales tax revenue would increase by several million dollars. The guarantee for 1989-90 level nonsurtax funding, with required annual adjustments, for various health, mental health, criminal justice and other programs could increase costs by $180 million in 1990-91 and $300 million in 1991-92; possibly additional tens of millions of dollars in subsequent years. These costs would have to be funded from revenues other than surtax. Expenditure of surtax revenues for prevention and treatment programs could result in future savings.

PESTICIDE REGULATION. INITIATIVE STATUTE. Expands pesticide monitoring program for produce, processed foods. Eliminates some industry fees. Modifies penalties, regulations, training. Fiscal impact: One-time state General Fund cost of approximately $49 million, annual costs of approximately $6 million, for pesticide and food monitoring and research programs. Estimated annual state revenue loss of approximately $1.5 million due to repeal of industry fees. Additional state administrative and regulatory costs ranging from $200,000 to, possibly, several million dollars annually.

STATE, LOCAL TAXATION. INITIATIVE CONSTITUTIONAL AMENDMENT. Increases vote necessary for tax increases. Invalidates special tax ballot measures without 2/3 vote. Fiscal impact: Restricts rate of certain special taxes, could limit future ability of state to raise revenues through such taxes. Could limit future passage of initiative statutes proposing approval of special state taxes. Prohibits imposition of new, higher general taxes by charter cities without voter approval, thus potentially preventing such cities from increasing revenues. Unknown fiscal effect on other local governments. Could facilitate local government's enactment of new or higher taxes for disaster relief.

INITIATIVE AND REFERENDUM. INITIATIVE CONSTITUTIONAL AMENDMENT. Before effective, laws affecting state or local initiative or referendum process require voter approval. Fiscal impact: The measure could result in unknown increased state and local administrative costs for preparation, printing and mailing of ballot information and verifying election results to extent that changes in requirements for initiatives and referendums are submitted to voters. State General Fund costs could range from insignificant to $200,000 per measure for each statewide election. Counties' costs could range from insignificant to $100,000 per measure for each statewide election.
PROGRAMAS CONTRA LAS DROGAS: IMPUESTOS. ESTATUTO DE INICIATIVA. Da fondos para aplicación de leyes contra las drogas y la prevención con un aumento de 12% en el impuesto a la venta. Prohibe que los delincuentes graves sean puestos en libertad sin condicional. Impacto fiscal: El Fondo para Cátedras y Becas recibiría un total de 7,5 mil millones en réditos del impuesto a la venta para ser distribuidos durante el periodo del aumento en la tasa. Los gastos por intereses que recibiría el Fondo General durante el periodo serían 350 millones, y los programas de educación recibirían hasta 400 millones. Menores costos el Fondo General comenzando en 1997-98 y aumentando a más de 300 millones al año, para 1992-13 como resultado de aumento en la población de las prórroga debido a la eliminación de rebajas en las escrituras para especialidades delincuentes; potenciales costos de una vez más de 140 mil por construcción de nuevas instalaciones de prisión. El aumento se mantendrá en los fondos para la aplicación de leyes de drogas podría resultar en aduanas aduanas y existencias de drogas, aumentando así los costos estatales y locales, que podrían ser reducidos con los aumentos en los fondos para programas de educación sobre drogas o reducción de la demanda de drogas.

SOBRETASA AL ALCOHOL. EMENIDA CONSTITUCIONAL. ESTATUTO DE INICIATIVA. Impone sobretasa a 5 centavos por onza de alcohol para fondos para el gasto de drogas y alcohol, atención médica de emergencia y otros programas. Impacto fiscal: La sobretasa aumentará el impuesto a la venta de 4 centavos a 5 centavos por galón; la importación de las ventas de 1 centavo a 1 centavo por galón, y los licores destilados de 2 a 3 centavos por galón. La sobretasa resultaría en aduanas aduanas y existencias de drogas en aproximadamente $300 millones en 1980-91 y $700 millones en 1991-92, dependiendo del estado de los mercados de la droga. Los licores del Fondo General aumentarían a distribuir en varios millones de dólares debido al efecto en los réditos del impuesto a la venta y en los réditos del impuesto sobre los bebidas alcohólicas. Los réditos de los impuestos locales a la venta aumentarían en varios millones de dólares. La garantía de fondos del nivel de no sobretasa de 1980-89, con requerimientos anuales, para varios programas de salud, calidad de vida, justicia penal y demás podrían aumentar los costos en $100 millones en 1980-91 y en $300 millones en 1991-92; y posiblemente en docenas de millones de dólares adicionales en subsecuentes años. Estos costos tendrían que ser financiados con réditos que se obtendrían del gasto de la sobretasa. El costo de los réditos de las subvenciones para programas de prevención y tratamiento podrían resultar en futuros ahorros.

REGULACIÓN DE PESTICIDAS. ESTATUTO DE INICIATIVA. Expande el programa de control de pesticidas para productos agrícolas y alimentos procesados. Elimina algunos cabos de la industria. Modifica las multas, regulaciones y entrenamiento. Impacto fiscal: Costos de una vez al Fondo General del estado en aproximadamente $45 millones, costos anuales en aproximadamente $65 millones, para programas de control de pesticidas y alimentos y de investigación. Se calcula una pérdida anual de réditos estatales en aproximadamente $1,5 millones debido a la devolución de costos a los productores. Adicionales costos estatales por administración y regulación que fluctúan entre $200,000,000 a $300,000,000, miles de millones de dólares anuales.

FUSION DE IMPUESTOS ESTATALES, LOCALES. EMENIDA CONSTITUCIONAL DE INICIATIVA. Aumenta la votación necesaria para aumentar los impuestos. Invoca los métodos en la balanza para impuestos estatales con una rotación de dos terceras partes. Impacto fiscal: Reduciría la tasa de ciertos impuestos estatales, podría limitar la habilidad futura del estado de postar aumentar los réditos a través de tales impuestos. Podría limitar la futura aplicación de estatutos de iniciativa que produzcan la apropiación de impuestos estatales esenciales. Podría dificultar la imposición de nuevos o más altos impuestos por las oficinas estatales en aplicaciones esenciales para la utilización de los impuestos, potencialmente impidiendo así que tales impuestos fueran utilizados como fondos. Se desconoce el impacto fiscal en otros gobiernos locales. Podría facilitar la promulgación por los gobiernos locales de nuevo o más altos impuestos para alivio en desventajas.

INICIATIVA Y REFERENDUM. EMENIDA CONSTITUCIONAL DE INICIATIVA. Antes de entrar en vigor, las leyes que efectúen el proceso de iniciativa y referéndum estatal o local requieran la aprobación de las medianas. Impacto fiscal: La medición permitiría resultar en discusiones y cuestiones de costos estatales y locales por revisión, impresión y envío por correo de la información en la balanza y verificación de los resultados de elecciones hasta el punto en que cambián en las reglas para iniciativas y referéndums se anexen a los volúmenes. Costos al Fondo General del estado podrían fluctuar de insignificantes a $200,000 por medida para cada elección a nivel estatal. Costos para los condados podrían fluctuar de insignificantes a $100,000 por medida en cada elección a nivel estatal.

<tr>
<td>138</td>
<td>Forestry Programs, Timber Harvesting, Bonds. Initiative Statute. Authorizes bonds for forest, park restoration, wildlife studies, other programs. Limits timber cutting.</td>
<td>Estimated cost to state General Fund of $300 million in bond principal, $235 million in interest for bond program. Estimated average annual bond principal and interest costs of approximately $22 million. Annual costs of approximately $3.2 million, funded through sales of state-owned timber, to administer grants program. Initial, increased annual state costs of over $1 million to review timber management plans, which could over time be more than offset by savings resulting from reduced periodic state regulatory reviews. One-time state costs of about $1.1 million for climatological studies, fully offset by revenues from new regulatory fees. Unknown effect on revenues from other state taxes.</td>
<td>Yes 236</td>
</tr>
<tr>
<td>139</td>
<td>Prison Inmate Labor. Initiative Constitutional Amendment and Statute. Permits contracting inmate labor; wages subject to deductions; employer tax credits. Fiscal impact: This measure would likely result in net savings to the state. The magnitude of savings is impossible to quantify. The measure's impact on local governments is impossible to estimate because the contents of local ordinances implementing contracts for use of jail labor are unknown. Unknown indirect fiscal effects may occur to the extent this measure affects the number of jobs available in the private sector.</td>
<td></td>
<td>No 237</td>
</tr>
<tr>
<td>140</td>
<td>Terms of Office. Legislature. Initiative Constitutional Amendment. Limits terms for specified state elected officials, legislators' retirement, pensions, Legislature's operating costs. Fiscal impact: Limitation on terms will have no fiscal effect. Restrictions on legislative retirement benefits would reduce state costs by approximately $750,000 a year. To extent future legislators do not participate in federal Social Security system, there would be unknown future savings to the state. Legislative expenditures in 1991-92 would be reduced by about 38 percent, or $70 million. In subsequent years, measure would limit growth in these expenditures to changes in the state's appropriations limit.</td>
<td>Yes 244</td>
<td></td>
</tr>
<tr>
<td>141</td>
<td>Toxic Chemical Discharge. Public Agencies. Legislative Statute. Extends to specified public agencies Proposition 65 toxic discharge and release prohibitions, warnings. Fiscal impact: Unknown costs potentially exceeding $1 million beginning 1991 for notification requirements. Unknown costs, beginning in 1992, potentially in the tens of millions of dollars, depending on extent existing waste discharge controls are not sufficient to comply with discharge prohibitions of Proposition 65.</td>
<td></td>
<td>No 245</td>
</tr>
<tr>

<td>Yes 252</td>
</tr>
<tr>
<td>143</td>
<td>Higher Education Facilities Bond Act of November 1990. This act provides for a bond issue of four hundred fifty million dollars ($450,000,000) to provide funds for the construction or improvement of facilities of California's public higher education institutions, which include the University of California's nine campuses, the California State University's 20 campuses, the 71 districts of the California Community Colleges containing 107 campuses, the Hastings College of the Law, the California Maritime Academy, and off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990. The use of funds authorized under this act includes, but is not necessarily limited to, the construction or improvement of classrooms, laboratories, and libraries, and the implementation of earthquake and other health or safety improvements.</td>
<td></td>
<td>Yes 255</td>
</tr>
</tbody>
</table>

*
CIUDAD Y CONDADO DE SAN FRANCISCO, ELECCIONES GENERALES CONSOLIDADAS, 6 DE NOVIEMBRE DE 1990

PROGRAMAS DE FORESTACIÓN. CORTE DE ÁRBOLES PARA MADERA. BONOS. ESTATUTO DE INICIATIVA. Autoriza bonos para bosques, reforestació n de parques, estudios de la vida silvestre, y otras programas. Limita el corte de árboles para madera. Impacto fiscal: Se calcularán costos al Fondo General del estado en $300 millones por capital de los bonos, $285 millones en interés por el programa de bonos. El costo anualプリメード por capital a interés en los bonos se calculará en aproximadamente $82 millones. Costos anuales en aproximadamente $3,2 millones, financiados a través de la venta de materia de propiedad del estado, para administrar el programa de concesiones. Aumentos en costos iniciales anuales por $300 millones por capital en el corto o medio plazo, los cuales podrían con el tiempo ser más que compensables con los ahorros que resulten de la reducción en las gastos relacionados con la madera. Costos en estudio de $1,1 millones. Costos iniciales para el manejo forestal y manejo de los bosques.

TRABAJO DE LOS REDES EN PRISION. ENMIENDA CONSULTIVA DEL ESTADO DE INICIATIVA. TRABAJO DE LOS REDES EN PRISION. ENMIENDA CONSULTIVA DEL ESTADO DE INICIATIVA. PERMITE contratar a prisioneros para trabajar; salarios sujeto a negociación. Aumento en el costo de contratar a prisioneros para trabajar; salarios sujeto a negociación. Impacto fiscal: Se medirá probablemente resultar en ahorros netos al estado. Se imposibilitaría la cuantificación de la magnitud de los ahorros. El impacto de la fecha en los hogares locales es imposible de calcular debido a que se desconoce la cantidad de las redes de la madera que ejecutan contratos para el uso de trabajo de prisioneros. Desconocidos efectos fiscales indirectos podrán ocurrir hasta el punto en que esta medida afecte el número de trabajos disponibles en el sector privado.

DURACIÓN EN CARGO. LEGISLATURAS. ENMIENDA CONSULTIVA DE ESTADO DE LEGISLATURA. LIMITA la duración de los cargos para funcionarios estatales electos, jubilación de los legisladores, pensiones, costos de operación de la Legislatura. Impacto fiscal: La limitación de la duración en cargos no tendrá efecto fiscal. Las restricciones en los beneficios de jubilación de los legisladores reducirán los costos estatales en aproximadamente $750,000 al año. Hasta el punto en que los futuros legisladores no participen en el sistema federal de Seguro Social, habrán desconocidos futuros ahorros para el estado. Los gastos legisladores en 1983-84 serían reducidos en un 38 por ciento, que estaría en $750,000. En años subsiguientes, la medida limitaría el crecimiento en estos gastos a lo largo de la limitación en las asignaciones estatales.

DESCARGA DE SUSTANCIAS QUÍMICAS TOXICAS. AGENCIA DE DESARROLLO CUIDADO DE ESTADO DE LEGISLATIVO. Amplía para las agencias públicas específicas las prohibiciones y advertencias con respecto a la descarga y emisión de sustancias tóxicas que hablan amenazas a la salubridad. Costos con una propuesta potencialmente mayores que $1 millón a partir de 1991 debido a las reclamaciones de notificación. Costos desconocidos, a partir de 1982, potencialmente en la gama de los decenas de millones de dólares, ya que el costo de la descarga de sustancias tóxicas existentes no son suficientes como para cumplir con las prohibiciones de la descarga enumeradas en la propuesta 65.

ACTA DE BONOS DE 1990 PARA LOS VETERANOS DE GUERRA. ESTE acta proporciona una emisión de bonos en un valor de sostenimientos millonarios ($400,000,000) para brindar asistencia a los hogares y granjas de veteranos de California.

ACTA DE BONOS DE NOVIEMBRE DE 1990 PARA LAS INSTALACIONES DE EDUCACIÓN SUPERIOR. Este acta proporciona una emisión de bonos en un valor de cuatrocientos millones de dólares ($400,000,000) para brindar fondos para la construcción o mejora de las instalaciones de las instituciones de educación superior de California, incluyendo los nuevos campus universitarios de la Universidad de California, los 20 campus de la Universidad del Estado de California, los 71 distritos de los Colegios Comunitarios de California que contienen 107 campus universitarios, la Escuela Hastings de Derecho, la Academia Maritima de California, y las instalaciones fuera del campus universitario de la Universidad del Estado de California aprobado por los Síndicos de la Universidad del Estado de California antes del 1 de julio de 1990 o esa misma día. El uso de los fondos autorizados bajo este acta incluye, pero no está necesariamente limitado a, la construcción o mejora de aulas, laboratorios y bibliotecas, y la implementación de mejoras en el caso de terremotos y otras amenazas de salud o seguridad.

ACTA DE BONOS DE NOVIEMBRE DE 1990 PARA LAS INSTALACIONES DE EDUCACIÓN SUPERIOR. Este acta proporciona una emisión de bonos en un valor de cuatrocientos millones de dólares ($400,000,000) para brindar fondos para la construcción o mejora de las instalaciones de las instituciones de educación superior de California, incluyendo los nuevos campus universitarios de la Universidad de California, los 20 campus de la Universidad del Estado de California, los 71 distritos de los Colegios Comunitarios de California que contienen 107 campus universitarios, la Escuela Hastings de Derecho, la Academia Maritima de California, y las instalaciones fuera del campus universitario de la Universidad del Estado de California aprobado por los Síndicos de la Universidad del Estado de California antes del 1 de julio de 1990 o esa misma día. El uso de los fondos autorizados bajo este acta incluye, pero no está necesariamente limitado a, la construcción o mejora de aulas, laboratorios y bibliotecas, y la implementación de mejoras en el caso de terremotos y otras amenazas de salud o seguridad.

ACCESS FOR THE DISABLED VOTER
by Ballot Simplification Committee

BEFORE ELECTION DAY:

ABSENTEE VOTING — All voters may request that absentee ballots be mailed to them, or they may vote in person at City Hall from October 9 through November 6, during normal working hours (see “Your Rights as a Voter” section of this pamphlet). In addition, voters with specified disabilities listed on the application below may apply to become Permanent Absentee Voters. Ballots for all future elections will automatically be mailed to Permanent Absentee Voters.

TAPE RECORDINGS — The San Francisco Public Library’s Branch for the Blind at 3150 Sacramento Street produces and distributes tape recorded copies of the State and Local Voter Information Pamphlet for use by visually-impaired voters.

T.D.D. (TELECOMMUNICATIONS DEVICE FOR THE DEAF) — Hearing-impaired or speech-impaired voters who have a TDD may communicate with the San Francisco Registrar of Voter’s office by calling 554-4386.

ON ELECTION DAY:

ASSISTANCE — Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them, or poll workers can be asked to provide needed assistance.

CURBSIDE VOTING — If architectural barriers prevent an elderly or disabled voter from entering the polling place, poll workers will bring the necessary voting materials to the sidewalk in front of the polling place to allow the voter to vote.

PARKING — If your polling place is in a residential garage, elderly and handicapped voters may park in the driveway while voting, provided this will not block traffic.

READING TOOLS — Every polling place has large-print instructions on how to vote and magnifying sheets to enlarge the type on the ballot.

SEATED VOTING — Every polling place has at least one voting booth which allows for seated voting.

VOTING TOOLS — Every precinct has an easy-grip tool and pen to be used in punching the ballot and an easy-grip pen to be used for signing in.

PERMANENT ABSENTEE VOTER QUALIFICATIONS

The physically disabled may apply to be permanent absentee voters. Once you are on our permanent absentee mailing list, you will automatically receive an absentee ballot every election until you move or re-register.

To become a permanent absentee voter, complete the form on the back cover and return it to the Registrar of Voters, Room 158, City Hall, San Francisco, 94102. Each time you move or re-register to vote, you must apply again to be a Permanent Absentee Voter. In all other cases you do not need to re-apply.

To qualify as a “Permanent Absentee Voter” you must have one or more of the following conditions:

— Lost use of one or more limbs
— Lost use of both hands.
— Unable to move about without the aid of an assistance device (e.g. cane, crutches, walker, wheelchair).
— Suffering from lung disease, blindness or cardiovascular disease.
— Significant limitation in the use of the lower extremities.
— Suffering from a diagnosed disease or disorder which substantially impairs or interferes with mobility.
YOUR RIGHTS AS A VOTER
by Ballot Simplification Committee

Q — Who can vote?
A — U.S. citizens over 18 years old who are registered to vote in San Francisco before October 10, 1990.

Q — I moved before October 9; can I vote in this election?
A — Only if you re-registered at your new address. You must re-register each time you change your address.

Q — I moved after October 9; can I vote in this election?
A — If you moved within the City between October 9 and November 6, you may go to your old precinct to vote.

Q — What offices can I vote for at this election?
A — You may vote for:
Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Insurance Commissioner, Member of State Board of Equalization (District 2), Member of the State Assembly, State Senator if you live in District 8, United States Representative, Supreme Court Justice, Appeals Court Justice, Municipal Court Judge, Assessor, Supervisor, Member of the Community College Board, and Member of the School Board.

Q — Where do I go to vote?
A — Go to your polling place. The address is on your mailing label on the back cover of this book.

Q — When do I vote?
A — Election Day is Tuesday, November 6, 1990. Your polling place will be open from 7 a.m. to 8 p.m. that day.

Q — What do I do if my polling place is not open?
A — Check the label on the back of this book to make sure you have gone to the right place. Polling places often change. If you are at the right place, call the Registrar’s Office at 554-4375 to let them know the polling place is not open.

Q — If I don’t know what to do when I get to my polling place, is there someone there to help me?
A — Yes, the workers at the polling place will help you.

Q — Can I take my sample ballot or my own written list into the voting booth?
A — Yes. Deciding your votes before you go to the polls will help you.

Q — Can I vote for someone whose name is not on the ballot?
A — Yes, you can write in the name of the person. If you don’t know how to do this, ask one of the poll workers to help you. Only “qualified” write-in candidates will be counted.

Q — Can a worker at the polling place ask me to take any test?
A — No.

Q — Is there any way to vote beside going to my polling place on election day?
A — Yes, you can vote before November 6 by:
• going to the Office of the Registrar of Voters in City Hall from October 9, through November 6, 8 a.m. to 5 p.m., Monday through Friday; or
• mailing in a request for an absentee ballot. You may send in the application for an absentee ballot printed on the back cover of this book. The application must be received by the Registrar of Voters before October 30, 1990.

Q — If I don’t use an application form, can I get an absentee ballot some other way?
A — You can mail a postcard or a letter to the Registrar of Voters asking for an absentee ballot. This letter should include:
• your home address
• the address to which you want the ballot mailed
• your printed name and your signature.
Your request must be received by the Registrar of Voters no later than October 30, 1990.

The Ballot Simplification Committee prepares digests ("The Way It Is Now," "The Proposal," "A 'Yes' Vote Means," and "A 'No' Vote Means") of measures placed on the ballot each election, and with the assistance of the Registrar of Voters, prepares the table of contents, an index of candidates and measures, a brief explanation of the ballot pamphlet, definitions of terms in the pamphlet, a summary of basic voters' rights, and a statement as to the term, compensation and duties of each elective office.
Important Facts About Absentee Voting
Also Known as Vote-By-Mail

There continues to be considerable confusion about the rules and procedures governing absentee ballots. The results are that some voters do not vote and others send in ballots that are not counted because the proper procedures were not followed. Voters who wish to vote by absentee ballot should familiarize themselves with the following information:

APPLICATION FOR ABSENTEE BALLOT

Any voter may get an absentee ballot. You no longer need a reason (e.g. illness, travel) to get an absentee ballot. Any registered voter may request one.

Permanent Absentee Voters: The disabled may apply to become permanent absentee voters. A permanent absentee voter will automatically receive a ballot each election without having to apply each time. Whenever a permanent absentee voter moves or re-registers however, s/he must re-apply for permanent status. Frequent travellers are not eligible for permanent absentee voter status. They must apply for an absentee ballot each time. An application to be a permanent absentee voter is on the back cover of this pamphlet.

Third Party Delivery of Absentee Ballot Applications: Unless you know and trust the person delivering your application for an absentee ballot, you should deliver or mail it directly to the office of the Registrar of Voters. Political campaigns often ask voters to mail their applications to their campaign headquarters, and the campaigns then add the information you provide to their files and mailing lists. This may delay your application for as much as three weeks or even past the deadline for the application to arrive in our office. If you receive an absentee ballot application from a campaign, we recommend that you mail it directly to the San Francisco Registrar of Voters.

Applications: We strongly recommend that voters use the application provided on the back cover of the voter information pamphlet and include the mailing label with the bar code. This form with the bar code on the label allows us to process your request more rapidly.

If you do not have that application form, you may send us another application form or you may send a post card with your request for an absentee ballot. Please print your name, birthdate and residence address. The address where you want the ballot sent if it is different, your day and night time telephone numbers, your signature and the date you are making your request. You may “fax” your request to this office at (415) 554-4047.

RETURNING YOUR ABSENTEE BALLOT

To be counted your ballot must arrive in the Office of the Registrar of Voters or any polling place by 8 p.m. on Election Day. If your ballot arrives after that time, it will not be counted. A postmark on your absentee ballot return envelope before or on Election Day is not acceptable if the ballot arrives after 8 p.m. on Election Day.

Never make any identifying marks on your ballot card. Some absentee voters sign or initial their ballot card. NEVER make any identifying marks on your ballot. Your ballot is no longer considered secret, if there is such a mark, initial or signature, and thus cannot be counted. This is also true for the grey secrecy envelopes if you vote for a write-in candidate.

“Cleaning” your ballot card: After punching out the holes corresponding to your choices, you will notice that there are many little paper chips hanging from the back of the card. These hanging paper chips must be removed from the back of the card or they will fall back into their holes as if you never punched it, and thus those votes will not be counted.

You must sign your name on the Absentee Ballot Return Envelope. You must personally sign the envelope in the space provided. No one else, including anyone with a power of attorney, is permitted to sign for you. If your signature is not on the envelope, it will not be opened and the ballot will not be counted.

Third party delivery of ballots: If you do not mail your absentee ballot and are unable to deliver your ballot to the Registrar of Voters or a polling place, you may have your spouse, child, parent, grandparent, grandchild, sister or brother return your absentee ballot for you. However, when you have your ballot returned by a third party, you and that person must complete the appropriate sections on the absentee ballot return envelope. Your ballot will not be counted unless those sections have been completed properly.

EMERGENCY VOTING

Within seven days of an election, if you become ill or disabled, or because of a physical handicap are unable to go to your polling place, you may request in a written statement, signed under penalty of perjury, that a ballot be delivered to you by your authorized representative who presents the written statement at the Office of the Registrar of Voters.

You or your authorized representative may return the ballot to the Registrar of Voters or to a polling place. If your authorized representative returns the ballot, the appropriate sections of the absentee ballot return envelope must be completed. These ballots may not be mailed.
LOCAL OFFICES TO BE VOTED ON THIS ELECTION

ASSESSOR
The term of office for the Assessor is four years. The Assessor is paid $98,670 a year. The Assessor decides what property in the City is subject to tax, and the value of that property for tax purposes.

MEMBER, BOARD OF SUPERVISORS
The term of office for member of the Board of Supervisors is four years. Supervisors are paid $23,924 a year. There are eleven members of the Board of Supervisors. Voters will select five members this year.
The Board of Supervisors is the governing body for the City and County of San Francisco. They make laws and establish the annual budget for City departments.

MEMBER, BOARD OF EDUCATION
The term of office for member of the Board of Education is four years. They are paid $6,000 a year. There are seven members of the Board of Education. Voters will select three members this year.
The Board of Education is the governing body for the San Francisco Unified School District (public schools).

MEMBER, COMMUNITY COLLEGE BOARD
The term of office for member of the Community College Board is four years. They are paid $6,000 a year. There are seven members of the Community College Board. Voters will select three members this year.
The Community College Board is the governing body for the San Francisco Community College District (City College and other adult learning centers).

STATEMENT OF QUALIFICATIONS
LOCAL CANDIDATES

On the following pages are statements of qualifications from local and BART candidates. They have been printed as submitted. Spelling and grammatical errors have not been corrected.
The statements are volunteered by the candidates. They have not been checked for accuracy by any City official or agency.
Candidates for Municipal Court Judge, Office #1

ELLEN CHAITIN

My address is 175 Upper Terrace
My occupation is Attorney/Law Teacher
I have withdrawn my candidacy for Judge, but state law prohibits removing my name from the ballot.

In the June primary, I finished second out of four candidates. Encouraged to run by my colleagues with whom I’ve worked for nearly 20 years on legal reform issues, as a trial attorney, teaching law and former chair of the Bar Association’s Criminal Justice Advisory Council, I waged a campaign focusing on substantial legal issues and informing voters of the significant differences in the candidates’ courtroom experience and legal qualifications.

Although I am grateful for the broad support I received from voters, elected officials, Bar Association leaders, community organizations, and newspapers, clearly my only hope of winning would require raising and spending enormous sums of money. It costs more than $30,000 to send one small postcard to only half the registered voters. I cannot in good conscience ask my supporters to continue sacrificing their time and money.

I now bow out, offering congratulations to my opponent, and thanks to all whose kindness, generosity and commitment sustained me through a rigorous campaign.

Ellen Chaitin

JULIE TANG

My address is 788 - 18th Ave
My occupation is Assistant District Attorney
My age is 40
My qualifications for office are: Our Justice system is a sacred trust. The qualities of integrity, fairness, judicial temperament are crucial to becoming a Judge.

I received a Masters Degree from Stanford University, a Juris Doctorate from Hastings College of the Law.

As an Assistant District Attorney since 1982, I have handled both civil and criminal cases, prosecuted over 100 misdemeanor cases and over 50 court trials.

I am gratified that my legal experience was recognized by the San Francisco Bar Association, who rated me “WELL QUALIFIED” to be a Municipal Court Judge.

My supporters include:
Former Mayors DIANNE FEINSTEIN, JOSEPH ALIOTO
Justice HARRY LOW and 13 OTHER JUDGES
District Attorney ARLO SMITH
Public Defender JEFF BROWN
Supervisors ANGELA ALIOTO, TOM HSIEH, WENDY NELDER
State Senators MILTON MARKS, QUENTIN KOPP
Assemblyman JOHN BURTON
SAN FRANCISCO CHRONICLE
SAN FRANCISCO EXAMINER
SAN FRANCISCO INDEPENDENT
SAN FRANCISCO WEEKLY
BAY AREA REPORTER
SAN FRANCISCO LABOR COUNCIL
DEPUTY SHERIFF’S ASSOCIATION
NATIONAL WOMAN’S POLITICAL CAUCUS
BLACK LEADERSHIP FORUM
ALICE B. TOKLAS LESBIAN/GAY DEMOCRATIC CLUB
CHINESE AMERICAN DEMOCRATIC CLUB
(a partial list)

Most importantly, I thank the VOTERS of San Francisco who gave their overwhelming support to my candidacy in June.

I ask for your continued support on November 6, 1990.

Julie Tang

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Assessor

WENDY NELDER

My address is 150 Casitas Avenue
My occupation is Attorney/Supervisor
My age is 48
My qualifications for office are: I have absolutely no ownership or income interests in real property which create any conflict of interest as Assessor.

As attorney for 25 years, Supervisor for three terms, and past President of the Board, I have a proven record of unique, practical accomplishments.

Just as I've fought for reduced local government spending, I'll work for new statewide lower assessment formulas with the same energy that created the nationally copied No-Smoking Ordinance; the Police Fingerprint Computer which reduced our crime rate; laws allowing earthquake victims to quickly replace damaged buildings.

My goal is to achieve fair, reduced property assessments.

The sponsors for Wendy Nelder are:

RICHARD D. HONGISTO

My address is 1848 Pine Street
My occupation is Supervisor
My qualifications for office are: With 28 years of public service, I am the only candidate with real management experience.

As Sheriff of San Francisco, I managed 399 employees; as Police Chief, 2,500; as New York Prison Commissioner, 13,000.

While this would be the largest managerial responsibility faced by the other candidates, it would be my smallest.

I want to be your assessor so I can make it a model agency. I know government and real estate. I am dedicated to public service and to lower taxes for you.

Mayor Agnos agrees I am the rational choice.

I would appreciate your vote.

Candidates for Supervisor

BILL GRAYSON

My address is 95 Sea Cliff Ave
My occupation is Attorney at Law
My age is 32
My qualifications for office are: As a native San Franciscan, deeply involved in charitable, civic and political causes, it is my intention to restore greatness to our city. Frustration abounds as to the ability of our supervisors and mayor to get things done. We need a fresh face — a hard working leader who knows the San Francisco of past and who has a vision for its revitalized future.
A robust economy, fiscal accountability, individual empowerment, a healthy environment and aggressive law and order are critical to our future.
The opportunity for a great San Francisco is now!

Bill Grayson

The sponsors for Bill Grayson are:

MARILYNN GAZOWSKY

My address is 155 San Aleso
My occupation is Pastor Emeritus
My qualifications for office are: When Wendy Nelder spoke to me about running for Supervisor, at first I felt far too busy as administrator, author, music teacher, and public speaker. Seeing the desperate need of our city, I decided to lay aside some of these to represent the interests of San Francisco families, promote higher standards of education, protect the morals of our young people and make available to all children instruction in the arts and create for them a yearly festival. I have charitably served San Franciscans for 24 years, and am a believer that Prayer Changes Things. “I love you dearly, San Francisco.”

Marilynn Gazowsky

Candidates for Supervisor

JOSE EMILIO MEDINA

My address is 39 Colby St.
My occupation is founder and executive director of Instituto Laboral de la Raza
My age is 48

My qualifications for office are:

PUBLIC SERVICE:
• Member, Board of Permit Appeals (1986-88).
• Member, Relocation Appeals Board (1984-86).

COMMUNITY LEADERSHIP:
• President, St. Anthony’s Foundation (1985-90).
• Boardmember, Catholic Charities (1978-83).
• Member, United Way Leadership and Resource Development Committee (since 1989).

EDUCATION:
• Littlefield H.S. (1960).
• Attended Harvard Graduate School of Business (1970-72).
• San Francisco City College (1973-75).
• B.A. San Francisco State University (1978).
• J.D. Hastings College of Law (1982).

PERSONAL: My wife Raquel and I have raised two fine sons.

The sponsors for Jose Emilio Medina are:
John Burton, 712 Vermont St., Assemblyman 16th A.D. Dianne Feinstein, 30 Presidio Terrace, Candidate for Governor. Arlo Smith, 66 San Fernando Way, District Attorney. Nancy G. Walker, 275 Francisco, Member, Board of Supervisors. Jim Gonzalez, 642 Edinburgh St., Member, S.F. Board of Supervisors.
Kelly J. Cullen, 133 Golden Gate, Franciscan Friar. Andrew J. Grimalstad, 857 Elizabeth St., Banker. Ruth Picon, 390 Bartlett St. #11, Senior Program Director.

BILL MAHER

My address is 1005 Anza St.
My occupation is Supervisor, City & County of S.F.
My age is 42

My qualifications for office are: As a Supervisor, my priority is people. I support environmental, health, arts and children’s programs...not deputy mayors. I’m honest with voters — I fight against hidden tax increases. I do everything I can to make sure that public “servants” serve the public.

I believe in accountability, responsible budgets, respect for the taxpayer and politics that includes people, not excludes them.

As an independent leader, I’ve fought the politicians inside City Hall to represent the people outside.

That’s what I’ve done. That’s what I’ll continue to do.

Bill Maher

The sponsors for Bill Maher are:
Dianne Feinstein, 30 Presidio Terrace, Candidate for Governor. Willie L. Brown, Jr., 1200 Gough St., Legislator/Attorney at Law. Quentin L. Kopp, 68 Country Club Dr., State Senator/Attorney at Law. Angela Mira Alloto, 2606 Pacific Ave., Supervisor/Att’y. Jim Gonzalez, 642 Edinburgh St., Member, S.F. Board of Supervisors. Thomas Hsieh, 1151 Taylor, Member, S.F. Board of Supervisors.

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

JAMES J. MANGIA

My address is 44 Roscoe Street
My occupation is Activist for Democracy
My age is 33 years old
My qualifications for office are: I am an experienced community organizer and activist. For ten years I have worked as a civil and gay rights advocate and have been an AIDS Project Director for the last two years. This is a people's CAMPAIGN FOR DEMOCRACY, to open up the Board of Supervisors to new and independent blood, to build a new alliance between the African-American, Latino, Asian/Pacific Islander, Native American, progressive white and lesbian and gay communities. As an independent leader I am proud to work alongside Dr. Lenora Fulani, the distinguished African-American leader who ran for President in 1988.

James J. Mangia

The sponsors for James J. Mangia are:

CAROLE MIGDEN

My address is 1960 Hayes Street #6
My occupation is Community Health Director
My age is 41
My qualifications for office are:
Community Health Director
Served as the director of two community health agencies. Experience in managing people and programs, balancing budgets and designing cost-effective services.
Political Party Leader
Extensive political experience on the local, state and national levels. San Francisco political party chairperson. Close working relationships with state and national public officials will allow me to lobby effectively for San Francisco's needs.
State Health Commissioner
Member of the California Health Manpower Policy Commission.
Board of Directors, United Way of the Bay Area
Generate public support and set policy for the Bay Area's largest volunteer and charitable giving organization.

The sponsors for Carole Migden are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

DEHNERT C. QUEEN

My address is 956 Sacramento St., Apt. 305
My occupation is CEO, Small Business Development Corp.
My age is 43
My qualifications for office are: 1965 - Present: Custom computer systems; small business owner; vocal small business advocate.
1986 - Present: Designed integrated plan for downtown ballpark and small business/sports center located at 2nd/King streets with direct CalTrain service between San Jose, San Francisco Airport, proposed ballpark, and a true downtown terminus (Justin Herman Plaza). Upon locating our $550,000,000 private funding, Mayor Agnos announced his publically-funded ballpark using our site.

Why? Elected officials have a hidden agenda to build Mission Bay, convert the Embarcadero to tourism, displace small businesses/middle class/Giants, and build transit systems that won’t work when completed. There are documented alternatives.

Dehnert C. Queen

The sponsors for Dehnert C. Queen are:

JIM ROBINSON

My address is 285 Buckingham Way
My occupation is Executive director of a non-profit community service organization
My age is 59
My qualifications for office are: I am not endorsed by Mayor Agnos. I am a real alternative to the status quo. I am not beholden to any special interest groups. I hold bachelor’s and master’s degrees. I have entrepreneurial experience, operating concurrently: restaurant, self-service auto repair, book & craft store, auto shop, tire shop and non-profit service corporation.

I have enlisted and commissioned experience in the Army, I served as Chaplain, LCDR in the Navy and with the Marines in Vietnam. I have been married to one woman for 38 years. We raised three sons and a daughter, of whom we are proud.

Jim Robinson

The sponsors for Jim Robinson are:
Candidates for Supervisor

HARRIET ROSS

My address is 1333 Jones Street
My occupation is Trial Lawyer
My qualifications for office are: For twenty-two years, I have served San Francisco as a Public Defender and am a nationally known trial attorney. In addition to my law degree, I have a degree in Mechanical Engineering, and worked as an engineer in private business. I have served on the Boards of civic and neighborhood organizations, am an advocate for children and am Vice-President of San Francisco State Fair Board. I bring good judgement, common sense, reason, and responsibility to the Board of Supervisors, where I will advocate policies of fiscal responsibility economic development, increased housing and effective solutions to the homeless problem.

Harriet Ross

The sponsors for Harriet Ross are:

THOMAS L. ADAMS

My address is #1 Ora Way
My occupation is President, Consulting Engineering Firm
My age is 57
My qualifications for office are: I am a resident and homeowner in San Francisco, a graduate of Lincoln High School 1950, Engineering graduate Fresno State College 1954, and Masters of Engineering graduate University of California Berkeley 1958. I am a Korean War veteran, having served as an officer in the Marine Corps. I am President of T.L. Adams and Associates, a consulting engineering firm in the Bay Area since 1984. I am sufficiently financially independent and have the time and interest to devote to a term as Supervisor. My intent would be to ensure that our City is run on a sound and financially responsible basis, equitable to all San Franciscans.

Thomas L. Adams

The sponsors for Tom L. Adams are:
Candidates for Supervisor

DANIEL J. ADDARIO
My address is 950 Columbus Ave., #16
My occupation is Special Agent in Charge, D.E.A., Retired
My qualifications for office are: 23 years Department of Justice; Drug Enforcement Administration, Special Agent in Charge, San Francisco; Foreign Operations Director, Washington, D.C.; Managed over 300 employees, balanced multi-million dollar budget; U.S. Diplomat in Southeast Asia, South America; Investigator for Attorney General Robert Kennedy (corruption); Veteran, small business owner, father of three.
I am a national authority on drug abuse and crime prevention. I am the only candidate with management experience, fiscal and federal expertise. I will work to reduce crime in the neighborhoods, provide a clean, safe city, and a fiscally responsible government which respects cultural diversity for all San Franciscans.
Daniel J. Addario

The sponsors for Daniel J. Addario are:

ROBERTA ACHTENBERG
My address is 456 Hill Street
My occupation is Civil Rights Attorney
My age is 40
My qualifications for office are: Living in San Francisco has never been more difficult. It's harder to raise a family, find a place to live, move around, breathe the air or feel safe in our homes.
For fifteen years, I've worked hard to make San Francisco a more livable City. My campaign is about improving the quality of life for all San Franciscans.
I believe I can make an impact on issues that touch our daily lives like childcare, affordable housing, transportation, AIDS care and the environment. So do my sponsors. Please judge for yourself.
It's time City Hall focused on creating a more livable City for everyone.
Roberta Achtenberg

The sponsors for Roberta Achtenberg are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

ARLO SMITH

My address is 66 San Fernando Way
My occupation is BART Director/Attorney
My qualifications for office are: Honest, progressive leadership is needed at City Hall!
As a BART Director and private citizen, I have spent years fighting for reform — and against waste and mismanagement — at BART and City Hall.

As BART President, I kept the system running when the Bay Bridge collapsed.

I successfully opposed a 70% Supervisors pay hike, negotiated a deal to extend BART to the San Francisco airport, and authored the ballot measure to keep the San Francisco Police Horse Patrol.

As your Supervisor, I will continue to fight for the interests of San Francisco taxpayers and city service users — and against giveaways and favors for moneymade special interests.

Arlo Smith

The sponsors for Arlo Smith are:

KEVIN F. SHELLEY

My address is 20 San Antonio Place, #1B
My occupation is Director of San Francisco Alive
My age is 34
My qualifications for office are: As a new member of the Board of Supervisors, I will bring a common sense approach to the fundamental issues which affect our everyday lives in San Francisco.

My priorities include:
- Revitalizing San Francisco’s economy thereby creating jobs and increasing revenue;
- Providing affordable housing;
- Expanding the fight against AIDS;
- Improving childcare, youth, and senior services;
- Protecting the Presidio;
- Creating an efficient and environmentally sound citywide transportation system.

My past accomplishments include:
- Serving as an earthquake relief coordinator;
- Providing jobs for the homeless and neighborhood youth;
- Creating graffiti eradication and neighborhood recycling programs;
- Working for the City’s Congressional Delegation in Washington and San Francisco.

Kevin F. Shelley

The sponsors for Kevin F. Shelley are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

CAROL RUTH SILVER

My address is 68 Ramona Ave.  
My occupation is attorney/businesswoman/mother  
My age is 52  
My qualifications for office are: An experienced and visionary leader.
   I created:  
   • First advocacy organization for RU-486 (the French pill for safe termination of pregnancy)  
   • Private, effective first-time home buyer programs through equity sharing  
   • Mandarin Chinese bi-lingual, bi-cultural pre-school  
   • Homeless shelters as an alternative to parks and sidewalks  
   • With the Mayor, early city funding for AIDS research and treatment

Elected to the Board of Supervisors as a close ally of Harvey Milk and George Moscone, I have fought for human rights and against injustice.

My vision and experience will serve San Francisco well. I would appreciate your vote.

Carol Ruth Silver

The sponsors for Carol Ruth Silver are:

ELLIS LEONARD ANTHONY KEYES

My address is 1930 Hyde Street 1  
My occupation is Party of Life  
My age is 34  
My qualifications for office are: Having received the finest available formal education, the practical experience and necessary training enabling me to effectively meet the duties of this office.

I am prepared to unify self and common interest in the same spirit and manner as set forth in the Declaration of Independence along with the Constitution of the United States, to act as a party that will restore the human person by reducing bureaucracies, institutions, ideologies, and government to mere servants of life and people.

Ellis L. A. Keyes

The sponsors for Ellis L. A. Keyes are:
Candidates for Supervisor

VU-DUC VUONG

My address is 2259 – 43rd Avenue
My occupation is Community Organizer/Agency Executive
My qualifications for office are: My education, experience, vision and commitment will help San Francisco prepare for the 21st Century.

With an academic background in politics, international relations, social work and law, I have worked as community organizer, legislative analyst, social worker, and agency executive. I am progressive on human and environmental issues, moderate on economic and fiscal issues, conservative on public trust.

As Supervisor, I will work with other Bay Area cities to develop an effective housing, transportation and environmental balance, expand BART to the whole region, invigorate the economy and trade; and together with all constituencies, build a humane and prosperous San Francisco.

Vu-Duc Vuong

The sponsors for Vu-Duc Vuong are:

JOEL VENTRESCA

My address is 202 Grattan Street
My occupation is Budget and Policy Analyst for the City and County of San Francisco Airports Commission
My age is 38

My qualifications for office are: I am a neighborhood and environmental activist dedicated, for over fifteen years, to improving the quality of life in San Francisco. I am a past president of the Coalition for San Francisco Neighborhoods. I am on the Board of Directors of San Francisco Tomorrow.

I have a decade of experience working in non-profit and public agencies for children, aging and public enterprise programs. I have a Master of Public Administration and a Bachelor of Arts in Government from the University of San Francisco.

If elected, my staff and I will be available to you and your family to assist you in solving city problems.

Joel Ventresca

The sponsors for Joel Ventresca are:
Candidates for Supervisor

HAROLD M. HOOGASIAN

My address is 485 Monticello
My occupation is Small Businessperson/Florist
My age is 40
My qualifications for office are: I own and operate a profitable small business in partnership with my brother. As President of the Marina Merchants Association during the earthquake crisis of October 1989, I served our community... as a devoted, native San Franciscan, I will serve our City. I worked for the two term limit on the Board of Supervisors... and will work as your citizen advocate. I seek to protect and enhance the quality of our environment in San Francisco... and will act as your voice for safe, clean streets and a better business environment. I can exercise independent judgement and will fight... for San Francisco!

Harold M. Hoogasian

The sponsors for Harold M. Hoogasian are:

MILDRED "MILLIE" DANCH

My address is 2516 16th Ave.
My occupation is Flight Attendant – Registered Nurse
My age is Legal
My qualifications for office are: I am energetic, ambitious, enthusiastic and I love to work. I will listen to you and to your concerns. Since establishing residency in 1963, I have observed the problems and opportunities of this city and its people. Here are the concerns I will address:

NO FOREIGN AID!!!!
NO LOBBYING
NO SCHOOL BUSING
Balancing the budget
Cutting government waste
Prohibiting excessive taxation
Providing quality education, health care, and child care
Settling labor disputes
Stopping drug traffic
Protecting neighborhood character
Controlling pollution
Getting seniors involved
Improved parking
Controlling crime
I thank you for your support.

Mildred "Millie" Danch

CANDIDATES FOR SUPERVISOR

JIM LAzarUS

My address is 65 Fifth Avenue
My occupation is Governmental Specialist/Attorney
My age is 41
My qualifications for office are: Fifteen years ago I began my public service as deputy City Attorney. Since then I've served as the Board of Supervisor's legislative counsel, the City's labor relations consultant and executive deputy Mayor to the Feinstein administration.

I drafted landmark rent stabilization legislation, campaign spending controls, conflict of interest provisions and other major areas of City law.

I've represented San Francisco before the League of California Cities, state and federal government.

As father of four children I'm active in our neighborhood and currently president of Planning Association for the Richmond.

I've prepared myself to serve as Supervisor and would appreciate your support.

Jim Lazarus

The sponsors for Jim Lazarus are:
Dianne Feinstein, 30 Presidio Terrace, Candidate for Governor.
Wille L. Brown, Jr., 1200 Gough St., Legislator/Attorney at Law.

HEIDI C. CHRISTENSEN

My address is 690 Haight Street
My occupation is Administrative Assistant
My qualifications for office are: San Francisco approaches the year 2000 facing many challenges. We need expanded, efficient mass transit; increased AIDS education and treatment; support of small businesses; a modernized Port; better access to health care; and a protected environment. We also need revenue to do that.

I'm running to fill these needs. With years of experience in political and community organizing, without "political debts," I have the experience, vision and integrity to take action effectively. I am committed to opening up City Hall to citizen participation and responding to the growth and demands of San Francisco over the next 4 years.

Heidi C. Christensen

The sponsors for Heidi C. Christensen are:
CANDIDATES FOR SUPERVISOR

JEFFREY CHANG

My address is 161 Escolta Way
My occupation is Businessman
My age is 56
My qualifications for office are: My knowledge and experience in the business community and 25 years life experience in the city. I raised my family here that one of my daughters graduated from UC Berkeley and now attending a medical school at UC Davis. The other one graduated from Lowell High School and now attending City College. I held a B.A. degree in business administration and have received comprehensive insurance training in Switzerland. Worked for many years as an insurance underwriter, insurance claim adjuster and a real estate sales person. I have opened my own business — bar & restaurant in September 1978. Now, I have two locations.

Jeffrey Chang

JOHN J. FIGONE

My address is 2322 - 27th Avenue
My occupation is Partner, Investment Company
My age is 30
My qualifications for office are: My commitment to fight for a city government which will plan its priorities and stick to them, instead of resorting to management by crisis or single issue politics.

As a fourth generation San Franciscan I am concerned that current political trends will impair our future ability to afford homes, raise families and educate our children.

We must restore the BALANCE of common values between meeting the needs of the disadvantaged and serving the general public.

You have five votes — set one aside as an investment in a NEW SAN FRANCISCO TRADITION and elect JOHN FIGONE for SUPERVISOR.

John J. Figone

Candidates for Supervisor

DORIS M. WARD

My address is 440 Davis Court #1409
My occupation is Member, Board of Supervisors
My qualifications for office are: A long-standing commitment to serve our City. As we rebuild after the earthquake, we must insure San Francisco remains an affordable, vital place to live for all people.

During my ten years on the Board of Supervisors, I have tried to act compassionately while remaining pragmatic. With your support, I will continue my efforts to insure adequate City services for all San Franciscans, including women and minorities; to establish a reliable budgetary process; to maintain affordable housing; to provide needed health services; to promote employment opportunities, through strengthening our small businesses; and to guarantee our youth a promising future.

Candiates for Board of Education

DAN KELLY

My address is 255 San Marcos Avenue
My occupation is Pediatrician
My age is 42

My qualifications for office are: I am a pediatrician and my children attend public schools. My twenty years of community service include:
- Classroom volunteer, SFUSD
- Clinical Faculty, UCSF
- Admissions Panel, Committee on Admissions Policy, Stanford Medical School
- School Site Council
- Secretary, Parents for Immersion Education
- Board member, past President, West Portal CARE
- Board member, UCSF Child-Care/Study Center
- School Health Committee, Academy of Pediatrics

I am committed to excellence in education for all children. I will advocate challenging, up-to-date curriculum, smaller class size, better counseling services, fiscal responsibility. I will promote parent involvement and expansion of successful programs. San Francisco can have outstanding schools!

Dan Kelly

The sponsors for Dan Kelly are:

MYRA G. KOPF

My address is 1940 - 12th Avenue
My occupation is Incumbent

My qualifications for office are: As an educator, parent of three public school educated children, PTA leader, and school board member, I have a proven record of leadership, integrity, caring, and effectiveness.

My colleagues elected me President of the National council of Great City Schools, President of the Association of California School Districts, and twice President of the San Francisco School Board.

Throughout the changes of policies in the education and administration of our school district, I have kept constant a vision of a school system where each child has a fair and equal opportunity for honest and effective education. I promise to continue.

Myra G. Kopf

The sponsors for Myra G. Kopf are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Board of Education

KARL W. RANDOLPH

My address is 344 Felton Street
My occupation is Printer/Photographer
My qualifications for office are: I am a concerned parent of three. I have a college degree with an emphasis in Philosophy. I do not play politics at the expense of the children. I am for disciplinary and ethical schools.

I believe that the involvement of parents, teachers, and students is most crucial to a healthy education system. All of the above groups must work together to improve the basic skills, the academic scores; and to help solve the drugs and crime problems. There are solutions to present SFUSD problems. We need a bottom-to-top (feedback) policy that will allow the education system to act together.

Karl W. Randolph

The sponsors for Karl W. Randolph are:

TOM AMMIANO

My address is 162 Prospect Ave
My occupation is Teacher
My age is 48
My qualifications for office are: I have lived and taught in San Francisco for over twenty five years. I am currently involved with San Francisco public schools as a teacher, parent, and community activist. As a stand up comic I bring a sorely needed sense of humor, combined with direct experience on the issues to the board. My platform: a drug free and safe school environment for all students regardless of ethnicity, sexual orientation, or disability; academic parity, reduction of drop out rates; smaller class size, improved college bound program, employment partnership with the business community, and school meals that are nutritional and recognizable.

Tom Ammiano

The sponsors for Tom Ammiano are:
CANDIDATES FOR BOARD OF EDUCATION

ROSA RIO ANAYA

My address is 240 Dolores Street, #331
My occupation is Adult Business School Administrator
My qualifications for office are:
• 20 years of experience as an educator and policy maker in education
• earned reputation for integrity, independence and conviction
• strong record of service to the families, youth and children of San Francisco
• experience as Board President and chairperson and curriculum, budget and building and grounds committees
I am Executive Director of Mission Language and Vocational School’s employer-supported training programs which yearly place over 250 adults and youth in the job market.
My commitment is to continue working toward an educational program that encourages high performance and addresses the diverse needs of our student population.

The sponsors for Rosario Anaya are:

Ben Tom

My address is 1717 Jones St.
My occupation is Associate Transportation Rep, California PUC.
My qualifications for office are: As a twelve year member of the City’s School Board, including two terms as President, I accomplished the goals I set for the citizens of San Francisco.
Today, two years after I left the Board, it has lost its vision and its commitment.
Now, Board members spend more time on political infighting than on our children. Dropout rates are shameful. School buildings are deteriorating.
I am strongly supported by Senator Quentin Kopp, Assemblyman Willie Brown, a majority of the Board of Supervisors, community leaders and parents.
Our kids deserve the brightest future we can give them!

The sponsors for Ben Tom are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Board of Education

CARLOTA DEL PORTILLO

My address is 84 Berkeley Way
My occupation is Educator/Parent
My qualifications for office are: What will it take to make a diploma mean something again?

It will take experience. I earned my doctorate of education from the University of San Francisco and have spent 24 years educating San Francisco students as educator, counselor, and PTA president.

It will take action. In the past decade our problems have worsened. We need fresh ideas to make our children's education better. Reducing class sizes, keeping schools sturdy and safe, and increasing parent involvement will help. Because getting a diploma isn't enough, making it mean something again is what my campaign is all about.

The sponsors for Carlota del Portillo are:

KAREN GOODSON PIERCE

My address is 1734 Newcomb Avenue
My occupation is Program Administrator
My age is 43
My qualifications for office are: I am a native San Franciscan, single parent and active in school activities. My youngest child is an 11th grader in the SFUSD. I am the President of the Board of the Potrero Hill Neighborhood House and Co-founder of the Potrero Hill Girls Club. During the last seven years, I have been an active observer of the School Board, attending meetings on a frequent basis. I have become concerned that the discussions rarely focus on student needs, curriculum and quality of teaching. School Board Members must focus on setting policy and allow the Superintendent to run the day to day operations.

The sponsors for Karen Goodson Pierce are:
Candidates for Board of Education

JILL WYNNS

My address is 124 Brewster Street
My occupation is Education Advocate, President San Francisco Parents’ Lobby
My age is 42
My qualifications for office are: I am the parent of three school age children, President of the San Francisco Parents’ Lobby, past President of Lakeshore PTA, and a neighborhood leader in Bernal Heights.

I will be a School Board member who:
• Provides constructive, creative leadership.
• Advocates for all children.
• Works with Superintendent Cortines to improve schools.
• Manages school funds responsibly.
• Ensures safe schools, having served on the District Asbestos Council.
• Builds consensus, leading two successful S.F. school bond coalitions.
• Works for innovative approaches to the challenges of funding, dropouts, class size and curriculum.

By ending political divisiveness, we can do a better job for our children.

Jill Wynn

The sponsors for Jill Wynn are:

SODONIA M. WILSON

My address is 540 Darien Way
My occupation is Incumbent Board Member — S.F. Board of Education
My qualifications for office are: I am an incumbent board member and have been a board member since 1982. I hold a Ph.D., Clinical Psychology, California School of Professional Psychology, M.A., Counseling Psychology, B.A., Nursing, San Francisco State University. I serve on California and Coalition of Black School Board Members Associations. I was elected Board President for three terms. I introduced resolutions to address issues of core curriculum, advanced placement courses at all high schools, increased counseling and library services, career ladder for paraprofessionals, dropout prevention and affirmative action. I support reduced class size, gifted, bilingual, parent and community involvement. All Programs and Services are implemented.

Sodonia M. Wilson, Ph. D.

The sponsors for Sodonia M. Wilson are:

JIM MAYO

My address is 26 Minerva Street
My occupation is Educational Consultant
My age is 38

My qualifications for office are: B.A. in political science, M.A. in public administration and J.D. in law from Howard University. I am president of OMI Neighbors-In-Action; chair of the educational committees of the Urban League and the NAACP; commissioner on the Delinquency Prevention Commission; and board member of Oakes Children's Center. I believe we must build a community college system that prepares young people for world citizenship, embraces and respects the cultures of the world, engages the support and participation of all segments of the population, and provides relevant educational services for all San Franciscans. Your vote can make this vision a reality.

WILLIAM PEREZ MARQUIS

My address is 21 Hawkins Lane
My occupation is Youth Agency Director
My qualifications for office are: I'm Chief Executive Officer of a Community-based, privately funded, youth service agency, have a Ph.D. from U.C. Berkeley in Community Colleges, am a former US Army officer, and serve on City and community Boards and Commissions. I believe I'm a proven leader, offering new leadership to our troubled Community College District.

While the incumbents running this year have served a total of 45 years on the Board, 3 successive Accreditation Reports and an independent management study have said our Community College is organizationally unsound, educationally inefficient, and unable to serve students reliably. The Community College needs new leadership.

William P. Marquis

JOHN RIORDAN

My address is 28 Cordova
My occupation is Incumbent Community College Board/Attorney
My qualifications for office are: I have an interest and concern with education. I taught part time at the University of San Francisco Law School and City College of San Francisco.
I serve on the Board of Regents of my high school, Sacred Heart Cathedral.
As an incumbent community college trustee I bring broad experience and a conservative fiscal approach to deliver a sound educational program.
I will work constructively with our new chancellor Evan Doebelle and the faculty help snap the District out of the doldrums.

John Riordan

The sponsors for John Riordan are:

MABEL TENG

My address is 844 Greenwich Street
My occupation is S.F. Community College Educator
My age is 37
My qualifications for office are: After 9 years as a San Francisco Community College educator, I have a clear vision of what must be done to shape up San Francisco's Community College District.
The Community College District was created to give adults a way to improve the quality of their lives through higher education. But in 1988, the Western Association of Schools and Colleges reported the district was riddled with problems. Since then, little has changed.
A college education is the primary path to economic opportunity. I hope you will allow me the chance to clear this path to opportunity for thousands of San Franciscans.

Mabel Teng

Candidates for Community College Board

MARGARET SOVIERO

My address is P.O. Box 1969, San Francisco, CA 94101
My occupation is Education (Ret.) and Law
My qualifications for office are: COMMUNITY COLLEGE EXPERIENCE: Director of Pilot Literacy program which included fifteen different ethnic, minority and senior groups. Program expanded from three to thirty-three locations during my tenure. Excellency of program merited additional Federal funds. Also taught ESL at Community College. BACKGROUND: Bachelor and Doctoral Degrees. Educator, teacher, counselor at secondary level and college lecturer. Director, Head Start program, author and columnist. SERVICE: U.S. Marine Corps; U.S. Department of State; White House Conference on families; Trustee, Pennsylvania State University (Liberal Arts); Chair, UNESCO World Literacy Day. COMMITMENT: "A Better Community College — A Better San Francisco."

The sponsors for Margaret Soviero are:

ROBERT E. BURTON

My address is 8 Sloat Boulevard
My occupation is Educator/Member, S.F. Community College Board
My qualifications for office are: I have been a member of the Community College Board since its inception. As an Adult Education teacher for over 20 years, I have learned the value of open-door continuing education. Selected twice to serve as Board President, I take pride in my record of strong leadership, exercised with sensitivity to the needs of our multiethnic community. Recently, my peers honored me by their appointment to oversee a nationwide search for our new Chancellor. I look forward to continuing my service to the District, where I have worked to make quality education the right of every San Franciscan.

ALAN S. WONG

My address is 1280 Ellis St., Apt. #12
My occupation is Social Worker
My qualifications for office are: I was appointed to the Community College Board by Mayor Feinstein in 1981. I ran for this office in 1982 and 1986. In both elections, I received the most votes. I have served faithfully during the past 9 years to insure that all citizens of San Francisco receive the quality education they deserve. I believe in a diversified faculty, administration and classified staff to reflect the diverse population that we are servicing.

Great changes are taking place throughout the world, nationwide, statewide and locally. Education must reflect those changes in order to equip our students to meet tomorrow’s challenges.

Alan S. Wong

Candidates for BART Board

JAMES FANG

My address is 170 Gellert Drive
My occupation is local business owner
My qualifications for office are: As a native San Franciscan and a neighborhood business owner, I believe can provide and bring new and innovative leadership to the BART Board which best represents the diverse and important needs of this district, San Francisco and the Bay Area region.

My experience in managing a business for the past ten years has instilled in me the tremendous importance of efficiency in any institution, public or private. By the same token, however, BART must also be accessible and safe to its public and treat its riders as human beings and with respect. An accessible, safe and efficient BART will not only reduce the horrendous traffic jams many of us currently experience, but will also reduce the burden placed on our environment by our over-use of automobiles. As BART director I would work to emphasize the needs for our district.

In addition, I would stress the urgency to proceed with plans to extend BART to the San Francisco International Airport and into San Mateo County — an extension that would directly benefit and impact our district and all San Franciscans. Finally, as our economy becomes more and more regional, I, as a BART director, would strive for greater regional cooperation and improved links between BART and the various regional transit systems. For the residents of our district, BART must be a true gateway to all Bay Area transit systems.

The important role of an efficient, accessible and safe BART plays in helping us to preserve the environment, reduce traffic problems and linkage of the regional economy are principles which I will emphasize as a BART director. BART should represent the interest of its riders. It should not be a political arena for individual and special interests. As your director, I would represent you and our district’s concerns. Thank you for your support.

RODEL E. RODIS

My address is 35 Paloma Ave.
My occupation is President, S.F. Public Utilities Commission
My qualifications for office are: As President of the San Francisco Public Utilities Commission, which oversees the SF Municipal Railway, I am very aware and concerned about public transportation in San Francisco. Muni and BART have not been as coordinated as they should be and I would work to see that these transit agencies work together more closely for the benefit of San Francisco and other Bay Area transit users.

San Francisco contributes much to BART through property and sales taxes (about $40 million annually) but has frequently received short shrift when resources are allocated. For example, San Francisco only received $15 million for a Muni Metro extension South of Market while BART is allocating hundreds of millions of dollars to extend BART to Antioch, Pleasanton, and Warm Springs. We deserve a greater share and I would work to get more money for San Francisco in the future.

In addition, I would work to:
• Improve BART stations and station amenities. BART is almost 20 years old and the stations need sprucing up. I would work to install more benches, telephones, lights and shelters over the escalators.
• Establish a BART passengers Advisory Committee, to help advise the BART Board on operations and policy.
• Improve Regional Transit Coordination by creating a single 800 telephone number for all regional transit information and by working to create a simplified, coordinated fare structure throughout the region.

Transportation continues to be the number one problem facing the Bay Area and BART is an important part of the solution to the problem. My experience in the City would be beneficial on the BART Board. Please join the following leaders supporting me:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
ALEXA SMITH

My address is 66 San Fernando Way
My occupation is Transit Reform Advocate/Doctor of Law/State and County Central Committee Member
My qualifications for office are: As a close political advisor and the sister of 1988-1989 B.A.R.T. President Arlo Smith, I was “in the engine room” (both literally and figuratively) during the grim days after the October 17, 1989 Earthquake. I recommended 24-hour emergency service to Arlo.

Arlo and his fellow B.A.R.T. Directors worked tirelessly to keep the terribly over-taxied B.A.R.T. system in fully operational 24-hour Earthquake emergency service.

Before the Earthquake, B.A.R.T.’s average daily load was about 210,000 people. At the height of the emergency, our loads rose as high as 357,135 refugees from the smashed Bay Area automobile freeway system.

I received my "advanced" B.A.R.T. transit training under the unique stress of the long weeks of a public emergency.

I know the B.A.R.T. system.

I can save YOU — the San Francisco taxpayers — some money.

San Francisco residents are invited to telephone me on B.A.R.T. matters: 564-6091.

Platform:
CRIME — Video film needs to be introduced into B.A.R.T.’s closed circuit television security system. If I’m B.A.R.T. Director, violent felons will find their pictures on “REWARD” POSTERS at all B.A.R.T. stations.

REFURBISHMENT OF SYSTEM — Repair, refurbishment and where necessary, replacement of 20-year old BART trains and stations must be adequately funded.

REWARDING LOYALTY — After the Earthquake, B.A.R.T.’s employees served heroically. Their loyalty deserves childcare facilities, other just rewards, and our deepest thanks.

RECYCLING — A realistic program is needed to recycle B.A.R.T. garbage to increase revenue and conserve resources.

SCHEDULING — I support extended B.A.R.T. service on Friday and Saturday evenings and for special events. Structural improvements are needed to allow for more rush hour B.A.R.T. trains and improved timing.

B.A.R.T. TO SAN JOSE — I will continue the efforts of Arlo Smith to negotiate a “buy in” to the B.A.R.T. system from Santa Clara County so that B.A.R.T. service can be extended to San Jose.

AIRPORT EXPANSION — Rapid completion of the B.A.R.T. extension to the San Francisco Airport will be one of my top priorities.

My endorsers include (partial list):
Arlo Smith (District Attorney), Arlo Smith (B.A.R.T. Director), Nello Bianco (1989-1990 B.A.R.T. President), Michael Bernick (B.A.R.T. Director), Dr. Dean Rider (A.I.D.S. Research and Treatment Physician), Dr. Eugene Prat (Former U.S. Senator’s Chief of Staff).

MELVIN KIM WONG

My address is 2530 15th Avenue
My occupation is Businessman
My age is 34
My qualifications for office are: I am a San Francisco taxpayer and strong advocate of an improved BART — Crash program for extension of BART rail lines to all surrounding communities from San Francisco to San Jose to Livermore, Antioch, Vallejo, etc. Safety on BART trains is a priority. I am also active in the American-Chinese community. My occupation is businessman.

Let me tell you about the undemocratically chosen and self-perpetuating Executive Committee of “Citizens for a Better San Francisco” (read: “House of Lords”) of the so-called “Citizens for a Better San Francisco.”

The Executive Committee of the extreme right-wing “Citizens for Better San Francisco” consists of fifteen (15) members chosen as follows:

NINE (9) MEMBERS — Nine (9) members of that undemocratically chosen Executive Committee are appointed by the incumbent Chairman of the would-be elitist Executive Committee. The real control is vested in this non-elected group of right-wing extremists.

FIVE (5) MEMBERS — Five (5) members are “elected” by the so-called “leaders” of the rightist political party’s largely “paper” so-called San Francisco “REPUBLICAN” “volunteer clubs.”

ONE (1) MEMBER — One (1) member is “elected” by the rightist political party nominees for Congress, State Senate, and State Assembly.

The avowed goal of the so-called “Citizens for a Better San Francisco” and its “House of Lords” Executive Committee is to take over the elected government of the City and County of San Francisco with their “top-down” pack of right-wing clowns.

Anyone who is foolish enough to vote for friends of the so-called “Citizens for a Better San Francisco” deserves to be dictated by their right-wing elitist “House of Lords.”

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Arguments For and Against Ballot Measures

On the following pages, you will find information about local ballot measures, including arguments for and against the measures. All arguments are strictly the opinions of their respective authors. None have been checked for accuracy by this office or any other City official or agency. Arguments and rebuttals are reproduced as they are submitted, including typographical and grammatical errors.

"Proponent's" and "Opponent's" Arguments

For each measure, one argument in favor of the measure and one argument against the measure are printed in the Voter Information Pamphlet free of charge. These arguments are called the "Proponent's Argument" and the "Opponent's Argument."

The designation, "Proponent's Argument" and "Opponent's Argument" only indicates that the arguments were selected in accordance with criteria set forth in Section 5.74.5 of the San Francisco Administrative Code and were printed free of charge. The Registrar does not edit the arguments, and the Registrar makes no claims as to the accuracy of statements in the arguments.

The "Proponent's Argument" and the "Opponent's Argument" are selected according to the following priorities:

"Proponent's Argument":
1. The official proponent of an initiative petition; or the Mayor, the Board of Supervisors, or four members of the Board, if the measure was submitted by same.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

"Opponent's Argument":
1. For a referendum, the person who files the referendum petition with the Board of Supervisors.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

Rebuttal Arguments

The author of a "Proponent's Argument" or an "Opponent's Argument," may also prepare and submit a rebuttal argument. Rebuttals are also the opinions of the author and are not checked for accuracy by the Registrar of Voters or any other City official or agency. Rebuttals are printed following the corresponding "Proponent's Argument" and "Opponent's Argument."

Paid Arguments

In addition to the "Proponent's Arguments" and "Opponent's Arguments" which are printed without charge, any eligible voter, group of voters, or association may submit paid arguments which will be published in the Voter Information Pamphlet upon payment of (1) the established printing fee, (2) submission of petitions, in lieu of the printing fee, containing valid signatures of registered voters at the rate of two signatures for each dollar of fee, or (3) a combination of a printing fee and signatures which together equal the number of signatures and/or amount of money needed to qualify the argument for publication. The fee for printing an argument in this Voter Information Pamphlet is $200.00 plus $2.00 per word.

Paid arguments are printed following the direct arguments and rebuttals. All of the arguments in favor of a measure are printed together, followed by the arguments opposed to that measure. Paid arguments for each measure are not printed in any particular order, but are arranged to make the most efficient use of each page.

Arguments and rebuttals are solely the opinions of their authors. They are printed as submitted. No corrections are made to spelling and/or grammatical errors. Arguments and rebuttals are not checked for accuracy by the Registrar of Voters, or by any other City official or agency.
CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition.

YES 287
NO 288

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City operates jails at the Hall of Justice and in San Bruno for persons waiting for trial or serving sentences of less than one year. The jails were not built to provide the medical services now required by law nor to house the current number of inmates.

The City operates a work furlough program. Persons in this program work during the day and return to custody in a special work furlough facility at night. The current facility is too small to house the number of eligible inmates.

State bond money for jail facilities is available to the City if the City pays for a share of the cost.

THE PROPOSAL: Proposition A would allow the City to receive $39,500,000 million in state bond money by issuing general obligation bonds in the amount of $16,500,000. This money, together with the state money, would be used to pay for a new jail medical facility, a much larger work furlough facility and for making health, safety and other physical improvements to the jails. The interest and principal on general obligation bonds are paid out of tax revenues. Proposition A would require an increase in the property tax.

A "YES" VOTE MEANS: If you vote yes, you want the City to issue general obligation bonds in the amount of $16,500,000, which will be used to pay for the City’s share of building and upgrading jail facilities.

A "NO" VOTE MEANS: If you vote no, you do not want the City to issue bonds for this purpose.

Controller’s Statement on “A”

Should the proposed bond issue be authorized and when all bonds shall have been issued on a fifteen (15) year basis and after consideration of the interest rates related to current municipal bond sales, in my opinion, it is estimated that the approximate costs would be as follows:

- Bond redemption: $16,500,000
- Bond interest: $9,042,000
- Debt service requirement: $25,542,000

Based on a single bond sale and level redemption schedules, the average annual debt requirement for fifteen (15) years would be approximately $1,702,800 which amount is equivalent to forty-one hundredths cents ($0.041) in the current tax rate.

How Supervisors Voted on “A”

On July 23, 1990, the Board of Supervisors voted 10-0 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: None of the Supervisors present voted no.

ABSENT: Supervisor Doris Ward

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROPOsENT'S ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco County Jail system is overcrowded and ill-suited to provide efficient and safe supervision of inmates and detainees, and is inadequate to provide operational space for essential services such as medical and psychiatric treatment and jail alternative and community re-entry programs.

A class action suit was filed in Federal Court against the City and County of San Francisco resulting in a Consent Decree signed in 1982. This bond program provides the matching funds required by State bond monies to address the remaining issues as mandated by the Federal Court.

The State of California has committed to give San Francisco up to $39.5 million dollars for jail construction and renovation, if the City provides the required matching funds. Proposition A will provide the required match.

This relatively small, cost effective bond issue will be combined with the State money to complete a new work furlough and medical facility at 850 Bryant Street, to make required safety and health improvements in the Hall of Justice jails, as well as to upgrade the San Bruno jail facility.

This is a one time opportunity. Without the Proposition A matching funds, the $39.5 million in State bond monies will be lost by the City, dooming these federally mandated and desperately needed projects.

Proposition A is strongly supported by Mayor Art Agnos, Sheriff Michael Hennessey, District Attorney Arlo Smith, City Attorney Louise Renne, Police Chief Frank Jordan, Chief Administrative Officer Rudolf Nothenberg, Public Works Director Richard Evans, and jail health officials.

Vote YES on bringing our criminal justice facilities up to grade. Vote YES on Proposition A.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

No Opponent's Argument was Submitted Against Proposition A
No Rebuttals Were Submitted on Proposition A
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

The Advisory Committee on Adult Detention urges a YES vote on Proposition A.

On November 6th, San Francisco voters have the rare opportunity to create an extremely beneficial partnership between the City and the State of California.

How? By voting yes on Proposition A.

State bonds worth $39.5 million are available to San Francisco for critical improvements to our county jails. To qualify for these funds, we must match them with a $16.5 million bond — and that’s what Prop A will do.

This partnership will expand the City’s 64 bed work furlough program, which cannot possibly serve the system’s 1,900 inmates. Work furlough allows low security prisoners the opportunity to pay their debt to society while keeping their jobs and families intact.

Another critical benefit of Prop A will be expanded jail medical and psychiatric facilities, a more efficient booking area, and court mandated fire and safety improvements in our most overcrowded jail facilities.

Proposition A is a golden opportunity to improve our jails, but we must act now. Without Prop A, the City will lose these funds to another California county.

Vote yes to make a winning partnership between the City and the State of California! Vote yes on Proposition A!

The advisory Committee on Adult Detention consists of eight citizens mandated by the State to inspect county jails from a citizen’s perspective and submit yearly reports. We are essentially a “good government committee” with no interest other than insuring there is citizen input into these critical matters. Each of us has inspected the jails many dozens of times, and we are appalled by the deterioration, overcrowded conditions, and inadequacy of medical treatment areas throughout the system.

Proposition A is the kind of legislation the Committee has fought for since its inception.

Roger Sobel, Chair
Advisory Committee on Adult Detention

Proposition A is the most critical public safety bond measure to face San Francisco voters in fifteen years.

The City’s county jails are dangerously overcrowded. Prisoners are being released months before the completion of their sentences because there is simply no room to keep them. They hit the streets to commit more crimes, often ending up back in jail before their original sentence would have ended.

Police on the streets are frustrated. San Francisco citizens and their property are threatened. Deputy Sheriffs working in the county jails risk their lives daily while working in the most dangerous environment imaginable.

Proposition A is hardly a cure-all, but it will remedy many of the frustrations and the injustices of the current system.

How?

- By building a new 450 bed jail facility adjacent to the current Hall of Justice at 850 Bryant Street. More jail space means that early jail releases can be stopped.
- By providing improved medical care for prisoners as mandated by the federal court. Failure to do this may cost San Francisco taxpayers millions of dollars in contempt fines.
- By repairing decades-old jail buildings. This is a cost effective way to keep them functioning properly for years of future use.
- By improving the dangerous conditions our deputy sheriffs face in overcrowded, deteriorating jail facilities.

Vote YES on Proposition A. Vote yes for a safer San Francisco!

Deputy Al Waters, II
President, San Francisco Deputy Sheriff’s Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

As Sheriff of San Francisco, it is my responsibility to maintain a safe, secure and humane county jail system. On election day, I need your support of Proposition A to help me meet this critical mandate.

A steadily increasing population has overwhelmed our outdated jail facilities and work furlough program. We currently have only 64 work furlough beds to serve a daily jail population that topped 1,900 men and women last year.

More than merely being committed to running an efficient jail system, I am also committed to the future of the community at large. Work furlough is an investment in that future. Men and women with low security offenses are required to pay their debt to society, yet keep their jobs. Work furlough inmates do their time, pay a part of the cost of their incarceration, send money to crime victims and help keep their families together and off welfare. Work furlough is an investment in stopping crime and an investment in hope.

San Francisco desperately needs the larger work furlough unit and the other improvements Prop A will provide.

Join me and other knowledgeable community leaders in support of Proposition A — it’s an opportunity we can’t afford to pass up!

Sheriff Michael Hennessey

The Grand Jurors Association, City and County of San Francisco, joins with the City’s elected officials and community leaders in its all out support of Proposition A.

As former members of the Civil Grand Jury, we were charged by the City and County to complete an annual inspection of the entire county jail system and make recommendations to the Presiding Judge of the Superior Court.

Our many years of experience in conducting these detailed inspections leaves no question that the San Francisco County Jail system is in dire need of expansion and renovation. The passage of Proposition A will accomplish much of the work that our investigations tell us must be done:

Currently, many prisoners with serious convictions do not complete their sentences because of overcrowding. If we are to maintain respect for the police and the courts — for the law itself — we must be capable of seeing that serious criminals pay their full debt to society.

Join the Grand Jurors Association in voting yes on Proposition A.

L. Jack Block, President
The Grand Jurors Association, City and County of San Francisco

I urge every San Francisco voter who is concerned about the effectiveness of our city’s criminal justice system to vote YES on Proposition A.

As it stands now, the county jails are overcrowded, the 55 year-old San Bruno jail facility is literally crumbling, and prisoner medical and psychiatric areas are painfully inadequate.

Proposition A will attract $39,000,000 in State bond money to match this $16,500,000 local bond issue to address those problems as quickly as possible. For San Francisco taxpayers, this relatively modest expenditure will be in the public interest for years to come.

Join me in strongly supporting Proposition A. It’s the common-sensical way to improve the county jail system. Otherwise, San Francisco courts will be forced to release jail inmates before they serve their full sentences — and that’s not a result I want for my constituents or my own family.

State Senator Quentin L. Kopp

Fight back against the early release of criminals — fight back against crime in our neighborhoods. Support Prop A on election day to make San Francisco’s criminal justice system work for you and your loved ones, for a change!

Supervisor Bill Maher
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

San Francisco's jail facilities are dangerously overcrowded.
A federal court has the Sheriff under injunction to improve conditions.
If overcrowding isn't relieved, the Sheriff may be ordered to release dangerous criminals.
We personally favor alternatives to incarceration for minor, nonviolent offenders, such as community service.
However, jail overcrowding must be eliminated so that the Police, Sheriff, and District Attorney can do their job of fighting violent crime and drug dealing.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Central Committee member/BART Board Candidate

Because of grossly inadequate and obsolete local jail facilities, our Sheriff is legally obliged, by Federal Court Order, to release prisoners back onto our streets LONG before they have served their appropriate sentences. JUST NO ROOM!
Existing State bond monies will pay SEVENTY PERCENT of the cost of a 300 bed jail expansion at Bryant Street plus the rehabilitation and replacement of fifty-six year old "broken down" obsolete equipment and facilities at the San Bruno Jail Complex.
It's "use it or lose it"! If we don't use our fair share of these now available State Bond matching funds, they go elsewhere! By procrastination, San Francisco's taxpayers could ultimately wind up paying the total $56,000,000 bill all by ourselves.
If these individuals do the crime, we must insist that they do the time! On behalf of San Francisco's taxpayers, we urge a YES vote while the State is still able and willing to pay the "lion's share" of the costs.

SAN FRANCISCO TAXPAYERS ASSOCIATION.
W. F. O'Keeffe, Sr., President

TEXT OF ORDINANCE AUTHORIZING BOND ELECTION
PROPOSITION A AND PROPOSITION B

(Special Election)
CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, NOVEMBER 6, 1990, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO PROPOSITIONS TO INCUR THE FOLLOWING BONDED DEBTS OF THE CITY AND COUNTY FOR THE ACQUISITION, CONSTRUCTION OR COMPLETION BY THE CITY AND COUNTY OF SAN FRANCISCO OF THE FOLLOWING MUNICIPAL IMPROVEMENTS, TO WIT: SEVENTY-THREE MILLION EIGHT HUNDRED THOUSAND DOLLARS ($73,800,000) FOR CONSTRUCTION OR RECONSTRUCTION OF A YOUTH GUIDANCE CENTER; PROVIDED, HOWEVER, THAT TWO MILLION DOLLARS ($2,000,000) BE SET ASIDE FOR THE ACQUISITION AND RECONSTRUCTION OF COMMUNITY BASED FACILITIES; SIXTEEN MILLION FIVE HUNDRED THOUSAND DOLLARS ($16,500,000) FOR CORRECTIONAL FACILITIES TO BE CONSTRUCTED OR RECONSTRUCTED PARTIALLY FROM STATE GRANTS AND PARTIALLY FROM MATCHING FUNDS FROM THIS BOND ISSUE; AND THAT THE ESTIMATED COST OF THE MUNICIPAL IMPROVEMENTS IS AND WILL BE TOO GREAT TO BE PAID OUT OF THE ORDINARY ANNUAL INCOME AND REVENUE OF THE CITY AND COUNTY AND WILL REQUIRE EXPENDITURES GREATER THAN THE AMOUNT ALLOWED THEREFOR BY THE ANNUAL TAX LEVY; RECITING THE ESTIMATED COSTS OF SUCH MUNICIPAL IMPROVEMENTS; FIXING THE DATE OF ELECTION AND THE MANNER OF HOLDING SUCH ELECTION AND THE PROCEDURE FOR VOTING FOR OR AGAINST THE PROPOSITIONS; FIXING THE MAXIMUM RATE OF INTEREST ON SAID BONDS AND PROVIDING FOR THE LEVY AND COLLECTION OF TAXES TO PAY BOTH PRINCIPAL AND INTEREST THEREOF; PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION; CONSOLIDATING THE SPECIAL ELECTION WITH THE GENERAL ELECTION; AND PROVIDING THAT THE ELECTION PRECINCTS, VOTING PLACES AND OFFICERS FOR ELECTION SHALL BE THE SAME AS FOR SUCH GENERAL ELECTION.

Be it ordained by the People of the City and County of San Francisco:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1990, for the purpose of submitting to the electors of said city and county propositions to incur bonded indebtedness of the City and County of San Francisco for the acquisition, construction or completion by the city and county of the hereinafter described municipal improvements in the amounts and for the purposes stated:

YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990, $73,800,000 to pay the cost of construction or reconstruction of a Youth Guidance Center; provided, however, that Two Million Dollars ($2,000,000) be set aside for the acquisition and reconstruction of community based facilities, including the acquisition and construction of the facilities and all other works, property and structures necessary or convenient for such additions and improvements to the Youth Guidance Center of the City and County of San Francisco.

CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990, $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition, including related acquisition, construction or reconstruction necessary or convenient for the foregoing purpose; and all other works, property and structures necessary or convenient for such additions and improvements to various correctional facilities of the City and County of San Francisco.

Section 2. The estimated costs of each of the municipal improvements described in Section 1 hereof were fixed by the Board of Supervisors by the following resolutions and in the amounts specified:

Youth Guidance Center System Improvement Bonds, Resolution No. 539-90, $73,800,000; Correctional Facilities Improvement Bonds, Resolution No. 503-90, $16,500,000.

That said resolutions were passed by two-thirds or more of the Board of Supervisors and approved by the Mayor, and in each said resolution it was recited and found that the sums of money specified were too great to be paid out of the ordinary annual income and revenue of the city and county in addition to the other annual expenses thereof or other funds derived from taxes levied for those purposes and will require expenditures greater than the amounts allowed therefor by the annual tax levy.

The method and manner of payment of the estimated costs of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco in the principal amounts not to exceed the principal amounts specified.

Said estimates of cost as set forth in said resolutions are hereby adopted and determined to be the estimated costs of said improvements.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the results thereof ascertained, determined and declared as herein provided and in all particulars not herein recited said election shall be held according to the laws of the State of California and the Charter of the City and County of San Francisco providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Election of the City and County of San Francisco to be held Tuesday, November 6, 1990, and the voting precincts, polling places and officers of election for said General Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for such special election hereby called, and as specifically set forth, in the official publication, by the Registrar of Voters of precincts, polling places and election officers for the said General Election.

The ballots to be used at said special election shall be the ballots to be used at said General Election and reference is hereby made to the notice of election setting forth the voting precincts, polling places and officers of election by the Registrar of Voters for the General Election to be published in the San Francisco Examiner or on or before October 12, 1990.

Section 5. On the ballots to be used at such special election and on the punch card ballots used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following, to be separately stated, and appear upon the ballot as a separate proposition:

"YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $73,800,000 for the construction and reconstruction of a Youth Guidance Center of the City and County of San Francisco; provided, however, that $2,000,000 be set aside for the acquisition and reconstruction of community based facilities."

"CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 for the construction and reconstruction partially from state grants and partially from matching funds from bonds to be issued under this proposition."

Each voter to vote for said any of propositions hereby submitted and in favor of the issuance of the Bonds, shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against the issuance of the Bonds shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. On absent voters ballots, the cross (X) may be marked with pen or pencil.

(Continued on page 70)
PROPOSITION B

YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990.
To Incur a bonded Indebtedness of $73,800,000 for the construction
and reconstruction of a Youth Guidance Center of the City and County
of San Francisco; provided, however, that $2,000,000 be set aside for
the acquisition and reconstruction of community based facilities.

YES 290
NO 291

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City operates the Youth
Guidance Center. This facility houses the Juve-
nile Court, a detention center for juveniles waiting
for court hearings or placement, the Juvenile
Probation Department and other City offices. The
facility is 40 years old and is badly deteriorated.

THE PROPOSAL: Proposition B would allow the
City to borrow $73,800,000 by issuing general
obligation bonds. This money would be used to
pay for building a new Youth Guidance Center.
$2,000,000 of this amount would be set aside to
purchase and improve community-based facili-
ties such as group homes. The interest and
principal on general obligation bonds are paid
out of tax revenues. Proposition B would require
an increase in the property tax.

A “YES” VOTE MEANS: If you vote yes, you want
the City to issue general obligation bonds in the
amount of $73,800,000 to build a new Youth
Guidance Center, and you want to set aside
$2,000,000 of this amount for community-based
facilities.

A “NO” VOTE MEANS: If you vote no, you do not
want the City to issue bonds for this purpose.

Controller’s Statement on “B”

Should the proposed bond issue be authorized and when
all bonds shall have been issued on a fifteen (15) year basis
and after consideration of the interest rates related to current
municipal bond sales, in my opinion, it is estimated that the
approximate costs would be as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bond redemption</td>
<td>$73,800,000</td>
</tr>
<tr>
<td>Bond interest</td>
<td>$40,442,400</td>
</tr>
<tr>
<td>Debt service require</td>
<td>$114,242,400</td>
</tr>
</tbody>
</table>

Based on a single bond sale and level redemption sched-
ules, the average annual debt requirement for fifteen (15)
years would be approximately $7,900,000 which amount is
equivalent to one and eighty-four hundredths cents
($0.0184) in the current tax rate.

How Supervisors Voted on “B”

On July 23, 1990, the Board of Supervisors voted 10-0 on
the question of placing Proposition B on the ballot.

The Supervisors voted as follows:

YES: Supervisors Angela Alioto, Harry Britt, Jim Gonzalez,
Terence Hallinan, Richard Hongisto, Willie Kennedy,
Tom Hsieh, Bill Maher, Wendy Nelder, and Nancy
Walker.

NO: None of the Supervisors present voted no.
ABSENT: Supervisor Doris Ward
PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION B

Children are our future. But the importance we attach to our children is not reflected in San Francisco’s existing Youth Guidance Center.

The Youth Guidance Center (YGC) is a grim, deteriorating detention facility which houses delinquent youth, the juvenile court, juvenile probation department and other agencies that work with our troubled youth and their families.

YGC is outdated, inflexibly designed and in poor condition. The facility is inadequate and unadapted for providing a modern standard of care and services for juvenile offenders. Some of YGC’s most urgent needs are heating, fire safety, security, seismic safety, energy conservation, lighting, ventilation and handicapped access improvements.

Since YGC opened in 1951, it has been criticized by the Department of Justice, California Youth Authority, child advocacy groups and other government agencies. The Youth Law Center has also filed a lawsuit citing the facility’s deficiencies. Proposition B provides the funding needed to build a new facility in accordance with the standards of the California Youth Authority and the American Correctional Association as well as in accordance with the program goals and objectives of San Francisco’s juvenile justice plan.

Proposition B provides $73,800,000 through the issuance of general obligation bonds to build a new Youth Guidance Center and community facilities that will provide the services and humane atmosphere that our children require.

San Francisco’s children deserve the best this City can provide. An investment in their future is an investment in our future. Vote YES on Proposition B.

Submitted by the Board of Supervisors
This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION B

The supervisors’ rebuttal argument (opposite page) is riddled with inaccuracies and distortions.

The supervisors say that “the number of beds has not been cut in half, it hasn’t even been determined yet.” But the official Bond Program Report and other Juvenile Probation Department documents refer specifically to a 72-bed facility (present capacity is 137). Who are the supervisors trying to fool?

The supervisors also say “violent young criminals are not released.” That’s untrue! Under current standards, a gang member with five previous arrests who is arrested at a gang fight carrying a loaded shotgun, will be immediately released.

With half the detention space, many more dangerous offenders must go free because of Proposition B.

VOTE “NO” ON PROPOSITION B.

The supervisors allege that only 10% of juvenile hall referrals are for “violent felonies”. Do you consider the following to be serious or violent crimes?

- Murder
- Manslaughter
- Rape
- Kidnapping
- Robbery

- Assault with deadly weapon
- Assault on police officer
- Assault
- Battery
- Arson
- Automobile theft
- Weapons possession
- Manufacture, sale, or possession of drugs
- Hit and run driving
- Child molestation

These crimes accounted for 3,300 juvenile arrests last year, or 51% of all juvenile hall referrals (Source: 1989 Juvenile Court Annual Report).

VOTE “NO” ON PROPOSITION B.

The supervisors want to spend $114,000,000 in taxpayer money (including interest) for half the detention capacity. A new juvenile hall can be justified, but only with a guarantee of sufficient capacity and sensible pre-hearing release policies.

State Senator Quentin Kopp
No on Proposition B Committee

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT'S ARGUMENT AGAINST PROPOSITION B

Proposition B is the wrong idea at the wrong time.
The National Council on Crime and Delinquency predicts that juvenile crime will increase nationally over the next decade. Despite a declining juvenile population, San Francisco is no exception. Arrest statistics confirm that violent crime by juveniles is on the rise in San Francisco. These aren't truants or runaways, either; they're rapists, robbers and killers. In fact, the number of juveniles arrested for murder increased 190% in San Francisco last year.

Notwithstanding such unmistakable trends, Proposition B would spend $114,242,400 in taxpayers money to build a new juvenile hall with half the detention space of the current facility. Our District Attorney states: "The reduction in bed space poses a substantial danger to public protection and safety."

VOTE "NO" ON PROPOSITION B.

Proposition B will burden San Francisco with a radical approach to juvenile criminals that, in effect, stresses "group homes" in our neighborhoods and even outright releases for hundreds of violent young criminals — instead of a central, secure detention facility.

The current mayoral administration has already weakened the standards for detaining juvenile criminals. Under the new rules, a 17 year-old with 10 prior arrests who is arrested for selling crack cocaine and carrying a loaded .357 magnum, cannot be detained at juvenile hall. He will be immediately released. With only half the detention capacity of the present juvenile hall, Proposition B will cause many more releases like that.

VOTE "NO" ON PROPOSITION B.

No one disputes the fact that juvenile hall needs physical rehabilitation. Maybe it should even be replaced, but not with half the detention space. Juvenile crime is increasing in San Francisco. Borrowing millions for a new building with less capacity is sheer lunacy!

State Senator Quentin Kopp
No on Proposition B Committee

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION B

Let's look at the real facts.
Proposition B allocates $73.8 million for a new juvenile hall. The number of beds has not been cut in half, it hasn't even been determined yet. Size will only be decided after public debate. Proposition B funds enough beds to meet San Francisco's need into the 21st century, and Senator Kopp is misinformed if he believes otherwise.

Only 10% of juvenile hall referrals are for violent felonies. Violent offenders are not released under the current system and serious offenders like the ones Senator Kopp describes will continue to be held if the facility is replaced.

Senator Kopp doesn't tell you that in the present facility, children as young as ten stay in small, musty cells with no private toilets and minimal recreational programs. He doesn't tell you about the health and safety hazards, including asbestos, that may endanger the children and the staff. He doesn't tell you that the facility has been decertified by state authorities, is under investigation by the Justice Department and is being sued for unconstitutional conditions. If Proposition B fails, the City will probably have to replace the Youth Guidance Center at a much higher cost!

Responsible, informed citizens, members of the Juvenile Court, Probation Department, law enforcement and community groups all have endorsed Proposition B.

Don't let a misinformed outlook on San Francisco's children, and on the facts of this proposition, guide your decision.

Vote YES on Proposition B.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Youth Guidance Center is an antiquated and deteriorated facility desperately in need of repair.

If YGC is to have any rehabilitative impact on the lives of juveniles housed there we must pass this bond measure as our city’s commitment to an improved facility, prepared to handle the needs of our troubled youth.

Join me in voting Yes on Proposition B.

Dr. Dan Kelly
Candidate for School Board

We work as Counselors at Youth Guidance Center and strongly support building a new center. The overcrowding and lack of adequate recreational and community facilities has always made the center a difficult place for children.

As we approach the 21st century, we need to treat our most valuable resource, our kids, in a facility offering the best possible social, educational and recreational environment.

Vote YES on B!

Ulysses Madison, YGC Counselors Chapter
United Public Employees Local 790, SEIU

San Francisco must invest in our children — which represents our future.

The asbestos riddled, deteriorating, 40-year-old juvenile justice building needs to be replaced.

Vote YES on B.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Youth Guidance Center is a badly run down facility which has become hazardous for our city’s youth and for the people who work there. It has been repeatedly investigated and criticized by experts and oversight agencies for the last 20 years. It fails to meet federal and state detention facility guidelines, as well as the City’s own building code. It violates fire and earthquake safety requirements. It contains disintegrating asbestos, posing a health threat to youth and staff. The residential units fall below modern standards for room size, heating, ventilation, and lighting. Space for visiting parents, attorney interviews, and recreation is much too small.

The Youth Guidance Center is a danger to the community because it does not provide a modern, high-security detention capacity for the serious and violent offenders who must be housed there. Moreover, the facility is inadequate as a service center for youth and families who come before the juvenile court and need counseling, crisis intervention, supervision, and other services.

Engineering, seismic, and construction experts have shown that the most cost-effective solution for the Youth Guidance Center is to replace the old and hazardous facility with a new structure that will meet the needs of San Francisco youth and citizens well into the next century.

Passage of this measure will not determine the size or configuration of the new facility. This measure will ensure replacement of the present outmoded structure, leaving bed count and other details of design for evaluation after funding has been authorized.

Judges of the Superior Court unanimously and strongly urge a “YES” vote.

John Dearman
Presiding Judge
San Francisco Superior Court

I agree with the judges.

Willie L Brown, Jr.
Speaker, California Assembly

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Existing juvenile facilities are overcrowded and inadequate. The juvenile court system has been sued for injunction to improve conditions. Unless improved, a judge may order city authorities to release violent offenders. We favor alternatives to incarceration for nonviolent offenders. However, overcrowding must be eliminated so that the Police and District Attorney can do their jobs.

Arlo Hale Smith  
BART Director/Candidate For Supervisor
Alexa Smith  
Democratic Committeemember/BART Board Candidate

The Youth Guidance Center is a modern dinosaur. The California Youth Authority once deenortified it because of inhuman conditions. It has been the target of investigation by the U.S. Justice Department for several years, and is now the subject of a pending lawsuit. One expert on juvenile justice facilities stated publicly, “it's the worst juvenile hall that I have ever seen.” The current facility simply cannot provide proper care to detained youth.

Proposition B, which will reconstruct YGC, is a long-overdue response, and an absolutely essential step in correcting these inhuman conditions. Do not be misled by Mr. Kopp's ludicrous position; it is a product of grave misinformation, and a shameful scare tactic. The truth is that of petitions filed in 1988 and 1989, only .3% were for homicide, .2% for rape and 3% for robbery. The truth is that a youth with a long criminal record and a loaded weapon will be detained at YGC. The truth is that San Francisco has one of the toughest detention policies in the State.

As conscientious citizens, we have but one choice: vote YES on Proposition B. As concerned taxpayers, we can no longer allow the City and County of San Francisco to pour money into a dying building that cannot be adequately repaired. This short-sighted approach does a disservice to both our youth and ourselves.

Let's look to our future and tell the future leaders — the youth of today — that we care about their needs, and that they need not be second class citizens.

Greg Day  
President, Coleman Advocates for Children and Youth
Margaret Brodkin  
Executive Director, Coleman Advocates
Peter Bull  
Juvenile Justice Task Force Leader, Coleman Advocates
Jean Jacobs  
Board Member, Coleman Advocates

Vote Yes on B! Help make the future safe for our children.

Carole Migden  
Candidate, Board of Supervisors

The Youth Guidance Center provides support for all youth under the jurisdiction of our Juvenile Courts. This includes children awaiting placement in foster care. This facility is 40 years old and is an example of improvements that have been deferred too long. Youth represent our future. They deserve a modern, hospitable environment.

Vote Yes for our Youth. Vote Yes on Proposition B!

Harold M. Hoogasian  
Small Businessperson/Florist
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Proposition B is the Right Idea at the Right Time

Official studies of the San Francisco Juvenile Hall show that the SPCA houses its dogs under cleaner, healthier conditions than the youth who are placed at Juvenile Hall.

The building has life threatening asbestos, inadequate toilets, shower facilities, and rooms. The entire building is falling apart. It is cheaper to build a new facility than to repair this disaster.

Vote YES on Proposition B.

- Proposition B will allow San Francisco to build a new well designed system, that will have enough rooms to house those who have committed serious offenses, in very secure detention separately from those who have committed less serious offenses.
- Along with a new facility, will be a comprehensive program of services from S.F.U.S.D., D.P.H., D.S.S., and community based organizations all focused on helping youth correct and take responsibility for their actions.
- San Francisco has the opportunity through Proposition B to protect the public, replace a life threatening building, and help youth take responsibility for their own actions.
- That is why the community, Mayor, Board of Supervisors, Commissioners and Public Departments are all supporting Proposition B.

San Francisco Coalition For Children, Youth, and Families

VOTE YES ON PROPOSITION B

Proposition B will provide funds for the construction of a much needed new Youth Guidance Center. The present facility is 40 years old, asbestos ridden and poorly designed for its present and future operations. It has widespread support that includes Law Enforcement, Judges, Department Employees, and many community groups, including African Americans who have fought for many years, along with other advocates for children, for a healthy and decent environment for our children.

The fact is that the overwhelming majority of youth, approximately 90 percent, referred to Child Guidance Center are referred for non-violent offenses. The new facility will provide adequate housing for detained youth requiring locked confinement as well as appropriate counseling and education centers.

DON'T BE MISGUIDED BY FALSE AND MISLEADING INFORMATION.

DO NOT BEfooLED BY SCARE TACTICS VOTE “YES” ON PROPOSITION B

As the Director of Youth Advocates/Huckleberry House, with more than 20 years of experience in dealing with San Francisco's troubled youth, we urge a YES vote on PROPOSITION B. The current juvenile hall is unsafe and inhumane. It fails to meet federal, state, and local safety standards. It would be a deathtrap for the children in a major fire or earthquake.

The politicians opposing Proposition B want to scare you into keeping this hazardous facility. They say the new facility will have fewer secure beds, so violent youth will terrorize our neighborhoods. Scary, if it were true. But it is not true. Proposition B does not place any limit on the space we need to secure youth who have been accused of violent crimes. Right now, only 10% of the youth at the juvenile hall are accused of violent crimes — robbery, rape, murder. The other 90% are there for lesser offenses. Many of them are victims of sexual abuse or family violence.

The new facility will serve the critical needs of San Francisco’s children, youth, and families, while also assuring secure detention for youth accused of serious crime. We need to provide dignity and hope to the families and youth who walk through the doors of our juvenile justice system. If you walked through the doors of the present facility, you would be shocked and dismayed. PLEASE VOTE YES ON PROPOSITION B.

Bruce Fisher
Executive Director, Youth Advocates/Huckleberry House
Michelle Magee
Associate Director, Youth Advocates/Huckleberry House

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

The City desperately needs a new, safe Youth Guidance Center. The present structure is run-down and inadequate.

Vote Yes on Prop. B.

Let trouble children find a new direction in a safe, supportive environment.

Jeff Brown
Public Defender

Judges, Law Enforcement, major unions representing facility employees, and numerous community groups support Proposition B. The opposition to Proposition B is wrong to say that Proposition B would fund a facility only half the size of the current juvenile hall. In fact, facility size has not yet been determined. Proposition B never would have received widespread support if the exaggerated claims of its opponents were true.

Proposition B provides funds to build a desperately needed juvenile hall. San Francisco's Youth Guidance Center is riddled with asbestos, is the subject of a law suit charging unconstitutional conditions, and is under investigation by Federal and State authorities. These conditions may endanger staff and youth alike. Chances are, if Proposition B fails, the facility will be forced into a consent decree like the City's jails, requiring court-ordered new construction at a much higher cost.

Juvenile hall holds minors who are accused but not yet convicted of crimes. Most return to their families within 72 hours when a responsible adult is found. Only 10% are accused of violent felonies. PROPOSITION B WILL PROVIDE AMPLE SPACE FOR ALL OF THE YOUTHS WHO REQUIRE LOCKED CONFINEMENT!

PAID ARGUMENTS AGAINST PROPOSITION B

Spending $74 million dollars on a new juvenile hall with half the capacity is outrageous and irresponsible. Placing "group homes" in our neighborhoods for detention is even worse.

Nobody in their right mind would want a house of juvenile delinquents next door. It is unbelievable to me how anyone could support this crazy proposal.

John Barbagelata

Send the would-be social engineers a good dose of reality on election day. Say no to group homes in our neighborhoods. Vote NO on Proposition B!

This preposterous proposal is an outrageous waste of public funds!

Instead of rehabilitating and expanding the expensive existing facility, the proponents want to build a brand-new one with only half the present bed capacity. The extra two million dollars of "set aside" bond money is to provide jobs for operators of "group homes" in our residential neighborhoods.

Denial this fiscal municipal madness with a NO vote!

San Francisco Taxpayers Association
W.F. O'Keeffe, Sr., President

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION B

The probation officers who work at the Youth Guidance Center urge you to vote NO on Proposition B.

This bond issue could cost the taxpayers as much as $7 million per year for 20 years and it won’t do anything to reduce juvenile delinquency. In fact, we think it will reduce our ability to control and reform young offenders because the new building envisioned by the planners of the bond issue will provide for less detention capacity than we have now.

We think that it is illogical to build a smaller juvenile hall because the existing facility has been cited by the California Youth Authority for being overcrowded, and we have been forced to release offenders whom we would prefer to detain for their own good and for the safety of the public. With a smaller juvenile hall, we will have to release still more offenders who we think should be detained.

It is true that the Youth Guidance Center has been allowed to fall into disrepair; however, the structure appears to be fundamentally sound. It suffered no significant damage as a result of the October 1989 earthquake. We believe that the building can be rehabilitated for far less than the cost of demolition and reconstruction of the entire complex.

If, in the future, another plan is put forth to renovate, reconstruct, or augment the Youth Guidance Center which we believe will enhance our ability to reform offenders and protect our community, we will support it. Unfortunately, Proposition B does not meet these criteria.

Please vote against a more permissive Juvenile Court and against a waste of taxpayer money. Please vote NO on Proposition B.

San Francisco Probation Officers’ Association
Terry Twing, President

BEWARE of Proposition B.

The need to spend money wisely on a longterm solution to deteriorating structural conditions and overcrowding at Juvenile Hall is obvious. Proposition B is not, however, just about $73,000,000 for a new Juvenile Hall.

Proposition B’s exact dollar appropriation is based on specific building guidelines, operating assumptions and cost projections contained in a mandatory “Bond Program Report”. This document is the blueprint for the proposed facility.

Proposition B’s “Bond Program Report” calls for construction of “a 72-bed residential detention component”. That’s a loss of 65 beds from the current 137 certified capacity.

Proposition B’s answer to existing overcrowding is fewer beds.

Proposition B picks up this loss by creating “group homes” in neighborhoods (yet to be designated) and by lowering the detention criteria, thereby reducing the need for a larger capacity.

The “Bond Program Report” puts it this way, “the reduction is based on changes in detention policy that are intended to reduce the use of secure detention”.

Reducing our ability to securely detain youthful violent offenders in the face of increasing violent youth crime is wrong and a misuse of taxes. Many of San Francisco’s streets have become hunting fields for criminal elements, including young gang members and repeated youthful offenders. Proposition B sends a bad message.

The public deserves a full debate on the entire program before incurring additional bonded indebtedness. Where will the proposed “group homes” be placed? What are the funding sources to sustain these “group homes”? What back-up plans are envisioned should more detention capacity be required?

Make Mayor Agnos and the social engineers tell you the full story. Until then, Proposition B is expensive bunk.

Proposition B is BAD for San Francisco. VOTE NO ON PROPOSITION B.

PAID ARGUMENTS AGAINST PROPOSITION B

As a retired probation officer with more than 20 years of first-hand service, it's difficult to watch the misguided criminal justice activists hide behind the public's frustration with the juvenile hall to further their own philosophies. We may need a new juvenile hall, but not one that's half the current capacity.

"Group homes" in the neighborhoods for youthful offenders may sound good to activists but are unacceptable to most of the public.

Lowering detention criteria makes sense to activists, but unloads violent juveniles back into the community.

Sure the judges want new and more modern courtrooms, but at what price to the public?

Don't be fooled by the list of names of those who benefit from the expenditures of your tax dollars. Listen to the police who bust these juveniles, listen to the probation officers who deal with these juveniles, listen to the district attorneys who prosecute these juveniles and listen to the victims who can tell it best.

Vote NO ON PROP B, because the last thing San Francisco needs is another misguided solution for dealing with juvenile crime.

*Anders W. Petterson*

As a native born resident of San Francisco and 33 year veteran of correctional social work, I am in favor of some community based alternatives to institutionalization like the very effective ones operated by the Youth Advocates organization at Sojourner and Huckleberry Houses.

However, I am also very much opposed to the plan proposed in Proposition “B” which I believe would allow dangerous offenders to be released to group home programs unable to control their behavior. Accordingly, I strongly recommend that you vote NO on Proposition “B”.

*Mike Basten*
Member, Board of Directors
State Coalition of Probation Organizations

THE FULL TEXT OF THIS MEASURE BEGINS ON PAGE 60.
LEGAL TEXT OF PROPOSITION A AND PROPOSITION B (Continued from page 60)

If and to the extent that punch card ballot cards are used at said special election, each voter to vote for any said proposition shall punch the ballot card in the hole after the word "YES" to the right of said proposition, and to vote against said proposition shall punch the ballot card in the hole after the word "NO" to the right of said proposition.

Section 6. If at such special election it shall appear that two-thirds of all the voters voting on the proposition voted in favor of and authorized the incurring of a bonded indebtedness for the purposes set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvements described herein. Such bonds shall be of the form and character known as "serials," and shall bear interest at a rate not to exceed 12 per centum per annum, payable semianually, provided, that interest for the first year after the date of any of said bonds may be payable at or before the end of that year.

The votes cast for and against said respective propositions shall be counted separately and when two-thirds of the qualified electors, voting on such propositions, vote in favor thereof, such proposition shall be deemed adopted.

Section 7. For the purpose of paying the principal and interest on said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until such bonds are paid, or until there is a sum in the Treasury of said city and county set apart for that purpose to meet all sums coming due for the principal and interest on said bonds, a tax sufficient to pay the annual interest on such bonds as the same becomes due and also such part of the principal thereof as shall become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of such principal.

Section 8. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Examiner, a newspaper published daily in the City and County of San Francisco, being the official newspaper of said city and county and such publication shall constitute notice of said election and no other notice of the election hereby called need be given.

Section 9. The appropriate officers, employees, representatives and agents of the City and County of San Francisco are hereby authorized and directed to do everything necessary or desirable to the calling and holding of said special election, and to otherwise carry out the provisions of this ordinance.
Port Revenue Bond Procedures

PROPOSITION C
Shall the repayment of bonds be made the Port's highest spending priority, and shall the Port Commission be allowed, with Board of Supervisors' approval but without voter approval, to issue revenue bonds under rules adopted by the Port Commission? 

YES 292
NO 293

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Charter sets spending priorities for the Port. The highest spending priority for the Port is to pay its operating expenses; the repayment of bonds is a lower priority.

Port revenue bonds may be issued only with the approval of the voters. The procedure for the Port to issue bonds is set out in a State law that has been repealed.

THE PROPOSAL: Proposition C is a charter amendment that would make the repayment of bonds the Port's highest spending priority.

Proposition C would allow the Port Commission to issue revenue bonds without voter approval. The Board of Supervisors must approve such bonds. The Port Commission would be allowed to adopt its own procedures for issuing revenue bonds.

A "YES" VOTE MEANS: If you vote yes, you want to make the repayment of bonds the Port's highest spending priority. You also want to allow the Port, with the approval of the Board of Supervisors, to issue revenue bonds, without voter approval. You want to allow the Port Commission to adopt its own procedures for issuing revenue bonds.

A "NO" VOTE MEANS: If you vote no, you do not want to change the Port's spending priorities and you do not want to change the way revenue bonds are issued for the Port.

Controller's Statement on "C"
Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.

How Supervisors Voted on "C"
On July 9, 1990, the Board of Supervisors voted 9-0 on the question of placing Proposition C on the ballot.
The Supervisors voted as follows:
NO: None of the Supervisors present voted no.
ABSENT: Supervisors Richard Hongisto, Doris Ward

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION C

The Board of Supervisors urges you to vote "Yes" on Proposition C.

The Port is a self-supporting enterprise agency which operates without any tax support. To pay for infrastructure improvements on the waterfront, such as marine terminals, fishing facilities, roads and utility upgrades, the Port must issue bonds. The bonds would be repaid solely from Port revenues.

THIS CHARTER AMENDMENT WILL
• ENABLE THE PORT TO SAVE THOUSANDS OF DOLLARS AT NO COST TO TAXPAYERS.
• GIVE THE PORT THE FLEXIBILITY TO TAKE ADVANTAGE OF LOWER INTEREST RATES IN BOND MARKETS.
• FREE THE PORT FROM A REPEALED STATE BOND LAW AND PERMIT IT TO USE MODERN FINANCING TECHNIQUES.
• INCREASE THE PORT'S CREDITWORTHINESS AND BOOST INVESTOR CONFIDENCE IN THE PORT.

This Charter amendment will re-prioritize the use of monies in the Port's operating fund to provide that principal and interest on Port Bonds is the highest priority. This will bring the Port in line with other port issuers throughout the nation and improve the Port's creditworthiness and boost investor confidence, thereby resulting in a lower borrowing cost for the Port. Operations and Maintenance costs will continue to be funded annually from the Port's operating budget.

Charter Section 7.300 requires voter approval before any new Port Revenue Bonds can be issued. This charter amendment will change the requirement for approval from the electorate to the Board of Supervisors, similar to the oversight requirements for the issuance of bonds by the San Francisco International Airport.

Since Port Revenue Bonds are secured solely by Port revenues they do not have an effect on other City services, property taxes or rates. Thus, the City will not have any financial liability for any Port bond issues.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION C

DON'T SIGN A BLANK CHECK!

The Supervisors claim that "C" will "enable the Port to save thousands of dollars at no cost to the taxpayers" and "not have an effect on other City services, property taxes or rates."

If you believe that, we've got a bridge to sell you!

The truth is that Proposition C allows the Supervisors and Port Commission to issue bonds without voter approval. That's right, WITHOUT VOTER APPROVAL.

"C" gives City officials free rein to issue bonds and spend money for any pet project they want.

You, the taxpayer, will no longer have the right to vote "NO".

The same City government that has saddled us with 10 deputy mayors (New York, with 10 times our population has only 5!) will now be free spend yet more money without the control of voter approval for Port bond issues.

This is the same City government that has raised our sewer service charges and taxes for small business.

The same City government that gave away use of a $9 million City street to the Rockefellers for free.

The same City government that is fighting Proposition "H" tooth and nail because the officials want to give use of the Port away to hotels and other nonmaritime uses.

DO YOU TRUST THEM WITH A BLANK CHECK?

Vote "NO" on "C"

Arlo Hale Smith

BART Director/Candidate for Supervisor

Alexa Smith

Democratic Committeemember/BART Board Candidate

FOR: COMMITTEE FOR HONESTY IN GOVERNMENT
OPPONENT'S ARGUMENT AGAINST PROPOSITION C

"C" is "CYNICAL".
Proposal C is a cynical measure proposed by the current Supervisors to allow the Supervisors and Port Commission to issue bonds without voter approval!
That's right — WITHOUT VOTER APPROVAL!
During the past two decades, city officials have allowed the Port to decline — and maritime business to move to Oakland, Los Angeles, and elsewhere.
Now they want Port land to be used for hotels and other non-maritime uses. Such proposals can only worsen the Port's decline by eliminating space for maritime activities.
If Proposition "C" is passed, it will be possible for the Supervisors to advance such schemes — with the help of bond issues — by eliminating any requirement of voter approval.
And, unless we pass Proposition "H", the Supervisors and Port Commission will have carte blanche to use Port land for non-maritime purposes.
But what do you expect!
Proposition C was put on the ballot by the same Supervisors who have raised our sewer service charges and parking fines.
The same Supervisors who have imposed unnecessary taxes on small businesses.
The same Supervisors who had the chutzpah to demand a 70% pay raise last year.
The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.
The same Supervisors who fought the two-term limit tooth and nail.
Vote "Yes" on preserving your right to vote on Port bonds.
Vote "No" on waste and mismanagement in City government.
Vote "No" on special interest deals at City Hall.
Vote "No" on "C" and "Yes" on "H".

CITIZENS FOR HONESTY IN GOVERNMENT
Alexa Smith, Treasurer
(Democratic Committee member/BART Board Candidate)
Arlo Hale Smith, Chair
(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION C

The opponents of Proposition C missed the point! Proposition C has nothing to do with cynicism. It is based on optimism about our Port's ability to compete in worldwide shipping and continue being a working waterfront.
The modern shipping industry requires more than just water and piers to dock at our Port — it needs modern container terminals and new cranes to accommodate bigger ships.
Since the Port does not receive city tax monies, these expensive improvements need to be paid for out of revenue bonds, backed by profits from the Port's commercial businesses.

Proposition C is not an attempt to bypass the voters. Like the Airport, Proposition C would allow the Port to take advantage of favorable bond markets by not having to wait for an election. The Board will review the terms and projects for the bond issuance and there would be full public review and participation. The Port issues revenue bonds for maritime projects exclusively.
The technical changes proposed in Proposition C were recommended by the Port's independent financial advisors and bond counsel to improve the Port's credit rating and investment opportunities. It is a sound and financially prudent measure aimed at keeping maritime business at our Port. It has nothing to do with any other Proposition.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.
Paid Argument in Favor of Proposition C

Vote Yes on C! Help make the Port competitive again!

Carole Migden
Candidate, Board of Supervisors

Paid Argument Against Proposition C

Issuing bonds is taxpayer borrowing, pure and simple! General obligation bond measures, backed by the city’s General Fund, always have required voter approval.

In 1976, San Francisco voters adopted a Charter amendment to require voter approval of revenue bond measures, too. The idea behind revenue bonds is that the improvements will pay their own way. If they don’t, however, city taxpayers could foot the bill.

Our taxes either pay off directly — or are responsible for ultimately — all city debts, including revenue bonds. We have a right to approve those debts ahead of time.

VOTE “NO” ON PROPOSITION C.

Proposition C would delete the voter approval requirement for revenue bonds issued by the Port of San Francisco. That’s a foolish and unwarranted change.

Port officials assert that a 1981 Charter amendment exempted airport revenue bonds from voter approval. But San Francisco International Airport is a far cry from the Port of San Francisco. Our airport is a gold mine of revenue from airline landing fees, parking fees, concession income, and other sources.

The Port, on the other hand, lost the lucrative container shipping business to the Port of Oakland long ago, and has a history of troublesome management, tenant problems, and uncollected bills.

In addition, the 1981 exemption for airport revenue bonds was part of a legal settlement that netted millions of dollars for the city’s General Fund. What will the passage of Proposition C provide to our strapped city treasury? Not one dime.

VOTE “NO” ON PROPOSITION C.

If the Port has a good reason to issue revenue bonds, the voters will approve the debt. Why “fix” a system that isn’t broken?

State Senator Quentin L. Kopp
Independent, 8th District

John Figone
Member, Democratic County Central Committee

Harold Hoogasian
Member, Republican County Central Committee
NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike out type.

6.406 Harbor Revenues and Expenditures

The revenues of the harbor and of all properties and facilities incident thereto, or used in connection therewith, shall be deposited in a separate fund in the treasury of the city and county; and a harbor trust fund or trust funds shall be established by the city and county; and the city and county shall deposit in the fund or funds all monies received attributable to facilities on the transferred lands in the harbor.

Subject to the terms and conditions of Statute 1968, ch. 1333, appropriations from such funds shall be made for the following purposes and in the order named, viz:

(a) for the payment of maintenance and operating expenses, pension charges and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require;

(b)(a) for the payment of the principal and interest of any obligations of the State of California and assumed or agreed to be paid by the City and County of San Francisco;

(b)(b) for the payment of principal, interest, reserve funds, sinking funds, and other funds established for the benefit of revenue bonds or other revenue obligations issued pursuant to the authority contained in Section 7.305 of this charter;

(c) for capital improvements to the properties of said harbor or used in connection with the operation thereof;

(d)(c) for the payment of the principal and interest on any general obligation bonds issued by the City and County of San Francisco for the acquisition, construction, repair or extension of said harbor or of any of the facilities used in connection therewith; and

(d) for such other uses and purposes as the Port Commission determines to be in the best interests of the Port which shall include, but shall not be limited to, expenditures for the improvement, maintenance and operation of Port facilities.

(f) an amount which shall be sufficient to meet the cost of reconstruction and replacement made necessary by the physical and functional depreciation of any of the properties or equipment of said harbor as the same shall occur;

(g) to pay for extension and betterments to said harbor, or to the equipment and facilities thereof; and

(h) to establish a surplus or sinking fund for the improvement or extension of the harbor or any facility used in connection therewith.

7.300 General Laws Applicable

The general laws of the State of California authorizing the incurring and establishing the procedure for the creation of bonded indebtedness and authorizing and establishing the procedure for the issuance of bonds to refund indebtedness of municipalities in force at the time any bonded indebtedness is created or refunded by the city and county shall, except as otherwise provided in this Charter, be applicable to the creation of bonded indebtedness and the issuance of refunding bonds by the city and county. Revenue bonds shall not be issued for any purpose unless the proposition to issue the revenue bonds has first been approved by a majority of the voters voting on the proposition; at a general or special election; provided, however, this requirement shall not apply:

(1) to bonds approved by the board of supervisors prior to January 1, 1977; or

(2) to bonds issued pursuant to the authority contained in the Marks Foran Residential Rehabilitation Act of 1973; or

(3) to bonds approved by a resolution of the board of supervisors adopted by an affirmative vote of three-quarters of the members of the board if the bonds are to finance a building or buildings, fixtures or equipment which are deemed by the board to be necessary to comply with an order of a duly constituted state or federal authority having jurisdiction over the subject matter; or

(4) to port and airport revenue bonds issued pursuant to Sections 7.305 and 7.306, respectively, of this charter; or

(5) to revenue bonds which are issued as refunding bonds the sale of which results in a lower total scheduled principal and interest payments of the City and County of San Francisco. The board of supervisors by ordinance shall prescribe a procedure for the issuance of refunding bonds.

(6) to loans directly or indirectly from, or bonds guaranteed or subsidized by, the State of California or United States of America for projects which are intended to protect or preserve the environment, where the acceptance of a loan or issuance of bonds would be the most cost-effective method of financing a particular project. For purposes of this subsection (6), the determination of what constitutes the most cost-effective method of financing shall be made by resolution of the board of supervisors as recommended by the chief administrative officer.

7.305 Revenue Bonds of the Port Commission

Subject to the approval of the Board of Supervisors the Port Commission shall have the exclusive power to perform or accomplish the issuance of revenue bonds or other types of revenue obligations under such procedures and in accordance with such terms as may be established by resolution of the Port Commission, in the same manner and to the same extent as is provided for by the San Francisco Harbor Revenue Bond Act of 1951, enacted by Stats. 1951, Chapter 1712, page 4020, of the Statutes of California and codified as Sections 3300 to 3369 of the Harbors and Navigation Code of the State of California, except that the provisions of said Act codified as Section 3338 of the said Harbors and Navigation Code shall not be applicable to these bonds and the bonds shall instead be governed by the following provision:

The San Francisco Port Commission may fix terms and conditions for the sale or other disposition of any authorized issue of bonds and may provide that the bonds may be sold on the basis of the lowest net interest cost to the San Francisco Port Commission, the coupon rates to be fixed by the successful bidder on the sale of the bonds. The San Francisco Port Commission may authorize the City Treasurer to sell bonds at less than their par or face value, but no bond may be sold at a price below 95 percent of the principal amount of the bond and accrued interest thereon. The said San Francisco Port Commission may set the annual rate or rates of interest which the bonds to be issued shall bear, which rate or rates, at the discretion of the said Commission, may be determined by the bidder at the time of sale of said bonds. Such interest may be payable at such periods as may be fixed by the Commission.

All of the other provisions of said Act are by this reference incorporated in and made a part of this charter, except that where the term "Board of State Harbor Commissioners" is used it shall be deemed to mean the "Port Commission," and where the term "San Francisco Harbor" is used it shall be deemed to mean all the property under the jurisdiction of the San Francisco Port Commission, and where the term "San Francisco Harbor Finance Board" or "Bond Finance Board" is used it shall be deemed to mean the "Board of Supervisors of the City and County of San Francisco," and where the term "Attorney General of the State of California" is used it shall be deemed to mean "City Attorney," and where the term "State Treasurer" is used it shall be deemed to mean "City Controller." The revenue bonds issued hereunder shall be known as "Revenue Bonds of the Port Commission of San Francisco."
hours, benefits and terms and conditions of employment; and it shall be final and binding on the parties to the dispute, including the City and County of San Francisco, its commissions, departments, officers and employees. No other actions or procedural steps to confirm or approve the decision of the arbitration board shall be permitted or required; provided, however, that the City and County of San Francisco, its designated officers, employees and representatives and the recognized employee organization involved in the dispute shall take whatever action that is necessary to carry out and effectuate the decision of the arbitration board.

(f) The expenses of any arbitration proceeding convened pursuant to these Charter sections, including the fee for the services of the chairperson of the arbitration board, the costs of preparation of the transcript of the proceedings and other costs related to the conduct of the proceedings, as determined by the arbitration board, shall be borne equally by the parties. All other expenses which the parties may incur are to be borne by the party incurring such expenses.

(g) The impasse resolution procedures set forth in Section 8.590-5 shall not apply to:

1. any dispute or controversy concerning the San Francisco Police Department’s crowd control policies;

2. any procedures or practices relating to the processing and disposition of complaints handled by the Office of Citizens’ Complaints; or matters relating to disciplinary procedures that apply to disciplinary actions involving members of the San Francisco police department and fire department covered by these sections; or matters covered by Charter section 8.343; and

3. any rule, policy, procedure, order or practice which relates or pertains to the purpose, goals or requirements of a consent decree, or which is necessary to ensure compliance with federal, state or local anti-discrimination laws, ordinances or regulations.

In the event the City acts on a matter it has determined relates to or pertains to a consent decree, or in the event the City acts to ensure compliance with federal, state, or local anti-discrimination laws, ordinances or regulations, and the affected employee organization disputes said determination, that determination or action shall not be subject to arbitration.

8.590-6 Retiree Benefit Adjustments

No agreement reached by the parties and no decision of the arbitration board shall reduce the vested retirement benefits of retirees or employees of the fire department, police department or the airport police officers. Retirement and death allowances shall continue to be set and adjusted pursuant to Chapter Five of this Article, except that the amount to which said allowances are set and adjusted shall not be less than the amount said allowances would be if the salaries of the uniformed forces in the police and fire departments continued to be set pursuant to Charter Section 8.405. Any agreement or decision of the arbitration board altering vested retirement benefits shall be subject to the written approval of the individual beneficiaries thereof.

8.590-7 Preservation of Tax Benefits

(a) Sections 8.590-1 through 8.590-7, in their entirety, shall be subject to and limited by charter section 8.500 and any ordinances enacted pursuant thereto. Sections 8.590-1 through 8.590-7 shall be effective only to the extent that benefits authorized by or authorized pursuant to those sections do not have an adverse consequence on the tax treatment of benefits provided to any employee of the city and county.

(b) Any agreement reached by the parties or any decision of the arbitration board which authorizes a modification of any aspect of the retirement system or of any aspect of the provision or delivery of retirement benefits shall not become effective until the following occur:

1. The retirement board, acting in its fiduciary capacity, forwards to the board of supervisors certification that implementation of the modifications presents no risk to the tax-qualified status of the retirement system. Such certification shall be based upon the advice of the general manager, the actuary of the retirement system, and any outside consultants that they may in their discretion retain; and,

2. After having received the certification referred to in the previous paragraph and after having made its own independent finding based on clear and convincing evidence that implementation of the modifications presents no risk to the tax-qualified status of the retirement system and will not increase the taxes of city and county employees, the board of supervisors, by a three-quarters vote, enacts an ordinance making the modifications effective.

(c) Costs of any outside consultants retained by the city and county pursuant to this section shall be borne equally by the city and county and by the bargaining units concerned.
Police and Fire Bargaining and Arbitration

PROPOSITION D
Shall the wages, hours, benefits and working conditions for police officers, firefighters and airport police be set by collective bargaining, with disputes decided by final and binding arbitration?

YES 294  NO 295

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The salaries of police officers, firefighters and airport police ("safety officers") are based on a survey of salaries paid by other cities and counties. Retirement benefits and death allowances are set by the Charter. Other terms and conditions of employment are either specified in the Charter or set by the City after negotiations.

THE PROPOSAL: Proposition D is a charter amendment that would require the City and safety officer organizations to negotiate through collective bargaining wages, hours, benefits and working conditions ("terms of employment"). Proposition D would override any conflicting charter provision, ordinance or departmental rule except for certain provisions of the Retirement System.

If the parties cannot reach agreement, the disputed issues would be decided by binding arbitration. The parties would submit a last offer on each disputed issue to a board of three arbitrators. On each issue, the arbitrators would choose either the City's or employees' last offer based on a list of specified factors, including the cost of living, comparable wages and benefits paid in other districts, and consideration of the City's ability to pay. The arbitrators' decision would be final. The City could not change any existing term of employment until agreement is reached or the matter is resolved by arbitration.

Under Proposition D, retirement benefits and death allowances would be based on the higher of (1) salaries determined through collective bargaining or (2) salaries that would have been paid under the current salary survey process. Other aspects of retirement benefits could be changed by negotiation or arbitration, regardless of existing charter provisions.

Any agreement or arbitration decision that changes any aspect of the Retirement System would not go into effect until the City certifies that there would be no negative tax effect on employee benefits. Each affected individual could choose whether to accept the change.

A "YES" VOTE MEANS: If you vote yes, you want to make these changes to the way terms of employment are set for safety officers.

A "NO" VOTE MEANS: If you vote no, you do not want to make these changes.

Controller's Statement on "D"
Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there could be a cost effect, the amount of which, being dependent upon negotiation or arbitration, cannot be determined, but may be substantial.

How Supervisors Voted on "D"
On July 25, 1990, the Board of Supervisors voted 7-4 on the question of placing Proposition D on the ballot.

The Supervisors voted as follows:

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION D

San Francisco police and firefighters put their lives on the line, but have no say in vital decisions about their jobs or well-being. As morale plummets and frustration increases, San Francisco is losing experienced and trained police officers.

With fewer experienced and motivated personnel on the front lines, PUBLIC SAFETY SUFFERS while San Francisco crime rises — with 837 more robberies so far this year, a 35.5% increase.

No other city in the nation treats its police and firefighters like the City and County of San Francisco. The City doesn’t provide dental care, or pay for family medical insurance; benefits are non-negotiable. Despite cost of living differences, San Francisco’s salaries are based on what Los Angeles, Long Beach, San Jose and San Diego pay safety employees.

Proposition D reforms this archaic system, putting San Francisco in step with all other major Bay Area cities by authorizing negotiating of employment issues. Proposition D will:

• Allow negotiation of benefits such as dental insurance at no cost to the City — in return for reduced pay increases over time.
  The current system prohibits reasonable solutions, even when both the City and employees agree.
• Be fair to the City, because it requires evaluation of San Francisco’s financial condition and ability to pay before setting annual wages and benefits.
  (Note: The old system prohibits consideration of San Francisco’s financial condition in setting salaries.)

Your Board of Supervisors approves a City budget annually. Proposition D eliminates automatic increases based on Los Angeles salary raises, giving San Francisco flexibility to help meet critical needs and emergencies in bad years.

Vote YES ON PROPOSITION D to provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration. Vote YES for your police and firefighters, and for better public safety!

Supervisors voting for this argument may not agree with the measure, but agree the argument is accurate.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION D

Whenever we have to make tough choices that the police or fire unions don’t like, they say it’s political.

In our professional judgment, Proposition D will be a disservice to the Police and Fire Departments and a disservice to the taxpayers.

San Francisco cannot afford to have amateurs make public safety decisions.

Our retirees cannot afford to have their benefits taxed. Proposition D could do that.

San Francisco cannot afford to have arbitration awards take money from police and fire equipment to pay for costly new benefits.

Our police and fire personnel work hard for our city and do a good job. They deserve good pay and benefits. But Proposition D goes too far.

Please join us in voting NO on Proposition D.

Police Chief Frank Jordan
Fire Chief Frederick F. Postel
OPPONENT'S ARGUMENT AGAINST PROPOSITION D

Do not be deceived by Proposition D.
Proposition D jeopardizes the city's Retirement System, increases costs, and takes management authority away from the Police and Fire Chiefs. San Francisco voters rejected Proposition D in 1979. Reject it again.

Retirement System Jeopardized
The City Attorney has ruled that Proposition D threatens the City's retirement system — possibly costing San Francisco taxpayers and retired workers hundreds of millions of dollars!

A Blank Check
There is no limit on how high salaries or benefits could soar.
With State and Federal budget deficits ahead, we need to find ways to reduce the cost of government.

Unlimited Binding Arbitration is a Dumb Idea
At first, submitting disputes to an arbitrator sounds fair. But a closer look reveals major problems.
1. An arbitrator is not accountable — to the Police and Fire Chiefs, or the voters. The arbitrator makes the decisions, but San Franciscans have to live with the consequences.
2. An arbitrator is not qualified to make public safety decisions.

The police and fire Chiefs should decide how to balance the need for personnel, equipment, and benefits. Those are public safety decisions to be made by Chiefs — not amateurs.
3. The voters — not an arbitrator — should make final decisions. Once granted, some employee benefits can never be taken away — even by the voters.

The Chiefs Should Run the Police and Fire Departments
Last year, the Fire Chief wanted to hire more firefighters and purchase new fire trucks. The Fire Union wanted more overtime. San Francisco voters backed the Fire chief. This year, the Police Chief ordered more police officers to work uniformed street patrol. The Police Union criticized that.

Under Proposition D, the Chiefs' decisions could be overruled. Don't Be Deceived — Vote No on Proposition D.

Fred Postel
Fire Chief
Frank Jordan
Police Chief

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION D

Q. Why do the chiefs oppose this?
A. Because as political appointees, they must respond to political pressure, not just public safety needs.

But San Francisco's former police chiefs and fire chiefs support Proposition D because it improves public safety.

Police and firefighters presently can't negotiate. Under the current "take it or leave it" system San Francisco:
- lost 33% more officers this year than the usual average;
- is 164 officers short of previously-authorized staffing;
- has seen CRIME INCREASE 24% this year with fewer experienced and motivated police.

Don't be misled:
1. "TAX IMPACTS" IS A PHONY ISSUE. No retirement system change is allowed unless the City certifies it "presents no risk to the tax-qualified status of the retirement system." (Section 8.590-7)

2. COLLECTIVE BARGAINING WORKS. Although virtually every large city utilizes this process, arbitration has been used to resolve disputes only 5 times since 1985.

3. MANAGEMENT CONTROL PRESERVED. The current system jeopardizes the ability of chiefs to manage their forces, as high turnover reduces productivity and wastes training. Proposition D reduces turnover and allows those who risk their lives to discuss safety decisions. But the chiefs retain exclusive control over important management decisions — including crowd-control and discipline. (Section 8.590-5)

4. PROPOSITION D CONTROLS SPENDING. Currently, San Francisco had no control over salaries. Under Proposition D, numerous standards must be met before San Francisco can increase wages, including consideration of the City's financial condition. (Section 8.590-5)

VOTE YES on D for fairness and improved public safety.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.
Noes: Supervisor Kennedy.
Absent: Supervisors Alioto, Britt and Hongisto.
PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Collective bargaining and binding arbitration are basic labor issues.

We support Proposition D because it represents a return to a fair and equitable form of labor relations. This measure will accomplish what the years of discussions, study groups and commissions has failed to do — return San Francisco to a flexible system of contract negotiations for Police and Fire personnel.

As miscellaneous employees, we share a major problem with the police and fire employees. We don’t have basic health benefits such as a dental plan or dependent health care. The current system, according to the Mayor’s Task Force on Family Policy, lacks the flexibility needed to respond to San Francisco’s families.

It is time to modernize San Francisco government. Vote YES on D!

Shirley Black, President
United Public Employees Local 790, SEIU

Paul Varacalli, Executive Director
United Public Employees Local 790, SEIU

Collective bargaining, with disputes being clearly and reasonably resolved through binding arbitration, will improve the morale of our safety personnel.

Vote YES on D.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Vote Yes on D! Support fairness for our police and firefighters.

Carole Migden
Candidate, Board of Supervisors

FORMER CHIEFS SAY:
BOOST POLICE AND FIRE FIGHTING PRODUCTIVITY — VOTE FOR PROPOSITION D!

THE PROBLEM: Declining morale threatens to cripple our police and fire department productivity. Recruitment and retention of quality people to cope with fires, emergencies and soaring crime is getting tougher.

San Francisco denies police and firefighters basic collective bargaining and arbitration rights held by their counterparts in all other major Bay Area cities — and most of America’s largest cities.

The City’s present system prohibits incentives for bilingual abilities or education above high school — despite the challenges of serving San Francisco’s diverse cultures.

The issue goes beyond fairness. The current Charter seriously jeopardizes the ability of police and fire chiefs to manage their forces. We’re losing experienced police officers to other cities at the highest rate in our history, 33% higher than average. The high turnover contributes to the crime rate, squanders our training investment, and costs us seasoned officers.

San Franciscans are justly proud when our firefighters and police spring into action during a crisis — like the latest earthquake. But when the smoke clears, we cannot turn away from the men and women who perform so heroically.

THE SOLUTION: Proposition D helps solve this problem. Proposition D would:

- Allow police and firefighters a voice in decisions about their safety and well-being.
- Provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration.

Negotiation and arbitration have proven their effectiveness in cities across the nation. So why are we continuing to operate the police and fire departments of the country’s most progressive city like a medieval village? VOTE YES ON PROPOSITION D!

Jo Daly, Police Commissioner (1980-1986)

Thomas Cahill, Former Police Chief, San Francisco Police Department

Donald Scott, Former Police Chief

Al Nelder, Former Police Chief

Keith Calden, Former Chief of SFFD

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Public safety demands it! Vote “YES” on “D”.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committee member/BART Board Candidate

We are former city officials with many years of budgetary experience with the City and County of San Francisco. In the public interest, we offer this nonpartisan analysis of Proposition D.

PROPOSITION “D” PROTECTS THE CITY’S BUDGET: Let us leave aside the arguments of fairness to people who risk their lives for our safety, and focus on the cold hard financial concerns of officials who have to balance the City’s budget while adequately compensating firefighters and police officers.

We’re sitting on a time bomb. The current San Francisco charter requires automatic wage increases based on pay rates in four California cities including Los Angeles, Long Beach and San Diego.

Let’s use common sense. What happens if the Bay Area goes into a recession while Southern California’s economy booms? Our city budget could go out of control — under present law.

Proposition D eliminates that fiscal danger by 1) abolishing automatic pay hikes and 2) ensuring that the City’s ability to pay is taken into account in decisions on benefit and wages.

As a former San Francisco Police Commissioner, I find it frightening to examine recent statistics on violent crimes in San Francisco. Through August 11, 1990, San Francisco has had:

- 1,234 more robberies this year than during the same period last year (a 48% increase);
- 16 more homicides (up 31%);
- 31 more rapes (up 13%), and
- 154 more aggravated assaults (up 6%).

While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.

Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:

- lack of educational incentives.
- Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”
- Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in 15 of the nation’s 20 largest cities. It’s a proven and effective system that brings labor peace and improves police morale.

San Francisco police lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.

A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Jo Daly
Police Commissioner (1980-1986)
As Mayor of San Francisco for over nine years, public safety and law enforcement were among my top priorities.
Consequently, I was alarmed to examine the most recent report on violent crimes in San Francisco. For this year alone through August 11, 1990, San Francisco has suffered:
• 1,234 more robberies than during the same period of last year (a 48% increase);
• 16 more homicides (up 31%);
• 31 more rapes (up 13%), and
• 154 more aggravated assaults (up 6%).
While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.
Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:
• lack of dental care;
• no family medical insurance;
• poor working conditions;
• lack of educational incentives.
Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”
Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in most of the nation’s largest cities. It’s also a system that has proven its effectiveness in other Bay cities over the last ten years, bringing labor peace and improving police morale.
San Francisco police and firefighters lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.

A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Dianne Feinstein
Former Mayor of San Francisco
PAID ARGUMENTS IN FAVOR OF PROPOSITION D

FISCAL ANALYSIS OF PROPOSITION D
by John C. Farrell
Controller, City and County of San Francisco, 1974-1989
I believe there are compelling fiscal reasons for reforming the City's existing method of compensating police and firefighters by passing PROPOSITION D.

PRESENT LAW:
- Prohibits consideration of the City's ability to pay for any proposed wage and benefits increases.
- Denies policy makers flexibility needed to tailor benefits to emergencies and changes affecting the City's budget.
- Locks the City into a wage formula based on Los Angeles and San Diego pay levels for police and firefighters.
- Fails to take cost-of-living differences among various cities into consideration in calculating automatic pay increases.

PROPOSITION D WOULD:
- Mandate consideration of the City's ability to fund — without additional burden to taxpayers — wage or benefit hikes. Disputes would be resolved by independent, professional arbitrators.
- Establish a method for fairly adjusting levels of compensation needed to retain competent people — without busting the budget. Until we can find means of providing family medical care for police and firefighters, we will continue to lose experienced officers.
- Give San Francisco's elected officials the ability to negotiate sensible changes in compensation packages. For example, pay increases reductions could be negotiated in return for family medical care — at no extra cost to the city.
- Free San Francisco budgets from outside control. As ridiculous as it sounds, officials in Los Angeles now have more control over this part of the city's budget than our own representatives.
- Bring San Francisco a fiscally responsible system. That is enjoyed by every other major Bay Area city and the most American cities.

Stewards of the City's budget need a more rational method of matching San Francisco's needs with treasury resources. Let's restore some sanity to the process. VOTE FOR PROPOSITION D.

John C. Farrell
Controller, City and County of San Francisco, Retired

YES ON PROPOSITION D

Proposition D is fair both to the City and to the public safety employees. It would abolish the current pay system for police, fire and airport safety personnel, which is based exclusively on what other cities pay their safety employees. This process would be replaced by collective bargaining with a provision for binding arbitration in the event of an impasse. Proposition D would also prohibit strikes.

Collective bargaining has always been a sound principle of employee/employer relationships. Proposition D would allow the City and its safety personnel to sit down together and agree on wages, benefits and working conditions, taking into account the uniqueness of San Francisco. The provision for arbitration in the event of an impasse and the prohibition on strikes will guarantee fair and equitable treatment of our taxpayers and safety personnel and at the same time would eliminate the danger of any work stoppages.

That's why I strongly support Proposition D which is a concept I have supported consistently for more than 25 years.

John Burton, Member of the Assembly

PROTECT CIVIL RIGHTS: VOTE "YES ON PROPOSITION D"

We have examined Proposition D and find it strengthens protection of vital civil rights as well as the rights of working people. Under the sponsorship of the Board of Supervisors, these protections were included in the charter amendment:
- Affirmative Action. Employment rights of women and minorities, and policies designed to ensure compliance with local, state and federal anti-discrimination laws and regulations are protected by Proposition D.
- Petitioning Rights. Crowd control policies designed to ensure that local law enforcement does not interfere with the rights of peaceful demonstrators are protected.
- Complaints Procedures. Proposition D would not interfere with complaints processed by the Office of Citizens' Complaints or with disciplinary actions involving police of firefighters.

Proposition D protects the fundamental human right of police and firefighters to unionize — without endangering public safety or encroaching on the rights of others. PROPOSITION D MERITS YOUR SUPPORT.

Croce Casciato, Latino Police Officers Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Police and Fire Bargaining and Arbitration

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

The San Francisco Labor Council and its member unions strongly support a "YES" vote on Proposition D. Labor has long supported collective bargaining and binding arbitration for police and firefighters. Arbitration is the preferred method of resolving disputes for emergency personnel, even if this sometimes means treating police and firefighters differently than other municipal employees. The difference is that they do not have access to the right to strike accorded other employees.

Twenty-six (26) states have similar legislation, as do several Bay Area cities. A vote for Proposition D will include San Francisco in this growing list of progressive cities.

WE ALSO WANT TO REFUTE A PHONY ISSUE RAISED BY OPPONENTS. The unions representing City Employees have as great an interest in preserving the tax-exempt status of the retirement system as anyone. We have concluded that Proposition D poses no threat to the retirement system.

WE URGE YOU TO READ THE FOLLOWING PROTECTION INCLUDED IN Proposition D:

- The Board of Supervisors can take actions necessary to pre-

serve the tax-exempt status of the retirement system.

- The initiative is effective only to the extent that it does "not have an adverse consequence on the tax treatment of the City and County."

- The Retirement Board must certify that implementation "pres-

ents no risk to the tax-qualified status of the retirement system."

- The Board of Supervisors must independently determine by a three-quarters vote that there is "no risk."

Every city in the nation would be endangered before San Francisco incurred any risk.

Walter Johnson, Secretary-Treasurer, San Francisco Labor Council
Leroy King, ILWU
Larry Martin, Transport Workers Union
Stanley Smith, Secretary-Treasurer Building Trades
Sherri Chiesa, Hotel/Restaurant Employees Union
Paul Varacalli, Executive Director, United Public Employees, Local 790
Robert Morales, Secretary/Treasurer, Teamsters Local 350

VOTE YES ON PROPOSITION D

As Democrats, we believe it is only fair that San Francisco's working people have a voice in decisions affecting their jobs.

PROPOSITION D IS FAIR TO BOTH THE CITY AND PUBLIC SAFETY EMPLOYEES. Proposition D abolishes the current system that sets San Francisco salaries based exclusively on what Los Angeles, San Diego, San Jose and Long Beach pay — while ignoring the City's needs and budget.

Proposition D protects our budget in difficult years. Proposition D requires consideration of the City's ability to pay before setting wages and benefits — providing important protection for crucial city services for AIDS victims, the homeless and youth.

THE CITY'S CURRENT SYSTEM IS UNFAIR. In addition to poor working conditions, San Francisco police and firefighters receive:

- no dental benefits;
- no family medical care;
- no bilingual incentives;
- no educational assistance.

Unlikely most cities, our public safety employees are prohibited from negotiating over benefits and working conditions — they can either take it or leave it.

Increasingly, police are leaving: San Francisco is losing 33% more officers to other cities than ever before. The lack of motivated and experienced officers contributes to rising crime in our neighborhoods — up 24% over the first seven months of 1990 — including 1,234 more robberies alone.

We strongly support Proposition D because it is based on fairness in the best traditions of the Democratic party.

Willie L. Brown, Jr. Speaker, California Assembly
Robert Achtenberg, Civil Rights Attorney
Bob Geary, Member San Francisco Democratic Central Committee
Arlo Hale Smith, BART Director

Police and Fire Bargaining and Arbitration

PAID ARGUMENTS AGAINST PROPOSITION D

Proposition D confuses two very different issues: Collective Bargaining and Interest Arbitration.

Our police and firefighters deserve a fair and impartial way to determine their working conditions — Collective Bargaining. However, Interest Arbitration will put final decision-making power in non-elected arbitrators — free to reach decisions without any ACCOUNTABILITY to us taxpayers.

We will be without any recourse against over-Budget arbitration awards causing ADDITIONAL TAX INCREASES or CUTS IN OUR SERVICES.

Don’t let unchecked Interest Arbitration throw our City into yet another deficit — vote NO on PROP. D.

John J. Figone
Candidate for Supervisor
Member, San Francisco County Democratic Central Committee
19th Assembly District

Proposition D is an irresponsible proposal that will reduce public protection for citizens of San Francisco. It will allow someone from outside San Francisco with no knowledge of our city or city finances to decide how we will spend tens of millions of dollars with no voice from our voters.

As a former sheriff and police chief, I know this proposal will result in fewer dollars going for the efforts that prevent crime. We will have fewer police and cuts from every other city department and service to city residents. The existing formula approved by voters in the mid-1970s has worked well and resulted in labor peace and saved taxpayers millions of dollars.

Protect public safety. Vote NO on Proposition D.

Supervisor Richard D. Hongisto

Our police and firefighters do a difficult job well. They deserve good pay and good benefits.

That is why I have always supported collective bargaining. And since police and firefighters do not have a right to strike, a fair way has to be found to settle disputes with management.

To come up with a system of collective bargaining which works for San Francisco, a Collective Bargaining Task Force has been established which will have a report ready this Fall.

Unfortunately, Proposition D goes too far.

Proposition D has no limits — on salaries, benefits, or other costs. We cannot afford it.

At a time when services are being reduced and deficits are looming at the State and Federal levels, we cannot afford the risk of allowing an arbitrator to spend tens of millions of your tax dollars.

Remember — for every 1% more an arbitrator gives away, you pay more than 2 million dollars.

Proposition D puts our retirement system at risk.

Proposition D overturns longstanding police and fire policies, city laws, and Civil Service rules. Laws protecting against INS harassment and policies prohibiting the use of rubber gloves at AIDS demonstrations or limitations on intelligence gathering are in peril.

Proposition D sets up an expensive new bureaucracy. A recent arbitration in Redwood City took more than a year, left 84 issues in limbo, and required 3,000 pages of testimony.

Proposition D jeopardizes civilian oversight.

Proposition D takes away fiscal accountability.

Proposition D is the wrong idea at the wrong time. Let’s do collective bargaining right.

Vote No on Proposition D.

Mayor Art Agnos

PART NINE: IMPARTIAL ARBITRATION OF WAGE AND BENEFIT DISPUTES FOR THE FIRE DEPARTMENT, POLICE DEPARTMENT AND AIRPORT POLICE OFFICERS

8.590-1 Declaration of Policy

It is hereby declared to be the policy of the City and County of San Francisco that strikes by firefighters, police officers and airport police officers are not legally permissible, and that a method should be adopted for peacefully and equitably resolving disputes. It is the further purpose and policy of the City and County of San Francisco that in the event the procedures herein adopted are invoked by the City and County of San Francisco or by a recognized employee organization representing firefighters, police officers or airport police officers, that they shall supersede and displace all other formulas, procedures and provisions relating to wages, hours, benefits and other terms and conditions of employment found in this Charter, in the ordinances and resolutions of the City and County of San Francisco, or in the rules, regulations or actions of boards or commissions of the City and County of San Francisco.

8.590-2 Employees Covered

These sections 8.590-1 through 8.590-7, inclusive, shall apply to the several ranks of the fire department and police department as provided for in Sections 3.542 and 3.531 of this Charter, respectively, and to all of the classifications of airport police officers, jointly referred to in these sections as "firefighters", "police officers" and "airport police officers". 8.590-3 Prohibition Against Strikes

If any firefighter, police officer or airport police officer employed by the City and County of San Francisco engages in a strike as defined by Section 8.346(a) of this charter against the City and County of San Francisco, said employee shall be dismissed from his or her employment pursuant to Charter Sections 8.345 and 8.346.

8.590-4 Obligation to Negotiate in Good Faith

Notwithstanding any other provisions of this Charter, or of the ordinances, rules or regulations of the City and County of San Francisco and its departments, boards and commissions, the City and County of San Francisco, through its duly authorized representatives, and recognized employee organizations representing classifications of firefighters, police officers and airport police officers shall have the mutual obligation to negotiate in good faith on all matters within the scope of representation as defined by Government Code Sections 3500, et seq., relating to the wages, hours, benefits and terms and conditions of City and County employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of any negotiated agreement. Unless and until agreement is reached through negotiations between authorized representatives of the City and County of San Francisco and the recognized employee organization for the classifications of fire department, police department and airport police employees, or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for said fire department, police department or airport police employees shall be altered, eliminated or changed.

Agreements reached by the duly authorized representatives for the City and County of San Francisco, its departments, boards and commissions and the recognized employee organizations pursuant to this Section shall be binding on the City and County of San Francisco, and on its departments, boards, commissions, officers and employees once adopted by the board of supervisors. Said agreements shall supersede any and all other conflicting procedures, provisions and formulas contained in this Charter relating to wages, hours, benefits or terms and conditions of employment.

8.590-5 Impasse Resolution Procedures

(a) Subject to section 8.590-5(g), disputes or controversies pertaining to wages, hours, benefits or terms and conditions of employment which remain unresolved after good faith negotiations between the City and County of San Francisco, its departments, boards and commissions and a recognized employee organization representing firefighters, police officers or airport police officers shall be submitted to a three-member board of arbitrators upon the declaration of an impasse either by the authorized representative of the City and County of San Francisco or by the recognized employee organization involved in the dispute.

(b) Representatives designated by the City and County of San Francisco and representatives of the recognized employee organization involved in the dispute shall each select and appoint one arbitrator to the board of arbitrators within three (3) days after either party has notified the other, in writing, that it desires to proceed to arbitration. The third member of the arbitration board shall be selected by agreement between the City and County of San Francisco and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and County of San Francisco and the recognized employee organization involved in the dispute cannot agree upon the selection of the neutral arbitrator within ten (10) days from the date that either party has notified the other that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the City and County and the employee organization cannot agree within three (3) days after receipt of such list on one of seven (7) persons to act as the neutral arbitrator, they shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and chairperson of the arbitration board.

(c) Any arbitration proceeding convened pursuant to this article shall be conducted in conformance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The arbitration board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The arbitration board, in the exercise of its discretion, may meet privately with the parties, mediate or mediate-arb the issues in dispute. The arbitration board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

(d) In the event no agreement is reached prior to the conclusion of the arbitration hearings, the arbitration board shall direct each of the parties to submit, within such time limit as the arbitration board may establish, a last offer of settlement on each of the remaining issues in dispute. The arbitration board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of public and private employment, including, but not limited to: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employment of employees performing similar services; the wages, hours, benefits and terms and conditions of employment of other employees in the City and County of San Francisco; and the formulas provided for in this Charter for the establishment and maintenance of wages, hours, benefits and terms and conditions of employment. The impartial arbitration board shall also consider the financial condition of the City and County of San Francisco and its ability to meet the costs of the decision of the arbitration board.

(e) After reaching a decision, the arbitration board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the arbitration board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the arbitration board. At the conclusion of the tenth (10) day period, which may be extended by mutual agreement between the parties, the decision of the arbitration board, as it may be modified or amended by the parties, shall be publicly disclosed. Except as limited by Section 8.590-7, the arbitration decision, as it may be modified or amended by the parties, shall supersede any and all other relevant formulas, procedures and provisions of this Charter relating to wages.

(Continued on page 76)
PROPOSITION E

Shall the Charter be amended to (1) prohibit the City, with certain limited exceptions, from doing business with or having investments in any company (or affiliate) engaged in any work on nuclear weapons systems or components; (2) prohibit nuclear weapons work in the City; (3) subject the transport of high-level radioactive materials to certain regulations; and (4) create a nine-member elected commission with specified powers to oversee this measure's requirements?

YES 297
NO 298

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: In 1987, the voters approved Proposition U, a declaration of policy making San Francisco a nuclear free zone. The Charter currently contains no provision regarding the nuclear industry or nuclear materials.

THE PROPOSAL: Proposition E is a charter amendment that would prohibit the City's doing business with any company or affiliate directly or indirectly engaged in any work on nuclear weapons systems ("nuclear weapons makers") unless there is no reasonable alternative. Proposition E generally would prohibit the City's having investments in "nuclear weapons makers," and would restrict the ability of the City to invest in U.S. Treasury bills, notes and bonds. The City generally would be required to give preference to financial institutions that do not loan money or provide other financial services to "nuclear weapons makers".

Proposition E would prohibit new nuclear weapons work in the City, phase out existing nuclear weapons work and prohibit the use of high-level radioactive materials. All those doing business with the City would be required to file detailed declarations so that the City could determine whether they are involved directly or indirectly in nuclear weapons work. The use of radioactive material for medical and other specified purposes would be allowed.

Those transporting high-level radioactive material through San Francisco would be required to notify the City, file transport plans and post warning signs on the vehicles and routes. It would be unlawful to transport certain high level radioactive materials through the Port or Airport. Food retailers would be required to label irradiated food if the City decides that such food is a public health hazard.

Proposition E would require the City to take certain other actions, including (1) developing a plan for converting "nuclear weapons work" to "peaceful, productive purposes"; (2) monitoring the use and transport of hazardous radioactive materials; (3) refraining from planning for the effects of nuclear war; and (4) developing a peace education program for San Francisco schools and the public. It would establish a City policy to minimize City purchases of electricity generated by nuclear reactors.

Proposition E would create a nine-member elected commission. The commission would oversee the Proposition's requirements and have the power to place related measures on the ballot, accept and spend grant monies, hire staff, and oversee certain aspects of City purchasing.

Violation of the Proposition would be a misdemeanor.

A "YES" VOTE MEANS: If you vote yes, you want to adopt this charter amendment.

A "NO" VOTE MEANS: If you vote no, you do not want to adopt this charter amendment.

Controller's Statement on "E"

Should the proposed charter amendment be approved, in my opinion, it could increase the cost of government by an indeterminate and possibly substantial amount.

Implementation of this measure would require changes to City investment policies, procurement procedures and licensing and inspection practices, all of which may have cost impacts.

The proposed amendment would increase the Treasurer's administrative costs by approximately $100,000 per year and limit the type and range of investments potentially available to the City. This restriction could reduce liquidity, increase risk factors and impact upon total investment yield. The amendment's effect on investment yield cannot be precisely determined. However, by way of example, based on the present City investment portfolio maintained by the Treasurer, a 1/2% shift in investment yield would affect revenues by approximately $6.5 million per year.

Revised purchasing procedures may range in cost from $300,000 to $450,000 per year. Additionally the measure would require City departments to perform additional inspection and regulation duties, the cost effect of which are indeterminate.

How "E" Got on the Ballot

On August 4, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition E to be placed on the ballot had qualified for the ballot.

39,978 valid signatures were required to place an initiative charter amendment on the ballot. (This number is equal to 10% of the registered voters at the time the notice of intent to circulate the petition was filed.)

A random check of the signatures submitted on July 25, 1990 by the proponents of the initiative petition showed that 48,650 of the signatures were valid, 8,672 more than the required number of signatures.

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION E

"... ‘radwaste’ could be to the 1990s what global warming was to the 1980s, as the world’s nuclear-armed, nuclear-powered nations realize they’ve generated a Frankenstein legacy that may be impossible to escape."

— San Francisco Examiner (August 19, 1990)

The threats posed by nuclear weapons and waste loom larger with every passing day. Realizing this, in 1987 55% of San Francisco voters approved Proposition U, a policy initiative which declared our City a Nuclear Free Zone.

Proposition U was more than just a symbolic statement — it directed the Board of Supervisors to hold public hearings and pass ordinances to deal with specific nuclear dangers faced by San Francisco.

But while the Supervisors ignore the will of the voters by failing to even schedule a public hearing, the problems addressed by Proposition U get worse:

- Evidence continues to mount that we are slowly being poisoned by releases of radiation into the environment. Even though the International Commission on Radiological Protection recently admitted that current standards for “safe” exposure to radiation are three to four times too high, the U.S. Nuclear Regulatory Commission keeps pushing for large quantities of radioactive waste to be dumped like ordinary garbage.

- Despite the end of the Cold War, the Bush administration continues to squander billions on first-strike nuclear weapons. While the lack of a few million dollars forces San Francisco to cut health care, MUNI and other essential services, Bush insists that taxpayers foot the bill for the useless B-2 “Stealth” bomber, each of which costs $800,000,000.

San Francisco can and must act to address these problems.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION E

The proponents of Proposition E would have us believe that anyone concerned about nuclear safety should vote for this absurd measure.

As their own argument notes, the nuclear issue is a national and even international one. In 1987 Proposition U put San Francisco on record against the nuclear arms race. The City can have little influence beyond making that statement.

Proposition E will harm the City by:

- Inviting costly lawsuits that the City will be forced to defend.
- Electing a whole new layer of government bureaucracy.
- Jeopardizing radiation therapy for cancer patients within the City.
- Disrupting the City’s ability to buy the best products at the most reasonable price.
- Forcing the City to neglect badly needed services and programs by requiring that already limited city funds be used to comply with this measure.
- Interfering with the operations of the Port and the Airport which could cost hundreds of jobs.
- Hurting small businesses more than larger ones by creating a new volume of paperwork for any company that wants to do business with the City.

If this measure sounds silly and wasteful, you’re right.

As opponents of Proposition E, we want nuclear safety but we don’t want a measure that causes these unnecessary problems. Vote NO on Proposition E.

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT'S ARGUMENT AGAINST PROPOSITION E

Proposition E is not about nuclear arms or nuclear safety. Proposition E is about increasing politics and government bureaucracy. We do not need to increase the government costs at a time when we're being forced to cut back vital city services.

Proposition E would create a new body of elected officials to interfere with City purchasing and investing, fees and permits at the Port, curriculum in the schools, the Police Department's ability to guarantee public safety, and the Board of Supervisor's control over the budget. This will cost millions of dollars!

Who pays? San Franciscans depending upon the City for services: MUNI riders, senior citizens, children, patients at San Francisco General Hospital, small businesses, people who want the Embarcadero Freeway replaced and reopened, taxpayers — all of us. Proposition E punishes San Franciscans, NOT nuclear weapons makers!

The creation of an expensive elected commission, with a staff to jeopardize the operation of City government is simply not a good idea. While these commissioners will rule on operations at the port, health care, food labeling, transportation, education, purchasing, and investing, there is no requirement that they have qualifications or experience in any of these areas.

When Oakland passed a similar measure, a judge ruled it was unconstitutional. In the meantime, the city's legal fees ran up to hundreds of thousands of dollars defending the measure. We cannot afford for that to occur here.

There are much more sensible ways for the City to express its concerns about nuclear weapons. Vote NO on Proposition E!

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION E

Proposition E speaks for itself. Please read it. After you have, we think you'll agree the opposing arguments have no merit.

Frankly, the argument against Proposition E contains so many falsehoods and half-truths that it is impossible to refute them in this limited space. To list just one, how is it possible that Proposition E could have any effect on the replacement of the Embarcadero Freeway?

Proposition E speaks for itself. Please read it. After you have, we think you'll agree the opposing arguments have no merit.

Frankly, the argument against Proposition E contains so many falsehoods and half-truths that it is impossible to refute them in this limited space. To list just one, how is it possible that Proposition E could have any effect on the replacement of the Embarcadero Freeway?

Who opposes Proposition E? The same corporations that pushed to fund the arms build-up of the 1980s by cutting funding for social services, education, health care, infrastructure replacement and all types of aid to local governments.

Now, these same corporations plan to spend over $500,000 in an effort to defeat Proposition E. Why? Not because they care about San Francisco, but because they know that Proposition E will work to derail their gravy train.

Ask yourself — what have Lockheed, Northrop and General Electric ever done for San Francisco? And while San Francisco struggles to find money for health care, these corporations are working in Washington to maintain funding for dangerous boondoggles like the Trident missile, the B-2 "Stealth" bomber and "Star Wars."

The money to fund these weapons doesn't come out of thin air — it comes out of our pockets. This year's federal arms budget cost every man, woman and child in San Francisco $1200, including $260 for nuclear weapons systems alone.

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Vote YES on E.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

In 1987, we actively supported Proposition U — the Nuclear Free Zone Initiative — which passed by an overwhelming margin! City officials did nothing to implement Proposition U. With glasnost, and disintegration of the Eastern Bloc, there is no valid reason why our nuclear arsenal should be increased.

More pressing needs exist for scarce public funds — such as AIDS research, affordable housing, and transit improvements.

Vote “YES” on “E”.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

President Eisenhower said, “People want peace so much that one of these days governments had better get out of the way and let them have it.” That day has come in Eastern Europe. Yet here in this country, nuclear weapons production continues to ESCALATE. It’s hard to believe, isn’t it?

Because of the unholy alliance between Congress (millions in campaign contributions) and the nuclear weapons makers (billions in contracts), we, the people, are forced to accept catastrophic peril, environmental degradation, social sacrifice, and economic decline.

Gandhi said, “Noncooperation with evil is a duty.” We believe this. He also said, “Live the change you want for the world.” We believe San Francisco wants to live that change by adopting a new ethic for our city government. If you agree, vote YES on Proposition E.

Jack Morrison (Former San Francisco Supervisor)
Regina Endrizzi (Regional Manager, Buffalo Exchange Stores)

Nuclear Free Zone or National Sacrifice Zone?

From Hanford, Washington to Rocky Flats, Colorado to Fernald, Ohio to Savannah River, South Carolina to Lawrence Livermorne Lab, California to the Farallon Islands — right in our backyard — nuclear weapons development and production have produced hundreds of billions of gallons of radioactive wastes, affecting people’s health and safety throughout the U.S.

Hazardous radioactive materials regularly travel our streets, highways and skies. Yet, despite the lengthy record of serious accidents and official government neglect, these dangerous materials move without public notice, without adequate safety precautions, and without the knowledge of local officials.

Vote YES on Proposition E to change this unjustifiable and unacceptable situation.

Mark Linenthal (Professor, San Francisco State University)
Ross Mirkarimi (Green Party of California)

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Nuclear weapons cost jobs.
Aside from threatening our health, our environment, and our future, money spent on such weapons produces far less employment than the same amount invested in community needs.

Now would be the perfect time to cash in our "peace dividend." But instead, the nuclear weapons industry continues to selfishly protect its profits.

It's no coincidence that many of the largest nuclear weapons contractors have compiled some of the worst labor records in the country. At the same time, they actively lobby Congress to further restrict the rights of labor, including basic workplace safety and the right to organize.

Proposition E mandates a peace conversion plan to replace the jobs that will be eliminated by pending military spending cuts and base closures, and encourages the further demilitarization of our economy.

For jobs, peace, the environment, and a healthier future, vote YES ON E!

John Moran (West Bay Coordinator/Organizer, International Association of Machinists and Aerospace Workers)

The nuclear arms race is bad for small business in San Francisco. During the 1980's, federal programs in support of small business were slashed while spending for nuclear weapons systems such as "Star Wars" and the B-2 "Stealth" bomber swelled to unprecedented levels. At the same time, arms spending caused the federal budget deficit to mushroom out of sight, resulting in a decreased supply of private loan money for small business.

The indirect costs have been just as severe. Small business has been burdened with the extra taxes needed to balance the City's budget while simultaneously being forced to cope with the consequences of decreased City spending — increased homelessness, rampant drug use, deteriorating infrastructure and the like. Instead, for the cost of a single B-2 bomber, approximately $800,000,000, San Francisco's budget problems would be solved for years to come.

A vote for Proposition E is a vote to change this intolerable situation. We can and must take control of our economic destiny.

Please join us in voting Yes on E.

Bill Banning (Owner, Roxie Cinema)

The American Friends Service Committee endorses Proposition E, the San Francisco Nuclear Free Zone Implementation Initiative. It is a powerful way for the people of San Francisco to say "No, not here, not in our name!" to the madness of the nuclear arms race. If Proposition E is passed, San Francisco will join the over 4,500 Nuclear Free Zones in 23 countries around the world in withdrawing our support, consent and cooperation from the nuclear arms race and the nuclear industry.

With the ending of the cold war, the people of the world are crying out, "Stop producing the weapons of war. Instead, spend our tax dollars on schools, housing, adequate health programs and cleaning up the environment." Our security and well-being are much more dependent on funding programs to meet the needs of our citizens than on continuing the insane nuclear arms race which has resulted in the U.S. building enough nuclear weapons to kill every person on earth many times over.

We urge the people of San Francisco to join this world-wide movement not just with our words, but with our deeds! Vote Yes on E.

Roy P. Allen (Executive Secretary, American Friends Service Committee)
PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Is Bay View-Hunters Point a “national sacrifice zone” for radiation experiments? The answer may be yes.

Following U.S. government atomic bomb tests in the 1940’s and 50’s, about 100 radioactive test ships were “decontaminated” at Hunters Point Naval Shipyard, just south of downtown San Francisco. Now, although the ships are long gone, the toxic residue of the decontamination remains in storage at the shipyard.

A Congressional study shows that the Navy repeatedly exposed the sailors involved to dangerous levels of radiation, often without even informing them. Their average life expectancy is 22 years less than the general population, and their children have a birth defect rate more than four times the national average.

These are chilling statistics indeed. Yet, shockingly, no study has been done on the effects of radiation exposure on Bay View-Hunters Point.

Passage of Proposition E is San Francisco’s insurance policy to guard against a repetition of this inexcusable episode. Just as importantly, Proposition E mandates the needed radiation exposure studies.

The future of our community is at stake. Please join us in supporting Proposition E.

Espanola Jackson (President, District 7 Democratic Club, Bayview-Hunters Point)
Sam Murray (Chairman, Chemical Toxic Waste Committee, District 7 Democratic Club)

Nuclear weapons spending is killing us.

Out-of-control arms spending takes desperately needed money away from education, housing, health care, and other vital programs. Hardest hit are the poor, who are disproportionately people of color.

While our government wastes billions on weapons too destructive to serve any real defense needs, thousands of our friends and neighbors are dying of AIDS.

Proposition E puts real pressure on corporations that promote nuclear weapons for the profit of a few at great expense to so many.

Lawrence Fertinghetti (Owner, City Lights Bookstore; Poet)
Pat Norman

We write as members of San Francisco’s religious community to urge that you support Proposition E.

The nuclear arms race does grave harm. Its continuation, however, depends on the acquiescence of the majority of citizens. It is time for San Francisco to say “No!” to such misplaced priorities. The results of inaction are catastrophic nuclear war, or a devastating nuclear accident that would leave San Francisco an uninhabitable radioactive waste heap. So let us stand “in defense of creation.” Resist the unholy march toward war and environmental destruction. Vote YES.

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

The San Francisco Nuclear Free Zone Implementation Initiative intends to ensure that the earlier passage of the 1987 Nuclear Free Zone is enforced. The 1990 Initiative contains added features, including an important proviso establishing an elected commission to assure compliance with the people's demand for a Nuclear Free Zone. In effect, this Initiative follows the prophecy articulated by President Dwight Eisenhower in 1959, when he said:

"I like to believe that the people in the long run are going to do more to promote peace than our governments. I think the people want peace so much that one of these days governments had better get out of their way and let them have it."

In a democracy, the legal and moral authority rests directly with the people. I urge the people of San Francisco to become direct peace enforcers by voting for the Nuclear Free Zone Implementation Initiative on the November 1990 ballot.

S. Brian Willson

PAID ARGUMENTS AGAINST PROPOSITION E

We, as San Francisco Democratic party leaders oppose Proposition E. It will cost the City millions of dollars and create an unnecessary elected bureaucracy.

We do not condone or support the nuclear arms race. Unfortunately, Proposition E does nothing to change the arms race or punish nuclear weapons makers. Instead, it will punish those San Franciscans that depend upon the City's budget for services. Money spent to implement Proposition E will take money away from programs for senior citizens and children, health care, police and fire protection, public transportation, mental health, and the homeless.

We support peace, not Proposition E. Vote NO!

The City has better things to spend money on than a costly nuclear free zone bureaucracy.

We all want to eliminate the possibility of nuclear war. We all want nuclear materials handled safely. The city's voters expressed their views on this with Prop. U in 1987.

Proposition E is something altogether different. It is a costly proposal that undermines the city's existing services by forcing the City to spend millions of dollars a year on administrative costs and more expensive goods and services.

Its efforts to prohibit anything nuclear in San Francisco are so extreme and so ill-conceived that if it passes cancer patients could be forced to go to hospitals outside the city limits to receive radiation treatments.

There are important issues that the City should be addressing.

AIDS, housing and replacing the Embarcadero Freeway are among the top priorities that demand our City's immediate attention. These are specific problems that affect the daily lives of San Francisco residents. These programs are where our scarce City funds should be spent.

Nuclear safety is most important but let's concentrate San Francisco's efforts on things it can do something about.

PAID ARGUMENTS AGAINST PROPOSITION E

Do we really need another level of bureaucracy with more high-paid staff to feed it? This initiative will cost the City at least $7 million per year. It jeopardizes funding for health care, police, and firefighters. It will cripple businesses at the Port, small businesses, and all city contractors.

VOTE NO ON PROPOSITION E.

Supervisor Bill Maher

Vote NO on Proposition E!
San Francisco cannot afford a new nine-member elected commission and another costly bureaucracy. This commission would have the power to revoke business licenses, regulate City investments, approve City purchases, and impose a curriculum upon our schools.

Our City has more than enough real problems and not enough money to deal with them.

We don’t need this new bureaucracy wasting $7 million a year of taxpayers’ money on issues the federal government already controls.

We urge you to vote NO on Proposition E.

San Francisco Taxpayers Association
W.F. O’Keeffe, Sr., President
William E. Grayson, General Counsel, S.F. Republican Central Committee
Harold M. Hoogasian, President, Hoogasian Flowers Inc.

There’s a big difference between preventing the use of nuclear materials that could endanger people and preventing the use of nuclear materials that help save people’s lives.

We oppose Proposition E because it is so broad and ambiguously worded that it could well prevent cancer patients from being treated with radiation therapy. The initiative exempts “nuclear medicine” but its authors do not understand the meaning of their own language. The field of nuclear medicine does not apply to the external applications of radiation which include radiation therapy. Why should we have to tell cancer patients to seek treatment outside San Francisco?

Proposition E is an unnecessarily costly measure. Please vote NO on Proposition E.

Proposition E is fiscally irresponsible and will cost us MILLIONS of dollars!

It’s one thing to oppose nuclear war, but it’s quite another to prevent the City from investing tax money most wisely: in U.S. government securities. The City’s ability to earn high interest yields with maximum safety and flexibility will be seriously jeopardized if Proposition E passes.

Proposition E may prevent the Purchasing Department from buying needed goods and services at the cheapest price.

Proposition E puts irresponsible restrictions on San Francisco’s Treasury — we simply cannot afford it.

Mary J. Callanan, S.F. Treasurer
Rudolph Nothenberg, Chief Administrative Officer

PAID ARGUMENTS AGAINST PROPOSITION E

No one would argue against a measure that would protect us from nuclear war or peacetime nuclear accidents. If that is what Proposition E was all about, we would give it our full support.

Proposition E is not about a safe world. It is about a new costly bureaucracy that would make it harder for business people, especially small businesses, to get contracts with the City. It is about nine new elected officials — a second Board of Supervisors which we don’t need. It is about $7 million in costs and lost revenue to the City each year.

If Proposition E passes there will be a whole new set of qualifications, a whole new set of procedures and a whole new set of forms to fill out in order to sell products or services to the City. And, if you sell typewriters or computers made by IBM; cars made by GM, Ford or Chrysler; police radios made by Motorola; or even banking services from a bank that also provides banking services to a company that is at all involved in nuclear defense, forget it. The City will find it very difficult if not impossible to buy these products and services.

This measure is simply absurd. There is absolutely nothing in it that makes nuclear materials safer. It would only make life harder and divert our attention from the problems that already face us as citizens, taxpayers and small businesses.

Donald D. Doyle, Acting President, San Francisco Chamber of Commerce
Victor G. Makras, Jim Lazarus, Vice President, S.F. Chamber of Commerce
Mark Buell, Vice President, Southwest Diversified
Richard B. Morten, Group Account Manager

We Republicans agree that there are legitimate environmental concerns regarding the proper handling and disposal of nuclear materials and waste. These nuclear concerns are too serious to be handled at the local level. Any local attempt to do so will result in a new bureaucracy with new, costly reporting requirements. It will require increased taxes in the midst of San Francisco’s budgetary crisis. The proposition will also add to an already negative business climate in the City.

The San Francisco Republican County Central Committee urges you to vote NO on Proposition E!

SECTION 10.100: NAME
This Article of the City Charter shall be known and may be cited as the San Francisco Nuclear Free Zone Implementation Act of 1990.

SECTION 10.101: PURPOSE:
The purpose of this Act is to enable the people of San Francisco to contribute to the creation of a peaceful and healthy world by giving substance, meaning and effect to San Francisco’s status as a Nuclear Free Zone. Its major provisions will:
A. Prohibit nuclear weapons work within San Francisco (see Section 10.103);
B. Make San Francisco’s economy less dependent on spending for nuclear weapons and other armaments by instituting a plan to convert activities that are dependent on such spending to peaceful, productive purposes (Subsection 10.104(B) and Paragraph 10.104(C)(4));
C. Prohibit the government of San Francisco from planning for or cooperating in planning for nuclear war (Section 10.105);
D. Establish a citizens’ right to know about nuclear weapons work taking place in San Francisco (Section 10.106);
E. Require the government of San Francisco to minimize its contracts with and investments in the nuclear weapons industry (Sections 10.107 and 10.108);
F. Restrict, monitor and increase public awareness of the transportation and use of hazardous radioactive materials within San Francisco (Sections 10.109 through 10.112);
G. Prohibit nuclear reactors, food irradiation plants and all similar facilities within San Francisco (Section 10.110);
H. Require labeling of irradiated food sold in San Francisco if it is determined that such sales constitute a public health hazard (Section 10.113);
I. Require the development of a peace education program, for the general public and the schools, in order to inform the people of San Francisco about the issues, threats and solutions addressed by this Act (Section 10.114);
J. Establish a Hiroshima/Nuclear Free Zone Commemoration Day marking the first use of a nuclear weapon against a civilian population (Section 10.115); and
K. Create an elected San Francisco Nuclear Free Zone Implementation Commission to administer this Act (Section 10.119).

SECTION 10.102: FINDINGS
The people of San Francisco find and declare that:
A. The nuclear arms race poses an intolerable threat to the earth and its living systems, to humanity in general, and to the people of San Francisco in particular;
B. Due to the annihilation of civilian populations that would result inevitably from any use of nuclear weapons, the very possession of such weapons constitutes violations of international laws such as the United Nations Charter and the Geneva Convention; as treaties which the United States has signed and ratified, each of these should be accorded status under Section VI of the United States Constitution as “the supreme law of the land”; if the world is to avoid nuclear war, the United States government must begin to exercise moral leadership by complying with international law rather than continuing to ignore such law in exchange for short-term political, economic and military advantages;
C. Although San Francisco will be a prime target in the event of a nuclear war, there is no means of protection from the consequences of such a war; the people of San Francisco, especially children, are frightened, depressed and disturbed by having to face such a threat on a daily basis; the San Francisco government can and therefore must act to mitigate this threat;
D. The security requirements accompanying nuclear weapons threaten the civil liberties of the people of San Francisco and restrict the freedom of information necessary to make decisions concerning the future of the community; examples of this are the recent revelations of the forty-year cover-up of environmental problems at the federal government’s nuclear weapons production facilities and the ongoing refusal of the Navy to admit the presence of nuclear weapons in San Francisco Bay, which prevents local agencies from making appropriate emergency plans;
E. Threats to use nuclear weapons are an integral part of the foreign policy of the United States; since 1948, this country’s leaders have threatened to use nuclear weapons in Europe, the Middle East, Asia and the Caribbean in order to protect military and business interests; the Nuremberg principles hold individuals accountable for crimes against humanity such as would be constituted by use of nuclear weapons; a threat to commit a crime against humanity must be seen in the same light as the crime itself; therefore, the people of San Francisco must act to end this criminal policy that is being carried out in their name, a policy which, if continued, will result in global death and destruction;
F. Nuclear reactors, food irradiation plants, spent fuel reprocessing plants, uranium mines and related facilities form a so-called nuclear fuel cycle; in continuing to promote this deadly cycle despite the lack of a safe means for disposing of nuclear waste, the federal government and the government-subsidized nuclear industry ignore the mounting evidence that continuation of such activities will lead to ecological catastrophe; furthermore, each component activity of the nuclear fuel cycle harms the health and safety of its workers and of the residents of surrounding communities;
G. Even if nuclear weapons are never again used, exposure to hazardous radioactive materials continues to cause increased rates of cancer and birth defects; scientific studies have shown definitively that there is no safe level of exposure to radiation; the transportation, storage and handling of nuclear weapons and other hazardous radioactive materials, much of which occurs without the knowledge of local health and safety officials, therefore poses a serious threat to the health and safety of the people and workers of San Francisco;
H. Nuclear reactors pose similar threats of exposure to hazardous radioactive materials, including the threat of catastrophic accidents such as the ones at Three Mile Island and Chernobyl; San Francisco in particular is threatened by the large nuclear reactors on board the Navy vessels that continually travel through San Francisco Bay and by work done on such vessels at the Hunters Point shipyard;
I. Food irradiation is a potentially harmful new technology that has not been properly evaluated and about which there is substantial controversy; food irradiation plants use substantial quantities of hazardous radioactive materials and, moreover, the irradiated food itself undergoes chemical changes that have not been shown to be safe;
J. On the average, a dollar spent for armaments produces less employment than the same dollar spent for civilian purposes; the federal budget’s emphasis on arms purchases, including nuclear arms purchases, directly reduces federal funding to local governments for transportation facilities, infrastructure replacement, low-cost housing, health care, education and other essential programs; the nuclear arms race thus deprives the people and workers of San Francisco of jobs and social services;
K. Local economies that are heavily dependent on arms spending have often suffered because of its unpredictability; it is therefore a matter of self-defense as well as prudent economic planning for San Francisco to push for a change in federal spending priorities while at the same time minimizing local dependence on arms spending; it is furthermore impossible for a community that is substantially dependent on arms spending generally to avoid a degree of dependence on spending for nuclear weapons, thus requiring that planning be undertaken to limit and eventually terminate San Francisco’s dependence on both types of spending;
L. The government of San Francisco has a right and a duty to measure the moral and ethical character of its business relations in deciding with whom it will do business; divestment of financial involvement with nuclear weapons makers is an appropriate application of this right;
M. In 1982, the people of San Francisco expressed their strong desire for an end to the nuclear arms race when they voted by a 72% margin for a bilateral freeze on “the testing, production and further development of all nuclear weapons” (Proposition 12); subsequently, in November of 1987, they voted by a 55% margin to approve a ballot initiative declaring San Francisco a Nuclear Free Zone (Proposition U), thereby joining over 160 other Nuclear Free Zones in the United States and more than 4,000 world-wide; notwithstanding that vote, the Board of Supervisors has failed to implement (Continued on next page)
LEGAL TEXT OF PROPOSITION E (Continued)

the 1987 Nuclear Free Zone law, thus leaving it to the voters to enact a binding implementation measure by means of this further ballot initiative;

N. The creation of binding Nuclear Free Zone areas is the best means currently available for local governments to protect their citizens from the numerous harmful effects of the nuclear arms race; furthermore, such laws will help make possible the eventual elimination of all nuclear weapons; and

O. The concerns expressed in this Section thoroughly justify exercising the well-established right of the people of San Francisco to legislate, in the words of the United States Supreme Court, for the "protection of the lives, limbs, health, comfort and quiet of all persons." SECTION 10.103: PROHIBITION OF NUCLEAR WEAPONS WORK

No Person shall knowingly engage, within San Francisco, in Nuclear Weapons Work, except that Nuclear Weapons Work already taking place within San Francisco as of the effective date of this Act shall be phased out over a five (5) year period in accordance with Subsection 10.104(B). (All citations in this Act are, unless otherwise noted, to this Act.)

SECTION 10.104: PEACE CONVERSION

A. Commencing on the effective date of this Act, the relevant City agencies shall assess, under the direction of the Commission, the Nuclear Weapons Work currently being done within San Francisco and the current level of support, if any, provided by the City to Nuclear Weapons Makers. (Said support shall be taken to include, but not be limited to, assistance provided through direct funding, special budgets, provision of police services and other services, or waiver of City service fees.) A report based on said assessment shall be transmitted to the Commission within one hundred eighty (180) days of said date. The Commission shall then hold hearings on the report and, consistent with the purposes of this Act, take action and/or make recommendations for action to the Board. Said report shall be updated every two (2) years and transmitted to the Commission. The Commission shall then hold hearings, take action and/or make further recommendations as appropriate.

B. The City shall act to phase out, within a period ending not later than five (5) years after the effective date of this Act, all Nuclear Weapons Work taking place within San Francisco as of said date. Pursuant to said phase-out, the Commission shall develop, within two (2) years of said date, a Nuclear Weapons Work conversion plan for the cessation, within said five (5) year period, of said Nuclear Weapons Work and for the conversion thereof to peaceful, productive purposes. Said plan shall specifically include, but not be limited to, Nuclear Weapons Work directly undertaken or contracted for by the federal government or any of its agencies, or the state of California or any of its agencies. In developing said plan, the Commission shall involve the broadest possible range of residents of San Francisco, including, but not limited to, organized labor and the employees, whether represented by labor unions or not, who work at the affected installations, and shall ensure that said plan provides for the continuation of the jobs of said employees and, where necessary, for said employees to be retrained for jobs that are at least equivalent in pay and benefits. Any Nuclear Weapons Work continuing after said five (5) year period shall be subject to the sanctions of Subsection 10.116(H).

C. The Treasurer shall develop each year, in cooperation with the Commission, a detailed statement, on a per capita basis as well as in total, of the federal taxes allocated to Military Spending that are paid by the people of San Francisco, shall cause said statement to be published, not less than two (2) weeks but no more than four (4) weeks prior to the public hearing required by Paragraph 10.104(C)(3), in at least four (4) newspapers of general circulation within San Francisco, and shall otherwise work with the Commission to develop further means of disseminating said statement and its contents to the people of San Francisco. Said statement shall specify the portion of Military Spending that is directed to Nuclear Weapons Work. Furthermore, the Commission shall:

1. Provide the formula to be used by the Treasurer in developing the annual statement required by Paragraph 10.104(C)(1); said formula shall be complete and accurate in its assessment of the degree to which the tax dollars of the people of San Francisco are allocated to Military Spending;

2. Notify annually the President of the United States, and other officials as the Commission deems appropriate, of the aforesaid statement and its significance;

3. Hold a public hearing each year, on the Saturday before the federal income tax filing deadline, on the impact of that year's proposed federal budget on the people of San Francisco, giving particular attention to the relationships between appropriations for Military Spending, including but not limited to appropriations for Nuclear Weapons Work, and funding for social services, education, housing, health, transportation, and other local programs;

4. Develop a peace conversion plan that specifies City economic policies and practices for converting to peaceful production all industries within San Francisco that are wholly or partly dependent on Military Spending, for minimizing the number of plant closings, regionally as well as within San Francisco, that are due to dependency on Military Spending, for cooperating with appropriate agencies as to minimizing other plant closings and for increasing the number of jobs in San Francisco while at the same time reducing the number of jobs that are dependent on Military Spending;

5. On an ongoing basis, make recommendations to the people of San Francisco and to the Board as to actions they may take to assist in developing and carrying out the peace conversion plan; and

6. Consider the regions adjacent to San Francisco in undertaking its responsibilities under this Subsection.

D. In order to more effectively integrate into City law and practice the divestment and selective purchasing procedures of Sections 10.107 and 10.108, the Commission shall hold hearings and solicit testimony for the purpose of developing and recommending to the Board an overall socially responsible investment and contracting plan consistent with this Act and other relevant City policy. Said plan shall be completed and presented to the Board within two (2) years of the effective date of this Act. The Board shall then schedule at least one (1) public hearing to hear testimony as to the contents of said plan, shall make amendments if and as it sees fit, and, not more than three (3) years after said date, shall enact said plan as an ordinance. The Commission shall continue to solicit testimony and hold hearings pursuant to making further recommendations as to said plan. In developing said plan, the Commission and the Board shall pay particular attention to the development of positive alternatives, including, for example, investment and purchasing consortia composed of jurisdictions having socially responsible investment and purchasing policies.

SECTION 10.105: PROHIBITION OF PLANNING FOR NUCLEAR WAR

It shall be unlawful for the City to undertake or cooperate in planning for nuclear war or for any other use of Nuclear Weapons, or in planning to mitigate the anticipated effects of nuclear war or said other use. This Section shall not be construed, however, to bar the City from planning to mitigate the effects of accidents involving Nuclear Weapons.

SECTION 10.106: PUBLIC RIGHT TO KNOW AND ACCESS TO RECORDS

A. The Commission shall hold at least three (3) public hearings, at times chosen to maximize public participation, within one hundred eighty (180) days of the effective date of this Act, and then twice a year thereafter to evaluate and promote compliance with this Act. Within forty-five (45) days after the conclusion of the third such hearing and then after the second of each pair of yearly such hearings, the Commission shall issue to the public a full report on the potential impacts of the activities addressed by this Act and on the City's progress in implementing this Act. Said reports shall include, among other things, recommendations for additional regulatory or public actions to further the purposes of this Act.

B. Each Nuclear Weapons Maker or other Person engaged in activities prohibited, restricted or scheduled to be prohibited by this Act shall submit to the Commission an annual report that includes a description of the extent and nature of said activities, including, where applicable, the Hazardous Radioactive Materials or Nuclear Weapons Work involved and a description of the steps being taken to terminate or limit, whichever is applicable, said activities. Said description shall include the terms to be taken to provide alternative jobs for employees engaged in said activities who may be displaced as a result of compliance with this Act.

(Continued on next page)
1. Said reports shall be filed with the Commission at least thirty (30) days prior to the public hearings held pursuant to Subsection 10.106(A) and, beginning with the date of filing, shall be available for inspection and copying by members of the public. 

2. The Commission shall notify in a timely manner all persons required to file reports under this Subsection as to all relevant deadlines for reporting and as to all hearings at which they may be required to appear or at which their reports are to be considered. 

3. The Commission shall conscientiously seek to identify all Nuclear Weapons Makers or other Persons engaged in activities prohibited, restricted or scheduled to be prohibited by this Act, and shall solicit the participation of the public for such purpose. 

4. Activities within the scope of Sections 10.111 and 10.113 and Paragraph 10.104(C)(4) shall be exempt from this Subsection. In addition, where the purposes of this Act would not be served, the Commission may exempt from compliance with this Subsection Persons engaged in activities that are within the scope of this Act. 

5. The Commission may call upon any Nuclear Weapons Maker, or any other Person engaged in San Francisco in activities within the scope of this Act, to provide information, beyond that which is required by this Subsection, as needed to keep the people of San Francisco informed about the health, safety and economic consequences of said activities. The Commission may issue a subpoena ad testificandum pursuant to obtaining such information and, in case of a refusal to attend or testify as required under said subpoena, may petition a court of competent jurisdiction for an order to compel attendance or to testify. 

C. Each Person operating a Nuclear Weapons Work facility within San Francisco shall post, no later than sixty (60) days after an order to cease has been issued in accordance with Subsection 10.116(H), a sign, clearly visible to passersby, identifying said facility with the legend "Nuclear Weapons Work Conducted Here." The design and location of said sign shall be approved by the Commission, but the cost of said sign and of its posting shall be borne by said Person. Should said Person fail to post said sign, the City shall post said sign and bill said Person for the cost of said sign and its posting. Notwithstanding the provisions of this Act and the other provisions of this Act relating to Nuclear Weapons Work shall apply to all Nuclear Weapons Work taking place within San Francisco, regardless of the nature or location of said Nuclear Weapons Work, this Subsection shall not apply to individuals engaged in Nuclear Weapons Work in private homes where said Nuclear Weapons Work is incidental to Nuclear Weapons Work that is primarily conducted at a different location. 

D. All hearings, meetings, proceedings or other discussions of the Commission, or of any committee, task force or other subsidiary body of the Commission, shall be open to the public, as shall the minutes, records of proceedings or documents received or discussed by the Commission or its subsidiary bodies. Access to meetings or documents of the Commission may be restricted only in circumstances authorized by those provisions of the Ralph M. Brown Act (California Government Code Sections 54950 et seq.), or of the California Public Records Act (California Government Code Sections 6250 et seq.), or of any successor legislation to either said act, relating to actual or imminent litigation or to evaluation of an employee of the Commission. No such restriction shall be lawful unless it is first justified in the relevant written notice of meeting by specific identification of the actual or anticipated litigant or by specific identification of the position of the Commission employee to be evaluated. All Commission documents shall be made available for copying by members of the public for the cost of the copies only. 

E. The Commission shall hold its meetings, hearings, public hearings, and other proceedings in such places and at such times as are likely to maximize access to said proceedings by as reasonably broad a range of San Francisco residents as possible. To this end, the Commission, among other things, shall hold regular evening meetings at various locations throughout San Francisco. 

SECTION 10.107: NUCLEAR WEAPONS-FREE CONTRACTS 

A. Except as allowed by Subsections 10.107(B), (E), (F), and (E), the City Shall make no Public Contract either with a Nuclear Weapons Maker or for any Product of a Nuclear Weapons Maker. Excluding Paragraph 10.107(D)(4), this Section shall take effect ninety (90) days after the effective date of this Act. 

B. Findings of No Reasonable Alternative: 

1. The City shall make no Public Contract either with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker unless the Commission first makes a finding, said finding to be known as a Finding of No Reasonable Alternative, that all of the following conditions hold: 

a. The proposed Public Contract is vital to the continued orderly conduct of the business of the City. 

b. A good faith effort has been made by the Purchasing Agent or Contracting Officer to comply with this Section, and in particular to find and utilize alternatives. 

c. Where possible, the Purchasing Agent or Contracting Officer has submitted a realistic written plan for the eventual elimination of said Public Contract and/or any future similar Public Contract. 

d. The Purchasing Agent or Contracting Officer has surveyed thoroughly all available alternatives to said Public Contract, has identified to the Commission's satisfaction at least five (5) such alternatives that have been considered and rejected, and the precise reasons therefore or, where less than five (5) alternatives are found, has described the efforts that were made to search them out, and has shown that no such alternative both meets the specifications for said Public Contract and conforms with Subparagraph 10.107(B)(1)(D). 

e. The specifications for said Public Contract have been written so as to maximize the utilization of alternative sources. 

f. The utilization of any non-Nuclear Weapons-related source for said Public Contract would increase the cost of said Public Contract by more than five percent (5%), except where said Public Contract is for a "public project" of a dollar amount sufficient to fall within the purview of relevant state law governing said "public project" contracts, to the extent, but only to the extent, that said state law is mandatory in its application to chartered cities, and said utilization would increase the cost of said Public Contract by an amount in excess of that allowed by said state law, and the City has contracted separately for the "supplies and materials" portion of said Public Contract where such separate contracting would result in more complete compliance with this Act. 

g. The factors specified in Paragraph 10.107(B)(2) have been considered whenever it is first determined that there are no non-Nuclear Weapons-related sources available. 

2. In considering a Finding of No Reasonable Alternative, where the Commission has first determined that there is no non-Nuclear Weapons-related Vendor for a Public Contract and where there is more than one (1) Nuclear Weapons-related Vendor under consideration, the Commission shall give weight to the degree of Nuclear Weapons involvement of the respective Vendors in determining which of them shall receive the Public Contract. In considering a Finding of No Reasonable Alternative for acquisition of a Product of a Nuclear Weapons Maker from a Vendor that is not a Nuclear Weapons Maker, the Commission shall give weight to the degree to which the parts of said Product are made by Nuclear Weapons Makers and to whether said Vendor has reasonably available to it alternative non-Nuclear Weapons-related sources for said parts. 

3. It shall be the direct responsibility of the Purchasing Agent or Contracting Officer to anticipate the need for requests for Findings of No Reasonable Alternative and to provide the Commission with the information necessary to evaluate said requests. The Commission shall not be responsible for the development of information relevant to said requests, except as it may choose or as specifically required by this Section. 

C. Identification of Nuclear Weapons Makers: 

1. Either the Commission, the Purchasing Agent or a Contracting Officer may identify Nuclear Weapons Makers by means of information on Nuclear Weapons Work contained in the affidavits required by Subparagraph 10.107(D), that comply with the requirements for said affidavits, or information contained in the Contracting Data Base specified in Subsection 10.107(J). 

2. Immediately upon receipt of an affidavit, the Purchasing Agent or Contracting Officer
shall forward a copy of same to the Commission for verification. Failing objection by the Commission within fourteen (14) days of receipt by it of said copy, an otherwise complete affidavit shall be considered final proof, for the Public Contract under consideration, as to whether the Vendor is a Nuclear Weapons Maker. Except as allowed by Subsections 10.107(E), (F) and (K), no Public Contract shall be executed before the fourteen (14) day verification period has expired.

3. If the Commission, the Purchasing Agent or a Contracting Officer challenges an affidavit, based on identification of the affiant Vendor thereto, or the source of a Product named therein, as a Nuclear Weapons Maker, through information contained in the Contracting Data Base specified in Subsection 10.107(J), said Vendor shall be notified of said identification and of said information; said Vendor shall be further notified that it may be prohibited from obtaining Public Contracts therefrom and that it may appeal said identification to the Commission within fourteen (14) days in accordance with this Paragraph and Paragraph 10.107(C)(4). Failing an appeal, said identification shall be deemed final for the affected Public Contract.

4. Within thirty (30) days of receipt of such an appeal, the Commission shall hold a hearing at which the affected Vendor shall be accorded due process, including the right to counsel and the right to present evidence opposing the Commission’s finding. Within seven (7) days following said hearing, the Commission shall make a final determination as to whether the Vendor is a Nuclear Weapons Maker.

5. The appeal and hearing procedures of Paragraphs 10.107(C)(3) and (4) shall not apply to a Vendor of a Product of a Nuclear Weapons Maker where it has been determined that said Vendor is not a Nuclear Weapons Maker, or is a Nuclear Weapons Maker but seeks to provide the City with the Product of another Nuclear Weapons Maker.

6. A person shall be deemed to be a Nuclear Weapons Maker if it is determined that said person is controlled or influenced by two (2) or more Nuclear Weapons Makers acting in a unified manner, the same degree of control or influence would result as if said person were the Affiliate of a single Nuclear Weapons Maker.

7. When a determination is made as to whether a person is a Nuclear Weapons Maker is dependent upon whether said person is an Affiliate of a second person (or persons), the Commission shall use its best judgement in making said determination according to the definition of Affiliate contained in Subsection 10.121(B).

8. If such is consistent with furthering the purposes of this Act, the Commission may add to or refine the definition of Affiliate, either for a specific industry or more generally.

D. Affidavits and Related Requirements:
1. No Public Contract shall be made without first obtaining from each Vendor that is party thereto an affidavit containing at least the following:
   a. Identifying information, including, but not necessarily limited to, name, address and Affiliates, if any.
   b. A listing of all work done under prime contract and/or subcontract with or for the Department of Defense, the Department of Energy or any agency, or indirectly with or through any other contractor or other Person, which may constitute Nuclear Weapons Work as defined in this Act.
   c. Where the proposed Public Contract involves a Product, the source of the Product and, where said Product is not solely manufactured, produced and/or grown by said Vendor, an affirmation as to whether said Product is, to the best knowledge of said Vendor, wholly or partly the Product of a Nuclear Weapons Maker.
   d. A notarized affirmation, under penalty of perjury, that the Person (or, if necessary for completeness of information, Persons) making said affidavit swears to the completeness and accuracy of the information therein, and that said Person (or Persons) is (are) qualified to so swear.
   e. An affirmation that said Vendor will notify the City promptly if said Vendor becomes a Nuclear Weapons Maker during the effective period of any Public Contract made in reliance upon said affidavit.
   f. Such further statements or information as the Commission or the Purchasing Agent may deem necessary or appropriate to accomplish the purposes of this Act.
   g. An affirmation that said Vendor understands that it is making said affidavit under penalty of perjury and under penalty of the sanctions of Paragraph 10.107(D)(7). The Commission shall develop, in consultation with the Purchasing Agent and consistent with this Section, the form for the aforesaid affidavit, and may develop additional affidavit forms with simplified requirements for making Public Contracts in amounts of less than five hundred dollars ($500.00) or with small businesses, as such are defined in the relevant laws of the City, where the full affidavit requirements may constitute an undue burden. The Commission may direct, after consultation with the Purchasing Agent, the modification of City purchase order forms as an alternative means of soliciting the required information.
   3. The affidavit form shall contain a general statement as to the purposes of this Act and as to the policy and intent of the City thereunder, shall state that the aim of this Act is, in part, to ensure that Public Contracts in no way enrich or benefit Nuclear Weapons Makers, and to that end the City does not unwittingly purchase the Products of Nuclear Weapons Makers, and shall specifically encourage a Person that is barred from doing business with the City because of said Person’s relationship with Nuclear Weapons Work to qualify for City business by terminating said relationship.
   4. In making the affirmation required by Subparagraph 10.107(D)(1)(c), a Vendor shall not be required, and the agency shall not be required, to make inquiry beyond what is normally made in the course of said Vendor’s business, except that

the Commission may require said Vendor to make such inquiry in light of information contained in the listing developed in accordance with Paragraph 10.107(D)(5). Even where said Vendor is not itself a Nuclear Weapons Maker, it shall, except as otherwise allowed by this Section, not receive said Public Contract where its response in the affidavit indicates that the Product it intends to provide to the City is wholly or partly the Product of a Nuclear Weapons Maker. Such a response shall in no case prejudice, however, and the form for the affidavit shall so state, any other Public Contract said Vendor may seek to make in the future, nor shall it prejudice the provision by said Vendor, under the terms of the Public Contract at issue, any other Public Contract not originating with a Nuclear Weapons Maker.

5. In order to facilitate the application of Paragraph 10.107(D)(2), the Commission and the Purchasing Agent shall develop jointly, and periodically update, a listing, which shall be as complete as is feasible, of Nuclear Weapons Makers and their Affiliates, Products and brand names. Said listing shall be available to the public and in particular to all Persons interested in contracting with the City in order to assist them in complying with this Section, shall be maintained for easy public access and may be combined to the extent practicable with the Contracting Data Base specified in Subsection 10.107(J).

6. As soon as a completed affidavit is received by the City, a copy thereof shall be forwarded to the Commission and retained on file for its use. A duplicate of said file shall be maintained for examination and copying by the public.

7. Notwithstanding that an affidavit must be received and verified by the Commission in order for the relevant Public Contract to be made, if an existing Vendor wishes to make a new Public Contract, an affidavit made for a previous Public Contract may be taken to serve in place of a new affidavit, to the extent the information contained in the previous affidavit is applicable to the new Public Contract, provided said Vendor affirms in writing that the information therein remains true and complete.

8. Completion of the affidavit(s) specified in this Subsection shall constitute a material condition for the acceptance of the relevant bid or for the execution of the relevant Public Contract. This Act shall be incorporated by reference into all Public Contracts. Any Public Contracts made, or any bids submitted or accepted, in a manner contrary to that required by this Section shall therefore be void for all purposes.

9. Whenever an affidavit has been submitted to the City and has been found, after an investigation by the Commission, or by the Purchasing Agent or a Contracting Officer, to be false, the Commission may impose such sanctions or take such other actions as it seems fit to ensure compliance with this Section. Such actions or sanctions may include, but are not limited to, refusal to certify the award of a Public Contract, suspension or rescission of a Public Contract, with...
holding of Public Funds, revision of a Public Contract based upon a material breach of said Public Contract, said breach pertaining to statements made in the affidavit, and disqualification of a Vendor from eligibility for doing business with the City for a period not to exceed five (5) years, with a right to review and reconsideration before the Commission after two (2) years upon a demonstration by said Vendor that corrective action has been taken and that violations are unlikely to recur.

10. Except as allowed by Paragraph 10.107(D)(9), this Section shall not be construed to prejudice the subsequent status of a Vendor that has been excluded from doing business with the City under this Section and that has subsequently terminated all involvement in Nuclear Weapons Work.

11. The Commission shall develop forms for letters to be sent to all Vendors and potential Vendors that it identifies as Nuclear Weapons Makers or providers of the Products of Nuclear Weapons Makers, in order to encourage said Vendors to cease engaging in Nuclear Weapons Work or providing the Products of Nuclear Weapons Makers, and to encourage them to engage instead in peaceful, productive business activities.

For a Public Contract of an amount less than five hundred dollars ($500.00), or where the Purchasing Agent or Contracting Officer shows that there is only one (1) possible source for a Public Contract, a Finding of No Reasonable Alternative as specified by Subsection 10.107(B) shall not be required. Instead, the Purchasing Agent or Contracting Officer shall inform the Commission in writing of said Public Contract no later than at the next regular meeting of the Commission after the Purchasing Agent or Contracting Officer has determined that it is necessary to make said Public Contract, shall provide the Commission with information equivalent to that required by Subparagraphs 10.107(B)(1)(a) through (g), and shall be prepared to justify, at the request of the Commission, the execution of said Public Contract. It shall be unlawful to seek to avoid compliance with the other parts of this Section by means of subdividing or otherwise reducing to smaller separate amounts Public Contracts that would otherwise be subject to said parts.

The Purchasing Agent or a Contracting Officer affirms in writing to the Commission that, to the best of her or his knowledge and belief, a proposed Public Contract is not with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker, that the relevant affidavit (or affidavits) required by Subsection 10.107(D) is (or are) true and complete, that the fourteen (14) day period required under Paragraph 10.107(C)(2) for Commission verification will create a substantial detriment to the City, and that said Public Contract can be executed in a manner otherwise consistent with this Section, then the Purchasing Agent or Contracting Officer may execute said Public Contract before said period has ended.

In the case of a Public Contract authorized under Subsections 10.107(E) or (F), where the Commission determines that said Public Contract has been made in violation of this Section, the Commission may require that any similar future Public Contract with the same Vendor be made in accordance with Paragraph 10.107(B)(1).

H. The Purchasing Agent and Contracting Officers shall work with the Commission to develop non-Nuclear Weapons-related sources for Public Contracts and to anticipate future needs for same so as to minimize the need for the Findings of No Reasonable Alternative allowed by Paragraph 10.107(B)(1). In this regard, emphasis shall be given first to the development of sources within San Francisco and then to the development of sources within other Nuclear Free Zone jurisdictions.

I. The Purchasing Agent shall:
1. Cooperate fully with the Commission as necessary for the expeditious and complete implementation of this Section;
2. Report to the Commission semi-annually as to the status of City Nuclear Weapons-free contracting, or more frequently as necessary to further the expeditious implementation of this Section; the first such report shall be transmitted to the Commission within one hundred eighty (180) days of the effective date of this Section; said reports shall contain a listing of Public Contracts that were executed during the six (6) months prior to the date of the report and a listing of Public Contracts made by Contracting Officers or that were otherwise not directly administered by the Purchasing Agent;
3. In order to share information about Nuclear Weapons-free sources for said contracting, develop and maintain contacts with purchasing departments in other jurisdictions that have Nuclear Weapons-free contracting requirements similar to those of the City; and 4. Commencing within thirty (30) days after the effective date of this Act, provide written material to Vendors informing them of City contracting policy as established by this Act such that all Vendors, and particularly those Vendors seeking to provide the City with Products originating with another Person, are made aware of potential effects upon their present and possible future Public Contracts.

J. The Commission and the Purchasing Agent shall jointly establish and maintain a publicly accessible Contracting Data Base, which shall be used to screen Public Contracts as to their compliance with this Section and to assist in the identification of Nuclear Weapons-free contract sources. The Contracting Data Base shall consist of the most current information available and shall be developed from both primary and secondary sources, including reports of contracts with federal agencies known to let contracts for Nuclear Weapons Work (including, but not limited to, the Department of Defense and the Department of Energy), information obtained from other jurisdictions with Nuclear Weapons-free contracting requirements, and such other information, both governmental and private, that the Commission or the Purchasing Agent considers useful in complying with this Section. All information contained in the Contracting Data Base shall be fully documented and specific as to its source.

K. The parts of this Section that may have the effect of delaying the making of Public Contracts may be temporarily suspended by the Board for the duration of a declared state of emergency within San Francisco upon certification by said Board that such suspension is essential to the protection of life and property during said state of emergency.

SECTION 10.108: NUCLEAR WEAPONS-FREE INVESTMENTS

A. The City shall minimize, as a matter of policy and consistent with the other provisions of this Section, its involvement with financial institutions that make Loans to, or provide other financial services to, any Nuclear Weapons Maker. In addition, consistent with said policy, other relevant City policies, and accepted standards of prudent financial management, the City shall give preference in its financial dealings to financial institutions that have the least involvement with Nuclear Weapons Makers and especially to those that minimize or, preferably, bar such involvement as a matter of policy.

B. Commencing within sixty (60) days after the effective date of this Act, the City shall make no new investments in Nuclear Weapons Makers, except as provided by Subsection 10.108(E). Within one hundred eighty (180) days after said date, the City shall divest itself of all such investments held or controlled by it, including all funds invested by the City on behalf of other Persons, except as provided by Paragraph 10.108(E)(3).

C. Public Funds invested or deposited with a financial institution or other Person shall not in turn be invested by said Person in Nuclear Weapons Makers or in any other fashion that would constitute a violation of this Section. To this end, prior to investing said Public Funds, the City shall obtain an affidavit from said Person affirming that said Person pledges not to invest said Public Funds in violation of this Section.

1. Failure on the part of said Person to execute said affidavit shall bar said Person from receiving said Public Funds for investment or deposit.
2. The Treasurer shall develop, subject to Commission approval, the form for said affidavits, taking into account that said affidavit shall contain, to the extent applicable, substantially the same information and statements as the affidavit required by Subsection 10.107(D), except that additional information may be required as appropriate to this Section and in particular as appropriate to the investment policy specified in Subsection 10.108(A).

D. If Public Funds have been deposited or invested with a financial institution or other Person that subsequently violates this Section, the Treasurer shall withdraw or divest said Public Funds within one hundred eighty (180) days of the date of determination of the violation or, where the exception specified by Paragraph

(Continued on next page)
LEGAL TEXT OF PROPOSITION E (Continued)

10.108(E)(2) applies, upon the earliest possible maturity date.

E. Exceptions:

1. Investments in federal financial instruments that are wholly or partly sold to finance Nuclear Weapons Work, including but not necessarily limited to United States Treasury bills, notes and bonds, shall be made by the City only when necessary to avoid substantial financial losses and only during a sixty (60) day period following enactment of a resolution of the Commission specifically permitting said investments. Said resolution shall be considered for enactment only upon written request of the Treasurer detailing the necessity for said investment in light of this Section. Said investments shall not normally be made, shall be kept to the minimum necessary to avoid financial losses, shall be terminated as quickly as practicable and shall constitute no more than twenty percent (20%) of the total City investment portfolio. The Commission shall, on an ongoing basis, solicit testimony, hold hearings and advise the Treasurer as to investment alternatives to said instruments.

2. The divestment of Public Funds that are invested under an already existing trust indenture or investment agreement, or that are otherwise invested by the City under an already existing contractual obligation that cannot be broken without substantial penalty, shall not be required within the one hundred eighty (180) day period specified by Subsection 10.108(B), except that said Public Funds, if invested with a financial institution or other Person which has not or is unable to file the affidavit required by Subsection 10.108(C), shall be withdrawn or divested at the earliest possible maturity date.

F. Investments in financial instruments issued or guaranteed by agencies of the federal government where said agencies are not themselves engaged in Nuclear Weapons Work and where the proceeds of said financial instruments are not used to finance Nuclear Weapons Work shall not be restricted by this Section.

G. A Public Contract for financial services not involving the investment, deposit or other actual transfer of Public Funds shall be subject to Section 10.107 rather than this Section.

H. The Treasurer shall report to the Commission on a semi-annual basis as to the status and progress of divestment, or more frequently as necessary to further the expeditious implementation of this Section. The first such report shall be made within two hundred ten (210) days of the effective date of this Act.

I. No provision of this Section shall be construed to prejudice the status of any financial institution or other Person that has been excluded under this Section from consideration for investment or deposit of Public Funds where said Person has subsequently qualified for said investment or deposit, except where said Person has been excluded because of a knowing violation of this Section.

J. The process used under Subsection 10.107(C) to determine whether a Person is a Nuclear Weapons Maker shall also be used, to the extent applicable, for such determinations under this Section, except that the Treasurer shall have the authority and duties granted by Subsection 10.107(C) to the Purchasing Agent and Contracting Officers.

SECTION 10.109: TRANSPORT OF HAZARDOUS RADIOACTIVE MATERIALS

A. Transport, within San Francisco, of High-Level Hazardous Radioactive Materials, including but not limited to High-Level Hazardous Radioactive Materials contained in Nuclear Weapons, or of other Hazardous Radioactive Materials in shipment quantities of five thousand (5,000) or more curies, shall be subject to the following requirements:

1. Any Person with the intention of carrying out said Transport shall notify the City, at least forty-five (45) days prior to each instance of said Transport, as to said intention for review under this Section. Said Person shall provide the City with reports on the routes said Person has considered for said Transport. Said report shall state why the preferred route or routes within San Francisco is (are) essential to the movement of the particular Hazardous Radioactive Materials pursuant to relevant federal law, United States Department of Transportation regulations, relevant state law and regulations, and other relevant laws or regulations of the City. Said report, along with such documentation as the City may require, shall be submitted with the filing of notice. Said documentation shall include written proof that said Person is able, through proper insurance or by means of a bond posted with the City, to pay the amount and fulfill any other requirements of said insurance or bond, said amount and other requirements to be established by the City, so as to fully reimburse the City, and any affected businesses and residents, for all costs and damages resulting from a worst-case accident involving the type and quantity of Hazardous Radioactive Materials proposed for said Transport.

2. Each notice received in compliance with Paragraph 10.109(A)(1) shall be transmitted to the Commission along with an assessment by the appropriate City agency of the attached report and documentation. The Commission shall then convene at least one (1) public hearing with at least fourteen (14) days advance notice by press release, public service announcements over radio and television, and by other appropriate means, such that maximum public participation is ensured. After hearing public testimony, the Commission shall determine the safest route and means for said Transport and shall authorize the appropriate City and County agency to issue the necessary permit. Following selection and approval of said route and means, the City shall give at least fifteen (15) days advance public notice of the selected route(s). Said notice shall include publication in at least one (1) newspaper of general circulation. The aforesaid Person shall affix, at its own expense, warning signs, if applicable, along said route(s) so as to allow residents to avoid same if they so choose, and shall provide an emergency phone number to report accidents. The aforesaid public hearings shall be consolidated whenever possible to include multiple proposed shipments.

3. Each vehicle involved in said Transport shall bear, where applicable to the means of Transport, signs warning "Transport of Hazardous Radioactive Materials" clearly visible for at least two hundred fifty (250) feet and, where applicable to the type of said vehicle, shall have its headlights on at all times while in transit within San Francisco.

4. A vehicle engaged in said Transport through San Francisco via a surface route shall be immediately preceded by a City law enforcement escort vehicle and, where the vehicle engaged in said Transport contains "special nuclear material," as said material is defined by relevant federal laws and regulations, then it shall be immediately preceded by a City emergency vehicle carrying all proper equipment and personnel necessary to respond effectively to an accident involving release of said material.

5. Fees to reimburse the City for the costs of enforcing this Section shall be assessed to each aforesaid Person. Said fees shall be in addition to any fees imposed under the authority of Subsection 10.116(E).

B. It shall be unlawful to Transport through the Port of San Francisco spent nuclear fuel, plutonium in any form, or Hazardous Radioactive Materials classified as "Fissile II" under the applicable federal regulations in effect as of the effective date of this Act. Furthermore, the Port Commission of the City shall issue no permit to dock or otherwise utilize a facility of the Port of San Francisco to a vessel having Nuclear Reactors or to a vessel normally considered capable of carrying Nuclear Weapons, except where, in the case of a Nuclear Weapons-capable vessel that does not have Nuclear Reactors, said Port Commission has received an official written assurance, at least ten (10) days in advance of the anticipated docking date of such vessel, that said vessel will not have Nuclear Weapons on board during its time in port in San Francisco. Said Port Commission shall utilize such independent means of verification as may be necessary to ensure full compliance with this Subsection.

C. It shall be unlawful to Transport through San Francisco International Airport spent nuclear fuel, plutonium in any form, or other Hazardous Radioactive Materials classified as "Fissile II" or "Fissile III" under the applicable federal regulations in effect as of the effective date of this Act.

D. Federal and state laws and regulations regarding Transport of Hazardous Radioactive Materials are hereby incorporated into this Act by reference. A violation of said laws and regulations shall therefore be punishable as a violation of this Act. The Board shall ensure that City law enforcement officials are informed of and enforce said laws and regulations.

E. Where it finds such to be necessary for the proper maintenance of public health and safety or for the safeguarding of the economic wellbeing of the people of San Francisco, the Commission may apply Subsection 10.109(A) to the

(Continued on next page)
Transport of Hazardous Radioactive Materials in shipment quantities of less than five thousand (5,000) curies.

SECTION 10.110: HIGH-LEVEL HAZARDOUS RADIOACTIVE MATERIALS

A. No Person shall use, within San Francisco, High-Level Hazardous Radioactive Materials for any purpose or in any way, including, but not limited to, reprocessing, dumping, incineration, storage, creation of, or operation of facilities utilizing, said High-Level Hazardous Radioactive Materials, except that any such use of High-Level Hazardous Radioactive Materials that is taking place as of the effective date of this Act shall be phased out over a two (2) year period in accordance with Subsection 10.110(C). For the purposes of this Act, facilities utilizing High-Level Hazardous Radioactive Materials shall be taken to include, but not be limited to, Nuclear Reactors and Food Irradiation Plants.

B. The Commission shall hold at least one (1) hearing annually on the subject of threats to San Francisco from Nuclear Reactors and other facilities utilizing High-Level Hazardous Radioactive Materials, both within San Francisco and in the region adjacent to San Francisco, and shall issue a report to the public as to said threats, their potential consequences and the adequacy of emergency plans addressing accidents that may occur at said facilities. The Commission shall then make recommendations to the people of San Francisco and to the Board as to actions they may take to reduce said threats.

C. All use of High-Level Hazardous Radioactive Materials shall be phased out within San Francisco as of the effective date of this Act - prohibited commencing two (2) years after said date. The Commission shall develop, within one (1) year after said date, a High-Level Hazardous Radioactive Materials facilities conversion plan in a manner similar to that of the Nuclear Weapons Work conversion plan of Subsection 10.104(B), except that any use of High-Level Hazardous Radioactive Materials that continues after said two (2) years shall be subject to the sanctions of Subsection 10.116(H).

D. It shall be the policy of the City to minimize or, if possible, eliminate purchases of electrical power from sources that utilize Nuclear Reactors to generate all or part of said power. The Commission shall hold hearings and make recommendations to the Board as to the use and development of alternative non-Nuclear Reactor-related sources for electrical power.

SECTION 10.111: LOW-LEVEL HAZARDOUS RADIOACTIVE MATERIALS

This Act shall not be construed to prohibit or restrict the use or Transport of Low-Level Hazardous Radioactive Materials, except that incineration or other permanent disposal of said Low-Level Hazardous Radioactive Materials shall be prohibited within San Francisco, and excepting, consistent with Subsection 10.109(A), said Transport in shipment quantities of five thousand (5,000) or more curies. Furthermore, consistent with Section 10.112(A), the designated City agency shall monitor said use and Transport, and shall report and make recommendations to the Commission as to measures to reduce the impact of same on the health and safety of the people of San Francisco.

SECTION 10.112: RADIATIONAL HEALTH MONITORING

A. The Board shall designate a City agency to coordinate the independent monitoring of the use and Transport of all Hazardous Radioactive Materials, including Nuclear Weapons, within or adjacent to San Francisco. Said monitoring shall include the use of Radiation Detectors to monitor, both directly and by atmospheric sampling, facilities engaged in such activities. All other City agencies responsible for the maintenance of public health and safety shall cooperate with said designated agency in assessing the adequacy of the safety and notice provisions of Sections 10.109, 10.110, 10.111, and 10.113, and of other relevant City laws and regulations, with respect to any and all affected activities taking place within San Francisco, instituting corrective measures, including the development of emergency plans, as may be necessary to accomplish the purposes of this Act, and reporting annually to the Board and to the Commission as to compliance with said provisions, laws and regulations. Said agency shall coordinate its activities with agencies having similar responsibilities in cities, counties and other appropriate jurisdictions in the region adjacent to San Francisco.

B. The Commission shall seek funding for studies, to be undertaken at no cost to the City, on the impact that radiological operations conducted in and around San Francisco have had and continue to have on the health of the residents of areas adjacent to said operations, and on the general impact of said operations on the environment of San Francisco. The subjects of said studies shall include, but not be limited to, the operation of the Nuclear Radiological Laboratory at Hunters Point Naval Shipyard, the decontamination of nuclear test target and observation vessels at Hunters Point Naval Shipyard from 1946 through 1962, the disposal of radioactive waste near the Farrallone Islands from 1946 through 1972, and the repair at Hunters Point Naval Shipyard of vessels carrying Nuclear Reactors.

SECTION 10.113: IRRADIATED FOOD LABELING

A. Subsections 10.113(B), (C) and (D) shall be enforced if and only if the Commission determines by a vote of at least two-thirds (2/3rds) that the importation of Irradiated Food into San Francisco and its distribution for consumption therein is occurring to such an extent that a public health hazard is constituted thereby. The Commission may at its discretion subsequently hold in abeyance enforcement of any or all of the provisions of Subsections 10.113(B) and (C) if it determines by a majority vote that said hazard has ceased or become insignificant. The City agency designated to coordinate radiological health monitoring in accordance with Section 10.112(A) shall monitor any importation of Irradiated Food into San Francisco and its distribution for consumption therein, ensure that the Commission is kept informed of the status of said importation and distribution, and advise the Commission as to when said importation and distribution may constitute a public health hazard.

B. Irradiated Food Notices and Signs:

1. No Food Outlet within San Francisco shall distribute Irradiated Food unless said Irradiated Food is displayed with a prominent notice in the form of a label, tag or sign, said notice to read: "Irradiated Food: Treated With Radiation," said notice shall also identify the Irradiated Food to which it applies and shall be attached, as appropriate to said Irradiated Food, to shelves, displays, individual containers, menus, price display boards, or in other ways, but in any case so as to be prominently visible to the consumer. The City shall make available to all affected Food Outlets that so desire shelf signs to serve as said notices. Other types of said notice shall be supplied by said Food Outlets themselves, except that the design of said other types shall be subject to approval by the City.

2. All Food Outlets within San Francisco shall post and maintain signs detailing the concerns and requirements of this Section, including, but not necessarily limited to, a description of the form of the notice required by Paragraph 10.113(B)(1), the requirements of Paragraph 10.113(C)(1), the number of the Hotline required by Paragraph 10.113(C)(2), and a statement to the effect that all persons having knowledge of Irradiated Food being provided in violation of this Section should inform the City by calling said Hotline. Said signs shall be no less than one (1) foot by two (2) feet in size, shall be posted in a prominently visible location, and shall be supplied to Food Outlets by the City.

3. A Food Outlet shall become exempt from Paragraphs 10.113(B)(1) and (2) if and when the proprietor thereof files a notarized affidavit with the City to the effect that said Food Outlet does not to her or his knowledge, and will never with her or his knowledge, stock or distribute Irradiated Food, that she or he will immediately and always remove from said Food Outlet any Irradiated Food found therein, and that said Food Outlet shall remain so exempt only so long as said proprietor acts in accordance with said affidavit. Upon said Food Outlet having been so exempted, said proprietor shall provide, post and maintain therein, in a location prominently visible to the public, a sign giving notice that said Food Outlet is so exempt and listing the conditions therefore as stated in this Paragraph. The design and exact wording of said sign shall be subject to approval by the City.

4. The notices and signs required by this Subsection shall be posted within sixty (60) days after the Commission has acted in accordance with Subsection 10.113(A) to initiate enforcement of this Subsection and Subsections 10.113(C) and (D). The locations of said signs and notices shall be subject to the approval of the City.

C. Implementation:

1. The City shall seek to identify on an ongoing...
LEGAL TEXT OF PROPOSITION E (Continued)

ing basis all Irradiated Foods available to Food Outlets within San Francisco, shall maintain a list of such Irradiated Foods as are known to it, and shall, from time to time as said list changes, disseminate said list to the proprietors of said Food Outlets. Said proprietors, as in the normal course of business they become aware of items of Irradiated Food not then on said list, shall post notices on or near said items in the manner prescribed by Paragraph 10.113(B)(1) and immediately inform the City as to the presence within San Francisco of said Irradiated Food.

2. An Irradiated Food Hotline shall be established and maintained by the City, and shall be available for Persons to call in order to obtain information as to the requirements of this Section or to receive from Persons information as to alleged violations of this Section. Said Hotline shall be placed into operation within thirty (30) days after the Commission has acted to require enforcement of this Subsection and Subsection 10.115(B) and (D).

D. Enforcement

1. During periods when this Subsection and Subsections 10.113(B) and (C) are enforced, the Commission shall hold hearings annually, or more often as necessary to the proper implementation of said Subsections, to assess the adequacy of the implementation and enforcement of said Subsections, to maximize public awareness, and to develop specific proposals for further action.

2. Notwithstanding any other provision of this Act, violations of Subsections 10.113(B) and (C) shall be treated in the same manner as violations of the California Uniform Retail Food Facilities Law (California Health and Safety Code Sections 27500 et seq.).

3. Any interested Person may seek, by action of a court of competent jurisdiction, an injunction or other order requiring that Subsections 10.113(B) and (C) be enforced with respect to a particular Food. Said injunction or order may be directed to the City, or to any owner, manager, or proprietor of any Food Outlet found to be in violation.

SECTION 10.114: PEACE EDUCATION

A. The Commission shall develop, in cooperation with other City agencies, literature and other relevant materials for the purpose of disseminating to the people of San Francisco information about this Act and its purposes, including the issues, threats, and solutions addressed by this Act, and in particular shall develop and disseminate information allowing San Francisco residents to make specifically non-Nuclear Weapons-related as well as overall socially responsible investment and purchasing choices consistent with the plan developed in accordance with Section 10.104(D).

B. Every road, including interstate highways, entering San Francisco, and every other major transportation facility within, as of the effective date of this Act, has a sign marking the San Francisco City limit or a similar sign indicating entry into San Francisco, or where a new San Francisco City limit sign or similar sign is emplaced subsequent to said date, shall also be

marked with a sign, of at least equal size, reading "Nuclear Free Zone, established by San Francisco Initiative Charter Amendment, 1990," and prominently displaying the standard yellow and black symbol for Radiation canceled with a red circle and red diagonal bar. The letters spelling out "Nuclear Free Zone" on said signs shall be at least five (5) inches in height, or proportionally larger in the case of signs larger than the two (2) foot by three (3) foot minimum size, and the required symbol shall be at least fifteen (15) inches in diameter, or proportionally larger in the case of larger signs. Said signs shall be posted within one hundred twenty (120) days of said date, shall be at least two (2) feet by three (3) feet in size and shall be maintained with at least the same standard of care as San Francisco City limit signs. Such signs shall also be prominently posted at the main entrances to major City office buildings, in the Board chambers, in the offices of the Mayor and the Chief Administrative Officer, in each of the terminals of the San Francisco International Airport, and in each major transportation facility through which large numbers of people enter San Francisco, including, but not limited to, Bay Area Rapid Transit (BART) stations, the Transbay Terminal, the Caltrain station and the Ferry Building.

C. The Commission shall establish one (1) or more working committees for the purpose of developing peace curricula suitable for use by all schools within San Francisco. In establishing said committees as well as in otherwise complying with this Subsection, the Commission shall solicit the participation of students, teachers and members of the public from each school district within San Francisco, and in particular shall cooperate with the San Francisco Board of Education and the San Francisco Community College District Board. Said curricula shall:

1. Emphasize not only peaceful goals but peaceful processes, with an emphasis on teaching peace means of interaction through cooperative education, conflict resolution and critical thinking;

2. Address peace-related issues on the macroscopic level of the mechanisms, causes and consequences of global violence and militarism, and on the microscopic level of attitudes and patterns of behavior in daily life that form larger societal patterns of response that in turn can result in such global problems;

3. Emphasize that cooperation and understanding among diverse cultures is essential to world peace;

4. Seek to develop in students an awareness of their relationship to the formation of public policy and, as befits citizens in a democracy, of their capability to effect the formation of public policy;

5. Involve all schools within San Francisco, public and private, at the preschool, elementary school, junior high school, high school, community college, college and university levels;

6. Include the development of peace-related courses that can be taken for credit, as well as essay and art workshops, including workshops to create posters suitable for publication and distribution to the public by the Commission, conducted so as to foster both awareness of peace-related issues and proper use of the principles of peaceful interaction; and

7. Include discussion of the issues, threats and solutions addressed by this Act.

D. The Commission shall designate, within one hundred twenty (120) days of the effective date of this Act, an appropriate San Francisco park as the "San Francisco Peace Park." Said park shall be suitable for Hiroshima/Nuclear Free Zone Commemoration Day observances as well as other activities relating to peace education.

SECTION 10.115: HIROSHIMA/NUCLEAR FREE ZONE COMMEMORATION DAY

August 6th of each year shall be "San Francisco Hiroshima/Nuclear Free Zone Commemoration Day" and shall be observed within San Francisco each year in memory of the first use of a Nuclear Weapon against a civilian population. The Commission shall develop and promote a suitable educational program to take place each year in relation to said day. Said educational program shall involve to the greatest extent possible local, national, and international cooperation with other jurisdictions and citizen groups holding similar observances.

SECTION 10.116: GENERAL ENFORCEMENT PROVISIONS

A. The Board, the Commission and all other City agencies and officials having responsibility for implementation and enforcement of this Act shall protect the legal rights, including, but not limited to, the right to due process, of all Persons subject to this Act.

B. This Act shall be enforced to the full extent of the authority and jurisdiction of the City. The act of contesting said authority and/or jurisdiction shall not constitute, in and of itself, grounds for exemption from this Act. Violation of this Act shall be punishable by the maximum penalty for a misdemeanor. Each day shall be deemed a separate violation. Any resident of San Francisco shall have the right to enforce this Act by bringing civil action for declaratory or injunctive relief. A prevailing plaintiff shall be awarded reasonable costs of suit and attorney's fees.

E. The Commission shall recommend to the Board, which then may direct the assessment of, appropriate and reasonable fees toward the implementation of this Act, said fees to be levied on Nuclear Weapons Makers or other Persons engaged in major activities within the scope of this Act.

F. It shall be unlawful for an employee, official, or representative of the City, when acting in her or his official capacity, to solicit, encourage, facilitate or otherwise cooperate in, an activity prohibited or intended to be prohibited by this Act, or to expend, utilize or authorize the expenditure or utilization of Public Funds, property, employees or other resources in support of said activity or in support of the arrest, incarceration or harassment of members of the public engaged in non-violent civil disobedience intended to impede or disrupt Nuclear (Continued on next page)
E. It shall be the policy of the City to oppose actively the development, deployment, and use of Nuclear Weapons and other aspects of the nuclear fuel cycle as proscribed by this Act. The people of San Francisco therefore call upon San Francisco's representatives in the United States Congress and in the California Legislature to take positions and cast votes consistent with said policy and this Act generally.

F. The people of San Francisco call upon the United States Congress to repeal the Price-Anderson Act, which severely limits the nuclear industry's liability for damages arising from its own shortsightedness, greed and incompetence, and to properly establish and then protect the right of all persons to sue and obtain full compensation for damages arising from exposure, accidental or intentional, to Radiation or Hazardous Radioactive Materials.

SECTION 10.118: DUTIES OF BOARD OF SUPERVISORS

In addition to its duties as specified elsewhere in this Act, the Board shall:

A. Appropriate such funds as may be necessary to ensure that the Commission's staff has sufficient compensation and office space, that the Commission is able to properly carry out its responsibilities under this Act, and that other City officials and staff are able to carry out properly their responsibilities under this Act;

B. Ensure that all affected members of the City staff are familiar with this Act and that they cooperate with the Commission in the discharge of its responsibilities;

C. Require that any state-level and federal-level lobbyists retained by the City cooperate with the Commission in developing a lobbying program consistent with the purposes of this Act; and

D. Until such time as the Commission takes office, act in its place, carry out its duties and exercise its powers as required by this Act.

SECTION 10.119: NUCLEAR FREE ZONE IMPLEMENTATION COMMISSION

A. A San Francisco Nuclear Free Zone Implementation Commission of nine (9) members shall be elected to carry out the tasks established for it by this Act, as well as any other tasks consistent with the intent of this Act, if any, subsequently established for it by the voters or by the Board.

B. Elections, Qualifications, Vacancies, Chair, and Quorum:

1. Commission elections shall be held in the same manner and at the same times as those of the Board. Except for the initial terms as prescribed by Paragraph 10.119(B)(2), and for appointments to vacant seats and special elections as prescribed by Paragraph 10.119(B)(4), the regular full terms of office for Commissioners shall be the same as those specified for Supervisors.

2. An initial election for all nine (9) Commissioners shall be held at the first regularly scheduled primary or general election held after the effective date of this Act. The Commissioners so elected shall take office immediately upon certification of the results of the election, with the term of office of each of the four (4) Commissioners receiving the highest number of votes to expire after the November 1994 regular election for Supervisor held in November of 1994 and the term of office of each of the five (5) Commissioners receiving the least number of votes to expire after the November 1992 regular election for Supervisor.

3. Qualifications for office for Commissioners shall be the same as those specified for Supervisors.

4. A vacant seat on the Commission shall be filled temporarily by an appointee selected by majority vote of the remaining Commissioners, said appointee then to be replaced by means of a special election to be held at the next regularly scheduled primary or general election, with the Commissioner so elected to take office immediately upon certification of the results of said election and to serve out the remaining portion of the term.

5. The Commissioners shall elect from among their number a Chair to be presiding officer of the Commission. The term of office of said Chair shall be no more than one (1) year and shall expire at the end of the calendar year in which the Chair sits.

6. A quorum for decisions of the Commission shall be a majority of the Commissioners then holding office, except that a smaller number may vote to adjourn meetings.

C. In addition to those powers and duties specifically granted it elsewhere in this Act, the Commission shall have the following general powers and duties:

1. The Commission shall be the coordinating agency of the City and County as regards implementation of this Act and shall possess general authority to hold hearings, call witnesses, and make recommendations to the Board and to the people of San Francisco in furtherance of the purposes of this Act.

2. The Commission shall formulate rules for its own procedures and other rules necessary to facilitate implementation of the provisions of this Act for which the Commission is responsible. In formulating said rules, the Commission shall hold hearings in order for members of the public as well as members of the City staff to have a full opportunity to advise the Commission as to their views on said rules.

3. The Commission shall be a working body. Each Commissioner shall therefore participate fully in the work of the Commission, meeting as often as necessary and undertaking such work outside Commission meetings as may be required to fulfill her or his duties as a Commissioner.

4. A majority of the Commission may place ballot measures before the voters in regularly scheduled general and primary elections where the subject matter of such measures directly relates to the subject matter of this Act. In acting to place such measures on the ballot, the Commission shall otherwise be bound by the same deadlines and requirements as the Board.

5. The Commission shall develop and maintain contacts with similar bodies in other Nu
clear Free Zone jurisdictions for the purpose of sharing information and developing opportunities for mutual action.

6. The Commission shall seek to develop sister relationships with Nuclear Free Zone jurisdictions in other countries and may sanction such relationships on behalf of the City.

7. The Commission may apply for, receive and expend supplementary funding grants from public and private sources.

D. Consistent with the principle of maximizing public participation in Commission activities, the Commission shall establish advisory committees and task forces and shall provide for full participation of the public in the functions of such bodies.

E. The positions of Executive Secretary and Administrative Assistant to the Commission shall be appointed and removed by the Chair of the Commission with the approval of a majority of the Commission. Remuneration for the positions shall be established consistent with the relevant laws of the City. The Administrative Assistant and any other staff personnel shall be under the immediate direction and supervision of the Executive Secretary. The Executive Secretary shall also be known as the San Francisco Nuclear Free Zone Implementation Officer. Except as allowed by Subsection 10.119(F), any additional staff shall be provided only upon a specific request of the Commission to the Board and upon a finding by the Board that such additional staff is necessary to the proper execution of the responsibilities of the Commission as explicitly described in this Act, or of specific additional responsibilities subsequently established for the Commission by the Board or the voters.

F. The Commission may request and, subject to the approval of the Board, receive from any City agency, board or officer such personnel, information, services, facilities and/or any other temporary assistance as may be necessary to furthering the purposes of this Act, and the affected agency, board or officer shall, where feasible, promptly comply.

G. Commissioners shall receive no salary for holding office, except that they shall receive fifteen dollars ($15.00) in expenses for each Commission meeting attended; provided, however, that no member shall be paid for attending more than four (4) Commission meetings in any one (1) calendar month. In addition, the Board may approve additional reimbursement for Commissioners who encounter extraordinary expenses in attending meetings. Said expenses shall include the cost of child care.

H. Except where the voters, the Board, the Mayor or the Chief Administrative Officer may choose to delegate such, the Commission shall possess no legislative or administrative powers not specifically granted it by this Act.

SECTION 10.120: EXEMPTED ACTIVITIES

Nothing in this Act shall be construed to:

A. Affect any research, study, evaluation or teaching of or about Nuclear Weapons Work where said research, study, evaluation or teaching is unclassified;

B. Affect any secret or otherwise classified research, study, evaluation or teaching of or about Nuclear Weapons Work where the classified portion (or portions) of said research, study, evaluation or teaching is (or are) limited to the permanent dismantling or conversion to peaceful, productive purposes of Nuclear Weapons Work, the verification of arms reduction or test ban treaties, or environmental and/or health monitoring of Nuclear Weapons Work;

C. Affect any construction or operation of particle accelerators or of any related equipment, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111;

D. Affect any construction or operation of experimental Nuclear Reactors operating solely on the fusion principle, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111; or

E. Require any illegal act, infringe upon the right of privacy guaranteed by the United States Constitution or by the California Constitution, interfere with the power of Congress to provide for the common defense and regulate interstate transportation, violate any provision of any treaty or other instrument duly ratified by Congress and thus having status under Section VI of the United States Constitution as the "supreme law of the land," require the violation of fiduciary duties on the part of any City employee, or rescind or require the violation of any Public Contract made before the effective date of this Act.

SECTION 10.121: DEFINITIONS

The following words and phrases shall have, as they are used in this Act, the following specified meanings:

A. "Act" shall mean this Article, Article X ("Nuclear Free Zone") of the City Charter as enacted by the San Francisco Nuclear Free Zone Implementation Act of 1990.

B. "Affiliate" shall mean either of two (2) persons, where a Person owns part or all of a second Person, by means of stocks, equities other than stock, or other means, thus enabling the first Person to influence or control the business affairs of the second Person. A Person shall be deemed conclusively to influence or control the business affairs of any other Person if the first Person owns or has the power to vote more than fifty percent (50%) of any class of voting securities of the second Person, or if the first Person holds a sufficient amount of the debt of the second Person such that the first Person influences or controls the business affairs of the second Person to the same degree as if the first Person owned or had the power to vote more than fifty percent (50%) of any class of voting securities of the second Person. There shall be a rebuttable presumption that a Person influences or controls the business affairs of any other Person if the first Person owns or has the power to vote at least twenty-five percent (25%), but not more than fifty percent (50%), of any class of voting securities of the second Person, or if the first Person controls the election of a majority of the directors of the second Person. There shall be a rebuttable presumption that a Person does not control or influence the business affairs of any other Person if the first Person owns or has the power to vote less than twenty-five percent (25%) of any class of voting securities of the second Person, or if the first Person does not control the election of a majority of the directors of the second Person. (The Commission may add to or refine this definition in accordance with Paragraph 10.107(C)(8).)

C. "Board" shall mean the Board of Supervisors of the City.

D. "Chief Administrative Officer" shall mean the Chief Administrative Officer of the City.

E. "City" shall mean the government of the City and County of San Francisco, or any department, board, commission, agency or duly authorized official thereof.

F. "Commission" shall mean the Nuclear Free Zone Implementation Commission of the City.

G. "Commissioner" shall mean a member of the Commission.

H. "Contracting Officer" shall mean any officer, employee or properly designated representative of the City who has been duly authorized to make Public Contracts on behalf of the City.

I. "Food" shall mean any article used or intended for use by human beings as food, drink, confection, condiment, or chewing gum, or any component thereof, and shall include any Food Additive.

J. "Food Additive" shall mean any substance, the intended use of which results or may reasonably be expected to result, directly or indirectly, in such substance becoming a component or ingredient of Food or otherwise affecting characteristics of Food.

K. "Food Irradiation Plant" shall mean any facility used for the irradiation of Food by means of exposure to Radiation from radioactive isotopes.

L. "Food Outlet" shall mean any grocery store, food market, bakery, restaurant, or any similar establishment that has as its purpose the sale, display for sale or other distribution to the public of Food.

M. "Hazardous Radioactive Material" shall mean any Radiation-emitting substance, including, but not limited to, any radioactive tope, or any material containing any radioactive isotope, resulting from the operation of, or intended for use in, Nuclear Reactors or Nuclear Weapons; the refined products of spent Nuclear Reactor fuel that are themselves radioactive; the radioactive components of Nuclear Reactors, or of any device or component of a device that has been used to contain or process radioactive isotopes and is itself radioactive; any radioactive ore or the refined radioactive product of said ore where said ore was mined in order to transmit any radioactive isotope; or the tailings or similar debris resulting from the mining of uranium or other radioactive elements.

N. "High-Level Hazardous Radioactive Material" shall mean any spent or irradiated

(Continued on next page)
Nuclear Reactor fuel; fuel segments that have been irradiated in a Nuclear Reactor; any substance containing measurable traces of plutonium or any other transuranic element; or any discrete quantity of a radioactive substance where said quantity emits radiation equal to or greater than five thousand (5,000) curies; but shall not mean any radioactive substance defined by this Act as a Low-Level Hazardous Radioactive Material, regardless of quantity.

O. “Irradiated Food” shall mean any Food that has been exposed to Radiation, or any Food, including, but not limited to, packaged or processed Foods, containing any Food Additive or ingredient that has been exposed to Radiation, in a Food Irradiation Plant.

P. “Loans” shall mean monies lent at interest, the provision of lines of credit, or loans made by participants in lending consortia.

Q. “Low-Level Hazardous Radioactive Material” shall mean any Hazardous Radioactive Material not defined to be High-Level Hazardous Radioactive Material; any Hazardous Radioactive Materials used in research related to and/or applications of nuclear medicine (including dental, veterinary and related applications); or any Hazardous Radioactive Materials used in smoke detectors, light-emitting watches and clocks, industrial tracer and X-ray processes, biological research and/or other similar applications.

R. “Mayor” shall mean the Mayor of the City.

S. “Military Spending” shall mean all spending for military functions, both offensive and defensive, including, but not limited to, direct expenditures for the Department of Defense; military-related portions of outlays for veterans benefits, international security assistance and similar programs; military-related portions of the budgets of the Department of Energy, National Aeronautics and Space Administration, the Central Intelligence Agency, the Coast Guard, the National Security Agency, and similar agencies; and interest on the public debt resulting from past expenditures for the foregoing categories.

T. “Nuclear Reactor” shall mean any device designed for the controlled, non-explosive release of energy from the fission of atomic nuclei.

U. “Nuclear Weapon” shall mean any device capable of being used for the explosive release of energy from the fission and/or fusion of atomic nuclei; or any system, mechanism or software for transporting, containing, deploying, guiding, propelling, triggering, launching, delivering, or detonating such a device; or any part or component of such a device, or of such a system or mechanism, where said part or component contributes to the normal operation of such a device, or of such a system or mechanism, or of any combination of such devices, or such systems or mechanisms, except where said part or component has a use (or uses) unrelated to Nuclear Weapons compared to which the Nuclear Weapons-related use (or uses) of said part or component is (or are) merely minor and incidental.

V. “Nuclear Weapons Maker” shall mean any Person that is engaged in Nuclear Weapons Work, either directly or through an Affiliate, or that has a contract or other agreement to engage in Nuclear Weapons Work.

W. “Nuclear Weapons Work” shall mean any activity involving the design, development, production, testing, storage, possession, maintenance, refurbishing, dismantling for reuse, evaluation of or research on Nuclear Weapons; or any management, administration or other operation of such activity; or any contract or other agreement to engage in such activity or in any management, administration or other operation of such activity.

X. “Person” shall mean any natural person, business or corporation, association, college or university, laboratory, institution, financial institution, governmental agency, or other entity.

Y. “Product” shall mean any good, commodity, computer program, material, copyrighted matter, supply, vehicle, machinery, and/or equipment, or any service.

Z. “Product of a Nuclear Weapons Maker” shall mean any Product manufactured, produced, grown, obtained from or provided by a Nuclear Weapons Maker, or to which further work or material manufactured, produced or grown by a Nuclear Weapons Maker is added such that a substantial transformation of the Product is effected.

AA. “Public Contract” shall mean any agreement, oral, written or implied, made on behalf of or by the City, or by the City on behalf of any other Person, to receive, supply or use, or any actual receipt, supply or use of, any Product of any value.

BB. “Public Funds” shall mean all monies or other assets received, disbursed and/or managed by, or that are otherwise under the control of, the City, and any notes, bonds, securities, certificates of indebtedness or other fiscal obligations issued by the City, but shall not mean pension funds.

CC. “Purchasing Agent” shall mean the Purchasing Agent of the City.

DD. “Radiation” shall mean gamma rays and X-rays; alpha and beta particles, high speed electrons, neutrons, protons, and other nuclear particles; but not sound or radio waves, microwaves, infrared, visible, or ultraviolet light, or any electromagnetic emission of wavelength longer than that of X-rays.

EE. “San Francisco” shall mean the geographical area constituting the jurisdiction of the City, including the waters of the Pacific Ocean and San Francisco Bay that fall within the borders of San Francisco.

FF. “Supervisor” shall mean a member of the Board.

GG. “Transport” shall mean any movement by any type of vehicle over land or water, or through the airspace over said land or water.

HH. “Treasurer” shall mean the Treasurer of the City.

II. “Vendor” shall mean any Person having or seeking to obtain a Public Contract.

SECTION 10.122: EFFECTIVE DATE

Unless otherwise specified in this Act, this Act shall take effect immediately upon the date it is accepted for filing by the California Secretary of State. No Person shall commence, or after said date, any activity prohibited or scheduled to be prohibited by this Act.

SECTION 10.123: EFFECT ON OTHER CITY LAWS

This Act shall not be construed to bar the enforcement of any existing City ordinances or regulations where the subject matter of said ordinances or regulations is wholly or partly the same as that of this Act, or to bar the enactment of any future such City ordinances or regulations, if the effect of said existing or future City ordinances or regulations is to extend or strengthen the ability of the City to enforce this Act.

SECTION 10.124: STATUS OF EXISTING CHARTER PROVISIONS

Any provision of the City Charter that is in effect prior to the effective date of this Act that conflicts in any way with this Act is hereby declared to be amended by inference. No such existing provision of said Charter shall be construed to affect the application of this Act in a manner inconsistent with this Act.

SECTION 10.125: CONSTRUCTION OF NO-}\n\n\nMENCLATURE

The titles, headings and other nomenclature used to describe the contents of the various parts of this Act are meant only as a guide to said contents and shall not be construed to affect the meaning or application of said parts.

SECTION 10.126: RECODIFICATION

Articles X and XI of the City Charter as they exist prior to the date of passage of this Act shall be respectively renumbered Articles XI and XII. This Act shall then become a new Article X.

SECTION 10.127: SEVERABILITY

If any section, subsection, paragraph, subparagraph, clause, sentence, or word of this Act is held unconstitutional or otherwise invalid, either on its face or as applied, the invalidity of said part or application thereof shall not affect the validity of the other parts of this Act, or the applications thereof; and to that end the parts and applications of this Act shall be deemed severable. It is hereby declared, notwithstanding any finding that a part or application of this Act is unconstitutional or otherwise invalid, that each of the parts of this Act would have been enacted separately.
PROPOSITION F
Shall the Board of Supervisors be allowed to contract with the Califor-\-\-\-nia Public Employees' Retirement System to allow Airport Police to retire at age 50 with full benefits, even if there is a net increase in cost to the City?

YES 300
NO 301

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: A 1983 charter amendment allows the Board of Supervisors to contract with the State's Public Employees' Retirement System ("PERS") to transfer certain types of City Safety Officers from the City's Retirement System to PERS, provided there is no net cost increase to the City. Under this charter amendment, the contracts for safety officers in most eligible groups allow those officers to retire at age 50 with full benefits. The current contract between the City and PERS allows Airport Police to retire at age 55 with full benefits. This contract could be changed to allow retirement for Airport Police at age 50 with full benefits only if there was no net cost increase to the City.

THE PROPOSAL: Proposition F is a charter amendment that would allow the Board of Supervisors to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A "YES" VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A "NO" VOTE MEANS: If you vote no, you do not want the Board of Supervisors to be able to contract with PERS to change the Airport Police retirement plan unless there is no net cost increase to the City.

Controller's Statement on "F"
Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there would be a cost effect, the amount of which cannot be determined at this time, but should not be substantial.

How Supervisors Voted on "F"
On July 23, 1990, the Board of Supervisors voted 11-0 on the question of placing Proposition F on the ballot.
The Supervisors voted as follows:
PROPOSAL'S ARGUMENT IN FAVOR OF PROPOSITION F

Proposition F will correct an inequity among several of the City's safety officers. Currently non-uniformed and custodial officers (Sheriff's Deputies, D.A. Investigators and Probation Officers) receive a higher retirement benefit than uniformed peace officers assigned to San Francisco International Airport. Proposition F will correct this situation by allowing the Board of Supervisors to contract with the Public Employees Retirement System (P.E.R.S.) to allow Airport Police Officers to receive retirement benefits equal to fellow San Francisco safety officers.

The P.E.R.S. Retirement System has been a cost effective retirement alternative for safety employees. It is anticipated that this cost effectiveness will continue in the future. Proposition F is a fair alternative for the City and the peace officers who serve and protect at one of the world's largest and busiest airports. It should be remembered that Airport Police funding is derived from Airport revenue funds and not the general fund.

Vote Yes on Proposition F. Equal benefits for Airport Safety Officers.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

No Opponent's Argument Was Submitted Against Proposition F
No Rebuttals Were Submitted on Proposition F
PAID ARGUMENTS IN FAVOR OF PROPOSITION F

Vote Yes on F! It's simple, fair and just for our airport police.

Carole Migden
Candidate, Board of Supervisors

In 1983, you, the voters of San Francisco overwhelmingly approved a measure which allowed the Board of Supervisors to contract with the State Public Employees Retirement System (PERS).

The intent of this legislation was to allow comparable retirement benefits for the Airport Police and other miscellaneous Safety Employees as that given to the San Francisco Deputy Sheriffs and Harbor Police. Unfortunately, this did not occur. The Airport Police were given an inferior 2nd tier benefit plan.

The passage of Proposition F would correct this inequity and provide equal benefits. The PERS system has proven to be cost effective and has resulted in surplus which has saved the City over $23,000,000.00 since 1988.

We would appreciate your yes vote on Proposition F.

San Francisco Airport Police Officers Association
John Scully, President
David Ross, Vice-President
Joseph Reilly, Board Member

To keep good officers working for us, San Francisco Airport Police must be granted the same retirement benefits as police in other Departments.

Public safety demands it!
Vote "Yes" on "F"!

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

In 1985, the San Francisco Airport Police, along with some non-uniformed law enforcement classifications, transferred into the Public Employee’s Retirement System (PERS). Since joining PERS, it has cost the City less money to provide retirement benefits for these employees. Because of this transfer, the City has been able to save money every year since 1985. These savings are anticipated to continue in future years.

At the time of the original transfer, the voters intended that the retirement benefits be equal for all affected employees. The Airport Police, however, did not receive the same benefit as did the other law enforcement groups.

A YES VOTE ON PROPOSITION F will equalize retirement benefits for members of the Airport Police with those benefits currently received by non-uniformed law enforcement personnel. This equal benefit will be achieved with little or no cost to the City’s taxpayers.

VOTE YES ON PROPOSITION F.

Supervisor Jim Gonzalez
Supervisor Wendy Nelder

San Francisco needs a professional and stable workforce in the Criminal Justice System. Proposition F seeks to correct an inequity in retirement benefits for members of the San Francisco International Airport Police Department.

Presently, non-uniformed Investigators and Custodial Officers receive a better retirement package than uniformed Police Officers assigned to San Francisco International Airport. A "YES" vote on Proposition F would help correct this inequity in retirement benefits with little or no cost to the City or its taxpayers.

Vote yes on Proposition F.

Willie L. Brown, Jr.
Speaker of the Assembly

No Paid Arguments Were Submitted Against Proposition F

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

8.506-2 Miscellaneous Safety Employees
Notwithstanding any other provisions of this chapter, the board of supervisors or the community college board shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the probation officers, airport police officers, district attorney and public defender investigators, coroner investigators, juvenile court counselors and institutional police shall be members of the public employees' retirement system, and the board of supervisors, the community college board and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

The power to contract created herein shall be limited to a contract with no net increase in cost to the City and County or the community college district.

Any person who shall become a member of the public employees' retirement system pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provision for participation in the benefits of the health service system by such person.

8.506-5 Airport Police
Notwithstanding any other provisions of this chapter, the board of supervisors with at least nine affirmative votes shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the airport police officers who are members of the Retirement System's "2%/age 55 plan" shall be transferred to the Public Employees' Retirement System's "2%/age 50 plan". The board of supervisors and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

Any person who is a member of the Public Employees' Retirement System pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provisions for participation in the benefits of the health service system by such persons.

LEGAL TEXT OF PROPOSITION H (Continued from page 126)

January 1, 1990 that new land use must meet the conditions set forth in this ordinance.

Section 8. — Definitions
a. "City agency or officer" means the Board of Supervisors, and all other city commissions, boards, officers, employees, departments or entities whose exercise of powers can be affected by initiative.

b. "Action" includes, but is not limited to:
1. amendments to the Planning Code, and Master Plan; 2. issuance of permits or entitlements for use by any City agency or officer; 3. approval, modification or reversal of decisions or actions by subordinate City agencies or officers; 4. approval of sales or leases pursuant to Section 7.402 and 7.402-1 of the Charter of the City and County of San Francisco; 5. approval of or amendments to Redevelopment Plans; and 6. any other action, including but not limited to projects as defined in Public Resources Code Section 21065.

c. "Waterfront" means land transferred to the City and County of San Francisco pursuant to Chapter 1333 of the Statutes of 1968, as well as any other property which is owned by or under the control of the Port Commission of San Francisco, and which is also in any of the following areas: 1. piers;

2. the shoreline band as defined in Government Code Section 66610(b), between the Golden Gate National Recreation Area and the intersection of The Embarcadero and Berry Street, except for the area south of Jefferson Street between Hyde Street and Powell Street.

3. the shoreline band as defined in Government Code Section 66610(b), in the area bounded by San Francisco Bay, Berry, Third, and Evans Streets, Hunter's Point Boulevard, and a straight line from the intersection of Hunter's Point Boulevard and Innis Avenue to the intersection of Carroll Avenue and Fitch Street; and

4. the area south of Pier 98 in which all new development is subject to the Shoreline Guidelines, as shown on Map 8 (Eastern Shoreline Plan) of the Recreation and Open Space Element of the San Francisco Master Plan, in effect as of January 1, 1990.

d. "San Francisco Bay" means the area defined in Government Code Section 66610(a) which is in the City and County of San Francisco, except for areas west of Third Street.

e. All references to public roads are to their alignments as of January 1, 1990.

f. "Hotel" means any use falling within the definition in Section 314.1(g) of the San Francisco Planning Code in effect as of January 1, 1990; any waterside hotel having docks to accommodate persons traveling by boat; or any facilities for providing temporary or transient occupancy. This shall not include boat berths which are provided for temporary moorage of boats.

Section 7. — Implementation
Within 180 days of the effective date of this ordinance, the City and County shall:

a. amend its Master Plan, Planning Code, and other relevant plans and codes in a manner consistent with this ordinance;

b. request and apply for conforming amendments to all applicable state and regional plans and regulations; and

c. begin preparation of the "Waterfront Land Use Plan" required under Section 2 of this ordinance.

Section 8. — Severability
If any portion of this ordinance, or the application thereof, is hereafter determined to be invalid by a court of competent jurisdiction, all remaining portions of this ordinance, or application thereof, shall remain in full force and effect. Each section, subsection, sentence, phrase, part, or portion of this ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or portions be declared invalid or unconstitutional.

Section 9. — Amendment and Repeal
No part of this ordinance or the amendments made pursuant to Section 7 hereof may be amended or repealed except by a vote of the electors of the City and County of San Francisco, except for those additional listings provided herein in Sections 3, 4, and 5.

Section 10. — Chaptering of this Ordinance
After the adoption of this ordinance the Clerk of the Board of Supervisors shall assign a Chapter to this ordinance and shall renumber the sections of this ordinance in an appropriate manner.
PROPOSITION G
Shall the Adult Probation Officer be allowed to appoint a Confidential Secretary, who would serve at the pleasure of the Adult Probation Officer?

YES 302
NO 303

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Adult Probation Department supervises persons on probation in San Francisco. The Superior Court appoints the Adult Probation Officer, who manages the Department. All other employees of the Department are appointed and removed under the City's civil service system.

THE PROPOSAL: Proposition G is a charter amendment that would allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer, instead of being appointed and removed under the civil service system.

A "YES" VOTE MEANS: If you vote yes, you want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

A "NO" VOTE MEANS: If you vote no, you do not want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

Controller's Statement on "G"

Should the proposed charter amendment be adopted, in my opinion, in and of itself, it would not affect the cost of government. However, as a product of its possible future application, costs may increase or decrease in amounts which should not be substantial.

How Supervisors Voted on "G"

On July 9, 1990, the Board of Supervisors voted 9-2 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisors Harry Britt and Willie Kennedy.
PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION G

The charter amendment would establish the position of Confidential Secretary to the Chief Adult Probation Officer. The position would replace an existing Civil Service Executive Secretary position.

This change is needed because the Adult Probation Officer's secretary handles a large amount of sensitive and confidential material. Departmental employees undergo criminal record checks which are processed by the secretary. Probation officer applicants undergo psychological examination, and this material also crosses the secretary's desk. Furthermore, all personnel matters and all performance evaluations are processed and filed by the secretary.

Other criminal justice department heads, as well as many other City department heads, have confidential civil service exempt secretaries. Last year a charter amendment gave the Chief Probation Officer of the Youth Guidance Center six civil service exempt positions, of which one is the secretarial position.

The secretary functions as an extension of administration, handling many departmental matters independently during short absences of the Chief. She also represents the Chief at community and inter-agency meetings when the need arises.

Inasmuch as the Chief's job is not a straight 8:00 to 5:00, 40 hour work week job, neither is that of the secretary's. Thus, it is necessary that the secretary work extra hours. By making this a civil service exempt position, there also would be a cost savings to the City and County of San Francisco.

VOTE YES FOR PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Ayes: Supervisors Alioto, Gonzalez, Hallinan, Kennedy, Maher, Nelder and Ward.

Noes: Supervisors Brit and Walker

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION G

KEEP POLITICS OUT OF THE PROBATION DEPARTMENT

Excuses can always be invented to justify creation of non-civil service positions in city government.

Political figures love to have plenty of patronage jobs around to hand out to their friends.

A quick look at history teaches us the disastrous results of patronage employment:

(A) POOR CHOICES — Patronage appointees are usually chosen on the basis of personal friendships and chance political loyalties. Many "correct political choices" are real "duds" when it comes to serving the interests of the taxpayers and voters.

(B) HIDING INFORMATION — Patronage appointees, whose first loyalties are usually to those who gave them their jobs, often hide important information from the public. The political games that were played with investigations of failing savings and loans is a "horror story" that illustrates the problem.

(C) NOT ELECTED — Patronage appointees are not elected by the people or chosen by any sort of objective civil service standards. They are not answerable to us, but serve at the subjective pleasure of those who appointed them.

The Supervisors want you to create a new patronage position because the employee handles "confidential information." So does every police officer. So does every secretary at City Hall. Should all these positions be made patronage jobs, too?

NO!!!

Vote "NO" on "G".

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate
FOR: COMMITTEE FOR GENUINE POLITICAL REFORM
OPPONENT'S ARGUMENT AGAINST PROPOSITION G

"G" is "Grotesque."
Proposition G is a grotesque measure that will cut a gapping hole in the fabric of our civil service system by creating a patronage position.

That's right! Under Proposition G, a job will be taken out of civil service, allowing the employee to be judged — and hired and fired — on the basis of political criteria, rather than job performance.

Civil service "exemptions" mean more jobs for the politicians' friends and fewer for competent employees.

But who's surprised!
Proposition G was put on the ballot by the same Supervisors who raised our sewer service charges and parking charges.

The same Supervisors who imposed unnecessary taxes on small businesses.

The same Supervisors who had the chutzpah to demand a 70% pay raise last year.

The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.

The same Supervisors who fought the two-term limit tooth and nail.

Vote "Yes" on genuine political reform.

Vote "No" on waste and mismanagement in City government.

Vote "No" on patronage politics.

Vote "No" on "G".

COMMITTEE FOR GENUINE POLITICAL REFORM
Alexa Smith, Treasurer
(Democratic Committee member/BART Board Candidate)
Arlo Hale Smith, Chair
(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION G

Proposition G has absolutely nothing to do with favoritism or patronage politics. The sponsors of the argument against Proposition G are both running for public office and have grossly exaggerated the dimensions of the proposed charter amendment in order to enhance their own electoral appeal.

Proposition G would simply allow the Adult Probation Officer to entrust sensitive matters to a Confidential Secretary. There are at least ten other City departments that have a Confidential Secretary, including the District Attorney, the Public Defender and the Sheriff. It is particularly important for the City's criminal justice agencies to have at least one such position because of the large volume of confidential material handled by these departments.

The opponents have completely ignored the substance of this measure and instead want you to believe that city officials are engaged in some sort of conspiracy against the public. The arguments they make against Proposition G have absolutely nothing to do with the measure itself.

We encourage you to read Proposition G and decide for yourself. This small change in the City Charter will go a long way to help the Adult Probation Officer run a more effective department.

VOTE YES ON PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENT AGAINST PROPOSITION G

We, the members of the San Francisco Probation Officers' Association, recommend a "NO" vote on Proposition G. The Chief Probation Officer has a private secretary now, whose position is under Civil Service. We are opposed to this position being taken out of the Civil Service System as we believe that it will cost the taxpayers more money and not provide the stability of assignment that the Civil Service appointment gives. We assert that the safety of the public would be better served with front line staff, Probation Officers and clerk typist clerical workers, if additional money can be allotted to the Adult Probation Department.

Respectfully submitted by the Membership and Officers of the San Francisco Probation Officers' Association.

Terry Twing, President
Frances Luster, Vice-President

TEXT OF PROPOSED CHARTER AMENDMENT

NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

4.105 Probation Boards.

The superior court judges of the city and county presiding in the department or departments for the hearing and disposition of criminal cases and disposition of criminal cases and proceedings shall, by order entered in the minutes of the court in the criminal department or departments thereof, appoint the adult probation officer.

The adult probation officer shall appoint such assistants, deputies and employees as may be allowed or provided by the board of supervisors. He or she shall appoint, and at his or her pleasure may remove, one confidential secretary.

The salaries of the adult probation officer and his or her assistants, deputies, and employees and confidential secretary shall be fixed by the board of supervisors in the same manner as for other officials and employees of the city and county.

The adult probation officer and his or her assistants and deputies shall have the powers conferred upon adult probation officers and their assistants and deputies by the laws of the State of California; and they shall perform all of the duties prescribed by such laws, and such additional duties as may be prescribed by ordinances of the board of supervisors.

The civil service provisions of this charter shall apply to and govern the assistants, deputies and employees of the adult probation officer and of the chief probation officer of the juvenile court, except a confidential secretary of the adult probation officer. For purposes of this charter the adult probation officer shall be the appointing officer as to his or her assistants, deputies, employees, and confidential secretary.

The pension and retirement provisions of this charter shall apply to and govern the adult probation officer and his or her confidential secretary, the chief probation officer of the juvenile court, their assistants, deputies and employees.
PROPOSITION H

Shall the City be required to prepare a “Waterfront Land Use Plan,” shall hotels and other uses determined to be “Unacceptable Non-Maritime Land Uses” be prohibited on the waterfront and shall the City be prohibited from taking any action on certain types of new developments until this Plan is prepared?

YES 304
NO 305

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Many types of uses, including hotels, are allowed on the San Francisco waterfront, with City approval and subject to certain laws.

THE PROPOSAL: Proposition H would require the City to prepare a “Waterfront Land Use Plan” which would govern any new uses on the waterfront. Proposition H defines “waterfront” as Port lands transferred to the City from the State and certain other property that is under the control of the Port of San Francisco.

The Plan would create three categories of waterfront land uses: (1) Maritime Land Uses, such as maritime cargo handling, ship repair facilities and fish processing plants; (2) Acceptable Non-Maritime Land Uses, such as parks and wildlife habitats; and (3) Unacceptable Non-Maritime Land Uses. Hotels are the only Non-Maritime Land Uses specifically prohibited by this proposal. Proposition H also sets out guidelines for determining other Acceptable and Unacceptable Non-Maritime Land Uses.

Until the Plan is completed, the City could not allow new development of any Non-Maritime uses except those permitted in the ordinance or those that existed or had all necessary permits on January 1, 1990.

Once the Plan is completed, the City could not allow the building of hotels or other Unacceptable Non-Maritime Land Uses on the waterfront. Unacceptable Non-Maritime Land Uses that existed on January 1, 1990 could continue to operate.

Adoption of the Plan and amendments would be subject to a public hearing held by the Planning Commission. The City would be required to change the Master Plan and other City laws to make them consistent with Proposition H and to request that relevant State laws and regional plans be similarly changed.

A “YES” VOTE MEANS: If you vote yes, you want this Waterfront Land Use Plan to be adopted.

A “NO” VOTE MEANS: If you vote no, you do not want this Waterfront Land Use Plan to be adopted.

Controller’s Statement on “H”

Should the proposed initiative measure be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, it could have a negative effect on both Port revenues and general revenues from property, business, sales, and other tax sources, the amount of which is indeterminate but could be substantial.

How “H” Got on the Ballot

On August 2, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition H to be placed on the ballot had qualified for the ballot.

9,399 valid signatures were required to place an initiative ordinance on the ballot. This number is equal to 5% of the total number of people who voted for Mayor in 1987.

A random check of the signatures submitted on July 24, 1990 by the proponents of the initiative petition showed that 14,516 of the signatures submitted were valid, 5,117 more than the required number of signatures.

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROPONE'T'S ARGUMENT IN FAVOR OF PROPOSITION H

Today a grave threat imperils San Francisco's magnificent waterfront—the threat of unchecked hotel construction along the water's edge.

Proposition H will remove that threat by banning shoreline hotels, that is, hotels proposed to be built within 100 feet of the water on property of the Port of San Francisco.

Proposition H also requires the Port to do a land-use plan for that vital strip of shoreline, defining uses that are acceptable there, as well as others that are unacceptable.

The Port itself says it wants comprehensive land-use planning. But its actions indicate another desire, a desire for rampant hotel construction. The Port says it now wants only two hotels. But those two would be the first steps toward hotel row on the shoreline north and south of the Ferry Building.

Proposition H will force the Port to achieve a balance of maritime uses, commercial activity, recreational access, and restoration of the Bay, and will impose a guiding vision for development of the waterfront.

Under Proposition H, the Port can do the necessary plan promptly, without any undue delay in processing development proposals. There is no truth in the alarmist cries that the planning would halt Port growth. No worthy proposal on the drawing boards will be harmed.

We don't need hotel row on the waterfront. There are plenty of environmentally valid projects by which the Port can raise the revenue it needs.

Yes! Let's guarantee sound waterfront development! Let's stop shoreline hotels! Vote yes on Proposition H!

Committee for San Francisco's Waterfront
Jack Morrison, Committee Chair and Former Supervisor
Enola Maxwell, Community Advocate
Joe O'Donoghue, President, Residential Builders Association
Joseph Passen, Retired Ship's Clerk, ILWU

REBUTTAL TO PROPONE'T'S ARGUMENT IN FAVOR OF PROPOSITION H

If the proponents of Proposition H only wanted to halt hotels from being built on the Waterfront, why didn't they write an initiative that did just that?

As it is, Proposition H will stop progress on the Waterfront. It will stop the Port from building new cargo facilities. It will halt expansion of ship repair facilities.

In fact, Proposition H is written to stop the new Aquarium at Pier 39.

These restrictions, whether they were intended or not, will have the effect of reducing revenues to the Port and make our rebuilding efforts impossible to complete.

There is no reason for such a rigid, all-encompassing, extreme approach.

First of all, there aren't any hotels on the waterfront today. The Port Commission is recommending a new cruise ship terminal and new sailing center with small hotels to support these maritime port projects.

Proposition H is an extreme reaction to these maritime related projects.

It is so extreme that the authors went overboard and have written a measure that will tie our hands completely.

For decades the longshore workers in this city have been a vital part of every progressive cause. We have fought to end discrimination, build senior housing, equalize economic opportunity.

Today, we are asking for something in return. A "No" vote on Proposition H will allow the Port to expand and rebuild the shipping business in San Francisco. A "No" vote will save our jobs. A "No" vote will save the waterfront.

JAMES R. HERMAN, President, ILWU
President, Port Commission
OPPONENT'S ARGUMENT AGAINST PROPOSITION H

I have worked on San Francisco's Waterfront since 1949. A seafaring man in the 1950's. President of the Ships' Clerks Local from the early 60's until 1977. Was elected President of the ILWU in 1977, a job I hold today. Currently President of the San Francisco Port Commission.

The Waterfront Initiative has some good policies in it. But it was not written well.

Dealing with employers on behalf of workers I learned to pay attention to details. A good contract is one you can enforce. A lousy contract is one that hurts workers in ways you didn't anticipate.

This initiative is like a lousy contract.

I don't think the authors wanted to stop the new fish aquarium. But they do.

I don't think the authors wanted to prevent the Port from moving ahead with the purchase of new cargo cranes to unload the bigger ships. But they do.

I don't think the authors wanted to damage the ship repair businesses by stopping all improvements in their facilities. But they do.

This initiative even stops a restaurant on Port property from remodeling or expanding.

Our waterfront has always been a place that provides jobs for workers in shipping, fishing, ship repair and tourist industries. We can continue to be a working Port if we allow it to stay in business and off the City's tax rolls.

We already have lots of plans for the waterfront. Starting all over again would be a setback and the people who would be hurt most would be the workers who are employed in maritime industries. These people would be on hold while the planning is going on.

Planning is good. Good planning is better. But planning that considers all of its side effects is best of all.

James R. Herman, President, ILWU

REBUTTAL TO OPPOONENT'S ARGUMENT AGAINST PROPOSITION H

The Port incorrectly claims that Proposition H will stop all development along the waterfront. Either they are intentionally trying to mislead you, or they can't read. Please read the initiative text. Section 5(d) clearly provides that existing businesses, such as restaurants, can expand their operations, remodel, renew their leases, etc. at their current sites. It also allows construction and renovation of projects which have received all major discretionary city permits, such as the Ferry Building Complex. Proposition H does not affect existing businesses. All it says is (a) the Port must prepare a land-use plan, and (b) hotels are not allowed along the waterfront.

Particularly obnoxious is the Port's contention that Proposition H will stop maritime development. Again, read the text. Proposition H mandates the Port to stress maritime development. The recent contract with Evergreen shipping is exactly what Prop H urges.

The Port contends that, although a plan may be a good idea, this is not the right time. Candidate Agnos promised us a land-use plan in 1987. The Port paid a consultant $250,000 to be told last April that they needed a land-use plan. If the Port already has "a lot of plans" it will be very easy to prepare and release a land-use plan by the end of the year.

Why is the Port so reluctant to divulge what they are planning for the waterfront? Is another hotel contemplated at Pier 35? And why is the Port trying to mislead the voters?

COMMITTEE FOR SAN FRANCISCO'S WATERFRONT

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Keeping San Francisco’s economy diverse is vital to our city, and maintaining a working port is a major key to San Francisco’s workforce.

We who work on and live near our city’s waterfront know that maritime work and maritime-related uses of port land help provide a stable base for San Francisco’s economy. Our city has a unique deep-water port and land for container freight facilities that can be used to maintain unionized, blue-collar jobs at decent wages.

Transformation of this land, with its valuable maritime potential, into a series of hotels, will provide mainly minimum wage, no-benefit jobs for San Franciscans — but millions in profits for developers.

Keep San Francisco economically diverse and economically viable — VOTE YES ON PROPOSITION H.

Not one inch of our waterfront piers should be surrendered to the hotel industry.

The shoreline should be preserved for maritime or water dependent enterprises to ensure a diverse economy and a maritime future for San Francisco.

Vote YES on H.

This initiative is in the ballot because the Supervisors didn’t do their job!

City officials should be working to modernize and revitalize the Port — not bartering away Port lands for hotels and other permanent nonmaritime uses!

Proposition H will halt plans to “throw in the towel” and give the Port away to nonmaritime uses.

SAVE SAN FRANCISCO’S WATERFRONT.

VOTE YES ON PROPOSITION H.

Proposition H will stop construction of a wall of hotels along San Francisco’s Waterfront.

Proposition H will encourage projects which provide public access to the waterfront.

Proposition H will encourage projects which improve San Francisco Bay’s ecology.

Proposition H will save maritime and blue collar jobs.

Save the waterfront — Vote YES on Proposition H!

Vote YES on Proposition H!
San Francisco’s waterfront is a priceless resource. It provides recreation, employment, natural areas, and a connection to the City’s rich maritime history. San Francisco Tomorrow has fought to protect the waterfront for over twenty years starting with our fight against the 50 story US Steel Building. We, with the help of many others, drafted Proposition H to SAVE THE WATERFRONT!
Proposition H addresses the problem created by the Port’s piece-meal planning approach. Piecemeal planning has forced the Port to encourage rampant hotel development as a stop-gap financial measure. Proposition H stops the Port from building a wall of hotels and forces it to implement an economically viable vision for future waterfront development.
True maritime activities will be stimulated and protected by Proposition H. Proposition H will not affect existing businesses and permitted projects.
Vote YES on Proposition H to protect the City’s priceless urban shoreline.

PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Beideman Area Neighborhood Group (BANG) represents the historic heart of the Western Addition. Just as we have fought to preserve the historic integrity and beauty of our neighborhood, so all San Franciscans must vote to preserve, maintain and cherish the historic integrity of San Francisco’s waterfront, which is the birthplace of our City.

Our waterfront is a treasure which should remain accessible to all San Franciscans and visitors and, indeed, should be developed only as an historic area in the manner of New Orlean’s Lafitte National Historical Park in the French Quarter.

Beideman urges a YES vote on Proposition H.

Barbara Mekunas, President
Robert Speer, Vice President
Mary Randall, Treasurer

LET’S PRESERVE OUR WATERFRONT.
LET’S NOT SEAL IT OFF WITH A WALL OF HOTELS.
LET’S NOT SELL OUT AGAIN.

VOTE YES ON PROPOSITION H.

Eureka Valley Trail and Art Network

VOTE YES ON PROPOSITION H TO BAN WATERFRONT HOTELS.

Our City’s priceless waterfront should be kept open so that everyone — both residents and visitors alike — can enjoy the natural beauty of San Francisco Bay. Don’t permit our Mayor and Port Commissioners to sell our heritage to developers. Don’t allow them to seal off our waterfront with a wall of hotels. San Francisco already has enough hotels, and our waterfront is not needed for building more.

Proposition H helps save fishing and other blue-collar jobs on the waterfront. It will help revitalize our waterfront for maritime-oriented activities rather than creating another downtown-type hotel row.

PLEASE VOTE YES ON PROPOSITION H.

Coalition for San Francisco Neighborhoods

San Francisco Bay is a vital part of our environment and quality of life. It should not be sacrificed to the monetary interests of outside developers who wish to build a wall of hotels along our waterfront. Vote YES on Proposition H to preserve our waterfront and the maritime-related jobs that depend on it.

Harriet Ross, Deputy Public Defender for San Francisco

Vote Yes on H! Protect the waterfront from unreasonable hotel development.

Carole Migden
Candidate, Board of Supervisors

Hotels on the waterfront will wall off the Bay and constitute one more step toward the Manhattanization of our City.
As a member of the Bay Conservation and Development Commission, I have spent years fighting against the misuse of our Bay. We must make sure the waterfront remains accessible to all San Franciscans. Preserve the quality of life in San Francisco by voting Yes on Proposition H.

Supervisor Richard D. Hongisto

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
**PAID ARGUMENTS IN FAVOR OF PROPOSITION H**

The present Port policy of converting valuable port land to tourist use by favoring hotel development projects over non-hotel development projects makes no sense. And for businesses within the tourist industry who are experiencing survival difficulties due to a stagnated tourist dollar, this policy is disgraceful.

Secondly, this policy hastens the demise of many marginal existing tourist businesses by granting an unfair location advantage to the newly created Port tourist businesses.

Furthermore, the beneficiaries of the new tourist Port business will be outside special interest groups, such as the Bass Brothers of Texas, who presently control both Pier 39 and the proposed aquarium at Pier 39. Moreover, we find it reprehensible that the murky Port process impairs to these outside developers not only “sweetheart” deals, but creates a system whereby local businesses, such as Alioto’s and Scoma’s of the Wharf, pay more rent to the Port than all of the combined businesses of Pier 39 which are under the control of the Bass Brothers. It is no small wonder that the Port has revenue problems. The revenue problems of the Port are increased when you consider that the effective rent on the proposed aquarium is only 1.375% of their estimated $12,000,000 in revenue versus 6% for Alioto’s.

Unfortunately, this initiative cannot stop or retard this economic “give away”. It merely stops hotels from being built on 100 feet of Port land by requiring the Port Commission to initiate a land use plan. We urge you to vote “yes” for this plan.

Joe O’Donoghue
President of Residential Builders

The sky is falling!!! Economic disaster awaits the City!!! Sound familiar? It should. The same arguments the Port is making against Prop H — against being required to prepare a land-use plan and banning hotels on waterfront piers — were used against Proposition M in 1986 when the voters were asked to establish neighborhood-emphasizing priorities and regulate the rate of office development. The chicken-littles cried, “chaos will result.”

It never happened. Instead, Prop M prevented San Francisco office developers from the over-building that helped create the savings and loan debacle.

If the Port wants to be a good steward of our waterfront, they must do a land-use plan. When Prop H passes, they will quickly release such a plan and we all will know what’s up their sleeves. If they bamboozle the voters, they will continue on their merry way. Two hotels already. How many more?

San Franciscans for Reasonable Growth
Sue Hestor, Attorney

---

**PAID ARGUMENTS AGAINST PROPOSITION H**

Don’t close down the Port of San Francisco Vote No on Propo-
sition H.

Proposition H looks good at first glance. Who wants a “wall” of hotels on the waterfront. But the proposition goes way beyond that issue.

The passage of Proposition H would halt all construction of new facilities for years, not just one four story hotel designed as part of a maritime sailing center. The Port cannot afford to see its maritime and nonmaritime activities come to a halt.

Your No vote on Prop H will save thousands of waterfront jobs and will allow the Port to create hundreds of new jobs. Proposition H will stall the Port’s efforts to construct new shipping facilities along the southern waterfront, to renovate the Ferry Building and to attract private money for a new cruise terminal.

Proposition H will stop the Port from increasing public access to the waterfront, preventing it from rebuilding rundown piers, closed today to the public.

Vote No on Proposition H. Keep our waterfront working.

Donald D. Doyle

Waterfront Land Use Plan

PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco's waterfront has been a place of opportunity for immigrants and newcomers to our city. It opened the door for fishermen, longshoremen, restaurant workers and ship repair workers. As we move into the next century, it is opening the door for minority and women businesses involved in architectural, engineering legal, financial and construction services.

A yes vote on Proposition H shuts the door! It stops the San Francisco Sailing Center and the International Cruise Terminal. Both projects require strong commitments by developers to contract with minority and women businesses. It stops projects at marine terminals that provide contracts for minority engineering and consulting firms.

The Port buys a lot of services from private businesses and therefore must promote the city's minority and women business participation policy. It has shown leadership in adopting a strong policy that will be used as a model for other city departments.

We can't wait until the next century for the door to be pried open again. A No vote on Proposition H is a vote for economic opportunities for San Francisco's minority and women businesses.

Ann Cervantes, AIA, Board Member, S.F. Hispanic Chamber of Commerce
Robert Sanchez, Member, Small Business Advisory Commission

Since we introduced the aquarium concept to Fisherman's Wharf four years ago, we have worked intensely with more than 100 local agencies and organizations including:

- educational institutions
- environmental organizations
- neighborhood, ethnic and youth groups
- physically challenged individuals
- individual citizens

With their involvement and following a 3 year review process at Port, City, Regional and State levels, the project has adopted a truly San Francisco identity and theme.

We are proud that our project, totally privately funded with no tax dollars whatsoever, will provide extensive pro bono public features such as:

- Pro bono on-site education for all students grades K through 12 in the San Francisco Unified School District (approximately 70,000)
- New public parks access at Piers 39, 41 and 43
- 40,000 tickets at 25% of cost distributed annually through neighborhood centers
- Reimbursement of public transportation for aquarium visitors

It is ironic, having spent four years in the planning process and being on the eve of receiving clearances from all relevant agencies, that we are now facing the possibility of being stopped by an initiative that suggests the planning process on the waterfront is inadequate. We know from experience that it isn't so. Vote NO on Proposition H.

Waterfront Land Use Plan

PAID ARGUMENTS AGAINST PROPOSITION H

We Republicans believe in a well planned and designed waterfront.
We strongly oppose a wall of hotels along the waterfront. The Port Commission, however, should have the ability to develop a comprehensive waterfront plan that may or may not include viable commercial projects.
The San Francisco Republican County Central Committee urges you to vote NO on Proposition H!

We all want improvements in planning, open space, access to the water, fishing facilities and a maritime industry in San Francisco.
The people who drafted Proposition H may have wanted the same things. But they wrote a proposition that will paralyze the waterfront. It freezes present uses while we spend the next 5 plus years developing a new plan. I know because I have worked on waterfront plans for the last 12 years.
I worked on the Northeastern Waterfront Plan with many of the proponents of Proposition H. The process took over five years. It was a good plan that balanced a variety of land uses. It also allowed for hotels.
I was also the one that initiated the Port’s Strategic Plan. That plan, completed in April, showed that the Port had to achieve a balance of maritime and commercial activities. You can’t have one without the other.

Maritime, open space and recreational developments require public investment. If the Port cannot raise revenue, San Francisco will have to accept faster deterioration of its waterfront and its maritime business (which now brings in over $15 million a year to the Port) as well as no public improvements in recreation.
Proposition H says stop everything while we review the planning process. It is a straightjacket that will be very expensive for San Francisco and its taxpayers.
Support planning for the waterfront, not Proposition H.

Anne Halsted, President, Telegraph Hill Dwellers, 1978-80
Board Member, S.F. Tomorrow, 1981-82
Co-Chair, Open Space Committee, 1975-77
Winner, S.F. Tomorrow Environmentalist Award
Member, S.F. Port Commission.

The belief that we are only a shipping port, with jobs for only dock workers is mere nostalgia.
The Port’s tourist operations at Pier 39 and Fisherman’s Wharf produce jobs in retail, restaurants and trucking. They also help keep union labor employed at marine terminals.
An outright ban on waterfront hotels is unreasonable. It ignores the fact that our waterfront is a working waterfront, not just a big park. The Port must make money to maintain and modernize its facilities.
There is a time and place for everything!
Tourism is already part of our waterfront. Two hotels will not ruin the beauty of our waterfront. City codes already restrict the building of high rise waterfront hotels to four stories.
The two proposed hotels do not displace blue collar industries and the sites they will go on most likely won’t be used for industrial or maritime use because they are across the street from a growing residential neighborhood.

The hotels subsidize recreational, maritime and public access projects that will be attractive for visitors and residents. Money from these projects will be used to upgrade marine terminals to preserve union maritime jobs.
The hotels will create new types of jobs at the port. Hotel jobs are respectable and San Francisco’s hotel workers enjoy one of the highest wages and best benefit packages in the nation.
We are living in tough economic times. Unions, taxpayers and government officials are making sacrifices. We can not afford absolute and extreme positions that risk losing new opportunities for our city’s workers and for our Port.

PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco’s wealth has always been dependent upon trade. Its maritime activity has been directly responsible for the founding and expansion of great ventures in banking, trading, shipping and railroads with the attendant jobs and services. In short, the cornerstone of San Francisco's well-being is shipping.

Much of the maritime activity that once contributed to the wealth of San Francisco has disappeared. How can we reverse this and attract back to San Francisco our fair share of maritime business that seems to thrive in other ports?

The answer has two parts. First, we must accept that the days of the clipper ships are over; the piers on the northern waterfront are obsolete. Second, we must invest in modern shipping terminals on the southern waterfront where land is plentiful for expansion.

The Port of San Francisco has invested substantially in shipping facilities on the southern waterfront. More is needed. To support these investments, the Port must expand its revenues from all sources including commercial projects.

Proposition “H” would make it impossible to do so. If passed, Proposition “H” will strangle the Port’s financing capacity. It would result in a one-way ticket to Oakland for our shipping lines. The Port would be unable to provide the modern facilities needed by the industry now and in the future.

Vote NO on Proposition “H” and assist the Port in modernizing Port facilities and providing for the maritime well-being of the Port.

Fergus Moran, Regional Vice-President, Metropolitan California Stevedore Company
Walter Loughery, President, Williams, Dimond & Co.
Jim Mes, District Manager, Transmarine Navigation Corporation
Henry De Wit, Vice-President, Ned-Lloyd Lines
Raymond Tilley, General Manager, Blue Star Line San Francisco
Raymond P. Holbrook, Stevedoring Services of America

More plans for the Port are not needed. There has been much planning but no implementation. The San Francisco Sailing Center at Piers 24 & 26 was developed in response to a Port Commission Request for Proposals (RFP) for an “International Maritime and Yachting Center”. That RFP required that responses be consistent with the Northeastern Waterfront Plan of the Department of City Planning and the San Francisco Special Area Plan of the Bay Conservation and Development Commission (BCDC). This Project is consistent with those plans.

The project removes the condemned Pier 24 and builds a public access pier and breakwater to the north to create a protected harbor. The bulkheads buildings facing the Embarcadero would be retained and a hotel, permitted by BCDC, would be built on Pier 26. It would be lower than the existing shed. There also would be marine offices, a museum, conference facility, boat service yard, retail and restaurants. The fire house would be retained and the fire boats better protected.

No views are blocked. New views are created and much needed public access to the water. Over 2.5 acres of open space will be created where Pier 24 is now a safety hazard. These Piers are obsolete and abandoned for modern container shipping.

The harbor would be devoted to boating and sailing activities. A Sailing School would conduct instruction with an outreach program offering free instruction to disadvantaged youth in basic sailing, seamanship and teamwork.

This project will generate income for the Port, the City and the State estimated to be $3,700,000 per year and creates construction jobs and over 500 permanent jobs. Don’t condemn our waterfront to more years of planning paralysis. Vote No on H.

Redmond Kernan, Project Manager, The Koll Co.

PAID ARGUMENTS AGAINST PROPOSITION H

During the last decade, San Francisco has sought to establish itself as a center of international trade and pursued business ventures with Pacific Rim nations. Recently it is seeking to seize new opportunities as the economic and political climate changes in Europe.

There is a strong interest by the Scandinavian community locally and Scandinavian Investors have offered to invest in San Francisco by building a new state-of-the-art cruise terminal at Piers 30-32. The project would cost $120 million which the Port could not afford to build on its own on what is now an empty pier. An estimated 1,300 new jobs would be created, there would be unique family oriented recreational and retail establishments and the site lends itself to providing seven acres of public access.

Proposition H kills the project because the hotel is an integrated and essential part of the cruise terminal and without it the cruise terminal and public access could not be built. The Scandinavian Center is a worthwhile project and we want to build it in San Francisco. A yes vote on Proposition H will force us to take it to another city.

TEXT OF PROPOSED ORDINANCE
PROPOSITION H

Be it ordained by the people of the City and County of San Francisco that the Administrative Code is hereby amended by adding a new Chapter as follows:

Section 1. — Findings and Declaration of Policy

The people of the City and County of San Francisco find and declare:

a. Whereas, the waterfront of San Francisco is an irreplaceable public resource of the highest value;

b. Whereas, the most beneficial and appropriate use of the waterfront is for purposes related to and dependent on their proximity to San Francisco Bay and the Pacific Ocean, such as maritime uses, public access to, and restoration of, San Francisco Bay;

c. Whereas, San Francisco holds the waterfront in Trust for the People of California;

d. Whereas, maritime uses, public access to, and restoration of San Francisco Bay serve San Francisco residents, and provide significant economic, social and environmental benefits to San Francisco and its residents, including a diversity of opportunity and better access to a healthier San Francisco Bay;

e. Whereas, the waterfront contains structures of historical and architectural importance;

f. Whereas, it is poor planning to approve waterfront land uses on an ad hoc basis, rather than as part of a comprehensive waterfront land use plan;

g. Whereas, it is in the interest of San Francisco to develop a strong and economically vital waterfront with adequate public access to and restoration of San Francisco Bay; and

h. Whereas, changes in the maritime industry such as deeper draft vessels and increased awareness of the negative environmental impacts of dredging and dredge-spoil dumping indicate that cargo handling at the Port of San Francisco could increase dramatically;

Therefore the people of San Francisco declare that it is the policy of the City and County of San Francisco that:

a. the waterfront be reserved for maritime uses, public access, and projects which aid in the preservation and restoration of the environment;

b. where such land uses are infeasible or impossible, only acceptable non-maritime land uses as set forth in this ordinance shall be allowed;

c. a waterfront land use plan shall be prepared (as set forth in Section 2 of this ordinance) to further define acceptable and unacceptable non-maritime land uses and to assign land uses for specific waterfront parcels.

Section 2. — Land Use Planning Process

a. Upon adoption of this initiative, the Board of Supervisors shall within 30 days request the Port Commission to prepare a "Waterfront Land Use Plan" which is consistent with the terms of this initiative for waterfront lands as defined by this ordinance. Should the Port Commission not agree to this request within 30 days of the Board of Supervisors request, the Board of Supervisors shall have 30 days to designate a different City agency or department to prepare the "Waterfront Land Use Plan."

b. The agency drafting the "Waterfront Land Use Plan" shall consult the City Planning Commission to ensure development of a plan consistent with the City's Master Plan. The final plan and any subsequent amendments thereto shall be subject to a public hearing conducted by the City Planning Commission to ensure consistency between that plan and the City's Master Plan.

c. The "Waterfront Land Use Plan" shall define land uses in terms of the following categories:

Land uses included in these categories which are not part of the initial ordinance shall be added to Sections 3 through 5 of this ordinance as appropriate. No deletions from Sections 3 through 5 shall be allowed unless approved by the voters of San Francisco;

d. No City agency or officer may take, or permit to be taken, any action to permit the new development of any non-maritime land use (except those land uses set forth in Section 4 below) on the waterfront until the "Waterfront Land Use Plan" has been completed. Non-maritime land uses existing, or which have all their necessary permits, as of January 1, 1990 shall be exempt from this limitation.

e. The "Waterfront Land Use Plan" shall be reviewed by the agency which prepared it or by such other agency designated by the Board of Supervisors at a minimum of every five years, with a view toward making any necessary amendments consistent with this initiative.

f. The "Waterfront Land Use Plan" shall be prepared with the maximum feasible public input.

Section 3. — Maritime Land Uses

Maritime Land Uses include but are not limited to:

a. Maritime cargo handling and storage facilities; b. Ship repair facilities; c. Fish processing facilities; d. Marinia and boat launch ramps; e. Ferry boat terminals; f. Recreational fishing piers; g. Recreational fishing piers; h. Recreational fishing piers; i. Maritime construction and maritime salvage facilities; j. Marine equipment and supply facilities; k. A list of additional maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the "Waterfront Land Use Plan" and added to this section.

Section 4. — Acceptable Non-Maritime Land Uses

Acceptable non-maritime land uses include but are not limited to:

a. Parks; b. Esplanades; c. Wildlife habitat; d. Recreational fishing piers; e. Restoration of the ecology of San Francisco Bay and its shore; f. Transit and traffic facilities; and g. A list of additional acceptable non-maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the "Waterfront Land Use Plan" and added to this section.

Section 5. — Unacceptable Non-maritime Land Uses

a. Criteria for Consideration in Determining Unacceptable Non-Maritime Land Uses

Criteria to be considered in making findings regarding the acceptability of any specific land use on the waterfront shall include but are not limited to:

1. Does the land use need to be located on the waterfront in order to serve its basic function?

2. Is the land use compatible with existing or planned maritime operations on surrounding parcels if any? 3. Does the land use provide the maximum feasible public access? 4. Does the land use improve the ecological balance of San Francisco Bay? 5. Does the land use protect the waterfront's architectural heritage? 6. Does the land use represent the best interests of the people of the City and County of San Francisco and/or the State of California?

b. Prohibition of Unacceptable Non-maritime Land Uses

No City agency or officer may take, or permit to be taken, any action to permit the development of any unacceptable non-maritime land use (as set forth below) on the waterfront.

c. Listing of Unacceptable Non-Maritime Land Uses

The following land uses are found to be unacceptable non-maritime land uses:

1. Hotels

The City finds that hotels do not need to be located on the waterfront, and permitting their development on the waterfront will displace or preclude maritime uses.

The City finds that waterfront hotels do not provide the economic benefits provided by maritime employment.

The City finds that waterfront hotels do not provide high quality public access to, or permit restoration of, San Francisco Bay.

The City finds that hotels do not serve the needs of San Francisco or its residents.

The City therefore finds that hotels are unacceptable non-maritime land use and shall not be permitted on the waterfront.

2. A list of additional unacceptable non-maritime land uses developed as part of the Waterfront Land Use Planning Process shall be included in the "Waterfront Land Use Plan" and added to this section.

d. Grandfathering of Existing Unacceptable Non-maritime Land Uses

This initiative shall not prevent any unacceptable non-maritime land use existing as of January 1, 1990 from continuing in operation or expanding on its existing site in a manner consistent with all other applicable laws and regulations. At such time as a new land use is proposed for the site of a business existing as of

(Continued on page 110)
Mission Bay

PROPOSITION I

Shall 4.8 million square feet of office space in Mission Bay be exempt from the annual limit on new office space, if the City approves an agreement which requires housing, economic development, parks and public facilities, environmental clean-up, and other minimum requirements?

YES 306
NO 307

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: In 1986, San Francisco voters adopted Proposition M. Under Proposition M, the City may not approve more than 950,000 square feet of new office space each year. Developers of office buildings must compete for a share of this annual allotment of space.

There is a proposed development called Mission Bay (see map, page 143). Mission Bay may include office, housing, retail and light industrial uses, expanded transit service, street improvements, parks and other community facilities.

THE PROPOSAL: Proposition I is an ordinance that would exempt up to 4.8 million square feet of new office space in Mission Bay from the annual limit on office space. The total amount of new office space in Mission Bay would be deducted from the 950,000 square foot annual limit at the rate of 200,000 square feet each year. This exemption would apply only if the City approves a development agreement for the Mission Bay Project containing certain minimum provisions: (1) the construction of housing, some of which must be affordable housing; (2) payment of a fee for economic development and employment opportunities for women, minorities and local owned businesses; (3) a public park system and community facilities such as child care centers and a police and fire station; and (4) a comprehensive program to clean up and/or contain hazardous materials. Proposition I provides that the City could impose additional requirements in the development agreement.

A “YES” VOTE MEANS: If you vote yes, you want to exempt up to 4.8 million square feet of office space in Mission Bay from the annual limit on office space, if certain conditions are met.

A “NO” VOTE MEANS: If you vote no, you do not want to exempt Mission Bay from the annual limit on office space.

Controller’s Statement on “I”

Should the proposed ordinance be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its possible future application certain tax revenues of the City and County may be increased in indeterminate but possibly substantial amounts.

How “I” Got on the Ballot

On August 8, 1990 the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Terence Hallinan, Bill Maher and Doris Ward. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
Mission Bay

PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION I

A YES vote on Proposition I will provide homes, parks and jobs that San Franciscans need.

Proposition I is a vital step in creating the new Mission Bay neighborhood. Now a blighted and underutilized area, Mission Bay will become a unique place to live, work, shop and relax — like the other great San Francisco neighborhoods.

All San Franciscans will benefit from the creation of a new neighborhood at Mission Bay. The public benefits of the proposed neighborhood include:

- 275 of the 315 acres (about 90%) will be housing, parks, and public facilities.
- 70 acres of waterfront parks and open space.
- 8000 homes, of which 3000 will be permanently affordable for families with income starting at $15,000.
- Over 20,000 permanent jobs, with priority given to San Franciscans.
- Job training and economic development programs for women, minorities and local businesses.
- New revenue the City needs for vital services.
- Childcare centers, school, fire and police station, senior center and cultural center.
- Cleanup of any toxics.
- Street and MUNI improvements.
- Buildings designed for earthquake safety and energy and water conservation.
- Mission Bay, the result of the most comprehensive and open planning process in the City's history, will relieve development pressure on existing neighborhoods. Mission Bay will be a neighborhood where thousands of San Franciscans can afford to buy a home close to their jobs, thereby reducing traffic congestion.

Proposition I amends the 1986 Proposition M in order to allow the construction of office buildings — none of which will be taller than eight stories — only in conjunction with housing, parks and other community facilities. This amendment will only take effect upon City approval of a comprehensive development agreement which includes these public improvements and identification of the necessary revenues.

Vote YES on Proposition I.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION I

By the time you read this a million words will have been unleashed to discredit facts and me.

THEY ALWAYS SHOOT THE MESSENGER, DON'T THEY?

On August 23rd the Planning Commission finally certified documents “legitimizing” Proposition I. At 10:30pm President Morales brought forth an acknowledged community activist to speak. The resulting “cast” party proclaimed the success of their Development Agreement “production” — complete with cake enjoyed by all, except me.

I say, “Let them eat cake!”

THE MISSION BAY PROJECT IS FATALLY FLAWED: TAXPAYER INTERESTS HAVE BEEN DISCARDED IN FAVOR OF CITY HALL'S SELF-SERVING POLITICAL GOALS.

Transfer of public money to private use is complex and carefully hidden:
- Special Interests: Exclusive “economic opportunities” encompassing taxpayer-subsidized “affordable” housing ($300 million) AND general construction projects ($598 million).

(Mayor Agnos controls ACCESS by selecting AA/ED applicants from SOMA, Potrero Hill, Bayview/Hunter's Point, and Mission districts “only.”)
- City Hall: A bureaucracy guaranteeing thousands of votes.
- Santa Fe: 85% of $8.1 billion.
- Result: Control of San Francisco’s economy.

If you don’t have your snout in the public trough by now, its too late. The Planning Commission CLOSED “public” hearings August 23rd.

CITY HALL IS A “NEST OF SNAKES”: DEAL WITH THEM NOW OR YOU'LL SOON WAKE UP WITH THEM CRAWLING IN YOUR ECONOMIC BED!

League of Women Voters: Organize media debates. Public awareness guaranteed!
Middle Class/Small Business: Don’t vote for incumbents OR City Hall’s “Expected Winners.”
VOTE NO ON PROPOSITIONS H, I and J.

Dehnert C. Queen
Committee Against Proposition I

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Mission Bay

OPPONENT’S ARGUMENT AGAINST PROPOSITION I

Elected Officials are promoting Mission Bay as a plan “which will provide public benefits: Affordable homes, parks, public facilities, transit, jobs.”

Santa Fe has spent more than $6.4 million creating this illusion: $1.4 million to hire the Planning Department to design/implement the project, the balance for EIR/special studies.

Taxpayers are being committed to 60% of the Mission Bay and Related Projects costs totaling $4.7 billion. Mission Bay will generate $8.1 billion in revenues (Taxpayer 1%, Santa Fe 85%, City Hall 14%). The taxpayer is putting up $2.5 billion and receiving approximately $100 million in the form of promised parks and social-subsidy programs over 30 years.

These plans will increase our cost-of-living approximately $282 per month, per resident, young and old.

The City’s promised 2,200 affordable housing units cost approximately $500 million ($300 million using non-profit organizations with zero tax base). No defined source exists for these funds.

Proposition J is on the ballot to quietly bury this fact.

On June 11, 1990, I delivered a 54-page report to City Officials. It compares official rhetoric to documented facts, details 34 major fatal flaws, superior alternatives, the killing of Small Business and ultimate displacement of San Francisco’s Middle Class.

On July 26th, the Planning Department’s “Financial and Fiscal Consultant” responded that my report “brings into the debate variables we did not deal with: Waterfront Plan, transit plans, ballpark — public policy issues well beyond the purview of our analysis. [Was] there was any fundamental critique or error? We found none.”

I have spent five years and my life savings fighting City Hall. I am out of money. San Franciscans are out of time.

Register to vote!
Demand answers and public debate!
Vote no on Propositions H, I and J.

Dehnert C. Queen
Committee Against Proposition I

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION I

At a time of budget cutbacks in vital City services, San Francisco needs the revenue that will be generated in a new Mission Bay neighborhood.

The official City Controller’s analysis of Proposition I says that it will not affect the cost of government and could generate “substantial amounts” of new revenue for the City.

The Planning Department’s Fiscal and Financial Evaluation determined that Mission Bay will have positive effects upon the City’s General Fund. The evaluation stated:

“General Fund revenues from the Mission Bay project would exceed public service and maintenance costs by over $13 million annually. Over the anticipated 30-year buildout period, over $215 million of fiscal benefits would accrue to the City.”

Those are simple facts.

Don’t believe the one-person opposition committee’s funny figures.

Mission Bay will benefit all San Franciscans by improving the City’s financial health and economic prosperity.

Today the largely vacant 315-acre property produces little revenue for the City. Mission Bay’s new homes, offices and stores will contribute a surplus of $215 million in the first 30 years alone.

Not only will Mission Bay pay for the costs of its own construction and its share of public services, the neighborhood will make money for the City — money to build affordable housing and to help fund vital City needs.

Mission Bay makes financial sense. And that’s in addition to all of the other benefits of building the new neighborhood: housing, jobs, parks, a restored wetlands, childcare centers and other community facilities.

Vote YES on Proposition I

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Survey after survey shows that, increasingly, San Francisco’s workers cannot afford to buy a home in San Francisco. Mission Bay addresses the need for housing and good paying jobs. In many San Francisco families, children are still living at home, even while working union jobs, simply because they can’t afford to rent, much less buy, a home in San Francisco.

Mission Bay represents our last opportunity to do something significant to provide 8,000 units of housing, including permanently affordable housing, in the City.

The construction of 3,000 affordable housing units, in addition to low-rise office space, schools, fire and police stations and community facilities such as childcare centers, will provide more than 20,000 permanent jobs, including thousands of construction jobs, and housing for families with income beginning at $15,000 a year.

Reading the “Open Homes” section of the newspaper is a sobering reality for working families. Condominiums begin at $175,000.

The new neighborhood at Mission Bay will provide, in addition to market rate housing, 3,000 housing units ranging from $37,000 for a studio to $60,000 for a four bedroom unit.

Say YES to jobs and housing. Vote YES on Proposition I.

Joan-Marie Shelley, United Educators
Stan Smith, Building Trades Council

The San Francisco Labor Council urges a YES vote on Proposition I.

Mission Bay will bring a brighter day for San Francisco.
The creation of 20,000 new jobs, as well as the jobs involved in the planning and construction of the new neighborhood, will enhance the economic future of workers in San Francisco.

Planning a strong economy for the city in the 21st century must be one of our highest priorities.

Mission Bay will keep blue-collar and entry-level office jobs from leaving San Francisco for the suburbs. Equally important, Mission Bay will bring back much needed blue-collar work.
The creation of a new neighborhood, where workers will live near their jobs in affordable homes, provides a rare opportunity. Mission Bay will also provide working families with necessary childcare facilities for 1000 children, a neighborhood school and many acres of parks and playgrounds.

We need Mission Bay. That’s why the San Francisco Labor Council, representing 79,000 working men and women in the city, urges you to vote YES on Proposition I.

Remember ... a brighter day with Mission Bay.

SAN FRANCISCO LABOR COUNCIL
Walter Johnson, Secretary/Treasurer

The Downtown Association believes that a YES vote for Proposition I and for Mission Bay means a San Francisco that can be economically competitive into the 21st century.

Building Mission Bay means homes, jobs and parks.
It also means that major Pacific Rim corporations will be able to find competitive office space that will allow them to keep their operations in San Francisco. Mission Bay’s Port and transportation improvements will help keep San Francisco a vital Port container center and the transportation hub of Northern California.

The new Mission Bay neighborhood is key to helping San Francisco maintain its role as the headquarters city of the Pacific Rim.

Vote YES for Mission Bay. Vote YES on Proposition I.

DOWNTOWN ASSOCIATION
Edward Phipps, Executive Director

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION I

The Bay Area Council supports the adoption of land use plans and policies which increase the supply of housing which is affordable and accessible to the region’s workforce.

Proposition I allows for the creation of the Mission Bay neighborhood which offers an outstanding opportunity to increase housing in the center of the region and in the heart of San Francisco, the Bay Area’s largest employment center.

Vote YES on Proposition I.

BAY AREA COUNCIL
Angelo Siracusa, President

The San Francisco Chamber of Commerce believes that building Mission Bay is key to the city’s economic health.

Voting for Proposition I will help assure San Francisco’s continued prosperity into the 21st century.

Mission Bay will mean thousands of homes and jobs for San Franciscans and hundreds of millions of dollars in tax revenue for San Francisco.

By providing lower-cost, lowrise office space, San Francisco will be able to remain competitive with the suburbs that have drained tens of thousands of jobs from the city. With its central location, mass transit, affordable homes and open space, Mission Bay will provide a powerful incentive for major companies to stay in or relocate to San Francisco.

This will provide San Francisco with new jobs and a broader tax base as well as significantly reduce the number of commuters who are forced to drive long distances to jobs in outlying areas.

Proposition I and Mission Bay can help to preserve San Francisco as the vital, commercial heart of the Bay Area and Northern California.

Vote YES on Proposition I.

Donald D. Doyle
San Francisco Chamber of Commerce

We Republicans believe that the Mission Bay project represents the best opportunity to provide significant affordable housing for San Franciscans. Proposition I is only enabling legislation and not an endorsement of every aspect of the Project. We regret the annual limitations imposed by Proposition M (1986) make this initiative necessary.

The San Francisco Republican County Central Committee urges you to vote YES on Proposition I!

As owners of neighborhood businesses, we know that a vote for Proposition I is a vote for hundreds of small business opportunities that Mission Bay will bring. It is also a vote to keep the larger businesses we depend upon as customers here in San Francisco.

Mission Bay has been designed to be a traditional San Francisco. Rather than having malls or a shopping center, Mission Bay will be built around a shopping district like Chestnut, Clement, Irving or Mission Streets.

This will mean numerous opportunities for small business people to open shops, stores and restaurants. Mission Bay will also offer programs to assist locally-owned firms to open businesses in Mission Bay.

As owners of San Francisco’s neighborhood businesses, we urge you to vote YES on Proposition I.

Stephan Cornell, Vice President, Polk Street Merchants
Sue Danielson, Small Business Advisory Commission
Tiffany Farr, Owner, Tiffany’s Wines and Spirits
Diane Filippi, Architect
Elliot Hoffman, President, Just Desserts
Gwendolyn Kaplan, President, Ace Mailing
Russell Kassman, Vice President, Small Business Commission
Andrew Loll, Owner, Castagnola’s Restaurant
James Mayock, Attorney
John Schmidt, Insurance Agent
Paul Worman, Civic Center Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Mission Bay’s transit and transportation improvements will make a positive difference for San Francisco and the entire Bay Area.

Mission Bay will be a neighborhood where transit comes first and where thousands of people will be able to walk to work instead of taking their cars.

The extension of MUNI Metro through Mission Bay will make neighborhoods such as Potrero Hill and Bayview/Hunters Point more accessible to the rest of San Francisco.

Mission Bay’s street improvements will transform King Street into a major boulevard and will help stitch San Francisco’s currently underserved southeastern neighborhoods into the city’s street grid.

Mission Bay will improve the transportation system for all of us. Vote YES for improved transportation. Vote YES on Proposition I.

The members of the San Francisco Recreation and Park Commission urge you to vote YES for 70 acres of parks and playgrounds, for miles of hiking and jogging trails, for soccer and baseball fields, for a theater/recreation center and for daycare and senior centers. Vote YES on Proposition I.

The Mission Bay neighborhood will benefit all San Franciscans, but especially South of Market children, who desperately need the recreation areas, playgrounds and open space that Mission Bay will provide.

The Democratic Party has always stood for affordable housing, open space, environmental protection, jobs, childcare, and equal opportunities for women and minorities. The proposed Mission Bay neighborhood provides all of these goals.

The San Francisco Democratic Party urges you to vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Vote YES on Proposition I and help turn Mission Bay into a neighborhood with a heart of green. Mission Bay will dedicate nearly 70 acres or 20% of the entire project to parks and open space. More than two miles of shoreline along the Bay and China Basin Channel will be reclaimed and turned into parks, playfields and a wetland habitat. A degraded and run-down channel will be transformed into a scenic and ecologically-alive waterway.

The Mission Bay neighborhood will be centered around a park that will be larger than Washington Square. A bayfront park will be larger than the Marina Green. Dozens of smaller parks, open spaces and playgrounds will mean that no home in the neighborhood is more than 2-1/2 blocks from a green space.

Mission Bay will provide critically needed open space for San Francisco’s South of Market area which currently has virtually no open space at all.

And Mission Bay programs for earthquake safety, energy and water conservation and recycling, will set a standard that other projects throughout the nation will look to as a model.

By building Mission Bay, San Francisco will gain a new neighborhood with a heart of green. As environmentalists, we urge you to vote YES on Proposition I.

Mission Bay is the first private development in the City’s history to confront the economic problems which disproportionately impact minorities and women.

Mission Bay provides $12.5 million to fund programs to maximize business and employment participation by minorities and women.

Mission Bay not only affords opportunities to participate, but also includes specific goals for the inclusion of minorities and women in all aspects of the project’s design and construction. Once Mission Bay is completed, minorities and women will own and operate many of the businesses in the new neighborhood.

Vote for economic opportunity for San Francisco’s minorities and women.

Vote YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

A YES vote on Proposition I will:

- Ease the pressure on existing housing supply by providing 8,000 new homes, 3,000 of which will be affordable for first-time home buyers, the disabled, the elderly, and low and moderate income families;
- Provide jobs and economic opportunities for San Franciscans, in general, and Bayview/Hunter’s Point residents, in particular; and
- Serve as a catalyst for the long sought light-rail transit system along the Bayshore corridor, thus enhancing the economic vitality and viability of Bayview/Hunter’s Point.

Proposition I helps create a new neighborhood that organically connects Bayview/Hunter’s Point to downtown and to the rest of San Francisco.

Mission Bay is an historic opportunity to transform a desolate industrial tract into a new balanced neighborhood with as many homes and businesses as Noe Valley.

The Mission Bay neighborhood offers a unique opportunity to address some of San Francisco’s most pressing long-term needs. Mission Bay, as approved by the City Planning Commission, meets the six major goals that I wanted to accomplish for it when I campaigned for Mayor:

1) Mission Bay offers more affordable housing and more housing for larger families. Three thousand homes will be affordable to working families with annual incomes between $15,000 and $56,000.

2) Mission Bay provides the lower-cost back office space that San Francisco needs for a growing job market. It will help us retain existing business and win new ones.

3) Mission Bay will keep the Port of San Francisco active and financially healthy.

4) More than ten million dollars will be contributed by the project sponsor for economic development, affirmative action and employment training for minorities.

5) Mission Bay includes major additional commitments for child care with facilities for up to 1000 children in over 10 centers.

6) The Mission Bay agreement protects the City from toxic cleanup costs. Through ironclad guarantees from the project sponsor, it insures that a timely cleanup will take place regardless of the scope of the problem.

Mission Bay is the right kind of project for San Francisco at the right time. It gives us unique opportunities to meet some of our greatest long-range challenges and helps us prepare for a great future for our city.

I respectfully urge you to vote YES for the kind of neighborhood we need. Vote YES for Mission Bay. Vote YES on Proposition I.

VOTE YES ON PROPOSITION I.

Mission Bay represents the first time that a project sponsor has responded to the needs and concerns of the City’s African American community.

African Americans need the opportunity for economic participation that can only be realized through access to capital. Mission Bay provides this capital through its $10 million Economic Development Fund that will guarantee the participation of African American businesses in the design and construction of Mission Bay and provide the opportunity for African American businesses to locate there.

Mission Bay’s Affirmative Action Plan is the first in the history of San Francisco to create employment preferences for economically disadvantaged residents of Bayview/Hunter’s Point, Potrero Hill, the Mission District and South of Market.

No more empty promises.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

San Francisco’s Latino community supports Proposition I. The Mission Bay neighborhood can provide our community with affordable housing, good jobs and numerous small business opportunities.

Mission Bay’s economic development and affirmative action programs provide real-world solutions to problems that disproportionately affect the Latino community. The multi-million dollar Economic Development Fund coupled with economic and job opportunity guidelines, will mean that our community will really benefit from the new Mission Bay neighborhood.

Mission Bay is good for San Francisco as a whole and for the Latino community particularly. Vote YES for economic opportunity. Vote YES on Proposition I.

Renters and landlords, property owners and housing advocates agree: building more housing is the key to making San Francisco an affordable place to live.

The Mission Bay neighborhood is our best chance in decades to provide the large amount of new housing that San Francisco needs.

Seventy percent of Mission Bay’s total area will be devoted to housing. Over 8,000 homes will be built, of which 3,000 will be permanently affordable for low and moderate income families.

The affordable housing at Mission Bay, ranging from $37,000 for a studio to $147,000 for a 4-bedroom unit, is housing the City desperately needs.

And the wide range of homes at Mission Bay will provide once-in-a-lifetime opportunities for singles, couples without children, young families, seniors, and first-time home buyers.

We urge you to vote YES for one of the most important housing proposals in San Francisco history. Vote YES on Proposition I.

In 1986, the lesbian and gay community voted strongly in favor of Proposition M to control downtown growth.

This year, the leadership of our community supports Proposition I, an amendment to Proposition M to allow the creation of a new San Francisco neighborhood in Mission Bay.

Mission Bay will transform an underutilized industrial area into a neighborhood where all San Franciscans will have new opportunities — to buy an affordable home, start a business, work at a job without commuting, or just enjoy the outdoors.

Proposition I is a big step in planning for the future of the city we all love. That’s why lesbian and gay leaders urge you to vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

For the children, we urge you to vote YES on Proposition I. Mission Bay’s benefits for children and families will be the most extensive of any neighborhood in the City’s history.

Mission Bay’s plan for children includes an elementary school, a community and cultural center, and dozens of playgrounds, parks and open spaces.

The crown jewel in Mission Bay’s family-related programs will be a multi-million dollar system of up to 10 quality childcare centers. Serving 1000 children, the centers will be a national model for childcare services.

Mission Bay will provide vitally-needed affordable housing that is large enough for families with children. Mission Bay gives families not only the opportunity to have not only homes near their jobs, but safe, convenient and affordable places where their children can learn and play.

Vote YES for the children. Vote YES on Proposition I.

San Francisco’s Asian American community supports Proposition I.

By building the Mission Bay neighborhood, our community has an unprecedented opportunity to make economic and social progress.

Mission Bay will transform an underutilized, industrial area of the city into a new neighborhood for all San Franciscans, complete with housing, parks, community facilities. Best of all, Mission Bay provides opportunities for thousands of design and construction jobs, 20,000 permanent jobs, and hundreds of new small businesses.

Mission Bay includes the most extensive economic development programs for minorities of any project in San Francisco’s history.

Vote for economic opportunity. Vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

We are artists and arts professionals who support Proposition I. Mission Bay will provide special opportunities for San Francisco's theater and arts communities.

The creation of affordable live/work spaces will mean that artists will be able to afford their own homes in Mission Bay.

A new theater/visual arts center will provide space for both permanent and special exhibits. Funding and space will be provided for the multicultural performing arts community to help design and build a truly special playhouse in Mission Bay.

One percent of the cost of constructing commercial space at Mission Bay will fund public art, giving San Francisco artists the opportunity to create works that will help define and set apart San Francisco's newest neighborhood.

Vote YES on Proposition I.

We are supporters of Proposition M who urge you to vote YES on Proposition I to create the Mission Bay neighborhood.

We supported Proposition M in 1986 so that San Francisco would have a rational policy to control downtown development. Proposition M was designed to allow San Franciscans to have the kind of input into the planning process that would guarantee projects that made sense for the City.

In 1990, we support Proposition I because the proposed Mission Bay neighborhood is consistent with the policies and goals of Prop M. Planning for Mission Bay has been the most open and comprehensive process in San Francisco history. Mission Bay makes sense.

No highrises will be built at Mission Bay. The tallest office building would be eight stories.

Mission Bay will create unprecedented economic opportunities for women, minorities and small businesses. Office space in Mission Bay will pay for thousands of affordable homes, as well as parks and public facilities that San Franciscans need.

We urge you to vote YES on Proposition I.

Acting in our individual capacities, we, as individual members of the San Francisco Port Commission urge all San Franciscans to support Proposition I. By supporting Proposition I you will not only allow San Francisco's newest neighborhood to be built, but you will also solve difficult issues affecting the future of the Port of San Francisco.

Mission Bay will permit the Port to develop a modern, competitive, consolidated container cargo facility with potential future capacity that will be more than sufficient well into the 21st century. The Port will collect revenues of $2 million a year from the building of the neighborhood. Port operations will be improved and public access to the waterfront will be greatly enhanced.

As individual members of the Port Commission, we urge you to vote YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

As members of the City Planning Commission, we support Proposition I because it advances the Mission Bay plan that we approved in August 1990.

Under that plan, important public benefits will be attained: construction of 3000 affordable housing units, development of parks, wetlands, and community facilities, cleanup of toxic wastes, economic development funds to assist small businesses and workers, and the creation of thousands of jobs targeted specifically for San Francisco's diverse population.

Both the city and the developer will make substantial financial contributions to achieve these benefits. The city's contribution will primarily come from the sizable tax revenues that the project generates. For example, of the $215 million in tax revenues, the city will spend approximately $160 million to implement the affordable housing program. To fulfill the promises of Mission Bay thus requires future city officials to invest tax revenues.

The successful implementation of the Mission Bay plan is dependent on an informed, vigilant, and active citizenry demanding that both the developer and the city fulfill these promises.

We submit this ballot argument as individuals, rather than in our official capacities as Planning Commissioners.

James Morales, President
Wayne Jackson Hu, Vice President
Susan Bierman
Douglas Engmann
Edward Sewell

PAID ARGUMENTS AGAINST PROPOSITION I

MYSTERY TRAIN
No ordinance confirming development agreements should be on the ballot when such agreement is subsequently altered... especially Proposition I which contains enough ambiguities and "mays" to staff the Giants' pennant drive.

Don't be railroaded. Vote NO.

Brian Doohan

VOTE NO! ON PROPOSITION I

Be fair! Don't exempt Mission Bay from Proposition M highrise controls. Stop this special sweetheart deal and giveaway to developers. The Coalition for San Francisco Neighborhoods urges all San Franciscans to Vote No! on Proposition I.

Coalition for San Francisco Neighborhoods

Do NOT exempt the Mission Bay project from downtown highrise controls!

... Be fair! ... Reject this hypocritical loophole for a politically favored developer ... Please VOTE NO! to stop short-sighted politicians from imposing their opportunistic bankrupt vision on our city's future.

Former Supervisor John Bards
PAID ARGUMENTS AGAINST PROPOSITION I

In 1986 the voters wanted to control office development so they passed Proposition M.

Now voters are being asked to approve an exemption for 4.8 million square feet of office in the Mission Bay project based on a development agreement which has not been finalized and which can be changed by the Board of Supervisors even after the vote.

Proposition M requires that the impact of commercial office space not overwhelm the city’s transit, traffic and parking capacity, housing capacity and affordability and neighborhood character. Proposition M requires that our city remain affordable for those living and working in it. And Proposition M requires that office development not displace other viable economic uses which provide a higher proportion of resident employment, such as neighborhood serving retail, service/light industry and manufacturing.

San Francisco Tomorrow believes that the City should get a better deal. Voters should oppose Proposition I unless the development agreement provides for sufficient affordable housing, community facilities and economic development opportunities to benefit all San Franciscans including those who have been economically disadvantaged in the past.

The development can proceed without a Proposition M exemption if the developer is still committed to building a new San Francisco neighborhood and is not just interested in selling off, the zoning.

San Francisco Tomorrow

Having drafted Proposition M and run its Campaign in 1986, we want the jobs, affordable housing, economic development and other amenities that a comprehensive development agreement should provide. We wanted to support a Mission Bay exemption to Proposition M’s annual limit of office development; however, the Mission Bay proposal is inconsistent with Proposition M because it does not:

• Provide adequate levels of affordable housing, as the affordable housing is BELOW Bay Area standards;
• Guarantee the financing of affordable housing and other Mission Bay amenities;
• Provide for a definite start-date for the project;
• Provide sufficient housing for its own work-force;
• Fully answer questions concerning toxics clean-up nor provide for an independent consultant for the community;
• Guarantee jobs for San Franciscans;
• Improve our transportation system and decrease congestion.

Instead of seriously addressing our City’s critical problems — such as affordable housing, transportation and jobs for San Franciscans — the draft proposal (as of the ballot deadline) creates even greater problems.

Inconceivably, the development agreement on which you are voting will not be finalized until after the election. Thus, you are voting on an exemption for a project which could be changed. That is not a sound way to plan this City’s future.

A “No” vote does not mean there will be no “Mission Bay” project. Rather, it sends a message to the City to present the voters with a better and finalized project.

San Francisco Campaign for Accountable Planning
Executive Committee

Exempting the Equivalent office space of 10 Transamerica pyramids from the city’s Prop. M growth control law is a bad idea.

This proposed preferential exemption for the powerful Southern Pacific Company, now called Catellus Development Corporation, is unprecedented, unreasonable, and unnecessary.

Vote NO on I.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
TEXT OF PROPOSED ORDINANCE

PROPOSITION I

Part 1 - Declaration of People of San Francisco regarding the Mission Bay Neighborhood.

Whereas, an amendment of the City Planning Code, including the provisions thereof enacted by vote of the people through Proposition M in 1986, is appropriate to facilitate development of Mission Bay provided such development complies with the performance criteria and standards of an appropriate and adequate development agreement.

Part 2 - Amendment of City Planning Code.

Be it ordained by the People of the City and County of San Francisco that Part II, Chapter II of the San Francisco Municipal Code (the City Planning Code) is hereby amended as follows:

Section 1. A new Subsection 320(g)(7) is hereby added so as to provide a new exception from the definition of an office development subject to the annual limit as follows:

“(7) Office space in Mission Bay, up to a maximum of 4.8 million square feet, which is the subject of a development agreement as authorized under California Government Code Section 65865 or any successor section, provided that such development agreement is in effect at the time of issuance of any building or site permit therefor, is approved by the Board of Supervisors after recommendation by the City Planning Commission, and sets out standards and performance criteria which include at least the following:

(i) requires that efforts be undertaken to cause affordable and market rate housing to be built on a schedule such that no later than ten (10) years after the project start date (as defined in such development agreement) construction shall have commenced for at least 2,000 housing units, of which no less than 740 shall be affordable housing units and further requires that, at a minimum, over the life of the project, at least one housing unit be provided for each 712 square feet of additional office space built including at least one affordable housing unit for each 1900 square feet of additional office space built;

(ii) provides economic development and employment opportunities for women, minorities and locally-owned businesses, and establishes an economic development fund of at least $2.00 per square foot of additional office space to be used to create economic opportunities and to provide technical assistance for women, minorities and locally-owned businesses, and to finance job training, employment brokerage and placement programs with priority given to economically disadvantaged San Francisco residents, specifically including those in the South of Market, Bayview/Hunters Point, Mission District, and Potrero Hill neighborhoods, and further requires that no later than ten (10) years after the project start date (as defined in such development agreement), no less than $3,000,000 shall have been contributed to the economic development fund, regardless of whether or not construction of additional office space has occurred, and further may provide that a priority be given in the initial allocation of funds from such fund for creation and implementation of the programs contemplated by this Subsection;

(iii) provides a comprehensive program for investigation and remediation of hazardous materials in connection with development in a timely fashion to permit construction of housing, open space and community services facilities;

(iv) provides a comprehensive public parks system including the provision or enhancement of a publicly accessible shoreline estuary, and provides public and community facilities; including a police station, a fire station, recreation, cultural and child care centers;

(v) prohibits discrimination on the grounds of, or because of, race, color, creed, national origin, ancestry, age, sex, sexual orientation, disability or Acquired Immune Deficiency Syndrome or AIDS related condition (AIDS/ARC) as provided in Chapter 56.7(c) of the San Francisco Administrative Code; and

(vi) provides that the times required for construction and contribution of funds set forth in Subsections (i) and (ii) above may be extended by the occurrence of unavoidable delays, including, without limitation, matters beyond the reasonable control of the party charged, unavailability of satisfactory financing as determined in the prudent business judgment of the party charged, administrative or regulatory processing delays, or changes in laws or regulations and further, specifically shall defer the obligations set forth in Subsections (i) and (ii) above if any additional office space may not be commenced or completed due to litigation or lack of regulatory approvals.

Section 2. A new subsection 320(l) is hereby added as follows:

“(l) “Mission Bay” means the area generally bounded by Third Street, Berry Street, Fourth Street, and China Basin Channel, China Basin Street, Mariposa Street, Pennsylvania Street, Seventh Street and Townsend Street.”

Section 3. A new subsection 320(m) is added as follows:

“(m) “Affordable housing” means housing units affordable to households with incomes ranging from 50% or less to 120% of the median income for the San Francisco Metropolitan Area, a portion of which must be permanently affordable to such households.”

Section 4. A new sentence is added at the end of Subsection 320(a)(2) as follows:

“Notwithstanding the foregoing, additional office space within Mission Bay shall count against the maximum set in Subsection 320(a)(1) to the extent provided in Subsection 321.1(d).”

Section 5. The last sentence of Subsection 321.1(b) is deleted and replaced with the following:

“The list shall not include: (1) permits for projects authorized pursuant to the office development competition set out in Subsection 321(b) and Section 322; or (2) permits for projects which are excepted from the definition of the term "office development" under Subsection 320(g)(7).”

Section 6. A new Subsection 321.1(f) is added as follows:

“(f) (1) This Subsection 321.1(f) shall be effective after the amount of square footage remaining on the Department’s list, prepared pursuant to Subsection 321.1(b), is reduced to zero and the 950,000 square foot annual limit established in Subsection 321(a)(1) is not subject to reduction pursuant to Subsection 321.1(d)

(2) Beginning on February 1st of the year in which this Subsection 321.1(f) becomes effective, and on February 1st of each subsequent year, the Department shall certify in writing to the City Planning Commission, at a public hearing, a current list showing the total square footage of all office space which is excepted from the definition of the term "office development" under Subsection 320(g)(7) for which building or site permits were approved for issuance (including those approved prior to the effective date of this Subsection 321.1(f)) that have not lapsed or otherwise been revoked. In preparing that list, the Department shall subtract from the total amount of square footage of office space on its list the cumulative amount that has been deducted from the 950,000 square foot annual limit pursuant to Subsection 321.1(f)(3) below, and shall add to that list the cumulative amount that has been added to the 950,000 square foot annual limit pursuant to Subsection 321.1(f)(4).

(3) Within 30 days after receipt of the Department’s certified list, the Commission shall reduce the 950,000 square foot annual limit established in Subsection 321(a)(1) by 200,000 square feet if the amount of the square footage of office space on the Department’s list is equal to or greater than 200,000, or if the amount on the Department’s list is less than 200,000 but greater than zero, then by such lesser amount.

(4) If the amount of square footage on the Department’s list is a negative number (due to the lapse or other revocation of building or site permits), then an amount of square footage equal to the absolute value of that negative number shall be added to the 950,000 square foot annual limit. In no event shall the cumulative total amount deducted from the 950,000 square foot annual limit, net of amounts added to the annual limit, for all years exceed 4.8 million square feet.”

Part 3 - Authority Retained.

Nothing herein shall be deemed to limit the lawful exercise of discretion by any City agency, department, board or commission, nor to limit the authority of any such entity to impose additional or more stringent conditions or requirements, in connection with the recommendation or approval of a development agreement.

(Continued on next page)
LEGAL TEXT OF PROPOSITION I (Continued)

Part 4 - Termination.
If there is a default which remains uncured (as same may be defined and provided in a development agreement) under the provisions of a development agreement which set forth the requirements of Subsections (i) and (ii) of Section 1 of Part 2 above due to the actions of a party other than a public entity, then this Ordinance shall be null and void and of no further force or effect as of the expiration of any cure period for such default.

Part 5 - Severability.
If any section, subsection, phrase or part of the foregoing is held invalid by a court of competent jurisdiction, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the other parts of this Ordinance, or application thereof, which can be given effect without the invalid part or application thereof. Each section, subsection, sentence, phrase, or part of this Ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or portions be declared invalid or unconstitutional.

Housing Affordability Fund

PROPOSITION J
Shall an ordinance be adopted making it City policy for the Board of Supervisors to appropriate at least $15 million each year, adjusted for inflation, to the Housing Affordability Fund, provided that $5 million may be appropriated in years where extraordinary circumstances warrant it?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City has a Housing Affordability Fund to assist in providing low and moderate income housing. There is no City policy regarding the amount of money the Board of Supervisors should appropriate each year to this fund.

THE PROPOSAL: Proposition J is an ordinance that would make it City policy for the Board of Supervisors to appropriate at least $15 million each year to the Housing Affordability Fund, to be adjusted each year based on the Consumer Price Index. If, due to an extraordinary circumstance, two-thirds of the Board of Supervisors find that less money should be appropriated in a given year, then Proposition J would make it City policy for the Board to appropriate at least $5 million for that year.

A “YES” VOTE MEANS: If you vote yes, you want to adopt an ordinance making it City policy for the Board of Supervisors to appropriate these funds each year to the Housing Affordability Fund.

A “NO” VOTE MEANS: If you vote no, you do not want to adopt this ordinance.

Controller’s Statement on “J”
Should the proposed ordinance be adopted and implemented, in my opinion, general resources, ranging from $15 million in 1991-92 and increasing thereafter indefinitely at the rate of increase in the consumer price index, could be allocated to an Affordable Housing Fund.

Amounts allocated to the Affordable Housing Fund would diminish the amount of funds available for general purposes of the City and County.

How “J” Got on the Ballot
On August 8, 1990 the Registrar of Voters received a proposed ordinance signed by Supervisors Harry Britt, Jim Gonzalez, Nancy Walker, and Doris Ward. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
Housing Affordability Fund

PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION J

Housing is the foundation upon which all our social structures are built. In San Francisco, we face a housing affordability crisis that threatens to affect and change the way we all live. Proposition J makes it City policy to provide a substantial annual affordable housing contribution.

It costs more to live in San Francisco than almost anywhere else in our nation. The average sale price of a home has more than doubled since 1980; the average rent has nearly doubled in the same period. Today, only seven percent of San Francisco households can afford the average home. Many of our hard working lower and middle class families can no longer afford to rent or purchase a home in San Francisco, disrupting the economic, social and cultural fabric that weaves its way through all aspects of life in our City.

In the past, San Francisco’s commitment to providing affordable housing has been augmented by substantial State and Federal funding assistance. These housing funds have been drastically reduced over the past decade, and San Francisco can only compete for funding if we can make sufficient local contributions.

The housing funds allocated by Proposition J represent a small percentage of San Francisco’s annual budget, but they will leverage significant resources directed toward affordable housing preservation and new construction. Some costs will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless.

With Proposition J, starting in fiscal year 1991-92, fifteen million dollars will go to the Housing Affordability Fund annually. This revenue will be generated if new funding sources are identified. This represents a sound investment in the diversity of San Francisco, and will help improve the quality of housing in many of our neighborhoods.

Vote YES on Proposition J.

Nancy Walker  
Harry Britt  
Jim Gonzalez  
Doris Ward

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION J

Not once in their argument do the four supervisors admit where the $15,000,000 a year for Proposition J is going to come from. There’s only a vague hint in the last paragraph: “This revenue will be generated if new funding sources are identified.”

Just what “new funding sources” do they have in mind? They never tell you, but I will: doubling the city’s real property transfer tax imposed when you sell or buy a home. In other words, these four supervisors want to add about $2,000 to the price of a typical San Francisco home.

What’s their solution to the “affordable housing crisis”? To make the average San Francisco home $2,000 less affordable.

VOTE “NO” ON PROPOSITION J.

In 1980, I authored the policy declaration, approved overwhelmingly by the voters, which established a goal of 20,000 new housing units by the end of 1984. That policy was not fulfilled, and it never will be fulfilled if City Hall persists in such counterproductive strategies as Proposition J.

A huge tax hike on homeowners is no way to improve the housing situation in San Francisco!

VOTE “NO” ON PROPOSITION J.

The four supervisors even claim that some of Proposition J’s $15,000,000 annual cost “will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless.” But most of the “homeless” are not people looking to buy a home!

Proposition J is a sham.

State Senator Quentin Kopp  
Chairman, Kopp’s Good Government Committee

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION J

Proposition J requires the Board of Supervisors to appropriate $15,000,000 a year to a “Housing Affordability Fund”. Sound good? Read on.

Question: Where’s the money going to come from?
Answer: Higher taxes!

VOTE “NO” ON PROPOSITION J.

The same supervisor who authored Proposition J has an ordinance pending before the board that would double the city’s real property transfer tax rate. This proposal could even increase the transfer tax by 1,000% for many San Francisco homebuyers. (That’s the source of funding for Proposition J.)

In other words, Proposition J would pave the way to adding $2,000 to the price of a typical San Francisco home. How does that make housing more “affordable”?

VOTE “NO” ON PROPOSITION J.

The real property transfer tax is a lousy idea in the first place. It bears no connection whatsoever to any legitimate governmental service — like recording your deed or mortgage. The transfer tax is nothing but an excuse to gouge homeowners and raise money for City Hall.

There are 58 counties in California. In 57 of those counties, the transfer tax is 55 cents for each $500 of property value sold. In San Francisco, the current transfer tax is $2.50 for each $500 of property value. Proposition J would send our already excessive transfer tax out of sight!

VOTE “NO” ON PROPOSITION J.

The author of Proposition J has been quoted as saying that an extra $1,000 or $2,000 has “never been the amount of money that makes or breaks a real estate deal”. Tell that to the families in San Francisco struggling to scrape together a down payment.

Proposition J will only make a bad housing situation worse.

State Senator Quentin Kopp
Chairman, Kopp’s Good Government Committee

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION J

The opponents of Proposition J are trying to mislead you.

Proposition J does not raise taxes one penny. Proposition J sets City policy to make a long-term commitment to the City’s depleted Housing Affordability Fund.

The transfer tax will not be affected one way or another by Proposition J, as Senator Kopp claims. In fact, any change to the transfer tax will have occurred months prior to this election. The transfer tax doesn’t make housing unaffordable — a housing shortage does.

That’s why, as a San Francisco Supervisor, Kopp placed a housing proposition on the ballot approved overwhelmingly in 1980. It set city policy to create 20,000 new units of housing over a five year period, but no money was allocated at that time. With the annual $15 million commitment in Proposition J, we will finally be able to meet the housing goals the voters and Kopp approved.

Vote YES on Proposition J, and get the affordable housing you already voted for.

Senator Kopp knows that the State of California has hurt San Francisco by slashing State funding to local governments. These drastic cuts greatly increase the need for San Francisco to fund housing for truly needy groups such as battered women and mentally and terminally ill, as well as our hard-working renters and first time homebuyers who are priced out of the market.

An investment in affordable housing is an investment in San Francisco’s future. Vote YES on Proposition J.

Housing Affordability Fund

PAID ARGUMENTS IN FAVOR OF PROPOSITION J

Affordable housing for low, moderate and middle income families needs to be built in San Francisco.
Vote YES on J.

Joel Ventressa
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Another measure on the ballot because the Supervisors didn’t do their job!
It doesn’t take a ballot measure for the City to spend $15 million per year to develop affordable housing.
The Mayor and Supervisors control the budget — they can appropriate the money!
We do agree with opponents of “J”, however, the San Francisco’s regressive real estate transfer tax should not be raised!

Vote “Yes” on “J” which is only a nonbinding policy declaration saying you want $15 million per year spent on affordable housing.

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

Proposition J is a wise investment in the future of our City. With Proposition J, San Francisco will gain millions of dollars in State and Federal Funds for affordable housing construction and preservation that would otherwise be lost.

VOTE "YES" ON PROPOSITION J...
and San Francisco will be able to get over 2300 new affordable homes in the new neighborhood at Mission Bay.

VOTE "YES" ON PROPOSITION J...
and more San Francisco wage earners will be able to afford to live in our City, and contribute their wages to our economy, instead of clogging highways and fouling the environment as they drive hundreds of miles to distant houses elsewhere.

VOTE "YES" ON PROPOSITION J...
and thousands of small businesses will benefit while we provide opportunities for hard working households to find attractive and affordable homes. Help keep San Francisco a city where our sons and daughters can afford to live, and where the richness of our cultural diversity will be maintained.

Join the many homeowners, business people, civic leaders, environmentalists, community organizations, and hard working people who know that . . .

PROPOSITION J IS THE RIGHT WAY TO BUILD A BETTER SAN FRANCISCO FOR MANY GENERATIONS!

Housing Affordability Fund

PAID ARGUMENTS AGAINST PROPOSITION J

Vote No on Proposition J.

Everyone agrees that San Francisco needs more affordable housing. But Proposition J won't raise one penny for housing.

Proposition J does not bind the city to spend any money to build affordable housing. It is on the ballot only as a first step in an effort to raise taxes.

San Francisco's general tax revenues are not great enough to allow the Board of Supervisors to transfer millions of dollars into a housing fund. To implement Proposition J the Board of Supervisors will have to either pass new taxes or cut current programs.

Vote No on Proposition J. Insist that the Board of Supervisors tell us how the program is to be paid for.

Don't be fooled. Vote No on Proposition J.

Donald D. Doyle
San Francisco Chamber of Commerce

Proposition J would require the Board of Supervisors to allocate $15 million a year for affordable housing. But where is the money going to come from? Isn't the city facing a budget crisis?

The supporters of Proposition J advocate increasing the real property transfer tax, the tax that is paid whenever title to property changes. This largely unknown tax could end up costing property owners and buyers thousands of dollars.

Isn't it just like City Hall to make housing more expensive in order to support affordable housing?

If Proposition J is worthy of the voters' support, why don't its supporters tell you how the funds will be used and who will benefit? Shouldn't the voters have these important details?

The Association supports sound housing policies. But Proposition J leaves everything to the imagination. Until its supporters provide more details, we urge San Franciscans to VOTE NO ON PROPOSITION J.

San Francisco Association of Realtors

We know San Francisco has an affordable housing problem. Is Proposition J the solution? You can't tell from its language.

As written, Proposition J only says, "appropriate to the Affordable Housing Fund... no less than... in fiscal year 1991-92, $15 million dollars, and each succeeding fiscal year," a like amount adjusted for inflation.

From a reading of Proposition J, you can't tell where or how these funds will be spent. Or where the money will come from.

Proposition J doesn't provide the facts. VOTE NO ON PROPOSITION J.

Proposition J is fiscally irresponsible. Vote NO ON PROPOSITION J.

San Francisco's residents and businesses are burdened by some of the highest taxes in effect anywhere in the country. Now the Board of Supervisors is considering a proposal to increase the city's real property transfer tax by 120%. If this tax is increased, it could end up costing home owners and buyers thousands of dollars.

During the debate on the tax, supporters of the increase have said that additional money is needed to support an annual allocation of $15 million to the city's affordable housing fund if Proposition J is passed by the voters. But the proposed increase would generate an additional $38 million a year. How would the balance of these funds be used? Are they needed? No one will say.

Proposition J doesn't even tell you how the $15 million annual allocation will be used and who will benefit. Proposition J is a disguised attempt to increase taxes for a variety of unspecified purposes.

It is budgetary profligacy of the worst sort. Vote NO ON PROPOSITION J.

W.F. O'Keeffe, Sr., President
San Francisco Taxpayers Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION J

Proposition J is not an innocuous policy statement. It asks voters to support a permanent $15 million annual allocation of General Fund revenues to a poorly defined housing fund. Each fiscal year, city expenditures exceed revenues. Where will the city get the revenues for this special interest fund?

The proponents of Proposition J won’t tell where the money is coming from. They just say vote for housing. The truth is that the revenues to finance the fund must come from increased taxes and fees on residents or small businesses, or cuts in city services, such as health, seniors, MUNI and public safety. VOTE NO ON PROPOSITION J.

Passage of Proposition J would encourage other special interest groups to seek voter approval to “lock-up” more General Fund revenues for their causes. The federal and state budgets provide ample evidence of the budgetary crises which are produced when special interests take control of the budget. Don’t let this happen in San Francisco. VOTE NO ON PROPOSITION J.

The measure does not spell out guidelines on how the funds would be used. Is Proposition J a hidden “blank check”? Why don’t the proponents tell the voters in the measure how the funds will be spent? VOTE NO ON PROPOSITION J.

As a non-profit housing group, we are very interested in supporting reasonable, detailed and effective affordable housing programs. Proposition J does not meet these standards for support. The proponents should detail their housing fund proposal and then ask for voter support. Until then, VOTE NO ON PROPOSITION J.

San Francisco Housing Council

The Board of Supervisors has been aggressive in adopting policies designed to increase affordable housing opportunities for San Francisco residents. Each year, millions of dollars are committed to affordable housing programs. But despite this effort, no one can deny that the city’s financial commitment to affordable housing should be increased.

The problem is that the city has been living beyond its means. Each year, the city’s budget becomes increasingly difficult to balance. Cuts in essential services are not the answer; nor are increased taxes and fees. Governmental efficiency must be improved in order to provide the funds needed to support public services and economic growth. Until this happens, San Francisco cannot afford Proposition J’s budget mandate of $15 million annually.

Please join us in voting NO ON PROPOSITION J.

Supervisor Willie B. Kennedy
Supervisor Bill Maher
Supervisor Tom Hsieh

The Coalition for Better Housing, a non-profit housing group, has been in the forefront of supporting sound and effective affordable housing solutions for many years. We would like to support Proposition J but we cannot. Why?

Look at the text. Proposition J does not tell voters the source of the $15 million annually allocated to fund the program. It can only come from two places: more cuts in city services or more increases in taxes and fees. At a time when San Francisco is facing one of its worst fiscal crises, the City cannot afford Proposition J.

Where in Proposition J’s language does it tell how the funds will be spent? The voters of this city should not support a housing fund with no accountability or program guidelines.

Don’t be fooled by the proponents of Proposition J. They are asking you to support a measure without the information you need to make an informed decision. Make them tell you the details before voting for such a measure.

Join housing advocates that want fiscally and programmatically sound affordable housing plans.

Vote No on Proposition J!

Barbara Kolocsar
Executive Director
Coalition For Better Housing

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
NOTE: This Section is entirely new.
Be it ordained by the people of the City and County of San Francisco:
Section 1.
Findings:
1. San Francisco's housing costs are among the highest in the nation.
2. High housing costs threaten the social, cultural, and economic well being of the City and all of its residents.
3. An investment in affordable housing is therefore in the vital interest of the City and County of San Francisco.
4. The average sales price of a house in San Francisco has more than doubled since 1980, from $131,000 to $340,000 in 1990. It is estimated that only 7% of San Francisco households can afford the price of the average San Francisco single family home.
5. The price of a two-bedroom rental apartment increased by 88% since 1980 from a median advertised rent of $475 in 1980 to $895 in 1989. It is estimated that only 30% of the City's households can afford the current median price of a two-bedroom apartment.
6. There has been a drastic reduction in direct Federal funding for affordable housing to all American cities over the last ten years, and there is no likelihood of restoring discontinued national affordable housing programs.
7. Remaining current state and federal affordable housing programs rely on a substantial local funding match to be made available.
8. The Residence Element of the Master Plan projects a need for 2690 new or renovated units of very low income, low income, and moderate income housing annually.
9. 2000 units of housing with expiring Federal subsidies in the next five years alone can only be maintained as affordable housing with some investment of local funds.
10. 4290 units of Public Housing in the next five years alone will require renovation with a requirement for some investment of local funds.
11. There is a need for a substantial and predictable local source of revenue for meeting these affordable housing requirements, in excess of the amounts available through the Office Affordable Housing Production Program and the Hotel Tax, and through Community Development Block Grant funds.
12. San Francisco, unlike comparable American cities, neither currently nor regularly commits significant amounts of general fund revenue to affordable housing.
13. The previously established Housing Affordability Fund (Ordinance 249-85) which was established with a one-time commitment of general fund money in 1985 is depleted.
14. Both the Mayor's Affordable Housing Action Plan (1989) and the City's new Residence Element recommend that voter approval be sought for a guaranteed annual local commitment to an affordable housing fund similar to the commitment that has been made to the Open Space Acquisition Fund for development and maintenance of open space.
15. Urgently needed affordable housing developments that have been partially funded to date or are seeking funding will be jeopardized without future local funding.
Section 2.
Chapter 10 of the San Francisco Administrative Code is hereby amended by adding a new Section 10.117-50.1 thereto, to read as follows: SEC. 10.117-50.1. ANNUAL APPROPRIATIONS TO HOUSING AFFORDABILITY FUND. (a) It shall be the Policy of the People of the City and County of San Francisco that subject to the budget and fiscal provisions of the Charter of the City and County of San Francisco, commencing in fiscal year 1991-92, the Mayor and the Board of Supervisors shall, through the annual appropriation ordinance for the City, appropriate to the Housing Affordability Fund established by Section 10.117-50(a) of the San Francisco Administrative Code no less than the total amount specified in subsections (i) and (ii) below:
(i) In fiscal year 1991-92, fifteen million dollars ($15,000,000.00), and in each succeeding fiscal year, fifteen million dollars ($15,000,000.00) increased by the percentage by which the Consumer Price Index for All Urban Consumers: Selected areas, all items index, San Francisco-Oakland, California (1982-1984=100) (or if that index is no longer published, and equivalent successor index selected by the Board of Supervisors) that is published on or immediately prior to the first day of the fiscal year exceeds the Consumer Price Index published on or immediately prior to July 1, 1990, or
(ii) Five million dollars ($5,000,000.00), upon a determination by a two-thirds majority of the Board of Supervisors that due to an Act of God or other extraordinary circumstances a reduction below the requirement as set forth in section (i) is warranted, but may not be enacted by the Board for more than two (2) consecutive years.
PROPOSITION K
Shall two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses be allowed to formally establish their relationship as a “domestic partnership?”

YES 311
NO 312

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: There is no process for lesbians and gay men to formally establish and record their relationships.

THE PROPOSAL: Proposition K would allow two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses to formally establish their relationship as a “domestic partnership.” They would establish their relationship by signing a Declaration of Partnership and either (a) filing the Declaration with the County Clerk or, (b) having the Declaration notarized and witnessed and given to the witness. A filing fee would be charged to cover the City’s costs.

The domestic partnership would end if one partner notifies the other that he or she has ended the partnership, if one of the partners dies, if one of the partners marries or if the partners no longer live together. When the domestic partnership ends, the partners would incur no further obligation to each other.

A person who has filed a Domestic Partnership Declaration may not file another such declaration until six months after the partnership has ended, unless the previous domestic partnership ended because one of the partners died.

A “YES” VOTE MEANS: If you vote yes, you want to allow unmarried couples to formally establish their relationship as a domestic partnership.

A “NO” VOTE MEANS: If you vote no, you do not want to allow unmarried couples to formally establish their relationship as a domestic partnership.

Controller’s Statement on “K”
Should the proposed ordinance be adopted, in my opinion, it should not affect the cost of government.

How “K” Got on the Ballot
On July 20, 1990, the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Richard Hongisto, and Nancy Walker. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
PROPOassador'S ARGUMENT IN FAVOR OF PROPOSITION K

Proposition K, the Domestic Partners registry, is simply a question of fairness. Proposition K will cost the city nothing.

Proposition K will allow lesbian, gay and other committed couples to register their relationships.

Under state law, lesbian and gay couples cannot get married. Despite their commitment, despite their love, despite all the joy and struggles they’ve endured, their relationships are neither recognized nor supported. Like all couples, they want visible recognition from their friends, families and neighbors.

This is an issue of choice and civil rights. Everyone has the right to choose whom they will love. The religious opponents of domestic partners, who want to enforce their view of what constitutes a loving, committed relationship on everyone else, would deny social recognition and support for gay and lesbian relationships. Let’s stop the injustices by voting yes on Proposition K.

The previous proposal for domestic partners caused concern over potential costs to taxpayers. But the registry under Proposition K is financially self-supporting with fees covering all costs. Proposition K provides no city or employment benefits to domestic partners.

Proposition K is the respect and support that will allow all of the residents of our city to proudly say, “We are a part of the family of San Francisco.”

VOTE YES ON PROPOSITION K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPOENSOR'S ARGUMENT IN FAVOR OF PROPOSITION K

The Blitzkrieg-defying traditionalist Sir Winston Churchill — the man who destroyed Adolf Hitler — at age 13 memorized these fateful lines from Macaulay’s Lays of Ancient Rome:

“Then out spake brave Horatius,
The Captain of the Gate:
“To every man upon this earth
Death cometh soon or late.
And how can man die better
Than facing fearful odds,
For the ashes of his fathers,
And the temples of his gods?”

San Francisco’s misguided Board of Supervisors purports to advise us on “Love”, “Fairness” and so-called “Religion”. Their ideas are flawed and twisted. Vote “NO” on Proposition K.

Even the claim that “domestic partners” will not cost us tax money is false. In light of the California case of Marvin v. Marvin (on the “implied contract” rights of “live-in” lovers), it’s total folly to pretend that “domestic partners” will not open up the floodgates of future litigation. We can expect lots of court costs if Proposition K passes.

The First Amendment to the U.S. Constitution wisely bans the “establishment” of religion. The power of the state should not be used to advance particular creeds or belief systems.

Proposition K represents nothing but an attempt to “establish” the belief system of “domestic partners” as the official policy of the City and County of San Francisco.

The Board of Supervisors are insulting you and wasting your tax money by putting this already defeated “domestic partners” measure back on the ballot again.

Vote “NO” on Proposition K.

Patrick C. Fitzgerald
Democratic Party Nominee for State Senator

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT'S ARGUMENT AGAINST PROPOSITION K

JUST SAY "NO" TO "DOMESTIC PARTNERS"
San Francisco is a broadminded seaport town.
People from all over the world have come to San Francisco since the day the Spanish navigator Ayala first sailed his ship through the Golden Gate.
The San Francisco Presidio's Lyon Street Gate and its ancient Officers Club are still guarded by the cannons of the Spanish King Carlos III.
The quartered arms of Aragon and Castile — the old banner of Imperial Spain — no longer flies over San Francisco.
San Francisco is a City with tradition.
San Francisco does not need the misguided Supervisor Harry Britt's proposed "domestic partners" law.
San Francisco and its voters defeated an almost identical "domestic partners" measure last year.
Still earlier, when Dianne Feinstein was still Mayor, The San Francisco Board of Supervisors passed another "domestic partners" resolution. Mayor Feinstein correctly vetoed that unwise proposal.
Now — like a Bad Penny — "domestic partners" has come back to again haunt the City and County of San Francisco.

"Domestic partners" is basically a slap in the face to 3,000 years of Judeo-Christian-Islamic civilization:
That is the reason Archbishop Quinn last year had a letter read in every San Francisco Roman Catholic church attacking the 1989 "domestic partners" ballot measure.
That is the reason virtually every Catholic, Protestant, Eastern Orthodox, Jewish, Moslem, and Buddhist clergyman in the City and County of San Francisco agreed.
The truth is that "domestic partners" is a piece of legislation that would have been laughed out of the late Emperor Nero's pagan Roman Senate.
In fact, there is only one man in Suetonius' Lives of the Twelve Caesars who would probably have backed "domestic partners" legislation.
His name???: The mad Emperor Gaius Caligula.
Gaius Caligula also put a horse in the Roman Senate.

Citizens Against "Domestic Partners"
Patrick C. Fitzgerald
Democratic Nominee for State Senator
Chairman of Citizens Against "Domestic Partners"

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION K

Domestic Partners is obviously NOT about Caligula. It is not about Imperial Spain, or King Carlos III, or about sailors crossing the Golden Gate.
It IS about our respect for one another. It's about the acceptance and recognition of our differences. It's about our willingness to tell our neighbors and families and friends that all people should be granted the right of being allowed to publicly recognize the one they love.
Yes, San Francisco is a city of traditions... Traditions of tolerance, fairness, and respect for others. Proposition K reaffirms these San Francisco traditions.
Please vote YES ON K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.
PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Long-term, monogamous relationships should be recognized and encouraged. Vote YES on K.

Equal rights must be afforded all citizens — without regard to sexual orientation.

As Democratic Committeemembers, we have both consistently supported domestic partners legislation. In 1983, Arlo Smith authored the resolution first putting the Democratic Committee on record in support of such legislation. In 1987, Arlo Smith got the BART Board to adopt an ordinance prohibiting BART contractors from engaging in sexual orientation discrimination.

In 1989, Arlo Smith co-sponsored (with Director Michael Bernick) a domestic partners proposal for BART employees. Alexa Smith will vote for such legislation if elected as your BART Director.

We both supported Proposition S in 1989.

We are proud to support Proposition “K”.

Vote “YES” on “K”.

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

Vote Yes on K! Equity and fairness for all San Franciscans.

Carole Migden
Candidate, Board of Supervisors

Communities of color have always led the fight for equality and challenged the discrimination which designated “white” only jobs, schools and recreational facilities or immigration laws which separate our families. Current laws regarding family status do not allow the participation of lesbian and gay couples, leaving them with no mechanism to register their relationships and seek equal treatment for them.

We must stand together with the lesbian and gay members of our own African American, Latino, Asian and Pacific Islander, and Native American communities and with all lesbian and gay couples who seek equal treatment for their relationships. Proposition K will allow these couples the same public recognition and respect of their relationships that we give to others. At no cost to the city, we can take one more step towards dignity and the fair treatment of all.

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is an important piece of civil rights legislation that San Francisco must pass. It establishes a registry for gay and lesbian couples, allows hospital visitation rights, and carries no costs for public and private employers. It bestows basic civil rights and legitimacy on a large segment of San Francisco's population. VOTE YES ON K.

Supervisor Bill Maher

The San Francisco Democratic Party supports Domestic Partnerships. By an overwhelming majority, the Central Committee voted to support Proposition K. The Democratic Party has a strong tradition of support for civil rights and individual freedoms.

In San Francisco, let us define what we consider a family. Join your local Democratic Party in recognizing the diversity of families in our city.

We urge you to vote YES on PROPOSITION K.

Proposition K is an issue of CHOICE! The lesbian and gay community has created a process for the city to recognize their relationships through a registration system, since they are not legally eligible for marriage. A small section of religious fundamentalists overturned this legislation last year. They want to impose their lifestyles on the entire population — preventing women from exercising their right to choice related to pregnancy — preventing lesbian and gay couples from exercising their right to the choice of loving relationships of their own sex.

If we cannot demonstrate the importance of maintaining our freedom of choice here in San Francisco, it will surely be endangered throughout the country.

Almost everyone has lost a friend, relative, co-worker or lover to AIDS. Our city has witnessed a crisis beyond all scope but we have seen an enormous amount of caring and love that has poured out in response to the AIDS epidemic.

The lesbian/gay community, through its response to AIDS and in a hundred other ways, has shown it has the power to love and care. A “Yes” vote on Proposition K recognizes the love and commitment shared by lesbian and gay couples, and will bring all our communities together as part of the family of San Francisco.

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is about justice. This measure requires no city tax dollars; it is completely self-supporting. Proposition K represents the consensus position of the elected leadership of San Francisco.

There are no financial benefits in Proposition K, but it does provide a legal registry to foster respect for lesbian, gay and other unmarried couples. This is one way San Francisco can address the discrimination and neglect they face. We urge you to vote “Yes” on Proposition K, so that our city officially encourages loving and caring families.

Mayor Art Agnos
Assembly Speaker Willie L. Brown, Jr.
Assemblyman John Burton
State Senator Milton Marks
Congresswoman Nancy Pelosi
Assemblywoman Jackie Speier

Martin Luther King, Jr. once said, "Injustice anywhere is a threat to justice everywhere." Proposition K is about fighting injustice. We are part of civil rights and social justice groups that are devoted to uplifting the lives of all people. We are concerned about discriminatory laws and practices that deny justice and equal opportunity to any member of society.

Proposition K is a simple measure of justice. It represents everything decent and honorable about our city. Proposition K affirms the lives and humanity of all San Franciscans. There is no financial cost to the city with Proposition K. There is a moral cost to the city without it. Please stand with us on the side of human justice. Vote YES on PROPOSITION K.

PAID ARGUMENTS AGAINST PROPOSITION K

“People have heard enough about the ‘Rights of Man’ as they are called; it is time they hear about the Rights of God”.

— Pope Leo XII (1823-1829)

Some now seek to “redefine” the family — as if the Natural Law is malleable by man! Remember, “Live-and-let-live” libertarianism is NOT accepted by God, nor does scripture or tradition teach that democracy is the ideal form of government. Democracy is valid ONLY if a Holy Fear of God is woven through the fabric of society.

Proposition K, a degenerative piece of legislation, further erodes that fabric. Do we need more disasters and loss of freedom to make us realize we are not dealing with a play-God? Keep in mind that Hell and Purgatory ARE real and Dies Irae IS coming!! Vote No on K!

Dennis J. Mark, Accountant

This is an attempt by the militant homosexual-dominated political establishment to use our city government to force our endorsement of perverted and illicit sexual relationships. It is a mockery of marriage. It attempts to provide the benefits of marriage without the responsibilities. It would open the door to astronomical financial costs.

Use your common sense. Vote No on K.
A vote for me is a vote against domestic partnerships and for family values.

Jim Robinson
Candidate for Supervisor

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION K

An issue that the voters have already rejected is before them again — the “domestic partners” issue that would allow the same sex and unmarried partners the same status of married couples and families. A domestic partnership is a shallow mockery of traditional heterosexual marriage, with all of the privileges and none of the real responsibilities. It is a “frequent flier” marriage of the moment that can be easily dissolved. The proponents of Proposition K attempt to use the laws, institutions, bureaucracies and tax dollars of our City to make a public statement that divergent lifestyles and choices are perfectly legitimate too and demand everyone’s endorsement.

The Chinese and Asian community cherish the traditional monogamous family as a stable place of procreation and nurturing of future generations. Proposition K is in direct conflict with those values. If passed, it will cause profound DISTURBANCE and CONFUSION to our community. Our children will be the victim of this unproven and ill conceived social experiment. Although we respect the existence of different social groups and their basic human rights, we reject a pseudo-substitute for the family, and we will not vote for a potential economic, social, and legal NIGHTMARE that will only further divide our already divided City.

Vote NO on K.

The People amend The San Francisco Administrative Code by adding a new Chapter, to read:

RECOGNITION OF DOMESTIC PARTNERSHIPS

Sec. 1. PURPOSE

The purpose of this ordinance is to create a way to recognize intimate committed relationships, including those of lesbians and gay men who otherwise are denied the right to identify the partners with whom they share their lives. All costs of registration must be covered by fees to be established by ordinance.

Sec. 2. DEFINITIONS

(a). Domestic Partnership. Domestic Partners are two adults who have chosen to share one another’s lives in an intimate and committed relationship of mutual caring, who live together, and who have agreed to be jointly responsible for basic living expenses incurred during the Domestic Partnership. They must sign a Declaration of Domestic Partnership, and establish the partnership under section 3 of this chapter.

(b). “Live Together.” “Live together” means that two people share the same living quarters. It is not necessary that the legal right to possess the quarters be in both of their names. Two people may live together even if one or both have additional living quarters. Domestic Partners do not cease to live together if one leaves the shared quarters but intends to return.

(c). “Basic Living Expenses.” “Basic living expenses” means the cost of basic food and shelter. It also includes the expenses which are paid at least in part by a program or benefit for which the partner qualified because of the domestic partnership. The individuals need not contribute equally or jointly to the cost of these expenses as long as they agree that both are responsible for the costs.

(d). Declaration of Domestic Partnership.” A “Declaration of Domestic Partnership” is a form provided by the county clerk. By signing it, two people agree to be jointly responsible for basic living expenses which they incur during the domestic partnership and that this agreement can be enforced by anyone to whom those expenses are owed. They also state under penalty of perjury that they met the definition of domestic partnership when they signed the statement, that neither is married, that they are not related to each other in a way which would bar marriage in California, and that neither had a different domestic partner less than six months before they signed. This last condition does not apply if the previous domestic partner died. The form will also require each partner to provide a mailing address.

Sec. 3. ESTABLISHING A DOMESTIC PARTNERSHIP

(a). Methods. Two persons may establish a Domestic Partnership by either:

1. presenting a signed Declaration of Domestic Partnership to the County Clerk, who will file it and give the partners a certificate showing that the Declaration was filed; or

2. having a Declaration of Domestic Partnership notarized and giving a copy to the person who witnessed the signing (who may or may not be the notary).

(b). Time Limitation. A person can not become a member of a Domestic Partnership until at least six months after any other Domestic Partnership of which he or she was a member ended. This does not apply if the earlier domestic partnership ended because one of the members died.

(c). Residence Limitation. The county clerk will only file Declaration of Domestic Partnership if:

1. the partners have a residence in San Francisco; or

2. at least one of the partners works in San Francisco.

Sec. 4 ENDING DOMESTIC PARTNERSHIPS

(a). When the Partnership Ends. A Domestic Partnership ends when:

1. one partner sends the other a written notice that he or she has ended the partnership; or

2. one of the partners dies; or

3. one of the partners marries or the partners no longer live together.

(b). Notice the Partnership has ended.

(1) To Domestic Partners. When a Domestic Partnership ends, at least one of the partners must sign a notice saying that the partnership has ended. The notice must be dated and signed under penalty of perjury. If the Declaration of Domestic Partnership was filed with the county clerk, the notice must be filed with the clerk; otherwise, the notice must be notarized. The partner who signs the notice must send a copy to the other partner.

(2) To Third Parties. When a Domestic Partnership ends, a Domestic Partner who has given a copy of a Declaration of Domestic Partnership to any third party, (or, if that partner has died, the surviving member of the domestic partnership) must give that third party a notice signed under penalty of perjury stating the partnership has ended. The notice must be sent within 60 days of the end of the Domestic Partnership.

(3) Failure to Give Notice. Failure to give either of the notices required by this subsection will neither prevent nor delay termination of the Domestic Partnership. Anyone who suffers any loss as a result of failure to send either of these notices may sue for actual losses.

Sec. 5. COUNTY CLERK’S RECORDS

(a). Amendments to Declarations. A Partner may amend a Declaration of Domestic Partnership filed with the County Clerk at any time to show a change in his or her mailing address.

(b). New Declarations of Domestic Partnership. No person who has filed a declaration of Domestic Partnership with the county clerk may file another declaration of Domestic Partnership until six months after a notice the partnership has ended has been filed. However, if the Domestic Partnership ended because one of the partners died, a new Declaration may be filed anytime after the notice the partnership ended is filed.

(c). Maintenance of County Clerk’s Records. The County Clerk will keep a record of all Declarations of Domestic Partnership, Amendments to Declarations of Domestic Partnership and all notices that a partnership has ended. The records will be maintained so that Amendments and notices a partnership has ended are filed with the Declaration of Domestic Partnership to which they apply.

(d). Filing Fees. The Board of Supervisors will set the filing fee for Declarations of Domestic Partnership and Amendments. No fee will be charged for notices that a partnership has ended. The fees charged must cover the city’s cost of administering this ordinance.

Sec. 6. LEGAL EFFECT OF DECLARATION OF DOMESTIC PARTNERSHIP

(a). Obligations. The obligations of domestic partners to each other are those described by the definition.

(b). Duration of Rights and Duties. If a domestic partnership ends, the partners incur no further obligations to each other.

Sec. 7. Upon adoption, the Clerk of the Board shall codify this amendment into the San Francisco Administrative Code.
Telephoning the Registrar of Voters

The Registrar of Voters recognizes that responses to telephone calls, especially on Election Day, need to be improved. Toward that end, we have taken advantage of a telephone system that has been made available to us on an experimental basis. In the last election, we were able to respond much more quickly to requests for registration forms and absentee voting applications. Unfortunately, we did not do as well on Election Day and we apologize for any inconvenience that may have caused.

We have reviewed our experience from the June Primary Election, and we have revised the telephone system to improve our responses to your telephone calls for the November election.

When you call the Office of the Registrar of Voters at 544-4375, you will hear a recording offering you the following choices:

- TOUCH-TONE PHONES  Press 1
- SPANISH-SPEAKERS  Press 2
- CHINESE-SPEAKERS  Press 3
- ROTARY PHONES  Hold

For people with touch-tone phones, after you have Pressed 1, you will have the following options:

- Voter Registration Information and Forms  Press 1
- Absentee Voting Information and Forms  Press 2
- Working at the Polls Information  Press 3
- Candidates and Ballot Measures  Press 4
- Information about Registered Voters  Press 5
- REPEAT — (Listen to choices again)  Press 9
- Other Topics  Hold

Please write if you have suggestions for improving our telephone system.

AVOID LONG LINES — VOTE BY MAIL

It's as easy as 1-2-3.

1. Complete the application on the back cover.
2. Put a 25¢ stamp where indicated.
3. Drop your completed application into a mail box.

Within two weeks, you will receive your Absentee Ballot.

YOUR POLLING PLACE

The location of your polling place is shown on the label on the back cover of the Voter Information Pamphlet which was sent to you.

Of the 7,000+ telephone calls received by the Registrar of Voters on Election Day, almost all of them are from voters asking where they should go to vote.

Remember on Election Day, take the back cover of your Voter Information Pamphlet with you. The address of your polling place is on the top part of the mailing label on the back cover of the Voter Information Pamphlet which was sent to you. You may also wish to write down the address of your polling place in the space provided on the Voter's Quick Reference Card.

Prepared by the Office of the Registrar of Voters
Germaine Q Wong, Registrar of Voters
POLL WORKERS NEEDED
Earn $49 to $58 (Plus Bonuses)
Meet Your Neighbors
Serve Your Community

Throughout California and the entire United States, the shortage of poll workers each election is getting worse. San Francisco is no exception. The Registrar of Voters Office challenges you to become more active in the election process. You are highly encouraged to Work on Election Day - November 6, 1990 as a Poll Worker.

People who have flexible schedules and are able to work on election day (Tuesday after the first Monday every November and every other June) for the foreseeable future are especially encouraged to apply.

Poll Workers with more responsibility, including the review and delivery of precinct supplies, earn $58 plus bonuses. Those poll workers with slightly less responsibilities are paid $49 plus bonuses. The day begins at 6:30 a.m. and ends at approximately 9-10:30 p.m. When friends work together, the day passes very quickly. It is a terrific opportunity to re-meet your neighbors while performing an important civic activity.

Applications are now being accepted in City Hall between 8:30 a.m. and 4:30 p.m., Mondays through Fridays. Come in early to get the precinct of your choice.

REGISTRAR OF VOTERS - POLL WORKER APPLICATION

I am a Resident of San Francisco and a REGISTERED VOTER of San Francisco. I hereby request to work on the General Election to be held on Tuesday, November 6, 1990.

HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algun error, devuelva su tarjeta de votar y obtenga otra.

USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.
Usando las dos manos, meta la tarjeta de votar completamente dentro del "Votomatic."

A 第一步
如有限錯誤，請向助理員換取新票。

STEP 1

STEP 2

BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.

Paso 2. Asegúrese de que los dos orificios que hay en el final de la tarjeta coinciden con los dos cabecitas rojas.

C 第二步
請確認選票插入時，票尾之二孔，接合於二紅點之上。

STEP 3

HOLD PUNCH VERTICAL (STRAIGHT UP). PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.

Para votar, sostenga el instrumento de votar y perfore con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

D 第三步
請把選票之選舉針７由小孔內垂直插入打孔投票。

STEP 4

AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

E 第四步
投票選舉之後，把選票取出，放入空封袋內，票尾凸出在外。
在封袋上７有空白格預備為投票人應用。
WORDS YOU NEED TO KNOW
by Ballot Simplification Committee

ABSENTEE BALLOTS (RIGHTS OF VOTERS) — If you do not wish to go to your polling place to vote, you may vote by mail or by going to the Registrar’s Office in City Hall in person. This is called absentee voting.

BONDS (PROPOSITION A, B) — If the City needs money to pay for something such as a library, sewer line, or school, it may borrow the money by selling bonds. The City then pays back this money plus interest.

CHARTER (PROPOSITION C, D, E, F, G) — The Charter is the City’s constitution.

CHARTER AMENDMENT (PROPOSITION C, D, E, F, G) — A Charter amendment changes the Charter, and requires a vote of the people. It cannot be changed again without another vote of the people.

DECLARATION OF POLICY (PROPOSITION J) — A type of advisory measure provided for in the San Francisco Charter. A declaration of policy does not have the force of law, but is intended to be a goal to guide the Board of Supervisors.

GENERAL OBLIGATION BONDS (PROPOSITION A, B) — The money to pay back these bonds comes from property taxes. A two-thirds majority of the voters must approve the decision to sell general obligation bonds.

INITIATIVE (PROPOSITION E, H) — This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Propositions passed by initiative can be changed only by another vote of the people.

ORDINANCE (PROPOSITION H, I, J, K) — A law of the City and County, which is passed by the Board of Supervisors or approved by the voters. For such a law to be passed by the Board of Supervisors, a majority, (or in some cases, three-fourths) of the Supervisors must vote to approve the law at two consecutive meetings. A majority of the voters must vote to approve the law at an election.

QUALIFIED WRITE-IN CANDIDATE (RIGHTS OF VOTERS) — A person who has turned in the required papers and signatures with the Registrar of Voters to run for an office as a write-in candidate. The name of this person will not be on the ballot. Voters who want to vote for this person can do so by writing the name of the person on the inside of the grey envelope given with the ballot.

REVENUE BONDS (PROPOSITION C) — The money to pay back these bonds comes from revenue such as fees collected by the department which issues the bonds. These bonds are not paid for with tax money.

PURPOSE OF THE VOTER INFORMATION PAMPHLET
This Voter Information Pamphlet provides voters with information about the November 6, 1990 General Election. The Pamphlet includes:
1. a Sample Ballot (i.e., a copy of the ballot you see at your polling place or the one you receive when you vote) ................................. 6-23
2. the location of your polling place ........................................... (see label on the back cover)
3. applications for an absentee ballot and permanent absentee voter status ........................................... back cover
4. a rights of voters summary .................................................... 25
5. information for disabled voters ............................................. 24
6. statements from the candidates who are running for office ...... 28-53
7. information about each proposition, including a summary, the Controller’s Statement, arguments for and against the proposition, and the legal text .................................................... 55-160
8. definitions of words you need to know .................................... 5
9. a Voter Quick Reference Card to mark your choices and use when you vote ........................................... inside back cover

CITIZENS ADVISORY COMMITTEE ON ELECTIONS
Mayoral appointees: Ernest Llorente, Chair; David Binder, Richard Sevilla, Molly Wood, and Hoyt Zia
Board of Supervisors appointees: Roger Cardenas, Martha Gillham, Brian Mavrogeorge, George Mix, Jr., Samson Wong, and Richmond Young

Members represent political organizations, political parties, labor organizations, neighborhood organizations, business organizations and other citizens groups interested in the political process.

The Committee studies and makes advisory recommendations to the officers of the City and County on all matters relating to voter registration, elections and the administration of the office of the Registrar of Voters; investigates compliance with the requirements of Federal, State and local election and campaign reporting, disclosure laws and other statutes relating to the conduct of elections in San Francisco; promotes citizen participation in the electoral process; studies and reports on all election matters referred to it by various officers of the City and County.

<td>Measure</td>
<td>Description</td>
<td>Yes</td>
</tr>
<tr>
<td>---------</td>
<td>-------------</td>
<td>-----</td>
</tr>
<tr>
<td>124</td>
<td>Local Hospital Districts, Legislative Constitutional Amendment. Authorizes legislation to allow hospital districts to become stockholders in health care related corporations. Fiscal impact: This measure has no direct fiscal effect.</td>
<td>157</td>
</tr>
<tr>
<td>125</td>
<td>Rail Transit Funding, Legislative Constitutional Amendment. Authorizes expenditure of motor vehicle fuels tax funds for rail transit vehicles, equipment acquisition. Fiscal impact: An unknown amount of revenues raised from the state-imposed taxes on motor vehicle fuels and fees upon the operation and use of vehicles may be shifted from existing uses for the purchase of rail transit vehicles and related equipment that operate on mass transit guideways, as a result of this measure. The extent of the shift depends upon the number of counties or geographic areas that approve and use these revenues for the specified purposes.</td>
<td>160</td>
</tr>
<tr>
<td>126</td>
<td>Alcohol Tax, Legislative Constitutional Amendment. Increases alcoholic beverages taxes; proceeds to General Fund; excluded from appropriations limit. Controls conflicting measures. Fiscal impact: This measure would result in additional General Fund revenues of approximately $70 million for a portion of 1990-91 and approximately $195 million in fiscal year 1991-92, the first full year it is in effect. Similarly, local sales tax revenues would increase statewide by approximately $1.6 million annually. Revenues generated after fiscal year 1991-92 will depend upon the trends in alcohol sales. Adjustments are also made to the state’s constitutional spending limit to include the additional tax revenue.</td>
<td>164</td>
</tr>
<tr>
<td>127</td>
<td>Earthquake Safety, Property Tax Exclusion, Legislative Constitutional Amendment. Excludes earthquake safety improvements to existing buildings from property tax assessment. Fiscal impact: If Legislature fully implements measure, it would reduce annual property tax collections from assessment of earthquake safety modifications beginning 1990-91. Revenue loss could be millions of dollars annually. Cities, counties, and special districts would bear approximately two-thirds of the loss; school and community college districts one-third. State may have to replace lost school district revenues, depending on formula used to determine K-14 education funding guarantee under existing state Constitution requirements.</td>
<td>169</td>
</tr>
<tr>
<td>128</td>
<td>Environment, Public Health, Bonds, Initiative Statute. Regulates pesticides, air, water. Authorizes bonds to acquire ancient redwoods. Establishes elected Environmental Advocate. Fiscal impact: Annual state administrative and program costs of approximately $90 million, decreasing in future years; partially offset by $10 million increased annual fee revenue. Local governments would incur $8 million one-time cost, $5 million to $10 million annually, decreasing in future years. State General Fund to incur one-time $750,000 appropriation in 1992-93 for Office of Environmental Advocate; $40 million for environmental research grants. Future administrative costs of office unknown. If all bonds authorized for ancient redwood acquisition, forestry projects were sold at 7.5 percent interest and paid over the typical 20-year period, General Fund would incur approximately $535 million in costs to pay off principal ($300 million) and interest ($235 million). Estimated average annual costs of bond principal and interest would be $22 million. Per-barrel fee on oil would increase revenues by $500 million by 1996-97, used to pay oil spill prevention/clean-up costs. Indefinite deferral of potentially $2 billion in future state oil and gas revenues resulting from limits on oil and gas leases in marine waters. Indirect fiscal impact could increase or decrease state and local government program costs and revenues from general and special taxes in an unknown amount. The overall impact is unknown.</td>

DISTRITOS DE HOSPITAL LOCAL, ENMENDA CONSTITUCIONAL LEGISLATIVA. Autoriza a la Legislatura permitir que los distritos de hospital puedan hacer acciones de valor en corporaciones en negocios relacionados con el cuidado de la salud. Impacto fiscal: Esta medida no tiene ningún efecto fiscal directo.

FINANCIAMIENTO DE TRANSPORTE FERROVIARIO. ENMENDA CONSTITUCIONAL LEGISLATIVA. Autoriza usar réditos de los fondos recaudados del impuesto a los combustibles para vehículos motorizados para adquirir y equipar coches para el transporte público. Impacto fiscal: Como resultado de esta medida, una cantidad desconocida de réditos recaudados del impuesto estatal sobre los combustibles para vehículos motorizados y de los coches por operación y uso de vehículos podría ser restringida de los usos a la compra de vehículos y equipo relacionados con el transporte público que operan en vías para el transporte ferroviario en gran escala. La cantidad que se reduciría dependería del número de centenares de áreas geográficas que aprovechen y usen estos réditos para los específicos propósitos.

IMPUESTO AL ALCOHOL. ENMENDA CONSTITUCIONAL LEGISLATIVA. Aumenta los impuestos a las bebidas alcohólicas y bebidas alcohólicas a los réditos al Fondo General en aproximadamente $70 millones para una porción de 1990-91 y aproximadamente $100 millones para el año de ejercicio fiscal de 1991-92, el primer año en que está en vigor. Igualmente, los réditos del impuesto local a la venta aumentarían en todo el estado en aproximadamente $1,8 millones. El estado de los réditos generados después del año fiscal de 1991-92 dependen del estado de las ventas del alcohol. También se harían reajustes a la limitación constitucional en los estados de los gastos para incluir el adicional rédito de impuestos.

SEGURIDAD CONTRA SISMOS. EXCLUSIÓN DEL IMPUESTO A LA PROPIEDAD. ENMENDA CONSTITUCIONAL LEGISLATIVA. Excluye las medidas para seguridad contra sismos en edificios existentes del avalúo para el impuesto a la propiedad. Impacto fiscal: Si la Legislatura utiliza la medida en completa ejecución, esto reduciría los recuadros anuales del impuesto a la propiedad provenientes de los avalúos de las medidas de seguridad contra sismos en 1990-91. Los réditos perdidos podrían ser millones del dólares al año. Las ciudades, condados y distritos especiales alstrañarían aproximadamente dos tercios del gasto y el 1/4 para la seguridad de los edificios de negocios; el 1/3 para la seguridad en edificios de servicios; la 1/4 para la seguridad en edificios de edificios residenciales; y la 1/4 para la seguridad en edificios de edificios públicos.

MEDIOS AMBIENTALES. SALUBRIDAD PÚBLICA. BONOS. ESTATUTO DE INICIATIVA. Regula los pesticidas, aire y agua. Autoriza bonos para adquirir antiguos bancos de escena. Establece el cargo por el servicio de Abogador por el Medio Ambiente. Impacto fiscal: Costos estatales anuales en aproximadamente $80 millones por administración y programa, disminuyendo en años futuros; parcialmente contrarrestados por $10 millones en réditos por venta de derechos. Los gobiernos locales incentivarán el costo de una vez por $5 millones, en costos anuales de $5 a $10 millones que disminuirían en años futuros. El Fondo del establecimiento incluiría en costos por año asignar $700,000, la Gobernación del Estado de la.Calidad del Abogador por el Medio Ambiente, y $5 millones para concesiones para investigaciones sobre el medio ambiente. Se desconoce los costos futuros los administrativos de la oficina. Si todas las bonos son asignados por para la adquisición de antiguos bancos de escena y programas futuros, el costo magnifia un interés de 2.5 por ciento y se amortizan por sobre el tipo período de 20 años, el Fondo del establecimiento iniciaría en aproximadamente $250 millones y el interés ($260 millones) al costo promedio anual que se calcula por el capital en interés en los bonos sería $22 millones. Los cohes por cual es incluido en las ventas de propiedades aumentarían los $250 millones por 1999-90, se aumentarían por pagar hasta en mínimo/límites de devaniam (2.5 por ciento). Asumiendo incremento potencialmente dos mil millones de dólares en réditos estatales por escena y ganancias como resultado de la limitación en la concepción de derechos al puerto y las áreas marinas. Entrega fiscal hypothetically podría aumentar o disminuir los costos de programa a los gobiernos estado y locales y los réditos de los impuestos generales y especiales en una cantidad que es desconocida. Se desconoce el impacto fiscal.

DRUG ENFORCEMENT. BONDS. INITIATIVE CONSTITUTIONAL AMENDMENT, STATUTE. Authorizes bonds, money for drug enforcement. Clarifies privacy rights affecting reproductive choice. Fiscal impact: No additional revenues result from this measure. Total General Fund costs of $1.2 billion for transfers to the Anti-Drug Superfund between 1990-91 through 1993-94. From 1994-95 through 1997-98 it is not clear whether any funds would be transferred from the General Fund to the Superfund. If all bonds proposed by this measure are sold at an interest rate of 7.5 percent, cost would be approximately $1.3 billion to pay off principal ($740 million) and interest ($585 million), with average annual payment being approximately $55 million. Additional annual costs of tens of millions of dollars for state and local governments could arise for operation of new correctional facilities. Additional costs resulting from increased criminal arrests and convictions could be offset by increased funding for drug education and prevention.

FOREST ACQUISITION. TIMBER HARVESTING. BONDS. INITIATIVE STATUTE. Authorizes bonds to acquire ancient forests providing wildlife habitat. Limits logging. Retrains loggers. Fiscal impact: Estimated cost to state General Fund of $742 million in bond principal, $585 in interest, for bond program. Estimated average annual bond principal and interest costs of approximately $55 million. State administrative costs of up to $10 million annually for state forestry review and enforcement programs, fully offset by revenues from timber harvesting fees. State savings of about $6.4 million annually, also resulting from imposition of such fees. Unknown effect on state and local tax revenues, possible decreased revenue to local governments to extent lands acquired under measure would no longer be assessed property taxes.

TERM LIMITS. ETHICS. INITIATIVE CONSTITUTIONAL AMENDMENT, STATUTE. Limits terms, elected officials; enacts ethics standards, partial public campaign financing, spending limits. Fiscal impact: Unknown level of state revenues, possibly $12 million in 1990-91 and uncertain amounts thereafter, to be generated from state income tax check-off provisions for campaign financing; corresponding unknown revenue loss to state General Fund. Annual General Fund contributions of $5 million for campaign matching payments beginning January 1, 1992, amounts to increase in subsequent years. Unknown amount of state matching payments likely to be requested under measure for campaign financing by candidates for state office. State General Fund administrative costs of approximately $1.5 million in 1990-91, $3 million annually for subsequent years.

MARINE RESOURCES. INITIATIVE CONSTITUTIONAL AMENDMENT. By 1994 prohibits gill, trammel nets in Southern California coastal waters. Imposes temporary fishing fees. Fiscal impact: Permit fees and marine protection stamp would provide approximately $5 million to Marine Resources Protection Account by 1995. Compensation for fishermen who surrender gill and trammel nets between July 1, 1993 and January 1, 1994, could total up to $3.4 million, if necessary legislation enacted. Enforcement of measure could cost up to $1.5 million annually. Loss of $100,000 annually from reduced fishing license, permit, and tax revenues may result; losses offset in unknown amount by measure’s increased fines.

CUMPLIMIENTO DE LA LEY SOBRE DROGAS. BONOS. ENMIENDA CONSTITUCIONAL DE INICIATIVA Y ESTATUTO DE INICIATIVA. Autoriza bonos para la adquisición y cumplimiento de la ley sobre drogas. Aclara derechos de privacidad que afectan la opción de reproducción. Impacto fiscal: Ningún rédito adicional resulte de este médico. Costos totales de $1.2 mil millones al Fondo General por transformaciones al Super Fondo Conta Drogas desde 1990 hasta 1995-96. De 1995-96 hasta 1997-98 no está claro si algunos fondos serán transferidos del Fondo General al Super Fondo. Si todos los bonos propuestos por esta medida se vendieran a una tasa de interés del 7.5 por ciento, el costo sería de aproximadamente $1.3 mil millones para pagar el capital ($740 millones) y el interés ($565 millones), con costo promedio anual de aproximadamente $55 millones. Adicionales costos anuales en decenas de millones de dólares podrían resultar para los gobiernos estatales y locales por la operación de instalaciones de eliminación y contraservicio. Los costos adicionales que resulten de mayores arrestos y sentencias de culpabilidad podrían ser contrarrestados por aumentos en los fondos para educación sobre drogas y su prevención.

192 SI 负成
193 NO 反对

ADQUISICIÓN DE BOSQUES. PRÁCTICAS EN CORTE DE ÁRBOLES PARA MADERA. BONOS. ESTATUTO DE INICIATIVA. Autoriza bonos para adquirir antigua buques que proporcionen ámbito para vida silvestre. Limita el corte de árboles para madera. Reestructura a madereros. Impacto fiscal: Costo al Fondo General del estado calculado en $742 millones por capital de bonos, $385 en interés, en el programa de bonos. Se calcula este costo anual promedio por capital a interés de los bonos de aproximadamente $55 millones. Costos administrativos para el estado de hasta $10 millones anuales por revisión y aplicación y cumplimiento de programas forestales del estado, totalmente contraservados con los cobros por el corte de árboles para madera. Algunos estatales en unos $2,4 millones al año también resultarían de la imposición de tales cobros. Se desconoce el efecto en los réditos de los impuestos estatales y locales. Posible disminución de réditos de los gobiernos locales hasta la punta que las tierras adquiridas bajo la medida no eran avaladas para el impuesto o la propiedad.

199 SI 负成
200 NO 反对

LÍMITES DE LOS PERÍODOS EN UN CARGO. ETICA. ENMIENDA CONSTITUCIONAL DE INICIATIVA. ESTATUTO DE INICIATIVA. Limita los períodos en un cargo para funcionarios electos; promulga normas de ética, parcial financiamiento de campañas públicas, limitación en los gastos. Impacto fiscal: Se desconoce el valor de réditos estatales, totalizándose $12 millones en 1990-91 o inciertas cantidades de allí en adelante. Se generan por las disposiciones de designar una cantidad para el financiamiento de campañas en las declaraciones del impuesto estatal a la renta; se desconoce la correspondiente pérdida de réditos al Fondo General del estado. Contribuciones anuales del Fondo General por $3 millones para pagos de fondos de igualización para campañas comenzando el 1 de enero de 1992, cantidades que aumentarían en años subsiguientes. Se desconoce la cantidad de pagos estatales por igualización de fondos a ser positivamente solicitados bajo la medida para financiación de campañas de candidatos a cargo estatales. Costos administrativos al Fondo General del estado por aproximadamente $1.5 millones en 1990-91, $3 millones anuales en años subsequentes.

206 NO 反对

RECURSOS MARINOS. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Para 1994 prohiba los redes de lamillar y tramillar en las aguas de la costa de California del 13 de julio de 1955 y requerir para fines de la protección de los recursos marinos para 1995. La compensación para los pescadores que abandonen sus redes de lamillar entre el 1° de julio de 1955 y el 1° de enero de 1994, podría someter un total de $3.4 millones, si la necesaria legislación fuese apropiada. Hacer cumplir la medida podría costar hasta $1.5 millones al año. Una pérdida de $100,000 por reducciones licitadas de pesca, permisos y réditos de impuestos podría resultar; las pérdidas serían contrarrestadas en una cantidad que se desconoce con el aumento de multas impuestas por la medida.

129

130

131

132
ANTI-DRUG PROGRAMS: TAXES. INITIATIVE STATUTE. Funds anti-drug enforcement and prevention with 1/2¢ sales tax increase. Prohibits serious offenders’ early release. Fiscal impact: The Safe Streets Fund will receive a total of $7.5 billion in sales tax revenue for distribution during the period of the rate increase. Interest earnings received by the General Fund for the period will be $80 million, with education programs receiving up to $33 million. Minor General Fund costs beginning in 1997-98 increasing to more than $30 million annually, by 2012-13 as a result of increased prison population due to elimination of sentence credits for specified offenders; potential one-time costs of more than $140 million for construction of new prison facilities. Increased law enforcement funding could result in additional criminal arrests and convictions, increasing state and local costs, which may be reduced by the increased funding of drug education and prevention programs.

ALCOHOL SURTAX. CONSTITUTIONAL AMENDMENT. INITIATIVE STATUTE. Imposes 5¢ per unit alcohol surtax funding alcohol/drug abuse, emergency medical care, other programs. Fiscal impact: Surtax would increase tax on beer from 4 cents to 57 cents per gallon, most wines from 1 cent to $1.29 per gallon, and distilled spirits from $2 to $8.40 per gallon. The surtax would result in additional state revenues of approximately $360 million in 1990-91 and $760 million in 1991-92, depending on alcohol sales. State General Fund revenues could increase or decrease several million dollars due to effect on sales tax revenues and revenues from existing alcoholic beverage taxes. Local sales tax revenue would increase by several million dollars. The guarantee for 1989-90 level nonsurtax funding, with required annual adjustments, for various health, mental health, criminal justice and other programs could increase costs by $180 million in 1990-91 and $300 million in 1991-92; possibly additional tens of millions of dollars in subsequent years. These costs would have to be funded from revenues other than surtax. Expenditure of surtax revenues for prevention and treatment programs could result in future savings.

PESTICIDE REGULATION. INITIATIVE STATUTE. Expands pesticide monitoring program for produce, processed foods. Eliminates some industry fees. Modifies penalties, regulations, training. Fiscal impact: One-time state General Fund cost of approximately $49 million, annual costs of approximately $6 million, for pesticide and food monitoring and research programs. Estimated annual state revenue loss of approximately $1.5 million due to repeal of industry fees. Additional state administrative and regulatory costs ranging from $200,000 to, possibly, several million dollars annually.

STATE, LOCAL TAXATION. INITIATIVE CONSTITUTIONAL AMENDMENT. Increases vote necessary for tax increases. Invalidates special tax ballot measures without 2/3 vote. Fiscal impact: Restricts rate of certain special taxes, could limit future ability of state to raise revenues through such taxes. Could limit future passage of initiative statutes proposing approval of special state taxes. Prohibits imposition of new, higher general taxes by charter cities without voter approval, thus potentially preventing such cities from increasing revenues. Unknown fiscal effect on other local governments. Could facilitate local government’s enactment of new or higher taxes for disaster relief.

INITIATIVE AND REFERENDUM. INITIATIVE CONSTITUTIONAL AMENDMENT. Before effective, laws affecting state or local initiative or referendum process require voter approval. Fiscal impact: The measure could result in unknown increased state and local administrative costs for preparation, printing and mailing of ballot information and verifying election results to extent that changes in requirements for initiatives and referendums are submitted to voters. State General Fund costs could range from insignificant to $200,000 per measure for each statewide election. Counties’ costs could range from insignificant to $100,000 per measure for each statewide election.

PROGRAMAS CONTRA LAS DROGAS: IMPUESTOS, ESTATUTO DE INICIATIVA. De fondos para aplicación de leyes contra las drogas y la prevención con un aumento de 1/2 centavo en el impuesto a la venta. Prohíbe que los delincuentes graves sean puestos en libertad con anticipación. Impacto fiscal: El Fondo para Calles Seguras recibiría un total de $7,500 millones en réditos del impuesto a la venta para ser distribuidos durante el periodo del aumento en la base. Las ganancias por intereses que recibiría el Fondo General durante el periodo serían 300 millones, y los programas de educación recibirían hasta 33 millones. Menores costos al Fondo General comenzando en 1997-98 y aumentando a más de $20 millones al año, para 2012-13 como resultado de aumento de la población de las prisiones debido a la eliminación de rejas en las que estuvieran especificados delincuentes; porcentajes costos de una vez en más de $148 millones por construcción de nuevas instalaciones de prisión. El aumento en mayores fondos para la aplicación de las leyes podría resultar en adicionales arreglos y sentencias de delincuentes, aumentando así los costos estadísticos locales, que podrían ser reducidos con los aumentos en los fondos para programas de educación sobre drogas y su prevención.

SOBRETASA AL ALCOHOL. ENMIENDA CONSTITUCIONAL. ESTATUTO DE INICIATIVA. Impone sobretasa de 5 centavos por unidad de alcohol para fondos para el abuso de drogas y alcohol, atención médica de emergencia y otros programas. Impacto fiscal: La sobretasa aumentaría el impuesto a la cerveza de 4 centavos a 57 centavos por galón; la sobretasa a la cerveza de 14 centavos a 40.89 centavos por galón. La sobretasa resultaría en adicionales réditos estatales en aproximadamente $350 millones en 1990-91 y $750 millones en 1991-92, dependiendo del estado de las ventas del alcohol. Los réditos del Fondo General del estado podrían aumentar e disminuir en varios millones de dólares debido al efecto en los réditos del impuesto a la venta en los impuestos sobre las bebidas alcohólicas. Los réditos de los impuestos locales a la venta aumentarían en varios millones de dólares. La garantía de fondos del nivel de no sobretasa de 1989-90, con requerimientos reales anuales, para varios programas de salud, seguridad mental, justicia penal y demás poderían aumentar los costos en 180 millones en 1990-91 y en más de $300 millones en 1991-92; y posiblemente en decenas de millones de dólares adicionales en subsecuentes años. Estos costos finan darían con réditos que no sean de la sobretasa. El gasto de los réditos de la sobretasa para programas de prevención y tratamiento podrían resultar en futuros ahorros.

224 NO 反对

REGULACIÓN DE PESTICIDAS. ESTATUTO DE INICIATIVA. Expandir el programa de control de pesticidas para productos agrícolas y alimentos procesados. Elimina algunas cobres a la industria. Modifica las multas, regulaciones y entrenamiento. Impacto fiscal: Costos de una vez al Fondo General del estado en aproximadamente 49 millones, costos anuales en aproximadamente 6 millones, para programas de control de pesticidas y alimentos y de investigación. Se calcula una pérdida anual de réditos estaduales en aproximadamente 1,5 millones debido a la renovación de cobres a la industria. Adicionales costos anuales por administración y regulación que fluctúen entre $20,000 a, posiblemente, varios millones de dólares anuales.

FLUJACIÓN DE IMPUESTOS ESTATUALES, LOCALES. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Aumenta la votación necesaria para aumentar los impuestos. Incluye los límites en la bala de impuestos para impuestos especiales in una votación de dos terceras partes. Impacto fiscal: Restringirá la tasa de ciertos impuestos especiales, podría limitar la habilidad futura del estado de poder aumentar los réditos de a través de tales impuestos. Podría limitar la futura aprobación de estatuos de iniciativas que propongan la aprobación de impuestos especiales. Prohibiría el uso de impuestos especiales para fines o más impuestos anuales sin la aprobación de los votantes, potencialmente impidiendo así el que tales ciudades puedan aumentar réditos. Se desconoce el efecto fiscal en otros gobiernos locales. Podría facilitar la promulgación por los gobiernos locales de nuevos o más altos impuestos para alivio en desastres.

232 NO 反对

INICIATIVA Y REFERÉNDUM. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Antes de entrar en vigor, las leyes que afectan el proceso de iniciativa y referéndum estatal o local requieren la aprobación de los votantes. Impacto fiscal: La medida podría resultar en desconocidos aumentos en costos administrativos estatales y locales con para preparación, impresión y envío por correo de la información en la bala y verificación de los resultados de elecciones hasta el punto en que cambios en los requisitos para iniciativas y referéndums sean sometidos a los votantes. Costos al Fondo General del estado podrían fluctuar de insignificantes a $298,000 por medida para cada elección a nivel estatal. Los costos para los condados podrían fluctuar de insignificantes a $108,000 por medida en cada elección a nivel estatal.

<td>138</td>
<td>FORESTRY PROGRAMS, TIMBER HARVESTING, BONDS, INITIATIVE STATUTE. Authorizes bonds for forest, park restoration, wildlife studies, other programs. Limits timber cutting. Fiscal impact: Estimated cost to state General Fund of $300 million in bond principal, $235 million in interest for bond program. Estimated average annual bond principal and interest costs of approximately $22 million. Annual costs of approximately $3.2 million, funded through sales of state-owned timber, to administer grants program. Initial, increased annual state costs of over $1 million to review timber management plans, which could over time be more than offset by savings resulting from reduced periodic state regulatory reviews. One-time state costs of about $1.1 million for climatological studies, fully offset by revenues from new regulatory fees. Unknown effect on revenues from other state taxes.</td>

PROGRAMAS DE FORESTACION. CORTE DE ARBOLARES PARA MADERA. BONOS. ESTADO DE INICIATIVA.
Autoriza bonos para bosques, restauración de parques, estudios de la efa, y otras iniciativas de reforestación. Limita el uso de los fondos para el Fondo General del estado en $300 millones por capital de los bonos, $252 millones en interés del programa de bonos. El costo total promedio por capital e interés en los bonos se calcula en aproximadamente $22 millones. Costos anuales en aproximadamente $3.2 millones, financiales a través de la venta de madera de propiedad del estado, para administrar el programa de concesiones. Aumentos en costos iniciales anuales al estado por sobre $1 millón por revisar planes de manejo de árboles maduros, los cuales podrían ser más que contrarrestados con los altos que resultan de la reducción en las pérdidas de manada en los árboles con mayores de 30 años de edad, ofreciendo beneficios económicos a largo plazo.

TRABAJO DE LOS REO DE PRISION. ENMIENDA CONSTITUCIONAL DE INICIATIVA Y ESTADO DE INICIATIVA. Permite entregar a prisioneros para trabajar, estipula programas de trabajo. Creditos que se les oscurecen a los prisioneros. Impacto fiscal: Este monto probablemente resultaría en una sobre neta el estado. Es imposible cuantificar el magnitud de los abonos. El impacto de la medida en los gobiernos locales es imposible de calcular debido a que se desconoce el contenido de las declaraciones locales que se usen para el trabajo de prisioneros. Desconocerlos efectos fiscales indirectos podrían ocurrir hasta el punto en donde el número de trabajadores disponibles se reduce.

DURACIÓN EN CARGOS, LEGISLATURA. ENMIENDA CONSTITUCIONAL LEGISLATIVA. Limita: duración en cargo para específicos funcionarios estatales electos; jubilación de los legisladores, pensiones; costos de operación de la Legislatura. Impacto fiscal: La limitación de la duración en cargo no tendrá efecto fiscal. Las instituciones en los beneficios de jubilación a los legisladores reducirán los costos estatales en aproximadamente $170,000 al año. Hasta el punto en que los futuros legisladores no participen en el sistema federal de Seguro Social, habrán desaparecido futuros abusos para el estado. Los gastos legislativos en 1991-92 serían reducidos en un $39 por ciento, a $4 millones. En los años siguientes, la medida trataría de revertir el enmanto en estos gastos a los cambios en la limitación en las asignaciones estatales.

DESCARGA DE SUSTANCIAS QUIMICAS TOXICAS, AGENCIA PUBLICAS. ESTADO DE INICIATIVA. Amplía para las agencias públicas especificadas las prohibiciones y advertencias con respecto a la descarga y eliminación de sustancias tóxicas que habían sido enumeradas por la propuesta 65. Impacto fiscal: Costos desconocidos, se desconocen potencialmente mayores que $1 millón a partir de 1991 debido a los requisitos de notificación. Costos desconocidos, a partir de 1992, potencialmente en la gama de las decenas de millones de dólares, en el caso de que los controles de la descarga de sustancias tóxicas estén no sean adecuados como para cumplir con las prohibiciones de la descarga enumeradas en la propuesta 65.

ACTA DE BONOS DE 1990 PARA LOS VETERANOS DE GUERRA. Este acta proporciona una emisión de bonos en un valor de cuatrocientos millones de dólares ($400,000,000) para brindar asistencia a los hogares y granjas de los veteranos de California.

Important Facts About Absentee Voting
Also Known as Vote-By-Mail

There continues to be considerable confusion about the rules and procedures governing absentee ballots. The results are that some voters do not vote and others send in ballots that are not counted because the proper procedures were not followed. Voters who wish to vote by absentee ballot should familiarize themselves with the following information:

APPLICATION FOR ABSENTEE BALLOT

Any voter may get an absentee ballot. You no longer need a reason (e.g. illness, travel) to get an absentee ballot. Any registered voter may request one.

Permanent Absentee Voters: The disabled may apply to become permanent absentee voters. A permanent absentee voter will automatically receive a ballot each election without having to apply each time. Whenever a permanent absentee voter moves or re-registers however, s/he must re-apply for permanent status. Frequent travellers are not eligible for permanent absentee voter status. They must apply for an absentee ballot each time. An application to be a permanent absentee voter is on the back cover of this pamphlet.

Third Party Delivery of Absentee Ballot Applications: Unless you know and trust the person delivering your application for an absentee ballot, you should deliver or mail it directly to the office of the Registrar of Voters. Political campaigns often ask voters to mail their applications to their campaign headquarters, and the campaigns then add the information you provide to their files and mailing lists. This may delay your application for as much as three weeks or even past the deadline for the application to arrive in our office. If you receive an absentee ballot application from a campaign, we recommend that you mail it directly to the San Francisco Registrar of Voters.

Applications: We strongly recommend that voters use the application provided on the back cover of the voter information pamphlet and include the mailing label with the bar code. This form with the bar code on the label allows us to process your request more rapidly.

If you do not have that application form, you may send us another application form or you may send a post card with your request for an absentee ballot. Please print your name, birthdate and residence address, the address where you want the ballot sent if it is different, your day and night time telephone numbers, your signature and the date you are making your request. You may “fax” your request to this office at (415) 554-4047.

RETURNING YOUR ABSENTEE BALLOT

To be counted your ballot must arrive in the Office of the Registrar of Voters or any polling place by 8 p.m. on Election Day. If your ballot arrives after that time, it will not be counted. A postmark on your absentee ballot return envelope before or on Election Day is not acceptable if the ballot arrives after 8 p.m. on Election Day.

Never make any identifying marks on your ballot card. Some absentee voters sign or initial their ballot card. NEVER make any identifying marks on your ballot. Your ballot is no longer considered secret, if there is such a mark, initial or signature, and thus cannot be counted. This is also true for the grey secrecy envelopes if you vote for a write-in candidate.

“Cleaning” your ballot card: After punching out the holes corresponding to your choices, you will notice that there are many little paper chips hanging from the back of the card. These hanging paper chips must be removed from the back of the card or they will fall back into their holes as if you never punched it, and thus those votes will not be counted.

You must sign your name on the Absentee Ballot Return Envelope. You must personally sign the envelope in the space provided. No one else, including anyone with a power of attorney, is permitted to sign for you. If your signature is not on the envelope, it will not be opened and the ballot will not be counted.

Third party delivery of ballots: If you do not mail your absentee ballot and are unable to deliver your ballot to the Registrar of Voters or a polling place, you may have your spouse, child, parent, grandparent, grandchild, sister or brother return your absentee ballot for you. However, when you have your ballot returned by a third party, you and that person must complete the appropriate sections on the absentee ballot return envelope. Your ballot will not be counted unless those sections have been completed properly.

EMERGENCY VOTING

Within seven days of an election, if you become ill or disabled, or because of a physical handicap are unable to go to your polling place, you may request in a written statement, signed under penalty of perjury, that a ballot be delivered to you by your authorized representative who presents the written statement at the Office of the Registrar of Voters.

You or your authorized representative may return the ballot to the Registrar of Voters or to a polling place. If your authorized representative returns the ballot, the appropriate sections of the absentee ballot return envelope must be completed. These ballots may not be mailed.
LOCAL OFFICES TO BE VOTED ON THIS ELECTION

ASSESSOR
The term of office for the Assessor is four years. The Assessor is paid $98,670 a year. The Assessor decides what property in the City is subject to tax, and the value of that property for tax purposes.

MEMBER, BOARD OF SUPERVISORS
The term of office for member of the Board of Supervisors is four years. Supervisors are paid $23,924 a year. There are eleven members of the Board of Supervisors. Voters will select five members this year.

The Board of Supervisors is the governing body for the City and County of San Francisco. They make laws and establish the annual budget for City departments.

MEMBER, BOARD OF EDUCATION
The term of office for member of the Board of Education is four years. They are paid $6,000 a year. There are seven members of the Board of Education. Voters will select three members this year.

The Board of Education is the governing body for the San Francisco Unified School District (public schools).

MEMBER, COMMUNITY COLLEGE BOARD
The term of office for member of the Community College Board is four years. They are paid $6,000 a year. There are seven members of the Community College Board. Voters will select three members this year.

The Community College Board is the governing body for the San Francisco Community College District (City College and other adult learning centers).

STATEMENT OF QUALIFICATIONS
LOCAL CANDIDATES

On the following pages are statements of qualifications from local and BART candidates. They have been printed as submitted. Spelling and grammatical errors have not been corrected.

The statements are volunteered by the candidates. They have not been checked for accuracy by any City official or agency.
ELLEN CHAITIN

My address is 175 Upper Terrace
My occupation is Attorney/Law Teacher
I have withdrawn my candidacy for Judge, but state law prohibits removing my name from the ballot.
In the June primary, I finished second out of four candidates.
Encouraged to run by my colleagues with whom I've worked for nearly 20 years on legal reform issues, as a trial attorney, teaching law and former chair of the Bar Association's Criminal Justice Advisory Council, I waged a campaign focusing on substantial legal issues and informing voters of the significant differences in the candidates’ courtroom experience and legal qualifications.
Although I am grateful for the broad support I received from voters, elected officials, Bar Association leaders, community organizations, and newspapers, clearly my only hope of winning would require raising and spending enormous sums of money. It costs more than $30,000 to send one small postcard to only half the registered voters. I cannot in good conscience ask my supporters to continue sacrificing their time and money.
I now bow out, offering congratulations to my opponent, and thanks to all whose kindness, generosity and commitment sustained me through a rigorous campaign.

Ellen Chaitin

JULIE TANG

My address is 788 - 18th Ave
My occupation is Assistant District Attorney
My age is 40
My qualifications for office are: Our Justice system is a sacred trust. The qualities of integrity, fairness, judicial temperament are crucial to becoming a Judge.
I received a Masters Degree from Stanford University, a Juris Doctorate from Hastings College of the Law.
As an Assistant District Attorney since 1982, I have handled both civil and criminal cases, prosecuted over 100 misdemeanor cases and over 50 court trials.
I am gratified that my legal experience was recognized by the San Francisco Bar Association, who rated me “WELL QUALIFIED” to be a Municipal Court Judge.
My supporters include:
Former Mayors DIANNE FEINSTEIN, JOSEPH ALIOTO
Justice HARRY LOW and 13 OTHER JUDGES
District Attorney ARLO SMITH
Public Defender JEFF BROWN
Supervisors ANGELA ALIOTO, TOM HSIEH, WENDY NELDER
State Senators MILTON MARKS, QUENTIN KOPP
Assemblyman JOHN BURTON
SAN FRANCISCO CHRONICLE
SAN FRANCISCO EXAMINER
SAN FRANCISCO INDEPENDENT
SAN FRANCISCO WEEKLY
BAY AREA REPORTER
SAN FRANCISCO LABOR COUNCIL
DEPUTY SHERIFF’S ASSOCIATION
NATIONAL WOMAN’S POLITICAL CAUCUS
BLACK LEADERSHIP FORUM
ALICE B. TOKLAS LESBIAN/GAY DEMOCRATIC CLUB
CHINESE AMERICAN DEMOCRATIC CLUB
(a partial list)
Most importantly, I thank the VOTERS of San Francisco who gave their overwhelming support to my candidacy in June.
I ask for your continued support on November 6, 1990.

Julie Tang
Candidates for Assessor

WENDY NELDER
My address is 150 Casitas Avenue
My occupation is Attorney/Supervisor
My age is 48
My qualifications for office are: I have absolutely no ownership or income interests in real property which create any conflict of interest as Assessor.
As attorney for 25 years, Supervisor for three terms, and past President of the Board, I have a proven record of unique, practical accomplishments.
Just as I’ve fought for reduced local government spending, I’ll work for new statewide lower assessment formulas with the same energy that created the nationally copied No-Smoking Ordinance; the Police Fingerprint Computer which reduced our crime rate; laws allowing earthquake victims to quickly replace damaged buildings.
My goal is to achieve fair, reduced property assessments.

The sponsors for Wendy Nelder are:

RICHARD D. HONGISTO
My address is 1848 Pine Street
My occupation is Supervisor
My qualifications for office are: With 28 years of public service, I am the only candidate with real management experience.
As Sheriff of San Francisco, I managed 399 employees; as Police Chief, 2,500; as New York Prison Commissioner, 13,000.
While this would be the largest managerial responsibility faced by the other candidates, it would be my smallest.
I want to be your assessor so I can make it a model agency. I know government and real estate. I am dedicated to public service and to lower taxes for you.
Mayor Agnos agrees I am the rational choice.
I would appreciate your vote.

Richard D. Hongisto

The Sponsors for Richard Hongisto are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.

29
Bill Grayson

My address is 95 Sea Cliff Ave
My occupation is Attorney at Law
My age is 32
My qualifications for office are: As a native San Franciscan, deeply involved in charitable, civic and political causes, it is my intention to restore greatness to our city. Frustration abounds as to the ability of our supervisors and mayor to get things done. We need a fresh face — a hard working leader who knows the San Francisco of past and who has a vision for its revitalized future.
A robust economy, fiscal accountability, individual empowerment, a healthy environment and aggressive law and order are critical to our future.
The opportunity for a great San Francisco is now!

Bill Grayson

The sponsors for Bill Grayson are:

Marilyn Gazowsky

My address is 155 San Aleso
My occupation is Pastor Emeritus
My qualifications for office are: When Wendy Nelder spoke to me about running for Supervisor, at first I felt far too busy as administrator, author, music teacher, and public speaker. Seeing the desperate need of our city, I decided to lay aside some of these to represent the interests of San Francisco families, promote higher standards of education, protect the morals of our young people and make available to all children instruction in the arts and create for them a yearly festival. I have charitably served San Franciscans for 24 years, and am a believer that Prayer Changes Things. “I love you dearly, San Francisco.”

Marilyn Gazowsky

The sponsors for Marilynn Gazowsky are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
JOSE EMILIO MEDINA

My address is 39 Colby St.
My occupation is founder and executive director of Instituto Laboral de la Raza
My age is 48
My qualifications for office are:
PUBLIC SERVICE:
• Member, Board of Permit Appeals (1986-88).
• Member, Relocation Appeals Board (1984-86).
COMMUNITY LEADERSHIP:
• President, St. Anthony’s Foundation (1985-90).
• Boardmember, Catholic Charities (1978-83).
• Member, United Way Leadership and Resource Development Committee (since 1989).
EDUCATION:
• Littlefield H.S. (1960).
• Attended Harvard Graduate School of Business (1970-72).
• San Francisco City College (1973-75).
• B.A. San Francisco State University (1978).
• J.D. Hastings College of Law (1982).
PERSONAL: My wife Raquel and I have raised two fine sons.

The sponsors for Jose Emilio Medina are:

BILL MAHER

My address is 1005 Anza St.
My occupation is Supervisor, City & County of S.F.
My age is 42
My qualifications for office are: As a Supervisor, my priority is people. I support environmental, health, arts and children’s programs . . . not deputy mayors. I’m honest with voters — I fight against hidden tax increases. I do everything I can to make sure that public “servants” serve the public.

I believe in accountability, responsible budgets, respect for the taxpayer and politics that includes people, not excludes them.

As an independent leader, I’ve fought the politicians inside City Hall to represent the people outside.

That’s what I’ve done. That’s what I’ll continue to do.

The sponsors for Bill Maher are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

JAMES J. MANGIA

My address is 44 Rosiee Street
My occupation is Activist for Democracy
My age is 33 years old
My qualifications for office are: I am an experienced community organizer and activist. For ten years I have worked as a civil and gay rights advocate and have been an AIDS Project Director for the last two years. This is a people’s CAMPAIGN FOR DEMOCRACY, to open up the Board of Supervisors to new and independent blood, to build a new alliance between the African-American, Latino, Asian/Pacific Islander, Native American, progressive white and lesbian and gay communities. As an independent leader I am proud to work alongside Dr. Lenora Fulani, the distinguished African-American leader who ran for President in 1988.

James J. Mangia

The sponsors for James J. Mangia are:

CAROLE MIGDEN

My address is 1960 Hayes Street #6
My occupation is Community Health Director
My age is 41
My qualifications for office are:
Community Health Director
- Served as the director of two community health agencies. Experience in managing people and programs, balancing budgets and designing cost-effective services.
Political Party Leader
- Extensive political experience on the local, state and national levels. San Francisco political party chairperson. Close working relationships with state and national public officials will allow me to lobby effectively for San Francisco’s needs.
State Health Commissioner
- Member of the California Health Manpower Policy Commission.
Board of Directors, United Way of the Bay Area
- Generate public support and set policy for the Bay Area’s largest volunteer and charitable giving organization.

Carole Migden

The sponsors for Carole Migden are:
Candidates for Supervisor

DEHNERT C. QUEEN
My address is 956 Sacramento St., Apt. 305
My occupation is CEO, Small Business Development Corp.
My age is 43
My qualifications for office are: 1965 - Present: Custom computer systems; small business owner; vocal small business advocate.
1986 - Present: Designed integrated plan for downtown ballpark and small business/sports center located at 2nd/King streets with direct CalTrain service between San Jose, San Francisco Airport, proposed ballpark, and a true downtown terminus (Justin Herman Plaza). Upon locating our $550,000,000 private funding, Mayor Agnos announced his publically-funded ballpark using our site.
Why? Elected officials have a hidden agenda to build Mission Bay, convert the Embarcadero to tourism, displace small businesses/middle class/Giants, and build transit systems that won't work when completed. There are documented alternatives.

JIM ROBINSON
My address is 285 Buckingham Way
My occupation is Executive director of a non-profit community service organization
My age is 59
My qualifications for office are: I am not endorsed by Mayor Agnos. I am a real alternative to the status quo. I am not beholden to any special interest groups. I hold bachelor’s and master’s degrees. I have entrepreneurial experience, operating concurrently: restaurant, self-service auto repair, book & craft store, auto shop, tire store and non-profit service corporation.
I have enlisted and commissioned experience in the Army. I served as Chaplain, LCDR in the Navy and with the Marines in Vietnam. I have been married to one woman for 38 years. We raised three sons and a daughter, of whom we are proud.

The sponsors for Jim Robinson are:

The sponsors for Dehnert C. Queen are:
Candidates for Supervisor

HARRIET ROSS

My address is 1333 Jones Street
My occupation is Trial Lawyer
My qualifications for office are: For twenty-two years, I have served San Francisco as a Public Defender and am a nationally known trial attorney. In addition to my law degree, I have a degree in Mechanical Engineering, and worked as an engineer in private business. I have served on the Boards of civic and neighborhood organizations, am an advocate for children and am Vice-President of San Francisco State Fair Board. I bring good judgement, common sense, reason, and responsibility to the Board of Supervisors, where I will advocate policies of fiscal responsibility economic development, increased housing and effective solutions to the homeless problem.

Harriet Ross

The sponsors for Harriet Ross are:

THOMAS L. ADAMS

My address is #1 Ora Way
My occupation is President, Consulting Engineering Firm
My age is 57
My qualifications for office are: I am a resident and homeowner in San Francisco, a graduate of Lincoln High School 1950, Engineering graduate Fresno State College 1954, and Masters of Engineering graduate University of California Berkeley 1958. I am a Korean War veteran, having served as an officer in the Marine Corps. I am President of T.L. Adams and Associates, a consulting engineering firm in the Bay Area since 1984. I am sufficiently financially independent and have the time and interest to devote to a term as Supervisor. My intent would be to ensure that our City is run on a sound and financially responsible basis, equitable to all San Franciscans.

Thomas L. Adams

The sponsors for Tom L. Adams are:
Candidates for Supervisor

DANIEL J. ADDARIO

My address is 950 Columbus Ave., #16
My occupation is Special Agent in Charge, D.E.A., Retired
My qualifications for office are: 23 years Department of Justice; Drug Enforcement Administration, Special Agent in Charge, San Francisco; Foreign Operations Director, Washington, D.C.; Managed over 300 employees, balance multi-million dollar budget; U.S. Diplomat in Southeast Asia, South America; Investigator for Attorney General Robert Kennedy (corruption); Veteran, small business owner, father of three.

I am a national authority on drug abuse and crime prevention. I am the only candidate with management experience, fiscal and federal expertise. I will work to reduce crime in the neighborhoods, provide a clean, safe city, and a fiscally responsible government which respects cultural diversity for all San Franciscans.

Daniel J. Addario

The sponsors for Daniel J. Addario are:

ROBERTA ACHTENBERG

My address is 456 Hill Street
My occupation is Civil Rights Attorney
My age is 40
My qualifications for office are: Living in San Francisco has never been more difficult. It’s harder to raise a family, find a place to live, move around, breathe the air or feel safe in our homes.

For fifteen years, I’ve worked hard to make San Francisco a more livable City. My campaign is about improving the quality of life for all San Franciscans.

I believe I can make an impact on issues that touch our daily lives like childcare, affordable housing, transportation, AIDS care and the environment. So do my sponsors. Please judge for yourself.

It’s time City Hall focused on creating a more livable City for everyone.

Roberta Achtenberg

The sponsors for Roberta Achtenberg are:
Candidates for Supervisor

ARLO SMITH

My address is 66 San Fernando Way
My occupation is BART Director/Attorney
My qualifications for office are: Honest, progressive leadership is needed at City Hall!
As a BART Director and private citizen, I have spent years fighting for reform — and against waste and mismanagement — at BART and City Hall.
As BART President, I kept the system running when the Bay Bridge collapsed.
I successfully opposed a 70% Supervisors pay hike, negotiated a deal to extend BART to the San Francisco airport, and authored the ballot measure to keep the San Francisco Police Horse Patrol.
As your Supervisor, I will continue to fight for the interests of San Francisco taxpayers and city service users — and against giveaways and favors for moneyed special interests.

The sponsors for Arlo Smith are:

KEVIN F. SHELLEY

My address is 20 San Antonio Place, #1B
My occupation is Director of San Francisco Alive
My age is 34
My qualifications for office are: As a new member of the Board of Supervisors, I will bring a common sense approach to the fundamental issues which affect our everyday lives in San Francisco.
My priorities include:
- Revitalizing San Francisco’s economy thereby creating jobs and increasing revenue;
- Providing affordable housing;
- Expanding the fight against AIDS;
- Improving childcare, youth, and senior services;
- Protecting the Presidio;
- Creating an efficient and environmentally sound citywide transportation system.
My past accomplishments include:
- Serving as an earthquake relief coordinator;
- Providing jobs for the homeless and neighborhood youth;
- Creating graffiti eradication and neighborhood recycling programs;
- Working for the City’s Congressional Delegation in Washington and San Francisco.

The sponsors for Kevin F. Shelley are:
Candidates for Supervisor

CAROL RUTH SILVER

My address is 68 Ramona Ave.
My occupation is attorney/businesswoman/mother
My age is 52
My qualifications for office are: An experienced and visionary leader.

I created:
• First advocacy organization for RU-486 (the French pill for safe termination of pregnancy)
• Private, effective first-time home buyer programs through equity sharing
• Mandarin Chinese bi-lingual, bi-cultural pre-school
• Homeless shelters as an alternative to parks and sidewalks
• With the Mayor, early city funding for AIDS research and treatment

Elected to the Board of Supervisors as a close ally of Harvey Milk and George Moscone, I have fought for human rights and against injustice.

My vision and experience will serve San Francisco well. I would appreciate your vote.

Carol Ruth Silver

The sponsors for Carol Ruth Silver are:

ELLIS LEONARD ANTHONY KEYES

My address is 1930 Hyde Street 1
My occupation is Party of Life
My age is 34
My qualifications for office are: Having received the finest available formal education, the practical experience and necessary training enabling me to effectively meet the duties of this office.

I am prepared to unify self and common interest in the same spirit and manner as set forth in the Declaration of Independence along with the Constitution of the United States, to act as a party that will restore the human person by reducing bureaucracies, institutions, ideologies, and government to mere servants of life and people.

Ellis L. A. Keyes

The sponsors for Ellis L. A. Keyes are:
Candidates for Supervisor

VU-DUC VUONG

My address is 2259 – 43rd Avenue
My occupation is Community Organizer/Agency Executive
My qualifications for office are: My education, experience, vision and commitment will help San Francisco prepare for the 21st Century.

With an academic background in politics, international relations, social work and law, I have worked as community organizer, legislative analyst, social worker, and agency executive. I am progressive on human and environmental issues, moderate on economic and fiscal issues, conservative on public trust.

As Supervisor, I will work with other Bay Area cities to develop an effective housing, transportation and environmental balance, expand BART to the whole region, invigorate the economy and trade; and together with all constituencies, build a humane and prosperous San Francisco.

Vu-Duc Vuong

The sponsors for Vu-Duc Vuong are:

JOEL VENTRESCA

My address is 202 Grattan Street
My occupation is Budget and Policy Analyst for the City and County of San Francisco Airports Commission
My age is 38
My qualifications for office are: I am a neighborhood and environmental activist dedicated, for over fifteen years, to improving the quality of life in San Francisco. I am a past president of the Coalition for San Francisco Neighborhoods. I am on the Board of Directors of San Francisco Tomorrow.

I have a decade of experience working in non-profit and public agencies for children, aging and public enterprise programs.

I have a Master of Public Administration and a Bachelor of Arts in Government from the University of San Francisco.

If elected, my staff and I will be available to you and your family to assist you in solving city problems.

Joel Ventresca

The sponsors for Joel Ventresca are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

HAROLD M. HOOGASIAN

My address is 485 Monticello
My occupation is Small Businessperson/Florist
My age is 40
My qualifications for office are: I own and operate a profitable small business in partnership with my brother. As President of the Marina Merchants Association during the earthquake crisis of October 1989, I served our community...as a devoted, native San Franciscan, I will serve our City. I worked for the two term limit on the Board of Supervisors...and will work as your citizen advocate. I seek to protect and enhance the quality of our environment in San Francisco...and will act as your voice for safe, clean streets and a better business environment. I can exercise independent judgement and will fight...for San Francisco!

Harold M. Hoogasian

The sponsors for Harold M. Hoogasian are:

MILDRED “MILLIE” DANCH

My address is 2516 16th Ave.
My occupation is Flight Attendant – Registered Nurse
My age is 30
My qualifications for office are: I am energetic, ambitious, enthusiastic and I love to work. I will listen to you and to your concerns. Since establishing residency in 1963, I have observed the problems and opportunities of this city and its people. Here are the concerns I will address:
NO FOREIGN AID!!!!
NO LOBBYING
NO SCHOOL BUSING
Balancing the budget
Cutting government waste
Prohibiting excessive taxation
Providing quality education, health care, and child care
Settling labor disputes
Stopping drug traffic
Protecting neighborhood character
Controlling pollution
Getting seniors involved
Improved parking
Controlling crime
I thank you for your support.

Mildred "Millie" Danch

The sponsors for Mildred "Millie" Danch are:
Candidates for Supervisor

JIM LAZARUS

My address is 65 Fifth Avenue
My occupation is Governmental Specialist/Attorney
My age is 41
My qualifications for office are: Fifteen years ago I began my public service as deputy City Attorney. Since then I’ve served as the Board of Supervisor’s legislative counsel, the City’s labor relations consultant and executive deputy Mayor to the Feinstein administration.

I drafted landmark rent stabilization legislation, campaign spending controls, conflict of interest provisions and other major areas of City law.

I’ve represented San Francisco before the League of California Cities, state and federal government.

As father of four children I’m active in our neighborhood and currently president of Planning Association for the Richmond.

I’ve prepared myself to serve as Supervisor and would appreciate your support.

Jim Lazarus

The sponsors for Jim Lazarus are:
Dianne Feinstein, 30 Presidio Terrace, Candidate for Governor.
Willie L. Brown, Jr., 1200 Gough St., Legislator/Attorney at Law.
Louise H. Renne, 3725 Jackson St., City Attorney.
Quentin L. Kopp, 68 Country Club Dr., State Senator/Attorney at Law. Jim Gonzalez, 642 Edinburgh St., Member, S.F. Board of Supervisors.
Rita R. Semel, 928 Castro St., Community Relations Specialist.
Lawrence B. Martin, 401 Garfield St., Transport Worker Union.
Michael Salerno, 95 Crestlake Dr., Owner Andre’s TV. Florence Fang, 170 Gellert Dr. Stephen P. Cornell, 1510 Portola Dr., Retailer.

HEIDI C. CHRISTENSEN

My address is 690 Haight Street
My occupation is Administrative Assistant
My qualifications for office are: San Francisco approaches the year 2000 facing many challenges. We need expanded, efficient mass transit; increased AIDS education and treatment; support of small businesses; a modernized Port; better access to health care; and a protected environment. We also need revenue to do that.

I’m running to fill these needs. With years of experience in political and community organizing, without “political debts,” I have the experience, vision and integrity to take action effectively. I am committed to opening up City Hall to citizen participation and responding to the growth and demands of San Francisco over the next 4 years.

Heidi C. Christensen

The sponsors for Heidi C. Christensen are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

JEFFREY CHANG

My address is 161 Escolta Way
My occupation is Businessman
My age is 56
My qualifications for office are: My knowledge and experience in the business community and 25 years life experience in the city. I raised my family here that one of my daughters graduated from UC Berkeley and now attending a medical school at UC Davis. The other one graduated from Lowell High School and now attending City College. I held a B.A. degree in business administration and have received comprehensive insurance training in Switzerland. Worked for many years as an insurance underwriter, insurance claim adjuster and a real estate sales person. I have opened my own business — bar & restaurant in September 1978. Now, I have two locations.

Jeffrey Chang

The sponsors for Jeffrey Chang are:

JOHN J. FIGONE

My address is 2322 - 27th Avenue
My occupation is Partner, Investment Company
My age is 30
My qualifications for office are: My commitment to fight for a city government which will plan its priorities and stick to them, instead of resorting to management by crisis or single issue politics.

As a fourth generation San Franciscan I am concerned that current political trends will impair our future ability to afford homes, raise families and educate our children. We must restore the BALANCE of common values between meeting the needs of the disadvantaged and serving the general public.

You have five votes — set one aside as an investment in a NEW SAN FRANCISCO TRADITION and elect JOHN FIGONE for SUPERVISOR.

John J. Figone

The sponsors for John J. Figone are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

DORIS M. WARD

My address is 440 Davis Court #1409
My occupation is Member, Board of Supervisors
My qualifications for office are: A long-standing commitment to serve our City. As we rebuild after the earthquake, we must insure San Francisco remains an affordable, vital place to live for all people.

During my ten years on the Board of Supervisors, I have tried to act compassionately while remaining pragmatic. With your support, I will continue my efforts to insure adequate City services for all San Franciscans, including women and minorities; to establish a reliable budgetary process; to maintain affordable housing; to provide needed health services; to promote employment opportunities, through strengthening our small businesses; and to guarantee our youth a promising future.

Doris M. Ward

The sponsors for Doris M. Ward are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Board of Education

DAN KELLY

My address is 255 San Marcos Avenue
My occupation is Pediatrician
My age is 42
My qualifications for office are: I am a pediatrician and my children attend public schools. My twenty years of community service include
• Classroom volunteer, SFUSD
• Clinical Faculty, UCSF
• Admissions Panel, Committee on Admissions Policy, Stanford Medical School
• School Site Council
• Secretary, Parents for Immersion Education
• Board member, past President, West Portal CARE
• Board member, UCSF Child-Care/Study Center
• School Health Committee, Academy of Pediatrics

I am committed to excellence in education for all children. I will advocate challenging, up-to-date curriculum, smaller class size, better counseling services, fiscal responsibility. I will promote parent involvement and expansion of successful programs. San Francisco can have outstanding schools!

Dan Kelly

MYRA G. KOPF

My address is 1940 - 12th Avenue
My occupation is Incumbent
My qualifications for office are: As an educator, parent of three public school educated children, PTA leader, and school board member, I have a proven record of leadership, integrity, caring, and effectiveness.

My colleagues elected me President of the National council of Great City Schools, President of the Association of California School Districts, and twice President of the San Francisco School Board.

Throughout the changes of policies in the education and administration of our school district, I have kept constant a vision of a school system where each child has a fair and equal opportunity for honest and effective education.

I promise to continue.

Candidates for Board of Education

KARL W. RANDOLPH
My address is 344 Felton Street
My occupation is Printer/Photographer
My qualifications for office are: I am a concerned parent of three.
I have a college degree with an emphasis in Philosophy. I do not
play politics at the expense of the children. I am for disciplinary
and ethical schools.

I believe that the involvement of parents, teachers, and students
is most crucial to a healthy education system. All of the above
groups must work together to improve the basic skills, the academ-
ical scores; and to help solve the drugs and crime problems.
There are solutions to present SFUSD problems. We need a
bottom-to-top (feedback) policy that will allow the education
system to act together.

TOM AMMIANO
My address is 162 Prospect Ave
My occupation is Teacher
My age is 48
My qualifications for office are: I have lived and taught in San
Francisco for over twenty five years. I am currently involved with
San Francisco public schools as a teacher, parent, and community
activist. As a stand up comic I bring a sorely needed sense of
humor, combined with direct experience on the issues to the board.
My platform: a drug free and safe school environment for all
students regardless of ethnicity, sexual orientation, or disability;
academic parity, reduction of drop out rates; smaller class size,
Improved college bound program, employment partnership
with the business community, and school meals that are nutritional
and recognizable.

Candidates for Board of Education

ROSARIO ANAYA

My address is 240 Dolores Street, #331
My occupation is Adult Business School Administrator
My qualifications for office are:
• 20 years of experience as an educator and policy maker in education
• earned reputation for integrity, independence and conviction
• strong record of service to the families, youth and children of San Francisco
• experience as Board President and chairperson and curriculum, budget and building and grounds committees

I am Executive Director of Mission Language and Vocational School’s employer-supported training programs which yearly place over 250 adults and youth in the job market.

My commitment is to continue working toward an educational program that encourages high performance and addresses the diverse needs of our student population.

Rosario Anaya

The sponsors for Rosario Anaya are:

BEN TOM

My address is 1717 Jones St.
My occupation is Associate Transportation Rep, California PUC.
My qualifications for office are: As a twelve year member of the City’s School Board, including two terms as President, I accomplished the goals I set for the citizens of San Francisco.

Today, two years after I left the Board, it has lost its vision and its commitment.

Now, Board members spend more time on political infighting than on our children. Dropout rates are shameful. School buildings are deteriorating.

I am strongly supported by Senator Quentin Kopp, Assemblyman Willie Brown, a majority of the Board of Supervisors, community leaders and parents.

Our kids deserve the brightest future we can give them.

Candidates for Board of Education

CARLOTA DEL PORTILLO

My address is 84 Berkeley Way
My occupation is Educator/Parent
My qualifications for office are: What will it take to make a diploma mean something again?

It will take experience. I earned my doctorate of education from the University of San Francisco and have spent 24 years educating San Francisco students as educator, counselor, and PTA president.

It will take action. In the past decade our problems have worsened. We need fresh ideas to make our children's education better. Reducing class sizes, keeping schools sturdy and safe, and increasing parent involvement will help. Because getting a diploma isn’t enough, making it mean something again is what my campaign is all about.

The sponsors for Carlota del Portillo are:

KAREN GOODSON PIERCE

My address is 1734 Newcomb Avenue
My occupation is Program Administrator
My age is 43
My qualifications for office are: I am a native San Franciscan, single parent and active in school activities. My youngest child is an 11th grader in the SFUSD. I am the President of the Board of the Potrero Hill Neighborhood House and Co-founder of the Potrero Hill Girls Club. During the last seven years, I have been an active observer of the School Board, attending meetings on a frequent basis. I have become concerned that the discussions rarely focus on student needs, curriculum and quality of teaching. School Board Members must focus on setting policy and allow the Superintendent to run the day to day operations.

The sponsors for Karen Goodson Pierce are:

Candidates for Board of Education

JILL WYNNS

My address is 124 Brewster Street
My occupation is Education Advocate, President San Francisco Parents’ Lobby
My age is 42
My qualifications for office are: I am the parent of three school age children, President of the San Francisco Parents’ Lobby, past President of Lakeshore PTA, and a neighborhood leader in Bernal Heights.

I will be a School Board member who:
• Provides constructive, creative leadership.
• Advocates for all children.
• Works with Superintendent Cortines to improve schools.
• Manages school funds responsibly.
• Ensures safe schools, having served on the District Asbestos Council.
• Builds consensus, leading two successful S.F. school bond coalitions.
• Works for innovative approaches to the challenges of funding, dropouts, class size and curriculum.

By ending political divisiveness, we can do a better job for our children.

The sponsors for Jill Wynns are:
Lisa Stedman, 150 Bocana St., Bernal Heights Community Foundation. Robert P. Varni, 10 Miller Place, Vice President, Governing Board San Francisco Community College District. Essie L. Webb, 186 Maddux Ave., Office Manager. George S. Wynns, 124 Brewster St., Ironworker.

SODONIA M. WILSON

My address is 540 Darien Way
My occupation is Incumbent Board Member — S.F. Board of Education
My qualifications for office are: I am an incumbent board member and have been a board member since 1982. I hold a Ph.D., Clinical Psychology, California School of Professional Psychology; M.A., Counseling Psychology, B.A., Nursing, San Francisco State University. I serve on California and Coalition of Black School Board Members Associations. I was elected Board President for two terms. I introduced resolutions to address issues of core curriculum, advanced placement courses at all high schools, increased counseling and library services, career ladder for para-professionals, dropout prevention and affirmative action. I support reduced class size, gifted, bilingual, parent and community involvement. All Programs and Services are implemented.

The sponsors for Sodonias M. Wilson are:

Candidates for Community College Board

JIM MAYO

My address is 26 Minerva Street
My occupation is Educational Consultant
My age is 38
My qualifications for office are: B.A. in political science, M.A. in public administration and J.D. in law from Howard University. I am president of OMNI Neighbors-in-Action; chair of the educational committees of the Urban League and the NAACP; commissioner on the Delinquency Prevention Commission; and board member of Oakes Children's Center. I believe we must build a community college system that prepares young people for world citizenship, embraces and respects the cultures of the world, engages the support and participation of all segments of the population, and provides relevant educational services for all San Franciscans. Your vote can make this vision a reality.

James "Jim" H. Mayo II

The sponsors for Jim Mayo are:

WILLIAM PEREZ MARQUIS

My address is 21 Hawkins Lane
My occupation is Youth Agency Director
My qualifications for office are: I'm Chief Executive Officer of a Community-based, privately funded, youth service agency, have a Ph.D. from U.C. Berkeley in Community Colleges, am a former US Army officer, and serve on City and community Boards and Commissions. I believe I'm a proven leader, offering new leadership to our troubled Community College District.

While the incumbents running this year have served a total of 45 years on the Board, 3 successive Accreditation Reports and an independent management study have said our Community College is organizationally unsound, educationally inefficient, and unable to serve students reliably. The Community College needs new leadership.

48
Candidates for Community College Board

JOHN RIORDAN

My address is 28 Cordova
My occupation is Incumbent Community College Board/Attorney
My qualifications for office are: I have an interest and concern with education. I taught part time at the University of San Francisco Law School and City College of San Francisco.
I serve on the Board of Regents of my high school, Sacred Heart Cathedral.

As an incumbent community college trustee I bring broad experience and a conservative fiscal approach to deliver a sound educational program.

I will work constructively with our new chancellor Evan Doebelle and the faculty help snap the District out of the doldrums.

John Riordan

The sponsors for John Riordan are:

MABEL TENG

My address is 844 Greenwich Street
My occupation is S.F. Community College Educator
My age is 37
My qualifications for office are: After 9 years as a San Francisco Community College educator, I have a clear vision of what must be done to shape up San Francisco's Community College District.

The Community College District was created to give adults a way to improve the quality of their lives through higher education. But in 1988, the Western Association of Schools and Colleges reported the district was riddled with problems. Since then, little has changed.

A college education is the primary path to economic opportunity. I hope you will allow me the chance to clear this path to opportunity for thousands of San Franciscans.

Mabel Teng

Candidates for Community College Board

MARGARET SOVIERO

My address is P.O. Box 1969, San Francisco, CA 94101
My occupation is Education (Ret.) and Law
My qualifications for office are: COMMUNITY COLLEGE EXPERIENCE: Director of Pilot Literacy program which included fifteen different ethnic, minority and senior groups. Program expanded from three to thirty-three locations during my tenure. Excellency of program merited additional Federal funds. Also taught ESL at Community College. BACKGROUND: Bachelor and Doctoral Degrees. Educator, teacher, counselor at secondary level and college lecturer. Director, Head Start program, author and columnist. SERVICE: U.S. Marine Corps; U.S. Department of State; White House Conference on families; Trustee, Pennsylvania State University (Liberal Arts); Chair, UNESCO World Literacy Day. COMMITMENT: "A Better Community College — A Better San Francisco."

Margaret Soviero

The sponsors for Margaret Soviero are:

ROBERT E. BURTON

My address is 8 Sloat Boulevard
My occupation is Educator/Member, S.F. Community College Board
My qualifications for office are: I have been a member of the Community College Board since its inception. As an Adult Education teacher for over 20 years, I have learned the value of open-door continuing education. Selected twice to serve as Board President, I take pride in my record of strong leadership, exercised with sensitivity to the needs of our multi-ethnic community. Recently, my peers honored me by their appointment to oversee a nationwide search for our new Chancellor. I look forward to continuing my service to the District, where I have worked to make quality education the right of every San Franciscan.

Robert E. Burton

The sponsors for Robert E. Burton are:
ALAN S. WONG

My address is 1280 Ellis St., Apt. #12
My occupation is Social Worker

My qualifications for office are: I was appointed to the Community College Board by Mayor Feinstein in 1981. I ran for this office in 1982 and 1986. In both elections, I received the most votes. I have served faithfully during the past 9 years to insure that all citizens of San Francisco receive the quality education they deserve. I believe in a diversified faculty, administration and classified staff to reflect the diverse population that we are servicing.

Great changes are taking place throughout the world, nationwide, statewide and locally. Education must reflect those changes in order to equip our students to meet tomorrow's challenges.

Alan S. Wong

The sponsors for Alan S. Wong are:
Candidates for BART Board

JAMES FANG
My address is 170 Gellert Drive
My occupation is local business owner
My qualifications for office are: As a native San Franciscan and a neighborhood business owner, I believe I can provide and bring new and innovative leadership to the BART Board which best represents the diverse and important needs of this district, San Francisco and the Bay Area region.

My experience in managing a business for the past ten years has instilled in me the tremendous importance of efficiency in any institution, public or private. By the same token, however, BART must also be accessible and safe to its public and treat its riders as human beings and with respect. An accessible, safe and efficient BART will not only reduce the horrendous traffic jams many of us currently experience, but will also reduce the burden placed on our environment by our over-use of automobiles. As BART director I would work to emphasize the needs for our district.

In addition, I would stress the urgency to proceed with plans to extend BART to the San Francisco International Airport and into San Mateo County — an extension that would directly benefit and impact our district and all San Franciscans. Finally, as our economy becomes more and more regional, I, as a BART director, would strive for greater regional cooperation and improved links between BART and the various regional transit systems. For the residents of our district, BART must be a true gateway to all Bay Area transit systems.

The important role of an efficient, accessible and safe BART plays in helping us to preserve the environment, reduce traffic problems and linkage of the regional economy are principles which I will emphasize as a BART director. BART should represent the interest of its riders. It should not be a political arena for individual and special interests. As your director, I would represent you and our district’s concerns. Thank you for your support.

RODEL E. RODIS
My address is 35 Paloma Ave.
My occupation is President, S.F. Public Utilities Commission
My qualifications for office are: As President of the San Francisco Public Utilities Commission, which oversees the SF Municipal Railway, I am very aware and concerned about public transportation in San Francisco. Muni and BART have not been as coordinated as they should be and I would work to see that these transit agencies work together more closely for the benefit of San Francisco and other Bay Area transit users.

San Francisco contributes much to BART through property and sales taxes (about $40 million annually) but has frequently received short shrift when resources are allocated. For example, San Francisco only received $15 million for a Muni Metro extension South of Market while BART is allocating hundreds of millions of dollars to extend BART to Antioch, Pleasanton, and Warm Springs. We deserve a greater share and I would work to get more money for San Francisco in the future.

In addition, I would work to:
• Improve BART stations and station amenities. BART is almost 20 years old and the stations need sprucing up. I would work to install more benches, telephones, lights and shelters over the escalators.
• Establish a BART Passengers Advisory Committee, to help advise the BART Board on operations and policy.
• Improve Regional Transit Coordination by creating a single 800 telephone number for all regional transit information and by working to create a simplified, coordinated fare structure throughout the region.

Transportation continues to be the number one problem facing the Bay Area and BART is an important part of the solution to the problem. My experience in the City would be beneficial on the BART Board. Please join the following leaders supporting me:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for BART Board

ALEXA SMITH

My address is 66 San Fernando Way
My occupation is Transit Reform Advocate/Doctor of Law/State and County Central Committee Member
My qualifications for office are: As a close political advisor and the sister of 1988-1989 B.A.R.T. President Arlo Smith, I was “in the engine room” (both literally and figuratively) during the grim days after the October 17, 1989 Earthquake. I recommended 24-hour emergency service to Arlo.

Arlo and his fellow B.A.R.T. Directors worked tirelessly to keep the terribly over-taxed B.A.R.T. system in fully operational 24-hour earthquake emergency service.

Before the Earthquake, B.A.R.T.’s average daily load was about 210,000 people. At the height of the emergency, our loads rose as high as 357,135 refugees from the smashed Bay Area automobile freeway system.

I received my “advanced” B.A.R.T. transit training under the unique stress of the long weeks of a public emergency.

I know the B.A.R.T. system.
I can save YOU — the San Francisco taxpayers — some money.
San Francisco residents are invited to telephone me on B.A.R.T. matters: 564-6091.

Platform:
CRIME — Video film needs to be introduced into B.A.R.T.’s closed circuit television security system. If I’m B.A.R.T. Director, violent felons will find their pictures on “REWARD” POSTERS at all B.A.R.T. stations.

REFURBISHMENT OF SYSTEM — Repair, refurbishment and where necessary, replacement of 20-year old BART trains and stations must be adequately funded.

REWARDING LOYALTY — After the Earthquake, B.A.R.T.’s employees served heroically. Their loyalty deserves childcare facilities, other just rewards, and our deepest thanks.

RECYCLING — A realistic program is needed to recycle B.A.R.T. garbage to increase revenue and conserve resources.

SCHEDULING — I support extended B.A.R.T. service on Friday and Saturday evenings and for special events. Structural improvements are needed to allow for more rush hour B.A.R.T. trains and improved timing.

B.A.R.T. TO SAN JOSE — I will continue the efforts of Arlo Smith to negotiate a “buy in” to the B.A.R.T. system from Santa Clara County so that B.A.R.T. service can be extended to San Jose.

AIRPORT EXPANSION — Rapid completion of the B.A.R.T. extension to the San Francisco Airport will be one of my top priorities.

My endorsers include (partial list):
Arlo Smith (District Attorney), Arlo Smith (B.A.R.T. Director), Nello Bianco (1989-1990 B.A.R.T. President), Michael Bernick (B.A.R.T. Director), Dr. Dean Rider (A.I.D.S. Research and Treatment Physician), Dr. Eugene Prat (Former U.S. Senator’s Chief of Staff).

MELVIN KIM WONG

My address is 2530 15th Avenue
My occupation is Businessman
My age is 34
My qualifications for office are: I am a San Francisco taxpayer and strong advocate of an improved BART — Crash program for extension of BART rail lines to all surrounding communities from San Francisco to San Jose to Livermore, Antioch, Vallejo, etc. Safety on BART trains is a priority. I am also active in the American-Chinese community. My occupation is businessman.

Let me tell you about the undemocratically chosen and self-perpetuating Executive Committee of “Citizens for a Better San Francisco” (read: “House of Lords”) of the so-called “Citizens for a Better San Francisco.”

The Executive Committee of the extreme right-wing “Citizens for a Better San Francisco” consists of fifteen (15) members chosen as follows:

NINE (9) MEMBERS — Nine (9) members of that undemocratically chosen Executive Committee are appointed by the incumbent Chairman of the would-be elitist Executive Committee. The real control is vested in this non-elected group of right-wing extremists.

FIVE (5) MEMBERS — Five (5) members are “elected” by the so-called “leaders” of the rightist political party’s largely “paper” so-called San Francisco “REPUBLICAN” “volunteer clubs.”

ONE (1) MEMBER — One (1) member is “elected” by the rightist political party nominees for Congress, State Senate, and State Assembly.

The avowed goal of the so-called “Citizens for a Better San Francisco” and its “House of Lords” Executive Committee is to overthrow the elected government of the City and County of San Francisco with their “top-down” pack of right-wing clowns.

Anyone who is foolish enough to vote for friends of the so-called “Citizens for a Better San Francisco” deserves to be dictated by their right-wing elitist “House of Lords.”

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Arguments For and Against Ballot Measures

On the following pages, you will find information about local ballot measures, including arguments for and against the measures. All arguments are strictly the opinions of their respective authors. None have been checked for accuracy by this office or any other City official or agency. Arguments and rebuttals are reproduced as they are submitted, including typographical and grammatical errors.

“Proponent’s” and “Opponent’s” Arguments

For each measure, one argument in favor of the measure and one argument against the measure are printed in the Voter Information Pamphlet free of charge. These arguments are called the “Proponent’s Argument” and the “Opponent’s Argument.”

The designation, “Proponent’s Argument” and “Opponent’s Argument” only indicates that the arguments were selected in accordance with criteria set forth in Section 5.74.5 of the San Francisco Administrative Code and were printed free of charge. The Registrar does not edit the arguments, and the Registrar makes no claims as to the accuracy of statements in the arguments.

The “Proponent’s Argument” and the “Opponent’s Argument” are selected according to the following priorities:

“Proponent’s Argument”:
1. The official proponent of an initiative petition; or the Mayor, the Board of Supervisors, or four members of the Board, if the measure was submitted by same.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

“Opponent’s Argument”:
1. For a referendum, the person who files the referendum petition with the Board of Supervisors.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

Rebuttal Arguments

The author of a “Proponent’s Argument” or an “Opponent’s Argument,” may also prepare and submit a rebuttal argument. Rebuttals are also the opinions of the author and are not checked for accuracy by the Registrar of Voters or any other City official or agency.

Rebuttal arguments are printed following the corresponding “Proponent’s Argument” and “Opponent’s Argument.”

Paid Arguments

In addition to the “Proponent’s Arguments” and “Opponent’s Arguments” which are printed without charge, any eligible voter, group of voters, or association may submit paid arguments which will be published in the Voter Information Pamphlet upon payment of (1) the established printing fee, (2) submission of petitions, in lieu of the printing fee, containing valid signatures of registered voters at the rate of two signatures for each dollar of fee, or (3) a combination of a printing fee and signatures which together equal the number of signatures and/or amount of money needed to qualify the argument for publication. The fee for printing an argument in this Voter Information Pamphlet is $200.00 plus $2.00 per word.

Paid arguments are printed following the direct arguments and rebuttals. All of the arguments in favor of a measure are printed together, followed by the arguments opposed to that measure. Paid arguments for each measure are not printed in any particular order, but are arranged to make the most efficient use of each page.

Arguments and rebuttals are solely the opinions of their authors. They are printed as submitted. No corrections are made to spelling and/or grammatical errors. Arguments and rebuttals are not checked for accuracy by the Registrar of Voters, or by any other City official or agency.
PROPOSITION A

CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition.

YES 287
NO 288

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City operates jails at the Hall of Justice and in San Bruno for persons waiting for trial or serving sentences of less than one year. The jails were not built to provide the medical services now required by law nor to house the current number of inmates.

The City operates a work furlough program. Persons in this program work during the day and return to custody in a special work furlough facility at night. The current facility is too small to house the number of eligible inmates.

State bond money for jail facilities is available to the City if the City pays for a share of the cost.

THE PROPOSAL: Proposition A would allow the City to receive $39,500,000 million in state bond money by issuing general obligation bonds in the amount of $16,500,000. This money, together with the state money, would be used to pay for a new jail medical facility, a much larger work furlough facility and for making health, safety and other physical improvements to the jails. The interest and principal on general obligation bonds are paid out of tax revenues. Proposition A would require an increase in the property tax.

A “YES” VOTE MEANS: If you vote yes, you want the City to issue general obligation bonds in the amount of $16,500,000, which will be used to pay for the City’s share of building and upgrading jail facilities.

A “NO” VOTE MEANS: If you vote no, you do not want the City to issue bonds for this purpose.

How Supervisors Voted on “A”

On July 23, 1990, the Board of Supervisors voted 10-0 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: None of the Supervisors present voted no.

ABSENT: Supervisor Doris Ward

Controller’s Statement on “A”

Should the proposed bond issue be authorized and when all bonds shall have been issued on a fifteen (15) year basis and after consideration of the interest rates related to current municipal bond sales, in my opinion, it is estimated that the approximate costs would be as follows:

- Bond redemption: $16,500,000
- Bond interest: $9,042,000
- Debt service requirement: $25,542,000

Based on a single bond sale and level redemption schedules, the average annual debt requirement for fifteen (15) years would be approximately $1,702,800 which amount is equivalent to forty-one hundredths cents ($0.0041) in the current tax rate.
PROPOSED'S ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco County Jail system is overcrowded and ill-suited to provide efficient and safe supervision of inmates and detainees, and is inadequate to provide operational space for essential services such as medical and psychiatric treatment and jail alternative and community re-entry programs.

A class action suit was filed in Federal Court against the City and County of San Francisco resulting in a Consent Decree signed in 1982. This bond program provides the matching funds required by State bond monies to address the remaining issues as mandated by the Federal Court.

The State of California has committed to give San Francisco up to $39.5 million dollars for jail construction and renovation, if the City provides the required matching funds. Proposition A will provide the required match.

This relatively small, cost effective bond issue will be combined with the State money to complete a new work furlough and medical facility at 850 Bryant Street, to make required safety and health improvements in the Hall of Justice jails, as well as to upgrade the San Bruno jail facility.

This is a one time opportunity. Without the Proposition A matching funds, the $39.5 million in State bond monies will be lost by the City, dooming these federally mandated and desperately needed projects.

Proposition A is strongly supported by Mayor Art Agnos, Sheriff Michael Hennessey, District Attorney Arlo Smith, City Attorney Louise Renne, Police Chief Frank Jordan, Chief Administrative Officer Rudolf Nothenberg, Public Works Director Richard Evans, and jail health officials.

Vote YES on bringing our criminal justice facilities up to grade. Vote YES on Proposition A.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.
The Advisory Committee on Adult Detention urges a YES vote on Proposition A.

On November 6th, San Francisco voters have the rare opportunity to create an extremely beneficial partnership between the City and the State of California.

How? By voting yes on Proposition A.

State bonds worth $39.5 million are available to San Francisco for critical improvements to our county jails. To qualify for these funds, we must match them with a $16.5 million bond — and that’s what Prop A will do.

This partnership will expand the City’s 64 bed work furlough program, which cannot possibly serve the system’s 1,900 inmates. Work furlough allows low security prisoners the opportunity to pay their debt to society while keeping their jobs and families intact.

Another critical benefit of Prop A will be expanded jail medical and psychiatric facilities, a more efficient booking area, and court mandated fire and safety improvements in our most overcrowded jail facilities.

Proposition A is a golden opportunity to improve our jails, but we must act now. Without Prop A, the City will lose these funds to another California county.

Vote yes to make a winning partnership between the City and the State of California! Vote yes on Proposition A!

The advisory Committee on Adult Detention consists of eight citizens mandated by the State to inspect county jails from a citizen’s perspective and submit yearly reports. We are essentially a “good government committee” with no interest other than insuring there is citizen input into these critical matters. Each of us has inspected the jails many dozens of times, and we are appalled by the deterioration, overcrowded conditions, and inadequacy of medical treatment areas throughout the system.

Proposition A is the kind of legislation the Committee has fought for since its inception.

Roger Sobel, Chair
Advisory Committee on Adult Detention

Proposition A is the most critical public safety bond measure to face San Francisco voters in fifteen years.

The City’s county jails are dangerously overcrowded. Prisoners are being released months before the completion of their sentences because there is simply no room to keep them. They hit the streets to commit more crimes, often ending up back in jail before their original sentence would have ended.

Police on the streets are frustrated. San Francisco citizens and their property are threatened. Deputy Sheriffs working in the county jails risk their lives daily while working in the most dangerous environment imaginable.

Proposition A is hardly a cure-all, but it will remedy many of the frustrations and the injustices of the current system.

How?

• By building a new 450 bed jail facility adjacent to the current Hall of Justice at 850 Bryant Street. More jail space means that early jail releases can be stopped.
• By providing improved medical care for prisoners as mandated by the federal court. Failure to do this may cost San Francisco taxpayers millions of dollars in contempt fines.
• By repairing decades-old jail buildings. This is a cost effective way to keep them functioning properly for years of future use.
• By improving the dangerous conditions our deputy sheriffs face in overcrowded, deteriorating jail facilities.

Vote YES on Proposition A. Vote yes for a safer San Francisco!

Deputy Al Waters, II
President, San Francisco Deputy Sheriff’s Association
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

As Sheriff of San Francisco, it is my responsibility to maintain a safe, secure and humane county jail system. On election day, I need your support of Proposition A to help me meet this critical mandate.

A steadily increasing population has overwhelmed our outdated jail facilities and work furlough program. We currently have only 64 work furlough beds to serve a daily jail population that topped 1,900 men and women last year.

More than merely being committed to running an efficient jail system, I am also committed to the future of the community at large. Work furlough is an investment in that future. Men and women with low security offenses are required to pay their debt to society, yet keep their jobs. Work furlough inmates do their time, pay a part of the cost of their incarceration, send money to crime victims and help keep their families together and off welfare. Work furlough is an investment in stopping crime and an investment in hope.

San Francisco desperately needs the larger work furlough unit and the other improvements Prop A will provide.

Join me and other knowledgeable community leaders in support of Proposition A — it’s an opportunity we can’t afford to pass up!

Sheriff Michael Hennessey

The Grand Jurors Association, City and County of San Francisco, joins with the City’s elected officials and community leaders in its all out support of Proposition A.

As former members of the Civil Grand Jury, we were charged by the City and County to complete an annual inspection of the entire county jail system and make recommendations to the Presiding Judge of the Superior Court.

Our many years of experience in conducting these detailed inspections leaves no question that the San Francisco County Jail system is in dire need of expansion and renovation. The passage of Proposition A will accomplish much of the work that our investigations tell us must be done:

Currently, many prisoners with serious convictions do not complete their sentences because of overcrowding. If we are to maintain respect for the police and the courts — for the law itself — we must be capable of seeing that serious criminals pay their full debt to society.

Join the Grand Jurors Association in voting yes on Proposition A.

L. Jack Block, President
The Grand Jurors Association, City and County of San Francisco

I urge every San Francisco voter who is concerned about the effectiveness of our city’s criminal justice system to vote YES on Proposition A.

As it stands now, the county jails are overcrowded, the 55 year-old San Bruno jail facility is literally crumbling, and prisoner medical and psychiatric areas are painfully inadequate.

Proposition A will attract $39,000,000 in State bond money to match this $16,500,000 local bond issue to address those problems as quickly as possible. For San Francisco taxpayers, this relatively modest expenditure will be in the public interest for years to come.

Join me in strongly supporting Proposition A. It’s the commonsensical way to improve the county jail system. Otherwise, San Francisco courts will be forced to release jail inmates before they serve their full sentences — and that’s not a result I want for my constituents or my own family.

State Senator Quentin L. Kopp

Fight back against the early release of criminals — fight back against crime in our neighborhoods. Support Prop A on election day to make San Francisco’s criminal justice system work for you and your loved ones, for a change!

Supervisor Bill Maher
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

San Francisco’s jail facilities are dangerously overcrowded. A federal court has the Sheriff under injunction to improve conditions. If overcrowding isn’t relieved, the Sheriff may be ordered to release dangerous criminals. We personally favor alternatives to incarceration for minor, nonviolent offenders, such as community service. However, jail overcrowding must be eliminated so that the Police, Sheriff, and District Attorney can do their job of fighting violent crime and drug dealing.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Central Committee member/BART Board Candidate

Because of grossly inadequate and obsolete local jail facilities, our Sheriff is legally obliged, by Federal Court Order, to release prisoners back onto our streets LONG before they have served their appropriate sentences. JUST NO ROOM!

Existing State bond monies will pay SEVENTY PERCENT of the cost of a 300 bed jail expansion at Bryant Street plus the rehabilitation and replacement of fifty-six year old “broken down” obsolete equipment and facilities at the San Bruno Jail Complex.

It’s “use it or lose it”! If we don’t use our fair share of these now available State Bond matching funds, they go elsewhere! By procrastination, San Francisco’s taxpayers could ultimately wind up paying the total $56,000,000 bill all by ourselves.

If these individuals do the crime, we must insist that they do the time! On behalf of San Francisco’s taxpayers, we urge a YES vote while the State is still able and willing to pay the “lion’s share” of the costs.

SAN FRANCISCO TAXPAYERS ASSOCIATION.
W. F. O’Keefe, Sr., President

TEXT OF ORDINANCE AUTHORIZING BOND ELECTION
PROPOSITION A AND PROPOSITION B

(Special Election)

CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, NOVEMBER 6, 1990, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO PROPOSITIONS TO INCUR THE FOLLOWING BONDED DEBTS OF THE CITY AND COUNTY FOR THE ACQUISITION, CONSTRUCTION OR COMPLETION BY THE CITY AND COUNTY OF SAN FRANCISCO OF THE FOLLOWING MUNICIPAL IMPROVEMENTS, TO WIT: SEVENTY-THREE MILLION EIGHT HUNDRED THOUSAND DOLLARS ($73,800,000) FOR CONSTRUCTION OR RECONSTRUCTION OF A YOUTH GUIDANCE CENTER; PROVIDED, HOWEVER, THAT TWO MILLION DOLLARS ($2,000,000) BE SET ASIDE FOR THE ACQUISITION AND RECONSTRUCTION OF COMMUNITY BASED FACILITIES; SIXTEEN MILLION FIVE HUNDRED THOUSAND DOLLARS ($16,500,000) FOR CORRECTIONAL FACILITIES TO BE CONSTRUCTED OR RECONSTRUCTED PARTIALLY FROM STATE GRANTS AND PARTIALLY FROM MATCHING FUNDS FROM THIS BOND ISSUE; AND THAT THE ESTIMATED COST OF MUNICIPAL IMPROVEMENTS IS AND WILL BE TOO GREAT TO BE PAID OUT OF THE ORDINARY ANNUAL INCOME AND REVENUE OF THE CITY AND COUNTY AND WILL REQUIRE EXPENDITURES GREATER THAN THE AMOUNT ALLOWED THEREFOR BY THE ANNUAL TAX LEVY; REQUITING THE ESTIMATED COSTS OF SUCH MUNICIPAL IMPROVEMENTS; FIXING THE DATE OF ELECTION AND THE MANNER OF HOLDING SUCH ELECTION AND THE PROCEDURE FOR VOTING FOR OR AGAINST THE PROPOSITIONS; FIXING THE MAXIMUM RATE OF INTEREST ON SAID BONDS AND PROVIDING FOR THE LEVY AND COLLECTION OF TAXES TO PAY BOTH PRINCIPAL AND INTEREST THEREOF; PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION; CONSOLIDATING THE SPECIAL ELECTION WITH THE GENERAL ELECTION; AND PROVIDING THAT VOTING PLACES AND OFFICERS FOR ELECTION SHALL BE THE SAME AS FOR SUCH GENERAL ELECTION.

Be it ordained by the People of the City and County of San Francisco:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1990, for the purpose of submitting to the electors of said city and county propositions to incur bonded indebtedness of the City and County of San Francisco for the acquisition, construction or completion by the city and county of the hereinafter described municipal improvements in the amounts and for the purposes stated:

YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990, $73,800,000 to pay the cost of construction or reconstruction of a Youth Guidance Center; provided, however, that Two Million Dollars ($2,000,000) be set aside for the acquisition and reconstruction of community based facilities, including the acquisition and construction of the facilities and all other works, property and structures necessary or convenient for such additions and improvements to the Youth Guidance Center of the City and County of San Francisco.

CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990, $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition, including related acquisition, construction or reconstruction necessary or convenient for the foregoing purpose; and all other works, property and structures necessary or convenient for such additions and improvements to various correctional facilities of the City and County of San Francisco.

Section 2. The estimated costs of each of the municipal improvements described in Section 1 hereof were fixed by the Board of Supervisors by the following resolutions and in the amount specified:

Youth Guidance Center System Improvement Bonds, Resolution No. 539-90, $73,800,000; Correctional Facilities Improvement Bonds, Resolution No. 503-90, $16,500,000.

That said resolutions were passed by two-thirds or more of the Board of Supervisors and approved by the Mayor, and in each said resolution it was recited and found that the sums of money specified were too great to be paid out of the ordinary annual income and revenue of the city and county in addition to the other annual expenses thereof or other funds derived from taxes levied for those purposes and will require expenditures greater than the amounts allowed therefor by the annual tax levy.

The method and manner of payment of the estimated costs of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco in the principal amounts not to exceed the principal amounts specified.

Said estimates of cost as set forth in said resolutions are hereby adopted and determined to be the estimated costs of said improvements.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the results thereof ascertained, determined and declared as herein provided and in all particulars not herein recited said election shall be held according to the laws of the State of California and the Charter of the City and County of San Francisco providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Election of the City and County of San Francisco to be held Tuesday, November 6, 1990, and the voting precincts, polling places and officers of election for said General Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for such special election hereby called, and as specifically set forth, in the official publication, by the Registrar of Voters of precincts, polling places and officers of election for the said General Election.

The ballots to be used at said special election shall be the ballots to be used at said General Election and reference is hereby made to the notice of election setting forth the voting precincts, polling places and officers of election by the Registrar of Voters for the General Election to be published in the San Francisco Examiner on or no later than October 12, 1990.

Section 5. On the ballots to be used at such special election and on the punch card ballots used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following, to be separately stated, and appear upon the ballot as a separate proposition:

"YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $73,800,000 for the construction and reconstruction of a Youth Guidance Center of the City and County of San Francisco; provided, however, that $2,000,000 be set aside for the acquisition and reconstruction of community based facilities."

"CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition."

Each voter to vote for said any of propositions hereby submitted and in favor of the issuance of the Bonds, shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against the issuance of the Bonds shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. On absent voters ballots, the cross (X) may be marked with pen or pencil.

(Continued on page 70)
PROPOSITION B

YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990.
To Incur a bonded indebtedness of $73,800,000 for the construction and reconstruction of a Youth Guidance Center of the City and County of San Francisco; provided, however, that $2,000,000 be set aside for the acquisition and reconstruction of community based facilities.

YES 290
NO 291

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City operates the Youth Guidance Center. This facility houses the Juvenile Court, a detention center for juveniles waiting for court hearings or placement, the Juvenile Probation Department and other City offices. The facility is 40 years old and is badly deteriorated.

THE PROPOSAL: Proposition B would allow the City to borrow $73,800,000 by issuing general obligation bonds. This money would be used to pay for building a new Youth Guidance Center. $2,000,000 of this amount would be set aside to purchase and improve community-based facilities such as group homes. The interest and principal on general obligation bonds are paid out of tax revenues. Proposition B would require an increase in the property tax.

A “YES” VOTE MEANS: If you vote yes, you want the City to issue general obligation bonds in the amount of $73,800,000 to build a new Youth Guidance Center, and you want to set aside $2,000,000 of this amount for community-based facilities.

A “NO” VOTE MEANS: If you vote no, you do not want the City to issue bonds for this purpose.

Controller’s Statement on “B”

Should the proposed bond issue be authorized and when all bonds shall have been issued on a fifteen (15) year basis and after consideration of the interest rates related to current municipal bond sales, in my opinion, it is estimated that the approximate costs would be as follows:

| Bond redemption          | $73,800,000 |
| Bond interest            | 40,442,400  |
| Debt service requirement | $114,242,400 |

Based on a single bond sale and level redemption schedules, the average annual debt requirement for fifteen (15) years would be approximately $7,900,000 which amount is equivalent to one and eighty-four hundredths cents ($0.0184) in the current tax rate.

How Supervisors Voted on “B”

On July 23, 1990, the Board of Supervisors voted 10-0 on the question of placing Proposition B on the ballot.

The Supervisors voted as follows:

NO: None of the Supervisors present voted no.

ABSENT: Supervisor Doris Ward

ARGUMENTS FOR AND AGAINST THIS MEASURE IMMEDIATELY FOLLOW THIS PAGE.
THE FULL TEXT OF THIS MEASURE BEGINS ON PAGE 60.
PROponent's Argument in Favor of Proposition B

Children are our future. But the importance we attach to our children is not reflected in San Francisco's existing Youth Guidance Center.

The Youth Guidance Center (YGC) is a grim, deteriorating detention facility which houses delinquent youth, the juvenile court, juvenile probation department and other agencies that work with our troubled youth and their families.

YGC is outdated, inflexibly designed and in poor condition. The facility is inadequate and unadaptable for providing a modern standard of care and services for juvenile offenders. Some of YGC's most urgent needs are heating, fire safety, security, seismic safety, energy conservation, lighting, ventilation and handicapped access improvements.

Since YGC opened in 1951, it has been criticized by the Department of Justice, California Youth Authority, child advocacy groups and other government agencies. The Youth Law Center has also filed a lawsuit citing the facility's deficiencies. Proposition B provides the funding needed to build a new facility in accordance with the standards of the California Youth Authority and the American Correctional Association as well as in accordance with the program goals and objectives of San Francisco's juvenile justice plan.

Proposition B provides $73,800,000 through the issuance of general obligation bonds to build a new Youth Guidance Center and community facilities that will provide the services and humane atmosphere that our children require.

San Francisco's children deserve the best this City can provide. An investment in their future is an investment in our future. Vote YES on Proposition B.

Submitted by the Board of Supervisors
This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

Rebuttal to Proponent's Argument in Favor of Proposition B

The supervisors' rebuttal argument (opposite page) is riddled with inaccuracies and distortions.

The supervisors say that "the number of beds has not been cut in half, it hasn't even been determined yet." But the official Bond Program Report and other Juvenile Probation Department documents refer specifically to a 72-bed facility (present capacity is 137). Who are the supervisors trying to fool?

The supervisors also say "violent young criminals are not released." That's untrue! Under current standards, a gang member with five previous arrests who is arrested at a gang fight carrying a loaded shotgun, will be immediately released.

With half the detention space, many more dangerous offenders must go free because of Proposition B.

VOTE "NO" ON PROPOSITION B.

The supervisors allege that only 10% of juvenile hall referrals are for "violent felonies". Do you consider the following to be serious or violent crimes?

- Murder
- Manslaughter
- Rape
- Kidnapping
- Robbery

Assault with deadly weapon
Assault on police officer
Assault
Battery
Arson
Automobile theft
Weapons possession
Manufacture, sale, or possession of drugs
Hit and run driving
Child molestation

These crimes accounted for 3,300 juvenile arrests last year, or 51% of all juvenile hall referrals (Source: 1989 Juvenile Court Annual Report).

VOTE "NO" ON PROPOSITION B.

The supervisors want to spend $114,000,000 in taxpayer money (including interest) for half the detention capacity. A new juvenile hall can be justified, but only with a guarantee of sufficient capacity and sensible pre-hearing release policies.

State Senator Quentin Kopp
No on Proposition B Committee
OPPONENT'S ARGUMENT AGAINST PROPOSITION B

Proposition B is the wrong idea at the wrong time.
The National Council on Crime and Delinquency predicts that juvenile crime will increase nationally over the next decade. Despite a declining juvenile population, San Francisco is no exception. Arrest statistics confirm that violent crime by juveniles is on the rise in San Francisco. These aren't truants or runaways, either; they're rapists, robbers and killers. In fact, the number of juveniles arrested for murder increased 190% in San Francisco last year.

Notwithstanding such unmistakable trends, Proposition B would spend $114,242,400 in taxpayers money to build a new juvenile hall with half the detention space of the current facility. Our District Attorney states: "The reduction in bed space poses a substantial danger to public protection and safety."

VOTE "NO" ON PROPOSITION B.

Proposition B will burden San Francisco with a radical approach to juvenile criminals that, in effect, stresses "group homes" in our neighborhoods and even outright releases for hundreds of violent young criminals — instead of a central, secure detention facility.
The current mayoral administration has already weakened the standards for detaining juvenile criminals. Under the new rules, a 17 year-old with 10 prior arrests who is arrested for selling crack cocaine and carrying a loaded .357 magnum, cannot be detained at juvenile hall. He will be immediately released. With only half the detention capacity of the present juvenile hall, Proposition B will cause many more releases like that.

VOTE "NO" ON PROPOSITION B.

No one disputes the fact that juvenile jail needs physical rehabilitation. Maybe it should even be replaced, but not with half the detention space. Juvenile crime is increasing in San Francisco. Borrowing millions for a new building with less capacity is sheer lunacy!

State Senator Quentin Kopp
No on Proposition B Committee

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION B

Let's look at the real facts.

Proposition B allocates $73.8 million for a new juvenile hall. The number of beds has not been cut in half, it hasn't even been determined yet. Size will only be decided after public debate. Proposition B funds enough beds to meet San Francisco's need into the 21st century, and Senator Kopp is misinformed if he believes otherwise.

Only 10% of juvenile hall referrals are for violent felonies. Violent offenders are not released under the current system and serious offenders like the ones Senator Kopp describes will continue to be held if the facility is replaced.

Senator Kopp doesn't tell you that in the present facility, children as young as ten stay in small, musty cells with no private toilets and minimal recreational programs. He doesn't tell you about the health and safety hazards, including asbestos, that may endanger the children and the staff. He doesn't tell you that the facility has been decertified by state authorities, is under investigation by the Justice Department and is being sued for unconstitutional conditions. If Proposition B fails, the City will probably have to replace the Youth Guidance Center at a much higher cost!

Responsible, informed citizens, members of the Juvenile Court, Probation Department, law enforcement and community groups all have endorsed Proposition B.

Don't let a misinformed outlook on San Francisco's children, and on the facts of this proposition, guide your decision.

VOTE YES on Proposition B.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Youth Guidance Center is an antiquated and deteriorated facility desperately in need of repair.

If YGC is to have any rehabilitative impact on the lives of juveniles housed there we must pass this bond measure as our city’s commitment to an improved facility, prepared to handle the needs of our troubled youth.

Join me in voting Yes on Proposition B.

Dr. Dan Kelly
Candidate for School Board

We work as Counselors at Youth Guidance Center and strongly support building a new center. The overcrowding and lack of adequate recreational and community facilities has always made the center a difficult place for children.

As we approach the 21st century, we need to treat our most valuable resource, our kids, in a facility offering the best possible social, educational and recreational environment.

Vote YES on B!

Ulysses Madison, YGC Counselors Chapter
United Public Employees Local 790, SEIU

San Francisco must invest in our children — which represents our future.

The asbestos riddled, deteriorating, 40-year-old juvenile justice building needs to be replaced.

Vote YES on B.

Joel Veniresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Youth Guidance Center is a badly run down facility which has become hazardous for our city’s youth and for the people who work there. It has been repeatedly investigated and criticized by experts and oversight agencies for the last 20 years. It fails to meet federal and state detention facility guidelines, as well as the City’s own building code. It violates fire and earthquake safety requirements. It contains disintegrating asbestos, posing a health threat to youth and staff. The residential units fall below modern standards for room size, heating, ventilation, and lighting. Space for visiting parents, attorney interviews, and recreation is much too small.

The Youth Guidance Center is a danger to the community because it does not provide a modern, high-security detention capacity for the serious and violent offenders who must be housed there. Moreover, the facility is inadequate as a service center for youth and families who come before the juvenile court and need counseling, crisis intervention, supervision, and other services.

Engineering, seismic, and construction experts have shown that the most cost-effective solution for the Youth Guidance Center is to replace the old and hazardous facility with a new structure that will meet the needs of San Francisco youth and citizens well into the next century.

Passage of this measure will not determine the size or configuration of the new facility. This measure will ensure replacement of the present outmoded structure, leaving bed count and other details of design for evaluation after funding has been authorized.

Judges of the Superior Court unanimously and strongly urge a “YES” vote.

John Dearman
Presiding Judge
San Francisco Superior Court

I agree with the judges.

Willie L. Brown, Jr.
Speaker, California Assembly.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Existing juvenile facilities are overcrowded and inadequate. The juvenile court system has been sued for injunction to improve conditions.

Unless improved, a judge may order city authorities to release violent offenders.

We favor alternatives to incarceration for nonviolent offenders. However, overcrowding must be eliminated so that the Police

and District Attorney can do their jobs.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

The Youth Guidance Center is a modern dinosaur. The California Youth Authority once de-certified it because of inhuman conditions. It has been the target of investigation by the U.S. Justice Department for several years, and is now the subject of a pending lawsuit. One expert on juvenile justice facilities stated publicly, "It's the worst juvenile hall that I have ever seen." The current facility simply cannot provide proper care to detained youth.

Proposition B, which will reconstruct YGC, is a long-overdue response, and an absolutely essential step in correcting these inhuman conditions. Do not be misled by Mr. Kopp's ludicrous position; it is a product of grave misinformation, and a shameful scare tactic. The truth is that of petitions filed in 1988 and 1989, only .3% were for homicide, .2% for rape and 3% for robbery. The truth is that a youth with a long criminal record and a loaded weapon will be detained at YGC. The truth is that San Francisco has one of the toughest detention policies in the State.

As conscientious citizens, we have but one choice: vote YES on Proposition B. As concerned taxpayers, we can no longer allow the City and County of San Francisco to pour money into a dying building that cannot be adequately repaired. This short-sighted approach does a disservice to both our youth and ourselves.

Let's look to our future and tell the future leaders — the youth of today — that we care about their needs, and that they need not be second class citizens.

Greg Day
President, Coleman Advocates for Children and Youth
Margaret Brodkin
Executive Director, Coleman Advocates
Peter Bull
Juvenile Justice Task Force Leader, Coleman Advocates
Jean Jacobs
Board Member, Coleman Advocates

Vote Yes on B! Help make the future safe for our children.

Carole Migden
Candidate, Board of Supervisors

The Youth Guidance Center provides support for all youth under the jurisdiction of our Juvenile Courts. This includes children awaiting placement in foster care. This facility is 40 years old and is an example of improvements that have been deferred too long. Youth represent our future. They deserve a modern, hospitable environment.

Vote Yes for our Youth. Vote Yes on Proposition B!

Harold M. Hoogasan
Small Businessperson/Florist

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Proposition B is the Right Idea at the Right Time

Official studies of the San Francisco Juvenile Hall show that the SPCA houses its dogs under cleaner, healthier conditions than the youth who are placed at Juvenile Hall.

The building has life threatening asbestos, inadequate toilets, shower facilities, and rooms. The entire building is falling apart. It is cheaper to build a new facility than to repair this disaster.

Vote YES on Proposition B.

- Proposition B will allow San Francisco to build a new well designed system, that will have enough rooms to house those who have committed serious offenses, in very secure detention separately from those who have committed less serious offenses.

- Along with a new facility, will be a comprehensive program of services from S.F.U.S.D., D.P.H., D.S.S., and community based organizations all focused on helping youth correct and take responsibility for their actions.

- San Francisco has the opportunity through Proposition B to protect the public, replace a life threatening building, and help youth take responsibility for their own actions.

- That is why the community, Mayor, Board of Supervisors, Commissioners and Public Departments are all supporting Proposition B.

San Francisco Coalition For Children, Youth, and Families

VOTE YES ON PROPOSITION B

Proposition B will provide funds for the construction of a much needed new Youth Guidance Center. The present facility is 40 years old, asbestos ridden and poorly designed for its present and future operations. It has widespread support that includes Law Enforcement, Judges, Department Employees, and many community groups, including African Americans who have fought for many years, along with other advocates for children, for a healthy and decent environment for our children.

The fact is that the overwhelming majority of youth, approximately 90 percent, referred to Child Guidance Center are referred for non-violent offenses. The new facility will provide adequate housing for detained youth requiring locked confinement as well as appropriate counseling and education centers.

DON'T BE MISGUIDED BY FALSE AND MISLEADING INFORMATION.

DO NOT BE FOOLED BY SCARE TACTICS

VOTE "YES" ON PROPOSITION B

As the Director's of Youth Advocates/Huckleberry House, with more than 20 years of experience in dealing with San Francisco's troubled youth, we urge a YES vote on PROPOSITION B. The current juvenile hall is unsafe and inhumane. It fails to meet federal, state, and local safety standards. It would be a deathtrap for the children in a major fire or earthquake.

The politicians opposing Proposition B want to scare you into keeping this hazardous facility. They say the new facility will have fewer secure beds, so violent youth will terrorize our neighborhoods. Scary, if it were true. But it is not true. Proposition B does not place any limit on the space we need to secure youth who have been accused of violent crimes. Right now, only 10% of the youth at the juvenile hall are accused of violent crimes — robbery, rape, murder. The other 90% are there for lesser offenses. Many of them are victims of sexual abuse or family violence.

The new facility will serve the critical needs of San Francisco's children, youth, and families, while also assuring secure detention for youth accused of serious crime. We need to provide dignity and hope to the families and youth who walk through the doors of our juvenile justice system. If you walked through the doors of the present facility, you would be shocked and dismayed.

PLEASE VOTE YES ON PROPOSITION B.

Bruce Fisher
Executive Director, Youth Advocates/Huckleberry House

Michelle Magee
Associate Director, Youth Advocates/Huckleberry House

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

The City desperately needs a new, safe Youth Guidance Center. The present structure is run-down and inadequate. Let trouble children find a new direction in a safe, supportive environment.

Vote Yes on Prop. B.

Jeff Brown
Public Defender

Judges, Law Enforcement, major unions representing facility employees, and numerous community groups support Proposition B. The opposition to Proposition B is wrong to say that Proposition B would fund a facility only half the size of the current juvenile hall. In fact, facility size has not yet been determined. Proposition B never would have received widespread support if the exaggerated claims of its opponents were true.

Proposition B provides funds to build a desperately needed juvenile hall. San Francisco’s Youth Guidance Center is riddled with asbestos, is the subject of a law suit charging unconstitutional conditions, and is under investigation by Federal and State authorities. These conditions can endanger staff and youth alike. Chances are, if Proposition B fails, the facility will be forced into a consent decree like the City’s jails, requiring court-ordered new construction at a much higher cost.

Juvenile hall holds minors who are accused but not yet convicted of crimes. Most return to their families within 72 hours when a responsible adult is found. Only 10% are accused of violent felonies. PROPOSITION B WILL PROVIDE AMPLE SPACE FOR ALL OF THE YOUTHS WHO REQUIRE LOCKED CONFINEMENT!

VOTE YES ON PROPOSITION B!

PAID ARGUMENTS AGAINST PROPOSITION B

Spending $74 million dollars on a new juvenile hall with half the capacity is outrageous and irresponsible. Placing “group homes” in our neighborhoods for detention is even worse.

Nobody in their right mind would want a house of juvenile delinquents next door. It is unbelievable to me how anyone could support this crazy proposal.

This preposterous proposal is an outrageous waste of public funds!

Instead of rehabilitating and expanding the expensive existing facility, the proponents want to build a brand-new one with only half the present bed capacity. The extra two million dollars of “set aside” bond money is to provide jobs for operators of “group homes” in our residential neighborhoods.

Deter this fiscal municipal madness with a NO vote!

Send the would-be social engineers a good dose of reality on election day. Say no to group homes in our neighborhoods. Vote NO on Proposition B!

John Barbagelata

PAID ARGUMENTS AGAINST PROPOSITION B

The probation officers who work at the Youth Guidance Center urge you to vote NO on Proposition B.

This bond issue could cost the taxpayers as much as $7 million per year for 20 years and it won’t do anything to reduce juvenile delinquency. In fact, we think it will reduce our ability to control and reform young offenders because the new building envisioned by the planners of the bond issue will provide for less detention capacity than we have now.

We think that it is illogical to build a smaller juvenile hall because the existing facility has been cited by the California Youth Authority for being overcrowded, and we have been forced to release offenders whom we would prefer to detain for their own good and for the safety of the public. With a smaller juvenile hall, we will have to release still more offenders who we think should be detained.

It is true that the Youth Guidance Center has been allowed to fall into disrepair; however, the structure appears to be fundamentally sound. It suffered no significant damage as a result of the October 1989 earthquake. We believe that the building can be rehabilitated for far less than the cost of demolition and reconstruction of the entire complex.

If, in the future, another plan is put forth to renovate, reconstruct, or augment the Youth Guidance Center which we believe will enhance our ability to reform offenders and protect our community, we will support it. Unfortunately, Proposition B does not meet these criteria.

Please vote against a more permissive Juvenile Court and against a waste of taxpayer money. Please vote NO on Proposition B.

San Francisco Probation Officers’ Association
Terry Twing, President

BEWARE of Proposition B.

The need to spend money wisely on a long-term solution to deteriorating structural conditions and overcrowding at Juvenile Hall is obvious. Proposition B is not, however, just about $73,000,000 for a new Juvenile Hall.

Proposition B’s exact dollar appropriation is based on specific building guidelines, operating assumptions and cost projections contained in a mandatory “Bond Program Report”. This document is the blueprint for the proposed facility.

Proposition B’s “Bond Program Report” calls for construction of a 72-bed residential detention component, that’s a loss of 65 beds from the current 137 certified capacity.

Proposition B’s answer to existing overcrowding is fewer beds. Proposition B picks up this loss by creating “group homes” in neighborhoods (yet to be designated) and by lowering the detention criteria, thereby reducing the need for a larger capacity.

The “Bond Program Report” puts it this way, “the reduction is based on changes in detention policy that are intended to reduce the use of secure detention”.

Reducing our ability to securely detain youthful violent offenders in the face of increasing violent youth crime is wrong and a misuse of taxes. Many of San Francisco’s streets have become hunting fields for criminal elements, including young gang members and repeated youthful offenders. Proposition B sends a wrong message.

The public deserves a full debate on the entire program before incurring additional bonded indebtedness. Where will the proposed “group homes” be placed? What are the funding sources to sustain these “group homes”? What back-up plans are envisioned should more detention capacity be required?

Make Mayor Agnos and the social engineers tell you the full story. Until then, Proposition B is expensive bunk.

Proposition B is BAD for San Francisco. VOTE NO ON PROPOSITION B.

PAID ARGUMENTS AGAINST PROPOSITION B

As a retired probation officer with more than 20 years of first-hand service, it's difficult to watch the misguided criminal justice activists hide behind the public's frustration with the juvenile hall to further their own philosophies. We may need a new juvenile hall, but not one that's half the current capacity.

"Group homes" in the neighborhoods for youthful offenders may sound good to activists but are unacceptable to most of the public.

Lowering detention criteria makes sense to activists, but unloads violent juveniles back into the community.

Sure the judges want new and more modern courtrooms, but at what price to the public?

Don't be fooled by the list of names of those who benefit from the expenditures of your tax dollars. Listen to the police who bust these juveniles, listen to the probation officers who deal with these juveniles, listen to the district attorneys who prosecute these juveniles and listen to the victims who can tell it best.

Vote NO ON PROP B, because the last thing San Francisco needs is another misguided solution for dealing with juvenile crime.

Anders W. Pettersen

As a native born resident of San Francisco and 33 year veteran of correctional social work, I am in favor of some community based alternatives to institutionalization like the very effective ones operated by the Youth Advocates organization at Sojourner and Huckleberry Houses.

However, I am also very much opposed to the plan proposed in Proposition "B" which I believe would allow dangerous offenders to be released to group home programs unable to control their behavior. Accordingly, I strongly recommend that you vote NO on Proposition "B".

Mike Basten
Member, Board of Directors
State Coalition of Probation Organizations

THE FULL TEXT OF THIS MEASURE BEGINS ON PAGE 60.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
If and to the extent that punch card ballot cards are used at said special election, each voter to vote for any said proposition shall punch the ballot card in the hole after the word "YES" to the right of said proposition, and to vote against said proposition shall punch the ballot card in the hole after the word "NO" to the right of said proposition.

Section 6. If at such special election it shall appear that two-thirds of all the voters voting on the proposition voted in favor of and authorized the incurring of a bonded indebtedness for the purposes set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvements described herein. Such bonds shall be of the form and character known as "serials," and shall bear interest at a rate not to exceed 12 per centum per annum, payable semiannually, provided, that interest for the first year after the date of any of said bonds may be payable at or before the end of that year.

The votes cast for and against said respective propositions shall be counted separately and when two-thirds of the qualified electors, voting on such propositions, vote in favor thereof, such proposition shall be deemed adopted.

Section 7. For the purpose of paying the principal and interest on said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until such bonds are paid, or until there is a sum in the Treasury of said city and county set apart for that purpose to meet all sums coming due for the principal and interest on said bonds, a tax sufficient to pay the annual interest on such bonds as the same becomes due and also such part of the principal thereof as shall become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of such principal.

Section 8. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Examiner, a newspaper published daily in the City and County of San Francisco, being the official newspaper of said city and county and such publication shall constitute notice of said election and no other notice of the election hereby called need be given.

Section 9. The appropriate officers, employees, representatives and agents of the City and County of San Francisco are hereby authorized and directed to do everything necessary or desirable to the calling and holding of said special election, and to otherwise carry out the provisions of this ordinance.
Port Revenue Bond Procedures

PROPOSITION C

Shall the repayment of bonds be made the Port's highest spending priority, and shall the Port Commission be allowed, with Board of Supervisors' approval but without voter approval, to issue revenue bonds under rules adopted by the Port Commission?

YES 292

NO 293

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Charter sets spending priorities for the Port. The highest spending priority for the Port is to pay its operating expenses; the repayment of bonds is a lower priority.

Port revenue bonds may be issued only with the approval of the voters. The procedure for the Port to issue bonds is set out in a State law that has been repealed.

THE PROPOSAL: Proposition C is a charter amendment that would make the repayment of bonds the Port's highest spending priority.

Proposition C would allow the Port Commission to issue revenue bonds without voter approval. The Board of Supervisors must approve such bonds. The Port Commission would be allowed to adopt its own procedures for issuing revenue bonds.

A "YES" VOTE MEANS: If you vote yes, you want to make the repayment of bonds the Port's highest spending priority. You also want to allow the Port, with the approval of the Board of Supervisors, to issue revenue bonds, without voter approval. You want to allow the Port Commission to adopt its own procedures for issuing revenue bonds.

A "NO" VOTE MEANS: If you vote no, you do not want to change the Port's spending priorities and you do not want to change the way revenue bonds are issued for the Port.

Controller's Statement on "C"
Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.

How Supervisors Voted on "C"
On July 9, 1990, the Board of Supervisors voted 9-0 on the question of placing Proposition C on the ballot.

The Supervisors voted as follows:

NO: None of the Supervisors present voted no.

ABSENT: Supervisors Richard Hongisto, Doris Ward
Port Revenue Bond Procedures

PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION C

The Board of Supervisors urges you to vote “Yes” on Proposition C.

The Port is a self-supporting enterprise agency which operates without any tax support. To pay for infrastructure improvements on the waterfront, such as marine terminals, fishing facilities, roads and utility upgrades, the Port must issue bonds. The bonds would be repaid solely from Port revenues.

THIS CHARTER AMENDMENT WILL

• ENABLE THE PORT TO SAVE THOUSANDS OF DOLLARS AT NO COST TO TAXPAYERS.
• GIVE THE PORT THE FLEXIBILITY TO TAKE ADVANTAGE OF LOWER INTEREST RATES IN BOND MARKETS.
• FREE THE PORT FROM A REPEALED STATE BOND LAW AND PERMIT IT TO USE MODERN FINANCING TECHNIQUES.
• INCREASE THE PORT’S CREDITWORTHINESS AND BOOST INVESTOR CONFIDENCE IN THE PORT.

This Charter amendment will re-prioritize the use of monies in the Port’s operating fund to provide that principal and interest on Port Bonds is the highest priority. This will bring the Port in line with other port issuers throughout the nation and improve the Port’s creditworthiness and boost investor confidence, thereby resulting in a lower borrowing cost for the Port. Operations and Maintenance costs will continue to be funded annually from the Port’s operating budget.

Charter Section 7.300 requires voter approval before any new Port Revenue Bonds can be issued. This charter amendment will change the requirement for approval from the electorate to the Board of Supervisors, similar to the oversight requirements for the issuance of bonds by the San Francisco International Airport.

Since Port Revenue Bonds are secured solely by Port revenues they do not have an effect on other City services, property taxes or rates. Thus, the City will not have any financial liability for any Port bond issues.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION C

DON’T SIGN A BLANK CHECK!

The Supervisors claim that “C” will “enable the Port to save thousands of dollars at no cost to the taxpayers” and “not have an effect on other City services, property taxes or rates.”

If you believe that, we’ve got a bridge to sell you!

The truth is that Proposition C allows the Supervisors and Port Commission to issue bonds without voter approval. That’s right, WITHOUT VOTER APPROVAL.

“C” gives City officials free rein to issue bonds and spend money for any pet project they want.

You, the taxpayer, will no longer have the right to vote “NO”.

The same City government that has saddled us with 10 deputy mayors (New York, with 10 times our population has only 5!) will now be free spend yet more money without the control of voter approval for Port bond issues.

This is the same City government that has raised our sewer service charges and taxes for small business.

The same City government that gave away use of a $9 million City street to the Rockefellers for free.

The same City government that is fighting Proposition “H” tooth and nail because the officials want to give use of the Port away to hotels and other nonmaritime uses.

DO YOU TRUST THEM WITH A BLANK CHECK?

Vote “NO” on “C”

FOR: COMMITTEE FOR HONESTY IN GOVERNMENT

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT'S ARGUMENT AGAINST PROPOSITION C

"C" is "CYNICAL".

Proposition C is a cynical measure proposed by the current Supervisors to allow the Supervisors and Port Commission to issue bonds without voter approval!

That's right — WITHOUT VOTER APPROVAL!
During the past two decades, city officials have allowed the Port to decline — and maritime business to move to Oakland, Los Angeles, and elsewhere.

Now they want Port land to be used for hotels and other nonmaritime uses. Such proposals can only worsen the Port's decline by eliminating space for maritime activities.

If Proposition "C" is passed, it will be possible for the Supervisors to advance such schemes — with the help of bond issues — by eliminating any requirement of voter approval.

And, unless we pass Proposition "H", the Supervisors and Port Commission will have carte blanche to use Port land for nonmaritime purposes.

But what do you expect!

Proposition C was put on the ballot by the same Supervisors who have raised our sewer service charges and parking fines.

The same Supervisors who have imposed unnecessary taxes on small businesses.

The same Supervisors who had the chutzpah to demand a 70% pay raise last year.

The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.

The same Supervisors who fought the two-term limit tooth and nail.

Vote "Yes" on preserving your right to vote on Port bonds.

Vote "No" on waste and mismanagement in City government.

Vote "No" on special interest deals at City Hall.

Vote "No" on "C" and "Yes" on "H".

CITIZENS FOR HONESTY IN GOVERNMENT
Alexa Smith, Treasurer

Arlo Hale Smith, Chair
(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION C

The opponents of Proposition C missed the point! Proposition C has nothing to do with cynicism. It is based on optimism about our Port's ability to compete in worldwide shipping and continue being a working waterfront.

The modern shipping industry requires more than just water and piers to dock at our Port — it needs modern container terminals and new cranes to accommodate bigger ships.

Since the Port does not receive city tax monies, these expensive improvements need to be paid for out of revenue bonds, backed by profits from the Port's commercial businesses.

Proposition C is not an attempt to bypass the voters. Like the Airport, Proposition C would allow the Port to take advantage of favorable bond markets by not having to wait for an election. The Board will review the terms and projects for the bond issuance and there would be full public review and participation. The Port issues revenue bonds for maritime projects exclusively.

The technical changes proposed in Proposition C were recommended by the Port's independent financial advisors and bond counsel to improve the Port's credit rating and investment opportunities. It is a sound and financially prudent measure aimed at keeping maritime business at our Port. It has nothing to do with any other Proposition.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.

PAID ARGUMENT IN FAVOR OF PROPOSITION C

Vote Yes on C! Help make the Port competitive again!

Carole Migden
Candidate, Board of Supervisors

PAID ARGUMENT AGAINST PROPOSITION C

Issuing bonds is taxpayer borrowing, pure and simple! General obligation bond measures, backed by the city’s General Fund, always have required voter approval.

In 1976, San Francisco voters adopted a Charter amendment to require voter approval of revenue bond measures, too. The idea behind revenue bonds is that the improvements will pay their own way. If they don’t, however, city taxpayers could foot the bill.

Our taxes either pay off directly — or are responsible for ultimately — all city debts, including revenue bonds. We have a right to approve those debts ahead of time.

VOTE “NO” ON PROPOSITION C.

Proposition C would delete the voter approval requirement for revenue bonds issued by the Port of San Francisco. That’s a foolish and unwarranted change.

Port officials assert that a 1981 Charter amendment exempted airport revenue bonds from voter approval. But San Francisco International Airport is a far cry from the Port of San Francisco. Our airport is a gold mine of revenue from airline landing fees, parking fees, concession income, and other sources.

The Port, on the other hand, lost the lucrative container shipping business to the Port of Oakland long ago, and has a history of troublesome management, tenant problems, and uncollected bills.

In addition, the 1981 exemption for airport revenue bonds was part of a legal settlement that netted millions of dollars for the city’s General Fund. What will the passage of Proposition C provide to our strapped city treasury? Not one dime.

VOTE “NO” ON PROPOSITION C.

If the Port has a good reason to issue revenue bonds, the voters will approve the debt. Why “fix” a system that isn’t broken?

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION C

NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

6.405 Harbor Revenues and Expenditures

The revenues of the harbor and of all properties and facilities incident thereto, or used in connection therewith, shall be deposited in a separate fund in the treasury of the city and county; and a harbor trust fund or trust funds shall be established by the city and county; and the city and county shall deposit in the fund or funds all monies received attributable to facilities on the transferred lands in the harbor.

Subject to the terms and conditions of Statute 1968, ch. 1333, appropriations from such funds shall be made for the following purposes and in the order named, viz:

(a) for the payment of maintenance and operating expenses, pension charges, and proportional payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require;

(b) (a) for the payment of the principal and interest of any obligations of the State of California and assumed or agreed to be paid by the City and County of San Francisco;

(b)(b) for the payment of principal, interest, reserve funds, sinking funds, and other funds established for the benefit of revenue bonds or other revenue obligations issued pursuant to the authority contained in Section 7.305 of this charter;

(d) for capital improvements to the properties of said harbor or used in connection with the operation thereof;

(e) (c) for the payment of the principal and interest on any general obligation bonds issued by the City and County of San Francisco for the acquisition, construction, repair or extension of said harbor or of any of the facilities used in connection therewith; and

(d) for such other uses and purposes as the Port Commission determines to be in the best interests of the Port which shall include, but shall not be limited to, expenditures for the improvement, maintenance and operation of Port facilities.

(l) an amount which shall be sufficient to meet the cost of reconstruction and replacement made necessary by the physical and functional depreciation of any of the properties or equipment of said harbor as the same shall occur;

(g) to pay for extension and betterments to said harbor or to the equipment and facilities thereof; and

(h) to establish a surplus or sinking fund for the improvement or extension of the harbor or any facility used in connection therewith.

7.300 General Laws Applicable

The general laws of the State of California authorizing the incurring and establishing the procedure for the creation of bonded indebtedness and authorizing and establishing the procedure for the issuance of bonds to refund indebtedness of municipalities in force at the time any bonded indebtedness is created or refunded by the city and county shall, except as otherwise provided in this Charter, be applicable to the creation of bonded indebtedness and the issuance of refunding bonds by the city and county. Revenue bonds shall not be issued for any purpose unless the proposition to issue the revenue bonds has first been approved by a majority of the voters voting on the proposition at a general or special election; provided, however, this requirement shall not apply:

(1) to bonds approved by the board of supervisors prior to January 1, 1977; or

(2) to bonds issued pursuant to the authority contained in the Marks Foran Residential Rehabilitation Act of 1973; or

(3) to bonds approved by a resolution of the board of supervisors adopted by an affirmative vote of three-quarters of the members of the board if the bonds are to finance a building or buildings, fixtures or equipment which are deemed by the board to be necessary to comply with an order of a duly constituted state or federal authority having jurisdiction over the subject matter; or

(4) to port and airport revenue bonds issued pursuant to Sections 7.305 and 7.306, respectively, of this charter; or

(5) to revenue bonds which are issued as refunding bonds the sale of which results in a lower total of scheduled principal and interest payments of the City and County of San Francisco. The board of supervisors by ordinance shall prescribe a procedure for the issuance of refunding bonds.

6) to loans directly or indirectly from, or bonds guaranteed or subsidized by, the State of California or United States of America for projects which are intended to protect or preserve the environment, where the acceptance of a loan or issuance of bonds would be the most cost-effective method of financing a particular project. For purposes of this subsection (6), the determination of what constitutes the most cost-effective method of financing shall be made by resolution of the board of supervisors as recommended by the chief administrative officer.

7.305 Revenue Bonds of the Port Commission

Subject to the approval of the Board of Supervisors the Port Commission shall have the exclusive power to perform or accomplish the issuance of revenue bonds or other types of revenue obligations under such procedures and in accordance with such terms as may be established by resolution of the Port Commission, in the same manner and to the same extent as is provided for by the San Francisco Harbor Revenue Bond Act of 1951, enacted by Stats. 1951, Chapter 1712, page 4920, of the Statutes of California and codified as Sections 3390 to 3369 of the Harbors and Navigation Code of the State of California, except that the provisions of said Act codified as Section 3368 of the said Harbors and Navigation Code shall not be applicable to these bonds and the bonds shall instead be governed by the following provision:

The San Francisco Port Commission may fix terms and conditions for the sale or other disposition of any authorized issue of bonds and may provide that the bonds may be sold on the basis of the lowest net interest cost to the San Francisco Port Commission, the coupon rates to be fixed by the successful bidder on the sale of the bonds. The San Francisco Port Commission may authorize the City Treasurer to sell bonds at less than their par or face value, but no bond may be sold at a price below 95 percent of the principal amount of the bond and accrued interest thereon. The said San Francisco Port Commission may set the annual rate or rates of interest which the bonds to be issued shall bear, which rate or rates, at the discretion of the said Commission, may be determined by the bidder at the time of sale of said bonds. Such interest may be payable at such periods as may be fixed by the Commission.

All of the other provisions of said Act are by this reference incorporated in and made a part of this charter, except that the term ‘Board of State Harbor Commissioners’ is used it shall be deemed to mean the ‘Port Commission,’ and where the term ‘San Francisco Harbor’ is used it shall be deemed to mean all the property under the jurisdiction of the San Francisco Port Commission, and where the term ‘San Francisco Harbor Bond Finance Board’ or ‘Bond Finance Board’ is used it shall be deemed to mean ‘Board of Supervisors of the City and County of San Francisco,’ and where the term ‘Attorney General of the State of California’ is used it shall be deemed to mean ‘City Attorney,’ and where the term ‘State Treasurer’ is used it shall be deemed to mean ‘City Controller.’ The revenue bonds issued hereunder shall be known as ‘Revenue Bonds of the Port Commission of San Francisco.’
hours, benefits and terms and conditions of employment; and it shall be final and binding on the parties to the dispute, including the City and County of San Francisco, its commissions, departments, offices and employees. No other actions or procedural steps to confirm or approve the decision of the arbitration board shall be permitted or required; provided, however, that the City and County of San Francisco, its designated officers, employees and representatives and the recognized employee organization involved in the dispute shall take whatever action that is necessary to carry out and effectuate the decision of the arbitration board.

(f) The expenses of any arbitration proceeding convened pursuant to these Charter sections, including the fee for the services of the chairperson of the arbitration board, the costs of preparation of the transcript of the proceedings and all other costs related to the conduct of the proceedings, as determined by the arbitration board, shall be borne equally by the parties. All other expenses which the parties may incur are to be borne by the party incurring such expenses.

(g) The impasse resolution procedures set forth in Section 8.590-5 shall not apply to:

1. any dispute or controversy concerning the San Francisco Police Department's crowd control policies;
2. any procedures or practices relating to the processing and disposition of complaints handled by the Office of Citizens' Complaints; or matters relating to disciplinary procedures that apply to disciplinary actions involving members of the San Francisco police department and fire department covered by these sections; or matters covered by Charter section 8.343; and
3. any rule, policy, procedure, order or practice which relates or pertains to the purpose, goals or requirements of a consent decree, or which is necessary to ensure compliance with federal, state or local anti-discrimination laws, ordinances or regulations.

In the event the City acts on a matter it has determined relates to or pertains to a consent decree, or in the event the City acts to ensure compliance with federal, state, or local anti-discrimination laws, ordinances or regulations, and the affected employee organization disputes said determination, that determination or action shall not be subject to arbitration.

8.590-6 Retiree Benefit Adjustments

No agreement reached by the parties and no decision of the arbitration board shall reduce the vested retirement benefits of retirees or employees of the fire department, police department or the airport police officers. Retirement and death allowances shall continue to be set and adjusted pursuant to Chapter Five of this Article, except that the amount to which said allowances are set and adjusted shall not be less than the amount said allowances would be if the salaries of the uniformed forces in the police and fire departments continued to be set pursuant to Charter Section 8.405. Any agreement or decision of the arbitration board altering vested retirement benefits shall be subject to the written approval of the individual beneficiaries thereof.

8.590-7 Preservation of Tax Benefits

(a) Sections 8.590-1 through 8.590-7, in their entirety, shall be subject to and limited by charter section 8.500 and any ordinances enacted pursuant thereto. Sections 8.590-1 through 8.590-7 shall be effective only to the extent that benefits authorized by or authorized pursuant to those sections do not have an adverse consequence on the tax treatment of benefits provided to any employee of the city and county.

(b) Any agreement reached by the parties or any decision of the arbitration board which authorizes a modification of any aspect of the retirement system or of any aspect of the provision for or delivery of retirement benefits shall not become effective until the following occur:

1. The retirement board, acting in its fiduciary capacity, forwards to the board of supervisors certification that implementation of the modifications presents no risk to the tax-qualified status of the retirement system. Such certification shall be based upon the advice of the general manager, the actuary of the retirement system, and any outside consultants that they may in their discretion retain; and
2. After having received the certification referred to in the previous paragraph and after having made its own independent finding based on clear and convincing evidence that implementation of the modifications presents no risk to the tax-qualified status of the retirement system and will not increase the taxes of city and county employees, the board of supervisors, by a three-quarters vote, enacts an ordinance making the modifications effective.

(c) Costs of any outside consultants retained by the city and county pursuant to this section shall be borne equally by the city and county and by the bargaining units concerned.
Police and Fire Bargaining and Arbitration

PROPOSITION D
Shall the wages, hours, benefits and working conditions for police officers, firefighters and airport police be set by collective bargaining, with disputes decided by final and binding arbitration?

YES 294
NO 295

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The salaries of police officers, firefighters and airport police ("safety officers") are based on a survey of salaries paid by other cities and counties. Retirement benefits and death allowances are set by the Charter. Other terms and conditions of employment are either specified in the Charter or set by the City after negotiations.

THE PROPOSAL: Proposition D is a charter amendment that would require the City and safety officer organizations to negotiate through collective bargaining wages, hours, benefits and working conditions ("terms of employment"). Proposition D would override any conflicting charter provision, ordinance or departmental rule except for certain provisions of the Retirement System.

If the parties cannot reach agreement, the disputed issues would be decided by binding arbitration. The parties would submit a last offer on each disputed issue to a board of three arbitrators. On each issue, the arbitrators would choose either the City's or employees' last offer based on a list of specified factors, including the cost of living, comparable wages and benefits paid in other districts, and consideration of the City's ability to pay. The arbitrators' decision would be final. The City could not change any existing term of employment until agreement is reached or the matter is resolved by arbitration.

Under Proposition D, retirement benefits and death allowances would be based on the higher of (1) salaries determined through collective bargaining or (2) salaries that would have been paid under the current salary survey process. Other aspects of retirement benefits could be changed by negotiation or arbitration, regardless of existing charter provisions.

Any agreement or arbitration decision that changes any aspect of the Retirement System would not go into effect until the City certifies that there would be no negative tax effect on employee benefits. Each affected individual could choose whether to accept the change.

A "YES" VOTE MEANS: If you vote yes, you want to make these changes to the way terms of employment are set for safety officers.

A "NO" VOTE MEANS: If you vote no, you do not want to make these changes.

Controller's Statement on "D"

Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there could be a cost effect, the amount of which, being dependent upon negotiation or arbitration, cannot be determined, but may be substantial.

How Supervisors Voted on "D"

On July 25, 1990, the Board of Supervisors voted 7-4 on the question of placing Proposition D on the ballot.

The Supervisors voted as follows:

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
Police and Fire Bargaining and Arbitration

PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION D

San Francisco police and firefighters put their lives on the line, but have no say in vital decisions about their jobs or well-being. As morale plummets and frustration increases, San Francisco is losing experienced and trained police officers.

With fewer experienced and motivated personnel on the front lines, PUBLIC SAFETY SUFFERS while San Francisco crime rises — with 837 more robberies so far this year, a 35.5% increase.

No other city in the nation treats its police and firefighters like the City and County of San Francisco. The City doesn’t provide dental care, or pay for family medical insurance; benefits are non-negotiable. Despite cost of living differences, San Francisco’s salaries are based on what Los Angeles, Long Beach, San Jose and San Diego pay safety employees.

Proposition D reforms this archaic system, putting San Francisco in step with all other major Bay Area cities by authorizing negotiating of employment issues. Proposition D will:

- Allow negotiation of benefits such as dental insurance at no cost to the City — in return for reduced pay increases over time.
- The current system prohibits reasonable solutions, even when both the City and employees agree.
- Be fair to the City, because it requires evaluation of San Francisco’s financial condition and ability to pay before setting annual wages and benefits.

(Note: The old system prohibits consideration of San Francisco’s financial condition in setting salaries.)

Your Board of Supervisors approves a City budget annually. Proposition D eliminates automatic increases based on Los Angeles salary raises, giving San Francisco flexibility to help meet critical needs and emergencies in bad years.

Vote YES ON PROPOSITION D to provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration. Vote YES for your police and firefighters, and for better public safety!

Supervisors voting for this argument may not agree with the measure, but agree the argument is accurate.

Submitted by the Board of Supervisors.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION D

Whenever we have to make tough choices that the police or fire unions don’t like, they say it’s political.

In our professional judgment, Proposition D will be a disservice to the Police and Fire Departments and a disservice to the taxpayers.

San Francisco cannot afford to have amateurs make public safety decisions.

Our retirees cannot afford to have their benefits taxed. Proposition D could do that.
San Francisco cannot afford to have arbitration awards take money from police and fire equipment to pay for costly new benefits.

Our police and fire personnel work hard for our city and do a good job. They deserve good pay and benefits. But Proposition D goes too far.

Please join us in voting NO on Proposition D.

Police Chief Frank Jordan
Fire Chief Frederick F. Postel
OPPONENT’S ARGUMENT AGAINST PROPOSITION D

Do not be deceived by Proposition D. Proposition D jeopardizes the city’s Retirement System, increases costs, and takes management authority away from the Police and Fire Chiefs. San Francisco voters rejected Proposition D in 1979. Reject it again.

Retirement System Jeopardized

The City Attorney has ruled that Proposition D threatens the City’s retirement system — possibly costing San Francisco taxpayers and retired workers hundreds of millions of dollars!

A Blank Check

There is no limit on how high salaries or benefits could soar. With State and Federal budget deficits ahead, we need to find ways to reduce the cost of government.

Unlimited Binding Arbitration is a Dumb Idea

At first, submitting disputes to an arbitrator sounds fair. But a closer look reveals major problems.

1. An arbitrator is not accountable — to the Police and Fire Chiefs, or the voters. The arbitrator makes the decisions, but San Franciscans have to live with the consequences.

2. An arbitrator is not qualified to make public safety decisions.

The police and fire Chiefs should decide how to balance the need for personnel, equipment, and benefits. Those are public safety decisions to be made by Chiefs — not amateurs.

3. The voters — not an arbitrator — should make final decisions. Once granted, some employee benefits can never be taken away — even by the voters.

The Chiefs Should Run the Police and Fire Departments

Last year, the Fire Chief wanted to hire more firefighters and purchase new fire trucks. The Fire Union wanted more overtime. San Francisco voters backed the Fire chief. This year, the Police Chief ordered more police officers to work uniformed street patrol. The Police Union criticized that.

Under Proposition D, the Chiefs’ decisions could be overruled. Don’t Be Deceived — Vote No on Proposition D.

Fred Postel
Fire Chief

Frank Jordan
Police Chief

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION D

Q. Why do the chiefs oppose this?
A. Because as political appointees, they must respond to political pressure, not just public safety needs.

But San Francisco’s former police chiefs and fire chiefs support Proposition D because it improves public safety.

Police and firefighters presently can’t negotiate. Under the current “take it or leave it” system San Francisco:

• lost 33% more officers this year than the usual average;
• is 164 officers short of previously-authorized staffing;
• has seen CRIME INCREASE 24% this year with fewer experienced and motivated police.

Don’t be misled:

1. “TAX IMPACTS” IS A PHONY ISSUE. No retirement system change is allowed unless the City certifies it “presents no risk to the tax-qualified status of the retirement system.” (Section 8.590-7)

2. COLLECTIVE BARGAINING WORKS. Although virtually every large city utilizes this process, arbitration has been used to resolve disputes only 5 times since 1985.

3. MANAGEMENT CONTROL PRESERVED. The current system jeopardizes the ability of chiefs to manage their forces, as high turnover reduces productivity and wastes training. Proposition D reduces turnover and allows those who risk their lives to discuss safety decisions. But the chiefs retain exclusive control over important management decisions — including crowd-control and discipline. (Section 8.590-5 (g))

4. PROPOSITION D CONTROLS SPENDING. Currently, San Francisco had no control over salaries. Under Proposition D, numerous standards must be met before San Francisco can increase wages, including consideration of the City’s financial condition. (Section 8.590-5)

VOTE YES on D for fairness and improved public safety.

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Collective bargaining and binding arbitration are basic labor issues.
We support Proposition D because it represents a return to a fair and equitable form of labor relations. This measure will accomplish what the years of discussions, study groups and commissions have failed to do — return San Francisco to a flexible system of contract negotiations for Police and Fire personnel.

As miscellaneous employees, we share a major problem with the police and fire employees. We don’t have basic health benefits such as a dental plan or dependent health care. The current system, according to the Mayor’s Task Force on Family Policy, lacks the flexibility needed to respond to San Francisco’s families. It is time to modernize San Francisco government. Vote YES on D!

Shirley Black, President
United Public Employees Local 790, SEIU
Paul Varacalli, Executive Director
United Public Employees Local 790, SEIU

Collective bargaining, with disputes being clearly and reasonably resolved through binding arbitration, will improve the morale of our safety personnel. Vote YES on D.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Vote Yes on D! Support fairness for our police and firefighters.

Carole Migden
Candidate, Board of Supervisors

FORMER CHIEFS SAY:
BOOST POLICE AND FIRE FIGHTING PRODUCTIVITY
— VOTE FOR PROPOSITION D!
THE PROBLEM: Declining morale threatens to cripple our police and fire department productivity. Recruitment and retention of quality people to cope with fires, emergencies and soaring crime is getting tougher.

San Francisco denies police and firefighters basic collective bargaining and arbitration rights held by their counterparts in all other major Bay Area cities — and most of America’s largest cities.

The City’s present system prohibits incentives for bilingual abilities or education above high school — despite the challenges of serving San Francisco’s diverse cultures.

The issue goes beyond fairness. The current Charter seriously jeopardizes the ability of police and fire chiefs to manage their forces. We’re losing experienced police officers to other cities at the highest rate in our history, 33% higher than average. The high turnover contributes to the crime rate, squanders our training investment, and costs us seasoned officers.

San Franciscans are justly proud when our firefighters and police spring into action during a crisis — like the latest earthquake. But when the smoke clears, we cannot turn away from the men and women who perform so heroically.

THE SOLUTION: Proposition D helps solve this problem. Proposition D would:

• Allow police and firefighters a voice in decisions about their safety and well-being.
• Provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration.

Negotiation and arbitration have proven their effectiveness in cities across the nation. So why are we continuing to operate the police and fire departments of the country’s most progressive city like a medieval village? VOTE YES ON PROPOSITION D!

Jo Dolty, Police Commissioner (1980-1986)

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Public safety depends on treating our public safety employees fairly.
BART and other public agencies keep good employees in their service by engaging in fair and open collective bargaining, along the lines of Proposition D.
San Francisco should emulate the successful record of its fellow public agencies by adopting such practices.

Public safety demands it!
Vote “YES” on “D”.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committee member/BART Board Candidate

We are former city officials with many years of budgetary experience with the City and County of San Francisco. In the public interest, we offer this nonpartisan analysis of Proposition D.

PROPOSITION “D” PROTECTS THE CITY’S BUDGET: Let us leave aside the arguments of fairness to people who risk their lives for our safety, and focus on the cold hard financial concerns of officials who have to balance the City’s budget while adequately compensating firefighters and police officers.

We’re sitting on a time bomb. The current San Francisco charter requires automatic wage increases based on pay rates in four California cities including Los Angeles, Long Beach and San Diego.

Let’s use common sense. What happens if the Bay Area goes into a recession while Southern California’s economy booms? Our city budget could go out of control — under present law.

Proposition D eliminates that fiscal danger by 1) abolishing automatic pay hikes and 2) ensuring that the City’s ability to pay is taken into account in decisions on benefit and wages.

Proposition D is good, solid public policy already used in the nation’s major cities. It doesn’t solve all of the City’s budget problems. But it does eliminate one more potential fiscal headache.

Public officials in the government arena unfortunately sometimes make policy statements in response to political pressures, despite a proposal’s merits. As former city officials, we have no interest in this issue other than the public interest. Proposition D in our opinion restores a strong measure of sanity to the budgetary process.

Please join us in a “YES” vote on PROPOSITION D.

John L. Molinari
Former President and Member,
San Francisco Board of Supervisors
Tom Scanlon
Treasurer, Retired, City and County of San Francisco
Joseph L. Alioto, Former Mayor

As a former San Francisco Police Commissioner, I find it frightening to examine recent statistics on violent crimes in San Francisco. Through August 11, 1990, San Francisco has had:
• 1,234 more robberies this year than during the same period last year (a 48% increase);
• 16 more homicides (up 31%);
• 31 more rapes (up 13%), and
• 154 more aggravated assaults (up 6%).

While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.

Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:
• lack of dental care;
• no family medical insurance;
• poor working conditions;

• lack of educational incentives.

Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”

Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in 15 of the nation’s 20 largest cities. It’s a proven and effective system that brings labor peace and improves police morale.

San Francisco police lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.

A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Jo Daly
Police Commissioner (1980-1986)
PAID ARGUMENTS IN FAVOR OF PROPOSITION D

WE SUPPORT PROPOSITION D
San Francisco has pressing budget priorities — providing AIDS/ARC services, assistance for the homeless, and affordable housing. Yet San Francisco is currently locked into a wage formula based solely on pay levels set by Los Angeles and other California cities.

PROPOSITION D IS A STEP IN THE RIGHT DIRECTION.
Proposition D abolishes the mandatory pay formula for police and firefighters and provides San Francisco the budgetary flexibility necessary to deal with emergency needs.
Proposition D ensures the City’s ability to pay is considered before setting salaries and benefits. At the same time, it is fair to public safety employees because it allows for negotiations in determining compensation.
San Francisco has critical requirements that we cannot ignore. We need the budgetary flexibility that Proposition D will allow.
Join us in voting YES on Proposition D.

Ernest "Chuck" Ayala, San Francisco Community College Board
Carole Migden, Chair, San Francisco, Democratic Party
Mitchell Omerberg, Director of Affordable Housing Alliance

As Mayor of San Francisco for over nine years, public safety and law enforcement were among my top priorities.
Consequently, I was alarmed to examine the most recent report on violent crimes in San Francisco. For this year alone through August 11, 1990, San Francisco has suffered:
• 1,234 more robberies than during the same period of last year (a 48% increase);
• 16 more homicides (up 31%);
• 31 more rapes (up 13%), and
• 154 more aggravated assaults (up 6%).
While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.
Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:
• lack of dental care;
• no family medical insurance;
• poor working conditions;
• lack of educational incentives.
Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”
Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in most of the nation’s largest cities. It’s also a system that has proven its effectiveness in other Bay cities over the last ten years, bringing labor peace and improving police morale.
San Francisco police and firefighters lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.
A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Dianne Feinstein
Former Mayor of San Francisco
PAID ARGUMENTS IN FAVOR OF PROPOSITION D

FISCAL ANALYSIS OF PROPOSITION D
by John C. Farrell
Controller, City and County of San Francisco, 1974-1989
I believe there are compelling fiscal reasons for reforming the City’s existing method of compensating police and firefighters by passing PROPOSITION D.

PRESENT LAW:
- Prohibits consideration of the City’s ability to pay for any proposed wage and benefits increases.
- Denies policy makers flexibility needed to tailor benefits to emergencies and changes affecting the City’s budget.
- Locks the City into a wage formula based on Los Angeles and San Diego pay levels for police and firefighters.
- Fails to take cost-of-living differences among various cities into consideration in calculating automatic pay increases.

PROPOSITION D WOULD:
- Mandate consideration of the City’s ability to fund — without additional burden to taxpayers — wage or benefit hikes. Disputes would be resolved by independent, professional arbitrators.
- Establish a method for fairly adjusting levels of compensation needed to retain competent people — without busting the budget. Until we can find means of providing family medical care for police and firefighters, we will continue to lose experienced officers.
- Give San Francisco’s elected officials the ability to negotiate sensible changes in compensation packages. For example, pay increases reductions could be negotiated in return for family medical care — at no extra cost to the city.
- Free San Francisco budgets from outside control. As ridiculous as it sounds, officials in Los Angeles now have more control over this part of the city’s budget than our own representatives.
- Bring San Francisco a fiscally responsible system that is enjoyed by every other major Bay Area city and most American cities.

Stewards of the City’s budget need a more rational method of matching San Francisco’s needs with treasury resources.

Let’s restore some sanity to the process. VOTE FOR PROPOSITION D.

John C. Farrell
Controller, City and County of San Francisco, Retired

YES ON PROPOSITION D

Proposition D is fair both to the City and to the public safety employees. It would abolish the current pay system for police, fire and airport safety personnel, which is based exclusively on what other cities pay their safety employees. This process would be replaced by collective bargaining with a provision for binding arbitration in the event of an impasse. Proposition D would also prohibit strikes.

Collective bargaining has always been a sound principle of employee/employer relationships. Proposition D would allow the City and its safety personnel to sit down together and agree on wages, benefits and working conditions, taking into account the uniqueness of San Francisco. The provision for arbitration in the event of an impasse and the prohibition on strikes will guarantee fair and equitable treatment of our taxpayers and safety personnel and at the same time would eliminate the danger of any work stoppages.

That’s why I strongly support Proposition D which is a concept I have supported consistently for more than 25 years.

John Burton, Member of the Assembly

PROTECT CIVIL RIGHTS: VOTE “YES ON PROPOSITION D”

We have examined Proposition D and find it strengthens protection of vital civil rights as well as the rights of working people. Under the sponsorship of the Board of Supervisors, these protections were included in the charter amendment:
- Affirmative Action. Employment rights of women and minorities, and policies designed to ensure compliance with local, state and federal anti-discrimination laws and regulations are protected by Proposition D.
- Petitioning Rights. Crowd control policies designed to ensure that local law enforcement does not interfere with the rights of peaceful demonstrators are protected.
- Complaints Procedures. Proposition D would not interfere with complaints processed by the Office of Citizens’ Complaints or with disciplinary actions involving police of firefighters.

Proposition D protects the fundamental human right of police and firefighters to unionize — without endangering public safety or encroaching on the rights of others. PROPOSITION D MERITS YOUR SUPPORT.

Croce Casciato, Latino Police Officers Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Police and Fire Bargaining and Arbitration

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

The San Francisco Labor Council and its member unions strongly support a "YES" vote on Proposition D.

Labor has long supported collective bargaining and binding arbitration for police and firefighters.

Arbitration is the preferred method of resolving disputes for emergency personnel, even if this sometimes means treating police and firefighters differently than other municipal employees. The difference is that they do not have access to the right to strike accorded other employees.

Twenty-six (26) states have similar legislation, as do several Bay Area cities. A vote for Proposition D will include San Francisco in this growing list of progressive cities.

WE ALSO WANT TO REFUTE A PHONY ISSUE RAISED BY OPPONENTS. The unions representing City Employees have as great an interest in preserving the tax-exempt status of the retirement system as anyone. We have concluded that Proposition D poses no threat to the retirement system.

WE URGEO YOU TO READ THE FOLLOWING PROTECTIONS INCLUDED IN PROPOSITION D:

• The Board of Supervisors can take actions necessary to preserve the tax-exempt status of the retirement system.
• The initiative is effective only to the extent that it does "not have an adverse consequence on the tax treatment of the City and County."
• The Retirement Board must certify that implementation "presents no risk to the tax-qualified status of the retirement system."
• The Board of Supervisors must independently determine by a three-quarters vote that there is "no risk."

Every city in the nation would be endangered before San Francisco incurred any risk.

Walter Johnson, Secretary-Treasurer, San Francisco Labor Council
Leroy King, ILWU
Larry Marlin, Transport Workers Union
Stanley Smith, Secretary-Treasurer Building Trades
Sherri Chiesa, Hotel / Restaurant Employees Union
Paul Varacalli, Executive Director, United Public Employees, Local 790
Robert Morales, Secretary/Treasurer, Teamsters Local 350

VOTE YES ON PROPOSITION D

As Democrats, we believe it is only fair that San Francisco's working people have a voice in decisions affecting their jobs.

PROPOSITION D IS FAIR TO BOTH THE CITY AND PUBLIC SAFETY EMPLOYEES. Proposition D abolishes the current system that sets San Francisco salaries based exclusively on what Los Angeles, San Diego, San Jose and Long Beach pay — while ignoring the City's needs and budget.

Proposition D protects our budget in difficult years. Proposition D requires consideration of the City's ability to pay before setting wages and benefits — providing important protection for crucial city services for AIDS victims, the homeless and youth.

THE CITY'S CURRENT SYSTEM IS UNFAIR. In addition to poor working conditions, San Francisco police and firefighters receive:

• no dental benefits;
• no family medical care;
• no bilingual incentives;
• no educational assistance.

Unlike most cities, our public safety employees are prohibited from negotiating over benefits and working conditions — they can either take it or leave it.

Increasingly, police are leaving: San Francisco is losing 33% more officers to other cities than ever before. The lack of motivated and experienced officers contributes to rising crime in our neighborhoods — up 24% over the first seven months of 1990 — including 1,234 more robberies alone.

We strongly support Proposition D because it is based on fairness in the best traditions of the Democratic party.

PAID ARGUMENTS AGAINST PROPOSITION D

Proposition D is an irresponsible proposal that will reduce public protection for citizens of San Francisco. It will allow someone from outside San Francisco with no knowledge of our city or city finances to decide how we will spend tens of millions of dollars with no voice from our voters.

As a former sheriff and police chief, I know this proposal will result in fewer dollars going for the efforts that prevent crime. We will have fewer police and cuts from every other city department and service to city residents. The existing formula approved by voters in the mid-1970s has worked well and resulted in labor peace and saved taxpayers millions of dollars.

Protect public safety. Vote NO on Proposition D.

Supervisor Richard D. Hongisto

Protect public safety. Vote NO on Proposition D.

Supervisor Richard D. Hongisto

Proposition D puts our retirement system at risk. Proposition D overturns longstanding police and fire policies, city laws, and Civil Service rules. Laws protecting against INS harassment and policies prohibiting the use of rubber gloves at AIDS demonstrations or limitations on intelligence gathering are in peril.

Proposition D sets up an expensive new bureaucracy. A recent arbitration in Redwood City took more than a year, left 84 issues in limbo, and required 3,000 pages of testimony.

Proposition D jeopardizes civilian oversight.

Proposition D takes away fiscal accountability.

Proposition D is the wrong idea at the wrong time. Let's do collective bargaining right.

Vote No on Proposition D.

Mayor Art Agnos
NOTE: These sections are entirely new.

PART NINE: IMPARTIAL ARBITRATION OF WAGE AND BENEFIT DISPUTES FOR THE FIRE DEPARTMENT, POLICE DEPARTMENT AND AIRPORT POLICE OFFICERS

8.590-1 Declaration of Policy

It is hereby declared to be the policy of the City and County of San Francisco that strikes by firefighters, police officers and airport police officers are not legally permissible, and that a method should be adopted for peacefully and equitably resolving disputes. It is the further purpose and policy of the City and County of San Francisco that in the event the procedures herein adopted are invoked by the City and County of San Francisco or by a recognized employee organization representing firefighters, police officers or airport police officers, that they shall supersede and displace all other formulas, procedures and provisions relating to wages, hours, benefits and other terms and conditions of employment found in this Charter, in the ordinances and resolutions of the City and County of San Francisco, or in the rules, regulations or actions of boards or commissions of the City and County of San Francisco.

8.590-2 Employees Covered

These sections 8.590-1 through 8.590-7, inclusive, shall apply to the several ranks of the fire department and police department as provided for in Sections 3.542 and 3.531 of this Charter, respectively, and to all of the classifications of airport police officers, jointly referred to in these sections as "firefighters," "police officers" and "airport police officers".

8.590-3 Prohibition Against Strikes

If any firefighter, police officer or airport police officer employed by the City and County of San Francisco engages in a strike as defined by Section 8.346(a) of this charter against the City and County of San Francisco, said employee shall be dismissed from his or her employment pursuant to Charter Sections 8.345 and 8.346.

8.590-4 Obligation to Negotiate in Good Faith

Notwithstanding any other provisions of this Charter, or of the ordinances, rules or regulations of the City and County of San Francisco and its departments, boards and commissions, the City and County of San Francisco, through its duly authorized representatives, and recognized employee organizations representing classifications of firefighters, police officers and airport police officers shall have the mutual obligation to negotiate in good faith on all matters within the scope of representation as defined by Government Code Sections 3500, et seq., relating to the wages, hours, benefits and terms and conditions of City and County employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of any negotiated agreement. Unless and until agreement is reached through negotiations between authorized representatives of the City and County of San Francisco and the recognized employee organization for the classifications of fire department, police department and airport police employees, or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for said fire department, police department or airport police employees shall be altered, eliminated or changed.

Agreements reached by the duly authorized representatives for the City and County of San Francisco, its departments, boards and commissions and the recognized employee organizations pursuant to this Section shall be binding on the City and County of San Francisco, and on its departments, boards, commissions, officers and employees once adopted by the board of supervisors. Said agreements shall supersede any and all other conflicting procedures, provisions and formulas contained in this Charter relating to wages, hours, benefits or terms and conditions of employment.

8.590-5 Impasse Resolution Procedures

(a) Subject to section 8.590-6(g), disputes or controversies pertaining to wages, hours, benefits or terms and conditions of employment which remain unresolved after good faith negotiations between the City and County of San Francisco, its departments, boards and commissions and a recognized employee organization representing firefighters, police officers or airport police officers shall be submitted to a three-member board of arbitrators upon the declaration of an impasse either by the authorized representative of the City and County of San Francisco or by the recognized employee organization involved in the dispute.

(b) Representatives designated by the City and County of San Francisco and representatives of the recognized employee organization involved in the dispute shall each select and appoint one arbitrator to the board of arbitrators within three (3) days after either party has notified the other (3) days after the date the dispute was declared an impasse under this section to proceed to arbitration. The third member of the arbitration board shall be selected by agreement between the City and County of San Francisco and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and County of San Francisco and the recognized employee organization involved in the dispute cannot agree upon the selection of the neutral arbitrator within ten (10) days from the date that either party has notified the other that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the City and County and the employee organization cannot agree within three (3) days after receipt of such list on one of seven (7) persons to act as the neutral arbitrator, they shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and chairperson of the arbitration board.

(c) Any arbitration proceeding convened pursuant to this article shall be conducted in accordance with, subject to, and governed by Title 9 of Part 2 of the California Code of Civil Procedure. The arbitration board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The arbitration board, in the exercise of its discretion, may meet privately with the parties, mediate or mediate-arbitrate the issues in dispute. The arbitration board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

(d) In the event no agreement is reached prior to the conclusion of the arbitration hearings, the arbitration board shall direct each of the parties to submit, within such time limit as the arbitration board may establish, a last offer of settlement on each of the remaining issues in dispute. The arbitration board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions, of public and private employment, including, but not limited to: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employment of employees performing similar services; the wages, hours, benefits and terms and conditions of employment of other employees in the City and County of San Francisco; and the formulas provided for in this Charter for the establishment and maintenance of wages, hours, benefits and terms and conditions of employment. The impartial arbitration board shall also consider the financial condition of the City and County of San Francisco and its ability to meet the costs of the decision of the arbitration board.

(e) After reaching a decision, the arbitration board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the arbitration board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the arbitration board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of the arbitration board, as it may be modified or amended by the parties, shall be publicly disclosed. Except as limited by Section 8.590-7, the arbitration decision, as it may be modified or amended by the parties, shall supersede any and all other relevant formulas, procedures and provisions of this Charter relating to wages,

(Continued on page 76)
Nuclear Free Zone

PROPOSITION E

Shall the Charter be amended to (1) prohibit the City, with certain limited exceptions, from doing business with or having investments in any company (or affiliate) engaged in any work on nuclear weapons systems or components; (2) prohibit nuclear weapons work in the City; (3) subject the transport of high-level radioactive materials to certain regulations; and (4) create a nine-member elected commission with specified powers to oversee this measure’s requirements?

YES 297
NO 298

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: In 1987, the voters approved Proposition U, a declaration of policy making San Francisco a nuclear free zone. The Charter currently contains no provision regarding the nuclear industry or nuclear materials.

THE PROPOSAL: Proposition E is a charter amendment that would prohibit the City’s doing business with any company or affiliate directly or indirectly engaged in any work on nuclear weapons systems (“nuclear weapons makers”) unless there is no reasonable alternative. Proposition E generally would prohibit the City’s having investments in “nuclear weapons makers,” and would restrict the ability of the City to invest in U.S. Treasury bills, notes and bonds. The City generally would be required to give preference to financial institutions that do not loan money or provide other financial services to “nuclear weapons makers”.

Proposition E would prohibit new nuclear weapons work in the City, phase out existing nuclear weapons work and prohibit the use of high-level radioactive materials. All those doing business with the City would be required to file detailed declarations so that the City could determine whether they are involved directly or indirectly in nuclear weapons work. The use of radioactive material for medical and other specified purposes would be allowed.

Those transporting high-level radioactive material through San Francisco would be required to notify the City, file transport plans and post warning signs on the vehicles and routes. It would be unlawful to transport certain high level radioactive materials through the Port or Airport. Food retailers would be required to label irradiated food if the City decides that such food is a public health hazard.

Proposition E would require the City to take certain other actions, including (1) developing a plan for converting “nuclear weapons work” to “peaceful, productive purposes”; (2) monitoring the use and transport of hazardous radioactive materials; (3) refraining from planning for the effects of nuclear war; and (4) developing a peace education program for San Francisco schools and the public. It would establish a City policy to minimize City purchases of electricity generated by nuclear reactors.

Proposition E would create a nine-member elected commission. The commission would oversee the Proposition’s requirements and have the power to place related measures on the ballot, accept and spend grant monies, hire staff, and oversee certain aspects of City purchasing.

Violation of the Proposition would be a misdemeanor.

A “YES” VOTE MEANS: If you vote yes, you want to adopt this charter amendment.
A “NO” VOTE MEANS: If you vote no, you do not want to adopt this charter amendment.

Controller’s Statement on “E”

Should the proposed charter amendment be approved, in my opinion, it could decrease the cost of government by an indeterminate and possibly substantial amount.

Implementation of this measure would require changes to City investment policies, procurement procedures and licensing and inspection practices, all of which may have cost impacts.

The proposed amendment would increase the Treasurer’s administrative costs by approximately $100,000 per year and limit the type and range of investments potentially available to the City. This restriction could reduce liquidity, increase risk factors and impact upon total investment yield. The amendment’s effect on investment yield cannot be precisely determined. However, by way of example, based on the present City investment portfolio maintained by the Treasurer, a 1½% shift in investment yield would affect revenues by approximately $6.5 million per year.

Revised purchasing procedures may range in cost from $300,000 to $450,000 per year. Additionally the measure would require City departments to perform additional inspection and regulation duties, the cost effect of which are indeterminate.

How “E” Got on the Ballot

On August 4, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition E to be placed on the ballot had qualified for the ballot.

39,978 valid signatures were required to place an initiative charter amendment on the ballot. (This number is equal to 10% of the registered voters at the time the notice of intent to circulate the petition was filed.)

A random check of the signatures submitted on July 25, 1990 by the proponents of the initiative petition showed that 48,859 of the signatures were valid, 8,672 more than the required number of signatures.
Nuclear Free Zone

PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION E

"... 'radwaste' could be to the 1990s what global warming was to the 1980s, as the world's nuclear-armed, nuclear-powered nations realize they've generated a Frankenstein legacy that may be impossible to escape."

— San Francisco Examiner (August 19, 1990)

The threats posed by nuclear weapons and waste loom larger with every passing day. Realizing this, in 1987 55% of San Francisco voters approved Proposition U, a policy initiative which declared our City a Nuclear Free Zone.

Proposition U was more than just a symbolic statement — it directed the Board of Supervisors to hold public hearings and pass ordinances to deal with specific nuclear dangers faced by San Francisco.

But while the Supervisors ignore the will of the voters by failing to even schedule a public hearing, the problems addressed by Proposition U get worse:

• Evidence continues to mount that we are slowly being poisoned by releases of radiation into the environment. Even though the International Commission on Radiological Protection recently admitted that current standards for "safe" exposure to radiation are three to four times too high, the U.S. Nuclear Regulatory Commission keeps pushing for large quantities of radioactive waste to be dumped like ordinary garbage.

• Despite the end of the Cold War, the Bush administration continues to squander billions on first-strike nuclear weapons. While the lack of a few million dollars forces San Francisco to cut health care, MUNI and other essential services, Bush insists that taxpayers foot the bill for the useless B-2 "Stealth" bomber, each of which costs $800,000,000.

San Francisco can and must act to address these problems. JOIN US IN VOTING YES ON PROPOSITION E!

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION E

The proponents of Proposition E would have us believe that anyone concerned about nuclear safety should vote for this absurd measure.

As their own argument notes, the nuclear issue is a national and even international one. In 1987 Proposition U put San Francisco on record against the nuclear arms race. The City can have little influence beyond making that statement.

Proposition E will harm the City by:

• Inviting costly lawsuits that the City will be forced to defend.
• Eroding a whole new layer of government bureaucracy.
• Jeopardizing radiation therapy for cancer patients within the City.
• Disrupting the City's ability to buy the best products at the most reasonable price.
• Forcing the City to neglect badly needed services and programs by requiring that already limited city funds be used to comply with this measure.

• Interfering with the operations of the Port and the Airport which could cost hundreds of jobs.
• Hurting small businesses more than larger ones by creating a new volume of paperwork for any company that wants to do business with the City.

If this measure sounds silly and wasteful, you're right.

As opponents of Proposition E, we want nuclear safety but we don't want a measure that causes these unnecessary problems. Vote NO on Proposition E.

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT'S ARGUMENT AGAINST PROPOSITION E

Proposition E is not about nuclear arms or nuclear safety. Proposition E is about increasing politics and government bureaucracy. We do not need to increase the government costs at a time when we're being forced to cut back vital city services.

Proposition E would create a new body of elected officials to interfere with City purchasing and investing, fees and permits at the Port, curriculum in the schools, the Police Department's ability to guarantee public safety, and the Board of Supervisor's control over the budget. This will cost millions of dollars!

Who pays? San Franciscans depending upon the City for services: MUNI riders, senior citizens, children, patients at San Francisco General Hospital, small businesses, people who want the Embarcadero Freeway replaced and reopened, taxpayers—all of us. Proposition E punishes San Franciscans, NOT nuclear weapons makers!

The creation of an expensive elected commission, with a staff to jeopardize the operation of City government is simply not a good idea. While these commissioners will rule on operations at the port, health care, food labeling, transportation, education, purchasing, and investing, there is no requirement that they have qualifications or experience in any of these areas.

When Oakland passed a similar measure, a judge ruled it was unconstitutional. In the meantime, the city's legal fees ran up to hundreds of thousands of dollars defending the measure. We cannot afford for that to occur here.

There are much more sensible ways for the City to express its concerns about nuclear weapons. Vote NO on Proposition E!

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY

---

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION E

Proposition E speaks for itself. Please read it. After you have, we think you'll agree the opposing arguments have no merit.

Frankly, the argument against Proposition E contains so many falsehoods and half-truths that it is impossible to refute them in this limited space. To list just one, how is it possible that Proposition E could have any effect on the replacement of the Embarcadero Freeway?

Who opposes Proposition E? The same corporations that pushed to fund the arms build-up of the 1980s by cutting funding for social services, education, health care, infrastructure replacement and all types of aid to local governments.

Now, these same corporations plan to spend over $500,000 in an effort to defeat Proposition E. Why? Not because they care about San Francisco, but because they know that Proposition E will work to derail their gravy train.

Ask yourself—what have Lockheed, Northrop and General Electric ever done for San Francisco? And while San Francisco struggles to find money for health care, these corporations are working in Washington to maintain funding for dangerous boondoggles like the Trident missile, the B-2 'Stealth' bomber and 'Star Wars.'

The money to fund these weapons doesn't come out of thin air—it comes out of our pockets. This year's federal arms budget cost every man, woman and child in San Francisco $1200, including $250 for nuclear weapons systems alone.

For more information about Proposition E, or to help the campaign, please call us at 397-1458.

Nuclear Free Zone

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Radiation released by nuclear technologies has had a fearsome effect on the environment and human health.
Local government must act to regulate the nuclear industry because other levels of government have shown an unwillingness to do so effectively.
San Francisco will have a safer, cleaner environment if this measure is adopted.

Vote YES on E.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

In 1987, we actively supported Proposition U — the Nuclear Free Zone Initiative — which passed by an overwhelming margin!
City officials did nothing to implement Proposition U
With glasnost, and disintegration of the Eastern Bloc, there is no valid reason why our nuclear arsenal should be increased.
More pressing needs exist for scarce public funds — such as AIDS research, affordable housing, and transit improvements.

Vote “YES” on “E”.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committee member/BART Board Candidate

President Eisenhower said, “People want peace so much that one of these days governments had better get out of the way and let them have it.” That day has come in Eastern Europe. Yet here in this country, nuclear weapons production continues to ESCALATE. It’s hard to believe, isn’t it?
Because of the unholy alliance between Congress (millions in campaign contributions) and the nuclear weapons makers (billions in contracts), we, the people, are forced to accept catastrophic peril, environmental degradation, social sacrifice, and economic decline.

Gandhi said, “Noncooperation with evil is a duty.” We believe this. He also said, “Live the change you want for the world.” We believe San Francisco wants to live that change by adopting a new ethic for our city government. If you agree, vote YES on Proposition E.

Jack Morrison (Former San Francisco Supervisor)
Regina Endrizzi (Regional Manager, Buffalo Exchange Stores)

Nuclear Free Zone or National Sacrifice Zone?
From Hanford, Washington to Rocky Flats, Colorado to Fernald, Ohio to Savannah River, South Carolina to Lawrence Livermore Lab, California to the Farallon Islands — right in our backyard — nuclear weapons development and production have produced hundreds of billions of gallons of radioactive wastes, affecting people’s health and safety throughout the U.S.
Hazardous radioactive materials regularly travel our streets, highways and skies. Yet, despite the lengthy record of serious accidents and official government neglect, these dangerous materials move without public notice, without adequate safety precautions, and without the knowledge of local officials.

Vote YES on Proposition E to change this unjustifiable and unacceptable situation.

Mark Linenthal (Professor, San Francisco State University)
Ross Mirkarimi (Green Party of California)
PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Nuclear weapons cost jobs.
Aside from threatening our health, our environment, and our future, money spent on such weapons produces far less employment than the same amount invested in community needs.
Now would be the perfect time to cash in on our "peace dividend." But instead, the nuclear weapons industry continues to selfishly protect its profits.
It's no coincidence that many of the largest nuclear weapons contractors have compiled some of the worst labor records in the country. At the same time, they actively lobby Congress to further restrict the rights of labor, including basic workplace safety and the right to organize.
Proposition E mandates a peace conversion plan to replace the jobs that will be eliminated by pending military spending cuts and base closures, and encourages the further demilitarization of our economy.
For jobs, peace, the environment, and a healthier future, vote YES ON E!

John Moran (West Bay Coordinator/Organizer, International Association of Machinists and Aerospace Workers)

The nuclear arms race is bad for small business in San Francisco. During the 1980's, federal programs in support of small business were slashed while spending for nuclear weapons systems such as "Star Wars" and the B-2 "Stealth" bomber swelled to unprecedented levels. At the same time, arms spending caused the federal budget deficit to mushroom out of sight, resulting in a decreased supply of private loan money for small business.
The indirect costs have been just as severe. Small business has been burdened with the extra taxes needed to balance the City's budget while simultaneously being forced to cope with the consequences of decreased City spending — increased homelessness, rampant drug use, deteriorating infrastructure and the like. Instead, for the cost of a single B-2 bomber, approximately $800,000,000, San Francisco's budget problems would be solved for years to come.
A vote for Proposition E is a vote to change this intolerable situation. We can and must take control of our economic destiny.
Please join us in voting Yes on E.

Bill Banning (Owner, Roxie Cinema)
Gregory and Clare Wood (Owners, Forest Books)
Toufik (Owner, Jawad Cafe and Deli)
Fred Zarour (Manager, Little Market)

The American Friends Service Committee endorses Proposition E, the San Francisco Nuclear Free Zone Implementation Initiative. It is a powerful way for the people of San Francisco to say "No, not here, not in our name!" to the madness of the nuclear arms race. If Proposition E is passed, San Francisco will join the over 4,500 Nuclear Free Zones in 23 countries around the world in withdrawing our support, consent and cooperation from the nuclear arms race and the nuclear industry.
With the ending of the cold war, the people of the world are crying out, "Stop producing the weapons of war. Instead, spend our tax dollars on schools, housing, adequate health programs and cleaning up the environment." Our security and well-being are much more dependent on funding programs to meet the needs of our citizens than on continuing the insane nuclear arms race which has resulted in the U.S. building enough nuclear weapons to kill every person on earth many times over.
We urge the people of San Francisco to join this world-wide movement not just with our words, but with our deeds! Vote Yes on E.

Roy P. Allen (Executive Secretary, American Friends Service Committee)
PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Is Bay View-Hunters Point a “national sacrifice zone” for radiation experiments? The answer may be yes.

Following U.S. government atomic bomb tests in the 1940’s and 50’s, about 100 radioactive test ships were “decontaminated” at Hunters Point Naval Shipyards, just south of downtown San Francisco. Now, although the ships are long gone, the toxic residue of the decontamination remains in storage at the shipyard.

A Congressional study shows that the Navy repeatedly exposed the sailors involved to dangerous levels of radiation, often without even informing them. Their average life expectancy is 22 years less than the general population, and their children have a birth defect rate more than four times the national average.

These are chilling statistics indeed. Yet, shockingly, no study has been done on the effects of radiation exposure on Bay View-Hunters Point.

Passage of Proposition E is San Francisco’s insurance policy to guard against a repetition of this inexcusable episode. Just as importantly, Proposition E mandates the needed radiation exposure studies.

The future of our community is at stake. Please join us in supporting Proposition E.

Espanola Jackson (President, District 7 Democratic Club, Bayview-Hunters Point)
Sam Murray (Chairman, Chemical Toxic Waste Committee, District 7 Democratic Club)

Nuclear weapons spending is killing us.

Out-of-control arms spending takes desperately needed money away from education, housing, health care, and other vital programs. Hardest hit are the poor, who are disproportionately people of color.

While our government wastes billions on weapons too destructive to serve any real defense needs, thousands of our friends and neighbors are dying of AIDS.

Proposition E, puts real pressure on corporations that promote nuclear weapons for the profit of a few at great expense to so many.

Pat Norman

We write as members of San Francisco’s religious community to urge that you support Proposition E.

The nuclear arms race does grave harm. Its continuation, however, depends on the acquiescence of the majority of citizens. It is time for San Francisco to say “No!” to such misplaced priorities. The results of inaction are catastrophic nuclear war, or a devastating nuclear accident that would leave San Francisco an uninhabitable radioactive waste heap. So let us stand “in defense of creation.” Resist the unholy march toward war and environmental destruction. Vote YES.

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

The San Francisco Nuclear Free Zone Implementation Initiative intends to ensure that the earlier passage of the 1987 Nuclear Free Zone is enforced. The 1990 Initiative contains added features, including an important proviso establishing an elected commission to assure compliance with the people's demand for a Nuclear Free Zone. In effect, this Initiative follows the prophecy articulated by President Dwight Eisenhower in 1959, when he said:

"I like to believe that the people in the long run are going to do more to promote peace than our governments. I think the people want peace so much that one of these days governments had better get out of their way and let them have it."

In a democracy, the legal and moral authority rests directly with the people. I urge the people of San Francisco to become direct peace enforcers by voting for the Nuclear Free Zone Implementation Initiative on the November 1990 ballot.

S. Brian Willson

PAID ARGUMENTS AGAINST PROPOSITION E

We, as San Francisco Democratic party leaders oppose Proposition E. It will cost the City millions of dollars and create an unnecessary elected bureaucracy.

We do not condone or support the nuclear arms race. Unfortunately, Proposition E does nothing to change the arms race or punish nuclear weapons makers. Instead, it will punish those San Franciscans that depend upon the City's budget for services. Money spent to implement Proposition E will take money away from programs for senior citizens and children, health care, police and fire protection, public transportation, mental health, and the homeless.

We support peace, not Proposition E. Vote NO!

Leslie Katz
Matthew J. Rothschild
Natalie Berg
Bob Geary
Adrian Bermudes, Jr., President Latino Democratic Alliance
Greg Day
John J. Figone

The City has better things to spend money on than a costly nuclear free zone bureaucracy.

We all want to eliminate the possibility of nuclear war. We all want nuclear materials handled safely. The city's voters expressed their views on this with Prop. U in 1987.

Proposition E is something altogether different. It is a costly proposal that undermines the city's existing services by forcing the City to spend millions of dollars a year on administrative costs and more expensive goods and services.

Its efforts to prohibit anything nuclear in San Francisco are so extreme and so ill-conceived that if it passes cancer patients could be forced to go to hospitals outside the city limits to receive radiation treatments.

There are important issues that the City should be addressing.

AIDS, housing and replacing the Embarcadero Freeway are among the top priorities that demand our City's immediate attention. These are specific problems that affect the daily lives of San Francisco residents. These programs are where our scarce city funds should be spent.

Nuclear safety is most important but let's concentrate San Francisco's efforts on things that it can do something about.

Art Agnos, Mayor, City and County of San Francisco
Mauri Schwartz
Willie B. Kennedy, Supervisor

PAID ARGUMENTS AGAINST PROPOSITION E

Do we really need another level of bureaucracy with more high-paid staff to feed it?
This initiative will cost the City at least $7 million per year.
It jeopardizes funding for health care, police, and firefighters.
It will cripple businesses at the Port, small businesses, and all city contractors.

VOTE NO ON PROPOSITION E.

Supervisor Bill Maher

Vote NO on Proposition E!
San Francisco cannot afford a new nine-member elected commission and another costly bureaucracy. This commission would have the power to revoke business licenses, regulate City investments, approve City purchases, and impose a curriculum upon our schools.
Our City has more than enough real problems and not enough money to deal with them.
We don’t need this new bureaucracy wasting $7 million a year of taxpayers’ money on issues the federal government already controls.

We urge you to vote NO on Proposition E.

San Francisco Taxpayers Association
W.F. O'Keeffe, Sr., President
William E. Grayson, General Counsel, S.F. Republican Central Committee
Harold M. Hoogasian, President, Hoogasian Flowers Inc.

There’s a big difference between preventing the use of nuclear materials that could endanger people and preventing the use of nuclear materials that help save people’s lives.

We oppose Proposition E because it is so broad and ambiguously worded that it could well prevent cancer patients from being treated with radiation therapy. The initiative exempts “nuclear medicine” but its authors do not understand the meaning of their own language. The field of nuclear medicine does not apply to the external applications of radiation which include radiation therapy. Why should we have to tell cancer patients to seek treatment outside San Francisco?

Proposition E is an unnecessarily costly measure. Please vote NO on Proposition E.

Proposition E is fiscally irresponsible and will cost us MILLIONS of dollars!
It’s one thing to oppose nuclear war, but it’s quite another to prevent the City from investing tax money most wisely: in U.S. government securities. The City’s ability to earn high interest yields with maximum safety and flexibility will be seriously jeopardized if Proposition E passes.

Proposition E may prevent the Purchasing Department from buying needed goods and services at the cheapest price.
Proposition E puts irresponsible restrictions on San Francisco’s Treasury — we simply cannot afford it.

Mary I. Callanan, S.F. Treasurer
Rudolph Nothenberg, Chief Administrative Officer

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION E

No one would argue against a measure that would protect us from nuclear war or peacetime nuclear accidents. If that is what Proposition E was all about, we would give it our full support.

Proposition E is not about a safe world. It is about a new costly bureaucracy that would make it harder for business people, especially small businesses, to get contracts with the City. It is about nine new elected officials — a second Board of Supervisors which we don’t need. It is about $7 million in costs and lost revenue to the City each year.

If Proposition E passes there will be a whole new set of qualifications, a whole new set of procedures and a whole new set of forms to fill out in order to sell products or services to the City. And, if you sell typewriters or computers made by IBM; cars made by GM, Ford or Chrysler; police radios made by Motorola; or even banking services from a bank that also provides banking services to a company that is at all involved in nuclear defense, forget it. The City will find it very difficult if not impossible to buy these products and services.

This measure is simply absurd. There is absolutely nothing in it that makes nuclear materials safer. It would only make life harder and divert our attention from the problems that already face us as citizens, taxpayers and small businesses.

Donald D. Doyle, Acting President, San Francisco Chamber of Commerce
Victor G. Makras
Jim Lazarus, Vice President, S.F. Chamber of Commerce
Mark Buell, Vice President, Southwest Diversified
Richard B. Morten, Group Account Manager

We Republicans agree that there are legitimate environmental concerns regarding the proper handling and disposal of nuclear materials and waste. These nuclear concerns are too serious to be handled at the local level. Any local attempt to do so will result in a new bureaucracy with new, costly reporting requirements. It will require increased taxes in the midst of San Francisco’s budgetary crisis. The proposition will also add to an already negative business climate in the City.

The San Francisco Republican County Central Committee urges you to vote NO on Proposition E!

SECTION 10.100: NAME
This Article of the City Charter shall be known and may be cited as the San Francisco Nuclear Free Zone Implementation Act of 1990.

SECTION 10.101: PURPOSE
The purpose of this Act is to enable the people of San Francisco to contribute to the creation of a peaceful and healthy world by giving substance, meaning and effect to San Francisco's status as a Nuclear Free Zone. Its major provisions will:

A. Prohibit nuclear weapons work within San Francisco (see Section 10.103);
B. Make San Francisco's economy less dependent on spending for nuclear weapons and other armaments by instituting a plan to convert activities that are dependent on such spending to peaceful, productive purposes (Subsection 10.104(B) and Paragraph 10.104(C)(4));
C. Prohibit the government of San Francisco from planning for or cooperating in planning for nuclear war (Section 10.105);
D. Establish a citizen's right to know about nuclear weapons work taking place in San Francisco (Section 10.106);
E. Require the government of San Francisco to minimize its contracts with and investments in the nuclear weapons industry (Sections 10.107 and 10.108);
F. Restrict, monitor and increase public awareness of the transportation and use of hazardous radioactive materials within San Francisco (Sections 10.109 through 10.112);
G. Prohibit nuclear reactors, food irradiation plants and all similar facilities within San Francisco (Section 10.110);
H. Require labeling of irradiated food sold in San Francisco if it is determined that such sales constitute a public health hazard (Section 10.113);
I. Require the development of a peace education program, for the general public and the schools, in order to inform the people of San Francisco about the issues, threats and solutions addressed by this Act (Section 11.114);
J. Establish a Hiroshima/Nuclear Free Zone Commemoration Day marking the first use of a nuclear weapon against a civilian population (Section 11.115); and
K. Create an elected San Francisco Nuclear Free Zone Implementation Commission to administer this Act (Section 11.119).

SECTION 10.102: FINDINGS
The people of San Francisco find and declare that:

A. The nuclear arms race poses an intolerable threat to the earth and its living systems, to humanity in general, and to the people of San Francisco in particular;
B. Due to the annihilation of civilian populations that would result inevitably from any use of nuclear weapons, the very possession of such weapons constitutes violations of international laws such as the United Nations Charter and the Geneva Convention; as treaties which the United States has signed and ratified, each of these should be accorded status under Section VI of the United States Constitution as "the supreme law of the land"; if the world is to avoid nuclear war, the United States government must begin to exercise moral leadership by complying with international law rather than continuing to ignore such law in exchange for short-term political, economic and military advantages;
C. Although San Francisco will be a prime target in the event of a nuclear war, there is no means of protection from the consequences of such a war; the people of San Francisco, especially children, are frightened, depressed and disturbed by having to face such a threat on a daily basis; the San Francisco government can and therefore must act to mitigate this threat;
D. The security requirements accompanying nuclear weapons threaten the civil liberties of the people of San Francisco and restrict the freedom of information necessary to make decisions concerning the future of the community; examples of this are the recent revelations of the forty-year cover-up of environmental problems at the federal government's nuclear weapons production facilities and the ongoing refusal of the Navy to admit the presence of nuclear weapons in San Francisco Bay, which prevents local agencies from making appropriate emergency plans;
E. Threats to use nuclear weapons are an integral part of the foreign policy of the United States; since 1948, this country's leaders have threatened to use nuclear weapons in Europe, the Middle East, Asia and the Caribbean in order to protect military and business interests; the Nuremberg principles hold individuals accountable for crimes against humanity such as 'would be constituted by use of nuclear weapons; a threat to commit a crime against humanity must be seen in the same light as the crime itself; therefore, the people of San Francisco must act to end this criminal policy that is being carried out in their name, a policy which, if continued, will result in global death and destruction;
F. Nuclear reactors, food irradiation plants, spent fuel reprocessing plants, uranium mines and related facilities form a so-called "nuclear fuel cycle"; in continuing to promote this deadly cycle despite the lack of a safe means for disposing of nuclear waste, the Federal government and the government-subsidized nuclear industry ignore the mounting evidence that continuation of such activities will lead to ecological catastrophe; furthermore, each component activity of the nuclear fuel cycle harms the health and safety of its workers and of the residents of surrounding communities;
G. Even if nuclear weapons are never again used, exposure to hazardous radioactive materials continues to cause increased rates of cancer and birth defects; scientific studies have shown definitively that there is no safe level of exposure to radiation; the transportation, storage and handling of nuclear weapons and other hazardous radioactive materials, much of which occurs without the knowledge of local health and safety officials, therefore poses a serious threat to the health and safety of the people and workers in San Francisco;
H. Nuclear reactors pose similar threats of exposure to hazardous radioactive materials, including the threat of catastrophic accidents such as the ones at Three Mile Island and Chernobyl; San Francisco in particular is threatened by the large nuclear reactors on board the Navy vessels that continually travel through San Francisco Bay and by work done on such vessels at the Hunters Point shipyard;
I. Food irradiation is a potentially harmful new technology that has not been properly evaluated and about which there is substantial controversy; food irradiation plants use substantial quantities of hazardous radioactive materials and, moreover, the irradiated food itself undergoes chemical changes that have not been shown to be safe;
J. On the average, a dollar spent for armaments produces less employment than the same dollar spent for civilian purposes; the federal budget's emphasis on arms purchases, including nuclear armament purchases, directly reduces federal funding to local governments for transportation facilities, infrastructure replacement, low-cost housing, health care, education and other essential programs; the nuclear arm's race thus deprives the people and workers of San Francisco of jobs and social services;
K. Local economies that are heavily dependent on arms spending have often suffered because of its unpredictability; it is therefore a matter of self-defense as well as prudent economic planning for San Francisco to push for a change in federal spending priorities while at the same time minimizing local dependence on arms spending; it is furthermore impossible for a community that is substantially dependent on arms spending generally to avoid a degree of dependence on spending for nuclear weapons, thus requiring that planning be undertaken to limit and eventually terminate San Francisco's dependence on both types of spending;
L. The government of San Francisco has a right and a duty to measure the moral and ethical character of its business relations in deciding with whom it will do business; divestment of financial involvement with nuclear weapons makers is an appropriate application of this right;
M. In 1982, the people of San Francisco expressed their strong desire for an end to the nuclear arms race when they voted by a 72% margin for a bilateral freeze on "the testing, production and further development of all nuclear weapons" (Proposition 12); subsequently, in November of 1987, they voted by a 55% margin to approve a ballot initiative declaring San Francisco a Nuclear Free Zone (Proposition U), thereby joining over 160 other Nuclear Free Zones in the United States and more than 4,000 worldwide; notwithstanding that vote, the Board of Supervisors has failed to implement

(Continued on next page)
the 1987 Nuclear Freeze Zone law, thus leaving it to the voters to enact a binding implementation measure by means of this further ballot initiative;

N. The creation of binding Nuclear Freeze Zone laws is the best means currently available for local governments to protect their citizens from the numerous harmful effects of the nuclear arms race; furthermore, such laws will help make possible the eventual elimination of all nuclear weapons; and

O. The concerns expressed in this Section thoroughly justify exercising the well-established right of the people of San Francisco to legislate, in the words of the United States Supreme Court, for the "protection of the lives, limbs, health, comfort and quiet of all persons."

SECTION 10.103: PROHIBITION OF NUCLEAR WEAPONS WORK
No Person shall knowingly engage, within San Francisco, in Nuclear Weapons Work, except that Nuclear Weapons Work already taking place within San Francisco as of the effective date of this Act shall be phased out over a five (5) year period in accordance with Subsection 10.104(B). (All citations in this Act are, unless otherwise noted, to this Act.)

SECTION 10.104: PEACE CONVERSION
A. Commencing on the effective date of this Act, the relevant City agencies shall assess, under the direction of the Commission, the Nuclear Weapons Work currently being done within San Francisco and the current level of support, if any, provided by the City to Nuclear Weapons Makers. (Said support shall be taken to include, but not be limited to, assistance provided through direct funding, special budgets, provision of police services and other services, or waiver of City service fees.) A report based on said assessment shall be transmitted to the Commission within one hundred eighty (180) days of said date. The Commission shall then hold hearings on the report and, consistent with the purposes of this Act, take action and/or make recommendations for action to the Board. Said report shall be updated every two (2) years and transmitted to the Commission. The Commission shall then hold hearings, take action and/or make further recommendations as appropriate.

B. The City shall act to phase out, within a period ending not later than five (5) years after the effective date of this Act, all Nuclear Weapons Work taking place within San Francisco as of said date. Pursuant to said phase-out, the Commission shall develop, within two (2) years of said date, a Nuclear Weapons Work conversion plan for the cessation, within said five (5) year period, of said Nuclear Weapons Work and for the conversion thereof to peaceful, productive purposes. Said plan shall specifically include, but not be limited to, Nuclear Weapons Work directly undertaken or contracted for by the federal government or any of its agencies, or the state of California or any of its agencies. In developing said plan, the Commission shall involve the broadest possible range of residents of San Francisco, including, but not limited to, organized labor and the employees, whether represented by labor unions or not, who work at the affected installations, and shall ensure that said plan provides for the continuation of the jobs of said employees and, where necessary, for said employees to be retrained for jobs that are at least equivalent in pay and benefits. Any Nuclear Weapons Work continuing after said five (5) year period shall be subject to the sanctions of Subsection 10.116(H).

C. The Treasurer shall develop each year, in cooperation with the Commission, a detailed statement, on a per capita basis as well as in total, of the federal taxes allocated to Military Spending that are paid by the people of San Francisco, shall cause said statement to be published, not less than two (2) weeks but no more than four (4) weeks prior to the public hearing required by Paragraph 10.104(C)(3), in at least four (4) newspapers of general circulation within San Francisco, and shall otherwise work with the Commission to develop further means of disseminating said statement and its contents to the people of San Francisco. Said statement shall specify the portion of Military Spending that is directed to Nuclear Weapons Work. Furthermore, the Commission shall:

1. Provide the formula to be used by the Treasurer in developing the annual statement required by Paragraph 10.104(C)(1); said formula shall be complete and accurate in its assessment of the degree to which the tax dollars of the people of San Francisco are allocated to Military Spending;

2. Notify annually the President of the United States, and other officials as the Commission deems appropriate, of the aforesaid statement and its significance;

3. Hold a public hearing each year, on the Saturday before the federal income tax filing deadline, on the impact of that year's proposed federal budget on the people of San Francisco, giving particular attention to the relationships between appropriations for Military Spending, including but not limited to appropriations for Nuclear Weapons Work, and funding for social services, education, housing, health, transportation, and other local programs;

4. Develop a peace conversion plan that specifies City economic policies and practices for converting to peaceful production all industries within San Francisco that are wholly or partly dependent on Military Spending, for minimizing the number of plant closings, regionally as well as within San Francisco, that are due to dependency on Military Spending, for cooperating with appropriate agencies as to minimizing other plant closings and for increasing the number of jobs in San Francisco while at the same time reducing the number of jobs that are dependent on Military Spending;

5. On an ongoing basis, make recommendations to the people of San Francisco and to the Board as to actions they may take to assist in developing and carrying out the peace conversion plan; and

6. Consider the regions adjacent to San Francisco in undertaking its responsibilities under this Subsection.

D. In order to more effectively integrate into City law and practice the divestment and selective purchasing procedures of Sections 10.107 and 10.108, the Commission shall hold hearings and solicit testimony for the purpose of developing and recommending to the Board an overall socially responsible investment and contracting plan consistent with this Act and other relevant City policy. Said plan shall be completed and presented to the Board within two (2) years of the effective date of this Act. The Board shall then schedule at least one (1) public hearing to hear testimony as to the contents of said plan, shall make amendments if and as it sees fit and, not more than three (3) years after said date, shall enact said plan as an ordinance. The Commission shall continue to solicit testimony and hold hearings pursuant to making further recommendations as to said plan. In developing said plan, the Commission and the Board shall pay particular attention to the development of positive alternatives, including, for example, investment and purchasing consortia composed of jurisdictions having socially responsible investment and purchasing policies.

SECTION 10.105: PROHIBITION OF PLANNING FOR NUCLEAR WAR
It shall be unlawful for the City to undertake or cooperate in planning for nuclear war or for any other use of Nuclear Weapons, or in planning to mitigate the anticipated effects of nuclear war or said other use. This Section shall not be construed, however, to bar the City from planning to mitigate the effects of accidents involving Nuclear Weapons.

SECTION 10.106: PUBLIC RIGHT TO KNOW AND ACCESS TO RECORDS
A. The Commission shall hold at least three (3) public hearings, at times chosen to maximize public participation, within one hundred eighty (180) days of the effective date of this Act, and then twice a year thereafter to evaluate and promote compliance with this Act. Within forty-five (45) days after the conclusion of the last such hearing and then after the second of each pair of yearly such hearings, the Commission shall issue to the public a full report on the potential impacts of the activities addressed by this Act and on the City's progress in implementing this Act. Said reports shall include, among other things, recommendations for additional regulatory or public actions to further the purposes of this Act.

B. Each Nuclear Weapons Maker or other Person engaged in activities prohibited, restricted or scheduled to be prohibited by this Act shall submit to the Commission an annual report that includes a description of the extent and nature of said activities, including, where applicable, the Hazardous Radioactive Materials or Nuclear Weapons Work involved and a description of the steps being taken to terminate or limit, whichever is applicable, said activities. Said description shall include the steps to be taken to provide alternative jobs for employees engaged in said activities who may be displaced as a result of compliance with this Act.

(Continued on next page)
LEGAL TEXT OF PROPOSITION E (Continued)

1. Said reports shall be filed with the Commission at least thirty (30) days prior to the public hearing held pursuant to Subsection 10.106(A) and, beginning with the date of filing, shall be available for inspection and copying by members of the public.

2. The Commission shall notify in a timely manner all Persons required to file reports under this Subsection as to all relevant deadlines for reporting and as to all hearings at which they may be required to appear or at which their reports are to be considered.

3. The Commission shall conscientiously seek to identify all Nuclear Weapons Makers or other Persons engaged in activities prohibited, restricted or scheduled to be prohibited by this Act, and shall solicit the participation of the public for such purpose.

4. Activities within the scope of Sections 10.111 and 10.113 and Paragraph 10.104(C)(4) shall be exempt from this Subsection. In addition, where the purposes of this Act would not be served, the Commission may exempt from compliance with this Subsection Persons engaged in minor activities that are within the scope of this Act.

5. The Commission may call upon any Nuclear Weapons Maker, or any other Person engaged in San Francisco activities within the scope of this Act, to provide information, beyond what is required by this Subsection, as needed to keep the public of San Francisco informed about the health, safety and economic consequences of such activities. The Commission may issue a subpoena ad testificandum pursuant to obtaining such information and, in case of a refusal to attend or testify as required under said subpoena, may petition a court of competent jurisdiction for an order to compel attendance or testimony.

C. Each Person operating a Nuclear Weapons Work facility within San Francisco shall post, no later than sixty (60) days after an order to cease has been issued in accordance with Subsection 10.116(H), a sign, clearly visible to passersby, identifying said facility with the legend “Nuclear Weapons Work Conducted Here.”

The design and location of said sign shall be approved by the Commission, but the cost of said sign and of its posting shall be borne by said Person. Should said Person fail to post said sign, the City shall post said sign and bill said Person for the cost of said sign and its posting. Notwithstanding that all other provisions of this Act relating to Nuclear Weapons Work shall apply to all Nuclear Weapons Work taking place within San Francisco, regardless of the nature or location of said Nuclear Weapons Work, this Subsection shall not apply to individuals engaged in Nuclear Weapons Work in private homes where said Nuclear Weapons Work is incidental to Nuclear Weapons Work that is primarily conducted at a different location.

D. All hearings, meetings, proceedings or other discussions of the Commission, or of any committee, task force or other subsidiary body of the Commission, shall be open to the public, as shall the minutes, records of proceedings or documents received or discussed by the Commission or its subsidiary bodies. Access to meetings or documents of the Commission may be restricted only in circumstances authorized by those provisions of the Ralph M. Brown Act (California Government Code Sections 54500 et seq.), or of the California Public Records Act (California Government Code Sections 6250 et seq.), or of any successor legislation to either said Act, relating to actual or imminent litigation or to evaluation of an employee of the Commission. No such restriction shall be lawful unless it is first justified in the relevant written notice of meeting by specific identification of the actual or anticipated litigant or by specific identification of the position of the Commission employee to be evaluated. All Commission documents shall be made available for copying by members of the public for the cost of the copies only.

E. The Commission shall hold its meetings, hearings, public hearings, and other proceedings in such places and at such times as are likely to maximize access to said proceedings by as reasonably broad a range of San Francisco residents as possible. To this end, the Commission, among other things, shall hold regular evening meetings at various locations throughout San Francisco.

SECTION 10.107: NUCLEAR WEAPONS-FREE CONTRACTS

A. Except as allowed by Subsections 10.107(B), (E), (F), and (K), the City shall make no Public Contract either with a Nuclear Weapons Maker or for any Product of a Nuclear Weapons Maker. Exceping Paragraph 10.107(D)(4), this Section shall take effect ninety (90) days after the effective date of this Act.

B. Findings of No Reasonable Alternative

1. The City shall make no Public Contract either with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker unless the Commission finds that makes a finding, said finding to be known as a Finding of No Reasonable Alternative, that all of the following conditions hold:

a. The proposed Public Contract is vital to the continued orderly conduct of the business of the City.

b. A good faith effort has been made by the Purchasing Agent or Contracting Officer to comply with this Section, and in particular to find and utilize alternatives.

c. Where possible, the Purchasing Agent or Contracting Officer has submitted a realistic written plan for the eventual elimination of said Public Contract and/or any future similar Public Contract.

d. The Purchasing Agent or Contracting Officer has surveyed thoroughly all available alternatives to said Public Contract, has identified to the Commission's satisfaction at least five (5) such alternatives that have been considered and rejected, and the precise reasons therefor, or, where less than five (5) alternatives are found, has described the efforts that were made to search them out, and has shown that no such alternative both meets the specifications for said Public Contract and conforms with Subparagraph 10.107(B)(1)(X).

e. The specifications for said Public Contract have not been written so as to maximize the utilization of alternative sources.

f. The utilization of any non-Nuclear Weapons-related source for said Public Contract would increase the cost of said Public Contract by more than five percent (5%), except where said Public Contract is for a “public project” of a dollar amount sufficient to fall within the purview of relevant state law governing said “public project” contracts, to the extent, but only to the extent, that said state law is mandatory in its application to chartered cities, and said utilization would increase the cost of said Public Contract by an amount in excess of that allowed by said state law, and the City has contracted separately for the “supplies and materials” portion of said Public Contract where such separate contracting would result in more complete compliance with this Act.

C. The factors specified in Paragraph 10.107(B)(2) have been considered whenever it is first determined that there are no non-Nuclear Weapons-related sources available.

2. In considering a Finding of No Reasonable Alternative, where the Commission has first determined that there is no non-Nuclear Weapons-related Vendor for a Public Contract and where there is more than one (1) Nuclear Weapons-related Vendor under consideration, the Commission shall give weight to the degree of Nuclear Weapons involvement of the respective Vendors in determining if any of them shall receive the Public Contract. In considering a Finding of No Reasonable Alternative for acquisition of a Product of a Nuclear Weapons Maker from a Vendor that is not a Nuclear Weapons Maker, the Commission shall give weight to the degree to which the parts of said Product are made by Nuclear Weapons Makers and to whether said Vendor has reasonably available to it alternative non-Nuclear Weapons-related sources for said parts.

3. It shall be the direct responsibility of the Purchasing Agent or Contracting Officer to anticipate the need for requests for Findings of No Reasonable Alternative and to provide the Commission with the information necessary to evaluate said requests. The Commission shall not be responsible for the development of information relevant to said requests, except as it may choose or as specifically required by this Section.

C. Identification of Nuclear Weapons Makers:

1. Either the Commission, the Purchasing Agent or a Contracting Officer may identify Nuclear Weapons Makers by means of information on Nuclear Weapons Work contained in the affidavit required by Subsection 10.107(D), refusal to comply with the requirements for said affidavit, or information contained in the Contracting Data Base specified in Subsection 10.107(D).

2. Immediately upon receipt of an affidavit, the Purchasing Agent or Contracting Officer (Continued on next page)
shall forward a copy of same to the Commission for verification. Failing objection by the Commission within fourteen (14) days of receipt by it of said copy, an otherwise complete affidavit shall be considered final proof, for the Public Contract under consideration, as to whether the Vendor is a Nuclear Weapons Maker. Except as allowed by Subsections 10.107(C), (F) and (K), no Public Contract shall be executed before the fourteen (14) day verification period has expired.

3. If the Commission, the Purchasing Agent or a Contracting Officer challenges an affidavit, based on identification of the affiant Vendor thereto, or the source of a Product named therein, as a Nuclear Weapons Maker, through information contained in the Contracting Data Base specified in Subsection 10.107(J), said Vendor shall be notified of said identification and of said information; said Vendor shall be further notified that it may be prohibited from obtaining Public Contracts thenceforth and that it may appeal said identification to the Commission within fourteen (14) days in accordance with this Paragraph and Paragraph 10.107(C)(4). Failing an appeal, said identification shall be deemed final for the affected Public Contract.

4. Within thirty (30) days of receipt of such an appeal, the Commission shall hold a hearing at which the affected Vendor shall be accorded due process, including the right to counsel and the right to present evidence opposing the Commission’s finding. Within seven (7) days following said hearing, the Commission shall make a final determination as to whether the Vendor is a Nuclear Weapons Maker.

5. The appeal and hearing procedures of Paragraphs 10.107(C)(3) and (4) shall not apply to a Vendor of a Product of a Nuclear Weapons Maker where it has been determined that said Vendor is not a Nuclear Weapons Maker, or is a Subcontractor for a Nuclear Weapons Maker but seeks to provide the City with the Product of another Nuclear Weapons Maker.

6. A Person shall be deemed to be a Nuclear Weapons Maker if it is determined that said Person is controlled or influenced by two (2) or more Nuclear Weapons Makers entered in a unified manner, the same degree of control or influence would result as if said Person were the Affiliate of a single Nuclear Weapons Maker.

7. When a determination as to whether a Person is a Nuclear Weapons Maker is dependent upon whether said Person is an Affiliate of a second Person (or Persons), the Commission shall use its best judgement in making said determination according to the definition of Affiliate contained in Subsection 10.121(B).

8. If such is consistent with furthering the purposes of this Act, the Commission may add such definition of Affiliate, either for a specific industry or more generally.

D. Affidavits and Related Requirements:

1. No Public Contract shall be made without first obtaining from each Vendor that is party thereto an affidavit containing at least the following:

   a. Identifying information, including, but not necessarily limited to, name, address and Affiliates, if any.
   b. A listing of all work done under prime contract and/or subcontract with or for the Department of Defense, the Department of Energy or any other federal agency, or indirectly with or through any other contractor or other Person, that may constitute Nuclear Weapons Work as defined in this Act.
   c. Where the proposed Public Contract involves a Product, the source of the Product and, where said Product is not solely manufactured, produced and/or grown by said Vendor, an affirmation as to whether said Product is, to the best knowledge of said Vendor, wholly or partly the Product of a Nuclear Weapons Maker.
   d. A notarized affirmation, under penalty of perjury, that the Person (or, if necessary for completeness of information, Persons) making said affidavit swears to the completeness and accuracy of the information therein, and that said Person (or Persons) is (are) qualified to so swear.
   e. An affirmation that said Vendor will notify the City promptly if said Vendor becomes a Nuclear Weapons Maker during the effective period of any Public Contract made in reliance upon said affidavit.
   f. Such further statements or information as the Commission or the Purchasing Agent may deem necessary or appropriate to accomplish the purposes of this Act.
   g. An affirmation that said Vendor understands that it is making said affidavit under penalty of perjury and under penalty of the sanctions of Paragraph 10.107(D)(7).

2. The Commission shall develop, in consultation with the Purchasing Agent and consistent with this Section, the form for the aforesaid affidavit, and may develop additional affidavit forms with simplified requirements for making Public Contracts in amounts of less than five hundred dollars ($500.00) or with small businesses, as such are defined in the relevant laws of the City, where the full affidavit requirements may constitute an undue burden. The Commission may direct, after consultation with the Purchasing Agent, the modification of City purchase order forms as an alternative means of soliciting the required information.

3. The affidavit form shall contain a general statement as to the purposes of this Act and as to the policy and intent of the City thereunder, shall state that the aim of this Act is, in part, to ensure that Public Contracts in no way enrich or benefit Nuclear Weapons Makers, and to that end that the City does not unprofitably purchase the Products of Nuclear Weapons Makers, and shall specifically encourage a Person that is barred from doing business with the City because of said Person’s relationship with Nuclear Weapons Work to requalify for City business by terminating said relationship.

4. In making the affirmation required by Subparagraph 10.107(D)(1)(c), a Vendor shall not be required, and the affidavit shall so state, to make inquiry beyond what is normally made in the course of said Vendor’s business, except that
holding of Public Funds, revision of a Public Contract based upon a material breach of said Public Contract, said breach pertaining to statements made in the affidavit, and disqualification of a Vendor from eligibility for doing business with the City for a period not to exceed five (5) years, with a right to review and reconsideration before the Commission after two (2) years upon a demonstration by said Vendor that corrective action has been taken and that violations are unlikely to recur.

10. Except as allowed by Paragraph 10.107(D)(9), this Section shall not be construed to prejudge the subsequent status of a Vendor that has been excluded from doing business with the City under this Section and that has subsequently terminated all involvement in Nuclear Weapons Work.

11. The Commission shall develop forms for letters to be sent to all Vendors and potential Vendors that it identifies as Nuclear Weapons Makers or providers of the Products of Nuclear Weapons Makers, in order to encourage said Vendors to cease engaging in Nuclear Weapons Work or providing the Products of Nuclear Weapons Makers, and to encourage them to engage instead in peaceful, productive business activities.

E. For a Public Contract of an amount less than five hundred dollars ($500.00), or where the Purchasing Agent or Contracting Officer shows that there is only one (1) possible source for a Public Contract, a Finding of No Reasonable Alternative as specified by Subsection 10.107(B) shall not be required. Instead, the Purchasing Agent or Contracting Officer shall inform the Commission in writing of said Public Contract no later than the next regular meeting of the Commission after the Purchasing Agent or Contracting Officer has determined that it is necessary to make said Public Contract, shall provide the Commission with information equivalent to that required by Subparagraphs 10.107(B)(1)(a) through (g), and shall be prepared to justify, at the request of the Commission, the execution of said Public Contract. It shall be unlawful to seek to avoid compliance with the other parts of this Section by means of subdividing or otherwise reducing to smaller separate amounts Public Contracts that would otherwise be subject to said parts.

F. Where the Purchasing Agent or a Contracting Officer affirms in writing to the Commission that, to the best of her or his knowledge and belief, a proposed Public Contract is not with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker, that the relevant affidavit (or affidavits) required by Subsection 10.107(D) is (are) true and complete, that the fourteen (14) day period required under Paragraph 10.107(C) for Commission verification will create a substantial detriment to the City, and that said Public Contract can be executed in a manner otherwise consistent with this Section, then the Purchasing Agent or Contracting Officer may execute said Public Contract before said period has ended.

G. In the case of a Public Contract authorized under Subsections 10.107(E) or (F), where the Commission determines that said Public Contract has been made in violation of this Section, the Commission may require that any similar future Public Contract with the same Vendor be made in accordance with Paragraph 10.107(B)(1).

H. The Purchasing Agent and Contracting Officers shall work with the Commission to develop non-Nuclear Weapons-related sources for Public Contracts and to anticipate future needs for same so as to minimize the need for the Findings of No Reasonable Alternative allowed by Paragraph 10.107(B)(1). In this regard, emphasis shall be given first to the development of sources within San Francisco and then to the development of sources within other Nuclear Free Zone jurisdictions.

1. The Purchasing Agent shall:

   1. Cooperate fully with the Commission as necessary for the expeditious and complete implementation of this Section;

   2. Report to the Commission semi-annually as to the status of City Nuclear Weapons-free contracting, or more frequently as necessary to further the expeditious implementation of this Section; the first such report shall be transmitted to the Commission within one hundred eighty (180) days of the effective date of this Section; said reports shall contain a listing of Public Contracts that were executed during the six (6) months prior to the date of the report and a listing of Public Contracts made by Contracting Officers that were otherwise not directly administered by the Purchasing Agent;

   3. In order to share information about Nuclear Weapons-free sources for said contracting, develop and maintain contacts with purchasing departments in other jurisdictions that have Nuclear Weapons-free contracting requirements similar to those of the City; and

   4. Commencing within thirty (30) days after the effective date of this Act, provide written material to Vendors informing them of City contracting policy as established by this Act such that all Vendors, and particularly those Vendors seeking to provide the City with Products originating with another Person, are made aware of potential effects upon their present and possible future Public Contracts.

I. The Commission and the Purchasing Agent shall jointly establish and maintain a publicly accessible Contracting Data Base, which shall be used to screen Public Contracts as to their compliance with this Section and to assist in the identification of Nuclear Weapons-free contracting sources. The Contracting Data Base shall consist of the most current information available and shall be developed from both primary and secondary sources, including reports of contracts with federal agencies known to let contracts for Nuclear Weapons Work (including, but not limited to, the Department of Defense and the Department of Energy), information obtained from other jurisdictions with Nuclear Weapons-free contracting requirements, and such other information, both governmental and private, that the Commission or the Purchasing Agent considers useful in complying with this Section. All information contained in the Contracting Data Base shall be fully documented and specific as to its source.

K. The parts of this Section that may have the effect of delaying the making of Public Contracts may be temporarily suspended by the Board for the duration of a declared state of emergency within San Francisco upon certification by said Board that such suspension is essential to the protection of life and property during said state of emergency.

SECTION 10.108: NUCLEAR WEAPONS-FREE INVESTMENTS

A. The City shall minimize, as a matter of policy and consistent with the other provisions of this Section, its involvement with financial institutions that make Loans to, or provide other financial services to, any Nuclear Weapons Maker. In addition, consistent with said policy, other relevant City policies, and accepted standards of prudent financial management, the City shall give preference in its financial dealings to financial institutions that have the least involvement with Nuclear Weapons Makers and especially to those that minimize or, preferably, bar such involvement as a matter of policy.

B. Commencing within sixty (60) days after the effective date of this Act, the City shall make no new investments in Nuclear Weapons Makers, except as provided by Subsection 10.108(E). Within one hundred eighty (180) days after said date, the City shall divest itself of all such investments held or controlled by it, including all funds invested by the City on behalf of other Persons, except as provided by Paragraph 10.108(E)(3).

C. Public Funds invested or deposited with a financial institution or other Person shall not in turn be invested by said Person in Nuclear Weapons Makers or in any other fashion that would constitute a violation of this Section. To this end, prior to investing said Public Funds, the City shall obtain an affidavit from said Person affirming that said Person pledges not to invest said Public Funds in violation of this Section.

1. Failure on the part of said Person to execute said affidavit shall bar said Person from receiving said Public Funds for investment or deposit.

2. The Treasurer shall develop, subject to Commission approval, the form for said affidavits, taking into account that said affidavit shall contain, to the extent applicable, substantially the same information and statements as the affidavit required by Subsection 10.107(D), except that additional information may be required as appropriate to this Section and in particular as appropriate to the investment policy specified in Subsection 10.108(A).

D. If Public Funds have been deposited or invested with a financial institution or other Person that subsequently violates this Section, the Treasurer shall withdraw or divest said Public Funds within one hundred eighty (180) days of the date of determination of the violation or, where the exception specified by Paragraph

(Continued on next page)
10.108(E)(2) applies, upon the earliest possible maturity date.

E: Exceptions:
1. Investments in federal financial instruments that are wholly or partly sold to finance Nuclear Weapons Work, including but not necessarily limited to United States Treasury bills, notes and bonds, shall be made by the City only when necessary to avoid substantial financial losses and only during a sixty (60) day period following enactment of a resolution of the Commission specifically permitting said investments. Said resolution shall be considered for enactment only upon written request of the Treasurer detailing the necessity for said investment in light of this Section. Said investments shall not normally be made, shall be kept to the minimum necessary to avoid financial losses, shall be terminated as quickly as practicable and shall constitute no more than twenty percent (20%) of the total City investment portfolio. The Commission shall, on an ongoing basis, solicit testimony, hold hearings and advise the Treasurer as to investment alternatives to said instruments.

2. The divestment of Public Funds that are invested under an already existing trust indenture or investment agreement, or that are otherwise invested by the City under an already existing contractual obligation that cannot be broken without substantial penalty, shall not be required within the one hundred eighty (180) day period specified by Subsection 10.108(B), except that said Public Funds, if invested with a financial institution or other Person which has not or is unable to file the affidavit required by Subsection 10.108(C), shall be withdrawn or divested at the earliest possible maturity date.

F: Investments in financial instruments issued or guaranteed by agencies of the federal government where said agencies are not themselves engaged in Nuclear Weapons Work and where the proceeds of said financial instruments are not used to finance Nuclear Weapons Work shall not be restricted by this Section.

G: A Public Contract for financial services not involving the investment, deposit or other actual transfer of Public Funds shall be subject to Section 10.107 rather than this Section.

H. The Treasurer shall report to the Commission on a semi-annual basis as to the status and progress of divestment, or more frequently as necessary to further the expeditious implementation of this Section. The first such report shall be made within two hundred ten (210) days of the effective date of this Act.

I. No provision of this Section shall be construed to prejudice the status of any financial institution or other Person that has been excluded under this Section from consideration for investment or deposit of Public Funds where said Person has subsequently qualified for said investment or deposit, except where said Person has been excluded because of a knowing violation of this Section.

J. The process used under Subsection 10.107(C) to determine whether a Person is a Nuclear Weapons Maker shall also be used, to the extent applicable, for such determinations under this Section, except that the Treasurer shall have the authority and duties granted by Subsection 10.107(C) to the Purchasing Agent and Contracting Officers.

SECTION 10.109: TRANSPORT OF HAZARDOUS RADIOACTIVE MATERIALS

A. Transport, within San Francisco, of High-Level Hazardous Radioactive Materials, including but not limited to High-Level Hazardous Radioactive Materials contained in Nuclear Weapons, or of other Hazardous Radioactive Materials in shipment quantities of five thousand (5,000) or more curies, shall be subject to the following requirements:

1. Any Person with the intention of carrying out said Transport shall notify the City, at least forty-five (45) days prior to each instance of said Transport, to said intention for review under this Section. Said Person shall provide the City with a report of all the routes said Person has considered for said Transport. Said report shall state why the selected route or routes within San Francisco is (or are) essential to the movement of the particular Hazardous Radioactive Materials pursuant to relevant federal law, United States Department of Transportation regulations, relevant state law and regulations, and other relevant laws or regulations of the City. Said report, along with such documentation as the City may require, shall be submitted with the filing of notice. Said documentation shall include written proof that said Person is able, through proper insurance or by means of a bond posted with the City, to pay the amount and fulfill any other requirements of said insurance or bond, said amount and other requirements to be established by the City, so as to fully reimburse the City, and any affected businesses and residents, for all costs and damages resulting from a worst-case accident involving the type and quantity of Hazardous Radioactive Materials proposed for said Transport.

2. Each notice received in compliance with Paragraph 10.109(A)(1) shall be transmitted to the Commission along with an assessment by the appropriate City agency of the attached report and documentation. The Commission shall then convene at least one (1) public hearing with at least fourteen (14) days advance notice by press release, public service announcements over radio and television, and by other appropriate means, such that maximum public participation is ensured. After hearing public testimony, the Commission shall determine the safest route and means for said Transport and shall authorize the appropriate City and County agency to issue the necessary permit. Following selection and approval of said route and means, the City shall give at least fifteen (15) days advance public notice of the selected route(s). Said notice shall include publication in at least one (1) newspaper of general circulation. The aforesaid Person shall affix, at its own expense, warning signs, if applicable, along said route(s) so as to allow residents to avoid same if they so choose, and shall provide an emergency phone number to report accidents. The aforesaid public hearings shall be consolidated whenever possible to include multiple proposed shipments.

3. Each vehicle involved in said Transport shall bear, where applicable to the means of Transport, signs warning "Transport of Hazardous Radioactive Materials" clearly visible for at least two hundred feet (200) feet and, where applicable to the type of said vehicle, shall have its headlights on at all times while in transit within San Francisco.

4. A vehicle engaged in said Transport through San Francisco via a surface route shall be immediately preceded by a City law enforcement escort vehicle and, where the vehicle engaged in said Transport contains "special nuclear material," as said material is defined by relevant federal laws and regulations, then it shall be immediately preceded by a City emergency vehicle carrying all proper equipment and personnel necessary to respond effectively to an accident involving release of said material.

5. Fees to reimburse the City for the costs of enforcing this Section shall be assessed to each aforesaid Person. Said fees shall be in addition to any fees imposed under the authority of Subsection 10.116(E).

B. It shall be unlawful to Transport through the Port of San Francisco spent nuclear fuel, plutonium in any form, or Hazardous Radioactive Materials classified as "Fissile III" under the applicable federal regulations in effect as of the effective date of this Act. Furthermore, the Port Commission of the City shall issue no permit to dock or otherwise utilize a facility of the Port of San Francisco to a vessel having Nuclear Reactors or to a vessel normally considered capable of carrying Nuclear Weapons, except where, in the case of a Nuclear Weapons-capable vessel that does not have Nuclear Reactors, said Port Commission has received official written assurance, at least ten (10) days in advance of the anticipated docking date of said vessel, that said vessel will not have Nuclear Weapons on board during its time in port in San Francisco. Said Port Commission shall establish such independent means of verification as may be necessary to ensure full compliance with this Subsection.

C. It shall be unlawful to Transport through San Francisco International Airport spent nuclear fuel, plutonium in any form, or other Hazardous Radioactive Materials classified as "Fissile II" or "Fissile III" under the applicable federal regulations in effect as of the effective date of this Act.

D. Federal and state laws and regulations regarding Transport of Hazardous Radioactive Materials are hereby incorporated into this Act by reference. A violation of said laws and regulations shall therefore be punishable as a violation of this Act. The Board shall ensure that City law enforcement officials are informed of and enforce said laws and regulations.

E. Where it finds such to be necessary for the proper maintenance of public health and safety or for the safeguarding of the economic wellbeing of the people of San Francisco, the Commission may apply Subsection 10.109(A) to the (Continued on next page)
Transport of Hazardous Radioactive Materials in shipment quantities of less than five thousand (5,000) Curie. 

SECTION 10.110: HIGH-LEVEL HAZARDOUS RADIOACTIVE MATERIALS
A. No person shall use, within San Francisco, High-Level Hazardous Radioactive Materials for any purpose or in any way, including, but not limited to, reprocessing, dumping, incineration, storage, creation of, or operation of facilities utilizing, said High-Level Hazardous Radioactive Materials, except that any such use of High-Level Hazardous Radioactive Materials that is taking place as of the effective date of this Act shall be phased out over a two (2) year period in accordance with Subsection 10.110(C). For the purposes of this Act, facilities utilizing High-Level Hazardous Radioactive Materials shall be taken to include, but not be limited to, Nuclear Reactors and Food Irradiation Plants.

B. The Commission shall hold at least one (1) hearing annually on the subject of threats to San Francisco from Nuclear Reactors and other facilities utilizing High-Level Hazardous Radioactive Materials, both within San Francisco and in the region adjacent to San Francisco, and shall issue a report to the public as to said threats, their potential consequences and the adequacy of emergency plans addressing said threats, which may occur at said facilities. The Commission shall then make recommendations to the people of San Francisco and to the Board as to actions they may take to reduce said threats.

C. All use of High-Level Hazardous Radioactive Materials that is occurring within San Francisco as of the effective date of this Act is prohibited commencing two (2) years after said date. The Commission shall develop, within one (1) year after said date, a High-Level Hazardous Radioactive Materials facilities conversion plan in a manner similar to that of the Nuclear Weapons Work conversion plan of Subsection 10.110(A).

D. It shall be the policy of the City to minimize or, if possible, eliminate purchases of electrical power from sources that utilize Nuclear Reactors to generate all or part of said power. The Commission shall hold hearings and make recommendations to the Board as to the use and development of alternative non-Nuclear Reactor-related sources for electrical power.

SECTION 10.111: LOW-LEVEL HAZARDOUS RADIOACTIVE MATERIALS
The use of Low-Level Hazardous Radioactive Materials, except that incineration or other permanent disposal of said Low-Level Hazardous Radioactive Materials shall be prohibited within San Francisco, and excepting, consistent with Subsection 10.109(A), said Transport in shipment quantities of five thousand (5,000) or more curies. Furthermore, consistent with Section 10.112(A), the designated City agency shall monitor said use and Transport, and shall report the findings of such monitoring to the Commission.

and make recommendations to the Commission as to measures to reduce the impact of same on the health and safety of the people of San Francisco.

SECTION 10.112: RADIOLOGICAL HEALTH MONITORING
A. The Board shall designate a City agency to coordinate the independent monitoring of the use and Transport of all Hazardous Radioactive Materials, including Nuclear Weapons, within or adjacent to San Francisco. Said monitoring shall include the use of Radiation detectors to monitor, both directly and by atmospheric sampling, facilities engaged in such activities. All other City agencies responsible for the maintenance of public health and safety shall cooperate with said designated agency in assessing the adequacy of the safety and notice provisions of Sections 10.109, 10.110, 10.111, and 10.113, and of other relevant City laws and regulations, with respect to any and all affected activities taking place within San Francisco, instituting corrective measures, including the development of emergency plans, as may be necessary to accomplish the purposes of this Act, and reporting annually to the Board and to the Commission as to compliance with said provisions, laws and regulations. Said agency shall coordinate its activities with agencies having similar responsibilities in cities, counties and other appropriate jurisdictions in the region adjacent to San Francisco.

B. The Commission shall seek funding for studies, to be undertaken at no cost to the City, on the impact that radiological operations conducted in and around San Francisco have had and continue to have on the health of the residents of areas adjacent to said operations, and on the general impact of said operations on the environment of San Francisco. The subjects of said studies shall include, but not be limited to, the operation of the Navy Radiological Laboratory at Hunters Point Naval Shipyards and the potential for contamination of nuclear test target and observation vessels at Hunters Point Naval Shipyards from 1946 through 1962, the disposal of radioactive waste near the Furlanole Islands from 1946 through 1972, and the repair at Hunters Point Naval Shipyards of vessels carrying Nuclear Reactors.

SECTION 10.113: IRRADIATED FOOD LABELING
A. Subsections 10.113(B), (C) and (D) shall be enforced if and only if the Commission determines by a vote of at least two-thirds (2/3) that the importation of Irradiated Food into San Francisco and its distribution for consumption therein is occurring to such an extent that a public health hazard is constituted thereby. The Commission may at its discretion subsequently hold in abeyance enforcement of any or all of the provisions of Subsections 10.113(B) and (C) if it determines by a majority vote that said hazard has ceased or become insignificant. The City agency designated to coordinate radiological health monitoring in accordance with Section 10.112(A) shall monitor any importation of Irradiated Food into San Francisco and its distribution for consumption therein, ensure that the Commission is kept informed of the status of said importation and distribution, and that the Commission is as to when said importation and distribution may constitute a public health hazard.

B. Irradiated Food Notices and Signs:
1. No Food Outlet within San Francisco shall distribute Irradiated Food unless said Irradiated Food is displayed with a prominent notice in the form of a label, tag or sign, said notice to read, "Irradiated Food: Treated With Radiation." Said notice shall also identify the Irradiated Food to which it applies and shall be attached, as appropriate to the food, to packages, to food, to shelves, displays, individual containers, menus, price display boards, or in other ways, but in any case so as to be prominently visible to the consumer. The City shall make available to all affected Food Outlets that so desire shelf signs to serve as said notices. Other types of said notice shall be supplied by said Food Outlets themselves, except that the design of said other types shall be subject to approval by the City.

2. All Food Outlets within San Francisco shall post and maintain signs detailing the concerns and requirements of this Section, including, but not necessarily limited to, a description of the form of the notice required, and of the requirements of Subsections 10.113(B)(1), the number of the Hotline required by Paragraph 10.113(C)(2), and a statement to the effect that all Persons having knowledge of Irradiated Food being provided in violation of this Section shall inform the City by calling said Hotline. Said signs shall be no less than one (1) foot by two (2) feet in size, shall be posted in a prominently visible location, and shall be supplied to Food Outlets by the City.

3. A Food Outlet shall become exempt from Paragraphs 10.113(B)(1) and (2) if and when the proprietor thereof files a notarized affidavit with the City stating that the proprietor does not know of the food, or knowledge, stock or distribute Irradiated Food, that she or he will immediately and always remove from said Food Outlet any Irradiated Food found therein, and that said Food Outlet shall remain so exempt only so long as said proprietor acts in accordance with said affidavit. Upon said Food Outlet having been so exempted, said proprietor shall provide, post and maintain therein, in a location prominently visible to the public, a sign giving notice that said Food Outlet is so exempt and listing the conditions therefor as stated in this Paragraph. The design and exact wording of said sign shall be subject to approval by the City.

4. The notices and signs required by this Subsection shall be posted within sixty (60) days after the Commission has acted in accordance with Subsection 10.113(A) to initiate enforcement of this Subsection and Subsections 10.113(C) and (D). The locations of said signs and notices shall be subject to the approval of the City.

C. Implementation:
1. The City shall seek to identify on anongo-(Continued on next page)
LEGAL TEXT OF PROPPOSITION E (Continued)

ing basis all Irradiated Foods available to Food Outlets within San Francisco, shall maintain a list of such Irradiated Foods as are known to it, and shall, from time to time as said list changes, disseminate said list to the proprietors of said Food Outlets. Said proprietors, as in the normal course of business they become aware of items of Irradiated Food not then on said list, shall post notices on or near said items in the manner prescribed by Paragraph 10.113(B)(1) and immediately inform the City as to the presence within San Francisco of said Irradiated Food.

2. An Irradiated Food Hotline shall be established and maintained by the City, and shall be available for Persons to call in order to obtain information as to the requirements of this Section or to receive from Persons information as to alleged violations of this Section. Said Hotline shall be placed into operation within thirty (30) days after the Commission has acted to require enforcement of this Subsection and Subsections 10.113(B) and (D).

D. Enforcement:

1. During periods when this Subsection and Subsections 10.113(B) and (C) are enforced, the Commission shall hold hearings annually, or more often as necessary to the proper implementation of said Subsections, to assess the adequacy of the implementation and enforcement of said Subsections, to maximize public awareness, and to develop specific proposals for further action.

2. Notwithstanding any other provision of this Act, violations of Subsections 10.113(B) and (C) shall be treated in the same manner as violations of the California Uniform Retail Food Facilities Act (California Health and Safety Code Sections 27500 et seq.).

3. Any interested Person may seek, by action of a court of competent jurisdiction, an injunction or other order requiring that Subsections 10.113(B) and (C) be enforced with respect to a particular Food. Said injunction or order may be directed to the City, or to any owner, manager or proprietor of any Food Outlet found to be in violation.

SECTION 10.114: PEACE EDUCATION

A. The Commission shall develop, in cooperation with other City agencies, literature and other relevant materials for the purpose of disseminating to the people of San Francisco information about this Act and its purposes, including the issues, threats, and solutions addressed by this Act, and in particular shall develop and disseminate information allowing San Francisco residents to make specifically non-Nuclear Weapons-related as well as overall socially responsible investment and purchasing choices consistent with the plan developed in accordance with Subsection 10.104(D).

B. Every road, including interstate highways, entering San Francisco, and every other major transportation facility, which, as of the effective date of this Act, has a sign marking the San Francisco City limit or a similar sign indicating entry into San Francisco, or where a new San Francisco City limit sign or similar sign is enplaced subsequent to said date, shall also be marked with a sign, of at least equal size, reading "Nuclear Free Zone, established by San Francisco Initiative Charter Amendment, 1990," and prominently displaying the standard yellow and black symbol for Radiation canceled with a red circle and red diagonal bar. The letters spelling out "Nuclear Free Zone" on said signs shall be at least five (5) inches in height, or proportionally larger in case of signs larger than the two (2) feet by three (3) foot minimum size, and the required symbol shall be at least fifteen (15) inches in diameter, or proportionally larger in case of larger signs. Said signs shall be posted within one hundred twenty (120) days of said date, shall be at least two (2) feet by three (3) feet in size and shall be maintained with at least the same standard of care as San Francisco City limit signs. Such signs shall also be prominently posted at the main entrances to major City office buildings, in the Board chambers, in the offices of the Mayor and the Chief Administrative Officer, in each of the terminals of the San Francisco International Airport, and in each major transportation facility through which large numbers of people enter San Francisco, including, but not limited to, Bay Area Rapid Transit (BART) stations, the Transbay Terminal, the Caltrain station and the Ferry Building.

C. The Commission shall establish one (1) or more working committees for the purpose of developing peace curricula suitable for use by all schools within San Francisco. In establishing said committees as well as in otherwise complying with this Subsection, the Commission shall solicit the participation of students, teachers and members of the public from each school district within San Francisco, and in particular shall cooperate with the San Francisco Board of Education and the San Francisco Community College District Board. Said curricula shall:

1. Emphasize not only peaceful goals but peaceful processes, with an emphasis on teaching peaceful means of interaction through cooperative education, conflict resolution and critical thinking;

2. Address peace-related issues on the macroscopic level of the mechanisms, causes and consequences of global violence and militarism, and on the microscopic level of attitudes and patterns of behavior in daily life that form larger societal patterns of response that in turn can result in such global problems;

3. Emphasize that cooperation and understanding among diverse cultures is essential to world peace;

4. Seek to develop in students an awareness of their relationship to the formation of public policy and, as befits citizens in a democracy, of their capability to effect the formation of public policy;

5. Involve all schools within San Francisco, public and private, at the preschool, elementary school, junior high school, high school, community college, college and university levels;

6. Include the development of peace-related courses that can be taken for credit, as well as essay and art workshops, including workshops to create posters suitable for publication and distribution to the public by the Commission, conducted so as to foster both awareness of peace-related issues and proper use of the principles of peaceful interaction; and

7. Include discussion of the issues, threats and solutions addressed by this Act.

D. The Commission shall designate, within one hundred twenty (120) days of the effective date of this Act, an appropriate San Francisco park as the "San Francisco Peace Park." Said park shall be suitable for Hiroshima/Nuclear Free Zone Commemoration Day observances as well as other activities relating to peace education.

SECTION 10.115: HIROSHIMA/NUCLEAR FREE ZONE COMMENORATION DAY

August 6th of each year shall be "San Francisco Hiroshima/Nuclear Free Zone Commemoration Day" and shall be observed within San Francisco each year in memory of the first use of a Nuclear Weapon against a civilian population. The Commission shall develop and promulgate a suitable educational program to take place each year in relation to said day. Said educational program shall involve to the greatest extent possible local, national, and international cooperation with other jurisdictions and citizen groups holding similar observances.

SECTION 10.116: GENERAL ENFORCEMENT PROVISIONS

A. The Board, the Commission and all other City agencies and officials having responsibility for implementation and enforcement of this Act shall protect the legal rights, including, but not limited to, the rights due process, of all Persons subject to this Act.

B. This Act shall be enforced to the full extent of the authority and jurisdiction of the City. The Act of contesting said authority and/ or jurisdiction shall not constitute, in and of itself, grounds for exemption from this Act.

C. Each violation of this Act shall be punishable by the maximum penalty for a misdemeanor. Each day shall be deemed a separate violation. Any resident of San Francisco shall have the right to enforce this Act by bringing civil action for declaratory or injunctive relief. A prevailing plaintiff shall be awarded reasonable costs of suit and attorney fees.

E. The Commission shall recommend to the Board, which then may direct the assessment, appropriation and reasonable fees toward the implementation of this Act, said fees to be levied on Nuclear Weapons Makers or other Persons engaged in major activities within the scope of this Act.

F. It shall be unlawful for an employee, official, or representative of the City, when acting in her or his official capacity, to solicit, encourage, facilitate or otherwise cooperate in, an activity prescribed or scheduled to be proscribed by this Act, or to expend, utilize or authorize the expenditure or utilization of Public funds, property, employees or other resources in support of said activity or in support of the arrest, incarceration or harassment of members of the public engaged in non-violent civil disobedience intended to impede or disrupt Nuclear
E. It shall be the policy of the City to oppose actively the development, deployment, and use of Nuclear Weapons and other aspects of the nuclear fuel cycle as proscribed by this Act. The people of San Francisco therefore call upon San Francisco's representatives in the United States Congress and in the California Legislature to take positions and cast votes consistent with said policy and this Act generally.

F. The people of San Francisco call upon the United States Congress to repeal the Price-Anderson Act, which severely limits the nuclear industry’s liability for damages arising from its own short-sightedness, greed and incompetence, and to properly establish and then protect the right of all Persons to sue and obtain full compensation for damages arising from exposure, accidental or intentional, to Radiation or Hazardous Radioactive Materials.

SECTION 10.118: DUTIES OF BOARD OF SUPERVISORS

In addition to its duties as specified elsewhere in this Act, the Board shall:
A. Appropriate such funds as may be necessary to ensure that the Commission’s staff has sufficient compensation and office space, that the Commission is able to properly carry out its responsibilities under this Act, and that other City officials and staff are able to carry out properly their responsibilities under this Act;
B. Ensure that all affected members of the City staff are familiar with this Act and that they cooperate with the Commission in the discharge of its responsibilities;
C. Require that any state- and federal-level lobbyists retained by the City cooperate with the Commission in developing a lobbying program consistent with the purposes of this Act; and
D. Until such time as the Commission takes office, act in its place, carry out its duties and exercise its powers as required by this Act.

SECTION 10.119: NUCLEAR FREE ZONE IMPLEMENTATION COMMISSION

A. A San Francisco Nuclear Free Zone Implementation Commission of nine (9) members shall be elected to carry out the tasks established for it by this Act, as well as any other tasks consistent with the intent of this Act, if any, subsequently established for it by the voters or by the Board.

B. Elections, Qualifications, Vacancies, Chair, and Quorum:
1. Commission elections shall be held in the same manner and at the same times as those of the Board. Except for the initial terms as prescribed by Paragraph 10.119(B)(2), and for appointments to vacant seats and special elections as prescribed by Paragraph 10.119(B)(4), the regular full terms of office for Commissioners shall be the same as those specified for Supervisors.
2. An initial election for all nine (9) Commissioners shall be held at the first regularly scheduled primary or general election held after the effective date of this Act. The Commissioners so elected shall take office immediately upon certification of the results of the election, with the term of office of each of the four (4) Commissioners receiving the highest number of votes to expire after the November 1994 regular election for Supervisor held in November of 1994 and the term of office of each of the five (5) Commissioners receiving the least number of votes to expire after the November 1992 regular election for Supervisor.
3. Qualifications for office for Commissioners shall be the same as those specified for Supervisors.
4. A vacant seat on the Commission shall be filled temporarily by an appointee selected by majority vote of the remaining Commissioners, said appointee then to be replaced by means of a special election to be held at the next regularly scheduled primary or general election, with the Commissioner so elected to take office immediately upon certification of the results of said election and to serve out the remaining portion of the term.

5. The Commissioners shall elect from among their number a Chair to be presiding officer of the Commission. The term of office of said Chair shall be no more than one (1) year and shall expire at the end of the calendar year in which the Chair sits.

6. A quorum for decisions of the Commission shall be a majority of the Commissioners then holding office, except that a smaller number may vote to adjourn meetings.

C. In addition to those powers and duties specifically granted it elsewhere in this Act, the Commission shall have the following general powers and duties:
1. The Commission shall be the coordinating agency of the City and County as regards implementation of this Act and shall possess general authority to hold hearings, call witnesses, and make recommendations to the Board and to the people of San Francisco in furtherance of the purposes of this Act.
2. The Commission shall formulate rules for its own procedures and other rules as necessary to facilitate implementation of the provisions of this Act for which the Commission is responsible. In formulating said rules, the Commission shall hold hearings in order for members of the public as well as members of the City staff to have a full opportunity to advise the Commission as to their views on said rules.
3. The Commission shall be a working body. Each Commissioner shall therefore participate fully in the work of the Commission, meeting as often as necessary and undertaking such work outside Commission meetings as may be required to fulfill her or his duties as a Commissioner.
4. A majority of the Commission may place ballot measures before the voters in regularly scheduled general and primary elections where the subject matter of such measures directly relates to the subject matter of this Act. In acting to place such measures on the ballot, the Commission shall otherwise be bound by the same deadlines and requirements as the Board.

5. The Commission shall develop and maintain contacts with similar bodies in other Nu
LEGAL TEXT OF PROPOSITION E (Continued)

clear Free Zone jurisdictions for the purpose of sharing information and developing opportunities for mutual action.

6. The Commission shall seek to develop sister relationships with Nuclear Free Zone jurisdictions in other countries and may sanction such relationships on behalf of the City.

7. The Commission may apply for, receive and expend supplementary funding grants from private and public sources.

D. Consistent with the principle of maximizing public participation in Commission activities, the Commission shall establish advisory committees and task forces and shall provide for full participation of the public in the functions of such bodies.

E. The positions of Executive Secretary and Administrative Assistant to the Commission shall be appointed and removed by the Chair of the Commission with the approval of a majority of the Commission. Remuneration for the positions shall be established consistent with the relevant laws of the City. The Administrative Assistant and any other staff personnel shall be under the immediate direction and supervision of the Executive Secretary. The Executive Secretary shall also be known as the San Francisco Nuclear Free Zone Implementation Officer. Except as allowed by Subsection 10.119(F), any additional staff shall be provided only upon a specific request of the Commission to the Board and upon a finding by the Board that such additional staff is necessary to the proper execution of the responsibilities of the Commission as explicitly described in this Act, or of specific additional responsibilities subsequently established for the Commission by the Board or the voters.

F. The Commission may request and, subject to the approval of the Board, receive from any City agency, board or officer such personnel, information, services, facilities and/or any other temporary assistance as may be necessary to furthering the purposes of this Act, and the affected agency, board or officer shall, where feasible, promptly comply.

G. Commissioners shall receive no salary for holding office, except that they shall receive fifteen dollars ($15.00) in expenses for each Commission meeting attended; provided, however, that no member shall be paid for attending more than four (4) Commission meetings in any one (1) calendar month. In addition, the Board may approve additional reimbursement for Commissioners who encounter extraordinary expenses in attending meetings. Said expenses shall include the cost of child care.

H. Except where the voters, the Board, the Mayor or the Chief Administrative Officer may choose to delegate such, the Commission shall possess no legislative or administrative powers not specifically granted to it by this Act.

SECTION 10.120: EXEMPTED ACTIVITIES

Nothing in this Act shall be construed to:

A. Affect any research, study, evaluation or teaching of or about Nuclear Weapons Work where said research, study, evaluation or teaching is unclassified;

B. Affect any secret or otherwise classified research, study, evaluation or teaching of or about Nuclear Weapons Work where the classified portion (or portions) of said research, study, evaluation or teaching is (or are) limited to the permanent dismantling or conversion to peaceful, productive purposes of Nuclear Weapons Work, the verification of arms reduction or test ban treaties, or environmental and/or health monitoring of Nuclear Weapons Work;

C. Affect any construction or operation of particle accelerators or of any related equipment, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111;

D. Affect any construction or operation of experimental Nuclear Reactors operating solely on the fusion principle, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111;

E. Require any illegal act, infringe upon the rights guaranteed by the United States Constitution or the California Constitution, interfere with the power of Congress to provide for the common defense and regulate interstate transportation, violate any provision of any treaty or other instrument duly ratified by Congress and thus having status under Section VI of the United States Constitution as the "supreme law of the land," require the violation of fiduciary duties on the part of any City employee, or resound or require the violation of any Public Contract made before the effective date of this Act.

SECTION 10.121: DEFINITIONS

The following words and phrases shall have, as they are used in this Act, the following specified meanings:

A. "Act" shall mean this Article, Article X ("Nuclear Free Zone") of the City Charter as enacted by the San Francisco Nuclear Free Zone Implementation Act of 1990.

B. "Affiliate" shall mean either of two (2) Persons, where a Person owns part or all of a second Person, by means of stocks, equities other than stock, or other means, thus enabling the first Person to influence or control the business affairs of the second Person. A Person shall be deemed conclusively to influence or control the business affairs of any other Person if the first Person owns or has the power to vote more than fifty percent (50%) of any class of voting securities of the second Person, or if the first Person holds a sufficient amount of the debt of the second Person such that the first Person influences or controls the business affairs of the second Person to the same degree as if the first Person owned the debt of the second Person.

C. "Board" shall mean the Board of Supervisors of the City.

D. "Chief Administrative Officer" shall mean the Chief Administrative Officer of the City.

E. "City" shall mean the government of the City and County of San Francisco, or any department, board, commission, agency or duly authorized official thereof.

F. "Commission" shall mean the Nuclear Free Zone Implementation Commission of the City.

G. "Commissioner" shall mean a member of the Commission.

H. "Contracting Officer" shall mean any officer, employee or properly designated representative of the City who has been duly authorized to make Public Contracts on behalf of the City.

I. "Food" shall mean any article used or intended for use by human beings as food, drink, confection, condiment, or chewing gum, or any component thereof, and shall include any Food Additive.

J. "Food Additive" shall mean any substance, the intended use of which results or may reasonably be expected to result, directly or indirectly, in such substance becoming a component or ingredient of Food or otherwise affecting characteristics of Food.

K. "Food Irradiation Plant" shall mean any facility used for the irradiation of Food by means of exposure to Radiation from radioactive isotopes.

L. "Food Outlet" shall mean any grocery store, Food market, bakery, restaurant, or any similar retail establishment that has as its purpose the sale, display for sale or other distribution to the public of Food.

M. "Hazardous Radioactive Material" shall mean any Radiation-emitting substance, including, but not limited to, any radioactive isotope, or any material containing any radioactive isotope, resulting from the operation of, or intended for use in, Nuclear Reactors or Nuclear Weapons; the refined products of spent Nuclear Reactor fuel that are themselves radioactive; the radioactive components of Nuclear Reactors, or of any device or component of a device that has been used to contain or process radioactive isotopes and is itself radioactive; any radioactive ore or the refined radioactive product of said ore where said ore was mined in order to extract any radioactive isotope; or the tailings or similar debris resulting from the mining of uranium or other radioactive elements.

N. "High-Level Hazardous Radioactive Material" shall mean any spent or irradiated

(Continued on next page)
LEGAL TEXT OF PROPOSITION E (Continued)

Nuclear Reactor fuel; fuel segments that have been irradiated in a Nuclear Reactor; any substance containing measurable traces of plutonium or any other transuranic element; or any discrete quantity of a radioactive substance where said quantity emits Radiation equal to or greater than five thousand (5,000) curies; but shall not mean any radioactive substance defined by this Act as a Low-Level Hazardous Radioactive Material, regardless of quantity.

O. "Irradiated Food" shall mean any Food that has been exposed to Radiation, or any Food, including, but not limited to, packaged or processed Foods, containing any Food Additive or ingredient that has been exposed to Radiation, in a Food Irradiation Plant.

P. "Loans" shall mean monies lent at interest, the provision of lines of credit, or loans made by participants in lending consortia.

Q. "Low-Level Hazardous Radioactive Material" shall mean any Hazardous Radioactive Material not defined to be High-Level Hazardous Radioactive Material; any Hazardous Radioactive Materials used in research related to and/or any applications of nuclear medicine (including dental, veterinary and related applications); or any Hazardous Radioactive Materials used in smoke detectors, light-emitting watches and clocks, industrial tracer and X-ray processes, biological research and/or other similar applications.

R. "Mayor" shall mean the Mayor of the City.

S. "Military Spending" shall mean all spending for military functions, both offensive and defensive, including, but not limited to, direct expenditures for the Department of Defense; military-related portions of outlays for veterans benefits, international security assistance and similar programs; military-related portions of the budgets of the Department of Energy, National Aeronautics and Space Administration, the Central Intelligence Agency, the Coast Guard, the National Security Agency, and similar agencies; and interest on the public debt resulting from past expenditures for the foregoing categories.

T. "Nuclear Reactor" shall mean any device designed for the controlled, non-explosive release of energy from the fission of atomic nuclei.

U. "Nuclear Weapon" shall mean any device capable of being used for the explosive release of energy from the fission and/or fusion of atomic nuclei; or any system, mechanism or software for transporting, containing, deploying, guiding, propelling, triggering, launching, delivering, or detonating such a device; or any part or component of such a device; or of such a system or mechanism, where said part or component contributes to the normal operation of such a device, or of such a system or mechanism, or of any combination of such devices, or such systems or mechanisms, except where said part or component has a use (or uses) unrelated to Nuclear Weapons compared to which the Nuclear Weapons-related use (or uses) of said part or component is (or are) merely minor and incidental.

V. "Nuclear Weapons Maker" shall mean any Person that is engaged in Nuclear Weapons Work, either directly or through an Affiliate, or that has a contract or other agreement to engage in Nuclear Weapons Work.

W. "Nuclear Weapons Work" shall mean any activity involving the design, development, production, testing, storage, possession, maintenance, refurbishing, dismantling for reuse, evaluation of or research on Nuclear Weapons; or any management, administration or other operation of such activity; or any contract or other agreement to engage in such activity or in any management, administration or other operation of such activity.

X. "Person" shall mean any natural person, business or corporation, association, college or university, laboratory, institution, financial institution, governmental agency, or other entity.

Y. "Product" shall mean any good, commodity, computer program, material, copyrighted matter, supply, vehicle, machinery, and/or equipment, or any service.

Z. "Product of a Nuclear Weapons Maker" shall mean any Product manufactured, produced, grown, obtained from or provided by a Nuclear Weapons Maker, or to which further work or material manufactured, produced or grown by a Nuclear Weapons Maker is added such that a substantial transformation of the Product is effected.

AA. "Public Contract" shall mean any agreement, oral, written or implied, made on behalf of or by the City, or by the City on behalf of any other Person, to receive, supply or use, or an actual receipt, supply or use of, any Product of any value.

BB. "Public Funds" shall mean all monies or other assets received, disbursed and/or managed by, or that are otherwise under the control of, the City, and any notes, bonds, securities, certificates of indebtedness or other fiscal obligations issued by the City, but shall not mean pension funds.

CC. "Purchasing Agent" shall mean the Purchasing Agent of the City.

DD. "Radiation" shall mean gamma rays and X-rays; alpha and beta particles, high speed electrons, neutrons, protons, and other nuclear particles; but not sound or radio waves, microwaves, infrared, visible, or ultraviolet light, or any electromagnetic emission of wavelength longer than that of X-rays.

EE. "San Francisco" shall mean the geographical area constituting the jurisdiction of the City, including the waters of the Pacific Ocean and San Francisco Bay that fall within the borders of San Francisco.

FF. "Supervisor" shall mean a member of the Board.

GG. "Transport" shall mean any movement by any type of vehicle over land or water, or through the airspace over said land or water.

HH. "Treasurer" shall mean the Treasurer of the City.

II. "Vendor" shall mean any Person having or seeking to obtain a Public Contract.

SECTION 10.122: EFFECTIVE DATE

Unless otherwise specified in this Act, this Act shall take effect immediately upon the date it is accepted for filing by the California Secretary of State. No Person shall commence, on or after said date, any activity prohibited or scheduled to be prohibited by this Act.

SECTION 10.123: EFFECT ON OTHER CITY LAWS

This Act shall not be construed to bar the enforcement of any existing City ordinances or regulations where the subject matter of said ordinances or regulations is wholly or partly the same as that of this Act, or to bar the enactment of any future such City ordinances or regulations, if the effect of said existing or future City ordinances or regulations is to extend or strengthen the ability of the City to enforce this Act.

SECTION 10.124: STATUS OF EXISTING CHARTER PROVISIONS

Any provision of the City Charter that is in effect prior to the effective date of this Act that conflicts in any way with this Act is hereby declared to be amended by inference. No such existing provision of said Charter shall be construed to affect the application of this Act in a manner inconsistent with this Act.

SECTION 10.125: CONSTRUCTION OF NO- MENCLATURE

The titles, headings and other nomenclature used to describe the contents of the various parts of this Act are meant only as a guide to said contents and shall not be construed to affect the meaning or application of said parts.

SECTION 10.126: RECODIFICATION

Articles X and XI of the City Charter as they exist prior to the date of passage of this Act shall be respectively renumbered Articles XI and XII. This Act shall then become a new Article X.

SECTION 10.127: SEVERABILITY

If any section, subsection, paragraph, subparagraph, clause, sentence, or word of this Act is held unconstitutional or otherwise invalid, either on its face or as applied, the invalidity of said part or application thereof shall not affect the validity of the other parts of this Act, or the applications thereof; and to that end the parts and applications of this Act shall be deemed severable. It is hereby declared, notwithstanding any finding that a part or application of this Act is unconstitutional or otherwise invalid, that each of the parts of this Act would have been enacted separately.
Airport Police Retirement Benefits

PROPOSITION F

Shall the Board of Supervisors be allowed to contract with the California Public Employees’ Retirement System to allow Airport Police to retire at age 50 with full benefits, even if there is a net increase in cost to the City?

YES 300
NO 301

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: A 1983 charter amendment allows the Board of Supervisors to contract with the State’s Public Employees’ Retirement System (“PERS”) to transfer certain types of City Safety Officers from the City’s Retirement System to PERS, provided there is no net cost increase to the City. Under this charter amendment, the contracts for safety officers in most eligible groups allow those officers to retire at age 50 with full benefits. The current contract between the City and PERS allows Airport Police to retire at age 55 with full benefits. This contract could be changed to allow retirement for Airport Police at age 50 with full benefits only if there was no net cost increase to the City.

THE PROPOSAL: Proposition F is a charter amendment that would allow the Board of Supervisors to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A “YES” VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A “NO” VOTE MEANS: If you vote no, you do not want the Board of Supervisors to be able to contract with PERS to change the Airport Police retirement plan unless there is no net cost increase to the City.

Controller’s Statement on “F”

Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there would be a cost effect, the amount of which cannot be determined at this time, but should not be substantial.

How Supervisors Voted on “F”

On July 23, 1990, the Board of Supervisors voted 11-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION F

Proposition F will correct an inequity among several of the City’s safety officers. Currently non-uniformed and custodial officers (Sheriff’s Deputies, D.A. Investigators and Probation Officers) receive a higher retirement benefit than uniformed peace officers assigned to San Francisco International Airport. Proposition F will correct this situation by allowing the Board of Supervisors to contract with the Public Employees Retirement System (P.E.R.S.) to allow Airport Police Officers to receive retirement benefits equal to fellow San Francisco safety officers.

The P.E.R.S. Retirement System has been a cost effective retirement alternative for safety employees. It is anticipated that this cost effectiveness will continue in the future. Proposition F is a fair alternative for the City and the peace officers who serve and protect at one of the world’s largest and busiest airports. It should be remembered that Airport Police funding is derived from Airport revenue funds and not the general fund.

Vote Yes on Proposition F. Equal benefits for Airport Safety Officers.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

No Opponent’s Argument Was Submitted Against Proposition F
No Rebuttals Were Submitted on Proposition F
PAID ARGUMENTS IN FAVOR OF PROPOSITION F

Vote Yes on F! It’s simple, fair and just for our airport police.

Carole Migden
Candidate, Board of Supervisors

In 1983, you, the voters of San Francisco overwhelmingly approved a measure which allowed the Board of Supervisors to contract with the State Public Employees Retirement System (PERS).

The intent of this legislation was to allow comparable retirement benefits for the Airport Police and other miscellaneous Safety Employees as that given to the San Francisco Deputy Sheriffs and Harbor Police. Unfortunately, this did not occur. The Airport Police were given an inferior 2nd tier benefit plan.

The passage of Proposition F would correct this inequity and provide equal benefits. The PERS system has proven to be cost effective and has resulted in surplus which has saved the City over $23,000,000.00 since 1988.

We would appreciate your yes vote on Proposition F.

San Francisco Airport Police Officers Association
John Scully, President
David Ross, Vice-President
Joseph Reilly, Board Member

To keep good officers working for us, San Francisco Airport Police must be granted the same retirement benefits as police in other Departments.

Public safety demands it!
Vote “Yes” on “F”!

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

In 1985, the San Francisco Airport Police, along with some non-uniformed law enforcement classifications, transferred into the Public Employee’s Retirement System (PERS). Since joining PERS, it has cost the City less money to provide retirement benefits for these employees. Because of this transfer, the City has been able to save money every year since 1985. These savings are anticipated to continue in future years.

At the time of the original transfer, the voters intended that the retirement benefits be equal for all affected employees. The Airport Police, however, did not receive the same benefit as did the other law enforcement groups.

A YES VOTE ON PROPOSITION F will equalize retirement benefits for members of the Airport Police with those benefits currently received by non-uniformed law enforcement personnel. This equal benefit will be achieved with little or no cost to the City’s taxpayers.

VOTE YES ON PROPOSITION F.

Supervisor Jim Gonzalez
Supervisor Wendy Nelder

San Francisco needs a professional and stable workforce in the Criminal Justice System. Proposition F seeks to correct an inequity in retirement benefits for members of the San Francisco International Airport Police Department.

Presently, non-uniformed Investigators and Custodial Officers receive a better retirement package than uniformed Police Officers assigned to San Francisco International Airport. A “YES” vote on Proposition F would help correct this inequity in retirement benefits with little or no cost to the City or its taxpayers.

Vote yes on Proposition F.

Willie L. Brown, Jr.
Speaker of the Assembly

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION F

NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.
8.506-2 Miscellaneous Safety Employees
Notwithstanding any other provisions of this charter, the board of supervisors or the community college board shall have the power to contract with the Board of Administration of the Public Employees’ Retirement System of the State of California to provide that the airport police officers who are members of the Retirement System’s “$6/aage 55 plan” shall be transferred to the Public Employees’ Retirement System’s “$6/aage 50 plan”. The board of supervisors and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

The power to contract created herein shall be limited to a contract with no net increase in cost to the City and County or the community college district.

Any person who shall become a member of the public employees’ retirement system pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provision for participation in the benefits of the health service system by such person.

8.506-5 Airport Police
Notwithstanding any other provisions of this charter, the board of supervisors with at least nine affirmative votes shall have the power to contract with the Board of Administration of the Public Employees’ Retirement System of the State of California to provide that the airport police officers who are members of the Retirement System’s “$6/aage 55 plan” shall be transferred to the Public Employees’ Retirement System’s “$6/aage 50 plan”. The board of supervisors and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

Any person who is a member of the Public Employees’ Retirement System pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provisions for participation in the benefits of the health service system by such persons.

LEGAL TEXT OF PROPOSITION H (Continued from page 126)

January 1, 1990 that new land use must meet the conditions set forth in this ordinance.
Section 6. — Definitions:
a. “City agency or officer” means the Board of Supervisors, and all other city commissions, boards, officers, employees, departments or entities whose exercise of powers can be affected by initiative.
b. “Action” includes, but is not limited to:
1. amendments to the Planning Code, and Master Plan; 2. issuance of permits or entitlements for use by any City agency or officer;
3. approval, modification or reversal of decisions or actions by subordinate City agencies or officers; 4. approval of sales or leases pursuant to Section 7.402 and 7.402-1 of the Charter of the City and County of San Francisco; 5. approval of or amendments to Redevelopment Plans; and 6. any other action, including but not limited to projects as defined in Public Resources Code Section 21065.
c. “Waterfront” means land transferred to the City and County of San Francisco pursuant to Chapter 1333 of the Statutes of 1968, as well as any other property which is owned by or under the control of the Port Commission of San Francisco, and which is also in any of the following areas: 1. piers;
2. the shoreline band as defined in Government Code Section 66610(b), between the Golden Gate National Recreation Area and the intersection of The Embarcadero and Berry Street, except for the area south of Jefferson Street between Hyde Street and Powell Street.
3. the shoreline band as defined in Government Code Section 66610(b), in the area bounded by San Francisco Bay, Berry, Third, and Evans Streets, Hunter’s Point Boulevard, and a straight line from the intersection of Hunter’s Point Boulevard and Imnis Avenue to the intersection of Carroll Avenue and Fitch Street; and
4. the area south of Pier 98 in which all new development is subject to the Shoreline Guidelines, as shown on Map 8 (Eastern Shoreline Plan) of the Recreation and Open Space Element of the San Francisco Master Plan, in effect as of January 1, 1990.
d. “San Francisco Bay” means the area defined in Government Code Section 66610(a) which is in the City and County of San Francisco, except for areas west of Third Street.
e. All references to public roads are to their alignments as of January 1, 1990.
f. “Hotel” means any use falling within the definition in Section 314.1(g) of the San Francisco Planning Code in effect as of January 1, 1990; any waterside hotel having docks to accommodate persons traveling by boat; or any facilities for providing temporary or transient occupancy. This shall not include boat berths which are provided for temporary moorage of boats.
Section 7. — Implementation
Within 180 days of the effective date of this ordinance, the City and County shall:
a. amend its Master Plan, Planning Code, and other relevant plans and codes in a manner consistent with this ordinance;
b. request and apply for conforming amendments to all applicable state and regional plans and regulations; and
c. begin preparation of the “Waterfront Land Use Plan” required under Section 2 of this ordinance.
Section 8. — Severability
If any portion of this ordinance, or the application thereof, is hereafter determined to be invalid by a court of competent jurisdiction, all remaining portions of this ordinance, or application thereof, shall remain in full force and effect. Each section, subsection, sentence, phrase, part, or portion of this ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or portions be declared invalid or unconstitutional.
Section 9. — Amendment and Repeal
No part of this ordinance or the amendments made pursuant to Section 7 hereof may be amended or repealed except by a vote of the voters of the City and County of San Francisco, except for those additional listings provided herein in Sections 3, 4, and 5.
Section 10. — Chaptering of this Ordinance
After the adoption of this ordinance the Clerk of the Board of Supervisors shall assign a Chapter number to this ordinance and shall renumber the sections of this ordinance in an appropriate manner.
PROPOSITION G
Shall the Adult Probation Officer be allowed to appoint a Confidential Secretary, who would serve at the pleasure of the Adult Probation Officer?

YES 302
NO 303

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Adult Probation Department supervises persons on probation in San Francisco. The Superior Court appoints the Adult Probation Officer, who manages the Department. All other employees of the Department are appointed and removed under the City’s civil service system.

THE PROPOSAL: Proposition G is a charter amendment that would allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer, instead of being appointed and removed under the civil service system.

A “YES” VOTE MEANS: If you vote yes, you want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

A “NO” VOTE MEANS: If you vote no, you do not want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

Controller’s Statement on “G”
Should the proposed charter amendment be adopted, in my opinion, in and of itself, it would not affect the cost of government. However, as a product of its possible future application, costs may increase or decrease in amounts which should not be substantial.

How Supervisors Voted on “G”
On July 9, 1990, the Board of Supervisors voted 9-2 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:
NO: Supervisors Harry Britt and Willie Kennedy.
PROPOSENT’S ARGUMENT IN FAVOR OF PROPOSITION G

The charter amendment would establish the position of Confidential Secretary to the Chief Adult Probation Officer. The position would replace an existing Civil Service Executive Secretary position.

This change is needed because the Adult Probation Officer’s secretary handles a large amount of sensitive and confidential material. Departmental employees undergo criminal record checks which are processed by the secretary. Probation officer applicants undergo psychological examination, and this material also crosses the secretary’s desk. Furthermore, all personnel matters and all performance evaluations are processed and filed by the secretary.

Other criminal justice department heads, as well as many other City department heads, have confidential civil service exempt secretaries. Last year a charter amendment gave the Chief Probation Officer of the Youth Guidance Center six civil service exempt positions, of which one is the secretarial position.

The secretary functions as an extension of administration, handling many departmental matters independently during short absences of the Chief. She also represents the Chief at community and inter-agency meetings when the need arises.

Inasmuch as the Chief’s job is not a straight 8:00 to 5:00, 40 hour work week job, neither is that of the secretary’s. Thus, it is necessary that the secretary work extra hours. By making this a civil service exempt position, there also would be a cost savings to the City and County of San Francisco.

VOTE YES FOR PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Ayes: Supervisors Alioto, Gonzalez, Hallinan, Kennedy, Maher, Nelder and Ward.
Noes: Supervisors Britt and Walker
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPOSENT’S ARGUMENT IN FAVOR OF PROPOSITION G

KEEP POLITICS OUT OF THE PROBATION DEPARTMENT

Excuses can always be invented to justify creation of non-civil service positions in city government.

Political figures love to have plenty of patronage jobs around to hand out to their friends.

A quick look at history teaches us the disastrous results of patronage employment:

(A) POOR CHOICES — Patronage appointees are usually chosen on the basis of personal friendships and chance political loyalties. Many “correct political choices” are real “duds” when it comes to serving the interests of the taxpayers and voters.

(B) HIDING INFORMATION — Patronage appointees, whose first loyalties are usually to those who gave them their jobs, often hide important information from the public. The political games that were played with investigations of failing savings and loans is a “horror story” that illustrates the problem.

(C) NOT ELECTED — Patronage appointees are not elected by the people or chosen by any sort of objective civil service standards. They are not answerable to us, but serve at the subjective pleasure of those who appointed them.

The Supervisors want you to create a new patronage position because the employee handles “confidential information.” So does every police officer. So does every secretary at City Hall. Should all these positions be made patronage jobs, too? NO!!!

Vote “NO” on “G”.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate
FOR: COMMITTEE FOR GENUINE POLITICAL REFORM
OPPONENT’S ARGUMENT AGAINST PROPOSITION G

“G” is “Grotesque.”
Proposition G is a grotesque measure that will cut a gaping hole in the fabric of our civil service system by creating a patronage position.

That’s right! Under Proposition G, a job will be taken out of civil service, allowing the employee to be judged — and hired and fired — on the basis of political criteria, rather than job performance.

Civil service “exemptions” mean more jobs for the politicians’ friends and fewer for competent employees.

But who’s surprised!

Proposition G was put on the ballot by the same Supervisors who raised our sewer service charges and parking charges.

The same Supervisors who imposed unnecessary taxes on small businesses.

The same Supervisors who had the chutzpah to demand a 70% pay raise last year.

The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.

The same Supervisors who fought the two-term limit tooth and nail.

Vote “Yes” on genuine political reform.

Vote “No” on waste and mismanagement in City government.

Vote “No” on patronage politics.

Vote “No” on “G”.

COMMITTEE FOR GENUINE POLITICAL REFORM

Alexa Smith, Treasurer
(Democratic Committee member/BART Board Candidate)

Arlo Hale Smith, Chair
(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION G

Proposition G has absolutely nothing to do with favoritism or patronage politics. The sponsors of the argument against Proposition G are both running for public office and have grossly exaggerated the dimensions of the proposed charter amendment in order to enhance their own electoral appeal.

Proposition G would simply allow the Adult Probation Officer to entrust sensitive matters to a Confidential Secretary. There are at least ten other City departments that have a Confidential Secretary, including the District Attorney, the Public Defender and the Sheriff. It is particularly important for the City’s criminal justice agencies to have at least one such position because of the large volume of confidential material handled by these departments.

The opponents have completely ignored the substance of this measure and instead want you to believe that city officials are engaged in some sort of conspiracy against the public. The arguments they make against Proposition G have absolutely nothing to do with the measure itself.

We encourage you to read Proposition G and decide for yourself. This small change in the City Charter will go a long way to help the Adult Probation Officer run a more effective department.

VOTE YES ON PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.
PAID ARGUMENT AGAINST PROPOSITION G

We, the members of the San Francisco Probation Officers’ Association, recommend a “NO” vote on Proposition G. The Chief Probation Officer has a private secretary now, whose position is under Civil Service. We are opposed to this position being taken out of the Civil Service System as we believe that it will cost the taxpayers more money and not provide the stability of assignment that the Civil Service appointment gives. We assert that the safety of the public would be better served with front line staff, Probation Officers and clerk typist clerical workers, if additional money can be allotted to the Adult Probation Department.

Respectfully submitted by the Membership and Officers of the San Francisco Probation Officers’ Association.

Terry Twing, President
Frances Luster, Vice-President

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

4.105 Probation Boards.

The superior court judges of the city and county presiding in the department or departments for the hearing and disposition of criminal cases and disposition of criminal cases and proceedings shall, by order entered in the minutes of the court in the criminal department or departments thereof, appoint the adult probation officer.

The adult probation officer shall appoint such assistants, deputies and employees as may be allowed or provided by the board of supervisors. He or she shall appoint, and at his or her pleasure may remove, one confidential secretary.

The salaries of the adult probation officer and his or her assistants, deputies, and employees and confidential secretary shall be fixed by the board of supervisors in the same manner as for other officials and employees of the city and county.

The adult probation officer and his or her assistants and deputies shall have the powers conferred upon adult probation officers and their assistants and deputies by the laws of the State of California; and they shall perform all of the duties prescribed by such laws, and such additional duties as may be prescribed by ordinances of the board of supervisors.

The civil service provisions of this charter shall apply to and govern the assistants, deputies and employees of the adult probation officer and of the chief probation officer of the juvenile court, except a confidential secretary of the adult probation officer. For purposes of this charter the adult probation officer shall be the appointing officer as to his or her assistants, deputies, and employees, and confidential secretary.

The pension and retirement provisions of this charter shall apply to and govern the adult probation officer and his or her confidential secretary, the chief probation officer of the juvenile court, their assistants, deputies and employees.
Waterfront Land Use Plan

PROPOSITION H

Shall the City be required to prepare a “Waterfront Land Use Plan,” shall hotels and other uses determined to be “Unacceptable Non-Maritime Land Uses” be prohibited on the waterfront and shall the City be prohibited from taking any action on certain types of new developments until this Plan is prepared?

YES 304
NO 305

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Many types of uses, including hotels, are allowed on the San Francisco waterfront, with City approval and subject to certain laws.

THE PROPOSAL: Proposition H would require the City to prepare a “Waterfront Land Use Plan” which would govern any new uses on the waterfront. Proposition H defines “waterfront” as Port lands transferred to the City from the State and certain other property that is under the control of the Port of San Francisco.

The Plan would create three categories of waterfront land uses: (1) Maritime Land Uses, such as maritime cargo handling, ship repair facilities and fish processing plants; (2) Acceptable Non-Maritime Land Uses, such as parks and wildlife habitats; and (3) Unacceptable Non-Maritime Land Uses. Hotels are the only Non-Maritime Land Uses specifically prohibited by this proposal. Proposition H also sets out guidelines for determining other Acceptable and Unacceptable Non-Maritime Land Uses.

Until the Plan is completed, the City could not allow new development of any Non-Maritime uses except those permitted in the ordinance or those that existed or had all necessary permits on January 1, 1990.

Once the Plan is completed, the City could not allow the building of hotels or other Unacceptable Non-Maritime Land Uses on the waterfront. Unacceptable Non-Maritime Land Uses that existed on January 1, 1990 could continue to operate.

Adoption of the Plan and amendments would be subject to a public hearing held by the Planning Commission. The City would be required to change the Master Plan and other City laws to make them consistent with Proposition H and to request that relevant State laws and regional plans be similarly changed.

A "YES" VOTE MEANS: If you vote yes, you want this Waterfront Land Use Plan to be adopted.

A "NO" VOTE MEANS: If you vote no, you do not want this Waterfront Land Use Plan to be adopted.

Controller’s Statement on “H”

Should the proposed initiative measure be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, it could have a negative effect on both Port revenues and general revenues from property, business, sales, and other tax sources, the amount of which is indeterminate but could be substantial.

How “H” Got on the Ballot

On August 2, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition H to be placed on the ballot had qualified for the ballot.

9,399 valid signatures were required to place an initiative ordinance on the ballot. This number is equal to 5% of the total number of people who voted for Mayor in 1987.

A random check of the signatures submitted on July 24, 1990 by the proponents of the initiative petition showed that 14,516 of the signatures submitted were valid, 5,117 more than the required number of signatures.

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROPOSER'S ARGUMENT IN FAVOR OF PROPOSITION H

Today a grave threat imperils San Francisco's magnificent waterfront — the threat of unchecked hotel construction along the water's edge.

Proposition H will remove that threat by banning shoreline hotels, that is, hotels proposed to be built within 100 feet of the water on property of the Port of San Francisco.

Proposition H also requires the Port to do a land-use plan for that vital strip of shoreline, defining uses that are acceptable there, as well as others that are unacceptable.

The Port itself says it wants comprehensive land-use planning. But its actions indicate another desire, a desire for rampant hotel construction. The Port says it now wants only two hotels. But those two would be the first steps toward hotel row on the shoreline north and south of the Ferry Building.

Proposition H will force the Port to achieve a balance of maritime uses, commercial activity, recreational access, and restoration of the Bay, and will impose a guiding vision for development of the waterfront.

Under Proposition H the Port can do the necessary plan promptly, without any undue delay in processing development proposals. There is no truth in the alarmist cries that the planning would halt Port growth. No worthy proposal on the drawing boards will be harmed.

We don't need hotel row on the waterfront. There are plenty of environmentally valid projects by which the Port can raise the revenue it needs.

Yes! Let's guarantee sound waterfront development! Let's stop shoreline hotels! Vote yes on Proposition H!

Committee for San Francisco's Waterfront
Jack Morrison, Committee Chair and Former Supervisor
Enola Maxwell, Community Advocate
Joe O'Donoghue, President, Residential Builders Association
Joseph Passen, Retired Ship's Clerk, ILWU

REBUTTAL TO PROPOSER'S ARGUMENT IN FAVOR OF PROPOSITION H

If the proponents of Proposition H only wanted to halt hotels from being built on the Waterfront, why didn't they write an initiative that did just that?

As it is, Proposition H will stop progress on the Waterfront. It will stop the Port from building new cargo facilities. It will halt expansion of ship repair facilities.

In fact, Proposition H is written to stop the new Aquarium at Pier 39.

These restrictions, whether they were intended or not, will have the effect of reducing revenues to the Port and make our rebuilding efforts impossible to complete.

There is no reason for such a rigid, all-encompassing, extreme approach.

First of all, there aren't any hotels on the waterfront today. The Port Commission is recommending a new cruise ship terminal and new sailing center with small hotels to support these maritime port projects.

Proposition H is an extreme reaction to these maritime related projects.

It is so extreme that the authors went overboard and have written a measure that will tie our hands completely.

For decades the longshore workers in this city have been a vital part of every progressive cause. We have fought to end discrimination, build senior housing, equalize economic opportunity.

Today, we are asking for something in return. A "No" vote on Proposition H will allow the Port to expand and rebuild the shipping business in San Francisco. A "No" vote will save our jobs. A "No" vote will save the waterfront.

JAMES R. HERMAN, President, ILWU
President, Port Commission

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
I have worked on San Francisco's Waterfront since 1949. A seafaring man in the 1950's, President of the Ships' Clerks Local from the early 60's until 1977. Was elected President of the ILWU in 1977, a job I hold today. Currently President of the San Francisco Port Commission.

The Waterfront Initiative has some good policies in it. But it was not written well.

Dealing with employers on behalf of workers I learned to pay attention to details. A good contract is one you can enforce. A lousy contract is one that hurts workers in ways you didn't anticipate.

This initiative is like a lousy contract.

I don't think the authors wanted to stop the new fish aquarium. But they do.

I don't think the authors wanted to prevent the Port from moving ahead with the purchase of new cargo cranes to unload the bigger ships. But they do.

I don't think the authors wanted to damage the ship repair businesses by stopping all improvements in their facilities. But they do.

This initiative even stops a restaurant on Port property from remodeling or expanding.

Our waterfront has always been a place that provides jobs for workers in shipping, fishing, ship repair and tourist industries. We can continue to be a working Port if we allow it to stay in business and off the City's tax rolls.

We already have lots of plans for the waterfront. Starting all over again would be a setback and the people who would be hurt most would be the workers who are employed in maritime industries. These people would be on hold while the planning is going on.

Planning is good. Good planning is better. But planning that considers all of its side effects is best of all.

James R. Herman, President, ILWU

The Port incorrectly claims that Proposition H will stop all development along the waterfront. Either they are intentionally trying to mislead you, or they can't read. Please read the initiative text. Section 5(d) clearly provides that existing businesses, such as restaurants, can expand their operations, remodel, renew their leases, etc. at their current sites. It also allows construction and renovation of projects which have received all major discretionary city permits, such as the Ferry Building Complex. Proposition H does not affect existing businesses. All it says is (a) the Port must prepare a land-use plan, and (b) hotels are not allowed along the waterfront.

Particularly obnoxious is the Port's contention that Proposition H will stop maritime development. Again, read the text. Proposition H mandates the Port to stress maritime development. The recent contract with Evergreen shipping is exactly what Prop H urges.

The Port contends that, although a plan may be a good idea, this is not the right time. Candidate Agnos promised us a land-use plan in 1987. The Port paid a consultant $250,000 to be told last April that they needed a land-use plan. If the Port already has "a lot of plans" it will be very easy to prepare and release a land-use plan by the end of the year.

Why is the Port so reluctant to divulge what they are planning for the waterfront? Is another hotel contemplated at Pier 35? And why is the Port trying to mislead the voters?

COMMITTEE FOR SAN FRANCISCO'S WATERFRONT
PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Keeping San Francisco’s economy diverse is vital to our city, and maintaining a working port is a major key to San Francisco’s workforce.

We who work on and live near our city’s waterfront know that maritime work and maritime-related uses of port land help provide a stable base for San Francisco’s economy. Our city has a unique deep-water port and land for container freight facilities that can be used to maintain unionized, blue-collar jobs at decent wages.

Transformation of this land, with its valuable maritime potential, into a series of hotels, will provide mainly minimum wage, no-benefit jobs for San Franciscans — but millions in profits for developers.

Keep San Francisco economically diverse and economically viable — VOTE YES ON PROPOSITION H.

Not one inch of our waterfront piers should be surrendered to the hotel industry.

The shoreline should be preserved for maritime or water dependent enterprises to ensure a diverse economy and a maritime future for San Francisco.

Vote YES on H.

This initiative is in the ballot because the Supervisors didn’t do their job!

City officials should be working to modernize and revitalize the Port — not bartering away Port lands for hotels and other permanent nonmaritime uses!

Proposition H will halt plans to “throw in the towel” and give the Port away to nonmaritime uses.

SAVE SAN FRANCISCO’S WATERFRONT.
VOTE YES ON PROPOSITION H.

Proposition H will stop construction of a wall of hotels along San Francisco’s Waterfront.

Proposition H will encourage projects which provide public access to the waterfront.

Proposition H will encourage projects which improve San Francisco Bay’s ecology.

Proposition H will save maritime and blue collar jobs.

Save the waterfront — Vote YES on Proposition H!

San Francisco Democratic County Central Committee
Sierra Club
San Francisco League of Conservation Voters
San Francisco Tomorrow
PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Vote YES on Proposition H!
San Francisco’s waterfront is a priceless resource. It provides recreation, employment, natural areas, and a connection to the City’s rich maritime history. San Francisco Tomorrow has fought to protect the waterfront for over twenty years starting with our fight against the 50 story US Steel Building. We, with the help of many others, drafted Proposition H to SAVE THE WATERFRONT!

Proposition H addresses the problem created by the Port’s piecemeal planning approach. PIECEMEAL planning has forced the Port to encourage rampant hotel development as a stop-gap financial measure. Proposition H stops the Port from building a wall of hotels and forces it to implement an economically viable vision for future waterfront development.

True maritime activities will be stimulated and protected by Proposition H. Proposition H will not affect existing businesses and permitted projects.

Vote YES on Proposition H to protect the City’s priceless urban shoreline.

Beideman Area Neighborhood Group (BANG) represents the historic heart of the Western Addition. Just as we have fought to preserve the historic integrity and beauty of our neighborhood, so all San Franciscans must vote to preserve, maintain and cherish the historic integrity of San Francisco’s waterfront, which is the birthplace of our City.

Our waterfront is a treasure which should remain accessible to all San Franciscans and visitors and, indeed, should be developed only as an historic area in the manner of New Orleans’s Lafitte National Historical Park in the French Quarter.

Beideman urges a YES vote on Proposition H.

Barbara Meskunas, President
Robert Speer, Vice President
Mary Randall, Treasurer

LET’S PRESERVE OUR WATERFRONT.
LET’S NOT SEAL IT OFF WITH A WALL OF HOTELS.
LET’S NOT SELL OUT AGAIN.

VOTE YES ON PROPOSITION H TO BAN WATERFRONT HOTELS.

Our City’s priceless waterfront should be kept open so that everyone — both residents and visitors alike — can enjoy the natural beauty of San Francisco Bay. Don’t permit our Mayor and Port Commissioners to sell our heritage to developers. Don’t allow them to seal off our waterfront with a wall of hotels. San Francisco already has enough hotels, and our waterfront is not needed for building more.

Proposition H helps save fishing and other blue-collar jobs on the waterfront. It will help revitalize our waterfront for maritime-oriented activities rather than creating another downtown-type hotel row.

PLEASE VOTE YES ON PROPOSITION H.

Coalition for San Francisco Neighborhoods

San Francisco Bay is a vital part of our environment and quality of life. It should not be sacrificed to the monetary interests of outside developers who wish to build a wall of hotels along our waterfront. Vote YES on Proposition H to preserve our waterfront and the maritime-related jobs that depend on it.

Harriet Ross, Deputy Public Defender for San Francisco

Vote Yes on H! Protect the waterfront from unreasonable hotel development.

Carole Migden
Candidate, Board of Supervisors

Hotels on the waterfront will wall off the Bay and constitute one more step toward the Manhattanization of our City.

As a member of the Bay Conservation and Development Commission, I have spent years fighting against the misuse of our Bay. We must make sure the waterfront remains accessible to all San Franciscans. Preserve the quality of life in San Francisco by voting Yes on Proposition H.

 Supervisor Richard D. Hongisto

PAID ARGUMENTS IN FAVOR OF PROPOSITION H

The present Port policy of converting valuable port land to tourist use by favoring hotel development projects over non-hotel development projects makes no sense. And for businesses within the tourist industry who are experiencing survival difficulties due to a stagnant tourist dollar, this policy is disgraceful.

Secondly, this policy hastens the demise of many marginal existing tourist businesses by granting an unfair location advantage to the newly created Port tourist businesses.

Furthermore, the beneficiaries of the new tourist Port business will be outside special interest groups, such as the Bass Brothers of Texas, who presently control both Pier 39 and the proposed aquarium at Pier 39. Moreover, we find it reprehensible that the murky Port process imparts to these outside developers not only “sweetheart” deals, but creates a system whereby local businesses, such as Alioto’s and Scoma’s of the Wharf, pay more rent to the Port than all of the combined businesses of Pier 39 which are under the control of the Bass Brothers. It is no small wonder that the Port has revenue problems. The revenue problems of the Port are increased when you consider that the effective rent on the proposed aquarium is only 1.375% of their estimated $12,000,000 in revenue versus 6% for Alioto’s.

Unfortunately, this initiative cannot stop or retard this economic “give away”. It merely stops hotels from being built on 100 feet of Port land by requiring the Port Commission to initiate a land use plan. We urge you to vote “yes” for this plan.

Joe O’Donoghue
President of Residential Builders

The sky is falling!!! Economic disaster awaits the City!!! Sound familiar? It should. The same arguments the Port is making against Prop H — against being required to prepare a land-use plan and banning hotels on waterfront piers — were used against Proposition M in 1986 when the voters were asked to establish neighborhood-emphasizing priorities and regulate the rate of office development. The chicken-littles cried, “chaos will result.”

It never happened. Instead, Prop M prevented San Francisco office developers from the over-building that helped create the savings and loan debacle.

If the Port wants to be a good steward of our waterfront, they must do a land-use plan. When Prop H passes, they will quickly release such a plan and we all will know what’s up their sleeves. If they bamboozle the voters, they will continue on their merry way. Two hotels already. How many more?

San Franciscans for Reasonable Growth
Sue Hestor, Attorney

PAID ARGUMENTS AGAINST PROPOSITION H

Don’t close down the Port of San Francisco Vote No on Proposition H.

Proposition H looks good at first glance. Who wants a “wall” of hotels on the waterfront. But the proposition goes way beyond that issue.

The passage of Proposition H would halt all construction of new facilities for years, not just one four story hotel designed as part of a maritime sailing center. The Port cannot afford to see its maritime and non-maritime activities come to a halt.

Your No vote on Prop H will save thousands of waterfront jobs and will allow the Port to create hundreds of new jobs. Proposition H will stall the Port’s efforts to construct new shipping facilities along the southern waterfront, to renovate the Ferry Building and to attract private money for a new cruise terminal.

Proposition H will stop the Port from increasing public access to the waterfront, preventing it from rebuilding rundown piers, closed today to the public.

Vote No on Proposition H. Keep our waterfront working.

Donald D. Doyle
San Francisco Chamber of Commerce

PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco’s waterfront has been a place of opportunity for immigrants and newcomers to our city. It opened the door for fishermen, longshoremen, restaurant workers and ship repair workers. As we move into the next century, it is opening the door for minority and women businesses involved in architectural, engineering legal, financial and construction services.

A yes vote on Proposition H shuts the door!
It stops the San Francisco Sailing Center and the International Cruise Terminal. Both projects require strong commitments by developers to contract with minority and women businesses. It stops projects at marine terminals that provide contracts for minority engineering and consulting firms.

The Port buys a lot of services from private businesses and therefore must promote the city’s minority and women business participation policy. It has shown leadership in adopting a strong policy that will be used as a model for other city departments.

We can’t wait until the next century for the door to be pried open again. A No vote on Proposition H is a vote for economic opportunities for San Francisco’s minority and women businesses.

Since we introduced the aquarium concept to Fisherman’s Wharf four years ago, we have worked intensely with more than 100 local agencies and organizations including:

- educational institutions
- environmental organizations
- neighborhood, ethnic and youth groups
- physically challenged individuals
- individual citizens

With their involvement and following a 3 year review process at Port, City, Regional and State levels, the project has adopted a truly San Francisco identity and theme.

We are proud that our project, totally privately funded with no tax dollars whatsoever, will provide extensive pro bono public features such as:

- Pro bono on-site education for all students grades K through 12 in the San Francisco Unified School District (approximately 70,000)
- New public parks access at Piers 39, 41 and 43
- 40,000 tickets at 25% of cost distributed annually through neighborhood centers
- Reimbursement of public transportation for aquarium visitors

It is ironic, having spent four years in the planning process and being on the eve of receiving clearances from all relevant agencies, that we are now facing the possibility of being stopped by an initiative that suggests the planning process on the waterfront is inadequate. We know from experience that it isn’t so. Vote NO on Proposition H.

Erik O. Pederson, Project Director

We all want improvements in planning, open space, access to the water, fishing facilities and a maritime industry in San Francisco. The people who drafted Proposition H may have wanted the same things. But they wrote a proposition that will paralyze the waterfront. It freezes present uses while we spend the next 5 plus years developing a new plan. I know because I have worked on waterfront plans for the last 12 years. I worked on the Northeastern Waterfront Plan with many of the proponents of Proposition H. The process took over five years. It was a good plan that balanced a variety of land uses. It also allowed for hotels. I was also the one that initiated the Port’s Strategic Plan. That plan, completed in April, showed that the Port had to achieve a balance of maritime and commercial activities. You can’t have one without the other.

Maritime, open space and recreational developments require public investment. If the Port cannot raise revenue, San Francisco will have to accept faster deterioration of its waterfront and its maritime business (which now brings in over $15 million a year to the Port) as well as no public improvements in recreation. Proposition H says stop everything while we review the planning process. It is a straightjacket that will be very expensive for San Francisco and its taxpayers.

Support planning for the waterfront, not Proposition H.

Anne Halsted, President, Telegraph Hill Dwellers, 1978-80  
Board Member, S.F. Tomorrow, 1981-82  
Co-Chair, Open Space Committee, 1975-77  
Winner, S.F. Tomorrow Environmentalist Award  
Member, S.F. Port Commission.

The belief that we are only a shipping port, with jobs for dock workers is mere nostalgia. The Port’s tourist operations at Pier 39 and Fisherman’s Wharf produce jobs in retail, restaurants and trucking. They also help keep union labor employed at marine terminals. An outright ban on waterfront hotels is unreasonable. It ignores the fact that our waterfront is a working waterfront, not just a big park. The Port must make money to maintain and modernize its facilities.

There is a time and place for everything! Tourism is already part of our waterfront. Two hotels will not ruin the beauty of our waterfront. City codes already restrict the building of high rise waterfront hotels to four stories. The two proposed hotels do not displace blue collar industries and the sites they will go on most likely won’t be used for industrial or maritime use because they are across the street from a growing residential neighborhood.

The hotels subsidize recreational, maritime and public access projects that will be attractive for visitors and residents. Money from these projects will be used to upgrade marine terminals to preserve union maritime jobs.

The hotels will create new types of jobs at the Port. Hotel jobs are respectable and San Francisco’s hotel workers enjoy one of the highest wages and best benefit packages in the nation.

We are living in tough economic times. Unions, taxpayers and government officials are making sacrifices. We can not afford absolute and extreme positions that risk losing new opportunities for our city’s workers and for our Port.

PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco's wealth has always been dependent upon trade. Its maritime activity has been directly responsible for the founding and expansion of great ventures in banking, trading, shipping and railroads with the attendant jobs and services. In short, the cornerstone of San Francisco's well-being is shipping.

Much of the maritime activity that once contributed to the wealth of San Francisco has disappeared. How can we reverse this and attract back to San Francisco our fair share of maritime business that seems to thrive in other ports?

The answer has two parts. First, we must accept that the days of the clipper ships are over; the piers on the northern waterfront are obsolete. Second, we must invest in modern shipping terminals on the southern waterfront where land is plentiful for expansion.

The Port of San Francisco has invested substantially in shipping facilities on the southern waterfront. More is needed. To support these investments, the Port must expand its revenues from all sources including commercial projects.

Proposition "H" would make it impossible to do so. If passed, Proposition "H" will strangle the Port's financing capacity. It would result in a one-way ticket to Oakland for our shipping lines. The Port would be unable to provide the modern facilities needed by the industry now and in the future.

Vote NO on Proposition "H" and assist the Port in modernizing Port facilities and providing for the maritime well-being of the Port.

Fergus Moran, Regional Vice-President, Metropolitan California Stevedore Company
Walter Longhery, President, Williams, Dimond & Co.
Jim Mes, District Manager, Transmarine Navigation Corporation
Henry De Wit, Vice-President, Ned-Lloyd Lines
Raymond Tilley, General Manager, Blue Star Line San Francisco
Raymond P. Holbrook, Stevedoring Services of America

More plans for the Port are not needed. There has been much planning but no implementation. The San Francisco Sailing Center at Piers 24 & 26 was developed in response to a Port Commission Request for Proposals (RFP) for an "International Maritime and Yachting Center". That RFP required that responses be consistent with the Northeastern Waterfront Plan of the Department of City Planning and the San Francisco Special Area Plan of the Bay Conservation and Development Commission (BCDC). This Project is consistent with those plans.

The project removes the condemned Pier 24 and builds a public access pier and breakwater to the north to create a protected harbor. The bulkhead buildings facing the Embarcadero would be retained and a hotel, permitted by BCDC, would be built on Pier 26. It would be lower than the existing shed. There also would be marine offices, a museum, conference facility, boat service yard, retail and restaurants. The fire house would be retained and the fire boats better protected.

No views are blocked. New views are created and much needed public access to the water. Over 2.5 acres of open space will be created where Pier 24 is now a safety hazard. These Piers are obsolete and abandoned for modern container shipping.

The harbor would be devoted to boating and sailing activities. A Sailing School would conduct instruction with an outreach program offering free instruction to disadvantaged youth in basic sailing, seamanship and teamwork.

This project will generate income for the Port, the City and the State estimated to be $3,700,000 per year and creates construction jobs and over 500 permanent jobs. Don't condemn our waterfront to more years of planning paralysis. Vote No on H.

Redmond Kernan, Project Manager, The Koll Co.
PAID ARGUMENTS AGAINST PROPOSITION H

During the last decade, San Francisco has sought to establish itself as a center of international trade and pursued business ventures with Pacific Rim nations. Recently it is seeking to seize new opportunities as the economic and political climate changes in Europe.

There is a strong interest by the Scandinavian community locally and Scandinavian Investors have offered to invest in San Francisco by building a new state-of-the-art cruise terminal at Piers 30-32. The project would cost $120 million which the Port could not afford to build on its own on what is now an empty pier. An estimated 1,300 new jobs would be created, there would be unique family oriented recreational and retail establishments and the site lends itself to providing seven acres of public access.

Proposition H kills the project because the hotel is an integrated and essential part of the cruise terminal and without it the cruise terminal and public access could not be built. The Scandinavian Center is a worthwhile project and we want to build it in San Francisco. A yes vote on Proposition H will force us to take it to another city.

TEXT OF PROPOSED ORDINANCE

PROPOSITION H

Be it ordained by the people of the City and County of San Francisco that the Administrative Code is hereby amended by adding a new Chapter as follows:

Section 1. — Findings and Declaration of Policy

The people of the City and County of San Francisco find and declare:

a. Whereas, the waterfront of San Francisco is an irreplaceable public resource of the highest value;
b. Whereas, the most beneficial and appropriate use of the waterfront is for purposes related to and dependent on their proximity to San Francisco Bay and the Pacific Ocean, such as maritime uses, public access to, and restoration of, San Francisco Bay;
c. Whereas, San Francisco holds the waterfront in Trust for the People of California;
d. Whereas, maritime uses, public access to, and restoration of San Francisco Bay serve San Francisco residents, and provide significant economic, social and environmental benefits to San Francisco and its residents, including a diversity of employment opportunities and better access to a healthier San Francisco Bay;
e. Whereas, the waterfront contains structures of historical and architectural importance;
f. Whereas, it is poor planning to approve waterfront land uses on an ad hoc basis, rather than as part of a comprehensive waterfront land use plan;
g. Whereas, it is in the interest of San Francisco to develop a strong and economically vital waterfront with adequate public access to and restoration of San Francisco Bay; and
h. Whereas, changing conditions in the maritime industry such as deeper draft vessels and increased awareness of the negative environmental impacts of dredging and dredge-spill dumping indicate that cargo handling at the Port of San Francisco could increase dramatically;

Therefore the people of San Francisco declare that it is the policy of the City and County of San Francisco that:

a. the waterfront be reserved for maritime uses, public access, and projects which aid in the preservation and restoration of the environment;
b. where such land uses are infeasible or impossible, only acceptable non-maritime land uses as set forth in this ordinance shall be allowed;
c. a waterfront land use plan shall be prepared (as set forth in Section 2 of this ordinance) to further define acceptable and unacceptable non-maritime land uses and to assign land uses for specific waterfront parcels,

Section 2. — Land Use Planning Process

a. Upon adoption of this initiative, the Board of Supervisors shall within 30 days request the Port Commission to prepare a "Waterfront Land Use Plan" which is consistent with the terms of this initiative for waterfront lands as defined by this ordinance. Should the Port Commission not agree to this request within 30 days of the Board of Supervisors request, the Board of Supervisors shall have 30 days to designate a different City agency or department to prepare the "Waterfront Land Use Plan."
b. The agency drafting the "Waterfront Land Use Plan" shall consult the City Planning Commission to ensure development of a plan consistent with the City's Master Plan. The final plan and any subsequent amendments thereto shall be subject to a public hearing conducted by the City Planning Commission to ensure consistency between that plan and the City's Master Plan.
c. The "Waterfront Land Use Plan" shall define land uses in terms of the following categories:

1. Maritime land uses;
2. Acceptable non-maritime land uses; and
3. Unacceptable non-maritime land uses.

Land uses included in these categories which are not part of the initial ordinance shall be added to Sections 3 through 5 of this ordinance as appropriate. No deletions from Sections 3 through 5 shall be allowed unless approved by the voters of San Francisco;
d. No City agency or officer may take, or permit to be taken, any action to permit the new development of any non-maritime land use (except those land uses set forth in Section 4 below) on the waterfront until the "Waterfront Land Use Plan" has been completed. Non-maritime land uses existing, or which have all their necessary permits, as of January 1, 1990 shall be exempt from this limitation.

e. The "Waterfront Land Use Plan" shall be reviewed by the agency which prepared it or by such other agency designated by the Board of Supervisors at a minimum of every five years, with a view toward making any necessary amendments consistent with this initiative.
f. The "Waterfront Land Use Plan" shall be prepared with the maximum feasible public input.

Section 3. — Maritime Land Uses

Maritime Land Uses include but are not limited to:

a. Maritime cargo handling and storage facilities; b. Ship repair facilities; c. Fish processing facilities; d. Marinas and boat launch ramps; e. Ferry boat terminals; f. Cruise ship terminals; g. Excursion and charter boat facilities and terminals; h. Ship berthing facilities; i. Maritime construction and maritime salvage facilities; j. Marine equipment and supply facilities; k. A list of additional maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the "Waterfront Land Use Plan" and added to this section.

Section 4. — Acceptable Non-Maritime Land Uses

Acceptable non-maritime land uses include but are not limited to:

a. Parks; b. Esplanades; c. Wildlife habitat; d. Recreational fishing piers; e. Restoration of the ecology of San Francisco Bay and its shore;
line; f. Transit and traffic facilities; and g. A list of additional acceptable non-maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the "Waterfront Land Use Plan" and added to this section.

Section 5. — Unacceptable Non-maritime Land Uses

a. Criteria for Consideration in Determining Unacceptable Non-Maritime Land Uses

Criteria to be considered in making findings regarding the acceptability of any specific land use on the waterfront shall include but not be limited to:

1. Does the land use need to be located on the waterfront in order to serve its basic function?
2. Is the land use compatible with existing or planned maritime operations on surrounding parcels if any? 3. Does the land use provide the maximum feasible public access? 4. Does the land use improve the ecological balance of San Francisco Bay? 5. Does the land use protect the waterfront's architectural heritage? 6. Does the land use reflect the real interests of the people of the City and County of San Francisco and/or the State of California?

b. Prohibition of Unacceptable Non-maritime Land Uses

No City agency or officer may take, or permit to be taken, any action to permit the development of any unacceptable non-maritime land use (as set forth below) on the waterfront.

c. Listing of Unacceptable Non-maritime Land Uses

The following land uses are found to be unacceptable non-maritime land uses:

1. Hotels

The City finds that hotels do not need to be located on the waterfront, and permitting their development on the waterfront will displace or preclude maritime uses;

The City finds that waterfront hotels do not provide the economic benefits provided by maritime employment;

The City finds that waterfront hotels do not provide high quality public access to, or permit restoration of, San Francisco Bay;

The City finds that hotels do not serve the needs of San Francisco or its residents;

The City therefore finds that hotels are an unacceptable non-maritime land use and shall not be permitted on the waterfront.

2. A list of additional unacceptable non-maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the "Waterfront Land Use Plan" and added to this section.

d. Grandfathering of Existing Unacceptable Non-maritime Land Uses

This initiative shall not prevent any unacceptable non-maritime land use existing as of January 1, 1990 from continuing in operation or expanding on its existing site in a manner consistent with all other applicable laws and regulations. At such time as a new land use is proposed for the site of a business existing as of

(Continued on page 110)
PROPOSITION I

Shall 4.8 million square feet of office space in Mission Bay be exempt from the annual limit on new office space, if the City approves an agreement which requires housing, economic development, parks and public facilities, environmental clean-up, and other minimum requirements?

YES 306

NO 307

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: In 1986, San Francisco voters adopted Proposition M. Under Proposition M, the City may not approve more than 950,000 square feet of new office space each year. Developers of office buildings must compete for a share of this annual allotment of space.

There is a proposed development called Mission Bay (see map, page 143). Mission Bay may include office, housing, retail and light industrial uses, expanded transit service, street improvements, parks and other community facilities.

THE PROPOSAL: Proposition I is an ordinance that would exempt up to 4.8 million square feet of new office space in Mission Bay from the annual limit on office space. The total amount of new office space in Mission Bay would be deducted from the 950,000 square foot annual limit at the rate of 200,000 square feet each year. This exemption would apply only if the City approves a development agreement for the Mission Bay Project containing certain minimum provisions: (1) the construction of housing, some of which must be affordable housing; (2) payment of a fee for economic development and employment opportunities for women, minorities and local owned businesses; (3) a public park system and community facilities such as child care centers and a police and fire station; and (4) a comprehensive program to clean up and/or contain hazardous materials. Proposition I provides that the City could impose additional requirements in the development agreement.

A “YES” VOTE MEANS: If you vote yes, you want to exempt up to 4.8 million square feet of office space in Mission Bay from the annual limit on office space, if certain conditions are met.

A “NO” VOTE MEANS: If you vote no, you do not want to exempt Mission Bay from the annual limit on office space.

Controller’s Statement on “I”

Should the proposed ordinance be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its possible future application certain tax revenues of the City and County may be increased in indeterminate but possibly substantial amounts.

How “I” Got on the Ballot

On August 8, 1990 the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Terence Hallinan, Bill Maher and Doris Ward. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
A YES vote on Proposition I will provide homes, parks and jobs that San Franciscans need.

Proposition I is a vital step in creating the new Mission Bay neighborhood. Now a blighted and underutilized area, Mission Bay will become a unique place to live, work, shop and relax — like the other great San Francisco neighborhoods.

All San Franciscans will benefit from the creation of a new neighborhood at Mission Bay. The public benefits of the proposed neighborhood include:

- 275 of the 315 acres (about 90%) will be housing, parks, and public facilities.
- 70 acres of waterfront parks and open space.
- 8000 homes, of which 3000 will be permanently affordable for families with income starting at $15,000.
- Over 20,000 permanent jobs, with priority given to San Franciscans.
- Job training and economic development programs for women, minorities and local businesses.
- New revenue the City needs for vital services.
- Childcare centers, school, fire and police station, senior center and cultural center.
- Cleanup of any toxics.
- Street and MUNI improvements.
- Buildings designed for earthquake safety and energy and water conservation.

- Mission Bay, the result of the most comprehensive and open planning process in the City’s history, will relieve development pressure on existing neighborhoods. Mission Bay will be a neighborhood where thousands of San Franciscans can afford to buy a home close to their jobs, thereby reducing traffic congestion.

Proposition I amends the 1986 Proposition M in order to allow the construction of office buildings — none of which will be taller than eight stories — only in conjunction with housing, parks and other community facilities. This amendment will only take effect upon City approval of a comprehensive development agreement which includes these public improvements and identification of the necessary revenues.

Vote YES on Proposition I.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

---

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION I

By the time you read this a million words will have been unleashed to discredit facts and me.

THEY ALWAYS SHOOT THE MESSENGER, DON’T THEY?

On August 23rd the Planning Commission finally certified documents “legitimizing” Proposition I. At 10:30pm President Morales brought forth an acknowledged community activist to speak. The resulting “cast” party proclaimed the success of their Development Agreement “production” — complete with cake enjoyed by all, except me.

I say, “Let them eat cake!”

THE MISSION BAY PROJECT IS FATALFLAWED: TAXPAYER INTERESTS HAVE BEEN DISCARDED IN FAVOR OF CITY HALL’S SELF-SERVING POLITICAL GOALS.

Transfer of public money to private use is complex and carefully hidden:

- Special Interests: Exclusive “economic opportunities” encompassing taxpayer-subsidized “affordable” housing ($500 million) AND general construction projects ($598 million).

(Mayor Agnos controls ACCESS by selecting AA/ED applicants from SOMA, Potrero Hill, Bayview/Hunter’s Point, and Mission districts “only.”)

- City Hall: A bureaucracy guaranteeing thousands of votes.
- Santa Fe: 85% of $8.1 billion.
- Result: Control of San Francisco’s economy.

If you don’t have your snout in the public trough by now, its too late. The Planning Commission CLOSED “public” hearings August 23rd.

CITY HALL IS A “NEST OF SNAKES”. DEAL WITH THEM NOW OR YOU’LL SOON WAKE UP WITH THEM CRAWLING IN YOUR ECONOMIC BED!

League of Women Voters: Organize media debates. Public awareness guaranteed!

Middle Class/Small Business: Don’t vote for incumbents OR City Hall’s “Expected Winners.”

VOTE NO ON PROPOSITIONS H, I and J.

Dehnert C. Queen
Committee Against Proposition I

OPPONENT'S ARGUMENT AGAINST PROPOSITION I

Elected Officials are promoting Mission Bay as a plan “which will provide public benefits: Affordable homes, parks, public facilities, transit, jobs.”

*Santa Fe has spent more than $6.4 million creating this illusion:* $1.4 million to hire the Planning Department to design/implement the project, the balance for EIR/special studies.

Taxpayers are being committed to 60% of the Mission Bay and Related Projects costs totaling $4.7 billion. Mission Bay will generate $8.1 billion in revenues (Taxpayer 1%, Santa Fe 85%, City Hall 14%). The taxpayer is putting up $2.5 billion and receiving approximately $100 million in the form of promised parks and social-subsidy programs over 30 years.

These plans will increase our cost-of-living approximately $282 per month, per resident, young and old.

The City’s promised 2,200 affordable housing units cost approximately $500 million ($300 million using non-profit organizations with zero tax base). No defined source exists for these funds. *Proposition J is on the ballot to quietly bury this fact.*

On June 11, 1990, I delivered a 54-page report to City Officials. It compares official rhetoric to documented facts, details 34 major fatal flaws, superior alternatives, the killing of Small Business and ultimate displacement of San Francisco’s Middle Class.

On July 26th, the Planning Department’s “Financial and Fiscal Consultant” responded that my report “brings into the debate variables we did not deal with: Waterfront Plan, transit plans, ballpark — public policy issues well beyond the purview of our analysis. [Was] there was any fundamental critique or error? We found none.”

I have spent five years and my life savings fighting City Hall. I am out of money. San Franciscans are out of time.

Register to vote!
Demand answers and public debate!
Vote no on Propositions H, I and J.

Committee Against Proposition I

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION I

At a time of budget cutbacks in vital City services, San Francisco needs the revenue that will be generated in a new Mission Bay neighborhood.

The official City Controller’s analysis of Proposition I says that it will not affect the cost of government and could generate “substantial amounts” of new revenue for the City.

The Planning Department’s Fiscal and Financial Evaluation determined that Mission Bay will have positive effects upon the City’s General Fund. The evaluation stated:

“General Fund revenues from the Mission Bay project would exceed public service and maintenance costs by over $13 million annually. Over the anticipated 30-year buildout period, over $215 million of fiscal benefits would accrue to the City.”

Those are simple facts.

Don’t believe the one-person opposition committee’s funny figures.

Mission Bay will benefit all San Franciscans by improving the City’s financial health and economic prosperity.

Today the largely vacant 315-acre property produces little revenue for the City. Mission Bay’s new homes, offices and stores will contribute a surplus of $215 million in the first 30 years alone.

Not only will Mission Bay pay for the costs of its own construction and its share of public services, the neighborhood will make money for the City — money to build affordable housing and to help fund vital City needs.

Mission Bay makes financial sense. And that’s in addition to all of the other benefits of building the new neighborhood: housing, jobs, parks, a restored wetlands, childcare centers and other community facilities.

Vote YES on Proposition I

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Survey after survey shows that, increasingly, San Francisco's workers cannot afford to buy a home in San Francisco. Mission Bay addresses the need for housing and good paying jobs. In many San Francisco families, children are still living at home, even while working union jobs, simply because they can't afford to rent, much less buy, a home in San Francisco.

Mission Bay represents our last opportunity to do something significant to provide 8,000 units of housing, including permanently affordable housing, in the City.

The construction of 3,000 affordable housing units, in addition to low-rise office space, schools, fire and police stations and community facilities such as childcare centers, will provide more than 20,000 permanent jobs, including thousands of construction jobs, and housing for families with income beginning at $15,000 a year.

Reading the "Open Homes" section of the newspaper is a sobering reality for working families. Condominiums begin at $175,000.

The new neighborhood at Mission Bay will provide, in addition to market rate housing, 3,000 housing units ranging from $37,000 for a studio to $60,000 for a four bedroom unit.

Say YES to jobs and housing.
Vote YES on Proposition I.

The San Francisco Labor Council urges a YES vote on Proposition I.

Mission Bay will bring a brighter day for San Francisco.
The creation of 20,000 new jobs, as well as the jobs involved in the planning and construction of the new neighborhood, will enhance the economic future of workers in San Francisco.

Planning a strong economy for the city in the 21st century must be one of our highest priorities.

Mission Bay will keep blue-collar and entry-level office jobs from leaving San Francisco for the suburbs. Equally important, Mission Bay will bring back much needed blue-collar work.
The creation of a new neighborhood, where workers will live near their jobs in affordable homes, provides a rare opportunity.

Mission Bay will also provide working families with necessary childcare facilities for 1000 children, a neighborhood school and many acres of parks and playgrounds.

We need Mission Bay. That's why the San Francisco Labor Council, representing 79,000 working men and women in the city, urges you to vote YES on Proposition I.
Remember ... a brighter day with Mission Bay.

SAN FRANCISCO LABOR COUNCIL
Walter Johnson, Secretary/Treasurer

The Downtown Association believes that a YES vote for Proposition I and for Mission Bay means a San Francisco that can be economically competitive into the 21st century.

Building Mission Bay means homes, jobs and parks.
It also means that major Pacific Rim corporations will be able to find competitive office space that will allow them to keep their operations in San Francisco. Mission Bay's Port and transportation improvements will help keep San Francisco a vital Port container center and the transportation hub of Northern California.

The new Mission Bay neighborhood is key to helping San Francisco maintain its role as the headquarters city of the Pacific Rim.

Vote YES for Mission Bay. Vote YES on Proposition I.

DOWN TOWN ASSOCIATION
Edward Phipps, Executive Director

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION I

The Bay Area Council supports the adoption of land use plans
and policies which increase the supply of housing which is afford-
able and accessible to the region’s workforce.

Proposition I allows for the creation of the Mission Bay neigh-
borhood which offers an outstanding opportunity to increase hous-
ing in the center of the region and in the heart of San Francisco, the
Bay Area’s largest employment center.

Vote YES on Proposition I.

BAY AREA COUNCIL
Angelo Siracusa, President

The San Francisco Chamber of Commerce believes that building
Mission Bay is key to the city’s economic health.

Voting for Proposition I will help assure San Francisco’s contin-
ued prosperity into the 21st century.

Mission Bay will mean thousands of homes and jobs for San
Franciscans and hundreds of millions of dollars in tax revenue for
San Francisco.

By providing lower-cost, low-rise office space, San Francisco will
be able to remain competitive with the suburbs that have drained
tens of thousands of jobs from the city. With its central location,
mass transit, affordable homes and open space, Mission Bay will
provide a powerful incentive for major companies to stay in or
relocate to San Francisco.

This will provide San Francisco with new jobs and a broader tax
base as well as significantly reduce the number of commuters who
are forced to drive long distances to jobs in outlying areas.

Proposition I and Mission Bay can help to preserve San Fran-
cisco as the vital, commercial heart of the Bay Area and Northern
California.

Vote YES on Proposition I.

Donald D. Doyle
San Francisco Chamber of Commerce

We Republicans believe that the Mission Bay project represents
the best opportunity to provide significant affordable housing for
San Franciscans. Proposition I is only enabling legislation and not
an endorsement of every aspect of the Project. We regret the annual
limitations imposed by Proposition M (1986) make this initiative
necessary.

The San Francisco Republican County Central Committee urges
you to vote YES on Proposition I!

As owners of neighborhood businesses, we know that a vote for
Proposition I is a vote for hundreds of small business opportunities
that Mission Bay will bring. It is also a vote to keep the larger
businesses we depend upon as customers here in San Francisco.

Mission Bay has been designed to be a traditional San Francisco.
Rather than having malls or a shopping center, Mission Bay will
be built around a shopping district like Chestnut, Clement, Irving
or Mission Streets.

This will mean numerous opportunities for small business people
to open shops, stores and restaurants. Mission Bay will also offer
programs to assist locally-owned firms to open businesses in Mission
Bay.

As owners of San Francisco’s neighborhood businesses, we urge
you to vote YES on Proposition I.

Stephen Cornell, Vice President, Polk Street Merchants

Paul Wotman, Civic Center Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Mission Bay’s transit and transportation improvements will make a positive difference for San Francisco and the entire Bay Area. Mission Bay will be a neighborhood where transit comes first and where thousands of people will be able to walk to work instead of taking their cars.

The extension of MUNI Metro through Mission Bay will make neighborhoods such as Potrero Hill and Bayview/Hunters Point more accessible to the rest of San Francisco.

Mission Bay’s street improvements will transform King Street into a major boulevard and will help stitch San Francisco’s currently underserved southeastern neighborhoods into the city’s street grid.

Mission Bay will improve the transportation system for all of us. Vote YES for improved transportation. Vote YES on Proposition I.

The members of the San Francisco Recreation and Park Commission urge you to vote YES for 70 acres of parks and playgrounds, for miles of hiking and jogging trails, for soccer and baseball fields, for a theater/recreation center and for daycare and senior centers. Vote YES on Proposition I.

The Mission Bay neighborhood will benefit all San Franciscans, but especially South of Market children, who desperately need the recreation areas, playgrounds and open space that Mission Bay will provide.

The Democratic Party has always stood for affordable housing, open space, environmental protection, jobs, childcare, and equal opportunities for women and minorities. The proposed Mission Bay neighborhood provides all of these goals.

The San Francisco Democratic Party urges you to vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Vote YES on Proposition I and help turn Mission Bay into a neighborhood with a heart of green.

Mission Bay will dedicate nearly 70 acres or 20% of the entire project to parks and open space.

More than two miles of shoreline along the Bay and China Basin Channel will be reclaimed and turned into parks, playfields and a wetland habitat. A degraded and run-down channel will be transformed into a scenic and environmentally alive waterway.

The Mission Bay neighborhood will be centered around a park that will be larger than Washington Square. A bayfront park will be larger than the Marina Green.

Dozens of smaller parks, open spaces and playgrounds will mean that no home in the neighborhood is more than 2-1/2 blocks from a green space.

Mission Bay will provide critically needed open space for San Francisco’s South of Market area which currently has virtually no open space at all.

And Mission Bay programs for earthquake safety, energy and water conservation and recycling, will set a standard that other projects throughout the nation will look to as a model.

By building Mission Bay, San Francisco will gain a new neighborhood with a heart of green. As environmentalists, we urge you to vote YES on Proposition I.

Mission Bay is the first private development in the City’s history to confront the economic problems which disproportionately impact minorities and women.

Mission Bay provides $12.5 million to fund programs to maximize business and employment participation by minorities and women.

Mission Bay not only affords opportunities to participate, but also includes specific goals for the inclusion of minorities and women in all aspects of the project’s design and construction. Once Mission Bay is completed, minorities and women will own and operate many of the businesses in the new neighborhood.

Vote for economic opportunity for San Francisco’s minorities and women.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

A YES vote on Proposition I will:

• Ease the pressure on existing housing supply by providing 8,000 new homes, 3,000 of which will be affordable for first-time home buyers, the disabled, the elderly, and low and moderate income families;

• Provide jobs and economic opportunities for San Franciscans, in general, and Bayview/Hunter's Point residents, in particular; and

• Serve as a catalyst for the long sought light-rail transit system along the Bayshore corridor, thus enhancing the economic vitality and viability of Bayview/Hunter's Point.

Proposition I helps create a new neighborhood that organically connects Bayview/Hunter's Point to downtown and to the rest of San Francisco.

Mission Bay is an historic opportunity to transform a desolate industrial tract into a new balanced neighborhood with as many homes and businesses as Noe Valley.

The Mission Bay neighborhood offers a unique opportunity to address some of San Francisco's most pressing long-term needs. Mission Bay, as approved by the City Planning Commission, meets the six major goals that I wanted to accomplish for it when I campaigned for Mayor:

1) Mission Bay offers more affordable housing and more housing for larger families. Three thousand homes will be affordable to working families with annual incomes between $15,000 and $56,000.

2) Mission Bay provides the lower-cost back office space that San Francisco needs for a growing job market. It will help us retain existing business and win new ones.

3) Mission Bay will keep the Port of San Francisco active and financially healthy.

4) More than ten million dollars will be contributed by the project sponsor for economic development, affirmative action and employment training for minorities.

5) Mission Bay includes major additional commitments for child care with facilities for up to 1000 children in over 10 centers.

6) The Mission Bay agreement protects the City from toxic cleanup costs. Through ironclad guarantees from the project sponsor, it insures that a timely cleanup will take place regardless of the scope of the problem.

Mission Bay is the right kind of project for San Francisco at the right time. It gives us unique opportunities to meet some of our greatest long-range challenges and helps us prepare for a great future for our city.

I respectfully urge you to vote YES for the kind of neighborhood we need. Vote YES for Mission Bay. Vote YES on Proposition I.

Art Agnos
Mayor

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

VOTE YES ON PROPOSITION I.
Mission Bay represents the first time that a project sponsor has responded to the needs and concerns of the City's African American community.

African Americans need the opportunity for economic participation that can only be realized through access to capital. Mission Bay provides this capital through its $10 million Economic Development Fund that will guarantee the participation of African American businesses in the design and construction of Mission Bay and provide the opportunity for African American businesses to locate there.

Mission Bay's Affirmative Action Plan is the first in the history of San Francisco to create employment preferences for economically disadvantaged residents of Bayview/Hunter's Point, Potrero Hill, the Mission District and South of Market.

No more empty promises.

Edward Lawson, Former Supervisor

Renters and landlords, property owners and housing advocates agree: building more housing is the key to making San Francisco an affordable place to live.

The Mission Bay neighborhood is our best chance in decades to provide the large amount of new housing that San Francisco needs. Seventy percent of Mission Bay's total area will be devoted to housing. Over 8,000 homes will be built, of which 3,000 will be permanently affordable for low and moderate income families.

The affordable housing at Mission Bay, ranging from $37,000 for a studio to $147,000 for a 4-bedroom unit, is housing the City desperately needs.

And the wide range of homes at Mission Bay will provide once-in-a-lifetime opportunities for singles, couples without children, young families, seniors, and first-time home buyers.

We urge you to vote YES for one of the most important housing proposals in San Francisco history. Vote YES on Proposition I.

Join us in voting YES on Proposition I.

CANDIDATES FOR SUPERVISOR:
Robert Achtenberg
Daniel Addario

In 1986, the lesbian and gay community voted strongly in favor of Proposition M to control downtown growth.

This year, the leadership of our community supports Proposition I, an amendment to Proposition M to allow the creation of a new San Francisco neighborhood in Mission Bay.

Mission Bay will transform an underutilized industrial area into a neighborhood where all San Franciscans will have new opportunities — to buy an affordable home, start a business, work at a job without commuting, or just enjoy the outdoors.

Proposition I is a big step in planning for the future of the city we all love. That's why lesbian and gay leaders urge you to vote YES on Proposition I.

For the children, we urge you to vote YES on Proposition I. Mission Bay's benefits for children and families will be the most extensive of any neighborhood in the City's history.

Mission Bay's plan for children includes an elementary school, a community and cultural center, and dozens of playgrounds, parks and open spaces.

The crown jewel in Mission Bay's family-related programs will be a multi-million dollar system of up to 10 quality childcare centers. Serving 1000 children, the centers will be a national model for childcare services.

Mission Bay will provide vitally-needed affordable housing that is large enough for families with children. Mission Bay gives families not only the opportunity to have not only homes near their jobs, but safe, convenient and affordable places where their children can learn and play.

Vote YES for the children. Vote YES on Proposition I.

San Francisco's Asian American community supports Proposition I.

By building the Mission Bay neighborhood, our community has an unprecedented opportunity to make economic and social progress.

Mission Bay will transform an underutilized, industrial area of the city into a new neighborhood for all San Franciscans, complete with housing, parks, community facilities. Best of all, Mission Bay provides opportunities for thousands of design and construction jobs, 20,000 permanent jobs, and hundreds of new small businesses.

Mission Bay includes the most extensive economic development programs for minorities of any project in San Francisco's history.

Vote for economic opportunity. Vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

We are artists and arts professionals who support Proposition I. Mission Bay will provide special opportunities for San Francisco’s theater and arts communities.

The creation of affordable live/work spaces will mean that artists will be able to afford their own homes in Mission Bay.

A new theater/visual arts center will provide space for both permanent and special exhibits. Funding and space will be provided for the multicultural performing arts community to help design and build a truly special playhouse in Mission Bay.

One percent of the cost of constructing commercial space at Mission Bay will fund public art, giving San Francisco artists the opportunity to create works that will help define and set apart San Francisco’s newest neighborhood.

Vote YES on Proposition I.

We are supporters of Proposition M who urge you to vote YES on Proposition I to create the Mission Bay neighborhood.

We supported Proposition M in 1986 so that San Francisco would have a rational policy to control downtown development. Proposition M was designed to allow San Franciscans to have the kind of input into the planning process that would guarantee projects that made sense for the City.

In 1990, we support Proposition I because the proposed Mission Bay neighborhood is consistent with the policies and goals of Prop M. Planning for Mission Bay has been the most open and comprehensive process in San Francisco history. Mission Bay makes sense.

No highrises will be built at Mission Bay. The tallest office building would be eight stories.

Mission Bay will create unprecedented economic opportunities for women, minorities and small businesses. Office space in Mission Bay will pay for thousands of affordable homes, as well as parks and public facilities that San Franciscans need.

We urge you to vote YES on Proposition I.

Acting in our individual capacities, we, as individual members of the San Francisco Port Commission urge all San Franciscans to support Proposition I. By supporting Proposition I you will not only allow San Francisco’s newest neighborhood to be built, but you will also solve difficult issues affecting the future of the Port of San Francisco.

Mission Bay will permit the Port to develop a modern, competitive, consolidated container cargo facility with potential future capacity that will be more than sufficient well into the 21st century. The Port will collect revenues of $2 million a year from the building of the neighborhood. Port operations will be improved and public access to the waterfront will be greatly enhanced.

As individual members of the Port Commission, we urge you to vote YES on Proposition I.

James Herman, President
James Bouskos, Vice President
Arthur Coleman, Commissioner
Anne Halsted, Commissioner

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION I

As members of the City Planning Commission, we support Proposition I because it advances the Mission Bay plan that we approved in August 1990.

Under that plan, important public benefits will be attained: construction of 3000 affordable housing units, development of parks, wetlands, and community facilities, clean-up of toxic wastes, economic development funds to assist small businesses and workers, and the creation of thousands of jobs targeted specifically for San Francisco’s diverse population.

Both the city and the developer will make substantial financial contributions to achieve these benefits. The city’s contribution will primarily come from the sizable tax revenues that the project generates. For example, of the $215 million in tax revenues, the city will spend approximately $160 million to implement the affordable housing program. To fulfill the promises of Mission Bay thus requires future city officials to invest tax revenues.

The successful implementation of the Mission Bay plan is dependent on an informed, vigilant, and active citizenry demanding that both the developer and the city fulfill these promises.

We submit this ballot argument as individuals, rather than in our official capacities as Planning Commissioners.

Wayne Jackson Hu, Vice President
Susan Bierman
Douglas Engmann
Edward Sewell

PAID ARGUMENTS AGAINST PROPOSITION I

MYSTERY TRAIN
NO ordinance confirming development agreements should be on the ballot when such agreement is subsequently altered... especially Proposition I which contains enough ambiguities and "may's" to staff the Giants' pennant drive.

Don't be railroaded. Vote NO.

Brian Doohan

VOTE NO! ON PROPOSITION I

Be fair! Don't exempt Mission Bay from Proposition M highrise controls. Stop this special sweetheart deal and giveaway to developers. The Coalition for San Francisco Neighborhoods urges all San Franciscans to Vote No! on Proposition I.

Coalition for San Francisco Neighborhoods

Do NOT exempt the Mission Bay project from downtown highrise controls!

... Be fair! ... Reject this hypocritical loophole for a politically favored developer ... Please VOTE NO! to stop short-sighted politicians from imposing their opportunistic bankrupt vision on our city's future.

Former Supervisor John Bardin
PAID ARGUMENTS AGAINST PROPOSITION I

In 1986 the voters wanted to control office development so they passed Proposition M.

Now voters are being asked to approve an exemption for 4.8 million square feet of office in the Mission Bay project based on a development agreement which has not been finalized and which can be changed by the Board of Supervisors even after the vote.

Proposition M requires that the impact of commercial office space not overwhelm the city's transit, traffic and parking capacity, housing capacity and affordability and neighborhood character. Proposition M requires that our city remain affordable for those living and working in it. And Proposition M requires that office development not displace other viable economic uses which provide a higher proportion of resident employment, such as neighborhood serving retail, service/light industry and manufacturing.

San Francisco Tomorrow believes that the City should get a better deal. Voters should oppose Proposition I unless the development agreement provides for sufficient affordable housing, community facilities and economic development opportunities to benefit all San Franciscans including those who have been economically disadvantaged in the past.

The development can proceed without a Proposition M exemption if the developer is still committed to building a new San Francisco neighborhood and is not just interested in selling off, the zoning.

San Francisco Tomorrow

Having drafted Proposition M and run its campaign in 1986, we want the jobs, affordable housing, economic development and other amenities that a comprehensive development agreement should provide. We wanted to support a Mission Bay exemption to Proposition M's annual limit of office development; however, the Mission Bay proposal is inconsistent with Proposition M because it does not:

- Provide adequate levels of affordable housing, as the affordable housing is BELOW Bay Area standards;
- Guarantee the financing of affordable housing and other Mission Bay amenities;
- Provide for a definite start-date for the project;
- Provide sufficient housing for its own work-force;
- Fully answer questions concerning toxics clean-up nor provide for an independent consultant for the community;
- Guarantee jobs for San Franciscans;

- Improve our transportation system and decrease congestion.

Instead of seriously addressing our City's critical problems — such as affordable housing, transportation and jobs for San Franciscans — the draft proposal (as of the ballot deadline) creates even greater problems.

Inconceivably, the development agreement on which you are voting will not be finalized until after the election. Thus, you are voting on an exemption for a project which could be changed. That is not a sound way to plan this City's future.

A "No" vote does not mean there will be no "Mission Bay" project. Rather, it sends a message to the City to present the voters with a better and finalized project.

San Francisco Campaign for Accountable Planning
Executive Committee

Exempting the Equivalent office space of 10 Transamerica pyramids from the city's Prop. M growth control law is a bad idea. There proposed preferential exemption for the powerful Southern Pacific Company, now called Catellus Development Corporation, is unprecedented, unreasonable, and unnecessary.

VOTE NO on I.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

TEXT OF PROPOSED ORDINANCE

PROPOSITION I

Part 1 - Declaration of People of San Francisco regarding the Mission Bay Neighborhood.

Whereas, an amendment of the City Planning Code, including the provisions thereof enacted by the voters through Proposition M in 1986, is appropriate to facilitate development of Mission Bay provided such development complies with the performance criteria and standards of an appropriate and adequate development agreement;

Part 2 - Amendment of City Planning Code.

Be it ordained by the People of the City and County of San Francisco that Part II, Chapter II of the San Francisco Municipal Code (the City Planning Code) is hereby amended as follows:

Section 1. A new subsection 320(g)(7) is hereby added so as to provide a new exception from the definition of an office development subject to the annual limit as follows:

"(7) Office space in Mission Bay, up to a maximum of 4.8 million square feet, which is the subject of a development agreement as authorized under California Government Code Section 65865 or any successor section, provided that such development agreement is in effect at the time of issuance of any building or site permit therefore, is approved by the Board of Supervisors after recommendation by the City Planning Commission, and sets out standards and performance criteria which include at least the following:

(i) requires that efforts be undertaken to cause affordable and market rate housing to be built on a schedule such that no later than ten (10) years after the project start date (as defined in such development agreement) construction shall have commenced for at least 2,000 housing units, of which no less than 740 shall be affordable housing units and further requires that, at a minimum, over the life of the project, at least one housing unit be provided for each 712 square feet of additional office space built including at least one affordable housing unit for each 1900 square feet of additional office space built;

(ii) provides economic development and employment opportunities for women, minorities and locally-owned businesses, and establishes an economic development fund of at least $2.00 per square foot of additional office space to be used to create economic opportunities and to provide technical assistance for women, minorities and locally-owned businesses, and to finance job training, employment brokerage and placement programs with priority given to economically disadvantaged San Francisco residents, specifically including those in the South of Market, Bayview/Hunters Point, Mission District, and Potrero Hill neighborhoods, and further requires that no later than ten (10) years after the project start date (as defined in such development agreement), no less than $3,000,000 shall have been contributed to the economic development fund, regardless of whether or not construction of additional office space has occurred, and further may provide that a priority be given in the initial allocation of funds from such fund for creation and implementation of the programs contemplated by this Subsection;

(iii) provides a comprehensive program for investigation and remediation of hazardous materials in connection with development in a timely fashion to permit construction of housing, open space and community services facilities;

(iv) provides a comprehensive public parks system including the provision or enhancement of a publicly accessible shoreline estuary, and provides public and community facilities; including a police station, a fire station, recreation, cultural and child care centers;

(v) prohibits discrimination on the grounds of, or because of, race, color, creed, national origin, ancestry, age, sex, sexual orientation, disability or Acquired Immune Deficiency Syndrome or AIDS related condition (AIDS/ARC) as provided in Chapter 56.7(c) of the San Francisco Administrative Code; and

(vi) provides that the times required for construction and contribution of funds set forth in Subsections (i) and (ii) above may be extended by the occurrence of unavoidable delays, including, without limitation, matters beyond the reasonable control of the party charged, unavailability of satisfactory financing as determined in the prudent business judgment of the party charged, administrative or regulatory processing delays, or changes in laws or regulations and further, specifically shall defer the obligations set forth in Subsections (i) and (ii) above if any additional office space may not be commenced or completed due to litigation or lack of regulatory approvals."

Section 2. A new subsection 320(l) is hereby added as follows:

"(1) "Mission Bay" means the area generally bounded by Third Street, Berry Street, Fourth Street, and China Basin Channel, China Basin Street, Mariposa Street, Pennsylvania Street, Seventh Street and Townsend Street."

Section 3. A new Subsection 320(m) is added as follows:

"(m) "Affordable housing" means housing units affordable to households with incomes ranging from 50% or less to 120% of the median income for the San Francisco Metropolitan Area, a portion of which must be permanently affordable to such households."

Section 4. A new sentence is added at the end of Subsection 320(a)(2) as follows:

"Notwithstanding the foregoing, additional office space within Mission Bay shall count against the maximum set in Subsection 320(a)(1) to the extent provided in Subsection 321.1(l)."

Section 5. The last sentence of Subsection 321.1(b) is deleted and replaced with the following:

"The list shall not include: (1) permits for projects authorized pursuant to the office development competition set out in Subsection 321(b) and Section 322; or (2) permits for projects which are excepted from the definition of the term "office development" under Subsection 320(g)(7)."

Section 6. A new subsection 321.1(f) is added as follows:

"(f) This subsection 321.1(f) shall be effective after the amount of square footage remaining on the Department's list, prepared pursuant to Subsection 321.1(b), is reduced to zero and the 950,000 square foot annual limit established in Subsection 321(a)(1) is not subject to reduction pursuant to Subsection 321.1(d)."

(2) Beginning on February 1st of each year in which this Subsection 321.1(f) becomes effective, and on February 1st of each subsequent year, the Department shall certify in writing to the City Planning Commission, at a public hearing, a current list showing the total square footage of all office space which is excepted from the definition of the term "office development" under Subsection 320(g)(7) for which building or site permits were approved for issuance (including those approved prior to the effective date of this Subsection 321.1(f)) that have not lapsed or otherwise been revoked. In preparing that list, the Department shall subtract from the total amount of square footage of office space on its list the cumulative amount that has been deducted from the 950,000 square foot annual limit pursuant to Subsection 321.1(d)(3), below, and shall add to that list the cumulative amount that has been added to the 950,000 square foot annual limit pursuant to Subsection 321.1(l)(4).

(3) Within 30 days after receipt of the Department's certified list, the Commission shall reduce the 950,000 square foot annual limit established in Subsection 321(a)(1) by 200,000 square feet if the amount of the square footage of office space on the Department's list is equal to or greater than 200,000, or if the amount on the Department's list is less than 200,000 but greater than zero, then by such lesser amount.

(4) If the amount of square footage on the Department's list is a negative number (due to the lapse or other revocation of building or site permits), then an amount of square footage equal to the absolute value of that negative number shall be added to the 950,000 square foot annual limit.

(5) In no event shall the cumulative total amount deducted from the 950,000 square foot annual limit, net of amounts added to the annual limit, for all years exceed 4.8 million square feet."

Part 3 - Authority Retained.

Nothing herein shall be deemed to limit the lawful exercise of discretion by any City agency, department, board or commission, nor to limit the authority of any such entity to impose additional or more stringent conditions or requirements, in connection with the recommendation or approval of a development agreement.

(Continued on next page)
LEGAL TEXT OF PROPOSITION 1 (Continued)

Part 4 - Termination.

If there is a default which remains uncured (as same may be defined and provided in a development agreement) under the provisions of a development agreement which set forth the requirements of Subsections (i) and (ii) of Section 1 of Part 2 above due to the actions of a party other than a public entity, then this Ordinance shall be null and void and of no further force or effect as of the expiration of any cure period for such default.

Part 5 - Severability.

If any section, subsection, phrase or part of the foregoing is held invalid by a court of competent jurisdiction, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the other parts of this Ordinance, or application thereof, which can be given effect without the invalid part or application thereof. Each section, subsection, sentence, phrase, or part of this Ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or positions be declared invalid or unconstitutional. □

PROPOSITION J
Shall an ordinance be adopted making it City policy for the Board of Supervisors to appropriate at least $15 million each year, adjusted for inflation, to the Housing Affordability Fund, provided that $5 million may be appropriated in years where extraordinary circumstances warrant it?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City has a Housing Affordability Fund to assist in providing low and moderate income housing. There is no City policy regarding the amount of money the Board of Supervisors should appropriate each year to this fund.

THE PROPOSAL: Proposition J is an ordinance that would make it City policy for the Board of Supervisors to appropriate at least $15 million each year to the Housing Affordability Fund, to be adjusted each year based on the Consumer Price Index. If, due to an extraordinary circumstance, two-thirds of the Board of Supervisors find that less money should be appropriated in a given year, then Proposition J would make it City policy for the Board to appropriate at least $5 million for that year.

A "YES" VOTE MEANS: If you vote yes, you want to adopt an ordinance making it City policy for the Board of Supervisors to appropriate these funds each year to the Housing Affordability Fund.

A "NO" VOTE MEANS: If you vote no, you do not want to adopt this ordinance.

Controller’s Statement on “J”
Should the proposed ordinance be adopted and implemented, in my opinion, general resources, ranging from $15 million in 1991-92 and increasing thereafter indefinitely at the rate of increase in the consumer price index, could be allocated to an Affordable Housing Fund.

Amounts allocated to the Affordable Housing Fund would diminish the amount of funds available for general purposes of the City and County.

How “J” Got on the Ballot
On August 8, 1990 the Registrar of Voters received a proposed ordinance signed by Supervisors Harry Britt, Jim Gonzalez, Nancy Walker, and Doris Ward. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
Housing Affordability Fund

PROPOONENT'S ARGUMENT IN FAVOR OF PROPOSITION J

Housing is the foundation upon which all our social structures are built. In San Francisco, we face a housing affordability crisis that threatens to affect and change the way we all live. Proposition J makes it City policy to provide a substantial annual affordable housing contribution.

It costs more to live in San Francisco than almost anywhere else in our nation. The average sale price of a home has more than doubled since 1980; the average rent has nearly doubled in the same period. Today, only seven percent of San Francisco households can afford the average home. Many of our hard working lower and middle class families can no longer afford to rent or purchase a home in San Francisco, disrupting the economic, social and cultural fabric that weaves its way through all aspects of life in our City.

In the past, San Francisco's commitment to providing affordable housing has been augmented by substantial State and Federal funding assistance. These housing funds have been drastically reduced over the past decade, and San Francisco can only compete for funding if we can make sufficient local contributions.

The housing funds allocated by Proposition J represent a small percentage of San Francisco's annual budget, but they will leverage significant resources directed toward affordable housing preservation and new construction. Some costs will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless.

With Proposition J, starting in fiscal year 1991-92, fifteen million dollars will go to the Housing Affordability Fund annually. This revenue will be generated if new funding sources are identified. This represents a sound investment in the diversity of San Francisco, and will help improve the quality of housing in many of our neighborhoods.

Vote YES on Proposition J.

Nancy Walker
Harry Brit
Jim Gonzalez
Doris Ward

REBUTTAL TO PROPOONENT'S ARGUMENT IN FAVOR OF PROPOSITION J

Not once in their argument do the four supervisors admit where the $15,000,000 a year for Proposition J is going to come from. There's only a vague hint in the last paragraph: "This revenue will be generated if new funding sources are identified."

Just what "new funding sources" do they have in mind? They never tell you, but I will: doubling the city's real property transfer tax imposed when you sell or buy a home. In other words, these four supervisors want to add about $2,000 to the price of a typical San Francisco home.

What's their solution to the "affordable housing crisis"? To make the average San Francisco home $2,000 less affordable.

VOTE "NO" ON PROPOSITION J.

In 1980, I authored the policy declaration, approved overwhelmingly by the voters, which established a goal of 20,000 new housing units by the end of 1984. That policy was not fulfilled, and it never will be fulfilled if City Hall persists in such counterproductive strategies as Proposition J.

A huge tax hike on homeowners is no way to improve the housing situation in San Francisco!

VOTE "NO" ON PROPOSITION J.

The four supervisors even claim that some of Proposition J's $15,000,000 annual cost will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless." But most of the "homeless" are not people looking to buy a home!

Proposition J is a sham.

State Senator Quentin Kopp
Chairman, Kopp's Good Government Committee

OPPONENT'S ARGUMENT AGAINST PROPOSITION J

Proposition J requires the Board of Supervisors to appropriate $15,000,000 a year to a "Housing Affordability Fund". Sound good? Read on.

Question: Where's the money going to come from?
Answer: Higher taxes!

VOTE "NO" ON PROPOSITION J.

The same supervisor who authored Proposition J has an ordinance pending before the board that would double the city's real property transfer tax rate. This proposal could even increase the transfer tax by 1,000% for many San Francisco homebuyers. (That's the source of funding for Proposition J.)

In other words, Proposition J would pave the way to adding $2,000 to the price of a typical San Francisco home. How does that make housing more "affordable"?

VOTE "NO" ON PROPOSITION J.

The real property transfer tax is a lousy idea in the first place. It bears no connection whatsoever to any legitimate governmental service — like recording your deed or mortgage. The transfer tax is nothing but an excuse to gouge homeowners and raise money for City Hall.

There are 58 counties in California. In 57 of those counties, the transfer tax is 55 cents for each $500 of property value sold. In San Francisco, the current transfer tax is $2.50 for each $500 of property value. Proposition J would send our already excessive transfer tax out of sight!

VOTE "NO" ON PROPOSITION J.

The author of Proposition J has been quoted as stating that an extra $1,000 or $2,000 has "never been the amount of money that makes or breaks a real estate deal". Tell that to the families in San Francisco struggling to scrape together a down payment.

Proposition J will only make a bad housing situation worse.

State Senator Quentin Kopp
Chairman, Kopp's Good Government Committee

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION J

The opponents of Proposition J are trying to mislead you.

Proposition J does not raise taxes one penny. Proposition J sets City policy to make a long-term commitment to the City's depleted Housing Affordability Fund.

The transfer tax will not be affected one way or another by Proposition J, as Senator Kopp claims. In fact, any change to the transfer tax will have occurred months prior to this election. The transfer tax doesn't make housing unaffordable — a housing shortage does.

That's why, as a San Francisco Supervisor, Kopp placed a housing proposition on the ballot approved overwhelmingly in 1980. It set city policy to create 20,000 new units of housing over a five year period, but no money was allocated at that time. With the annual $15 million commitment in Proposition J, we will finally be able to meet the housing goals the voters and Kopp approved.

Vote YES on Proposition J, and get the affordable housing you already voted for.

Senator Kopp knows that the State of California has hurt San Francisco by slashing State funding to local governments. These drastic cuts greatly increase the need for San Francisco to fund housing for truly needy groups such as battered women and mentally and terminally ill, as well as our hard-working renters and first time homebuyers who are priced out of the market.

An investment in affordable housing is an investment in San Francisco's future. Vote YES on Proposition J.

Housing Affordability Fund

PAID ARGUMENTS IN FAVOR OF PROPOSITION J

Affordable housing for low, moderate and middle income families needs to be built in San Francisco.

Vote YES on J.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Another measure on the ballot because the Supervisors didn’t do their job!

It doesn’t take a ballot measure for the City to spend $15 million per year to develop affordable housing.

The Mayor and Supervisors control the budget — they can appropriate the money!

We do agree with opponents of “J”, however, the San Francisco’s regressive real estate transfer tax should not be raised!

Vote "Yes" on "J" which is only a nonbinding policy declaration saying you want $15 million per year spent on affordable housing.

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

Proposition J is a wise investment in the future of our City. With Proposition J, San Francisco will gain millions of dollars in State and Federal Funds for affordable housing construction and preservation that would otherwise be lost.

VOTE "YES" ON PROPOSITION J...

and San Francisco will be able to get over 2300 new affordable homes in the new neighborhood at Mission Bay.

VOTE "YES" ON PROPOSITION J...

and more San Francisco wage earners will be able to afford to live in our City, and contribute their wages to our economy, instead of clogging highways and fouling the environment as they drive hundreds of miles to distant houses elsewhere.

VOTE "YES" ON PROPOSITION J...

and thousands of small businesses will benefit while we provide opportunities for hard working households to find attractive and affordable homes. Help keep San Francisco a city where our sons and daughters can afford to live, and where the richness of our cultural diversity will be maintained.

Join the many homeowners, business people, civic leaders, environmentalists, community organizations, and hard working people who know that...

Housing Affordability Fund

PAID ARGUMENTS AGAINST PROPOSITION J

Vote No on Proposition J.

Everyone agrees that San Francisco needs more affordable housing. But Proposition J won't raise one penny for housing.

Proposition J does not bind the city to spend any money to build affordable housing. It is on the ballot only as a first step in an effort to raise taxes.

San Francisco's general tax revenues are not great enough to allow the Board of Supervisors to transfer millions of dollars into a housing fund. To implement Proposition J the Board of Supervisors will have to either pass new taxes or cut current programs.

Vote No on Proposition J. Insist that the Board of Supervisors tell us how the program is to be paid for.

Don't be fooled. Vote No on Proposition J.

Donald D. Doyle
San Francisco Chamber of Commerce

Proposition J would require the Board of Supervisors to allocate $15 million a year for affordable housing. But where is the money going to come from? Isn't the city facing a budget crisis?

The supporters of Proposition J advocate increasing the real property transfer tax, the tax that is paid whenever title to property changes. This largely unknown tax could end up costing property owners and buyers thousands of dollars.

Isn't it just like City Hall to make housing more expensive in order to support affordable housing?

We know San Francisco has an affordable housing problem. Is Proposition J the solution? You can't tell from its language.

As written, Proposition J only says, "appropriate to the Affordable Housing Fund . . . no less than . . . in fiscal year 1991-92, $15 million dollars, and each succeeding fiscal year," a like amount adjusted for inflation.

From a reading of Proposition J, you can't tell where or how these funds will be spent. Or where the money will come from.

Proposition J doesn't provide the facts. VOTE NO ON PROPOSITION J.

Jack Waters
Laura Peterson
Grace J. Perkins
Barbara A. Moore
Lenora N. Lawrence
Gardner W. Mein
Frances Miller
Dana Ellsworth
Diana Vollmer

San Francisco Association of Realtors

Proposition J is fiscally irresponsible. Vote NO ON PROPOSITION J.

San Francisco's residents and businesses are burdened by some of the highest taxes in effect anywhere in the country. Now the Board of Supervisors is considering a proposal to increase the city's real property transfer tax by 120%. If this tax is increased, it could end up costing home owners and buyers thousands of dollars.

During the debate on the tax, supporters of the increase have said that additional money is needed to support an annual allocation of $15 million to the city's affordable housing fund if Proposition J is passed by the voters. But the proposed increase would generate an additional $38 million a year. How would the balance of these funds be used? Are they needed? No one will say.

Proposition J doesn't even tell you how the $15 million annual allocation will be used and who will benefit. Proposition J is a disguised attempt to increase taxes for a variety of unspecified purposes.

It is budgetary profligacy of the worst sort. Vote NO ON PROPOSITION J.

W.F. O'Keeffe, Sr., President
San Francisco Taxpayers Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION J

Proposition J is not an innocuous policy statement. It asks voters to support a permanent $15 million annual allocation of General Fund revenues to a poorly defined housing fund. Each fiscal year, city expenditures exceed revenues. Where will the city get the revenues for this special interest fund?

The proponents of Proposition J won't tell where the money is coming from. They just say vote for housing. The truth is that the revenues to finance the fund must come from increased taxes and fees on residents or small businesses, or cuts in city services, such as health, seniors, MUNI and public safety. VOTE NO ON PROPOSITION J.

Passage of Proposition J would encourage other special interest groups to seek voter approval to "lock-up" more General Fund revenues for their causes. The federal and state budgets provide ample evidence of the budgetary crises which are produced when special interests take control of the budget. Don't let this happen in San Francisco. VOTE NO ON PROPOSITION J.

The measure does not spell out guidelines on how the funds would be used. Is Proposition J a hidden "blank check"? Why don't the proponents tell the voters in the measure how the funds will be spent? VOTE NO ON PROPOSITION J.

As a non-profit housing group, we are very interested in supporting reasonable, detailed and effective affordable housing programs. Proposition J does not meet these standards for support. The proponents should detail their housing fund proposal and then ask for voter support. Until then, VOTE NO ON PROPOSITION J.

San Francisco Housing Council

The Board of Supervisors has been aggressive in adopting policies designed to increase affordable housing opportunities for San Francisco residents. Each year, millions of dollars are committed to affordable housing programs. But despite this effort, no one can deny that the city's financial commitment to affordable housing should be increased.

The problem is that the city has been living beyond its means. Each year, the city's budget becomes increasingly difficult to balance. Cuts in essential services are not the answer; nor are increased taxes and fees. Governmental efficiency must be improved in order to provide the funds needed to support public services and economic growth. Until this happens, San Francisco cannot afford Proposition J's budget mandate of $15 million annually.

Please join us in voting NO ON PROPOSITION J.

Supervisor Willie B. Kennedy
Supervisor Bill Maher
Supervisor Tom Hsieh

The Coalition for Better Housing, a non-profit housing group, has been in the forefront of supporting sound and effective affordable housing solutions for many years. We would like to support Proposition J but we cannot. Why?

Look at the text. Proposition J does not tell voters the source of the $15 million annually allocated to fund the program. It can only come from two places: more cuts in city services or more increases in taxes and fees. At a time when San Francisco is facing one of its worst fiscal crises, the City cannot afford Proposition J.

Where in Proposition J's language does it tell how the funds will be spent? The voters of this city should not support a housing fund with no accountability or program guidelines.

Don't be fooled by the proponents of Proposition J. They are asking you to support a measure without the information you need to make an informed decision. Make them tell you the details before voting for such a measure.

Join housing advocates that want fiscally and programmatically sound affordable housing plans.

Vote No on Proposition J!

Barbara Kolesar
Executive Director
Coalition For Better Housing

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
NOTE: This Section is entirely new.
Be it ordained by the people of the City and County of San Francisco:

Section 1.
Findings:
1. San Francisco's housing costs are among the highest in the nation.
2. High housing costs threaten the social, cultural, and economic well being of the City and all of its residents.
3. An investment in affordable housing is therefore in the vital interest of the City and County of San Francisco.
4. The average sales price of a house in San Francisco has more than doubled since 1980, from $131,000 to $340,000 in 1990. It is estimated that only 7% of San Francisco households can afford the price of the average San Francisco single family home.
5. The price of a two-bedroom rental apartment increased by 88% since 1980 from a median advertised rent of $475 in 1980 to $895 in 1989. It is estimated that only 30% of the City's households can afford the current median price of a two-bedroom apartment.
6. There has been a drastic reduction in direct Federal funding for affordable housing to all American cities over the last ten years, and there is no likelihood of restoring discontinued national affordable housing programs.
7. Remaining current state and federal affordable housing programs rely on a substantial local funding match to be made available.
8. The Residence Element of the Master Plan projects a need for 2690 new or renovated units of very low income, low income, and moderate income housing annually.

Section 10.117-50.1 thereto, to read as follows:
SEC. 10.117-50.1. ANNUAL APPROPRIATIONS TO HOUSING AFFORDABILITY FUND. (a) It shall be the Policy of the People of the City and County of San Francisco that subject to the budget and fiscal provisions of the Charter of the City and County of San Francisco, commencing in fiscal year 1991-92, the Mayor and the Board of Supervisors shall, through the annual appropriation ordinance for the City, appropriate to the Housing Affordability Fund established by Section 10.117-50(a) of the San Francisco Administrative Code no less than the total amount specified in subsections (i) and (ii) below:
(i) In fiscal year 1991-92, fifteen million dollars ($15,000,000.00), and in each succeeding fiscal year, fifteen million dollars ($15,000,000.00) increased by the percentage by which the Consumer Price Index for All Urban Consumers: Selected areas, all items index, San Francisco-Oakland, California (1982-1984=100) (or if that index is no longer published, and equivalent successor index selected by the Board of Supervisors) that is published on or immediately prior to the first day of the fiscal year exceeds the Consumer Price Index published on or immediately prior to July 1, 1990, or
(ii) Five million dollars ($5,000,000.00), upon a determination by a two-thirds majority of the Board of Supervisors that due to an Act of God or other extraordinary circumstances a reduction below the requirement as set forth in section (i) is warranted, but may not be enacted by the Board for more than two (2) consecutive years.
DOMESTIC PARTNERS

PROPOSITION K

Shall two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses be allowed to formally establish their relationship as a “domestic partnership?”

YES 311
NO 312

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: There is no process for lesbians and gay men to formally establish and record their relationships.

THE PROPOSAL: Proposition K would allow two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses to formally establish their relationship as a “domestic partnership.” They would establish their relationship by signing a Declaration of Partnership and either (a) filing the Declaration with the County Clerk or, (b) having the Declaration notarized and witnessed and given to the witness. A filing fee would be charged to cover the City’s costs.

The domestic partnership would end if one partner notifies the other that he or she has ended the partnership, if one of the partners dies, if one of the partners marries or if the partners no longer live together. When the domestic partnership ends, the partners would incur no further obligation to each other.

A person who has filed a Domestic Partnership Declaration may not file another such declaration until six months after the partnership has ended, unless the previous domestic partnership ended because one of the partners died.

A “YES” VOTE MEANS: If you vote yes, you want to allow unmarried couples to formally establish their relationship as a domestic partnership.

A “NO” VOTE MEANS: If you vote no, you do not want to allow unmarried couples to formally establish their relationship as a domestic partnership.

Controller’s Statement on “K”

Should the proposed ordinance be adopted, in my opinion, it should not affect the cost of government.

How “K” Got on the Ballot

On July 20, 1990, the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Richard Hongisto, and Nancy Walker. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
Domestic Partners

PROPOONENT'S ARGUMENT IN FAVOR OF PROPOSITION K

Proposition K, the Domestic Partners registry, is simply a question of fairness. Proposition K will cost the city nothing.

Proposition K will allow lesbian, gay and other committed couples to register their relationships.

Under state law, lesbian and gay couples cannot get married. Despite their commitment, despite their love, despite all the joy and struggles they've endured, their relationships are neither recognized nor supported. Like all couples, they want visible recognition from their friends, families and neighbors.

This is an issue of choice and civil rights. Everyone has the right to choose whom they will love. The religious opponents of domestic partners, who want to enforce their view of what constitutes a loving, committed relationship on everyone else, would deny social recognition and support for gay and lesbian relationships. Let's stop the injustices by voting yes on Proposition K.

The previous proposal for domestic partners caused concern over potential costs to taxpayers. But the registry under Proposition K is financially self-supporting with fees covering all costs. Proposition K provides no city or employment benefits to domestic partners.

Proposition K is the respect and support that will allow all of the residents of our city to proudly say, “We are a part of the family of San Francisco.”

VOTE YES ON PROPOSITION K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPOONENT'S ARGUMENT IN FAVOR OF PROPOSITION K

The Blitzkrieg-defying traditionalist Sir Winston Churchill — the man who destroyed Adolf Hitler — at age 13 memorized these fateful lines from Macaulay's Lays of Ancient Rome:

"Then out spake brave Horatius,
The Captain of the Gate:
'To every man upon this earth
Death cometh soon or late.
And how can man die better
Than facing fearful odds,
For the ashes of his fathers,
And the temples of his gods?""

San Francisco’s misguided Board of Supervisors purports to advise us on “Love”, “Fairness” and so-called “Religion”. Their ideas are flawed and twisted. Vote “NO” on Proposition K.

Even the claim that “domestic partners” will not cost us tax money is false. In light of the California case of Marvin v. Marvin (on the “implied contract” rights of “live-in” lovers), it’s total folly to pretend that “domestic partners” will not open up the floodgates of future litigation. We can expect lots of court costs if Proposition K passes.

The First Amendment to the U.S. Constitution wisely bans the “establishment” of religion. The power of the state should not be used to advance particular creeds or belief systems.

Proposition K represents nothing but an attempt to “establish” the belief system of “domestic partners” as the official policy of the City and County of San Francisco.

The Board of Supervisors are insulting you and wasting your tax money by putting this already defeated “domestic partners” measure back on the ballot again.

Vote “NO” on Proposition K.

Patrick C. Fitzgerald
Democratic Party Nominee for State Senator

DOMESTIC PARTNERS

OPPONENT’S ARGUMENT AGAINST PROPOSITION K

JUST SAY “NO” TO “DOMESTIC PARTNERS”
San Francisco is a broadminded seaport town.
People from all over the world have come to San Francisco since
the day the Spanish navigator Ayala first sailed his ship through
the Golden Gate.
The San Francisco Presidio’s Lyon Street Gate and its ancient
Officers Club are still guarded by the cannons of the Spanish King
Carlos III.
The quartered arms of Aragon and Castile — the old banner of
Imperial Spain — no longer flies over San Francisco.
San Francisco is a City with tradition.
San Francisco does not need the misguided Supervisor Harry
Britt’s proposed “domestic partners” law.
San Francisco and its voters defeated an almost identical “do-

“Domestic partners” is basically a slap in the face to 3,000 years
of Judeo-Christian-Islamic civilization:
That is the reason Archbishop Quinn last year had a letter read
in every San Francisco Roman Catholic church attacking the 1989
“domestic partners” ballot measure.
That is the reason virtually every Catholic, Protestant, Eastern
Orthodox, Jewish, Moslem, and Buddhist clergyman in the City
and County of San Francisco agreed.
The truth is that “domestic partners” is a piece of legislation that
would have been laughed out of the late Emperor Nero’s pagan
Roman Senate.
In fact, there is only one man in Suetonius’ Lives of the Twelve
Caesars who would probably have backed “domestic partners”
legislation.
His name???: The mad Emperor Gaius Caligula.
Gaius Caligula also put a horse in the Roman Senate.

Now — like a Bad Penny — “domestic partners” has come back
to again haunt the City and County of San Francisco.

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION K

Domestic Partners is obviously NOT about Caligula. It is not
about Imperial Spain, or King Carlos III, or about sailors crossing
the Golden Gate.
It IS about our respect for one another. It’s about the acceptance
and recognition of our differences. It’s about our willingness to tell
our neighbors and families and friends that all people should be
granted the right of being allowed to publicly recognize the one
they love.
Yes, San Francisco is a city of traditions . . . Traditions of
tolerance, fairness, and respect for others. Proposition K reaffirms
these San Francisco traditions.
Please vote YES ON K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on
August 27, 1990.
Ayes: Supervisors Gonzalez, Hallinan, Hsieh, Kennedy, Maher,
Nelder, Walker and Ward.
Absent: Supervisors Alioto, Britt and Hongisto.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Long-term, monogamous relationships should be recognized and encouraged.
Vote YES on K.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Equal rights must be afforded all citizens — without regard to sexual orientation.
As Democratic Committeemembers, we have both consistently supported domestic partners legislation. In 1983, Arlo Smith authored the resolution first putting the Democratic Committee on record in support of such legislation.
In 1987, Arlo Smith got the BART Board to adopt an ordinance prohibiting BART contractors from engaging in sexual orientation discrimination.
In 1989, Arlo Smith co-sponsored (with Director Michael Bernick) a domestic partners proposal for BART employees. Alexa Smith will vote for such legislation if elected as your BART Director.
We both supported Proposition S in 1989.
We are proud to support Proposition “K”.
Vote “YES” on “K”.

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

Vote Yes on K! Equity and fairness for all San Franciscans.

Carole Migden
Candidate, Board of Supervisors

Communities of color have always led the fight for equality and challenged the discrimination which designated “white” only jobs, schools and recreational facilities or immigration laws which separate our families. Current laws regarding family status do not allow the participation of lesbian and gay couples, leaving them with no mechanism to register their relationships and seek equal treatment for them.

We must stand together with the lesbian and gay members of our own African American, Latino, Asian and Pacific Islander, and Native American communities and with all lesbian and gay couples who seek equal treatment for their relationships. Proposition K will allow these couples the same public recognition and respect of their relationships that we give to others. At no cost to the city, we can take one more step towards dignity and the fair treatment of all.

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is an important piece of civil rights legislation that San Francisco must pass. It establishes a registry for gay and lesbian couples, allows hospital visitation rights, and carries no costs for public and private employers. It bestows basic civil rights and legitimacy on a large segment of San Francisco’s population.

VOTE YES ON K.

Supervisor Bill Maher

The San Francisco Democratic Party supports Domestic Partnerships. By an overwhelming majority, the Central Committee voted to support Proposition K.

The Democratic Party has a strong tradition of support for civil rights and individual freedoms.

In San Francisco, let us define what we consider a family.

Join your local Democratic Party in recognizing the diversity of families in our city.

We urge you to vote YES on PROPOSITION K.

Proposition K is an issue of CHOICE! The lesbian and gay community has created a process for the city to recognize their relationships through a registration system, since they are not legally eligible for marriage. A small section of religious fundamentalists overturned this legislation last year. They want to impose their lifestyles on the entire population — preventing women from exercising their right to choice related to pregnancy — preventing lesbian and gay couples from exercising their right to the choice of loving relationships of their own sex.

If we cannot demonstrate the importance of maintaining our freedom of choice here in San Francisco, it will surely be endangered throughout the country.

Almost everyone has lost a friend, relative, co-worker or lover to AIDS. Our city has witnessed a crisis beyond all scope but we have seen an enormous amount of caring and love that has poured out in response to the AIDS epidemic.

The lesbian/gay community, through its response to AIDS and in a hundred other ways, has shown it has the power to love and care. A “Yes” vote on Proposition K recognizes the love and commitment shared by lesbian and gay couples, and will bring all our communities together as part of the family of San Francisco.

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is about justice. This measure requires no city tax dollars; it is completely self-supporting. Proposition K represents the consensus position of the elected leadership of San Francisco.

There are no financial benefits in Proposition K, but it does provide a legal registry to foster respect for lesbian, gay and other unmarried couples. This is one way San Francisco can address the discrimination and neglect they face. We urge you to vote “Yes” on Proposition K, so that our city officially encourages loving and caring families.

Mayor Art Agnos
Assembly Speaker Willie L. Brown, Jr.
Assemblyman John Burton
State Senator Milton Marks
Congresswoman Nancy Pelosi
Assemblywoman Jackie Speier

Martin Luther King, Jr. once said, “Injustice anywhere is a threat to justice everywhere.” Proposition K is about fighting injustice. We are part of civil rights and social justice groups that are devoted to uplifting the lives of all people. We are concerned about discriminatory laws and practices that deny justice and equal opportunity to any member of society.

Proposition K is a simple measure of justice. It represents everything decent and honorable about our city. Proposition K affirms the lives and humanity of all San Franciscans. There is no financial cost to the city with Proposition K. There is a moral cost to the city without it. Please stand with us on the side of human justice. Vote YES on PROPOSITION K.

PAID ARGUMENTS AGAINST PROPOSITION K

“People have heard enough about the ‘Rights of Man’ as they are called; it is time they hear about the Rights of God”.
— Pope Leo XII (1823-1829)

Some now seek to “redefine” the family — as if the Natural Law is malleable by man! Remember, “Live-and-let-live” libertarianism is NOT accepted by God, nor does scripture or tradition teach that democracy is the ideal form of government. Democracy is valid ONLY if a Holy Fear of God is woven through the fabric of society.

Proposition K, a degenerative piece of legislation, further erodes that fabric. Do we need more disasters and loss of freedom to make us realize we are not dealing with a play-God? Keep in mind that Hell and Purgatory ARE real and Dies Irae IS coming!! Vote No on K!

Dennis J. Mark, Accountant

This is an attempt by the militant homosexual-dominated political establishment to use our city government to force our endorsement of perverted and illicit sexual relationships. It is a mockery of marriage. It attempts to provide the benefits of marriage without the responsibilities. It would open the door to astronomical financial costs.

Use your common sense. Vote No on K.
A vote for me is a vote against domestic partnerships and for family values.

Jim Robinson
Candidate for Supervisor
PAID ARGUMENTS AGAINST PROPOSITION K

An issue that the voters have already rejected is before them again — the “domestic partners” issue that would allow the same sex and unmarried partners the same status of married couples and families. A domestic partnership is a shallow mockery of traditional heterosexual marriage, with all of the privileges and none of the real responsibilities. It is a “frequent flier” marriage of the moment that can be easily dissolved. The proponents of Proposition K attempt to use the laws, institutions, bureaucracies and tax dollars of our City to make a public statement that divergent lifestyles and choices are perfectly legitimate too and demand everyone’s endorsement.

The Chinese and Asian community cherish the traditional monogamous family as a stable place of procreation and nurturing of future generations. Proposition K is in direct conflict with those values. If passed, it will cause profound DISTURBANCE and CONFUSION to our community. Our children will be the victim of this unproven and ill conceived social experiment. Although we respect the existence of different social groups and their basic human rights, we reject a pseudo-substitute for the family, and we will not vote for a potential economic, social, and legal NIGHTMARE that will only further divide our already divided City. Vote NO on K.

The People Amend The San Francisco Administrative Code by adding a new Chapter, to read:

RECOGNITION OF DOMESTIC PARTNERSHIPS

Sec. 1. PURPOSE

The purpose of this ordinance is to create a way to recognize intimate committed relationships, including those of lesbians and gay men who otherwise are denied the right to identify the partners with whom they share their lives. All costs of registration must be covered by fees to be established by ordinance.

Sec. 2. DEFINITIONS

(a) Domestic Partnership. Domestic Partners are two adults who have chosen to share one another's lives in an intimate and committed relationship of mutual caring, who live together, and who have agreed to be jointly responsible for basic living expenses incurred during the Domestic Partnership. They must sign a Declaration of Domestic Partnership, and establish the partnership under section 3 of this chapter.

(b) "Live Together." "Live together" means that two people share the same living quarters. It is not necessary that the legal right to possess the quarters be in both of their names. Two people may live together even if one or both have additional living quarters. Domestic Partners do not cease to live together if one leaves the shared quarters but intends to return.

(c) "Basic Living Expenses." "Basic living expenses" means the cost of basic food and shelter. It also includes the expenses which are paid in part by a program or benefit for which the partner qualified because of the domestic partnership. The individuals need not contribute equally or jointly to the cost of these expenses as long as they agree that both are responsible for the costs.

(d) "Declaration of Domestic Partnership." A "Declaration of Domestic Partnership" is a form provided by the county clerk. By signing it, two people agree to be jointly responsible for basic living expenses which they incur during the domestic partnership and that this agreement can be enforced by anyone to whom those expenses are owed. They also state under penalty of perjury that they met the definition of domestic partnership when they signed the statement, that neither is married, that they are not related to each other in a way which would bar marriage in California, and that neither had a different domestic partner less than six months before they signed. This last condition does not apply if the previous domestic partner died. The form will also require each partner to provide a mailing address.

Sec. 3. ESTABLISHING A DOMESTIC PARTNERSHIP

(a) Methods. Two persons may establish a Domestic Partnership by either:

1. presenting a signed Declaration of Domestic Partnership to the County Clerk, who will file it and give the partners a certificate showing that the Declaration was filed; or
2. having a Declaration of Domestic Partnership notarized and giving a copy to the person who witnessed the signing (who may or may not be the notary).

(b) Time Limitation. A person may not become a member of a Domestic Partnership until at least six months after any other Domestic Partnership of which he or she was a member ended. This does not apply if the earlier domestic partnership ended because one of the members died.

(c) Residence Limitation. The county clerk will only file Declaration of Domestic Partnership if:

1. the partners have a residence in San Francisco; or
2. at least one of the partners works in San Francisco.

Sec. 4 ENDING DOMESTIC PARTNERSHIPS

(a) When the Partnership Ends. A Domestic Partnership ends when:

1. one partner sends the other a written notice that he or she has ended the partnership; or
2. one of the partners dies; or
3. one of the partners marries or the partners no longer live together.

(b) Notice the Partnership has ended.

1. To Domestic Partners. When a Domestic Partnership ends, at least one of the partners must sign a notice saying that the partnership has ended. The notice must be dated and signed under penalty of perjury. If the Declaration of Domestic Partnership was filed with the county clerk, the notice must be filed with the clerk; otherwise, the notice must be notarized. The partner who signs the notice must send a copy to the other partner.

2. To Third Parties. When a Domestic Partnership ends, a Domestic Partner who has given a copy of a Declaration of Domestic Partnership to any third party, (or, if that partner has died, the surviving member of the domestic partnership) must give that third party a notice signed under penalty of perjury stating the partnership has ended. The notice must be sent within 60 days of the end of the Domestic Partnership.

3. Failure to Give Notice. Failure to give either of the notices required by this subsection will neither prevent nor delay termination of the Domestic Partnership. Anyone who suffers any loss as a result of failure to send either of these notices may sue for actual losses.

Sec. 5. COUNTY CLERK'S RECORDS

(a) Amendments to Declarations. A Partner may amend a Declaration of Domestic Partnership filed with the County Clerk at any time to show a change in his or her mailing address.

(b) New Declarations of Domestic Partnership. No person who has filed a declaration of Domestic Partnership with the county clerk may file another declaration of Domestic Partnership until six months after a notice the partnership has ended has been filed. However, if the Domestic Partnership ended because one of the partners died, a new Declaration may be filed anytime after the notice the partnership ended is filed.

(c) Maintenance of County Clerk's Records. The County Clerk will keep a record of all Declarations of Domestic Partnership, Amendments to Declarations of Domestic Partnership and all notices that a partnership has ended. The records will be maintained so that Amendments and notices a partnership has ended are filed with the Declaration of Domestic Partnership to which they apply.

(d) Filing Fees. The Board of Supervisors will set the filing fee for Declarations of Domestic Partnership and Amendments. No fee will be charged for notices that a partnership has ended. The fees charged must cover the city's cost of administering this ordinance.

Sec. 6. LEGAL EFFECT OF DECLARATION OF DOMESTIC PARTNERSHIP

(a) Obligations. The obligations of domestic partners to each other are those described by the definition.

(b) Duration of Rights and Duties. If a domestic partnership ends, the partners incur no further obligations to each other.

Sec. 7. Upon adoption, the Clerk of the Board shall codify this amendment into the San Francisco Administrative Code.
Telephoning the Registrar of Voters

The Registrar of Voters recognizes that responses to telephone calls, especially on Election Day, need to be improved. Toward that end, we have taken advantage of a telephone system that has been made available to us on an experimental basis. In the last election, we were able to respond much more quickly to requests for registration forms and absentee voting applications. Unfortunately, we did not do as well on Election Day and we apologize for any inconvenience that may have caused.

We have reviewed our experience from the June Primary Election, and we have revised the telephone system to improve our responses to your telephone calls for the November election. When you call the Office of the Registrar of Voters at 544-4375, you will hear a recording offering you the following choices:

- TOUCH-TONE PHONES  Press 1
- SPANISH-SPEAKERS  Press 2
- CHINESE-SPEAKERS  Press 3
- ROTARY PHONES  Hold

For people with touch-tone phones, after you have Pressed 1, you will have the following options:

- Voter Registration Information and Forms  Press 1
- Absentee Voting Information and Forms  Press 2
- Working at the Polls Information  Press 3
- Candidates and Ballot Measures  Press 4
- Information about Registered Voters  Press 5
- REPEAT — (Listen to choices again)  Press 9
- Other Topics  Hold

Please write if you have suggestions for improving our telephone system.

AVOID LONG LINES — VOTE BY MAIL

It’s as easy as 1-2-3.

1. Complete the application on the back cover.
2. Put a 25¢ stamp where indicated.
3. Drop your completed application into a mail box.
Within two weeks, you will receive your Absentee Ballot.

YOUR POLLING PLACE

The location of your polling place is shown on the label on the back cover of the Voter Information Pamphlet which was sent to you. Of the 7,000+ telephone calls received by the Registrar of Voters on Election Day, almost all of them are from voters asking where they should go to vote.

Remember on Election Day, take the back cover of your Voter Information Pamphlet with you. The address of your polling place is on the top part of the mailing label on the back cover of the Voter Information Pamphlet which was sent to you. You may also wish to write down the address of your polling place in the space provided on the Voter’s Quick Reference Card.

THIS FORM WAS PROVIDED BY THE SAN FRANCISCO REGISTRAR OF VOTERS
San Francisco Voter Information Pamphlet & Sample Ballot

November 6, 1990
Polls are open from 7 a.m. to 8 p.m.

PLEASE SEE THE LABEL ON THE BACK COVER FOR THE LOCATION OF YOUR POLLING PLACE

Prepared by the Office of the Registrar of Voters
Germaine Q Wong, Registrar of Voters
POLL WORKERS NEEDED
Earn $49 to $58 (Plus Bonuses)
Meet Your Neighbors
Serve Your Community

Throughout California and the entire United States, the shortage of poll workers each election is getting worse. San Francisco is no exception. The Registrar of Voters Office challenges you to become more active in the election process. You are highly encouraged to Work on Election Day - November 6, 1990 as a Poll Worker.

People who have flexible schedules and are able to work on election day (Tuesday after the first Monday every November and every other June) for the foreseeable future are especially encouraged to apply.

Poll Workers with more responsibility, including the review and delivery of precinct supplies, earn $58 plus bonuses. Those poll workers with slightly less responsibilities are paid $49 plus bonuses. The day begins at 6:30 a.m. and ends at approximately 9-10:30 p.m. When friends work together, the day passes very quickly. It is a terrific opportunity to re-meet your neighbors while performing an important civic activity.

Applications are now being accepted in City Hall between 8:30 a.m. and 4:30 p.m., Mondays through Fridays. Come in early to get the precinct of your choice.

REGISTRAR OF VOTERS - POLL WORKER APPLICATION

I am a Resident of San Francisco and a REGISTERED VOTER of San Francisco. I hereby request to work on the General Election to be held on Tuesday, November 6, 1990.

HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE:
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algun error, devuelva su tarjeta de votar y obtenga otra.

STEP 1

USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.
Usando las dos manos, meta la tarjeta de votar completamente dentro del “Votomatic.”

B 第一步
请双手持票向自動機將整張選票插入。

STEP 2

BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.

Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabecitas rojas.

C 第二步
请切記將選票插入時，票尾之二孔，接合於二紅點之上。

STEP 3

HOLD PUNCH VERTICAL [STRAIGHT UP], PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.

Para votar, sostenga el instrumento de votar y perfore con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

D 第三步
請把選票之選舉針，由小孔內垂直插入打孔投票。

STEP 4

AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.

Después de votar, saque la tarjeta del "Votomatic" y póngala bajo el cierre del sobre.

E 第四步
投票選舉之後，把選票取出後，放入空封袋內，票尾凸出在外。
在封袋上，有空白格預備為投票人應用。
ABSENTEE BALLOTS (RIGHTS OF VOTERS) — If you do not wish to go to your polling place to vote, you may vote by mail or by going to the Registrar's Office in City Hall in person. This is called absentee voting.

BONDS (PROPOSITION A, B) — If the City needs money to pay for something such as a library, sewer line, or school, it may borrow the money by selling bonds. The City then pays back this money plus interest.

CHARTER (PROPOSITION C, D, E, F, G) — The Charter is the City's constitution.

CHARTER AMENDMENT (PROPOSITION C, D, E, F, G) — A Charter amendment changes the Charter, and requires a vote of the people. It cannot be changed again without another vote of the people.

DECLARATION OF POLICY (PROPOSITION J) — A type of advisory measure provided for in the San Francisco Charter. A declaration of policy does not have the force of law, but is intended to be a goal to guide the Board of Supervisors.

GENERAL OBLIGATION BONDS (PROPOSITION A, B) — The money to pay back these bonds comes from property taxes. A two-thirds majority of the voters must approve the decision to sell general obligation bonds.

INITIATIVE (PROPOSITION E, H) — This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Propositions passed by initiative can be changed only by another vote of the people.

ORDINANCE (PROPOSITION H, I, J, K) — A law of the City and County, which is passed by the Board of Supervisors or approved by the voters. For such a law to be passed by the Board of Supervisors, a majority, (or in some cases, three-quarters) of the Supervisors must vote to approve the law at two consecutive meetings. A majority of the voters must vote to approve the law at an election.

QUALIFIED WRITE-IN CANDIDATE (RIGHTS OF VOTERS) — A person who has turned in the required papers and signatures with the Registrar of Voters to run for an office as a write-in candidate. The name of this person will not be on the ballot. Voters who want to vote for this person can do so by writing the name of the person on the inside of the grey envelope given with the ballot.

REVENUE BONDS (PROPOSITION C) — The money to pay back these bonds comes from revenue such as fees collected by the department which issues the bonds. These bonds are not paid for with tax money.

PURPOSE OF THE VOTER INFORMATION PAMPHLET

This Voter Information Pamphlet provides voters with information about the November 6, 1990 General Election. The Pamphlet includes:

1. a Sample Ballot (i.e., a copy of the ballot you see at your polling place or the one you receive when you vote) ........................................... Page 6-23
2. the location of your polling place ................................................................. (see label on the back cover)
3. applications for an absentee ballot and permanent absentee voter status ................................................................. back cover
4. a rights of voters summary ........................................................................... 25
5. information for disabled voters .................................................................... 24
6. statements from the candidates who are running for office ....................... 28-53
7. Information about each proposition, including a summary, the Controller's Statement, arguments for and against the proposition, and the legal text .................................................. 55-160
8. definitions of words you need to know .......................................................... 5
9. a Voter Quick Reference Card to mark your choices and use when you vote ........................................................................................ inside back cover

CITIZENS ADVISORY COMMITTEE ON ELECTIONS

Mayoral appointees: Ernest Llerente, Chair; David Binder, Richard Sevilla, Molly Wood, and Hoyt Zia

Board of Supervisors appointees: Roger Cardenas, Martha Gillham, Brian Mavrogeorge, George Mix, Jr., Samson Wong, and Richmond Young

Members represent political organizations, political parties, labor organizations, neighborhood organizations, business organizations and other citizens groups interested in the political process.

The Committee studies and makes advisory recommendations to the officers of the City and County on all matters relating to voter registration, elections and the administration of the office of the Registrar of Voters; investigates compliance with the requirements of Federal, State and local election and campaign reporting, disclosure laws and other statutes relating to the conduct of elections in San Francisco; promotes citizen participation in the electoral process; studies and reports on all election matters referred to it by various officers of the City and County.

<td>Measure</td>
<td>Description</td>
</tr>
<tr>
<td>---------</td>
<td>-------------</td>
</tr>
<tr>
<td>124</td>
<td>LOCAL HOSPITAL DISTRICTS. LEGISLATIVE CONSTITUTIONAL AMENDMENT. Authorizes Legislature to allow hospital districts to become stockholders in health care related corporations. Fiscal impact: This measure has no direct fiscal effect.</td>
</tr>
<tr>
<td>125</td>
<td>RAIL TRANSIT FUNDING. LEGISLATIVE CONSTITUTIONAL AMENDMENT. Authorizes expenditure of motor vehicle fuels tax funds for rail transit vehicles, equipment acquisition. Fiscal impact: An unknown amount of revenues raised from the state-imposed taxes on motor vehicle fuels and fees upon the operation and use of vehicles may be shifted from existing uses for the purchase of rail transit vehicles and related equipment that operate on mass transit guideways, as a result of this measure. The extent of the shift depends upon the number of counties or geographic areas that approve and use these revenues for the specified purposes.</td>
</tr>
<tr>
<td>126</td>
<td>ALCOHOL TAX. LEGISLATIVE CONSTITUTIONAL AMENDMENT. Increases alcoholic beverages taxes; proceeds to General Fund; excluded from appropriations limit. Controls conflicting measures. Fiscal impact: This measure would result in additional General Fund revenues of approximately $70 million for a portion of 1990-91 and approximately $195 million in fiscal year 1991-92, the first full year it is in effect. Similarly, local sales tax revenues would increase statewide by approximately $1.6 million annually. Revenues generated after fiscal year 1991-92 will depend upon the trends in alcohol sales. Adjustments are also made to the state’s constitutional spending limit to include the additional tax revenue.</td>
</tr>
<tr>
<td>127</td>
<td>EARTHQUAKE SAFETY. PROPERTY TAX EXCLUSION. LEGISLATIVE CONSTITUTIONAL AMENDMENT. Excludes earthquake safety improvements to existing buildings from property tax assessment. Fiscal impact: If Legislature fully implements measure, it would reduce annual property tax collections from assessment of earthquake safety modifications beginning 1990-91. Revenue loss could be millions of dollars annually. Cities, counties, and special districts would bear approximately two-thirds of the loss; school and community college districts one-third. State may have to replace lost school district revenues, depending on formula used to determine K-14 education funding guarantee under existing state Constitution requirements.</td>
</tr>
<tr>
<td>128</td>
<td>ENVIRONMENT. PUBLIC HEALTH. BONDS. INITIATIVE STATUTE. Regulates pesticides, air, water. Authorizes bonds to acquire ancient redwoods. Establishes elected Environmental Advocate. Fiscal impact: Annual state administrative and program costs of approximately $90 million, decreasing in future years; partially offset by $10 million increased annual fee revenue. Local governments would incur $8 million one-time cost, $5 million to $10 million annually, decreasing in future years. State General Fund to incur one-time $750,000 appropriation in 1992-93 for Office of Environmental Advocate; $40 million for environmental research grants. Future administrative costs of office unknown. If all bonds authorized for ancient redwood acquisition, forestry projects were sold at 7.5 percent interest and paid over the typical 20-year period, General Fund would incur approximately $535 million in costs to pay off principal ($300 million) and interest ($235 million). Estimated average annual costs of bond principal and interest would be $22 million. Per-barrel fee on oil would increase revenues by $500 million by 1996-97, used to pay oil spill prevention/clean-up costs. Indefinite deferral of potentially $2 billion in future state oil and gas revenues resulting from limits on oil and gas leases in marine waters. Indirect fiscal impact could increase or decrease state and local government program costs and revenues from general and special taxes in an unknown amount. The overall impact is unknown.</td>
</tr>

CIUDAD Y CONDADO DE SAN FRANCISCO, ELECCIONES GENERALES CONSOLIDADAS, 6 DE NOVIEMBRE DE 1990
PROPOSICIONES A SER SOMETIDAS AL VOTO DE LOS ELECTORES — ESTATAL

157 SI 贊成
158 NO 反對

DISTRITOS DE HOSPITAL LOCAL. ENMIENDA CONSTITUCIONAL LEGISLATIVA. Autoriza a la Legislatura permitir que los distritos de hospital puedan tener acciones de valor en corporaciones en negocios relacionados con el cuidado de la salud. Impacto fiscal: Esta medida no tiene ningún efecto fiscal directo.

160 SI 贊成
161 NO 反對

FINANCIAMIENTO DE TRANSPORTE FERROVIARIO. ENMIENDA CONSTITUCIONAL LEGISLATIVA. Autoriza uso de réditos de los fondos recaudados del Impuesto a los combustibles para vehículos motorizados para adquirir vehículos y equipo para el transporte ferroviario. Impacto fiscal: Como resultado de esta medida, una cantidad desconocida de réditos recaudados del Impuesto estatal sobre los combustibles para vehículos motorizados y de los cobros y uso de vehículos podría ser redirigida de sus usos actuales a la compra de vehículos y equipo relacionados con el transporte ferroviario que opera en vías para el transporte ferroviario en gran escala. La cantidad que se redirija dependería del número de condados o áreas geográficas que aprueban y usen estos réditos para los especificados propósitos.

164 SI 贊成
165 NO 反對

169 SI 贊成
170 NO 反對

SEGURIDAD CONTRA SISMOS. EXCLUSIÓN DEL IMPUESTO A LA PROPIEDAD. ENMIENDA CONSTITUCIONAL LEGISLATIVA. Excluye las mejoras para seguridad contra sismos en edificios existentes del avalúo para el impuesto a la propiedad. Impacto fiscal: Si la Legislatura pudiera medir la medida en completa ejecución, esta reduciría los recaudos anuales del impuesto a la propiedad provenientes del avalúo de las modificaciones para seguridad contra sismos comenzando en 1990-91. Los réditos perdidos podrían ser millones de dólares al año. Las ciudades, condados y distritos escolares afrontarían aproximadamente dos tercios de la pérdida; los distritos escolares y de colegios superiores de la comunidad, un tercio. El Estado podría tener que reemplazar los réditos perdidos, dependiendo de la fórmula que se use para determinar los fondos garantizados para la educación del jardín de infantes al grado 14 bajo los actuales requisitos de la Constitución del estado.

174 SI 贊成
175 NO 反對

MEDIO AMBIENTE. SALUDBILIDAD PÚBLICA. BONOS. ESTADO DE INICIATIVA. Regula los pesticidas, aire y agua. Autoriza bonos para adquirir antiguos bosques de secoya. Establece el cargo por elección de Abogador por el Medio Ambiente. Impacto fiscal: Costos estatales anuales en aproximadamente $90 millones por administración y programa, disminuyendo en años futuros; parcialmente contrarrestados por $10 millones en réditos por aumento en cobros. Los gobiernos locales incurrirían en costos de una vez por $5 millones, en costos anuales de $5 a $15 millones que disminuirían en años futuros. El Fondo General del estado incurrirá en costos de una vez por asignar $750,000 en 1992-93 para la Oficina del Abogador por el Medio Ambiente; en $40 millones para concesiones para investigaciones sobre el medio ambiente. Se desconoce los futuros costos administrativos de la oficina. Si todos los bonos autorizados para la adquisición de antiguos bosques de secoya y proyectos forestales se vendieran a un interés de 7.5 por ciento y se amortizaran por sobre el tipo de interés de 20 años, el Fondo General del estado incurriría en aproximadamente $395 millones en costos por pagar el capital ($200 millones) y el interés ($195 millones). El costo promedio anual que se calcula por el capital e interés en los bonos sería $22 millones. Los cobros por barrido en las entregas de petróleo aumentarían en $500 millones para 1996-97, que se usarían para pagar por costos de prevención/limpieza de derrames de petróleo. Aplazamiento indefinido de posibilidad de dos mil millones de dólares en réditos estatales por petróleo y gas como resultado de la limitación en la concesión de derechos al petróleo y gas en las aguas marinas. El impacto fiscal indirecto podría aumentar a disminuir los costos de programa a los gobiernos estatal y locales y los réditos de los impuestos generales y especiales en una cantidad que se desconoce. Se desconoce el impacto total.

124 125 126 127 128
CITY & COUNTY OF SAN FRANCISCO, CONSOLIDATED GENERAL ELECTION, NOVEMBER 6, 1990
MEASURES SUBMITTED TO VOTE OF VOTERS — STATE PROPOSITIONS

129

DRUG ENFORCEMENT. BONDS. INITIATIVE CONSTITUTIONAL AMENDMENT, STATUTE. Authorizes bonds, money for drug enforcement. Clarifies privacy rights affecting reproductive choice. Fiscal impact: No additional revenues result from this measure. Total General Fund costs of $1.2 billion for transfers to the Anti-Drug Superfund between 1990-91 through 1993-94. From 1994-95 through 1997-98 it is not clear whether any funds would be transferred from the General Fund to the Superfund. If all bonds proposed by this measure are sold at an interest rate of 7.5 percent, cost would be approximately $1.3 billion to pay off principal ($740 million) and interest ($585 million), with average annual payment being approximately $55 million. Additional annual costs of tens of millions of dollars for state and local governments could arise for operation of new correctional facilities. Additional costs resulting from increased criminal arrests and convictions could be offset by increased funding for drug education and prevention.

YES 184
NO 185

130

FOREST ACQUISITION. TIMBER HARVESTING. BONDS. INITIATIVE STATUTE. Authorizes bonds to acquire ancient forests providing wildlife habitat. Limits logging. Retrains loggers. Fiscal impact: Estimated cost to state General Fund of $742 million in bond principal, $585 in interest, for bond program. Estimated average annual bond principal and interest costs of approximately $55 million. State administrative costs of up to $10 million annually for state forestry review and enforcement programs, fully offset by revenues from timber harvesting fees. State savings of about $6.4 million annually, also resulting from imposition of such fees. Unknown effect on state and local tax revenues, possible decreased revenue to local governments to extent lands acquired under measure would no longer be assessed property taxes.

YES 192
NO 193

131

TERM LIMITS. ETHICS. INITIATIVE CONSTITUTIONAL AMENDMENT, STATUTE. Limits terms, elected officials; enacts ethics standards, partial public campaign financing, spending limits. Fiscal impact: Unknown level of state revenues, possibly $12 million in 1990-91 and uncertain amounts thereafter, to be generated from state income tax check-off provisions for campaign financing; corresponding unknown revenue loss to state General Fund. Annual General Fund contributions of $5 million for campaign matching payments beginning January 1, 1992, amounts to increase in subsequent years. Unknown amount of state matching payments likely to be requested under measure for campaign financing by candidates for state office. State General Fund administrative costs of approximately $1.5 million in 1990-91, $3 million annually for subsequent years.

YES 199
NO 200

132

MARINE RESOURCES. INITIATIVE CONSTITUTIONAL AMENDMENT. By 1994 prohibits gill, trammel nets in Southern California coastal waters. Imposes temporary fishing fees. Fiscal impact: Permit fees and marine protection stamp would provide approximately $5 million to Marine Resources Protection Account by 1995. Compensation for fishermen who surrender gill and trammel nets between July 1, 1993 and January 1, 1994, could total up to $3.4 million, if necessary legislation enacted. Enforcement of measure could cost up to $1.5 million annually. Loss of $100,000 annually from reduced fishing license, permit, and tax revenues may result; losses offset in unknown amount by measure's increased fines.

YES 205
NO 206
129

130

131

132
ANTI-DRUG PROGRAMS: TAXES, INITIATIVE STATUTE. Funds anti-drug enforcement and prevention with 1/2¢ sales tax increase. Prohibits serious offenders' early release. Fiscal impact: The Safe Streets Fund will receive a total of $7.5 billion in sales tax revenue for distribution during the period of the rate increase. Interest earnings received by the General Fund for the period will be $80 million, with education programs receiving up to $33 million. Minor General Fund costs beginning in 1997-98 increasing to more than $30 million annually, by 2012-13 as a result of increased prison population due to elimination of sentence credits for specified offenders; potential one-time costs of more than $140 million for construction of new prison facilities. Increased law enforcement funding could result in additional criminal arrests and convictions, increasing state and local costs, which may be reduced by the increased funding of drug education and prevention programs.

ALCOHOL SURTAX. CONSTITUTIONAL AMENDMENT. INITIATIVE STATUTE. Imposes 5¢ per unit alcohol surtax funding alcohol/drug abuse, emergency medical care, other programs. Fiscal impact: Surtax would increase tax on beer from 4 cents to 57 cents per gallon, most wines from 1 cent to $1.29 per gallon, and distilled spirits from $2 to $8.40 per gallon. The surtax would result in additional state revenues of approximately $360 million in 1990-91 and $760 million in 1991-92, depending on alcohol sales. State General Fund revenues could increase or decrease several million dollars due to effect on sales tax revenues and revenues from existing alcoholic beverage taxes. Local sales tax revenue would increase by several million dollars. The guarantee for 1989-90 level nonsurtax funding, with required annual adjustments, for various health, mental health, criminal justice and other programs could increase costs by $180 million in 1990-91 and $300 million in 1991-92; possibly additional tens of millions of dollars in subsequent years. These costs would have to be funded from revenues other than surtax. Expenditure of surtax revenues for prevention and treatment programs could result in future savings.

PESTICIDE REGULATION. INITIATIVE STATUTE. Expands pesticide monitoring program for produce, processed foods. Eliminates some industry fees. Modifies penalties, regulations, training. Fiscal impact: One-time state General Fund cost of approximately $9 million, annual costs of approximately $6 million, for pesticide and food monitoring and research programs. Estimated annual state revenue loss of approximately $1.5 million due to repeal of industry fees. Additional state administrative and regulatory costs ranging from $200,000 to, possibly, several million dollars annually.

STATE, LOCAL TAXATION. INITIATIVE CONSTITUTIONAL AMENDMENT. Increases vote necessary for tax increases. Invalidates special tax ballot measures without 2/3 vote. Fiscal impact: Restricts rate of certain special taxes, could limit future ability of state to raise revenues through such taxes. Could limit future passage of initiative statutes proposing approval of special state taxes. Prohibits imposition of new, higher general taxes by charter cities without voter approval, thus potentially preventing such cities from increasing revenues. Unknown fiscal effect on other local governments. Could facilitate local government's enactment of new or higher taxes for disaster relief.

INITIATIVE AND REFERENDUM. INITIATIVE CONSTITUTIONAL AMENDMENT. Before effective, laws affecting state or local initiative or referendum process require voter approval. Fiscal impact: The measure could result in unknown increased state and local administrative costs for preparation, printing and mailing of ballot information and verifying election results to extent that changes in requirements for initiatives and referendums are submitted to voters. State General Fund costs could range from insignificant to $200,000 per measure for each statewide election. Counties' costs could range from insignificant to $100,000 per measure for each statewide election.
PROGRAMAS CONTRA LAS DROGAS: IMPUESTOS, ESTATUTO DE INICIATIVA. De fondos para aplicación de leyes contra las drogas la previsión con un aumento de 1/2 centavo sobre los impuestos del ancho público. Prohíba que las deudas de la provincia sobre sus puestos en libertad con anticipación. Impacto fiscal: El fondo para Cobas seguridade recibiría un total de $7,5 mil millones de dólares el impuesto a la venta para ser distribuido durante el período del aumento en la tasa. Las ganancias por intereses que recibiría el Fondo General durante el período serían $60 millones, y los fondos de educación recibirían hasta $33 millones. Menos costos al Fondo General comenzando en 1987 y aumentando a $50 millones. Mejor, para 2012-13 como resultado, aumenta la población de las prisiones debido a la eliminación de trabajadores en las sentencias para especificaciones delictivas; poblacionales costos de una vez más de $140 millones por construcción de nuevas instalaciones de prisiones. El aumento en impuestos no reduciría el déficit de las leyes podría resultar en adiciones arremetidas y sentencias de delincuentes, aumentado así los costos estatales y locales, que podrían ser reducidos con los aumentos en los fondos para programas de educación sobre drogas y su prevención.

SOBRETASA AL ALCOHOL. ENMIENDA CONSTITUCIONAL. ESTATUTO DE INICIATIVA. Impone sobretasa al consumo de alcohol con un aumento de 50 centavos de dólar por galón de gasolina, a la mayoría de los visitantes a un 10% sobre el gas, y a los líquidos distillados de $2 a $3.40 por galón. La sobretasa resultaría en adiciones rédiles estatales en aproximadamente $200 millones en 1980-81 y $700 millones en 1990-91, debido a los cambios del estado de las ventas del alcohol. El déficit del Fondo General del estado podría aumentar en 150 millones de dólares debido al efecto de los rédiles del Impuesto a la venta y los rédiles de las actuales impuestos sobre las bebidas alcohólicas. Los rédiles de los impuestos locales a la venta aumentarían en varios millones de dólares. La garantía de fondos del nivel de sobretasa de 1988-91, con requerimientos anuales, para varios programas de salud, salud y bienestar mental, justicia penal y demás podría aumentar los costos en $150 millones en 1980-81 y en más de $300 millones en 1990-91, respectivamente en docenas de millones de dólares adicionales en suscrito beneficio. Estos costos kincneas que son financiados con rédiles que no sean de la sobretasa. El gasto de los rédiles de la sobretasa para programas de prevención y tratamiento podría resultar en futuros ahorros.

REGLA DE PORCENTAJE DE PESTICIDAS. ESTATUTO DE INICIATIVA. Expande el programa de control de pesticidas para productos agrícolas y alimentos procesados. Eliminó algunos de los rédiles de las nuevas condiciones y estipulaciones. Impacto fiscal: Costos de una vez al Fondo General del estado en aproximadamente $40 millones, costos anuales en aproximadamente $20 millones, programas para el desarrollo de la agricultura. La eliminación de la reglamentación anual de rédiles estatales en aproximadamente $15,5 millones debido a la revocación de cobros a la industria. Adicionales costos estatales por administración y regulación que fluctúan entre $300,000 a, posiblemente, varios millones de dólares anuales.

FUNCIÓN DE IMPUESTOS ESTATALES, LOCALES. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Aumenta la venta necesaria para aumentar los impuestos. Incluyo las medidas en la tabla para impuestos especiales sin una votación de dos terceras partes. Impacto fiscal: Reduciendo la base de ciertos impuestos especiales, podría limitar la habilidad futura del estado de poder aumentar los rédiles a través de otros medios. Podría limitar la future aprobation de estatutos de iniciativa que propongan la aprobación de impuestos estatales especiales. Prohíbe la imposición de nuevo, o más altos, impuestos especiales por las ciudades, aprobando constitutiva sin la aprobación de los votantes, posiblemente impidiendo así que tales ciudades puedan aumentar rédiles. Se descubre el efecto fiscal en otros gobiernos locales. Podía facilitar la promoción por los gobiernos locales de nuevas e más altos impuestos para alivio en desequilibrios.

INICIATIVA Y REFERENDUM. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Antes de entrar en vigor, las leyes que afecten el proceso de iniciativa y referéndum estatal al local requieren la aprobación de los votantes. Impacto fiscal: La medida podría resultar en desconocidos aumentos en costos administrativos estatales y locales por preparación, impresión y envío por correo de la información en la bala y verificación de los resultados de elecciones hasta el punto en que cambie en los requisitos para iniciativas y referéndum sean sometidos a los votantes. Costos al Fondo General del estado podrían fluctuar de insignificantes a $200,000 por medida para cada elección a nivel estatal. Los costos para los condados podrían fluctuar de insignificantes a $100,000 por medida en cada elección a nivel estatal.

133

134

135

136

137
FORESTRY PROGRAMS. TIMBER HARVESTING. BONDS. INITIATIVE STATUTE. Authorizes bonds for forest, park restoration, wildlife studies, other programs. Limits timber cutting. Fiscal impact: Estimated cost to state General Fund of $300 million in bond principal, $235 million in interest for bond program. Estimated average annual bond principal and interest costs of approximately $22 million. Annual costs of approximately $3.2 million, funded through sales of state-owned timber, to administer grants program. Initial, increased annual state costs of over $1 million to review timber management plans, which could over time be more than offset by savings resulting from reduced periodic state regulatory reviews. One-time state costs of about $1.1 million for climatological studies, fully offset by revenues from new regulatory fees. Unknown effect on revenues from other state taxes.

138

PRISON INMATE LABOR. INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE. Permits contracting inmate labor; wages subject to deductions; employer tax credits. Fiscal impact: This measure would likely result in net savings to the state. The magnitude of savings is impossible to quantify. The measure’s impact on local governments is impossible to estimate because the contents of local ordinances implementing contracts for use of jail labor are unknown. Unknown indirect fiscal effects may occur to the extent this measure affects the number of jobs available in the private sector.

139

TERMS OF OFFICE. LEGISLATURE. INITIATIVE CONSTITUTIONAL AMENDMENT. Limits: terms for specified state elected officials, legislators’ retirement, pensions, Legislature’s operating costs. Fiscal impact: Limitation on terms will have no fiscal effect. Restrictions on legislative retirement benefits would reduce state costs by approximately $750,000 a year. To extend future legislators do not participate in federal Social Security system, there would be unknown future savings to the state. Legislative expenditures in 1991-92 would be reduced by about 38 percent, or $70 million. In subsequent years, measure would limit growth in these expenditures to changes in the state’s appropriations limit.

140

TOXIC CHEMICAL DISCHARGE. PUBLIC AGENCIES. LEGISLATIVE STATUTE. Extends to specified public agencies Proposition 65 toxic discharge and release prohibitions, warnings. Fiscal impact: Unknown costs, beginning in 1992, potentially in the tens of millions of dollars, depending on extent existing waste discharge controls are not sufficient to comply with discharge prohibitions of Proposition 65.

141

VETERAN’S BOND ACT OF 1990. This act provides for a bond issue of four hundred million dollars ($400,000,000) to provide farm and home aid for California veterans.

142

HIGHER EDUCATION FACILITIES BOND ACT OF NOVEMBER 1990. This act provides for a bond issue of four hundred fifty million dollars ($450,000,000) to provide funds for the construction or improvement of facilities of California’s public higher education institutions, which include the University of California’s nine campuses, the California State University’s 20 campuses, the 71 districts of the California Community Colleges containing 107 campuses, the Hastings College of the Law, the California Maritime Academy, and off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990. The use of funds authorized under this act includes, but is not necessarily limited to, the construction or improvement of classrooms, laboratories, and libraries, and the implementation of earthquake and other health or safety improvements.

ACCESS FOR THE DISABLED VOTER
by Ballot Simplification Committee

BEFORE ELECTION DAY:

ABSENTEE VOTING — All voters may request that absentee ballots be mailed to them, or they may vote in person at City Hall from October 9 through November 6, during normal working hours (see "Your Rights as a Voter" section of this pamphlet). In addition, voters with specified disabilities listed on the application below may apply to become Permanent Absentee Voters. Ballots for all future elections will automatically be mailed to Permanent Absentee Voters.

TAPE RECORDINGS — The San Francisco Public Library's Branch for the Blind at 3150 Sacramento Street produces and distributes tape recorded copies of the State and Local Voter Information Pamphlet for use by visually-impaired voters.

T.D.D. (TELECOMMUNICATIONS DEVICE FOR THE DEAF) — Hearing-impaired or speech-impaired voters who have a TDD may communicate with the San Francisco Registrar of Voter's office by calling 554-4386.

ON ELECTION DAY:

ASSISTANCE — Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them, or poll workers can be asked to provide needed assistance.

CURBSIDE VOTING — If architectural barriers prevent an elderly or disabled voter from entering the polling place, poll workers will bring the necessary voting materials to the sidewalk in front of the polling place to allow the voter to vote.

PARKING — If your polling place is in a residential garage, elderly and handicapped voters may park in the driveway while voting, provided this will not block traffic.

READING TOOLS — Every polling place has large-print instructions on how to vote and magnifying sheets to enlarge the type on the ballot.

SEATED VOTING — Every polling place has at least one voting booth which allows for seated voting.

VOTING TOOLS — Every precinct has an easy-grip tool and pen to be used in punching the ballot and an easy-grip pen to be used for signing in.

PERMANENT ABSENTEE VOTER QUALIFICATIONS

The physically disabled may apply to be permanent absentee voters. Once you are on our permanent absentee mailing list, you will automatically receive an absentee ballot every election until you move or re-register.

To become a permanent absentee voter, complete the form on the back cover and return it to the Registrar of Voters, Room 158, City Hall, San Francisco, 94102. Each time you move or re-register to vote, you must apply again to be a Permanent Absentee Voter. In all other cases you do not need to re-apply.

To qualify as a "Permanent Absentee Voter" you must have one or more of the following conditions:

___ Lost use of one or more limbs
___ Lost use of both hands.
___ Unable to move about without the aid of an assistance device (e.g. cane, crutches, walker, wheelchair).
___ Suffering from lung disease, blindness or cardiovascular disease.
___ Significant limitation in the use of the lower extremities.
___ Suffering from a diagnosed disease or disorder which substantially impairs or interferes with mobility.
YOUR RIGHTS AS A VOTER
by Ballot Simplification Committee

Q — Who can vote?
A — U.S. citizens over 18 years old who are registered to vote in San Francisco before October 10, 1990.

Q — I moved before October 9; can I vote in this election?
A — Only if you re-registered at your new address. You must re-register each time you change your address.

Q — I moved after October 9; can I vote in this election?
A — If you moved within the City between October 9 and November 6, you may go to your old precinct to vote.

Q — What offices can I vote for at this election?
A — You may vote for:
Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Insurance Commissioner, Member of State Board of Equalization (District 2), Member of the State Assembly, State Senator if you live in District 8, United States Representative, Supreme Court Justice, Appeals Court Justice, Municipal Court Judge, Assessor, Supervisor, Member of the Community College Board, and Member of the School Board.

Q — Where do I go to vote?
A — Go to your polling place. The address is on your mailing label on the back cover of this book.

Q — When do I vote?
A — Election Day is Tuesday, November 6, 1990. Your polling place will be open from 7 a.m. to 8 p.m. that day.

Q — What do I do if my polling place is not open?
A — Check the label on the back of this book to make sure you have gone to the right place. Polling places often change. If you are at the right place, call the Registrar’s Office at 554-4375 to let them know the polling place is not open.

Q — If I don’t know what to do when I get to my polling place, is there someone there to help me?
A — Yes, the workers at the polling place will help you.

Q — Can I take my sample ballot or my own written list into the voting booth?
A — Yes. Deciding your votes before you go to the polls will help you.

Q — Can I vote for someone whose name is not on the ballot?
A — Yes, you can write in the name of the person. If you don’t know how to do this, ask one of the poll workers to help you. Only “qualified” write-in candidates will be counted.

Q — Can a worker at the polling place ask me to take any test?
A — No.

Q — Is there any way to vote beside going to my polling place on election day?
A — Yes, you can vote before November 6 by:
• going to the Office of the Registrar of Voters in City Hall from October 9, through November 6, 8 a.m. to 5 p.m., Monday through Friday; or
• mailing in a request for an absentee ballot. You may send the application for an absentee ballot printed on the back cover of this book. The application must be received by the Registrar of Voters before October 30, 1990.

Q — If I don’t use an application form, can I get an absentee ballot some other way?
A — You can mail a postcard or a letter to the Registrar of Voters asking for an absentee ballot. This letter should include:
• your home address
• the address to which you want the ballot mailed
• your printed name and your signature.
Your request must be received by the Registrar of Voters no later than October 30, 1990.

BALLOT SIMPLIFICATION COMMITTEE
Nicholas de Luca, Committee Chair
National Broadcast Editorial Association
Kay Blalock
League of Women Voters
Beverly Ornstein
National Academy of Television Arts and Sciences, Northern California Chapter
S.M. Rulicke
The Newspaper Guild, Northern California Chapter
Randy Riddle, Ex-officio
Deputy City Attorney
Helen Hatcher, assisted as a Reading Specialist
San Francisco Unified School District

The Ballot Simplification Committee prepares digests ("The Way It Is Now," "The Proposal," "A 'Yes' Vote Means," and "A 'No' Vote Means") of measures placed on the ballot each election, and with the assistance of the Registrar of Voters, prepares the table of contents, an index of candidates and measures, a brief explanation of the ballot pamphlet, definitions of terms in the pamphlet, a summary of basic voters' rights, and a statement as to the term, compensation and duties of each elective office.
Important Facts About Absentee Voting  
Also Known as Vote-By-Mail

There continues to be considerable confusion about the rules and procedures governing absentee ballots. The results are that some voters do not vote and others send in ballots that are not counted because the proper procedures were not followed. Voters who wish to vote by absentee ballot should familiarize themselves with the following information:

APPLICATION FOR ABSENTEE BALLOT

Any voter may get an absentee ballot. You no longer need a reason (e.g. illness, travel) to get an absentee ballot. Any registered voter may request one.

Permanent Absentee Voters: The disabled may apply to become permanent absentee voters. A permanent absentee voter will automatically receive a ballot each election without having to apply each time. Whenever a permanent absentee voter moves or re-registers however, s/he must re-apply for permanent status. Frequent travellers are not eligible for permanent absentee voter status. They must apply for an absentee ballot each time. An application to be a permanent absentee voter is on the back cover of this pamphlet.

Third Party Delivery of Absentee Ballot Applications: Unless you know and trust the person delivering your application for an absentee ballot, you should deliver or mail it directly to the office of the Registrar of Voters. Political campaigns often ask voters to mail their applications to their campaign headquarters, and the campaigns then add the information you provide to their files and mailing lists. This may delay your application for as much as three weeks or even past the deadline for the application to arrive in our office. If you receive an absentee ballot application from a campaign, we recommend that you mail it directly to the San Francisco Registrar of Voters.

Applications: We strongly recommend that voters use the application provided on the back cover of the voter information pamphlet and include the mailing label with the bar code. This form with the bar code on the label allows us to process your request more rapidly.

If you do not have that application form, you may send us another application form or you may send a post card with your request for an absentee ballot. Please print your name, birthdate and residence address, the address where you want the ballot sent if it is different, your day and night time telephone numbers, your signature and the date you are making your request. You may “fax” your request to this office at (415) 554-4047.

RETURNING YOUR ABSENTEE BALLOT

To be counted your ballot must arrive in the Office of the Registrar of Voters or any polling place by 8 p.m. on Election Day. If your ballot arrives after that time, it will not be counted. A postmark on your absentee ballot return envelope before or on Election Day is not acceptable if the ballot arrives after 8 p.m. on Election Day.

Never make any identifying marks on your ballot card. Some absentee voters sign or initial their ballot card. NEVER make any identifying marks on your ballot. Your ballot is no longer considered secret, if there is such a mark, initial or signature, and thus cannot be counted. This is also true for the grey secrecy envelopes if you vote for a write-in candidate.

“Cleaning” your ballot card: After punching out the holes corresponding to your choices, you will notice that there are many little paper chips hanging from the back of the card. These hanging paper chips must be removed from the back of the card or they will fall back into their holes as if you never punched it, and thus those votes will not be counted.

You must sign your name on the Absentee Ballot Return Envelope. You must personally sign the envelope in the space provided. No one else, including anyone with a power of attorney, is permitted to sign for you. If your signature is not on the envelope, it will not be opened and the ballot will not be counted.

Third party delivery of ballots: If you do not mail your absentee ballot and are unable to deliver your ballot to the Registrar of Voters or a polling place, you may have your spouse, child, parent, grandparent, grandchild, sister or brother return your absentee ballot for you. However, when you have your ballot returned by a third party, you and that person must complete the appropriate sections on the absentee ballot return envelope. Your ballot will not be counted unless those sections have been completed properly.

EMERGENCY VOTING

Within seven days of an election, if you become ill or disabled, or because of a physical handicap are unable to go to your polling place, you may request in a written statement, signed under penalty of perjury, that a ballot be delivered to you by your authorized representative who presents the written statement at the Office of the Registrar of Voters.

You or your authorized representative may return the ballot to the Registrar of Voters or to a polling place. If your authorized representative returns the ballot, the appropriate sections of the absentee ballot return envelope must be completed. These ballots may not be mailed.
LOCAL OFFICES TO BE VOTED ON THIS ELECTION

ASSESSOR
The term of office for the Assessor is four years. The Assessor is paid $98,670 a year.
The Assessor decides what property in the City is subject to tax, and the value of that property for tax purposes.

MEMBER, BOARD OF SUPERVISORS
The term of office for member of the Board of Supervisors is four years. Supervisors are paid $23,924 a year. There are eleven members of the Board of Supervisors. Voters will select five members this year.
The Board of Supervisors is the governing body for the City and County of San Francisco. They make laws and establish the annual budget for City departments.

MEMBER, BOARD OF EDUCATION
The term of office for member of the Board of Education is four years. They are paid $6,000 a year. There are seven members of the Board of Education. Voters will select three members this year.
The Board of Education is the governing body for the San Francisco Unified School District (public schools).

MEMBER, COMMUNITY COLLEGE BOARD
The term of office for member of the Community College Board is four years. They are paid $6,000 a year. There are seven members of the Community College Board. Voters will select three members this year.
The Community College Board is the governing body for the San Francisco Community College District (City College and other adult learning centers).

STATEMENT OF QUALIFICATIONS
LOCAL CANDIDATES

On the following pages are statements of qualifications from local and BART candidates. They have been printed as submitted. Spelling and grammatical errors have not been corrected.
The statements are volunteered by the candidates. They have not been checked for accuracy by any City official or agency.
ELLEN CHAITIN

My address is 175 Upper Terrace
My occupation is Attorney/Law Teacher

I have withdrawn my candidacy for Judge, but state law prohibits removing my name from the ballot.

In the June primary, I finished second out of four candidates.

Encouraged to run by my colleagues with whom I've worked for nearly 20 years on legal reform issues, as a trial attorney, teaching law and former chair of the Bar Association's Criminal Justice Advisory Council, I waged a campaign focusing on substantial legal issues and informing voters of the significant differences in the candidates' courtroom experience and legal qualifications.

Although I am grateful for the broad support I received from voters, elected officials, Bar Association leaders, community organizations, and newspapers, clearly my only hope of winning would require raising and spending enormous sums of money. It costs more than $30,000 to send one small postcard to only half the registered voters. I cannot in good conscience ask my supporters to continue sacrificing their time and money.

I now bow out, offering congratulations to my opponent, and thanks to all whose kindness, generosity and commitment sustained me through a rigorous campaign.

Ellen Chaitin

JULIE TANG

My address is 788 - 18th Ave
My occupation is Assistant District Attorney
My age is 40

My qualifications for office are: Our Justice system is a sacred trust. The qualities of integrity, fairness, judicial temperament are crucial to becoming a Judge.

I received a Masters Degree from Stanford University, a Juris Doctorate from Hastings College of the Law.

As an Assistant District Attorney since 1982, I have handled both civil and criminal cases, prosecuted over 100 misdemeanor cases and over 50 jury trials.

I am gratified that my legal experience was recognized by the San Francisco Bar Association, who rated me "WELL QUALIFIED" to be a Municipal Court Judge.

My supporters include:
Former Mayors DIANNE FEINSTEIN, JOSEPH ALIOTO
Justice HARRY LOW and 13 OTHER JUDGES
District Attorney ARLO SMITH
Public Defender JEFF BROWN
Supervisors ANGELA ALIOTO, TOM HSIEH, WENDY NELDER
State Senators MILTON MARKS, QUENTIN KOPP
Assemblyman JOHN BURTON
SAN FRANCISCO CHRONICLE
SAN FRANCISCO EXAMINER
SAN FRANCISCO INDEPENDENT
SAN FRANCISCO WEEKLY
BAY AREA REPORTER
SAN FRANCISCO LABOR COUNCIL
DEPUTY SHERIFF'S ASSOCIATION
NATIONAL WOMAN'S POLITICAL CAUCUS
BLACK LEADERSHIP FORUM
ALICE B. TOKLAS LESBIAN/GAY DEMOCRATIC CLUB
CHINESE AMERICAN DEMOCRATIC CLUB
(a partial list)

Most importantly, I thank the VOTERS of San Francisco who gave their overwhelming support to my candidacy in June.
I ask for your continued support on November 6, 1990.

Julie Tang

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Assessor

WENDY NELDER

My address is 150 Casitas Avenue
My occupation is Attorney/Supervisor
My age is 48
My qualifications for office are: I have absolutely no ownership or income interests in real property which create any conflict of interest as Assessor.

As attorney for 25 years, Supervisor for three terms, and past President of the Board, I have a proven record of unique, practical accomplishments.

Just as I've fought for reduced local government spending, I'll work for new statewide lower assessment formulas with the same energy that created the nationally copied No-Smoking Ordinance; the Police Fingerprint Computer which reduced our crime rate; laws allowing earthquake victims to quickly replace damaged buildings.

My goal is to achieve fair, reduced property assessments.

Wendy Nelder

The sponsors for Wendy Nelder are:

RICHARD D. HONGISTO

My address is 1848 Pine Street
My occupation is Supervisor
My qualifications for office are: With 28 years of public service, I am the only candidate with real management experience.

As Sheriff of San Francisco, I managed 399 employees; as Police Chief, 2,500; as New York Prison Commissioner, 13,000.

While this would be the largest managerial responsibility faced by the other candidates, it would be my smallest.

I want to be your assessor so I can make it a model agency. I know government and real estate. I am dedicated to public service and to lower taxes for you.

Mayor Agnos agrees I am the rational choice.

I would appreciate your vote.

Candidates for Supervisor

BILL GRAYSON

My address is 95 Sea Cliff Ave
My occupation is Attorney at Law
My age is 32
My qualifications for office are: As a native San Franciscan, deeply involved in charitable, civic and political causes, it is my intention to restore greatness to our city. Frustration abounds as to the ability of our supervisors and mayor to get things done. We need a fresh face — a hard working leader who knows the San Francisco of past and who has a vision for its revitalized future.

A robust economy, fiscal accountability, individual empowerment, a healthy environment and aggressive law and order are critical to our future.

The opportunity for a great San Francisco is now!

Bill Grayson

The sponsors for Bill Grayson are:

MARILYNN GAZOWSKY

My address is 155 San Alseo
My occupation is Pastor Emeritus
My qualifications for office are: When Wendy Nelder spoke to me about running for Supervisor, at first I felt far too busy as administrator, author, music teacher, and public speaker. Seeing the desperate need of our city, I decided to lay aside some of these to represent the interests of San Francisco families, promote higher standards of education, protect the morals of our young people and make available to all children instruction in the arts and create for them a yearly festival. I have charitably served San Franciscans for 24 years, and am a believer that Prayer Changes Things. "I love you dearly, San Francisco."

Marilynn Gazowsky

The sponsors for Marilyn Gazowsky are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
JOSE EMILIO MEDINA

My address is 39 Colby St.
My occupation is founder and executive director of Instituto Laboral de la Raza
My age is 48
My qualifications for office are:
PUBLIC SERVICE:
• Member, Board of Permit Appeals (1986-88).
• Member, Relocation Appeals Board (1984-86).
COMMUNITY LEADERSHIP:
• President, St. Anthony’s Foundation (1985-90).
• Boardmember, Catholic Charities (1978-83).
• Member, United Way Leadership and Resource Development Committee (since 1989).
EDUCATION:
• Littlefield H.S. (1960).
• Attended Harvard Graduate School of Business (1970-72).
• San Francisco City College (1973-75).
• B.A. San Francisco State University (1978).
• J.D. Hastings College of Law (1982).
PERSONAL: My wife Raquel and I have raised two fine sons.

BILL MAHER

My address is 1005 Anza St.
My occupation is Supervisor, City & County of S.F.
My age is 42
My qualifications for office are: As a Supervisor, my priority is people. I support environmental, health, arts and children’s programs . . . not deputy mayors. I’m honest with voters — I fight against hidden tax increases. I do everything I can to make sure that public “servants” serve the public.
I believe in accountability, responsible budgets, respect for the taxpayer and politics that includes people, not excludes them.
As an independent leader, I’ve fought the politicians inside City Hall to represent the people outside.
That’s what I’ve done. That’s what I’ll continue to do.

The sponsors for Bill Maher are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

JAMES J. MANGIA

My address is 44 Roscoe Street
My occupation is Activist for Democracy
My age is 33 years old
My qualifications for office are: I am an experienced community organizer and activist. For ten years I have worked as a civil and gay rights advocate and have been an AIDS Project Director for the last two years. This is a people's CAMPAIGN FOR DEMOCRACY, to open up the Board of Supervisors to new and independent blood, to build a new alliance between the African-American, Latino, Asian/Pacific Islander, Native American, progressive white and lesbian and gay communities. As an independent leader I am proud to work alongside Dr. Lenora Fulani, the distinguished African-American leader who ran for President in 1988.

James J. Mangia

The sponsors for James J. Mangia are:

CAROLE MIGDEN

My address is 1960 Hayes Street #6
My occupation is Community Health Director
My age is 41
My qualifications for office are:
Community Health Director
- Served as the director of two community health agencies, experience in managing people and programs, balancing budgets and designing cost-effective services.
Political Party Leader
- Extensive political experience on the local, state and national levels. San Francisco political party chairperson. Close working relationships with state and national public officials will allow me to lobby effectively for San Francisco's needs.
State Health Commissioner
- Member of the California Health Manpower Policy Commission.
Board of Directors, United Way of the Bay Area
- Generate public support and set policy for the Bay Area's largest volunteer and charitable giving organization.

Candidates for Supervisor

DEHNERT C. QUEEN

My address is 956 Sacramento St., Apt. 305
My occupation is CEO, Small Business Development Corp.
My age is 43
My qualifications for office are: 1965 – Present: Custom computer systems; small business owner; vocal small business advocate.
1986 – Present: Designed integrated plan for downtown ballpark and small business/sports center located at 2nd/King streets with direct CalTrain service between San Jose, San Francisco Airport, proposed ballpark, and a true downtown terminus (Justin Herman Plaza). Upon locating our $550,000,000 private funding, Mayor Agnos announced his publically-funded ballpark using our site.

Why? Elected officials have a hidden agenda to build Mission Bay, convert the Embarcadero to tourism, displace small businesses/middle class/Giants, and build transit systems that won’t work when completed. There are documented alternatives.

Dehnert C. Queen

The sponsors for Dehnert C. Queen are:

JIM ROBINSON

My address is 285 Buckingham Way
My occupation is Executive director of a non-profit community service organization
My age is 59
My qualifications for office are: I am not endorsed by Mayor Agnos. I am a real alternative to the status quo. I am not beholden to any special interest groups. I hold bachelor’s and master’s degrees. I have entrepreneurial experience, operating concurrently: restaurant, self-service auto repair, book & craft store, auto shop, tire store and non-profit service corporation.

I have enlisted and commissioned experience in the Army. I served as Chaplain, LCDR in the Navy and with the Marines in Vietnam. I have been married to one woman for 38 years. We raised three sons and a daughter, of whom we are proud.

Jim Robinson

The sponsors for Jim Robinson are:

Candidates for Supervisor

HARRIET ROSS

My address is 1333 Jones Street
My occupation is Trial Lawyer
My qualifications for office are: For twenty-two years, I have served San Francisco as a Public Defender and am a nationally known trial attorney. In addition to my law degree, I have a degree in Mechanical Engineering, and worked as an engineer in private business. I have served on the Boards of civic and neighborhood organizations, am an advocate for children and am Vice-President of San Francisco State Fair Board. I bring good judgement, common sense, reason, and responsibility to the Board of Supervisors, where I will advocate policies of fiscal responsibility, economic development, increased housing and effective solutions to the homeless problem.

Harriet Ross

The sponsors for Harriet Ross are:

THOMAS L. ADAMS

My address is 100 W. Way
My occupation is President, Consulting Engineering Firm
My age is 57
My qualifications for office are: I am a resident and homeowner in San Francisco, a graduate of Lincoln High School 1950, Engineering graduate Fresno State College 1954, and Masters of Engineering graduate University of California Berkeley 1958. I am a Korean War veteran, having served as an officer in the Marine Corps. I am President of T.L. Adams and Associates, a consulting engineering firm in the Bay Area since 1984. I am sufficiently financially independent and have the time and interest to devote to a term as Supervisor. My intent would be to ensure that our City is run on a sound and financially responsible basis, equitable to all San Franciscans.

Thomas L. Adams

The sponsors for Tom L. Adams are:

Candidates for Supervisor

DANIEL J. ADDARIO

My address is 950 Columbus Ave., #16
My occupation is Special Agent in Charge, D.E.A., Retired
My qualifications for office are: 23 years Department of Justice; Drug Enforcement Administration, Special Agent in Charge, San Francisco; Foreign Operations Director, Washington, D.C.; Managed over 300 employees, balanced multi-million dollar budget; U.S. Diplomat in Southeast Asia, South America; Investigator for Attorney General Robert Kennedy (corruption); Veteran, small business owner, father of three.

I am a national authority on drug abuse and crime prevention. I am the only candidate with management experience, fiscal and federal expertise. I will work to reduce crime in the neighborhoods, provide a clean, safe city, and a fiscally responsible government which respects cultural diversity for all San Franciscans.

Daniel J. Addario

The sponsors for Daniel J. Addario are:

ROBERTA ACHTENBERG

My address is 456 Hill Street
My occupation is Civil Rights Attorney
My age is 40
My qualifications for office are: Living in San Francisco has never been more difficult. It’s harder to raise a family, find a place to live, move around, breathe the air or feel safe in our homes.

For fifteen years, I’ve worked hard to make San Francisco a more livable City. My campaign is about improving the quality of life for all San Franciscans.

I believe I can make an impact on issues that touch our daily lives like childcare, affordable housing, transportation, AIDS, care and the environment. So do my sponsors. Please judge for yourself.

It’s time City Hall focused on creating a more livable City for everyone.

Robert Achtenberg

The sponsors for Roberta Achtenberg are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

ARLO SMITH

My address is 66 San Fernando Way
My occupation is BART Director/Attorney
My qualifications for office are: Honest, progressive leadership is needed at City Hall!

As a BART Director and private citizen, I have spent years fighting for reform — and against waste and mismanagement — at BART and City Hall.

As BART President, I kept the system running when the Bay Bridge collapsed.

I successfully opposed a 70% Supervisors pay hike, negotiated a deal to extend BART to the San Francisco airport, and authored the ballot measure to keep the San Francisco Police Horse Patrol.

As your Supervisor, I will continue to fight for the interests of San Francisco taxpayers and city service users — and against giveaways and favors for moneyed special interests.

Arlo Smith

The sponsors for Arlo Smith are:

KEVIN F. SHELLEY

My address is 20 San Antonio Place, #1B
My occupation is Director of San Francisco Alive
My age is 34
My qualifications for office are: As a new member of the Board of Supervisors, I will bring a common sense approach to the fundamental issues which affect our everyday lives in San Francisco.

My priorities include:
• Revitalizing San Francisco’s economy thereby creating jobs and increasing revenue;
• Providing affordable housing;
• Expanding the fight against AIDS;
• Improving childcare, youth, and senior services;
• Protecting the Presidency;
• Creating an efficient and environmentally sound citywide transportation system.

My past accomplishments include:
• Serving as an earthquake relief coordinator;
• Providing jobs for the homeless and neighborhood youth;
• Creating graffiti eradication and neighborhood recycling programs;
• Working for the City’s Congressional Delegation in Washington and San Francisco.

Kevin F. Shelley

The sponsors for Kevin F. Shelley are:
Candidates for Supervisor

CAROL RUTH SILVER

My address is 68 Ramona Ave.
My occupation is attorney/businesswoman/mother
My age is 52
My qualifications for office are: An experienced and visionary leader.

I created:
• First advocacy organization for RU-486 (the French pill for safe termination of pregnancy)
• Private, effective first-time home buyer programs through equity sharing
• Mandarin Chinese bi-lingual, bi-cultural pre-school
• Homeless shelters as an alternative to parks and sidewalks
• With the Mayor, early city funding for AIDS research and treatment

Elected to the Board of Supervisors as a close ally of Harvey Milk and George Moscone, I have fought for human rights and against injustice.

My vision and experience will serve San Francisco well. I would appreciate your vote.

Carol Ruth Silver

The sponsors for Carol Ruth Silver are:

ELLIS LEONARD ANTHONY KEYES

My address is 1930 Hyde Street 1
My occupation is Party of Life
My age is 34
My qualifications for office are: Having received the finest available formal education, the practical experience and necessary training enabling me to effectively meet the duties of this office.

I am prepared to unify self and common interest in the same spirit and manner as set forth in the Declaration of Independence along with the Constitution of the United States, to act as a party that will restore the human person by reducing bureaucracies, institutions, ideologies, and government to mere servants of life and people.

Ellis L. A. Keyes

Candidates for Supervisor

**VU-DUC VUONG**

My address is 2259 – 43rd Avenue
My occupation is Community Organizer/Agency Executive
My qualifications for office are: My education, experience, vision and commitment will help San Francisco prepare for the 21st Century.

With an academic background in politics, international relations, social work and law, I have worked as community organizer, legislative analyst, social worker, and agency executive. I am progressive on human and environmental issues, moderate on economic and fiscal issues, conservative on public trust.

As Supervisor, I will work with other Bay Area cities to develop an effective housing, transportation and environmental balance, expand BART to the whole region, invigorate the economy and trade; and together with all constituencies, build a humane and prosperous San Francisco.

**JOEL VENTRESCA**

My address is 202 Grattan Street
My occupation is Budget and Policy Analyst for the City and County of San Francisco Airports Commission
My age is 38
My qualifications for office are: I am a neighborhood and environmental activist dedicated, for over fifteen years, to improving the quality of life in San Francisco. I am a past president of the Coalition for San Francisco Neighborhoods. I am on the Board of Directors of San Francisco Tomorrow.

I have a decade of experience working in non-profit and public agencies for children, aging and public enterprise programs.

I have a Master of Public Administration and a Bachelor of Arts in Government from the University of San Francisco.

If elected, my staff and I will be available to you and your family to assist you in solving city problems.

Candidates for Supervisor

HAROLD M. HOOGASIAN

My address is 485 Monticello
My occupation is Small Businessperson/Florist
My age is 40
My qualifications for office are: I own and operate a profitable small business in partnership with my brother. As President of the Marina Merchants Association during the earthquake crisis of October 1989, I served our community...as a devoted, native San Franciscan, I will serve our City. I worked for the two term limit on the Board of Supervisors...and will work as your citizen advocate. I seek to protect and enhance the quality of our environment in San Francisco...and will act as your voice for safe, clean streets and a better business environment. I can exercise independent judgement and will fight...for San Francisco!

Harold M. Hoogasian

The sponsors for Harold M. Hoogasian are:

MILDRED "MILLIE" DANCH

My address is 2516 16th Ave.
My occupation is Flight Attendant – Registered Nurse
My age is Legal
My qualifications for office are: I am energetic, ambitious, enthusiastic and I love to work. I will listen to you and to your concerns. Since establishing residency in 1963, I have observed the problems and opportunities of this city and its people. Here are the concerns I will address:
NO FOREIGN AID!!!!
NO LOBBYING
NO SCHOOL BUSING
Balancing the budget
Cutting government waste
Prohibiting excessive taxation
Providing quality education, health care, and child care
Settling labor disputes
Stopping drug traffic
Protecting neighborhood character
Controlling pollution
Getting seniors involved
Improved parking
Controlling crime
I thank you for your support.

Mildred "Millie" Danch

Candidates for Supervisor

JIM LAZARUS

My address is 65 Fifth Avenue
My occupation is Governmental Specialist/Attorney
My age is 41
My qualifications for office are: Fifteen years ago I began my public service as deputy City Attorney. Since then I've served as the Board of Supervisor's legislative counsel, the City's labor relations consultant and executive deputy Mayor to the Feinstein administration.

I drafted landmark rent stabilization legislation, campaign spending controls, conflict of interest provisions and other major areas of City law.

I've represented San Francisco before the League of California Cities, state and federal government.

As father of four children I'm active in our neighborhood and currently president of Planning Association for the Richmond.

I've prepared myself to serve as Supervisor and would appreciate your support.

Jim Lazarus

The sponsors for Jim Lazarus are:
Dianne Feinstein, 30 Presidio Terrace, Candidate for Governor.
Willie L. Brown, Jr., 1200 Gough St., Legislator/Attorney at Law.
Louise H. Renne, 3725 Jackson St., City Attorney. Quentin L. Kopp, 68 Country Club Dr., State Senator/Attorney at Law. Jim Gonzalez, 642 Edinburgh St., Member, S.F. Board of Supervisors.

HEIDI C. CHRISTENSEN

My address is 690 Haight Street
My occupation is Administrative Assistant
My qualifications for office are: San Francisco approaches the year 2000 facing many challenges. We need expanded, efficient mass transit; increased AIDS education and treatment; support of small businesses; a modernized Port; better access to health care; and a protected environment. We also need revenue to do that.

I'm running to fill these needs. With years of experience in political and community organizing, without "political debts," I have the experience, vision and integrity to take action effectively. I am committed to opening up City Hall to citizen participation and responding to the growth and demands of San Francisco over the next 4 years.

Heidi C. Christensen

40
CANDIDATES FOR SUPERVISOR

JEFFREY CHANG

My address is 161 Escolta Way
My occupation is Businessman
My age is 36

My qualifications for office are: My knowledge and experience in the business community and 25 years life experience in the city. I raised my family here that one of my daughters graduated from UC Berkeley and now attending a medical school at UC Davis. The other one graduated from Lowell High School and now attending City College. I held a B.A. degree in business administration and have received comprehensive insurance training in Switzerland. Worked for many years as an insurance underwriter, insurance claim adjuster and a real estate sales person. I have opened my own business — bar & restaurant in September 1978. Now, I have two locations.

Jeffrey Chang

The sponsors for Jeffrey Chang are:

JOHN J. FIGONE

My address is 2322 - 27th Avenue
My occupation is Partner, Investment Company
My age is 30

My qualifications for office are: My commitment to fight for a city government which will plan its priorities and stick to them, instead of resorting to management by crisis or single issue politics.

As a fourth generation San Franciscan I am concerned that current political trends will impair our future ability to afford homes, raise families and educate our children.

We must restore the BALANCE of common values between meeting the needs of the disadvantaged and serving the general public.

You have five votes — set one aside as an investment in a NEW SAN FRANCISCO TRADITION and elect JOHN FIGONE for SUPERVISOR.

John J. Figone

The sponsors for John J. Figone are:
Candidates for Supervisor

DORIS M. WARD

My address is 440 Davis Court #1409
My occupation is Member, Board of Supervisors
My qualifications for office are: A long-standing commitment to serve our City. As we rebuild after the earthquake, we must insure San Francisco remains an affordable, vital place to live for all people.

During my ten years on the Board of Supervisors, I have tried to act compassionately while remaining pragmatic. With your support, I will continue my efforts to insure adequate City services for all San Franciscans, including women and minorities; to establish a reliable budgetary process; to maintain affordable housing; to provide needed health services; to promote employment opportunities, through strengthening our small businesses; and to guarantee our youth a promising future.

Doris M. Ward

The sponsors for Doris M. Ward are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.

42
CANDIDATES FOR BOARD OF EDUCATION

DAN KELLY

My address is 255 San Marcos Avenue
My occupation is Pediatrician
My age is 42
My qualifications for office are: I am a pediatrician and my children attend public schools. My twenty years of community service include
• Classroom volunteer, SFUSD
• Clinical Faculty, UCSF
• Admissions Panel, Committee on Admissions Policy, Stanford Medical School
• School Site Council
• Secretary, Parents for Immersion Education
• Board member, past President, West Portal CARE
• Board member, UCSF Child-Care/Study Center
• School Health Committee, Academy of Pediatrics

I am committed to excellence in education for all children. I will advocate challenging, up-to-date curriculum, smaller class size, better counseling services, fiscal responsibility. I will promote parent involvement and expansion of successful programs. San Francisco can have outstanding schools!

The sponsors for Dan Kelly are:

MYRA G. KOPF

My address is 1940 - 12th Avenue
My occupation is Incumbent
My qualifications for office are: As an educator, parent of three public school educated children, PTA leader, and school board member, I have a proven record of leadership, integrity, caring, and effectiveness.

My colleagues elected me President of the National council of Great City Schools, President of the Association of California School Districts, and twice President of the San Francisco School Board.

Throughout the changes of policies in the education and administration of our school district, I have kept constant a vision of a school system where each child has a fair and equal opportunity for honest and effective education.

I promise to continue.

The sponsors for Myra G. Kopf are:
James M. Foster, 1830 Eddy St., Consultant. Judy S. DellaMonica, 1253 Silver Ave., Teacher Union Executive Officer. Donneter E. Lane, 92 Ashton Ave., Housewife. Rita R. Semel, 928 Castro St., Community Relations Consultant. Robert P. Varni, 10 Miller Place, Vice President, Governing Board San Francisco Community College District. Enola D. Maxwell, 1559 Jerrold Ave., Executive Director. Frances M. McAtee, 130 Santa Ana Ave., Retired Teacher & Recreation & Park Commissioner.

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Board of Education

KARL W. RANDOLPH

My address is 344 Felton Street
My occupation is Printer/Photographer
My qualifications for office are: I am a concerned parent of three. I have a college degree with an emphasis in Philosophy. I do not play politics at the expense of the children. I am for disciplinary and ethical schools. I believe that the involvement of parents, teachers, and students is most crucial to a healthy education system. All of the above groups must work together to improve the basic skills, the academic scores; and to help solve the drugs and crime problems. There are solutions to present SFUSD problems. We need a bottom-to-top (feedback) policy that will allow the education system to act together.

Karl W. Randolph

The sponsors for Karl W. Randolph are:

TOM AMMIANO

My address is 162 Prospect Ave
My occupation is Teacher
My age is 48
My qualifications for office are: I have lived and taught in San Francisco for over twenty years. I am currently involved with San Francisco public schools as a teacher, parent, and community activist. As a stand up comic I bring a sorely needed sense of humor, combined with direct experience on the issues to the board. My platform: a drug free and safe school environment for all students regardless of ethnicity, sexual orientation, or disability; academic parity, reduction of drop out rates; smaller class size, improved college bound program, employment partnership with the business community, and school meals that are nutritional and recognizable.

Tom Ammiano

The sponsors for Tom Ammiano are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Board of Education

ROSARIO ANAYA

My address is 240 Dolores Street, #331
My occupation is Adult Business School Administrator
My qualifications for office are:
- 20 years of experience as an educator and policy maker in education
- earned reputation for integrity, independence and conviction
- strong record of service to the families, youth and children of San Francisco
- experience as Board President and chairperson and curriculum, budget and building and grounds committees

I am Executive Director of Mission Language and Vocational School’s employer-supported training programs which yearly place over 250 adults and youth in the job market.

My commitment is to continue working toward an educational program that encourages high performance and addresses the diverse needs of our student population.

The sponsors for Rosario Anaya are:

BEN TOM

My address is 1717 Jones St.
My occupation is Associate Transportation Rep, California PUC.
My qualifications for office are: As a twelve year member of the City’s School Board, including two terms as President, I accomplished the goals I set for the citizens of San Francisco.

Today, two years after I left the Board, it has lost its vision and its commitment.

Now, Board members spend more time on political infighting than on our children. Dropout rates are shameful. School buildings are deteriorating.

I am strongly supported by Senator Quentin Kopp, Assemblyman Willie Brown, a majority of the Board of Supervisors, community leaders and parents.

Our kids deserve the brightest future we can give them!

Ben Tom — Board of Education

The sponsors for Ben Tom are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Board of Education

CARLOTA DEL PORTILLO

My address is 84 Berkeley Way
My occupation is Educator/Parent
My qualifications for office are: What will it take to make a diploma mean something again?

It will take experience. I earned my doctorate of education from the University of San Francisco and have spent 24 years educating San Francisco students as educator, counselor, and PTA president.

It will take action. In the past decade our problems have worsened. We need fresh ideas to make our children’s education better. Reducing class sizes, keeping schools sturdy and safe, and increasing parent involvement will help. Because getting a diploma isn’t enough, making it mean something again is what my campaign is all about.

Karen Goodson Pierce

The sponsors for Karen Goodson Pierce are:

The sponsors for Carlota del Portillo are:
Candidates for Board of Education

JILL WYNNS

My address is 124 Brewster Street
My occupation is Education Advocate, President San Francisco Parents’ Lobby
My age is 42
My qualifications for office are: I am the parent of three school age children, President of the San Francisco Parents’ Lobby, past President of Lakeshore PTA, and a neighborhood leader in Bernal Heights.

I will be a School Board member who:
- Provides constructive, creative leadership.
- Advocates for all children.
- Works with Superintendent Cortines to improve schools.
- Manages school funds responsibly.
- Ensures safe schools, having served on the District Asbestos Council.
- Builds consensus, leading two successful S.F. school bond co-litions.
- Works for innovative approaches to the challenges of funding, dropouts, class size and curriculum.

By ending political divisiveness, we can do a better job for our children.

SODONIA M. WILSON

My address is 540 Darien Way
My occupation is Incumbent Board Member — S.F. Board of Education
My qualifications for office are: I am an incumbent board member and have been a board member since 1982. I hold a Ph.D., Clinical Psychology, California School of Professional Psychology; M.A., Counseling Psychology, B.A., Nursing, San Francisco State University. I serve on California and Coalition of Black School Board Members’ Associations. I was elected Board President for two terms. I introduced resolutions to address issues of core curriculum, advanced placement courses at all high schools, increased counseling and library services, career ladder for paraprofessionals, dropout prevention and affirmative action. I support reduced class size, gifted, bilingual, parent and community involvement. All Programs and Services are implemented.

Sodonia M. Wilson, Ph. D.

CANDIDATES FOR COMMUNITY COLLEGE BOARD

JIM MAYO

My address is 26 Minerva Street
My occupation is Educational Consultant
My age is 38
My qualifications for office are: B.A. in political science, M.A. in public administration and J.D. in law from Howard University. I am president of OMI Neighbors-in-Action; chair of the educational committees of the Urban League and the NAACP; commissioner on the Delinquency Prevention Commission; and board member of Oakes Children’s Center. I believe we must build a community college system that prepares young people for world citizenship, embraces and respects the cultures of the world, engages the support and participation of all segments of the population, and provides relevant educational services for all San Franciscans. Your vote can make this vision a reality.

James “Jim” H. Mayo II

The sponsors for Jim Mayo are:

WILLIAM PEREZ MARQUIS

My address is 21 Hawkins Lane
My occupation is Youth Agency Director
My qualifications for office are: I’m Chief Executive Officer of a Community-based, privately funded, youth service agency, have a Ph.D. from U.C. Berkeley in Community Colleges, am a former US Army officer, and serve on City and Community Boards and Commissions. I believe I’m a proven leader, offering new leadership to our troubled Community College District.

While the incumbents running this year have served a total of 45 years on the Board, 3 successive Accreditation Reports and an independent management study have said our Community College is organizationally unsound, educationally inefficient, and unable to serve students reliably. The Community College needs new leadership.

William P. Marquis

The sponsors for William P. Marquis are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
JOHN RIORDAN

My address is 28 Cordova
My occupation is Incumbent Community College Board/Attorney
My qualifications for office are: I have an interest and concern with education. I taught part time at the University of San Francisco Law School and City College of San Francisco.
I serve on the Board of Regents of my high school, Sacred Heart Cathedral.

As an incumbent community college trustee I bring broad experience and a conservative fiscal approach to deliver a sound educational program.

I will work constructively with our new chancellor Evan Dobelle and the faculty help snap the District out of the doldrums.

John Riordan

The sponsors for John Riordan are:

MABEL TENG

My address is 844 Greenwich Street
My occupation is S.F. Community College Educator
My age is 37
My qualifications for office are: After 9 years as a San Francisco Community College educator, I have a clear vision of what must be done to shape up San Francisco's Community College District.

The Community College District was created to give adults a way to improve the quality of their lives through higher education. But in 1988, the Western Association of Schools and Colleges reported the district was riddled with problems. Since then, little has changed.

A college education is the primary path to economic opportunity. I hope you will allow me the chance to clear this path to opportunity for thousands of San Franciscans.

MARGARET SOVIERO

My address is P.O. Box 1969, San Francisco, CA 94101
My occupation is Education (Ret.) and Law
My qualifications for office are: COMMUNITY COLLEGE EXPERIENCE: Director of Pilot Literacy program which included fifteen different ethnic, minority and senior groups. Program expanded from three to thirty-three locations during my tenure. Excellency of program merited additional Federal funds. Also taught ESL at Community College. BACKGROUND: Bachelor and Doctoral Degrees. Educator, teacher, counselor at secondary level and college lecturer. Director, Head Start program, author and columnist. SERVICE: U.S. Marine Corps; U.S. Department of State; White House Conference on families; Trustee, Pennsylvania State University (Liberal Arts); Chair, UNESCO World Literacy Day. COMMITMENT: “A Better Community College — A Better San Francisco.”

ROBERT E. BURTON

My address is 8 Slot Boulevard
My occupation is Educator/Member, S.F. Community College Board
My qualifications for office are: I have been a member of the Community College Board since its inception. As an Adult Education teacher for over 20 years, I have learned the value of open-door continuing education. Selected twice to serve as Board President, I take pride in my record of strong leadership, exercised with sensitivity to the needs of our multiethnic community. Recently, my peers honored me by their appointment to oversee a nationwide search for our new Chancellor. I look forward to continuing my service to the District, where I have worked to make quality education the right of every San Franciscan.

Robert E. Burton

Candidates for Community College Board

ALAN S. WONG

My address is 1280 Ellis St., Apt. #12
My occupation is Social Worker
My qualifications for office are: I was appointed to the Community College Board by Mayor Feinstein in 1981. I ran for this office in 1982 and 1986. In both elections, I received the most votes. I have served faithfully during the past 9 years to insure that all citizens of San Francisco receive the quality education they deserve. I believe in a diversified faculty, administration and classified staff to reflect the diverse population that we are servicing.

Great changes are taking place throughout the world, nationwide, statewide and locally. Education must reflect those changes in order to equip our students to meet tomorrow's challenges.

Candidates for BART Board

JAMES FANG

My address is 170 Gellert Drive
My occupation is local business owner
My qualifications for office are: As a native San Franciscan and a neighborhood business owner, I believe can provide and bring new and innovative leadership to the BART Board which best represents the diverse and important needs of this district, San Francisco and the Bay Area region.

My experience in managing a business for the past ten years has instilled in me the tremendous importance of efficiency in any institution, public or private. By the same token, however, BART must also be accessible and safe to its public and treat its riders as human beings and with respect. An accessible, safe and efficient BART will not only reduce the horrendous traffic jams many of us currently experience, but will also reduce the burden placed on our environment by our over-use of automobiles. As BART director I would work to emphasize the needs for our district.

In addition, I would stress the urgency to proceed with plans to extend BART to the San Francisco International Airport and into San Mateo County — an extension that would directly benefit and impact our district and all San Franciscans. Finally, as our economy becomes more and more regional, I, as a BART director, would strive for greater regional cooperation and improved links between BART and the various regional transit systems. For the residents of our district, BART must be a true gateway to all Bay Area transit systems.

The important role of an efficient, accessible and safe BART plays in helping us to preserve the environment, reduce traffic problems and linkage of the regional economy are principles which I will emphasize as a BART director. BART should represent the interest of its riders. It should not be a political arena for individual and special interests. As your director, I would represent you and our district’s concerns. Thank you for your support.

RODEL E. RODIS

My address is 35 Paloma Ave.
My occupation is President, S.F. Public Utilities Commission
My qualifications for office are: As President of the San Francisco Public Utilities Commission, which oversees the SF Municipal Railway, I am very aware and concerned about public transportation in San Francisco. Muni and BART have not been as coordinated as they should be and I would work to see that these transit agencies work together more closely for the benefit of San Francisco and other Bay Area transit users.

San Francisco contributes much to BART through property and sales taxes (about $40 million annually) but has frequently received short shrift when resources are allocated. For example, San Francisco only received $15 million for a Muni Metro extension South of Market while BART is allocating hundreds of millions of dollars to extend BART to Antioch, Pleasanton and Warm Springs. We deserve a greater share and I would work to get more money for San Francisco in the future.

In addition, I would work to:
• Improve BART stations and station amenities. BART is almost 20 years old and the stations need sprucing up. I would work to install more benches, telephones, lights and shelters over the escalators.
• Establish a BART Passengers Advisory Committee, to help advise the BART Board on operations and policy.
• Improve Regional Transit Coordination by creating a single 800 telephone number for all regional transit information and by working to create a simplified, coordinated fare structure throughout the region.

Transportation continues to be the number one problem facing the Bay Area and BART is an important part of the solution to the problem. My experience in the City would be beneficial on the BART Board. Please join the following leaders supporting me:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.

52
Candidates for BART Board

ALEXA SMITH

My address is 66 San Fernando Way
My occupation is Transit Reform Advocate/Doctor of Law/State and County Central Committee Member
My qualifications for office are: As a close political advisor and the sister of 1988-1989 B.A.R.T. President Arlo Smith, I was “in the engine room” (both literally and figuratively) during the grim days after the October 17, 1989 Earthquake. I recommended 24-hour emergency service to Arlo.

Arlo and his fellow B.A.R.T. Directors worked tirelessly to keep the terribly over-taxed B.A.R.T. system in fully operational 24-hour Earthquake emergency service.

Before the Earthquake, B.A.R.T.’s average daily load was about 210,000 people. At the height of the emergency, our loads rose as high as 357,135 refugees from the smashed Bay Area automobile freeway system.

I received my “advanced” B.A.R.T. transit training under the unique stress of the long weeks of a public emergency.

I know the B.A.R.T. system.

I can save YOU — the San Francisco taxpayers — some money.

San Francisco residents are invited to telephone me on B.A.R.T. matters: 564-6091.

Platform:
CRIME — Video film needs to be introduced into B.A.R.T.’s closed circuit television security system. If I’m B.A.R.T. Director, violent felons will find their pictures on “REWARD” POSTERS at all B.A.R.T. stations.

REFURBISHMENT OF SYSTEM — Repair, refurbishment and where necessary, replacement of 20-year old BART trains and stations must be adequately funded.

REWARDING LOYALTY — After the Earthquake, B.A.R.T.’s employees served heroically. Their loyalty deserves childcare facilities, other just rewards, and our deepest thanks.

RECYCLING — A realistic program is needed to recycle B.A.R.T. garbage to increase revenue and conserve resources.

SCHEDULING — I support extended B.A.R.T. service on Friday and Saturday evenings and for special events. Structural improvements are needed to allow for more rush hour B.A.R.T. trains and improved timing.

B.A.R.T. TO SAN JOSE — I will continue the efforts of Arlo Smith to negotiate a “buy in” to the B.A.R.T. system from Santa Clara County so that B.A.R.T. service can be extended to San Jose.

AIRPORT EXPANSION — Rapid completion of the B.A.R.T. extension to the San Francisco Airport will be one of my top priorities.

My endorsers include (partial list):
Arlo Smith (District Attorney), Arlo Smith (B.A.R.T. Director), Nello Bianco (1989-1990 B.A.R.T President), Michael Bernick (B.A.R.T. Director), Dr. Dean Rider (A.I.D.S. Research and Treatment Physician), Dr. Eugene Prat (Former U.S. Senator’s Chief of Staff).

MELVIN KIM WONG

My address is 2530 15th Avenue
My occupation is Businessman
My age is 34

My qualifications for office are: I am a San Francisco taxpayer and strong advocate of an improved BART — Crash program for extension of BART rail lines to all surrounding communities from San Francisco to San Jose to Livermore, Antioch, Vallejo, etc.

Safety on BART trains is a priority. I am also active in the American-Chinese community. My occupation is businessman.

Let me tell you about the undemocratically chosen and self-perpetuating Executive Committee of “Citizens for a Better San Francisco” (read: “House of Lords”) of the so-called “Citizens for a Better San Francisco.”

The Executive Committee of the extreme right-wing “Citizens for a Better San Francisco” consists of fifteen (15) members chosen as follows:

NINE (9) MEMBERS — Nine (9) members of that undemocratically chosen Executive Committee are appointed by the incumbent Chairman of the would-be elitist Executive Committee. The real control is vested in this non-elected group of right-wing extremists.

FIVE (5) MEMBERS — Five (5) members are “elected” by the so-called “leaders” of the rightist political party’s largely “paper” so-called San Francisco “REPUBLICAN” volunteer clubs.

ONE (1) MEMBER — One (1) member is “elected” by the rightist political party nominees for Congress, State Senate, and State Assembly.

The avowed goal of the so-called “Citizens for a Better San Francisco” and its “House of Lords” Executive Committee is to takeover the elected government of the City and County of San Francisco with their “top-down” pack of right-wing clowns.

Anyone who is foolish enough to vote for friends of the so-called “Citizens for a Better San Francisco” deserves to be dictated by their right-wing elitist “House of Lords.”
Arguments For and Against Ballot Measures

On the following pages, you will find information about local ballot measures, including arguments for and against the measures. All arguments are strictly the opinions of their respective authors. None have been checked for accuracy by this office or any other City official or agency. Arguments and rebuttals are reproduced as they are submitted, including typographical and grammatical errors.

"Proponent’s" and “Opponent’s” Arguments

For each measure, one argument in favor of the measure and one argument against the measure are printed in the Voter Information Pamphlet free of charge. These arguments are called the “Proponent’s Argument” and the “Opponent’s Argument.”

The designation, “Proponent’s Argument” and “Opponent’s Argument” only indicates that the arguments were selected in accordance with criteria set forth in Section 5.74.5 of the San Francisco Administrative Code and were printed free of charge. The Registrar does not edit the arguments, and the Registrar makes no claims as to the accuracy of statements in the arguments.

The “Proponent’s Argument” and the “Opponent’s Argument” are selected according to the following priorities:

"Proponent’s Argument":

1. The official proponent of an initiative petition; or the Mayor, the Board of Supervisors, or four members of the Board, if the measure was submitted by same.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

"Opponent’s Argument":

1. For a referendum, the person who files the referendum petition with the Board of Supervisors.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

Rebuttal Arguments

The author of a "Proponent’s Argument" or an "Opponent’s Argument," may also prepare and submit a rebuttal argument. Rebuttals are also the opinions of the author and are not checked for accuracy by the Registrar of Voters or any other City official or agency.

Rebuttal arguments are printed following the corresponding "Proponent’s Argument" and "Opponent’s Argument."

Paid Arguments

In addition to the “Proponent’s Arguments” and “Opponent’s Arguments” which are printed without charge, any eligible voter, group of voters, or association may submit paid arguments which will be published in the Voter Information Pamphlet upon payment of (1) the established printing fee, (2) submission of petitions, in lieu of the printing fee, containing valid signatures of registered voters at the rate of two signatures for each dollar of fee, or (3) a combination of a printing fee and signatures which together equal the number of signatures and/or amount of money needed to qualify the argument for publication. The fee for printing an argument in this Voter Information Pamphlet is $200.00 plus $2.00 per word.

Paid arguments are printed following the direct arguments and rebuttals. All of the arguments in favor of a measure are printed together, followed by the arguments opposed to that measure. Paid arguments for each measure are not printed in any particular order, but are arranged to make the most efficient use of each page.

Arguments and rebuttals are solely the opinions of their authors. They are printed as submitted. No corrections are made to spelling and/or grammatical errors. Arguments and rebuttals are not checked for accuracy by the Registrar of Voters, or by any other City official or agency.
PROPOSITION A

CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition.

YES 287  NO 288

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City operates jails at the Hall of Justice and in San Bruno for persons waiting for trial or serving sentences of less than one year. The jails were not built to provide the medical services now required by law nor to house the current number of inmates.

The City operates a work furlough program. Persons in this program work during the day and return to custody in a special work furlough facility at night. The current facility is too small to house the number of eligible inmates.

State bond money for jail facilities is available to the City if the City pays for a share of the cost.

THE PROPOSAL: Proposition A would allow the City to receive $39,500,000 million in state bond money by issuing general obligation bonds in the amount of $16,500,000. This money, together with the state money, would be used to pay for a new jail medical facility, a much larger work furlough facility and for making health, safety and other physical improvements to the jails. The interest and principal on general obligation bonds are paid out of tax revenues. Proposition A would require an increase in the property tax.

A "YES" VOTE MEANS: If you vote yes, you want the City to issue general obligation bonds in the amount of $16,500,000, which will be used to pay for the City's share of building and upgrading jail facilities.

A "NO" VOTE MEANS: If you vote no, you do not want the City to issue bonds for this purpose.

Controller's Statement on "A"

Should the proposed bond issue be authorized and when all bonds shall have been issued on a fifteen (15) year basis and after consideration of the interest rates related to current municipal bond sales, in my opinion, it is estimated that the approximate costs would be as follows:

- Bond redemption: $16,500,000
- Bond interest: $9,042,000
- Debt service requirement: $25,542,000

Based on a single bond sale and level redemption schedules, the average annual debt requirement for fifteen (15) years would be approximately $1,702,800 which amount is equivalent to forty-one hundredths cents ($0.041) in the current tax rate.

How Supervisors Voted on "A"

On July 23, 1990, the Board of Supervisors voted 10-0 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: None of the Supervisors present voted no.

ABSENT: Supervisor Doris Ward
PROPOSED'S ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco County Jail system is overcrowded and ill-suited to provide efficient and safe supervision of inmates and detainees, and is inadequate to provide operational space for essential services such as medical and psychiatric treatment and jail alternative and community re-entry programs.

A class action suit was filed in Federal Court against the City and County of San Francisco resulting in a Consent Decree signed in 1982. This bond program provides the matching funds required by State bond monies to address the remaining issues as mandated by the Federal Court.

The State of California has committed to give San Francisco up to $39.5 million dollars for jail construction and renovation, if the City provides the required matching funds. Proposition A will provide the required match.

This relatively small, cost effective bond issue will be combined with the State money to complete a new work furlough and medical facility at 850 Bryant Street, to make required safety and health improvements in the Hall of Justice jails, as well as to upgrade the San Bruno jail facility.

This is a one time opportunity. Without the Proposition A matching funds, the $39.5 million in State bond monies will be lost by the City, dooming these federally mandated and desperately needed projects.

Proposition A is strongly supported by Mayor Art Agnos, Sheriff Michael Hennessey, District Attorney Arlo Smith, City Attorney Louise Renne, Police Chief Frank Jordan, Chief Administrative Officer Rudolf Nothenberg, Public Works Director Richard Evans, and jail health officials.

Vote YES on bringing our criminal justice facilities up to grade. Vote YES on Proposition A.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

No Opponent's Argument Was Submitted Against Proposition A
No Rebuttals Were Submitted on Proposition A

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

The Advisory Committee on Adult Detention urges a YES vote on Proposition A.

On November 6th, San Francisco voters have the rare opportunity to create an extremely beneficial partnership between the City and the State of California.

How? By voting yes on Proposition A.

State bonds worth $39.5 million are available to San Francisco for critical improvements to our county jails. To qualify for these funds, we must match them with a $16.5 million bond — and that’s what Prop A will do.

This partnership will expand the City’s 64 bed work furlough program, which cannot possibly serve the system’s 1,900 inmates. Work furlough allows low security prisoners the opportunity to pay their debt to society while keeping their jobs and families intact.

Another critical benefit of Prop A will be expanded jail medical and psychiatric facilities, a more efficient booking area, and court mandated fire and safety improvements in our most overcrowded jail facilities.

Proposition A is a golden opportunity to improve our jails, but we must act now. Without Prop A, the City will lose these funds to another California county.

Vote yes to make a winning partnership between the City and the State of California! Vote yes on Proposition A!

The advisory Committee on Adult Detention consists of eight citizens mandated by the State to inspect county jails from a citizen’s perspective and submit yearly reports. We are essentially a “good government committee” with no interest other than insuring there is citizen input into these critical matters. Each of us has inspected the jails many dozens of times, and we are appalled by the deterioration, overcrowded conditions, and inadequacy of medical treatment areas throughout the system.

Proposition A is the kind of legislation the Committee has fought for since its inception.

Roger Sobel, Chair
Advisory Committee on Adult Detention

---

Proposition A is the most critical public safety bond measure to face San Francisco voters in fifteen years.

The City’s county jails are dangerously overcrowded. Prisoners are being released months before the completion of their sentences because there is simply no room to keep them. They hit the streets to commit more crimes, often ending up back in jail before their original sentence would have ended.

Police on the streets are frustrated. San Francisco citizens and their property are threatened. Deputy Sheriffs working in the county jails risk their lives daily while working in the most dangerous environment imaginable.

Proposition A is hardly a cure-all, but it will remedy many of the frustrations and the injustices of the current system.

How?

• By building a new 450 bed jail facility adjacent to the current Hall of Justice at 850 Bryant Street. More jail space means that early jail releases can be stopped.
• By providing improved medical care for prisoners as mandated by the federal court. Failure to do this may cost San Francisco taxpayers millions of dollars in contempt fines.
• By repairing decades-old jail buildings. This is a cost effective way to keep them functioning properly for years of future use.
• By improving the dangerous conditions our deputy sheriffs face in overcrowded, deteriorating jail facilities.

Vote YES on Proposition A. Vote yes for a safer San Francisco!

Deputy Al Waters, II
President, San Francisco Deputy Sheriff’s Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

As Sheriff of San Francisco, it is my responsibility to maintain a safe, secure and humane county jail system. On election day, I need your support of Proposition A to help me meet this critical mandate.

A steadily increasing population has overwhelmed our outdated jail facilities and work furlough program. We currently have only 64 work furlough beds to serve a daily jail population that topped 1,900 men and women last year.

More than merely being committed to running an efficient jail system, I am also committed to the future of the community at large. Work furlough is an investment in that future. Men and women with low security offenses are required to pay their debt to society, yet keep their jobs. Work furlough inmates do their time, pay a part of the cost of their incarceration, send money to crime victims and help keep their families together and off welfare. Work furlough is an investment in stopping crime and an investment in hope. San Francisco desperately needs the larger work furlough unit and the other improvements Prop A will provide.

Join me and other knowledgeable community leaders in support of Proposition A — it's an opportunity we can't afford to pass up!

Sheriff Michael Hennessey

The Grand Jurors Association, City and County of San Francisco, joins with the City's elected officials and community leaders in its all out support of Proposition A.

As former members of the Civil Grand Jury, we were charged by the City and County to complete an annual inspection of the entire county jail system and make recommendations to the Presiding Judge of the Superior Court.

Our many years of experience in conducting these detailed inspections leaves no question that the San Francisco County Jail system is in dire need of expansion and renovation. The passage of Proposition A will accomplish much of the work that our investigations tell us must be done:

Currently, many prisoners with serious convictions do not complete their sentences because of overcrowding. If we are to maintain respect for the police and the courts — for the law itself — we must be capable of seeing that serious criminals pay their full debt to society.

Join the Grand Jurors Association in voting yes on Proposition A.

L. Jack Block, President
The Grand Jurors Association, City and County of San Francisco

I urge every San Francisco voter who is concerned about the effectiveness of our city's criminal justice system to vote YES on Proposition A.

As it stands now, the county jails are overcrowded, the 55 year-old San Bruno jail facility is literally crumbling, and prisoner medical and psychiatric areas are painfully inadequate.

Proposition A will attract $39,000,000 in State bond money to match this $16,500,000 local bond issue to address those problems as quickly as possible. For San Francisco taxpayers, this relatively modest expenditure will be in the public interest for years to come.

Join me in strongly supporting Proposition A. It's the commonsensical way to improve the county jail system. Otherwise, San Francisco courts will be forced to release jail inmates before they serve their full sentences — and that's not a result I want for my constituents or my own family.

State Senator Quentin L. Kopp

Fight back against the early release of criminals — fight back against crime in our neighborhoods. Support Prop A on election day to make San Francisco's criminal justice system work for you and your loved ones, for a change!

Supervisor Bill Maher
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

San Francisco’s jail facilities are dangerously overcrowded.
A federal court has the Sheriff under injunction to improve conditions.
If overcrowding isn’t relieved, the Sheriff may be ordered to release dangerous criminals.
We personally favor alternatives to incarceration for minor, nonviolent offenders, such as community service.
However, jail overcrowding must be eliminated so that the Police, Sheriff, and District Attorney can do their job of fighting violent crime and drug dealing.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Central Committee member/BART Board Candidate

Because of grossly inadequate and obsolete local jail facilities, our Sheriff is legally obliged, by Federal Court Order, to release prisoners back onto our streets LONG before they have served their appropriate sentences. JUST NO ROOM!
Existing State bond monies will pay SEVENTY PERCENT of the cost of a 300 bed jail expansion at Bryant Street plus the rehabilitation and replacement of fifty-six year old “broken down” obsolete equipment and facilities at the San Bruno Jail Complex.
It’s “use it or loose it”! If we don’t use our fair share of these now available State Bond matching funds, they go elsewhere! By pro-crastination, San Francisco’s taxpayers could ultimately wind up paying the total $56,000,000 bill all by ourselves.
If these individuals do the crime, we must insist that they do the time! On behalf of San Francisco’s taxpayers, we urge a YES vote while the State is still able and willing to pay the “lion’s share” of the costs.

SAN FRANCISCO TAXPAYERS ASSOCIATION.
W. F. O’Keeffe, Sr., President

TEXT OF ORDINANCE AUTHORIZING BOND ELECTION
PROPOSITION A AND PROPOSITION B

(Special Election)

CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, NOVEMBER 6, 1990, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO PROPOSITIONS TO INCUR THE FOLLOWING BONDED DEBTS OF THE CITY AND COUNTY FOR THE ACQUISITION, CONSTRUCTION OR COMPLETION BY THE CITY AND COUNTY OF SAN FRANCISCO OF THE FOLLOWING MUNICIPAL IMPROVEMENTS, TO WIT: SEVENTY-THREE MILLION EIGHT HUNDRED THOUSAND DOLLARS ($73,800,000) FOR CONSTRUCTION OR RECONSTRUCTION OF A YOUTH GUIDANCE CENTER; PROVIDED, HOWEVER, THAT TWO MILLION DOLLARS ($2,000,000) BE SET ASIDE FOR THE ACQUISITION AND RECONSTRUCTION OF COMMUNITY BASED FACILITIES; SIXTEEN MILLION FIVE HUNDRED THOUSAND DOLLARS ($16,500,000) FOR CORRECTIONAL FACILITIES TO BE CONSTRUCTED OR RECONSTRUCTED PARTIALLY FROM STATE GRANTS AND PARITALLY FROM MATCHING FUNDS FROM THIS BOND ISSUE; AND THAT THE ESTIMATED COST OF CITY AND COUNTY OF SAID MUNICIPAL IMPROVEMENTS IS AND WILL BE TOO GREAT TO BE PAID OUT OF THE ORDINARY ANNUAL INCOME AND REVENUE OF THE CITY AND COUNTY AND WILL REQUIRE EXPENDITURES GREATER THAN THE AMOUNT ALLOWED THEREFORE BY THE ANNUAL TAX LEVY; RECITING THE ESTIMATED COSTS OF SUCH MUNICIPAL IMPROVEMENTS; FIXING THE DATE OF ELECTION AND THE MANNER OF HOLDING SUCH ELECTION AND THE PROCEDURE FOR VOTING FOR OR AGAINST THE PROPOSITIONS; FIXING THE MAXIMUM RATE OF INTEREST ON SAID BONDS AND PROVIDING FOR THE LEVY AND COLLECTION OF TAXES TO PAY BOTH PRINCIPAL AND INTEREST THEREOF; PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION; CONSOLIDATING THE SPECIAL ELECTION WITH THE GENERAL ELECTION; AND PROVIDING THAT THE ELECTION PRECINCTS, VOTING PLACES AND OFFICERS FOR ELECTION SHALL BE THE SAME AS FOR SUCH GENERAL ELECTION.

Be it ordained by the People of the City and County of San Francisco:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1990, for the purpose of submitting to the electors of said city and county propositions to incur bonded indebtedness of the City and County of San Francisco for the acquisition, construction or completion by the city and county of the hereinafter described municipal improvements in the amounts and for the purposes stated:

YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990, $73,800,000 to pay the cost of construction or reconstruction of a Youth Guidance Center; provided, however, that Two Million Dollars ($2,000,000) be set aside for the acquisition and reconstruction of community based facilities, including the acquisition and construction of the facilities and all other works, property and structures necessary or convenient for such additions and improvements to the Youth Guidance Center of the City and County of San Francisco.

CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990, $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition, including related acquisition, construction or reconstruction necessary or convenient for the foregoing purpose; and all other works, property and structures necessary or convenient for such additions and improvements to various correctional facilities of the City and County of San Francisco.

Section 2. The estimated costs of each of the municipal improvements described in Section 1 hereof were fixed by the Board of Supervisors by the following resolutions and in the amount specified:

Youth Guidance Center System Improvement Bonds, Resolution No. 539-90, $73,800,000; Correctional Facilities Improvement Bonds, Resolution No. 503-90, $16,500,000.

That said resolutions were passed by two-thirds or more of the Board of Supervisors and approved by the Mayor, and in each said resolution it was recited and found that the sums of money specified were too great to be paid out of the ordinary annual income and revenue of the city and county in addition to the other annual expenses thereof or other funds derived from taxes levied for those purposes and will require expenditures greater than the amounts allowed therefor by the annual tax levy.

The method and manner of payment of the estimated costs of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco in the principal amounts not to exceed the principal amounts specified.

Said estimates of cost as set forth in said resolutions are hereby adopted and determined to be the estimated costs of said improvements.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereat received and canvassed, and the returns thereof made and the results thereof ascertained, determined and declared as herein provided and in all particulars not herein recited said election shall be held according to the laws of the State of California and the Charter of the City and County of San Francisco providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Election of the City and County of San Francisco to be held Tuesday, November 6, 1990, and the voting precincts, polling places and officers of election for said General Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for such special election hereby called, and as specifically set forth, in the official publication, by the Registrar of Voters of precincts, polling places and election officers for the said General Election.

The ballots to be used at said special election shall be the ballots to be used at said General Election and reference is hereby made to the notice of election setting forth the voting precincts, polling places and officers of election by the Registrar of Voters for the General Election to be published in the San Francisco Examiner on or no later than October 12, 1990.

Section 5. On the ballots to be used at such special election and on the punch card ballots used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following, to be separately stated, and appear upon the ballot as a separate proposition:

"YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $73,800,000 for the construction and reconstruction of a Youth Guidance Center of the City and County of San Francisco; provided, however, that $2,000,000 be set aside for the acquisition and reconstruction of community based facilities."

"CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition."

Each voter to vote for said any of propositions hereby submitted and in favor of the issuance of the Bonds, shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against the issuance of the Bonds shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. On absent voters ballots, the cross (X) may be marked with pen or pencil.

(Continued on page 70)
PROPOSITION B

YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990.
To incur a bonded indebtedness of $73,800,000 for the construction and reconstruction of a Youth Guidance Center of the City and County of San Francisco; provided, however, that $2,000,000 be set aside for the acquisition and reconstruction of community based facilities.

YES 290
NO 291

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City operates the Youth Guidance Center. This facility houses the Juvenile Court, a detention center for juveniles waiting for court hearings or placement, the Juvenile Probation Department and other City offices. The facility is 40 years old and is badly deteriorated.

THE PROPOSAL: Proposition B would allow the City to borrow $73,800,000 by issuing general obligation bonds. This money would be used to pay for building a new Youth Guidance Center. $2,000,000 of this amount would be set aside to purchase and improve community-based facilities such as group homes. The interest and principal on general obligation bonds are paid out of tax revenues. Proposition B would require an increase in the property tax.

A "YES" VOTE MEANS: If you vote yes, you want the City to issue general obligation bonds in the amount of $73,800,000 to build a new Youth Guidance Center, and you want to set aside $2,000,000 of this amount for community-based facilities.

A "NO" VOTE MEANS: If you vote no, you do not want the City to issue bonds for this purpose.

Controller's Statement on "B"
Should the proposed bond issue be authorized and when all bonds shall have been issued on a fifteen (15) year basis and after consideration of the interest rates related to current municipal bond sales, in my opinion, it is estimated that the approximate costs would be as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bond redemption</td>
<td>$73,800,000</td>
</tr>
<tr>
<td>Bond interest</td>
<td>40,442,400</td>
</tr>
<tr>
<td>Debt service requirement</td>
<td>$114,242,400</td>
</tr>
</tbody>
</table>

Based on a single bond sale and level redemption schedules, the average annual debt requirement for fifteen (15) years would be approximately $7,900,000 which amount is equivalent to one and eighty-four hundredths cents ($0.0184) in the current tax rate.

How Supervisors Voted on "B"
On July 23, 1990, the Board of Supervisors voted 10-0 on the question of placing Proposition B on the ballot.

The Supervisors voted as follows:

NO: None of the Supervisors present voted no.

ABSENT: Supervisor Doris Ward
PROPOSIENT'S ARGUMENT IN FAVOR OF PROPOSITION B

Children are our future. But the importance we attach to our children is not reflected in San Francisco's existing Youth Guidance Center.

The Youth Guidance Center (YGC) is a grim, deteriorating detention facility which houses delinquent youth, the juvenile court, juvenile probation department and other agencies that work with our troubled youth and their families.

YGC is outdated, inflexibly designed and in poor condition. The facility is inadequate and unadaptable for providing a modern standard of care and services for juvenile offenders. Some of YGC's most urgent needs are heating, fire safety, security, seismic safety, energy conservation, lighting, ventilation and handicapped access improvements.

Since YGC opened in 1951, it has been criticized by the Department of Justice, California Youth Authority, child advocacy groups and other government agencies. The Youth Law Center has also filed a lawsuit citing the facility's deficiencies. Proposition B provides the funding needed to build a new facility in accordance with the standards of the California Youth Authority and the American Correctional Association as well as in accordance with the program goals and objectives of San Francisco's juvenile justice plan.

Proposition B provides $73,800,000 through the issuance of general obligation bonds to build a new Youth Guidance Center and community facilities that will provide the services and humane atmosphere that our children require.

San Francisco's children deserve the best this city can provide. An investment in their future is an investment in our future.

Vote YES on Proposition B.

Submitted by the Board of Supervisors
This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPOSIENT'S ARGUMENT IN FAVOR OF PROPOSITION B

The supervisors' rebuttal argument (opposite page) is riddled with inaccuracies and distortions.

The supervisors say that "the number of beds has not been cut in half, it hasn't even been determined yet." But the official Bond Program Report and other Juvenile Probation Department documents refer specifically to a 72-bed facility (present capacity is 137). Who are the supervisors trying to fool?

The supervisors also say "violent young criminals are not released." That's untrue! Under current standards, a gang member with five previous arrests who is arrested at a gang fight carrying a loaded shotgun, will be immediately released.

With half the detention space, many more dangerous offenders must go free because of Proposition B.

VOTE "NO" ON PROPOSITION B.

The supervisors allege that only 10% of juvenile hall referrals are for "violent felonies". Do you consider the following to be serious or violent crimes?

Murder
Manslaughter
Rape
Kidnapping
Robbery

Assault with deadly weapon
Assault on police officer
Assault
Battery
Arson
Automobile theft
Weapons possession
Manufacture, sale, or possession of drugs
Hit and run driving
Child molestation

These crimes accounted for 3,300 juvenile arrests last year, or 51% of all juvenile hall referrals (Source: 1989 Juvenile Court Annual Report).

VOTE "NO" ON PROPOSITION B.

The supervisors want to spend $114,000,000 in taxpayer money (including interest) for half the detention capacity. A new juvenile hall can be justified, but only with a guarantee of sufficient capacity and sensible pre-hearing release policies.

State Senator Quentin Kopp
No on Proposition B Committee
**OPPONENT’S ARGUMENT AGAINST PROPOSITION B**

Proposition B is the wrong idea at the wrong time. The National Council on Crime and Delinquency predicts that juvenile crime will increase nationally over the next decade. Despite a declining juvenile population, San Francisco is no exception. Arrest statistics confirm that violent crime by juveniles is on the rise in San Francisco. These aren’t truants or runaways, either; they’re rapists, robbers and killers. In fact, the number of juveniles arrested for murder increased 190% in San Francisco last year.

Notwithstanding such unmistakable trends, Proposition B would spend $114,242,400 in taxpayers money to build a new juvenile hall with half the detention space of the current facility. Our District Attorney states: “The reduction in bed space poses a substantial danger to public protection and safety.”

**VOTE “NO” ON PROPOSITION B.**

Proposition B will burden San Francisco with a radical approach to juvenile criminals that, in effect, stresses “group homes” in our neighborhoods and even outright releases for hundreds of violent young criminals — instead of a central, secure detention facility.

The current mayoral administration has already weakened the standards for detaining juvenile criminals. Under the new rules, a 17 year-old with 10 prior arrests who is arrested for selling crack cocaine and carrying a loaded .357 magnum, cannot be detained at juvenile hall. He will be immediately released. With only half the detention capacity of the present juvenile hall, Proposition B will cause many more releases like that.

**VOTE “NO” ON PROPOSITION B.**

No one disputes the fact that juvenile hall needs physical rehabilitation. Maybe it should even be replaced, but not with half the detention space. Juvenile crime is increasing in San Francisco. Borrowing millions for a new building with less capacity is sheer lunacy!

State Senator Quentin Kopp
No on Proposition B Committee

---

**REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION B**

Let’s look at the real facts.

Proposition B allocates $73.8 million for a new juvenile hall. The number of beds has not been cut in half, it hasn’t even been determined yet. Size will only be decided after public debate. Proposition B funds enough beds to meet San Francisco’s need into the 21st century, and Senator Kopp is misinformed if he believes otherwise.

Only 10% of juvenile hall referrals are for violent felonies. Violent offenders are not released under the current system and serious offenders like the ones Senator Kopp describes will continue to be held if the facility is replaced.

Senator Kopp doesn’t tell you that in the present facility, children as young as ten stay in small, musty cells with no private toilets and minimal recreational programs. He doesn’t tell you about the health and safety hazards, including asbestos, that may endanger the children and the staff. He doesn’t tell you that the facility has been decertified by state authorities, is under investigation by the Justice Department and is being sued for unconstitutional conditions. If Proposition B fails, the City will probably have to replace the Youth Guidance Center at a much higher cost!

Responsible, informed citizens, members of the Juvenile Court, Probation Department, law enforcement and community groups all have endorsed Proposition B.

Don’t let a misinformed outlook on San Francisco’s children, and on the facts of this proposition, guide your decision.

**VOTE YES on Proposition B.**

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.

PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Youth Guidance Center is an antiquated and deteriorated facility desperately in need of repair. If YGC is to have any rehabilitative impact on the lives of juveniles housed there we must pass this bond measure as our city’s commitment to an improved facility, prepared to handle the needs of our troubled youth.

Join me in voting Yes on Proposition B.

Dr. Dan Kelly
Candidate for School Board

We work as Counselors at Youth Guidance Center and strongly support building a new center. The overcrowding and lack of adequate recreational and community facilities has always made the center a difficult place for children. As we approach the 21st century, we need to treat our most valuable resource, our kids, in a facility offering the best possible social, educational and recreational environment.

Vote YES on B!

Ulysses Madison, YGC Counselors Chapter
United Public Employees Local 790, SEIU

San Francisco must invest in our children — which represents our future.
The asbestos riddled, deteriorating, 40-year-old juvenile justice building needs to be replaced.

Vote YES on B.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Youth Guidance Center is a badly run down facility which has become hazardous for our city’s youth and for the people who work there. It has been repeatedly investigated and criticized by experts and oversight agencies for the last 20 years. It fails to meet federal and state detention facility guidelines, as well as the City’s own building code. It violates fire and earthquake safety requirements. It contains disintegrating asbestos, posing a health threat to youth and staff. The residential units fall below modern standards for room size, heating, ventilation, and lighting. Space for visiting parents, attorney interviews, and recreation is much too small.
The Youth Guidance Center is a danger to the community because it does not provide a modern, high-security detention capacity for the serious and violent offenders who must be housed there. Moreover, the facility is inadequate as a service center for youth and families who come before the juvenile court and need counseling, crisis intervention, supervision, and other services.
Engineering, seismic, and construction experts have shown that the most cost-effective solution for the Youth Guidance Center is to replace the old and hazardous facility with a new structure that will meet the needs of San Francisco youth and citizens well into the next century.
Passage of this measure will not determine the size or configuration of the new facility. This measure will ensure replacement of the present outmoded structure, leaving bed count and other details of design for evaluation after funding has been authorized.
Judges of the Superior Court unanimously and strongly urge a “YES” vote.

John Dearman
Presiding Judge
San Francisco Superior Court

I agree with the judges.

Willie L. Brown, Jr.
Speaker, California Assembly

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Existing juvenile facilities are overcrowded and inadequate. The juvenile court system has been sued for injunction to improve conditions.

Unless improved, a judge may order city authorities to release violent offenders.

We favor alternatives to incarceration for nonviolent offenders. However, overcrowding must be eliminated so that the Police and District Attorney can do their jobs.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

The Youth Guidance Center is a modern dinosaur. The California Youth Authority once decertified it because of inhuman conditions. It has been the target of investigation by the U.S. Justice Department for several years, and is now the subject of a pending lawsuit. One expert on juvenile justice facilities stated publicly, "it's the worst juvenile hall that I have ever seen." The current facility simply cannot provide proper care to detained youth.

Proposition B, which will reconstruct YGC, is a long-overdue response, and an absolutely essential step in correcting these inhuman conditions. Do not be misled by Mr. Kopp's ludicrous position; it is a product of grave misinformation, and a shameful scare tactic. The truth is that of petitions filed in 1988 and 1989, only .3% were for homicide, 2% for rape and 3% for robbery. The truth is that a youth with a long criminal record and a loaded weapon will be detained at YGC. The truth is that San Francisco has one of the toughest detention policies in the State.

As conscientious citizens, we have but one choice: vote YES on Proposition B. As concerned taxpayers, we can no longer allow the City and County of San Francisco to pour money into a dying building that cannot be adequately repaired. This short-sighted approach does a disservice to both our youth and ourselves.

Let's look to our future and tell the future leaders — the youth of today — that we care about their needs, and that they need not be second class citizens.

Greg Day
President, Coleman Advocates for Children and Youth
Margaret Brodkin
Executive Director, Coleman Advocates
Peter Bull
Juvenile Justice Task Force Leader, Coleman Advocates
Jean Jacobs
Board Member, Coleman Advocates

Vote Yes on B! Help make the future safe for our children.

Carole Migden
Candidate, Board of Supervisors

The Youth Guidance Center provides support for all youth under the jurisdiction of our Juvenile Courts. This includes children awaiting placement in foster care. This facility is 40 years old and is an example of improvements that have been deferred too long. Youth represent our future. They deserve a modern, hospitable environment.

Vote Yes for our Youth. Vote Yes on Proposition B!

Harold M. Hoogasian
Small Businessperson/Florist

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Proposition B is the Right Idea at the Right Time
Official studies of the San Francisco Juvenile Hall show that the SPCA houses its dogs under cleaner, healthier conditions than the youth who are placed at Juvenile Hall.
The building has life threatening asbestos, inadequate toilets, shower facilities, and rooms. The entire building is falling apart. It is cheaper to build a new facility than to repair this disaster.
Vote YES on Proposition B.
• Proposition B will allow San Francisco to build a new well designed system, that will have enough rooms to house those who have committed serious offenses, in very secure detention separately from those who have committed less serious offenses.
• Along with a new facility, will be a comprehensive program of services from S.F.U.S.D., D.P.H., D.S.S., and community based organizations all focused on helping youth correct and take responsibility for their actions.
• San Francisco has the opportunity through Proposition B to protect the public, replace a life threatening building, and help youth take responsibility for their own actions.
• That is why the community, Mayor, Board of Supervisors, Commissioners and Public Departments are all supporting Proposition B.

San Francisco Coalition For Children, Youth, and Families

VOTE YES ON PROPOSITION B

Proposition B will provide funds for the construction of a much needed new Youth Guidance Center. The present facility is 40 years old, asbestos ridden and poorly designed for its present and future operations. It has widespread support that includes Law Enforcement, Judges, Department Employees, and many community groups, including African Americans who have fought for many years, along with other advocates for children, for a healthy and decent environment for our children.

The fact is that the overwhelming majority of youth, approximately 90 percent, referred to Child Guidance Center are referred for non-violent offenses. The new facility will provide adequate housing for detained youth requiring locked confinement as well as appropriate counseling and education centers.

DON’T BE MISGUIDED BY FALSE AND MISLEADING INFORMATION.

DO NOT BE FOOLIED BY SCARE TACTICS
VOTE “YES” ON PROPOSITION B

As the Director’s of Youth Advocates/Huckleberry House, with more than 20 years of experience in dealing with San Francisco’s troubled youth, we urge a YES vote on PROPOSITION B. The current juvenile hall is unsafe and inhumane. It fails to meet federal, state, and local safety standards. It would be a deathtrap for the children in a major fire or earthquake.

The politicians opposing Proposition B want to scare you into keeping this hazardous facility. They say the new facility will have fewer secure beds, so violent youth will terrorize our neighborhoods. Scary, if it were true. But it is not true. Proposition B does not place any limit on the space we need to secure youth who have been accused of violent crimes. Right now, only 10% of the youth at the juvenile hall are accused of violent crimes — robbery, rape, murder. The other 90% are there for lesser offenses. Many of them are victims of sexual abuse or family violence.

The new facility will serve the critical needs of San Francisco’s children, youth, and families, while also assuring secure detention for youth accused of serious crime. We need to provide dignity and hope to the families and youth who walk through the doors of our juvenile justice system. If you walked through the doors of the present facility, you would be shocked and dismayed. PLEASE VOTE YES ON PROPOSITION B.

PAID ARGUMENTS AGAINST PROPOSITION B

Spending $74 million dollars on a new juvenile hall with half the capacity is outrageous and irresponsible. Placing "group homes" in our neighborhoods for detention is even worse.

Nobody in their right mind would want a house of juvenile delinquents next door. It is unbelievable to me how anyone could support this crazy proposal.

This preposterous proposal is an outrageous waste of public funds!

Instead of rehabilitating and expanding the expensive existing facility, the proponents want to build a brand-new one with only half the present bed capacity. The extra two million dollars of "set aside" bond money is to provide jobs for operators of "group homes" in our residential neighborhoods.

Send the would-be social engineers a good dose of reality on election day. Say no to group homes in our neighborhoods. Vote NO on Proposition B!

John Barbagelata

San Francisco Taxpayers Association
W.F. O'Keefe, Sr., President

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION B

The probation officers who work at the Youth Guidance Center urge you to vote NO on Proposition B. This bond issue could cost the taxpayers as much as $7 million per year for 20 years and it won’t do anything to reduce juvenile delinquency. In fact, we think it will reduce our ability to control and reform young offenders because the new building envisioned by the planners of the bond issue will provide for less detention capacity than we have now.

We think that it is illogical to build a smaller juvenile hall because the existing facility has been cited by the California Youth Authority for being overcrowded, and we have been forced to release offenders whom we would prefer to detain for their own good and for the safety of the public. With a smaller juvenile hall, we will have to release still more offenders who we think should be detained.

It is true that the Youth Guidance Center has been allowed to fall into disrepair; however, the structure appears to be fundamentally sound. It suffered no significant damage as a result of the October 1989 earthquake. We believe that the building can be rehabilitated for far less than the cost of demolition and reconstruction of the entire complex.

If, in the future, another plan is put forth to renovate, reconstruct, or augment the Youth Guidance Center which we believe will enhance our ability to reform offenders and protect our community, we will support it. Unfortunately, Proposition B does not meet these criteria.

Please vote against a more permissive Juvenile Court and against a waste of taxpayer money. Please vote NO on Proposition B.

San Francisco Probation Officers’ Association
Terry Twing, President

BEWARE of Proposition B.

The need to spend money wisely on a long-term solution to deteriorating structural conditions and overcrowding at Juvenile Hall is obvious. Proposition B is not, however, just about $73,000,000 for a new Juvenile Hall.

Proposition B’s exact dollar appropriation is based on specific building guidelines, operating assumptions and cost projections contained in a mandatory “Bond Program Report.” This document is the blueprint for the proposed facility.

Proposition B’s “Bond Program Report” calls for construction of “a 72-bed residential detention component.” That’s a loss of 65 beds from the current 137 certified capacity.

Proposition B’s answer to existing overcrowding is fewer beds. Proposition B picks up this loss by creating “group homes” in neighborhoods (yet to be designated) and by lowering the detention criteria, thereby reducing the need for a larger capacity.

The “Bond Program Report” puts it this way, “the reduction is based on changes in detention policy that are intended to reduce the use of secure detention”.

Reducing our ability to securely detain youthful violent offenders in the face of increasing violent youth crime is wrong and a misuse of taxes. Many of San Francisco’s streets have become hunting fields for criminal elements, including young gang members and repeated youthful offenders. Proposition B sends would-be hoods the wrong message.

The public deserves a full debate on the entire program before incurring additional bonded indebtedness. Where will the proposed “group homes” be placed? What are the funding sources to sustain these “group homes”? What back-up plans are envisioned should more detention capacity be required?.

Make Mayor Agnos and the social engineers tell you the full story. Until then, Proposition B is expensive bunk.

Proposition B is BAD for San Francisco. VOTE NO ON PROPOSITION B.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION B

As a retired probation officer with more than 20 years of first-hand service, it’s difficult to watch the misguided criminal justice activists hide behind the public’s frustration with the juvenile hall to further their own philosophies. We may need a new juvenile hall, but not one that’s half the current capacity.

“Group homes” in the neighborhoods for youthful offenders may sound good to activists but are unacceptable to most of the public. Lowering detention criteria makes sense to activists, but unloads violent juveniles back into the community.

Sure the judges want new and more modern courtrooms, but at what price to the public?

Don’t be fooled by the list of names of those who benefit from the expenditures of your tax dollars. Listen to the police who bust these juveniles, listen to the probation officers who deal with these juveniles, listen to the district attorneys who prosecute these juveniles and listen to the victims who can tell it best.

Vote NO ON PROP B, because the last thing San Francisco needs is another misguided solution for dealing with juvenile crime.

Anders W. Pettersson

As a native born resident of San Francisco and 33 year veteran of correctional social work, I am in favor of some community based alternatives to institutionalization like the very effective ones operated by the Youth Advocates organization at Sojourner and Huckleberry Houses.

However, I am also very much opposed to the plan proposed in Proposition “B” which I believe would allow dangerous offenders to be released to group home programs unable to control their behavior. Accordingly, I strongly recommend that you vote NO on Proposition “B”.

Mike Basten
Member, Board of Directors
State Coalition of Probation Organizations

THE FULL TEXT OF THIS MEASURE BEGINS ON PAGE 60.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
LEGAL TEXT OF PROPOSITION A AND PROPOSITION B (Continued from page 60)

If and to the extent that punch card ballot cards are used at said special election, each voter to vote for any said proposition shall punch the ballot card in the hole after the word "YES" to the right of said proposition, and to vote against said proposition shall punch the ballot card in the hole after the word "NO" to the right of said proposition.

Section 6. If at such special election it shall appear that two-thirds of all the voters voting on the proposition voted in favor of and authorized the incurring of a bonded indebtedness for the purposes set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvements described herein. Such bonds shall be of the form and character known as "serials," and shall bear interest at a rate not to exceed 12 per centum per annum, payable semiannually, provided, that interest for the first year after the date of any of said bonds may be payable at or before the end of that year.

The votes cast for and against said respective propositions shall be counted separately and when two-thirds of the qualified electors, voting on such propositions, vote in favor thereof, such proposition shall be deemed adopted.

Section 7. For the purpose of paying the principal and interest on said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until such bonds are paid, or until there is a sum in the Treasury of said city and county set apart for that purpose to meet all sums coming due for the principal and interest on said bonds, a tax sufficient to pay the annual interest on such bonds as the same becomes due and also such part of the principal thereof as shall become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of such principal.

Section 8. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Examiner, a newspaper published daily in the City and County of San Francisco, being the official newspaper of said city and county and such publication shall constitute notice of said election and no other notice of the election hereby called need be given.

Section 9. The appropriate officers, employees, representatives and agents of the City and County of San Francisco are hereby authorized and directed to do everything necessary or desirable to the calling and holding of said special election, and to otherwise carry out the provisions of this ordinance.
Port Revenue Bond Procedures

PROPOSITION C
Shall the repayment of bonds be made the Port’s highest spending priority, and shall the Port Commission be allowed, with Board of Supervisors’ approval but without voter approval, to issue revenue bonds under rules adopted by the Port Commission?

YES 292
NO 293

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Charter sets spending priorities for the Port. The highest spending priority for the Port is to pay its operating expenses; the repayment of bonds is a lower priority.

Port revenue bonds may be issued only with the approval of the voters. The procedure for the Port to issue bonds is set out in a State law that has been repealed.

THE PROPOSAL: Proposition C is a charter amendment that would make the repayment of bonds the Port’s highest spending priority.

Proposition C would allow the Port Commission to issue revenue bonds without voter approval. The Board of Supervisors must approve such bonds. The Port Commission would be allowed to adopt its own procedures for issuing revenue bonds.

A “YES” VOTE MEANS: If you vote yes, you want to make the repayment of bonds the Port’s highest spending priority. You also want to allow the Port, with the approval of the Board of Supervisors, to issue revenue bonds, without voter approval. You want to allow the Port Commission to adopt its own procedures for issuing revenue bonds.

A “NO” VOTE MEANS: If you vote no, you do not want to change the Port’s spending priorities and you do not want to change the way revenue bonds are issued for the Port.

Controller’s Statement on “C”

Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.

How Supervisors Voted on “C”

On July 9, 1990, the Board of Supervisors voted 9-0 on the question of placing Proposition C on the ballot.

The Supervisors voted as follows:

NO: None of the Supervisors present voted no.

ABSENT: Supervisors Richard Hongisto, Doris Ward

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION C

The Board of Supervisors urges you to vote “Yes” on Proposition C.

The Port is a self-supporting enterprise agency which operates without any tax support. To pay for infrastructure improvements on the waterfront, such as marine terminals, fishing facilities, roads and utility upgrades, the Port must issue bonds. The bonds would be repaid solely from Port revenues.

THIS CHARTER AMENDMENT WILL

• Enable the Port to save thousands of dollars at no cost to taxpayers.
• Give the Port the flexibility to take advantage of lower interest rates in bond markets.
• Free the Port from a repealed State Bond Law and permit it to use modern financing techniques.
• Increase the Port’s creditworthiness and boost investor confidence in the Port.

This Charter amendment will re-prioritize the use of monies in the Port’s operating fund to provide that principal and interest on Port Bonds is the highest priority. This will bring the Port in line with other port issuers throughout the nation and improve the Port’s creditworthiness and boost investor confidence, thereby resulting in a lower borrowing cost for the Port. Operations and Maintenance costs will continue to be funded annually from the Port’s operating budget.

Charter Section 7.300 requires voter approval before any new Port Revenue Bonds can be issued. This charter amendment will change the requirement for approval from the electorate to the Board of Supervisors, similar to the oversight requirements for the issuance of bonds by the San Francisco International Airport.

Since Port Revenue Bonds are secured solely by Port revenues, they do not have an effect on other City services, property taxes or rates. Thus, the City will not have any financial liability for any Port bond issues.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Ayes: Supervisors Alioto, Britt, Gonzalez, Hallinan, Kennedy, Maier, Nelder, Walker and Ward.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION C

DON’T SIGN A BLANK CHECK!

The Supervisors claim that “C” will “enable the Port to save thousands of dollars at no cost to the taxpayers” and “not have an effect on other City services, property taxes or rates.”

If you believe that, we’ve got a bridge to sell you!

The truth is that Proposition C allows the Supervisors and Port Commission to issue bonds without voter approval. That’s right, WITHOUT VOTER APPROVAL.

“C” gives City officials free rein to issue bonds and spend money for any pet project they want.

You, the taxpayer, will no longer have the right to vote “NO”.

The same City government that has saddled us with 10 deputy mayors (New York, with 10 times our population has only 5!) will now be free spend yet more money without the control of voter approval for Port bond issues.

This is the same City government that has raised our sewer service charges and taxes for small business.

The same City government that gave away use of a $9 million City street to the Rockefellers for free.

The same City government that is fighting Proposition “H” tooth and nail because the officials want to give use of the Port away to hotels and other nonmaritime uses.

DO YOU TRUST THEM WITH A BLANK CHECK? Vote “NO” on “C”

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION C

“C” is “CYNICAL”.
Proposition C is a cynical measure proposed by the current Supervisors to allow the Supervisors and Port Commission to issue bonds without voter approval!
That’s right — WITHOUT VOTER APPROVAL!
During the past two decades, city officials have allowed the Port to decline — and maritime business to move to Oakland, Los Angeles, and elsewhere.
Now they want Port land to be used for hotels and other nonmaritime uses. Such proposals can only worsen the Port’s decline by eliminating space for maritime activities.
If Proposition “C” is passed, it will be possible for the Supervisors to advance such schemes — with the help of bond issues — by eliminating any requirement of voter approval.
And, unless we pass Proposition “H”, the Supervisors and Port Commission will have carte blanche to use Port land for nonmaritime purposes.
But what do you expect!
Proposition C was put on the ballot by the same Supervisors who have raised our sewer service charges and parking fines.
The same Supervisors who have imposed unnecessary taxes on small businesses.
The same Supervisors who had the chutzpah to demand a 70% pay raise last year.
The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.
The same Supervisors who fought the two-term limit tooth and nail.
Vote “Yes” on preserving your right to vote on Port bonds.
Vote “No” on waste and mismanagement in City government.
Vote “No” on special interest deals at City Hall.
Vote “No” on “C” and “Yes” on “H”.

(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION C

The opponents of Proposition C missed the point! Proposition C has nothing to do with cynicism. It is based on optimism about our Port’s ability to compete in worldwide shipping and continue being a working waterfront.
The modern shipping industry requires more than just water and piers to dock at our Port — it needs modern container terminals and new cranes to accommodate bigger ships.
Since the Port does not receive city tax monies, these expensive improvements need to be paid for out of revenue bonds, backed by profits from the Port’s commercial businesses.
Proposition C is not an attempt to bypass the voters. Like the Airport, Proposition C would allow the Port to take advantage of favorable bond markets by not having to wait for an election. The Board will review the terms and projects for the bond issuance and there would be full public review and participation. The Port issues revenue bonds for maritime projects exclusively.
The technical changes proposed in Proposition C were recommended by the Port’s independent financial advisors and bond counsel to improve the Port’s credit rating and investment opportunities. It is a sound and financially prudent measure aimed at keeping maritime business at our Port. It has nothing to do with any other Proposition.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.
Port Revenue Bond Procedures

PAID ARGUMENT IN FAVOR OF PROPOSITION C

Vote Yes on C! Help make the Port competitive again!

Carole Migden
Candidate, Board of Supervisors

PAID ARGUMENT AGAINST PROPOSITION C

Issuing bonds is taxpayer borrowing, pure and simple! General obligation bond measures, backed by the city’s General Fund, always have required voter approval.

In 1976, San Francisco voters adopted a Charter amendment to require voter approval of revenue bond measures, too. The idea behind revenue bonds is that the improvements will pay their own way. If they don’t, however, city taxpayers could foot the bill.

Our taxes either pay off directly — or are responsible for ultimately — all city debts, including revenue bonds. We have a right to approve those debts ahead of time.

VOTE “NO” ON PROPOSITION C.

Proposition C would delete the voter approval requirement for revenue bonds issued by the Port of San Francisco. That’s a foolish and unwarranted change.

Port officials assert that a 1981 Charter amendment exempted airport revenue bonds from voter approval. But San Francisco International Airport is a far cry from the Port of San Francisco. Our airport is a gold mine of revenue from airline landing fees, parking fees, concession income, and other sources.

The Port, on the other hand, lost the lucrative container shipping business to the Port of Oakland long ago, and has a history of troublesome management, tenant problems, and uncollected bills.

In addition, the 1981 exemption for airport revenue bonds was part of a legal settlement that netted millions of dollars for the city’s General Fund. What will the passage of Proposition C provide to our strapped city treasury? Not one dime.

VOTE “NO” ON PROPOSITION C.

If the Port has a good reason to issue revenue bonds, the voters will approve the debt. Why “fix” a system that isn’t broken?

State Senator Quentin L. Kopp

6.406 Harbor Revenues and Expenditures

The revenues of the harbor and of all properties and facilities incident thereto, or used in connection therewith, shall be deposited in a separate fund in the treasury of the city and county; and a harbor trust fund or trust funds shall be established by the city and county; and the city and county shall deposit in the fund or funds all monies received attributable to facilities on the transferred lands in the harbor.

Subject to the terms and conditions of Statute 1968, ch. 1333, appropriations from such funds shall be made for the following purposes and in the order named, viz:

(a) for the payment of maintenance and operating expenses, pension charges and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require;

(b) for the payment of the principal and interest of any obligations of the State of California and assumed or agreed to be paid by the City and County of San Francisco;

(c) for the payment of principal, interest, reserve funds, sinking funds, and other funds established for the benefit of revenue bonds or other revenue obligations issued pursuant to the authority contained in Section 7.305 of this charter;

(d) for capital improvements to the properties of said harbor or used in connection with the operation thereof;

(e) for the payment of the principal and interest on any general obligation bonds issued by the City and County of San Francisco for the acquisition, construction, repair or extension of said harbor or of any of the facilities used in connection therewith; and

(f) for such other uses and purposes as the Port Commission determines to be in the best interests of the Port which shall include, but shall not be limited to, expenditures for the improvement, maintenance and operation of Port facilities.

(5) an amount which shall be sufficient to meet the cost of reconstruction and replacement made necessary by the physical and functional depreciation of any of the properties or equipment of said harbor as the same shall occur;

(g) to pay for extension and betterments to said harbor or to the equipment and facilities thereof; and

(h) to establish a surplus or sinking fund for the improvement or extension of the harbor or any facility used in connection therewith.

7.300 General Laws Applicable

The general laws of the State of California authorizing the incurring and establishing the procedure for the creation of bonded indebtedness and authorizing and establishing the procedure for the issuance of bonds to refund indebtedness of municipalities in force at the time any bonded indebtedness is created or refunded by the city and county shall, except as otherwise provided in this Charter, be applicable to the creation of bonded indebtedness and the issuance of refunding bonds by the city and county. Revenue bonds shall not be issued for any purpose unless the proposition to issue the revenue bonds has first been approved by a majority of the voters voting on the proposition at a general or special election; provided, however, this requirement shall not apply:

(1) to bonds approved by the board of supervisors prior to January 1, 1977; or

(2) to bonds issued pursuant to the authority contained in the Marks Foran Residential Rehabilitation Act of 1973; or

(3) to bonds approved by a resolution of the board of supervisors adopted by an affirmative vote of three-quarters of the members of the board if the bonds are to finance a building or buildings, fixtures or equipment which are deemed by the board to be necessary to comply with an order of a duly constituted state or federal authority having jurisdiction over the subject matter; or

(4) to port and airport revenue bonds issued pursuant to Sections 7.305 and 7.306, respectively, of this charter; or

(5) to revenue bonds which are issued as refunding bonds the sale of which results in a lower total scheduled principal and interest payments of the City and County of San Francisco.

The board of supervisors by ordinance shall prescribe a procedure for the issuance of refunding bonds.

(6) to loans directly or indirectly from, or bonds guaranteed or subsidized by, the State of California or United States of America for projects which are intended to protect or preserve the environment, where the acceptance of a loan or issuance of bonds would be the most cost-effective method of financing a particular project. For purposes of this subsection (6), the determination of what constitutes the most cost-effective method of financing shall be made by resolution of the board of supervisors as recommended by the chief administrative officer. 7.305 Revenue Bonds of the Port Commission Subject to the approval of the Board of Supervisors The Port Commission shall have the exclusive power to perform or accomplish the issuance of revenue bonds or other types of revenue obligations under such procedures and in accordance with such terms as may be established by resolution of the Port Commission. In the same manner and to the same extent as is provided for by the San Francisco Harbor Revenue Bond Act of 1951, enacted by State Statutes 1951, Chapter 1712, page 4020, of the Statutes of California and codified as Sections 3330 to 3349 of the Harbors and Navigation Code of the State of California, except that the provisions of said Act codified as Section 3338 of the said Harbors and Navigation Code shall not be applicable to these bonds and the bonds shall instead be governed by the following provisions:

The San Francisco Port Commission may fix terms and conditions for the sale or other disposition of any authorized issue of bonds and may provide that the bonds may be sold on the basis of the lowest net interest cost to the San Francisco Port Commission, the coupon rates to be fixed by the successful bidder on the sale of the bonds. The San Francisco Port Commission may authorize the City Treasurer to sell bonds at less than par or face value, but no bond may be sold at a price below 95 percent of the principal amount of the bond and accrued interest thereon. The said San Francisco Port Commission may set the annual rate or rates of interest which the bonds to be issued shall bear; which rate or rates, at the discretion of the said Commission, may be determined by the bidder at the time of sale of said bonds. Such interest may be payable at such periods as may be fixed by the Commission.

All of the other provisions of said Act are by this reference incorporated in and made a part of this charter, except that where the term "Board of State Harbor Commissioners" is used it shall be deemed to mean the "Port Commission," and where the term "San Francisco Harbor" is used it shall be deemed to mean all the property under the jurisdiction of the San Francisco Port Commission, and where the term "San Francisco Harbor Bond Finance Board" or "Bond Finance Board" is used it shall be deemed to mean the Board of Supervisors of the City and County of San Francisco, and where the term "Attorney General of the State of California" is used it shall be deemed to mean "City Attorney," and where the term "State Treasurer" is used it shall be deemed to mean "City Controller." The revenue bonds issued hereunder shall be known as "Revenue Bonds of the Port Commission of San Francisco."
hours, benefits and terms and conditions of employment; and it shall be final and binding on the parties to the dispute, including the City and County of San Francisco, its commissions, departments, officers and employees. No other actions or procedural steps to confirm or approve the decision of the arbitration board shall be permitted or required; provided, however, that the City and County of San Francisco, its designated officers, employees and representatives and the recognized employee organization involved in the dispute shall take whatever action that is necessary to carry out and effectuate the decision of the arbitration board.

(f) The expenses of any arbitration proceeding convened pursuant to these Charter sections, including the fee for the services of the chairperson of the arbitration board, the costs of preparation of the transcript of the proceedings and other costs related to the conduct of the proceedings, as determined by the arbitration board, shall be borne equally by the parties. All other expenses which the parties may incur are to be borne by the party incurring such expenses.

(g) The impasse resolution procedures set forth in Section 8.590-5 shall not apply to:

1. any dispute or controversy concerning the San Francisco Police Department's crowd control policies;
2. any procedures or practices relating to the processing and disposition of complaints handled by the Office of Citizens' Complaints; or matters relating to disciplinary procedures that apply to disciplinary actions involving members of the San Francisco police department and fire department covered by these sections; or matters covered by Charter section 8.343; and
3. any rule, policy, procedure, order or practice which relates to or pertains to the purpose, goals or requirements of a consent decree, or which is necessary to ensure compliance with federal, state or local anti-discrimination laws, ordinances or regulations.

In the event the City acts on a matter it has determined relates to or pertains to a consent decree, or in the event the City acts to ensure compliance with federal, state, or local anti-discrimination laws, ordinances or regulations, and the affected employee organization disputes said determination, that determination or action shall not be subject to arbitration.

8.590-6 Retiree Benefit Adjustments

No agreement reached by the parties and no decision of the arbitration board shall reduce the vested retirement benefits of retirees or employees of the fire department, police department or of the airport police officers. Retirement and death allowances shall continue to be set and adjusted pursuant to Chapter Five of this Article, except that the amount to which said allowances are set and adjusted shall not be less than the amount said allowances would be if the salaries of the uniformed forces in the police and fire departments continued to be set pursuant to Charter Section 8.405. Any agreement or decision of the arbitration board altering vested retirement benefits shall be subject to the written approval of the individual beneficiaries thereof.

8.590-7 Preservation of Tax Benefits

(a) Sections 8.590-1 through 8.590-7, in their entirety, shall be subject to and limited by charter section 8.500 and any ordinances enacted pursuant thereto. Sections 8.590-1 through 8.590-7 shall be effective only to the extent that benefits authorized by or authorized pursuant to those sections do not have an adverse consequence on the tax treatment of benefits provided to any employee of the city and county.

(b) Any agreement reached by the parties or any decision of the arbitration board which authorizes a modification of any aspect of the retirement system or of any aspect of the provision for or delivery of retirement benefits shall not become effective until the following occur:

1. The retirement board, acting in its fiduciary capacity, forwards to the board of supervisors certification that implementation of the modifications presents no risk to the tax-qualified status of the retirement system. Such certification shall be based upon the advice of the general manager, the actuary of the retirement system, and any outside consultants that they may in their discretion retain; and
2. After having received the certification referred to in the previous paragraph and after having made its own independent finding based on clear and convincing evidence that implementation of the modifications presents no risk to the tax-qualified status of the retirement system and will not increase the taxes of city and county employees, the board of supervisors, by a three-quarters vote, enacts an ordinance making the modifications effective.

(c) Costs of any outside consultants retained by the city and county pursuant to this section shall be borne equally by the city and county and by the bargaining units concerned.
PROPOSITION D

Shall the wages, hours, benefits and working conditions for police officers, firefighters and airport police be set by collective bargaining, with disputes decided by final and binding arbitration?

YES 294
NO 295

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The salaries of police officers, firefighters and airport police ("safety officers") are based on a survey of salaries paid by other cities and counties. Retirement benefits and death allowances are set by the Charter. Other terms and conditions of employment are either specified in the Charter or set by the City after negotiations.

THE PROPOSAL: Proposition D is a charter amendment that would require the City and safety officer organizations to negotiate through collective bargaining wages, hours, benefits and working conditions ("terms of employment"). Proposition D would override any conflicting charter provision, ordinance or departmental rule except for certain provisions of the Retirement System.

If the parties cannot reach agreement, the disputed issues would be decided by binding arbitration. The parties would submit a last offer on each disputed issue to a board of three arbitrators. On each issue, the arbitrators would choose either the City's or employees' last offer based on a list of specified factors, including the cost of living, comparable wages and benefits paid in other districts, and consideration of the City's ability to pay. The arbitrators' decision would be final. The City could not change any existing term of employment until agreement is reached or the matter is resolved by arbitration.

Under Proposition D, retirement benefits and death allowances would be based on the higher of (1) salaries determined through collective bargaining or (2) salaries that would have been paid under the current salary survey process. Other aspects of retirement benefits could be changed by negotiation or arbitration, regardless of existing charter provisions.

Any agreement or arbitration decision that changes any aspect of the Retirement System would not go into effect until the City certifies that there would be no negative tax effect on employee benefits. Each affected individual could choose whether to accept the change.

A "YES" VOTE MEANS: If you vote yes, you want to make these changes to the way terms of employment are set for safety officers.

A "NO" VOTE MEANS: If you vote no, you do not want to make these changes.

Controller's Statement on "D"

Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there could be a cost effect, the amount of which, being dependent upon negotiation or arbitration, cannot be determined, but may be substantial.

How Supervisors Voted on "D"

On July 25, 1990, the Board of Supervisors voted 7-4 on the question of placing Proposition D on the ballot.

The Supervisors voted as follows:

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION D

San Francisco police and firefighters put their lives on the line, but have no say in vital decisions about their jobs or well-being. As morale plummets and frustration increases, San Francisco is losing experienced and trained police officers.

With fewer experienced and motivated personnel on the front lines, PUBLIC SAFETY SUFFERS while San Francisco crime rises — with 837 more robberies so far this year, a 35.5% increase.

No other city in the nation treats its police and firefighters like the City and County of San Francisco. The City doesn’t provide dental care, or pay for family medical insurance; benefits are non-negotiable. Despite cost of living differences, San Francisco’s salaries are based on what Los Angeles, Long Beach, San Jose and San Diego pay safety employees.

Proposition D reforms this archaic system, putting San Francisco in step with all other major Bay Area cities by authorizing negotiating of employment issues. Proposition D will:

- Allow negotiation of benefits such as dental insurance at no cost to the City — in return for reduced pay increases over time.
- The current system prohibits reasonable solutions, even when both the City and employees agree.
- Be fair to the City, because it requires evaluation of San Francisco’s financial condition and ability to pay before setting annual wages and benefits.

(Note: The old system prohibits consideration of San Francisco’s financial condition in setting salaries.)

Your Board of Supervisors approves a City budget annually. Proposition D eliminates automatic increases based on Los Angeles salary raises, giving San Francisco flexibility to help meet critical needs and emergencies in bad years.

Vote YES ON PROPOSITION D to provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration. Vote YES for your police and firefighters, and for better public safety!

Supervisors voting for this argument may not agree with the measure, but agree the argument is accurate.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION D

Whenever we have to make tough choices that the police or fire unions don’t like, they say it’s political.

In our professional judgment, Proposition D will be a disservice to the Police and Fire Departments and a disservice to the taxpayers.

San Francisco cannot afford to have amateurs make public safety decisions.

Our retirees cannot afford to have their benefits taxed. Proposition D could do that.

San Francisco cannot afford to have arbitration awards take money from police and fire equipment to pay for costly new benefits.

Our police and fire personnel work hard for our city and do a good job. They deserve good pay and benefits. But Proposition D goes too far.

Please join us in voting NO on Proposition D.

Police Chief Frank Jordan
Fire Chief Frederick F. Postel
OPPONENT'S ARGUMENT AGAINST PROPOSITION D

Do not be deceived by Proposition D. Proposition D jeopardizes the city's Retirement System, increases costs, and takes management authority away from the Police and Fire Chiefs. San Francisco voters rejected Proposition D in 1979. Reject it again.

Retirement System Jeopardized
The City Attorney has ruled that Proposition D threatens the City's retirement system — possibly costing San Francisco taxpayers and retired workers hundreds of millions of dollars!

A Blank Check
There is no limit on how high salaries or benefits could soar. With State and Federal budget deficits ahead, we need to find ways to reduce the cost of government.

Unlimited Binding Arbitration is a Dumb Idea
At first, submitting disputes to an arbitrator sounds fair. But a closer look reveals major problems.

1. An arbitrator is not accountable — to the Police and Fire Chiefs, or the voters. The arbitrator makes the decisions, but San Franciscans have to live with the consequences.
2. An arbitrator is not qualified to make public safety decisions.

The police and fire Chiefs should decide how to balance the need for personnel, equipment, and benefits. Those are public safety decisions to be made by Chiefs — not amateurs.

3. The voters — not an arbitrator — should make final decisions. Once granted, some employee benefits can never be taken away — even by the voters.

The Chiefs Should Run the Police and Fire Departments
Last year, the Fire Chief wanted to hire more firefighters and purchase new fire trucks. The Fire Union wanted more overtime. San Francisco voters backed the Fire chief. This year, the Police Chief ordered more police officers to work uniformed street patrol. The Police Union criticized that.

Under Proposition D, the Chiefs' decisions could be overruled. Don't Be Deceived — Vote No on Proposition D.

Fred Postel
Fire Chief
Frank Jordan
Police Chief

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION D

Q. Why do the chiefs oppose this?
A. Because as political appointees, they must respond to political pressure, not just public safety needs.

But San Francisco's former police chiefs and fire chiefs support Proposition D because it improves public safety.

Police and firefighters presently can't negotiate. Under the current "take it or leave it" system San Francisco:
• lost 33% more officers this year than the usual average;
• is 164 officers short of previously-authorized staffing;
• has seen CRIME INCREASE 24% this year with fewer experienced and motivated police.

Don't be misled:
1. "TAX IMPACTS" IS A PHONY ISSUE. No retirement system change is allowed unless the City certifies it "presents no risk to the tax-qualified status of the retirement system." (Section 8.590-7)

2. COLLECTIVE BARGAINING WORKS. Although virtually every large city utilizes this process, arbitration has been used to resolve disputes only 5 times since 1985.

3. MANAGEMENT CONTROL PRESERVED. The current system jeopardizes the ability of chiefs to manage their forces, as high turnover reduces productivity and wastes training. Proposition D reduces turnover and allows those who risk their lives to discuss safety decisions. But the chiefs retain exclusive control over important management decisions — including crowd-control and discipline. (Section 8.590-5)

4. PROPOSITION D CONTROLS SPENDING. Currently, San Francisco had no control over salaries. Under Proposition D, numerous standards must be met before San Francisco can increase wages, including consideration of the City's financial condition. (Section 8.590-5)

VOTE YES on D for fairness and improved public safety.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.

Noes: Supervisor Kennedy.

Absent: Supervisors Alioto, Britt and Hongisto.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Collective bargaining and binding arbitration are basic labor issues.

We support Proposition D because it represents a return to a fair and equitable form of labor relations. This measure will accomplish what the years of discussions, study groups and commissions has failed to do — return San Francisco to a flexible system of contract negotiations for Police and Fire personnel.

As miscellaneous employees, we share a major problem with the police and fire employees. We don’t have basic health benefits such as a dental plan or dependent health care. The current system, according to the Mayor’s Task Force on Family Policy, lacks the flexibility needed to respond to San Francisco’s families.

It is time to modernize San Francisco government. Vote YES on D!

Shirley Black, President
United Public Employees Local 790, SEIU
Paul Varacalli, Executive Director
United Public Employees Local 790, SEIU

Collective bargaining, with disputes being clearly and reasonably resolved through binding arbitration, will improve the morale of our safety personnel.

Vote YES on D.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

FORMER CHIEFS SAY:
BOOST POLICE AND FIRE FIGHTING PRODUCTIVITY
— VOTE FOR PROPOSITION D!

THE PROBLEM: Declining morale threatens to cripple our police and fire department productivity. Recruitment and retention of quality people to cope with fires, emergencies and soaring crime is getting tougher.

San Francisco denies police and firefighters basic collective bargaining and arbitration rights held by their counterparts in all other major Bay Area cities — and most of America’s largest cities.

The City’s present system prohibits incentives for bilingual abilities or education above high school — despite the challenges of serving San Francisco’s diverse cultures.

The issue goes beyond fairness. The current Charter seriously jeopardizes the ability of police and fire chiefs to manage their forces. We’re losing experienced police officers to other cities at the highest rate in our history, 33% higher than average. The high turnover contributes to the crime rate, squanders our training investment, and costs us seasoned officers.

San Franciscans are justly proud when our firefighters and police spring into action during a crisis — like the latest earthquake. But when the smoke clears, we cannot turn away from the men and women who perform so heroically.

THE SOLUTION: Proposition D helps solve this problem. Proposition D would:
• Allow police and firefighters a voice in decisions about their safety and well-being.
• Provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration.

Negotiation and arbitration have proven their effectiveness in cities across the nation. So why are we continuing to operate the police and fire departments of the country’s most progressive city like a medieval village? VOTE YES ON PROPOSITION D!

Jo Daly, Police Commissioner (1980-1986)
Thomas Cahill, Former Police Chief, San Francisco Police Department
Donald Scott, Former Police Chief
Al Nelder, Former Police Chief
Keith Caden, Former Chief of SFFD

Vote Yes on D! Support fairness for our police and firefighters.

Carole Migden
Candidate, Board of Supervisors

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Public safety depends on treating our public safety employees fairly.

BART and other public agencies keep good employees in their service by engaging in fair and open collective bargaining, along the lines of Proposition D.

San Francisco should emulate the successful record of its fellow public agencies by adopting such practices.

We are former city officials with many years of budgetary experience with the City and County of San Francisco. In the public interest, we offer this nonpartisan analysis of Proposition D.

PROPOSITION “D” PROTECTS THE CITY’S BUDGET: Let us leave aside the arguments of fairness to people who risk their lives for our safety, and focus on the cold hard financial concerns of officials who have to balance the City’s budget while adequately compensating firefighters and police officers.

We’re sitting on a time bomb. The current San Francisco charter requires automatic wage increases based on pay rates in four California cities including Los Angeles, Long Beach and San Diego.

Let’s use common sense. What happens if the Bay Area goes into a recession while Southern California’s economy booms? Our city budget could go out of control — under present law.

Proposition D eliminates that fiscal danger by 1) abolishing automatic pay hikes and 2) ensuring that the City’s ability to pay is taken into account in decisions on benefit and wages.

As a former San Francisco Police Commissioner, I find it frightening to examine recent statistics on violent crimes in San Francisco. Through August 11, 1990, San Francisco has had:

- 1,234 more robberies this year than during the same period last year (a 48% increase);
- 16 more homicides (up 31%);
- 31 more rapes (up 13%), and
- 154 more aggravated assaults (up 6%).

While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.

Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:

- lack of dental care;
- no family medical insurance;
- poor working conditions;
- lack of educational incentives.

Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”

Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in 15 of the nation’s 20 largest cities. It’s a proven and effective system that brings labor peace and improves police morale.

San Francisco police lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.

A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Jo Daly
Police Commissioner (1980-1986)
PAID ARGUMENTS IN FAVOR OF PROPOSITION D

WE SUPPORT PROPOSITION D
San Francisco has pressing budget priorities — providing AIDS/ARC services, assistance for the homeless, and affordable housing. Yet San Francisco is currently locked into a wage formula based solely on pay levels set by Los Angeles and other California cities.

PROPOSITION D IS A STEP IN THE RIGHT DIRECTION.
Proposition D abolishes the mandatory pay formula for police and firefighters and provides San Francisco the budgetary flexibility necessary to deal with emergency needs.

Proposition D ensures the City’s ability to pay is considered before setting salaries and benefits. At the same time, it is fair to public safety employees because it allows for negotiations in determining compensation.

San Francisco has critical requirements that we cannot ignore. We need the budgetary flexibility that Proposition D will allow. Join us in voting YES on Proposition D.

Ernest “Chuck” Ayala, San Francisco Community College Board
Carole Migden, Chair, San Francisco, Democratic Party
Mitchell Omerberg, Director of Affordable Housing Alliance

As Mayor of San Francisco for over nine years, public safety and law enforcement were among my top priorities.

Consequently, I was alarmed to examine the most recent report on violent crimes in San Francisco. For this year alone through August 11, 1990, San Francisco has suffered:

- 1,234 more robberies than during the same period of last year (a 48% increase);
- 16 more homicides (up 31%);
- 31 more rapes (up 13%), and
- 154 more aggravated assaults (up 6%)

While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.

Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:

- lack of dental care;
- no family medical insurance;

- poor working conditions;
- lack of educational incentives.

Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”

Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in most of the nation’s largest cities. It’s also a system that has proven its effectiveness in other Bay cities over the last ten years, bringing labor peace and improving police morale.

San Francisco police and firefighters lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.

A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Dianne Feinstein
Former Mayor of San Francisco

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

FISCAL ANALYSIS OF PROPOSITION D
by John C. Farrell
Controller, City and County of San Francisco, 1974-1989
I believe there are compelling fiscal reasons for reforming the City’s existing method of compensating police and firefighters by passing PROPOSITION D.

PRESENT LAW:
- Prohibits consideration of the City’s ability to pay for any proposed wage and benefits increases.
- Denies policy makers flexibility needed to tailor benefits to emergencies and changes affecting the City’s budget.
- Locks the City into a wage formula based on Los Angeles and San Diego pay levels for police and firefighters.
- Fails to take cost-of-living differences among various cities into consideration in calculating automatic pay increases.

PROPOSITION D WOULD:
- Mandate consideration of the City’s ability to fund — without additional burden to taxpayers — wage or benefit hikes. Disputes would be resolved by independent, professional arbitrators.
- Establish a method for fairly adjusting levels of compensation needed to retain competent people — without busting the budget. Until we can find means of providing family medical care for police and firefighters, we will continue to lose experienced officers.
- Give San Francisco’s elected officials the ability to negotiate sensible changes in compensation packages. For example, pay increases reductions could be negotiated in return for family medical care — at no extra cost to the city.
- Free San Francisco budgets from outside control: As ridiculous as it sounds, officials in Los Angeles now have more control over this part of the city’s budget than our own representatives.
- Bring San Francisco a fiscally responsible system that is enjoyed by every other major Bay Area city and most American cities.

Stewards of the City’s budget need a more rational method of matching San Francisco’s needs with treasury resources.
Let’s restore some sanity to the process. VOTE FOR PROPOSITION D.

John C. Farrell
Controller, City and County of San Francisco, Retired

YES ON PROPOSITION D

Proposition D is fair both to the City and to the public safety employees. It would abolish the current pay system for police, fire and airport safety personnel, which is based exclusively on what other cities pay their safety employees. This process would be replaced by collective bargaining with a provision for binding arbitration in the event of an impasse. Proposition D would also prohibit strikes.

Collective bargaining has always been a sound principle of employee/employer relationships. Proposition D would allow the City and its safety personnel to sit down together and agree on wages, benefits and working conditions, taking into account the uniqueness of San Francisco. The provision for arbitration in the event of an impasse and the prohibition on strikes will guarantee fair and equitable treatment of our taxpayers and safety personnel and at the same time would eliminate the danger of any work stoppages.

That’s why I strongly support Proposition D which is a concept I have supported consistently for more than 25 years.

John Burton, Member of the Assembly

PROTECT CIVIL RIGHTS: VOTE "YES ON PROPOSITION D"

We have examined Proposition D and find it strengthens protection of vital civil rights as well as the rights of working people. Under the sponsorship of the Board of Supervisors, these protections were included in the charter amendment:
- Affirmative Action. Employment rights of women and minorities, and policies designed to ensure compliance with local, state and federal anti-discrimination laws and regulations are protected by Proposition D.
- Petitioning Rights. Crowd control policies designed to ensure that local law enforcement does not interfere with the rights of peaceful demonstrators are protected.
- Complaints Procedures. Proposition D would not interfere with complaints processed by the Office of Citizens’ Complaints or with disciplinary actions involving police of firefighters.

Proposition D protects the fundamental human right of police and firefighters to unionize — without endangering public safety or encroaching on the rights of others. PROPOSITION D MERITS YOUR SUPPORT.

Croce Casciato, Latino Police Officers Association

Police and Fire Bargaining and Arbitration

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

The San Francisco Labor Council and its member unions strongly support a “YES” vote on Proposition D.

Labor has long supported collective bargaining and binding arbitration for police and firefighters.

Arbitration is the preferred method of resolving disputes for emergency personnel, even if this sometimes means treating police and firefighters differently than other municipal employees. The difference is that they do not have access to the right to strike accorded other employees.

Twenty-six (26) states have similar legislation, as do several Bay Area cities. A vote for Proposition D will include San Francisco in this growing list of progressive cities.

WE ALSO WANT TO REFUTE A PHONY ISSUE RAISED BY OPPONENTS. The unions representing City Employees have as great an interest in preserving the tax-exempt status of the retirement system as anyone. We have concluded that Proposition D poses no threat to the retirement system.

WE URGE YOU TO READ THE FOLLOWING PROTECTIONS INCLUDED IN Proposition D:

- The Board of Supervisors can take actions necessary to preserve the tax-exempt status of the retirement system.
- The initiative is effective only to the extent that it does “not have an adverse consequence on the tax treatment of the City and County.”
- The Retirement Board must certify that implementation “presents no risk to the tax-qualified status of the retirement system.”
- The Board of Supervisors must independently determine by a three-quarters vote that there is “no risk.”

Every city in the nation would be endangered before San Francisco incurred any risk.

Walter Johnson, Secretary-Treasurer, San Francisco Labor Council
Leroy King, ILWU
Larry Martin, Transport Workers Union
Stanley Smith, Secretary-Treasurer Building Trades
Sherri Chiesa, Hotel / Restaurant Employees Union
Paul Varacalli, Executive Director, United Public Employees, Local 790
Robert Morales, Secretary/Treasurer, Teamsters Local 350

VOTE YES ON PROPOSITION D

As Democrats, we believe it is only fair that San Francisco’s working people have a voice in decisions affecting their jobs.

PROPOSITION D IS FAIR TO BOTH THE CITY AND PUBLIC SAFETY EMPLOYEES. Proposition D abolishes the current system that sets San Francisco salaries based exclusively on what Los Angeles, San Diego, San Jose and Long Beach pay — while ignoring the City’s needs and budget.

Proposition D protects our budget in difficult years. Proposition D requires consideration of the City’s ability to pay before setting wages and benefits — providing important protection for crucial city services for AIDS victims, the homeless and youth.

THE CITY’S CURRENT SYSTEM IS UNFAIR. In addition to poor working conditions, San Francisco police and firefighters receive:

- no dental benefits;
- no family medical care;
- no bilingual incentives;
- no educational assistance.

Unlike most cities, our public safety employees are prohibited from negotiating over benefits and working conditions — they can either take it or leave it.

Increasingly, police are leaving: San Francisco is losing 33% more officers to other cities than ever before. The lack of motivated and experienced officers contributes to rising crime in our neighborhoods — up 24% over the first seven months of 1990 — including 1,234 more robberies alone.

We strongly support Proposition D because it is based on fairness in the best traditions of the Democratic party.

Willie L. Brown, Jr. Speaker, California Assembly
Robert Achtenberg, Civil Rights Attorney
Bob Geary, Member San Francisco Democratic Central Committee
Arlo Hale Smith, BART Director
Alexa Smith, Member San Francisco, Democratic Central Committee
Adrian Bermudez Jr., San Francisco Human Rights Commission

PAID ARGUMENTS AGAINST PROPOSITION D

Proposition D confuses two very different issues: Collective Bargaining and Interest Arbitration.

Our police and firefighters deserve a fair and impartial way to determine their working conditions — Collective Bargaining. However, Interest Arbitration will put final decision-making power in non-elected arbitrators — free to reach decisions without any ACCOUNTABILITY to us taxpayers.

We will be without any recourse against over-budget arbitration awards causing ADDITIONAL TAX INCREASES or CUTS IN OUR SERVICES.

Don’t let unchecked Interest Arbitration throw our City into yet another deficit — vote NO on PROP. D.

John J. Figone
Candidate for Supervisor
Member, San Francisco County Democratic Central Committee
19th Assembly District

Proposition D is an irresponsible proposal that will reduce public protection for citizens of San Francisco. It will allow someone from outside San Francisco with no knowledge of our city or city finances to decide how we will spend tens of millions of dollars with no voice from our voters.

As a former sheriff and police chief, I know this proposal will result in fewer dollars going for the efforts that prevent crime. We will have fewer police and cuts from every other city department and service to city residents. The existing formula approved by voters in the mid-1970s has worked well and resulted in labor peace and saved taxpayers millions of dollars.

Protect public safety. Vote NO on Proposition D.

Supervisor Richard D. Hongisto

Our police and firefighters do a difficult job well. They deserve good pay and good benefits.

That is why I have always supported collective bargaining. And since police and firefighters do not have a right to strike, a fair way has to be found to settle disputes with management.

To come up with a system of collective bargaining which works for San Francisco, a Collective Bargaining Task Force has been established which will have a report ready this Fall.

Unfortunately, Proposition D goes too far.

Proposition D has no limits — on salaries, benefits, or other costs. We cannot afford it.

At a time when services are being reduced and deficits are looming at the State and Federal levels, we cannot afford the risk of allowing an arbitrator to spend tens of millions of your tax dollars.

Remember — for every 1% more an arbitrator gives away, you pay more than 2 million dollars.

Proposition D puts our retirement system at risk.

Proposition D overturns longstanding police and fire policies, city laws, and Civil Service rules. Laws protecting against INS harassment and policies prohibiting the use of rubber gloves at AIDS demonstrations or limitations on intelligence gathering are in peril.

Proposition D sets up an expensive new bureaucracy. A recent arbitration in Redwood City took more than a year, left 84 issues in limbo, and required 3,000 pages of testimony.

Proposition D jeopardizes civilian oversight.

Proposition D takes away fiscal accountability.

Proposition D is the wrong idea at the wrong time. Let’s do collective bargaining right.

Vote No on Proposition D.

Mayor Art Agnos

PART NINE: IMPARTIAL ARBITRATION OF WAGE AND BENEFIT DISPUTES FOR THE FIRE DEPARTMENT, POLICE DEPARTMENT AND AIRPORT POLICE OFFICERS

8.590-1 Declaration of Policy

It is hereby declared to be the policy of the City and County of San Francisco that strikes by firefighters, police officers and airport police officers are not legally permissible, and that a method should be adopted for peacefully and equitably resolving disputes. It is the further purpose and policy of the City and County of San Francisco that in the event the procedures herein adopted are invoked by the City and County of San Francisco or by a recognized employee organization representing firefighters, police officers or airport police officers, that they shall supersede and displace all other formulas, procedures and provisions relating to wages, hours, benefits and other terms and conditions of employment found in this Charter, in the ordinances and resolutions of the City and County of San Francisco, or in the rules, regulations or actions of boards or commissions of the City and County of San Francisco.

8.590-2 Employees Covered

These sections 8.590-1 through 8.590-7, inclusive, shall apply to the several ranks of the fire department and police department as provided for in Sections 3.542 and 3.531 of this Charter, respectively, and to all of the classifications of airport police officers, jointly referred to in these sections as “firefighters”, “police officers” and “airport police officers”.

8.590-3 Prohibition Against Strikes

If any firefighter, police officer or airport police officer employed by the City and County of San Francisco engages in a strike as defined by Section 8.346(a) of this charter against the City and County of San Francisco, said employee shall be dismissed from his or her employment pursuant to Charter Sections 8.345 and 8.346.

8.590-4 Obligation to Negotiate in Good Faith

Notwithstanding any other provisions of this Charter, or of the ordinances, rules or regulations of the City and County of San Francisco and its departments, boards and commissions, the City and County of San Francisco, through its duly authorized representatives, and recognized employee organizations representing classifications of firefighters, police officers and airport police officers shall have the mutual obligation to negotiate in good faith on all matters within the scope of representation as defined by Government Code Sections 3500, et seq., relating to the wages, hours, benefits and terms and conditions of City and County employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of any negotiated agreement. Unless and until agreement is reached through negotiations between authorized representatives of the City and County of San Francisco and the recognized employee organization for the classifications of fire department, police department and airport police employees, or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for said fire department, police department or airport police employees shall be altered, eliminated or changed. Agreements reached by the duly authorized representatives for the City and County of San Francisco, its departments, boards and commissions and the recognized employee organizations pursuant to this Section shall be binding on the City and County of San Francisco, and on its departments, boards, commissions, officers and employees once adopted by the board of supervisors shall supersede any and all other conflicting procedures, provisions and formulas contained in this Charter relating to wages, hours, benefits or terms and conditions of employment.

8.590-5 Impasse Resolution Procedures

(a) Subject to section 8.590-5(g), disputes or controversies pertaining to wages, hours, benefits or terms and conditions of employment which remain unresolved after good faith negotiations between the City and County of San Francisco, its departments, boards and commissions and a recognized employee organization representing firefighters, police officers or airport police officers shall be submitted to a three-member board of arbitrators upon the declaration of an impasse either by the authorized representative of the City and County of San Francisco or by the recognized employee organization involved in the dispute.

(b) Representatives designated by the City and County of San Francisco and representatives of the recognized employee organization involved in the dispute shall each select and appoint one arbitrator to the board of arbitrators within three (3) days after either party has notified the other, in writing, that it desires to proceed to arbitration. The third member of the arbitration board shall be selected by agreement between the City and County of San Francisco and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and County of San Francisco and the recognized employee organization involved in the dispute cannot agree upon the selection of the neutral arbitrator within ten (10) days from the date that either party has notified the other that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the City and County and the employee organization cannot agree within three (3) days after receipt of such list on one of seven (7) persons to act as the neutral arbitrator, they shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and chairperson of the arbitration board.

(c) Any arbitration proceeding convened pursuant to this article shall be conducted in conformance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The arbitration board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The arbitration board, in the exercise of its discretion, may meet privately with the parties, mediate or mediate-arb the issues in dispute. The arbitration board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

(d) In the event that an agreement is reached prior to the conclusion of the arbitration hearings, the arbitration board shall direct each of the parties to submit, within such time limit as the arbitration board may establish, a last offer of settlement on each of the remaining issues in dispute. The arbitration board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of public and private employment, including, but not limited to: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employment of employees performing similar services; the wages, hours, benefits and terms and conditions of employment of other employees in the City and County of San Francisco; and the formulas provided for in this Charter for the establishment and maintenance of wages, hours, benefits and terms and conditions of employment. The impartial arbitration board shall also consider the financial condition of the City and County of San Francisco and its ability to meet the costs of the decision of the arbitration board.

(e) After reaching a decision, the arbitration board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the arbitration board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the arbitration board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of the arbitration board, as it may be modified or amended by the parties, shall be publicly disclosed. Except as limited by Section 8.590-7, the arbitration decision, as it may be modified or amended by the parties, shall supersede any and all other relevant formulas, procedures and provisions of this Charter relating to wages.

(Continued on page 76)
Nuclear Free Zone

PROPOSITION E

Shall the Charter be amended to (1) prohibit the City, with certain limited exceptions, from doing business with or having investments in any company (or affiliate) engaged in any work on nuclear weapons systems or components; (2) prohibit nuclear weapons work in the City; (3) subject the transport of high-level radioactive materials to certain regulations; and (4) create a nine-member elected commission with specified powers to oversee this measure’s requirements?

YES 297
NO 298

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: In 1987, the voters approved Proposition U, a declaration of policy making San Francisco a nuclear free zone. The Charter currently contains no provision regarding the nuclear industry or nuclear materials.

THE PROPOSAL: Proposition E is a charter amendment that would prohibit the City’s doing business with any company or affiliate directly or indirectly engaged in any work on nuclear weapons systems ("nuclear weapons makers") unless there is no reasonable alternative. Proposition E generally would prohibit the City’s having investments in "nuclear weapons makers," and would restrict the ability of the City to invest in U.S. Treasury bills, notes and bonds. The City generally would be required to give preference to financial institutions that do not loan money or provide other financial services to "nuclear weapons makers".

Proposition E would prohibit new nuclear weapons work in the City, phase out existing nuclear weapons work and prohibit the use of high-level radioactive materials. All those doing business with the City would be required to file detailed declarations so that the City could determine whether they are involved directly or indirectly in nuclear weapons work. The use of radioactive material for medical and other specified purposes would be allowed.

Those transporting high-level radioactive material through San Francisco would be required to notify the City, file transport plans and post warning signs on the vehicles and routes. It would be unlawful to transport certain high-level radioactive materials through the Port or Airport. Food retailers would be required to label irradiated food if the City decides that such food is a public health hazard.

Proposition E would require the City to take certain other actions, including (1) developing a plan for converting "nuclear weapons work" to "peaceful, productive purposes"; (2) monitoring the use and transport of hazardous radioactive materials; (3) refraining from planning for the effects of nuclear war; and (4) developing a peace education program for San Francisco schools and the public. It would establish a City policy to minimize City purchases of electricity generated by nuclear reactors.

Proposition E would create a nine-member elected commission. The commission would oversee the Proposition’s requirements and have the power to place related measures on the ballot, accept and spend grant monies, hire staff, and oversee certain aspects of City purchasing.

Violation of the Proposition would be a misdemeanor.

A "YES" VOTE MEANS: If you vote yes, you want to adopt this charter amendment.
A "NO" VOTE MEANS: If you vote no, you do not want to adopt this charter amendment.

Controller’s Statement on “E”

Should the proposed charter amendment be approved, in my opinion, it could increase the cost of government by an indeterminate and possibly substantial amount.

Implementation of this measure would require changes to City investment policies, procurement procedures and licensing and inspection practices, all of which may have cost impacts.

The proposed amendment would increase the Treasurer’s administrative costs by approximately $100,000 per year and limit the type and range of investments potentially available to the City. This restriction could reduce liquidity, increase risk factors and impact upon total investment yield. The amendment’s effect on investment yield cannot be precisely determined. However, by way of example, based on the present City investment portfolio maintained by the Treasurer, a 1/2% shift in investment yield would affect revenues by approximately $6.5 million per year.

Revised purchasing procedures may range in cost from $300,000 to $450,000 per year. Additionally the measure would require City departments to perform additional inspection and regulation duties, the cost effect of which are indeterminate.

How “E” Got on the Ballot

On August 4, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition E to be placed on the ballot had qualified for the ballot.

39,978 valid signatures were required to place an initiative charter amendment on the ballot. (This number is equal to 10% of the registered voters at the time the notice of intent to circulate the petition was filed.)

A random check of the signatures submitted on July 25, 1990 by the proponents of the initiative petition showed that 48,650 of the signatures were valid, 8,672 more than the required number of signatures.

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
Nuclear Free Zone

PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION E

“... ‘radwaste’ could be to the 1990s what global warming was to the 1980s, as the world’s nuclear-armed, nuclear-powered nations realize they’ve generated a Frankenstein legacy that may be impossible to escape.”

— San Francisco Examiner (August 19, 1990)

The threats posed by nuclear weapons and waste loom larger with every passing day. Realizing this, in 1987 55% of San Francisco voters approved Proposition U, a policy initiative which declared our City a Nuclear Free Zone.

Proposition U was more than just a symbolic statement — it directed the Board of Supervisors to hold public hearings and pass ordinances to deal with specific nuclear dangers faced by San Francisco.

But while the Supervisors ignore the will of the voters by failing to even schedule a public hearing, the problems addressed by Proposition U get worse:

- Evidence continues to mount that we are slowly being poisoned by releases of radiation into the environment. Even though the International Commission on Radiological Protection recently admitted that current standards for “safe” exposure to radiation are three to four times too high, the U.S. Nuclear Regulatory Commission keeps pushing for large quantities of radioactive waste to be dumped like ordinary garbage.
- Despite the end of the Cold War, the Bush administration continues to squander billions on first-strike nuclear weapons. While the lack of a few million dollars forces San Francisco to cut health care, MUNI and other essential services, Bush insists that taxpayers foot the bill for the useless B-2 “Stealth” bomber, each of which costs $800,000,000.

San Francisco can and must act to address these problems. JOIN US IN VOTING YES ON PROPOSITION E!

Henry S. Dakin
President, Washington Research Institute

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION E

The proponents of Proposition E would have us believe that anyone concerned about nuclear safety should vote for this absurd measure.

As their own argument notes, the nuclear issue is a national and even international one. In 1987 Proposition U put San Francisco on record against the nuclear arms race. The City can have little influence beyond making that statement.

Proposition E will harm the City by:

- Inviting costly lawsuits that the City will be forced to defend.
- Electing a whole new layer of government bureaucracy.
- Jeopardizing radiation therapy for cancer patients within the City.
- Disrupting the City’s ability to buy the best products at the most reasonable price.
- Forcing the City to neglect badly needed services and programs by requiring that already limited city funds be used to comply with this measure.

- Interfering with the operations of the Port and the Airport which could cost hundreds of jobs.
- Hurting small businesses more than larger ones by creating a new volume of paperwork for any company that wants to do business with the City.

If this measure sounds silly and wasteful, you’re right. As opponents of Proposition E, we want nuclear safety but we don’t want a measure that causes these unnecessary problems. Vote NO on Proposition E.

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION E

Proposition E is not about nuclear arms or nuclear safety. Proposition E is about increasing politics and government bureaucracy. We do not need to increase the government costs at a time when we’re being forced to cut back vital city services.

Proposition E would create a new body of elected officials to interfere with City purchasing and investing, fees and permits at the Port, curriculum in the schools, the Police Department’s ability to guarantee public safety, and the Board of Supervisor’s control over the budget. This will cost millions of dollars!

Who pays? San Franciscans depending upon the City for services: MUNI riders, senior citizens, children, patients at San Francisco General Hospital, small businesses, people who want the Embarcadero Freeway replaced and reopened, taxpayers — all of us. Proposition E punishes San Franciscans, NOT nuclear weapons makers!

The creation of an expensive elected commission, with a staff to jeopardize the operation of City government is simply not a good idea. While these commissioners will rule on operations at the port, health care, food labeling, transportation, education, purchasing, and investing, there is no requirement that they have qualifications or experience in any of these areas.

When Oakland passed a similar measure, a judge ruled it was unconstitutional. In the meantime, the city’s legal fees ran up to hundreds of thousands of dollars defending the measure. We cannot afford for that to occur here.

There are much more sensible ways for the City to express its concerns about nuclear weapons. Vote NO on Proposition E!

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION E

Proposition E speaks for itself. Please read it. After you have, we think you’ll agree the opposing arguments have no merit.

Frankly, the argument against Proposition E contains so many falsehoods and half-truths that it is impossible to refute them in this limited space. To list just one, how is it possible that Proposition E could have any effect on the replacement of the Embarcadero Freeway?

Who opposes Proposition E? The same corporations that pushed to fund the arms build-up of the 1980s by cutting funding for social services, education, health care, infrastructure replacement and all types of aid to local governments.

Now, these same corporations plan to spend over $500,000 in an effort to defeat Proposition E. Why? Not because they care about San Francisco, but because they know that Proposition E will work to derail their gravy train.

Ask yourself — what have Lockheed, Northrop and General Electric ever done for San Francisco? And while San Francisco struggles to find money for health care, these corporations are working in Washington to maintain funding for dangerous boondoggles like the Trident missile, the B-2 “Stealth” bomber and “Star Wars.”

The money to fund these weapons doesn’t come out of thin air — it comes out of our pockets. This year’s federal arms budget cost every man, woman and child in San Francisco $1200, including $260 for nuclear weapons systems alone.

For more information about Proposition E, or to help the campaign, please call us at 397-1458.

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

 Radiation released by nuclear technologies has had a fearsome effect on the environment and human health.
 Local government must act to regulate the nuclear industry because other levels of government have shown an unwillingness to do so effectively.
 San Francisco will have a safer, cleaner environment if this measure is adopted.

 Vote YES on E.

 Joel Ventresca
 Past President,
 Coalition for San Francisco Neighborhoods
 Candidate for Supervisor

 In 1987, we actively supported Proposition U — the Nuclear Free Zone Initiative — which passed by an overwhelming margin! City officials did nothing to implement Proposition U.
 With glasnost, and disintegration of the Eastern Bloc, there is no valid reason why our nuclear arsenal should be increased.
 More pressing needs exist for scarce public funds — such as AIDS research, affordable housing, and transit improvements.

 Vote “YES” on “E”.

 Arlo Hale Smith
 BART Director/Candidate For Supervisor
 Alex Smith
 Democratic Committee member/BART Board Candidate

 President Eisenhower said, “People want peace so much that one of these days governments had better get out of the way and let them have it.” That day has come in Eastern Europe. Yet here in this country, nuclear weapons production continues to ESCALATE. It’s hard to believe, isn’t it?
 Because of the unholy alliance between Congress (millions in campaign contributions) and the nuclear weapons makers (billions in contracts), we, the people, are forced to accept catastrophic peril, environmental degradation, social sacrifice, and economic decline.

 Gandhi said, “Noncooperation with evil is a duty.” We believe this. He also said, “Live the change you want for the world.” We believe San Francisco wants to live that change by adopting a new ethic for our city government. If you agree, vote YES on Proposition E.

 Jack Morrison (Former San Francisco Supervisor)
 Regina Endrizzi (Regional Manager, Buffalo Exchange Stores)

 Nuclear Free Zone or National Sacrifice Zone?

 From Hanford, Washington to Rocky Flats, Colorado to Fernald, Ohio to Savannah River, South Carolina to Lawrence Livermore Lab, California to the Farallon Islands — right in our backyard — nuclear weapons development and production have produced hundreds of billions of gallons of radioactive wastes, affecting people’s health and safety throughout the U.S.

 Hazardous radioactive materials regularly travel our streets, highways and skies. Yet, despite the lengthy record of serious accidents and official government neglect, these dangerous materials move without public notice, without adequate safety precautions, and without the knowledge of local officials.

 Vote YES on Proposition E to change this unjustifiable and unacceptable situation.

 Mark Linenthal (Professor, San Francisco State University)
 Ross Mirkarimi (Green Party of California)

 Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Nuclear weapons cost jobs.
Aside from threatening our health, our environment, and our future, money spent on such weapons produces far less employment than the same amount invested in community needs.
Now would be the perfect time to cash in on our “peace dividend.” But instead, the nuclear weapons industry continues to selfishly protect its profits.
It’s no coincidence that many of the largest nuclear weapons contractors have compiled some of the worst labor records in the country. At the same time, they actively lobby Congress to further restrict the rights of labor, including basic workplace safety and the right to organize.
Proposition E mandates a peace conversion plan to replace the jobs that will be eliminated by pending military spending cuts and base closures, and encourages the further demilitarization of our economy.
For jobs, peace, the environment, and a healthier future, vote YES ON E!

John Moran (West Bay Coordinator/Organizer, International Association of Machinists and Aerospace Workers)

The nuclear arms race is bad for small business in San Francisco. During the 1980’s, federal programs in support of small business were slashed while spending for nuclear weapons systems such as “Star Wars” and the B-2 “Stealth” bomber swelled to unprecedented levels. At the same time, arms spending caused the federal budget deficit to mushroom out of sight, resulting in a decreased supply of private loan money for small business.
The indirect costs have been just as severe. Small business has been burdened with the extra taxes needed to balance the city’s budget while simultaneously being forced to cope with the consequences of decreased City spending — increased homelessness, rampant drug use, deteriorating infrastructure and the like. Instead, for the cost of a single B-2 bomber, approximately $800,000,000, San Francisco’s budget problems would be solved for years to come.
A vote for Proposition E is a vote to change this intolerable situation. We can and must take control of our economic destiny.
Please join us in voting Yes on E.

Bill Banning (Owner, Roxie Cinema)
Gregory and Clare Wood (Owners, Forest Books)
Toufik (Owner, Jawad Cafe and Deli)
Fred Zarour (Manager, Little Market)

The American Friends Service Committee endorses Proposition E, the San Francisco Nuclear Free Zone Implementation Initiative. It is a powerful way for the people of San Francisco to say “No, not here, not in our name!” to the madness of the nuclear arms race. If Proposition E is passed, San Francisco will join the over 4,500 Nuclear Free Zones in 23 countries around the world in withdrawing our support, consent and cooperation from the nuclear arms race and the nuclear industry.
With the ending of the cold war, the people of the world are crying out, “Stop producing the weapons of war. Instead, spend our tax dollars on schools, housing, adequate health programs and cleaning up the environment.” Our security and well-being are much more dependent on funding programs to meet the needs of our citizens than on continuing the insane nuclear arms race which has resulted in the U.S. building enough nuclear weapons to kill every person on earth many times over.
We urge the people of San Francisco to join this world-wide movement not just with our words, but with our deeds! Vote Yes on E.

Roy P. Allen (Executive Secretary, American Friends Service Committee)

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Is Bay View-Hunters Point a "national sacrifice zone" for radiation experiments? The answer may be yes.

Following U.S. government atomic bomb tests in the 1940's and 50's, about 100 radioactive test ships were "decontaminated" at Hunters Point Naval Shipyard, just south of downtown San Francisco. Now, although the ships are long gone, the toxic residue of the decontamination remains in storage at the shipyard.

A Congressional study shows that the Navy repeatedly exposed the sailors involved to dangerous levels of radiation, often without even informing them. Their average life expectancy is 22 years less than the general population, and their children have a birth defect rate more than four times the national average.

These are chilling statistics indeed. Yet, shockingly, no study has been done on the effects of radiation exposure on Bay View-Hunters Point.

Passage of Proposition E is San Francisco's insurance policy to guard against a repetition of this inexcusable episode. Just as importantly, Proposition E mandates the needed radiation exposure studies.

The future of our community is at stake. Please join us in supporting Proposition E.

Espanola Jackson (President, District 7 Democratic Club, Bayview-Hunters Point)
Sam Murray (Chairman, Chemical Toxic Waste Committee, District 7 Democratic Club)

---

Nuclear weapons spending is killing us.

Out-of-control arms spending takes desperately needed money away from education, housing, health care, and other vital programs. Hardest hit are the poor, who are disproportionately people of color.

While our government wastes billions on weapons too destructive to serve any real defense needs, thousands of our friends and neighbors are dying of AIDS.

Proposition E puts real pressure on corporations that promote nuclear weapons for the profit of a few at great expense to so many.

We write as members of San Francisco's religious community to urge that you support Proposition E.

The nuclear arms race does grave harm. Its continuation, however, depends on the acquiescence of the majority of citizens. It is time for San Francisco to say "No!" to such misplaced priorities.

The results of inaction are catastrophic nuclear war, or a devastating nuclear accident that would leave San Francisco an uninhabitable radioactive waste heap. So let us stand "in defense of creation." Resist the unholy march toward war and environmental destruction. Vote YES.

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

The San Francisco Nuclear Free Zone Implementation Initiative intends to ensure that the earlier passage of the 1987 Nuclear Free Zone is enforced. The 1990 Initiative contains added features, including an important proviso establishing an elected commission to assure compliance with the people’s demand for a Nuclear Free Zone. In effect, this Initiative follows the prophecy articulated by President Dwight Eisenhower in 1959, when he said:

“I like to believe that the people in the long run are going to do more to promote peace than our governments. I think the people want peace so much that one of these days governments had better get out of their way and let them have it.”

In a democracy, the legal and moral authority rests directly with the people. I urge the people of San Francisco to become direct peace enforcers by voting for the Nuclear Free Zone Implementation Initiative on the November 1990 ballot.

S. Brian Willson

PAID ARGUMENTS AGAINST PROPOSITION E

We, as San Francisco Democratic party leaders oppose Proposition E. It will cost the City millions of dollars and create an unnecessary elected bureaucracy.

We do not condone or support the nuclear arms race. Unfortunately, Proposition E does nothing to change the arms race or punish nuclear weapons makers. Instead, it will punish those San Franciscans that depend upon the City’s budget for services. Money spent to implement Proposition E will take money away from programs for senior citizens and children, health care, police and fire protection, public transportation, mental health, and the homeless.

We support peace, not Proposition E. Vote NO!

John J. Figone

The City has better things to spend money on than a costly nuclear free zone bureaucracy.

We all want to eliminate the possibility of nuclear war. We all want nuclear materials handled safely. The city’s voters expressed their views on this with Prop. U in 1987.

Proposition E is something altogether different. It is a costly proposal that undermines the city’s existing services by forcing the City to spend millions of dollars a year on administrative costs and more expensive goods and services.

Its efforts to prohibit anything nuclear in San Francisco are so extreme and so ill-conceived that if it passes cancer patients could be forced to go to hospitals outside the city limits to receive radiation treatments.

There are important issues that the City should be addressing. AIDS, housing and replacing the Embarcadero Freeway are among the top priorities that demand our City’s immediate attention. These are specific problems that affect the daily lives of San Francisco residents. These programs are where our scarce city funds should be spent.

Nuclear safety is most important but let’s concentrate San Francisco’s efforts on things it can do something about.

PAID ARGUMENTS AGAINST PROPOSITION E

Do we really need another level of bureaucracy with more high-paid staff to feed it?
This initiative will cost the City at least $7 million per year.
It jeopardizes funding for health care, police, and firefighters.
It will cripple businesses at the Port, small businesses, and all city contractors.

VOTE NO ON PROPOSITION E.

Supervisor Bill Maher

Vote NO on Proposition E!
San Francisco cannot afford a new nine-member elected commission and another costly bureaucracy. This commission would have the power to revoke business licenses, regulate City investments, approve City purchases, and impose a curriculum upon our schools.
Our City has more than enough real problems and not enough money to deal with them.
We don’t need this new bureaucracy wasting $7 million a year

of taxpayers’ money on issues the federal government already controls.

We urge you to vote NO on Proposition E.

San Francisco Taxpayers Association
W.F. O’Keeffe, Sr., President
William E. Grayson, General Counsel, S.F. Republican Central Committee
Harold M. Hoogasian, President, Hoogasian Flowers Inc.

There’s a big difference between preventing the use of nuclear materials that could endanger people and preventing the use of nuclear materials that help save people's lives.

We oppose Proposition E because it is so broad and ambiguously worded that it could well prevent cancer patients from being treated with radiation therapy. The initiative exempts “nuclear medicine” but its authors do not understand the meaning of their own language. The field of nuclear medicine does not apply to the external applications of radiation which include radiation therapy. Why should we have to tell cancer patients to seek treatment outside San Francisco?

Proposition E is an unnecessarily costly measure. Please vote NO on Proposition E.

Proposition E is fiscally irresponsible and will cost us MILLIONS of dollars!

It’s one thing to oppose nuclear war, but it’s quite another to prevent the City from investing tax money most wisely: in U.S. government securities. The City’s ability to earn high interest yields with maximum safety and flexibility will be seriously jeopardized if Proposition E passes.

Proposition E may prevent the Purchasing Department from buying needed goods and services at the cheapest price.
Proposition E puts irresponsible restrictions on San Francisco’s Treasury — we simply cannot afford it.

Mary I. Callanan, S.F. Treasurer
Rudolph Nothenberg, Chief Administrative Officer
PAID ARGUMENTS AGAINST PROPOSITION E

No one would argue against a measure that would protect us from nuclear war or peacetime nuclear accidents. If that is what Proposition E was all about, we would give it our full support.

Proposition E is not about a safe world. It is about a new costly bureaucracy that would make it harder for business people, especially small businesses, to get contracts with the City. It is about nine new elected officials — a second Board of Supervisors which we don’t need. It is about $7 million in costs and lost revenue to the City each year.

If Proposition E passes there will be a whole new set of qualifications, a whole new set of procedures and a whole new set of forms to fill out in order to sell products or services to the City. And, if you sell typewriters or computers made by IBM; cars made by GM, Ford or Chrysler; police radios made by Motorola; or even banking services from a bank that also provides banking services to a company that is at all involved in nuclear defense, forget it. The City will find it very difficult if not impossible to buy these products and services.

This measure is simply absurd. There is absolutely nothing in it that makes nuclear materials safer. It would only make life harder and divert our attention from the problems that already face us as citizens, taxpayers and small businesses.

Donald D. Doyle, Acting President, San Francisco Chamber of Commerce
Victor G. Makras
Jim Lazarus, Vice President, S.F. Chamber of Commerce
Mark Buell, Vice President, Southwest Diversified
Richard B. Morien, Group Account Manager

We Republicans agree that there are legitimate environmental concerns regarding the proper handling and disposal of nuclear materials and waste. These nuclear concerns are too serious to be handled at the local level. Any local attempt to do so will result in a new bureaucracy with new, costly reporting requirements. It will require increased taxes in the midst of San Francisco’s budgetary crisis. The proposition will also add to an already negative business climate in the City.

The San Francisco Republican County Central Committee urges you to vote NO on Proposition E!

SECTION 10.100: NAME

This Article of the City Charter shall be known and may be cited as the San Francisco Nuclear Free Zone Implementation Act of 1990.

SECTION 10.101: PURPOSE

The purpose of this Act is to enable the people of San Francisco to contribute to the creation of a peaceful and healthy world by giving substance, meaning and effect to San Francisco's status as a Nuclear Free Zone. Its major provisions will:

A. Prohibit nuclear weapons work within San Francisco (see Section 10.103);
B. Make San Francisco's economy less dependent on spending for nuclear weapons and other armaments by instituting a plan to convert activities that are dependent on such spending to peaceful, productive purposes (Subsection 10.104(B) and Paragraph 10.104(C)(4));
C. Prohibit the government of San Francisco from planning for or cooperating in planning for nuclear war (Section 10.105);
D. Establish a citizens' right to know about nuclear weapons work taking place in San Francisco (Section 10.106);
E. Require the government of San Francisco to minimize its contracts with and investments in the nuclear weapons industry (Sections 10.107 and 10.108);
F. Restrict, monitor and increase public awareness of the transportation and use of hazardous radioactive materials within San Francisco (Sections 10.109 through 10.112);
G. Prohibit nuclear reactors, food irradiation plants and all similar facilities within San Francisco (Section 10.110);
H. Require labeling of irradiated food sold in San Francisco if it is determined that such sales constitute a public health hazard (Section 10.113);
I. Require the development of a peace education program, for the general public and the schools, in order to inform the people of San Francisco about the issues, threats and solutions addressed by this Act (Section 10.114);
J. Establish a Hiroshima/Nuclear Free Zone Commemoration Day marking the first use of a nuclear weapon against a civilian population (Section 10.115); and
K. Create an elected San Francisco Nuclear Free Zone Implementation Commission to administer this Act (Section 10.119).

SECTION 10.102: FINDINGS

The people of San Francisco find and declare that:

A. The nuclear arms race poses an intolerable threat to the earth and its living systems, to humanity in general, and to the people of San Francisco in particular;
B. Due to the annihilation of civilian populations that would result inevitably from any use of nuclear weapons, the very possession of such weapons constitutes violations of international laws such as the United Nations Charter and the Geneva Convention; as treaties which the United States has signed and ratified, each of these should be accorded status under Section VI of the United States Constitution as "the supreme law of the land"; if the world is to avoid nuclear war, the United States government must begin to exercise moral leadership by complying with international law rather than continuing to ignore such law in exchange for short-term political, economic and military advantages;
C. Although San Francisco will be a prime target in the event of a nuclear war, there is no means of protection from the consequences of such a war; the people of San Francisco, especially children, are frightened, depressed and disturbed by having to face such a threat on a daily basis; the San Francisco government can and therefore must act to mitigate this threat;
D. The security requirements accompanying nuclear weapons threaten the civil liberties of the people of San Francisco and restrict the freedom of information necessary to make decisions concerning the future of the community; examples of this are the recent revelations of the forty-year cover-up of environmental problems at the federal government's nuclear weapons production facilities and the ongoing refusal of the Navy to admit the presence of nuclear weapons in San Francisco Bay, which prevents local agencies from making appropriate emergency plans;
E. Threats to use nuclear weapons are an integral part of the foreign policy of the United States; since 1948, this country's leaders have threatened to use nuclear weapons in Europe, the Middle East, Asia and the Caribbean in order to protect military and business interests; the Nuremberg principles hold individuals accountable for crimes against humanity such as would be constituted by use of nuclear weapons; a threat to commit a crime against humanity must be seen in the same light as the crime itself; therefore, the people of San Francisco must act to end this criminal policy that is being carried out in their name, a policy which, if continued, will result in global death and destruction;
F. Nuclear reactors, food irradiation plants, spent fuel reprocessing plants, uranium mines and related facilities form a so-called "nuclear fuel cycle"; in continuing to promote this deadly cycle despite the lack of a safe means for disposing of nuclear waste, the federal government and the government-subsidized nuclear industry ignore the mounting evidence that continuation of such activities will lead to ecological catastrophe; furthermore, each component activity of the nuclear fuel cycle harms the health and safety of its workers and of the residents of surrounding communities;
G. Even if nuclear weapons are never again used, exposure to hazardous radioactive materials continues to cause increased rates of cancer and birth defects; scientific studies have shown definitively that there is no safe level of exposure to radiation; the transportation, storage and handling of nuclear weapons and other hazardous radioactive materials, much of which occurs without the knowledge of local health and safety officials, therefore poses a serious threat to the health and safety of the people and workers of San Francisco;
H. Nuclear reactors pose similar threats of exposure to hazardous radioactive materials, including the threat of catastrophic accidents such as the ones at Three Mile Island and Chernobyl; San Francisco in particular is threatened by the large nuclear reactors on board the Navy vessels that continually travel through San Francisco Bay and by work done on such vessels at the Hunters Point shipyard;
I. Food irradiation is a potentially harmful new technology that has not been properly evaluated and about which there is substantial controversy; food irradiation plants use substantial quantities of hazardous radioactive materials and, moreover, the irradiated food itself undergoes chemical changes that have not been shown to be safe;
J. On the average, a dollar spent for armaments produces less employment than the same dollar spent for civilian purposes; the federal budget's emphasis on arms purchases, including nuclear arms purchases, directly reduces federal funding to local governments for transportation facilities, infrastructure replacement, low-cost housing, health care, education and other essential programs; the nuclear arms race thus deprives the people and workers of San Francisco of jobs and social services;
K. Local economies that are heavily dependent on arms spending have often suffered because of its unpredictability; it is therefore a matter of self-defense as well as prudent economic planning for San Francisco to push for a change in federal spending priorities while at the same time minimizing local dependence on arms spending; it is furthermore impossible for a community that is substantially dependent on arms spending generally to avoid a degree of dependence on spending for nuclear weapons, thus requiring that planning be undertaken to limit and eventually terminate San Francisco's dependence on both types of spending;
L. The government of San Francisco has a right and a duty to measure the moral and ethical character of its business relations in deciding with whom it will do business; divestment of financial involvement with nuclear weapons makers is an appropriate application of this right;
M. In 1982, the people of San Francisco expressed their strong desire for an end to the nuclear arms race when they voted by a 72% margin for a bipartisan freeze on "the testing, production and further development of all nuclear weapons" (Proposal 12); subsequently, in November of 1987, they voted by a 55% margin to approve a ballot initiative declaring San Francisco a Nuclear Free Zone (Proposal U), thereby joining over 160 other Nuclear Free Zones in the United States and more than 4,000 world-wide; notwithstanding that vote, the Board of Supervisors has failed to implement

(Continued on next page)
the 1987 Nuclear Free Zone law, thus leaving it to the voters to enact a binding implementation measure by means of this further ballot initiative;

N. The creation of binding Nuclear Free Zone laws is the best means currently available for local governments to protect their citizens from the numerous harmful effects of the nuclear arms race; furthermore, such laws will help make possible the eventual elimination of all nuclear weapons; and

O. The concerns expressed in this Section thoroughly justify exercising the well-established right of the people of San Francisco to legislate, in the words of the United States Supreme Court, for the “protection of the lives, limbs, health, comfort and quiet of all persons.”

SECTION 10.103: PROHIBITION OF NUCLEAR WEAPONS WORK

No Person shall knowingly engage, within San Francisco, in Nuclear Weapons Work, except as Nuclear Weapons Work already taking place within San Francisco as of the effective date of this Act shall be phased out over a five (5) year period in accordance with Subsection 10.104(B). (All citations in this Act are, unless otherwise noted, to this Act.)

SECTION 10.104: PEACE CONVERSION

A. Commencing on the effective date of this Act, the relevant City agencies shall assess, under the direction of the Commission, the Nuclear Weapons Work currently being done within San Francisco and the current level of support, if any, provided by the City to Nuclear Weapons Makers. (Said support shall be taken to include, but not be limited to, assistance provided through direct funding, special budgets, provision of police services and other services, or waiver of City service fees.) A report based on said assessment shall be transmitted to the Commission within one hundred eighty (180) days of said date. The Commission shall then hold hearings on the report and, consistent with the purposes of this Act, take action and/or make recommendations for action to the Board. Said report shall be updated every two (2) years and transmitted to the Commission. The Commission shall then hold hearings, take action and/or make further recommendations as appropriate.

B. The City shall act to phase out, within a period ending not later than five (5) years after the effective date of this Act, all Nuclear Weapons Work taking place within San Francisco as of said date. Pursuant to said phase-out, the Commission shall develop, within two (2) years of said date, a Nuclear Weapons Work conversion plan for the cessation, within said five (5) year period, of said Nuclear Weapons Work and for the conversion thereof to peaceful, productive purposes. Said plan shall specifically include, but not be limited to, Nuclear Weapons Work directly undertaken or contracted for by the federal government or any of its agencies, or the state of California or any of its agencies. In developing said plan, the Commission shall include the broadest possible range of residents of San Francisco, including, but not limited to, organized labor and the employees, whether represented by labor unions or not, who work at the affected installations, and shall ensure that said plan provides for the continuation of the jobs of said employees and, where necessary, for said employees to be retrained for jobs that are at least equivalent in pay and benefits. Any Nuclear Weapons Work continuing after said five (5) year period shall be subject to the sanctions of Subsection 10.116(H).

C. The Treasurer shall develop each year, in cooperation with the Commission, a detailed statement, on a per capita basis as well as in total, of the federal taxes allocated to Military Spending that are paid by the people of San Francisco, shall cause said statement to be published, not less than two (2) weeks but no more than four (4) weeks prior to the public hearing required by Paragraph 10.104(C)(3), in at least four (4) newspapers of general circulation within San Francisco, and shall otherwise work with the Commission to develop further means of disseminating said statement and its contents to the people of San Francisco. Said statement shall specify the portion of Military Spending that is directed to Nuclear Weapons Work. Furthermore, the Commission shall:

1. Provide the formula to be used by the Treasurer in developing the annual statement required by Paragraph 10.104(C)(1); said formula shall be complete and accurate in its assessment of the degree to which the tax dollars of the people of San Francisco are allocated to Military Spending;

2. Notify annually the President of the United States, and other officials as the Commission deems appropriate, of the aforesaid statement and its significance;

3. Hold a public hearing each year, on the Saturday before the federal income tax filing deadline, on the impact of that year's proposed federal budget on the people of San Francisco, giving particular attention to the relationships between appropriated funds for Military Spending, including but not limited to appropriations for Nuclear Weapons Work, and funding for social services, education, housing, health, transportation, and other local programs;

4. Develop a peace conversion plan that specifies City economic policies and practices for converting to peaceful production all industries within San Francisco that are wholly or partly dependent on Military Spending, for minimizing the number of plant closings, regionally as well as within San Francisco, that are due to dependency on Military Spending, for cooperating with appropriate agencies as to minimizing other plant closings and for increasing the number of jobs in San Francisco while at the same time reducing the number of jobs that are dependent on Military Spending;

5. On an ongoing basis, make recommendations to the people of San Francisco and to the Board as to actions they may take to assist in developing and carrying out the peace conversion plan; and

6. Consider the regions adjacent to San Francisco in undertaking its responsibilities under this Subsection.

D. In order to more effectively integrate into City law and practice the divestment and selective purchasing procedures of Sections 10.107 and 10.108, the Commission shall hold hearings and solicit testimony for the purpose of developing and recommending to the Board an overall socially responsible investment and contracting plan consistent with this Act and other relevant City policy. Said plan shall be completed and presented to the Board within two (2) years of the effective date of this Act.

The Board shall then schedule at least one (1) public hearing to hear testimony as to the contents of said plan, shall make amendments if and as it sees fit and, not more than three (3) years after said date, shall enact said plan as an ordinance. The Commission shall continue to solicit testimony and hold hearings pursuant to making further recommendations as to said plan. In developing said plan, the Commission and the Board shall pay particular attention to the development of positive alternatives, including, for example, investment and purchasing consortia composed of jurisdictions having socially responsible investment and purchasing policies.

SECTION 10.105: PROHIBITION OF PLANNING FOR NUCLEAR WAR

It shall be unlawful for the City to undertake or cooperate in planning for nuclear war or for any other use of Nuclear Weapons, or in planning to mitigate the anticipated effects of nuclear war or said other use. This Section shall not be construed, however, to bar the City from planning to mitigate the effects of accidents involving Nuclear Weapons.

SECTION 10.106: PUBLIC RIGHT TO KNOW AND ACCESS TO RECORDS

A. The Commission shall hold at least three (3) public hearings, at times chosen to maximize public participation, within one hundred eighty (180) days of the effective date of this Act, and then twice a year thereafter to evaluate and promote compliance with this Act. Within forty-five (45) days after the conclusion of the third such hearing and then after the second of each pair of yearly such hearings, the Commission shall issue to the public a full report on the potential impacts of the activities addressed by this Act and on the City's progress in implementing this Act. Said reports shall include, among other things, recommendations for additional regulatory or public actions to further the purposes of this Act.

B. Each Nuclear Weapons Maker or other Person engaged in activities prohibited, restricted or scheduled to be prohibited by this Act shall submit to the Commission an annual report that includes a description of the extent and nature of said activities, including, where applicable, the Hazardous Radioactive Materials or Nuclear Weapons Work involved and a description of the steps being taken to terminate or limit, whichever is applicable, said activities. Said description shall include the steps to be taken to provide alternative jobs for employees engaged in said activities who may be displaced as a result of compliance with this Act.

(Continued on next page)
LEGAL TEXT OF PROPOSITION E (Continued)

1. Said reports shall be filed with the Commission at least thirty (30) days prior to the public hearings held pursuant to Subsection 10.106(A) and shall be accompanied by the state of filing, shall be available for inspection and copying by members of the public.

2. The Commission shall notify in a timely manner all persons required to file reports under this Subsection as to all relevant deadlines for reporting and as to all hearings at which they may be required to appear or at which their reports are to be considered.

3. The Commission shall conscientiously seek to identify all Nuclear Weapons Makers or other persons engaged in activities prohibited, restricted or scheduled to be prohibited by this Act, and shall solicit the participation of the public for such purpose.

4. Activities within the scope of Sections 10.111 and 10.113 and Paragraph 10.104(C)(4) shall be exempt from this Subsection. In addition, where the purposes of this Act would not be served, the Commission may exempt from compliance with this Subsection persons engaged in minor activities that are within the scope of this Act.

5. The Commission may call upon any Nuclear Weapons Maker, or any other person engaged in San Francisco in activities within the scope of this Act, to provide information, beyond what is required by this Subsection, as needed to keep the people of San Francisco informed about the health, safety and economic consequences of said activities. The Commission may issue a subpoena ad testificandum pursuant to obtaining such information and, in case of a refusal to attend or testify as required under said subpoena, may petition a court of competent jurisdiction for an order to compel attendance or testimony.

C. Each person operating a Nuclear Weapons Work facility within San Francisco shall post, no later than sixty (60) days after an order to cease has been issued in accordance with Subsection 10.116(H), a sign clearly visible to passersby, identified with facility with the legend: "Nuclear Weapons Work Conducted Here:"

The design and location of said sign shall be approved by the Commission, but the cost of said sign and of its posting shall be borne by said Person. Should said Person fail to post said sign, the City shall post said sign and bill said Person for the cost of said sign and its posting. Notwithstanding that all other provisions of this Act relating to Nuclear Weapons Work shall apply to all Nuclear Weapons Work taking place within San Francisco, regardless of the nature or location of said Nuclear Weapons Work, this Subsection shall not apply to individuals engaged in Nuclear Weapons Work in private homes where said Nuclear Weapons Work is incidental to Nuclear Weapons Work that is primarily conducted at a different location.

D. All hearings, meetings, proceedings or other discussions of the Commission, or of any committee, task force or other subsidiary body of the Commission, shall be open to the public, as shall the minutes, records of proceedings or documents received or discussed by the Commission or its subsidiary bodies. Access to meetings or documents of the Commission may be restricted only in circumstances authorized by those provisions of the Ralph M. Brown Act (California Government Code Sections 54950 et seq.), or of the California Public Records Act (California Government Code Sections 6250 et seq.), or of any successor legislation to either said act, relating to actual or imminent litigation or to evaluation of an employee of the Commission. No such restriction shall be lawful unless it is first justified in the relevant written notice of meeting by specific identification of the actual or anticipated litigant or by specific identification of the position of the Commission employee to be evaluated. All Commission documents shall be made available for copying by members of the public for the cost of the copies only.

E. The Commission shall hold its meetings, hearings, public hearings, and other proceedings in such places and at such times as are likely to maximize access to said proceedings by as reasonably broad a range of San Francisco residents as possible. To this end, the Commission, among other things, shall hold regular evening meetings at various locations throughout San Francisco.

SECTION 10.107: NUCLEAR WEAPONS-FREE CONTRACTS

A. Except as allowed by Subsections 10.107(B), (E), (F), and (K), the City shall make no Public Contract either with a Nuclear Weapons Maker or for any Product of a Nuclear Weapons Maker. Excepting Paragraph 10.107(I)(4), this Section shall take effect ninety (90) days after the effective date of this Act.

B. Findings of No Reasonable Alternative:

1. The City shall make no Public Contract either with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker unless the Commission first makes a finding, said finding to be known as a Finding of No Reasonable Alternative, that all of the following conditions hold:

a. The proposed Public Contract is vital to the continued orderly conduct of the business of the City.

b. A good faith effort has been made by the Purchasing Agent or Contracting Officer to comply with this Section, and in particular to find and utilize alternatives.

c. Where possible, the Purchasing Agent or Contracting Officer has submitted a realistic written plan for the eventual elimination of said Public Contract and/or any future similar Public Contract.

d. The Purchasing Agent or Contracting Officer has surveyed thoroughly all available alternatives to said Public Contract, has identified to the Commission's satisfaction at least five (5) such alternatives that have been considered and rejected, and the precise reasons therefor, or, where less than five (5) alternatives are found, has described the efforts that were made to search them out, and has shown that no such alternative both meets the specifications for said Public Contract and conforms with Subparagraph 10.107(B)(1)(X).

2. The specifications for said Public Contract have been written so as to maximize the utilization of alternative sources.

f. The utilization of any non-Nuclear Weapons-related source for said Public Contract would increase the cost of said Public Contract by more than five percent (5%), except where said Public Contract is for a "public project" of a dollar amount sufficient to fall within the purview of relevant state law governing said "public project" contracts, to the extent, but only to the extent, that said state law is mandatory in its application to chartered cities, and said utilization would increase the cost of said Public Contract by an amount in excess of that allowed by said state law, and the City has contracted separately for the "supplies and materials" portion of said Public Contract where such separate contracting would result in more complete compliance with this Act.

g. The factors specified in Paragraph 10.107(B)(2) have been considered whenever it is first determined that there are no non-Nuclear Weapons-related sources available.

2. In considering a Finding of No Reasonable Alternative, where the Commission has first determined that there is no non-Nuclear Weapons-related Vendor for a Public Contract and where there is more than one (1) Nuclear Weapons-related Vendor under consideration, the Commission shall give weight to the degree of Nuclear Weapons involvement of the respective Vendors in determining which of them shall receive the Public Contract. In considering a Finding of No Reasonable Alternative for acquisition of a Product of a Nuclear Weapons Maker from a Vendor that is not a Nuclear Weapons Maker, the Commission shall give weight to the degree to which the parts of said Product are made by Nuclear Weapons Makers and to whether said Vendor has reasonably available to it alternative non-Nuclear Weapons-related sources for said parts.

3. It shall be the direct responsibility of the Purchasing Agent or Contracting Officer to anticipate the need for requests for Findings of No Reasonable Alternative and to provide the Commission with the information necessary to evaluate said requests. The Commission shall not be responsible for the development of information relevant to said requests, except as it may choose or as specifically required by this Section.

C. Identification of Nuclear Weapons Makers:

1. Either the Commission, the Purchasing Agent or a Contracting Officer may identify Nuclear Weapons Makers by means of information on Nuclear Weapons Work contained in the affidavits required by Subsection 10.107(D), refusal to comply with the requirements for said affidavits, or information contained in the Contracting Data Base specified in Subsection 10.107(F).

2. Immediately upon receipt of an affidavit, the Purchasing Agent or Contracting Officer

(Continued on next page)
shall forward a copy of same to the Commission for verification. Failing objection by the Commission within fourteen (14) days of receipt of it of said copy, an otherwise complete affidavit shall be considered final proof, for the Public Contract under consideration, as to whether the Vendor is a Nuclear Weapons Maker. Except as allowed by Subsections 10.107(E), (F) and (K), no Public Contract shall be executed before the fourteenth (14) day verification period has expired.

3. If the Commission, the Purchasing Agent or a Contracting Officer challenges an affidavit, based on identification of the affiant Vendor thereto, or the source of a Product named therein, as a Nuclear Weapons Maker, through information contained in the Contracting Data Base specified in Subsection 10.107(J), said Vendor shall be notified of said identification and of said information; said Vendor shall be further notified that it may be prohibited from obtaining Public Contracts therewith and that it may appeal said identification before the Commission within fourteen (14) days in accordance with this Paragraph and Paragraph 10.107(C)(4). Failing an appeal, said identification shall be deemed final for the affected Public Contract.

4. Within thirty (30) days of receipt of such an appeal, the Commission shall hold a hearing at which the affected Vendor shall be accorded due process, including the right to counsel and the right to present evidence opposing the Commission's finding. Within seven (7) days following said hearing, the Commission shall make a final determination as to whether the Vendor is a Nuclear Weapons Maker.

5. The appeal and hearing procedures of Paragraphs 10.107(C)(3) and (4) shall not apply to a Vendor of a Product of a Nuclear Weapons Maker where it has been determined that said Vendor is not a Nuclear Weapons Maker, or is a Nuclear Weapons Maker but seeks to provide the City with the Product of another Nuclear Weapons Maker.

6. A person shall be deemed to be a Nuclear Weapons Maker if it is determined that said person is controlled or influenced by two (2) or more Nuclear Weapons Makers acting in a unified manner, the same degree of control or influence would result as if said person were the Affiliate of a single Nuclear Weapons Maker.

7. When a determination is made to whether a Person is a Nuclear Weapons Maker is dependent upon whether said Person is an Affiliate of a second Person (or Persons), the Commission shall use its best judgment in making said determination according to the definition of Affiliate contained in Subsection 10.121(B).

8. If such is consistent with furthering the purposes of this Act, the Commission may add to or refine the definition of Affiliate, either for a specific industry or more generally.

D. Affidavits and Related Requirements:

1. No Public Contract shall be made without first obtaining from each Vendor that is party thereto an affidavit containing at least the following:

   a. Identifying information, including, but not necessarily limited to, name, address and Affiliates, if any.

   b. A listing of all work done under prime contract and/or subcontract with or for the Department of Defense, the Department of Energy or any other federal agency, or indirectly with or through any other contractor or other person, that may constitute Nuclear Weapons Work as defined in this Act.

   c. Where the proposed Public Contract involves a Product, the source of the Product and, where said Product is not solely manufactured, produced and/or grown by said Vendor, an affirmation as to whether said Product is, to the best knowledge of said Vendor, wholly or partly the Product of a Nuclear Weapons Maker.

   d. A notarized affirmation, under penalty of perjury, that the Person (or, if necessary for completeness of information, Persons) making said affidavit swears to the completeness and accuracy of the information therein, and that said Person (or Persons) is (are) qualified to so swear.

   e. An affirmation that said Vendor will notify the City promptly if said Vendor becomes a Nuclear Weapons Maker during the effective period of any Public Contract made in reliance upon said affidavit.

   f. Such further statements or information as the Commission or the Purchasing Agent may deem necessary or appropriate to accomplish the purposes of this Act.

   g. An affirmation that said Vendor understands that it is making said affidavit under penalty of perjury and under penalty of the sanctions of Paragraph 10.107(D)(7). The Commission shall develop, in consultation with the Purchasing Agent and consistent with this Section, the form for the aforesaid affidavit, and may develop additional affidavit forms with simplified requirements for making Public Contracts in amounts of less than five hundred dollars ($500.00) or with small businesses, as such are defined in the relevant laws of the City, where the full affidavit requirements may constitute an undue burden. The Commission may, direct, after consultation with the Purchasing Agent, the modification of City purchase order forms as an alternative means of soliciting the required information.

3. The affidavit form shall contain a general statement as to the purposes of this Act and as to the policy and intent of the City thereunder, shall state that the aim of this Act is, in part, to ensure that Public Contracts are not made or directly or indirectly benefit Nuclear Weapons Makers, and to that end that the City does not unwittingly purchase the Products of Nuclear Weapons Makers, and shall specifically encourage a Person that is barred from doing business with the City because of said Person's relationship with Nuclear Weapons Work to requalify for City business by terminating said relationship.

4. In making the affirmation required by Subparagraph 10.107(D)(1)(c), a Vendor shall not be required, and the affidavit shall so state, to make inquiry beyond what is normally made in the course of said Vendor's business, except that the Commission may require said Vendor to make such inquiry in light of information contained in the listing developed in accordance with Paragraph 10.107(D)(5). Even where said Vendor is not itself a Nuclear Weapons Maker, it shall, except as otherwise allowed by this Section, not receive said Public Contract where its response in the affidavit indicates that the Product it intends to provide to the City is wholly or partly the Product of a Nuclear Weapons Maker. Such a response shall in no case prejudice, however, and the form for the affidavit shall so state, any other Public Contract said Vendor may seek to make in the future, nor shall it prejudice the provision by said Vendor, under the terms of the Public Contract at issue, any other Product not originating with a Nuclear Weapons Maker.

5. In order to facilitate the application of Paragraph 10.107(B),(2), the Commission and the Purchasing Agent shall develop jointly, and periodically update, a listing, which shall be as complete as is feasible, of Nuclear Weapons Makers and their Affiliates Products and brand names. Said listing shall be available to the public and in particular to all Persons interested in contracting with the City in order to assist them in complying with this Section, shall be maintained for easy public access and may be combined to the extent practicable with the Contracting Data Base specified in Subsection 10.107(J).

6. As soon as a completed affidavit is received by the City, a copy thereof shall be forwarded to the Commission and retained on file for its use. A duplicate of said file shall be maintained for examination and copying by the public.

7. Notwithstanding that an affidavit must be received and verified by the Commission in order for the relevant Public Contract to be made, if an existing Vendor wishes to make a new Public Contract, an affidavit made for a previous Public Contract may be taken to serve in place of a new affidavit, to the extent the information contained in the previous affidavit is applicable to the new Public Contract, provided said Vendor affirms in writing that the information therein remains true and complete.

8. Completion of the affidavit(s) specified in this Subsection shall constitute a material condition for the acceptance of the relevant bid or for the execution of the relevant Public Contract. This Act shall be incorporated by reference into all Public Contracts. Any Public Contracts made, or any bids submitted or accepted, in a manner contrary to that required by this Section shall therefore be void for all purposes.

9. Whenever an affidavit has been submitted to the City and has been found, after an investigation by the Commission, or by the Purchasing Agent or a Contracting Officer, to be false, the Commission may impose such sanctions or take such other actions as it sees fit to ensure compliance with this Section. Such actions or sanctions may include, but are not limited to, refusal to certify the award of a Public Contract, suspension or rescission of a Public Contract, with-
holding of Public Funds, revision of a Public Contract based upon a material breach of said Public Contract, said breach pertaining to statements made in the affidavit, and disqualification of a Vendor from eligibility for doing business with the City for a period not to exceed five (5) years, with a right to review and reconsideration before the Commission after two (2) years upon a demonstration by said Vendor that corrective action has been taken and that violations are unlikely to reoccur.

10. Except as allowed by Paragraph 10.107(D)(9), this Section shall not be construed to prejudice the subsequent status of a Vendor that has been excluded from doing business with the City under this Section and that has subsequently terminated all involvement in Nuclear Weapons Work.

11. The Commission shall develop forms for letters to be sent to all Vendors and potential Vendors that it identifies as Nuclear Weapons Manufacturers or providers of the Products of Nuclear Weapons Makers, in order to encourage said Vendors to cease engaging in Nuclear Weapons Work or providing the Products of Nuclear Weapons Makers, and to encourage them to engage instead in peaceful, productive business activities.

E. For a Public Contract of an amount less than five hundred dollars ($500.00), or where the Purchasing Agent or Contracting Officer shows that there is only one (1) possible source for a Public Contract, a Finding of No Reasonable Alternative as specified by Subsection 10.107(B) shall not be required. Instead, the Purchasing Agent or Contracting Officer shall inform the Commission in writing of said Public Contract no later than at the next regular meeting of the Commission after the Purchasing Agent or Contracting Officer has determined that it is necessary to make said Public Contract, shall provide the Commission with information equivalent to that required by Subparagraphs 10.107(B)(1)(a) through (g), and shall be prepared to justify, at the request of the Commission, the execution of said Public Contract. It shall be unlawful to seek to avoid compliance with the other parts of this Section by means of subdividing or otherwise reducing to smaller separate amounts Public Contracts that would otherwise be subject to said parts.

F. Where the Purchasing Agent or a Contracting Officer affirms in writing to the Commission that, to the best of her or his knowledge and belief, a proposed Public Contract is not with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker, that the relevant affidavit (or affidavits) required by Subsection 10.107(D) is (are) true and complete, that the fourteen (14) day period required under Paragraph 10.107(C)(2) for Commission verification will create a substantial detriment to the City, and that said Public Contract can be executed in a manner otherwise consistent with this Section, then the Purchasing Agent or Contracting Officer may execute said Public Contract before said period has ended.

G. In the case of a Public Contract authorized under Subsections 10.107(E) or (F), where the Commission determines that said Public Contract has been made in violation of this Section, the Commission may require that any similar future Public Contract with the same Vendor be made in accordance with Paragraph 10.107(B)(1).

H. The Purchasing Agent and Contracting Officers shall work with the Commission to develop non-Nuclear Weapons-related sources for Public Contracts and to anticipate future needs for same so as to minimize the need for the Findings of No Reasonable Alternative allowed by Paragraph 10.107(B)(1). In this regard, emphasis shall be given first to the development of sources within San Francisco and then to the development of sources within other Nuclear Free Zone jurisdictions.

I. The Purchasing Agent shall:
1. Cooperate fully with the Commission as necessary for the expeditious and complete implementation of this Section;
2. Report to the Commission semi-annually as to the status of City Nuclear Weapons-free contracting, or more frequently as necessary to further the expeditious implementation of this Section; the first such report shall be transmitted to the Commission within one hundred eighty (180) days of the effective date of this Section; said reports shall contain a listing of Public Contracts that were executed during the six (6) months prior to the date of the report and a listing of Public Contracts made by Contracting Officers or that were otherwise not directly administered by the Purchasing Agent;
3. In order to share information about Nuclear Weapons-free sources for said contracting, develop and maintain contacts with purchasing departments in other jurisdictions that have Nuclear Weapons-free contracting requirements similar to those of the City; and 4. Commencing within thirty (30) days after the effective date of this Act, provide written material to Vendors informing them of City contracting policy as established by this Act such that all Vendors, and particularly those Vendors seeking to provide the City with Products originating with another Person, are made aware of potential effects upon their present and possible future Public Contracts.

J. The Commission and the Purchasing Agent shall jointly establish and maintain a publicly accessible Contracting Data Base, which shall be used to screen Public Contracts as to their compliance with this Section and to assist in the identification of Nuclear Weapons-free contract sources. The Contracting Data Base shall consist of the most current information available and shall be developed from both primary and secondary sources, including reports of contracts with federal agencies known to contain contracts for Nuclear Weapons Work (including, but not limited to, the Department of Defense and the Department of Energy), information obtained from other jurisdictions with Nuclear Weapons-free contracting requirements, and such other information, both governmental and private, that the Commission or the Purchasing Agent considers useful in complying with this Section. All information contained in the Contracting Data Base shall be fully documented and specific as to its source.

K. The parts of this Section that may have the effect of delaying the making of Public Contracts may be temporarily suspended by the Board for the duration of a declared state of emergency within San Francisco upon certification by said Board that such suspension is essential to the protection of life and property during said state of emergency.

SECTION 10.108: NUCLEAR WEAPONS-FREE INVESTMENTS

A. The City shall minimize, as a matter of policy and consistent with the other provisions of this Section, its involvement with financial institutions that make Loans to, or provide other financial services to, any Nuclear Weapons Maker. In addition, consistent with said policy, other relevant City policies, and accepted standards of prudent financial management, the City shall give preference in its financial dealings to financial institutions that have the least involvement with Nuclear Weapons Makers and especially to those that minimize or, preferably, bar such involvement as a matter of policy.

B. Commencing within sixty (60) days after the effective date of this Act, the City shall make no new investments in Nuclear Weapons Makers, except as provided by Subsection 10.108(E). Within one hundred eighty (180) days after said date, the City shall divest itself of all such investments held or controlled by it, including all funds invested by the City on behalf of other Persons, except as provided by Paragraph 10.108(E)(C).

C. Public Funds invested or deposited with a financial institution or other Person shall not in turn be invested by said Person in Nuclear Weapons Makers or in any other fashion that would constitute a violation of this Section. To this end, prior to investing said Public Funds, the City shall obtain an affidavit from said Person affirming that said Person pledges not to invest said Public Funds in violation of this Section.

1. Failure on the part of said Person to execute said affidavit shall bar said Person from receiving said Public Funds for investment or deposit.

2. The Treasurer shall develop, subject to Commission approval, the form for said affidavits, taking into account that said affidavit shall contain, to the extent applicable, substantially the same information and statements as the affidavit required by Subsection 10.107(D), except that additional information may be required as appropriate to this Section and in particular as appropriate to the investment policy specified in Subsection 10.108(A).

D. If Public Funds have been deposited or invested with a financial institution or other Person that subsequently violates this Section, the Treasurer shall withdraw or divest said Public Funds within one hundred eighty (180) days of the date of determination of the violation or, where the exception specified by Paragraph
LEGAL TEXT OF PROPOSITION E (Continued)

10.108(E)(2) applies, upon the earliest possible maturity date.

E. Exceptions:
1. Investments in federal financial instruments that are wholly or partly sold to finance Nuclear Weapons Work, including but not necessarily limited to United States Treasury bills, notes and bonds, shall be made by the City only when necessary to avoid substantial financial losses and only during a sixty (60) day period following enactment of a resolution of the Commission specifically permitting said investments. Said resolution shall be considered for enactment only upon written request of the Treasurer detailing the necessity for said investment in light of this Section. Said investments shall not normally be made, shall be kept to the minimum necessary to avoid financial losses, shall be terminated as quickly as practicable and shall constitute no more than twenty percent (20%) of the total City investment portfolio. The Commission shall, on an ongoing basis, solicit testimony, hold hearings and advise the Treasurer as to investment alternatives to said instruments.

2. The divestment of Public Funds that are invested under an already existing trust indenture or investment agreement, or that are otherwise invested by the City under an already existing contractual obligation that cannot be broken without substantial penalty, shall not be required within the one hundred eighty (180) day period specified by Subsection 10.108(B), except that said Public Funds, if invested with a financial institution or other Person which has not or is unable to file the affidavit required by Subsection 10.108(C), shall be withdrawn or divested at the earliest possible maturity date.

F. Investments in financial instruments issued or guaranteed by agencies of the federal government where said agencies are not themselves engaged in Nuclear Weapons Work and where the proceeds of said financial instruments are not used to finance Nuclear Weapons Work shall not be restricted by this Section.

G. A Public Contract for financial services not involving the investment, deposit or other actual transfer of Public Funds shall be subject to Section 10.107 rather than this Section.

H. The Treasurer shall report to the Commission on a semi-annual basis as to the status and progress of divestment, or more frequently as necessary to further the expeditious implementation of this Section. The first such report shall be made within two hundred ten (210) days of the effective date of this Act.

I. No provision of this Section shall be construed to prejudice the status of any financial institution or other Person that has been excluded under this Section from consideration for investment or deposit of Public Funds where said Person has subsequently qualified for said investment or deposit, except where said Person has been excluded because of a knowing violation of this Section.

J. The process used under Subsection 10.107(C) to determine whether a Person is a Nuclear Weapons Maker shall also be used, to the extent applicable, for such determinations under this Section, except that the Treasurer shall have the authority and duties granted by Subsection 10.107(C) to the Purchasing Agent and Contracting Officers.

SECTION 10.109: TRANSPORT OF HAZARDOUS RADIOACTIVE MATERIALS

A. Transport, within San Francisco, of High-Level Hazardous Radioactive Materials, including but not limited to High-Level Hazardous Radioactive Materials contained in Nuclear Weapons, or of other Hazardous Radioactive Materials in shipment quantities of five thousand (5,000) or more curies, shall be subject to the following requirements:

1. Any Person with the intention of carrying out said Transport shall notify the City, at least forty-five (45) days prior to each instance of said Transport, as to said intention for review under this Section. Said Person shall provide the City with a report of all the routes said Person has considered for said Transport. Said report shall state why the preferred route or routes within San Francisco is (or are) essential to the movement of the particular Hazardous Radioactive Materials pursuant to relevant federal law, United States Department of Transportation regulations, relevant state law and regulations, and other relevant laws or regulations of the City. Said report, along with such documentation as the City may require, shall be submitted with the filing of notice. Said documentation shall include written proof that said Person is able, through proper insurance or by means of a bond posted with the City, to pay the amount and fulfill any other requirements of said insurance or bond, said amount and other requirements to be established by the City, so as to fully reimburse the City, and any affected businesses and residents, for all costs and damages resulting from a worst-case accident involving the type and quantity of Hazardous Radioactive Materials proposed for said Transport.

2. Each notice received in compliance with Paragraph 10.109(A)(1) shall be transmitted to the Commission along with an assessment by the appropriate City agency of the attached report and documentation. The Commission shall then convene at least one (1) public hearing with at least fourteen (14) days advance notice by press release, public service announcements over radio and television, and by other appropriate means, such that maximum public participation is ensured. After hearing public testimony, the Commission shall determine the safest route and means for said Transport and shall authorize the appropriate City and County agency to issue the necessary permit. Following selection and approval of said route and means, the City shall give at least fifteen (15) days advance public notice of the selected route(s). Said notice shall include publication in at least one (1) newspaper of general circulation. The aforesaid Person shall affix, at its own expense, warning signs, if applicable, along said route(s) so as to allow residents to avoid same if they so choose, and shall provide an emergency phone number to report accidents. The aforesaid public hearings shall be consolidated whenever possible to include multiple proposed shipments.

3. Each vehicle involved in said Transport shall bear, where applicable to the means of Transport, signs warning "Transport of Hazardous Radioactive Materials" clearly visible for at least two hundred fifty (250) feet and, where applicable to the type of said vehicle, shall have its headlights on at all times while in transit within San Francisco.

4. A vehicle engaged in said Transport through San Francisco via a surface route shall be immediately preceded by a City law enforcement escort vehicle and, where the vehicle engaged in said Transport contains "special nuclear material," as said material is defined by relevant federal laws and regulations, then it shall be immediately preceded by a City emergency vehicle carrying all proper equipment and personnel necessary to respond effectively to an accident involving release of said material.

5. Fees to reimburse the City for the costs of enforcing this Section shall be assessed to each aforesaid Person. Said fees shall be in addition to any fees imposed under the authority of Subsection 10.116(E).

B. It shall be unlawful to Transport through the Port of San Francisco spent nuclear fuel, plutonium in any form, or Hazardous Radioactive Materials classified as "Fissile III" under the applicable federal regulations in effect as of the effective date of this Act. Furthermore, the Port Commission of the City shall issue no permit to dock or otherwise utilize a facility of the Port of San Francisco to a vessel having Nuclear Reactors or to a vessel normally considered capable of carrying Nuclear Weapons, except where, in the case of a Nuclear Weapons-capable vessel that does not have Nuclear Reactors, said Port Commission has received official written assurance, at least ten (10) days in advance of the anticipated docking date of said vessel, that said vessel will not have Nuclear Weapons on board during its time in port in San Francisco. Said Port Commission shall utilize such independent means of verification as may be necessary to ensure full compliance with this Subsection.

C. It shall be unlawful to Transport through San Francisco International Airport spent nuclear fuel, plutonium in any form, or other Hazardous Radioactive Materials classified as "Fissile II" or "Fissile III" under the applicable federal regulations in effect as of the effective date of this Act.

D. Federal and state laws and regulations regarding Transport of Hazardous Radioactive Materials are hereby incorporated into this Act by reference. A violation of said laws and regulations shall therefore be punishable as a violation of this Act. The Board shall ensure that City law enforcement officials are informed and enforce said laws and regulations.

E. Where it finds such to be necessary for the proper maintenance of public health and safety or for the safeguarding of the economic wellbeing of the people of San Francisco, the Commission may apply Subsection 10.109(A) to the

(Continued on next page)
Transport of Hazardous Radioactive Materials in shipment quantities of less than five thousand (5,000) curies.

SECTION 10.110: HIGH-LEVEL HAZARDOUS RADIOACTIVE MATERIALS
A. No person shall use, within San Francisco, High-Level Hazardous Radioactive Materials for any purpose or in any way, including, but not limited to, reprocessing, dumping, incineration, storage, creation of, or operation of facilities utilizing, said High-Level Hazardous Radioactive Materials, except that any such use of High-Level Hazardous Radioactive Materials that is taking place as of the effective date of this Act shall be phased out over a two (2) year period in accordance with Subsection 10.110(C). For the purposes of this Act, facilities utilizing High-Level Hazardous Radioactive Materials shall be taken to include, but not be limited to, Nuclear Reactors and Food Irradiation Plants.

B. The Commission shall hold at least one (1) hearing annually on the subject of threats to San Francisco from Nuclear Reactors and other facilities utilizing High-Level Hazardous Radioactive Materials, both within San Francisco and in the region adjacent to San Francisco, and shall issue a report to the public as to said threats, their potential consequences and the adequacy of emergency plans addressing accidents that may occur at said facilities. The Commission shall then make recommendations to the people of San Francisco and to the Board as to actions they may take to reduce said threats.

C. All use of High-Level Hazardous Radioactive Materials that is occurring within San Francisco as of the effective date of this Act is prohibited commencing two (2) years after said date. The Commission shall develop, within one (1) year after said date, a High-Level Hazardous Radioactive Materials facilities conversion plan in a manner similar to that of the Nuclear Weapons Work conversion plan of Subsection 10.104(B), except that any use of High-Level Hazardous Radioactive Materials that continues after said two (2) years shall be subject to the sanctions of Subsection 10.116(H).

D. It shall be the policy of the City to minimize or, if feasible, eliminate purchases of electrical power from sources that utilize Nuclear Reactors to generate all or part of said power. The Commission shall hold hearings and make recommendations to the Board as to the use and development of alternative non-Nuclear Reactor-related sources for electrical power.

SECTION 10.111: LOW-LEVEL HAZARDOUS RADIOACTIVE MATERIALS
This Act shall not be construed to prohibit or restrict the use or Transport of Low-Level Hazardous Radioactive Materials, except that incineration or other permanent disposal of said Low-Level Hazardous Radioactive Materials shall be prohibited within San Francisco, and excepting, consistent with Subsection 10.109(A), said Transport in shipment quantities of five thousand (5,000) or more curies. Furthermore, consistent with Section 10.112(A), the designated City agency shall monitor said use and Transport, and shall report and make recommendations to the Commission as to measures to reduce the impact of same on the health and safety of the people of San Francisco.

SECTION 10.112: RADIOLOGICAL HEALTH MONITORING
A. The Board shall designate a City agency to coordinate the independent monitoring of the use and Transport of all Hazardous Radioactive Materials, including Nuclear Weapons, within or adjacent to San Francisco. Said monitoring shall include the use of Radiation detectors to monitor, both directly and by atmospheric sampling, facilities engaged in such activities. All other City agencies responsible for the maintenance of public health and safety shall cooperate with said designated agency in assessing the adequacy of the safety and notice provisions of Sections 10.109, 10.110, 10.111, and 10.113, and of other relevant City laws and regulations, with respect to any and all affected activities taking place within San Francisco, instituting corrective measures, including the development of emergency plans, as may be necessary to accomplish the purposes of this Act, and reporting annually to the Board and to the Commission as to compliance with said provisions, laws and regulations. Said agency shall coordinate its activities with agencies having similar responsibilities in cities, counties and other appropriate jurisdictions in the region adjacent to San Francisco.

B. The Commission shall seek funding for studies, to be undertaken at no cost to the City, on the impact that radiological operations conducted in and around San Francisco have had and continue to have on the health of the residents of areas adjacent to said operations, and on the general impact of said operations on the environment of San Francisco. The subjects of said studies shall include, but not be limited to, the operation of the Naval Historical Laboratory at Hunters Point Naval Shipyard, the decontamination of nuclear test target and observation vessels at Hunters Point Naval Shipyard from 1946 through 1962, the disposal of radioactive waste near the Farallon Islands from 1946 through 1972, and the repair at Hunters Point Naval Shipyard of vessels carrying Nuclear Reactors.

SECTION 10.113: IRRADIATED FOOD LABELING
A. Subsections 10.113(B), (C) and (D) shall be enforced if and only if the Commission determines by a vote of at least two-thirds (2/3rds) that the importation of Irradiated Food into San Francisco and its distribution for consumption therein, including the Commission's receipt of a complaint or other information concerning such importation and distribution, constitutes a public health hazard. The Commission may at its discretion subsequently hold a hearing and hold in abeyance enforcement of any or all of the provisions of Subsections 10.113(B) and (C) if it determines by a majority vote that said importation or distribution has ceased or become insignificant. The City agency designated to coordinate radiological health monitoring in accordance with Section 10.112(A) shall monitor any importation of Irradiated Food into San Francisco and its distribution for consumption therein, ensure that the Commission is kept informed of the status of said importation and distribution, and advise the Commission as to when said importation and distribution may constitute a public health hazard.

B. Irradiated Food Notices and Signs:
1. No Food Outlet within San Francisco shall distribute Irradiated Food unless said Irradiated Food is displayed with a prominent notice in the form of a label, tag or sign, said notice to read, "Irradiated Food: Treated With Radiation." Said notice shall also identify the Irradiated Food to which it applies and shall be attached as appropriate to said Irradiated Food, to shelves, displays, individual containers, menus, price display boards, or in other ways, but in any case so as to be prominently visible to the consumer. The City shall make available to all affected Food Outlets that so desire shelf signs to serve as said notices. Other types of said notice shall be supplied by said Food Outlets themselves, except that the design of said other types shall be subject to approval by the City.

2. All Food Outlets within San Francisco shall post and maintain signs detailing the concerns and requirements of this Section, including, but not necessarily limited to, a description of the form of the notices required by Paragraph 10.112(B)(1), the requirements of Paragraph 10.113(C)(1), the number of the Hotline required by Paragraph 10.113(C)(2), and a statement to the effect that all Persons having knowledge of Irradiated Food being provided in violation of this Section should inform the City by calling said Hotline. Said signs shall be no less than one (1) foot by two (2) feet in size, shall be posted in a prominently visible location, and shall be supplied to Food Outlets by the City.

3. A Food Outlet shall become exempt from Paragraphs 10.113(B)(1) and (2) if and when the proprietor thereof files a notarized affidavit with the City to the effect that said Food Outlet does not know or have knowledge, and will never have or his knowledge, stack or distribute Irradiated Food, that she or he will immediately and always remove from said Food Outlet any Irradiated Food found therein, and that said Food Outlet shall remain so exempted as long as said proprietor acts in accordance with said affidavit. Upon said Food Outlet having being so exempted, said proprietor shall provide, post and maintain therein, in a location prominently visible to the public, a sign giving notice that said Food Outlet is so exempt and listing the conditions thereof as stated in this Paragraph. The design and exact wording of said sign shall be subject to approval by the City.

C. Implementation:
1. The City shall seek to identify an ongo-
LEGAL TEXT OF PROPOSITION E (Continued)

ing basis all Irrigated Foods available to Food Outlets within San Francisco, shall maintain a list of such Irrigated Foods as are known to it, and shall, from time to time as said list changes, disseminate said list to the proprietors of said Food Outlets. Said proprietors, as in the normal course of business they become aware of items of Irrigated Food not then on said list, shall post notices on or near said items in the manner prescribed by Paragraph 10.119(D)(1) and immediately inform the City as to the presence within San Francisco of said Irrigated Food.

2. An Irrigated Food Hotline shall be established and maintained by the City, and shall be available for Persons to call in order to obtain information as to the requirements of this Section or to receive from Persons information as to alleged violations of this Section. Said Hotline shall be placed into operation within thirty (30) days after the Commission has acted to require enforcement of this Subsection and Subsection 10.113(B) and (D).

D. Enforcement:

1. During periods when this Subsection and Subsections 10.113(B) and (C) are enforced, the Commission shall hold hearings annually, or more often as necessary to the proper implementation of this Subsection, to assess the adequacy of the implementation and enforcement of said Subsections, to maximize public awareness, and to develop specific proposals for further action.

2. Notwithstanding any other provision of this Act, violations of Subsections 10.113(B) and (C) shall be treated in the same manner as violations of the California Uniform Retail Food Facilities Law (California Health and Safety Code Sections 27500 et seq.).

3. Any interested Person may seek, by action of a court of competent jurisdiction, an injunction or other order requiring that Subsections 10.113(B) and (C) be enforced with respect to a particular Food. Said injunction or order may be directed to the City, or to any owner, manager or proprietor of any Food Outlet found to be in violation.

SECTION 10.114: PEACE EDUCATION

A. The Commission shall develop, in cooperation with other City agencies, literature and other relevant materials for the purpose of disseminating to the people of San Francisco information about this Act and its purposes, including the issues, threats, and solutions addressed by this Act, and in particular shall develop and disseminate information allowing San Francisco residents to make specifically non-Nuclear Weapons-related as well as overall socially responsible investment and purchasing choices consistent with the plan developed in accordance with Subsection 10.104(D).

B. Every road, including interstate highways, entering San Francisco, and every other major transportation facility, which, as of the effective date of this Act, has a sign marking the San Francisco City limit or a similar sign indicating entry into San Francisco, or where a new San Francisco City limit sign or similar sign is replaced subsequent to said date, shall also be marked with a sign, of at least equal size, reading "Nuclear Free Zone, established by San Francisco Initiative Charter Amendment, 1990," and prominently displaying the standard yellow and black symbol for Radiation canceled with a red circle and red diagonal bar. The letters spelling out "Nuclear Free Zone" on said signs shall be at least five (5) inches in height, or proportionally larger in the case of signs larger than the two (2) foot by three (3) foot minimum size, and the required symbol shall be at least fifteen (15) inches in diameter, or proportionally larger in the case of larger signs. Said signs shall be posted within one hundred twenty (120) days of said date, shall be at least two (2) feet by three (3) feet in size and shall be maintained with at least the same standard of care as San Francisco City limit signs. Such signs shall also be prominently posted at the main entrances to major City office buildings, in the Board chambers, in the offices of the Mayor and the Chief Administrative Officer, in each of the terminals of the San Francisco International Airport, and in each major transportation facility through which large numbers of people enter San Francisco, including, but not limited to, Bay Area Rapid Transit (BART) stations, the Transbay Terminal, the Caltrain station and the Ferry Building.

C. The Commission shall establish one (1) or more working committees for the purpose of developing peace curricula suitable for use by all schools within San Francisco. In establishing said committees as well as in otherwise complying with this Subsection, the Commission shall solicit the participation of students, teachers and members of the public from each school district within San Francisco, and in particular shall cooperate with the San Francisco Board of Education and the San Francisco Community College District Board. Said curricula shall:

1. Emphasize not only peaceful goals but peaceful processes, with an emphasis on teaching peaceful means of interaction through cooperative education, conflict resolution and critical thinking;

2. Address peace-related issues on the macroscopic level of the mechanisms, causes and consequences of global violence and militarism, and on the microscopic level of attitudes and patterns of behavior in daily life that form larger societal patterns of response that in turn can result in such global problems;

3. Emphasize that cooperation and understanding among diverse cultures is essential to world peace;

4. Seek to develop in students an awareness of their relationship to the formation of public policy and, as befits citizens in a democracy, of their capability to affect the formation of public policy;

5. Involve all schools within San Francisco, public and private, at the preschool, elementary school, junior high school, high school, community college, college and university levels;

6. Include the development of peace-related courses that can be taken for credit, as well as essay and art workshops, including workshops to create posters suitable for publication and distribution to the public by the Commission, conducted so as to foster both awareness of peace-related issues and proper use of the principles of peaceful interaction; and

7. Include discussion of the issues, threats and solutions addressed by this Act.

D. The Commission shall designate, within one hundred twenty (120) days of the effective date of this Act, an appropriate San Francisco park as the "San Francisco Peace Park." Said park shall be suitable for Hiroshima/Nuclear Free Zone Commemoration Day observances as well as other activities relating to peace education.

SECTION 10.115: HIROSHIMA/NUCLEAR FREE ZONE COMMEMORATION DAY

August 6th of each year shall be "San Francisco Hiroshima/Nuclear Free Zone Commemoration Day" and shall be observed within San Francisco each year in memory of the first use of a Nuclear Weapon against a civilian population. The Commission shall develop and promulgate a suitable educational program to take place each year in relation to said date. Said educational program shall involve to the greatest extent possible local, national, and international cooperation with other jurisdictions and citizen groups holding similar observances.

SECTION 10.116: GENERAL ENFORCEMENT PROVISIONS

A. The Board, the Commission and all other City agencies and officials having responsibility for implementation and enforcement of this Act shall protect the legal rights, including, but not limited to, the right to due process, of all Persons subject to this Act.

B. This Act shall be enforced to the full extent of the authority and jurisdiction of the City. The act of contesting said authority and/or jurisdiction shall not constitute, in and of itself, grounds for exemption from this Act.

C. Each violation of this Act shall be punishable by the maximum penalty for a misdemeanor. Each day shall be deemed a separate violation. D. Any resident of San Francisco shall have the right to enforce this Act by bringing civil action for declaratory or injunctive relief. A prevailing plaintiff shall be awarded reasonable costs of suit and attorney's fees.

E. The Commission shall recommend to the Board, which then may direct the assessment, of appropriate and reasonable fees toward the implementation of this Act, said fees to be levied on Nuclear Weapons Makers or other Persons engaged in major activities within the scope of this Act.

F. It shall be unlawful for an employee, official, or representative of the City, when acting in her or his official capacity, to solicit, encourage, facilitate or otherwise cooperate in, an activity proscribed or scheduled to be proscribed by this Act, or to expend, utilize or authorize the expenditure or utilization of Public Funds, property, employees or other resources in support of said activity or in support of the arrest, incarceration or harassment of members of the public engaged in non-violent civil disobedience intended to impede or disrupt Nuclear
E. It shall be the policy of the City to oppose actively the development, deployment, and use of Nuclear Weapons and other aspects of the nuclear fuel cycle as proscribed by this Act. The people of San Francisco therefore call upon San Francisco’s representatives in the United States Congress and in the California Legislature to take positions and cast votes consistent with said policy and this Act generally.

F. The people of San Francisco call upon the United States Congress to repeal the Price-Anderson Act, which severely limits the nuclear industry’s liability for damages arising from its own shortsightedness, greed and incompetence, and to properly establish and then protect the right of all Persons to sue and obtain full compensation for damages arising from exposure, accidental or intentional, to Radiation or Hazardous Radioactive Materials.

SECTION 10.118: DUTIES OF BOARD OF SUPERVISORS

In addition to its duties as specified elsewhere in this Act, the Board shall:
A. Appropriate such funds as may be necessary to ensure that the Commission’s staff has sufficient compensation and office space, that the Commission is able to properly carry out its responsibilities under this Act, and that other City officials and staff are able to carry out properly their responsibilities under this Act;
B. Ensure that all affected members of the City staff are familiar with this Act and that they cooperate with the Commission in the discharge of its responsibilities;
C. Require that any state-level and federal-level lobbyists retained by the City cooperate with the Commission in developing a lobbying program consistent with the purposes of this Act; and
D. Until such time as the Commission takes office, act in its place, carry out its duties and exercise its powers as required by this Act.

SECTION 10.119: NUCLEAR FREE ZONE IMPLEMENTATION COMMISSION

A. A San Francisco Nuclear Free Zone Implementation Commission of nine (9) members shall be elected to carry out the tasks established for it by this Act, as well as any other tasks consistent with the intent of this Act, if any, subsequently established for it by the voters or by the Board.

B. Elections, Qualifications, Vacancies, Chair, and Quorum:

1. Commission elections shall be held in the same manner and at the same times as those of the Board. Except for the initial terms as prescribed by Paragraph 10.119(B)(2), and for appointments to vacant seats and special elections as prescribed by Paragraph 10.119(B)(4), the regular full terms of office for Commissioners shall be the same as those specified for Supervisors and this Act generally.

2. An initial election for all nine (9) Commissioners shall be held at the first regularly scheduled primary or general election held after the effective date of this Act. The Commissioners so elected shall take office immediately upon certification of the results of the election, with the term of office of each of the four (4) Commissioners receiving the highest number of votes to expire after the November 1994 regular election for Supervisor held in November of 1994 and the term of office of each of the five (5) Commissioners receiving the least number of votes to expire after the November 1992 regular election for Supervisor.

3. Qualifications for office for Commissioners shall be the same as those specified for Supervisors.

4. A vacant seat on the Commission shall be filled temporarily by an appointee selected by majority vote of the remaining Commissioners, said appointee then to be replaced by means of a special election to be held at the next regularly scheduled primary or general election, with the Commissioner so elected to take office immediately upon certification of the results of said election and to serve out the remaining portion of the term.

5. The Commissioners shall elect from among their number a Chair to be presiding officer of the Commission. The term of office of said Chair shall be no more than one (1) year and shall expire at the end of the calendar year in which the Chair sits.

6. A quorum for decisions of the Commission shall be a majority of the Commissioners then holding office, except that a smaller number may vote to adjourn meetings.

C. In addition to those powers and duties specifically granted it elsewhere in this Act, the Commission shall have the following general powers and duties:

1. The Commission shall be the coordinating agency of the City and County as regards implementation of this Act and shall possess general authority to hold hearings, call witnesses, and make recommendations to the Board and to the people of San Francisco in furtherance of the purposes of this Act.

2. The Commission shall formulate rules for its own procedures and other rules as necessary to facilitate implementation of the provisions of this Act for which the Commission is responsible. In formulating said rules, the Commission shall hold hearings in order for members of the public as well as members of the City staff to have a full opportunity to advise the Commission as to their views on said rules.

3. The Commission shall be a working body. Each Commissioner shall therefore participate fully in the work of the Commission, meeting as often as necessary and undertaking such work outside Commission meetings as may be required to fulfill her or his duties as a Commissioner.

4. A majority of the Commission may place ballot measures before the voters in regularly scheduled general and primary elections where the subject matter of such measures directly relates to the subject matter of this Act. In acting to place such measures on the ballot, the Commission shall otherwise be bound by the same deadlines and requirements as the Board.

5. The Commission shall develop and maintain contacts with similar bodies in other Nu-
clear Free Zone jurisdictions for the purpose of sharing information and developing opportunities for mutual action.

6. The Commission shall seek to develop sister relationships with Nuclear Free Zone jurisdictions in other countries and may sanction such relationships on behalf of the City.

7. The Commission may apply for, receive and expend supplementary funding grants from private and public sources.

D. Consistent with the principle of maximizing public participation in Commission activities, the Commission shall establish advisory committees and task forces and shall provide for full participation of the public in the functions of such bodies.

E. The positions of Executive Secretary and Administrative Assistant to the Commission shall be appointed and removed by the Chair of the Commission with the approval of a majority of the Commission. Remuneration for the positions shall be established consistent with the relevant laws of the City. The Administrative Assistant and any other staff personnel shall be under the immediate direction and supervision of the Executive Secretary. The Executive Secretary shall also be known as the San Francisco Nuclear Free Zone Implementation Officer. Except as allowed by Subsection 10.119(F), any additional staff shall be provided only upon a specific request of the Commission to the Board and upon a finding by the Board that such additional staff is necessary to the proper execution of the responsibilities of the Commission as explicitly described in this Act, or of specific additional responsibilities subsequently established for the Commission by the Board or the voters.

F. The Commission may request and, subject to the approval of the Board, receive from any City agency, board or officer such personnel, information, services, facilities and/or any other temporary assistance as may be necessary to furthering the purposes of this Act, and the affected agency, board or officer shall, where feasible, promptly comply.

G. Commissioners shall receive no salary for holding office, except that they shall receive fifteen dollars ($15.00) in expenses for each Commission meeting attended; provided, however, that no member shall be paid for attending more than four (4) Commission meetings in any one (1) calendar month. In addition, the Board may approve additional reimbursement for Commissioners who encounter extraordinary expenses in attending meetings. Said expenses shall include the cost of child care.

H. Except where the voters, the Board, the Mayor or the Chief Administrative Officer may choose to delegate such, the Commission shall possess no legislative or administrative powers not specifically granted it by this Act.

SECTION 10.120: EXEMPTED ACTIVITIES

Nothing in this Act shall be construed to:

A. Affect any research, study, evaluation or teaching of or about Nuclear Weapons Work where said research, study, evaluation or teaching is unclassified;

B. Affect any secret or otherwise classified research, study, evaluation or teaching of or about Nuclear Weapons Work where the classified portion (or portions) of said research, study, evaluation or teaching is (or are) limited to the permanent dismantling or conversion to peaceful, productive purposes of Nuclear Weapons Work, the verification of arms reduction or test ban treaties, or environmental and/or health monitoring of Nuclear Weapons Work;

C. Affect any construction or operation of particle accelerators or of any related equipment, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111;

D. Affect any construction or operation of experimental Nuclear Reactors operating solely on the fusion principle, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111;

or

E. Require any illegal act, infringe upon the rights guaranteed by the United States Constitution or by the California Constitution, interfere with the powers of Congress to provide for the common defense and regulate interstate transportation, violate any provision of any treaty or other instrument duly ratified by Congress and thus having status under Section VI of the United States Constitution as the "supreme law of the land," require the violation of fiduciary duties on the part of any City employee, or rescind or require the violation of any Public Contract made before the effective date of this Act.

SECTION 10.121: DEFINITIONS

The following words and phrases shall have, as they are used in this Act, the following specified meanings:

A. "Act" shall mean this Article, Article X ("Nuclear Free Zone") of the City Charter as enacted by the San Francisco Nuclear Free Zone Implementation Act of 1990.

B. "Affiliate" shall mean either of two (2) Persons, where a Person owns part or all of a second Person, by means of stocks, equities other than stock, or other means, thus enabling the first Person to influence or control the business affairs of the second Person. A Person shall be deemed conclusively to influence or control the business affairs of any other Person if the first Person owns or has the power to vote more than fifty percent (50%) of any class of voting securities of the second Person, or if the first Person holds a sufficient amount of the debt of the second Person such that the first Person influences or controls the business affairs of the second Person to the same degree as if the first Person owned or had the power to vote more than fifty percent (50%) of any class of voting securities of the second Person. There shall be a rebuttable presumption that a Person influences or controls the business affairs of any other Person if the first Person owns or has the power to vote at least twenty-five percent (25%), but not more than fifty percent (50%), of any class of voting securities of the second Person, or if the first Person controls the election of a majority of the directors of the second Person. There shall be a rebuttable presumption that a Person does not control or influence the business affairs of any other Person if the first Person owns or has the power to vote less than twenty-five percent (25%) of any class of voting securities of the second Person, or if the first Person does not control the election of a majority of the directors of the second Person. (The Commission may add to or refine this definition in accordance with Paragraph 10.107(C)(8).)

C. "Board" shall mean the Board of Supervisors of the City.

D. "Chief Administrative Officer" shall mean the Chief Administrative Officer of the City.

E. "City" shall mean the government of the City and County of San Francisco, or any department, board, commission, agency or duly authorized official thereof.

F. "Commission" shall mean the Nuclear Free Zone Implementation Commission of the City.

G. "Commissioner" shall mean a member of the Commission.

H. "Contracting Officer" shall mean any officer, employee or properly designated representative of the City who has been duly authorized to make Public Contracts on behalf of the City.

I. "Food" shall mean any article used or intended for use by human beings as food, drink, confection, condiment, or chewing gum, or any component thereof, and shall include any Food Additive.

J. "Food Additive" shall mean any substance, the intended use of which results or may reasonably be expected to result, directly or indirectly, in such substance becoming a component or ingredient of Food or otherwise affecting characteristics of Food.

K. "Food Irradiation Plant" shall mean any facility used for the irradiation of Food by means of exposure to Radiation from radioactive isotopes.

L. "Food Outlet" shall mean any grocery store, Food market, bakery, restaurant, or any similar retail establishment that has as its purpose the sale, display for sale or other distribution to the public of Food.

M. "Hazardous Radioactive Material" shall mean any Radiation-emitting substance, including, but not limited to, any radioactive isotope, or any material containing any radioactive isotope, resulting from the operation of, or intended for use in, Nuclear Reactors or Nuclear Weapons; the refined products of spent Nuclear Reactor fuel that are themselves radioactive; the radioactive components of Nuclear Reactors, or of any device or component of a device that has been used to contain or process radioactive isotopes and is itself radioactive; any radioactive ore or the refined radioactive product of said ore where said ore was mined in order to extract any radioactive isotope; or the tailings or similar debris resulting from the mining of uranium or other radioactive elements.

N. "High-Level Hazardous Radioactive Material" shall mean any spent or irradiated (Continued on next page)
LEGAL TEXT OF PROPOSITION E (Continued)

Nuclear Reactor fuel; fuel segments that have been irradiated in a Nuclear Reactor; any substance containing measurable traces of plutonium or any other transuranic element; or any discrete quantity of a radioactive substance where said quantity emits Radiation equal to or greater than five thousand (5,000) curies; but shall not mean any radioactive substance defined by this Act as a Low-Level Hazardous Radioactive Material, regardless of quantity.

O. "Irradiated Food" shall mean any Food that has been exposed to Radiation, or any Food, including, but not limited to, packaged or processed Foods, containing any Food Additive or ingredient that has been exposed to Radiation, in a Food Irradiation Plant.

P. "Loans" shall mean monies lent at interest, the provision of lines of credit, or loans made by participants in lending consortia.

Q. "Low-Level Hazardous Radioactive Material" shall mean any Hazardous Radioactive Material not defined to be High-Level Hazardous Radioactive Material; any Hazardous Radioactive Materials used in research related to and/or any applications of nuclear medicine (including dental, veterinary and related applications); or any Hazardous Radioactive Materials used in smoke detectors, light-emitting watches and clocks, industrial tracer and X-ray processes, biological research and/or other similar applications.

R. "Mayor" shall mean the Mayor of the City.

S. "Military Spending" shall mean all spending for military functions, both offensive and defensive, including, but not limited to, direct expenditures for the Department of Defense; military-related portions of outlays for veterans benefits; international security assistance and similar programs; military-related portions of the budgets of the Department of Energy, National Aeronautics and Space Administration, the Central Intelligence Agency, the Coast Guard, the National Security Agency, and similar agencies; and interest on the public debt resulting from past expenditures for the foregoing categories.

T. "Nuclear Reactor" shall mean any device designed for the controlled, non-explosive release of energy from the fission of atomic nuclei.

U. "Nuclear Weapon" shall mean any device capable of being used for the explosive release of energy from the fission and/or fusion of atomic nuclei; or any system, mechanism or software for transporting, containing, deploying, guiding, propelling, triggering, launching, delivering, or detonating such a device; or any part or component of such a device, or of such a system or mechanism, where said part or component contributes to the normal operation of such a device, or of such a system or mechanism, or of any combination of such devices, or such systems or mechanisms, except where said part or component has a use (or uses) unrelated to Nuclear Weapons compared to which the Nuclear Weapons-related use (or uses) of said part or component is (or are) merely minor and incidental.

V. "Nuclear Weapons Maker" shall mean any Person that is engaged in Nuclear Weapons Work, either directly or through an Affiliate, or that has a contract or other agreement to engage in Nuclear Weapons Work.

W. "Nuclear Weapons Work" shall mean any activity involving the design, development, production, testing, storage, possession, maintenance, refurbishing, dismantling for reuse, evaluation of or research on Nuclear Weapons; or any management, administration or other operation of such activity; or any contract or other agreement to engage in such activity or in any management, administration or other operation of such activity.

X. "Person" shall mean any natural person, business or corporation, association, college or university, laboratory, institution, financial institution, governmental agency, or other entity.

Y. "Product" shall mean any good, commodity, computer program, material, copyrighted matter, supply, vehicle, machinery, and/or equipment, or any service.

Z. "Product of a Nuclear Weapons Maker" shall mean any Product manufactured, produced, grown, obtained from or provided by a Nuclear Weapons Maker, or to which further work or material manufactured, produced or grown by a Nuclear Weapons Maker is added such that a substantial transformation of the Product is effected.

AA."Public Contract" shall mean any agreement, oral, written or implied, made on behalf of or by the City, or by the City on behalf of any other Person, to receive, supply or use, or any actual receipt, supply or use of, any Product of any value.

BB."Public Funds" shall mean all monies or other assets received, disbursed and/or managed by, or that are otherwise under the control of, the City, and any notes, bonds, securities, certificates of indebtedness or other fiscal obligations issued by the City, but shall not mean pension funds.

CC."Purchasing Agent" shall mean the Purchasing Agent of the City.

DD."Radiation" shall mean gamma rays and X-rays; alpha and beta particles, high speed electrons, neutrons, protons, and other nuclear particles; but not sound or radio waves, microwaves, infrared, visible, or ultraviolet light, or any electromagnetic emission of wavelength longer than that of X-rays.

EE. "San Francisco" shall mean the geographical area constituting the jurisdiction of the City, including the waters of the Pacific Ocean and San Francisco Bay that fall within the borders of San Francisco.

FF. "Supervisor" shall mean a member of the Board.

GG."Transport" shall mean any movement by any type of vehicle over land or water, or through the airspace over said land or water.

HH."Treasurer" shall mean the Treasurer of the City.

II."Vendor" shall mean any Person having or seeking to obtain a Public Contract.

SECTION 10.122: EFFECTIVE DATE

Unless otherwise specified in this Act, this Act shall take effect immediately upon the date it is accepted for filing by the California Secretary of State. No Person shall commence, on or after said date, any activity prohibited or scheduled to be prohibited by this Act.

SECTION 10.123: EFFECT ON OTHER CITY LAWS

This Act shall not be construed to bar the enforcement of any existing City ordinances or regulations where the subject matter of said ordinances or regulations is wholly or partly the same as that of this Act, or to bar the enactment of any future such City ordinances or regulations, if the effect of said existing or future City ordinances or regulations is to extend or strengthen the ability of the City to enforce this Act.

SECTION 10.124: STATUS OF EXISTING CHARTER PROVISIONS

Any provision of the City Charter that is in effect prior to the effective date of this Act that conflicts in any way with this Act is hereby declared to be amended by inference. No such existing provision of said Charter shall be construed to affect the application of this Act in a manner inconsistent with this Act.

SECTION 10.125: CONSTRUCTION OF NO- MENCLATURE

The titles, headings and other nomenclature used to describe the contents of the various parts of this Act are meant only as a guide to said contents and shall not be construed to affect the meaning or application of said parts.

SECTION 10.126: RECODIFICATION

Articles X and XI of the City Charter as they exist prior to the date of passage of this Act shall be respectively renumbered Articles XI and XII. This Act shall then become a new Article X.

SECTION 10.127: SEVERABILITY

If any section, subsection, paragraph, subparagraph, clause, sentence, or word of this Act is held unconstitutional or otherwise invalid, either on its face or as applied, the invalidity of said part or application thereof shall not affect the validity of the other parts of this Act, or the applications thereof; and to that end the parts and applications of this Act shall be deemed severable. It is hereby declared, notwithstanding any finding that a part or application of this Act is unconstitutional or otherwise invalid, that each of the parts of this Act would have been enacted separately.
PROPPOSITION F
Shall the Board of Supervisors be allowed to contract with the California Public Employees’ Retirement System to allow Airport Police to retire at age 50 with full benefits, even if there is a net increase in cost to the City?

YES 300
NO 301

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: A 1983 charter amendment allows the Board of Supervisors to contract with the State’s Public Employees’ Retirement System ("PERS") to transfer certain types of City Safety Officers from the City’s Retirement System to PERS, provided there is no net cost increase to the City. Under this charter amendment, the contracts for safety officers in most eligible groups allow those officers to retire at age 50 with full benefits. The current contract between the City and PERS allows Airport Police to retire at age 55 with full benefits. This contract could be changed to allow retirement for Airport Police at age 50 with full benefits only if there was no net cost increase to the City.

THE PROPOSAL: Proposition F is a charter amendment that would allow the Board of Supervisors to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A “YES” VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A “NO” VOTE MEANS: If you vote no, you do not want the Board of Supervisors to be able to contract with PERS to change the Airport Police retirement plan unless there is no net cost increase to the City.

Controller’s Statement on “F”

Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there would be a cost effect, the amount of which cannot be determined at this time, but should not be substantial.

How Supervisors Voted on “F”

On July 23, 1990, the Board of Supervisors voted 11-0 on the question of placing Proposition F on the ballot. The Supervisors voted as follows:

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROPOSAL'S ARGUMENT IN FAVOR OF PROPOSITION F

Proposition F will correct an inequity among several of the City’s safety officers. Currently non-uniformed and custodial officers (Sheriff’s Deputies, D.A. Investigators and Probation Officers) receive a higher retirement benefit than uniformed peace officers assigned to San Francisco International Airport. Proposition F will correct this situation by allowing the Board of Supervisors to contract with the Public Employees Retirement System (P.E.R.S.) to allow Airport Police Officers to receive retirement benefits equal to fellow San Francisco safety officers.

The P.E.R.S. Retirement System has been a cost effective retirement alternative for safety employees. It is anticipated that this cost effectiveness will continue in the future. Proposition F is a fair alternative for the City and the peace officers who serve and protect at one of the world’s largest and busiest airports. It should be remembered that Airport Police funding is derived from Airport revenue funds and not the general fund.

Vote Yes on Proposition F. Equal benefits for Airport Safety Officers.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

No Opponent’s Argument Was Submitted Against Proposition F
No Rebuttals Were Submitted on Proposition F

PAID ARGUMENTS IN FAVOR OF PROPOSITION F

Vote Yes on F! It’s simple, fair and just for our airport police. Carole Migden
Candidate, Board of Supervisors

In 1983, you, the voters of San Francisco overwhelmingly approved a measure which allowed the Board of Supervisors to contract with the State Public Employees Retirement System (PERS).

The intent of this legislation was to allow comparable retirement benefits for the Airport Police and other miscellaneous Safety Employees as that given to the San Francisco Deputy Sheriffs and Harbor Police. Unfortunately, this did not occur. The Airport Police were given an inferior 2nd tier benefit plan.

The passage of Proposition F would correct this inequity and provide equal benefits. The PERS system has proven to be cost effective and has resulted in surplus which has saved the City over $23,000,000.00 since 1988.

We would appreciate your yes vote on Proposition F.

San Francisco Airport Police Officers Association
John Scully, President
David Ross, Vice-President
Joseph Reilly, Board Member

To keep good officers working for us, San Francisco Airport Police must be granted the same retirement benefits as police in other Departments.

Public safety demands it!

Vote “Yes” on “F”!

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

In 1985, the San Francisco Airport Police, along with some non-uniformed law enforcement classifications, transferred into the Public Employee’s Retirement System (PERS). Since joining PERS, it has cost the City less money to provide retirement benefits for these employees. Because of this transfer, the City has been able to save money every year since 1985. These savings are anticipated to continue in future years.

At the time of the original transfer, the voters intended that the retirement benefits be equal for all affected employees. The Airport Police, however, did not receive the same benefit as did the other law enforcement groups.

A YES VOTE ON PROPOSITION F will equalize retirement benefits for members of the Airport Police with those benefits currently received by non-uniformed law enforcement personnel. This equal benefit will be achieved with little or no cost to the City’s taxpayers.

VOTE YES ON PROPOSITION F.

Supervisor Jim Gonzalez
Supervisor Wendy Nelder

San Francisco needs a professional and stable workforce in the Criminal Justice System. Proposition F seeks to correct an inequity in retirement benefits for members of the San Francisco International Airport Police Department.

Presently, non-uniformed Investigators and Custodial Officers receive a better retirement package than uniformed Police Officers assigned to San Francisco International Airport. A “YES” vote on Proposition F would help correct this inequity in retirement benefits with little or no cost to the City or its taxpayers.

Vote yes on Proposition F.

Willie L. Brown, Jr.
Speaker of the Assembly

No Paid Arguments Were Submitted Against Proposition F

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

8.506-2 Miscellaneous Safety Employees

Notwithstanding any other provisions of this charter, the board of supervisors or the community college board shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the probation officers, police officers, district attorney and public defender investigators, coroner investigators, juvenile court counselors and institutional police shall be members of the public employees' retirement system, and the board of supervisors, the community college board and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

The power to contract created herein shall be limited to a contract with no net increase in cost to the City and County or the community college district.

Any person who shall become a member of the public employees' retirement system pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provision for participation in the benefits of the health service system by such person.

8.506-5 Airport Police

Notwithstanding any other provisions of this charter, the board of supervisors with at least nine affirmative votes shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the airport police officers who are members of the Retirement System’s “2%/age 55 plan” shall be transferred to the Public Employees’ Retirement System’s “2%/age 50 plan”. The board of supervisors and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

Any person who is a member of the Public Employees’ Retirement System pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provisions for participation in the benefits of the health service system by such persons.

LEGAL TEXT OF PROPOSITION H (Continued from page 126)

January 1, 1990 that new land use must meet the conditions set forth in this ordinance.

Section 6. — Definitions

a. "City agency or officer" means the Board of Supervisors, and all other city commissions, boards, officers, employees, departments or entities whose exercise of powers can be affected by initiative.

b. "Action" includes, but is not limited to:

1. amendments to the Planning Code, and Master Plan; 2. issuance of permits or entitlements for use by any City agency or officer; 3. approval, modification or reversal of decisions or actions by subordinate City agencies or officers; 4. approval of sales or leases pursuant to Section 7.402 and 7.402-1 of the Charter of the City and County of San Francisco; 5. approval of or amendments to Redevelopment Plans; and 6. any other action, including but not limited to projects as defined in Public Resources Code Section 21065.

c. "Waterfront" means land transferred to the City and County of San Francisco pursuant to Chapter 1333 of the Statutes of 1968, as well as any other property which is owned by or under the control of the Port Commission of San Francisco, and which is also in any of the following areas: 1. piers;

2. the shoreline band as defined in Government Code Section 66610(b), between the Golden Gate National Recreation Area and the intersection of The Embarcadero and Battery Street, except for the area south of Jefferson Street between Hyde Street and Powell Street.

3. the shoreline band as defined in Government Code Section 66610(b), in the area bounded by San Francisco Bay, Berry, Third, and Evans Streets, Hunter's Point Boulevard, and a straight line from the intersection of Hunter's Point Boulevard and Innes Avenue to the intersection of Carroll Avenue and Fitch Street; and

4. the area south of Pier 98 in which all new development is subject to the Shoreline Guidelines, as shown on Map 8 (Eastern Shoreline Plan) of the Recreation and Open Space Element of the San Francisco Master Plan, in effect as of January 1, 1990.

d. "San Francisco Bay" means the area defined in Government Code Section 66610(a) which is in the City and County of San Francisco, except for areas west of Third Street.

e. All references to public roads are to their alignments as of January 1, 1990.

f. "Hotel" means any use falling within the definition in Section 314.1(g) of the San Francisco Planning Code in effect as of January 1, 1990; any waterside hotel having docks to accommodate persons traveling by boat; or any facilities for providing temporary or transient occupancy. This shall not include boat berths which are provided for temporary moorage of boats.

Section 7. — Implementation

Within 180 days of the effective date of this ordinance, the City and County shall:

a. amend its Master Plan, Planning Code, and other relevant plans and codes in a manner consistent with this ordinance;

b. request and apply for conforming amendments to all applicable state and regional plans and regulations; and

c. begin preparation of the "Waterfront Land Use Plan" required under Section 2 of this ordinance.

Section 8. — Severability

If any portion of this ordinance, or the application thereof, is hereafter determined to be invalid by a court of competent jurisdiction, all remaining portions of this ordinance, or application thereof, shall remain in full force and effect. Each section, subsection, sentence, phrase, part, or portion of this ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or portions be declared invalid or unconstitutional.

Section 9. — Amendment and Repeal

No part of this ordinance or the amendments made pursuant to Section 7 hereof may be amended or repealed except by a vote of the electors of the City and County of San Francisco, except for those additional listings provided herein in Sections 3, 4, and 5.

Section 10. — Chaptering of this Ordinance

After the adoption of this ordinance the Clerk of the Board of Supervisors shall assign a Chapter number to this ordinance and shall renumber the sections of this ordinance in an appropriate manner.
PROPOSITION G

Shall the Adult Probation Officer be allowed to appoint a Confidential Secretary, who would serve at the pleasure of the Adult Probation Officer?

YES 302  ➡

NO 303  ➡

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Adult Probation Department supervises persons on probation in San Francisco. The Superior Court appoints the Adult Probation Officer, who manages the Department. All other employees of the Department are appointed and removed under the City's civil service system.

THE PROPOSAL: Proposition G is a charter amendment that would allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer, instead of being appointed and removed under the civil service system.

A "YES" VOTE MEANS: If you vote yes, you want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

A "NO" VOTE MEANS: If you vote no, you do not want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

Controller's Statement on "G"

Should the proposed charter amendment be adopted, in my opinion, in and of itself, it would not affect the cost of government. However, as a product of its possible future application, costs may increase or decrease in amounts which should not be substantial.

How Supervisors Voted on "G"

On July 9, 1990, the Board of Supervisors voted 9-2 on the question of placing Proposition G on the ballot.

The Supervisors voted as follows:

NO: Supervisors Harry Britt and Willie Kennedy.
PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION G

The charter amendment would establish the position of Confidential Secretary to the Chief Adult Probation Officer. The position would replace an existing Civil Service Executive Secretary position.

This change is needed because the Adult Probation Officer's secretary handles a large amount of sensitive and confidential material. Departmental employees undergo criminal record checks which are processed by the secretary. Probation officer applicants undergo psychological examination, and this material also crosses the secretary's desk. Furthermore, all personnel matters and all performance evaluations are processed and filed by the secretary.

Other criminal justice department heads, as well as many other City department heads, have confidential civil service exempt secretaries. Last year a charter amendment gave the Chief Probation Officer of the Youth Guidance Center six civil service exempt positions, of which one is the secretarial position.

The secretary functions as an extension of administration, handling many departmental matters independently during short absences of the Chief. She also represents the Chief at community and inter-agency meetings when the need arises.

Inasmuch as the Chief's job is not a straight 8:00 to 5:00, 40 hour work week job, neither is that of the secretary's. Thus, it is necessary that the secretary work extra hours. By making this a civil service exempt position, there also would be a cost savings to the City and County of San Francisco.

VOTE YES FOR PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Ayes: Supervisors Alioto, Gonzalez, Hallinan, Kennedy, Maher, Nelder and Ward.
Noes: Supervisors Britt and Walker
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION G

KEEP POLITICS OUT OF THE PROBATION DEPARTMENT

Excuses can always be invented to justify creation of non-civil service positions in city government.

Political figures love to have plenty of patronage jobs around to hand out to their friends.

A quick look at history teaches us the disastrous results of patronage employment:

(A) POOR CHOICES — Patronage appointees are usually chosen on the basis of personal friendships and chance political loyalties. Many "correct political choices" are real "duds" when it comes to serving the interests of the taxpayers and voters.

(B) HIDING INFORMATION — Patronage appointees, whose first loyalties are usually to those who gave them their jobs, often hide important information from the public. The political games that were played with investigations of failing savings and loans is a "horror story" that illustrates the problem.

(C) NOT ELECTED — Patronage appointees are not elected by the people or chosen by any sort of objective civil service standards. They are not answerable to us, but serve at the subjective pleasure of those who appointed them.

The Supervisors want you to create a new patronage position because the employee handles "confidential information." So does every police officer. So does every secretary at City Hall. Should all these positions be made patronage jobs, too? NO!!!

Vote "NO" on "G".

OPPONENT’S ARGUMENT AGAINST PROPOSITION G

“G” is “Grotesque.”

Proposition G is a grotesque measure that will cut a gaping hole in the fabric of our civil service system by creating a patronage position.

That’s right! Under Proposition G, a job will be taken out of civil service, allowing the employee to be judged — and hired and fired — on the basis of political criteria, rather than job performance.

Civil service “exemptions” mean more jobs for the politicians’ friends and fewer for competent employees.

But who’s surprised!

Proposition G was put on the ballot by the same Supervisors who raised our sewer service charges and parking charges.

The same Supervisors who imposed unnecessary taxes on small businesses.

The same Supervisors who had the chutzpah to demand a 70% pay raise last year.

The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.

The same Supervisors who fought the two-term limit tooth and nail.

Vote “Yes” on genuine political reform.

Vote “No” on waste and mismanagement in City government.

Vote “No” on patronage politics.

Vote “No” on “G”.

COMMITTEE FOR GENUINE POLITICAL REFORM
Alexa Smith, Treasurer
(Democratic Committeemember/BART Board Candidate)
Arlo Hale Smith, Chair
(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION G

Proposition G has absolutely nothing to do with favoritism or patronage politics. The sponsors of the argument against Proposition G are both running for public office and have grossly exaggerated the dimensions of the proposed charter amendment in order to enhance their own electoral appeal.

Proposition G would simply allow the Adult Probation Officer to entrust sensitive matters to a Confidential Secretary. There are at least ten other City departments that have a Confidential Secretary, including the District Attorney, the Public Defender and the Sheriff. It is particularly important for the City’s criminal justice agencies to have at least one such position because of the large volume of confidential material handled by these departments.

The opponents have completely ignored the substance of this measure and instead want you to believe that city officials are engaged in some sort of conspiracy against the public. The arguments they make against Proposition G have absolutely nothing to do with the measure itself.

We encourage you to read Proposition G and decide for yourself. This small change in the City Charter will go a long way to help the Adult Probation Officer run a more effective department.

VOTE YES ON PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.
PAID ARGUMENT AGAINST PROPOSITION G

We, the members of the San Francisco Probation Officers' Association, recommend a "NO" vote on Proposition G. The Chief Probation Officer has a private secretary now, whose position is under Civil Service. We are opposed to this position being taken out of the Civil Service System as we believe that it will cost the taxpayers more money and not provide the stability of assignment that the Civil Service appointment gives. We assert that the safety of the public would be better served with front line staff, Probation Officers and clerk typist clerical workers, if additional money can be allotted to the Adult Probation Department.

Respectfully submitted by the Membership and Officers of the San Francisco Probation Officers' Association.

Terry Twing, President
Frances Luster, Vice-President

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

4.105 Probation Boards.
The superior court judges of the city and county presiding in the department or departments for the hearing and disposition of criminal cases and disposition of criminal cases and proceedings shall, by order entered in the minutes of the court in the criminal department or departments thereof, appoint the adult probation officer.
The adult probation officer shall appoint such assistants, deputes and employees as may be allowed or provided by the board of supervisors. He or she shall appoint, and at his or her pleasure may remove, one confidential secretary.
The salaries of the adult probation officer and his or her assistants, deputes, and employees and confidential secretary shall be fixed by the board of supervisors in the same manner as for other officials and employees of the city and county.
The adult probation officer and his or her assistants and deputes shall have the powers conferred upon adult probation officers and their assistants and deputes by the laws of the State of California; and they shall perform all of the duties prescribed by such laws, and such additional duties as may be prescribed by ordinances of the board of supervisors.
The civil service provisions of this charter shall apply to and govern the assistants, deputes and employees of the adult probation officer and of the chief probation officer of the juvenile courts, except a confidential secretary of the adult probation officer. For purposes of this charter the adult probation officer shall be the appointing officer as to his or her assistants, deputes, and employees, and confidential secretary.
The pension and retirement provisions of this charter shall apply to and govern the adult probation officer and his or her confidential secretary, the chief probation officer of the juvenile court, their assistants, deputes and employees.
Waterfront Land Use Plan

PROPOSITION H

Shall the City be required to prepare a “Waterfront Land Use Plan,” shall hotels and other uses determined to be “Unacceptable Non-Maritime Land Uses” be prohibited on the waterfront and shall the City be prohibited from taking any action on certain types of new developments until this Plan is prepared?

YES 304

NO 305

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: Many types of uses, including hotels, are allowed on the San Francisco waterfront, with City approval and subject to certain laws.

THE PROPOSAL: Proposition H would require the City to prepare a “Waterfront Land Use Plan” which would govern any new uses on the waterfront. Proposition H defines “waterfront” as Port lands transferred to the City from the State and certain other property that is under the control of the Port of San Francisco.

The Plan would create three categories of waterfront land uses: (1) Maritime Land Uses, such as maritime cargo handling, ship repair facilities and fish processing plants; (2) Acceptable Non-Maritime Land Uses, such as parks and wildlife habitats; and (3) Unacceptable Non-Maritime Land Uses. Hotels are the only Non-Maritime Land Uses specifically prohibited by this proposal. Proposition H also sets out guidelines for determining other Acceptable and Unacceptable Non-Maritime Land Uses.

Until the Plan is completed, the City could not allow new development of any Non-Maritime uses except those permitted in the ordinance or those that existed or had all necessary permits on January 1, 1990.

Once the Plan is completed, the City could not allow the building of hotels or other Unacceptable Non-Maritime Land Uses on the waterfront. Unacceptable Non-Maritime Land Uses that existed on January 1, 1990 could continue to operate.

Adoption of the Plan and amendments would be subject to a public hearing held by the Planning Commission. The City would be required to change the Master Plan and other City laws to make them consistent with Proposition H and to request that relevant State laws and regional plans be similarly changed.

A “YES” VOTE MEANS: If you vote yes, you want this Waterfront Land Use Plan to be adopted.

A “NO” VOTE MEANS: If you vote no, you do not want this Waterfront Land Use Plan to be adopted.

Controller’s Statement on “H”
Should the proposed initiative measure be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, it could have a negative effect on both Port revenues and general revenues from property, business, sales, and other tax sources, the amount of which is indeterminate but could be substantial.

How “H” Got on the Ballot
On August 2, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition H to be placed on the ballot had qualified for the ballot.

9,399 valid signatures were required to place an initiative ordinance on the ballot. This number is equal to 5% of the total number of people who voted for Mayor in 1987.

A random check of the signatures submitted on July 24, 1990 by the proponents of the initiative petition showed that 14,516 of the signatures submitted were valid, 5,117 more than the required number of signatures.

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION H

Today a grave threat imperils San Francisco’s magnificent waterfront — the threat of unchecked hotel construction along the water’s edge.

Proposition H will remove that threat by banning shoreline hotels, that is, hotels proposed to be built within 100 feet of the water on property of the Port of San Francisco.

Proposition H also requires the Port to do a land-use plan for that vital strip of shoreline, defining uses that are acceptable there, as well as others that are unacceptable.

The Port itself says it wants comprehensive land-use planning. But its actions indicate another desire, a desire for rampant hotel construction. The Port says it now wants only two hotels. But those two would be the first steps toward hotel row on the shoreline north and south of the Ferry Building.

Proposition H will force the Port to achieve a balance of maritime uses, commercial activity, recreational access, and restoration of the Bay, and will impose a guiding vision for development of the waterfront.

Under Proposition H the Port can do the necessary plan promptly, without any undue delay in processing development proposals. There is no truth in the alarmist cries that the planning would halt Port growth. No worthy proposal on the drawing boards will be harmed.

We don’t need hotel row on the waterfront. There are plenty of environmentally valid projects by which the Port can raise the revenue it needs.

Yes! Let’s guarantee sound waterfront development! Let’s stop shoreline hotels! Vote yes on Proposition H!

Committee for San Francisco’s Waterfront

Jack Morrison, Committee Chair and Former Supervisor
Enola Maxwell, Community Advocate
Joe O’Donoghue, President, Residential Builders Association
Joseph Passen, Retired Ship’s Clerk, ILWU

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION H

If the proponents of Proposition H only wanted to halt hotels from being built on the Waterfront, why didn’t they write an initiative that did just that?

As it is, Proposition H will stop progress on the Waterfront. It will stop the Port from building new cargo facilities. It will halt expansion of ship repair facilities.

In fact, Proposition H is written to stop the new Aquarium at Pier 39.

These restrictions, whether they were intended or not, will have the effect of reducing revenues to the Port and make our rebuilding efforts impossible to complete.

There is no reason for such a rigid, all-encompassing, extreme approach.

First of all, there aren’t any hotels on the waterfront today. The Port Commission is recommending a new cruise ship terminal and new sailing center with small hotels to support these maritime port projects.

Proposition H is an extreme reaction to these maritime related projects.

It is so extreme that the authors went overboard and have written a measure that will tie our hands completely.

For decades the longshore workers in this city have been a vital part of every progressive cause. We have fought to end discrimination, build senior housing, equalize economic opportunity.

Today, we are asking for something in return. A “No” vote on Proposition H will allow the Port to expand and rebuild the shipping business in San Francisco. A “No” vote will save our jobs. A “No” vote will save the waterfront.

JAMES R. HERMAN, President, ILWU
President, Port Commission

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT'S ARGUMENT AGAINST PROPOSITION H

I have worked on San Francisco's Waterfront since 1949. A seafaring man in the 1950's. President of the Ships' Clerks Local from the early 60's until 1977. Was elected President of the ILWU in 1977, a job I hold today. Currently President of the San Francisco Port Commission.

The Waterfront Initiative has some good policies in it. But it was not written well.

Dealing with employers on behalf of workers I learned to pay attention to details. A good contract is one you can enforce. A lousy contract is one that hurts workers in ways you didn't anticipate.

This initiative is like a lousy contract.

I don't think the authors wanted to stop the new fish aquarium. But they do.

I don't think the authors wanted to prevent the Port from moving ahead with the purchase of new cargo cranes to unload the bigger ships. But they do.

I don't think the authors wanted to damage the ship repair businesses by stopping all improvements in their facilities. But they do.

This initiative even stops a restaurant on Port property from remodeling or expanding.

Our waterfront has always been a place that provides jobs for workers in shipping, fishing, ship repair and tourist industries. We can continue to be a working Port if we allow it to stay in business and off the City's tax rolls.

We already have lots of plans for the waterfront. Starting all over again would be a setback and the people who would be hurt most would be the workers who are employed in maritime industries. These people would be on hold while the planning is going on.

Planning is good. Good planning is better. But planning that considers all of its side effects is best of all.

James R. Herman, President, ILWU

REBUTTAL TO OPPOEN'TS ARGUMENT AGAINST PROPOSITION H

The Port incorrectly claims that Proposition H will stop all development along the waterfront. Either they are intentionally trying to mislead you, or they can't read. Please read the initiative text. Section 5(d) clearly provides that existing businesses, such as restaurants, can expand their operations, remodel, renew their leases, etc. at their current sites. It also allows construction and renovation of projects which have received all major discretionary city permits, such as the Ferry Building Complex. Proposition H does not affect existing businesses. All it says is (a) the Port must prepare a land-use plan, and (b) hotels are not allowed along the waterfront.

Particularly obnoxious is the Port's contention that Proposition H will stop maritime development. Again, read the text. Proposition H mandates the Port to stress maritime development. The recent contract with Evergreen shipping is exactly what Prop H urges.

The Port contends that, although a plan may be a good idea, this is not the right time. Candidate Agnos promised us a land-use plan in 1987. The Port paid a consultant $250,000 to be told last April that they needed a land-use plan. If the Port already has "a lot of plans" it will be very easy to prepare and release a land-use plan by the end of the year.

Why is the Port so reluctant to divulge what they are planning for the waterfront? Is another hotel contemplated at Pier 35? And why is the Port trying to mislead the voters?

COMMITTEE FOR SAN FRANCISCO'S WATERFRONT

PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Keeping San Francisco’s economy diverse is vital to our city, and maintaining a working port is a major key to San Francisco’s workforce.

We who work on and live near our city’s waterfront know that maritime work and maritime-related uses of port land help provide a stable base for San Francisco’s economy. Our city has a unique deep-water port and land for container freight facilities that can be used to maintain unionized, blue-collar jobs at decent wages.

Transformation of this land, with its valuable maritime potential, into a series of hotels, will provide mainly minimum wage, no-benefit jobs for San Franciscans — but millions in profits for developers.

Keep San Francisco economically diverse and economically viable — VOTE YES ON PROPOSITION H.

Waterfront Land Use Plan

PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Beideman Area Neighborhood Group (BANG) represents the historic heart of the Western Addition. Just as we have fought to preserve the historic integrity and beauty of our neighborhood, so all San Franciscans must vote to preserve, maintain and cherish the historic integrity of San Francisco’s waterfront, which is the birthplace of our City.

Our waterfront is a treasure which should remain accessible to all San Franciscans and visitors and, indeed, should be developed only as an historic area in the manner of New Orleans’s Lafitte National Historical Park in the French Quarter.

Beideman urges a YES vote on Proposition H.

Barbara Meskunas, President
Robert Speer, Vice President
Mary Randall, Treasurer

LET’S PRESERVE OUR WATERFRONT.
LET’S NOT SEAL IT OFF WITH A WALL OF HOTELS.
LET’S NOT SELL OUT AGAIN.

Eureka Valley Trail and Art Network

VOTE YES ON H.

VOTE YES ON PROPOSITION H TO BAN WATERFRONT HOTELS.

Our City’s priceless waterfront should be kept open so that everyone — both residents and visitors alike — can enjoy the natural beauty of San Francisco Bay. Don’t permit our Mayor and Port Commissioners to sell our heritage to developers. Don’t allow them to seal off our waterfront with a wall of hotels. San Francisco already has enough hotels, and our waterfront is not needed for building more.

Proposition H helps save fishing and other blue-collar jobs on the waterfront. It will help revitalize our waterfront for maritimerelated activities rather than creating another downtown-type hotel row.

PLEASE VOTE YES ON PROPOSITION H.

Coalition for San Francisco Neighborhoods

San Francisco Bay is a vital part of our environment and quality of life. It should not be sacrificed to the monetary interests of outside developers who wish to build a wall of hotels along our waterfront. Vote YES on Proposition H to preserve our waterfront and the maritime-related jobs that depend on it.

Harriet Ross, Deputy Public Defender for San Francisco

Vote Yes on H! Protect the waterfront from unreasonable hotel development.

Carole Migden
Candidate, Board of Supervisors

Hotels on the waterfront will wall off the Bay and constitute one more step toward the Manhattanization of our City.

As a member of the Bay Conservation and Development Commission, I have spent years fighting against the misuse of our Bay. We must make sure the waterfront remains accessible to all San Franciscans. Preserve the quality of life in San Francisco by voting Yes on Proposition H.

Supervisor Richard D. Hongisto

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
**PAID ARGUMENTS IN FAVOR OF PROPOSITION H**

The present Port policy of converting valuable port land to tourist use by favoring hotel development projects over non-hotel development projects makes no sense. And for businesses within the tourist industry who are experiencing survival difficulties due to a stagnated tourist dollar, this policy is disgraceful.

Secondly, this policy hastens the demise of many marginal existing tourist businesses by granting unfair location advantage to the newly created Port tourist businesses.

Furthermore, the beneficiaries of the new tourist Port business will be outside special interest groups, such as the Bass Brothers of Texas, who presently control both Pier 39 and the proposed aquarium at Pier 39. Moreover, we find it reprehensible that the murky Port process imparts to these outside developers not only “sweetheart” deals, but creates a system whereby local businesses, such as Alioto’s and Scoma’s of the Wharf, pay more rent to the Port than all of the combined businesses of Pier 39 which are under the control of the Bass Brothers. It is no small wonder that the Port has revenue problems. The revenue problems of the Port are increased when you consider that the effective rent on the proposed aquarium is only 1.375% of their estimated $12,000,000 in revenue versus 6% for Alioto’s.

Unfortunately, this initiative cannot stop or retard this economic “give away”. It merely stops hotels from being built on 100 feet of Port land by requiring the Port Commission to initiate a land use plan. We urge you to vote “yes” for this plan.

*Joe O’Donoghue*
President of Residential Builders

---

The sky is falling!!! Economic disaster awaits the City!!! Sound familiar? It should. The same arguments the Port is making against Prop H — against being required to prepare a land-use plan and banning hotels on waterfront piers — were used against Proposition M in 1986 when the voters were asked to establish neighborhood-emphasizing priorities and regulate the rate of office development. The chicken- littles cried, “chaos will result.”

It never happened. Instead, Prop M prevented San Francisco office developers from the over-building that helped create the savings and loan debacle.

If the Port wants to be a good steward of our waterfront, they must do a land-use plan. When Prop H passes, they will quickly release such a plan and we all will know what’s up their sleeves. If they bamboozle the voters, they will continue on their merry- way. Two hotels already. How many more?

*San Franciscans for Reasonable Growth*
*Sue Hestor, Attorney*

---

**PAID ARGUMENTS AGAINST PROPOSITION H**

Don’t close down the Port of San Francisco Vote No on Proposition H.

Proposition H looks good at first glance. Who wants a “wall” of hotels on the waterfront. But the proposition goes way beyond that issue.

The passage of Proposition H would halt all construction of new facilities for years, not just one four story hotel designed as part of a maritime sailing center. The Port cannot afford to see its maritime and nonmaritime activities come to a halt.

Your No vote on Prop H will save thousands of waterfront jobs and will allow the Port to create hundreds of new jobs. Proposition H will stall the Port’s efforts to construct new shipping facilities along the southern waterfront, to renovate the Ferry Building and to attract private money for a new cruise terminal.

Proposition H will stop the Port from increasing public access to the waterfront, preventing it from rebuilding rundown piers, closed today to the public.

Vote No on Proposition H. Keep our waterfront working.

*Donald D. Doyle*
San Francisco Chamber of Commerce
Waterfront Land Use Plan

PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco’s waterfront has been a place of opportunity for immigrants and newcomers to our city. It opened the door for fishermen, longshoremen, restaurant workers and ship repair workers. As we move into the next century, it is opening the door for minority and women businesses involved in architectural, engineering legal, financial and construction services.

A yes vote on Proposition H shuts the door!

It stops the San Francisco Sailing Center and the International Cruise Terminal. Both projects require strong commitments by developers to contract with minority and women businesses. It stops projects at marine terminals that provide contracts for minority engineering and consulting firms.

The Port buys a lot of services from private businesses and therefore must promote the city’s minority and women business participation policy. It has shown leadership in adopting a strong policy that will be used as a model for other city departments.

We can’t wait until the next century for the door to be pried open again. A No vote on Proposition H is a vote for economic opportunities for San Francisco’s minority and women businesses.

Since we introduced the aquarium concept to Fisherman’s Wharf four years ago, we have worked intensely with more than 100 local agencies and organizations including:

- educational institutions
- environmental organizations
- neighborhood, ethnic and youth groups
- physically challenged individuals
- individual citizens

With their involvement and following a 3 year review process at Port, City, Regional and State levels, the project has adopted a truly San Francisco identity and theme.

We are proud that our project, totally privately funded with no tax dollars whatsoever, will provide extensive pro bono public features such as:

- Pro bono on-site education for all students grades K through 12 in the San Francisco Unified School District (approximately 70,000)
- New public parks access at Piers 39, 41 and 43
- 40,000 tickets at 25% of cost distributed annually through neighborhood centers
- Reimbursement of public transportation for aquarium visitors

It is ironic, having spent four years in the planning process and being on the eve of receiving clearances from all relevant agencies, that we are now facing the possibility of being stopped by an initiative that suggests the planning process on the waterfront is inadequate. We know from experience that it isn’t so. Vote NO on Proposition H.

Erik O. Pederson, Project Director
Underwater World at Pier 39

Waterfront Land Use Plan

PAID ARGUMENTS AGAINST PROPOSITION H

We Republicans believe in a well planned and designed waterfront.
We strongly oppose a wall of hotels along the waterfront. The Port Commission, however, should have the ability to develop a comprehensive waterfront plan that may or may not include viable commercial projects.
The San Francisco Republican County Central Committee urges you to vote NO on Proposition H!

We all want improvements in planning, open space, access to the water, fishing facilities and a maritime industry in San Francisco.
The people who drafted Proposition H may have wanted the same things. But they wrote a proposition that will paralyze the waterfront. It freezes present uses while we spend the next 5 plus years developing a new plan. I know because I have worked on waterfront plans for the last 12 years.
I worked on the Northeastern Waterfront Plan with many of the proponents of Proposition H. The process took over five years. It was a good plan that balanced a variety of land uses. It also allowed for hotels.
I was also the one that initiated the Port’s Strategic Plan. That plan, completed in April, showed that the Port had to achieve a balance of maritime and commercial activities. You can’t have one without the other.

Maritime, open space and recreational developments require public investment. If the Port cannot raise revenue, San Francisco will have to accept faster deterioration of its waterfront and its maritime business (which now brings in over $15 million a year to the Port) as well as no public improvements in recreation.
Proposition H says stop everything while we review the planning process. It is a straitjacket that will be very expensive for San Francisco and its taxpayers.
Support planning for the waterfront, not Proposition H.

Anne Halsted, President, Telegraph Hill Dwellers, 1978-80
Board Member, S.F. Tomorrow, 1981-82
Co-Chair, Open Space Committee, 1975-77
Winner, S.F. Tomorrow Environmentalist Award
Member, S.F. Port Commission

The belief that we are only a shipping port, with jobs for only dock workers is mere nostalgia.
The Port’s tourist operations at Pier 39 and Fisherman’s Wharf produce jobs in retail, restaurants and trucking. They also help keep union labor employed at marine terminals.
An outright ban on waterfront hotels is unreasonable. It ignores the fact that our waterfront is a working waterfront, not just a big park. The Port must make money to maintain and modernize its facilities.
There is a time and place for everything!
Tourism is already part of our waterfront. Two hotels will not ruin the beauty of our waterfront. City codes already restrict the building of high rise waterfront hotels to four stories.
The two proposed hotels do not displace blue collar industries and the sites they will go on most likely won’t be used for industrial or maritime use because they are across the street from a growing residential neighborhood.

The hotels subsidize recreational, maritime and public access projects that will be attractive for visitors and residents. Money from these projects will be used to upgrade marine terminals to preserve union maritime jobs.
The hotels will create new types of jobs at the port. Hotel jobs are respectable and San Francisco’s hotel workers enjoy one of the highest wages and best benefit packages in the nation.
We are living in tough economic times. Unions, taxpayers and government officials are making sacrifices. We can not afford absolute and extreme positions that risk losing new opportunities for our city’s workers and for our Port.

Walter Johnson, Secretary-Treasurer, Labor Council

Bob Morales, Secretary-Treasurer, Teamsters Union #350

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco’s wealth has always been dependent upon trade. Its maritime activity has been directly responsible for the founding and expansion of great ventures in banking, trading, shipping and railroads with the attendant jobs and services. In short, the cornerstone of San Francisco’s well-being is shipping.

Much of the maritime activity that once contributed to the wealth of San Francisco has disappeared. How can we reverse this and attract back to San Francisco our fair share of maritime business that seems to thrive in other ports?

The answer has two parts. First, we must accept that the days of the clipper ships are over; the piers on the northern waterfront are obsolete. Second, we must invest in modern shipping terminals on the southern waterfront where land is plentiful for expansion.

The Port of San Francisco has invested substantially in shipping facilities on the southern waterfront. More is needed. To support these investments, the Port must expand its revenues from all sources including commercial projects.

More plans for the Port are not needed. There has been much planning but no implementation. The San Francisco Sailing Center at Piers 24 & 26 was developed in response to a Port Commission Request for Proposals (RFP) for an “International Maritime and Yachting Center”. That RFP required that responses be consistent with the Northeastern Waterfront Plan of the Department of City Planning and the San Francisco Special Area Plan of the Bay Conservation and Development Commission (BCDC). This Project is consistent with those plans.

The project removes the condemned Pier 24 and builds a public access pier and breakwater to the north to create a protected harbor. The bulkhead buildings facing the Embarcadero would be retained and a hotel, permitted by BCDC, would be built on Pier 26. It would be lower than the existing shed. There also would be marine offices, a museum, conference facility, boat service yard, retail and restaurants. The fire house would be retained and the fire boats better protected.

No views are blocked. New views are created and much needed public access to the water. Over 2.5 acres of open space will be created where Pier 24 is now a safety hazard. These Piers are obsolete and abandoned for modern container shipping.

The harbor would be devoted to boating and sailing activities. A Sailing School would conduct instruction with an outreach program offering free instruction to disadvantaged youth in basic sailing, seamanship and teamwork.

This project will generate income for the Port, the City and the State estimated to be $3,700,000 per year and creates construction jobs and over 500 permanent jobs. Don’t condemn our waterfront to more years of planning paralysis. Vote No on H.

Redmond Kernan, Project Manager, The Koll Co.
PAID ARGUMENTS AGAINST PROPOSITION H

During the last decade, San Francisco has sought to establish itself as a center of international trade and pursued business ventures with Pacific Rim nations. Recently it is seeking to seize new opportunities as the economic and political climate changes in Europe.

There is a strong interest by the Scandinavian community locally and Scandinavian Investors have offered to invest in San Francisco by building a new state-of-the-art cruise terminal at Piers 30-32. The project would cost $120 million which the Port could not afford to build on its own on what is now an empty pier. An estimated 1,300 new jobs would be created, there would be unique family oriented recreational and retail establishments and the site lends itself to providing seven acres of public access.

Proposition H kills the project because the hotel is an integrated and essential part of the cruise terminal and without it the cruise terminal and public access could not be built. The Scandinavian Center is a worthwhile project and we want to build it in San Francisco. A yes vote on Proposition H will force us to take it to another city.

Be it ordained by the people of the City and County of San Francisco that the Administrative Code is hereby amended by adding a new Chapter as follows:

Section 1. — Findings and Declaration of Policy

The people of the City and County of San Francisco find and declare:

a. Whereas, the waterfront of San Francisco is an irreplaceable public resource of the highest value;

b. Whereas, the most beneficial and appropriate use of the waterfront is for purposes related to and dependent on their proximity to San Francisco Bay and the Pacific Ocean, such as maritime uses, public access to, and restoration of, San Francisco Bay;

c. Whereas, San Francisco holds the waterfront in Trust for the People of California;

d. Whereas, maritime uses, public access to, and restoration of San Francisco Bay serve San Francisco residents, and provide significant economic, social and environmental benefits to San Francisco and its residents, including a diversity of employment opportunities and better access to a healthier San Francisco Bay;

e. Whereas, the waterfront contains structures of historical and architectural importance;

f. Whereas, it is poor planning to approve waterfront land uses on an ad hoc basis, rather than as part of a comprehensive waterfront land use plan;

g. Whereas, it is in the interest of San Francisco to develop a strong and economically vital waterfront with adequate public access to and restoration of San Francisco Bay; and

h. Whereas, changing conditions in the maritime industry such as deeper draft vessels and increased awareness of the negative environmental impacts of dredging and dredge-spoil dumping indicate that cargo handling at the Port of San Francisco could increase dramatically;

Therefore the people of San Francisco declare that it is the policy of the City and County of San Francisco that:

a. the waterfront be reserved for maritime uses, public access, and projects which aid in the preservation and restoration of the environment;

b. where such land uses are infeasible or impossible, only acceptable non-maritime land uses as set forth in this ordinance shall be allowed;

c. a waterfront land use plan shall be prepared (as set forth in Section 2 of this ordinance) to further define acceptable and unacceptable non-maritime land uses and to assign land uses for specific waterfront parcels.

Section 2. — Land Use Planning Process

a. Upon adoption of this initiative, the Board of Supervisors shall within 30 days request the Port Commission to prepare a “Waterfront Land Use Plan” which is consistent with the terms of this initiative for waterfront lands as defined by this ordinance. Should the Port Commission not agree to this request within 30 days of the Board of Supervisors request, the Board of Supervisors shall have 30 days to designate a different City agency or department to prepare the “Waterfront Land Use Plan.”

b. The agency drafting the “Waterfront Land Use Plan” shall consult the City Planning Commission to ensure development of a plan consistent with the City’s Master Plan. The final plan and any subsequent amendments thereto shall be subject to a public hearing conducted by the City Planning Commission to ensure consistency between that plan and the City’s Master Plan.

c. The “Waterfront Land Use Plan” shall define land uses in terms of the following categories:

Land uses included in these categories which are not part of the initial ordinance shall be added to Sections 3 through 5 of this ordinance as appropriate. No deletions from Sections 3 through 5 shall be allowed unless approved by the voters of San Francisco;

d. No City agency or officer may take, or permit to be taken, any action to permit the new development of any non-maritime land use (except those land uses set forth in Section 4 below) on the waterfront until the “Waterfront Land Use Plan” has been completed. Non-maritime land uses existing, or which have all their necessary permits, as of January 1, 1990 shall be exempt from this limitation.

e. The “Waterfront Land Use Plan” shall be reviewed by the agency which prepared it or by such other agency designated by the Board of Supervisors at a minimum of every five years, with a view toward making any necessary amendments consistent with this initiative.

f. The “Waterfront Land Use Plan” shall be prepared with the maximum feasible public input.

Section 3. — Maritime Land Uses

Maritime Land Uses include but are not limited to:

a. Maritime cargo handling and storage facilities;

b. Ship repair facilities;

c. Fish processing facilities;

d. Marinas and boat launch ramps;

e. Ferry boat terminals;

f. Cruise ship terminals;

g. Excursion and charter boat facilities and terminals;

h. Ship berthing facilities;

i. Maritime construction and maritime salvage facilities;

j. Marine equipment and supply facilities;

k. A list of additional maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the “Waterfront Land Use Plan” and added to this section.

Section 4. — Acceptable Non-Maritime Land Uses

Acceptable non-maritime land uses include but are not limited to:

a. Parks; b. Esplanades; c. Wildlife habitat; d. Recreational fishing piers; e. Restoration of the ecology of San Francisco Bay and its shore-

line; f. Transit and traffic facilities; and g. A list of additional acceptable non-maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the “Waterfront Land Use Plan” and added to this section.

Section 5. — Unacceptable Non-Maritime Land Uses

a. Criteria for Consideration in Determining Unacceptable Non-Maritime Land Uses

Criteria to be considered in making findings regarding the acceptability of any specific land use on the waterfront shall include but not are not limited to:

1. Does the land use need to be located on the waterfront in order to serve its basic function? 2. Is the land use compatible with existing or planned maritime operations on surrounding parcels if any? 3. Does the land use provide the maximum feasible public access? 4. Does the land use improve the ecological balance of San Francisco Bay? 5. Does the land use protect the waterfront’s architectural heritage? 6. Does the land use represent the best interests of the people of the City and County of San Francisco and/or the State of California?

b. Prohibition of Unacceptable Non-Maritime Land Uses

No City agency or officer may take, or permit to be taken, any action to permit the development of any unacceptable non-maritime land use (as set forth below) on the waterfront.

c. Listing of Unacceptable Non-Maritime Land Uses

The following land uses are found to be unacceptable non-maritime land uses:

1. Hotels

The City finds that hotels do not need to be located on the waterfront, and permitting their development on the waterfront will displace or preclude maritime uses;

The City finds that waterfront hotels do not provide the economic benefits provided by maritime employment;

The City finds that waterfront hotels do not provide high quality public access to, or permit restoration of, San Francisco Bay;

The City finds that waterfront hotels do not serve the needs of San Francisco or its residents;

The City therefore finds that hotels are an unacceptable non-maritime land use and shall not be permitted on the waterfront.

2. A list of additional unacceptable non-maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the “Waterfront Land Use Plan” and added to this section.

d. Grandfathering of Existing Unacceptable Non-Maritime Land Uses

This initiative shall not prevent any unacceptable non-maritime land use existing as of January 1, 1990 from continuing in operation or expanding on its existing site in a manner consistent with all applicable laws and regulations. At such time as a new land use is proposed for the site of a business existing as of

(Continued on page 110)
PROPOSITION I

Shall 4.8 million square feet of office space in Mission Bay be exempt from the annual limit on new office space, if the City approves an agreement which requires housing, economic development, parks and public facilities, environmental clean-up, and other minimum requirements?

YES 306
NO 307

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: In 1986, San Francisco voters adopted Proposition M. Under Proposition M, the City may not approve more than 950,000 square feet of new office space each year. Developers of office buildings must compete for a share of this annual allotment of space.

There is a proposed development called Mission Bay (see map, page 143). Mission Bay may include office, housing, retail and light industrial uses, expanded transit service, street improvements, parks and other community facilities.

THE PROPOSAL: Proposition I is an ordinance that would exempt up to 4.8 million square feet of new office space in Mission Bay from the annual limit on office space. The total amount of new office space in Mission Bay would be deducted from the 950,000 square foot annual limit at the rate of 200,000 square feet each year. This exemption would apply only if the City approves a development agreement for the Mission Bay Project containing certain minimum provisions: (1) the construction of housing, some of which must be affordable housing; (2) payment of a fee for economic development and employment opportunities for women, minorities and local owned businesses; (3) a public park system and community facilities such as child care centers and a police and fire station; and (4) a comprehensive program to clean up and/or contain hazardous materials. Proposition I provides that the City could impose additional requirements in the development agreement.

A "YES" VOTE MEANS: If you vote yes, you want to exempt up to 4.8 million square feet of office space in Mission Bay from the annual limit on office space, if certain conditions are met.

A "NO" VOTE MEANS: If you vote no, you do not want to exempt Mission Bay from the annual limit on office space.

Controller’s Statement on “I”

Should the proposed ordinance be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its possible future application certain tax revenues of the City and County may be increased in indeterminate but possibly substantial amounts.

How “I” Got on the Ballot

On August 8, 1990 the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Terence Hallinan, Bill Maher and Doris Ward. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
Mission Bay

PROPOONENT'S ARGUMENT IN FAVOR OF PROPOSITION I

A YES vote on Proposition I will provide homes, parks and jobs that San Franciscans need.

Proposition I is a vital step in creating the new Mission Bay neighborhood. A blighted and underutilized area, Mission Bay will become a unique place to live, work, shop and relax—like the other great San Francisco neighborhoods.

All San Franciscans will benefit from the creation of a new neighborhood at Mission Bay. The public benefits of the proposed neighborhood include:

- 275 of the 315 acres (about 90%) will be housing, parks, and public facilities.
- 70 acres of waterfront parks and open space.
- 8000 homes, of which 3000 will be permanently affordable for families with income starting at $15,000.
- Over 20,000 permanent jobs, with priority given to San Franciscans.
- Job training and economic development programs for women, minorities and local businesses.
- New revenue the City needs for vital services.
- Childcare centers, school, fire and police station, senior center and cultural center.
- Cleanup of any toxics.
- Street and MUNI improvements.
- Buildings designed for earthquake safety and energy and water conservation.

Mission Bay, the result of the most comprehensive and open planning process in the City's history, will relieve development pressure on existing neighborhoods. Mission Bay will be a neighborhood where thousands of San Franciscans can afford to buy a home close to their jobs, thereby reducing traffic congestion.

Proposition I amends the 1986 Proposition M in order to allow the construction of office buildings—none of which will be taller than eight stories—only in conjunction with housing, parks and other community facilities. This amendment will only take effect upon City approval of a comprehensive development agreement which includes these public improvements and identification of the necessary revenues.

Vote YES on Proposition I.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPOONENT'S ARGUMENT IN FAVOR OF PROPOSITION I

By the time you read this a million words will have been unleashed to discredit facts and me.

THEY ALWAYS SHOOT THE MESSENGER, DON'T THEY?

On August 23rd the Planning Commission finally certified documents “legitimizing” Proposition I. At 10:30pm President Morales brought forth an acknowledged community activist to speak. The resulting “cast” party proclaimed the success of their Development Agreement “production” — complete with cake enjoyed by all, except me.

I say, “Let them eat cake!”

THE MISSION BAY PROJECT IS FATALLY FLAWED: TAXPAYER INTERESTS HAVE BEEN DISCERNED IN FAVOR OF CITY HALL’S SELF-SERVING POLITICAL GOALS.

Transfer of public money to private use is complex and carefully hidden:

- Special Interests: Exclusive “economic opportunities” encompassing taxpayer-subsidized “affordable” housing ($500 million) and general construction projects ($598 million).

(Mayor Agnos controls ACCESS by selecting AA/ED applicants from SOMA, Potrero Hill, Bayview/Hunter’s Point, and Mission districts “only.”)

- City Hall: A bureaucracy guaranteeing thousands of votes.
- Santa Fe: 85% of $8.1 billion.
- Result: Control of San Francisco’s economy.

If you don’t have your snout in the public trough by now, its too late. The Planning Commission CLOSED “public” hearings August 23rd.

CITY HALL IS A “NEST OF SNAKES”. DEAL WITH THEM NOW OR YOU’LL SOON WAKE UP WITH THEM CRAWLING IN YOUR ECONOMIC BED!

League of Women Voters: Organize media debates. Public awareness guaranteed!

Middle Class/Small Business: Don’t vote for incumbents OR City Hall’s “Expected Winners.”

VOTE NO ON PROPOSITIONS H, I and J.

Dehnert C. Queen
Committee Against Proposition I

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION I

Elected Officials are promoting Mission Bay as a plan "which will provide public benefits: Affordable homes, parks, public facilities, transit, jobs."

Santa Fe has spent more than $6.4 million creating this illusion: $1.4 million to hire the Planning Department to design/implement the project, the balance for EIR/special studies.

Taxpayers are being committed to 60% of the Mission Bay and Related Projects costs totaling $4.7 billion. Mission Bay will generate $8.1 billion in revenues (Taxpayer 1%, Santa Fe 85%, City Hall 14%). The taxpayer is putting up $2.5 billion and receiving approximately $100 million in the form of promised parks and social-subsidy programs over 30 years.

These plans will increase our cost-of-living approximately $282 per month, per resident, young and old.

The City’s promised 2,200 affordable housing units cost approximately $500 million ($300 million using non-profit organizations with zero tax base). No defined source exists for these funds. Proposition J is on the ballot to quietly bury this fact.

On June 11, 1990, I delivered a 54-page report to City Officials. It compares official rhetoric to documented facts, details 34 major fatal flaws, superior alternatives, the killing of Small Business and ultimate displacement of San Francisco’s Middle Class.

On July 26th, the Planning Department's “Financial and Fiscal Consultant” responded that my report “brings into the debate variables we did not deal with: Waterfront Plan, transit plans, ballpark — public policy issues well beyond the purview of our analysis. [Was] there was any fundamental critique or error? We found none.”

I have spent five years and my life savings fighting City Hall. I am out of money, San Franciscans are out of time.

Register to vote!
Demand answers and public debate!
Vote no on Propositions H, I and J.

Dehnert C. Queen
Committee Against Proposition I

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION I

At a time of budget cutbacks in vital City services, San Francisco needs the revenue that will be generated in a new Mission Bay neighborhood.

The official City Controller’s analysis of Proposition I says that it will not affect the cost of government and could generate "substantial amounts" of new revenue for the City.

The Planning Department’s Fiscal and Financial Evaluation determined that Mission Bay will have positive effects upon the City’s General Fund. The evaluation stated:

"General Fund revenues from the Mission Bay project would exceed public service and maintenance costs by over $13 million annually. Over the anticipated 30-year buildout period, over $215 million of fiscal benefits would accrue to the City."

Those are simple facts.

Don’t believe the one-person opposition committee’s funny figures.

Mission Bay will benefit all San Franciscans by improving the City’s financial health and economic prosperity.

Today the largely vacant 315-acre property produces little revenue for the City. Mission Bay’s new homes, offices and stores will contribute a surplus of $215 million in the first 30 years alone.

Not only will Mission Bay pay for the costs of its own construction and its share of public services, the neighborhood will make money for the City — money to build affordable housing and to help fund vital City needs.

Mission Bay makes financial sense. And that’s in addition to all of the other benefits of building the new neighborhood: housing, jobs, parks, a restored wetlands, childcare centers and other community facilities.

Vote YES on Proposition I

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.
Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Survey after survey shows that, increasingly, San Francisco’s workers cannot afford to buy a home in San Francisco.

Mission Bay addresses the need for housing and good paying jobs.

In many San Francisco families, children are still living at home, even while working union jobs, simply because they can’t afford to rent, much less buy, a home in San Francisco.

Mission Bay represents our last opportunity to do something significant to provide 8,000 units of housing, including permanently affordable housing, in the City.

The construction of 3,000 affordable housing units, in addition to low-rise office space, schools, fire and police stations and community facilities such as childcare centers, will provide more than 20,000 permanent jobs, including thousands of construction jobs, and housing for families with income beginning at $15,000 a year.

Reading the “Open Homes” section of the newspaper is a sobering reality for working families. Condominiums begin at $175,000.

The new neighborhood at Mission Bay will provide, in addition to market rate housing, 3,000 housing units ranging from $37,000 for a studio to $60,000 for a four bedroom unit.

Say YES to jobs and housing.
Vote YES on Proposition I.

Joan-Marie Shelley, United Educators
Stan Smith, Building Trades Council

The San Francisco Labor Council urges a YES vote on Proposition I.

Mission Bay will bring a brighter day for San Francisco.

The creation of 20,000 new jobs, as well as the jobs involved in the planning and construction of the new neighborhood, will enhance the economic future of workers in San Francisco.

Planning a strong economy for the city in the 21st century must be one of our highest priorities.

Mission Bay will keep blue-collar and entry-level office jobs from leaving San Francisco for the suburbs. Equally important, Mission Bay will bring back much needed blue-collar work.

The creation of a new neighborhood, where workers will live near their jobs in affordable homes, provides a rare opportunity. Mission Bay will also provide working families with necessary childcare facilities for 1000 children, a neighborhood school and many acres of parks and playgrounds.

We need Mission Bay. That’s why the San Francisco Labor Council, representing 79,000 working men and women in the city, urges you to vote YES on Proposition I.

Remember ... a brighter day with Mission Bay.

SAN FRANCISCO LABOR COUNCIL
Walter Johnson, Secretary/Treasurer

The Downtown Association believes that a YES vote for Proposition I and for Mission Bay means a San Francisco that can be economically competitive into the 21st century.

Building Mission Bay means homes, jobs and parks.

It also means that major Pacific Rim corporations will be able to find competitive office space that will allow them to keep their operations in San Francisco. Mission Bay’s Port and transportation improvements will help keep San Francisco a vital Port center and the transportation hub of Northern California.

The new Mission Bay neighborhood is key to helping San Francisco maintain its role as the headquarters city of the Pacific Rim.

Vote YES for Mission Bay. Vote YES on Proposition I.

DOWNTOWN ASSOCIATION
Edward Phipps, Executive Director

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.

130
Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

The Bay Area Council supports the adoption of land use plans and policies which increase the supply of housing which is affordable and accessible to the region’s workforce.

Proposition I allows for the creation of the Mission Bay neighborhood which offers an outstanding opportunity to increase housing in the center of the region and in the heart of San Francisco, the Bay Area’s largest employment center.

Vote YES on Proposition I.

BAY AREA COUNCIL
Angelo Siracusa, President

The San Francisco Chamber of Commerce believes that building Mission Bay is key to the city’s economic health.

Voting for Proposition I will help assure San Francisco’s continued prosperity into the 21st century.

Mission Bay will mean thousands of homes and jobs for San Franciscans and hundreds of millions of dollars in tax revenue for San Francisco.

By providing lower-cost, lowrise office space, San Francisco will be able to remain competitive with the suburbs that have drained tens of thousands of jobs from the city. With its central location, mass transit, affordable homes and open space, Mission Bay will provide a powerful incentive for major companies to stay in or relocate to San Francisco.

This will provide San Francisco with new jobs and a broader tax base as well as significantly reduce the number of commuters who are forced to drive long distances to jobs in outlying areas.

Proposition I and Mission Bay can help to preserve San Francisco as the vital, commercial heart of the Bay Area and Northern California.

Vote YES on Proposition I.

Donald D. Doyle
San Francisco Chamber of Commerce

We Republicans believe that the Mission Bay project represents the best opportunity to provide significant affordable housing for San Franciscans. Proposition I is only enabling legislation and not an endorsement of every aspect of the Project. We regret the annual limitations imposed by Proposition M (1986) make this initiative necessary.

The San Francisco Republican County Central Committee urges you to vote YES on Proposition I!

As owners of neighborhood businesses, we know that a vote for Proposition I is a vote for hundreds of small business opportunities that Mission Bay will bring. It is also a vote to keep the larger businesses we depend upon as customers here in San Francisco.

Mission Bay has been designed to be a traditional San Francisco. Rather than having malls or a shopping center, Mission Bay will be built around a shopping district like Chestnut, Clement, Irving or Mission Streets.

This will mean numerous opportunities for small business people to open shops, stores and restaurants. Mission Bay will also offer programs to assist locally-owned firms to open businesses in Mission Bay.

As owners of San Francisco’s neighborhood businesses, we urge you to vote YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Mission Bay's transit and transportation improvements will make a positive difference for San Francisco and the entire Bay Area.

Mission Bay will be a neighborhood where transit comes first and where thousands of people will be able to walk to work instead of taking their cars.

The extension of MUNI Metro through Mission Bay will make neighborhoods such as Potrero Hill and Bayview/Hunters Point more accessible to the rest of San Francisco.

Mission Bay's street improvements will transform King Street into a major boulevard and will help stitch San Francisco's currently underserved southeastern neighborhoods into the city's street grid.

Mission Bay will improve the transportation system for all of us. Vote YES for improved transportation. Vote YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Vote YES on Proposition I and help turn Mission Bay into a neighborhood with a heart of green. Mission Bay will dedicate nearly 70 acres or 20% of the entire project to parks and open space.

More than two miles of shoreline along the Bay and China Basin Channel will be reclaimed and turned into parks, playfields and a wetland habitat. A degraded and run-down channel will be transformed into a scenic and ecologically-alive waterway.

The Mission Bay neighborhood will be centered around a park that will be larger than Washington Square. A bayfront park will be larger than the Marina Green.

Dozens of smaller parks, open spaces and playgrounds will mean that no home in the neighborhood is more than 2-1/2 blocks from a green space.

Mission Bay will provide critically needed open space for San Francisco’s South of Market area which currently has virtually no open space at all.

And Mission Bay programs for earthquake safety, energy and water conservation and recycling, will set a standard that other projects throughout the nation will look to as a model.

By building Mission Bay, San Francisco will gain a new neighborhood with a heart of green. As environmentalists, we urge you to vote YES on Proposition I.

Mission Bay is the first private development in the City’s history to confront the economic problems which disproportionately impact minorities and women.

Mission Bay provides $12.5 million to fund programs to maximize business and employment participation by minorities and women.

Mission Bay not only affords opportunities to participate, but also includes specific goals for the inclusion of minorities and women in all aspects of the project’s design and construction. Once Mission Bay is completed, minorities and women will own and operate many of the businesses in the new neighborhood.

Vote for economic opportunity for San Francisco’s minorities and women.

Vote YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

A YES vote on Proposition I will:

• Ease the pressure on existing housing supply by providing 8,000 new homes, 3,000 of which will be affordable for first-time home buyers, the disabled, the elderly, and low and moderate income families;

• Provide jobs and economic opportunities for San Franciscans, in general, and Bayview/Hunter’s Point residents, in particular; and

• Serve as a catalyst for the long sought light-rail transit system along the Bayshore corridor, thus enhancing the economic vitality and viability of Bayview/Hunter’s Point.

Proposition I helps create a new neighborhood that organically connects Bayview/Hunter’s Point to downtown and to the rest of San Francisco.

Mission Bay is an historic opportunity to transform a desolate industrial tract into a new balanced neighborhood with as many homes and businesses as Noe Valley.

The Mission Bay neighborhood offers a unique opportunity to address some of San Francisco’s most pressing long-term needs. Mission Bay, as approved by the City Planning Commission, meets the six major goals that I wanted to accomplish for it when I campaigned for Mayor:

1) Mission Bay offers more affordable housing and more housing for larger families. Three thousand homes will be affordable to working families with annual incomes between $15,000 and $56,000.

2) Mission Bay provides the lower-cost back office space that San Francisco needs for a growing job market. It will help us retain existing business and win new ones.

3) Mission Bay will keep the Port of San Francisco active and financially healthy.

4) More than ten million dollars will be contributed by the project sponsor for economic development, affirmative action and employment training for minorities.

5) Mission Bay includes major additional commitments for child care with facilities for up to 1000 children in over 10 centers.

6) The Mission Bay agreement protects the City from toxic cleanup costs. Through ironclad guarantees from the project sponsor, it insures that a timely cleanup will take place regardless of the scope of the problem.

Mission Bay is the right kind of project for San Francisco at the right time. It gives us unique opportunities to meet some of our greatest long-range challenges and helps us prepare for a great future for our city.

I respectfully urge you to vote YES for the kind of neighborhood we need. Vote YES for Mission Bay. Vote YES on Proposition I.

Art Agnos
Mayor

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

VOTE YES ON PROPOSITION I.
Mission Bay represents the first time that a project sponsor has responded to the needs and concerns of the City's African American community.

African Americans need the opportunity for economic participation that can only be realized through access to capital. Mission Bay provides this capital through its $10 million Economic Development Fund that will guarantee the participation of African American businesses in the design and construction of Mission Bay and provide the opportunity for African American businesses to locate there.

Mission Bay’s Affirmative Action Plan is the first in the history of San Francisco to create employment preferences for economically disadvantaged residents of Bayview/Hunter’s Point, Potrero Hill, the Mission District and South of Market.

No more empty promises.

VOTE YES ON PROPOSITION I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

San Francisco’s Latino community supports Proposition I. Latino community particularly. Vote YES for economic opportunity. Vote YES on Proposition I.

The Mission Bay neighborhood can provide our community with affordable housing, good jobs and numerous small business opportunities.

Mission Bay’s economic development and affirmative action programs provide real-world solutions to problems that disproportionately affect the Latino community. The multi-million dollar Economic Development Fund coupled with economic and job opportunity guidelines, will mean that our community will really benefit from the new Mission Bay neighborhood.

Mission Bay is good for San Francisco as a whole and for the

As former San Francisco city officials, we support Proposition I and the building of the new Mission Bay neighborhood.

Many of San Francisco’s best-loved neighborhoods were once plans like Mission Bay is today. Like them, Mission Bay can take its place as a worthy and necessary addition to a great city founded on great neighborhoods.

Those of us who have watched our great city grow over the years urge you to vote YES on Proposition I.

Renters and landlords, property owners and housing advocates agree: building more housing is the key to making San Francisco an affordable place to live.

The Mission Bay neighborhood is our best chance in decades to provide the large amount of new housing that San Francisco needs.

Seventy percent of Mission Bay’s total area will be devoted to housing. Over 8,000 homes will be built, of which 3,000 will be permanently affordable for low and moderate income families.

The affordable housing at Mission Bay, ranging from $37,000 for a studio to $147,000 for a 4-bedroom unit, is housing the City desperately needs.

And the wide range of homes at Mission Bay will provide once-in-a-lifetime opportunities for singles, couples without children, young families, seniors, and first-time home buyers.

We urge you to vote YES for one of the most important housing proposals in San Francisco history. Vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

As candidates for the Board of Supervisors this year, there is one issue on which we all agree: Proposition I is needed for the future of San Francisco.

Join us in voting YES on Proposition I.

CANDIDATES FOR SUPERVISOR:
Roberta Achtenberg
Daniel Addario

In 1986, the lesbian and gay community voted strongly in favor of Proposition M to control downtown growth.

This year, the leadership of our community supports Proposition I, an amendment to Proposition M to allow the creation of a new San Francisco neighborhood in Mission Bay.

Mission Bay will transform an underutilized industrial area into a neighborhood where all San Franciscans will have new opportunities — to buy an affordable home, start a business, work at a job without commuting, or just enjoy the outdoors.

Proposition I is a big step in planning for the future of the city we all love. That's why lesbian and gay leaders urge you to vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

For the children, we urge you to vote YES on Proposition I. Mission Bay's benefits for children and families will be the most extensive of any neighborhood in the City's history.
Mission Bay's plan for children includes an elementary school, a community and cultural center, and dozens of playgrounds, parks and open spaces.
The crown jewel in Mission Bay's family-related programs will be a multi-million dollar system of up to 10 quality childcare centers. Serving 1000 children, the centers will be a national model for childcare services.
Mission Bay will provide vitally-needed affordable housing that is large enough for families with children. Mission Bay gives families not only the opportunity to have not only homes near their jobs, but safe, convenient and affordable places where their children can learn and play.
Vote YES for the children. Vote YES on Proposition I.

San Francisco's Asian American community supports Proposition I.

By building the Mission Bay neighborhood, our community has an unprecedented opportunity to make economic and social progress.
Mission Bay will transform an underutilized, industrial area of the city into a new neighborhood for all San Franciscans, complete with housing, parks, community facilities. Best of all, Mission Bay provides opportunities for thousands of design and construction jobs, 20,000 permanent jobs, and hundreds of new small businesses.
Mission Bay includes the most extensive economic development programs for minorities of any project in San Francisco's history.
Vote for economic opportunity. Vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

We are artists and arts professionals who support Proposition I. Mission Bay will provide special opportunities for San Francisco’s theater and arts communities.

The creation of affordable live/work spaces will mean that artists will be able to afford their own homes in Mission Bay.

A new theater/visual arts center will provide space for both permanent and special exhibits. Funding and space will be provided for the multicultural performing arts community to help design and build a truly special playhouse in Mission Bay.

One percent of the cost of constructing commercial space at Mission Bay will fund public art, giving San Francisco artists the opportunity to create works that will help define and set apart San Francisco’s newest neighborhood.

Vote YES on Proposition I.

We are supporters of Proposition M who urge you to vote YES on Proposition I to create the Mission Bay neighborhood.

We supported Proposition M in 1986 so that San Francisco would have a rational policy to control downtown development. Proposition M was designed to allow San Franciscans to have the kind of input into the planning process that would guarantee projects that made sense for the City.

In 1990, we support Proposition I because the proposed Mission Bay neighborhood is consistent with the policies and goals of Prop M. Planning for Mission Bay has been the most open and comprehensive process in San Francisco history. Mission Bay makes sense.

No highrises will be built at Mission Bay. The tallest office building would be eight stories.

Mission Bay will create unprecedented economic opportunities for women, minorities and small businesses. Office space in Mission Bay will pay for thousands of affordable homes, as well as parks and public facilities that San Franciscans need.

We urge you to vote YES on Proposition I.

Acting in our individual capacities, we, as individual members of the San Francisco Port Commission urge all San Franciscans to support Proposition I. By supporting Proposition I you will not only allow San Francisco’s newest neighborhood to be built, but you will also solve difficult issues affecting the future of the Port of San Francisco.

Mission Bay will permit the Port to develop a modern, competitive, consolidated container cargo facility with potential future capacity that will be more than sufficient well into the 21st century. The Port will collect revenues of $2 million a year from the building of the neighborhood. Port operations will be improved and public access to the waterfront will be greatly enhanced.

As individual members of the Port Commission, we urge you to vote YES on Proposition I.

MEMBERS OF THE SAN FRANCISCO PORT COMMISSION
James Herman, President
James Bouskos, Vice President
Arthur Coleman, Commissioner
Anne Halsted, Commissioner

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

As members of the City Planning Commission, we support Proposition I because it advances the Mission Bay plan that we approved in August 1990.

Under that plan, important public benefits will be attained: construction of 3000 affordable housing units, development of parks, wetlands, and community facilities, clean-up of toxic wastes, economic development funds to assist small businesses and workers, and the creation of thousands of jobs targeted specifically for San Francisco’s diverse population.

Both the city and the developer will make substantial financial contributions to achieve these benefits. The city’s contribution will primarily come from the sizable tax revenues that the project generates. For example, of the $215 million in tax revenues, the city will spend approximately $160 million to implement the affordable housing program. To fulfill the promises of Mission Bay thus requires future city officials to invest tax revenues.

The successful implementation of the Mission Bay plan is dependent on an informed, vigilant, and active citizenry demanding that both the developer and the city fulfill these promises.

We submit this ballot argument as individuals, rather than in our official capacities as Planning Commissioners.

PAID ARGUMENTS AGAINST PROPOSITION I

MYSTERY TRAIN
No ordinance confirming development agreements should be on the ballot when such agreement is subsequently altered... especially Proposition I which contains enough ambiguities and “mays” to staff the Giants’ pennant drive.

Don’t be railroaded. Vote NO.

Brian Doohan

VOTE NO! ON PROPOSITION I
Be fair! Don’t exempt Mission Bay from Proposition M highrise controls. Stop this special sweetheart deal and giveaway to developers. The Coalition for San Francisco Neighborhoods urges all San Franciscans to Vote No! on Proposition I.

Coalition for San Francisco Neighborhoods

Do NOT exempt the Mission Bay project from downtown highrise controls!
... Be fair! ... Reject this hypocritical loophole for a politically favored developer ... Please VOTE NO! to stop short-sighted politicians from imposing their opportunistic bankrupt vision on our city’s future.

Former Supervisor John Bardis
PAID ARGUMENTS AGAINST PROPOSITION I

In 1986 the voters wanted to control office development so they passed Proposition M.
Now voters are being asked to approve an exemption for 4.8 million square feet of office in the Mission Bay project based on a development agreement which has not been finalized and which can be changed by the Board of Supervisors even after the vote.
Proposition M requires that the impact of commercial office space not overwhelm the city’s transit, traffic and parking capacity, housing capacity and affordability and neighborhood character. Proposition M requires that our city remain affordable for those living and working in it. And Proposition M requires that office development not displace other viable economic uses which provide a higher proportion of resident employment, such as neighborhood serving retail, service/light industry and manufacturing.
San Francisco Tomorrow believes that the City should get a better deal. Voters should oppose Proposition I unless the development agreement provides for sufficient affordable housing, community facilities and economic development opportunities to benefit all San Franciscans including those who have been economically disadvantaged in the past.
The development can proceed without a Proposition M exemption if the developer is still committed to building a new San Francisco neighborhood and is not just interested in selling off, the zoning.

San Francisco Tomorrow

Having drafted Proposition M and run its Campaign in 1986, we want the jobs, affordable housing, economic development and other amenities that a comprehensive development agreement should provide. We wanted to support a Mission Bay exemption to Proposition M’s annual limit of office development; however, the Mission Bay proposal is inconsistent with Proposition M because it does not:
• Provide adequate levels of affordable housing, as the affordable housing is BELOW Bay Area standards;
• Guarantee the financing of affordable housing and other Mission Bay amenities;
• Provide for a definite start-date for the project;
• Provide sufficient housing for its own work-force;
• Fully answer questions concerning toxics clean-up nor provide for an independent consultant for the community;
• Guarantee jobs for San Franciscans;

Having drafted Proposition M and run its Campaign in 1986, we want the jobs, affordable housing, economic development and other amenities that a comprehensive development agreement should provide. We wanted to support a Mission Bay exemption to Proposition M’s annual limit of office development; however, the Mission Bay proposal is inconsistent with Proposition M because it does not:
• Improve our transportation system and decrease congestion.
• Instead of seriously addressing our City’s critical problems — such as affordable housing, transportation and jobs for San Franciscans — the draft proposal (as of the ballot deadline) creates even greater problems.

San Francisco Campaign for Accountable Planning
Executive Committee

Exempting the Equivalent office space of 10 Transamerica pyramids from the city’s Prop. M growth control law is a bad idea.
This proposed preferential exemption for the powerful Southern Pacific Company, now called Catellus Development Corporation, is unprecedented, unreasonable, and unnecessary.
Vote NO on I.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
TEXT OF PROPOSED ORDINANCE

PROPOSITION I

Part 1 - Declaration of People of San Francisco regarding the Mission Bay Neighborhood.

Whereas, an amendment of the City Planning Code, including the provisions thereof enacted by the voters through Proposition M in 1986, is appropriate to facilitate development of Mission Bay provided such development complies with the performance criteria and standards of an appropriate and adequate development agreement.

Part 2 - Amendment of City Planning Code.

Be it ordained by the People of the City and County of San Francisco that Part II, Chapter II of the San Francisco Municipal Code (the City Planning Code) is hereby amended as follows:

Section 1. A new Subsection 320(g)(7) is hereby added so as to provide a new exception from the definition of an office development subject to the annual limit as follows:

“(7) Office space in Mission Bay, up to a maximum of 4.8 million square feet, which is the subject of a development agreement as authorized under California Government Code Section 65865 or any successor section, provided that such development agreement is in effect at the time of issuance of any building or site permit therefor, is approved by the Board of Supervisors after recommendation by the City Planning Commission, and sets out standards and performance criteria which include at least the following:

(i) requires that efforts be undertaken to cause affordable and market rate housing to be built on a schedule such that no later than ten (10) years after the project start date (as defined in such development agreement) construction shall have commenced for at least 2,000 housing units, of which no less than 740 shall be affordable housing units and further requires that, at a minimum, over the life of the project, at least one housing unit be provided for each 712 square feet of additional office space built including at least one affordable housing unit for each 1900 square feet of additional office space built;
(ii) provides economic development and employment opportunities for women, minorities and locally-owned businesses, and establishes an economic development fund of at least $2.00 per square foot of additional office space to be used to create economic opportunities and to provide technical assistance for women, minorities and locally-owned businesses, and to finance job training, employment brokerage and placement programs with priority given to economically disadvantaged San Francisco residents, specifically including those in the South of Market, Bayview/Hunters Point, Mission District, and Potrero Hill neighborhoods, and further requires that no later than ten (10) years after the project start date (as defined in such development agreement), no less than $3,000,000 shall have been contributed to the economic development fund, regardless of whether or not construction of additional office space has occurred, and further may provide that a priority be given in the initial allocation of funds from such fund for creation and implementation of the programs contemplated by this Subsection;
(iii) provides a comprehensive program for investigation and remediation of hazardous materials in connection with development in a timely fashion to permit construction of housing, open space and community services facilities;
(iv) provides a comprehensive public parks system including the provision or enhancement of a publicly accessible shoreline estuary, and provides public and community facilities; including a police station, a fire station, recreation, cultural and child care centers;
(v) prohibits discrimination on the grounds of, or because of, race, color, creed, national origin, ancestry, age, sex, sexual orientation, disability or Acquired Immune Deficiency Syndrome or AIDS related condition (AIDS/ARC) as provided in Chapter 56.7(c) of the San Francisco Administrative Code; and
(vi) provides that the times required for construction and contribution of funds set forth in Subsections (i) and (ii) above may be extended by the occurrence of unavoidable delays, including without limitation, matters beyond the reasonable control of the party charged, unavailability of satisfactory financing as determined in the prudent business judgment of the party charged, administrative or regulatory processing delays, or changes in laws or regulations and further, specifically shall defer the obligations set forth in Subsections (i) and (ii) above if any additional office space may not be commenced or completed due to litigation or lack of regulatory approvals.”

Section 2. A new subsection 320(l) is hereby added as follows:

“(l) “Mission Bay” means the area generally bounded by Third Street, Berry Street, Fourth Street, and China Basin Channel, China Basin Street, Mariposa Street, Pennsylvania Street, Seventh Street and Townsend Street.”

Section 3. A new Subsection 320(m) is added as follows:

“(m) “Affordable housing” means housing units affordable to households with incomes ranging from 50% or less to 120% of the median income for the San Francisco Metropolitan Area, a portion of which must be permanently affordable to such households.”

Section 4. A new sentence is added at the end of Subsection 321(a)(2) as follows:

“Notwithstanding the foregoing, additional office space within Mission Bay shall count against the maximum set in Subsection 321(a)(1) to the extent provided in Subsection 321(f).”

Section 5. The last sentence of Subsection 321(b) is deleted and replaced with the following:

“The list shall not include: (1) permits for projects authorized pursuant to the office development competition set out in Subsection 321(b) and Section 322; or (2) permits for projects which are excepted from the definition of the term “office development” under Subsection 320(g)(7).”

Section 6. A new Subsection 321.1(f) is added as follows:

“(f) This Subsection 321.1(f) shall be effective after the amount of square footage remaining on the Department’s list, prepared pursuant to Subsection 321.1(b), is reduced to zero and the 950,000 square foot annual limit established in Subsection 321(a)(1) is not subject to reduction pursuant to Subsection 321.1(d)”

(2) Beginning on February 1st of the year in which this Subsection 321.1(f) becomes effective, and on February 1st of each subsequent year, the Department shall certify in writing to the City Planning Commission, at a public hearing, a current list showing the total square footage of all office space which is excepted from the definition of the term “office development” under Subsection 320(g)(7) for which building or site permits were approved for issuance (including those approved prior to the effective date of this Subsection 321.1(f)) that have not lapsed or otherwise been revoked. In preparing that list, the Department shall subtract from the total amount of square footage of office space on its list the cumulative amount that has been deducted from the 950,000 square foot annual limit pursuant to Subsection 321.1(f)(3) below, and shall add to that list the cumulative amount that has been added to the 950,000 square foot annual limit pursuant to Subsection 321.1(f)(4).

(3) Within 30 days after receipt of the Department’s certified list, the Commission shall reduce the 950,000 square foot annual limit established in Subsection 321(a)(1) by 200,000 square feet if the amount of the square footage of office space on the Department’s list is equal to or greater than 200,000, or if the amount on the Department’s list is less than 200,000 but greater than zero, then by such lesser amount.

(4) If the amount of square footage on the Department’s list is a negative number (due to the lapse or other revocation of building or site permits), then an amount of square footage equal to the absolute value of that negative number shall be added to the 950,000 square foot annual limit.

(5) In no event shall the cumulative total amount deducted from the 950,000 square foot annual limit, net of amounts added to the annual limit, for all years exceed 4.8 million square feet.”

Part 3 - Authority Retained.

Nothing herein shall be deemed to limit the lawful exercise of discretion by any City agency, department, board or commission, nor to limit the authority of any such entity to impose additional or more stringent conditions or requirements, in connection with the re-approval or amendment of a development agreement.
LEGAL TEXT OF PROPOSITION I (Continued)

Part 4 - Termination.
If there is a default which remains unsecured (as same may be defined and provided in a development agreement) under the provisions of a development agreement which set forth the requirements of Subsections (i) and (ii) of Section 1 of Part 2 above due to the actions of a party other than a public entity, then this Ordinance shall be null and void and of no further force or effect as of the expiration of any cure period for such default. Part 5 - Severability.
If any section, subsection, phrase or part of the foregoing is held invalid by a court of competent jurisdiction, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the other parts of this Ordinance, or application thereof, which can be given effect without the invalid part or application thereof. Each section, subsection, sentence, phrase, or part of this Ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or positions be declared invalid or unconstitutional.\[\]

Housing Affordability Fund

PROPOSITION J

Shall an ordinance be adopted making it City policy for the Board of
Supervisors to appropriate at least $15 million each year, adjusted for
inflation, to the Housing Affordability Fund, provided that $5 million
may be appropriated in years where extraordinary circumstances
warrant it? YES 309  NO 310

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The City has a
Housing Affordability Fund to assist in pro-
viding low and moderate income housing.
There is no City policy regarding the
amount of money the Board of Supervi-
sors should appropriate each year to this
fund.

THE PROPOSAL: Proposition J is an ordi-
nance that would make it City policy for
the Board of Supervisors to appropriate at
least $15 million each year to the Housing
Affordability Fund, to be adjusted each
year based on the Consumer Price Index.
If, due to an extraordinary circumstance,
two-thirds of the Board of Supervisors find
that less money should be appropriated in
a given year, then Proposition J would
make it City policy for the Board to appro-
priate at least $5 million for that year.

A “YES” VOTE MEANS: If you vote yes,
you want to adopt an ordinance making it
City policy for the Board of Supervisors to
appropriated these funds each year to the
Housing Affordability Fund.

A “NO” VOTE MEANS: If you vote no, you
do not want to adopt this ordinance.

Controller’s Statement on “J”

Should the proposed ordinance be adopted and
implemented, in my opinion, general resources,
ranging from $15 million in 1991-92 and increasing
thereafter indefinitely at the rate of increase in the
consumer price index, could be allocated to an
Affordable Housing Fund.

Amounts allocated to the Affordable Housing
Fund would diminish the amount of funds available
for general purposes of the City and County.

How “J” Got on the Ballot

On August 8, 1990 the Registrar of Voters received a
proposed ordinance signed by Supervisors Harry Britt, Jim
Gonzalez, Nancy Walker, and Doris Ward. The City Charter
allows four or more Supervisors to place an ordinance on
the ballot in this manner.
PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION J

Housing is the foundation upon which all our social structures are built. In San Francisco, we face a housing affordability crisis that threatens to affect and change the way we all live. Proposition J makes it City policy to provide a substantial annual affordable housing contribution.

It costs more to live in San Francisco than almost anywhere else in our nation. The average sale price of a home has more than doubled since 1980; the average rent has nearly doubled in the same period. Today, only seven percent of San Francisco households can afford the average home. Many of our hard working lower and middle class families can no longer afford to rent or purchase a home in San Francisco, disrupting the economic, social and cultural fabric that weaves its way through all aspects of life in our City.

In the past, San Francisco’s commitment to providing affordable housing has been augmented by substantial State and Federal funding assistance. These housing funds have been drastically reduced over the past decade, and San Francisco can only compete for funding if we can make sufficient local contributions.

The housing funds allocated by Proposition J represent a small percentage of San Francisco’s annual budget, but they will leverage significant resources directed toward affordable housing preservation and new construction. Some costs will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless.

With Proposition J, starting in fiscal year 1991-92, fifteen million dollars will go to the Housing Affordability Fund annually. This revenue will be generated if new funding sources are identified. This represents a sound investment in the diversity of San Francisco, and will help improve the quality of housing in many of our neighborhoods.

Vote YES on Proposition J.

Nancy Walker
Harry Britt
Jim Gonzalez
Doris Ward

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION J

Not once in their argument do the four supervisors admit where the $15,000,000 a year for Proposition J is going to come from. There’s only a vague hint in the last paragraph: “This revenue will be generated if new funding sources are identified.”

Just what “new funding sources” do they have in mind? They never tell you, but I will: doubling the city’s real property transfer tax imposed when you sell or buy a home. In other words, these four supervisors want to add about $2,000 to the price of a typical San Francisco home.

What’s their solution to the “affordable housing crisis”? To make the average San Francisco home $2,000 less affordable.

VOTE “NO” ON PROPOSITION J.

In 1980, I authored the policy declaration, approved overwhelmingly by the voters, which established a goal of 20,000 new housing units by the end of 1984. That policy was not fulfilled, and it never will be fulfilled if City Hall persists in such counterproductive strategies as Proposition J.

A huge tax hike on homeowners is no way to improve the housing situation in San Francisco!

VOTE “NO” ON PROPOSITION J.

The four supervisors even claim that some of Proposition J’s $15,000,000 annual cost “will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless.” But most of the “homeless” are not people looking to buy a home!

Proposition J is a sham.

State Senator Quentin Kopp
Chairman, Kopp’s Good Government Committee

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION J

Proposition J requires the Board of Supervisors to appropriate $15,000,000 a year to a “Housing Affordability Fund”. Sound good? Read on.

Question: Where’s the money going to come from?
Answer: Higher taxes!

VOTE “NO” ON PROPOSITION J.

The same supervisor who authored Proposition J has an ordinance pending before the board that would double the city’s real property transfer tax rate. This proposal could even increase the transfer tax by 1,000% for many San Francisco homebuyers. (That’s the source of funding for Proposition J.)

In other words, Proposition J would pave the way to adding $2,000 to the price of a typical San Francisco home. How does that make housing more “affordable”?

VOTE “NO” ON PROPOSITION J.

The real property transfer tax is a lousy idea in the first place. It bears no connection whatsoever to any legitimate governmental service — like recording your deed or mortgage. The transfer tax is nothing but an excuse to gouge homeowners and raise money for City Hall.

There are 58 counties in California. In 57 of those counties, the transfer tax is 55 cents for each $500 of property value sold. In San Francisco, the current transfer tax is $2.50 for each $500 of property value. Proposition J would send our already excessive transfer tax out of sight!

VOTE “NO” ON PROPOSITION J.

The author of Proposition J has been quoted as stating that an extra $1,000 or $2,000 has “never been the amount of money that makes or breaks a real estate deal”. Tell that to the families in San Francisco struggling to scrape together a down payment.

Proposition J will only make a bad housing situation worse.

State Senator Quentin Kopp
Chairman, Kopp’s Good Government Committee

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION J

The opponents of Proposition J are trying to mislead you.

Proposition J does not raise taxes one penny. Proposition J sets City policy to make a long-term commitment to the City’s depleted Housing Affordability Fund.

The transfer tax will not be affected one way or another by Proposition J, as Senator Kopp claims. In fact, any change to the transfer tax will have occurred months prior to this election. The transfer tax doesn’t make housing unaffordable — a housing shortage does.

That’s why, as a San Francisco Supervisor, Kopp placed a housing proposition on the ballot approved overwhelmingly in 1980. It set city policy to create 20,000 new units of housing over a five year period, but no money was allocated at that time. With the annual $15 million commitment in Proposition J, we will finally be able to meet the housing goals the voters and Kopp approved.

Vote YES on Proposition J, and get the affordable housing you already voted for.

Senator Kopp knows that the State of California has hurt San Francisco by slashing State funding to local governments. These drastic cuts greatly increase the need for San Francisco to fund housing for truly needy groups such as battered women and mentally and terminally ill, as well as our hard-working renters and first time homebuyers who are priced out of the market.

An investment in affordable housing is an investment in San Francisco’s future. Vote YES on Proposition J.

PAID ARGUMENTS AGAINST PROPOSITION J

Vote No on Proposition J.
Everyone agrees that San Francisco needs more affordable housing. But Proposition J won't raise one penny for housing.
Proposition J does not bind the city to spend any money to build affordable housing. It is on the ballot only as a first step in an effort to raise taxes.
San Francisco's general tax revenues are not great enough to allow the Board of Supervisors to transfer millions of dollars into a housing fund. To implement Proposition J the Board of Supervisors will have to either pass new taxes or cut current programs.
Vote No on Proposition J. Insist that the Board of Supervisors tell us how the program is to be paid for.
Don't be fooled. Vote No on Proposition J.

Donald D. Doyle
San Francisco Chamber of Commerce

Proposition J would require the Board of Supervisors to allocate $15 million a year for affordable housing. But where is the money going to come from? Isn't the city facing a budget crisis?
The supporters of Proposition J advocate increasing the real property transfer tax, the tax that is paid whenever title to property changes. This largely unknown tax could end up costing property owners and buyers thousands of dollars.
Isn't it just like City Hall to make housing more expensive in order to support affordable housing?

If Proposition J is worthy of the voters' support, why don't its supporters tell you how the funds will be used and who will benefit? Shouldn't the voters have these important details?
The Association supports sound housing policies. But Proposition J leaves everything to the imagination. Until its supporters provide more details, we urge San Franciscans to VOTE NO ON PROPOSITION J.

San Francisco Association of Realtors

We know San Francisco has an affordable housing problem. Is Proposition J the solution? You can't tell from its language.
As written, Proposition J only says, "appropriate to the Affordable Housing Fund... no less than... in fiscal year 1991-92, $15 million dollars, and each succeeding fiscal year," a like amount adjusted for inflation.
From a reading of Proposition J, you can't tell where or how these funds will be spent. Or where the money will come from.
Proposition J doesn't provide the facts. VOTE NO ON PROPOSITION J.

Jack Waters
Laura Peterson
Grace J. Perkins
Barbara A. Moore
Lenora N. Lawrence
Gardner W. Mein
Frances Miller
Dana Ellsworth
Diana Vollmer

Proposition J is fiscally irresponsible. Vote NO ON PROPOSITION J.
San Francisco's residents and businesses are burdened by some of the highest taxes in effect anywhere in the country. Now the Board of Supervisors is considering a proposal to increase the city's real property transfer tax by 120%. If this tax is increased, it could end up costing home owners and buyers thousands of dollars.
During the debate on the tax, supporters of the increase have said that additional money is needed to support an annual allocation of $15 million to the city's affordable housing fund if Proposition J is passed by the voters. But the proposed increase would generate an additional $38 million a year. How would the balance of these funds be used? Are they needed? No one will say.
Proposition J doesn't even tell you how the $15 million annual allocation will be used and who will benefit. Proposition J is a disguised attempt to increase taxes for a variety of unspecified purposes.
It is budgetary profligacy of the worst sort. Vote NO ON PROPOSITION J.

W.F. O'Keeffe, Sr., President
San Francisco Taxpayers Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION J

Proposition J is not an innocuous policy statement. It asks voters to support a permanent $15 million annual allocation of General Fund revenues to a poorly defined housing fund. Each fiscal year, city expenditures exceed revenues. Where will the city get the revenues for this special interest fund?

The proponents of Proposition J won’t tell where the money is coming from. They just say vote for housing. The truth is that the revenues to finance the fund must come from increased taxes and fees on residents or small businesses, or cuts in city services, such as health, seniors, MUNI and public safety. VOTE NO ON PROPOSITION J.

Passage of Proposition J would encourage other special interest groups to seek voter approval to “lock-up” more General Fund revenues for their causes. The federal and state budgets provide ample evidence of the budgetary crises which are produced when special interests take control of the budget. Don’t let this happen in San Francisco. VOTE NO ON PROPOSITION J.

The measure does not spell out guidelines on how the funds would be used. Is Proposition J a hidden “blank check”? Why don’t the proponents tell the voters in the measure how the funds will be spent? VOTE NO ON PROPOSITION J.

As a non-profit housing group, we are very interested in supporting reasonable, detailed and effective affordable housing programs. Proposition J does not meet these standards for support. The proponents should detail their housing fund proposal and then ask for voter support. Until then, VOTE NO ON PROPOSITION J.

San Francisco Housing Council

The Board of Supervisors has been aggressive in adopting policies designed to increase affordable housing opportunities for San Francisco residents. Each year, millions of dollars are committed to affordable housing programs. But despite this effort, no one can deny that the city’s financial commitment to affordable housing should be increased.

The problem is that the city has been living beyond its means. Each year, the city’s budget becomes increasingly difficult to balance. Cuts in essential services are not the answer; nor are increased taxes and fees. Governmental efficiency must be improved in order to provide the funds needed to support public services and economic growth. Until this happens, San Francisco cannot afford Proposition J’s budget mandate of $15 million annually.

Please join us in voting NO ON PROPOSITION J.

Supervisor Willie B. Kennedy
Supervisor Bill Maher
Supervisor Tom Hsieh

The Coalition for Better Housing, a non-profit housing group, has been in the forefront of supporting sound and effective affordable housing solutions for many years. We would like to support Proposition J but we cannot. Why?

Look at the text. Proposition J does not tell voters the source of the $15 million annually allocated to fund the program. It can only come from two places: more cuts in city services or more increases in taxes and fees. At a time when San Francisco is facing one of its worst fiscal crisis, the City cannot afford Proposition J.

Where in Proposition J’s language does it tell how the funds will be spent? The voters of this city should not support a housing fund with no accountability or program guidelines.

Don’t be fooled by the proponents of Proposition J. They are asking you to support a measure without the information you need to make an informed decision. Make them tell you the details before voting for such a measure.

Join housing advocates that want fiscally and programmatically sound affordable housing plans.

Vote No on Proposition J!

Barbara Kolesar
Executive Director
Coalition For Better Housing

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
TEXT OF PROPOSED ORDINANCE
PROPOSITION J

NOTE: This Section is entirely new.

Be it ordained by the people of the City and
County of San Francisco:
Section 1.
Findings:
1. San Francisco's housing costs are among
the highest in the nation.
2. High housing costs threaten the social,
cultural, and economic well being of the City
and all of its residents.
3. An investment in affordable housing is
therefore in the vital interest of the City and
County of San Francisco.
4. The average sales price of a house in San
Francisco has more than doubled since 1980,
from $131,000 to $340,000 in 1990. It is esti-
mented that only 7% of San Francisco house-
holds can afford the price of the average San
Francisco single family home.
5. The price of a two-bedroom rental apart-
ment increased by 88% since 1980 from a me-
dian advertised rent of $475 in 1980 to $895 in
1989. It is estimated that only 30% of the City’s
households can afford the current median price
of a two-bedroom apartment.
6. There has been a drastic reduction in direct
Federal funding for affordable housing to all
American cities over the last ten years, and there
is no likelihood of restoring discontinued na-
tional affordable housing programs.
7. Remaining current state and federal afford-
able housing programs rely on a substantial
local funding match to be made available.
8. The Residence Element of the Master Plan
projects a need for 2690 new or renovated units
of very low income, low income, and moderate
income housing annually.
9. 2000 units of housing with expiring Federal
subsidies in the next five years alone can only
be maintained as affordable housing with some
investment of local funds.
10. 4290 units of Public Housing in the next
five years alone will require renovation with a
requirement for some investment of local funds.
11. There is a need for a substantial and
predictable local source of revenue for meeting
these affordable housing requirements, in ex-
cess of the amounts available through the Office
Affordable Housing Production Program and
the Hotel Tax, and through Community Devel-
opment Block Grant funds.
12. San Francisco, unlike comparable Amer-
ican cities, neither currently nor regularly com-
mits significant amounts of general fund
revenue to affordable housing.
13. The previously established Housing
Affordability Fund (Ordinance 249-85) which
was established with a one-time commitment
of general fund money in 1985 is depleted.
14. Both the Mayor’s Affordable Housing
Action Plan (1989) and the City’s new Resi-
dence Element recommend that voter approval
be sought for a guaranteed annual local commit-
ment to an affordable housing fund similar to
the commitment that has been made to the Open
Space Acquisition Fund for development and
maintenance of open space.
15. Urgently needed affordable housing de-
velopments that have been partially funded to
date or are seeking funding will be jeopardized
without future local funding.
Section 2.
Chapter 10 of the San Francisco Administra-
tive Code is hereby amended by adding a new
Section 10.117-50.1 thereto, to read as follows:
SEC. 10.117-50.1. ANNUAL APPROPRIA-
TIONS TO HOUSING AFFORDABILITY
FUND. (a) It shall be the Policy of the People
of the City and County of San Francisco that
subject to the budget and fiscal provisions of the
Charter of the City and County of San Fran-
cisco, commencing in fiscal year 1991-92, the
Mayor and the Board of Supervisors shall,
through the annual appropriation ordinance for
the City, appropriate to the Housing Affordabil-
ity Fund established by Section 10.117-50(a) of
the San Francisco Administrative Code no less
than the total amount specified in subsections
(i) and (ii) below:
(i) In fiscal year 1991-92, fifteen million
dollars ($15,000,000.00), and in each suc-
ceeding fiscal year, fifteen million dollars
($15,000,000.00) increased by the percentage
by which the Consumer Price Index for All
Urban Consumers: Selected areas, all items
index, San Francisco-Oakland, California
(1982-1984=100) (or if that index is no longer
published, and equivalent successor index se-
lected by the Board of Supervisors) that is pub-
lished on or immediately prior to the first day
of the fiscal year exceeds the Consumer Price
Index published on or immediately prior to July
1, 1990, or
(ii) Five million dollars ($5,000,000.00),
upon a determination by a two-thirds majority
of the Board of Supervisors that due to an Act
of God or other extraordinary circumstances a
reduction below the requirement as set forth in
section (i) is warranted, but may not be enacted
by the Board for more than two (2) consecutive
years.
Domestic Partners

PROPOSITION K
Shall two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses be allowed to formally establish their relationship as a "domestic partnership?"

YES 311
NO 312

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: There is no process for lesbians and gay men to formally establish and record their relationships.

THE PROPOSAL: Proposition K would allow two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses to formally establish their relationship as a "domestic partnership." They would establish their relationship by signing a Declaration of Partnership and either (a) filing the Declaration with the County Clerk or, (b) having the Declaration notarized and witnessed and given to the witness. A filing fee would be charged to cover the City's costs.

The domestic partnership would end if one partner notifies the other that he or she has ended the partnership, if one of the partners dies, if one of the partners marries or if the partners no longer live together. When the domestic partnership ends, the partners would incur no further obligation to each other.

A person who has filed a Domestic Partnership Declaration may not file another such declaration until six months after the partnership has ended, unless the previous domestic partnership ended because one of the partners died.

A "YES" VOTE MEANS: If you vote yes, you want to allow unmarried couples to formally establish their relationship as a domestic partnership.

A "NO" VOTE MEANS: If you vote no, you do not want to allow unmarried couples to formally establish their relationship as a domestic partnership.

Controller's Statement on "K"
Should the proposed ordinance be adopted, in my opinion, it should not affect the cost of government.

How "K" Got on the Ballot
On July 20, 1990, the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Richard Hongisto, and Nancy Walker. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION K

Proposition K, the Domestic Partners registry, is simply a question of fairness. Proposition K will cost the city nothing.

Proposition K will allow lesbian, gay and other committed couples to register their relationships.

Under state law, lesbian and gay couples cannot get married. Despite their commitment, despite their love, despite all the joy and struggles they’ve endured, their relationships are neither recognized nor supported. Like all couples, they want visible recognition from their friends, families and neighbors.

This is an issue of choice and civil rights. Everyone has the right to choose whom they will love. The religious opponents of domestic partners, who want to enforce their view of what constitutes a loving, committed relationship on everyone else, would deny social recognition and support for gay and lesbian relationships. Let’s stop the injustices by voting yes on Proposition K.

The previous proposal for domestic partners caused concern over potential costs to taxpayers. But the registry under Proposition K is financially self-supporting with fees covering all costs. Proposition K provides no city or employment benefits to domestic partners.

Proposition K is the respect and support that will allow all of the residents of our city to proudly say, “We are a part of the family of San Francisco.”

VOTE YES ON PROPOSITION K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION K

The Blitzkrieg-defying traditionalist Sir Winston Churchill — the man who destroyed Adolf Hitler — at age 13 memorized these fateful lines from Maccaulay’s Lays of Ancient Rome:

“Then out spake brave Horatius,
The Captain of the Gate:
“To every man upon this earth
Death cometh soon or late.
And how can man die better
Than facing fearful odds,
For the ashes of his fathers,
And the temples of his gods?”

San Francisco’s misguided Board of Supervisors purports to advise us on “Love”, “Fairness” and so-called “Religion”. Their ideas are flawed and twisted. Vote “NO” on Proposition K.

Even the claim that “domestic partners” will not cost us tax money is false. In light of the California case of Marvin v. Marvin (on the “implied contract” rights of “live-in” lovers), it’s total folly to pretend that “domestic partners” will not open up the floodgates of future litigation. We can expect lots of court costs if Proposition K passes.

The First Amendment to the U.S. Constitution wisely bans the “establishment” of religion. The power of the state should not be used to advance particular creeds or belief systems.

Proposition K represents nothing but an attempt to “establish” the belief system of “domestic partners” as the official policy of the City and County of San Francisco.

The Board of Supervisors are insulting you and wasting your tax money by putting this already defeated “domestic partners” measure back on the ballot again.

Vote “NO” on Proposition K.

Patrick C. Fitzgerald
Democratic Party Nominee for State Senator
OPPONENT'S ARGUMENT AGAINST PROPOSITION K

JUST SAY "NO" TO "DOMESTIC PARTNERS"
San Francisco is a broadminded seaport town.
People from all over the world have come to San Francisco since the
day the Spanish navigator Ayala first sailed his ship through
the Golden Gate.
The San Francisco Presidio's Lyon Street Gate and its ancient
Officers Club are still guarded by the cannons of the Spanish King
Carlos III.
The quartered arms of Aragon and Castile — the old banner of

San Francisco and its voters defeated an almost identical "do-
mean partners" measure last year.
Still earlier, when Dianne Feinstein was still Mayor, The San
Francisco Board of Supervisors passed another "domestic part-
ers" resolution. Mayor Feinstein correctly vetoed that unwise
proposal.
Now — like a Bad Penny — "domestic partners" has come back
to again haunt the City and County of San Francisco.

"Domestic partners" is basically a slap in the face to 3,000 years
of Judeo-Christian-Islamic civilization:
That is the reason Archbishop Quinn last year had a letter read in
every San Francisco Roman Catholic church attacking the 1989
"domestic partners" ballot measure.
That is the reason virtually every Catholic, Protestant, Eastern
Orthodox, Jewish, Moslem, and Buddhist clergyman in the City
and County of San Francisco agreed.
The truth is that "domestic partners" is a piece of legislation that
would have been laughed out of the late Emperor Nero's pagan
Roman Senate.
In fact, there is only one man in Suetonius' Lives of the Twelve
Caesars who would probably have backed "domestic partners"
legislation.
His name???: The mad Emperor Gaius Caligula.
Gaius Caligula also put a horse in the Roman Senate.

Citizens Against "Domestic Partners"
Patrick C. Fitzgerald
Democratic Nominee for State Senator
Chairman of Citizens Against "Domestic Partners"

REBUTTAL TO OPPONENT'S ARGUMENT AGAINST PROPOSITION K

Domestic Partners is obviously NOT about Caligula. It is not
about Imperial Spain, or King Carlos III, or about sailors crossing
the Golden Gate.
It IS about our respect for one another. It's about the acceptance
and recognition of our differences. It's about our willingness to tell
our neighbors and families and friends that all people should be
granted the right of being allowed to publicly recognize the one
they love.
Yes, San Francisco is a city of traditions . . . Traditions of
tolerance, fairness, and respect for others. Proposition K reaffirms
these San Francisco traditions.
Please vote YES ON K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on
August 27, 1990.
Ayes: Supervisors Gonzalez, Hallinan, Hsieh, Kennedy, Maher,
Nelder, Walker and Ward.
Absent: Supervisors Alioto, Britt and Hongisto.
DOMESTIC PARTNERS

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Long-term, monogamous relationships should be recognized and encouraged.
Vote YES on K.

Joel Venrscsa
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Equal rights must be afforded all citizens — without regard to sexual orientation.
As Democratic Committee members, we have both consistently supported domestic partners legislation. In 1983, Arlo Smith authored the resolution first putting the Democratic Committee on record in support of such legislation.
In 1987, Arlo Smith got the BART Board to adopt an ordinance prohibiting BART contractors from engaging in sexual orientation discrimination.
In 1989, Arlo Smith co-sponsored (with Director Michael Bernick) a domestic partners proposal for BART employees. Alexa

Smith will vote for such legislation if elected as your BART Director.
We both supported Proposition S in 1989.
We are proud to support Proposition "K".
Vote "YES" on "K".

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committee member/BART Board Candidate

Vote Yes on K! Equity and fairness for all San Franciscans.

We must stand together with the lesbian and gay members of our own African American, Latino, Asian and Pacific Islander, and Native American communities and with all lesbian and gay couples who seek equal treatment for their relationships. Proposition K will allow these couples the same public recognition and respect of their relationships that we give to others. At no cost to the city, we can take one more step towards dignity and the fair treatment of all.

Carole Migden
Candidate, Board of Supervisors

Communities of color have always led the fight for equality and challenged the discrimination which designated "white" only jobs, schools and recreational facilities or immigration laws which separate our families. Current laws regarding family status do not allow the participation of lesbian and gay couples, leaving them with no mechanism to register their relationships and seek equal treatment for them.

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is an important piece of civil rights legislation that San Francisco must pass. It establishes a registry for gay and lesbian couples, allows hospital visitation rights, and carries no costs for public and private employers. It bestows basic civil rights and legitimacy on a large segment of San Francisco’s population. VOTE YES ON K.

Supervisor Bill Maher

The San Francisco Democratic Party supports Domestic Partnerships. By an overwhelming majority, the Central Committee voted to support Proposition K.

The Democratic Party has a strong tradition of support for civil rights and individual freedoms.

In San Francisco, let us define what we consider a family.

Join your local Democratic Party in recognizing the diversity of families in our city.

We urge you to vote YES on PROPOSITION K.

Proposition K is an issue of CHOICE! The lesbian and gay community has created a process for the city to recognize their relationships through a registration system, since they are not legally eligible for marriage. A small section of religious fundamentalists overturned this legislation last year. They want to impose their lifestyles on the entire population — preventing women from exercising their right to choice related to pregnancy — preventing lesbian and gay couples from exercising their right to the choice of loving relationships of their own sex.

If we cannot demonstrate the importance of maintaining our freedom of choice here in San Francisco, it will surely be endangered throughout the country.

Carole Migden
Louise Ogden, Former President of NWPC

Almost everyone has lost a friend, relative, co-worker or lover to AIDS. Our city has witnessed a crisis beyond all scope but we have seen an enormous amount of caring and love that has poured outler to AIDS epidemic.

The lesbian/gay community, through its response to AIDS and in a hundred other ways, has shown it has the power to love and care. A “Yes” vote on Proposition K recognizes the love and commitment shared by lesbian and gay couples, and will bring all our communities together as part of the family of San Francisco.

Domestic Partners

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is about justice. This measure requires no city tax dollars; it is completely self-supporting. Proposition K represents the consensus position of the elected leadership of San Francisco.

There are no financial benefits in Proposition K, but it does provide a legal registry to foster respect for lesbian, gay and other unmarried couples. This is one way San Francisco can address the discrimination and neglect they face. We urge you to vote “Yes” on Proposition K, so that our city officially encourages loving and caring families.

Mayor Art Agnos
Assembly Speaker Willie L. Brown, Jr.
Assemblyman John Burton
State Senator Milton Marks
Congresswoman Nancy Pelosi
Assemblywoman Jackie Speier

Martin Luther King, Jr. once said, “Injustice anywhere is a threat to justice everywhere.” Proposition K is about fighting injustice. We are part of civil rights and social justice groups that are devoted to uplifting the lives of all people. We are concerned about discriminatory laws and practices that deny justice and equal opportunity to any member of society.

Proposition K is a simple measure of justice. It represents everything decent and honorable about our city. Proposition K affirms the lives and humanity of all San Franciscans. There is no financial cost to the city with Proposition K. There is a moral cost to the city without it. Please stand with us on the side of human justice. Vote YES on PROPOSITION K.

PAID ARGUMENTS AGAINST PROPOSITION K

“People have heard enough about the ‘Rights of Man’ as they are called; it is time they hear about the Rights of God”.

— Pope Leo XII (1823-1829)

Some now seek to “redefine” the family — as if the Natural Law is malleable by man! Remember, “Live-and-let-live” libertarianism is NOT accepted by God, nor does scripture or tradition teach that democracy is the ideal form of government. Democracy is valid ONLY if a Holy Fear of God is woven through the fabric of society.

Proposition K, a degenerative piece of legislation, further erodes that fabric. Do we need more disasters and loss of freedom to make us realize we are not dealing with a play-God? Keep in mind that Hell and Purgatory ARE real and Dies Irae IS coming!! Vote No on K!

Dennis J. Mark, Accountant

This is an attempt by the militant homosexual-dominated political establishment to use our city government to force our endorsement of perverted and illicit sexual relationships. It is a mockery of marriage. It attempts to provide the benefits of marriage without the responsibilities. It would open the door to astronomical financial costs.

Use your common sense. Vote No on K.

A vote for me is a vote against domestic partnerships and for family values.

Jim Robinson
Candidate for Supervisor

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION K

An issue that the voters have already rejected is before them again — the “domestic partners” issue that would allow the same sex and unmarried partners the same status of married couples and families. A domestic partnership is a shallow mockery of traditional heterosexual marriage, with all of the privileges and none of the real responsibilities. It is a “frequent flier” marriage of the moment that can be easily dissolved. The proponents of Proposition K attempt to use the laws, institutions, bureaucracies and tax dollars of our City to make a public statement that divergent lifestyles and choices are perfectly legitimate too and demand everyone’s endorsement.

The Chinese and Asian community cherish the traditional monogamous family as a stable place of procreation and nurturing of future generations. Proposition K is in direct conflict with those values. If passed, it will cause profound DISTURBANCE and CONFUSION to our community. Our children will be the victim of this unproven and ill conceived social experiment. Although we respect the existence of different social groups and their basic human rights, we reject a pseudo-substitute for the family, and we will not vote for a potential economic, social, and legal NIGHTMARE that will only further divide our already divided City.

Vote NO on K.

The People amend The San Francisco Administrative Code by adding a new Chapter, to read:

RECOGNITION OF DOMESTIC PARTNERSHIPS

Sec. 1. PURPOSE

The purpose of this ordinance is to create a way to recognize intimate committed relationships, including those of lesbians and gay men who otherwise are denied the right to identify the partners with whom they share their lives. All costs of registration must be covered by fees to be established by ordinance.

Sec. 2. DEFINITIONS

(a) Domestic Partnership. Domestic Partners are two adults who have chosen to share one another’s lives in an intimate and committed relationship of mutual curing, who live together, and who have agreed to be jointly responsible for basic living expenses incurred during the Domestic Partnership. They must sign a Declaration of Domestic Partnership, and establish the partnership under section 3 of this chapter.

(b) “Live Together.” “Live together” means that two people share the same living quarters. It is not necessary that the legal right to possess the quarters be in both of their names. Two people may live together even if one or both have additional living quarters. Domestic Partners do not cease to live together if one leaves the shared quarters but intends to return.

(c) “Basic Living Expenses.” “Basic living expenses” means the cost of basic food and shelter. It also includes the expenses which are paid at least in part by a program or benefit for which the partner qualified because of the domestic partnership. The individuals need not contribute equally or jointly to the cost of these expenses as long as they agree that both are responsible for the costs.

(d) “Declaration of Domestic Partnership.” A “Declaration of Domestic Partnership” is a form provided by the county clerk. By signing it, two people agree to be jointly responsible for basic living expenses which they incur during the domestic partnership and that this agreement can be enforced by anyone to whom those expenses are owed. They also state under penalty of perjury that they met the definition of domestic partnership when they signed the statement, that neither is married, that they are not related to each other in a way which would bar marriage in California, and that neither had a different domestic partner less than six months before they signed. This last condition does not apply if the previous domestic partner died. The form will also require each partner to provide a mailing address.

Sec. 3. ESTABLISHING A DOMESTIC PARTNERSHIP

(a) Methods. Two persons may establish a Domestic Partnership by either:

1. presenting a signed Declaration of Domestic Partnership to the County Clerk, who will file it and give the partners a certificate showing that the Declaration was filed; or

2. having a Declaration of Domestic Partnership notarized and giving a copy to the person who witnessed the signing (who may or may not be the notary).

(b) Time Limitation. A person cannot become a member of a Domestic Partnership until at least six months after any other Domestic Partnership of which he or she was a member ended. This does not apply if the earlier domestic partnership ended because one of the members died.

(c) Residence Limitation. The county clerk will only file Declaration of Domestic Partnership if:

1. the partners have a residence in San Francisco; or

2. at least one of the partners works in San Francisco.

Sec. 4 ENDING DOMESTIC PARTNERSHIPS

(a) When the Partnership Ends. A Domestic Partnership ends when:

1. one partner sends the other a written notice that he or she has ended the partnership; or

2. one of the partners dies; or

3. one of the partners marries or the partners no longer live together.

(b) Notice the Partnership has ended.

(1) To Domestic Partners. When a Domestic Partnership ends, at least one of the partners must sign a notice saying that the partnership has ended. The notice must be dated and signed under penalty of perjury. If the Declaration of Domestic Partnership was filed with the county clerk, the notice must be filed with the clerk; otherwise, the notice must be notarized. The partner who signs the notice must send a copy to the other partner.

(2) To Third Parties. When a Domestic Partnership ends, a Domestic Partner who has given a copy of a Declaration of Domestic Partnership to any third party, or, if that partner has died, the surviving member of the domestic partnership must give that third party a notice signed under penalty of perjury stating the partnership has ended. The notice must be sent within 60 days of the end of the Domestic Partnership.

(3) Failure to Give Notice. Failure to give either of the notices required by this subsection will neither prevent nor delay termination of the Domestic Partnership. Anyone who suffers any loss as a result of a failure to send either of these notices may sue for actual losses.

Sec. 5. COUNTY CLERK’S RECORDS

(a) Amendments to Declarations. A Partner may amend a Declaration of Domestic Partnership filed with the County Clerk at any time to show a change in his or her mailing address.

(b) New Declarations of Domestic Partnership. No person who has filed a declaration of Domestic Partnership with the county clerk may file another declaration of Domestic Partnership until six months after a notice the partnership has ended has been filed. However, if the Domestic Partnership ended because one of the partners died, a new Declaration may be filed anytime after the notice the partnership ended is filed.

(c) Maintenance of County Clerk’s Records. The County Clerk will keep a record of all Declarations of Domestic Partnership, Amendments to Declarations of Domestic Partnership and all notices that a partnership has ended. The records will be maintained so that Amendments and notices a partnership has ended are filed with the Declaration of Domestic Partnership to which they apply.

(d) Filing Fees. The Board of Supervisors will set the filing fee for Declarations of Domestic Partnership and Amendments. No fee will be charged for notices that a partnership has ended. The fees charged must cover the city’s cost of administering this ordinance.

Sec. 6. LEGAL EFFECT OF DECLARATION OF DOMESTIC PARTNERSHIP

(a) Obligations. The obligations of domestic partners to each other are those described by the definition.

(b) Duration of Rights and Duties. If a domestic partnership ends, the partners incur no further obligations to each other.

Sec. 7. Upon adoption, the Clerk of the Board shall codify this amendment into the San Francisco Administrative Code.
Telephoning the Registrar of Voters

The Registrar of Voters recognizes that responses to telephone calls, especially on Election Day, need to be improved. Toward that end, we have taken advantage of a telephone system that has been made available to us on an experimental basis. In the last election, we were able to respond much more quickly to requests for registration forms and absentee voting applications. Unfortunately, we did not do as well on Election Day and we apologize for any inconvenience that may have caused.

We have reviewed our experience from the June Primary Election, and we have revised the telephone system to improve our responses to your telephone calls for the November election.

When you call the Office of the Registrar of Voters at 544-4375, you will hear a recording offering you the following choices:

TOUCH-TONE PHONES Press 1
SPANISH-SPEAKERS Press 2
CHINESE-SPEAKERS Press 3
ROTARY PHONES Hold

For people with touch-tone phones, after you have Pressed 1, you will have the following options:

Voter Registration Information and Forms Press 1
Absentee Voting Information and Forms Press 2
Working at the Polls Information Press 3
Candidates and Ballot Measures press 4
Information about Registered Voters Press 5
REPEAT — (Listen to choices again) Press 9
Other Topics Hold

Please write if you have suggestions for improving our telephone system.

AVOID LONG LINES — VOTE BY MAIL

It's as easy as 1-2-3.

1. Complete the application on the back cover.
2. Put a 25¢ stamp where indicated.
3. Drop your completed application into a mail box.

Within two weeks, you will receive your Absentee Ballot.

YOUR POLLING PLACE

The location of your polling place is shown on the label on the back cover of the Voter Information Pamphlet which was sent to you. Of the 7,000+ telephone calls received by the Registrar of Voters on Election Day, almost all of them are from voters asking where they should go to vote.

Remember on Election Day, take the back cover of your Voter Information Pamphlet with you. The address of your polling place is on the top part of the mailing label on the back cover of the Voter Information Pamphlet which was sent to you. You may also wish to write down the address of your polling place in the space provided on the Voter's Quick Reference Card.

POLL WORKERS NEEDED
Earn $49 to $58 (Plus Bonuses)
Meet Your Neighbors
Serve Your Community

Throughout California and the entire United States, the shortage of poll workers each election is getting worse. San Francisco is no exception. The Registrar of Voters Office challenges you to become more active in the election process. You are highly encouraged to Work on Election Day - November 6, 1990 as a Poll Worker.

People who have flexible schedules and are able to work on election day (Tuesday after the first Monday every November and every other June) for the foreseeable future are especially encouraged to apply.

Poll Workers with more responsibility, including the review and delivery of precinct supplies, earn $58 plus bonuses. Those poll workers with slightly less responsibilities are paid $49 plus bonuses. The day begins at 6:30 a.m. and ends at approximately 9-10:30 p.m. When friends work together, the day passes very quickly. It is a terrific opportunity to re-meet your neighbors while performing an important civic activity.

Applications are now being accepted in City Hall between 8:30 a.m. and 4:30 p.m., Mondays through Fridays. Come in early to get the precinct of your choice.

---

- C Port Revenue Bond Procedures
- D Police and Fire Bargaining and Arbitration
- E Nuclear Free Zone
- F Airport Police Retirement Benefits
- G Adult Probation Confidential Secretary
- H Waterfront Land Use Plan
- I Mission Bay
- J Housing Affordability Fund
- K Domestic Partners
HOW TO VOTE ON THE VOTOMATIC VOTE RECORDER

SPECIAL NOTE
IF YOU MAKE A MISTAKE, RETURN YOUR CARD AND GET ANOTHER.

Note: Si hace algún error, devuelva su tarjeta de votar y obtenga otra.

A 第一步
请在错误时，向助理员换取新票。

STEP 1
USING BOTH HANDS
INSERT THE BALLOT CARD ALL THE WAY INTO THE VOTOMATIC.
Usando las dos manos, meta la tarjeta de votar completamente dentro del Votomatic.

C 第二步
请双手持票向自動機將整張選票插入。

STEP 2
BE SURE THE TWO SLOTS IN THE STUB OF YOUR CARD FIT DOWN OVER THE TWO RED PINS.
Paso 2. Asegúrese de que los dos orificios que hay al final de la tarjeta coinciden con las dos cabecitas rojas.

D 第三步
請切記將選票插入時，票尾之二孔，接合於二紅點之上。

STEP 3
HOLD PUNCH VERTICAL (STRAIGHT UP), PUNCH STRAIGHT DOWN THROUGH THE BALLOT CARD TO INDICATE YOUR CHOICE. DO NOT USE PEN OR PENCIL.
Para votar, sostenga el instrumento de votar y perforé con él la tarjeta de votar en el lugar de los candidatos de su preferencia. No use pluma ni lápiz.

E 第四步
投票選舉之後，把選票取出，放入空封袋內，票尾凸出在外。
在封袋上，有空白格預備為投票人應用。

STEP 4
AFTER VOTING, WITHDRAW THE BALLOT CARD AND PLACE IT INSIDE THE ENVELOPE POCKET, WITH THE STUB SHOWING.
Después de votar, saque la tarjeta del Votomatic y póngala bajo el cierre del sobre.
ABSENTEE BALLOTS (RIGHTS OF VOTERS) — If you do not wish to go to your polling place to vote, you may vote by mail or by going to the Registrar's Office in City Hall in person. This is called absentee voting.

BONDS (PROPOSITION A, B) — If the City needs money to pay for something such as a library, sewer line, or school, it may borrow the money by selling bonds. The City then pays back this money plus interest.

CHARTER (PROPOSITION C, D, E, F, G) — The Charter is the City's constitution.

CHARTER AMENDMENT (PROPOSITION C, D, E, F, G) — A Charter amendment changes the Charter, and requires a vote of the people. It cannot be changed again without another vote of the people.

DECLARATION OF POLICY (PROPOSITION J) — A type of advisory measure provided for in the San Francisco Charter. A declaration of policy does not have the force of law, but is intended to be a goal to guide the Board of Supervisors.

GENERAL OBLIGATION BONDS (PROPOSITION A, B) — The money to pay back these bonds comes from property taxes. A two-thirds majority of the voters must approve the decision to sell general obligation bonds.

INITIATIVE (PROPOSITION E, H) — This is a way for voters to put a proposition on the ballot for people to vote on. An initiative is put on the ballot by getting a certain number of voters to sign a petition. Propositions passed by initiative can be changed only by another vote of the people.

ORDINANCE (PROPOSITION H, I, J, K) — A law of the City and County, which is passed by the Board of Supervisors or approved by the voters. For such a law to be passed by the Board of Supervisors, a majority, (or in some cases, three-fourths) of the Supervisors must vote to approve the law at two consecutive meetings. A majority of the voters must vote to approve the law at an election.

QUALIFIED WRITE-IN CANDIDATE (RIGHTS OF VOTERS) — A person who has turned in the required papers and signatures with the Registrar of Voters to run for an office as a write-in candidate. The name of this person will not be on the ballot. Voters who want to vote for this person can do so by writing the name of the person on the inside of the grey envelope given with the ballot.

REVENUE BONDS (PROPOSITION C) — The money to pay back these bonds comes from revenue such as fees collected by the department which issues the bonds. These bonds are not paid for with tax money.

---

PURPOSE OF THE VOTER INFORMATION PAMPHLET

This Voter Information Pamphlet provides voters with information about the November 6, 1990 General Election. The Pamphlet includes:

1. a Sample Ballot (i.e., a copy of the ballot you see at your polling place or the one you receive when you vote) ......................................................... Page 6-23
2. the location of your polling place ....................................................... (see label on the back cover)
3. applications for an absentee ballot and permanent absentee voter status ......................................................... back cover
4. a rights of voters summary ......................................................... 25
5. information for disabled voters ......................................................... 24
6. statements from the candidates who are running for office ......................................................... 28-53
7. information about each proposition, including a summary, the Controller's Statement, arguments for and against the proposition, and the legal text ......................................................... 55-160
8. definitions of words you need to know ......................................................... 5
9. a Voter Quick Reference Card to mark your choices and use when you vote ......................................................... inside back cover

---

CITIZENS ADVISORY COMMITTEE ON ELECTIONS

Mayoral appointees: Ernest Llorente, Chair; David Binder, Richard Scvella, Molly Wood, and Hoyt Zia

Board of Supervisors appointees: Roger Cardenas, Martha Gillham, Brian Mavrogeorge, George Mix, Jr., Samson Wong, and Richmond Young

Members represent political organizations, political parties, labor organizations, neighborhood organizations, business organizations and other citizens groups interested in the political process.

The Committee studies and makes advisory recommendations to the officers of the City and County on all matters relating to voter registration, elections and the administration of the office of the Registrar of Voters; investigates compliance with the requirements of Federal, State and local election and campaign reporting, disclosure laws and other statutes relating to the conduct of elections in San Francisco; promotes citizen participation in the electoral process; studies and reports on all election matters referred to it by various officers of the City and County.

LOCAL HOSPITAL DISTRICTS. LEGISLATIVE CONSTITUTIONAL AMENDMENT. Authorizes Legislature to allow hospital districts to become stockholders in health care related corporations. Fiscal impact: This measure has no direct fiscal effect.

RAIL TRANSIT FUNDING. LEGISLATIVE CONSTITUTIONAL AMENDMENT. Authorizes expenditure of motor vehicle fuels tax funds for rail transit vehicles, equipment acquisition. Fiscal impact: An unknown amount of revenues raised from the state-imposed taxes on motor vehicle fuels and fees upon the operation and use of vehicles may be shifted from existing uses for the purchase of rail transit vehicles and related equipment that operate on mass transit guideways, as a result of this measure. The extent of the shift depends upon the number of counties or geographic areas that approve and use these revenues for the specified purposes.

ALCOHOL TAX. LEGISLATIVE CONSTITUTIONAL AMENDMENT. Increases alcoholic beverages taxes; proceeds to General Fund; excluded from appropriations limit. Controls conflicting measures. Fiscal impact: This measure would result in additional General Fund revenues of approximately $70 million for a portion of 1990-91 and approximately $195 million in fiscal year 1991-92, the first full year it is in effect. Similarly, local sales tax revenues would increase statewide by approximately $1.6 million annually. Revenues generated after fiscal year 1991-92 will depend upon the trends in alcohol sales. Adjustments are also made to the state’s constitutional spending limit to include the additional tax revenue.

EARTHQUAKE SAFETY. PROPERTY TAX EXCLUSION. LEGISLATIVE CONSTITUTIONAL AMENDMENT. Excludes earthquake safety improvements to existing buildings from property tax assessment. Fiscal impact: If Legislature fully implements measure, it would reduce annual property tax collections from assessment of earthquake safety modifications beginning 1990-91. Revenue loss could be millions of dollars annually. Cities, counties, and special districts would bear approximately two-thirds of the loss; school and community college districts one-third. State may have to replace lost school district revenues, depending on formula used to determine K-14 education funding guarantee under existing state Constitution requirements.

ENVIRONMENT. PUBLIC HEALTH. BONDS. INITIATIVE STATUTE. Regulates pesticides, air, water. Authorizes bonds to acquire ancient redwoods. Establishes elected Environmental Advocate. Fiscal impact: Annual state administrative and program costs of approximately $90 million, decreasing in future years; partially offset by $10 million increased annual fee revenue. Local governments would incur $8 million one-time cost, $5 million to $10 million annually, decreasing in future years. State General Fund to incur one-time $750,000 appropriation in 1992-93 for Office of Environmental Advocate; $40 million for environmental research grants. Future administrative costs of office unknown. If all bonds authorized for ancient redwood acquisition, forestry projects were sold at 7.5 percent interest and paid over the typical 20-year period, General Fund would incur approximately $335 million in costs to pay off principal ($300 million) and interest ($235 million). Estimated average annual costs of bond principal and interest would be $22 million. Per-barrel fee on oil would increase revenues by $500 million by 1996-97, used to pay oil spill prevention/clean-up costs. Indefinite deferral of potentially $2 billion in future state oil and gas revenues resulting from limits on oil and gas leases in marine waters. Indirect fiscal impact could increase or decrease state and local government program costs and revenues from general and special taxes in an unknown amount. The overall impact is unknown.

DRUG ENFORCEMENT. BONDS. INITIATIVE CONSTITUTIONAL AMENDMENT. "STATUTE. Authorizes bonds, money for drug enforcement. Clarifies privacy rights affecting reproductive choice. Fiscal impact: No additional revenues result from this measure. Total General Fund costs of $1.2 billion for transfers to the Anti-Drug Superfund between 1990-91 through 1993-94. From 1994-95 through 1997-98 it is not clear whether any funds would be transferred from the General Fund to the Superfund. If all bonds proposed by this measure are sold at an interest rate of 7.5 percent, cost would be approximately $1.3 billion to pay off principal ($740 million) and interest ($585 million), with average annual payment being approximately $55 million. Additional annual costs of tens of millions of dollars for state and local governments could arise for operation of new correctional facilities. Additional costs resulting from increased criminal arrests and convictions could be offset by increased funding for drug education and prevention.

FOREST ACQUISITION. TIMBER HARVESTING. BONDS. INITIATIVE STATUTE. Authorizes bonds to acquire ancient forests providing wildlife habitat. Limits logging. Retrains loggers. Fiscal impact: Estimated cost to state General Fund of $742 million in bond principal, $585 in interest, for bond program. Estimated average annual bond principal and interest costs of approximately $55 million. State administrative costs of up to $10 million annually for state forestry review and enforcement programs, fully offset by revenues from timber harvesting fees. State savings of about $6.4 million annually, also resulting from imposition of such fees. Unknown effect on state and local tax revenues, possible decreased revenue to local governments to extent lands acquired under measure would no longer be assessed property taxes.

TERM LIMITS. ETHICS. INITIATIVE CONSTITUTIONAL AMENDMENT, STATUTE. Limits terms, elected officials; enacts ethics standards, partial public campaign financing, spending limits. Fiscal impact: Unknown level of state revenues, possibly $12 million in 1990-91 and uncertain amounts thereafter, to be generated from state income tax check-off provisions for campaign financing; corresponding unknown revenue loss to state General Fund. Annual General Fund contributions of $5 million for campaign matching payments beginning January 1, 1992, amounts to increase in subsequent years. Unknown amount of state matching payments likely to be requested under measure for campaign financing by candidates for state office. State General Fund administrative costs of approximately $1.5 million in 1990-91, $3 million annually for subsequent years.

MARINE RESOURCES. INITIATIVE CONSTITUTIONAL AMENDMENT. By 1994 prohibits gill, trammel nets in Southern California coastal waters. Imposes temporary fishing fees. Fiscal impact: Permit fees and marine protection stamp would provide approximately $5 million to Marine Resources Protection Account by 1995. Compensation for fishermen who surrender gill and trammel nets between July 1, 1993 and January 1, 1994, could total up to $3.4 million, if necessary legislation enacted. Enforcement of measure could cost up to $1.5 million annually. Loss of $100,000 annually from reduced fishing license, permit, and tax revenues may result; losses offset in unknown amount by measure's increased fines.
PROPOSICIONES A SER SOMETIDAS AL VOTO DE LOS ELECTORES — ESTATAL
提交選民投票表決的提案—州提案

CUMPLIMIENTO DE LA LEY SOBRE DROGAS. BONOS. ENMIENDA CONSTITUCIONAL DE INICIATIVA Y ESTATUTO DE INICIATIVA. Autoriza bonos, empréstimos y pagos por transferencias del Fondo General para combatir el tráfico de drogas. Acelera la implementación de programas de control y prevención que afectan a la educación sexual de los jóvenes. Impacto fiscal: Ningún rédito adicional resulta de esta medida. Costos totales de $1.2 mil millones para el Fondo General para el año 2000-2001. Los bonos serán vendidos a una tasa de interés del 7.5 por ciento, el costo sería de aproximadamente $1.3 mil millones para el año 2000-2001. Impacto fiscal: Los bonos vendidos para financiar este programa podrían representar aproximadamente $55 millones en beneficio de los gobiernos estatales y locales. Los costos adicionales resultantes de la implementación de esta medida serán financiados a través de los impuestos a la propiedad.

ADQUISICIÓN DE ROSQUES. PRÁCTICAS EN CORTE DE ÁRBOLES PARA MADERA. BONOS. ESTATUTO DE INICIATIVA. Autoriza bonos para la adquisición de bosques que proporcionen ámbito para el cultivo del árbol. La limitación del corte de árboles para madera. Reforestación. Impacto fiscal: Costos totales del Fondo General de $1.2 mil millones para el año 2000-2001. Los bonos vendidos para financiar este programa podrían representar aproximadamente $55 millones en beneficio de los gobiernos estatales y locales. Los costos adicionales resultantes de la implementación de esta medida serán financiados a través de los impuestos a la propiedad.

LÍMITES DE LOS PERÍODOS EN UN CARGO. ÉTICA. ENMIENDA CONSTITUCIONAL DE INICIATIVA. ESTATUTO DE INICIATIVA. Limita los períodos en un cargo para funcionarios electos. Promulga normas de ética, parcial financiamiento de campañas públicas, limitación de gastos. Impacto fiscal: Se desconoce el nivel de réditos estatales. Los bonos de $12 mil millones en 1990-91 a incitaciones de cáncer de alíen en adelante, se generarían por las disposiciones de designar una cantidad para el financiamiento de campañas en las declaraciones del impuesto estatal a la renta; se desconoce el rendimiento de los ingresos del Fondo General del estado. Impacto fiscal: Los bonos vendidos para financiar este programa podrían representar aproximadamente $55 millones en beneficio de los gobiernos estatales y locales. Los costos adicionales resultantes de la implementación de esta medida serán financiados a través de los impuestos a la propiedad.

RECURSOS MINEROS. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Para 1994 prohibe la explotación de recursos minerales en las áreas de la costa de California que se encuentran en propiedad federal del US. Impone tarifas de explotación a la pesca. Impacto fiscal: Cobros por permisos y sellos de pesca proporcionarán aproximadamente $12 mil millones para la Costa del Pacífico Estatal. Impacto fiscal: Los bonos vendidos para financiar este programa podrían representar aproximadamente $55 millones en beneficio de los gobiernos estatales y locales. Los costos adicionales resultantes de la implementación de esta medida serán financiados a través de los impuestos a la propiedad.

*
ANTI-DRUG PROGRAMS: TAXES. INITIATIVE STATUTE. Funds anti-drug enforcement and prevention with 1/2¢ sales tax increase. Prohibits serious offenders' early release. Fiscal impact: The Safe Streets Fund will receive a total of $7.5 billion in sales tax revenue for distribution during the period of the rate increase. Interest earnings received by the General Fund for the period will be $80 million, with education programs receiving up to $33 million. Minor General Fund costs beginning in 1997-98 increasing to more than $30 million annually, by 2012-13 as a result of increased prison population due to elimination of sentence credits for specified offenders; potential one-time costs of more than $140 million for construction of new prison facilities. Increased law enforcement funding could result in additional criminal arrests and convictions, increasing state and local costs, which may be reduced by the increased funding of drug education and prevention programs.

ALCOHOL SURTAX. CONSTITUTIONAL AMENDMENT. INITIATIVE STATUTE. Imposes 5¢ per unit alcohol surtax funding alcohol/drug abuse, emergency medical care, other programs. Fiscal impact: Surtax would increase tax on beer from 4 cents to 57 cents per gallon, most wines from 1 cent to $1.29 per gallon, and distilled spirits from $2 to $8.40 per gallon. The surtax would result in additional state revenues of approximately $360 million in 1990-91 and $760 million in 1991-92, depending on alcohol sales. State General Fund revenues could increase or decrease several million dollars due to effect on sales tax revenues and revenues from existing alcoholic beverage taxes. Local sales tax revenue would increase by several million dollars. The guarantee for 1989-90 level nonsurtax funding, with required annual adjustments, for various health, mental health, criminal justice and other programs could increase costs by $180 million in 1990-91 and $300 million in 1991-92; possibly additional tens of millions of dollars in subsequent years. These costs would have to be funded from revenues other than surtax. Expenditure of surtax revenues for prevention and treatment programs could result in future savings.

PESTICIDE REGULATION. INITIATIVE STATUTE. Expands pesticide monitoring program for produce, processed foods. Eliminates some industry fees. Modifies penalties, regulations, training. Fiscal impact: One-time state General Fund cost of approximately $49 million, annual costs of approximately $6 million, for pesticide and food monitoring and research programs. Estimated annual state revenue loss of approximately $1.5 million due to repeal of industry fees. Additional state administrative and regulatory costs ranging from $200,000 to, possibly, several million dollars annually.

STATE, LOCAL TAXATION. INITIATIVE CONSTITUTIONAL AMENDMENT. Increases vote necessary for tax increases. Invalidates special tax ballot measures without 2/3 vote. Fiscal impact: Restricts rate of certain special taxes, could limit future ability of state to raise revenues through such taxes. Could limit future passage of initiative statutes proposing approval of special state taxes. Prohibits imposition of new, higher general taxes by charter cities without voter approval, thus potentially preventing such cities from increasing revenues. Unknown fiscal effect on other local governments. Could facilitate local government's enactment of new or higher taxes for disaster relief.

INITIATIVE AND REFERENDUM. INITIATIVE CONSTITUTIONAL AMENDMENT. Before effective, laws affecting state or local initiative or referendum process require voter approval. Fiscal impact: The measure could result in unknown increased state and local administrative costs for preparation, printing and mailing of ballot information and verifying election results to extent that changes in requirements for initiatives and referendums are submitted to voters. State General Fund costs could range from insignificant to $200,000 per measure for each statewide election. Counties' costs could range from insignificant to $100,000 per measure for each statewide election.
CIUDAD Y CONDADO DE SAN FRANCISCO, ELECCIONES GENERALES CONSOLIDADAS, 6 DE NOVIEMBRE DE 1990
PROPOSICIONES A SER SOMETIDAS AL VOTO DE LOS ELECTORES — ESTATAL

PROGRAMAS CONTRA LAS DROGAS: IMPUESTOS, ESTATUTO DE INICIATIVA. De fondos para aplicación de leyes contra las drogas y la prevención con un aumento de 1/2 centavo por libra de alcohol y bebidas de bebidas alcohólicas que se venden en la tienda de vino. Prevé un aumento en los derechos de aduanas de 30 mil millones en dólares anuales, que se dividirán entre los fondos para la lucha contra la droga y el alcohol. Estos fondos se utilizarán en programas de prevención, tratamiento y rehabilitación de individuos que tienen problemas con drogas y alcohol. 

SOBRETASA AL ALCOHOL, ENMIENDA CONSTITUCIONAL. ESTATUTO DE INICIATIVA. Impone sobretasa de 1/2 centavo por libra de alcohol y bebidas alcohólicas que se venden en la tienda de vino. Prevé un aumento en los derechos de aduanas de 30 mil millones en dólares anuales, que se dividirán entre los fondos para la lucha contra la droga y el alcohol. Estos fondos se utilizarán en programas de prevención, tratamiento y rehabilitación de individuos que tienen problemas con drogas y alcohol.

REGULACIÓN DE PESTICIDAS, ESTATUTO DE INICIATIVA. Expande el programa de control de plagas para productos agrícolas y alimentos procesados. Elimina algunos cobros a la industria. Modifica las multas, regulaciones y entrenamiento. Impacto fiscal: Costos de una vez al Fondo General del estado aproximadamente $40 millones, costos anuales en aproximadamente $50 millones, para programas de control de plagas y alimentos procesados. Se penaliza a los fabricantes de plagas a la ciudadanía de conformidad con el estado. El beneficio total anual sería de $1.5 mil millones debido a la reducción de costos a la industria. Adicionales costos estatales por administración y reglamentación que fluctúan entre $200,000 a, posiblemente, varios millones de dólares anuales.

FIJACIÓN DE IMPUESTOS ESTATUALES, LOCALES. ENMIENDA CONSTITUCIONAL DE INICIATIVA. Aumenta la votación necesaria para aumentar los impuestos. Imidea las medidas en la balanza para impuestos estatales a un voto más de los tres tercios partes. Impacto fiscal: Restringiendo el voto de ciertos impuestos especiales, podría limitar la habilidad futura del estado de poder aumentar los réditos a través de tales impuestos. Podría limitar la futura aprobación de impuestos especiales que proporcione la aprobación de impuestos estatales especiales. Prohibiría la eliminación de ciertos impuestos especiales por las ciudades oficialmente constituidas sin la aprobación de los votantes potentially impediendo que tales ciudades puedan aumentar réditos. Se desconoce el efecto fiscal en otros gobiernos locales. Podría facilitar la promulgación por los gobiernos locales de nuevas o más altos impuestos para alivio de desastres.

INICIATIVA Y REFERÉNDUM, ENMIENDA CONSTITUCIONAL DE INICIATIVA. Antes de entrar en vigor, las leyes que afecten el proceso de iniciativa y referéndum estatal o local requieren la aprobación de los votantes. Impacto fiscal: La medida podría resultar en desconocidos aumentos en costos administrativos estatales y locales por preparación, impresión y envío por correo de la información en la balanza y verificación de los resultados de elecciones hasta el punto en que cambios en los requisitos para iniciativas y referéndums sean sumados a los votantes. Costos al Fondo General del estado podrían fluctuar en Insignificantes a $200,000 por medida para cada elección a nivel estatal. Los costos para los condados podrían fluctuar de Insignificantes a $100,000 por medida en cada elección a nivel estatal.

CITADO LA: Chang-Chia, 彰化高考降雨影響農業和農民的財富，緊急議案和其它計劃，財政影響：增加基金的支出會影響到未來的財政影響。未來的財政預算會受到影響。
FORESTRY PROGRAMS, TIMBER HARVESTING, BONDS, INITIATIVE STATUTE. Authorizes bonds for forest, park restoration, wildlife studies, other programs. Limits timber cutting. Fiscal impact: Estimated cost to state General Fund of $300 million in bond principal, $235 million in interest for bond program. Estimated average annual bond principal and interest costs of approximately $22 million. Annual costs of approximately $3.2 million, funded through sales of state-owned timber, to administrator grants program. Initial increased annual state costs of over $1 million to review timber management plans, which could over time be more than offset by savings resulting from reduced periodic state regulatory reviews. One-time state costs of about $1.1 million for climatological studies, fully offset by revenues from new regulatory fees. Unknown effect on revenues from other state taxes.

PRISON INMATE LABOR, INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE. Permits contracting inmate labor; wages subject to deductions; employer tax credits. Fiscal impact: This measure would likely result in net savings to the state. The magnitude of savings is impossible to quantify. The measure’s impact on local governments is impossible to estimate because the contents of local ordinances implementing contracts for use of jail labor are unknown. Unknown indirect fiscal effects may occur to the extent this measure affects the number of jobs available in the private sector.

TERMS OF OFFICE, LEGISLATURE, INITIATIVE CONSTITUTIONAL AMENDMENT. Limits terms for specified state elected officials, legislators’ retirement, pensions, Legislature’s operating costs. Fiscal impact: Limitation on terms will have no fiscal effect. Restrictions on legislative retirement benefits would reduce state costs by approximately $750,000 a year. To extent future legislators do not participate in federal Social Security system, there would be unknown future savings to the state. Legislative expenditures in 1991-92 would be reduced by about 38 percent, or $70 million. In subsequent years, measure would limit growth in these expenditures to changes in the state’s appropriations limit.

TOXIC CHEMICAL DISCHARGE, PUBLIC AGENCIES, LEGISLATIVE STATUTE. Extends to specified public agencies Proposition 65 toxic discharge and release prohibitions, warnings. Fiscal impact: Unknown costs potentially exceeding $1 million beginning 1991 for notification requirements. Unknown costs, beginning in 1992, potentially in the tens of millions of dollars, depending on extent existing waste discharge controls are not sufficient to comply with discharge prohibitions of Proposition 65.

VETERAN’S BOND ACT OF 1990. This act provides for a bond issue of four hundred million dollars ($400,000,000) to provide farm and home aid for California veterans.

HIGHER EDUCATION FACILITIES BOND ACT OF NOVEMBER 1990. This act provides for a bond issue of four hundred fifty million dollars ($450,000,000) to provide funds for the construction or improvement of facilities of California’s public higher education institutions, which include the University of California’s nine campuses, the California State University’s 20 campuses, the 71 districts of the California Community Colleges containing 107 campuses, the Hastings College of the Law, the California Maritime Academy, and off-campus facilities of the California State University approved by the Trustees of the California State University on or before July 1, 1990. The use of funds authorized under this act includes, but is not necessarily limited to, the construction or improvement of classrooms, laboratories, and libraries, and the implementation of earthquake and other health or safety improvements.
PROGRAMA DE FORESTACIÓN. COTIZACIÓN DE ÁRBOLES PARA NADIR. BONOS. ESTATUTO DE INICIATIVA.

TRABAJO DE LOSIEBOS DE PRISIONES. EMMENDA CONSTITUCIONAL DE INICIATIVA Y ESTATUTO DE INICIATIVA. Permite contratar a profesionales para trabajos; salarios sujetos a deducciones; créditos en los impuestos a los patronos. Impacto fiscal: Esta medida probablemente resultaría en ahorros netos al estado. Es difícil cuantificar la magnitud de los ahorros. El impacto de la medida en los gobiernos locales es imposible de calcular debido a que se desconoce el contenido de las ordenanzas locales y de los aranceles puros. Indirectamente podrían obtener beneficios hasta el punto en que esta medida afecte el número de trabajos disponibles en el sector privado.

### CITY & COUNTY OF SAN FRANCISCO, CONSOLIDATED GENERAL ELECTION, NOVEMBER 6, 1990
### MEASURES SUBMITTED TO VOTE OF VOTERS — CITY & COUNTY PROPOSITIONS

<table>
<thead>
<tr>
<th>Proposition</th>
<th>Description</th>
<th>Vote</th>
</tr>
</thead>
</table>
| A           | CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition. | YES 287
|             |                                                                            | NO 288 |
| B           | YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $73,800,000 for the construction and reconstruction of a Youth Guidance Center of the City and County of San Francisco; provided, however, that $2,000,000 be set aside for the acquisition and reconstruction of community based facilities. | YES 290
|             |                                                                            | NO 291 |
| C           | Shall the repayment of bonds be made the Port’s highest spending priority, and shall the Port Commission be allowed, with Board of Supervisors’ approval but without voter approval, to issue revenue bonds under rules adopted by the Port Commission? | YES 292
|             |                                                                            | NO 293 |
| D           | Shall the wages, hours, benefits and working conditions for police officers, firefighters and airport police be set by collective bargaining, with disputes decided by final and binding arbitration? | YES 294
|             |                                                                            | NO 295 |
| E           | Shall the Charter be amended to (1) prohibit the City, with certain limited exceptions, from doing business with or having investments in any company (or affiliate) engaged in any work on nuclear weapons systems or components; (2) prohibit nuclear weapons work in the City; (3) subject the transport of high-level radioactive materials to certain regulations; and (4) create a nine-member elected commission with specified powers to oversee this measure’s requirements? | YES 297
|             |                                                                            | NO 298 |
| F           | Shall the Board of Supervisors be allowed to contract with the California Public Employees’ Retirement System to allow Airport Police to retire at age 50 with full benefits, even if there is a net increase in cost to the City? | YES 300
|             |                                                                            | NO 301 |
| G           | Shall the Adult Probation Officer be allowed to appoint a Confidential Secretary, who would serve at the pleasure of the Adult Probation Officer? | YES 302
|             |                                                                            | NO 303 |
| H           | Shall the City be required to prepare a “Waterfront Land Use Plan,” shall hotels and other uses determined to be “Unacceptable Non-Maritime Land Uses” be prohibited on the waterfront and shall the City be prohibited from taking any action on certain types of new developments until this Plan is prepared? | YES 304
|             |                                                                            | NO 305 |
| I           | Shall 4.8 million square feet of office space in Mission Bay be exempt from the annual limit on new office space, if the City approves an agreement which requires housing, economic development, parks and public facilities, environmental clean-up, and other minimum requirements? | YES 306
|             |                                                                            | NO 307 |
| J           | Shall an ordinance be adopted making it City policy for the Board of Supervisors to appropriate at least $15 million each year, adjusted for inflation, to the Housing Affordability Fund, provided that $5 million may be appropriated in years where extraordinary circumstances warrant it? | YES 309
|             |                                                                            | NO 310 |
| K           | Shall two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses be allowed to formally establish their relationship as a “domestic partnership?” | YES 311
|             |                                                                            | NO 312 |
BONOS PARA MEJORAR LAS INSTALACIONES CORRECCIONALES, 1990. Para contrar
una deuda en bonos de $15,000,000 para la construcción o reconstrucción de In-
stalaciones correccionales, que se financiará parcialmente a partir de subvenciones
estatales y parcialmente a partir de fondos correspondientes a los bonos que se emitirán
según esta propuesta.

BONOS PARA MEJORAR EL SISTEMA DE ASESORAMIENTO JUVENIL,
1990. Para contrar una deuda en bonos de $73,800,000 para la construcción y
reconstrucción de un Centro de Asesoramiento Juvenil de la Ciudad y Condado de
San Francisco; siempre y cuando se mantengan $2,000,000 para la adquisición y
reconstrucción de instalaciones basadas en la comunidad.

¿Debería ser el pago de las deudas contraídas en bonos la prioridad de gasto más alta
del Puerto, y podrá la Comisión del Puerto, con la aprobación del Consejo de Super-
visores para sin la aprobación de los electores, emitir bonos a fin de aumentar sus
ingresos, de acuerdo a las reglas adoptadas por la Comisión del Puerto?

¿Deberán fijarse los sueldos, las horas, los beneficios y las con-
diciones de trabajo para los oficiales de policía, los bomberos y el servicio
del aeropuerto mediante la negociación colectiva, con las
disputas decididas por medio de un arbitraje final y valadero?

¿Se prohibirá a la Ciudad invertir y comerciar con cualquier empresa o
afiliada que trabaje en el desarrollo y construcción de sistemas de armas
nucleares o sus componentes, se prohibirá el trabajo en armas nucleares
en la Ciudad, deberá ser sometido el transporte de materiales radiactivos
ciertos reglamentos de la Ciudad, y deberá establecerse una comisión
de nueve miembros con poderes específicos a fin de controlar los
requerimientos de esta medida?

¿Podrá el Consejo de Supervisores celebrar un contrato con el Sistema de Jubilación
de los Empleados Públicos de California para que la Policía del Aeropuerto se
jubile a la edad de 50 años con beneficios completos, aunque esto implique un aumento
en el costo para la Ciudad?

¿Podrá el Consejo de Supervisores nombrar un
Secretario Confidencial, que trabajará en su disposición exclusiva?

¿Deberá requerirse que la Ciudad prepare un "Plan para el uso de tierras costeras", se
prohibirá la existencia de boteñas y otros usos determinados como "Utros no marítimnos
inapropiados de las tierras", y se prohibirá a la Ciudad de tomar acción alguna con
respecto a cierto tipo de construcción nueva hasta que sea preparado este Plan?

¿Será exento el espacio para oficinas de 4.9 millones de pies cuadrados
en la Bahía de Mission del límite anual que se refiere al espacio nuevo para
officinas, en caso de que la Ciudad aproveche un acuerdo que requiera la creación
de viviendas, el desarrollo económico, la creación de parques y
instalaciones públicas, la limpieza del medio ambiente y otros requisitos
mínimos?

¿Se adoptará una ordenanza creando como política de la Ciudad que el Consejo de Super-
visores consiente por lo menos $15 millones cada año, ajustado según la
inflación, para el Fondo para Viviendas Económicas, siempre y cuando se consigan
55 millones en los años en que ciertas circunstancias extraordinarias hagan que este
resulte necesario?

¿Se permitirá que dos personas que no estén casadas, sin vínculo familiar, mayores de
18 años de edad, que vivan juntos y estén de acuerdo en ser responsables conjuntamente
de sus gastos de vida básicos establezcan de una manera formal su relación
como una “sociedad doméstica”?

¿Se podrán aplicar las leyes que se aplican a las casas y propiedades para que
los inquilinos que no deben ser responsables de los gastos de vida básicos establezcan
de una manera formal su relación como una “sociedad doméstica”?
ACCESS FOR THE DISABLED VOTER
by Ballot Simplification Committee

BEFORE ELECTION DAY:

ABSENTEE VOTING — All voters may request that absentee ballots be mailed to them, or they may vote in person at City Hall from October 9 through November 6, during normal working hours (see “Your Rights as a Voter” section of this pamphlet). In addition, voters with specified disabilities listed on the application below may apply to become Permanent Absentee Voters. Ballots for all future elections will automatically be mailed to Permanent Absentee Voters.

TAPE RECORDINGS — The San Francisco Public Library’s Branch for the Blind at 3150 Sacramento Street produces and distributes tape recorded copies of the State and Local Voter Information Pamphlet for use by visually-impaired voters.

T.D.D. (TELECOMMUNICATIONS DEVICE FOR THE DEAF) — Hearing-impaired or speech-impaired voters who have a TDD may communicate with the San Francisco Registrar of Voter’s office by calling 554-4386.

ON ELECTION DAY:

ASSISTANCE — Persons unable to mark their ballot may bring one or two persons with them into the voting booth to assist them, or poll workers can be asked to provide needed assistance.

CURB OR VOTING — If architectural barriers prevent an elderly or disabled voter from entering the polling place, poll workers will bring the necessary voting materials to the sidewalk in front of the polling place to allow the voter to vote.

PARKING — If your polling place is in a residential garage, elderly and handicapped voters may park in the driveway while voting, provided this will not block traffic.

READING TOOLS — Every polling place has large-print instructions on how to vote and magnifying sheets to enlarge the type on the ballot.

SEATED VOTING — Every polling place has at least one voting booth which allows for seated voting.

VOTING TOOLS — Every precinct has an easy-grip tool and pen to be used in punching the ballot and an easy-grip pen to be used for signing in.

PERMANENT ABSENTEE VOTER QUALIFICATIONS

The physically disabled may apply to be permanent absentee voters. Once you are on our permanent absentee mailing list, you will automatically receive an absentee ballot every election until you move or re-register.

To become a permanent absentee voter, complete the form on the back cover and return it to the Registrar of Voters, Room 158, City Hall, San Francisco, 94102. Each time you move or re-register to vote, you must apply again to be a Permanent Absentee Voter. In all other cases you do not need to re-apply.

To qualify as a “Permanent Absentee Voter” you must have one or more of the following conditions:

___ Lost use of one or more limbs
___ Lost use of both hands.
___ Unable to move about without the aid of an assistance device (e.g. cane, crutches, walker, wheelchair).
___ Suffering from lung disease, blindness or cardiovascular disease.
___ Significant limitation in the use of the lower extremities.
___ Suffering from a diagnosed disease or disorder which substantially impairs or interferes with mobility.
YOUR RIGHTS AS A VOTER
by Ballot Simplification Committee

Q — Who can vote?
A — U.S. citizens over 18 years old who are registered to vote in San Francisco before October 10, 1990.

Q — I moved before October 9; can I vote in this election?
A — Only if you re-registered at your new address. You must re-register each time you change your address.

Q — I moved after October 9; can I vote in this election?
A — If you moved within the City between October 9 and November 6, you may go to your old precinct to vote.

Q — What offices can I vote for at this election?
A — You may vote for:
Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Insurance Commissioner, Member of State Board of Equalization (District 2), Member of the State Assembly, State Senator if you live in District 8, United States Representative, Supreme Court Justice, Appeals Court Justice, Municipal Court Judge, Assessor, Supervisor, Member of the Community College Board, and Member of the School Board.

Q — Where do I go to vote?
A — Go to your polling place. The address is on your mailing label on the back cover of this book.

Q — When do I vote?
A — Election Day is Tuesday, November 6, 1990. Your polling place will be open from 7 a.m. to 8 p.m. that day.

Q — What do I do if my polling place is not open?
A — Check the label on the back of this book to make sure you have gone to the right place. Polling places often change. If you are at the right place, call the Registrar's Office at 554-4375 to let them know the polling place is not open.

Q — If I don't know what to do when I get to my polling place, is there someone there to help me?
A — Yes, the workers at the polling place will help you.

Q — Can I take my sample ballot or my own written list into the voting booth?
A — Yes. Deciding your votes before you go to the polls will help you.

Q — Can I vote for someone whose name is not on the ballot?
A — Yes, you can write in the name of the person. If you don’t know how to do this, ask one of the poll workers to help you. Only “qualified” write-in candidates will be counted.

Q — Can a worker at the polling place ask me to take any test?
A — No.

Q — Is there any way to vote besides going to my polling place on election day?
A — Yes, you can vote before November 6 by:
- going to the Office of the Registrar of Voters in City Hall from October 9, through November 6, 8 a.m. to 5 p.m., Monday through Friday; or
- mailing in a request for an absentee ballot. You may send in the application for an absentee ballot printed on the back cover of this book. The application must be received by the Registrar of Voters before October 30, 1990.

Q — If I don’t use an application form, can I get an absentee ballot some other way?
A — You can mail a postcard or a letter to the Registrar of Voters asking for an absentee ballot. This letter should include:
- your home address
- the address to which you want the ballot mailed
- your printed name and your signature.
Your request must be received by the Registrar of Voters no later than October 30, 1990.

BALLOT SIMPLIFICATION COMMITTEE

The Ballot Simplification Committee prepares digests ("The Way It Is Now," "The Proposal," "A 'Yes' Vote Means," and "A 'No' Vote Means") of measures placed on the ballot each election, and with the assistance of the Registrar of Voters, prepares the table of contents, an index of candidates and measures, a brief explanation of the ballot pamphlet, definitions of terms in the pamphlet, a summary of basic voters' rights, and a statement as to the term, compensation and duties of each elective office.
Important Facts About Absentee Voting
Also Known as Vote-By-Mail

There continues to be considerable confusion about the rules and procedures governing absentee ballots. The results are that some voters do not vote and others send in ballots that are not counted because the proper procedures were not followed. Voters who wish to vote by absentee ballot should familiarize themselves with the following information:

**APPLICATION FOR ABSENTEE BALLOT**

Any voter may get an absentee ballot. You no longer need a reason (e.g. illness, travel) to get an absentee ballot. Any registered voter may request one.

Permanent Absentee Voters: The disabled may apply to become permanent absentee voters. A permanent absentee voter will automatically receive a ballot each election without having to apply each time. Whenever a permanent absentee voter moves or re-registers however, s/he must re-apply for permanent status. Frequent travellers are **not** eligible for permanent absentee voter status. They must apply for an absentee ballot each time. An application to be a permanent absentee voter is on the back cover of this pamphlet.

Third Party Delivery of Absentee Ballot Applications: Unless you know and trust the person delivering your application for an absentee ballot, you should deliver or mail it directly to the office of the Registrar of Voters. Political campaigns often ask voters to mail their applications to their campaign headquarters, and the campaigns then add the information you provide to their files and mailing lists. This may delay your application for as much as three weeks or even past the deadline for the application to arrive in our office. If you receive an absentee ballot application from a campaign, we recommend that you mail it directly to the San Francisco Registrar of Voters.

Applications: We strongly recommend that voters use the application provided on the back cover of the voter information pamphlet and include the mailing label with the bar code. This form with the bar code on the label allows us to process your request more rapidly.

If you do not have that application form, you may send us another application form or you may send a post card with your request for an absentee ballot. Please print your name, birthday and residence address, the address where you want the ballot sent if it is different, your day and night time telephone numbers, your signature and the date you are making your request. You may “fax” your request to this office at (415) 554-4047.

**RETURNING YOUR ABSENTEE BALLOT**

To be counted your ballot must arrive in the Office of the Registrar of Voters or any polling place by 8 p.m. on Election Day. If your ballot arrives after that time, it will not be counted. A postmark on your absentee ballot return envelope before or on Election Day is not acceptable if the ballot arrives after 8 p.m. on Election Day.

Never make any identifying marks on your ballot card. Some absentee voters sign or initial their ballot card. **NEVER** make any identifying marks on your ballot. Your ballot is no longer considered secret, if there is such a mark, initial or signature, and thus cannot be counted. This is also true for the grey secrecy envelopes if you vote for a write-in candidate.

“Cleaning” your ballot card: After punching out the holes corresponding to your choices, you will notice that there are many little paper chips hanging from the back of the card. These hanging paper chips must be removed from the back of the card or they will fall back into their holes as if you never punched it, and thus those votes will not be counted.

You must sign your name on the Absentee Ballot Return Envelope. You must personally sign the envelope in the space provided. No one else, including anyone with a power of attorney, is permitted to sign for you. If your signature is not on the envelope, it will not be opened and the ballot will not be counted.

Third party delivery of ballots: If you do not mail your absentee ballot and are unable to deliver your ballot to the Registrar of Voters or a polling place, you may have your spouse, child, parent, grandparent, grandchild, sister or brother return your absentee ballot for you. However, when you have your ballot returned by a third party, you and that person must complete the appropriate sections on the absentee ballot return envelope. Your ballot will not be counted unless those sections have been completed properly.

**EMERGENCY VOTING**

Within seven days of an election, if you become ill or disabled, or because of a physical handicap are unable to go to your polling place, you may request in a written statement, signed under penalty of perjury, that a ballot be delivered to you by your authorized representative who presents the written statement at the Office of the Registrar of Voters.

You or your authorized representative may return the ballot to the Registrar of Voters or to a polling place. If your authorized representative returns the ballot, the appropriate sections of the absentee ballot return envelope must be completed. **These ballots may not be mailed.**

26
LOCAL OFFICES TO BE VOTED ON THIS ELECTION

ASSESSOR
The term of office for the Assessor is four years. The Assessor is paid $98,670 a year.
The Assessor decides what property in the City is subject to tax, and the value of that property for tax purposes.

MEMBER, BOARD OF SUPERVISORS
The term of office for member of the Board of Supervisors is four years. Supervisors are paid $23,924 a year. There are eleven members of the Board of Supervisors. Voters will select five members this year.
The Board of Supervisors is the governing body for the City and County of San Francisco. They make laws and establish the annual budget for City departments.

MEMBER, BOARD OF EDUCATION
The term of office for member of the Board of Education is four years. They are paid $6,000 a year. There are seven members of the Board of Education. Voters will select three members this year.
The Board of Education is the governing body for the San Francisco Unified School District (public schools).

MEMBER, COMMUNITY COLLEGE BOARD
The term of office for member of the Community College Board is four years. They are paid $6,000 a year. There are seven members of the Community College Board. Voters will select three members this year.
The Community College Board is the governing body for the San Francisco Community College District (City College and other adult learning centers).

STATEMENT OF QUALIFICATIONS LOCAL CANDIDATES

On the following pages are statements of qualifications from local and BART candidates. They have been printed as submitted. Spelling and grammatical errors have not been corrected.
The statements are volunteered by the candidates. They have not been checked for accuracy by any City official or agency.
Candidates for Municipal Court Judge, Office #1

ELLEN CHAITIN

My address is 175 Upper Terrace
My occupation is Attorney/Law Teacher

I have withdrawn my candidacy for Judge, but state law prohibits removing my name from the ballot.

In the June primary, I finished second out of four candidates.
Encouraged to run by my colleagues with whom I’ve worked for nearly 20 years on legal reform issues, as a trial attorney, teaching law and former chair of the Bar Association’s Criminal Justice Advisory Council, I waged a campaign focusing on substantial legal issues and informing voters of the significant differences in the candidates’ courtroom experience and legal qualifications.

Although I am grateful for the broad support I received from voters, elected officials, Bar Association leaders, community organizations, and newspapers, clearly my only hope of winning would require raising and spending enormous sums of money. It costs more than $30,000 to send one small postcard to only half the registered voters. I cannot in good conscience ask my supporters to continue sacrificing their time and money.

I now bow out, offering congratulations to my opponent, and thanks to all whose kindness, generosity and commitment sustained me through a rigorous campaign.

Ellen Chaitin

JULIE TANG

My address is 788 - 18th Ave
My occupation is Assistant District Attorney
My age is 40
My qualifications for office are: Our Justice system is a sacred trust. The qualities of integrity, fairness, judicial temperament are crucial to becoming a Judge.

I received a Masters Degree from Stanford University, a Juris Doctorate from Hastings College of the Law.

As an Assistant District Attorney since 1982, I have handled both civil and criminal cases, prosecuted over 100 misdemeanor cases and over 50 court trials.

I am gratified that my legal experience was recognized by the San Francisco Bar Association, who rated me "WELL QUALIFIED" to be a Municipal Court Judge.

My supporters include:
Former Mayors DIANNE FEINSTEIN, JOSEPH ALIOTO
Justice HARRY LOW and 13 OTHER JUDGES
District Attorney ARLO SMITH
Public Defender JEFF BROWN
Supervisors ANGELA ALIOTO, TOM HSIEH, WENDY NELDER
State Senators MILTON MARKS, QUENTIN KOPP
Assemblyman JOHN BURTON
SAN FRANCISCO CHRONICLE
SAN FRANCISCO EXAMINER
SAN FRANCISCO INDEPENDENT
SAN FRANCISCO WEEKLY
BAY AREA REPORTER
SAN FRANCISCO LABOR COUNCIL
DEPUTY SHERIFF’S ASSOCIATION
NATIONAL WOMAN’S POLITICAL CAUCUS
BLACK LEADERSHIP FORUM
ALICE B. TOKLAS LESBIAN/GAY DEMOCRATIC CLUB
CHINESE AMERICAN DEMOCRATIC CLUB
(a partial list)

Most importantly, I thank the VOTERS of San Francisco who gave their overwhelming support to my candidacy in June.

I ask for your continued support on November 6, 1990.

Julie Tang

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.

28
Candidates for Assessor

WENDY NELDER

My address is 150 Casitas Avenue
My occupation is Attorney/Supervisor
My age is 48
My qualifications for office are: I have absolutely no ownership or income interests in real property which create any conflict of interest as Assessor.

As attorney for 25 years, Supervisor for three terms, and past President of the Board, I have a proven record of unique, practical accomplishments.

Just as I’ve fought for reduced local government spending, I’ll work for new statewide lower assessment formulas with the same energy that created the nationally copied No-Smoking Ordinance; the Police Fingerprint Computer which reduced our crime rate; laws allowing earthquake victims to quickly replace damaged buildings.

My goal is to achieve fair, reduced property assessments.

The sponsors for Wendy Nelder are:

Wendy Nelder

RICHARD D. HONGISTO

My address is 1848 Pine Street
My occupation is Supervisor
My qualifications for office are: With 28 years of public service, I am the only candidate with real management experience.

As Sheriff of San Francisco, I managed 399 employees; as Police Chief, 2,500; as New York Prison Commissioner, 13,000.

While this would be the largest managerial responsibility faced by the other candidates, it would be my smallest.

I want to be your assessor so I can make it a model agency. I know government and real estate. I am dedicated to public service and to lower taxes for you.

Mayor Agnos agrees I am the rational choice.

I would appreciate your vote.

Richard D. Hongisto

The Sponsors for Richard Hongisto are:
CANDIDATES FOR SUPERVISOR

BILL GRAYSON

My address is 95 Sea Cliff Ave
My occupation is Attorney at Law
My age is 32
My qualifications for office are: As a native San Franciscan, deeply involved in charitable, civic and political causes, it is my intention to restore greatness to our city. Frustration abounds as to the ability of our supervisors and mayor to get things done. We need a fresh face—a hard working leader who knows the San Francisco of past and who has a vision for its revitalized future.

A robust economy, fiscal accountability, individual empowerment, a healthy environment and aggressive law and order are critical to our future.

The opportunity for a great San Francisco is now!

Bill Grayson

The sponsors for Bill Grayson are:

MARILYNN GAZOWSKY

My address is 155 San Aleso
My occupation is Pastor Emeritus
My qualifications for office are: When Wendy Nelder spoke to me about running for Supervisor, at first I felt far too busy as administrator, author, music teacher, and public speaker. Seeing the desperate need of our city, I decided to lay aside some of these to represent the interests of San Francisco families, promote higher standards of education, protect the morals of our young people and make available to all children instruction in the arts and create for them a yearly festival. I have charitably served San Franciscans for 24 years, and am a believer that Prayer Changes Things. “I love you dearly, San Francisco.”

Marilynn Gazowsky

The sponsors for Marilynn Gazowsky are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

JOSE EMILIO MEDINA

My address is 39 Colby St.
My occupation is founder and executive director of Instituto Laboral de la Raza
My age is 48
My qualifications for office are:
PUBLIC SERVICE:
- Member, Board of Permit Appeals (1986-88).
- Member, Relocation Appeals Board (1984-86).
COMMUNITY LEADERSHIP:
- President, St. Anthony’s Foundation (1985-90).
- Member, United Way Leadership and Resource Development Committee (since 1989).
EDUCATION:
- San Francisco City College (1973-75).
- B.A. San Francisco State University (1978).
- J.D. Hastings College of Law (1982).
PERSONAL: My wife Raquel and I have raised two fine sons.

JOSE EMILIO MEDINA

The sponsors for Jose Emilio Medina are:

BILL MAHER

My address is 1005 Anza St.
My occupation is Supervisor, City & County of S.F.
My age is 42
My qualifications for office are: As a Supervisor, my priority is people. I support environmental, health, arts and children’s programs . . . not deputy mayors. I’m honest with voters — I fight against hidden tax increases. I do everything I can to make sure that public “servants” serve the public.
I believe in accountability, responsible budgets, respect for the taxpayer and politics that includes people, not excludes them.
As an independent leader, I’ve fought the politicians inside City Hall to represent the people outside.
That’s what I’ve done. That’s what I’ll continue to do.

Bill Maher

The sponsors for Bill Maher are:

Candidates for Supervisor

JAMES J. MANGIA

My address is 44 Roscoe Street
My occupation is Activist for Democracy
My age is 33 years old
My qualifications for office are: I am an experienced community organizer and activist. For ten years I have worked as a civil and gay rights advocate and have been an AIDS Project Director for the last two years. This is a people's CAMPAIGN FOR DEMOCRACY, to open up the Board of Supervisors to new and independent blood, to build a new alliance between the African-American, Latino, Asian/Pacific Islander, Native American, progressive white and lesbian and gay communities. As an independent leader I am proud to work alongside Dr. Lenora Fulani, the distinguished African-American leader who ran for President in 1988.

James J. Mangia

The sponsors for James J. Mangia are:

CAROLE MIGDEN

My address is 1960 Hayes Street #6
My occupation is Community Health Director
My age is 41
My qualifications for office are:
Community Health Director
- Served as the director of two community health agencies. Experience in managing people and programs, balancing budgets and designing cost-effective services.
- Political Party Leader
- Extensive political experience on the local, state and national levels. San Francisco political party chairperson. Close working relationships with state and national public officials will allow me to lobby effectively for San Francisco's needs.
- State Health Commissioner
- Member of the California Health Manpower Policy Commission.
- Board of Directors, United Way of the Bay Area
- Generate public support and set policy for the Bay Area's largest volunteer and charitable giving organization.

Carole Migden

The sponsors for Carole Migden are:
Candidates for Supervisor

DEHNERT C. QUEEN

My address is 956 Sacramento St., Apt. 305
My occupation is CEO, Small Business Development Corp.
My age is 43
My qualifications for office are: 1965 - Present: Custom computer systems; small business owner; vocal small business advocate.
1986 - Present: Designed integrated plan for downtown ballpark and small business/sports center located at 2nd/King streets with direct CalTrain service between San Jose, San Francisco Airport, proposed ballpark, and a true downtown terminus (Justin Herman Plaza). Upon locating our $550,000,000 private funding, Mayor Agnos announced his publically-funded ballpark using our site.

Why? Elected officials have a hidden agenda to build Mission Bay, convert the Embarcadero to tourism, displace small businesses/middle class/Giants, and build transit systems that won’t work when completed. There are documented alternatives.

Dehnert C. Queen

The sponsors for Dehnert C. Queen are:

JIM ROBINSON

My address is 285 Buckingham Way
My occupation is Executive director of a non-profit community service organization
My age is 59
My qualifications for office are: I am not endorsed by Mayor Agnos. I am a real alternative to the status quo. I am not beholden to any special interest groups. I hold bachelor’s and master’s degrees. I have entrepreneurial experience, operating concurrently: restaurant, self-service auto repair, book & craft store, auto shop, tire store and non-profit service corporation.
I have enlisted and commissioned experience in the Army. I served as Chaplain, LCDR in the Navy and with the Marines in Vietnam. I have been married to one woman for 38 years. We raised three sons and a daughter, of whom we are proud.

Jim Robinson

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

HARRIET ROSS

My address is 1333 Jones Street
My occupation is Trial Lawyer
My qualifications for office are: For twenty-two years, I have served San Francisco as a Public Defender and am a nationally known trial attorney. In addition to my law degree, I have a degree in Mechanical Engineering, and worked as an engineer in private business. I have served on the Boards of civic and neighborhood organizations, am an advocate for children and am Vice-President of San Francisco State Fair Board. I bring good judgement, common sense, reason, and responsibility to the Board of Supervisors, where I will advocate policies of fiscal responsibility to economic development, increased housing and effective solutions to the homeless problem.

The sponsors for Harriet Ross are:

THOMAS L. ADAMS

My address is #1 Ora Way
My occupation is President, Consulting Engineering Firm
My age is 57
My qualifications for office are: I am a resident and homeowner in San Francisco, a graduate of Lincoln High School 1950, Engineering graduate Fresno State College 1954, and Masters of Engineering graduate University of California Berkeley 1958. I am a Korean War veteran, having served as an officer in the Marine Corps. I am President of T.L. Adams and Associates, a consulting engineering firm in the Bay Area since 1984. I am sufficiently financially independent and have the time and interest to devote to a term as Supervisor. My intent would be to ensure that our City is run on a sound and financially responsible basis, equitable to all San Franciscans.

The sponsors for Tom L. Adams are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

DANIEL J. ADDARIO

My address is 950 Columbus Ave., #16
My occupation is Special Agent in Charge, D.E.A., Retired
My qualifications for office are: 23 years Department of Justice; Drug Enforcement Administration, Special Agent in Charge, San Francisco; Foreign Operations Director, Washington, D.C.; Managed over 300 employees, balanced multi-million dollar budget; U.S. Diplomat in Southeast Asia, South America; Investigator for Attorney General Robert Kennedy (corruption); Veteran, small business owner, father of three.

I am a national authority on drug abuse and crime prevention. I am the only candidate with management experience, financial and federal expertise. I will work to reduce crime in the neighborhoods, provide a clean, safe city, and a fiscally responsible government which respects cultural diversity for all San Franciscans.

Daniel J. Addario

The sponsors for Daniel J. Addario are:

ROBERTA ACHTENBERG

My address is 456 Hill Street
My occupation is Civil Rights Attorney
My age is 40
My qualifications for office are: Living in San Francisco has never been more difficult. It's harder to raise a family, find a place to live, move around, breathe the air or feel safe in our homes.

For fifteen years, I've worked hard to make San Francisco a more livable City. My campaign is about improving the quality of life for all San Franciscans.

I believe I can make an impact on issues that touch our daily lives like childcare, affordable housing, transportation, AIDS care and the environment. So do my sponsors. Please judge for yourself.

It's time City Hall focused on creating a more livable City for everyone.

Roberta Achtenberg

The sponsors for Roberta Achtenberg are:

35
Candidates for Supervisor

ARLO SMITH

My address is 66 San Fernando Way
My occupation is BART Director/Attorney
My qualifications for office are: Honest, progressive leadership is needed at City Hall.
As a BART Director and private citizen, I have spent years fighting for reform — and against waste and mismanagement — at BART and City Hall.
As BART President, I kept the system running when the Bay Bridge collapsed.
I successfully opposed a 70% Supervisors pay hike, negotiated a deal to extend BART to the San Francisco airport, and authored the ballot measure to keep the San Francisco Police Horse Patrol.
As your Supervisor, I will continue to fight for the interests of San Francisco taxpayers and city service users — and against giveaways and favors for moneymed special interests.

Arlo Smith

The sponsors for Arlo Smith are:

KEVIN F. SHELLEY

My address is 20 San Antonio Place, #1B
My occupation is Director of San Francisco Alive
My age is 34
My qualifications for office are: As a new member of the Board of Supervisors, I will bring a common sense approach to the fundamental issues which affect our everyday lives in San Francisco.
My priorities include:
* Revitalizing San Francisco's economy thereby creating jobs and increasing revenue;
* Providing affordable housing;
* Expanding the fight against AIDS;
* Improving childcare, youth, and senior services;
* Protecting the Presidio;
* Creating an efficient and environmentally sound citywide transportation system.
My past accomplishments include:
* Serving as an earthquake relief coordinator;
* Providing jobs for the homeless and neighborhood youth;
* Creating graffiti eradication and neighborhood recycling programs;
* Working for the City's Congressional Delegation in Washington and San Francisco.

Kevin F. Shelley

The sponsors for Kevin F. Shelley are:
Candidates for Supervisor

CAROL RUTH SILVER

My address is 68 Ramona Ave.
My occupation is attorney/businesswoman/mother
My age is 52
My qualifications for office are: An experienced and visionary leader.
    I created:
    • First advocacy organization for RU-486 (the French pill for safe termination of pregnancy)
    • Private, effective first-time home buyer programs through equity sharing
    • Mandarin Chinese bi-lingual, bi-cultural pre-school
    • Homeless shelters as an alternative to parks and sidewalks
    • With the Mayor, early city funding for AIDS research and treatment

Elected to the Board of Supervisors as a close ally of Harvey Milk and George Moscone, I have fought for human rights and against injustice.

My vision and experience will serve San Francisco well. I would appreciate your vote.

Carol Ruth Silver

The sponsors for Carol Ruth Silver are:

ELLIS LEONARD ANTHONY KEYES

My address is 1930 Hyde Street 1
My occupation is Party of Life
My age is 34
My qualifications for office are: Having received the finest available formal education, the practical experience and necessary training enabling me to effectively meet the duties of this office.

I am prepared to unify self and common interest in the same spirit and manner as set forth in the Declaration of Independance along with the Constitution of the United States, to act as a party that will restore the human person by reducing bureaucracies, institutions, ideologies, and government to mere servants of life and people.

Ellis L. A. Keyes

The sponsors for Ellis L. A. Keyes are:
Candidates for Supervisor

VU-DUC VUONG

My address is 2259 – 43rd Avenue
My occupation is Community Organizer/Agency Executive
My qualifications for office are: My education, experience, vision and commitment will help San Francisco prepare for the 21st Century.

With an academic background in politics, international relations, social work and law, I have worked as community organizer, legislative analyst, social worker, and agency executive. I am progressive on human and environmental issues, moderate on economic and fiscal issues, conservative on public trust.

As Supervisor, I will work with other Bay Area cities to develop an effective housing, transportation and environmental balance, expand BART to the whole region, invigorate the economy and trade; and together with all constituencies, build a humane and prosperous San Francisco.

Vu-Duc Vuong

The sponsors for Vu-Duc Vuong are:

JOEL VENTRESCA

My address is 202 Grattan Street
My occupation is Budget and Policy Analyst for the City and County of San Francisco Airports Commission
My age is 38

My qualifications for office are: I am a neighborhood and environmental activist dedicated, for over fifteen years, to improving the quality of life in San Francisco. I am a past president of the Coalition for San Francisco Neighborhoods. I am on the Board of Directors of San Francisco Tomorrow.

I have a decade of experience working in non-profit and public agencies for children, aging and public enterprise programs.

I have a Master of Public Administration and a Bachelor of Arts in Government from the University of San Francisco.

If elected, my staff and I will be available to you and your family to assist you in solving city problems.

Joel Ventresca

The sponsors for Joel Ventresca are:
Candidates for Supervisor

HAROLD M. HOOGASIAN

My address is 485 Monticello
My occupation is Small Businessperson/Florist
My age is 40
My qualifications for office are: I own and operate a profitable small business in partnership with my brother. As President of the Marina Merchants Association during the earthquake crisis of October 1989, I served our community ... as a devoted, native San Franciscan, I will serve our City. I worked for the two term limit on the Board of Supervisors ... and will work as your citizen advocate. I seek to protect and enhance the quality of our environment in San Francisco ... and will act as your voice for safe, clean streets and a better business environment. I can exercise independent judgement and will fight ... for San Francisco!

Harold M. Hoogasian

The sponsors for Harold M. Hoogasian are:

MILDRED "MILLIE" DANCH

My address is 2516 16th Ave;
My occupation is Flight Attendant – Registered Nurse
My age is Legal
My qualifications for office are: I am energetic, ambitious, enthusiastic and I love to work. I will listen to you and to your concerns. Since establishing residency in 1963, I have observed the problems and opportunities of this city and its people. Here are the concerns I will address:
NO FOREIGN AID!!!
NO LOBBYING
NO SCHOOL BUSING
Balancing the budget
Cutting government waste
Prohibiting excessive taxation
Providing quality education, health care, and child care
Settling labor disputes
Stopping drug traffic
Protecting neighborhood character
Controlling pollution
Getting seniors involved
Improved parking
Controlling crime
I thank you for your support.

Mildred "Millie" Danch

The sponsors for Mildred "Millie" Danch are:
Candidates for Supervisor

JIM LAZARUS

My address is 65 Fifth Avenue
My occupation is Governmental Specialist/Attorney
My age is 41
My qualifications for office are: Fifteen years ago I began my public service as deputy City Attorney. Since then I have served as the Board of Supervisor’s legislative counsel, the City’s labor relations consultant and executive deputy Mayor to the Feinstein administration.

I drafted landmark rent stabilization legislation, campaign spending controls, conflict of interest provisions and other major areas of City law.

I’ve represented San Francisco before the League of California Cities, state and federal government.

As father of four children I’m active in our neighborhood and currently president of Planning Association for the Richmond.

I’ve prepared myself to serve as Supervisor and would appreciate your support.

Jim Lazarus

The sponsors for Jim Lazarus are:
Dianne Feinstein, 30 Presidio Terrace, Candidate for Governor.
Willie L. Brown, Jr., 1200 Gough St., Legislator/Attorney at Law.
Lois H. Renne, 3725 Jackson St., City Attorney.
Quentin L. Kopp, 68 Country Club Dr., State Senator/Attorney at Law.
Jim Gonzalez, 642 Edinburgh St., Member, S.F. Board of Supervisors.
Tom Hsieh, 1151 Taylor, S.F. Supervisor.
Bill Maher, 1005 Anza, Supervisor.
Wendy Nelder, 150 Casitas Ave., Member, San Francisco Board of Supervisors.
Eugene L. Friend, 2910 Lake St., Business Executive.
Donna M. Casey, 2298 Pacific Ave., Corporate Secretary/Director.
Tricia James, 666 Carolina St., Executive Director.
Rita R. Semel, 928 Castro St., Community Relations Specialist.
Lawrence B. Martin, 401 Garfield St., Transport Worker Union.
Michael Salerno, 95 Crestlake Dr., Owner Andre’s TV. Florence Fang, 170 Gellert Dr. Stephen P. Cornell, 1510 Portola Dr., Retailer.
John L. Mollnari, 30 16th Ave., Businessman.
A. Cecil Williams, 60 Hiliritas, Minister.
James Corey Busch, 639 Waller St., Executive Vice President, San Francisco Giants.
Harold S. Dobbs, 1000 Mason St., Attorney.
Lewis Lillian, 357 Upper Terrace #4, Businessman/Pres. S.F. Housing Authority. Cornelius P. Murphy, 3095 23rd Ave., Retired Chief of Police.
William F. O’Keeffe, Sr., 444 Corbett Ave., President, San Francisco Taxpayers Association.
James G. Fussell, Jr., 1853 Scott St., Association Director.
Stanley M. Smith, 18 Hearst Ave., Labor Union Official.
John C. Farrell, 2900 24th Ave., Controller, City and County of San Francisco, Retired.
Leland J. Lazarus, 2277 Clay St., Retired Judge.
James W. Haas, 162 Prospect Ave., Attorney.
Marion E. Otsea, 638 30th Ave., Vice Chair, Reg. Water Quality Control Bd.
John H. King, 1330 Rhode Island St., Health Administrator.

HEIDI C. CHRISTENSEN

My address is 690 Haight Street
My occupation is Administrative Assistant
My qualifications for office are: San Francisco approaches the year 2000 facing many challenges. We need expanded, efficient mass transit; increased AIDS education and treatment; support of small businesses; a modernized Port; better access to health care; and a protected environment. We also need revenue to do that.

I’m running to fill these needs. With years of experience in political and community organizing, without “political debts,” I have the experience, vision and integrity to take action effectively.

I am committed to opening up City Hall to citizen participation and responding to the growth and demands of San Francisco over the next 4 years.

Heidi C. Christensen

The sponsors for Heidi C. Christensen are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Supervisor

JEFFREY CHANG

My address is 161 Escola Way
My occupation is Businessman
My age is 56
My qualifications for office are: My knowledge and experience in the business community and 25 years life experience in the city. I raised my family here that one of my daughters graduated from UC Berkeley and now attending a medical school at UC Davis. The other one graduated from Lowell High School and now attending City College. I held a B.A. degree in business administration and have received comprehensive insurance training in Switzerland. Worked for many years as an insurance underwriter, insurance claim adjuster and a real estate sales person. I have opened my own business — bar & restaurant in September 1978. Now, I have two locations.

Jeffrey Chang

The sponsors for Jeffrey Chang are:

JOHN J. FIGONE

My address is 2322 - 27th Avenue
My occupation is Partner, Investment Company
My age is 30
My qualifications for office are: My commitment to fight for a city government which will plan its priorities and stick to them, instead of resorting to management by crisis or single issue politics.

As a fourth generation San Franciscan I am concerned that current political trends will impair our future ability to afford homes, raise families and educate our children.

We must restore the BALANCE of common values between meeting the needs of the disadvantaged and serving the general public.

You have five votes — set one aside as an investment in a NEW SAN FRANCISCO TRADITION and elect JOHN FIGONE for SUPERVISOR.

John J. Figone

The sponsors for John J. Figone are:
Candidates for Supervisor

DORIS M. WARD

My address is 440 Davis Court #1409
My occupation is Member, Board of Supervisors
My qualifications to office are: A long-standing commitment to serve our City. As we rebuild after the earthquake, we must insure San Francisco remains an affordable, vital place to live for all people.

During my ten years on the Board of Supervisors, I have tried to act compassionately while remaining pragmatic. With your support, I will continue my efforts to insure adequate City services for all San Franciscans, including women and minorities; to establish a reliable budgetary process; to maintain affordable housing; to provide needed health services; to promote employment opportunities, through strengthening our small businesses; and to guarantee our youth a promising future.

Doris M. Ward

Candiates for Board of Education

DAN KELLY

My address is 255 San Marcos Avenue
My occupation is Pediatrician
My age is 42
My qualifications for office are: I am a pediatrician and my children attend public schools. My twenty years of community service include:

- Classroom volunteer, SFUSD
- Clinical Faculty, UCSF
- Admissions Panel, Committee on Admissions Policy, Stanford Medical School
- School Site Council
- Secretary, Parents for Immersion Education
- Board member, past President, West Portal CARE
- Board member, UCSF Child-Care/Study Center
- School Health Committee, Academy of Pediatrics

I am committed to excellence in education for all children. I will advocate challenging, up-to-date curriculum, smaller class size, better counseling services, fiscal responsibility. I will promote parent involvement and expansion of successful programs. San Francisco can have outstanding schools!

Dan Kelly

The sponsors for Dan Kelly are:

MYRA G. KOPF

My address is 1940 - 12th Avenue
My occupation is Incumbent
My qualifications for office are: As an educator, parent of three public school educated children, PTA leader, and school board member, I have a proven record of leadership, integrity, caring, and effectiveness.

My colleagues elected me President of the National council of Great City Schools, President of the Association of California School Districts, and twice President of the San Francisco School Board.

Throughout the changes of policies in the education and administration of our school district, I have kept constant a vision of a school system where each child has a fair and equal opportunity for honest and effective education.

I promise to continue.

Myra G. Kopf

The sponsors for Myra G. Kopf are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
KARL W. RANDOLPH

My address is 344 Felton Street
My occupation is Printer/Photographer
My qualifications for office are: I am a concerned parent of three. I have a college degree with an emphasis in Philosophy. I do not play politics at the expense of the children. I am for disciplinary and ethical schools.

I believe that the involvement of parents, teachers, and students is most crucial to a healthy education system. All of the above groups must work together to improve the basic skills, the academic scores; and to help solve the drugs and crime problems. There are solutions to present SFUSD problems. We need a bottom-to-top (feedback) policy that will allow the education system to act together.

Karl W. Randolph

The sponsors for Karl W. Randolph are:

TOM AMMIANO

My address is 162 Prospect Ave
My occupation is Teacher
My age is 48
My qualifications for office are: I have lived and taught in San Francisco for over twenty five years. I am currently involved with San Francisco public schools as a teacher, parent, and community activist. As a stand up comic I bring a sorely needed sense of humor, combined with direct experience on the issues to the board. My platform: a drug free and safe school environment for all students regardless of ethnicity, sexual orientation, or disability; academic parity, reduction of drop out rates; smaller class size, improved college bound program, employment partnership with the business community, and school meals that are nutritional and recognizable.

The sponsors for Tom Ammiano are:
Candidates for Board of Education

ROSARIO ANAYA

My address is 240 Dolores Street, #331
My occupation is Adult Business School Administrator
My qualifications for office are:
- 20 years of experience as an educator and policy maker in education
- earned reputation for integrity, independence and conviction
- strong record of service to the families, youth and children of San Francisco
- experience as Board President and chairperson and curriculum, budget and building and grounds committees

I am Executive Director of Mission Language and Vocational School’s employer-supported training programs which yearly place over 250 adults and youth in the job market.

My commitment is to continue working toward an educational program that encourages high performance and addresses the diverse needs of our student population.

Rosario Anaya

The sponsors for Rosario Anaya are:

BEN TOM

My address is 1717 Jones St.
My occupation is Associate Transportation Rep, California PUC.
My qualifications for office are: As a twelve year member of the City’s School Board, including two terms as President, I accomplished the goals I set for the citizens of San Francisco.

Today, two years after I left the Board, it has lost its vision and its commitment.

Now, Board members spend more time on political infighting than on our children. Dropout rates are shameful. School buildings are deteriorating.

I am strongly supported by Senator Quentin Kopp, Assemblyman Willie Brown, a majority of the Board of Supervisors, community leaders and parents.

Our kids deserve the brightest future we can give them!

Ben Tom — Board of Education

The sponsors for Ben Tom are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
CARLOTA DEL PORTILLO

My address is 84 Berkeley Way
My occupation is Educator/Parent
My qualifications for office are: What will it take to make a diploma mean something again?

It will take experience. I earned my doctorate of education from the University of San Francisco and have spent 24 years educating San Francisco students as educator, counselor, and PTA president.

It will take action. In the past decade our problems have worsened. We need fresh ideas to make our children's education better. Reducing class sizes, keeping schools sturdy and safe, and increasing parent involvement will help. Because getting a diploma isn't enough, making it mean something again is what my campaign is all about.

Carlota del Portillo

The sponsors for Carlota del Portillo are:

KAREN GOODSON PIERCE

My address is 1734 Newcomb Avenue
My occupation is Program Administrator
My age is 43
My qualifications for office are: I am a native San Franciscan, single parent and active in school activities. My youngest child is an 11th grader in the SPUSD. I am the President of the Board of the Potrero Hill Neighborhood House and Co-founder of the Potrero Hill Girls Club. During the last seven years, I have been an active observer of the School Board, attending meetings on a frequent basis. I have become concerned that the discussions rarely focus on student needs, curriculum and quality of teaching. School Board Members must focus on setting policy and allow the Superintendent to run the day to day operations.

Karen Goodson Pierce

The sponsors for Karen Goodson Pierce are:
Candidates for Board of Education

JILL WYNNS

My address is 124 Brewster Street
My occupation is Education Advocate, President San Francisco Parents' Lobby
My age is 42
My qualifications for office are: I am the parent of three school age children, President of the San Francisco Parents’ Lobby, past President of Lakeshore PTA, and a neighborhood leader in Bernal Heights.

I will be a School Board member who:
• Provides constructive, creative leadership.
• Advocates for all children.
• Works with Superintendent Cortines to improve schools.
• Manages school funds responsibly.
• Ensures safe schools, having served on the District Asbestos Council.
• Builds consensus, leading two successful S.F. school bond coalitions.
• Works for innovative approaches to the challenges of funding, dropouts, class size and curriculum.

By ending political divisiveness, we can do a better job for our children.

Jill Wynns

The sponsors for Jill Wynns are:

SODONIA M. WILSON

My address is 540 Darien Way
My occupation is Incumbent Board Member — S.F. Board of Education
My qualifications for office are: I am an incumbent board member and have been a board member since 1982. I hold a Ph.D., Clinical Psychology, California School of Professional Psychology; M.A., Counseling Psychology, B.A., Nursing, San Francisco State University. I serve on California and Coalition of Black School Board Members Associations. I was elected Board President for two terms. I introduced resolutions to address issues of core curriculum, advanced placement courses at all high schools, increased counseling and library services, career ladder for para-professionals, dropout prevention and affirmative action. I support reduced class size, gifted, bilingual, parent and community involvement. All Programs and Services are implemented.

Sodonia M. Wilson, Ph. D.

CANDIDATES FOR COMMUNITY COLLEGE BOARD

JIM MAYO

My address is 26 Minerva Street
My occupation is Educational Consultant
My age is 38
My qualifications for office are: B.A. in political science, M.A. in public administration and J.D. in law from Howard University. I am president of OMI Neighbors-in-Action; chair of the educational committees of the Urban League and the NAACP; commissioner on the Delinquency Prevention Commission; and board member of Oakes Children’s Center. I believe we must build a community college system that prepares young people for world citizenship, embraces and respects the cultures of the world, engages the support and participation of all segments of the population, and provides relevant educational services for all San Franciscans. Your vote can make this vision a reality.

James "Jim" H. Mayo II

The sponsors for Jim Mayo are:

WILLIAM PEREZ MARQUIS

My address is 21 Hawkins Lane
My occupation is Youth Agency Director
My qualifications for office are: I'm Chief Executive Officer of a Community-based, privately funded, youth service agency, have a Ph.D. from U.C. Berkeley in Community Colleges, am a former US Army officer, and serve on City and community Boards and Commissions. I believe I'm a proven leader, offering new leadership to our troubled Community College District.

While the incumbents running this year have served a total of 45 years on the Board, 3 successive Accreditation Reports and an independent management study have said our Community College is organizationally unsound, educationally inefficient, and unable to serve students reliably. The Community College needs new leadership.

William P. Marquis

The sponsors for William P. Marquis are:

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for Community College Board

JOHN RIORDAN

My address is 28 Cordova
My occupation is Incumbent Community College Board/Attorney
My qualifications for office are: I have an interest and concern with education. I have taught part time at the University of San Francisco Law School and City College of San Francisco.
I serve on the Board of Regents of my high school, Sacred Heart Cathedral.

As an incumbent community college trustee I bring broad experience and a conservative fiscal approach to deliver a sound educational program.

I will work constructively with our new chancellor Evan Doebelle and the Faculty help snap the District out of the doldrums.

John Riordan

The sponsors for John Riordan are:

MABEL TENG

My address is 844 Greenwich Street
My occupation is S.F. Community College Educator
My age is 37
My qualifications for office are: After 9 years as a San Francisco Community College educator, I have a clear vision of what must be done to shape up San Francisco's Community College District.

The Community College District was created to give adults a way to improve the quality of their lives through higher education. But in 1988, the Western Association of Schools and Colleges reported the district was riddled with problems. Since then, little has changed.

A college education is the primary path to economic opportunity. I hope you will allow me the chance to clear this path to opportunity for thousands of San Franciscans.

Mabel Teng

The sponsors for Mabel Teng are:
Candidates for Community College Board

MARGARET SOVIERO

My address is P.O. Box 1969, San Francisco, CA 94101
My occupation is Education (Ret.) and Law

My qualifications for office are: COMMUNITY COLLEGE EXPERIENCE: Director of Pilot Literacy program which included fifteen different ethnic, minority and senior groups. Program expanded from three to thirty-three locations during my tenure. Excellency of program merited additional Federal funds. Also taught ESL at Community College. BACKGROUND: Bachelor and Doctoral Degrees. Educator, teacher, counselor at secondary level and college lecturer. Director, Head Start program, author and columnist. SERVICE: U.S. Marine Corps; U.S. Department of State; White House Conference on families; Trustee, Pennsylvania State University (Liberal Arts); Chair, UNESCO World Literacy Day. COMMITMENT: "A Better Community College — A Better San Francisco."

Margaret Soviero

The sponsors for Margaret Soviero are:

ROBERT E. BURTON

My address is 8 Sloat Boulevard
My occupation is Educator/Member, S.F. Community College Board

My qualifications for office are: I have been a member of the Community College Board since its inception. As an Adult Education teacher for over 20 years, I have learned the value of open-door continuing education. Selected twice to serve as Board President, I take pride in my record of strong leadership, exercised with sensitivity to the needs of our multiethnic community. Recently, my peers honored me by their appointment to oversee a nationwide search for our new Chancellor. I look forward to continuing my service to the District, where I have worked to make quality education the right of every San Franciscan.

Candidates for Community College Board

ALAN S. WONG

My address is 1280 Ellis St., Apt. #12
My occupation is Social Worker
My qualifications for office are: I was appointed to the Community College Board by Mayor Feinstein in 1981. I ran for this office in 1982 and 1986. In both elections, I received the most votes. I have served faithfully during the past 9 years to insure that all citizens of San Francisco receive the quality education they deserve. I believe in a diversified faculty, administration and classified staff to reflect the diverse population that we are servicing.

Great changes are taking place throughout the world, nationwide, statewide and locally. Education must reflect those changes in order to equip our students to meet tomorrow’s challenges.

Alan S. Wong

Candidates for BART Board

JAMES FANG

My address is 170 Gellert Drive
My occupation is local business owner
My qualifications for office are: As a native San Franciscan and a neighborhood business owner, I believe I can provide and bring new and innovative leadership to the BART Board which best represents the diverse and important needs of this district, San Francisco and the Bay Area region.

My experience in managing a business for the past ten years has instilled in me the tremendous importance of efficiency in any institution, public or private. By the same token, however, BART must also be accessible and safe to its public and treat its riders as human beings and with respect. An accessible, safe and efficient BART will not only reduce the horrendous traffic jams many of us currently experience, but will also reduce the burden placed on our environment by our over-use of automobiles. As BART director I would work to emphasize the needs for our district.

In addition, I would stress the urgency to proceed with plans to extend BART to the San Francisco International Airport and into San Mateo County — an extension that would directly benefit and impact our district and all San Franciscans. Finally, as our economy becomes more and more regional, I, as a BART director, would strive for greater regional cooperation and improved links between BART and the various regional transit systems. For the residents of our district, BART must be a true gateway to all Bay Area transit systems.

The important role of an efficient, accessible and safe BART plays in helping us to preserve the environment, reduce traffic problems and linkage of the regional economy are principles which I will emphasize as a BART director. BART should represent the interest of its riders. It should not be a political arena for individual and special interests. As your director, I would represent you and our district’s concerns. Thank you for your support.

RODEL E. RODIS

My address is 35 Paloma Ave.
My occupation is President, S.F. Public Utilities Commission
My qualifications for office are: As President of the San Francisco Public Utilities Commission, which oversees the SF Municipal Railway, I am very aware and concerned about public transportation in San Francisco. Muni and BART have not been as coordinated as they should be and I would work to see that these transit agencies work together more closely for the benefit of San Francisco and other Bay Area transit users.

San Francisco contributes much to BART through property and sales taxes (about $40 million annually) but has frequently received short shrift when resources are allocated. For example, San Francisco only received $15 million for a Muni Metro extension South of Market while BART is allocating hundreds of millions of dollars to extend BART to Antioch, Pleasanton, and Warm Springs. We deserve a greater share and I would work to get more money for San Francisco in the future.

In addition, I would work to:

- Improve BART stations and station amenities. BART is almost 20 years old and the stations need sprucing up. I would work to install more benches, telephones, lights and shelters over the escalators.
- Establish a BART Passengers Advisory Committee, to help advise the BART Board on operations and policy.
- Improve Regional Transit Coordination by creating a single 800 telephone number for all regional transit information and by working to create a simplified, coordinated fare structure throughout the region.

Transportation continues to be the number one problem facing the Bay Area and BART is an important part of the solution to the problem. My experience in the City would be beneficial on the BART Board. Please join the following leaders supporting me:

Harry Britt, President, Board of Supervisors
Doug Wright, Deputy Mayor for Transportation
Nancy Walker, Member, Board of Supervisors
Terence Hallinan, Member, Board of Supervisors
Roberta Achtenberg, Candidate, Board of Supervisors
Jim Haas, Chair, Transportation Sales Tax Advisory Committee
Doris Kahn, Metropolitan Transportation Commissioner
Wendell Miculob, President, Filipino-American Democratic Club
David Piplep, President, Modern Transit Society
Ray Antonlo, Secretary-Treasurer, Transport Workers Union
Dick Groboll, Commissioner, Parking & Traffic Commission
Paul H. Melbostad, Commissioner, Board of Permit Appeals
Ruth Picon, President, Latino Democratic Club
Charna Staten, Transportation Consultant
Sharyn Salsafsky, Transportation Consultant
H. Welton Flynn, Commissioner, SF Public Utilities Commission
Victor Makras, President, Board of Permit Appeals
Sherri Chiesa, Commissioner, SF Public Utilities Commission
Gordon Chin, Commissioner, SF Public Utilities Commission
Esther Marks, Commissioner, Board of Permit Appeals.

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Candidates for BART Board

ALEXA SMITH

My address is 66 San Fernando Way
My occupation is Transit Reform Advocate/Doctor of Law/State and County Central Committee Member

My qualifications for office are: As a close political advisor and the sister of 1988-1989 B.A.R.T. President Arlo Smith, I was "in the engine room" (both literally and figuratively) during the grim days after the October 17, 1989 Earthquake. I recommended 24-hour emergency service to Arlo.

Arlo and his fellow B.A.R.T. Directors worked tirelessly to keep the terribly over-taxed B.A.R.T. system in fully operational 24-hour Earthquake emergency service.

Before the Earthquake, B.A.R.T.'s average daily load was about 210,000 people. At the height of the emergency, our loads rose as high as 357,135 refugees from the smashed Bay Area automobile freeway system.

I received my "advanced" B.A.R.T. transit training under the unique stress of the long weeks of a public emergency.

I know the B.A.R.T. system.

I can save YOU — the San Francisco taxpayers — some money.

San Francisco residents are invited to telephone me on B.A.R.T. matters: 564-6091.

Platform:

CRIME — Video film needs to be introduced into B.A.R.T.'s closed circuit television security system. If I'm B.A.R.T. Director, violent felons will find their pictures on "REWARD" POSTERS at all B.A.R.T. stations.

REFURBISHMENT OF SYSTEM — Repair, refurbishment and where necessary, replacement of 20-year old BART trains and stations must be adequately funded.

REWARDING LOYALTY — After the Earthquake, B.A.R.T.'s employees served heroically. Their loyalty deserves childcare facilities, other just rewards, and our deepest thanks.

RECYCLING — A realistic program is needed to recycle B.A.R.T. garbage to increase revenue and conserve resources.

SCHEDULING — I support extended B.A.R.T. service on Friday and Saturday evenings and for special events. Structural improvements are needed to allow for more rush hour B.A.R.T. trains and improved timing.

B.A.R.T. TO SAN JOSE — I will continue the efforts of Arlo Smith to negotiate a "buy in" to the B.A.R.T. system from Santa Clara County so that B.A.R.T. service can be extended to San Jose.

AIRPORT EXPANSION — Rapid completion of the B.A.R.T. extension to the San Francisco Airport will be one of my top priorities.

My endorsers include (partial list):

MELVIN KIM WONG

My address is 2530 15th Avenue
My occupation is Businessman
My age is 34

My qualifications for office are: I am a San Francisco taxpayer and strong advocate of an improved BART — Crash program for extension of BART rail lines to all surrounding communities from San Francisco to San Jose to Livermore, Antioch, Vallejo, etc. Safety on BART trains is a priority. I am also active in the American-Chinese community. My occupation is businessman.

Let me tell you about the undemocratically chosen and self-perpetuating Executive Committee of "Citizens for a Better San Francisco" (read: "House of Lords") of the so-called "Citizens for a Better San Francisco."

The Executive Committee of the extreme right-wing "Citizens for a Better San Francisco" consists of fifteen (15) members chosen as follows:

NINE (9) MEMBERS — Nine (9) members of that undemocratically chosen Executive Committee are appointed by the incumbent Chairman of the would-be elitist Executive Committee. The real control is vested in this non-elected group of right-wing extremists.

FIVE (5) MEMBERS — Five (5) members are "elected" by the so-called "leaders" of the rightist political party's largely "paper" so-called San Francisco "REPUBLICAN" "volunteer clubs."

ONE (1) MEMBER — One (1) member is "elected" by the rightist political party nominees for Congress, State Senate, and State Assembly.

The avowed goal of the so-called "Citizens for a Better San Francisco" and its "House of Lords" Executive Committee is to takeover the elected government of the City and County of San Francisco with their "top-down" pack of right-wing clowns.

Anyone who is foolish enough to vote for friends of the so-called "Citizens for a Better San Francisco" deserves to be dictated by their right-wing elitist "House of Lords."

Statements are volunteered by the candidates and have not been checked for accuracy by any official agency.
Arguments For and Against Ballot Measures

On the following pages, you will find information about local ballot measures, including arguments for and against the measures. All arguments are strictly the opinions of their respective authors. None have been checked for accuracy by this office or any other City official or agency. Arguments and rebuttals are reproduced as they are submitted, including typographical and grammatical errors.

"Proponent’s" and "Opponent's" Arguments

For each measure, one argument in favor of the measure and one argument against the measure are printed in the Voter Information Pamphlet free of charge. These arguments are called the "Proponent's Argument" and the "Opponent's Argument."

The designation, "Proponent's Argument" and "Opponent's Argument" only indicates that the arguments were selected in accordance with criteria set forth in Section 5.74.5 of the San Francisco Administrative Code and were printed free of charge. The Registrar does not edit the arguments, and the Registrar makes no claims as to the accuracy of statements in the arguments.

The "Proponent's Argument" and the "Opponent's Argument" are selected according to the following priorities:

"Proponent's Argument":
1. The official proponent of an initiative petition; or the Mayor, the Board of Supervisors, or four members of the Board, if the measure was submitted by same.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

"Opponent's Argument":
1. For a referendum, the person who files the referendum petition with the Board of Supervisors.
2. The Board of Supervisors, or any member or members designated by the Board.
3. The Mayor.
4. Any bona fide association of citizens that has filed as a campaign committee in support of the measure.
5. Any bona fide association of citizens, or combination of voters and association of citizens.
6. Any individual voter.

Rebuttal Arguments

The author of a "Proponent's Argument" or an "Opponent's Argument," may also prepare and submit a rebuttal argument. Rebuttals are also the opinions of the author and are not checked for accuracy by the Registrar of Voters or any other City official or agency.

Rebuttal arguments are printed following the corresponding "Proponent's Argument" and "Opponent's Argument."

Paid Arguments

In addition to the "Proponent's Arguments" and "Opponent's Arguments" which are printed without charge, any eligible voter, group of voters, or association may submit paid arguments which will be published in the Voter Information Pamphlet upon payment of (1) the established printing fee, (2) submission of petitions, in lieu of the printing fee, containing valid signatures of registered voters at the rate of two signatures for each dollar of fee, or (3) a combination of a printing fee and signatures which together equal the number of signatures and/or amount of money needed to qualify the argument for publication. The fee for printing an argument in this Voter Information Pamphlet is $200.00 plus $2.00 per word.

Paid arguments are printed following the direct arguments and rebuttals. All of the arguments in favor of a measure are printed together, followed by the arguments opposed to that measure. Paid arguments for each measure are not printed in any particular order, but are arranged to make the most efficient use of each page.

Arguments and rebuttals are solely the opinions of their authors. They are printed as submitted. No corrections are made to spelling and/or grammatical errors. Arguments and rebuttals are not checked for accuracy by the Registrar of Voters, or by any other City official or agency.
PROPOSITION A

CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition.

YES 287  NO 288

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City operates jails at the Hall of Justice and in San Bruno for persons waiting for trial or serving sentences of less than one year. The jails were not built to provide the medical services now required by law nor to house the current number of inmates.

The City operates a work furlough program. Persons in this program work during the day and return to custody in a special work furlough facility at night. The current facility is too small to house the number of eligible inmates.

State bond money for jail facilities is available to the City if the City pays for a share of the cost.

THE PROPOSAL: Proposition A would allow the City to receive $39,500,000 million in state bond money by issuing general obligation bonds in the amount of $16,500,000. This money, together with the state money, would be used to pay for a new jail medical facility, a much larger work furlough facility and for making health, safety and other physical improvements to the jails. The interest and principal on general obligation bonds are paid out of tax revenues. Proposition A would require an increase in the property tax.

A "YES" VOTE MEANS: If you vote yes, you want the City to issue general obligation bonds in the amount of $16,500,000, which will be used to pay for the City's share of building and upgrading jail facilities.

A "NO" VOTE MEANS: If you vote no, you do not want the City to issue bonds for this purpose.

Controller's Statement on "A"

Should the proposed bond issue be authorized and when all bonds shall have been issued on a fifteen (15) year basis and after consideration of the interest rates related to current municipal bond sales, in my opinion, it is estimated that the approximate costs would be as follows:

- Bond redemption: $16,500,000
- Bond interest: $9,042,000
- Debt service requirement: $25,542,000

Based on a single bond sale and level redemption schedules, the average annual debt requirement for fifteen (15) years would be approximately $1,702,800 which amount is equivalent to forty-one hundredths cents ($0.0041) in the current tax rate.

How Supervisors Voted on "A"

On July 23, 1990, the Board of Supervisors voted 10-0 on the question of placing Proposition A on the ballot.

The Supervisors voted as follows:

NO: None of the Supervisors present voted no.

ABSENT: Supervisor Doris Ward
PROPOSED'S ARGUMENT IN FAVOR OF PROPOSITION A

The San Francisco County Jail system is overcrowded and ill-suited to provide efficient and safe supervision of inmates and detainees, and is inadequate to provide operational space for essential services such as medical and psychiatric treatment and jail alternative and community re-entry programs.

A class action suit was filed in Federal Court against the City and County of San Francisco resulting in a Consent Decree signed in 1982. This bond program provides the matching funds required by State bond monies to address the remaining issues as mandated by the Federal Court.

The State of California has committed to give San Francisco up to $39.5 million dollars for jail construction and renovation, if the City provides the required matching funds. Proposition A will provide the required match.

This relatively small, cost effective bond issue will be combined with the State money to complete a new work furlough and medical facility at 850 Bryant Street, to make required safety and health improvements in the Hall of Justice jails, as well as to upgrade the San Bruno jail facility.

This is a one time opportunity. Without the Proposition A matching funds, the $39.5 million in State bond monies will be lost by the City, dooming these federally mandated and desperately needed projects.

Proposition A is strongly supported by Mayor Art Agnos, Sheriff Michael Hennessey, District Attorney Arlo Smith, City Attorney Louise Renne, Police Chief Frank Jordan, Chief Administrative Officer Rudolf Nothenberg, Public Works Director Richard Evans, and jail health officials.

Vote YES on bringing our criminal justice facilities up to grade. Vote YES on Proposition A.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

The Advisory Committee on Adult Detention urges a YES vote on Proposition A.

On November 6th, San Francisco voters have the rare opportunity to create an extremely beneficial partnership between the City and the State of California.

How? By voting yes on Proposition A.

State bonds worth $39.5 million are available to San Francisco for critical improvements to our county jails. To qualify for these funds, we must match them with a $16.5 million bond — and that’s what Prop A will do.

This partnership will expand the City’s 64 bed work furlough program, which cannot possibly serve the system’s 1,900 inmates. Work furlough allows low security prisoners the opportunity to pay their debt to society while keeping their jobs and families intact.

Another critical benefit of Prop A will be expanded jail medical and psychiatric facilities, a more efficient booking area, and court mandated fire and safety improvements in our most overcrowded jail facilities.

Proposition A is a golden opportunity to improve our jails, but we must act now. Without Prop A, the City will lose these funds to another California county.

Vote yes to make a winning partnership between the City and the State of California! Vote yes on Proposition A!

The advisory Committee on Adult Detention consists of eight citizens mandated by the State to inspect county jails from a citizen’s perspective and submit yearly reports. We are essentially a “good government committee” with no interest other than insuring there is citizen input into these critical matters. Each of us has inspected the jails many dozens of times, and we are appalled by the deterioration, overcrowded conditions, and inadequacy of medical treatment areas throughout the system.

Proposition A is the kind of legislation the Committee has fought for since its inception.

Roger Sobel, Chair
Advisory Committee on Adult Detention

Proposition A is the most critical public safety bond measure to face San Francisco voters in fifteen years.

The City’s county jails are dangerously overcrowded. Prisoners are being released months before the completion of their sentences because there is simply no room to keep them. They hit the streets to commit more crimes, often ending up back in jail before their original sentence would have ended.

Police on the streets are frustrated. San Francisco citizens and their property are threatened. Deputy Sheriffs working in the county jails risk their lives daily while working in the most dangerous environment imaginable.

Proposition A is hardly a cure-all, but it will remedy many of the frustrations and the injustices of the current system.

How?
- By building a new 450 bed jail facility adjacent to the current Hall of Justice at 850 Bryant Street. More jail space means that early jail releases can be stopped.
- By providing improved medical care for prisoners as mandated by the federal court. Failure to do this may cost San Francisco taxpayers millions of dollars in contempt fines.
- By repairing decades-old jail buildings. This is a cost effective way to keep them functioning properly for years of future use.
- By improving the dangerous conditions our deputy sheriffs face in overcrowded, deteriorating jail facilities.

Vote YES on Proposition A. Vote yes for a safer San Francisco!

Deputy Al Waters, II
President, San Francisco Deputy Sheriff’s Association
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

As Sheriff of San Francisco, it is my responsibility to maintain a safe, secure and humane county jail system. On election day, I need your support of Proposition A to help me meet this critical mandate.

A steadily increasing population has overwhelmed our outdated jail facilities and work furlough program. We currently have only 64 work furlough beds to serve a daily jail population that topped 1,900 men and women last year.

More than merely being committed to running an efficient jail system, I am also committed to the future of the community at large. Work furlough is an investment in that future. Men and women with low security offenses are required to pay their debt to society, yet keep their jobs. Work furlough inmates do their time, pay a part of the cost of their incarceration, send money to crime victims and help keep their families together and off welfare. Work furlough is an investment in stopping crime and an investment in hope.

San Francisco desperately needs the larger work furlough unit and the other improvements Prop A will provide.

Join me and other knowledgeable community leaders in support of Proposition A — it’s an opportunity we can’t afford to pass up!

Sheriff Michael Hennessey

The Grand Jurors Association, City and County of San Francisco, joins with the City’s elected officials and community leaders in its all out support of Proposition A.

As former members of the Civil Grand Jury, we were charged by the City and County to complete an annual inspection of the entire county jail system and make recommendations to the Presiding Judge of the Superior Court.

Our many years of experience in conducting these detailed inspections leaves no question that the San Francisco County Jail system is in dire need of expansion and renovation. The passage of Proposition A will accomplish much of the work that our investigations tell us must be done:

Currently, many prisoners with serious convictions do not complete their sentences because of overcrowding. If we are to maintain respect for the police and the courts — for the law itself — we must be capable of seeing that serious criminals pay their full debt to society.

Join the Grand Jurors Association in voting yes on Proposition A.

L. Jack Block, President
The Grand Jurors Association, City and County of San Francisco

I urge every San Francisco voter who is concerned about the effectiveness of our city’s criminal justice system to vote YES on Proposition A.

As it stands now, the county jails are overcrowded, the 55 year-old San Bruno jail facility is literally crumbling, and prisoner medical and psychiatric areas are painfully inadequate.

Proposition A will attract $39,000,000 in State bond money to match this $16,500,000 local bond issue to address those problems as quickly as possible. For San Francisco taxpayers, this relatively modest expenditure will be in the public interest for years to come.

Join me in strongly supporting Proposition A. It’s the commonsensical way to improve the county jail system. Otherwise, San Francisco courts will be forced to release jail inmates before they serve their full sentences — and that’s not a result I want for my constituents or my own family.

State Senator Quentin L. Kopp

Fight back against the early release of criminals — fight back against crime in our neighborhoods. Support Prop A on election day to make San Francisco’s criminal justice system work for you and your loved ones, for a change!

Supervisor Bill Maher

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION A

San Francisco’s jail facilities are dangerously overcrowded. A federal court has the Sheriff under injunction to improve conditions.
If overcrowding isn’t relieved, the Sheriff may be ordered to release dangerous criminals.
We personally favor alternatives to incarceration for minor, nonviolent offenders, such as community service.
However, jail overcrowding must be eliminated so that the Police, Sheriff, and District Attorney can do their job of fighting violent crime and drug dealing.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Central Committee member/BART Board Candidate

Because of grossly inadequate and obsolete local jail facilities, our Sheriff is legally obliged, by Federal Court Order, to release prisoners back onto our streets LONG before they have served their appropriate sentences. JUST NO ROOM!
Existing State bond monies will pay SEVENTY PERCENT of the cost of a 300 bed jail expansion at Bryant Street plus the rehabilitation and replacement of fifty-six year old “broken down” obsolete equipment and facilities at the San Bruno Jail Complex. It’s “use it or loose it”! If we don’t use our fair share of these now available State Bond matching funds, they go elsewhere! By procrastination, San Francisco’s taxpayers could ultimately wind up paying the total $56,000,000 bill all by ourselves.
If these individuals do the crime, we must insist that they do the time! On behalf of San Francisco’s taxpayers, we urge a YES vote while the State is still able and willing to pay the “lion’s share” of the costs.

SAN FRANCISCO TAXPAYERS ASSOCIATION,
W. F. O'Keefe, Sr., President

No Paid Arguments Were Submitted Against Proposition A
TEXT OF ORDINANCE AUTHORIZING BOND ELECTION

PROPOSITION A AND PROPOSITION B

(Special Election)

CALLING AND PROVIDING FOR A SPECIAL ELECTION TO BE HELD IN THE CITY AND COUNTY OF SAN FRANCISCO ON TUESDAY, NOVEMBER 6, 1990, FOR THE PURPOSE OF SUBMITTING TO THE VOTERS OF THE CITY AND COUNTY OF SAN FRANCISCO PROPOSITIONS TO INCUR THE FOLLOWING BONDED DEBTS OF THE CITY AND COUNTY FOR THE ACQUISITION, CONSTRUCTION OR COMPLETION BY THE CITY AND COUNTY OF SAN FRANCISCO OF THE FOLLOWING MUNICIPAL IMPROVEMENTS, TO WIT: SEVENTY-THREE MILLION EIGHT HUNDRED THOUSAND DOLLARS ($73,800,000) FOR CONSTRUCTION OR RECONSTRUCTION OF A YOUTH GUIDANCE CENTER; PROVIDED, HOWEVER, THAT TWO MILLION DOLLARS ($2,000,000) BE SET ASIDE FOR THE ACQUISITION AND CONSTRUCTION OF COMMUNITY BASED FACILITIES; SIXTEEN MILLION FIVE HUNDRED THOUSAND DOLLARS ($16,500,000) FOR CORRECTIONAL FACILITIES TO BE CONSTRUCTED OR RECONSTRUCTED PARTIALLY FROM STATE GRANTS AND PARTIALLY FROM MATCHING FUNDS FROM THIS BOND ISSUE; AND THAT THE ESTIMATED COST OF CITY AND COUNTY OF SAID MUNICIPAL IMPROVEMENTS IS AND WILL BE TOO GREAT TO BE PAID OUT OF THE ORDINARY ANNUAL INCOME AND REVENUE OF THE CITY AND COUNTY AND WILL REQUIRE EXPENDITURES GREATER THAN THE AMOUNT ALLOWED THEREFOR BY THE ANNUAL TAX LEVY; RECITING THE ESTIMATED COSTS OF SUCH MUNICIPAL IMPROVEMENTS; FIXING THE DATE OF ELECTION AND THE MANNER OF HOLDING SUCH ELECTION AND THE PROCEDURE FOR VOTING FOR OR AGAINST THE PROPOSITIONS; FIXING THE MAXIMUM RATE OF INTEREST ON SAID BONDS AND PROVIDING FOR THE LEVY AND COLLECTION OF TAXES TO PAY BOTH PRINCIPAL AND INTEREST THEREOF; PRESCRIBING NOTICE TO BE GIVEN OF SUCH ELECTION; CONSOLIDATING THE SPECIAL ELECTION WITH THE GENERAL ELECTION; AND PROVIDING THAT THE ELECTION PRECINCTS, VOTING PLACES AND OFFICERS FOR ELECTION SHALL BE THE SAME AS FOR SUCH GENERAL ELECTION.

Be it ordained by the People of the City and County of San Francisco:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the 6th day of November, 1990, for the purpose of submitting to the electors of said city and county propositions to incur bonded indebtedness of the City and County of San Francisco for the acquisition, construction or completion by the city and county of the hereinafter described municipal improvements in the amounts and for the purposes stated:

YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990, $73,800,000 to pay the cost of construction or reconstruction of a Youth Guidance Center; provided, however, that Two Million Dollars ($2,000,000) be set aside for the acquisition and construction of community based facilities, including the acquisition and construction of the facilities and all other works, property and structures necessary or convenient for such additions and improvements to the Youth Guidance Center of the City and County of San Francisco.

CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990, $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition, including related acquisition, construction or reconstruction necessary or convenient for the foregoing purpose; and all other works, property and structures necessary or convenient for such additions and improvements to various correctional facilities of the City and County of San Francisco.

Section 2. The estimated costs of each of the municipal improvements described in Section 1 hereof were fixed by the Board of Supervisors by the following resolutions and in the amount specified:

Youth Guidance Center System Improvement Bonds, Resolution No. 539-90, $73,800,000; Correctional Facilities Improvement Bonds, Resolution No. 503-90, $16,500,000.

That said resolutions were passed by two-thirds or more of the Board of Supervisors and approved by the Mayor, and in each said resolution it was resolved and found that the sums of money specified were too great to be paid out of the ordinary annual income and revenue of the City and county in addition to the other annual expenses thereof or other funds derived from taxes levied for those purposes and will require expenditures greater than the amounts allowed therefor by the annual tax levy.

The method and manner of payment of the estimated costs of the municipal improvements described herein are by the issuance of bonds of the City and County of San Francisco in the principal amounts not to exceed the principal amounts specified.

Said estimates of cost as set forth in said resolutions are hereby adopted and determined to be the estimated costs of said improvements.

Section 3. The special election hereby called and ordered to be held shall be held and conducted and the votes thereafter received declared invalid, and the returns thereof made and declared as herein provided and in all particulars not herein recited said election shall be held according to the laws of the State of California and the Charter of the City and County of San Francisco providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 4. The said special election hereby called shall be and hereby is consolidated with the General Election of the City and County of San Francisco to be held Tuesday, November 6, 1990, and the voting precincts, polling places and officers of election for said General Election be and the same are hereby adopted, established, designated and named, respectively, as the voting precincts, polling places and officers of election for such special election hereby called, and as specifically set forth, in the official publication, by the Registrar of Voters of precincts, polling places and election officers for the said General Election.

The ballots to be used at said special election shall be the ballots to be used at said General Election and reference is hereby made to the notice of election setting forth the voting precincts, polling places and officers of election by the Registrar of Voters for the General Election to be published in the San Francisco Examiner on or no later than October 12, 1990.

Section 5. On the ballots to be used at such special election and on the punch card ballots used at said special election, in addition to any other matter required by law to be printed thereon, shall appear thereon the following, to be separately stated, and appear upon the ballot as a separate proposition:

"YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $73,800,000 for the construction and reconstruction of a Youth Guidance Center of the City and County of San Francisco; provided, however, that $2,000,000 be set aside for the acquisition, construction or reconstruction of community based facilities."

"CORRECTIONAL FACILITIES IMPROVEMENT BONDS, 1990. To incur a bonded indebtedness of $16,500,000 to pay for correctional facilities to be constructed or reconstructed partially from state grants and partially from matching funds from bonds to be issued under this proposition."

Each voter to vote for said any of propositions hereby submitted and in favor of the issuance of the Bonds, shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of said proposition, and to vote against said proposition and against the issuance of the Bonds shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. On absent voters ballots, the cross (X) may be marked with pen or pencil.

(Continued on page 70)
PROPOSITION B
YOUTH GUIDANCE CENTER SYSTEM IMPROVEMENT BONDS, 1990.
To incur a bonded indebtedness of $73,800,000 for the construction
and reconstruction of a Youth Guidance Center of the City and County
of San Francisco; provided, however, that $2,000,000 be set aside for
the acquisition and reconstruction of community based facilities.

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City operates the Youth
Guidance Center. This facility houses the Juve-
nile Court, a detention center for juveniles waiting
for court hearings or placement, the Juvenile
Probation Department and other City offices. The
facility is 40 years old and is badly deteriorated.

THE PROPOSAL: Proposition B would allow the
City to borrow $73,800,000 by issuing general
obligation bonds. This money would be used to
pay for building a new Youth Guidance Center.
$2,000,000 of this amount would be set aside to
purchase and improve community-based facili-
ties such as group homes. The interest and
principal on general obligation bonds are paid
out of tax revenues. Proposition B would require
an increase in the property tax.

A “YES” VOTE MEANS: If you vote yes, you want
the City to issue general obligation bonds in the
amount of $73,800,000 to build a new Youth
Guidance Center, and you want to set aside
$2,000,000 of this amount for community-based
facilities.

A “NO” VOTE MEANS: If you vote no, you do not
want the City to issue bonds for this purpose.

Controller’s Statement on “B”
Should the proposed bond issue be authorized and when
all bonds shall have been issued on a fifteen (15) year basis
and after consideration of the interest rates related to current
municipal bond sales, in my opinion, it is estimated that the
approximate costs would be as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bond redemption</td>
<td>$73,800,000</td>
</tr>
<tr>
<td>Bond interest</td>
<td>40,442,400</td>
</tr>
<tr>
<td>Debt service requirement</td>
<td>$114,242,400</td>
</tr>
</tbody>
</table>

Based on a single bond sale and level redemption sched-
ules, the average annual debt requirement for fifteen (15)
years would be approximately $7,900,000 which amount is
equivalent to one and eighty-four hundredths cents
($0.0184) in the current tax rate.

How Supervisors Voted on “B”
On July 23, 1990, the Board of Supervisors voted 10-0 on
the question of placing Proposition B on the ballot.
The Supervisors voted as follows:
YES: Supervisors Angela Alioto, Harry Britt, Jim Gonzalez,
Terence Hallinan, Richard Hongisto, Willie Kennedy,
Tom Hsieh, Bill Maher, Wendy Nelder, and Nancy
Walker.
NO: None of the Supervisors present voted no.
ABSENT: Supervisor Doris Ward

ARGUMENTS FOR AND AGAINST THIS MEASURE IMMEDIATELY FOLLOW THIS PAGE.
THE FULL TEXT OF THIS MEASURE BEGINS ON PAGE 60.
PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION B

Children are our future. But the importance we attach to our children is not reflected in San Francisco's existing Youth Guidance Center.

The Youth Guidance Center (YGC) is a grim, deteriorating detention facility which houses delinquent youth, the juvenile court, juvenile probation department and other agencies that work with our troubled youth and their families.

YGC is outdated, inflexibly designed and in poor condition. The facility is inadequate and unadaptable for providing a modern standard of care and services for juvenile offenders. Some of YGC's most urgent needs are heating, fire safety, security, seismic safety, energy conservation, lighting, ventilation and handicapped access improvements.

Since YGC opened in 1951, it has been criticized by the Department of Justice, California Youth Authority, child advocacy groups and other government agencies. The Youth Law Center has also filed a lawsuit citing the facility's deficiencies. Proposition B provides the funding needed to build a new facility in accordance with the standards of the California Youth Authority and the American Correctional Association as well as in accordance with the program goals and objectives of San Francisco's juvenile justice plan.

Proposition B provides $73,800,000 through the issuance of general obligation bonds to build a new Youth Guidance Center and community facilities that will provide the services and humane atmosphere that our children require.

San Francisco's children deserve the best this City can provide. An investment in their future is an investment in our future.

Vote YES on Proposition B.

Submitted by the Board of Supervisors
This argument was adopted by the Board of Supervisors on August 20, 1990.
Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION B

The supervisors' rebuttal argument (opposite page) is riddled with inaccuracies and distortions.

The supervisors say that "the number of beds has not been cut in half, it hasn't even been determined yet." But the official Bond Program Report and other Juvenile Probation Department documents refer specifically to a 72-bed facility (present capacity is 137). Who are the supervisors trying to fool?

The supervisors also say "violent young criminals are not released." That's untrue! Under current standards, a gang member with five previous arrests who is arrested at a gang fight carrying a loaded shotgun, will be immediately released.

With half the detention space, many more dangerous offenders must go free because of Proposition B.

VOTE "NO" ON PROPOSITION B.

The supervisors allege that only 10% of juvenile hall referrals are for "violent felonies". Do you consider the following to be serious or violent crimes?
- Assault with deadly weapon
- Assault on police officer
- Assault
- Battery
- Arson
- Automobile theft
- Weapons possession
- Manufacture, sale, or possession of drugs
- Hit and run driving
- Child molestation

These crimes accounted for 3,300 juvenile arrests last year, or 51% of all juvenile hall referrals (Source: 1989 Juvenile Court Annual Report).

VOTE "NO" ON PROPOSITION B.

The supervisors want to spend $114,000,000 in taxpayer money (including interest) for half the detention capacity. A new juvenile hall can be justified, but only with a guarantee of sufficient capacity and sensible pre-hearing release policies.

State Senator Quentin Kopp
No on Proposition B Committee

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION B

Proposition B is the wrong idea at the wrong time.

The National Council on Crime and Delinquency predicts that juvenile crime will increase nationally over the next decade. Despite a declining juvenile population, San Francisco is no exception. Arrest statistics confirm that violent crime by juveniles is on the rise in San Francisco. These aren’t truants or runaways, either; they’re rapists, robbers and killers. In fact, the number of juveniles arrested for murder increased 190% in San Francisco last year.

Notwithstanding such unmistakable trends, Proposition B would spend $114,242,400 in taxpayers money to build a new juvenile hall with half the detention space of the current facility. Our District Attorney states: "The reduction in bed space poses a substantial danger to public protection and safety."

VOTE "NO" ON PROPOSITION B.

Proposition B will burden San Francisco with a radical approach to juvenile criminals that, in effect, stresses "group homes" in our neighborhoods and even outright releases for hundreds of violent young criminals — instead of a central, secure detention facility.

The current mayoral administration has already weakened the standards for detaining juvenile criminals. Under the new rules, a 17 year-old with 10 prior arrests who is arrested for selling crack cocaine and carrying a loaded .357 magnum, cannot be detained at juvenile hall. He will be immediately released. With only half the detention capacity of the present juvenile hall, Proposition B will cause many more releases like that.

VOTE "NO" ON PROPOSITION B.

No one disputes the fact that juvenile hall needs physical rehabilitation. Maybe it should even be replaced, but not with half the detention space. Juvenile crime is increasing in San Francisco. Borrowing millions for a new building with less capacity is sheer lunacy!

State Senator Quentin Kopp
No on Proposition B Committee

---

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION B

Let’s look at the real facts.

Proposition B allocates $73.8 million for a new juvenile hall. The number of beds has not been cut in half; it hasn’t even been determined yet. Size will only be decided after public debate. Proposition B funds enough beds to meet San Francisco’s need into the 21st century, and Senator Kopp is misinformed if he believes otherwise.

Only 10% of juvenile hall referrals are for violent felonies. Violent offenders are not released under the current system and serious offenders like the ones Senator Kopp describes will continue to be held if the facility is replaced.

Senator Kopp doesn’t tell you that in the present facility, children as young as ten stay in small, musty cells with no private toilets and minimal recreational programs. He doesn’t tell you about the health and safety hazards, including asbestos, that may endanger the children and the staff. He doesn’t tell you that the facility has been decertified by state authorities, is under investigation by the Justice Department and is being sued for unconstitutional conditions. If Proposition B fails, the City will probably have to replace the Youth Guidance Center at a much higher cost!

Responsible, informed citizens, members of the Juvenile Court, Probation Department, law enforcement and community groups all have endorsed Proposition B.

Don’t let a misinformed outlook on San Francisco’s children, and on the facts of this proposition, guide your decision.

Vote YES on Proposition B.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absents: Supervisors Alioto, Britt and Hongisto.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Youth Guidance Center is an antiquated and deteriorated facility desperately in need of repair.

If YGC is to have any rehabilitative impact on the lives of juveniles housed there we must pass this bond measure as our city’s commitment to an improved facility, prepared to handle the needs of our troubled youth.

Join me in voting Yes on Proposition B.

Dr. Dan Kelly
Candidate for School Board

We work as Counselors at Youth Guidance Center and strongly support building a new center. The overcrowding and lack of adequate recreational and community facilities has always made the center a difficult place for children.

As we approach the 21st century, we need to treat our most valuable resource, our kids, in a facility offering the best possible social, educational and recreational environment.

Vote YES on B!

Ulysses Madison, YGC Counselors Chapter
United Public Employees Local 790, SEIU

San Francisco must invest in our children — which represents our future.

The asbestos-riddled, deteriorating, 40-year-old juvenile justice building needs to be replaced.

Vote YES on B.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Youth Guidance Center is a badly run down facility which has become hazardous for our city’s youth and for the people who work there. It has been repeatedly investigated and criticized by experts and oversight agencies for the last 20 years. It fails to meet federal and state detention facility guidelines, as well as the City’s own building code. It violates fire and earthquake safety requirements. It contains disintegrating asbestos, posing a health threat to youth and staff. The residential units fall below modern standards for room size, heating, ventilation, and lighting. Space for visiting parents, attorney interviews, and recreation is much too small.

The Youth Guidance Center is a danger to the community because it does not provide a modern, high-security detention capacity for the serious and violent offenders who must be housed there. Moreover, the facility is inadequate as a service center for youth and families who come before the juvenile court and need counseling, crisis intervention, supervision, and other services.

Engineering, seismic, and construction experts have shown that the most cost-effective solution for the Youth Guidance Center is to replace the old and hazardous facility with a new structure that will meet the needs of San Francisco youth and citizens well into the next century.

Passage of this measure will not determine the size or configuration of the new facility. This measure will ensure replacement of the present outmoded structure, leaving bed count and other details of design for evaluation after funding has been authorized.

Judges of the Superior Court unanimously and strongly urge a “YES” vote.

John Dearman
Presiding Judge
San Francisco Superior Court

I agree with the judges.

Willie L Brown, Jr.
Speaker, California Assembly

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Existing juvenile facilities are overcrowded and inadequate. The juvenile court system has been sued for injunction to improve conditions. Unless improved, a judge may order city authorities to release violent offenders. We favor alternatives to incarceration for nonviolent offenders. However, overcrowding must be eliminated so that the Police and District Attorney can do their jobs.

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committee member/BART Board Candidate

The Youth Guidance Center is a modern dinosaur. The California Youth Authority once decertified it because of inhuman conditions. It has been the target of investigation by the U.S. Justice Department for several years, and is now the subject of a pending lawsuit. One expert on juvenile justice facilities stated publicly, “it’s the worst juvenile hall that I have ever seen.” The current facility simply cannot provide proper care to detained youth.

Proposition B, which will reconstruct YGC, is a long-overdue response, and an absolutely essential step in correcting these inhuman conditions. Do not be misled by Mr. Kopp’s ludicrous position; it is a product of grave misinformation, and a shameful scare tactic. The truth is that of petitions filed in 1988 and 1989, only .3% were for homicide, .2% for rape and 3% for robbery. The truth is that a youth with a long criminal record and a loaded weapon will be detained at YGC. The truth is that San Francisco has one of the toughest detention policies in the State.

As conscientious citizens, we have but one choice: vote YES on

Vote Yes on B! Help make the future safe for our children.

Carole Migden
Candidate, Board of Supervisors

The Youth Guidance Center provides support for all youth under the jurisdiction of our Juvenile Courts. This includes children awaiting placement in foster care. This facility is 40 years old and is an example of improvements that have been deferred too long. Youth represent our future. They deserve a modern, hospitable environment.

Vote Yes for our Youth. Vote Yes on Proposition B!

Harold M. Hoogasian
Small Businessperson/Florist

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

Proposition B is the Right Idea at the Right Time
Official studies of the San Francisco Juvenile Hall show that the SPCA houses its dogs under cleaner, healthier conditions than the youth who are placed at Juvenile Hall.
The building has life threatening asbestos, inadequate toilets, shower facilities, and rooms. The entire building is falling apart. It is cheaper to build a new facility than to repair this disaster.
Vote YES on Proposition B.
• Proposition B will allow San Francisco to build a new well designed system, that will have enough rooms to house those who have committed serious offenses, in very secure detention separately from those who have committed less serious offenses.
• Along with a new facility, will be a comprehensive program of services from S.F.U.S.D., D.P.H., D.S.S., and community based organizations all focused on helping youth correct and take responsibility for their actions.
• San Francisco has the opportunity through Proposition B to protect the public, replace a life threatening building, and help youth take responsibility for their own actions.
• That is why the community, Mayor, Board of Supervisors, Commissioners and Public Departments are all supporting Proposition B.
San Francisco Coalition For Children, Youth, and Families

VOTE YES ON PROPOSITION B

Proposition B will provide funds for the construction of a much needed new Youth Guidance Center. The present facility is 40 years old, asbestos ridden and poorly designed for its present and future operations. It has widespread support that includes Law Enforcement, Judges, Department Employees, and many community groups, including African Americans who have fought for many years, along with other advocates for children, for a healthy and decent environment for our children.
The fact is that the overwhelming majority of youth, approximately 90 percent, referred to Child Guidance Center are referred for non-violent offenses. The new facility will provide adequate housing for detained youth requiring locked confinement as well as appropriate counseling and education centers.
DON'T BE MISGUIDED BY FALSE AND MISLEADING INFORMATION.

DO NOT BE FOOLLED BY SCARE TACTICS
VOTE “YES” ON PROPOSITION B

As the Director’s of Youth Advocates/Huckleberry House, with more than 20 years of experience in dealing with San Francisco’s troubled youth, we urge a YES vote on PROPOSITION B. The current juvenile hall is unsafe and inhumane. It fails to meet federal, state, and local safety standards. It would be a deathtrap for the children in a major fire or earthquake.
The politicians opposing Proposition B want to scare you into keeping this hazardous facility. They say the new facility will have fewer secure beds, so violent youth will terrorize our neighborhoods. Scary, if it were true. But it is not true. Proposition B does not place any limit on the space we need to secure youth who have been accused of violent crimes. Right now, only 10% of the youth at the juvenile hall are accused of violent crimes — robbery, rape, murder. The other 90% are there for lesser offenses. Many of them are victims of sexual abuse or family violence.
The new facility will serve the critical needs of San Francisco’s children, youth, and families, while also assuring secure detention for youth accused of serious crime. We need to provide dignity and hope to the families and youth who walk through the doors of our juvenile justice system. If you walked through the doors of the present facility, you would be shocked and dismayed. PLEASE VOTE YES ON PROPOSITION B.

Bruce Fisher
Executive Director, Youth Advocates/Huckleberry House
Michelle Magee
Associate Director, Youth Advocates/Huckleberry House

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION B

The City desperately needs a new, safe Youth Guidance Center. The present structure is run-down and inadequate. 
Let troubled children find a new direction in a safe, supportive environment.

Vote Yes on Prop. B.

Jeff Brown
Public Defender

Judges, Law Enforcement, major unions representing facility employees, and numerous community groups support Proposition B. The opposition to Proposition B is wrong to say that Proposition B would fund a facility only half the size of the current juvenile hall. In fact, facility size has not yet been determined. Proposition B never would have received widespread support if the exaggerated claims of its opponents were true.

Proposition B provides funds to build a desperately needed juvenile hall. San Francisco's Youth Guidance Center is riddled with asbestos, is the subject of a law suit charging unconstitutional conditions, and is under investigation by Federal and State authorities. These conditions may endanger staff and youth alike. Chances are, if Proposition B fails, the facility will be forced into a consent decree like the City's jails, requiring court-ordered new construction at a much higher cost.

Juvenile hall holds minors who are accused but not yet convicted of crimes. Most return to their families within 72 hours when a responsible adult is found. Only 10% are accused of violent felonies. PROPOSITION B WILL PROVIDE AMPLE SPACE FOR ALL OF THE YOUTHS WHO REQUIRE LOCKED CONFINEMENT!

VOTE YES ON PROPOSITION B!

PAID ARGUMENTS AGAINST PROPOSITION B

Spending $74 million dollars on a new juvenile hall with half the capacity is outrageous and irresponsible. Placing "group homes" in our neighborhoods for detention is even worse.

Nobody in their right mind would want a house of juvenile delinquents next door. It is unbelievable to me how anyone could support this crazy proposal.

Send the would-be social engineers a good dose of reality on election day. Say no to group homes in our neighborhoods. Vote NO on Proposition B!

John Barbagelata

This preposterous proposal is an outrageous waste of public funds! Instead of rehabilitating and expanding the expensive existing facility, the proponents want to build a brand-new one with only half the present bed capacity. The extra two million dollars of "set aside" bond money is to provide jobs for operators of "group homes" in our residential neighborhoods.

Denial this fiscal municipal madness with a NO vote!

San Francisco Taxpayers Association
W.F. O'Keeffe, Sr., President

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION B

The probation officers who work at the Youth Guidance Center urge you to vote NO on Proposition B.

This bond issue could cost the taxpayers as much as $7 million per year for 20 years and it won’t do anything to reduce juvenile delinquency. In fact, we think it will reduce our ability to control and reform young offenders because the new building envisioned by the planners of the bond issue will provide for less detention capacity than we have now.

We think that it is illogical to build a smaller juvenile hall because the existing facility has been cited by the California Youth Authority for being overcrowded, and we have been forced to release offenders whom we would prefer to detain for their own good and for the safety of the public. With a smaller juvenile hall, we will have to release still more offenders who we think should be detained.

It is true that the Youth Guidance Center has been allowed to fall into disrepair; however, the structure appears to be fundamentally sound. It suffered no significant damage as a result of the October 1989 earthquake. We believe that the building can be rehabilitated for far less than the cost of demolition and reconstruction of the entire complex.

If, in the future, another plan is put forth to renovate, reconstruct, or augment the Youth Guidance Center which we believe will enhance our ability to reform offenders and protect our community, we will support it. Unfortunately, Proposition B does not meet these criteria.

Please vote against a more permissive Juvenile Court and against a waste of taxpayer money. Please vote NO on Proposition B.

San Francisco Probation Officers’ Association
Terry Twing, President

BEWARE of Proposition B.

The need to spend money wisely on a longterm solution to deteriorating structural conditions and overcrowding at Juvenile Hall is obvious. Proposition B is not, however, just about $73,000,000 for a new Juvenile Hall.

Proposition B’s exact dollar appropriation is based on specific building guidelines, operating assumptions and cost projections contained in a mandatory “Bond Program Report”. This document is the blueprint for the proposed facility.

Proposition B’s “Bond Program Report” calls for construction of “a 72-bed residential detention component”. That’s a loss of 65 beds from the current 137 certified capacity.

Proposition B’s answer to existing overcrowding is fewer beds. Proposition B picks up this loss by creating “group homes” in neighborhoods (yet to be designated) and by lowering the detention criteria, thereby reducing the need for a larger capacity.

The “Bond Program Report” puts it this way, “the reduction is based on changes in detention policy that are intended to reduce the use of secure detention”.

Reducing our ability to securely detain youthful violent offenders in the face of increasing violent youth crime is wrong and a misuse of taxes. Many of San Francisco’s streets have become hunting fields for criminal elements, including young gang members and repeated youthful offenders. Proposition B sends would-be hoods the wrong message.

The public deserves a full debate on the entire program before incurring additional bonded indebtedness. Where will the proposed “group homes” be placed? What are the funding sources to sustain these “group homes”? What back-up plans are envisioned should more detention capacity be required?

Make Mayor Agnos and the social engineers tell you the full story. Until then, Proposition B is expensive bunk.

Proposition B is BAD for San Francisco. VOTE NO ON PROPOSITION B.

Tim Carrico
Concerned New Father
Barbara Kolesar
Concerned Citizen
Graham J. Desverine
Former FBI Executive and Security Consultant
PAID ARGUMENTS AGAINST PROPOSITION B

As a retired probation officer with more than 20 years of first-hand service, it’s difficult to watch the misguided criminal justice activists hide behind the public’s frustration with the juvenile halls to further their own philosophies. We may need a new juvenile hall, but not one that’s half the current capacity.

“Group homes” in the neighborhoods for youthful offenders may sound good to activists but are unacceptable to most of the public.

Lowering detention criteria makes sense to activists, but unloads violent juveniles back into the community.

Sure the judges want new and more modern courtrooms, but at what price to the public?

Don’t be fooled by the list of names of those who benefit from the expenditures of your tax dollars. Listen to the police who bust these juveniles, listen to the probation officers who deal with these juveniles, listen to the district attorneys who prosecute these juveniles and listen to the victims who can tell it best.

Vote NO ON PROP B, because the last thing San Francisco needs is another misguided solution for dealing with juvenile crime.

Anders W. Petterson

As a native born resident of San Francisco and 33 year veteran of correctional social work, I am in favor of some community based alternatives to institutionalization like the very effective ones operated by the Youth Advocates organization at Sojourner and Huckleberry Houses.

However, I am also very much opposed to the plan proposed in Proposition “B” which I believe would allow dangerous offenders to be released to group home programs unable to control their behavior. Accordingly, I strongly recommend that you vote NO on Proposition “B”.

Mike Basten
Member, Board of Directors
State Coalition of Probation Organizations

THE FULL TEXT OF THIS MEASURE BEGINS ON PAGE 60.
LEGAL TEXT OF PROPOSITION A AND PROPOSITION B (Continued from page 60)

If and to the extent that punch card ballot cards are used at said special election, each voter to vote for any said proposition shall punch the ballot card in the hole after the word "YES" to the right of said proposition, and to vote against said proposition shall punch the ballot card in the hole after the word "NO" to the right of said proposition.

Section 6. If at such special election it shall appear that two-thirds of all the voters voting on the proposition voted in favor of and authorized the incurring of a bonded indebtedness for the purposes set forth in said proposition, then such proposition shall have been accepted by the electors, and bonds shall be issued to defray the cost of the municipal improvements described herein. Such bonds shall be of the form and character known as "serials," and shall bear interest at a rate not to exceed 12 per centum per annum, payable semiannually, provided, that interest for the first year after the date of any of said bonds may be payable at or before the end of that year.

The votes cast for and against said respective propositions shall be counted separately and when two-thirds of the qualified electors, voting on such propositions, vote in favor thereof, such proposition shall be deemed adopted.

Section 7. For the purpose of paying the principal and interest on said bonds, the Board of Supervisors shall, at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually each year until such bonds are paid, or until there is a sum in the Treasury of said city and county set apart for that purpose to meet all sums coming due for the principal and interest on said bonds, a tax sufficient to pay the annual interest on such bonds as the same becomes due and also such part of the principal thereof as shall become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of such principal.

Section 8. This ordinance shall be published once a day for at least seven (7) days in the San Francisco Examiner, a newspaper published daily in the City and County of San Francisco, being the official newspaper of said city and county and such publication shall constitute notice of said election and no other notice of the election hereby called need be given.

Section 9. The appropriate officers, employ- ees, representatives and agents of the City and County of San Francisco are hereby authorized and directed to do everything necessary or desirable to the calling and holding of said special election, and to otherwise carry out the provisions of this ordinance.
PROPOSITION C
Shall the repayment of bonds be made the Port’s highest spending priority, and shall the Port Commission be allowed, with Board of Supervisors’ approval but without voter approval, to issue revenue bonds under rules adopted by the Port Commission?

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Charter sets spending priorities for the Port. The highest spending priority for the Port is to pay its operating expenses; the repayment of bonds is a lower priority.

Port revenue bonds may be issued only with the approval of the voters. The procedure for the Port to issue bonds is set out in a State law that has been repealed.

THE PROPOSAL: Proposition C is a charter amendment that would make the repayment of bonds the Port’s highest spending priority.

Proposition C would allow the Port Commission to issue revenue bonds without voter approval. The Board of Supervisors must approve such bonds. The Port Commission would be allowed to adopt its own procedures for issuing revenue bonds.

A “YES” VOTE MEANS: If you vote yes, you want to make the repayment of bonds the Port’s highest spending priority. You also want to allow the Port, with the approval of the Board of Supervisors, to issue revenue bonds, without voter approval. You want to allow the Port Commission to adopt its own procedures for issuing revenue bonds.

A “NO” VOTE MEANS: If you vote no, you do not want to change the Port’s spending priorities and you do not want to change the way revenue bonds are issued for the Port.

Controller’s Statement on “C”
Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government.

How Supervisors Voted on “C”
On July 9, 1990, the Board of Supervisors voted 9-0 on the question of placing Proposition C on the ballot.
The Supervisors voted as follows:
NO: None of the Supervisors present voted no.
ABSENT: Supervisors Richard Hongisto, Doris Ward
PORT REVENUE BOND PROCEDURES

PROPONENT'S ARGUMENT IN FAVOR OF PROPOSITION C

The Board of Supervisors urges you to vote “Yes” on Proposition C.

The Port is a self-supporting enterprise agency which operates without any tax support. To pay for infrastructure improvements on the waterfront, such as marine terminals, fishing facilities, roads and utility upgrades, the Port must issue bonds. The bonds would be repaid solely from Port revenues.

THIS CHARTER AMENDMENT WILL
- ENABLE THE PORT TO SAVE THOUSANDS OF DOLLARS AT NO COST TO TAXPAYERS.
- GIVE THE PORT THE FLEXIBILITY TO TAKE ADVANTAGE OF LOWER INTEREST RATES IN BOND MARKETS.
- FREE THE PORT FROM A REPEALED STATE BOND LAW AND PERMIT IT TO USE MODERN FINANCING TECHNIQUES.
- INCREASE THE PORT'S CREDITWORTHINESS AND BOOST INVESTOR CONFIDENCE IN THE PORT.

This Charter amendment will re-prioritize the use of monies in the Port’s operating fund to provide that principal and interest on Port Bonds is the highest priority. This will bring the Port in line with other port issuers throughout the nation and improve the Port’s creditworthiness and boost investor confidence, thereby resulting in a lower borrowing cost for the Port. Operations and Maintenance costs will continue to be funded annually from the Port’s operating budget.

Charter Section 7.300 requires voter approval before any new Port Revenue Bonds can be issued. This charter amendment will change the requirement for approval from the electorate to the Board of Supervisors, similar to the oversight requirements for the issuance of bonds by the San Francisco International Airport.

Since Port Revenue Bonds are secured solely by Port revenues they do not have an effect on other City services, property taxes or rates. Thus, the City will not have any financial liability for any Port bond issues.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION C

DON'T SIGN A BLANK CHECK!

The Supervisors claim that “C” will “enable the Port to save thousands of dollars at no cost to the taxpayers” and “not have an effect on other City services, property taxes or rates.”

If you believe that, we’ve got a bridge to sell you!

The truth is that Proposition C allows the Supervisors and Port Commission to issue bonds without voter approval. That’s right, WITHOUT VOTER APPROVAL.

"C" gives City officials free rein to issue bonds and spend money for any pet project they want.

You, the taxpayer, will no longer have the right to vote “NO”.

The same City government that has saddled us with 10 deputy mayors (New York, with 10 times our population has only 5!) will now be free spend yet more money without the control of voter approval for Port bond issues.

This is the same City government that has raised our sewer service charges and taxes for small business.

The same City government that gave away use of a $9 million City street to the Rockefellers for free.

The same City government that is fighting Proposition “H” tooth and nail because the officials want to give use of the Port away to hotels and other nonmaritime uses.

DO YOU TRUST THEM WITH A BLANK CHECK?

Vote “NO” on “C”

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate
FOR: COMMITTEE FOR HONESTY IN GOVERNMENT

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT'S ARGUMENT AGAINST PROPOSITION C

"C" is “CYNICAL”.

Proposition C is a cynical measure proposed by the current Supervisors to allow the Supervisors and Port Commission to issue bonds without voter approval!

That’s right — WITHOUT VOTER APPROVAL!

During the past two decades, city officials have allowed the Port to decline — and maritime business to move to Oakland, Los Angeles, and elsewhere.

Now they want Port land to be used for hotels and other non-maritime uses. Such proposals can only worsen the Port’s decline by eliminating space for maritime activities.

If Proposition “C” is passed, it will be possible for the Supervisors to advance such schemes — with the help of bond issues — by eliminating any requirement of voter approval.

And, unless we pass Proposition “H”, the Supervisors and Port Commission will have carte blanche to use Port land for non-maritime purposes.

But what do you expect!

Proposition C was put on the ballot by the same Supervisors who have raised our sewer service charges and parking fines.

The same Supervisors who have imposed unnecessary taxes on small businesses.

The same Supervisors who had the chutzpah to demand a 70% pay raise last year.

The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.

The same Supervisors who fought the two-term limit tooth and nail.

Vote “Yes” on preserving your right to vote on Port bonds.

Vote “No” on waste and mismanagement in City government.

Vote “No” on special interest deals at City Hall.

Vote “No” on “C” and “Yes” on “H”.

CITIZENS FOR HONESTY IN GOVERNMENT

Alexa Smith, Treasurer
(Democratic Committeemember/BART Board Candidate)
Arlo Hale Smith, Chair
(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION C

The opponents of Proposition C missed the point! Proposition C has nothing to do with cynicism. It is based on optimism about our Port’s ability to compete in worldwide shipping and continue being a working waterfront.

The modern shipping industry requires more than just water and piers to dock at our Port — it needs modern container terminals and new cranes to accommodate bigger ships.

Since the Port does not receive city tax monies, these expensive improvements need to be paid for out of revenue bonds, backed by profits from the Port’s commercial businesses.

Proposition C is not an attempt to bypass the voters. Like the Airport, Proposition C would allow the Port to take advantage of favorable bond markets by not having to wait for an election. The Board will review the terms and projects for the bond issuance and there would be full public review and participation. The Port issues revenue bonds for maritime projects exclusively.

The technical changes proposed in Proposition C were recommended by the Port’s independent financial advisors and bond counsel to improve the Port’s credit rating and investment opportunities. It is a sound and financially prudent measure aimed at keeping maritime business at our Port. It has nothing to do with any other Proposition.

Submitted by the Board of Supervisors

This argument was adopted by the Board of Supervisors on August 27, 1990.

Absent: Supervisors Alioto, Britt and Hongisto.

Port Revenue Bond Procedures

PAID ARGUMENT IN FAVOR OF PROPOSITION C

Vote Yes on C! Help make the Port competitive again!

Carole Migden
Candidate, Board of Supervisors

PAID ARGUMENT AGAINST PROPOSITION C

Issuing bonds is taxpayer borrowing, pure and simple! General obligation bond measures, backed by the city’s General Fund, always have required voter approval.

In 1976, San Francisco voters adopted a Charter amendment to require voter approval of revenue bond measures, too. The idea behind revenue bonds is that the improvements will pay their own way. If they don’t, however, city taxpayers could foot the bill.

Our taxes either pay off directly — or are responsible for ultimately — all city debts, including revenue bonds. We have a right to approve those debts ahead of time.

VOTE “NO” ON PROPOSITION C.

Proposition C would delete the voter approval requirement for revenue bonds issued by the Port of San Francisco. That’s a foolish and unwarranted change.

Port officials assert that a 1981 Charter amendment exempted airport revenue bonds from voter approval. But San Francisco International Airport is a far cry from the Port of San Francisco. Our airport is a gold mine of revenue from airline landing fees, parking fees, concession income, and other sources.

The Port, on the other hand, lost the lucrative container shipping business to the Port of Oakland long ago, and has a history of troublesome management, tenant problems, and uncollected bills.

In addition, the 1981 exemption for airport revenue bonds was part of a legal settlement that netted millions of dollars for the city’s General Fund. What will the passage of Proposition C provide to our strapped city treasury? Not one dime.

VOTE “NO” ON PROPOSITION C.

If the Port has a good reason to issue revenue bonds, the voters will approve the debt. Why “fix” a system that isn’t broken?

State Senator Quentin L. Kopp
Independent, 8th District
John Figone
Member, Democratic County Central Committee
Harold Hoogasian
Member, Republican County Central Committee
NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.

6.406 Harbor Revenues and Expenditures
The revenues of the harbor and of all properties and facilities incident thereto, or used in connection therewith, shall be deposited in a separate fund in the treasury of the city and county; and a harbor trust fund or trust funds shall be established by the city and county; and the city and county shall deposit in the fund or funds all monies received attributable to facilities on the transferred lands in the harbor.

Subject to the terms and conditions of Statute 1968, ch. 1333, appropriations from such funds shall be made for the following purposes and in the order named, viz:

(a) for the payment of maintenance and operating expenses, pension charges and proportionate payments to such compensation and other insurance and accident reserve funds as the commission may establish or the board of supervisors may require;
(b) for the payment of the principal and interest of any obligations of the State of California and assumed or agreed to be paid by the City and County of San Francisco;
(c) for the payment of principal, interest, reserve funds, sinking funds, and other funds established for the benefit of revenue bonds or other revenue obligations issued pursuant to the authority contained in Section 7.305 of this charter;
(d) for capital improvements to the properties of said harbor or used in connection with the harbor;
(e) for capital improvements to the properties of said harbor or used in connection with the harbor;
(f) for the payment of the principal and interest on any general obligation bonds issued by the City and County of San Francisco for the acquisition, construction, repair or extension of said harbor or of any of the facilities used in connection therewith; and
(g) for such other uses and purposes as the Port Commission determines to be in the best interests of the Port which shall include, but shall not be limited to, expenditures for the improvement, maintenance and operation of Port facilities.

(i) an amount which shall be sufficient to meet the cost of reconstruction and replacement made necessary by the physical and functional depreciation of any of the properties or equipment of said harbor or improve the equipment of said harbor or to the improvement of the harbor or any facility used in connection therewith.

7.300 General Laws Applicable
The general laws of the State of California authorizing the incurring and establishing the procedure for the creation of bonded indebtedness and authorizing and establishing the procedure for the issuance of bonds to refund indebtedness of municipalities in force at the time any bonded indebtedness is created or refunded by the city and county shall, except as otherwise provided in this Charter, be applicable to the creation of bonded indebtedness and the issuance of refunding bonds by the city and county. Revenue bonds shall not be issued for any purpose unless the proposition to issue the revenue bonds has first been approved by a majority of the voters voting on the proposition at a general or special election; provided, however, this requirement shall not apply:

(1) to bonds approved by the board of supervisors prior to January 1, 1977; or
(2) to bonds issued pursuant to the authority contained in the Marks Foran Residential Rehabilitation Act of 1973; or
(3) to bonds approved by a resolution of the board of supervisors adopted by an affirmative vote of three-quarters of the members of the board if the bonds are to finance a building or buildings, fixtures or equipment which are deemed by the board to be necessary to comply with an order of a duly constituted state or federal authority having jurisdiction over the subject matter; or
(4) to port and airport revenue bonds issued pursuant to Sections 7.305 and 7.306, respectively, of this charter; or
(5) to revenue bonds which are issued as refunding bonds the sale of which results in a lower total scheduled principal and interest payments of the City and County of San Francisco. The board of supervisors by ordinance shall prescribe a procedure for the issuance of refunding bonds.

(6) to loans directly or indirectly from, or guaranteed or subsidized by, the State of California or United States of America for projects which are intended to protect or preserve the environment, where the acceptance of a loan or issuance of bonds would be the most cost-effective method of financing a particular project. For purposes of this subsection (6), the determination of what constitutes the most cost-effective method of financing shall be made by resolution of the board of supervisors as recommended by the chief administrative officer.

7.305 Revenue Bonds of the Port Commission Subject to the approval of the Board of Supervisors The Port Commission shall have the exclusive power to perform or accomplish the issuance of revenue bonds or other types of revenue obligations under such procedures and in accordance with such terms as may be established by resolution of the Board of Supervisors, in the same manner and to the same extent as is provided for by the San Francisco Harbor Revenue Bond Act of 1951, enacted by State 1951, Chapter 1712, page 4020, of the Statutes of California and codified as Sections 3300 to 3349 of the Harbors and Navigation Code of the State of California except that the provisions of said Act codified as Section 3336 of the said Harbors and Navigation Code shall not be applicable to these bonds and the bonds shall instead be governed by the following provision:

The San Francisco Port Commission may fix terms and conditions for the sale of other disposition of any authorized issue of bonds and may provide that the bonds may be sold on the basis of the lowest net interest cost to the San Francisco Port Commission, the coupon rates to be fixed by the successful bidder on the sale of the bonds. The San Francisco Port Commission may authorize the City Treasurer to sell bonds at less than their par or face value, but no bond may be sold at a price below 95 percent of the principal amount of the bond and accrued interest thereon. The said San Francisco Port Commission may set the annual rate or rates of interest which the bonds to be issued shall bear, which rate or rates, at the discretion of the said Commission, may be determined by the bidder at the time of sale of said bonds. Such interest may be payable at such periods as may be fixed by the Commission.

All of the other provisions of said Act are by this reference incorporated in and made a part of this charter, except that where the term "Board of State Harbor Commissioners" is used it shall be deemed to mean the "Port Commission," and where the term "San Francisco Harbor 1951" is used it shall be deemed to mean all the property under the jurisdiction of the San Francisco Port Commission, and where the term "San Francisco Harbor Bond Finance Board," or "Bond Finance Board," is used it shall be deemed to mean Board of Supervisors of the City and County of San Francisco, and where the term "Attorney General of the State of California," or "Attorney General," is used it shall be deemed to mean the "City Attorney," and where the term "State Treasurer," is used it shall be deemed to mean the "City Controller." The revenue bonds issued hereunder shall be known as "Revenue Bonds of the Port Commission of San Francisco."
hours, benefits and terms and conditions of employment; and it shall be final and binding on the parties to the dispute, including the City and County of San Francisco, its commissions, departments, officers and employees. No other actions or procedural steps to confirm or approve the decision of the arbitration board shall be permitted or required; provided, however, that the City and County of San Francisco, its designated officers, employees and representatives and the recognized employee organization involved in the dispute shall take whatever action that is necessary to carry out and effectuate the decision of the arbitration board.

(f) The expenses of any arbitration proceeding convened pursuant to these Charter sections, including the fee for the services of the chairperson of the arbitration board, the costs of preparation of the transcript of the proceedings and other costs related to the conduct of the proceedings, as determined by the arbitration board, shall be borne equally by the parties. All other expenses which the parties may incur are to be borne by the party incurring such expenses.

(g) The impasse resolution procedures set forth in Section 8.590-5 shall not apply to:
1. any dispute or controversy concerning the San Francisco Police Department's crowd control policies;
2. any procedures or practices relating to the processing and disposition of complaints handled by the Office of Citizens' Complaints; or matters relating to disciplinary procedures that apply to disciplinary actions involving members of the San Francisco police department and fire department covered by these sections; or matters covered by Charter section 8.343; and
3. any rule, policy, procedure, order or practice which relates to or pertains to the purpose, goals or requirements of a consent decree, or which is necessary to ensure compliance with federal, state or local anti-discrimination laws, ordinances or regulations.

In the event the City acts on a matter it has determined relates to or pertains to a consent decree, or in the event the City acts to ensure compliance with federal, state, or local anti-discrimination laws, ordinances or regulations, and the affected employee organization disputes said determination, that determination or action shall not be subject to arbitration.

8.590-6 Retiree Benefit Adjustments

No agreement reached by the parties and no decision of the arbitration board shall reduce the vested retirement benefits of retirees or employees of the fire department, police department or of the airport police officers. Retirement and death allowances shall continue to be set and adjusted pursuant to Chapter Five of this Article, except that the amount to which said allowances are set and adjusted shall not be less than the amount said allowances would be if the salaries of the uniformed forces in the police and fire departments continued to be set pursuant to Charter Section 8.405. Any agreement or decision of the arbitration board altering vested retirement benefits shall be subject to the written approval of the individual beneficiaries thereof.

8.590-7 Preservation of Tax Benefits

(a) Sections 8.590-1 through 8.590-7, in their entirety, shall be subject to and limited by charter section 8.500 and any ordinances enacted pursuant thereto. Sections 8.590-1 through 8.590-7 shall be effective only to the extent that benefits authorized by or authorized pursuant to those sections do not have an adverse consequence on the tax treatment of benefits provided to any employee of the city and county.

(b) Any agreement reached by the parties or any decision of the arbitration board which authorizes a modification of any aspect of the retirement system or of any aspect of the provision for or delivery of retirement benefits shall not become effective until the following occur:

(1) The retirement board, acting in its fiduciary capacity, forwards to the board of supervisors certification that implementation of the modifications presents no risk to the tax-qualified status of the retirement system. Such certification shall be based upon the advice of the general manager, the actuary of the retirement system, and any outside consultants that they may in their discretion retain; and,

(2) After having received the certification referred to in the previous paragraph and after having made its own independent finding based on clear and convincing evidence that implementation of the modifications presents no risk to the tax-qualified status of the retirement system and will not increase the taxes of city and county employees, the board of supervisors, by a three-quarters vote, enacts an ordinance making the modifications effective.

(c) Costs of any outside consultants retained by the city and county pursuant to this section shall be borne equally by the city and county and by the bargaining units concerned.
Police and Fire Bargaining and Arbitration

PROPOSITION D

Shall the wages, hours, benefits and working conditions for police officers, firefighters and airport police be set by collective bargaining, with disputes decided by final and binding arbitration?  

YES 294  
NO 295  

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: The salaries of police officers, firefighters and airport police ("safety officers") are based on a survey of salaries paid by other cities and counties. Retirement benefits and death allowances are set by the Charter. Other terms and conditions of employment are either specified in the Charter or set by the City after negotiations.

THE PROPOSAL: Proposition D is a charter amendment that would require the City and safety officer organizations to negotiate through collective bargaining wages, hours, benefits and working conditions ("terms of employment"). Proposition D would override any conflicting charter provision, ordinance or departmental rule except for certain provisions of the Retirement System.

If the parties cannot reach agreement, the disputed issues would be decided by binding arbitration. The parties would submit a last offer on each disputed issue to a board of three arbitrators. On each issue, the arbitrators would choose either the City's or employees' last offer based on a list of specified factors, including the cost of living, comparable wages and benefits paid in other districts, and consideration of the City's ability to pay. The arbitrators' decision would be final. The City could not change any existing term of employment until agreement is reached or the matter is resolved by arbitration.

Under Proposition D, retirement benefits and death allowances would be based on the higher of (1) salaries determined through collective bargaining or (2) salaries that would have been paid under the current salary survey process. Other aspects of retirement benefits could be changed by negotiation or arbitration, regardless of existing charter provisions.

Any agreement or arbitration decision that changes any aspect of the Retirement System would not go into effect until the City certifies that there would be no negative tax effect on employee benefits. Each affected individual could choose whether to accept the change.

A "YES" VOTE MEANS: If you vote yes, you want to make these changes to the way terms of employment are set for safety officers.

A "NO" VOTE MEANS: If you vote no, you do not want to make these changes.

Controller's Statement on "D"

Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there could be a cost effect, the amount of which, being dependent upon negotiation or arbitration, cannot be determined, but may be substantial.

How Supervisors Voted on "D"

On July 25, 1990, the Board of Supervisors voted 7-4 on the question of placing Proposition D on the ballot.

The Supervisors voted as follows:

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
Police and Fire Bargaining and Arbitration

PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION D

San Francisco police and firefighters put their lives on the line, but have no say in vital decisions about their jobs or well-being. As morale plummets and frustration increases, San Francisco is losing experienced and trained police officers.

With fewer experienced and motivated personnel on the front lines, PUBLIC SAFETY SUFFERS while San Francisco crime rises—with 837 more robberies so far this year, a 35.5% increase.

No other city in the nation treats its police and firefighters like the City and County of San Francisco. The City doesn’t provide dental care, or pay for family medical insurance; benefits are non-negotiable. Despite cost of living differences, San Francisco’s salaries are based on what Los Angeles, Long Beach, San Jose and San Diego pay safety employees.

Proposition D reforms this archaic system, putting San Francisco in step with all other major Bay Area cities by authorizing negotiating of employment issues. Proposition D will:

- Allow negotiation of benefits such as dental insurance at no cost to the City—in return for reduced pay increases over time. The current system prohibits reasonable solutions, even when both the City and employees agree.
- Be fair to the City, because it requires evaluation of San Francisco’s financial condition and ability to pay before setting annual wages and benefits.
(Nota: The old system prohibits consideration of San Francisco’s financial condition in setting salaries.)

Your Board of Supervisors approves a City budget annually. Proposition D eliminates automatic increases based on Los Angeles salary raises, giving San Francisco flexibility to help meet critical needs and emergencies in bad years.

Vote YES ON PROPOSITION D to provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration. Vote YES for your police and firefighters, and for better public safety!

Supervisors voting for this argument may not agree with the measure, but agree the argument is accurate.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION D

Whenever we have to make tough choices that the police or fire unions don’t like, they say it’s political.

In our professional judgment, Proposition D will be a disservice to the Police and Fire Departments and a disservice to the taxpayers.

San Francisco cannot afford to have amateurs make public safety decisions.

Our retirees cannot afford to have their benefits taxed. Proposition D could do that.

San Francisco cannot afford to have arbitration awards take money from police and fire equipment to pay for costly new benefits.

Our police and fire personnel work hard for our city and do a good job. They deserve good pay and benefits. But Proposition D goes too far.

Please join us in voting NO on Proposition D.

Police Chief Frank Jordan

Fire Chief Frederick F. Postel

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION D

Do not be deceived by Proposition D. Proposition D jeopardizes the city’s Retirement System, increases costs, and takes management authority away from the Police and Fire Chiefs. San Francisco voters rejected Proposition D in 1979. Reject it again.

Retirement System Jeopardized
The City Attorney has ruled that Proposition D threatens the City’s retirement system — possibly costing San Francisco taxpayers and retired workers hundreds of millions of dollars!

A Blank Check
There is no limit on how high salaries or benefits could soar. With State and Federal budget deficits ahead, we need to find ways to reduce the cost of government.

Unlimited Binding Arbitration is a Dumb Idea
At first, submitting disputes to an arbitrator sounds fair. But a closer look reveals major problems.

1. An arbitrator is not accountable — to the Police and Fire Chiefs, or the voters. The arbitrator makes the decisions, but San Franciscans have to live with the consequences.
2. An arbitrator is not qualified to make public safety decisions.

The police and fire Chiefs should decide how to balance the need for personnel, equipment, and benefits. Those are public safety decisions to be made by Chiefs — not amateurs.

3. The voters — not an arbitrator — should make final decisions. Once granted, some employee benefits can never be taken away — even by the voters.

The Chiefs Should Run the Police and Fire Departments
Last year, the Fire Chief wanted to hire more firefighters and purchase new fire trucks. The Fire Union wanted more overtime. San Francisco voters backed the Fire chief. This year, the Police Chief ordered more police officers to work uniformed street patrol. The Police Union criticized that.

Under Proposition D, the Chiefs’ decisions could be overruled.
Don’t Be Deceived — Vote No on Proposition D.

Fred Postel
Fire Chief
Frank Jordan
Police Chief

REBUTTAL TO OPPOFFENT’S ARGUMENT AGAINST PROPOSITION D

Q. Why do the chiefs oppose this?
A. Because as political appointees, they must respond to political pressure, not just public safety needs.

But San Francisco’s former police chiefs and fire chiefs support Proposition D because it improves public safety.

Police and firefighters presently can’t negotiate. Under the current “take it or leave it” system San Francisco:

• Lost 33% more officers this year than the usual average;
• is 164 officers short of previously-authorized staffing;
• has seen CRIME INCREASE 24% this year with fewer experienced and motivated police.

Don’t be misled:
1. “TAX IMPACTS” IS A PHONY ISSUE. No retirement system change is allowed unless the City certifies it “presents no risk to the tax-qualified status of the retirement system.” (Section 8.590-7)
2. COLLECTIVE BARGAINING WORKS. Although virtually every large city utilizes this process, arbitration has been used to resolve disputes only 5 times since 1985.
3. MANAGEMENT CONTROL PRESERVED. The current system jeopardizes the ability of chiefs to manage their forces, as high turnover reduces productivity and wastes training. Proposition D reduces turnover and allows those who risk their lives to discuss safety decisions. But the chiefs retain exclusive control over important management decisions — including crowd-control and discipline. (Section 8.590-5 (g))
4. PROPOSITION D CONTROLS SPENDING. Currently, San Francisco had no control over salaries. Under Proposition D, numerous standards must be met before San Francisco can increase wages, including consideration of the City’s financial condition. (Section 8.590-5)

VOTE YES on D for fairness and improved public safety.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.
Noes: Supervisor Kennedy.
Absent: Supervisors Alioto, Britt and Hongisto.

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Collective bargaining and binding arbitration are basic labor issues.

We support Proposition D because it represents a return to a fair and equitable form of labor relations. This measure will accomplish what the years of discussions, study groups and commissions has failed to do — return San Francisco to a flexible system of contract negotiations for Police and Fire personnel.

As miscellaneous employees, we share a major problem with the police and fire employees. We don’t have basic health benefits such as a dental plan or dependent health care. The current system, according to the Mayor’s Task Force on Family Policy, lacks the flexibility needed to respond to San Francisco’s families.

It is time to modernize San Francisco government.

Vote YES on D!

Shirley Black, President
United Public Employees Local 790, SEIU
Paul Varacalli, Executive Director
United Public Employees Local 790, SEIU

Collective bargaining, with disputes being clearly and reasonably resolved through binding arbitration, will improve the morale of our safety personnel.

Vote YES on D.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Vote Yes on D! Support fairness for our police and firefighters.

Carole Migden
Candidate, Board of Supervisors

FORMER CHIEFS SAY:

BOOST POLICE AND FIRE FIGHTING PRODUCTIVITY
— VOTE FOR PROPOSITION D!

THE PROBLEM: Declining morale threatens to cripple our police and fire department productivity. Recruitment and retention of quality people to cope with fires, emergencies and soaring crime is getting tougher.

San Francisco denies police and firefighters basic collective bargaining and arbitration rights held by their counterparts in all other major Bay Area cities — and most of America’s largest cities.

The City’s present system prohibits incentives for bilingual abilities or education above high school — despite the challenges of serving San Francisco’s diverse cultures.

The issue goes beyond fairness. The current Charter seriously jeopardizes the ability of police and fire chiefs to manage their forces. We’re losing experienced police officers to other cities at the highest rate in our history, 33% higher than average. The high turnover contributes to the crime rate, squanders our training investment, and costs us seasoned officers.

San Franciscans are justly proud when our firefighters and police

spring into action during a crisis — like the latest earthquake. But when the smoke clears, we cannot turn away from the men and women who perform so heroically.

THE SOLUTION: Proposition D helps solve this problem. Proposition D would:

• Allow police and firefighters a voice in decisions about their safety and well-being.
• Provide a fair and impartial way to determine benefits and working conditions through negotiations and arbitration.

Negotiation and arbitration have proven their effectiveness in cities across the nation. So why are we continuing to operate the police and fire departments of the country’s most progressive city like a medieval village? VOTE YES ON PROPOSITION D!

Jo Daly, Police Commissioner (1980-1986)
Thomas Cahill, Former Police Chief, San Francisco Police
Department
Donald Scott, Former Police Chief
Al Nelder, Former Police Chief
Keith Calden, Former Chief of SFFD
PAID ARGUMENTS IN FAVOR OF PROPOSITION D

Public safety depends on treating our public safety employees fairly.

BART and other public agencies keep good employees in their service by engaging in fair and open collective bargaining, along the lines of Proposition D. San Francisco should emulate the successful record of its fellow public agencies by adopting such practices.

We are former city officials with many years of budgetary experience with the City and County of San Francisco. In the public interest, we offer this nonpartisan analysis of Proposition D.

PROPOSITION “D” PROTECTS THE CITY’S BUDGET: Let us leave aside the arguments of fairness to people who risk their lives for our safety, and focus on the cold hard financial concerns of officials who have to balance the City’s budget while adequately compensating firefighters and police officers.

We’re sitting on a time bomb. The current San Francisco charter requires automatic wage increases based on pay scales in four California cities including Los Angeles, Long Beach and San Diego.

Let’s exercise common sense. What happens if the Bay Area goes into a recession while Southern California’s economy booms? Our city budget could easily go out of control — under present law.

Proposition D eliminates that fiscal danger by 1) abolishing automatic pay hikes and 2) ensuring that the City’s ability to pay is taken into account in decisions on benefits and wages.

As a former San Francisco Police Commissioner, I find it frightening to examine recent statistics on violent crimes in San Francisco. Through August 11, 1990, San Francisco has had:

• 1,234 more robberies this year than during the same period last year (a 48% increase);
• 16 more homicides (up 31%);
• 31 more rapes (up 13%), and
• 154 more aggravated assaults (up 6%).

While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.

Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:

• lack of educational incentives,
• Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”

Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in 15 of the nation’s 20 largest cities. It’s a proven and effective system that brings labor peace and improves police morale.

San Francisco police lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.

A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Jo Daly
Police Commissioner (1980-1986)

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Police and Fire Bargaining and Arbitration

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

WE SUPPORT PROPOSITION D
San Francisco has pressing budget priorities — providing AIDS/ARC services, assistance for the homeless, and affordable housing. Yet San Francisco is currently locked into a wage formula based solely on pay levels set by Los Angeles and other California cities.

PROPOSITION D IS A STEP IN THE RIGHT DIRECTION. Proposition D abolishes the mandatory pay formula for police and firefighters and provides San Francisco the budgetary flexibility necessary to deal with emergency needs.

Proposition D ensures the City’s ability to pay is considered before setting salaries and benefits. At the same time, it is fair to public safety employees because it allows for negotiations in determining compensation.

San Francisco has critical requirements that we cannot ignore. We need the budgetary flexibility that Proposition D will allow.

Join us in voting YES on Proposition D.

Ernest “Chuck” Ayala, San Francisco Community College Board
Carole Migden, Chair, San Francisco, Democratic Party
Mitchell Omerberg, Director of Affordable Housing Alliance

As Mayor of San Francisco for over nine years, public safety and law enforcement were among my top priorities.

Consequently, I was alarmed to examine the most recent report on violent crimes in San Francisco. For this year alone through August 11, 1990, San Francisco has suffered:

• 1,234 more robberies than during the same period of last year (a 48% increase);
• 16 more homicides (up 31%);
• 31 more rapes (up 13%), and
• 154 more aggravated assaults (up 6%).

While our police alone cannot prevent violence, trained and motivated officers certainly can contribute to the control and reduction of crime.

Unfortunately, San Francisco is losing experienced police officers at an alarming rate. Our attrition rate is 33% higher than average, with more young officers leaving our department for other cities. The reasons include:

• lack of dental care;
• no family medical insurance;
• poor working conditions;
• lack of educational incentives.

Proposition D helps reverse this decline. Police will be able to negotiate with the City over benefits and working conditions, rather than be forced to “take it or leave it.”

Proposition D provides for negotiations and arbitration for San Francisco’s police officers and firefighters — rights enjoyed by their counterparts in most of the nation’s largest cities. It’s also a system that has proven its effectiveness in other Bay cities over the last ten years, bringing labor peace and improving police morale.

San Francisco police and firefighters lay their lives on the line for us. They deserve a voice in crucial decisions about their jobs and safety.

A vote for Proposition D is a vote for improved public safety as well as a vote for fairness. That’s why I’m voting YES on Proposition D.

Dianne Feinstein
Former Mayor of San Francisco
PAID ARGUMENTS IN FAVOR OF PROPOSITION D

FISCAL ANALYSIS OF PROPOSITION D
by John C. Farrell
Controller, City and County of San Francisco, 1974-1989

I believe there are compelling fiscal reasons for reforming the City's existing method of compensating police and firefighters by passing PROPOSITION D.

PRESENT LAW:
- Prohibits consideration of the City's ability to pay for any proposed wage and benefits increases.
- Denies policy makers flexibility needed to tailor benefits to emergencies and changes affecting the City's budget.
- Locks the City into a wage formula based on Los Angeles and San Diego pay levels for police and firefighters.
- Fails to take cost-of-living differences among various cities into consideration in calculating automatic pay increases.

PROPOSITION D WOULD:
- Mandate consideration of the City's ability to fund — without additional burden to taxpayers — wage or benefit hikes. Disputes would be resolved by independent, professional arbitrators.
- Establish a method for fairly adjusting levels of compensation needed to retain competent people — without busting the budget. Until we can find means of providing family medical care for police and firefighters, we will continue to lose experienced officers.
- Give San Francisco's elected officials the ability to negotiate sensible changes in compensation packages. For example, pay increases reductions could be negotiated in return for family medical care — at no extra cost to the city.
- Free San Francisco budgets from outside control. As ridiculous as it sounds, officials in Los Angeles now have more control over this part of the city's budget than our own representatives.
- Bring San Francisco a fiscally responsible system that is enjoyed by every other major Bay Area city and most American cities.

Stewards of the City's budget need a more rational method of matching San Francisco's needs with treasury resources.

Let's restore some sanity to the process. VOTE FOR PROPOSITION D.

John C. Farrell
Controller, City and County of San Francisco, Retired

YES ON PROPOSITION D

Proposition D is fair both to the City and to the public safety employees. It would abolish the current pay system for police, fire and airport safety personnel, which is based exclusively on what other cities pay their safety employees. This process would be replaced by collective bargaining with a provision for binding arbitration in the event of an impasse. Proposition D would also prohibit strikes.

Collective bargaining has always been a sound principle of employee/employer relationships. Proposition D would allow the City and its safety personnel to sit down together and agree on wages, benefits and working conditions, taking into account the uniqueness of San Francisco. The provision for arbitration in the event of an impasse and the prohibition on strikes will guarantee fair and equitable treatment of our taxpayers and safety personnel and at the same time would eliminate the danger of any work stoppages.

That's why I strongly support Proposition D which is a concept I have supported consistently for more than 25 years.

John Burton, Member of the Assembly

PROTECT CIVIL RIGHTS: VOTE "YES ON PROPOSITION D"

We have examined Proposition D and find it strengthens protection of vital civil rights as well as the rights of working people. Under the sponsorship of the Board of Supervisors, these protections were included in the charter amendment:
- Affirmative Action. Employment rights of women and minorities, and policies designed to ensure compliance with local, state and federal anti-discrimination laws and regulations are protected by Proposition D.
- Petitioning Rights. Crowd control policies designed to ensure that local law enforcement does not interfere with the rights of peaceful demonstrators are protected.
- Complaints Procedures. Proposition D would not interfere with complaints processed by the Office of Citizens' Complaints or with disciplinary actions involving police of firefighters.

Proposition D protects the fundamental human right of police and firefighters to unionize — without endangering public safety or encroaching on the rights of others. PROPOSITION D MERITS YOUR SUPPORT.

Croce Cascia, Latino Police Officers Association

Police and Fire Bargaining and Arbitration

PAID ARGUMENTS IN FAVOR OF PROPOSITION D

The San Francisco Labor Council and its member unions strongly support a “YES” vote on Proposition D.

Labor has long supported collective bargaining and binding arbitration for police and firefighters.

Arbitration is the preferred method of resolving disputes for emergency personnel, even if this sometimes means treating police and firefighters differently than other municipal employees. The difference is that they do not have access to the right to strike accorded other employees.

Twenty-six (26) states have similar legislation, as do several Bay Area cities. A vote for Proposition D will include San Francisco in this growing list of progressive cities.

WE ALSO WANT TO REFUTE A PHONY ISSUE RAISED BY OPPONENTS. The unions representing City Employees have as great an interest in preserving the tax-exempt status of the retirement system as anyone. We have concluded that Proposition D poses no threat to the retirement system.

WE URGEE YOU TO READ THE FOLLOWING PROTECTIONS INCLUDED IN PROPOSITION D:

• The Board of Supervisors can take actions necessary to preserve the tax-exempt status of the retirement system.
• The initiative is effective only to the extent that it does “not have an adverse consequence on the tax treatment of the City and County.”
• The Retirement Board must certify that implementation “preserves no risk to the tax-qualified status of the retirement system.”
• The Board of Supervisors must independently determine by a three-quarters vote that there is “no risk.”

Every city in the nation would be endangered before San Francisco incurred any risk.

Walter Johnson, Secretary-Treasurer, San Francisco Labor Council
Leroy King, ILWU
Larry Martin, Transport Workers Union
Stanley Smith, Secretary-Treasurer Building Trades
Sherri Chiesa, Hotel / Restaurant Employees Union
Paul Varacalli, Executive Director, United Public Employees, Local 790
Robert Morales, Secretary/Treasurer, Teamsters Local 350

VOTE YES ON PROPOSITION D

As Democrats, we believe it is only fair that San Francisco’s working people have a voice in decisions affecting their jobs.

PROPOSITION D IS FAIR TO BOTH THE CITY AND PUBLIC SAFETY EMPLOYEES. Proposition D abolishes the current system that sets San Francisco salaries based exclusively on what Los Angeles, San Diego, San Jose and Long Beach pay — while ignoring the City’s needs and budget.

Proposition D PROTECTS OUR BUDGET IN DIFFICULT YEARS. Proposition D requires consideration of the City’s ability to pay before setting wages and benefits — providing important protection for crucial city services for AIDS victims, the homeless and youth.

THE CITY’S CURRENT SYSTEM IS UNFAIR. In addition to poor working conditions, San Francisco police and firefighters receive:

• no dental benefits;
• no family medical care;
• no bilingual incentives;
• no educational assistance.

Unlike most cities, our public safety employees are prohibited from negotiating over benefits and working conditions — they can either take it or leave it.

Increasingly, police are leaving: San Francisco is losing 33% more officers to other cities than ever before. The lack of motivated and experienced officers contributes to rising crime in our neighborhoods — up 24% over the first seven months of 1990 — including 1,234 more robberies alone.

We strongly support Proposition D because it is based on fairness in the best traditions of the Democratic party.

Willie L. Brown, Jr. Speaker, California Assembly
Robert Achenberg, Civil Rights Attorney
Bob Geary, Member San Francisco Democratic Central Committee
Arlo Hale Smith, BART Director
Alexa Smith, Member San Francisco, Democratic Central Committee
Adrian Bermudez Jr., San Francisco Human Rights Commission

PAID ARGUMENTS AGAINST PROPOSITION D

Proposition D confuses two very different issues: Collective Bargaining and Interest Arbitration.

Our police and firefighters deserve a fair and impartial way to determine their working conditions — Collective Bargaining. However, Interest Arbitration will put final decision-making power in non-elected arbitrators — free to reach decisions without any ACCOUNTABILITY to us taxpayers.

We will be without any recourse against over-Budget arbitration awards causing ADDITIONAL TAX INCREASES or CUTS IN OUR SERVICES.

Don’t let unchecked Interest Arbitration throw our City into yet another deficit — vote NO on PROP. D.

John J. Figone
Candidate for Supervisor
Member, San Francisco County Democratic Central Committee
19th Assembly District

Proposition D is an irresponsible proposal that will reduce public protection for citizens of San Francisco. It will allow someone from outside San Francisco with no knowledge of our city or city finances to decide how we will spend tens of millions of dollars with no voice from our voters.

As a former sheriff and police chief, I know this proposal will result in fewer dollars going for the efforts that prevent crime. We will have fewer police and cuts from every other city department and service to city residents. The existing formula approved by voters in the mid-1970s has worked well and resulted in labor peace and saved taxpayers millions of dollars.

Protect public safety. Vote NO on Proposition D.

Supervisor Richard D. Hongisto

Our police and firefighters do a difficult job well. They deserve good pay and good benefits.

That is why I have always supported collective bargaining. And since police and firefighters do not have a right to strike, a fair way has to be found to settle disputes with management.

To come up with a system of collective bargaining which works for San Francisco, a Collective Bargaining Task Force has been established which will have a report ready this Fall.

Unfortunately, Proposition D goes too far.

Proposition D has no limits — on salaries, benefits, or other costs. We cannot afford it.

At a time when services are being reduced and deficits are looming at the State and Federal levels, we cannot afford the risk of allowing an arbitrator to spend tens of millions of your tax dollars.

Remember — for every 1% more an arbitrator gives away, you pay more than 2 million dollars.

Proposition D puts our retirement system at risk.

Proposition D overturns longstanding police and fire policies, city laws, and Civil Service rules. Laws protecting against INS harassment and policies prohibiting the use of rubber gloves at AIDS demonstrations or limitations on intelligence gathering are in peril.

Proposition D sets up an expensive new bureaucracy. A recent arbitration in Redwood City took more than a year, left 84 issues in limbo, and required 3,000 pages of testimony.

Proposition D jeopardizes civilian oversight.

Proposition D takes away fiscal accountability.

Proposition D is the wrong idea at the wrong time. Let’s do collective bargaining right.

Vote No on Proposition D.

PART NINE: IMPARTIAL ARBITRATION OF WAGE AND BENEFIT DISPUTES FOR THE FIRE DEPARTMENT, POLICE DEPARTMENT AND AIRPORT POLICE OFFICERS

8.590-1 Declaration of Policy

It is hereby declared to be the policy of the City and County of San Francisco that strikes by firefighters, police officers and airport police officers are not legally permissible, and that a method should be adopted for peacefully and equitably resolving disputes. It is the further purpose and policy of the City and County of San Francisco that in the event the procedures herein adopted are invoked by the City and County of San Francisco or by a recognized employee organization representing firefighters, police officers or airport police officers, that they shall supersede and displace all other formulas, procedures and provisions relating to wages, hours, benefits and other terms and conditions of employment found in this Charter, in the ordinances and resolutions of the City and County of San Francisco, or in the rules, regulations or actions of boards or commissions of the City and County of San Francisco.

8.590-2 Employees Covered

These sections 8.590-1 through 8.590-7, inclusive, shall apply to the several ranks of the fire department and police department as provided for in Sections 3.542 and 3.531 of this Charter, respectively, and to all of the classifications of airport police officers, jointly referred to in these sections as "firefighters", "police officers" and "airport police officers".

8.590-3 Prohibition Against Strikes

If any firefighter, police officer or airport police officer employed by the City and County of San Francisco engages in a strike as defined by Section 8.346(a) of this charter against the City and County of San Francisco, said employee shall be dismissed from his or her employment pursuant to Charter Sections 8.245 and 8.246.

8.590-4 Obligation to Negotiate in Good Faith

Notwithstanding any other provisions of this Charter, or of the ordinances, rules or regulations of the City and County of San Francisco and its departments, boards and commissions, the City and County of San Francisco, through its duly authorized representatives, and recognized employee organizations representing classifications of firefighters, police officers and airport police officers shall have the mutual obligation to negotiate in good faith on all matters within the scope of representation as defined by Government Code Sections 3500, et seq., relating to the wages, hours, benefits and terms and conditions of City and County employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of any negotiated agreement. Unless and until agreement is reached through negotiations between authorized representatives of the City and County of San Francisco and the recognized employee organization for the classifications of fire department, police department and airport police employees, or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for said fire department, police department or airport police employees shall be altered, eliminated or changed. Agreements reached by the duly authorized representatives for the City and County of San Francisco, its departments, boards and commissions and the recognized employee organizations pursuant to this Section shall be binding on the City and County of San Francisco, and on its departments, boards, commissions, officers and employees once adopted by the board of supervisors. Said agreements shall supersede any and all other conflicting procedures, provisions and formulas contained in this Charter relating to wages, hours, benefits or terms and conditions of employment.

8.590-5 Impasse Resolution Procedures

(a) Subject to section 8.590-5(g), disputes or controversies pertaining to wages, hours, benefits or terms and conditions of employment which remain unresolved after good faith negotiations between the City and County of San Francisco, its departments, boards and commissions and a recognized employee organization representing firefighters, police officers or airport police officers shall be submitted to a three-member board of arbitrators upon the declaration of an impasse either by the authorized representative of the City and County of San Francisco or by the recognized employee organization involved in the dispute.

(b) Representatives designated by the City and County of San Francisco and representatives of the recognized employee organization involved in the dispute shall each select and appoint one arbitrator to the board of arbitrators within three (3) days after either party has notified the other, in writing, that it desires to proceed to arbitration. The third member of the arbitration board shall be selected by agreement between the City and County of San Francisco and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and County of San Francisco and the recognized employee organization involved in the dispute cannot agree upon the selection of the neutral arbitrator within ten (10) days from the date that either party has notified the other that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the City and County and the employee organization cannot agree within three (3) days after receipt of such list on one of seven (7) persons to act as the neutral arbitrator, they shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and chairperson of the arbitration board.

(c) Any arbitration proceeding convened pursuant to this article shall be conducted in accordance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The arbitration board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The arbitration board, in the exercise of its discretion, may meet privately with the parties, mediate or mede-arb the issues in dispute. The arbitration board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

(d) In the event no agreement is reached prior to the conclusion of the arbitration hearings, the arbitration board shall direct each of the parties to submit, within such time limit as the arbitration board may establish, a last offer of settlement on each of the remaining issues in dispute. The arbitration board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of public and private employment, including, but not limited to: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employment of employees performing similar services; the wages, hours, benefits and terms and conditions of employment of other employees in the City and County of San Francisco; and the formulas provided for in this Charter for the establishment and maintenance of wages, hours, benefits and terms and conditions of employment. The impartial arbitration board shall also consider the financial condition of the City and County of San Francisco and its ability to meet the costs of the decision of the arbitration board.

(e) After reaching a decision, the arbitration board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the arbitration board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the arbitration board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of the arbitration board, as it may be modified or amended by the parties, shall be publicly disclosed. Except as limited by Section 8.590-7, the arbitration decision of the board shall be final and may not be reviewed or amended by the parties, shall supersede any and all other relevant formulas, procedures and provisions of this Charter relating to wages, (Continued on page 76)
PROPOSITION E

Shall the Charter be amended to (1) prohibit the City, with certain limited exceptions, from doing business with or having investments in any company (or affiliate) engaged in any work on nuclear weapons systems or components; (2) prohibit nuclear weapons work in the City; (3) subject the transport of high-level radioactive materials to certain regulations; and (4) create a nine-member elected commission with specified powers to oversee this measure’s requirements?

YES 297
NO 298

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: In 1987, the voters approved Proposition U, a declaration of policy making San Francisco a nuclear-free zone. The Charter currently contains no provision regarding the nuclear industry or nuclear materials.

THE PROPOSAL: Proposition E is a charter amendment that would prohibit the City’s doing business with any company or affiliate directly or indirectly engaged in any work on nuclear weapons systems (“nuclear weapons makers”) unless there is no reasonable alternative. Proposition E generally would prohibit the City’s having investments in “nuclear weapons makers,” and would restrict the ability of the City to invest in U.S. Treasury bills, notes and bonds. The City generally would be required to give preference to financial institutions that do not loan money or provide other financial services to “nuclear weapons makers”.

Proposition E would prohibit new nuclear weapons work in the City, phase out existing nuclear weapons work and prohibit the use of high-level radioactive materials. All doing business with the City would be required to file detailed declarations so that the City could determine whether they are involved directly or indirectly in nuclear weapons work. The use of radioactive materials for medical and other specific purposes would be allowed.

Those transporting high-level radioactive material through San Francisco would be required to notify the City, file transport plans and post warning signs on the vehicles and routes. It would be unlawful to transport certain high-level radioactive materials through the Port or Airport. Food retailers would be required to label irradiated food if the City decides that such food is a public health hazard.

Proposition E would require the City to take certain other actions, including (1) developing a plan for converting “nuclear weapons work” to “peaceful, productive purposes”; (2) monitoring the use and transport of hazardous radioactive materials; (3) refraining from planning for the effects of nuclear war; and (4) developing a peace education program for San Francisco schools and the public. It would establish a City policy to minimize City purchases of electricity generated by nuclear reactors.

Proposition E would create a nine-member elected commission. The commission would oversee the Proposition’s requirements and have the power to place related measures on the ballot, accept and spend grant monies, hire staff, and oversee certain aspects of City purchasing.

Violation of the Proposition would be a misdemeanor.

A “YES” VOTE MEANS: If you vote yes, you want to adopt this charter amendment.

A “NO” VOTE MEANS: If you vote no, you do not want to adopt this charter amendment.

Controller’s Statement on “E”

Should the proposed charter amendment be approved, in my opinion, it could increase the cost of government by an indeterminate and possibly substantial amount.

Implementation of this measure would require changes to City investment policies, procurement procedures and licensing and inspection practices, all of which may have cost impacts.

The proposed amendment would increase the Treasurer’s administrative costs by approximately $100,000 per year and limit the type and range of investments potentially available to the City. This restriction could reduce liquidity, increase risk factors and impact upon total investment yield. The amendment’s effect on investment yield cannot be precisely determined. However, by way of example, based on the present City investment portfolio maintained by the Treasurer, a 1/2% shift in investment yield would affect revenues by approximately $6.5 million per year.

Revised purchasing procedures may range in cost from $300,000 to $450,000 per year. Additionally the measure would require City departments to perform additional inspection and regulation duties, the cost of which are indeterminate.

How “E” Got on the Ballot

On August 4, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition E to be placed on the ballot had qualified for the ballot.

39,978 valid signatures were required to place an initiative charter amendment on the ballot. (This number is equal to 10% of the registered voters at the time the notice of intent to circulate the petition was filed.)

A random check of the signatures submitted on July 25, 1990 by the proponents of the initiative petition showed that 48,650 of the signatures were valid, 8,672 more than the required number of signatures.
Nuclear Regulatory Commission keeps pushing for large quantities of radioactive waste to be dumped like ordinary garbage.

- Despite the end of the Cold War, the Bush administration continues to squander billions on first-strike nuclear weapons. While the lack of a few million dollars forces San Francisco to cut health care, MUNI and other essential services, Bush insists that taxpayers foot the bill for the useless B-2 “Stealth” bomber, each of which costs $800,000,000.

San Francisco can and must act to address these problems.

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION E

The proponents of Proposition E would have us believe that anyone concerned about nuclear safety should vote for this absurd measure.

As their own argument notes, the nuclear issue is a national and even international one. In 1987 Proposition U put San Francisco on record against the nuclear arms race. The City can have little influence beyond making that statement.

Proposition E will harm the City by:
- Inviting costly lawsuits that the City will be forced to defend.
- Erecting a whole new layer of government bureaucracy.
- Jeopardizing radiation therapy for cancer patients within the City.
- Disrupting the City’s ability to buy the best products at the most reasonable price.
- Forcing the City to neglect badly needed services and programs by requiring that already limited city funds be used to comply with this measure.
- Interfering with the operations of the Port and the Airport which could cost hundreds of jobs.
- Hurting small businesses more than larger ones by creating a new volume of paperwork for any company that wants to do business with the City.

If this measure sounds silly and wasteful, you’re right. As opponents of Proposition E, we want nuclear safety but we don’t want a measure that causes these unnecessary problems. Vote NO on Proposition E.

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION E

Proposition E is not about nuclear arms or nuclear safety. Proposition E is about increasing politics and government bureaucracy. We do not need to increase the government costs at a time when we’re being forced to cut back vital city services.

Proposition E would create a new body of elected officials to interfere with City purchasing and investing, fees and permits at the Port, curriculum in the schools, the Police Department’s ability to guarantee public safety, and the Board of Supervisor’s control over the budget. This will cost millions of dollars!

Who pays? San Franciscans depending upon the City for services: MUNI riders, senior citizens, children, patients at San Francisco General Hospital, small businesses, people who want the Embarcadero Freeway replaced and reopened, taxpayers — all of us. Proposition E punishes San Franciscans, NOT nuclear weapons makers!

The creation of an expensive elected commission, with a staff to jeopardize the operation of City government is simply not a good idea. While these commissioners will rule on operations at the port, health care, food labeling, transportation, education, purchasing, and investing, there is no requirement that they have qualifications or experience in any of these areas.

When Oakland passed a similar measure, a judge ruled it was unconstitutional. In the meantime, the city’s legal fees ran up to hundreds of thousands of dollars defending the measure. We cannot afford for that to occur here.

There are much more sensible ways for the City to express its concerns about nuclear weapons. Vote NO on Proposition E!

CITIZENS FOR FISCAL AND ECONOMIC RESPONSIBILITY

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION E

Proposition E speaks for itself. Please read it. After you have, we think you’ll agree the opposing arguments have no merit.

Frankly, the argument against Proposition E contains so many falsehoods and half-truths that it is impossible to refute them in this limited space. To list just one, how is it possible that Proposition E could have any effect on the replacement of the Embarcadero Freeway?

Who opposes Proposition E? The same corporations that pushed to fund the arms build-up of the 1980s by cutting funding for social services, education, health care, infrastructure replacement and all types of aid to local governments.

Now, these same corporations plan to spend over $500,000 in an effort to defeat Proposition E. Why? Not because they care about San Francisco, but because they know that Proposition E will work to derail their gravy train.

Ask yourself — what have Lockheed, Northrop and General Electric ever done for San Francisco? And while San Francisco struggles to find money for health care, these corporations are working in Washington to maintain funding for dangerous boondoggles like the Trident missile, the B-2 “Stealth” bomber and “Star Wars.”

The money to fund these weapons doesn’t come out of thin air — it comes out of our pockets. This year’s federal arms budget cost every man, woman and child in San Francisco $1200, including $260 for nuclear weapons systems alone.

For more information about Proposition E, or to help the campaign, please call us at 397-1458.

Nuclear Free Zone

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Radiation released by nuclear technologies has had a fearsome effect on the environment and human health.
Local government must act to regulate the nuclear industry because other levels of government have shown an unwillingness to do so effectively.
San Francisco will have a safer, cleaner environment if this measure is adopted.

Vote YES on E.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

In 1987, we actively supported Proposition U — the Nuclear Free Zone Initiative — which passed by an overwhelming margin.
City officials did nothing to implement Proposition U.
With glasnost, and disintegration of the Eastern Bloc, there is no valid reason why our nuclear arsenal should be increased.
More pressing needs exist for scarce public funds — such as AIDS research, affordable housing, and transit improvements.

Vote "YES" on "E".

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committee member/BART Board Candidate

President Eisenhower said, "People want peace so much that one of these days governments had better get out of the way and let them have it." That day has come in Eastern Europe. Yet here in this country, nuclear weapons production continues to ESCALATE. It's hard to believe, isn't it?
Because of the unholy alliance between Congress (millions in campaign contributions) and the nuclear weapons makers (billions in contracts), we, the people, are forced to accept catastrophic peril, environmental degradation, social sacrifice, and economic decline.

Gandhi said, "Noncooperation with evil is a duty." We believe this. He also said, "Live the change you want for the world." We believe San Francisco wants to live that change by adopting a new ethic for our city government. If you agree, vote YES on Proposition E.

Jack Morrison (Former San Francisco Supervisor)
Regina Endrizzi (Regional Manager, Buffalo Exchange Stores)

Nuclear Free Zone or National Sacrifice Zone?
From Hanford, Washington to Rocky Flats, Colorado to Fernald, Ohio to Savannah River, South Carolina to Lawrence Livermore Lab, California to the Farallon Islands — right in our backyard — nuclear weapons development and production have produced hundreds of billions of gallons of radioactive wastes, affecting people's health and safety throughout the U.S.

Hazardous radioactive materials regularly travel our streets, highways and skies. Yet, despite the lengthy record of serious accidents and official government neglect, these dangerous materials move without public notice, without adequate safety precautions, and without the knowledge of local officials.

Vote YES on Proposition E to change this unjustifiable and unacceptable situation.

Mark Linenthal (Professor, San Francisco State University)
Ross Mirkarimi (Green Party of California)
Nuclear Free Zone

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Nuclear weapons cost jobs.
Aside from threatening our health, our environment, and our future, money spent on such weapons produces far less employment than the same amount invested in community needs.
Now would be the perfect time to cash in our "peace dividend." But instead, the nuclear weapons industry continues to selfishly protect its profits.
It's no coincidence that many of the largest nuclear weapons contractors have compiled some of the worst labor records in the country. At the same time, they actively lobby Congress to further restrict the rights of labor, including basic workplace safety and the right to organize.

Proposition E mandates a peace conversion plan to replace the jobs that will be eliminated by pending military spending cuts and base closures, and encourages the further demilitarization of our economy.
For jobs, peace, the environment, and a healthier future, vote YES ON E!

John Moran (West Bay Coordinator/Organizer, International Association of Machinists and Aerospace Workers)

The nuclear arms race is bad for small business in San Francisco. During the 1980's, federal programs in support of small business were slashed while spending for nuclear weapons systems such as "Star Wars" and the B-2 "Stealth" bomber swelled to unprecedented levels. At the same time, arms spending caused the federal budget deficit to mushroom out of sight, resulting in a decreased supply of private loan money for small business.
The indirect costs have been just as severe. Small business has been burdened with the extra taxes needed to balance the City's budget while simultaneously being forced to cope with the consequences of decreased City spending — increased homelessness, rampant drug use, deteriorating infrastructure and the like. Instead, for the cost of a single B-2 bomber, approximately $800,000,000, San Francisco's budget problems would be solved for years to come.
A vote for Proposition E is a vote to change this intolerable situation. We can and must take control of our economic destiny.
Please join us in voting Yes on E.

Bill Banning (Owner, Roxie Cinema)
Gregory and Clare Wood (Owners, Forest Books)
Toufik (Owner, Jawad Cafe and Deli)
Fred Zarour (Manager, Little Market)

The American Friends Service Committee endorses Proposition E, the San Francisco Nuclear Free Zone Implementation Initiative.
It is a powerful way for the people of San Francisco to say "No, not here, not in our name!" to the madness of the nuclear arms race. If Proposition E is passed, San Francisco will join the over 4,500 Nuclear Free Zones in 23 countries around the world in withdrawing our support, consent and cooperation from the nuclear arms race and the nuclear industry.
With the ending of the cold war, the people of the world are crying out, "Stop producing the weapons of war. Instead, spend our tax dollars on schools, housing, adequate health programs and cleaning up the environment." Our security and well-being are much more dependent on funding programs to meet the needs of our citizens than on continuing the insane nuclear arms race which has resulted in the U.S. building enough nuclear weapons to kill every person on earth many times over.
We urge the people of San Francisco to join this world-wide movement not just with our words, but with our deeds! Vote Yes on E.

Roy P. Allen (Executive Secretary, American Friends Service Committee)

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION E

Is Bay View-Hunters Point a “national sacrifice zone” for radiation experiments? The answer may be yes.

Following U.S. government atomic bomb tests in the 1940’s and 50’s, about 100 radioactive test ships were “decontaminated” at Hunters Point Naval Shipyard, just south of downtown San Francisco. Now, although the ships are long gone, the toxic residue of the decontamination remains in storage at the shipyard.

A Congressional study shows that the Navy repeatedly exposed the sailors involved to dangerous levels of radiation, often without even informing them. Their average life expectancy is 22 years less than the general population, and their children have a birth defect rate more than four times the national average.

These are chilling statistics indeed. Yet, shockingly, no study has been done on the effects of radiation exposure on Bay View-Hunters Point.

Passage of Proposition E is San Francisco’s insurance policy to guard against a repetition of this inexcusable episode. Just as importantly, Proposition E mandates the needed radiation exposure studies.

The future of our community is at stake. Please join us in supporting Proposition E.

Espanola Jackson (President, District 7 Democratic Club, Bayview-Hunters Point)
Sam Murray (Chairman, Chemical Toxic Waste Committee, District 7 Democratic Club)

Nuclear weapons spending is killing us.

Out-of-control arms spending takes desperately needed money away from education, housing, health care, and other vital programs. Hardest hit are the poor, who are disproportionately people of color.

While our government wastes billions on weapons too destructive to serve any real defense needs, thousands of our friends and neighbors are dying of AIDS.

Proposition E, puts real pressure on corporations that promote nuclear weapons for the profit of a few at great expense to so many.

Bob Castillo (San Francisco Conservation Corps)
Barbara Cameron and Ron Braithwaite (Co-chairs, Alice B. Toklas Lesbian/Gay Democratic Club)
Tony Gonzalez (International Indian Treaty Council)
Ken Jones (Delegate, California Democratic Party State Central Committee, 16th Assembly District)
George Fouke (Member, San Francisco Rainbow Coalition; Publisher, People for a Change)
Lawrence Ferlinghetti (Owner, City Lights Bookstore; Poet)
Pat Norman

We write as members of San Francisco’s religious community to urge that you support Proposition E.

The nuclear arms race does grave harm. Its continuation, however, depends on the acquiescence of the majority of citizens. It is time for San Francisco to say “No!” to such misplaced priorities. The results of inaction are catastrophic nuclear war, or a devastating nuclear accident that would leave San Francisco an uninhabitable radioactive waste heap. So let us stand “in defense of creation.” Resist the unholy march toward war and environmental destruction. Vote YES.

PAID ARGUMENTS IN FAVOR OF PROPOSITION E

The San Francisco Nuclear Free Zone Implementation Initiative intends to ensure that the earlier passage of the 1987 Nuclear Free Zone is enforced. The 1990 Initiative contains added features, including an important proviso establishing an elected commission to assure compliance with the people's demand for a Nuclear Free Zone. In effect, this Initiative follows the prophecy articulated by President Dwight Eisenhower in 1959, when he said: “I like to believe that the people in the long run are going to do more to promote peace than our governments. I think the people want peace so much that one of these days governments had better get out of their way and let them have it.”

In a democracy, the legal and moral authority rests directly with the people. I urge the people of San Francisco to become direct peace enforcers by voting for the Nuclear Free Zone Implementation Initiative on the November 1990 ballot.

S. Brian Willson

PAID ARGUMENTS AGAINST PROPOSITION E

We, as San Francisco Democratic party leaders oppose Proposition E. It will cost the City millions of dollars and create an unnecessary elected bureaucracy.

We do not condone or support the nuclear arms race. Unfortunately, Proposition E does nothing to change the arms race or punish nuclear weapons makers. Instead, it will punish those San Franciscans that depend upon the City's budget for services. Money spent to implement Proposition E will take money away from programs for senior citizens and children, health care, police and fire protection, public transportation, mental health, and the homeless.

We support peace, not Proposition E. Vote NO!

Robert Barnes, 2nd Vice-Chair, Democratic County Central Committee
Mauri Schwartz, Treasurer, S.F. Democratic County Central Committee

Adrian Bermudez, Jr., President Latino Democratic Alliance
Greg Day
John J. Figone

The City has better things to spend money on than a costly nuclear free zone bureaucracy.

We all want to eliminate the possibility of nuclear war. We all want nuclear materials handled safely. The city’s voters expressed their views on this with Prop. U in 1987.

Proposition E is something altogether different. It is a costly proposal that undermines the city’s existing services by forcing the City to spend millions of dollars a year on administrative costs and more expensive goods and services.

Its efforts to prohibit anything nuclear in San Francisco are so extreme and so ill-conceived that if it passes cancer patients could be forced to go to hospitals outside the city limits to receive radiation treatments.

There are important issues that the City should be addressing. AIDS, housing and replacing the Embarcadero Freeway are among the top priorities that demand our City’s immediate attention. These are specific problems that affect the daily lives of San Francisco residents. These programs are where our scarce city funds should be spent.

Nuclear safety is most important but let’s concentrate San Francisco’s efforts on things it can do something about.

PAID ARGUMENTS AGAINST PROPOSITION E

Do we really need another level of bureaucracy with more high-paid staff to feed it? This initiative will cost the City at least $7 million per year. It jeopardizes funding for health care, police, and firefighters. It will cripple businesses at the Port, small businesses, and all city contractors.

VOTE NO ON PROPOSITION E.

Supervisor Bill Maher

Vote NO on Proposition E!
San Francisco cannot afford a new nine-member elected commission and another costly bureaucracy. This commission would have the power to revoke business licenses, regulate City investments, approve City purchases, and impose a curriculum upon our schools.

Our City has more than enough real problems and not enough money to deal with them.

We don’t need this new bureaucracy wasting $7 million a year of taxpayers’ money on issues the federal government already controls.

We urge you to vote NO on Proposition E.

San Francisco Taxpayers Association
W.F. O'Keefe, Sr., President
William E. Grayson, General Counsel, S.F. Republican Central Committee
Harold M. Hoogasian, President, Hoogasian Flowers Inc.

There’s a big difference between preventing the use of nuclear materials that could endanger people and preventing the use of nuclear materials that help save people’s lives.

We oppose Proposition E because it is so broad and ambiguously worded that it could well prevent cancer patients from being treated with radiation therapy. The initiative exempts “nuclear medicine” but its authors do not understand the meaning of their own language. The field of nuclear medicine does not apply to the external applications of radiation which include radiation therapy. Why should we have to tell cancer patients to seek treatment outside San Francisco?

Proposition E is an unnecessarily costly measure. Please vote NO on Proposition E.

Susan B. Waiers, CAE, Executive Director

Proposition E is fiscally irresponsible and will cost us MILLIONS of dollars!

It’s one thing to oppose nuclear war, but it’s quite another to prevent the City from investing tax money most wisely: in U.S. government securities. The City’s ability to earn high interest yields with maximum safety and flexibility will be seriously jeopardized if Proposition E passes.

Proposition E may prevent the Purchasing Department from buying needed goods and services at the cheapest price.

Proposition E puts irresponsible restrictions on San Francisco’s Treasury — we simply cannot afford it.

Mary I. Callanan, S.F. Treasurer
Rudolph Nothenberg, Chief Administrative Officer

PAID ARGUMENTS AGAINST PROPOSITION E

No one would argue against a measure that would protect us from nuclear war or peacetime nuclear accidents. If that is what Proposition E was all about, we would give it our full support.

Proposition E is not about a safe world. It is about a new costly bureaucracy that would make it harder for business people, especially small businesses, to get contracts with the City. It is about nine new elected officials — a second Board of Supervisors which we don’t need. It is about $7 million in costs and lost revenue to the City each year.

If Proposition E passes there will be a whole new set of qualifications, a whole new set of procedures and a whole new set of forms to fill out in order to sell products or services to the City. And, if you sell typewriters or computers made by IBM; cars made by GM, Ford or Chrysler; police radios made by Motorola; or even banking services from a bank that also provides banking services to a company that is at all involved in nuclear defense, forget it. The City will find it very difficult if not impossible to buy these products and services.

This measure is simply absurd. There is absolutely nothing in it that makes nuclear materials safer. It would only make life harder and divert our attention from the problems that already face us as citizens, taxpayers and small businesses.

Donald D. Doyle, Acting President, San Francisco Chamber of Commerce
Victor G. Makras
Jim Lazarus, Vice President, S.F. Chamber of Commerce
Mark Buell, Vice President, Southwest Diversified
Richard B. Morten, Group Account Manager

We Republicans agree that there are legitimate environmental concerns regarding the proper handling and disposal of nuclear materials and waste. These nuclear concerns are too serious to be handled at the local level. Any local attempt to do so will result in a new bureaucracy with new, costly reporting requirements. It will require increased taxes in the midst of San Francisco’s budgetary crisis. The proposition will also add to an already negative business climate in the City.

The San Francisco Republican County Central Committee urges you to vote NO on Proposition E!

SECTION 10.100: NAME
This Article of the City Charter shall be known and may be cited as the San Francisco Nuclear Free Zone Implementation Act of 1990.

SECTION 10.101: PURPOSE
The purpose of this Act is to enable the people of San Francisco to contribute to the creation of a peaceful and healthy world by giving substance, meaning and effect to San Francisco's status as a Nuclear Free Zone. Its major provisions will:

A. Prohibit nuclear weapons work within San Francisco (see Section 10.103);
B. Make San Francisco's economy less dependent on spending for nuclear weapons and other armaments by instituting a plan to convert activities that are dependent on such spending to peaceful, productive purposes (Subsection 10.104(B) and Paragraph 10.104(C)(4));
C. Prohibit the government of San Francisco from planning for or cooperating in planning for nuclear war (Section 10.105);
D. Establish a citizens' right to know about nuclear weapons work taking place in San Francisco (Section 10.106);
E. Require the government of San Francisco to minimize its contracts with and investments in the nuclear weapons industry (Sections 10.107 and 10.108);
F. Restrict, monitor and increase public awareness of the transportation and use of hazardous radioactive materials within San Francisco (Sections 10.109 through 10.112);
G. Prohibit nuclear reactors, food irradiation plants and all similar facilities within San Francisco (Section 10.110);
H. Require labeling of irradiated food sold in San Francisco if it is determined that such sales constitute a public health hazard (Section 10.113);
I. Require the development of a peace education program, for the general public and the schools, in order to inform the people of San Francisco about the issues, threats and solutions addressed by this Act (Section 10.114);
J. Establish a Hiroshima/Nuclear Free Zone Commemoration Day marking the first use of a nuclear weapon against a civilian population (Section 10.115); and
K. Create an elected San Francisco Nuclear Free Zone Implementation Commission to administer this Act (Section 10.119).

SECTION 10.102: FINDINGS
The people of San Francisco find and declare that:

A. The nuclear arms race poses an intolerable threat to the earth and its living systems, to humanity in general, and to the people of San Francisco in particular;
B. Due to the annihilation of civilian populations that would result inevitably from any use of nuclear weapons, the very possession of such weapons constitutes violations of international laws such as the United Nations Charter and the Geneva Convention; as treaties which the United States has signed and ratified, each of these should be accorded status under Section VI of the United States Constitution as "the supreme law of the land"; if the world is to avoid nuclear war, the United States government must begin to exercise moral leadership by complying with international law rather than continuing to ignore such law in exchange for short-term political, economic and military advantages;
C. Although San Francisco will be a prime target in the event of a nuclear war, there is no means of protection from the consequences of such a war; the people of San Francisco, especially children, are frightened, depressed and disturbed by having to face such a threat on a daily basis; the San Francisco government can and therefore must act to mitigate this threat;
D. The security requirements accompanying nuclear weapons threaten the civil liberties of the people of San Francisco and restrict the freedom of information necessary to make decisions concerning the future of the community; examples of this are the recent revelations of the forty-year cover-up of environmental problems at the federal government's nuclear weapons production facilities and the ongoing refusal of the Navy to admit the presence of nuclear weapons in San Francisco Bay, which prevents local agencies from making appropriate emergency plans;
E. Threats to use nuclear weapons are an integral part of the foreign policy of the United States; since 1948, this country's leaders have threatened to use nuclear weapons in Europe, the Middle East, Asia and the Caribbean in order to protect military and business interests; the Nuremberg principles hold individuals accountable for crimes against humanity such as would be constituted by use of nuclear weapons; a threat to commit a crime against humanity must be seen in the same light as the crime itself; therefore, the people of San Francisco must act to end this criminal policy that is being carried out in their name, a policy which, if continued, will result in global death and destruction;
F. Nuclear reactors, food irradiation plants, spent fuel reprocessing plants, uranium mines and related facilities form a so-called "nuclear fuel cycle"; in continuing to promote this deadly cycle despite the lack of a safe means for disposing of nuclear waste, the federal government and the government-subsidized nuclear industry ignore the mounting evidence that continuation of such activities will lead to ecological catastrophe; furthermore, each component activity of the nuclear fuel cycle harms the health and safety of its workers and of the residents of surrounding communities;
G. Even if nuclear weapons are never again used, exposure to hazardous radioactive materials continues to cause increased rates of cancer and birth defects; scientific studies have shown definitively that there is no safe level of exposure to radiation; the transportation, storage and handling of nuclear weapons and other hazardous radioactive materials, much of which occurs without the knowledge of local health and safety officials, therefore poses a serious threat to the health and safety of the people and workers of San Francisco;
H. Nuclear reactors pose similar threats of exposure to hazardous radioactive materials, including the threat of catastrophic accidents such as the ones at Three Mile Island and Chernobyl; San Francisco in particular is threatened by the large nuclear reactors on board the Navy vessels that continually travel through San Francisco Bay and by work done on such vessels at the Hunters Point shipyard;
I. Food irradiation is a potentially harmful new technology that has not been properly evaluated and about which there is substantial controversy; food irradiation plants use substantial quantities of hazardous radioactive materials and, moreover, the irradiated food itself undergoes chemical changes that have not been shown to be safe;
J. On the average, a dollar spent for armaments produces less employment than the same dollar spent for civilian purposes; the federal budget's emphasis on arms purchases, including nuclear arms purchases, directly reduces federal funding to local governments for transportation facilities, infrastructure replacement, low-cost housing, health care, education and other essential programs; the nuclear arms race thus deprivates the people and workers of San Francisco of jobs and social services;
K. Local economies that are heavily dependent on arms spending have often suffered because of its unpredictability; it is therefore a matter of self-defense as well as prudent economic planning for San Francisco to push for a change in federal spending priorities while at the same time minimizing local dependence on arms spending; it is furthermore impossible for a community that is substantially dependent on arms spending generally to avoid a degree of dependence on spending for nuclear weapons, thus requiring that planning be undertaken to limit and eventually terminate San Francisco's dependence on both types of spending;
L. The government of San Francisco has a right and a duty to measure the moral and ethical character of its business relations in deciding with whom it will do business; divestment of financial involvement with nuclear weapons makers is an appropriate application of this right;
M. In 1982, the people of San Francisco expressed their strong desire for an end to the nuclear arms race when they voted by a 72% margin for a bilateral freeze on "the testing, production and further development of all nuclear weapons" (Proposition 12); subsequently, in November of 1987, they voted by a 55% margin to approve a ballot initiative declaring San Francisco a Nuclear Free Zone (Proposition U), thereby joining over 160 other Nuclear Free Zones in the United States and more than 4,000 worldwide; notwithstanding that vote, the Board of Supervisors has failed to implement

(Continued on next page)
the 1987 Nuclear Free Zone law, thus leaving it to the voters to enact a binding implementation measure by means of this further ballot initiative;

N. The creation of binding Nuclear Free Zone laws is the best means currently available for local governments to protect their citizens from the numerous harmful effects of the nuclear arms race; furthermore, such laws will help make possible the eventual elimination of all nuclear weapons; and

O. The concerns expressed in this Section thoroughly justify exercising the well-established right of the people of San Francisco to legislate, in the words of the United States Supreme Court, for the "protection of the lives, limbs, health, comfort and quiet of all persons." SECTION 10.103: PROHIBITION OF NUCLEAR WEAPONS WORK

No Person shall knowingly engage, within San Francisco, in Nuclear Weapons Work, except that Nuclear Weapons Work already taking place within San Francisco as of the effective date of this Act shall be phased out over a five (5) year period in accordance with Subsection 10.104(B). (All citations in this Act are, unless otherwise noted, to this Act.)

SECTION 10.104: PEACE CONVERSION

A. Commencing on the effective date of this Act, the relevant City agencies shall assess, under the direction of the Commission, the Nuclear Weapons Work currently being done within San Francisco and the current level of support, if any, provided by the City to Nuclear Weapons Makers. (Said support shall be taken to include, but not be limited to, assistance provided through direct funding, special budgets, provision of police services and other services, or waiver of City service fees.) A report based on said assessment shall be transmitted to the Commission within one hundred eighty (180) days of said date. The Commission shall then hold hearings on the report and, consistent with the purposes of this Act, take action and/or make recommendations for action to the Board. Said report shall be updated every two (2) years and transmitted to the Commission. The Commission shall then hold hearings, take action and/or make further recommendations as appropriate.

B. The City shall act to phase out, within a period ending not later than five (5) years after the effective date of this Act, all Nuclear Weapons Work taking place within San Francisco as of said date. Pursuant to said phase-out, the Commission shall develop, within two (2) years of said date, a Nuclear Weapons Work conversion plan for the cessation, within said five (5) year period, of said Nuclear Weapons Work and for the conversion thereof to peaceful, productive purposes. Said plan shall specifically include, but not be limited to, Nuclear Weapons Work directly undertaken or contracted for by the federal government or any of its agencies, or the state of California or any of its agencies. In developing said plan, the Commission shall involve the broadest possible range of residents of San Francisco, including, but not limited to, organized labor and the employees, whether represented by labor unions or not, who work at the affected installations, and shall ensure that said plan provides for the continuation of the jobs of said employees and, where necessary, for said employees to be retrained for jobs that are at least equivalent in pay and benefits. Any Nuclear Weapons Work continuing after said five (5) year period shall be subject to the sanctions of Subsection 10.116(H).

C. The Treasurer shall develop each year, in cooperation with the Commission, a detailed statement, on a per capita basis as well as in total, of the federal taxes allocated to Military Spending that are paid by the people of San Francisco, shall cause said statement to be published, not less than two (2) weeks but no more than four (4) weeks prior to the public hearing required by Paragraph 10.104(C)(3). In at least four (4) newspapers of general circulation within San Francisco, and shall otherwise work with the Commission to develop further means of disseminating said statement and its contents to the people of San Francisco. Said statement shall specify the portion of Military Spending that is directed to Nuclear Weapons Work. Furthermore, the Commission shall:

1. Provide the formula to be used by the Treasurer in developing the annual statement required by Paragraph 10.104(C)(1); said formula shall be complete and accurate in its assessment of the degree to which the tax dollars of the people of San Francisco are allocated to Military Spending;

2. Notify annually the President of the United States, and other officials as the Commission deems appropriate, of the aforesaid statement and its significance;

3. Hold a public hearing each year, on the Saturday before the federal income tax filing deadline, on the impact of that year’s proposed federal budget on the people of San Francisco, giving particular attention to the relationships between appropriations for Military Spending, including but not limited to appropriations for Nuclear Weapons Work, and funding for social services, education, housing, health, transportation, and other local programs;

4. Develop a peace conversion plan that specifies City economic policies and practices for converting to peaceful production all industries within San Francisco that are wholly or partly dependent on Military Spending, for minimizing the number of plant closings, regionally as well as within San Francisco, that are due to dependency on Military Spending, for cooperating with appropriate agencies as to minimizing other plant closings and for increasing the number of jobs in San Francisco while at the same time reducing the number of jobs that are dependent on Military Spending;

5. On an ongoing basis, make recommendations to the people of San Francisco and to the Board as to actions they may take in assisting in developing and carrying out the peace conversion plan; and

6. Consider the regions adjacent to San Francisco in undertaking its responsibilities under this Subsection.

D. In order to more effectively integrate into City law and practice the divestment and selective purchasing procedures of Sections 10.107 and 10.108, the Commission shall hold hearings and solicit testimony for the purpose of developing and recommending to the Board an overall socially responsible investment and contracting plan consistent with this Act and other relevant City policy. Said plan shall be completed and presented to the Board within two (2) years of the effective date of this Act. The Board shall then schedule at least one (1) public hearing to hear testimony as to the contents of said plan, shall make amendments if and as it sees fit and, not more than three (3) years after said date, shall enact said plan as an ordinance. The Commission shall continue to solicit testimony and hold hearings pursuant to making further recommendations as to said plan. In developing said plan, the Commission and the Board shall pay particular attention to the development of positive alternatives, including, for example, investment and purchasing consortia composed of jurisdictions having socially responsible investment and purchasing policies.

SECTION 10.105: PROHIBITION OF PLANNING FOR NUCLEAR WAR

It shall be unlawful for the City to undertake or cooperate in planning for nuclear war or for any other use of Nuclear Weapons, or in planning to mitigate the anticipated effects of nuclear war or said other use. This Section shall not be construed, however, to bar the City from planning to mitigate the effects of accidents involving Nuclear Weapons.

SECTION 10.106: PUBLIC RIGHT TO KNOW AND ACCESS TO RECORDS

A. The Commission shall hold at least three (3) public hearings, at times chosen to maximize public participation, within one hundred eighty (180) days of the effective date of this Act, and then twice a year thereafter to evaluate and promote compliance with this Act. Within forty-five (45) days after the conclusion of the third such hearing and then after the second of each pair of yearly such hearings, the Commission shall issue to the public a full report on the potential impacts of the activities addressed by this Act and on the City’s progress in implementing this Act. Said reports shall include, among other things, recommendations for additional regulatory or public actions to further the purposes of this Act.

B. Each Nuclear Weapons Maker or other Person engaged in activities prohibited, restricted or scheduled to be prohibited by this Act shall submit to the Commission an annual report that includes a description of the extent and nature of said activities, including, where applicable, the Hazardous Radioactive Materials or Nuclear Weapons Work involved and a description of the steps being taken to terminate or limit, whichever is applicable, said activities. Said description shall include the steps to be taken to provide alternative jobs for employees engaged in said activities who may be displaced as a result of compliance with this Act.

(Continued on next page)
1. Said reports shall be filed with the Commission at least thirty (30) days prior to the public hearings held pursuant to Subsection 10.106(A) and, beginning with the date of filing, shall be available for inspection and copying by members of the public.

2. The Commission shall notify in a timely manner all Persons required to file reports under this Subsection as to all relevant deadlines for reporting and as to all hearings at which they may be required to appear or at which their reports are to be considered.

3. The Commission shall conscientiously seek to identify all Nuclear Weapons Makers or other Persons engaged in activities prohibited, restricted or scheduled to be prohibited by this Act, and shall solicit the participation of the public for such purpose.

4. Activities within the scope of Sections 10.111 and 10.113 and Paragraph 10.104(C)(4) shall be exempt from this Subsection. In addition, where the purposes of this Act would not be served, the Commission may exempt from compliance with this Subsection Persons engaged in minor activities that are within the scope of this Act.

5. The Commission may call upon any Nuclear Weapons Maker, or any other Person engaged in San Francisco activities within the scope of this Act, to provide information, beyond what is required by this Subsection, as needed to keep the people of San Francisco informed about the health, safety and economic consequences of said activities. The Commission may issue a subpoena ad testificandum pursuant to obtaining such information and, in case of a refusal to attend or testify as required under said subpoena, may petition a court of competent jurisdiction for an order to compel attendance or testimony.

C. Each Person operating a Nuclear Weapons Work facility within San Francisco shall post, no later than sixty (60) days after an order to cease has been issued in accordance with Subsection 10.116(H), such a sign, clearly visible to passersby, identifying said facility with the legend "Nuclear Weapons Work Conducted Here." The design and location of said sign shall be approved by the Commission, but the cost of said sign and of its posting shall be borne by said Person. Should said Person fail to post said sign, the City shall post said sign and bill said Person for the cost of said sign and its posting. Notwithstanding that all other provisions of this Act relating to Nuclear Weapons Work shall apply to all Nuclear Weapons Work taking place within San Francisco, regardless of the nature or location of said Nuclear Weapons Work, this Subsection shall not apply to individuals engaged in Nuclear Weapons Work in private homes where said Nuclear Weapons Work is incidental to Nuclear Weapons Work that is primarily conducted at a different location.

D. All hearings, meetings, proceedings, or other discussions of the Commission, or of any committee, task force or other subsidiary body of the Commission, shall be open to the public, as shall the minutes, records of proceedings or documents received or discussed by the Commission or its subsidiary bodies. Access to meetings or documents of the Commission may be restricted only in circumstances authorized by those provisions of the Ralph M. Brown Act (California Government Code Sections 54950 et seq.), or of the California Public Records Act (California Government Code Sections 6250 et seq.), or of any successor legislation to either said act, relating to actual or imminent litigation or to evaluation of an employee of the Commission. No such restriction shall be lawful unless it is first justified in the relevant written notice of meeting by specific identification of the actual or anticipated litigant or by specific identification of the position of the Commission employee to be evaluated. All Commission documents shall be made available for copying by members of the public for the cost of the copies only.

E. The Commission shall hold its meetings, hearings, public hearings, and other proceedings in such places and at such times as are likely to maximize access to said proceedings by as reasonably broad a range of San Francisco residents as possible. To this end, the Commission, among other things, shall hold regular evening meetings at various locations throughout San Francisco.

SECTION 10.107: NUCLEAR WEAPONS-FREE CONTRACTS

A. Except as allowed by Subsections 10.107(B), (E), (F), and (K), the City shall make no Public Contract either with a Nuclear Weapons Maker or for any Product of a Nuclear Weapons Maker. Excepting Paragraph 10.107(I)(4), this Section shall take effect ninety (90) days after the effective date of this Act.

B. Findings of No Reasonable Alternative: 1. The City shall make no Public Contract either with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker unless the Commission first makes a finding, said finding to be known as a Finding of No Reasonable Alternative, that all of the following conditions hold:

a. The proposed Public Contract is vital to the continued orderly conduct of the business of the City.

b. A good faith effort has been made by the Purchasing Agent or Contracting Officer to comply with this Section, and in particular to find and utilize alternatives.

c. Where possible, the Purchasing Agent or Contracting Officer has submitted a realistic written plan for the eventual elimination of said Public Contract and/or any future similar Public Contract.

d. The Purchasing Agent or Contracting Officer has surveyed thoroughly all available alternatives to said Public Contract, has identified to the Commission's satisfaction at least five (5) such alternatives that have been considered and rejected, and the precise reasons therefor, or, where less than five (5) alternatives are found, describes the efforts that were made to search them out, and has shown that no such alternative both meets the specifications for said Public Contract and conforms with Subparagraph 10.107(B)(1)(D).

e. The specifications for said Public Contract have been written so as to maximize the utilization of alternative sources.

f. The utilization of any non-Nuclear Weapons-related source for said Public Contract would increase the cost of said Public Contract by more than five percent (5%), except where said Public Contract is for a "public project" of a dollar amount sufficient to fall within the purview of relevant state law governing said "public project" contracts, to the extent, but only to the extent, that said state law is mandatory in its application to chartered cities, and said utilization would increase the cost of said Public Contract by an amount in excess of that allowed by said state law, and the City has contracted separately for the "supplies and materials" portion of said Public Contract where such separate contracting would result in more complete compliance with this Act.

3. It shall be the direct responsibility of the Purchasing Agent or Contracting Officer to anticipate the need for requests for Findings of No Reasonable Alternative and to provide the Commission with the information necessary to evaluate said requests. The Commission shall not be responsible for the development of information relevant to said requests, except as it may choose or as specifically required by this Section.

C. Identification of Nuclear Weapons Makers:

1. Either the Commission, the Purchasing Agent or a Contracting Officer may identify Nuclear Weapons Makers by means of information on Nuclear Weapons Work contained in the affidavits required by Subsection 10.107(D), refusal to comply with the requirements for said affidavits, or information contained in the Contracting Data Base specified in Subsection 10.107(I).

2. Immediately upon receipt of a affidavit, the Purchasing Agent or Contracting Officer (Continued on next page)
shall forward a copy of same to the Commission for verification. Failing objection by the Commission within fourteen (14) days of receipt by it of said copy, an otherwise complete affidavit shall be considered final proof, for the Public Contract under consideration, as to whether the Vendor is a Nuclear Weapons Maker. Except as allowed by Subsections 10.107(E), (F) and (K), no Public Contract shall be executed before the fourteen (14) day verification period has expired.

3. If the Commission, the Purchasing Agent or a Contracting Officer challenges an affidavit, based on identification of the affiant Vendor thereto, or the source of a Product named therein, as a Nuclear Weapons Maker, through information contained in the Contracting Data Base specified in Subsection 10.107(J), said Vendor shall be notified of said identification and of said information; said Vendor shall be further notified that it may be prohibited from obtaining Public Contracts therefrom and that it may appeal said identification to the Commission within fourteen (14) days in accordance with this Paragraph and Paragraph 10.107(C)(4). Failing an appeal, said identification shall be deemed final for the affected Public Contract.

4. Within thirty (30) days of receipt of such an appeal, the Commission shall hold a hearing at which the affected Vendor shall be accorded due process, including the right to counsel and the right to present evidence opposing the Commission’s finding. Within seven (7) days following said hearing, the Commission shall make a final determination as to whether the Vendor is a Nuclear Weapons Maker.

5. The appeal and hearing procedures of Paragraphs 10.107(C)(3) and (4) shall not apply to a Vendor of a Product of a Nuclear Weapons Maker where it has been determined that said Vendor is not a Nuclear Weapons Maker, or is a Nuclear Weapons Maker but seeks to provide the City with the Product of another Nuclear Weapons Maker.

6. A Person shall be deemed to be a Nuclear Weapons Maker if it is determined that said Person is controlled or influenced by two (2) or more Nuclear Weapons Makers acting in a unified manner, the same degree of control or influence would result as if said Person were the Affiliate of a single Nuclear Weapons Maker.

7. When a determination as to whether a Person is a Nuclear Weapons Maker is dependent upon whether said Person is an Affiliate of a second Person or Persons), the Commission shall use its best judgement in making said determination according to the definition of Affiliate contained in Subsection 10.121(B).

8. If such is consistent with furthering the purposes of this Act, the Commission may add to refine the definition of Affiliate, either for a specific industry or more generally.

D. Affidavits and Related Requirements:

1. No Public Contract shall be made without first obtaining from each Vendor that is party thereto an affidavit containing at least the following:

a. Identifying information, including, but not necessarily limited to, name, address and Affiliates, if any.

b. A listing of all work done under prime contract and/or subcontract with or for the Department of Defense, the Department of Energy or any other federal agency, or indirectly with or through any other contractor or other Person, that may constitute Nuclear Weapons Work as defined in this Act.

c. Where the proposed Public Contract involves a Product, the source of the Product and, where said Product is not solely manufactured, produced and/or grown by said Vendor, an affirmation as to whether said Product is, to the best knowledge of said Vendor, wholly or partly the Product of a Nuclear Weapons Maker.

d. A notarized affirmation, under penalty of perjury, that the Person (or, if necessary for completeness of information, Persons) making said affidavit swears to the completeness and accuracy of the information therein, and that said Person (or Persons) is (are) qualified to so swear.

e. An affirmation that said Vendor will notify the City promptly if said Vendor becomes a Nuclear Weapons Maker during the effective period of any Public Contract made in reliance upon said affidavit.

f. Such further statements or information as the Commission or the Purchasing Agent may deem necessary or appropriate to accomplish the purposes of this Act.

g. An affirmation that said Vendor understands that it is making said affidavit under penalty of perjury and under penalty of the sanctions of Paragraph 10.107(D)(7).

2. The Commission shall develop, in consultation with the Purchasing Agent and consistent with this Section, the form for the aforesaid affidavit, and may develop additional affidavit forms with simplified requirements for making Public Contracts in amounts of less than five hundred dollars ($500.00) or with small businesses, as such are defined in the relevant laws of the City, where the full affidavit requirements may constitute an undue burden. The Commission may direct, after consultation with the Purchasing Agent, the modification of City purchase order forms as an alternative means of soliciting the required information.

3. The affidavit form shall contain a general statement as to the purposes of this Act and as to the policy and intent of the City thereunder, shall state that the aim of this Act is, in part, to ensure that Public Contracts in no way enrich or benefit Nuclear Weapons Makers, and to that end that the City does not unwittingly purchase the Products of Nuclear Weapons Makers, and shall specifically encourage a Person that is barred from doing business with the City because of said Person’s relationship with Nuclear Weapons Work to requalify for City business by terminating said relationship.

4. In making the affirmation required by Subparagraph 10.107(D)(1)(c), a Vendor shall not be required, and the affidavit shall so state, to make inquiry beyond what is normally made in the course of said Vendor’s business, except that the Commission may require said Vendor to make such inquiry in light of information contained in the listing developed in accordance with Paragraph 10.107(D)(3). Even where said Vendor is not itself a Nuclear Weapons Maker, it shall, except as otherwise allowed by this Section, not receive said Public Contract where its response in the affidavit indicates that the Product it intends to provide to the City is wholly or partly the Product of a Nuclear Weapons Maker. Such a response shall in no case prejudice, however, and the form for the affidavit shall so state, any other Public Contract said Vendor may seek to make in the future, nor shall it prejudice the provision by said Vendor, under the terms of the Public Contract at issue, any other Product not originating with a Nuclear Weapons Maker.

5. In order to facilitate the application of Paragraph 10.107(B)(2), the Commission and the Purchasing Agent shall develop jointly, and periodically update, a list, which shall be as complete as is feasible, of Nuclear Weapons Makers and their Affiliates, Products and brand names. Said listing shall be available to the public and, in particular, to all Persons interested in contracting with the City in order to assist them in complying with this Section, shall be maintained for easy public access and may be combined to the extent practicable with the Contracting Data Base specified in Subsection 10.107(J).

6. As soon as a completed affidavit is received by the City, a copy thereof shall be forwarded to the Commission and retained on file for its use. A duplicate of said file shall be maintained for examination and copying by the public.

7. Notwithstanding that an affidavit must be received and verified by the Commission in order for the relevant Public Contract to be made, if an existing Vendor wishes to make a new Public Contract, an affidavit made for a previous Public Contract may be taken to serve in place of a new affidavit, to the extent the information contained in the previous affidavit is applicable to the new Public Contract, provided said Vendor affirms in writing that the information therein remains true and complete.

8. Completion of the affidavit(s) specified in this Subsection shall constitute a material condition for the acceptance of the relevant bid or for the execution of the relevant Public Contract. This Act shall be incorporated by reference into all Public Contracts. Any Public Contracts made, or any bids submitted or accepted, in a manner contrary to that required by this Section shall therefore be void for all purposes.

9. Whenever an affidavit has been submitted to the City and has been found, after an investigation by the Commission, or by the Purchasing Agent or a Contracting Officer, to be false, the Commission may impose such sanctions or take such other actions as it sees fit to ensure compliance with this Section. Such actions or sanctions may include, but are not limited to, refusal to certify the award of a Public Contract, suspension or rescission of a Public Contract, with-
holding of Public Funds, revision of a Public Contract based upon a material breach of said Public Contract, said breach pertaining to statements made in the affidavit, and disqualification of a Vendor from eligibility for doing business with the City for a period not to exceed five (5) years, with a right to review and reconsideration before the Commission after two (2) years upon a demonstration by said Vendor that corrective action has been taken and that violations are unlikely to reoccur.

10. Except as allowed by Paragraph 10.107(D)(9), this Section shall not be construed to prejudice the subsequent status of a Vendor that has been excluded from doing business with the City under this Section and that has subsequently terminated all involvement in Nuclear Weapons Work.

11. The Commission shall develop forms for letters to be sent to all Vendors and potential Vendors that it identifies as Nuclear Weapons Makers or providers of the Products of Nuclear Weapons Makers, in order to encourage said Vendors to cease engaging in Nuclear Weapons Work or providing the Products of Nuclear Weapons Makers, and to encourage them to engage instead in peaceful, productive business activities.

E. For a Public Contract of an amount less than five hundred dollars ($500.00), or where the Purchasing Agent or Contracting Officer shows that there is only one (1) possible source for a Public Contract, a Finding of No Reasonable Alternative as specified by Subsection 10.107(B) shall not be required. Instead, the Purchasing Agent or Contracting Officer shall inform the Commission in writing of said Public Contract no later than at the next regular meeting of the Commission after the Purchasing Agent or Contracting Officer has determined that it is necessary for said Public Contract, shall provide the Commission with information equivalent to that required by Subparagraphs 10.107(B)(1)(a) through (g), and shall be prepared to justify, at the request of the Commission, the execution of said Public Contract. It shall be unlawful to seek to avoid compliance with the other parts of this Section by means of subdividing or otherwise reducing to smaller separate amounts Public Contracts that would otherwise be subject to said parts.

F. Where the Purchasing Agent or a Contracting Agent affirms in writing to the Commission that, to the best of his or her knowledge and belief, a proposed Public Contract is not with a Nuclear Weapons Maker or for the Product of a Nuclear Weapons Maker, that the relevant affidavit (or affidavits) required by Subsection 10.107(D) is (are) true and complete, that the fourteen (14) day period required under Paragraph 10.107(C)(2) for Commission verification will create a substantial detriment to the City, and that said Public Contract can be executed in a manner otherwise consistent with this Section, then the Purchasing Agent or Contracting Agent may execute said Public Contract before said period has ended.

G. In the case of a Public Contract authorized under Subsections 10.107(B) or (F), where the Commission determines that said Public Contract has been made in violation of this Section, the Commission may require that any similar future Public Contract with the same Vendor be made in accordance with Paragraph 10.107(D)(1).

H. The Purchasing Agent and Contracting Officers shall work with the Commission to develop non-Nuclear Weapons-related sources for Public Contracts and to anticipate future needs for same so as to minimize the need for the Findings of No Reasonable Alternative allowed by Paragraph 10.107(B)(1). In this regard, emphasis shall be given first to the development of sources within San Francisco and then to the development of sources within other Nuclear Free Zone jurisdictions.

I. The Purchasing Agent shall:

1. Cooperate fully with the Commission as necessary for the expeditious and complete implementation of this Section;

2. Report to the Commission semi-annually as to the status of City Nuclear Weapons-free contracting, or more frequently as necessary to further the expeditious implementation of this Section; the first such report shall be transmitted to the Commission within one hundred eighty (180) days of the effective date of this Section; said reports shall contain a listing of Public Contracts that were executed during the six (6) months prior to the date of the report and a listing of Public Contracts made by Contracting Officers or that were otherwise not directly administered by the Purchasing Agent;

3. In order to share information about Nuclear Weapons-free sources for said contracting, develop and maintain contacts with purchasing departments in other jurisdictions that have Nuclear Weapons-free contracting requirements similar to those of the City; and 4. Commencing within thirty (30) days after the effective date of this Act, provide written material to Vendors informing them of City contracting policy as established by this Act such that all Vendors, and particularly those Vendors seeking to provide the City with Products originating with another Person, are made aware of potential effects upon their present and possible future Public Contracts.

J. The Commission and the Purchasing Agent shall jointly establish and maintain a publicly accessible Contracting Data Base, which shall be used to screen Public Contracts as to their compliance with this Section and to assist in the identification of Nuclear Weapons-free contract sources. The Contracting Data Base shall consist of the most current information available and shall be developed from both primary and secondary sources, including reports of contracts with federal agencies known to let contracts for Nuclear Weapons Work (including, but not limited to, the Department of Defense and the Department of Energy), information obtained from other jurisdictions with Nuclear Weapons-free contracting requirements, and such other information, both governmental and private, that the Commission or the Purchasing Agent considers useful in complying with this Section. All information contained in the Contracting Data Base shall be fully documented and specific as to its source.

K. The parts of this Section that may have the effect of delaying the making of Public Contracts may be temporarily suspended by the Board for the duration of a declared state of emergency within San Francisco upon certification by said Board that such suspension is essential to the protection of life and property during said state of emergency.

SECTION 10.108: NUCLEAR WEAPONS-FREE INVESTMENTS

A. The City shall minimize, as a matter of policy and consistent with the other provisions of this Section, its involvement with financial institutions that make Loans to, or provide other financial services to, any Nuclear Weapons Maker. In addition, consistent with said policy, other relevant City policies, and accepted standards of prudent financial management, the City shall give preference in its financial dealings to financial institutions that have the least involvement with Nuclear Weapons Makers and especially to those that minimize or, preferably, bar such involvement as a matter of policy.

B. Commencing within sixty (60) days after the effective date of this Act, the City shall make no new investments in Nuclear Weapons Makers, except as provided by Subsection 10.108(E). Within one hundred eighty (180) days after said date, the City shall divest itself of all such investments held or controlled by it, including all funds invested by the City on behalf of other Persons, except as provided by Paragraph 10.108(E)(3).

C. Public Funds invested or deposited with a financial institution or other Person shall not in turn be invested by said Person in Nuclear Weapons Makers or in any other fashion that would constitute a violation of this Section. This Act, prior to investing said Public Funds, the City shall obtain an affidavit from said Person affirming that said Person pledges not to invest said Public Funds in violation of this Section.

1. Failure on the part of said Person to execute said affidavit shall bar said Person from receiving said Public Funds for investment or deposit.

2. The Treasurer shall develop, subject to Commission approval, the form for said affidavits, taking into account that said affidavit shall contain, to the extent applicable, substantially the same information and statements as the affidavit required by Subsection 10.107(D), except that additional information may be required as appropriate to this Section and in particular as appropriate to the investment policy specified in Section 10.108(A).

D. If Public Funds have been deposited or invested with a financial institution or other Person that subsequently violates this Section, the Treasurer shall withdraw or direct said Public Funds within one hundred eighty (180) days of the date of determination of the violation or, where the exception specified by Paragraph (Continued on next page)
LEGAL TEXT OF PROPOSITION E (Continued)

10.108(E)(2) applies, upon the earliest possible maturity date.
E. Exceptions:
1. Investments in federal financial instruments that are wholly or partly sold to finance Nuclear Weapons Work, including but not necessarily limited to United States Treasury bills, notes and bonds, shall be made by the City only when necessary to avoid substantial financial losses and only during a sixty (60) day period following enactment of a resolution of the Commission specifically permitting said investments. Said resolution shall be considered for enactment only upon written request of the Treasurer detailing the necessity for said investments in support of this Section. Said investments shall not normally be made, shall be kept to the minimum necessary to avoid financial losses, shall be terminated as quickly as practicable and shall constitute no more than twenty percent (20%) of the total City investment portfolio. The Commission shall, on an ongoing basis, solicit testimony, hold hearings and advise the Treasurer as to investment alternatives to said instruments.
2. The diversion of Public Funds that are invested under an already existing trust indenture or investment agreement, or that are otherwise invested by the City under an already existing contractual obligation that cannot be broken without substantial penalty, shall not be required within the one hundred eighty (180) day period specified by Subsection 10.108(B), except that said Public Funds, if invested in a financial institution or other Person which has not or is unable to file the affidavit required by Subsection 10.108(C), shall be withdrawn or divested at the earliest possible maturity date.
F. Investments in financial instruments issued or guaranteed by agencies of the federal government where said agencies are not themselves engaged in Nuclear Weapons Work and where the proceeds of said financial instruments are not used to finance Nuclear Weapons Work shall not be restricted by this Section.
G. A Public Contract for financial services not involving the investment, deposit or other actual transfer of Public Funds shall be subject to Section 10.107 rather than this Section.
H. The Treasurer shall report to the Commission on a semi-annual basis as to the status and progress of divestment, or more frequently as necessary to further the expeditious implementation of this Section. The first such report shall be made within two hundred ten (210) days of the effective date of this Act.
I. No provision of this Section shall be construed to prejudice the status of any financial institution or other Person that has been excluded under this Section from consideration for investment or deposit of Public Funds where said Person has subsequently requalified for said investment or deposit, except where said Person has been excluded because of a knowing violation of this Section.
J. The process used under Subsection 10.107(C) to determine whether a Person is a Nuclear Weapons Maker shall also be used, to the extent applicable, for such determinations under this Section, except that the Treasurer shall have the authority and duties granted by Subsection 10.107(C) to the Purchasing Agent and Contracting Officers.
SECTION 10.109: TRANSPORT OF HAZARDOUS RADIOACTIVE MATERIALS
A. Transport, within San Francisco, of High-Level Hazardous Radioactive Materials, including but not limited to High-Level Hazardous Radioactive Materials contained in Nuclear Weapons, or of other Hazardous Radioactive Materials in shipment quantities of five thousand (5,000) or more curies, shall be subject to the following requirements:
1. Any Person with the intention of carrying out said Transport shall notify the City, at least forty-five (45) days prior to each instance of said Transport, as to said intention for review under this Section. Said Person shall provide the City with a report of all the routes said Person has considered for said Transport. Said report shall state where the preferred route or routes within San Francisco is (or are) essential to the movement of the particular Hazardous Radioactive Materials pursuant to relevant federal law, United States Department of Transportation regulations, relevant state law and regulations, and other relevant laws or regulations of the City. Said report, along with such documentation as the City may require, shall be submitted with the filing of notice. Said documentation shall include written proof that said Person is able, through proper insurance or by means of a bond posted with the City, to pay the amount and fulfill any other requirements of said insurance or bond, said amount and other requirements to be established by the City, so as to fully reimburse the City, and any affected businesses and residents, for all costs and damages resulting from a worst-case accident involving the type and quantity of Hazardous Radioactive Materials proposed for said Transport.
2. Each notice received in compliance with Paragraph 10.109(A)(1) shall be transmitted to the Commission along with an assessment by the appropriate City agency of the attached report and documentation. The Commission shall then convene at least one (1) public hearing with at least fourteen (14) days advance notice by press release, public service announcements over radio and television, and by other appropriate means, such that maximum public participation is ensured. After hearing public testimony, the Commission shall determine the safest route and means for said Transport and shall authorize the appropriate City and County agency to issue the necessary permit. Following selection and approval of said route and means, the City shall give at least fifteen (15) days advance public notice of the selected route(s). Said notice shall include publication in at least one (1) newspaper of general circulation. The aforesaid Person shall affix, at its own expense, warning signs, if applicable, along said route(s) so as to allow residents to avoid same if they so choose, and shall provide an emergency phone number to report accidents. The aforesaid public hearings shall be consolidated whenever possible to include multiple proposed shipments.
3. Each vehicle involved in said Transport shall bear, where applicable to the means of Transport, signs warning "Transport of Hazardous Radioactive Materials" clearly visible for at least two hundred fifty (250) feet and, where applicable to the type of said vehicle, shall have its headlights on at all times while in transit within San Francisco.
4. A vehicle engaged in said Transport through San Francisco via a surface route shall be immediately preceded by a City law enforcement escort vehicle and, where the vehicle engaged in said Transport contains "special nuclear material," as said material is defined by relevant federal laws and regulations, then it shall be immediately preceded by a City emergency vehicle carrying all proper equipment and personnel necessary to respond effectively to an incident involving release of said material.
5. Fees to reimburse the City for the costs of enforcing this Section shall be assessed against the aforesaid Person. Said fees shall be in addition to any fees imposed under the authority of Subsection 10.116(E).
B. It shall be unlawful to Transport through the Port of San Francisco spent nuclear fuel, plutonium in any form, or Hazardous Radioactive Materials classified as "Fissile III" under the applicable federal regulations in effect as of the effective date of this Act. Furthermore, the Port Commission of the City shall issue no permit to dock or otherwise utilize a facility of the Port of San Francisco to a vessel having Nuclear Reactors or to a vessel normally considered capable of carrying Nuclear Weapons, except where, in the case of a Nuclear Weapons-capable vessel that does not have Nuclear Reactors, said Port Commission has received official written assurance, at least ten (10) days in advance of the anticipated docking date of said vessel, that said vessel will not have Nuclear Weapons on board during its time in port in San Francisco. Said Port Commission shall utilize such independent means of verification as may be necessary to ensure full compliance with this Subsection.
C. It shall be unlawful to Transport through San Francisco International Airport spent nuclear fuel, plutonium in any form, or other Hazardous Radioactive Materials classified as "Fissile II" or "Fissile III" under the applicable federal regulations in effect as of the effective date of this Act.
D. Federal and state laws and regulations regarding Transport of Hazardous Radioactive Materials are hereby incorporated into this Act by reference. A violation of said laws and regulations shall be punishable as a violation of this Act. The Board shall ensure that City law enforcement officers are informed of and enforce said laws and regulations.
E. Where it finds such to be necessary for the proper maintenance of public health and safety or for the safeguarding of the economic wellbeing of the people of San Francisco, the Commission may apply Subsection 10.109(A) to the
and make recommendations to the Commission as to measures to reduce the impact of same on the health and safety of the people of San Francisco.

SECTION 10.112: RADIOLOGICAL HEALTH MONITORING

A. The Board shall designate a City agency to coordinate the independent monitoring of the use and Transport of all Hazardous Radioactive Materials, including Nuclear Weapons, within or adjacent to San Francisco. Said monitoring shall include the use of Radiation detectors to monitor, both directly and by atmospheric sampling, facilities engaged in such activities. All other City agencies responsible for the maintenance of public health and safety shall cooperate with said designated agency in assessing the adequacy of the safety and notice provisions of Sections 10.109, 10.110, 10.111, and 10.113, and of other relevant City laws and regulations, with respect to any and all affected activities taking place within San Francisco, instituting corrective measures, including the development of emergency plans, as may be necessary to accomplish the purposes of this Act, and reporting annually to the Board and to the Commission as to compliance with said provisions, laws and regulations. Said agency shall coordinate its activities with agencies having similar responsibilities in cities, counties and other appropriate jurisdictions in the region adjacent to San Francisco.

B. The Commission shall seek funding for studies, to be undertaken at no cost to the City, on the impact that radiological operations conducted in and around San Francisco have had and continue to have on the health of the residents of areas adjacent to said operations, and on the general impact of said operations on the environment of San Francisco. The subjects of said studies shall include, but not be limited to, the operation of the Navy Radiological Laboratory at Hunters Point Naval Shipyard, the decontamination of nuclear test target and observation vessels at Hunters Point Naval Shipyard from 1946 through 1962, the disposal of radioactive waste near the Farrallone Islands from 1946 through 1972, and the repair at Hunters Point Naval Shipyard of vessels carrying Nuclear Reactors.

SECTION 10.113: IRRADIATED FOOD LABELING

A. Subsections 10.113(B), (C) and (D) shall be enforced if and only if the Commission determines by a vote of at least two-thirds (2/3)rd of the importation of Irradiated Food into San Francisco and its distribution for consumption therein, is occurring to such an extent that a public health hazard is constituted thereby. The Commission may at its discretion subsequently hold in abeyance enforcement of any or all of the provisions of Subsections 10.113(B) and (C) if it determines by a majority vote that said hazard has ceased or become insignificant. The City agency designated to coordinate radiological health monitoring in accordance with Section 10.112(A) shall monitor any importation of Irradiated Food into San Francisco and its distribution for consumption therein, ensure that the Commission is kept informed of the status of said importation and distribution, and advise the Commission as to when said importation and distribution may constitute a public health hazard.

B. Irradiated Food Notices and Signs:

1. No Food Outlet within San Francisco shall distribute Irradiated Food unless said Irradiated Food is displayed with a prominent notice in the form of a label, tag or sign, said notice to read, "Irradiated Food: Treated With Radiation."

2. Notice shall also identify the Irradiated Food to which it applies and shall be attached, as appropriate to said Irradiated Food, to shelves, displays, individual containers, menus, price display boards, or in other ways, but in any case so as to be prominently visible to the consumer. The City shall make available to all affected Food Outlets so that desire shall signs to serve as said notices. Other types of said notice shall be supplied by said Food Outlets themselves, except that the design of said other types shall be subject to approval by the City.

3. All Food Outlets within San Francisco shall post and maintain signs detailing the concerns and requirements of this Section, including, but not necessarily limited to, a description of the form of the notices required by Paragraph 10.113(B)(1), the requirements of Paragraph 10.113(C)(1), the number of the Hotline required by Paragraph 10.113(C)(2), and a statement to the effect that all Persons having knowledge of Irradiated Food being provided in violation of this Section should inform the City by calling said Hotline. Said signs shall be no less than one (1) foot by two (2) feet in size, shall be posted in a prominently visible location, and shall be supplied to Food Outlets by the City.

5. A Food Outlet shall become exempt from Paragraphs 10.113(B)(1) and (2) if and when the proprietor thereof files a notarized affidavit with the City to the effect that said Food Outlet does not to her or his knowledge, and will never with her or his knowledge, stock or distribute Irradiated Food, that she or he will immediately and always remove from said Food Outlet any Irradiated Food found therein, and that said Food Outlet shall remain so exempt only so long as said proprietor acts in accordance with said affidavit. Upon said Food Outlet having been so exempted, said proprietor shall provide, post and maintain therein, in a location prominently visible to the public, a sign giving notice that said Food Outlet is so exempt and listing the conditions therefor as stated in this Paragraph. The design and exact wording of said sign shall be subject to approval by the City.

The notices and signs required by this Subsection shall be posted within sixty (60) days after the Commission has acted in accordance with Subsection 10.113(A) to initiate enforcement of this Subsection and Subsections 10.113(C) and (D). The locations of said signs and notices shall be subject to the approval of the City.

C. Implementation:

1. The City shall seek to identify on an ongoing basis.
LEGAL TEXT OF PROPOSITION E (Continued)

ing basis all Irradiated Foods available to Food Outlets within San Francisco, shall maintain a list of such Irradiated Foods as are known to it, and shall, from time to time as said list changes, disseminate said list to the proprietors of said Food Outlets. Said proprietors, as in the normal course of business they become aware of items of Irradiated Food not then on said list, shall post notices on or near said items in the manner prescribed by Paragraph 10.113(B)(1) and immediately inform the City as to the presence within San Francisco of said Irradiated Food.

2. An Irradiated Food Hotline shall be established and maintained by the City, and shall be available for Persons to call in order to obtain information as to the requirements of this Section or to receive from Persons information as to alleged violations of this Section. Said Hotline shall be placed into operation within thirty (30) days after the Commission has acted to require enforcement of this Subsection and Subsections 10.113(B) and (D).

D. Enforcement:

1. During periods when this Subsection and Subsections 10.113(B) and (C) are enforced, the Commission shall hold hearings annually, or more often as necessary to the proper implementation of said Subsections, to assess the adequacy of the implementation and enforcement of said Subsections, to maximize public awareness, and to develop specific proposals for further action.

2. Notwithstanding any other provision of this Act, violations of Subsections 10.113(B) and (C) shall be treated in the same manner as violations of the California Uniform Retail Food Facilities Law (California Health and Safety Code Sections 27500 et seq.).

3. Any interested Person may seek, by action of a court of competent jurisdiction, an injunction or other order requiring that Subsections 10.113(B) and (C) be enforced with respect to a particular Food. Said injunction or order may be directed to the City, or to any owner, manager or proprietor of any Food Outlet found to be in violation.

SECTION 10.114: PEACE EDUCATION

A. The Commission shall develop, in cooperation with other City agencies, literature and other relevant materials for the purpose of disseminating to the people of San Francisco information about this Act and its purposes, including the issues, threats, and solutions addressed by this Act, and in particular it shall develop and disseminate information allowing San Francisco residents to make specifically non-Nuclear Weapons-related as well as overall socially responsible investment and purchasing choices consistent with the plan developed in accordance with Subsection 10.104(D).

B. Every road, including interstate highways, entering San Francisco, and every other major transportation facility, which, as of the effective date of this Act, has a sign marking the San Francisco City limit or a similar sign indicating entry into San Francisco, or where a new San Francisco City limit sign or similar sign is emplaced subsequent to said date, shall also be marked with a sign, of at least equal size, reading “Nuclear Free Zone, established by San Francisco Initiative Charter Amendment, 1990,” and prominently displaying the standard yellow and black symbol for Radiation canceled with a red circle and red diagonal bar. The letters spelling out “Nuclear Free Zone” on said signs shall be at least five (5) inches in height, or proportionally larger in the case of signs larger than the two (2) foot by three (3) foot minimum size, and the required symbol shall be at least fifteen (15) inches in diameter, or proportionally larger in the case of larger signs. Said signs shall be posted within one hundred twenty (120) days of said date, shall be at least two (2) feet by three (3) feet in size and shall be maintained with at least the same standard of care as San Francisco City limit signs. Such signs shall also be prominently posted at the main entrance to major City office buildings, in the Board chambers, in the offices of the Mayor and the Chief Administrative Officer, in each of the terminals of the San Francisco International Airport, and in each major transportation facility through which large numbers of people enter San Francisco, including, but not limited to, Bay Area Rapid Transit (BART) stations, the Transbay Terminal, the Caltrain station and the Ferry Building.

C. The Commission shall establish one (1) or more working committees for the purpose of developing peace curricula suitable for use by all schools within San Francisco. In establishing said committees as well as otherwise complying with this Subsection, the Commission shall solicit the participation of students, teachers and members of the public from each school district within San Francisco, and in particular shall cooperate with the San Francisco Board of Education and the San Francisco Community College District Board. Said curricula shall:

1. Emphasize not only peaceful goals but peaceful processes, with an emphasis on teaching peaceful means of interaction through cooperative education, conflict resolution and critical thinking;

2. Address peace-related issues on the macroscopic level of the mechanisms, causes and consequences of global violence and militarism, and on the microscopic level of attitudes and patterns of behavior in daily life that form larger societal patterns of response that in turn can result in such global problems;

3. Emphasize that cooperation and understanding among diverse cultures is essential to world peace;

4. Seek to develop in students an awareness of their relationship to the formation of public policy and, as befits citizens in a democracy, of their capability to effect the formation of public policy;

5. Include all schools within San Francisco, public and private, at the preschool, elementary school, junior high school, high school, community college, college and university levels;

6. Include the development of peace-related courses that can be taken for credit, as well as essay and art workshops, including workshops to create posters suitable for publication and distribution to the public by the Commission, conducted so as to foster both awareness of peace-related issues and proper use of the principles of peaceful interaction; and

7. Include discussion of the issues, threats and solutions addressed by this Act.

D. The Commission shall designate, within one hundred twenty (120) days of the effective date of this Act, an appropriate San Francisco park as the “San Francisco Peace Park.” Said park shall be suitable for Hiroshima/Nuclear Free Zone Commemoration Day observances as well as other activities relating to peace education.

SECTION 10.115: HIROSHIMA/NUCLEAR FREE ZONE COMMEMORATION DAY

August 6th of each year shall be “San Francisco Hiroshima/Nuclear Free Zone Commemoration Day” and shall be observed within San Francisco each year in memory of the first use of a Nuclear Weapon against a civilian population. The Commission shall develop and promote a suitable educational program to take place each year in relation to said day. Said educational program shall involve to the greatest extent possible local, national, and international cooperation with other jurisdictions and citizen groups holding similar observances.

SECTION 10.116: GENERAL ENFORCEMENT PROVISIONS

A. The Board, the Commission and all other City agencies and officials having responsibility for implementation and enforcement of this Act shall protect the legal rights, including, but not limited to, the right to due process, of all Persons subject to this Act.

B. This Act shall be enforced to the full extent of the authority and jurisdiction of the City. The act of contesting said authority and/or jurisdiction shall not constitute, in and of itself, grounds for exemption from this Act.

C. Each violation of this Act shall be punishable by the maximum penalty for a misdemeanor. Each day shall be deemed a separate violation.

D. Any resident of San Francisco shall have the right to enforce this Act by bringing civil action for declaratory or injunctive relief. A prevailing plaintiff shall be awarded reasonable costs of suit and attorney’s fees.

E. The Commission shall recommend to the Board, which then may direct the assessment of, appropriate and reasonable fees toward the implementation of this Act, said fees to be levied on Nuclear Weapons Makers or other Persons engaged in major activities within the scope of this Act.

F. It shall be unlawful for an employee, official, or representative of the City, when acting in her or his official capacity, to solicit, encourage, facilitate or otherwise cooperate in, an activity proscribed or scheduled to be proscribed by this Act, or to expend, utilize or authorize the expenditure or utilization of Public Funds, property, employees or other resources in support of said activity or in support of the arrest, incarceration or harassment of members of the public engaged in non-violent civil disobedience intended to impede or disrupt Nuclear

(Continued on next page)
Weapons Work.

G. The provisions of this Act relating to Nuclear Weapons Work shall not be construed to prohibit or otherwise affect Public Contracts with, investments in, or any activities otherwise permitted by this Act of any agency or branch of government, provided the Commission finds that said agency or branch is not itself engaged in Nuclear Weapons Work and is administratively distinguishable from any parent governmental entity thereof that is involved in Nuclear Weapons Work.

H. Where the Commission has determined that a Person is engaged in Nuclear Weapons Work or other activity in violation of this Act, it shall order said Person to terminate said activity. Failure of said Person to comply within sixty (60) days of its receipt of said order shall be cause for revocation of said Person’s business license, should such exist, and with prosecution to the full extent of City police powers. Furthermore, the Commission may respond to said failure to comply by recommending to the Board such further sanctions as may be necessary to ensure compliance with said order to cease or by recommending to the public that it cease cooperating with the unlawful activities of said Person.

SECTION 10.117: MANDATE TO OTHER JURISDICTIONS

The Board shall transmit to the relevant elected representatives, legislative bodies, institutions and officials, immediately after the effective date of this Act, written notification as to the following:

A. The people of San Francisco call upon the United States Department of Energy to cease its Nuclear Weapons Work at Lawrence Livermore National Laboratory and Sandia Laboratory in Alameda County, and further call upon the United States Congress to compel the Department of Energy to put an end to said Nuclear Weapons Work.

B. The people of San Francisco call upon the Regents of the University of California to immediately terminate their management of Lawrence Livermore National Laboratory and Los Alamos National Laboratory, and to act to convert the conventional weapons research activities at the San Francisco and Berkeley campuses to peaceful, productive activities that are more suitable to institutions of higher learning, and further call upon the California Legislature to compel the Regents to put an end to their involvement in such Nuclear Weapons Work and conventional weapons research.

C. The people of San Francisco call upon the legislative bodies of all other jurisdictions representing all or part of San Francisco, and all managers of autonomous pension funds or other investment funds of these or any other relevant agencies, to examine the provisions of this Act and implement said provisions within their respective jurisdictions as applicable.

D. The people of San Francisco call upon all institutions of education operating within San Francisco to adopt peace curricula consistent with the purposes of this Act.

E. It shall be the policy of the City to oppose actively the development, deployment, and use of Nuclear Weapons and other aspects of the nuclear fuel cycle as proscribed by this Act. The people of San Francisco therefore call upon San Francisco’s representatives in the United States Congress and in the California Legislature to take positions and cast votes consistent with said policy and this Act generally.

F. The people of San Francisco call upon the United States Congress to repeal the Price-Anderson Act, which severely limits the nuclear industry’s liability for damages arising from its own shortsightedness, greed and incompetence, and to properly establish and then protect the right of all Persons to sue and obtain full compensation for damages arising from exposure, accidental or intentional, to Radiation or Hazardous Radioactive Materials.

SECTION 10.118: DUTIES OF BOARD OF SUPERVISORS

In addition to its duties as specified elsewhere in this Act, the Board shall:

A. Appropriate such funds as may be necessary to ensure that the Commission’s staff has sufficient compensation and office space, that the Commission is able to properly carry out its responsibilities under this Act, and that other City officials and staff are able to carry out properly their responsibilities under this Act;

B. Ensure that all affected members of the City staff are familiar with this Act and that they cooperate with the Commission in the discharge of its responsibilities;

C. Require that any state-level and federal-level lobbyists retained by the City cooperate with the Commission in developing a lobbying program consistent with the purposes of this Act; and

D. Until such time as the Commission takes office, act in its place, carry out its duties and exercise its powers as required by this Act.

SECTION 10.119: NUCLEAR FREE ZONE IMPLEMENTATION COMMISSION

A. A San Francisco Nuclear Freeze Zone Implementation Commission of nine (9) members shall be established for it by this Act, as well as any other tasks consistent with the intent of this Act, if any, subsequently established for it by the voters or by the Board.

1. Elections, Qualifications, Vacancies, Chair, and Quorum:

   1. Commission elections shall be held in the same manner and at the same times as those of the Board. Except for the initial terms as prescribed by Paragraph 10.119(B)(2), and for appointments to vacant seats and special elections as prescribed by Paragraph 10.119(B)(4), the regular full terms of office for Commissioners shall be the same as those specified for Supervisors.

   2. An initial election for all nine (9) Commissioners shall be held at the first regularly scheduled primary or general election held after the effective date of this Act. The Commissioners so elected shall take office immediately upon certification of the results of the election, with the term of office of each of the four (4) Commissioners receiving the highest number of votes to expire after the November 1994 regular election for Supervisor held in November of 1994 and the term of office of each of the five (5) Commissioners receiving the least number of votes to expire after the November 1992 regular election for Supervisor.

   3. Qualifications for office for Commissioners shall be the same as those specified for Supervisors.

   4. A vacant seat on the Commission shall be filled temporarily by an appointee selected by majority vote of the remaining Commissioners, said appointee then to be replaced by means of a special election to be held at the next regularly scheduled primary or general election, with the Commissioner so elected to take office immediately upon certification of the results of said election and to serve out the remaining portion of the term.

   5. The Commissioners shall elect from among their number a Chair to be presiding officer of the Commission. The term of office of said Chair shall be no more than one (1) year and shall expire at the end of the calendar year in which the Chair sits.

   6. A quorum for decisions of the Commission shall be a majority of the Commissioners then holding office, except that a smaller number may vote to adjourn meetings.

   C. In addition to those powers and duties specifically granted it elsewhere in this Act, the Commission shall have the following general powers and duties:

   1. The Commission shall be the coordinating agency of the City and County as regards implementation of this Act and shall possess general authority to hold hearings, call witnesses, and make recommendations to the Board and to the people of San Francisco in furtherance of the purposes of this Act.

   2. The Commission shall formulate rules for its own procedures and other rules as necessary to facilitate implementation of the provisions of this Act for which the Commission is responsible. In formulating said rules, the Commission shall hold hearings in order for members of the public as well as members of the City staff to have a full opportunity to advise the Commission as to their views on said rules.

   3. The Commission shall be a working body. Each Commissioner shall therefore participate fully in the work of the Commission, meeting as often as necessary and undertaking such work outside Commission meetings as may be required to fulfill her or his duties as a Commissioner.

   4. A majority of the Commission may place ballot measures before the voters in regularly scheduled general and primary elections where the subject matter of such measures directly relates to the subject matter of this Act. In acting to place such measures on the ballot, the Commission shall otherwise be bound by the same deadlines and requirements as the Board.

   5. The Commission shall develop and maintain contacts with similar bodies in other Nu-
clear Free Zone jurisdictions for the purpose of sharing information and developing opportunities for mutual action.

6. The Commission shall seek to develop sister relationships with Nuclear Free Zone jurisdictions in other countries and may sanction such relationships on behalf of the City.

7. The Commission may apply for, receive and expend supplementary funding grants from private and public sources.

D. Consistent with the principle of maximizing public participation in Commission activities, the Commission shall establish advisory committees and task forces and shall provide for full participation of the public in the functions of such bodies.

E. The positions of Executive Secretary and Administrative Assistant to the Commission shall be appointed and removed by the Chair of the Commission with the approval of a majority of the Commission. Remuneration for the positions shall be established consistent with the relevant laws of the City. The Administrative Assistant and any other staff personnel shall be under the immediate direction and supervision of the Executive Secretary. The Executive Secretary shall also be known as the San Francisco Nuclear Free Zone Implementation Officer. Except as allowed by Subsection 10.119(F), any additional staff shall be provided only upon a specific request of the Commission to the Board and upon a finding by the Board that such additional staff is necessary to the proper execution of the responsibilities of the Commission as explicitly described in this Act, or of specific additional responsibilities subsequently established for the Commission by the Board or the voters.

F. The Commission may request and, subject to the approval of the Board, receive from any City agency, board or officer such personnel, information, services, facilities and/or any other temporary assistance as may be necessary to furthering the purposes of this Act, and the affected agency, board or officer shall, where feasible, promptly comply.

G. Commissioners shall receive no salary for holding office, except that they shall receive fifteen dollars ($15.00) in expenses for each Commission meeting attended; provided, however, that no member shall be paid for attending more than four (4) Commission meetings in any one (1) calendar month. In addition, the Board may approve additional reimbursement for Commissioners who encounter extraordinary expenses in attending meetings. Said expenses shall include the cost of child care.

H. Except where the voters, the Board, the Mayor or the Chief Administrative Officer may choose to delegate such, the Commission shall possess no legislative or administrative powers not specifically granted it by this Act.

SECTION 10.120: EXEMPTED ACTIVITIES

Nothing in this Act shall be construed to:

A. Affect any research, study, evaluation or teaching of or about Nuclear Weapons Work where said research, study, evaluation or teaching is unclassified;

B. Affect any secret or otherwise classified research, study, evaluation or teaching of or about Nuclear Weapons Work where the classified portion (or portions) of said research, study, evaluation or teaching is (or are) limited to the permanent dismantling or conversion to peaceful, productive purposes of Nuclear Weapons Work, the verification of arms reduction or test ban treaties, or environmental and/or health monitoring of Nuclear Weapons Work;

C. Affect any construction or operation of particle accelerators or of any related equipment, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111;

D. Affect any construction or operation of experimental Nuclear Reactors operating solely on the fusion principle, except that such facilities shall be deemed Low-Level Hazardous Radioactive Materials subject to Section 10.111; or

E. Require any illegal act, infringe upon the rights guaranteed by the United States Constitution or by the California Constitution, interfere with the power of Congress to provide for the common defense and regulate interstate transportation, violate any provision of any treaty or other instrument duly ratified by Congress and thus having status under Section VI of the United States Constitution as the "supreme law of the land," require the violation of fiduciary duties on the part of any City employee, or rescind or require the violation of any Public Contract made before the effective date of this Act.

SECTION 10.121: DEFINITIONS

The following words and phrases shall have, as they are used in this Act, the following specified meanings:

A. "Act" shall mean this Article, Article X ("Nuclear Free Zone") of the City Charter as enacted by the San Francisco Nuclear Free Zone Implementation Act of 1990.

B. "Affiliate" shall mean either of two (2) Persons, where a Person owns part or all of a second Person, by means of stocks, equities other than stock, or other means, thus enabling the first Person to influence or control the business affairs of the second Person. A Person shall be deemed conclusively to influence or control the business affairs of any other Person if the first Person owns or has the power to vote more than fifty percent (50%) of any class of voting securities of the second Person, or if the first Person holds a sufficient amount of the debt of the second Person such that the first Person influences or controls the business affairs of the second Person to the same degree as if the first Person owned or had the power to vote more than fifty percent (50%) of any class of voting securities of the second Person. There shall be a rebuttable presumption that a Person influences or controls the business affairs of any other Person if the first Person owns or has the power to vote at least twenty-five percent (25%), but not more than fifty percent (50%), of any class of voting securities of the second Person, or if the first Person controls the election of a major-
Nuclear Reactor fuel; fuel segments that have been irradiated in a Nuclear Reactor; any substance containing measurable traces of plutonium or any other transuranic element; or any discrete quantity of a radioactive substance where said quantity emits Radiation equal to or greater than five thousand (5,000) curies; but shall not mean any radioactive substance defined by this Act as a Low-Level Hazardous Radioactive Material, regardless of quantity.

O. "Irradiated Food" shall mean any Food that has been exposed to Radiation, or any Food, including, but not limited to, packaged or processed Foods, containing any Food Additive or ingredient that has been exposed to Irradiation in a Food Irradiation Plant.

P. "Loans" shall mean monies lent at interest, the provision of lines of credit, or loans made by participants in lending consortia.

Q. "Low-Level Hazardous Radioactive Material" shall mean any Hazardous Radioactive Material not defined to be High-Level Hazardous Radioactive Material; any Hazardous Radioactive Materials used in research related to and/or any applications of nuclear medicine (including dental, veterinary and related applications); or any Hazardous Radioactive Materials used in smoke detectors, light-emitting watches and clocks, industrial tracer and X-ray processes, biological research and/or other similar applications.

R. "Mayor" shall mean the Mayor of the City.

S. "Military Spending" shall mean all spending for military functions, both offensive and defensive, including, but not limited to, direct expenditures for the Department of Defense; military-related portions of outlays for veterans benefits, international security assistance and similar programs; military-related portions of the budgets of the Department of Energy, National Aeronautics and Space Administration, the Central Intelligence Agency, the Coast Guard, the National Security Agency, and similar agencies; and interest on the public debt resulting from past expenditures for the foregoing categories.

T. "Nuclear Reactor" shall mean any device designed for the controlled, non-explosive release of energy from the fission of atomic nuclei.

U. "Nuclear Weapon" shall mean any device capable of being used for the explosive release of energy from the fission and/or fusion of atomic nuclei; or any system, mechanism or software for transporting, containing, deploying, guiding, propelling, triggering, launching, delivering, or detonating such a device; or any part or component of such a device, or of such a system or mechanism, where said part or component contributes to the normal operation of such a device, or of such a system or mechanism, or of any combination of such devices, or such systems or mechanisms, except where said part or component has a use (or uses) unrelated to Nuclear Weapons compared to which the Nuclear Weapons-related use (or uses) of said part or component is (or are) merely minor and incidental.

V. "Nuclear Weapons Maker" shall mean any Person that is engaged in Nuclear Weapons Work, either directly or through an Affiliate, or that has a contract or other agreement to engage in Nuclear Weapons Work.

W. "Nuclear Weapons Work" shall mean any activity involving the design, development, production, testing, storage, possession, maintenance, refurbishing, dismantling for reuse, evaluation of or research on Nuclear Weapons; or any management, administration or other operation of such activity; or any contract or other agreement to engage in such activity or in any management, administration or other operation of such activity.

X. "Person" shall mean any natural person, business or corporation, association, college or university, laboratory, institution, financial institution, governmental agency, or other entity.

Y. "Product" shall mean any good, commodity, computer program, material, copyrighted matter, supply, vehicle, machinery, and/or equipment, or any service.

Z. "Product of a Nuclear Weapons Maker" shall mean any Product manufactured, produced, grown, obtained from or provided by a Nuclear Weapons Maker, or to which further work or material manufactured, produced or grown by a Nuclear Weapons Maker is added such that a substantial transformation of the Product is effected.

AA. "Public Contract" shall mean any agreement, oral, written or implied, made on behalf of or by the City, or by the City on behalf of any other Person, to receive, supply or use, any actual receipt, supply or use of, any Product of any value.

BB. "Public Funds" shall mean all monies or other assets received, disbursed and/or managed by, or that are otherwise under the control of, the City, and any notes, bonds, securities, certificates of indebtedness or other fiscal obligations issued by the City, but shall not mean pension funds.

CC. "Purchasing Agent" shall mean the Purchasing Agent of the City.

DD. "Radiation" shall mean gamma rays and X-rays; alpha and beta particles, high speed electrons, neutrons, protons, and other nuclear particles; but not sound or radio waves, microwaves, infrared, visible, or ultraviolet light, or any electromagnetic emission of wavelength longer than that of X-rays.

EE. "San Francisco" shall mean the geographical area constituting the jurisdiction of the City, including the waters of the Pacific Ocean and San Francisco Bay that fall within the borders of San Francisco.

FF. "Supervisor" shall mean a member of the Board.

GG. "Transport" shall mean any movement by any type of vehicle over land or water, or through the airspace over said land or water.

HH. "Treasurer" shall mean the Treasurer of the City.

II. "Vendor" shall mean any Person having or seeking to obtain a Public Contract.

SECTION 10.122: EFFECTIVE DATE

Unless otherwise specified in this Act, this Act shall take effect immediately upon the date it is accepted for filing by the California Secretary of State. No Person shall commence, or after said date, any activity prohibited or scheduled to be prohibited by this Act.

SECTION 10.123: EFFECT ON OTHER CITY LAWS

This Act shall not be construed to bar the enforcement of any existing City ordinances or regulations where the subject matter of said ordinances or regulations is wholly or partly the same as that of this Act, or to bar the enactment of any future such City ordinances or regulations, if the effect of said existing or future City ordinances or regulations is to extend or strengthen the ability of the City to enforce this Act.

SECTION 10.124: STATUS OF EXISTING CHARTER PROVISIONS

Any provision of the City Charter that is in effect prior to the effective date of this Act that conflicts in any way with this Act is hereby declared to be amended by inference. No such existing provision of said Charter shall be construed to affect the application of this Act in a manner inconsistent with this Act.

SECTION 10.125: CONSTRUCTION OF NO- NENCLATURE

The titles, headings and other nomenclature used to describe the contents of the various parts of this Act are meant only as a guide to said contents and shall not be construed to affect the meaning or application of said parts.

SECTION 10.126: RECODIFICATION

Articles X and XI of the City Charter as they exist prior to the date of passage of this Act shall be respectively renumbered Articles XI and XII. This Act shall then become a new Article X.

SECTION 10.127: SEVERABILITY

If any section, subsection, paragraph, subparagraph, clause, sentence, or word of this Act is held unconstitutional or otherwise invalid, either on its face or as applied, the invalidity of said part or application thereof shall not affect the validity of the other parts of this Act, or the applications thereof; and to that end the parts and applications of this Act shall be deemed severable. It is hereby declared, notwithstanding any finding that a part or application of this Act is unconstitutional or otherwise invalid, that each of the parts of this Act would have been enacted separately.
PROPOSITION F

Shall the Board of Supervisors be allowed to contract with the California Public Employees’ Retirement System to allow Airport Police to retire at age 50 with full benefits, even if there is a net increase in cost to the City?  

YE% 300  NO 301

Analysis  
by Ballot Simplification Committee

THE WAY IT IS NOW: A 1983 charter amendment allows the Board of Supervisors to contract with the State's Public Employees' Retirement System ("PERS") to transfer certain types of City Safety Officers from the City's Retirement System to PERS, provided there is no net cost increase to the City. Under this charter amendment, the contracts for safety officers in most eligible groups allow those officers to retire at age 50 with full benefits. The current contract between the City and PERS allows Airport Police to retire at age 55 with full benefits. This contract could be changed to allow retirement for Airport Police at age 50 with full benefits only if there was no net cost increase to the City.

THE PROPOSAL: Proposition F is a charter amendment that would allow the Board of Supervisors to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A “YES” VOTE MEANS: If you vote yes, you want the Board of Supervisors to be able to contract with PERS to allow Airport Police to retire at age 50 with full benefits, even if there is a net cost increase to the City.

A “NO” VOTE MEANS: If you vote no, you do not want the Board of Supervisors to be able to contract with PERS to change the Airport Police retirement plan unless there is no net cost increase to the City.

Controller's Statement on “F”

Should the proposed charter amendment be adopted, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, there would be a cost effect, the amount of which cannot be determined at this time, but should not be substantial.

How Supervisors Voted on “F”

On July 23, 1990, the Board of Supervisors voted 11-0 on the question of placing Proposition F on the ballot.

The Supervisors voted as follows:

Airpoit Police
Retirement Benefits

PROPOSER’S ARGUMENT IN FAVOR OF PROPOSITION F

Proposition F will correct an inequity among several of the City’s safety officers. Currently non-uniformed and custodial officers (Sheriff’s Deputies, D.A. Investigators and Probation Officers) receive a higher retirement benefit than uniformed peace officers assigned to San Francisco International Airport. Proposition F will correct this situation by allowing the Board of Supervisors to contract with the Public Employees Retirement System (P.E.R.S.) to allow Airport Police Officers to receive retirement benefits equal to fellow San Francisco safety officers.

The P.E.R.S. Retirement System has been a cost effective retirement alternative for safety employees. It is anticipated that this cost effectiveness will continue in the future. Proposition F is a fair alternative for the City and the peace officers who serve and protect at one of the world’s largest and busiest airports. It should be remembered that Airport Police funding is derived from Airport revenue funds and not the general fund.

Vote Yes on Proposition F. Equal benefits for Airport Safety Officers.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

No Opponent’s Argument Was Submitted Against Proposition F
No Rebuttals Were Submitted on Proposition F
PAID ARGUMENTS IN FAVOR OF PROPOSITION F

Vote Yes on F! It's simple, fair and just for our airport police. Carole Migden
Candidate, Board of Supervisors

In 1983, you, the voters of San Francisco overwhelmingly approved a measure which allowed the Board of Supervisors to contract with the State Public Employees Retirement System (PERS).

The intent of this legislation was to allow comparable retirement benefits for the Airport Police and other miscellaneous Safety Employees as that given to the San Francisco Deputy Sheriffs and Harbor Police. Unfortunately, this did not occur. The Airport Police were given an inferior 2nd tier benefit plan.

The passage of Proposition F would correct this inequity and provide equal benefits. The PERS system has proven to be cost effective and has resulted in surplus which has saved the City over $23,000,000.00 since 1988.

We would appreciate your yes vote on Proposition F.

San Francisco Airport Police Officers Association
John Scully, President
David Ross, Vice-President
Joseph Reilly, Board Member

To keep good officers working for us, San Francisco Airport Police must be granted the same retirement benefits as police in other Departments.
Public safety demands it!
Vote "Yes" on "F"!

Arlo Hale Smith
BART Director/Candidate For Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

In 1985, the San Francisco Airport Police, along with some non-uniformed law enforcement classifications, transferred into the Public Employee's Retirement System (PERS). Since joining PERS, it has cost the City less money to provide retirement benefits for these employees. Because of this transfer, the City has been able to save money every year since 1985. These savings are anticipated to continue in future years.

At the time of the original transfer, the voters intended that the retirement benefits be equal for all affected employees. The Airport Police, however, did not receive the same benefit as did the other law enforcement groups.

A YES VOTE ON PROPOSITION F will equalize retirement benefits for members of the Airport Police with those benefits currently received by non-uniformed law enforcement personnel. This equal benefit will be achieved with little or no cost to the City's taxpayers.

VOTE YES ON PROPOSITION F.

Supervisor Jim Gonzalez
Supervisor Wendy Nelder

San Francisco needs a professional and stable workforce in the Criminal Justice System. Proposition F seeks to correct an inequity in retirement benefits for members of the San Francisco International Airport Police Department.

Presently, non-uniformed Investigators and Custodial Officers receive a better retirement package then uniformed Police Officers assigned to San Francisco International Airport. A "YES" vote on Proposition F would help correct this inequity in retirement benefits with little or no cost to the City or its taxpayers.

Vote yes on Proposition F.

Willie L. Brown, Jr.
Speaker of the Assembly

8.506-2 Miscellaneous Safety Employees

Notwithstanding any other provisions of this charter, the board of supervisors or the community college board shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the probation officers, airport police officers, district attorney and public defender investigators, coroner investigators, juvenile court counselors and institutional police shall be members of the public employees' retirement system, and the board of supervisors, the community college board and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

The power to contract created herein shall be limited to a contract with no net increase in cost to the City and County or the community college district.

Any person who shall become a member of the public employees' retirement system pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provision for participation in the benefits of the health service system by such person.

8.506-5 Airport Police

Notwithstanding any other provisions of this charter, the board of supervisors with at least nine affirmative votes shall have the power to contract with the Board of Administration of the Public Employees' Retirement System of the State of California to provide that the airport police officers who are members of the Retirement System's "2%/age 55 plan" shall be transferred to the Public Employees' Retirement System's "2%/age 50 plan". The board of supervisors and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such contract.

Any person who is a member of the Public Employees' Retirement System pursuant to such contract shall have the right to be a member of the health service system and the health service board shall make provisions for participation in the benefits of the health service system by such persons.

LEGAL TEXT OF PROPOSITION H (Continued from page 126)

January 1, 1990 that new land use must meet the conditions set forth in this ordinance.

Section 6. — Definitions

a. "City agency or officer" means the Board of Supervisors, and all other city commissions, boards, officers, employees, departments or entities whose exercise of powers can be affected by initiative.

b. "Action" includes, but is not limited to:

1. amendments to the Planning Code, and Master Plan; 2. issuance of permits or entitlements for use by any City agency or officer; 3. approval, modification or reversal of decisions or actions by subordinate City agencies, or officers; 4. approval of sales or leases pursuant to Section 7.402 and 7.402-1 of the Charter of the City and County of San Francisco; 5. approval of or amendments to Redevelopment Plans; and 6. any other action, including but not limited to projects as defined in Public Resources Code Section 21065.

c. "Waterfront" means land transferred to the City and County of San Francisco pursuant to Chapter 1333 of the Statutes of 1968, as well as any other property which is owned by or under the control of the Port Commission of San Francisco, and which is also in any of the following areas: 1. piers;

2. the shoreline band as defined in Government Code Section 66610(b), between the Golden Gate National Recreation Area and the intersection of The Embarcadero and Berry Street, except for the area south of Jefferson Street between Hyde Street and Powell Street.

3. the shoreline band as defined in Government Code Section 66610(b), in the area bounded by San Francisco Bay, Berry, Third, and Evans Streets, Hunter's Point Boulevard, and a straight line from the intersection of Hunter's Point Boulevard and Irving Avenue to the intersection of Carroll Avenue and Fitch Street; and

4. the area south of Pier 98 in which all new development is subject to the Shoreline Guidelines, as shown on Map 8 (Eastern Shoreline Plan) of the Recreation and Open Space Element of the San Francisco Master Plan, in effect as of January 1, 1990.

d. "San Francisco Bay" means the area defined in Government Code Section 66610(a) which is in the City and County of San Francisco, except for areas west of Third Street.

e. All references to public roads are to their alignments as of January 1, 1990.

f. "Hotel" means any use falling within the definition in Section 314.1(q) of the San Francisco Planning Code in effect as of January 1, 1990; any waterside hotel having docks to accommodate persons traveling by boat; or any facilities for providing temporary or transient occupancy. This shall not include boat berths which are provided for temporary moorage of boats.

Section 7. — Implementation

Within 180 days of the effective date of this ordinance, the City and County shall:

a. amend its Master Plan, Planning Code, and other relevant plans and codes in a manner consistent with this ordinance;
b. request and apply for conforming amendments to all applicable state and regional plans and regulations; and
c. begin preparation of the "Waterfront Land Use Plan" required under Section 2 of this ordinance.

Section 8. — Severability

If any portion of this ordinance, or the application thereof, is hereafter determined to be invalid by a court of competent jurisdiction, all remaining portions of this ordinance, or application thereof, shall remain in full force and effect. Each section, subsection, sentence, phrase, part, or portion of this ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or portions be declared invalid or unconstitutional.

Section 9. — Amendment and Repeal

No part of this ordinance or any amendments made pursuant to Section 7 hereof may be amended or repealed except by a vote of the electors of the City and County of San Francisco, except for those additional listings provided herein in Sections 3, 4, and 5.

Section 10. — Chaptering of this Ordinance

After the adoption of this ordinance the Clerk of the Board of Supervisors shall assign a Chapter number to this ordinance and shall renumber the sections of this ordinance in an appropriate manner.
PROPOSITION G
Shall the Adult Probation Officer be allowed to appoint a Confidential Secretary, who would serve at the pleasure of the Adult Probation Officer?

YES 302
NO 303

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The Adult Probation Department supervises persons on probation in San Francisco. The Superior Court appoints the Adult Probation Officer, who manages the Department. All other employees of the Department are appointed and removed under the City's civil service system.

THE PROPOSAL: Proposition G is a charter amendment that would allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer, instead of being appointed and removed under the civil service system.

A "YES" VOTE MEANS: If you vote yes, you want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

A "NO" VOTE MEANS: If you vote no, you do not want to allow the Adult Probation Officer to appoint a Confidential Secretary, who would serve at the discretion of the Adult Probation Officer.

Controller's Statement on "G"
Should the proposed charter amendment be adopted, in my opinion, in and of itself, it would not affect the cost of government. However, as a product of its possible future application, costs may increase or decrease in amounts which should not be substantial.

How Supervisors Voted on "G"
On July 9, 1990, the Board of Supervisors voted 9-2 on the question of placing Proposition G on the ballot.
The Supervisors voted as follows:
NO: Supervisors Harry Britt and Willie Kennedy.

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
PROPONEENT’S ARGUMENT IN FAVOR OF PROPOSITION G

The charter amendment would establish the position of Confidential Secretary to the Chief Adult Probation Officer. The position would replace an existing Civil Service Executive Secretary position.

This change is needed because the Adult Probation Officer’s secretary handles a large amount of sensitive and confidential material. Departmental employees undergo criminal record checks which are processed by the secretary. Probation officer applicants undergo psychological examination, and this material also crosses the secretary’s desk. Furthermore, all personnel matters and all performance evaluations are processed and filed by the secretary.

Other criminal justice department heads, as well as many other City department heads, have confidential civil service exempt secretaries. Last year a charter amendment gave the Chief Probation Officer of the Youth Guidance Center six civil service exempt positions, of which one is the secretarial position.

The secretary functions as an extension of administration, handling many departmental matters independently during short absences of the Chief. She also represents the Chief at community and inter-agency meetings when the need arises.

Inasmuch as the Chief’s job is not a straight 8:00 to 5:00, 40 hour work week job, neither is that of the secretary’s. Thus, it is necessary that the secretary work extra hours. By making this a civil service exempt position, there also would be a cost savings to the City and County of San Francisco.

VOTE YES FOR PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Ayes: Supervisors Alioto, Gonzalez, Hallinan, Kennedy, Maher, Nelder and Ward.

Noes: Supervisors Britt and Walker

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROPONEENT’S ARGUMENT IN FAVOR OF PROPOSITION G

KEEP POLITICS OUT OF THE PROBATION DEPARTMENT

Excuses can always be invented to justify creation of non-civil service positions in city government.

Political figures love to have plenty of patronage jobs around to hand out to their friends.

A quick look at history teaches us the disastrous results of patronage employment:

(A) POOR CHOICES — Patronage appointees are usually chosen on the basis of personal friendships and chance political loyalties. Many “correct political choices” are real “duds” when it comes to serving the interests of the taxpayers and voters.

(B) HIDING INFORMATION — Patronage appointees, whose first loyalties are usually to those who gave them their jobs, often hide important information from the public. The political games that were played with investigations of failing savings and loans is a “horror story” that illustrates the problem.

(C) NOT ELECTED — Patronage appointees are not elected by the people or chosen by any sort of objective civil service standards. They are not answerable to us, but serve at the subjective pleasure of those who appointed them.

The Supervisors want you to create a new patronage position because the employee handles “confidential information.”

So does every police officer. So does every secretary at City Hall. Should all these positions be made patronage jobs, too?

NO!!!

Vote “NO” on “G”.

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION G

"G" is "Grotesque."
Proposition G is a grotesque measure that will cut a gapping hole in the fabric of our civil service system by creating a patronage position.

That’s right! Under Proposition G, a job will be taken out of civil service, allowing the employee to be judged — and hired and fired — on the basis of political criteria, rather than job performance.

Civil service “exemptions” mean more jobs for the politicians’ friends and fewer for competent employees.

But who’s surprised!

Proposition G was put on the ballot by the same Supervisors who raised our sewer service charges and parking charges.

The same Supervisors who imposed unnecessary taxes on small businesses.

The same Supervisors who had the chutzpah to demand a 70% pay raise last year.

The same Supervisors who voted to give away use of a $9 million City street to the Rockefellers for free.

The same Supervisors who fought the two-term limit tooth and nail.

Vote “Yes” on genuine political reform.
Vote “No” on waste and mismanagement in City government.
Vote “No” on patronage politics.
Vote “No” on “G”.

COMMITTEE FOR GENUINE POLITICAL REFORM
Alexa Smith, Treasurer
(Democratic Committeemember/BART Board Candidate)
Arlo Hale Smith, Chair
(BART Director/Candidate For Supervisor)

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION G

Proposition G has absolutely nothing to do with favoritism or patronage politics. The sponsors of the argument against Proposition G are both running for public office and have grossly exaggerated the dimensions of the proposed charter amendment in order to enhance their own electoral appeal.

Proposition G would simply allow the Adult Probation Officer to entrust sensitive matters to a Confidential Secretary. There are at least ten other City departments that have a Confidential Secretary, including the District Attorney, the Public Defender and the Sheriff. It is particularly important for the City’s criminal justice agencies to have at least one such position because of the large volume of confidential material handled by these departments.

The opponents have completely ignored the substance of this measure and instead want you to believe that city officials are engaged in some sort of conspiracy against the public. The arguments they make against Proposition G have absolutely nothing to do with the measure itself.

We encourage you to read Proposition G and decide for yourself. This small change in the City Charter will go a long way to help the Adult Probation Officer run a more effective department. VOTE YES ON PROPOSITION G!

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.
PAYED ARGUMENT AGAINST PROPOSITION G

We, the members of the San Francisco Probation Officers' Association, recommend a "NO" vote on Proposition G. The Chief Probation Officer has a private secretary now, whose position is under Civil Service. We are opposed to this position being taken out of the Civil Service System as we believe that it will cost the taxpayers more money and not provide the stability of assignment that the Civil Service appointment gives. We assert that the safety of the public would be better served with front line staff, Probation Officers and clerk typist clerical workers, if additional money can be allotted to the Adult Probation Department.

Respectfully submitted by the Membership and Officers of the San Francisco Probation Officers' Association.

Terry Twing, President
Frances Luster, Vice-President

TEXT OF PROPOSED CHARTER AMENDMENT
PROPOSITION G

NOTE: Additions or substitutions are indicated by bold face type; deletions are indicated by strike-out type.
4.105 Probation Boards.
The superior court judges of the city and county presiding in the department or departments for the hearing and disposition of criminal cases and disposition of criminal cases and proceedings shall, by order entered in the minutes of the court in the criminal department or departments thereof, appoint the adult probation officer.
The adult probation officer shall appoint such assistants, deputies and employees as may be allowed or provided by the board of supervisors. He or she shall appoint, and at his or her pleasure may remove, one confidential secretary.
The salaries of the adult probation officer and his or her assistants, deputies, and employees and confidential secretary shall be fixed by the board of supervisors in the same manner as for other officials and employees of the city and county.
The adult probation officer and his or her assistants and deputies shall have the powers conferred upon adult probation officers and their assistants and deputies by the laws of the State of California; and they shall perform all of the duties prescribed by such laws, and such additional duties as may be prescribed by ordinances of the board of supervisors.
The civil service provisions of this charter shall apply to and govern the assistants, deputies and employees of the adult probation officer and of the chief probation officer of the juvenile court, except a confidential secretary of the adult probation officer. For purposes of this charter the adult probation officer shall be the appointing officer as to his or her assistants, deputies, and employees, and confidential secretary.
The pension and retirement provisions of this charter shall apply to and govern the adult probation officer and his or her confidential secretary, the chief probation officer of the juvenile court, their assistants, deputies and employees.

PROPOSITION H

Shall the City be required to prepare a "Waterfront Land Use Plan," shall hotels and other uses determined to be "Unacceptable Non-Maritime Land Uses" be prohibited on the waterfront and shall the City be prohibited from taking any action on certain types of new developments until this Plan is prepared?

Analysis

by Ballot Simplification Committee

THE WAY IT IS NOW: Many types of uses, including hotels, are allowed on the San Francisco waterfront, with City approval and subject to certain laws.

THE PROPOSAL: Proposition H would require the City to prepare a "Waterfront Land Use Plan" which would govern any new uses on the waterfront. Proposition H defines "waterfront" as Port lands transferred to the City from the State and certain other property that is under the control of the Port of San Francisco.

The Plan would create three categories of waterfront land uses: (1) Maritime Land Uses, such as maritime cargo handling, ship repair facilities and fish processing plants; (2) Acceptable Non-Maritime Land Uses, such as parks and wildlife habitats; and (3) Unacceptable Non-Maritime Land Uses. Hotels are the only Non-Maritime Land Uses specifically prohibited by this proposal. Proposition H also sets out guidelines for determining other Acceptable and Unacceptable Non-Maritime Land Uses.

Until the Plan is completed, the City could not allow new development of any Non-Maritime uses except those permitted in the ordinance or those that existed or had all necessary permits on January 1, 1990.

Once the Plan is completed, the City could not allow the building of hotels or other Unacceptable Non-Maritime Land Uses on the waterfront. Unacceptable Non-Maritime Land Uses that existed on January 1, 1990 could continue to operate.

Adoption of the Plan and amendments would be subject to a public hearing held by the Planning Commission. The City would be required to change the Master Plan and other City laws to make them consistent with Proposition H and to request that relevant State laws and regional plans be similarly changed.

A "YES" VOTE MEANS: If you vote yes, you want this Waterfront Land Use Plan to be adopted.

A "NO" VOTE MEANS: If you vote no, you do not want this Waterfront Land Use Plan to be adopted.

Controller's Statement on "H"

Should the proposed initiative measure be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its future application, it could have a negative effect on both Port revenues and general revenues from property, business, sales, and other tax sources, the amount of which is indeterminate but could be substantial.

How "H" Got on the Ballot

On August 2, 1990 the Registrar of Voters certified that the initiative petition calling for Proposition H to be placed on the ballot had qualified for the ballot.

9,399 valid signatures were required to place an initiative ordinance on the ballot. This number is equal to 5% of the total number of people who voted for Mayor in 1987.

A random check of the signatures submitted on July 24, 1990 by the proponents of the initiative petition showed that 14,516 of the signatures submitted were valid, 5,117 more than the required number of signatures.
PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION H

Today a grave threat imperils San Francisco’s magnificent waterfront — the threat of unchecked hotel construction along the water’s edge.

Proposition H will remove that threat by banning shoreline hotels, that is, hotels proposed to be built within 100 feet of the water on property of the Port of San Francisco.

Proposition H also requires the Port to do a land-use plan for that vital strip of shoreline, defining uses that are acceptable there, as well as others that are unacceptable.

The Port itself says it wants comprehensive land-use planning. But its actions indicate another desire, a desire for rampant hotel construction. The Port says it now wants only two hotels. But those two would be the first steps toward hotel row on the shoreline north and south of the Ferry Building.

Proposition H will force the Port to achieve a balance of maritime uses, commercial activity, recreational access, and restoration of the Bay, and will impose a guiding vision for development of the waterfront.

Under Proposition H the Port can do the necessary plan promptly, without any undue delay in processing development proposals. There is no truth in the alarmist cries that the planning would halt Port growth. No worthy proposal on the drawing boards will be harmed.

We don’t need hotel row on the waterfront. There are plenty of environmentally valid projects by which the Port can raise the revenue it needs.

Yes! Let’s guarantee sound waterfront development! Let’s stop shoreline hotels! Vote yes on Proposition H!

Committee for San Francisco’s Waterfront
Jack Morrison, Committee Chair and Former Supervisor
Enola Maxwell, Community Advocate
Joe O’Donoghue, President, Residential Builders Association
Joseph Passe, Retired Ship’s Clerk, ILWU

REBUTTAL TO PROPONENT’S ARGUMENT IN FAVOR OF PROPOSITION H

If the proponents of Proposition H only wanted to halt hotels from being built on the Waterfront, why didn’t they write an initiative that did just that?

As it is, Proposition H will stop progress on the Waterfront. It will stop the Port from building new cargo facilities. It will halt expansion of ship repair facilities.

In fact, Proposition H is written to stop the new Aquarium at Pier 39.

These restrictions, whether they were intended or not, will have the effect of reducing revenues to the Port and make our rebuilding efforts impossible to complete.

There is no reason for such a rigid, all-encompassing, extreme approach.

First of all, there aren’t any hotels on the waterfront today. The Port Commission is recommending a new cruise ship terminal and new sailing center with small hotels to support these maritime port projects.

Proposition H is an extreme reaction to these maritime related projects.

It is so extreme that the authors went overboard and have written a measure that will tie our hands completely.

For decades the longshore workers in this city have been a vital part of every progressive cause. We have fought to end discrimination, build senior housing, equalize economic opportunity.

Today, we are asking for something in return. A “No” vote on Proposition H will allow the Port to expand and rebuild the shipping business in San Francisco. A “No” vote will save our jobs. A “No” vote will save the waterfront.

JAMES R. HERMAN, President, ILWU
President, Port Commission

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
OPPONENT’S ARGUMENT AGAINST PROPOSITION H

I have worked on San Francisco’s Waterfront since 1949. A seafaring man in the 1950's, President of the Ships’ Clerks Local from the early 60's until 1977. Was elected President of the ILWU in 1977, a job I hold today. Currently President of the San Francisco Port Commission.

The Waterfront Initiative has some good policies in it. But it was not written well.

Dealing with employers on behalf of workers I learned to pay attention to details. A good contract is one you can enforce. A lousy contract is one that hurts workers in ways you didn’t anticipate.

This initiative is like a lousy contract.

I don’t think the authors wanted to stop the new fish aquarium. But they do.

I don’t think the authors wanted to prevent the Port from moving ahead with the purchase of new cargo cranes to unload the bigger ships. But they do.

I don’t think the authors wanted to damage the ship repair businesses by stopping all improvements in their facilities. But they do.

This initiative even stops a restaurant on Port property from remodeling or expanding.

Our waterfront has always been a place that provides jobs for workers in shipping, fishing, ship repair and tourist industries. We can continue to be a working Port if we allow it to stay in business and off the City’s tax rolls.

We already have lots of plans for the waterfront. Starting all over again would be a setback and the people who would be hurt most would be the workers who are employed in maritime industries. These people would be on hold while the planning is going on.

Planning is good. Good planning is better. But planning that considers all of its side effects is best of all.

James R. Herman, President, ILWU

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION H

The Port incorrectly claims that Proposition H will stop all development along the waterfront. Either they are intentionally trying to mislead you, or they can’t read. Please read the initiative text. Section 5(d) clearly provides that existing businesses, such as restaurants, can expand their operations, remodel, renew their leases, etc. at their current sites. It also allows construction and renovation of projects which have received all major discretionary city permits, such as the Ferry Building Complex. Proposition H does not affect existing businesses. All it says is (a) the Port must prepare a land-use plan, and (b) hotels are not allowed along the waterfront.

Particularly obnoxious is the Port’s contention that Proposition H will stop maritime development. Again, read the text. Proposition H mandates the Port to stress maritime development. The recent contract with Evergreen shipping is exactly what Prop H urges.

The Port contends that, although a plan may be a good idea, this is not the right time. Candidate Agnos promised us a land-use plan in 1987. The Port paid a consultant $250,000 to be told last April that they needed a land-use plan. If the Port already has “a lot of plans” it will be very easy to prepare and release a land-use plan by the end of the year.

Why is the Port so reluctant to divulge what they are planning for the waterfront? Is another hotel contemplated at Pier 35? And why is the Port trying to mislead the voters?

COMMITTEE FOR SAN FRANCISCO’S WATERFRONT
Waterfront Land Use Plan

PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Keeping San Francisco’s economy diverse is vital to our city, and maintaining a working port is a major key to San Francisco’s workforce.

We who work on and live near our city’s waterfront know that maritime work and maritime-related uses of port land help provide a stable base for San Francisco’s economy. Our city has a unique deep-water port and land for container freight facilities that can be used to maintain unionized, blue-collar jobs at decent wages.

Transformation of this land, with its valuable maritime potential, into a series of hotels, will provide mainly minimum wage, no-benefit jobs for San Franciscans — but millions in profits for developers.

Keep San Francisco economically diverse and economically viable — VOTE YES ON PROPOSITION H.

Waterfront Land Use Plan

PAID ARGUMENTS IN FAVOR OF PROPOSITION H

Vote YES on Proposition H!
San Francisco's waterfront is a priceless resource. It provides recreation, employment, natural areas, and a connection to the City's rich maritime history. San Francisco Tomorrow has fought to protect the waterfront for over twenty years starting with our fight against the 50 story US Steel Building. We, with the help of many others, drafted Proposition H to SAVE THE WATERFRONT!
Proposition H addresses the problem created by the Port's piecemeal planning approach. Piecemeal planning has forced the Port to encourage rampant hotel development as a stop-gap financial measure. Proposition H stops the Port from building a wall of hotels and forces it to implement an economically viable vision for future waterfront development.
True maritime activities will be stimulated and protected by Proposition H. Proposition H will not affect existing businesses and permitted projects.
Vote YES on Proposition H to protect the City's priceless urban shoreline.
San Francisco Tomorrow

Vote YES on Proposition H!
Proposition H encourages the City to improve the ecology of San Francisco Bay.
Proposition H protects and enhances public access to the Bay.

Hotels on the waterfront will wall off the Bay and constitute one more step toward the Manhattanization of our City.

As a member of the Bay Conservation and Development Commission, I have spent years fighting against the misuse of our Bay. We must make sure the waterfront remains accessible to all San Franciscans. Preserve the quality of life in San Francisco by voting Yes on Proposition H.

Supervisor Richard D. Hongisto

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION H

The present Port policy of converting valuable port land to tourist use by favoring hotel development projects over non-hotel development projects makes no sense. And for businesses within the tourist industry who are experiencing survival difficulties due to a stagnated tourist dollar, this policy is disgraceful.

Secondly, this policy hastens the demise of many marginal existing tourist businesses by granting an unfair location advantage to the newly created Port tourist businesses.

Furthermore, the beneficiaries of the new tourist Port business will be outside special interest groups, such as the Bass Brothers of Texas, who presently control both Pier 39 and the proposed aquarium at Pier 39. Moreover, we find it reprehensible that the murky Port process imparts to these outside developers not only “sweetheart” deals, but creates a system whereby local businesses, such as Alioto’s and Scoma’s of the Wharf, pay more rent to the Port than all of the combined businesses of Pier 39 which are under the control of the Bass Brothers. It is no small wonder that the Port has revenue problems. The revenue problems of the Port are increased when you consider that the effective rent on the proposed aquarium is only 1.375% of their estimated $12,000,000 in revenue versus 6% for Alioto’s.

Unfortunately, this initiative cannot stop or retard this economic “give away”. It merely stops hotels from being built on 100 feet of Port land by requiring the Port Commission to initiate a land use plan. We urge you to vote “yes” for this plan.

Joe O’Donoghue
President of Residential Builders

The sky is falling!!! Economic disaster awaits the City!!! Sound familiar? It should. The same arguments the Port is making against Prop H — against being required to prepare a land-use plan and banning hotels on waterfront piers — were used against Proposition M in 1986 when the voters were asked to establish neighborhood-emphasizing priorities and regulate the rate of office development. The chicken-littles cried, “chaos will result.” It never happened. Instead, Prop M prevented San Francisco office developers from the over-building that helped create the savings and loan debacle.

If the Port wants to be a good steward of our waterfront, they must do a land-use plan. When Prop H passes, they will quickly release such a plan and we all will know what’s up their sleeves. If they bamboozle the voters, they will continue on their merry way. Two hotels already. How many more?

San Franciscans for Reasonable Growth
Sue Hestor, Attorney

PAID ARGUMENTS AGAINST PROPOSITION H

Don’t close down the Port of San Francisco Vote No on Proposition H.

Proposition H looks good at first glance. Who wants a “wall” of hotels on the waterfront. But the proposition goes way beyond that issue.

The passage of Proposition H would halt all construction of new facilities for years, not just one four story hotel designed as part of a maritime salling center. The Port cannot afford to see its maritime and nonmaritime activities come to a halt.

Your No vote on Prop H will save thousands of waterfront jobs and will allow the Port to create hundreds of new jobs. Proposition H will stall the Port’s efforts to construct new shipping facilities along the southern waterfront, to renovate the Ferry Building and to attract private money for a new cruise terminal.

Proposition H will stop the Port from increasing public access to the waterfront, preventing it from rebuilding rundown piers, closed today to the public.

Vote No on Proposition H. Keep our waterfront working.

Donald D. Doyle
San Francisco Chamber of Commerce

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco’s waterfront has been a place of opportunity for immigrants and newcomers to our city. It opened the door for fishermen, longshoremen, restaurant workers and ship repair workers. As we move into the next century, it is opening the door for minority and women businesses involved in architectural, engineering legal, financial and construction services.
A yes vote on Proposition H shuts the door!
It stops the San Francisco Sailing Center and the International Cruise Terminal. Both projects require strong commitments by developers to contract with minority and women businesses. It stops projects at marine terminals that provide contracts for minority engineering and consulting firms.
The Port buys a lot of services from private businesses and therefore must promote the city’s minority and women business participation policy. It has shown leadership in adopting a strong policy that will be used as a model for other city departments.
We can’t wait until the next century for the door to be pried open again. A No vote on Proposition H is a vote for economic opportunities for San Francisco’s minority and women businesses.

Since we introduced the aquarium concept to Fisherman’s Wharf four years ago, we have worked intensely with more than 100 local agencies and organizations including:
- educational institutions
- environmental organizations
- neighborhood, ethnic and youth groups
- physically challenged individuals
- individual citizens
With their involvement and following a 3 year review process at Port, City, Regional and State levels, the project has adopted a truly San Francisco identity and theme.
We are proud that our project, totally privately funded with no tax dollars whatsoever, will provide extensive pro bono public features such as:
- Pro bono on-site education for all students grades K through 12

in the San Francisco Unified School District (approximately 70,000)
- New public parks access at Piers 39, 41 and 43
- 40,000 tickets at 25% of cost distributed annually through neighborhood centers
- Reimbursement of public transportation for aquarium visitors
It is ironic, having spent four years in the planning process and being on the eve of receiving clearances from all relevant agencies, that we are now facing the possibility of being stopped by an initiative that suggests the planning process on the waterfront is inadequate. We know from experience that it isn’t so. Vote NO on Proposition H.

Erik O. Pederson, Project Director
Underwater World at Pier 39
PAID ARGUMENTS AGAINST PROPOSITION H

We Republicans believe in a well planned and designed waterfront. We strongly oppose a wall of hotels along the waterfront. The Port Commission, however, should have the ability to develop a comprehensive waterfront plan that may or may not include viable commercial projects. We all want improvements in planning, open space, access to the water, fishing facilities and a maritime industry in San Francisco. The people who drafted Proposition H may have wanted the same things. But they wrote a proposition that will paralyze the waterfront. It freezes present uses while we spend the next 5 plus years developing a new plan. I know because I have worked on waterfront plans for the last 12 years.

I worked on the Northeastern Waterfront Plan with many of the proponents of Proposition H. The process took over five years. It was a good plan that balanced a variety of land uses. It also allowed for hotels.

I was also the one that initiated the Port's Strategic Plan. That plan, completed in April, showed that the Port had to achieve a balance of maritime and commercial activities. You can't have one without the other.

Maritime, open space and recreational developments require public investment. If the Port cannot raise revenue, San Francisco will have to accept faster deterioration of its waterfront and its maritime business (which now brings in over $15 million a year to the Port) as well as no public improvements in recreation.

Proposition H says stop everything while we review the planning process. It is a straitjacket that will be very expensive for San Franciscans and its taxpayers.

Support planning for the waterfront, not Proposition H.

Anne Halsted, President, Telegraph Hill Dwellers, 1978-80
Board Member, S.F. Tomorrow, 1981-82
Co-Chair, Open Space Committee, 1975-77
Winner, S.F. Tomorrow Environmentalist Award
Member, S.F. Port Commission.

The belief that we are only a shipping port, with jobs for only dock workers is mere nostalgia.

The Port's tourist operations at Pier 39 and Fisherman's Wharf produce jobs in retail, restaurants and trucking. They also help keep union labor employed at marine terminals.

An outright ban on waterfront hotels is unreasonable. It ignores the fact that our waterfront is a working waterfront, not just a big park. The Port must make money to maintain and modernize its facilities.

There is a time and place for everything!

Tourism is already part of our waterfront. Two hotels will not ruin the beauty of our waterfront. City codes already restrict the building of high rise waterfront hotels to four stories.

The two proposed hotels do not displace blue collar industries and the sites they will go on most likely won't be used for industrial or maritime use because they are across the street from a growing residential neighborhood.

The hotels subsidize recreational, maritime and public access projects that will be attractive for visitors and residents. Money from these projects will be used to upgrade marine terminals to preserve union maritime jobs.

The hotels will create new types of jobs at the port. Hotel jobs are respectable and San Francisco's hotel workers enjoy one of the highest wages and best benefit packages in the nation.

We are living in tough economic times. Unions, taxpayers and government officials are making sacrifices. We can not afford absolute and extreme positions that risk losing new opportunities for our city's workers and for our Port.

PAID ARGUMENTS AGAINST PROPOSITION H

San Francisco's wealth has always been dependent upon trade. Its maritime activity has been directly responsible for the founding and expansion of great ventures in banking, trading, shipping and railroads with the attendant jobs and services. In short, the cornerstone of San Francisco's well-being is shipping.

Much of the maritime activity that once contributed to the wealth of San Francisco has disappeared. How can we reverse this and attract back to San Francisco our fair share of maritime business that seems to thrive in other ports?

The answer has two parts. First, we must accept that the days of the clipper ships are over; the piers on the northern waterfront are obsolete. Second, we must invest in modern shipping terminals on the southern waterfront where land is plentiful for expansion.

The Port of San Francisco has invested substantially in shipping facilities on the southern waterfront. More is needed. To support these investments, the Port must expand its revenues from all sources including commercial projects.

Proposition "H" would make it impossible to do so. If passed, Proposition "H" will strangle the Port's financing capacity. It would result in a one-way ticket to Oakland for our shipping lines. The Port would be unable to provide the modern facilities needed by the industry now and in the future.

Vote NO on Proposition "H" and assist the Port in modernizing Port facilities and providing for the maritime well-being of the Port.

Fergus Moran, Regional Vice-President, Metropolitan California Stevedore Company
Walter Loughery, President, Williams, Dimond & Co.
Jim Mes, District Manager, Transmarine Navigation Corporation
Henry De Wit, Vice-President, Ned-Lloyd Lines
Raymond Tilley, General Manager, Blue Star Line San Francisco
Raymond P. Holbrook, Stevedoring Services of America

More plans for the Port are not needed. There has been much planning but no implementation. The San Francisco Sailing Center at Piers 24 & 26 was developed in response to a Port Commission Request for Proposals (RFP) for an "International Maritime and Yachting Center". That RFP required that responses be consistent with the Northeastern Waterfront Plan of the Department of City Planning and the San Francisco Special Area Plan of the Bay Conservation and Development Commission (BCDC). This Project is consistent with those plans.

The project removes the condemned Pier 24 and builds a public access pier and breakwater to the north to create a protected harbor. The bulkhead buildings facing the Embarcadero would be retained and a hotel, permitted by BCDC, would be built on Pier 26. It would be lower than the existing shed. There also would be marine offices, a museum, conference facility, boat service yard, retail and restaurants. The fire house would be retained and the fire boats better protected.

No views are blocked. New views are created and much needed public access to the water. Over 2.5 acres of open space will be created where Pier 24 is now a safety hazard. These Piers are obsolete and abandoned for modern container shipping.

The harbor would be devoted to boating and sailing activities. A Sailing School would conduct instruction with an outreach program offering free instruction to disadvantaged youth in basic sailing, seamanship and teamwork.

This project will generate income for the Port, the City and the State estimated to be $3,700,000 per year and creates construction jobs and over 500 permanent jobs. Don't condemn our waterfront to more years of planning paralysis. Vote No on H.

Redmond Kernan, Project Manager, The Koll Co.
PAID ARGUMENTS AGAINST PROPOSITION H

During the last decade, San Francisco has sought to establish itself as a center of international trade and pursued business ventures with Pacific Rim nations. Recently it is seeking to seize new opportunities as the economic and political climate changes in Europe.

There is a strong interest by the Scandinavian community locally and Scandinavian Investors have offered to invest in San Francisco by building a new state-of-the-art cruise terminal at Piers 30-32. The project would cost $120 million which the Port could not afford to build on its own on what is now an empty pier. An estimated 1,300 new jobs would be created, there would be unique family oriented recreational and retail establishments and the site lends itself to providing seven acres of public access.

Proposition H kills the project because the hotel is an integrated and essential part of the cruise terminal and without it the cruise terminal and public access could not be built. The Scandinavian Center is a worthwhile project and we want to build it in San Francisco. A yes vote on Proposition H will force us to take it to another city.

Norwegian American Chamber of Commerce
Be it ordained by the people of the City and County of San Francisco that the Administrative Code is hereby amended by adding a new Chapter as follows:
Section 1. — Findings and Declaration of Policy
The people of the City and County of San Francisco find and declare:

a. Whereas, the waterfront of San Francisco is an irreplaceable public resource of the highest value;

b. Whereas, the most beneficial and appropriate use of the waterfront is for purposes related to and dependent on their proximity to San Francisco Bay and the Pacific Ocean, such as maritime uses, public access to, and restoration of, San Francisco Bay;

c. Whereas, San Francisco holds the waterfront in Trust for the People of California;

d. Whereas, maritime uses, public access to, and restoration of San Francisco Bay serve San Francisco residents, and provide significant economic, social and environmental benefits to San Francisco and its residents, including a diversity of employment opportunities and better access to a healthier San Francisco Bay;

e. Whereas, the waterfront contains structures of historical and architectural importance;

f. Whereas, it is poor planning to approve waterfront land uses on an ad hoc basis, rather than as part of a comprehensive waterfront land use plan;

g. Whereas, it is in the interest of San Francisco to develop a strong and economically vital waterfront with adequate public access to and restoration of San Francisco Bay; and

h. Whereas, changing conditions in the maritime industry such as deeper draft vessels and increased awareness of the negative environmental impacts of dredging and dredge-spoil dumping indicate that cargo handling at the Port of San Francisco could increase dramatically; Therefore the people of San Francisco declare that it is the policy of the City and County of San Francisco that:

a. the waterfront be reserved for maritime uses, public access, and projects which aid in the preservation and restoration of the environment;

b. where such land uses are infeasible or impossible, only acceptable non-maritime land uses as set forth in this ordinance shall be allowed;

c. a waterfront land use plan shall be prepared (as set forth in Section 2 of this ordinance) to further define acceptable and unacceptable non-maritime land uses and to assign land uses for specific waterfront parcels.

Section 2. — Land Use Planning Process

a. Upon adoption of this initiative, the Board of Supervisors shall within 30 days request the Port Commission to prepare a “Waterfront Land Use Plan” which is consistent with the terms of this initiative for waterfront lands as defined by this ordinance. Should the Port Commission not agree to this request within 30 days of the Board of Supervisors request, the Board of Supervisors shall have 30 days to designate a different City agency or department to prepare the “Waterfront Land Use Plan.”

b. The agency drafting the “Waterfront Land Use Plan” shall consult the City Planning Commission to ensure development of a plan consistent with the City’s Master Plan. The final plan and any subsequent amendments thereto shall be subject to a public hearing conducted by the City Planning Commission to ensure consistency between that plan and the City’s Master Plan.

c. The “Waterfront Land Use Plan” shall define land uses in terms of the following categories:

1. Maritime land uses;
2. Acceptable non-maritime land uses; and
3. Unacceptable non-maritime land uses.

Land uses included in these categories which are not part of the initial ordinance shall be added to Sections 3 through 5 of this ordinance as appropriate. No deletions from Sections 3 through 5 shall be allowed unless approved by the voters of San Francisco;

d. No City agency or officer may take, or permit to be taken, any action to permit the development of any non-maritime land use (except those land uses set forth in Section 4 below) on the waterfront until the “Waterfront Land Use Plan” has been completed. Non-maritime land uses existing, or which have all their necessary permits, as of January 1, 1990 shall be exempt from this limitation.

e. The “Waterfront Land Use Plan” shall be reviewed by the agency which prepared it or by such other agency designated by the Board of Supervisors at a minimum of every five years, with a view toward making any necessary amendments consistent with this initiative.

f. The “Waterfront Land Use Plan” shall be prepared with the maximum feasible public input.

Section 3. — Maritime Land Uses

Maritime Land Uses include but are not limited to:

a. Maritime cargo handling and storage facilities; b. Ship repair facilities; c. Fish processing facilities; d. Marinas and boat launch ramps; e. Ferry boat terminals; f. Cruise ship terminals; g. Excursion and charter boat facilities and terminals; h. Ship berthing facilities; i. Maritime construction and maritime salvage facilities; j. Marine equipment and supply facilities; k. A list of additional maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the “Waterfront Land Use Plan” and added to this section.

Section 4. — Acceptable Non-maritime Land Uses

Acceptable non-maritime land uses include but are not limited to: a. Parks; b. Esplanades; c. Wildlife habitat; d. Recreational fishing piers; e. Restoration of the ecology of San Francisco Bay and its shoreline; f. Transit and traffic facilities; and g. A list of additional acceptable non-maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the “Waterfront Land Use Plan” and added to this section.

Section 5. — Unacceptable Non-maritime Land Uses

a. Criteria for Consideration in Determining Unacceptable Non-maritime Land Uses:

Criteria to be considered in making findings regarding the acceptability of any specific land use on the waterfront shall include but are not limited to:

1. Does the land use need to be located on the waterfront in order to serve its basic function?

2. Is the land use compatible with existing or planned maritime operations on surrounding parcels if any? 3. Does the land use provide the maximum feasible public access? 4. Does the land use improve the ecological balance of San Francisco Bay? 5. Does the land use protect the waterfront’s architectural heritage? 6. Does the land use represent the best interests of the people of the City and County of San Francisco and/or the State of California?

b. Prohibition of Unacceptable Non-maritime Land Uses

No City agency or officer may take, or permit to be taken, any action to permit the development of any unacceptable non-maritime land use (as set forth below) on the waterfront.

c. Listing of Unacceptable Non-maritime Land Uses

The following land uses are found to be unacceptable non-maritime land uses:

1. Hotels

The City finds that hotels do not need to be located on the waterfront, and permitting their development on the waterfront will displace or preclude maritime uses;

The City finds that waterfront hotels do not provide the economic benefits provided by maritime employment;

The City finds that waterfront hotels do not provide high quality public access to, or permit restoration of, San Francisco Bay;

The City finds that waterfront hotels do not serve the needs of San Francisco or its residents;

The City therefore finds that hotels are an unacceptable non-maritime land use and shall not be permitted on the waterfront.

2. A list of additional unacceptable non-maritime land uses developed as part of the Waterfront Land Use Planning process shall be included in the “Waterfront Land Use Plan” and added to this section.

d. Grandfathering of Existing Unacceptable Non-maritime Land Uses

This initiative shall not prevent any unacceptable non-maritime land use existing as of January 1, 1990 from continuing in operation or expanding on its existing site in a manner consistent with all other applicable laws and regulations. At such time as a new land use is proposed for the site of a business existing as of (Continued on page 110)
Mission Bay

PROPOSITION I
Shall 4.8 million square feet of office space in Mission Bay be exempt from the annual limit on new office space, if the City approves an agreement which requires housing, economic development, parks and public facilities, environmental clean-up, and other minimum requirements?

YES 306
NO 307

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: In 1986, San Francisco voters adopted Proposition M. Under Proposition M, the City may not approve more than 950,000 square feet of new office space each year. Developers of office buildings must compete for a share of this annual allotment of space.

There is a proposed development called Mission Bay (see map, page 143). Mission Bay may include office, housing, retail and light industrial uses, expanded transit service, street improvements, parks and other community facilities.

THE PROPOSAL: Proposition I is an ordinance that would exempt up to 4.8 million square feet of new office space in Mission Bay from the annual limit on office space. The total amount of new office space in Mission Bay would be deducted from the 950,000 square foot annual limit at the rate of 200,000 square feet each year. This exemption would apply only if the City approves a development agreement for the Mission Bay Project containing certain minimum provisions: (1) the construction of housing, some of which must be affordable housing; (2) payment of a fee for economic development and employment opportunities for women, minorities and local owned businesses; (3) a public park system and community facilities such as child care centers and a police and fire station; and (4) a comprehensive program to clean up and/or contain hazardous materials. Proposition I provides that the City could impose additional requirements in the development agreement.

A "YES" VOTE MEANS: If you vote yes, you want to exempt up to 4.8 million square feet of office space in Mission Bay from the annual limit on office space, if certain conditions are met.

A "NO" VOTE MEANS: If you vote no, you do not want to exempt Mission Bay from the annual limit on office space.

Controller's Statement on "I"
Should the proposed ordinance be approved, in my opinion, it would not, in and of itself, affect the cost of government. However, as a product of its possible future application certain tax revenues of the City and County may be increased in indeterminate but possibly substantial amounts.

How "I" Got on the Ballot
On August 8, 1990 the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Terence Hallinan, Bill Maher and Doris Ward. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.

ARGUMENTS FOR AND AGAINST THIS MEASURE AND ITS FULL TEXT IMMEDIATELY FOLLOW THIS PAGE.
Mission Bay

PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION I

A YES vote on Proposition I will provide homes, parks and jobs that San Franciscans need.

Proposition I is a vital step in creating the new Mission Bay neighborhood. Now a blighted and underutilized area, Mission Bay will become a unique place to live, work, shop and relax — like the other great San Francisco neighborhoods.

All San Franciscans will benefit from the creation of a new neighborhood at Mission Bay. The public benefits of the proposed neighborhood include:

• 275 of the 315 acres (about 90%) will be housing, parks, and public facilities.
• 70 acres of waterfront parks and open space.
• 8000 homes, of which 3000 will be permanently affordable for families with income starting at $15,000.
• Over 20,000 permanent jobs, with priority given to San Franciscans.
• Job training and economic development programs for women, minorities and local businesses.
• New revenue the City needs for vital services.
• Childcare centers, school, fire and police station, senior center and cultural center.
• Cleanup of any toxics.
• Street and MUNI improvements.
• Buildings designed for earthquake safety and energy and water conservation.

Mission Bay, the result of the most comprehensive and open planning process in the City’s history, will relieve development pressure on existing neighborhoods. Mission Bay will be a neighborhood where thousands of San Franciscans can afford to buy a home close to their jobs, thereby reducing traffic congestion.

Proposition I amends the 1986 Proposition M in order to allow the construction of office buildings — none of which will be taller than eight stories — only in conjunction with housing, parks and other community facilities. This amendment will only take effect upon City approval of a comprehensive development agreement which includes these public improvements and identification of the necessary revenues.

Vote YES on Proposition I.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION I

By the time you read this a million words will have been unleashed to discredit facts and me.

THEY ALWAYS SHOOT THE MESSENGER, DON’T THEY?

On August 23rd the Planning Commission finally certified documents “legitimizing” Proposition I. At 10:30pm President Morales brought forth an acknowledged community activist to speak. The resulting “cast” party proclaimed the success of their Development Agreement “production” — complete with cake enjoyed by all, except me.

I say, “Let them eat cake!”

THE MISSION BAY PROJECT IS FATALIY FLAWED:
TAXPAYER INTERESTS HAVE BEEN DISCARDED IN FAVOR OF CITY HALL’S SELF-SERVING POLITICAL GOALS.

Transfer of public money to private use is complex and carefully hidden:

• Special Interests: Exclusive “economic opportunities” encompassing taxpayer-subsidized “affordable” housing ($500 million) AND general construction projects ($598 million).

(Mayor Agnos controls ACCESS by selecting AA/ED applicants from SOMA, Potrero Hill, Bayview/Hunter’s Point, and Mission districts “only.”)

• City Hall: A bureaucracy guaranteeing thousands of votes.
• Santa Fe: 85% of $8.1 billion.
• Result: Control of San Francisco’s economy.

If you don’t have your snout in the public trough by now, it’s too late. The Planning Commission CLOSED “public” hearings August 23rd.

CITY HALL IS A “NEST OF SNAKES”, DEAL WITH THEM NOW OR YOU’LL SOON WAKE UP WITH THEM CRAWLING IN YOUR ECONOMIC BED!

League of Women Voters: Organize media debates. Public awareness guaranteed!

Middle Class/Small Business: Don’t vote for incumbents OR City Hall’s “Expected Winners.”

VOTE NO ON PROPOSITIONS H, I and J.

Dehnert C. Queen
Committee Against Proposition I

Mission Bay

OPPONENT’S ARGUMENT AGAINST PROPOSITION I

Elected Officials are promoting Mission Bay as a plan "which will provide public benefits: Affordable homes, parks, public facilities, transit, jobs."

Santa Fe has spent more than $6.4 million creating this illusion: $1.4 million to hire the Planning Department to design/implement the project, the balance for EIR/special studies.

Taxpayers are being committed to 60% of the Mission Bay and Related Projects costs totaling $4.7 billion. Mission Bay will generate $8.1 billion in revenues (Taxpayer 1%, Santa Fe 85%, City Hall 14%). The taxpayer is putting up $2.5 billion and receiving approximately $100 million in the form of promised parks and social-subsidy programs over 30 years.

These plans will increase our cost-of-living approximately $282 per month, per resident, young and old.

The City’s promised 2,200 affordable housing units cost approximately $500 million ($300 million using non-profit organizations with zero tax base). No defined source exists for these funds.

Proposition J is on the ballot to quietly bury this fact.

On June 11, 1990, I delivered a 54-page report to City Officials. It compares official rhetoric to documented facts, details 34 major fatal flaws, superior alternatives, the killing of Small Business and ultimate displacement of San Francisco’s Middle Class.

On July 26th, the Planning Department’s “Financial and Fiscal Consultant” responded that my report “brings into the debate variables we did not deal with: Waterfront Plan, transit plans, ballpark — public policy issues well beyond the purview of our analysis. [Was] there was any fundamental critique or error? We found none.”

I have spent five years and my life savings fighting City Hall. I am out of money. San Franciscans are out of time.

Register to vote!
Demand answers and public debate!
Vote no on Propositions H, I and J.

Dehnert C. Queen
Committee Against Proposition I

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION I

At a time of budget cutbacks in vital City services, San Francisco needs the revenue that will be generated in a new Mission Bay neighborhood.

The official City Controller’s analysis of Proposition I says that it will not affect the cost of government and could generate “substantial amounts” of new revenue for the City.

The Planning Department’s Fiscal and Financial Evaluation determined that Mission Bay will have positive effects upon the City’s General Fund. The evaluation stated:

“General Fund revenues from the Mission Bay project would exceed public service and maintenance costs by over $13 million annually. Over the anticipated 30-year buildout period, over $215 million of fiscal benefits would accrue to the City.”

Those are simple facts.
Don’t believe the one-person opposition committee’s funny figures.
Mission Bay will benefit all San Franciscans by improving the City’s financial health and economic prosperity.

Today the largely vacant 315-acre property produces little revenue for the City. Mission Bay’s new homes, offices and stores will contribute a surplus of $215 million in the first 30 years alone.

Not only will Mission Bay pay for the costs of its own construction and its share of public services, the neighborhood will make money for the City — money to build affordable housing and to help fund vital City needs.

Mission Bay makes financial sense. And that’s in addition to all of the other benefits of building the new neighborhood: housing, jobs, parks, a restored wetlands, childcare centers and other community facilities.

Vote YES on Proposition I

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 27, 1990.
Absent: Supervisors Alioto, Britt and Hongisto.
Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Survey after survey shows that, increasingly, San Francisco's workers cannot afford to buy a home in San Francisco.

Mission Bay addresses the need for housing and good paying jobs. In many San Francisco families, children are still living at home, even while working union jobs, simply because they can't afford to rent, much less buy, a home in San Francisco.

Mission Bay represents our last opportunity to do something significant to provide 8,000 units of housing, including permanently affordable housing, in the City.

The construction of 3,000 affordable housing units, in addition to low-rise office space, schools, fire and police stations and community facilities such as childcare centers, will provide more than 20,000 permanent jobs, including thousands of construction jobs, and housing for families with income beginning at $15,000 a year.

Reading the "Open Homes" section of the newspaper is a sobering reality for working families. Condominiums begin at $175,000.

The new neighborhood at Mission Bay will provide, in addition to market rate housing, 3,000 housing units ranging from $37,000 for a studio to $60,000 for a four bedroom unit.

Say YES to jobs and housing.
Vote YES on Proposition I.

The San Francisco Labor Council urges a YES vote on Proposition I.

Mission Bay will bring a brighter day for San Francisco.

The creation of 20,000 new jobs, as well as the jobs involved in the planning and construction of the new neighborhood, will enhance the economic future of workers in San Francisco.

Planning a strong economy for the city in the 21st century must be one of our highest priorities.

Mission Bay will keep blue-collar and entry-level office jobs from leaving San Francisco for the suburbs. Equally important, Mission Bay will bring back much needed blue-collar work.

The creation of a new neighborhood, where workers will live near their jobs in affordable homes, provides a rare opportunity.

Mission Bay will also provide working families with necessary childcare facilities for 1000 children, a neighborhood school and many acres of parks and playgrounds.

We need Mission Bay. That's why the San Francisco Labor Council, representing 79,000 working men and women in the city, urges you to vote YES on Proposition I.

Remember . . . a brighter day with Mission Bay.

SAN FRANCISCO LABOR COUNCIL
Walter Johnson, Secretary/Treasurer

The Downtown Association believes that a YES vote for Proposition I and for Mission Bay means a San Francisco that can be economically competitive into the 21st century.

Building Mission Bay means homes, jobs and parks.

It also means that major Pacific Rim corporations will be able to find competitive office space that will allow them to keep their operations in San Francisco. Mission Bay's Port and transportation improvements will help keep San Francisco a vital Port container center and the transportation hub of Northern California.

The new Mission Bay neighborhood is key to helping San Francisco maintain its role as the headquarters city of the Pacific Rim.

Vote YES for Mission Bay. Vote YES on Proposition I.

DOWNTOWN ASSOCIATION
Edward Phipps, Executive Director

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS IN FAVOR OF PROPOSITION I

The Bay Area Council supports the adoption of land use plans and policies which increase the supply of housing which is affordable and accessible to the region’s workforce.

Proposition I allows for the creation of the Mission Bay neighborhood which offers an outstanding opportunity to increase housing in the center of the region and in the heart of San Francisco, the Bay Area’s largest employment center.

Vote YES on Proposition I.

BAY AREA COUNCIL
Angelo Siracusa, President

The San Francisco Chamber of Commerce believes that building Mission Bay is key to the city’s economic health.

Voting for Proposition I will help assure San Francisco’s continued prosperity into the 21st century.

Mission Bay will mean thousands of homes and jobs for San Franciscans and hundreds of millions of dollars in tax revenue for San Francisco.

By providing lower-cost, lowrise office space, San Francisco will be able to remain competitive with the suburbs that have drained tens of thousands of jobs from the city. With its central location, mass transit, affordable homes and open space, Mission Bay will provide a powerful incentive for major companies to stay in or relocate to San Francisco.

This will provide San Francisco with new jobs and a broader tax base as well as significantly reduce the number of commuters who are forced to drive long distances to jobs in outlying areas.

Proposition I and Mission Bay can help to preserve San Francisco as the vital, commercial heart of the Bay Area and Northern California.

Vote YES on Proposition I.

Donald D. Doyle
San Francisco Chamber of Commerce

We Republicans believe that the Mission Bay project represents the best opportunity to provide significant affordable housing for San Franciscans. Proposition I is only enabling legislation and not an endorsement of every aspect of the Project. We regret the annual limitations imposed by Proposition M (1986) make this initiative necessary.

The San Francisco Republican County Central Committee urges you to vote YES on Proposition I!

As owners of neighborhood businesses, we know that a vote for Proposition I is a vote for hundreds of small business opportunities that Mission Bay will bring. It is also a vote to keep the larger businesses we depend upon as customers here in San Francisco.

Mission Bay has been designed to be a traditional San Francisco. Rather than having malls or a shopping center, Mission Bay will be built around a shopping district like Chestnut, Clement, Irving or Mission Streets.

This will mean numerous opportunities for small business people to open shops, stores and restaurants. Mission Bay will also offer programs to assist locally-owned firms to open businesses in Mission Bay.

As owners of San Francisco’s neighborhood businesses, we urge you to vote YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Mission Bay's transit and transportation improvements will make a positive difference for San Francisco and the entire Bay Area.

Mission Bay will be a neighborhood where transit comes first and where thousands of people will be able to walk to work instead of taking their cars.

The extension of MUNI Metro through Mission Bay will make neighborhoods such as Potrero Hill and Bayview/Hunters Point more accessible to the rest of San Francisco.

Mission Bay's street improvements will transform King Street into a major boulevard and will help stitch San Francisco's currently underserved southeastern neighborhoods into the city's street grid.

Mission Bay will improve the transportation system for all of us. Vote YES for improved transportation. Vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

Vote YES on Proposition I and help turn Mission Bay into a neighborhood with a heart of green.

Mission Bay will dedicate nearly 70 acres or 20% of the entire project to parks and open space.

More than two miles of shoreline along the Bay and China Basin Channel will be reclaimed and turned into parks, playfields and a wetland habitat. A degraded and run-down channel will be transformed into a scenic and ecologically-alive waterway.

The Mission Bay neighborhood will be centered around a park that will be larger than Washington Square. A bayfront park will be larger than the Marina Green.

Dozens of smaller parks, open spaces and playgrounds will mean that no home in the neighborhood is more than 2-1/2 blocks from a green space.

Mission Bay will provide critically needed open space for San Francisco’s South of Market area which currently has virtually no open space at all.

And Mission Bay programs for earthquake safety, energy and water conservation and recycling, will set a standard that other projects throughout the nation will look to as a model.

By building Mission Bay, San Francisco will gain a new neighborhood with a heart of green. As environmentalists, we urge you to vote YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

A YES vote on Proposition I will:

- Ease the pressure on existing housing supply by providing 8,000 new homes, 3,000 of which will be affordable for first-time home buyers, the disabled, the elderly, and low and moderate income families;
- Provide jobs and economic opportunities for San Franciscans, in general, and Bayview/Hunter’s Point residents, in particular; and
- Serve as a catalyst for the long-sought light-rail transit system along the Bayshore corridor, thus enhancing the economic vitality and viability of Bayview/Hunter’s Point.

Proposition I helps create a new neighborhood that organically connects Bayview/Hunter’s Point to downtown and to the rest of San Francisco.

Mission Bay is an historic opportunity to transform a desolate industrial tract into a new balanced neighborhood with as many homes and businesses as Noe Valley.

The Mission Bay neighborhood offers a unique opportunity to address some of San Francisco’s most pressing long-term needs. Mission Bay, as approved by the City Planning Commission, meets the six major goals that I wanted to accomplish for when I campaigned for Mayor:

1) Mission Bay offers more affordable housing and more housing for larger families. Three thousand homes will be affordable to working families with annual incomes between $15,000 and $56,000.

2) Mission Bay provides the lower-cost back office space that San Francisco needs for a growing job market. It will help us retain existing business and win new ones.

3) Mission Bay will keep the Port of San Francisco active and financially healthy.

4) More than ten million dollars will be contributed by the project sponsor for economic development, affirmative action and employment training for minorities.

5) Mission Bay includes major additional commitments for child care with facilities for up to 1000 children in over 10 centers.

6) The Mission Bay agreement protects the City from toxic cleanup costs. Through ironclad guarantees from the project sponsor, it insures that a timely cleanup will take place regardless of the scope of the problem.

Mission Bay is the right kind of project for San Francisco at the right time. It gives us unique opportunities to meet some of our greatest long-range challenges and helps us prepare for a great future for our city.

I respectfully urge you to vote YES for the kind of neighborhood we need. Vote YES for Mission Bay. Vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

VOTE YES ON PROPOSITION I.
Mission Bay represents the first time that a project sponsor has responded to the needs and concerns of the City's African American community.

African Americans need the opportunity for economic participation that can only be realized through access to capital. Mission Bay provides this capital through its $10 million Economic Development Fund that will guarantee the participation of African American businesses in the design and construction of Mission Bay and provide the opportunity for African American businesses to locate there.

Mission Bay’s Affirmative Action Plan is the first in the history of San Francisco to create employment preferences for economically disadvantaged residents of Bayview/Hunter’s Point, Potrero Hill, the Mission District and South of Market.

No more empty promises.
VOTE YES ON PROPOSITION I.

We join together in urging you to vote YES on Proposition I.
Let’s get the Mission Bay neighborhood started.
Mission Bay will be one of the most important additions to San Francisco in decades. It will mean affordable homes, blue-collar and entry-level jobs, open space and hundreds of millions in much needed tax revenue for the city. San Francisco needs Mission Bay.
Join us in voting YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

San Francisco's Latino community supports Proposition I. The Mission Bay neighborhood can provide our community with affordable housing, good jobs and numerous small business opportunities.

Mission Bay's economic development and affirmative action programs provide real-world solutions to problems that disproportionately affect the Latino community. The multi-million dollar Economic Development Fund coupled with economic and job opportunity guidelines, will mean that our community will really benefit from the new Mission Bay neighborhood.

Mission Bay is good for San Francisco as a whole and for the Latino community particularly. Vote YES for economic opportunity. Vote YES on Proposition I.

As former San Francisco city officials, we support Proposition I and the building of the new Mission Bay neighborhood.

Many of San Francisco's best-loved neighborhoods were once plans like Mission Bay is today. Like them, Mission Bay can take its place as a worthy and necessary addition to a great city founded on great neighborhoods.

Those of us who have watched our great city grow over the years urge you to vote YES on Proposition I.

Edward Lawson, Former Supervisor

Renters and landlords, property owners and housing advocates agree: building more housing is the key to making San Francisco an affordable place to live.

The Mission Bay neighborhood is our best chance in decades to provide the large amount of new housing that San Francisco needs. Seventy percent of Mission Bay's total area will be devoted to housing. Over 8,000 homes will be built, of which 3,000 will be permanently affordable for low and moderate income families.

The affordable housing at Mission Bay, ranging from $37,000 for a studio to $147,000 for a 4-bedroom unit, is housing the City desperately needs.

And the wide range of homes at Mission Bay will provide once-in-a-lifetime opportunities for singles, couples without children, young families, seniors, and first-time home buyers.

We urge you to vote YES for one of the most important housing proposals in San Francisco history. Vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

As candidates for the Board of Supervisors this year, there is one issue on which we all agree: Proposition I is needed for the future of San Francisco.

Join us in voting YES on Proposition I.

CANDIDATES FOR SUPERVISOR:
Robert Achtenberg
Daniel Addario

In 1986, the lesbian and gay community voted strongly in favor of Proposition M to control downtown growth.

This year, the leadership of our community supports Proposition I, an amendment to Proposition M to allow the creation of a new San Francisco neighborhood in Mission Bay.

Mission Bay will transform an underutilized industrial area into a neighborhood where all San Franciscans will have new opportunities — to buy an affordable home, start a business, work at a job without commuting, or just enjoy the outdoors.

Proposition I is a big step in planning for the future of the city we all love. That’s why lesbian and gay leaders urge you to vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

For the children, we urge you to vote YES on Proposition I. Mission Bay’s benefits for children and families will be the most extensive of any neighborhood in the City’s history.

Mission Bay’s plan for children includes an elementary school, a community and cultural center, and dozens of playgrounds, parks and open spaces.

The crown jewel in Mission Bay’s family-related programs will be a multi-million dollar system of up to 10 quality childcare centers. Serving 1000 children, the centers will be a national model for childcare services.

Mission Bay will provide vitally-needed affordable housing that is large enough for families with children. Mission Bay gives families not only the opportunity to have not only homes near their jobs, but safe, convenient and affordable places where their children can learn and play.

Vote YES for the children. Vote YES on Proposition I.

San Francisco’s Asian American community supports Proposition I.

By building the Mission Bay neighborhood, our community has an unprecedented opportunity to make economic and social progress.

Mission Bay will transform an underutilized, industrial area of the city into a new neighborhood for all San Franciscans, complete with housing, parks, community facilities. Best of all, Mission Bay provides opportunities for thousands of design and construction jobs, 20,000 permanent jobs, and hundreds of new small businesses.

Mission Bay includes the most extensive economic development programs for minorities of any project in San Francisco’s history.

Vote for economic opportunity. Vote YES on Proposition I.

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

We are artists and arts professionals who support Proposition I. Mission Bay will provide special opportunities for San Francisco's theater and arts communities.

The creation of affordable live/work spaces will mean that artists will be able to afford their own homes in Mission Bay.

A new theater/visual arts center will provide space for both permanent and special exhibits. Funding and space will be provided for the multicultural performing arts community to help design and build a truly special playhouse in Mission Bay.

One percent of the cost of constructing commercial space at Mission Bay will fund public art, giving San Francisco artists the opportunity to create works that will help define and set apart San Francisco's newest neighborhood.

Vote YES on Proposition I.

We are supporters of Proposition M who urge you to vote YES on Proposition I to create the Mission Bay neighborhood.

We supported Proposition M in 1986 so that San Francisco would have a rational policy to control downtown development. Proposition M was designed to allow San Franciscans to have the kind of input into the planning process that would guarantee projects that made sense for the City.

In 1990, we support Proposition I because the proposed Mission Bay neighborhood is consistent with the policies and goals of Prop M. Planning for Mission Bay has been the most open and comprehensive process in San Francisco history. Mission Bay makes sense.

No highrises will be built at Mission Bay. The tallest office building would be eight stories.

Mission Bay will create unprecedented economic opportunities for women, minorities and small businesses. Office space in Mission Bay will pay for thousands of affordable homes, as well as parks and public facilities that San Franciscans need.

We urge you to vote YES on Proposition I.

Acting in our individual capacities, we, as individual members of the San Francisco Port Commission urge all San Franciscans to support Proposition I. By supporting Proposition I you will not only allow San Francisco's newest neighborhood to be built, but you will also solve difficult issues affecting the future of the Port of San Francisco.

Mission Bay will permit the Port to develop a modern, competitive, consolidated container cargo facility with potential future capacity that will be more than sufficient well into the 21st century. The Port will collect revenues of $2 million a year from the building of the neighborhood. Port operations will be improved and public access to the waterfront will be greatly enhanced.

As individual members of the Port Commission, we urge you to vote YES on Proposition I.

Mission Bay

PAID ARGUMENTS IN FAVOR OF PROPOSITION I

As members of the City Planning Commission, we support Proposition I because it advances the Mission Bay plan that we approved in August 1990.

Under that plan, important public benefits will be attained: construction of 3000 affordable housing units, development of parks, wetlands, and community facilities, clean-up of toxic wastes, economic development funds to assist small businesses and workers, and the creation of thousands of jobs targeted specifically for San Francisco’s diverse population.

Both the city and the developer will make substantial financial contributions to achieve these benefits. The city’s contribution will primarily come from the sizable tax revenues that the project generates. For example, of the $215 million in tax revenues, the city will spend approximately $160 million to implement the affordable housing program. To fulfill the promises of Mission Bay thus requires future city officials to invest tax revenues.

The successful implementation of the Mission Bay plan is dependent on an informed, vigilant, and active citizenry demanding that both the developer and the city fulfill these promises.

We submit this ballot argument as individuals, rather than in our official capacities as Planning Commissioners.

PAID ARGUMENTS AGAINST PROPOSITION I

MYSTERY TRAIN

NO ordinance confirming development agreements should be on the ballot when such agreement is subsequently altered... especially Proposition I which contains enough ambiguities and “mays” to staff the Giants’ pennant drive.

Don’t be railroaded. Vote NO.

Brian Doohan

VOTE NO! ON PROPOSITION I

Be fair! Don’t exempt Mission Bay from Proposition M highrise controls. Stop this special sweetheart deal and giveaway to developers. The Coalition for San Francisco Neighborhoods urges all

San Franciscans to Vote No! on Proposition I.

Coalition for San Francisco Neighborhoods

Do NOT exempt the Mission Bay project from downtown highrise controls!

... Be fair! ... Reject this hypocritical loophole for a politically favored developer ... Please VOTE NO! to stop short-sighted politicians from imposing their opportunistic bankrupt vision on our city’s future.

Former Supervisor John Bardis
PAID ARGUMENTS AGAINST PROPOSITION I

In 1986 the voters wanted to control office development so they passed Proposition M.

Now voters are being asked to approve an exemption for 4.8 million square feet of office in the Mission Bay project based on a development agreement which has not been finalized and which can be changed by the Board of Supervisors even after the vote.

Proposition M requires that the impact of commercial office space not overwhelm the city's transit, traffic and parking capacity, housing capacity and affordability and neighborhood character. Proposition M requires that our city remain affordable for those living and working in it. And Proposition M requires that office development not displace other viable economic uses which provide a higher proportion of resident employment, such as neighborhood serving retail, service/light industry and manufacturing.

San Francisco Tomorrow believes that the City should get a better deal. Voters should oppose Proposition I unless the development agreement provides for sufficient affordable housing, community facilities and economic development opportunities to benefit all San Franciscans including those who have been economically disadvantaged in the past.

The development can proceed without a Proposition M exemption if the developer is still committed to building a new San Francisco neighborhood and is not just interested in selling off, the zoning.

San Francisco Tomorrow

Having drafted Proposition M and run its Campaign in 1986, we want the jobs, affordable housing, economic development and other amenities that a comprehensive development agreement should provide. We wanted to support a Mission Bay exemption to Proposition M's annual limit of office development; however, the Mission Bay proposal is inconsistent with Proposition M because it does not:

- Provide adequate levels of affordable housing, as the affordable housing is BELOW Bay Area standards;
- Guarantee the financing of affordable housing and other Mission Bay amenities;
- Provide for a definite start-date for the project;
- Provide sufficient housing for its own work-force;
- Fully answer questions concerning toxics clean-up nor provide for an independent consultant for the community;
- Guarantee jobs for San Franciscans;

- Improve our transportation system and decrease congestion.

Instead of seriously addressing our City's critical problems — such as affordable housing, transportation and jobs for San Franciscans — the draft proposal (as of the ballot deadline) creates even greater problems.

Inconceivably, the development agreement on which you are voting will not be finalized until after the election. Thus, you are voting on an exemption for a project which could be changed. That is not a sound way to plan this City's future.

A "No" vote does not mean there will be no "Mission Bay" project. Rather, it sends a message to the City to present the voters with a better and finalized project.

San Francisco Campaign for Accountable Planning Executive Committee

Exempting the Equivalent office space of 10 Transamerica pyramids from the city's Prop. M growth control law is a bad idea.

This proposed preferential exemption for the powerful Southern Pacific Company, now called Catellus Development Corporation, is unprecedented, unreasonable, and unnecessary.

Vote NO on I.

Joel Veniresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

TEXT OF PROPOSED ORDNANCE
PROPOSITION I

Part 1 - Declaration of People of San Francisco regarding the Mission Bay Neighborhood.

Whereas, an amendment of the City Planning Code, including the provisions thereof enacted by the voters through Proposition M in 1986, is appropriate to facilitate development of Mission Bay provided such development complies with the performance criteria and standards of an appropriate and adequate development agreement.

Part 2 - Amendment of City Planning Code.

Be it ordained by the People of the City and County of San Francisco that Part II, Chapter II of the San Francisco Municipal Code (the City Planning Code) is hereby amended as follows:

Section 1. A new Subsection 320(g)(7) is hereby added so as to provide a new exception from the definition of an office development subject to the annual limit as follows:

"(g)(7) Office space in Mission Bay, up to a maximum of 4.8 million square feet, which is the subject of a development agreement as authorized under California Government Code Section 65865 or any successor section, provided that such development agreement is in effect at the time of issuance of any building or site permit thereafter, is approved by the Board of Supervisors after recommendation by the City Planning Commission, and sets out standards and performance criteria which include at least the following:

(i) requires that efforts be undertaken to cause affordable and market rate housing to be built on a schedule such that no later than ten (10) years after the project start date (as defined in such development agreement) construction shall have commenced for at least 2,000 housing units, of which no less than 740 shall be affordable housing units and further requires that, at a minimum, over the life of the project, at least one housing unit be provided for each 712 square feet of additional office space built including at least one affordable housing unit for each 1,900 square feet of additional office space built;

(ii) provides economic development and employment opportunities for women, minorities and locally-owned businesses, and establishes an economic development fund of at least $2.00 per square foot of additional office space to be used to create economic opportunities and to provide technical assistance for women, minorities and locally-owned businesses, and to finance job training, employment brokerage and placement programs with priority given to economically disadvantaged San Francisco residents, specifically including those in the South of Market, Bayview/Hunters Point, Mission District, and Potrero Hill neighborhoods, and further requires that no later than ten (10) years after the project start date (as defined in such development agreement), no less than $3,000,000 shall have been contributed to the economic development fund, regardless of whether or not construction of additional office space has occurred, and further may provide that a priority be given in the initial allocation of funds from such fund for creation and implementation of the programs contemplated by this Subsection;

(iii) provides a comprehensive program for investigation and remediation of hazardous materials in connection with development in a timely fashion to permit construction of housing, open space and community services facilities;

(iv) provides a comprehensive public parks system including the provision or enhancement of a publicly accessible shoreline estuary, and provides public and community facilities; including a police station, a fire station, recreation, cultural and child care centers;

(v) prohibits discrimination on the grounds of, or because of, race, color, creed, national origin, ancestry, age, sex, sexual orientation, disability or Acquired Immune Deficiency Syndrome or AIDS related condition (AIDS/ARC) as provided in Chapter 56.7(c) of the San Francisco Administrative Code; and

(vi) provides that the times required for construction and contribution of funds set forth in Subsections (i) and (ii) above may be extended by the occurrence of unavoidable delays, including, without limitation, matters beyond the reasonable control of the party charged, unavailability of satisfactory financing as determined in the prudent business judgment of the party charged, administrative or regulatory processing delays, or changes in laws or regulations and further, specifically shall defer the obligations set forth in Subsections (i) and (ii) above if any additional office space may not be commenced or completed due to litigation or lack of regulatory approvals."

Section 2. A new subsection 320(l) is hereby added as follows:

"(l) "Mission Bay" means the area generally bounded by Third Street, Berry Street, Fourth Street, and China Basin Channel, China Basin Street, Mariposa Street, Pennsylvania Street, Seventh Street and Townsend Street."

Section 3. A new Subsection 320(m) is added as follows:

"(m) "Affordable housing" means housing units affordable to households with incomes ranging from 50% or less to 120% of the median income for the San Francisco Metropolitan Area, a portion of which must be permanently affordable to such households."

Section 4. A new sentence is added at the end of Subsection 321(a)(2) as follows:

"Notwithstanding the foregoing, additional office space within Mission Bay shall count against the maximum set in Subsection 321(a)(1) to the extent provided in Subsection 321.1(f)."

Section 5. The last sentence of Subsection 321.1(b) is deleted and replaced with the following:

"The list shall not include: (1) permits for projects authorized pursuant to the office development competition set out in Subsection 321(b) and Section 322; or (2) permits for projects which are excepted from the definition of the term "office development" under Subsection 320(g)(7)."

Section 6. A new Subsection 321.1(f) is added as follows:

"(f) This Subsection 321.1(f) shall be effective after the amount of square footage remaining on the Department's list, prepared pursuant to Subsection 321.1(b), is reduced to zero and the 950,000 square foot annual limit established in Subsection 321(a)(1) is not subject to reduction pursuant to Subsection 321.1(d)."

(2) Beginning on February 1st of the year in which this Subsection 321.1(f) becomes effective, and on February 1st of each subsequent year, the Department shall certify in writing to the City Planning Commission, at a public hearing, a current list showing the total square footage of all office space which is excepted from the definition of the term "office development" under Subsection 320(g)(7) for which building or site permits were approved for issuance (including those approved prior to the effective date of this Subsection 321.1(f)) that have not lapsed or otherwise been revoked. In preparing that list, the Department shall subtract from the total amount of square footage of office space on its list the cumulative amount that has been deducted from the 950,000 square foot annual limit pursuant to Subsection 321.1(f)(3) below, and shall add to that list the cumulative amount that has been added to the 950,000 square foot annual limit pursuant to Subsection 321.1(f)(4).

(3) Within 30 days after receipt of the Department's certified list, the Commission shall reduce the 950,000 square foot annual limit established in Subsection 321(a)(1) by 200,000 square feet if the amount of the square footage of office space on the Department's list is equal to or greater than 200,000, or if the amount on the Department's list is less than 200,000 but greater than zero, then by such lesser amount.

(4) If the amount of square footage on the Department's list is a negative number (due to the lapse or other revocation of building or site permits), then an amount of square footage equal to the absolute value of that negative number shall be added to the 950,000 square foot annual limit.

(5) In no event shall the cumulative total amount deducted from the 950,000 square foot annual limit, net of amounts added to the annual limit, for all years exceed 4.8 million square feet."

Part 3 - Authority Retained.

Nothing herein shall be deemed to limit the lawful exercise of discretion by any City agency, department, board or commission, nor to limit the authority of any such entity to impose additional or more stringent conditions or requirements, in connection with the recommendation or approval of a development agreement.

(Continued on next page)
LEGAL TEXT OF PROPOSITION I (Continued)

Part 4 - Termination.
If there is a default which remains uncured (as same may be defined and provided in a development agreement) under the provisions of a development agreement which set forth the requirements of Subsections (i) and (ii) of Section 1 of Part 2 above due to the actions of a party other than a public entity, then this Ordinance shall be null and void and of no further force or effect as of the expiration of any cure period for such default.

Part 5 - Severability.
If any section, subsection, phrase or part of the foregoing is held invalid by a court of competent jurisdiction, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the other parts of this Ordinance, or application thereof, which can be given effect without the invalid part or application thereof. Each section, subsection, sentence, phrase, or part of this Ordinance would have been adopted and passed irrespective of the fact that any one or more sections, subsections, sentences, phrases, parts or positions be declared invalid or unconstitutional.

PROPOSITION J

Shall an ordinance be adopted making it City policy for the Board of Supervisors to appropriate at least $15 million each year, adjusted for inflation, to the Housing Affordability Fund, provided that $5 million may be appropriated in years where extraordinary circumstances warrant it?

YES 309
NO 310

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: The City has a Housing Affordability Fund to assist in providing low and moderate income housing. There is no City policy regarding the amount of money the Board of Supervisors should appropriate each year to this fund.

THE PROPOSAL: Proposition J is an ordinance that would make it City policy for the Board of Supervisors to appropriate at least $15 million each year to the Housing Affordability Fund, to be adjusted each year based on the Consumer Price Index. If, due to an extraordinary circumstance, two-thirds of the Board of Supervisors find that less money should be appropriated in a given year, then Proposition J would make it City policy for the Board to appropriate at least $5 million for that year.

A “YES” VOTE MEANS: If you vote yes, you want to adopt an ordinance making it City policy for the Board of Supervisors to appropriate these funds each year to the Housing Affordability Fund.

A “NO” VOTE MEANS: If you vote no, you do not want to adopt this ordinance.

Controller’s Statement on “J”

Should the proposed ordinance be adopted and implemented, in my opinion, general resources, ranging from $15 million in 1991-92 and increasing thereafter indefinitely at the rate of increase in the consumer price index, could be allocated to an Affordable Housing Fund.

Amounts allocated to the Affordable Housing Fund would diminish the amount of funds available for general purposes of the City and County.

How “J” Got on the Ballot

On August 8, 1990 the Registrar of Voters received a proposed ordinance signed by Supervisors Harry Britt, Jim Gonzalez, Nancy Walker, and Doris Ward. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
Housing Affordability Fund

PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION J

Housing is the foundation upon which all our social structures are built. In San Francisco, we face a housing affordability crisis that threatens to affect and change the way we all live. Proposition J makes it City policy to provide a substantial annual affordable housing contribution.

It costs more to live in San Francisco than almost anywhere else in our nation. The average sale price of a home now has more than doubled since 1980; the average rent has nearly doubled in the same period. Today, only seven percent of San Francisco households can afford the average home. Many of our hard working lower and middle class families can no longer afford to rent or purchase a home in San Francisco, disrupting the economic, social and cultural fabric that weaves its way through all aspects of life in our City.

In the past, San Francisco’s commitment to providing affordable housing has been augmented by substantial State and Federal funding assistance. These housing funds have been drastically reduced over the past decade, and San Francisco can only compete for funding if we can make sufficient local contributions.

The housing funds allocated by Proposition J represent a small percentage of San Francisco’s annual budget, but they will leverage significant resources directed toward affordable housing preservation and new construction. Some costs will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless.

With Proposition J, starting in fiscal year 1991-92, fifteen million dollars will go to the Housing Affordability Fund annually. This revenue will be generated if new funding sources are identified. This represents a sound investment in the diversity of San Francisco, and will help improve the quality of housing in many of our neighborhoods.

Vote YES on Proposition J.

Nancy Walker
Harry Britt
Jim Gonzalez
Doris Ward

REBUTTAL TO PROONENT’S ARGUMENT IN FAVOR OF PROPOSITION J

Not once in their argument do the four supervisors admit where the $15,000,000 a year for Proposition J is going to come from. There’s only a vague hint in the last paragraph: “This revenue will be generated if new funding sources are identified.”

Just what “new funding sources” do they have in mind? They never tell you, but I will: doubling the city’s real property transfer tax imposed when you sell or buy a home. In other words, these four supervisors want to add about $2,000 to the price of a typical San Francisco home.

What’s their solution to the “affordable housing crisis”? To make the average San Francisco home $2,000 less affordable.

VOTE “NO” ON PROPOSITION J.

In 1980, I authored the policy declaration, approved overwhelmingly by the voters, which established a goal of 20,000 new housing units by the end of 1984. That policy was not fulfilled, and it never will be fulfilled if City Hall persists in such counterproductive strategies as Proposition J.

A huge tax hike on homeowners is no way to improve the housing situation in San Francisco!

VOTE “NO” ON PROPOSITION J.

The four supervisors even claim that some of Proposition J’s $15,000,000 annual cost “will be more than offset by the reduced burden placed on our health and criminal justice system by people who would otherwise be homeless.” But most of the “homeless” are not people looking to buy a home!

Proposition J is a sham.

State Senator Quentin Kopp
Chairman, Kopp’s Good Government Committee

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
Oponent's Argument Against Proposition J

Proposition J requires the Board of Supervisors to appropriate $15,000,000 a year to a "Housing Affordability Fund". Sound good? Read on.

Question: Where's the money going to come from?
Answer: Higher taxes!

Vote "NO" ON PROPOSITION J.

The same supervisor who authored Proposition J has an ordinance pending before the board that would double the city's real property transfer tax rate. This proposal could even increase the transfer tax by 1,000% for many San Francisco homebuyers. (That's the source of funding for Proposition J.)

In other words, Proposition J would pave the way to adding $2,000 to the price of a typical San Francisco home. How does that make housing more "affordable"?

Vote "NO" ON PROPOSITION J.

The real property transfer tax is a lousy idea in the first place. It bears no connection whatsoever to any legitimate governmental service — like recording your deed or mortgage. The transfer tax is nothing but an excuse to gouge homeowners and raise money for City Hall.

There are 58 counties in California. In 57 of those counties, the transfer tax is 55 cents for each $500 of property value sold. In San Francisco, the current transfer tax is $2.50 for each $500 of property value. Proposition J would send our already excessive transfer tax out of sight!

Vote "NO" ON PROPOSITION J.

The author of Proposition J has been quoted as stating that an extra $1,000 or $2,000 has "never been the amount of money that makes or breaks a real estate deal". Tell that to the families in San Francisco struggling to scrape together a down payment.

Proposition J will only make a bad housing situation worse.

State Senator Quenin Kopp
Chairman, Kopp's Good Government Committee

Rebuttal to Opponent's Argument Against Proposition J

The opponents of Proposition J are trying to mislead you.

Proposition J does not raise taxes one penny. Proposition J sets City policy to make a long-term commitment to the City's depleted Housing Affordability Fund.

The transfer tax will not be affected one way or another by Proposition J, as Senator Kopp claims. In fact, any change to the transfer tax will have occurred months prior to this election. The transfer tax doesn't make housing unaffordable — a housing shortage does.

That's why, as a San Francisco Supervisor, Kopp placed a housing proposition on the ballot approved overwhelmingly in 1980. It set city policy to create 20,000 new units of housing over a five year period, but no money was allocated at that time. With the annual $15 million commitment in Proposition J, we will finally be able to meet the housing goals the voters and Kopp approved.

Vote YES on Proposition J, and get the affordable housing you already voted for.

Senator Kopp knows that the State of California has hurt San Francisco by slashing State funding to local governments. These drastic cuts greatly increase the need for San Francisco to fund housing for truly needy groups such as battered women and mentally and terminally ill, as well as our hard-working renters and first time homebuyers who are priced out of the market.

An investment in affordable housing is an investment in San Francisco's future. Vote YES on Proposition J.

Housing Affordability Fund

PAID ARGUMENTS IN FAVOR OF PROPOSITION J

Affordable housing for low, moderate and middle income families needs to be built in San Francisco.
Vote YES on J.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Another measure on the ballot because the Supervisors didn’t do their job!
It doesn’t take a ballot measure for the City to spend $15 million per year to develop affordable housing.
The Mayor and Supervisors control the budget — they can appropriate the money!
We do agree with opponents of “J”, however, the San Francisco’s regressive real estate transfer tax should not be raised!

Vote “Yes” on “J” which is only a nonbinding policy declaration saying you want $15 million per year spent on affordable housing.

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committee member/BART Board Candidate

Proposition J is a wise investment in the future of our City. With Proposition J, San Francisco will gain millions of dollars in State and Federal Funds for affordable housing construction and preservation that would otherwise be lost.

VOTE “YES” ON PROPOSITION J...
and San Francisco will be able to get over 2300 new affordable homes in the new neighborhood at Mission Bay.

VOTE “YES” ON PROPOSITION J...
and more San Francisco wage earners will be able to afford to live in our City, and contribute their wages to our economy, instead of clogging highways and fouling the environment as they drive hundreds of miles to distant houses elsewhere.

VOTE “YES” ON PROPOSITION J...
and thousands of small businesses will benefit while we provide opportunities for hard working households to find attractive and affordable homes. Help keep San Francisco a city where our sons and daughters can afford to live, and where the richness of our cultural diversity will be maintained.

Join the many homeowners, business people, civic leaders, environmentalists, community organizations, and hard working people who know that...

PROPOSITION J IS THE RIGHT WAY TO BUILD A BETTER SAN FRANCISCO FOR MANY GENERATIONS!

Housing Affordability Fund

PAID ARGUMENTS AGAINST PROPOSITION J

Vote No on Proposition J.

Everyone agrees that San Francisco needs more affordable housing. But Proposition J won’t raise one penny for housing.

Proposition J does not bind the city to spend any money to build affordable housing. It is on the ballot only as a first step in an effort to raise taxes.

San Francisco’s general tax revenues are not great enough to allow the Board of Supervisors to transfer millions of dollars into a housing fund. To implement Proposition J the Board of Supervisors will have to either pass new taxes or cut current programs.

Vote No on Proposition J. Insist that the Board of Supervisors tell us how the program is to be paid for.

Don’t be fooled. Vote No on Proposition J.

Donald D. Doyle
San Francisco Chamber of Commerce

Proposition J would require the Board of Supervisors to allocate $15 million a year for affordable housing. But where is the money going to come from? Isn’t the city facing a budget crisis?

The supporters of Proposition J advocate increasing the real property transfer tax, the tax that is paid whenever title to property changes. This largely unknown tax could end up costing property owners and buyers thousands of dollars.

Isn’t it just like City Hall to make housing more expensive in order to support affordable housing?

We know San Francisco has an affordable housing problem. Is Proposition J the solution? You can’t tell from its language.

As written, Proposition J only says, “appropriate to the Affordable Housing Fund... no less than... in fiscal year 1991-92, $15 million dollars, and each succeeding fiscal year,” a like amount adjusted for inflation.

From a reading of Proposition J, you can’t tell where or how these funds will be spent. Or where the money will come from.

Proposition J doesn’t provide the facts. VOTE NO ON PROPOSITION J.

Proposition J is fiscally irresponsible. Vote NO ON PROPOSITION J.

San Francisco’s residents and businesses are burdened by some of the highest taxes in effect anywhere in the country. Now the Board of Supervisors is considering a proposal to increase the city’s real property transfer tax by 120%. If this tax is increased, it could end up costing home owners and buyers thousands of dollars.

During the debate on the tax, supporters of the increase have said that additional money is needed to support an annual allocation of $15 million to the city’s affordable housing fund if Proposition J is passed by the voters. But the proposed increase would generate an additional $38 million a year. How would the balance of these funds be used? Are they needed? No one will say.

Proposition J doesn’t even tell you how the $15 million annual allocation will be used and who will benefit. Proposition J is a disguised attempt to increase taxes for a variety of unspecified purposes.

It is budgetary proflligacy of the worst sort. Vote NO ON PROPOSITION J.

Jack Waters
Laura Peterson

Barbara A. Moore
Lenora N. Lawrence
Gardner W. Mein
Frances Miller
Dana Ellsworth
Diana Vollmer

If Proposition J is worthy of the voters’ support, why don’t its supporters tell you how the funds will be used and who will benefit? Shouldn’t the voters have these important details?

The Association supports sound housing policies. But Proposition J leaves everything to the imagination. Until its supporters provide more details, we urge San Franciscans to VOTE NO ON PROPOSITION J.

San Francisco Association of Realtors

W.F. O’Keeffe, Sr., President
San Francisco Taxpayers Association

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
PAID ARGUMENTS AGAINST PROPOSITION J

Proposition J is not an innocuous policy statement. It asks voters to support a permanent $15 million annual allocation of General Fund revenues to a poorly defined housing fund. Each fiscal year, city expenditures exceed revenues. Where will the city get the revenues for this special interest fund? The proponents of Proposition J won’t tell where the money is coming from. They just say vote for housing. The truth is that the revenues to finance the fund must come from increased taxes and fees on residents or small businesses, or cuts in city services, such as health, seniors, MUNI and public safety. VOTE NO ON PROPOSITION J.

Passage of Proposition J would encourage other special interest groups to seek voter approval to “lock-up” more General Fund revenues for their causes. The federal and state budgets provide ample evidence of the budgetary crises which are produced when special interests take control of the budget. Don’t let this happen in San Francisco. VOTE NO ON PROPOSITION J.

The measure does not spell out guidelines on how the funds would be used. Is Proposition J a hidden “blank check”? Why don’t the proponents tell the voters in the measure how the funds will be spent? VOTE NO ON PROPOSITION J.

As a non-profit housing group, we are very interested in supporting reasonable, detailed and effective affordable housing programs. Proposition J does not meet these standards for support. The proponents should detail their housing fund proposal and then ask for voter support. Until then, VOTE NO ON PROPOSITION J.

San Francisco Housing Council

The Board of Supervisors has been aggressive in adopting policies designed to increase affordable housing opportunities for San Francisco residents. Each year, millions of dollars are committed to affordable housing programs. But despite this effort, no one can deny that the city’s financial commitment to affordable housing should be increased.

The problem is that the city has been living beyond its means. Each year, the city’s budget becomes increasingly difficult to balance. Cuts in essential services are not the answer; nor are increased taxes and fees. Governmental efficiency must be improved in order to provide the funds needed to support public services and economic growth. Until this happens, San Francisco cannot afford Proposition J’s budget mandate of $15 million annually.

Please join us in voting NO ON PROPOSITION J.

Supervisor Willie B. Kennedy
Supervisor Bill Maher
Supervisor Tom Hsieh

The Coalition for Better Housing, a non-profit housing group, has been in the forefront of supporting sound and effective affordable housing solutions for many years. We would like to support Proposition J but we cannot. Why?

Look at the text. Proposition J does not tell voters the source of the $15 million annually allocated to fund the program. It can only come from two places: more cuts in city services or more increases in taxes and fees. At a time when San Francisco is facing one of its worst fiscal crisis, the City cannot afford Proposition J.

Where in Proposition J’s language does it tell how the funds will be spent? The voters of this city should not support a housing fund with no accountability or program guidelines.

Don’t be fooled by the proponents of Proposition J. They are asking you to support a measure without the information you need to make an informed decision. Make them tell you the details before voting for such a measure.

Join housing advocates that want fiscally and programmatically sound affordable housing plans.

Vote No on Proposition J!

Barbara Kolesar
Executive Director
Coalition For Better Housing

Arguments printed on this page are the opinion of the authors and have not been checked for accuracy by any official agency.
TEXT OF PROPOSED ORDINANCE

PROPOSITION J

NOTE: This Section is entirely new.
Be it ordained by the people of the City and County of San Francisco:
Section 1.
Findings:
1. San Francisco's housing costs are among the highest in the nation.
2. High housing costs threaten the social, cultural, and economic well being of the City and all of its residents.
3. An investment in affordable housing is therefore in the vital interest of the City and County of San Francisco.
4. The average sales price of a house in San Francisco has more than doubled since 1980, from $131,000 to $340,000 in 1990. It is estimated that only 7% of San Francisco households can afford the price of the average San Francisco single family home.
5. The price of a two-bedroom rental apartment increased by 88% since 1980 from a median advertised rent of $475 in 1980 to $895 in 1989. It is estimated that only 30% of the City's households can afford the current median price of a two-bedroom apartment.
6. There has been a drastic reduction in direct Federal funding for affordable housing to all American cities over the last ten years, and there is no likelihood of restoring discontinued national affordable housing programs.
7. Remaining current state and federal affordable housing programs rely on a substantial local funding match to be made available.
8. The Residence Element of the Master Plan projects a need for 2690 new or renovated units of very low income, low income, and moderate income housing annually.
9. 2000 units of housing with expiring Federal subsidies in the next five years alone can only be maintained as affordable housing with some investment of local funds.
10. 4290 units of Public Housing in the next five years alone will require renovation with a requirement for some investment of local funds.
11. There is a need for a substantial and predictable local source of revenue for meeting these affordable housing requirements, in excess of the amounts available through the Office Affordable Housing Production Program and the Hotel Tax, and through Community Development Block Grant funds.
12. San Francisco, unlike comparable American cities, neither currently nor regularly commits significant amounts of general fund revenue to affordable housing.
13. The previously established Housing Affordability Fund (Ordinance 249-85) which was established with a one-time commitment of general fund money in 1985 is depleted.
14. Both the Mayor's Affordable Housing Action Plan (1989) and the City's new Residence Element recommend that voter approval be sought for a guaranteed annual local commitment to an affordable housing fund similar to the commitment that has been made to the Open Space Acquisition Fund for development and maintenance of open space.
15. Urgently needed affordable housing developments that have been partially funded to date or are seeking funding will be jeopardized without future local funding.
Section 2.
Chapter 10 of the San Francisco Administrative Code is hereby amended by adding a new
Section 10.117-50.1 thereto, to read as follows:
SEC. 10.117-50.1. ANNUAL APPROPRIATIONS TO HOUSING AFFORDABILITY FUND. (a) It shall be the Policy of the People of the City and County of San Francisco that subject to the budget and fiscal provisions of the Charter of the City and County of San Francisco, commencing in fiscal year 1991-92, the Mayor and the Board of Supervisors shall, through the annual appropriation ordinance for the City, appropriate to the Housing Affordability Fund established by Section 10.117-50(a) of the San Francisco Administrative Code no less than the total amount specified in subsections (i) and (ii) below:
(i) In fiscal year 1991-92, fifteen million dollars ($15,000,000.00), and in each succeeding fiscal year, fifteen million dollars ($15,000,000.00) increased by the percentage by which the Consumer Price Index for All Urban Consumers: Selected areas, all items index, San Francisco-Oakland, California (1982-1984=100) (or if that index is no longer published, and equivalent successor index selected by the Board of Supervisors) that is published on or immediately prior to the first day of the fiscal year exceeds the Consumer Price Index published on or immediately prior to July 1, 1990, or
(ii) Five million dollars ($5,000,000.00), upon a determination by a two-thirds majority of the Board of Supervisors that due to an Act of God or other extraordinary circumstances a reduction below the requirement as set forth in section (i) is warranted, but may not be enacted by the Board for more than two (2) consecutive years.
PROPOSITION K
Shall two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses be allowed to formally establish their relationship as a "domestic partnership?" YES 311
NO 312

Analysis
by Ballot Simplification Committee

THE WAY IT IS NOW: There is no process for lesbians and gay men to formally establish and record their relationships.

THE PROPOSAL: Proposition K would allow two unmarried, unrelated people over the age of 18 who live together and agree to be jointly responsible for their basic living expenses to formally establish their relationship as a "domestic partnership." They would establish their relationship by signing a Declaration of Partnership and either (a) filing the Declaration with the County Clerk or, (b) having the Declaration notarized and witnessed and given to the witness. A filing fee would be charged to cover the City’s costs.

The domestic partnership would end if one partner notifies the other that he or she has ended the partnership, if one of the partners dies, if one of the partners marries or if the partners no longer live together. When the domestic partnership ends, the partners would incur no further obligation to each other.

A person who has filed a Domestic Partnership Declaration may not file another such declaration until six months after the partnership has ended, unless the previous domestic partnership ended because one of the partners died.

A "YES" VOTE MEANS: If you vote yes, you want to allow unmarried couples to formally establish their relationship as a domestic partnership.

A "NO" VOTE MEANS: If you vote no, you do not want to allow unmarried couples to formally establish their relationship as a domestic partnership.

Controller’s Statement on “K”
Should the proposed ordinance be adopted, in my opinion, it should not affect the cost of government.

How “K” Got on the Ballot
On July 20, 1990, the Registrar of Voters received a proposed ordinance signed by Supervisors Angela Alioto, Harry Britt, Richard Hongisto, and Nancy Walker. The City Charter allows four or more Supervisors to place an ordinance on the ballot in this manner.
PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION K

Proposition K, the Domestic Partners registry, is simply a question of fairness. Proposition K will cost the city nothing.

Proposition K will allow lesbian, gay and other committed couples to register their relationships.

Under state law, lesbian and gay couples cannot get married. Despite their commitment, despite their love, despite all the joy and struggles they've endured, their relationships are neither recognized nor supported. Like all couples, they want visible recognition from their friends, families and neighbors.

This is an issue of choice and civil rights. Everyone has the right to choose whom they will love. The religious opponents of domestic partners, who want to enforce their view of what constitutes a loving, committed relationship on everyone else, would deny social recognition and support for gay and lesbian relationships. Let's stop the injustices by voting yes on Proposition K.

The previous proposal for domestic partners caused concern over potential costs to taxpayers. But the registry under Proposition K is financially self-supporting with fees covering all costs. Proposition K provides no city or employment benefits to domestic partners.

Proposition K is the respect and support that will allow all of the residents of our city to proudly say, "We are a part of the family of San Francisco."

VOTE YES ON PROPOSITION K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on August 20, 1990.

Absent: Supervisors Hongisto and Hsieh.

REBUTTAL TO PROONENT'S ARGUMENT IN FAVOR OF PROPOSITION K

The Blitzkrieg-defying traditionalist Sir Winston Churchill — the man who destroyed Adolf Hitler — at age 13 memorized these fateful lines from Macaulay's *Lays of Ancient Rome*:

"Then out spake brave Horatius,
The Captain of the Gate:
'To every man upon this earth
Death cometh soon or late.
And how can man die better
Than facing fearful odds,
For the ashes of his fathers,
And the temples of his gods?"

San Francisco's misguided Board of Supervisors purports to advise us on "Love", "Fairness" and so-called "Religion". Their ideas are flawed and twisted. Vote "NO" on Proposition K.

Even the claim that "domestic partners" will not cost us tax money is false. In light of the California case of *Marvin v. Marvin* (on the "implied contract" rights of "live-in" lovers), it's total folly to pretend that "domestic partners" will not open up the floodgates of future litigation. We can expect lots of court costs if Proposition K passes.

The First Amendment to the U.S. Constitution wisely bans the "establishment" of religion. The power of the state should not be used to advance particular creeds or belief systems.

Proposition K represents nothing but an attempt to "establish" the belief system of "domestic partners" as the official policy of the City and County of San Francisco.

The Board of Supervisors are insulting you and wasting your tax money by putting this already defeated "domestic partners" measure back on the ballot again.

Vote "NO" on Proposition K.

Patrick C. Fitzgerald
Democratic Party Nominee for State Senator
OPPONENT’S ARGUMENT AGAINST PROPOSITION K

JUST SAY “NO” TO “DOMESTIC PARTNERS”
San Francisco is a broadminded seaport town.
People from all over the world have come to San Francisco since
the day the Spanish navigator Ayala first sailed his ship through
the Golden Gate.
The San Francisco Presidio’s Lyon Street Gate and its ancient
Officers Club are still guarded by the cannons of the Spanish King
Carlos III.
The quartered arms of Aragon and Castile — the old banner of
Imperial Spain — no longer flies over San Francisco.
San Francisco is a City with tradition.
San Francisco does not need the misguided Supervisor Harry
Britt’s proposed “domestic partners” law.
San Francisco and its voters defeated an almost identical “do-
mestic partners” measure last year.
Still earlier, when Dianne Feinstein was still Mayor, The San
Francisco Board of Supervisors passed another “domestic part-
ters” resolution. Mayor Feinstein correctly vetoed that unwise
proposal.
Now — like a Bad Penny — “domestic partners” has come back
to again haunt the City and County of San Francisco.

“Domestic partners” is basically a slap in the face to 3,000 years
of Judeo-Christian-Islamic civilization:
That is the reason Archbishop Quinn last year had a letter read
in every San Francisco Roman Catholic church attacking the 1989
“domestic partners” ballot measure.
That is the reason virtually every Catholic, Protestant, Eastern
Orthodox, Jewish, Moslem, and Buddhist clergyman in the City
and County of San Francisco agreed.
The truth is that “domestic partners” is a piece of legislation that
would have been laughed out of the late Emperor Nero’s pagan
Roman Senate.
In fact, there is only one man in Suetonius’ Lives of the Twelve
Caesars who would probably have backed “domestic partners”
legislation.
His name???: The mad Emperor Gaius Caligula.
Gaius Caligula also put a horse in the Roman Senate.

Citizens Against “Domestic Partners”
Patrick C. Fitzgerald
Democratic Nominee for State Senator
Chairman of Citizens Against “Domestic Partners”

REBUTTAL TO OPPONENT’S ARGUMENT AGAINST PROPOSITION K

Domestic Partners is obviously NOT about Caligula. It is not
about Imperial Spain, or King Carlos III, or about sailors crossing
the Golden Gate.
It IS about our respect for one another. It’s about the acceptance
and recognition of our differences. It’s about our willingness to tell
our neighbors and families and friends that all people should be
granted the right of being allowed to publicly recognize the one
they love.
Yes, San Francisco is a city of traditions . . . Traditions of
tolerance, fairness, and respect for others. Proposition K reaffirms
these San Francisco traditions.
Please vote YES ON K.

Submitted by the Board of Supervisors.

This argument was adopted by the Board of Supervisors on
August 27, 1990.
Ayes: Supervisors Gonzalez, Hallinan, Hsieh, Kennedy, Maher,
Nelder, Walker and Ward.
Absent: Supervisors Alioto, Britt and Hongisto.
PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Long-term, monogamous relationships should be recognized and encouraged.
Vote YES on K.

Joel Ventresca
Past President,
Coalition for San Francisco Neighborhoods
Candidate for Supervisor

Equal rights must be afforded all citizens — without regard to sexual orientation.

As Democratic Committeemembers, we have both consistently supported domestic partners legislation. In 1983, Arlo Smith authored the resolution first putting the Democratic Committee on record in support of such legislation.

In 1987, Arlo Smith got the BART Board to adopt an ordinance prohibiting BART contractors from engaging in sexual orientation discrimination.

In 1989, Arlo Smith co-sponsored (with Director Michael Bernick) a domestic partners proposal for BART employees. Alexa Smith will vote for such legislation if elected as your BART Director.

We both supported Proposition S in 1989.
We are proud to support Proposition “K”.
Vote “YES” on “K”.

Arlo Hale Smith
BART Director/Candidate for Supervisor
Alexa Smith
Democratic Committeemember/BART Board Candidate

Vote Yes on K! Equity and fairness for all San Franciscans.

Carole Migden
Candidate, Board of Supervisors

Communities of color have always led the fight for equality and challenged the discrimination which designated “white” only jobs, schools and recreational facilities or immigration laws which separate our families. Current laws regarding family status do not allow the participation of lesbian and gay couples, leaving them with no mechanism to register their relationships and seek equal treatment for them.

We must stand together with the lesbian and gay members of our own African American, Latino, Asian and Pacific Islander, and Native American communities and with all lesbian and gay couples who seek equal treatment for their relationships. Proposition K will allow these couples the same public recognition and respect of their relationships that we give to others. At no cost to the city, we can take one more step towards dignity and the fair treatment of all.

Proposition K is an issue of CHOICE! The lesbian and gay community has created a process for the city to recognize their relationships through a registration system, since they are not legally eligible for marriage. A small section of religious fundamentalists overturned this legislation last year. They want to impose their lifestyles on the entire population — preventing women from exercising their right to choose related to pregnancy — preventing lesbian and gay couples from exercising their right to the choice of loving relationships of their own sex.

If we cannot demonstrate the importance of maintaining our freedom of choice here in San Francisco, it will surely be endangered throughout the country.

PAID ARGUMENTS IN FAVOR OF PROPOSITION K

Proposition K is about justice. This measure requires no city tax dollars; it is completely self-supporting. Proposition K represents the consensus position of the elected leadership of San Francisco.

There are no financial benefits in Proposition K, but it does provide a legal registry to foster respect for lesbian, gay and other unmarried couples. This is one way San Francisco can address the discrimination and neglect they face. We urge you to vote "Yes" on Proposition K, so that our city officially encourages loving and caring families.

Mayor Art Agnos
Assembly Speaker Willie L. Brown, Jr.
Assemblyman John Burton
State Senator Milton Marks
Congresswoman Nancy Pelosi
Assemblywoman Jackie Speier

Martin Luther King, Jr. once said, "Injustice anywhere is a threat to justice everywhere." Proposition K is about fighting injustice. We are part of civil rights and social justice groups that are devoted to uplifting the lives of all people. We are concerned about discriminatory laws and practices that deny justice and equal opportunity to any member of society.

Proposition K is a simple measure of justice. It represents everything decent and honorable about our city. Proposition K affirms the lives and humanity of all San Franciscans. There is no financial cost to the city with Proposition K. There is a moral cost to the city without it. Please stand with us on the side of human justice. Vote "Yes" on Proposition K.

PAID ARGUMENTS AGAINST PROPOSITION K

"People have heard enough about the 'Rights of Man' as they are called; it is time they hear about the Rights of God".
— Pope Leo XII (1823-1829)

Some now seek to "redefine" the family — as if the Natural Law is malleable by man! Remember, "Live-and-let-live" libertarianism is NOT accepted by God, nor does scripture or tradition teach that democracy is the ideal form of government. Democracy is valid ONLY if a Holy Fear of God is woven through the fabric of society.

Proposition K, a degenerative piece of legislation, further erodes that fabric. Do we need more disasters and loss of freedom to make us realize we are not dealing with a play-God? Keep in mind that Hell and Purgatory ARE real and Dies Irae IS coming!! Vote No on K!

Dennis J. Mark, Accountant

This is an attempt by the militant homosexual-dominated political establishment to use our city government to force our endorsement of perverted and illicit sexual relationships. It is a mockery of marriage. It attempts to provide the benefits of marriage without the responsibilities. It would open the door to astronomical financial costs.

Use your common sense. Vote No on K.
A vote for me is a vote against domestic partnerships and for family values.

Jim Robinson
Candidate for Supervisor

PAID ARGUMENTS AGAINST PROPOSITION K

An issue that the voters have already rejected is before them again — the "domestic partners" issue that would allow the same sex and unmarried partners the same status of married couples and families. A domestic partnership is a shallow mockery of traditional heterosexual marriage, with all of the privileges and none of the real responsibilities. It is a "frequent flier" marriage of the moment that can be easily dissolved. The proponents of Proposition K attempt to use the laws, institutions, bureaucracies and tax dollars of our City to make a public statement that divergent lifestyles and choices are perfectly legitimate too and demand everyone’s endorsement.

The Chinese and Asian community cherish the traditional monogamous family as a stable place of procreation and nurturing of future generations. Proposition K is in direct conflict with those values. If passed, it will cause profound DISTURBANCE and CONFUSION to our community. Our children will be the victim of this unproven and ill conceived social experiment. Although we respect the existence of different social groups and their basic human rights, we reject a pseudo-substitute for the family, and we will not vote for a potential economic, social, and legal NIGHTMARE that will only further divide our already divided City.

Vote NO on K.

The People amend The San Francisco Administrative Code by adding a new Chapter, to read:

RECOGNITION OF DOMESTIC PARTNERSHIPS

Sec. 1. PURPOSE

The purpose of this ordinance is to create a way to recognize intimate committed relationships, including those of lesbians and gay men who otherwise are denied the right to identify the partners with whom they share their lives. All costs of registration must be covered by fees to be established by ordinance.

Sec. 2. DEFINITIONS

(a) Domestic Partnership. Domestic Partners are two adults who have chosen to share one another’s lives in an intimate and committed relationship of mutual caring, who live together, and who have agreed to be jointly responsible for basic living expenses incurred during the Domestic Partnership. They must sign a Declaration of Domestic Partnership, and establish the partnership under section 3 of this chapter.

(b) “Live Together.” “Live together” means that two people share the same living quarters. It is not necessary that the legal right to possess the quarters be in both of their names. Two people may live together even if one or both have additional living quarters. Domestic Partners do not cease to live together if one leaves the shared quarters but intends to return.

(c) “Basic Living Expenses.” “Basic living expenses” means the cost of basic food and shelter. It also includes the expenses which are paid at least in part by a program or benefit for which the partner qualified because of the domestic partnership. The individuals need not contribute equally or jointly to the cost of these expenses as long as they agree that both are responsible for the costs.

(d) “Declaration of Domestic Partnership.” A “Declaration of Domestic Partnership” is a form provided by the county clerk. By signing it, two people agree to be jointly responsible for basic living expenses which they incur during the domestic partnership and that this agreement can be enforced by anyone to whom those expenses are owed. They also state under penalty of perjury that they met the definition of domestic partnership when they signed the statement, that neither is married, that they are not related to each other in a way which would bar marriage in California, and that neither had a different domestic partner less than six months before they signed. This last condition does not apply if the previous domestic partner died. The form will also require each partner to provide a mailing address.

Sec. 3. ESTABLISHING A DOMESTIC PARTNERSHIP

(a) Methods. Two persons may establish a Domestic Partnership by either:

1. presenting a signed Declaration of Domestic Partnership to the County Clerk, who will file it and give the partners a certificate showing that the Declaration was filed; or
2. having a Declaration of Domestic Partnership notarized and giving a copy to the person who witnessed the signing (who may or may not be the notary).

(b) Time Limitation. A person can not become a member of a Domestic Partnership until at least six months after any other Domestic Partnership of which he or she was a member ended. This does not apply if the earlier domestic partnership ended because one of the members died.

(c) Residence Limitation. The county clerk will only file Declaration of Domestic Partnership if:

1. the partners have a residence in San Francisco; or
2. at least one of the partners works in San Francisco.

Sec. 4 ENDING DOMESTIC PARTNER-SHIPS

(a) When the Partnership Ends. A Domestic Partnership ends when:

1. one partner sends the other a written notice that he or she has ended the partnership; or
2. one of the partners dies; or
3. one of the partners marries or the partners no longer live together.

(b) Notice the Partnership has ended.

(1) To Domestic Partners. When a Domestic Partnership ends, at least one of the partners must sign a notice saying that the partnership has ended. The notice must be dated and signed under penalty of perjury. If the Declaration of Domestic Partnership was filed with the county clerk, the notice must be filed with the clerk; otherwise, the notice must be notarized. The partner who signs the notice must send a copy to the other partner.

(2) To Third Parties. When a Domestic Partnership ends, a Domestic Partner who has given a copy of a Declaration of Domestic Partnership to any third party, (or, if that partner has died, the surviving member of the domestic partnership) must give that third party a notice signed under penalty of perjury stating the partnership has ended. The notice must be sent within 60 days of the end of the Domestic Partnership.

(3) Failure to Give Notice. Failure to give either of the notices required by this subsection will neither prevent nor delay termination of the Domestic Partnership. Anyone who suffers any loss as a result of failure to send either of these notices may sue for actual losses.

Sec. 5. COUNTY CLERK’S RECORDS

(a) Amendments to Declarations. A Partner may amend a Declaration of Domestic Partnership filed with the County Clerk at any time to show a change in his or her mailing address.

(b) New Declarations of Domestic Partnership. No person who has filed a declaration of Domestic Partnership with the county clerk may file another declaration of Domestic Partnership until six months after a notice the partnership has ended has been filed. However, if the Domestic Partnership ended because one of the partners died, a new Declaration may be filed anytime after the notice the partnership ended is filed.

(c) Maintenance of County Clerk’s Records. The County Clerk will keep a record of all Declarations of Domestic Partnership, Amendments to Declarations of Domestic Partnership and all notices that a partnership has ended. The records shall be maintained so that Amendments and notices a partnership has ended are filed with the Declaration of Domestic Partnership to which they apply.

(d) Filing Fees. The Board of Supervisors will set the filing fee for Declarations of Domestic Partnership and Amendments. No fee will be charged for notices that a partnership has ended. The fees charged must cover the city’s cost of administering this ordinance.

Sec. 6. LEGAL EFFECT OF DECLARATION OF DOMESTIC PARTNERSHIP

(a) Obligations. The obligations of domestic partners to each other are those described by the definition.

(b) Duration of Rights and Duties. If a domestic partnership ends, the partners incur no further obligations to each other. Sec. 7. Upon adoption, the Clerk of the Board shall codify this amendment into the San Francisco Administrative Code.
Telephoning the Registrar of Voters

The Registrar of Voters recognizes that responses to telephone calls, especially on Election Day, need to be improved. Toward that end, we have taken advantage of a telephone system that has been made available to us on an experimental basis. In the last election, we were able to respond much more quickly to requests for registration forms and absentee voting applications. Unfortunately, we did not do as well on Election Day and we apologize for any inconvenience that may have caused.

We have reviewed our experience from the June Primary Election, and we have revised the telephone system to improve our responses to your telephone calls for the November election.

When you call the Office of the Registrar of Voters at 544-4375, you will hear a recording offering you the following choices:

TOUCH-TONE PHONES
Press 1

SPANISH-SPEAKERS
Press 2

CHINESE-SPEAKERS
Press 3

ROTARY PHONES
Hold

For people with touch-tone phones, after you have Pressed 1, you will have the following options:

Voter Registration Information and Forms
Press 1

Absentee Voting Information and Forms
Press 2

Working at the Polls Information
Press 3

Candidates and Ballot Measures
press 4

Information about Registered Voters
Press 5

REPEAT — (Listen to choices again)
Press 9

Other Topics
Hold

Please write if you have suggestions for improving our telephone system.

AVOID LONG LINES — VOTE BY MAIL

It's as easy as 1-2-3.

1. Complete the application on the back cover.

2. Put a 25¢ stamp where indicated.

3. Drop your completed application into a mail box.

Within two weeks, you will receive your Absentee Ballot.

YOUR POLLING PLACE

The location of your polling place is shown on the label on the back cover of the Voter Information Pamphlet which was sent to you.

Of the 7,000+ telephone calls received by the Registrar of Voters on Election Day, almost all of them are from voters asking where they should go to vote.

Remember on Election Day, take the back cover of your Voter Information Pamphlet with you. The address of your polling place is on the top part of the mailing label on the back cover of the Voter Information Pamphlet which was sent to you. You may also wish to write down the address of your polling place in the space provided on the Voter’s Quick Reference Card.
